Subject: Canal Road Bridge Replacement

As the secretary/treasurer of the United Pentecostal Church located at 293 Alves Lane in Bay Point right next to the project, we have a couple of concerns about the replacement of the bridge. Our water line runs over the canal attached to the current bridge, and our sewer line runs under the canal right before the bridge. Will our water line be replaced by the county on the new bridge? Will there be any damage done to the sewer line under the canal in front of the bridge? Please let us know.

RE: Response to Comment Letter on CEQA Mitigated Negative Declaration
Canal Road Bridge Replacement Project
County Project No.: 0662-6R4080
County CEQA No.: 11-58

Dear Ms. Hartzell:

Thank you for your comments on the California Environmental Quality Act (CEQA), Mitigated Negative Declaration regarding the proposed Canal Road Bridge Replacement Project in the Bay Point area. Our responses to your comments follow according to the numbering indicated in the margins of your attached emailed comments.

Comment 1:

"As the secretary/treasurer of the United Pentecostal Church located at 293 Alves Lane in Bay Point right next to the project, we have a couple of concerns about the replacement of the bridge. Our water line runs over the canal attached to the current bridge, and our sewer line runs under the canal right before the bridge. Will our water line be replaced by the county on the new bridge? Will there be any damage done to the sewer line under the canal in front of the bridge?"

Response:

The County will work with all utility owners that have facilities impacted by the project to ensure that services are not interrupted or damaged, both during and after the project. Regarding the sewer line, the County is in contact with Delta Diablo Sanitation District to ensure that measures are taken to preserve the sewer service that lies within the project area.

The CEQA Mitigated Negative Declaration is tentatively scheduled for the February 9, 2016 Board meeting to be considered for adoption by the County Board of Supervisors.

Please contact me at (925) 313-2311 or via email at ave.brown@pw.cccounty.us should you have any questions or to confirm the Board date.

Sincerely,

Avé Brown
