

## **Process to Calculate Fee Amounts for the Airport Land Use Commission (ALUC)**

### **Fee Schedule**

- Staff identified the following:
  - Average number of hours for staff to review a project application for conformance with the County Airport Land Use Compatibility Plan (ALUCP).
  - Average number of hours to review a project application that does not conform to the County ALUCP and is referred to the ALUC for its review.
  
- Staff reviewed historical ALUC project applications and workload to determine the average number of hours.
  
- After reviewing historical project application information, staff multiplied the following:
  - Average number of hours to review a project applications for conformance with the County ALUCP by the staff hourly rate to determine the proposed fee for an initial review of a project.
  - Average number of hours to process a project application that does not conform to the County ALUCP by staff hourly rate to determine the proposed fee for a project that is referred to the ALUC.
