& Water Conservation District

Julia R. Bueren,
ex officio Chief Engineer
Steve Kowalewski,
Deputy Chief Engineer

DATE: September 13, 2016
TO: Members — Board of Supervisors
FROM: Julia R. Bueren, Chief Engineer
SUBJECT: Results of the Ballots Cast in the Proposed Annexation of Subdivision 9366 into Contra Costa County Flood Control and Conservation District Drainage Area 67A

I, Julia R. Bueren, Chief Engineer of the Contra Costa County Flood Control and Water Conservation District, having canvassed the return of all ballots cast in the election to approve the annexation of Subdivision 9366 into Contra Costa County Flood Control and Water Conservation District Drainage Area 67A held between July 21, 2016, and September 13, 2016, do hereby certify the following to be a full, true, and correct Statement of Results of all ballots cast on the following measure:

**Annexation No. 4 to Drainage Area 67A and Adoption of Annual Assessments
for Subdivision 9366**

YES 2

NO 0

I further certify that the total number of ballots cast in the proposed annexation of Subdivision 9366 into Drainage Area 67A at said election was two and attached hereto are the total ballots received for and against annexation and assessment.

Dated the 13th day of September 2016.
