SCOPE OF WORK

Mount Diablo State Park Roadside Vegetation Abatement Contract

Provide vegetation abatement along the roadways of Mount Diablo State Park as mandated in the Mount Diablo Wildfire Management Plan. The County will provide written recommendations by a licensed pest control advisor for the level of vegetation control specified at the sites designated. The level or degree of vegetation control shall be mutually agreed upon by the State and County and shall be reflected in the recommendations of the pest control advisor. Given that the weed control effort will occur in the two phases; early in the season when a pre-emergent product will be applied to the weeds and later in the season when herbicide will be applied through direct contact, the recommendations will include prescriptions for pre-emergent as well as direct contact applications.

Herbicide shall be applied up to 8 feet from the edge of the roadway and include all graveled pullouts and parking areas along Southgate, Northgate and Summit Roads to the Juniper Campground entrance, up to 10 feet from the edge of the roadway at designated locations on lower Southgate Road and as needed and mutually agreed upon in the Mitchell Canyon and Macedo Ranch parking lots. Herbicide will be applied to grasses and broad-leafed weeds only; no trees or shrubs will be sprayed. If the plant phenology become too advanced for pre-emergent product to be effective prior to this task being executed in the field, weed control efforts will focus on contact spraying and all funding allocated for this task will be consolidated into the direct contact spraying task. Location with standing water, wetted areas or areas with wetland vegetation will be avoided. The applicator must ensure that no chemical drift occurs beyond the 8 foot applications area during spray activities. If new rare plants are located or identified within the treatment areas, State Parks may flag these areas for avoidance. All chemical herbicide materials shall be handled and placed by a licensed pest control applicator in accord with product labeling and current Federal and State Regulations.

All work will be performed consistent with all relevant laws and policies pertaining to environmental protection and use of pesticides. The County will maintain all record regarding application of pesticides and will provide copies of those records to California State Parks upon request.

Government Code Section 4553.

d. Upon demand in writing by the assignor, the assignee shall, within one year from such demand, reassign the cause of action assigned under this part if the assignor has been or may have been injured by the violation of law for which the cause of action arose and (a) the assignee has not been injured thereby, or (b) the assignee declines to file a court action for the cause of action. (Standard Agreement)**

SPECIAL TERMS AND CONDITIONS

1. Disputes

Unless otherwise provided in this agreement, any dispute concerning a question of fact arising under this agreement which cannot be resolved informally shall be decided by the following two-step procedures.

Contractor must provide written notice of the particulars of such disputes to the Project Manager or his/her duly appointed representative. The Project Manager must respond in writing within ten (10) working days of receipt of the written notice of dispute. Should Contractor disagree with the Project Manager's decision, Contractor may appeal to the second level. Pending the decision on appeal, Contractor shall proceed diligently with the performance of this agreement in accordance with the Project Manager's decision. The second level appeal must indicate why the Project Manager's decision is unacceptable, attaching to it Contractor's original statement of the dispute with supporting documents, along with a copy of the Project Manager's response. The second level appeal shall be sent to the Deputy Director of Administrative Services or his/her duly appointed representative. The second level appeal must be filed within fifteen (15) working days of receipt of the Project Manager's decision. Failure to submit an appeal within the period specified shall constitute a waiver of all such right to an adjustment of this agreement. The Deputy Director or designee shall meet with Contractor to review the issues raised. A written decision signed by the Deputy Director or designee shall be returned to Contractor within fifteen (15) working days of the receipt of the appeal.

2. Termination for Convenience

State reserves the right to terminate this agreement subject to 30 days written notice to Contractor. Contractor may submit a written request to terminate this agreement only if State should substantially fail to perform its responsibilities as provided herein.

3. Force Majeure

Except for defaults of subcontractors, neither party shall be responsible for delays or failures in performance resulting from acts beyond the control of the offending party. Such acts shall include but shall not be limited to acts of God, fire, flood, earthquake, other natural disaster, nuclear accident, strike, lockout, riot, freight embargo, public regulated utility, or governmental statutes or regulations superimposed after the fact. If a delay or failure in performance by Contractor arises out of a default of its subcontractor, and if such default of its subcontractor, arises out of causes beyond the control of both Contractor and subcontractor, and without the fault or negligence of either of them, Contractor shall not be liable for damages of such delay or failure, unless the supplies or services to be furnished by subcontractor were obtainable from other sources in sufficient time to permit Contractor to meet the required performance schedule.

4. Forced, Convict, and Indentured Labor

5. Potential Subcontractors

Nothing contained in this agreement or otherwise, shall create any contractual relation between State and any subcontractors, and no subcontract shall relieve Contractor of its responsibilities and obligations hereunder. Contractor agrees to be as fully responsible to State for the acts and omissions of its subcontractors and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by Contractor. Contractor's obligation to pay its subcontractors is an independent obligation from State's obligation to make payments to Contractor. As a result, State shall have no obligation to pay or to enforce the payment of any moneys to any subcontractor.

6. Priority Hiring Considerations for Contracts with a Value of \$200,000

If the resulting agreement will have a total value of \$200,000 or more, Contractor is hereby advised that it will be obligated to give priority consideration in filling vacancies in positions funded by the resulting agreement to qualified recipients of aid under Welfare and Institutions Code Section 11200.
