Contra Costa County

To: Board of Supervisors

From: Monica Nino, County Administrator

Date: May 11, 2021

Subject: APPROVAL OF FY 2021-22 RECOMMENDED BUDGET ACTIONS

Recommendations:

The Contra Costa County Board of Supervisors is acting in its capacity as the governing board of the County of Contra Costa and the Board of Directors of the Contra Costa County Fire Protection District.

1. ACKNOWLEDGE that the Board of Supervisors held Budget Hearings on April 20, 2021;
2. ACKNOWLEDGE that public testimony was heard and considered;
3. ACKNOWLEDGE that significant economic issues including impacts from COVID-19 will continue to challenge the Board of Supervisors in its effort to finance services and programs which Contra Costa county residents need, or expect will be provided to them, making future adjustments from General Purpose Revenue to the FY 2021-22 budget highly likely;
4. RECEIVE follow-up information requested during the Budget Hearings;
5. ACKNOWLEDGE that the County Administrator was directed to return to the Board with recommendations regarding American Recovery Act funding once definitive guidance is available:
6. ACKNOWLEDGE that the County Administrator was directed to return to the Board of Supervisors the FY 2021-22 County and Special Districts budget modifications necessary to carry out the Board of Supervisors' actions on the Recommended Budget including a position modification resolution necessary to carry out the Board of Supervisors' actions on the Recommended Budget;
7. ACKNOWLEDGE that the Board requested no line item changes to the County Administrator's recommendations for the FY 2021-22 County and Special Districts Budgets as presented during the Budget Hearings;
8. ACKNOWLEDGE the lifting of the Countywide hiring freeze;
9. DIRECT Department Heads to engage with the Measure X Community Advisory Board to identify unmet needs and where local dollars may leverage greater State and/or Federal dollars;
10. ADOPT Resolution No. 2021/03, authorizing the modification, addition and deletion of certain positions in affected departments (Attachment A);
11. AUTHORIZE and REQUEST the Auditor-Controller to adjust FY 2020-21 appropriations and revenues by reallocating and balancing budgeted and actual expenditures and revenues as needed for various budget units and special districts, subject to Board approval in September; and
12. AUTHORIZE the Auditor-Controller to make technical adjustments to the FY 2021-22 Recommended Budget when actual amounts are known and return to the Board on September 14 for adoption of the Budget as Finally Determined.

Fiscal Impact:

The detailed fiscal impact is described in the item D.1 on the Board of Supervisors April 20, 2021 agenda under Hearing on the Fiscal Year 2021/22 Recommended County and Special District Budgets (http://64.166.146.245/agenda_publish.cfm?id=&mt=ALL&get_month=4&get_year=2021&dsp=ag&seq=1729).

Background:

On April 20, 2021, the Board of Supervisors adopted the County's FY 2021-2022 State Controller's Office Recommended Budget Schedules for Countywide Funds and Special Districts. These schedules meet the requirements of State law. State law requires that local government adopt a FY 2021-2022 Recommended Budget for Countywide funds and Special Districts prior to June 30, 2021 in order to spend monies for the coming fiscal year. State law also requires that the Recommended Budget Schedules be adopted prior to holding Budget Hearings. These schedules serve as a placeholder until the Board approves a Final budget. The schedules are in a State-required "line item" format as opposed to the program budget format used by the Board during budget hearings. The schedules incorporated the same total net County cost level as is presented in the County Administrator's Recommended Budget. Adoption of these schedules ensured that your Board met the requirements of State law and in no way constrained your discretion with respect to the FY 2021-22 budget.

The Board of Supervisors opened the public hearing on the FY 2021-22 Recommended Budget. The hearings began with an overview of the recommendations in the FY 2021-22 Budget by the County Administrator. The County Administrator advised the Board that the Recommended Budget and the County Administrator's Budget Message contain details on individual department budgets, programs, goals, and recommendations.

The Budget and message represented a work plan to achieve the County's mission and priorities in the coming year during the COVID-19 pandemic. A number of key issues that have informed the development of the Budget were included in the Budget and presentation. The Board of Supervisors had follow-up questions regarding:

1. How was the Coronavirus Relief Fund portion of CARES Act dollars claimed and subsequently used, what is the projected need for American Rescue Act year 1 funds, and how are COVID revenues streams maximizing cost recovery, including through FEMA funds? Attachment B and Attachment C are presentations from the County Administrator and Health Services responding to these questions.
2. Will there be an extra one-time allocation available from Measure X sales tax? Due to the timing of the beginning of the new Measure X sales tax (April 1, 2021), there will be approximately $22 million available for one-time allocation in addition to the projected on-going revenues for FY 2021-2022.
3. Why are we budgeting $600,000 for the Office Racial Equity and Social Justice (ORESJ) when we have not yet heard the results of the community process and why is the process taking so long? The community engagement and planning process for the ORESJ is proceeding in ways that are supportive of racial healing, equity and social justice, with guidance from several workgroups and a Core Committee. The Core Committee is currently in the process of retaining a consultant to assist with the data analysis and meaning-making from the Listening Sessions which are underway and expected to be completed by June. In addition, information related to office models and structures across the country, some of which has been obtained from the County Administrator's Office, must be shared with the community and analyzed, with the assistance of a consultant, prior to the development of final budgetary proposal for a Contra Costa County office. $600,000 is budgeted as a placeholder in the County's Recommended Budget to reserve a minimum amount of funding necessary to launch an office, while the Board of Supervisors awaits the conclusion of the community engagement process. A presentation to the Board on the progress of the community engagement process will be made on June 22, 2021.

Following the County Administrator's presentation, previously selected department heads were asked to present to the Board.

Health Services

Health Services Director, Anna Roth presented information on the Health Services Department budget, which can be found on pages 243-363 of the FY 2021-22 Recommended Budget and the impact of COVID- 19 on operations. The following question was asked:

1. Explain the **California Section 1115(a) Medicaid Waiver** (also referred to as Medi-Cal 2020, or 1115 Waiver). The 1115 Waiver allowed the State to have Federal requirements waived, to the extent necessary, to carry out demonstration projects. In Contra Costa County, these demonstration projects are as follows:

- Whole Person Care, Community Connect in Contra Costa County, which focuses on population health with a centralized health management component and is operated within the Public Health Division.
- Public Hospital Redesign and Incentives in Medi-Cal (PRIME) Pool, which aims to improve the quality of care of safety net hospital systems and builds upon the Bridge to Reform Waiver's, Delivery System Reform Incentive Payments (DSRIP) and is run out of CCRMC.
- Global Payment Program (GPP), which establishes a pool of funding to meet a service threshold incentivizing movement of high cost and avoidable services to providing higher value and preventative services.
- Dental Transformation Initiative (DTI), which aims to promote children's utilization and expansion of oral health services and continuity of dental care.
- Drug Medi-Cal Organized Delivery System (DMC-ODS), which provides a continuum of care for Substance Use Disorders treatment services to Medi-Cal beneficiaries.

The **California Advancing and Innovating Medi-Cal (CalAIM)** initiative is the proposed successor program to the previous 1115 Medi-Cal Waiver program. It was supposed to launch in 2020 and seamlessly run from 2020 to 2025 as the successor program. However, due to the COVID-19 pandemic, the 1115 Waiver program received a 12-month extension in December 2020. The Governor's FY 2021-22 proposed State budget includes $1.1 billion for counties' CalAIM implementation.

The intent of CalAIM is to reform, expand, transform, and streamline the Medi-Cal delivery system. Though some of the details are still unknow, it focuses on the high-risk, high-cost population. The first CalAIM plan is due to the State in July of this year. Embedded incentive dollars are anticipated, though no formal details have been confirmed yet. The Department anticipates a seamless transition since many of the requirements included in the CalAIM transformational technical demonstration project are already included in the Department's integrated health systems (i.e., tracking performance outcomes and pushing systems to have an integrated database, and having systems integrated with health plans).

CalAIM includes new demonstration opportunities that will incorporate the detention health population in coverage and include the returning and reentry populations. Many of the Department's efforts underway in last 5-10 years seamlessly glide into CalAIM. There are still a lot of details to iron out, but it is expected to be a big and broad sweeping program across the Department and include partnerships with the Employment and Human Services Department. The Health Department plans to return to the Board with more information as this takes shape in our County. Additional CalAIM information for our County can be found on pages 245-6, 255, 267, and 352 of the Recommended Budget.

2. Is Contra Costa CARES funded in FY 2021-22? The Contra Costa CARES program began in December 2015, as a pilot program for the purpose of providing primary care services to adults not covered by the Affordable Care Act. The Board initially approved a $500,000 General Fund allocation, which was matched collectively by John Muir, Kaiser, and the Sutter hospitals. The FY 2021-22 Recommended Budget for the continuation of the Contra Costa CARES program includes a proposed General Fund allocation of $250,000, Contra Costa Community Health Plan contribution of $500,000, and an anticipated $750,000 match by private hospitals donations for a total annual program funding amount of $1,500,000. Additional information can be found on pages 264-5 of the Recommended Budget.

3. Are Mobile Crisis Services funded in FY 2021-22?

   - **Mobile Crisis Response Team (MCRT)** – provides crisis intervention response to adult clients experiencing mental health crisis seven days a week, Monday through Friday from 8 a.m. - 10:30 p.m. and Saturday, Sundays, and Holidays from 8:30 a.m. -5:00 p.m. There are currently 3.5 teams, each consisting of a mental health clinician and peer. These teams coordinate crisis response and 5150s, with law enforcement agencies as needed, and County emergency services. Approximately 1600 calls were received in FY 2019-20, and the call volume continues to increase monthly. The goal is to decrease 5150s, reduce psychiatric emergency services (PES) visits, and refer clients to the appropriate services in their communities. Funding sources include Medi-Cal, AB 109 Realignment, and Mental Health Services Act Prop 63 revenues.

   - **Mobile Response Team (MRT)** – is comprised of three teams, each staffed with two masters-level therapists who provide short-term triage, assessment, de-escalation, stabilization, and emergency services to seriously

emotionally disturbed (SED) children, adolescents, and their families to prevent acute psychiatric crisis and subsequent hospitalization. Services are provided Monday through Friday from 7 a.m. – 11 p.m. and from 11 a.m. – 9 p.m. on weekends, as well as phone support services are available 24 hours per day. These services are not paired with law enforcement agencies. These teams will be instrumental in creating a countywide Family Urgent Response Team (FURS) to respond to family crises of children/youth who were at any point in their lives involved with the foster care system. Funding sources include Medi-Cal, AB 109 Realignment, and Mental Health Services Act Prop 63 revenues.

- **Mental Health Evaluation Team (MHET)** – is a co-responding model for individuals who have had a recent psychiatric crisis/police encounter that meets one of the following: multiple contacts with law enforcement, attempts or acts of physical aggression during encounters with law enforcement or others, domestic violence, firearm use or possession, and/or multiple visits to PES. This model pairs local law enforcement agencies with Health Service's Behavioral Health mental health clinicians to provide follow-up welfare checks, evaluations, consultation, and linkage to outpatient mental health services. Current host police departments include the Richmond PD, Walnut Creek PD, and Pittsburg PD. MHET goals include reducing law enforcement's repeat calls for service, reduce violent encounters, reduce PES visits, and increase the appropriate utilization of outpatient mental health services, specifically for individuals with a mental illness. Funding sources include Mental Health Services Act Prop 63 and County general purpose revenues.

- Additionally, as reference in slide 26 of the Health Services Department's Recommended Budget Presentation, the American Rescue Plan Act allows California to provide community-based mobile crisis intervention services. These services will provide multidisciplinary mobile crisis team to an individual who is outside of a hospital or facility and experiencing a mental health or substance use disorder crisis. Services must be available 24 hour per day, year-round and members of the team must include at least one behavioral health care professional trained in trauma-informed care. The State option will be available for a 5-year period, with an enhanced federal match for costs set at 85%. For the remaining 15% the Department would either need to find State funding or support from Measure X revenues.

- The Department will continue to work with a sub-group of the Public Managers Association. Current work includes seeking a single regional model, in coordination with cities, inclusive of a funding plan and a sustainable plan to provide non-police behavioral health community-based crisis services 24/7, 365 days per year.

Employment and Human Services

Employment and Human Services Director Kathy Gallagher presented information on the Employment and Human Services Department budget, which can be found on pages 195-241 of the FY 2021-22 Recommended Budget. The following questions were asked:

1. Are the extra Navigators positions requested for the Our Families program included in the budget request and what is the cost? The Department currently has four Navigators and believes that two more are needed at an approximate cost of $250,000. Although not included there may be opportunities for blended funding between Measure X and CalAIM.
2. How much money has been put towards the rental assistance program so far? The Employment and Human Services Department has identified $1,024,547 allocated between April 2020 and May 2021 for housing assistance. Housing assistance, including housing option navigation, subsidies paid to landlords and case management services, were provided through local agencies including Hume Center and Hope Solutions.

Main Services Provided	# of Individuals Served	Total Amount
Housing navigation assistance for SSI eligible	118	$0
Housing subsidies paid to landlords	283	$767,682
Housing subsidies paid to landlords for APS clients	7	$6,003
Housing subsidies paid to landlords for SSI eligible	410	$250,862
	818	$1,024,547

District Attorney

District Attorney Diana Becton presented information on the District Attorney Department budget, which can be found on pages 379-393 of the FY 2021-22 Recommended Budget. The following questions were asked:

1. When is the Miles Hall report going to be completed? Miles Hall was a 23-year-old Black man who was fatally shot by police last year while having a mental health episode. District Attorney Becton acknowledged that the report has taken a long time and committed to releasing the report by May 15, 2021. She described the changes that have been made to the unit, including cross-training and changes to procedures. There are now ten attorneys to work the cases when previously there was only one. Two attorneys are now assigned to each case to complete the analysis.
2. With a newly trained unit/procedure, will the County be able to provide a faster turnover of case reports in the future? District Attorney Becton responded that reports of new cases going forward would be issued quicker but clarified that the Sheriff-Coroner inquest hearing and report has to be issued before their investigation can be completed; therefore, she is not able to provide a specific timeline for all reports. Additionally, there is still a backlog of cases from 2018.

Probation Department

Chief Probation Officer Esa Ehmen-Krause presented information on the Probation Department budget, which can be found on pages 405-419 of the FY 2021-22 Recommended Budget. The following questions were asked:

1. Were there any CARES Act funds that Probation received? Probation Officer Ehmen-Krause responded that they did receive some reimbursement for the extra housing units that were opened. She responded that the reimbursement did not cover the additional costs of the intake unit or the quarantine unit. Approximately $660,000 was reimbursed but costs were approximately $820,000.
2. Where does the County stand in respect to the closing of the Orin Allen Youth Rehabilitation Facility (OAYRF) and the John A. Davis Juvenile Hall? Probation Officer Ehmen-Krause reminded the Board that she had requested a tabling of the Orin Allen discussion due to the pending Division of Juvenile Justice (DJJ) closure. Staff and subcommittees have been focused on absorbing those youth. The Department was considering moving the OAYRF population into the Juvenile Hall Tamalpais Unit, but that is no longer possible due to utilizing that unit in Juvenile Hall for the DJJ realignment strategy. Further discussions need to be had regarding the long-term strategy for the OAYRF. There are ADA improvements needed and the range of costs is from $3 million to $40 million. In the short-term some maintenance is being performed.
3. What is the timeframe on getting an update report regarding the Reimagine Justice report (closure of Juvenile Hall)? Probation Officer Ehmen-Krause responded that she would check in with DA Becton and will also bring back a report on the DJJ realignment plan.
4. Are there certain programs or enhancements that are not being met in Probation to assist our youth as they transition into the community or more importantly avoid contact with the justice system completely? Chief Probation Officer Ehmen-Krause responded that she is currently able to meet needs by using State entitlements. Data analytics had been woefully lacking. Absorbing the Office of Reentry and Justice has helped, but more forward-facing data is needed to make better decisions in the future.

Public Defender

Public Defender Robin Lipetzky presented a summary of the Public Defender budget, which can be found on pages 421-425 of the FY 2021-22 Recommended Budget. There were no questions.

Sheriff-Coroner

Sheriff David Livingston presented a summary of the Sheriff Agency budget, which can be found on pages 429-450 of the FY 2021-22 Recommended Budget. At the end of the presentation, the following questions were asked:

1. What is the historical impact of contract city law enforcement on the County's budget, specifically our exposure to lawsuits, and do our contract cities pay towards the general liability? Contract cities are contributing towards general liability. Annually, Risk Management orders a report from the County's actuary specifically for contract cities and uses the previous 5-year loss experience to estimate the following year's general liability cost per contract city police officer. General liability charges are invoiced to and paid by the contract cities on a monthly basis. The chart below summarizes the actual general liability costs and general liability paid for the last ten (10) years by city. Note that the Town of Danville has a case pending in addition to a lawsuit just recently filed. The resulting liability losses from these cases will be included in future actuarial reports. The County Administrator's Office is

currently working with Risk Management to verify that all appropriate general liability costs are being recovered under the police service contracts and if industry best practices are being followed.

City	Settlement	Expenses	Outside Counsel Fees	Total Costs	General liability Paid
Danville Total	$ 824,573	$ 45,918	$ 295,765	$ 1,166,256	$ 582,149
Lafayette Total	$ 85,741	$ 314	$ -	$ 86,055	$ 310,583
Orinda Total	$ 12,371	$ 281	$ -	$ 12,652	$ 274,922
10-Year Total	$ 922,685	$ 46,513	$ 295,765	$ 1,264,963	$ 1,167,654

2. Has COVID-19 health guidelines impacted suicides in the County? Sheriff Livingston has provided Coroner's Office Statistics for 2018, 2019, 2020. These statistics have been included as Attachment D. Per this data, the number of Coroner cases that have been ruled a suicide were 107 in 2019 and 100 in 2020. All deaths in Contra Costa County are not reported to the Coroner's Office. California Health and Safety Code Section 102850 and Government Code Section 27491 stipulate which deaths must be reported to the Coroner's Office. Generally, natural deaths occurring in a medical facility and/or under a physician's care are not Coroner cases requiring a death investigation.
3. What is the status on the Marsh Creek Detention Facility closure? During the adoption of the Final FY 2020-21 Budget, it was acknowledged that the Board desired for the matter of the future of the Marsh Creek Detention Facility operation be brought back to the full Board for consideration. Following the budget discussion on October 6, 2020, representatives of the County Administrator's Office completed a facility tour of the Marsh Creek Detention Facility. During the tour it was evident that the Marsh Creek Detention Facility was a vital resource for the County during the COVID-19 pandemic. Due to COVID-19, not as many individuals can be housed within housing units as in the past. As of April 28, 2021, the Marsh Creek Detention Facility is housing 28 individuals and has 20.0 FTEs staffing the facility, including 15 sworn and 5 non-sworn positions. The Sheriff's Office, working in tandem with Detention Health, continues to identify the appropriate population that can go to the Marsh Creek Detention Facility to better protect the County's entire jail population from COVID-19 infection through social distancing and smaller housing groups. With the COVID-19 health guidelines on social distancing and quarantining in place, it is difficult to assess the County's future detention facility needs. The County Administrator's Office will return to the Board once an accurate assessment of detention facility needs can be conducted.
4. How and when are inquest hearings conducted? Sheriff Livingston calls for a Coroner's Inquest in all cases involving a death that involves law enforcement personnel or law enforcement operations or activities within Contra Costa County. The Inquests are open to the public, are conducted by a private attorney hired by the Coroner's Division and are held in front of a jury of citizens randomly selected from the Contra Costa County Superior Court jury pool. During the Inquest, the hearing officer questions witnesses, and additional evidence may be presented. The role of the jury is to decide whether the death was by (1) natural causes, (2) suicide, (3) accident, or (4) at the hands of another person other than by accident (i.e., homicide). This decision has no bearing on other civil or criminal proceedings, nor does it address responsibility of the deceased or any other person(s) involved in the incident.

Public Comment

At the conclusion of the presentations, the Board asked for and received public comment. Public comments were almost exclusively focused on establishing a Miles Hall Unit to provide non-police alternatives to mental health crises.

Conclusion

At the conclusion of public comments, the Board made statements regarding use of Measure X funds, the need for speedy resolution of Law Enforcement Involved Fatal Incident reports and funding a Miles Hall mental health response.

1. The Board asked for an update on timing of the Measure X Community Advisory Board (MXCAB) recommendations. As of May 6, 2021, the MXCAB has met four times and has adopted a schedule of topics for presentation and discussion. The MXCAB is hopeful of presenting recommendations to the Board of Supervisors at the end of July.
2. The Board asked for an update on the timing of a report of anticipated uses of the American Recovery Act funds. It is anticipated that the date for the workshop can be set at the May 11, Board meeting or when additional guidance from the U.S. Treasury is available.

3. The Board encouraged all of the energy behind the Miles Hall mental health program be focused on the Measure X Community Advisory Board meetings.

Taking into consideration the testimony it had received from staff and the public; by a unanimous vote, the Board made no changes to the FY 2021-22 Recommended Budget. The Board directed the County Administrator to prepare for Board adoption on May 11, 2021, the FY 2021-22 County and Special District Budgets including the position resolution necessary to carry out the Board's direction for adoption of the FY 2021-22 Recommended Budget.

Position Modifications – Resolution No. 2021/103:
The attached Position Adjustment Resolution (No. 2021/103) incorporates those changes directed by the Board as part of the FY 2021-22 Recommended Budget. The Resolution adds and/or eliminates positions and classifications in the following departments: Assessor, County Administrator, Department of Information Technology, District Attorney, Employment and Human Services, Health Services, Public Works, Sheriff-Coroner and Contra Costa County Fire Protection District departments.

Further, additional positions in various departments will continue to be held vacant (but not eliminated at this time) in order to achieve prescribed cost savings through normal and managed attrition to the greatest possible extent.

Assessor
Attachment A-1 eliminates three (3) vacant positions, which were vacant and unfunded in FY 2020-21. Elimination of these unfunded positions will not impact operations.

County Administrator
Attachment A-2 deletes one (1) unfunded Census Outreach Coordinator position. This position was added to assist with census outreach and activities. However, with the completion of the Census last fall, this position has been unfunded.

Department of Information Technology
Attachment A-3 adds two (2) positions. The Network Services division and the Security division will both add one (1) Network Technician I to meet increased staffing needs. The positions will be funded by charges to customers based on requests for service.

District Attorney
Attachment A-4 adds a net of one (1) position: one (1) District Attorney Senior Inspector will be added for real estate fraud prosecution which will be funded with increased revenue and reduced temporary salaries. One (1) Administrative Services Assistant II position will also be added to provide administrative support. The cost of this position will largely be offset by deleting one (1) vacant Account Clerk – Advanced Level.

Employment and Human Services
Attachment A-5 eliminates twenty-five (25) vacant positions in the Child Welfare and Community Services Bureaus, which were vacant and unfunded in FY 2020-21. Elimination of these unfunded positions will not impact operations. The department budget for FY2021-22 includes approximately 205 vacant funded positions ($18.4 million).

Health Services
Attachment A-6 adds a net of 34.4 FTEs (43 positions) with the addition of one (1) Substance Abuse Program Manager and one (1) Health Services Planner and Evaluator – Level B to support Alcohol and Other Drugs program and system administration and will be funded with State revenues and reimbursements from EHSD for CalWORKs related services; the addition of one (1) Health Services Administrator – Level B to support Coordinated Entry in the Health, Housing and Homeless Services Division and will be funded by State revenues; the addition of one (1) Mental Health Community Support Worker to support conservatorship/guardianship requests and fee collections and will be funded by State revenues; and the following thirty-nine (39) positions to augment acute psychiatric unit and medical and mental health remedial plans in the Detention Services Division and funded with general purpose appropriations in FY 2021-22: three (3) Psychiatrist-Adult – Exempt, six (6) Certified Nursing Assistant, six (6) Licensed Vocational Nurse, six (6) Registered Nurse, three (3) Occupational Therapist II, one (1) Mental Health Clinical Specialist, two (2) Pharmacist I, one (1) Clerk – Senior Level; three (3) Primary Care Provider-Limited – Exempt, one (1) Pharmacist Technician, three (3) Therapist Aide, two (2) Substance Abuse Counselor, one (1) Program and Projects Coordinator, and one (1) Health Services Information Systems Programmer and Analyst. Additionally, Attachment A-6 eliminates one hundred and three (103)

vacant positions, which were vacant and unfunded in FY 2020-21. Elimination of these unfunded position will not impact operations.

Public Works
Attachment A-7 adds nine (9) positions. Fleet Services will add one (1) Lead Fleet Technician and two (2) Equipment Services Workers to meet increased shop facility operational hours. The Facilities division will add three (3) Carpenters, one (1) Steamfitter, one (1) Painter and one (1) Electronic Systems Specialist for work currently being performed by temporary personnel at the Contra Costa Regional Medical Center. The Custodial division will cancel one (1) vacant Materiel Manager and add one (1) Clerk-Experienced level to better address operational needs.

Sheriff-Coroner
Attachment A-8 adds ten (10) positions to the Sheriff-Coroner, Custody Services Bureau. Five (5) Deputy Sheriffs will be added to staff Module M, the acute psychiatric unit at the Martinez Detention Facility and five (5) Deputy Sheriffs will be added to staff a suicide prevention post at the Martinez Detention Facility.

Contra Costa County Fire Protection District
Attachment A-9 adds four (4) positions to the Fire District. Three (3) Fire Captains will be added to upgrade the squad at Fire Station 70 (San Pablo) to a second, full fire company. One (1) Driver Clerk will be added to additional support in the Training and Safety Division.

Consequences of Negative Action:
Changes to any recommended programs will require an equivalent reduction in funds from other County priorities in order to adhere to the Budget Policy to adopt a balanced budget.

Fiscal Impact:

The detailed fiscal impact is described in the item D.1 on the Board of Supervisors April 20, 2021 agenda under Hearing on the Fiscal Year 2021/22 Recommended County and Special District Budgets (http://64.166.146.245/agenda_publish.cfm?id=&mt=ALL&get_month=4&get_year=2021&dsp=ag&seq=1729).

Background:

On April 20, 2021, the Board of Supervisors adopted the County's FY 2021-2022 State Controller's Office Recommended Budget Schedules for Countywide Funds and Special Districts. These schedules meet the requirements of State law. State law requires that local government adopt a FY 2021-2022 Recommended Budget for Countywide funds and Special Districts prior to June 30, 2021 in order to spend monies for the coming fiscal year. State law also requires that the Recommended Budget Schedules be adopted prior to holding Budget Hearings. These schedules serve as a placeholder until the Board approves a Final budget. The schedules are in a State-required "line item" format as opposed to the program budget format used by the Board during budget hearings. The schedules incorporated the same total net County cost level as is presented in the County Administrator's Recommended Budget. Adoption of these schedules ensured that your Board met the requirements of State law and in no way constrained your discretion with respect to the FY 2021-22 budget.

The Board of Supervisors opened the public hearing on the FY 2021-22 Recommended Budget. The hearings began with an overview of the recommendations in the FY 2021-22 Budget by the County Administrator. The County Administrator advised the Board that the Recommended Budget and the County Administrator's Budget Message contain details on individual department budgets, programs, goals, and recommendations.

The Budget and message represented a work plan to achieve the County's mission and priorities in the coming year during the COVID-19 pandemic. A number of key issues that have informed the development of the Budget were included in the Budget and presentation. The Board of Supervisors had follow-up questions regarding:

1. How was the Coronavirus Relief Fund portion of CARES Act dollars claimed and subsequently used, what is the projected need for American Rescue Act year 1 funds, and how are COVID revenues streams maximizing cost recovery, including through FEMA funds? Attachment B and Attachment C are presentations from the County Administrator and Health Services responding to these questions.
2. Will there be an extra one-time allocation available from Measure X sales tax? Due to the timing of the beginning of the new Measure X sales tax (April 1, 2021), there will be approximately $22 million available for one-time allocation in addition to the projected on-going revenues for FY 2021-2022.
3. Why are we budgeting $600,000 for the Office Racial Equity and Social Justice (ORESJ) when we have not yet heard the results of the community process and why is the process taking so long? The community engagement and planning process for the ORESJ is proceeding in ways that are supportive of racial healing, equity and social justice, with guidance from several workgroups and a Core Committee. The Core Committee is currently in the process of retaining a consultant to assist with the data analysis and meaning-making from the Listening Sessions which are underway and expected to be completed by June. In addition, information related to office models and structures across the country, some of which has been obtained from the County Administrator's Office, must be shared with the community and analyzed, with the assistance of a consultant, prior to the development of final budgetary proposal for a Contra Costa County office. $600,000 is budgeted as a placeholder in the County's Recommended Budget to reserve a minimum amount of funding necessary to launch an office, while the Board of Supervisors awaits the conclusion of the community engagement process. A presentation to the Board on the progress of the community engagement process will be made on June 22, 2021.

Following the County Administrator's presentation, previously selected department heads were asked to present to the Board.

Health Services

Health Services Director, Anna Roth presented information on the Health Services Department budget, which can be found on pages 243-363 of the FY 2021-22 Recommended Budget and the impact of COVID- 19 on operations. The following question was asked:

1. Explain the **California Section 1115(a) Medicaid Waiver** (also referred to as Medi-Cal 2020, or 1115 Waiver). The 1115 Waiver allowed the State to have Federal requirements waived, to the extent necessary, to carry out demonstration projects. In Contra Costa County, these demonstration projects are as follows:

- Whole Person Care, Community Connect in Contra Costa County, which focuses on population health with a centralized health management component and is operated within the Public Health Division.
- Public Hospital Redesign and Incentives in Medi-Cal (PRIME) Pool, which aims to improve the quality of care of safety net hospital systems and builds upon the Bridge to Reform Waiver's, Delivery System Reform Incentive Payments (DSRIP) and is run out of CCRMC.
- Global Payment Program (GPP), which establishes a pool of funding to meet a service threshold incentivizing movement of high cost and avoidable services to providing higher value and preventative services.
- Dental Transformation Initiative (DTI), which aims to promote children's utilization and expansion of oral health services and continuity of dental care.
- Drug Medi-Cal Organized Delivery System (DMC-ODS), which provides a continuum of care for Substance Use Disorders treatment services to Medi-Cal beneficiaries.

The **California Advancing and Innovating Medi-Cal (CalAIM)** initiative is the proposed successor program to the previous 1115 Medi-Cal Waiver program. It was supposed to launch in 2020 and seamlessly run from 2020 to 2025 as the successor program. However, due to the COVID-19 pandemic, the 1115 Waiver program received a 12-month extension in December 2020. The Governor's FY 2021-22 proposed State budget includes $1.1 billion for counties' CalAIM implementation.

The intent of CalAIM is to reform, expand, transform, and streamline the Medi-Cal delivery system. Though some of the details are still unknow, it focuses on the high-risk, high-cost population. The first CalAIM plan is due to the State in July of this year. Embedded incentive dollars are anticipated, though no formal details have been confirmed yet. The Department anticipates a seamless transition since many of the requirements included in the CalAIM transformational technical demonstration project are already included in the Department's integrated health systems (i.e., tracking performance outcomes and pushing systems to have an integrated database, and having systems integrated with health plans).

CalAIM includes new demonstration opportunities that will incorporate the detention health population in coverage and include the returning and reentry populations. Many of the Department's efforts underway in last 5-10 years seamlessly glide into CalAIM. There are still a lot of details to iron out, but it is expected to be a big and broad sweeping program across the Department and include partnerships with the Employment and Human Services Department. The Health Department plans to return to the Board with more information as this takes shape in our County. Additional CalAIM information for our County can be found on pages 245-6, 255, 267, and 352 of the Recommended Budget.

2. Is Contra Costa CARES funded in FY 2021-22? The Contra Costa CARES program began in December 2015, as a pilot program for the purpose of providing primary care services to adults not covered by the Affordable Care Act. The Board initially approved a $500,000 General Fund allocation, which was matched collectively by John Muir, Kaiser, and the Sutter hospitals. The FY 2021-22 Recommended Budget for the continuation of the Contra Costa CARES program includes a proposed General Fund allocation of $250,000, Contra Costa Community Health Plan contribution of $500,000, and an anticipated $750,000 match by private hospitals donations for a total annual program funding amount of $1,500,000. Additional information can be found on pages 264-5 of the Recommended Budget.

3. Are Mobile Crisis Services funded in FY 2021-22?

   - **Mobile Crisis Response Team (MCRT)** – provides crisis intervention response to adult clients experiencing mental health crisis seven days a week, Monday through Friday from 8 a.m. - 10:30 p.m. and Saturday, Sundays, and Holidays from 8:30 a.m. -5:00 p.m. There are currently 3.5 teams, each consisting of a mental health clinician and peer. These teams coordinate crisis response and 5150s, with law enforcement agencies as needed, and County emergency services. Approximately 1600 calls were received in FY 2019-20, and the call volume continues to increase monthly. The goal is to decrease 5150s, reduce psychiatric emergency services (PES) visits, and refer clients to the appropriate services in their communities. Funding sources include Medi-Cal, AB 109 Realignment, and Mental Health Services Act Prop 63 revenues.

   - **Mobile Response Team (MRT)** – is comprised of three teams, each staffed with two masters-level therapists who provide short-term triage, assessment, de-escalation, stabilization, and emergency services to seriously

emotionally disturbed (SED) children, adolescents, and their families to prevent acute psychiatric crisis and subsequent hospitalization. Services are provided Monday through Friday from 7 a.m. – 11 p.m. and from 11 a.m. – 9 p.m. on weekends, as well as phone support services are available 24 hours per day. These services are not paired with law enforcement agencies. These teams will be instrumental in creating a countywide Family Urgent Response Team (FURS) to respond to family crises of children/youth who were at any point in their lives involved with the foster care system. Funding sources include Medi-Cal, AB 109 Realignment, and Mental Health Services Act Prop 63 revenues.

- **Mental Health Evaluation Team (MHET)** – is a co-responding model for individuals who have had a recent psychiatric crisis/police encounter that meets one of the following: multiple contacts with law enforcement, attempts or acts of physical aggression during encounters with law enforcement or others, domestic violence, firearm use or possession, and/or multiple visits to PES. This model pairs local law enforcement agencies with Health Service's Behavioral Health mental health clinicians to provide follow-up welfare checks, evaluations, consultation, and linkage to outpatient mental health services. Current host police departments include the Richmond PD, Walnut Creek PD, and Pittsburg PD. MHET goals include reducing law enforcement's repeat calls for service, reduce violent encounters, reduce PES visits, and increase the appropriate utilization of outpatient mental health services, specifically for individuals with a mental illness. Funding sources include Mental Health Services Act Prop 63 and County general purpose revenues.

- Additionally, as reference in slide 26 of the Health Services Department's Recommended Budget Presentation, the American Rescue Plan Act allows California to provide community-based mobile crisis intervention services. These services will provide multidisciplinary mobile crisis team to an individual who is outside of a hospital or facility and experiencing a mental health or substance use disorder crisis. Services must be available 24 hour per day, year-round and members of the team must include at least one behavioral health care professional trained in trauma-informed care. The State option will be available for a 5-year period, with an enhanced federal match for costs set at 85%. For the remaining 15% the Department would either need to find State funding or support from Measure X revenues.

- The Department will continue to work with a sub-group of the Public Managers Association. Current work includes seeking a single regional model, in coordination with cities, inclusive of a funding plan and a sustainable plan to provide non-police behavioral health community-based crisis services 24/7, 365 days per year.

Employment and Human Services

Employment and Human Services Director Kathy Gallagher presented information on the Employment and Human Services Department budget, which can be found on pages 195-241 of the FY 2021-22 Recommended Budget. The following questions were asked:

1. Are the extra Navigators positions requested for the Our Families program included in the budget request and what is the cost? The Department currently has four Navigators and believes that two more are needed at an approximate cost of $250,000. Although not included there may be opportunities for blended funding between Measure X and CalAIM.
2. How much money has been put towards the rental assistance program so far? The Employment and Human Services Department has identified $1,024,547 allocated between April 2020 and May 2021 for housing assistance. Housing assistance, including housing option navigation, subsidies paid to landlords and case management services, were provided through local agencies including Hume Center and Hope Solutions.

Main Services Provided	# of Individuals Served	Total Amount
Housing navigation assistance for SSI eligible	118	$0
Housing subsidies paid to landlords	283	$767,682
Housing subsidies paid to landlords for APS clients	7	$6,003
Housing subsidies paid to landlords for SSI eligible	410	$250,862
	818	$1,024,547

District Attorney

District Attorney Diana Becton presented information on the District Attorney Department budget, which can be found on pages 379-393 of the FY 2021-22 Recommended Budget. The following questions were asked:

1. When is the Miles Hall report going to be completed? Miles Hall was a 23-year-old Black man who was fatally shot by police last year while having a mental health episode. District Attorney Becton acknowledged that the report has taken a long time and committed to releasing the report by May 15, 2021. She described the changes that have been made to the unit, including cross-training and changes to procedures. There are now ten attorneys to work the cases when previously there was only one. Two attorneys are now assigned to each case to complete the analysis.
2. With a newly trained unit/procedure, will the County be able to provide a faster turnover of case reports in the future? District Attorney Becton responded that reports of new cases going forward would be issued quicker but clarified that the Sheriff-Coroner inquest hearing and report has to be issued before their investigation can be completed; therefore, she is not able to provide a specific timeline for all reports. Additionally, there is still a backlog of cases from 2018.

Probation Department

Chief Probation Officer Esa Ehmen-Krause presented information on the Probation Department budget, which can be found on pages 405-419 of the FY 2021-22 Recommended Budget. The following questions were asked:

1. Were there any CARES Act funds that Probation received? Probation Officer Ehmen-Krause responded that they did receive some reimbursement for the extra housing units that were opened. She responded that the reimbursement did not cover the additional costs of the intake unit or the quarantine unit. Approximately $660,000 was reimbursed but costs were approximately $820,000.
2. Where does the County stand in respect to the closing of the Orin Allen Youth Rehabilitation Facility (OAYRF) and the John A. Davis Juvenile Hall? Probation Officer Ehmen-Krause reminded the Board that she had requested a tabling of the Orin Allen discussion due to the pending Division of Juvenile Justice (DJJ) closure. Staff and subcommittees have been focused on absorbing those youth. The Department was considering moving the OAYRF population into the Juvenile Hall Tamalpais Unit, but that is no longer possible due to utilizing that unit in Juvenile Hall for the DJJ realignment strategy. Further discussions need to be had regarding the long-term strategy for the OAYRF. There are ADA improvements needed and the range of costs is from $3 million to $40 million. In the short-term some maintenance is being performed.
3. What is the timeframe on getting an update report regarding the Reimagine Justice report (closure of Juvenile Hall)? Probation Officer Ehmen-Krause responded that she would check in with DA Becton and will also bring back a report on the DJJ realignment plan.
4. Are there certain programs or enhancements that are not being met in Probation to assist our youth as they transition into the community or more importantly avoid contact with the justice system completely? Chief Probation Officer Ehmen-Krause responded that she is currently able to meet needs by using State entitlements. Data analytics had been woefully lacking. Absorbing the Office of Reentry and Justice has helped, but more forward-facing data is needed to make better decisions in the future.

Public Defender

Public Defender Robin Lipetzky presented a summary of the Public Defender budget, which can be found on pages 421-425 of the FY 2021-22 Recommended Budget. There were no questions.

Sheriff-Coroner

Sheriff David Livingston presented a summary of the Sheriff Agency budget, which can be found on pages 429-450 of the FY 2021-22 Recommended Budget. At the end of the presentation, the following questions were asked:

1. What is the historical impact of contract city law enforcement on the County's budget, specifically our exposure to lawsuits, and do our contract cities pay towards the general liability? Contract cities are contributing towards general liability. Annually, Risk Management orders a report from the County's actuary specifically for contract cities and uses the previous 5-year loss experience to estimate the following year's general liability cost per contract city police officer. General liability charges are invoiced to and paid by the contract cities on a monthly basis. The chart below summarizes the actual general liability costs and general liability paid for the last ten (10) years by city. Note that the Town of Danville has a case pending in addition to a lawsuit just recently filed. The resulting liability losses from these cases will be included in future actuarial reports. The County Administrator's Office is

currently working with Risk Management to verify that all appropriate general liability costs are being recovered under the police service contracts and if industry best practices are being followed.

City	Settlement	Expenses	Outside Counsel Fees	Total Costs	General liability Paid
Danville Total	$ 824,573	$ 45,918	$ 295,765	$ 1,166,256	$ 582,149
Lafayette Total	$ 85,741	$ 314	$ -	$ 86,055	$ 310,583
Orinda Total	$ 12,371	$ 281	$ -	$ 12,652	$ 274,922
10-Year Total	$ 922,685	$ 46,513	$ 295,765	$ 1,264,963	$ 1,167,654

2. Has COVID-19 health guidelines impacted suicides in the County? Sheriff Livingston has provided Coroner's Office Statistics for 2018, 2019, 2020. These statistics have been included as Attachment D. Per this data, the number of Coroner cases that have been ruled a suicide were 107 in 2019 and 100 in 2020. All deaths in Contra Costa County are not reported to the Coroner's Office. California Health and Safety Code Section 102850 and Government Code Section 27491 stipulate which deaths must be reported to the Coroner's Office. Generally, natural deaths occurring in a medical facility and/or under a physician's care are not Coroner cases requiring a death investigation.
3. What is the status on the Marsh Creek Detention Facility closure? During the adoption of the Final FY 2020-21 Budget, it was acknowledged that the Board desired for the matter of the future of the Marsh Creek Detention Facility operation be brought back to the full Board for consideration. Following the budget discussion on October 6, 2020, representatives of the County Administrator's Office completed a facility tour of the Marsh Creek Detention Facility. During the tour it was evident that the Marsh Creek Detention Facility was a vital resource for the County during the COVID-19 pandemic. Due to COVID-19, not as many individuals can be housed within housing units as in the past. As of April 28, 2021, the Marsh Creek Detention Facility is housing 28 individuals and has 20.0 FTEs staffing the facility, including 15 sworn and 5 non-sworn positions. The Sheriff's Office, working in tandem with Detention Health, continues to identify the appropriate population that can go to the Marsh Creek Detention Facility to better protect the County's entire jail population from COVID-19 infection through social distancing and smaller housing groups. With the COVID-19 health guidelines on social distancing and quarantining in place, it is difficult to assess the County's future detention facility needs. The County Administrator's Office will return to the Board once an accurate assessment of detention facility needs can be conducted.
4. How and when are inquest hearings conducted? Sheriff Livingston calls for a Coroner's Inquest in all cases involving a death that involves law enforcement personnel or law enforcement operations or activities within Contra Costa County. The Inquests are open to the public, are conducted by a private attorney hired by the Coroner's Division and are held in front of a jury of citizens randomly selected from the Contra Costa County Superior Court jury pool. During the Inquest, the hearing officer questions witnesses, and additional evidence may be presented. The role of the jury is to decide whether the death was by (1) natural causes, (2) suicide, (3) accident, or (4) at the hands of another person other than by accident (i.e., homicide). This decision has no bearing on other civil or criminal proceedings, nor does it address responsibility of the deceased or any other person(s) involved in the incident.

Public Comment

At the conclusion of the presentations, the Board asked for and received public comment. Public comments were almost exclusively focused on establishing a Miles Hall Unit to provide non-police alternatives to mental health crises.

Conclusion

At the conclusion of public comments, the Board made statements regarding use of Measure X funds, the need for speedy resolution of Law Enforcement Involved Fatal Incident reports and funding a Miles Hall mental health response.

1. The Board asked for an update on timing of the Measure X Community Advisory Board (MXCAB) recommendations. As of May 6, 2021, the MXCAB has met four times and has adopted a schedule of topics for presentation and discussion. The MXCAB is hopeful of presenting recommendations to the Board of Supervisors at the end of July.
2. The Board asked for an update on the timing of a report of anticipated uses of the American Recovery Act funds. It is anticipated that the date for the workshop can be set at the May 11, Board meeting or when additional guidance from the U.S. Treasury is available.

3. The Board encouraged all of the energy behind the Miles Hall mental health program be focused on the Measure X Community Advisory Board meetings.

Taking into consideration the testimony it had received from staff and the public; by a unanimous vote, the Board made no changes to the FY 2021-22 Recommended Budget. The Board directed the County Administrator to prepare for Board adoption on May 11, 2021, the FY 2021-22 County and Special District Budgets including the position resolution necessary to carry out the Board's direction for adoption of the FY 2021-22 Recommended Budget.

Position Modifications – Resolution No. 2021/103:
The attached Position Adjustment Resolution (No. 2021/103) incorporates those changes directed by the Board as part of the FY 2021-22 Recommended Budget. The Resolution adds and/or eliminates positions and classifications in the following departments: Assessor, County Administrator, Department of Information Technology, District Attorney, Employment and Human Services, Health Services, Public Works, Sheriff-Coroner and Contra Costa County Fire Protection District departments.

Further, additional positions in various departments will continue to be held vacant (but not eliminated at this time) in order to achieve prescribed cost savings through normal and managed attrition to the greatest possible extent.

Assessor
Attachment A-1 eliminates three (3) vacant positions, which were vacant and unfunded in FY 2020-21. Elimination of these unfunded positions will not impact operations.

County Administrator
Attachment A-2 deletes one (1) unfunded Census Outreach Coordinator position. This position was added to assist with census outreach and activities. However, with the completion of the Census last fall, this position has been unfunded.

Department of Information Technology
Attachment A-3 adds two (2) positions. The Network Services division and the Security division will both add one (1) Network Technician I to meet increased staffing needs. The positions will be funded by charges to customers based on requests for service.

District Attorney
Attachment A-4 adds a net of one (1) position: one (1) District Attorney Senior Inspector will be added for real estate fraud prosecution which will be funded with increased revenue and reduced temporary salaries. One (1) Administrative Services Assistant II position will also be added to provide administrative support. The cost of this position will largely be offset by deleting one (1) vacant Account Clerk – Advanced Level.

Employment and Human Services
Attachment A-5 eliminates twenty-five (25) vacant positions in the Child Welfare and Community Services Bureaus, which were vacant and unfunded in FY 2020-21. Elimination of these unfunded positions will not impact operations. The department budget for FY2021-22 includes approximately 205 vacant funded positions ($18.4 million).

Health Services
Attachment A-6 adds a net of 34.4 FTEs (43 positions) with the addition of one (1) Substance Abuse Program Manager and one (1) Health Services Planner and Evaluator – Level B to support Alcohol and Other Drugs program and system administration and will be funded with State revenues and reimbursements from EHSD for CalWORKs related services; the addition of one (1) Health Services Administrator – Level B to support Coordinated Entry in the Health, Housing and Homeless Services Division and will be funded by State revenues; the addition of one (1) Mental Health Community Support Worker to support conservatorship/guardianship requests and fee collections and will be funded by State revenues; and the following thirty-nine (39) positions to augment acute psychiatric unit and medical and mental health remedial plans in the Detention Services Division and funded with general purpose appropriations in FY 2021-22: three (3) Psychiatrist-Adult – Exempt, six (6) Certified Nursing Assistant, six (6) Licensed Vocational Nurse, six (6) Registered Nurse, three (3) Occupational Therapist II, one (1) Mental Health Clinical Specialist, two (2) Pharmacist I, one (1) Clerk – Senior Level; three (3) Primary Care Provider-Limited – Exempt, one (1) Pharmacist Technician, three (3) Therapist Aide, two (2) Substance Abuse Counselor, one (1) Program and Projects Coordinator, and one (1) Health Services Information Systems Programmer and Analyst. Additionally, Attachment A-6 eliminates one hundred and three (103)

vacant positions, which were vacant and unfunded in FY 2020-21. Elimination of these unfunded position will not impact operations.

Public Works
Attachment A-7 adds nine (9) positions. Fleet Services will add one (1) Lead Fleet Technician and two (2) Equipment Services Workers to meet increased shop facility operational hours. The Facilities division will add three (3) Carpenters, one (1) Steamfitter, one (1) Painter and one (1) Electronic Systems Specialist for work currently being performed by temporary personnel at the Contra Costa Regional Medical Center. The Custodial division will cancel one (1) vacant Materiel Manager and add one (1) Clerk-Experienced level to better address operational needs.

Sheriff-Coroner
Attachment A-8 adds ten (10) positions to the Sheriff-Coroner, Custody Services Bureau. Five (5) Deputy Sheriffs will be added to staff Module M, the acute psychiatric unit at the Martinez Detention Facility and five (5) Deputy Sheriffs will be added to staff a suicide prevention post at the Martinez Detention Facility.

Contra Costa County Fire Protection District
Attachment A-9 adds four (4) positions to the Fire District. Three (3) Fire Captains will be added to upgrade the squad at Fire Station 70 (San Pablo) to a second, full fire company. One (1) Driver Clerk will be added to additional support in the Training and Safety Division.

Consequences of Negative Action:
Changes to any recommended programs will require an equivalent reduction in funds from other County priorities in order to adhere to the Budget Policy to adopt a balanced budget.

HEALTH SERVICES DEPARTMENT COVID COST/ REVENUE SUMMARY

MAY 3, 2021

March through December 2020

- The Total COVID “one time” revenues equaled $242.5 million.
- Homeless Funding for State and Federal Programs inclusive of FEMA was $38.8 million.
- The CARES Provider Relief Fund and State Grants equaled $40.1 million; this funding was utilized entirely to offset the volume-based Medi-Cal revenue losses incurred during the pandemic.

March through December 2020

- The CARES Coronavirus Relief Fund (CRF) provided the vast majority of the financial support for the COVID response in the amount of $163.6 million.
- The Board requested additional detail on the functional cost break down of the CRF expenditures incurred, the projected amount for the balance of fiscal year 2020/21; the impact on the budgeted County General Fund subsidy to the Department; and a projection of the COVID expenses for fiscal year 2021/22.

Coronavirus Relief Fund (CRF) Update and Projections

- Page 1 of the attachment identifies the actual expenditures incurred by functional cost areas for March 2020-December 2020 in the amount of $163.6 million. This amount is fully covered with revenues from the CRF.
- Page 2 is a forecast based on year to date known expenditures for January to June 2021 in the amount of $67.7 million.

Coronavirus Relief Fund (CRF) Update and Projections

- Page 3 shows the $67.7 million offsets to cover the January to June expense. The combination of one-time grants coupled with the full utilization of the Departments "budgeted" 2020/21 fiscal year County subsidy will allow for year-end balancing without impacting County reserves.
- Page 4 is a projection by functional area for the 2021/22 fiscal year in the amount of $135.3 million. This projection is based on past COVID costs incurred and is highly speculative.

Coronavirus Relief Fund (CRF) Update and Projections

- Page 5 identifies the potential revenue sources available in FY 2021-22 for COVID related expenses.
- The only major revenue source known at this time is the recently passed American Rescue Plan Act. Seven areas in the Act carry potential revenue for the Health Department and are currently awaiting Federal distribution guidelines. The local dollar amount of these items cannot be estimated.

Coronavirus Relief Fund (CRF) Update and Projections

- An additional item in the American Rescue Plan Act is the amount of local government funding; $223.7 million has been specifically awarded to CCC.
- **Recommendation:** Acknowledge the intended use of approximately $110 million from the American Rescue Plan Act, from the known local award of $223.7 million, for Health Services pending future discussion with the Board of Supervisors and final guidelines by the relevant Federal Agencies.

County Approach to COVID-19 Cost Recovery

Primary Financial Goals During Pandemic

- Keeping County financial position stable (avoid layoffs, keep CBO contracts funded)
- Maximizing cost recovery from all eligible revenue sources (CARES Act, American Rescue Plan, FEMA, etc.)

Contract with Cost Recovery Consultant

- Board approved contract with Ernst & Young LLP on June 2, 2020
- Cost Recovery Working Group has been meeting bi-weekly
  - Auditor-Controller
  - Chief Assistant County Administrator
  - Health Services Chief Operating Officer
  - Ernst & Young representatives

Achievements During Emergency Response

- County finances have remained stable (specifically General Fund and Enterprise Fund I)
- Minimal layoffs of County employees
- CBOs remained fully funded during shelter in place
- County upgraded by Moody's during pandemic, specifically citing financial position and CARES Act
  - "The impact of the coronavirus is also a social consideration because of the substantial implications for public health and safety; however, we do not see it as a material credit risk for Contra Costa County. The county has a strong financial position to help offset unanticipated expenditures related to the coronavirus. In addition, the county has received $227.8 million CARES Act funding to help cover costs related to the pandemic."

Key Takeaways:

1. No additional funds available for County COVID response programs funded with Coronavirus Relief Funds (CRF) after December 31, 2020
2. It will be necessary to use American Rescue Plan funds to bridge the gap over the next two years

Where funds were claimed

- The chart on the previous page identified the categories of how funds were claimed to maximize COVID-19 resources taking into account all the funds within the County.
- The U.S. Treasury guidance was very prescriptive by category.
- Public health and public safety had a presumption that costs were 100% eligible for reimbursement.
- This means that funds could be claimed for positions even if they were already budgeted.
- This allowed the County to easily drawdown the maximum allocation from these sources.
- The County had many other items that could have been claimed as well, however, we reached the claiming maximum using mainly presumptive costs.
- Again, it does not necessarily mean that this is where increased COVID-19 costs were generated.
- In this way we could smooth out all of the extra costs within the General Fund and other funds regardless of claiming eligibility, including making up for significant losses of revenue.

Public Health & Safety Presumption

Administrative Convenience = Flexibility

- No documentation of the *work being performed* for **public health and public safety staff** (category L).
- CARES Act does not allow backfill of lost revenue: the "administrative convenience" provides a tool for these staff to be paid for by the CRF, potentially freeing up general purpose funds (or offsetting lower receipts).
- *Actual* payroll and benefits (including pension costs) can be paid by CRF – Must keep payroll records for five years.

2. The Guidance says that funding can be used to meet payroll expenses for public safety, public health, health care, human services, and similar employees whose services are substantially dedicated to mitigating or responding to the COVID–19 public health emergency. How does a government determine whether payroll expenses for a given employee satisfy the "substantially dedicated" condition?

The Fund is designed to provide ready funding to address unforeseen financial needs and risks created by the COVID–19 public health emergency. For this reason, and as a matter of administrative convenience in light of the emergency nature of this program, a State, territorial, local, or Tribal government may presume that payroll costs for public health and public safety employees are payments for services substantially dedicated to mitigating or responding to the COVID–19 public health emergency, unless the chief executive (or equivalent) of the relevant government determines that specific circumstances indicate otherwise.

Clarifying the Extra Funds Issue

(Sheriff's Detention Example)

Using the U.S. Treasury's guidance and recommendation from the CA Department of Finance, the County used the Public Health and Safety "administrative convenience" presumption to claim $54.2 million in CRF

The $54.2 million claimed was deposited into the General Fund freeing up general purpose revenue previously budgeted in the Sheriff's Office for use across the General Fund

This further maximizes cost recovery since CRF is the only source of revenue that allows significant claims for public safety reimbursement

- Rather than claiming FEMA eligible costs via CRF, County can instead claim public safety costs via CRF, then claim other eligible costs with FEMA
- Consistent with goal of maximizing COVID-19 cost recovery and stabilizing County financial position during the pandemic response

FY 2019/20 Single Audit included significant audit of CRF claims and approach to claiming with no audit findings or material weaknesses identified

- Single Audit Report will go to Finance Committee June 7

Examples of COVID Cost Drivers & Lost Revenue

(In Millions)

Allocation of 64 hours of extra sick leave to County employees	$	32.59
Use of up to 80 hours of extra COVID leave	$	31.14
Overtime although used was not tracked for hours specific to COVID (amount was not zero)	$	0.00
Under-realized revenue FY 2019-2020 - Various Departments - Employment & Human Services ($70.75 million) - Community Development Department ($25.9 million)	$	111.39*
Under-realized revenue FY 2019-2020 – Volume Based Medi-Cal in Health Services	$	40.10
Under-realized revenue projected for FY 2020-2021 (excludes Health)	$	130.55
Juvenile Hall Intake and Quarantine	$	0.66
Countywide expenses charged to Risk Management	$	7.53
Emergency Services (OES)	$	2.37
County Counsel	$	0.54
DA Special Ops	$	0.43
Purchasing and Building Maintenance	$	0.19
	$	357.49

* Unclaimed COVID costs were not tracked separately from other costs during the pandemic, neither were under-realized revenues. The revenue figures shown for FY 2019-2020 were specifically identified by departments per the Board's direction of April 20, 2021 and are unaudited.

FEMA Public Assistance Program

Why it would not be prudent to claim FEMA first:

1. Other COVID Relief funding streams have spend deadlines requiring County to claim those funds first
2. FEMA reimbursement applications due up to 60 days after the incident period ends (once Federal government removes public health emergency)
3. FEMA guidance has been constantly changing – waiting for final guidance minimizes risk of amended claims
4. County will not receive cash reimbursement for 24-36 months. (General Fund would have to bridge that period)
5. FEMA covers eligible costs, NOT actual costs.
   - Eligible costs are typically unbudgeted costs only
   - Eligible personnel costs are typically only temporary salaries and overtime

Timing on American Rescue Plan Act Funding

(Estimate $223.7M)

- Guidance not yet released, but anticipated any day
- U.S. Treasury must distribute ½ of County allocation by Mid-May 2021 (60 days after enactment)
- Second ½ of County allocation to be distribution in May 2022
- County Administrator prepared to file certification to receive funds once available
- Acknowledge the intended use of approximately $110 million from the American Rescue Plan Act, from the known local award of $223.7 million, for Health Services pending future discussion with the Board of Supervisors and final guidelines by the relevant Federal Agencies.

CONTRA COSTA COUNTY OFFICE OF THE SHERIFF
DAVID O. LIVINGSTON
SHERIFF – CORONER

April 27, 2021

The Honorable Diane Burgis and Members of the Board
Contra Costa County Board of Supervisors
1025 Escobar Street, 1st Floor
Martinez, CA 94553

RE: Contra Costa County Coroner's Office Statistics

Dear Madam Chair Burgis and Members of the Board:

This letter is in response to the Board of Supervisor's request for statistical data involving Contra Costa County Coroner's Cases. This request was made during the County's budget hearing held on April 20, 2021.

The Coroner's Office is an investigative unit responsible for determining the cause and manner of death for all deaths covered under California Government Code Section 27491 and California Health and Safety Code Section 10250. Death investigations are conducted on homicides, suicides, accidents, suspicious, and unexpected deaths. Other duties include notifying the next of kin, safeguarding personal property, the collection of evidence, processing death certificates, and overseeing indigent burials.

The following statistical data reflects the cause and number of deaths for all Coroner's Cases in 2018, 2019, and 2020 calendar years:

CATEGORY	2018	2019	2020
BRIEF*	5410	5322	6179
HOMICIDE	52	58	48
MOTOR VEHICLE ACCIDENTS	84	91	109

NATURAL CAUSES	**237**	**216**	**319**
SUICIDES	**116**	**107**	**100**
OTHER ACCIDENTS	**229**	**252**	**307**
ACCIDENTAL DRUG OVERDOSE	**113**	**128**	**195**
UNDETERMINED CAUSE	**12**	**6**	**11**
TOTAL-DEATHS (OVERALL)	**6142**	**6056**	**7108**

**If a case does not meet the criteria of a Coroner's Case, there is no Coroner response and collection of the remains. The decedent is released to the family to contact a funeral home for removal. This is referred to as a "BRIEF." Most BRIEF cases are generated from convalescent homes, and/or hospice care.*

If you'd like any additional information, please contact me.

Sincerely,

DAVID O. LIVINGSTON

Subject: Budget One-Pager Analysis on behalf of the Reimagine Public Safety Contra Costa Campaign

Hello,

In preparation for this year's budget cycle conversations the Reimagine Public Safety Contra Costa Campaign has prepared a one-pager fact sheet that highlights some of the department budget presentation requests and shows how they compare to other departments and community asks. The one-pager also highlights the campaigns demands, budget request, and overall vision for the county including our definition of public safety. Please consider these points when making decisions around the county budget. Thank you for your time.

Regards,
Danny

RE-FUND CONTRA COSTA COMMUNITIES

A call for investing in health and prosperity instead of detention and over-policing in Contra Costa County

The COVID-19 Pandemic has laid bare many of the systemic inequities present in our housing, health, and economic systems, leaving our historically marginalized communities with nowhere to go. Instead of investing in detention and incarceration, we need to prioritize our investments on common-sense solutions that can support our communities.

We are demanding Contra Costa County:

- Close Juvenile Hall
- Close Marsh Creek Detention Facility
- Stop hiring Sheriff Deputies, including the additional 10 Deputies requested this year
- Provide transparency around COVID-19 relief funding

Contra Costa should invest in:

- Legal services for **eviction defense** for Contra Costa residents behind on their rent
- A regional **Youth and Equity Center** in East Contra Costa County
- Fund a robust and independent **Sheriff Civilian Oversight** and auditor body led by community
- Fund the public defender's office to hire **more social workers**, investigators, and attorneys
- Expedite the creation of the **Miles Hall non-police mental health response** and fully fund it

RECOMMENDATION(S): (CONT'D)

Office and cause said Quitclaim Deed from the County to be delivered to PG&E for acceptance and recording.

FISCAL IMPACT:

100% Contra Costa Transportation Authority Funds.

BACKGROUND:

In 2010, the County acquired right of way along Sunset Drive in Antioch for highway purposes. The property was acquired entirely with Contra Costa Transportation Authority ("CCTA") funds. The County was responsible for acquiring right of way for the project on CCTA's behalf.

The improvements along Sunset Drive are completed and an excess portion of land is no longer required for the project or for other highway purposes. CCTA has requested that the County convey the excess property to PG&E. PG&E is willing to accept the property in exchange for property required for the project.

The County and PG&E will exchange property rights in their as-is condition. Each party will release the other party from all claims related to the condition of the property before conveyed.

CONSEQUENCE OF NEGATIVE ACTION:

The County would continue to own and be liable for the maintenance of the property that is no longer required for highway purposes.

BACKGROUND: (CONT'D)

Quincy Engineering was selected to provide construction management services for the Project after completing a request for proposal solicitation and technical proposal process. Construction management services for the Project include full-time inspection, quality assurance materials testing, quality assurance surveying, extensive coordination with project stakeholders including Caltrans, multiple utility companies, and in-field decision making to ensure the Project is built per plans and specifications and meets County and Caltrans Standards. Construction management services also include recording daily activity and equipment on-site and maintaining required project documentation. Public Works has successfully negotiated with Quincy Engineering to provide the construction management services.

CONSEQUENCE OF NEGATIVE ACTION:

Without Board of Supervisors' approval, this Consulting Services Agreement will not be in effect. A delay in construction of the project will occur, ultimately delaying the completion of the project. Project delay may also result in substantial additional project costs and jeopardize the funding.

RECOMMENDATION(S): (CONT'D)

(5) ORDER that, after the contractor has signed the contract and returned it, together with the bonds as noted below and any required certificates of insurance or other required documents, and the Public Works Director has reviewed and found them to be sufficient, the Public Works Director, or designee, is authorized to sign the contract for this Board.

(6) ORDER that, in accordance with the project specifications and/or upon signature of the contract by the Public Works Director, or designee, bid bonds posted by the bidders are to be exonerated and any checks or cash submitted for security shall be returned.

(7) ORDER that, the Public Works Director, or designee, is authorized to sign any escrow agreements prepared for this project to permit the direct payment of retentions into escrow or the substitution of securities for moneys withheld by the County to ensure performance under the contract, pursuant to Public Contract Code Section 22300.

(8) DELEGATE, pursuant to Public Contract Code Section 4114, to the Public Works Director, or designee, the Board's functions under Public Contract Code Sections 4107 and 4110.

(9) DELEGATE, pursuant to Labor Code Section 6705, to the Public Works Director, or to any registered civil or structural engineer employed by the County, the authority to accept detailed plans showing the design of shoring, bracing, sloping, or other provisions to be made for worker protection during trench excavation covered by that section.

(10) DECLARE that, should the award of the contract to Sposeto be invalidated for any reason, the Board would not in any event have awarded the contract to any other bidder, but instead would have exercised its discretion to reject all of the bids received. Nothing in this Board Order shall prevent the Board from re-awarding the contract to another bidder in cases where the successful bidder establishes a mistake, refuses to sign the contract, or fails to furnish required bonds or insurance (see Public Contract Code Sections 5100-5107).

FISCAL IMPACT:

The Project will be funded by 100% Local Road Funds.

BACKGROUND:

The above project was previously approved by the Board of Supervisors, plans and specifications were filed with the Board, and bids were invited by the Public Works Director. On April 20, 2021, the Public Works Department received bids from the following contractors:

BIDDER, TOTAL AMOUNT, BOND AMOUNTS

Burch Engineering & Construction, Inc.: $875,954.00

Sposeto Engineering, Inc.: $1,172,074.00; Payment: $1,172,074.00; Performance: $1,172,074.00

Kerex Engineering, Inc.: $1,390,408.00

J.J.R. Construction, Inc.: $1,398,702.20

FBD Vanguard Construction Inc.: $1,406,522.00

On April 21, 2021, Burch, the lowest apparent bidder, gave timely written notice to the County of a mistake made in the filling out of Burch's bid and requested to be relieved of the bid. The Public Works Director recommends that the Board consent to relieve Burch of its bid pursuant to Public Contract Code Section 5101.

The Public Works Director has reported that Sposeto documented an adequate good faith effort to comply with the requirements of the County's Outreach Program and exceeded the Mandatory Subcontracting Minimum, and the Public Works Director recommends that the construction contract be awarded to Sposeto.

The Public Works Director recommends that the bid submitted by Sposeto is the lowest responsive and responsible bid, which is $218,334.00 less than the next lowest bid, and this Board concurs and so finds. The Board of Supervisors previously determined that the project is exempt from the California Environmental Quality Act (CEQA) as a Class 15301(c) Categorical Exemption, and a Notice of Determination was filed with the County Clerk on February 3, 2021.

The general prevailing rates of wages, which shall be the minimum rates paid on this project, have been filed with the Clerk of the Board, and copies will be made available to any party upon request.

CONSEQUENCE OF NEGATIVE ACTION:

Construction of the project would be delayed, and the project might not be built.

(100% Flood Control District Funds)

FISCAL IMPACT:

100% Flood Control Revolving Fund 250600. Borrowing entity DA 52D Fund 258400 will pay the loan principal of $50,000 plus interest over a 3-year period.

BACKGROUND:

There are no funds in DA 52D. Revenues are expected to be collected from land development projects in the next few years. In the interim, additional funds are needed to update the drainage area fee and cover the administrative costs of maintaining the drainage area plan with periodic updates, legal support, and fee collection. The updated drainage area fee will be sufficient to maintain the drainage area for the next three years and repay the loan principal and interest within that period.

BACKGROUND: (CONT'D)

bridges, irrigation, lighting, park and recreational facilities, and ancillary improvements have been installed by developers as a condition of their development. The annual assessment levies fund the operation, maintenance, and capital replacement of these improvements.

On March 30, 2021, the Board of Supervisors adopted Resolution No. 2021/88, which directed the preparation of the Fiscal Year 2021/2022 Engineer's Report for the District. The Landscaping and Lighting Act of 1972 requires that an Engineer's Report be prepared each fiscal year to identify any changes in the improvements and to set the ensuing year's special assessment rates.

The Fiscal Year 2021/2022 assessments included in the Engineer's Report for each zone were calculated by considering all anticipated expenditures for the operation, maintenance, utilities, administration, and capital replacement costs of these improvements. If any excess revenue in a zone was available from the previous fiscal year, it was credited against the proposed expenses for that zone. The assessment rate within each zone may change from the previous fiscal year, dependent upon the projected costs to maintain each of the facilities; however, the Fiscal Year 2021/2022 assessment rate cannot exceed the maximum amount set when the zone was originally formed, plus an annual cost of living adjustment, if applicable.

The Board may approve the Engineer's Report as filed, or modify the Engineer's Report and approve it as modified. If the Board approves the Engineer's Report, either as filed or as modified, the Board may adopt Resolution No. 2021/126 (the "Resolution of Intention") to declare the Board's intent to levy the assessments and fix a public hearing on the proposed levy of assessments for June 8, 2021. The resolution directs the Clerk of the Board to publish notice of the hearing in accordance with legal requirements.

CONSEQUENCE OF NEGATIVE ACTION:

If the Board does not approve the Engineer's Report, the Board cannot adopt the Resolution of Intention. If a Resolution of Intention is not adopted, the County will be unable to levy assessments in zones of the District in Fiscal Year 2021/2022.

SECTION I

INTRODUCTION
ENGINEER'S REPORT

CONTRA COSTA COUNTY
COUNTYWIDE LANDSCAPING DISTRICT (LL-2)

FISCAL YEAR 2021-22

To ensure the proper flow of funds for the ongoing operation, maintenance, and servicing of specific improvements within the boundaries of Contra Costa County, the Board of Supervisors, through the Landscaping and Lighting Act of 1972, approved the formation of Countywide Landscaping District (LL-2) (the "District"). Improvements that may be constructed, operated, maintained, and serviced by the District include:

> *Landscaping, irrigation, lighting (not street lighting, except in special cases), park and recreational facilities, including but not limited to lights, playground equipment, play courts, public restrooms, and associated appurtenant facilities.*

Generally, developers, as a part of their conditions permitting the developer to construct new housing or commercial/industrial developments, construct these aforementioned public improvements. However, the ongoing operation and maintenance of these various improvements are financed through the District. The District is composed of "Benefit Zones" to ensure that the operation and maintenance of the improvements are specifically paid for by those property owners who directly benefit from the improvements.

As required by the Landscaping and Lighting Act of 1972, the annual Engineer's Report must be reviewed by the Board of Supervisors each year and includes: (1) plans and specifications for the improvements, (2) an estimate of the costs of the improvements, (3) a diagram of the assessment district and any associated zones, (4) a description of the method used to apportion costs of the improvements to the benefiting parcels, and (5) a property list which includes the proposed assessments to be levied upon each assessable lot or parcel within the District.

The Contra Costa County Board of Supervisors will hold a Public Hearing, June 8, 2021, regarding the District and proposed Fiscal Year 2021-22 annual assessments to be levied, to provide an opportunity for any interested person to be heard. At the conclusion of the Public Hearing, the Contra Costa County Board of Supervisors may adopt a resolution confirming the levy of assessments as originally proposed or modified. Following the adoption of this resolution, the final Assessor's roll will be prepared and filed with the County Auditor's office to be included on the Fiscal Year 2021-22 tax roll.

Payment of the assessment for each parcel will be made in the same manner and at the same time as payments are made for property taxes. All funds collected through the assessment must be placed in a special fund and can only be used for the purposes stated within this report.

In addition to the existing Benefit Zones, new Benefit Zones are created throughout the fiscal year as development is processed. Table 1 below indicates those Benefit Zones that have been annexed into the District or modified since the prior year's annual report was prepared in Fiscal Year 2020-21.

Table 1 – Benefit Zones modified since FY 2020-21

Benefit Zone	Comment
Not Applicable	No new zones of benefit have been created, nor have any parcels been annexed into an existing benefit zone during Fiscal Year 2020-21.

Benefit Zones with Proposed Assessment Increases for FY 2021-22

Benefit Zones No. 5, 35, 54, and 71 had their maximum assessment rate increased 1.57% over the FY 2020-21 rate. These benefit zones can be increased each fiscal year by the annual change in the Consumer Price Index for the San Francisco Bay Area – All Urban Consumers (CPI). For Fiscal Year 2021-22 the CPI increased from 299.690 to 304.387, which equals an increase of 1.57%.

Benefit Zones No. 69, 70, 74 and 75 had their maximum rate increased 2% over the FY 2020-21 rate. These benefit zones can be increased each fiscal year for a minimum of 2% or the annual change in the CPI for the San Francisco Bay Area – All Urban Consumers (CPI) if greater than 2%. For Fiscal Year 2021-22 the CPI increased by 1.57% and therefore the minimum allowance of 2% was applied to increase the maximum rates for Benefit Zones 69, 70, 74 and 75.

In addition, Benefit Zone No. 27 was previously assessed at the Maximum Assessment Rate. For FY 2021-22 the anticipated expenditures for Benefit Zone No. 27 are decreased due to reduced water usage by Contra Costa County and the applied Assessment Rate is below the Maximum Assessment Rate. As a result, parcels located within Benefit Zone 27 will be assessed at $98.15 per EDU in FY 2021-22 with a Maximum Assessment Rate of $150.00 per EDU. Parcels located within Subzone 'A' of Benefit Zone 27 receive a reduced level of landscaping and will be assessed approximately at seventy (70) percent of the full assessment rate. Therefore, parcels in Subzone 'A' will be assessed at $69.38 per EDU in FY 2021-22 with a Maximum Assessment Rate of $105.68.

PART B

ESTIMATE OF COST

The Landscaping and Lighting Act of 1972 provides that the total cost of construction, operation, maintenance, and servicing of the public landscaping, irrigation, lighting (not street lighting except in special cases), and park facilities can be recovered by the District. Incidental expenses including administration of the District, engineering fees, legal fees, and all other costs associated with the construction, operation and maintenance, and servicing of the District can also be included.

Benefit zones 10 and 18 are anticipated to have negative fund balances at the end of Fiscal Year 2021-22. In an effort to reduce the negative balances each year, there may be a temporary reduction of services in those areas of the County. Eventually these Zone balances will not be negative and will begin to build reserves for incidental costs and improvements within the Benefit Zone.

The estimated Fiscal Year 2021-22 expenditures and assessment revenue for the proposed District facilities have been provided by the County and are summarized in Table 2 on the following page:

A detailed "Special Districts Worksheet" for each Benefit Zone is shown in Appendix "A" of this Report. The worksheets provide actual revenues and estimated expenditure details for Fiscal Year 2020-21 and proposed revenue and expenditure details for Fiscal Year 2021-22.

Public playground safety and accessibility standards are mandated by two legal requirements. The Americans with Disabilities Act (ADA) of 1990, which became effective in 1992 and required all public facilities (including playgrounds) be free of architectural barriers to access by January 1, 1995. Secondly, California Playground Safety Regulations R-39-97, mandated compliance with federal playground safety standards by the year 2000. This law requires that all playground equipment areas accessible to the public be audited/inspected for safety. These standards are

established by the American Society for Testing and Materials (ASTM) in their document "Standard Consumer Safety Performance Specification for Playground Equipment for Public Use", and by the federal Consumer Products Safety Commission (CPSC) in their document "Public Playground Handbook for Safety". Landscape and lighting zones that have existing playground equipment that does not meet these federal and state guidelines must either retrofit or replace that equipment.

The Landscaping and Lighting Act of 1972 requires that a special fund be set up for the revenues and expenditures of each Benefit Zone. Funds raised by the assessments shall only be used for the purpose as stated herein. A contribution to each Benefit Zone by Contra Costa County may be made to reduce the assessments, as the Board of Supervisors deems appropriate. Any balance remaining on July 1 at the end of the fiscal year must be carried over to the next fiscal year.

PART D

METHOD OF APPORTIONMENT OF ASSESSMENT

This section explains the benefits to be derived from the improvements and the methodology used to apportion the total assessments to the properties within the District.

The method used for apportioning the assessment is based upon the relative special benefits to be derived by the properties in each Benefit Zone of the District over and above the general benefits conferred on real property to the public at large. The assessment is apportioned to each parcel in proportion to the relative cost of the special benefits from the improvements.

Discussion of Benefit

Part 2 of Division 15 of the Streets and Highways Code, the Landscaping and Lighting Act of 1972, permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements, which include the operation, maintenance, and servicing of landscaping, and street lighting improvements.

Section 22573 of the Landscaping and Lighting Act of 1972 requires that maintenance assessments must be levied according to benefit rather than according to assessed value. This Section states:

> *"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefit to be received by each such lot or parcel from the improvements."*
>
> *"The determination of whether or not a lot or parcel will benefit from the improvements shall be made pursuant to the Improvement Act of 1911 (Division 7 (commencing with Section 5000)) [of the Streets and Highways Code, State of California]."*

In addition, the Landscaping and Lighting Act of 1972 permits the designation of zones of benefit within any individual assessment district if "by reasons or variations in the nature, location, and extent of the improvements, the various areas will receive different degrees of benefit from the improvement" (Sec. 22574). Thus, the Landscaping and Lighting Act of 1972 requires the levy of a true "assessment" rather than a "special tax."

Article XIIID, Section 4(a) of the California Constitution (also known as Proposition 218, approved by the California voters in November 1996) limits the amount of any assessment to the proportional special benefit conferred on the property.

> *"No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."*

In addition, Article XIIID also provides that publicly owned properties must be assessed unless there is clear and convincing evidence that those properties receive no special benefit from the assessment. Exempted from the assessment would be the areas of public streets, public avenues, public lanes, public roads, public drives, public courts, public alleys, public easements and rights-

of-ways, public greenbelts and public parkways, and that portion of public property that is not developed and used for business purposes similar to those for private, commercial, industrial, and institutional activities.

Special versus General Benefit

On November 5, 1996, California voters approved Proposition 218 entitled "Right to Vote On Taxes Act" which added Articles XIIIC and XIIID to the California Constitution. While its title refers only to taxes, Proposition 218 establishes new procedural requirements for fees, charges, and benefit assessments.

These new procedures stipulate that even if charges or benefit assessments are initially exempt from Proposition 218, future increases in the charges or benefit assessments must comply with the provisions of Proposition 218. However, if the future increase in the charge or benefit assessment were anticipated in the charge or benefit assessment formula when approved by property owners (e.g., consumer price index increases or a predetermined cap) then the future increase in the charge or benefit assessment would be in compliance with the intent and provisions of Proposition 218.

Proposition 218 provides that "only special benefits are assessable" and defines a special benefit as a particular and distinct benefit conferred on real property and not a general benefit received by the public at large. Parcels located within the boundaries of the District will be assessed for the operation, maintenance and capital replacement costs associated with landscaping and park improvements as described herein, if they receive a special and direct benefit from the improvements. Furthermore, the identification and separation of general benefits from the special benefits follows for the District and the associated Benefit Zones.

In the absence of an annual assessment, the improvements in each Benefit Zone of the District would not be provided, therefore the improvements are "over and above" what is being provided in other portions of the County as part of the Public Works Facilities Division. All assessment proceeds derived from each Benefit Zone are utilized to fund the cost of providing a level of tangible "special benefits" in the form of proximate landscaping and other permanent public improvements. The assessments are also structured to provide specific improvements within each Benefit Zone, further ensuring that the improvements funded by the assessments are of specific and special benefit to property within each Benefit Zone.

Specific benefits conferred on property include:

- Unique proximity to improved landscaped areas;
- Access to improved landscape and park areas;
- Improved aesthetic views within each Benefit Zone; and
- Extension of a property's outdoor area due to the properties being in close proximity to the landscape and park improvements.

Properties outside the District's Benefit Zones do not enjoy the unique proximity, access, views, and other special benefits described previously. Moreover, many of the homes and other improvements on parcels in the Benefit Zones would not have been built if the assessments were not established, because an assessment for public landscaping and parks was a condition of approval for the associated developments. Without the annual assessments, the public

improvements and annual maintenance provided within the Benefit Zones would not exist and the areas would turn into unmaintained and unusable public improvements and public lands. If this happened, it would create a significant and material negative impact on the desirability, utility, and value of property in the Benefit Zone. The improvements are, therefore, clearly above what otherwise would be provided. In fact, it is reasonable to assume that if assessments were not collected and the improvements were not maintained as a result, properties in the Benefit Zones would decline in desirability, utility, and value by significantly more than the amount of the assessments.

Although these improvements may be available to the public at large, the public landscaping, parks, and other public improvements in each Benefit Zone of the District were specifically designed, located, and created to provide additional and improved public resources for the direct advantage of property inside each Benefit Zone, and not the public at large. The boundaries of the Benefit Zones have been narrowly drawn to include only those parcels that receive a direct advantage from the improvements.

In addition to the special and direct benefits the property owners receive within each of the Benefit Zones from these enhanced landscaping and park improvements, there are also some incidental visual benefits received by vehicular and pedestrian traffic, or flow-through traffic which may pass by the landscaping and park improvements within the District. Even though these are incidental benefits, they must be accounted for and cannot be assessed to the properties within the District and each associated Benefit Zone. Therefore, based on flow-through traffic, it is conservatively estimated that approximately 99% of the annual cost to operate and maintain the landscaping and park improvements would be a special and direct benefit to the parcels within the District and one percent of the annual cost to operate and maintain the landscaping and park improvements would be a general benefit.

It is therefore concluded that all the landscape improvements funded by the assessments confer special benefits to the identified benefiting properties located within the District and each associated Benefit Zone and that the value of the special benefits from such improvements to property in the Benefit Zones reasonably exceeds the cost of the assessments for every assessed parcel in a Benefit Zone. In other words, as required by Proposition 218, the reasonable cost of the proportional special benefit conferred on each parcel reasonably exceeds the cost of the assessments.

Furthermore, the County owns, maintains, rehabilitates, and replaces curb, and gutter along the border of each of the Benefit Zone improvements. These curb and gutters serve to support, contain, retain, manage irrigation flow, and plant growth, and provide a boundary for the improvements. The contribution from the County towards general benefit from the maintenance, rehabilitation and replacement of the curb and gutter is conservatively estimated to be at least one percent.

PARKS BENEFIT DETERMINATION

The overall quality of life and desirability of an area is enhanced when public parks and recreational facilities are in place, improved, operable, safe, clean, and maintained. Conversely, property desirability decreases when park and recreational facilities are unsafe or destroyed by the elements or vandalism.

Property desirability in an area also increases when there is an increase in the number of parks, recreation centers, and sports facilities. These park and recreational facilities enable property owners to participate in sporting events, leisure activities, picnics, organized social events, and other miscellaneous activities.

Studies in a number of communities, including counties and cities throughout the United States, have indicated that recreation areas and facilities, if well maintained and wisely administered, have caused a marked increase in the property values of parcels in the community. Consequently, such recreation and park facilities have proved to be an important factor in maintaining a sound economic condition and a high standard of livability in the community. These studies confirm the opinion long held by planning authorities as to the economic value of parks and recreational facilities in a community.

> *"The recreation value is realized as a rise in the value of land and other property in or near the recreation area, and is of both private interest to the landowner and others, holding an economic stake in the area, and of public interest to the taxpayers, who have a stake "* (National Recreation and Park Association, June 1985)

> *"Recreation and park amenities are central components in establishing the quality of life in a community... [businesses'] main resource is their employees for whom quality of life is an important issue. The availability and attractiveness of local parks and programs influences some company's relocation decisions... the presence of a park encourages real estate development around it."* (California Parks & Recreation, Winter 1997)

The benefit of parks and other recreational facilities to residential and commercial/industrial properties has been summarized by a number of studies. The United States Department of the Interior, National Park Service, in a publication of June 1984, concluded that:

- "Parks and recreation stimulate business and generate tax revenues."
- "Parks and recreation help conserve land, energy, and resources."
- "An investment in parks and recreation helps reduce pollution and noise, makes communities more livable, and increases property values."
- "Public recreation benefits all employers by providing continuing opportunities to maintain a level of fitness throughout one's working life, and through helping individuals cope with the stress of a fast-paced and demanding life."

Proper maintenance and operation of the parks within the District benefits those properties within the service areas of the parks by providing environmental quality and recreational enhancement. The amount of benefit received will vary with the different land use on the property. There are two categories from which the total benefit of a parcel is derived:

1. **Environmental Quality Benefit.** The improvement of the quality of air, visual aesthetics, and attractiveness of the community as a place to live and work and do business.

2. **Recreation Enhancement Benefit.** The availability and access to usable and safe park and recreational facilities.

Recent studies have shown that adequate park and recreation facilities and recreation programs help to reduce crime and vandalism. This results in savings to property owners and improved property values and promotes the well-being of the community.

LANDSCAPING BENEFIT DETERMINATION

Trees, landscaping, hardscaping, and appurtenant facilities, if well maintained, provide beautification, shade, and enhancement of the desirability of the surroundings. In Parkways and Land Values, written by John Nolan and Henry V. Hubbard in 1937, it is stated:

> *"... there is no lack of opinion, based on general principals and experience and common sense, that parkways do in fact add value to property, even though the amount cannot be determined exactly. Indeed, in most cases where public money has been spent for parkways the assumption has been definitely made that the proposed parkway will show a provable financial profit to the City. It has been believed that the establishment of parkways causes a rise in real estate values throughout the City, or in parts of the City..."*

It should be noted that the definition of "parkways" above may include the roadway as well as the landscaping alongside the roadway.

Proper maintenance and operation of the street landscaping provides beautification and enhancement of the desirability of surroundings. The Benefit Zones in the District enjoy a reputation for beauty, and the landscape improvements along the major thoroughfares in the medians and parkways enhance that reputation and benefit all parcels in each Benefit Zone. These major thoroughfares are the entryways into the various Benefit Zones and as such provide beautification to the entire Benefit Zone.

ASSESSMENT METHODOLOGY

The total operation, maintenance, and servicing cost for the landscaping and public park facilities are apportioned in accordance with the methodology that is consistent with standard assessment engineering practices. The method for spreading the costs to each parcel is based on the Equivalent Dwelling Unit (EDU) factor, with the exception of Benefit Zone 7 assessments, which are assessed on potential floor area for commercial/industrial parcels and Benefit Zone 35 assessments which are assessed on acreage.

Since the assessment is levied on the owners of properties as shown on the tax rolls, the final charges must be assigned by Assessor's Parcel Number. If assessments were to be distributed by parcel, not considering land use, this would not be equitable because a single-family parcel would be paying the same as a 50-unit apartment parcel or a large commercial establishment. Therefore,

as previously stated, the total assessment costs are distributed to each parcel of land based on the number of EDUs associated with each particular parcel.

Commercial and industrial parcels benefit similarly to residential parcels because of increased property values and the ability to have their workers and patrons use the park and recreational facilities. Commercial and industrial parcels are assessed based on their acreage because larger parcels have the ability to generate larger pedestrian flows. The methodology used to assign EDUs to other land uses in proportion to the benefit they receive relative to the single-family residential parcel is shown below.

Developed Single Family Residential - The developed single-family parcel has been selected as the basic unit for calculation of the benefit assessments. This basic unit shall be called an **Equivalent Dwelling Unit (EDU)**. Parcels designated as developed single family residential uses per the Contra Costa County land use code are assessed one (1.00) EDU.

Developed Multiple Residential - The EDUs for land designated as developed multi-family uses which includes townhomes, condominiums, mobile homes, and apartments are assessed a factor of one-half (0.50) EDU per dwelling unit, e.g., a parcel with a 100-unit apartment would be assessed 50 EDUs. Based on data from representative cities in Northern California, the multiple family residential factor of fifty (50) percent is determined by the statistical proportion of relative trips generated from various types of residential uses, in combination with density per unit. Benefit Zones 18, 27, and 45 are assessed as 1.0 EDU per dwelling unit for townhomes and condominiums.

Developed Commercial/Industrial, Recreational, Institutional, and Other Miscellaneous Uses - Developed commercial and industrial properties include commercial, industrial, recreational, institutional, or miscellaneous uses per Contra Costa County land use codes. The parcels are assessed based upon their acreage. The parcels are assessed one (1.00) EDU for the first acre or any portion thereof, one (1.00) EDU/acre for each additional acre up to a maximum of three (3.00) EDUs. The minimum number of EDUs per parcel is one (1.00) EDU.

Commercial, industrial, recreational, institutional, or miscellaneous uses in Benefit Zone 7, both developed and undeveloped per Contra Costa County land use codes, are assessed based upon the potential floor area ratio of the parcel. The minimum rate per parcel will be one single family unit.

Undeveloped Single Family Residential - Parcels defined as undeveloped single-family residential parcels will be assessed at fifty (50) percent of the developed single-family rate or 0.50 EDU's.

Undeveloped Multiple Family Residential - The EDUs for land designated as undeveloped multi-family use which includes undeveloped townhomes, condominiums, mobile homes, and apartments are assessed half of the developed EDU factor per planned dwelling unit. For example, a parcel that is planned for a 100-unit apartment complex would be assessed 25 EDUs. If the number of planned dwelling units are not known, then the rate is 0.50 EDUs/acre with a minimum of 0.50 EDUs and a maximum of 1.50 EDUs.

Undeveloped Non-Single Family Residential - Parcels defined as undeveloped non-single family residential will be assessed at fifty (50) percent of the developed commercial/industrial

rate. These parcels include undeveloped commercial/industrial, recreational, institutional, and other miscellaneous parcels. These parcels will be assessed at 0.50 EDUs per acre or any portion thereof, with a minimum of 0.50 EDU per parcel and a maximum of 1.50 EDUs per parcel (3.00 acres). Incremental acreage greater than 3.00 acres is considered to be open space area and therefore receives no further assessment.

Undeveloped property is described as parcels with no improved structures. Property values increase for undeveloped parcels when public infrastructure improvements are installed and well maintained.

Exempt - Exempted from the assessment would be the areas of all public streets, public avenues, public lanes, public roads, public drives, public courts, public alleys, all easements and rights-of-ways, all public parks, cemeteries, greenbelts, and parkways, and all public school property, other public property, designated open space, and public utilities.

BENEFIT ZONE CLASSIFICATION

As properties develop throughout the County, they are annexed into the District. A specific Benefit Zone may be created for these properties or they may be included within an existing Benefit Zone, which is unique and distinguishable from other Benefit Zones located within the District. Each Benefit Zone is evaluated to determine which improvements are of a specific and direct benefit to the parcels in that Benefit Zone. Once the improvements have been identified, a method of allocating those costs to the benefiting parcels is developed.

The following is a listing of the various Benefit Zones in the District, their corresponding number of parcels/units in each Benefit Zone, and the method of apportioning the costs of the improvements. Some Benefit Zones include an increase each year as allowed by the assessment formula when the Benefit Zone was formed.

  Each of the parcels located within this zone will be assessed an equal share of the total assessment. In Fiscal Year 2004-05, in order to spread the costs in proportion to the benefit each parcel receives, subzone "A" was developed. Subzone "A" is Tract 7763 which is on a private street and receives a reduced level of landscaping.

  Each of the 421 parcels not located within subzone "A" (subdivisions 7188, 7277, 7278 and 7280) have a FY 2021-22 Maximum Assessment Rate of **$150.00 per EDU**

  Parcels located within Subzone "A" will be assessed at the FY 2021-22 Maximum Assessment Rate of **$32.04 per EDU.**

  Subzone "B"
  Parcels located within Subzone "B" (View Point Park (Tracts 4326, 4327, 4328, 4329 and 4958) Subdivision) will be assessed at eighty-five (85) percent of the full assessment rate. Since these subdivisions have access to View Point Park through their homeowner's association, it reduces the demand on the Lefty Gomez picnic and play area (exclusive of the Community Center).   Each of the 126 parcels at build-out located in this zone will be assessed an equal share of the total assessment. The maximum rate for FY 2021-22 is $300.00 per EDU. However, this area is currently maintained by a homeowner's association, so therefore the rate for FY 2021-22 has been set at $5.00 per EDU to cover administrative costs.

  FY 2021-22 Maximum Assessment Rate: $300.00 per EDU
  FY 2021-22 Applied Rate: $5.00 per EDU

- **Zone 69 (Alamo Creek – Danville Area)** Tract 8382, and 8381

  Formed: June 12, 2006
  679 single family, 127 townhomes and 120-unit senior housing at build out
  and 3 other parcels

  Each of the parcels located within this zone is assessed an equal share of the total assessment. Single family parcels are assessed at 1.00 EDU/parcel, townhomes are assessed at 0.50 EDU/parcel and the senior housing is assessed at 0.50 EDU/unit. It is estimated that at build out of the zone the total amount needed to maintain the public improvements for Zone 69 on an annual basis is $853,185.90 (FY2006-07 dollars).

  (679 single family units * 1.00 EDU) + (127 townhomes * 0.50) + (120 senior units * 0.50) = 802.50 EDUs

  $853,185.90 divided by 802.50 EDUs = $1,063.16/EDU

  The maximum assessment rate was set in Fiscal Year 2006-07 at $1,063.16 per EDU with an allowance for a minimum of a 2% or CPI increase (if greater than 2%) each fiscal year which is based upon the San Francisco Bay Area All Urban Consumers as of June 2006 (209.1).

  The February 2021 CPI Index increased by 1.57% and stayed below the minimum allowance of 2%. Therefore, the maximum rate for FY 2021-22 increased by 2% and is $1,554.24 per EDU. However, this area is currently maintained by a homeowner's association, so therefore the rate has been set at $5.00 per EDU to cover administrative costs.

  FY 2021-22 Maximum Assessment Rate: $1,554.24 per EDU
  FY 2021-22 Applied Rate: $5.00 per EDU

- **Zone 70 (Intervening Properties – Danville Area)** Tract 8331

  Formed: October 4, 2005
  378 single family parcels and 96 apartment units

  Each of the parcels located within this zone is assessed an equal share of the total annual assessment. Single family parcels are assessed at 1.00 EDU/parcel, and the apartment complex is assessed at 0.50 EDU/unit.

  The maximum assessment rate was set in Fiscal Year 2005-06 at $315.00 per EDU with an allowance for a minimum of a 2% or CPI increase (if greater than 2%) each fiscal year which is based upon the San Francisco Bay Area All Urban Consumers as of June 2005 (201.20).

  The February 2021 CPI Index increased by 1.57% and stayed below the minimum allowance of 2%. Therefore, the maximum rate for FY 2021-22 increased by 2% and is $478.60 per EDU. The rate has been set at $200.00 per EDU.

  FY 2021-22 Maximum Assessment Rate: $478.60 per EDU
  FY 2021-22 Applied Rate: $200.00 per EDU

- **Zone 71 (Diablo Vista Ballfields – Danville Area)** Tract 8331, 8381, and 8382

  Formed: October 4, 2005
  1,059 single family parcels

  Each of the parcels located within this zone will be assessed an equal share of the total annual assessment.

  Zone 71 was annexed in FY2005-06 and the maximum assessment rate was set at $80.00 per EDU with an allowance for a CPI increase each fiscal year which is based upon the San Francisco Bay Area All Urban Consumers as of June 2005 (201.20). Zone 71 was created per a Settlement Agreement (January 27, 2004) with the Town of Danville, Contra Costa County, the San Ramon Valley Unified School District, and the project developers. Each year the revenue will be collected and used to provide for the enhanced maintenance of the ball fields. Approximately $5.00/EDU each year will be used to cover administrative costs associated with levying the assessment. The February 2021 CPI Index is 304.387, therefore the maximum rate for Fiscal Year 2021-22 is $121.04 per EDU.

  FY 2021-22 Maximum Assessment Rate: $121.04 per EDU
  FY 2021-22 Applied Rate: $121.04 per EDU

  ***Please Note:** Per the December 15, 2009 Joint Exercise of Powers Agreement between the Town of Danville, San Ramon Valley Unified School District (SRVUSD) and Contra Costa County, SRVUSD is responsible for maintenance of this area.

- **Zone 74 (Bella Flora – Richmond Area)** Subdivisions 8755 and 9293 (old 8938)

  Formed: June 12, 2006 (Resolution 2006/370)
  173 single family parcels and 2 industrial parcels

  Each of the parcels within this zone is assessed its share of the total assessment for this zone. Single family parcels are assessed at 1.00 EDU/parcel. It was estimated that at build out of the zone the total amount needed to maintain the public improvements for Zone 74 on an annual basis was $260,250 (FY2007-08 dollars).

  In March 2018, the County Planning Commission approved the change in land use for a proposed multi-family residential development to an industrial business park. As a result, there are two (2) undeveloped properties within the zone that are approved to develop into an industrial business park, rather than the intended multi-family residential use.

  (173 single family units * 1.00 EDU) + (2 undeveloped industrial parcels * 1.5 EDU) = 176.00 EDUs

The maximum assessment rate was set at $550.00 per EDU with an allowance for a minimum of a two (2) percent or CPI increase (if greater than 2%) each fiscal year which is based upon the San Francisco Bay Area All Urban Consumers as of June 2006 (209.1). The February 2021 CPI Index increased by 1.57% and stayed below the minimum allowance of 2%. Therefore, the maximum rate for FY 2021-22 increased by 2% and is $804.07per EDU.

FY 2021-22 Maximum Assessment Rate: $804.07 per EDU
FY 2021-22 Applied Rate: $340.00 per EDU

- **Zone 75 (Belmont Terrace – Pacheco Area)** Tracts 8984, 8967 and an institutional parcel

Formed: February 27, 2007
Annexation: Subdivision 8967 (89 Courtyard units and 1 institutional parcel), May 13, 2008
217 courtyard units + 1 single family parcel + 1 institutional parcel

Each of the parcels located within this zone will be assessed their benefiting share of the total assessment for this zone. The courtyard homes are classified as townhomes per the County Assessor and parcels are assessed at 0.75 EDU/parcel and single-family parcels are assessed at 1.00 EDU/parcel. The 0.91-acre institutional parcel is assessed 1.00 EDU based on its acreage. It is estimated that at build out of the Zone the total amount needed to maintain the public improvements for Zone 75 on an annual basis is $42,525.88 (FY2008-09 dollars).

(217 courtyard units *0.75 EDU/unit) = 162.75 EDUs

(1 single family parcel *1.00 EDU/parcel) = 1.00 EDU

(0.96 institutional acres) = 1.00 EDU

The maximum assessment rate was set at $254.11 per EDU with an allowance for a minimum of a two (2) percent or CPI increase (if greater than 2%) each fiscal year which is based upon the San Francisco Bay Area All Urban Consumers as of June 2006 (209.1). The February 2021 CPI Index increased by 1.57% and stayed below the minimum allowance of 2%. Therefore, the maximum rate for FY 2021-22 increased by 2% and is $371.46 per EDU. However, this area is currently maintained by a Homeowner's Association, so therefore the rate for Fiscal Year 2021-22 has been set at $5.00 per EDU to cover administrative costs.

FY 2021-22 Maximum Assessment Rate: $371.46 per EDU
FY 2021-22 Applied Rate: $5.00 per EDU

BACKGROUND:

The Contra Costa Clean Water Program consists of Contra Costa County (County), its incorporated cities, and the Contra Costa County Flood Control and Water Conservation District (FC District) working collectively under a Joint Municipal Stormwater NPDES Permit issued by the State Regional Water Quality Control Board. This permit is federally mandated through the Clean Water Act, which was amended in 1987 to specifically address stormwater pollution. The current NPDES Permit, effective January 1, 2016, is in its fifth year of the five-year Municipal SF Bay Region Municipal Regional Stormwater NPDES Permit (MRP 2.0) from the San Francisco Regional Water Quality Control Board. Public education on pollution prevention, trash assessments, inspection of construction sites, as well as commercial and industrial facilities, street sweeping, catch basin cleaning and other forms of drainage maintenance are examples of actions taken to meet permit requirements. An Annual Report is written each year to summarize accomplishments.

The Contra Costa Clean Water Program is currently in its fifth year of the Joint Municipal Stormwater NPDES Permit MRP 2.0 issued by the San Francisco Regional Water Quality Control Board. The Joint Municipal Stormwater NPDES Permit issued by the Central Valley Regional Water Quality Control Board for the cities of Antioch, Brentwood, Oakley, and unincorporated East County began in September 2010. The permit includes, for each municipality, a Stormwater Management Plan outlining intended activities designed to reduce or eliminate pollutants from entering the storm drain system.

The Regional Boards indicated the need for a restricted funding source to finance implementation costs. In order to meet this need, the County proposed legislation providing a financial option for municipalities to use through the FC District. The bill, AB 2768 (Campbell), was passed by the legislature and signed by Governor Pete Wilson on August 30, 1992. The legislation specifically allowed a municipality to request formation of a Stormwater Utility Area and an assessment to pay for implementation costs.

The Board of Supervisors, acting as governing board of the FC District, provided public notice to all affected property owners before the establishment of the Stormwater Utility Areas on June 22, 1993, creating 17 Stormwater Utility Areas. This 1993 Board action also set the first-year assessment rates for each Stormwater Utility Area, as well as maximum rates. Assessments were collected for Fiscal Year 1993–1994 through 2000–2001. On May 9, 2000, the FC District separated the City of Oakley from Stormwater Utility Area 17. The City of Oakley was established as Stormwater Utility Area 18 at that time and assessments were collected for Fiscal Year 2000–2001. The FC District does not collect this assessment for the cities of Richmond and Brentwood. Richmond and Brentwood collect their NPDES levy as a sewer fee.

CONSEQUENCE OF NEGATIVE ACTION:

If the proposed assessments for Fiscal Year 2021–2022 are not implemented, the program would have to be funded by the general funds of the cities and County to ensure compliance with NPDES permit requirements.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF CONCORD DOES RESOLVE AS FOLLOWS:

Section 1. Establishing the annual amount of and authorizing the Contra Costa County Flood Control & Water Conservation District to adopt SUA levies and/or assess ERUs does not constitute a "project," as defined in the California Environmental Quality Act (CEQA) and its Guidelines, under the general rule that CEQA applies only to actions that have the potential to cause a significant effect on the environment. In this case, the Council is only authorizing the amount of the annual parcel assessment for the NPDES program. Additionally, pursuant to Section 15273 of the CEQA Guidelines, the establishment of charges for the purpose of meeting operating expenses is categorically exempt. Projects funded by the annual assessment will undergo CEQA review as necessary. No unusual circumstances exist and none of the exceptions under CEQA Guidelines Section 15300.2 apply. This determination reflects the City's independent judgment and analysis.

Section 2. The annual assessment imposed by the DISTRICT within the storm water utility area for Fiscal Year 2021-22 shall be $35.00 per Equivalent Runoff Unit (ERU).

Section 3. The City Council requests the DISTRICT to adopt storm water utility area levies based on said amount per ERU.

Section 4. This resolution shall become effective immediately upon its passage and adoption.

2. NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PROGRAM:

Congress adopted the Federal Water Pollution Control Act, generally referred to as the Clean Water Act, in 1972. It specifically prohibits the discharge of any pollutants (e.g., herbicides, pesticides, oil, and grease) to the "navigable waters of the United States." The initial focus of the Clean Water Act was to prohibit these pollutants from industrial process wastewater and

municipal sewage. The Act was amended in 1987 mandating the Environmental Protection Agency (EPA) to establish regulations setting forth the National Pollutant Discharge Elimination System (NPDES) Permit Application requirements for stormwater discharges for municipalities, industries, and construction projects. Contra Costa County (County), its incorporated cities, and the FC District joined together to form the Contra Costa Clean Water Program in order to marshal the necessary resources and develop the most cost-effective program to comply with these federally mandated requirements.

One of the requirements of the NPDES permit process is to identify funding sources for implementation of the program activities. The Contra Costa Clean Water Program Management Committee identified the formation of stormwater utilities as the most practical method for meeting the funding requirements. Sixteen city councils and the County Board of Supervisors adopted resolutions requesting that the FC District form an SUA for their city territory. The governing board of the FC District established SUAs 1 through 17 on June 22, 1993, and Area 18 on May 9, 2000.

3. STORMWATER UTILITY:

A stormwater utility is similar to other utilities. It has a purpose, a geographic boundary, and a method for spreading the utility costs to benefiting properties or recipients. The purpose of the stormwater utility is to fund the implementation of the NPDES program activities required by the permit and the maintenance of the government-owned storm drain systems. In development of the stormwater utility legislation, the construction of capital improvements was excluded from this purpose. Stormwater utility assessment revenues can only be spent on the NPDES program activities and storm drain system maintenance. Replacement of a failing storm drain system is considered a maintenance activity as long as the replacement facility is equal in capacity and a comparable type of facility, i.e., pipe storm drain is replaced by another pipe storm drain.

The NPDES program activities have been tailored to meet the respective city or County NPDES problems based on their land use activities; thus, each program is different. In addition, the cities and County, on an individual basis, will perform most of the NPDES activities. Consequently, each city comprises a separate SUA. This facilitates the setting of the utility rates and the transfer of funds to the cities who perform most of the work. The same applies for the unincorporated County NPDES program, which is implemented by County staff.

Stormwater utilities generally distribute program costs to the benefiting landowners on the basis of stormwater runoff quantity or the amount of impervious surface associated with various land uses. The SUAs utilize the latter method. Staff prepared the report entitled "Report on Stormwater Utility Assessment (March 1993)," which is incorporated into this Engineer's Report by reference. The report explains in detail the rationale for using impervious surface area as the basis for allocating costs, the development of the utility rate standard of one ERU and the relationship between land use, parcel size, and the number of ERUs assigned to individual parcels in each SUA. A typical single-family residence (5,000 SF to 20,000 SF lot) is used as the standard for one ERU. The cost to the typical single-family landowner will be the ERU rate shown in Section 1(a) above.

4. PROPOSED STORMWATER UTILITY BUDGETS FOR FY 2021–2022:

Indicated below are the estimated budgets for each SUA. The FC District's administration and collection costs are estimated at $2 per parcel, which includes the County Tax Collector's line item cost for the tax bills.

Each year, the FC District provides city staff with an estimate of the number of ERUs assessable in the new year. The agency corresponding with each SUA then prepares a budget for their NPDES and drainage maintenance program for the forthcoming fiscal year. Using this budget, plus the

estimated cost for entity administration and assessment collection, city staff calculates the required ERU rate by dividing the estimated total cost by the estimated ERUs in the SUA. The agency governing board approves the rate and requests that the FC District approve and implement the desired assessment. The ERU rate in future years cannot exceed the maximum rate shown in Section 1(a) without completing the public notice/hearing process required by SB 1977 (Bergenson) and Proposition 218 (California Constitution, Article XIII D, Section 4).

5. ESTIMATED STORMWATER UTILITY ASSESSMENT REVENUES IN FY 2021–2022:

Indicated below are the estimated revenues for Fiscal Year 2021–2022 based on the proposed assessment rates in Section 1(a). The proposed ERU rate is the rate recommended in each municipality's resolution requesting adoption of Stormwater Utility Assessments for their municipal area. A listing of each assessor parcel number and proposed 2021–2022 assessment is on file with the Clerk of the Contra Costa County Board of Supervisors.

The complete parcel assessment roll as estimated for FY 2021-2022 is available for review at the Contra Costa County Clerk of the Board.
