

Contra
Costa
County

To: Board of Supervisors
From: PUBLIC PROTECTION COMMITTEE
Date: December 20, 2016

Subject: 2016 YEAR-END REPORT ON ACCOMPLISHMENTS AND DISPOSITION OF REMAINING REFERRALS TO THE PUBLIC PROTECTION COMMITTEE

RECOMMENDATION(S):

1. ACKNOWLEDGE that the Board of Supervisors referred (11) eleven issues to the Public Protection Committee (PPC) for its review and consideration during 2016.
2. FIND that the 2016 PPC convened nine (9) meetings, worked through and provided an opportunity for public input on a number of significant Countywide issues.
3. RECOGNIZE the excellent work of the County department staff who provided the requisite information to the PPC in a timely and professional manner, and members of the Contra Costa community and other public agencies who, through their interest in improving the quality of life in Contra Costa County, provided valuable insight into our discussions, and feedback that helped us to formulate our policy recommendations.
4. ACCEPT year-end productivity report and APPROVE recommended disposition of PPC referrals described at the end of this report.

FISCAL IMPACT:

No fiscal impact. This is an informational report only.

David J. Twa, County Administrator and Clerk of the Board of Supervisors

By: , Deputy

cc:

BACKGROUND:

The Public Protection Committee (PPC) was established on January 8, 2008 to study criminal justice and public protection issues and formulate recommendations for consideration by the Board of Supervisors. At the December 12, 2016 meeting, the Committee discussed all issues currently on referral and has made the following recommendations to the Board of Supervisors for the 2017 PPC work-plan:

1. Opportunities to Improve Coordination of Response to Disasters and Other Public Emergencies.

Approximately three weeks following the November 2007 Cosco Busan oil spill, the Sheriff's Office of Emergency Services (OES) presented to the Board of Supervisors its assessment of the emergency response efforts, including what worked well and didn't work well, and what lessons were learned through those experiences. At the conclusion of the Board discussion, Supervisor Gioia introduced five recommendations that were approved by the Board.

On February 5, 2008 the Board of Supervisors referred this matter to the PPC for continuing development and oversight. PPC received a status report from the Office of the Sheriff and Health Services Department in February 2009 and requested the Hazardous Materials Program Manager to report back to the PPC on the development of mutual aid agreements from local oil refineries. Following a second briefing to the PPC by the Office of the Sheriff, the PPC reported out to the Board of Supervisors on May 6, 2009 with recommendations for follow-up by the Sheriff and Human Resources departments. The Health Services Department made a report to the PPC on April 19, 2010 regarding the resources and connections available to respond to hazardous materials emergencies and, again, on October 18, 2010 regarding who determines which local official participates in incident command if an event is in Contra Costa County. On December 5, 2011, Health Services reported to our Committee regarding training and deployment of community volunteers.

In January 2008, the Board of Supervisors referred to the PPC the matter of improving public response to emergency instructions and protocols through broader and better education, which had previously been on referral to the IOC. The Board suggested that the PPC work with the Office of the Sheriff, the Health Services Department, and the CAER (Community Awareness & Emergency Response) Program to determine what educational efforts are being made and what additional efforts may be undertaken to improve public response and safety during an emergency. In April 2011, the PPC met with CAER (Community Awareness Emergency Response) Executive Director Tony Semenza and staff from the Office of the Sheriff and Health Services to discuss what has been done to better inform the public and what more can be done to improve public response to emergency warnings. CAER provided a thorough report on its countywide community fairs, and programs targeted at the education system and non-English speaking populations. The PPC asked CAER to provide a written outreach strategy that describes how new homeowners are educated about emergency awareness. The Sheriff's Office of Emergency Services provided an update to the Committee at the April 13, 2015 meeting. In addition, the draft update of the Countywide Emergency Operations Plan (EOP) was reviewed and forwarded to the BOS for review and approval in 2015. Since there will be opportunities for the review of future updates to the EOP, we recommend that this issue remain on referral to the Committee.

Recommendation: REFER to the 2017 PPC

2. Welfare Fraud Investigation and Prosecution. In September 2006, the Employment and Human Services (EHS) Department updated the Internal Operations Committee (IOC) on its efforts to improve internal security and loss prevention activities. The IOC had requested the department to report back in nine months on any tools and procedures that have been developed and implemented to detect changes in income eligibility for welfare benefits.

The EHS Director made follow-up reports to IOC in May and October 2007, describing what policies, procedures, and practices are employed by the Department to ensure that public benefits are provided only to those who continue to meet income eligibility requirements, explaining the complaint and follow-through process, and providing statistical data for 2005/06, 2006/07, and for the first quarter of 2007/08.

Upon creation of the PPC in January 2008, this matter was reassigned from the IOC to the PPC. PPC has received status reports on this referral in October 2008, June and October 2010, November 2011, November 2012 and, most recently, in December 2013. The Committee has reviewed the transition of welfare fraud collections from the former

Office of Revenue Collection to the Employment and Human Services Department; the fraud caseload and percentage of fraud findings; fraud prosecutions and the number of convictions; and the amounts recovered.

The Committee received its annual report on this subject from the District Attorney and Employment and Human Services Director on September 26, 2016. The Committee wishes to continue monitoring the performance of the welfare fraud program annually. It is recommended that this matter be retained on referral.

Recommendation: REFER to the 2017 PPC

3. Multi-Language Capability of the Telephone Emergency Notification System. This matter had been on referral to the IOC since 2000 and was reassigned to the PPC in January 2008. The PPC met with Sheriff and Health Services Department staff in March 2008 to receive an update on the County's efforts to implement multilingual emergency telephone messaging. The Committee learned that the Federal Communications Commission has before it two rulemaking proceedings that may directly affect practices and technology for multilingual alerting and public notification. Additionally, the federally-funded Bay Area "Super Urban Area Safety Initiative" (SUASI) has selected a contractor undertake an assessment and develop a five-year strategic plan on notification of public emergencies, with an emphasis on special needs populations. The Sheriff's Office of Emergency Services reported to the PPC in April 2009 that little has changed since the March 2008 report.

On October 18, 2010, the PPC received a report from the Sheriff's Office of Emergency Services on the Community Warning and Telephone Emergency Notification systems, and on developments at the federal level that impact those systems and related technology. Sheriff staff concluded that multi-lingual public emergency messaging is too complex to be implemented at the local level and should be initiated at the state and federal levels. New federal protocols are now being established to provide the framework within which the technological industries and local agencies can work to develop these capabilities.

In 2011, the Office of the Sheriff has advised staff that a recent conference on emergency notification systems unveiled nothing extraordinary in terms of language translation. The SUASI project had just commenced and Sheriff staff have been on the contact list for a workgroup that will be developing a gap analysis, needs assessment, and five-year strategic plan. This matter has been on committee referral for more than ten years and technology has yet to provide a feasible solution for multilingual public emergency messaging.

On September 18, 2012, following the Richmond Chevron refinery fire, the Board of Supervisors established an *ad hoc* committee to discuss the Community Warning System and Industrial Safety Ordinance. Since that committee is *ad hoc* in nature, we recommend that this issue remain on referral to the PPC.

The PPC received two updates on this issue in CY 2015; one on April 13, 2015 and one on November 9, 2015. Following the November 2015 discussion, the Committee requested the Sheriff's Office to return in six months for an update.

On May 23, 2016, the Committee received an update from the Sheriff's Office on the status of the TEN system and directed staff to provide a summary of the CWS/Emergency services protocols for future review of the Committee and prepare a handout in both English and Spanish that summarizes emergency services protocols. The Committee continues to have interest in monitoring the implementation of a multi-lingual telephone ring down system for emergencies. For this reason, this issue should remain on referral to the Committee in 2017.

Recommendation: REFER to the 2017 PPC

4. County support and coordination of non-profit organization resources to provide prisoner re-entry services, implementation of AB 109 Public Safety Realignment, and appointment recommendations to the Community Corrections Partnership. On August 25, 2009, the Board of Supervisors referred to the PPC a presentation by the Urban Strategies Council on how the County might support and coordinate County and local non-profit organization resources to create a network of re-entry services for individuals who are leaving jail or prison and are re-integrating in local communities. On September 14, 2009, the PPC invited the Sheriff-Coroner, County Probation Officer,

District Attorney, Public Defender, Health Services Director, and Employment and Human Services Director to hear a presentation by the Urban Strategies Council. The PPC encouraged County departments to participate convene a task force to work develop a network for prisoner re-entry services, which has been meeting independently from the PPC.

The PPC received a status report from County departments in April 2010. The Employment and Human Services department reported on its efforts to weave together a network of services, utilizing ARRA funding for the New Start Program and on the role of One-Stop Centers in finding jobs for state parolees. Probation reported on the impacts of the anticipated flood of state parolees into the county. The Sheriff reported on the costs for expanding local jail capacity and possible expanded use of GPS (global positioning systems) use in monitoring state parolees released back to our county. The Health Services Department reported on its Healthcare for the Homeless Program as a means to get parolees into the healthcare system and on its development of cross-divisional teams on anti-violence. The Public Defender reported on its Clean State Program, which has since been discontinued.

Supervisors Glover and Gioia indicated that their staff would continue to coordinate this local initiative when the Urban Strategies Council exhausts its grant funding from the California Endowment. The PPC continued to monitor progress on the initiative and, on February 7, 2011, received a presentation of the completed strategic plan and recommendations. In response to public testimony at the PPC meeting regarding concerns over the "Ban the Box" element of the plan, the plan recommendations were modified to exclude from the "Ban the Box" requirement certain identified sensitive positions in public safety and children's services or as determined by the agency.

On March 22, 2011, representatives from the Urban Strategies Council presented the completed Contra Costa County Re-entry Strategic Plan (100 pages), an Executive Summary (6 pages) of the plan, and a slide show to the Board of Supervisors, which approved the strategic plan and implementation recommendations with one modification: rather than adopt a 'Ban the Box' policy as recommended, which would have removed the question about criminal records from county employment applications during the initial application, the Board agreed to consider adopting such a policy at a future date. The Board directed the County Administrator to work with the offices of Supervisors Glover and Gioia to identify the resources needed to implement the strategic plan and to report back to the Board with his findings and recommendations.

Later in 2011, the California Legislature passed the Public Safety Realignment Act (Assembly Bills 109), which transfers responsibility for supervising specific low-level inmates and parolees from the California Department of Corrections and Rehabilitation (CDCR) to counties. Assembly Bill 109 (AB 109) takes effect October 1, 2011 and realigns three major areas of the criminal justice system. On a prospective basis, the legislation:

- Transfers the location of incarceration for lower-level offenders (specified non-violent, non-serious, non-sex offenders) from state prison to local county jail and provides for an expanded role for post-release supervision for these offenders;
- Transfers responsibility for post-release supervision of lower-level offenders (those released from prison after having served a sentence for a non-violent, non-serious, and non-sex offense) from the state to the county level by creating a new category of supervision called Post-Release Community Supervision (PRCS);
- Transfers the housing responsibility for parole and PRCS revocations to local jail custody

AB 109 also tasked the local Community Corrections Partnership (CCP) with recommending to the County Board of Supervisors a plan for implementing the criminal justice realignment, which shall be deemed accepted by the Board unless rejected by a 4/5th vote. The Executive Committee of the CCP is composed of the County Probation Officer (Chair), Sheriff-Coroner, a Chief of Police (represented by the Concord Police Chief in 2014), District Attorney, Public Defender, Presiding Judge of the Superior Court or designee, and the Behavioral Health Director.

On October 4, 2011, the Board of Supervisors approved the CCP Realignment Implementation Plan, including budget recommendations for fiscal year 2011/12. Throughout 2012, the PPC received regular status updated from county staff on the implementation of public safety realignment, including recommendations from the CCP-Executive Committee for 2012/13 budget planning. On January 15, 2013 the Board of Supervisors approved a 2012/13 budget for continuing implementation of public safety realignment programming.

The Committee received several reentry/AB 109 related presentations and updates throughout 2014, including program updates, review of the proposed fiscal year 2014/15 AB 109 Public Safety Realignment budget and made appointment recommendations to the Board of Supervisors for the CY 2015 Community Corrections Partnership. In addition, the Committee evaluated the feasibility of submitting a grant proposal for the 2014 Byrne Justice Assistance Grant (JAG) released by the California Board of State and Community Corrections.

As public safety realignment is a work in progress and continues to make up a substantial part of the Committee's time. In 2016, the Committee reviewed the FY 2016/17 AB 109 budget proposed by the CCP, made appointment recommendations for the CY2017 CCP and CCP-Executive Committee to the Board of Supervisors and advised on grant programs that tie into AB 109 programming infrastructure. In addition, the Committee reviewed the process for allocating the Community Programs portion of the AB109 budget, which was composed of four separate RFPs for: 1) Employment and Placement services, 2) Short and Long-Term Housing services, 3) Monitoring and Family Reunification services and 4) Legal services. In addition, the Committee reviewed the first AB109 Annual Report assembled by Resource Development Associates on behalf of the Community Corrections Partnership and a recommendation to establish an Office of Reentry and Justice in the County Administrator's Office. It is recommended that this matter remain on referral to the 2017 PPC.

Recommendation: REFER to the 2017 PPC

5. Countywide 9-1-1 Wireless Capability. On December 14, 2010, the Board of Supervisors referred to the PPC a letter from the Emergency Medical Care Committee regarding the transmission of 9-1-1 emergency calls from cellular phones to the appropriate Public Safety Answering Point (PSAP). Our Committee met with representatives from the Office of the Sheriff on April 4 to discuss the status of establishing Sheriff's Dispatch as the PSAP for county unincorporated area wireless emergency calls.

Sheriff Department staff advised that the County is not accepting wireless 9-1-1 calls at this time. Staff explained that the GPS (global positioning system) technology exists to enable Sheriff's Dispatch to receive 9-1-1 system emergency calls from cellular phones and to locate the emergency location within some degree of precision. However, due to several years of tight budgets, Sheriff's Dispatch is not currently staffed at a level that is adequate to respond to the call volume associated with the wireless 9-1-1 calls, which are currently routed to the appropriate PSAP by the California Highway Patrol (CHP).

While our committee believes that transferring responsibility for handling wireless 9-1-1 calls from the CHP to Sheriff's Dispatch would be more efficient and would improve response time, it is unlikely that the County will be in a position, fiscally, to assume this responsibility. The PPC reported on April 12, 2011 to the Board of Supervisors and requested the Office of the Sheriff to provide a status report to the PPC in the spring of 2012 to advise if any outside funding becomes available to support such a transition of responsibility.

On April 2, 2012, the PPC (Supervisor Glover only; Supervisor Uilkema was absent) received a status report prepared by the Office of the Sheriff on the process that has been initiated to make the partial or full transition of 9-1-1 dispatching from the CHP to the Sheriff a reality within funding constraints. The Sheriff reports that if fully implemented, the call volume for Sheriff's Dispatch is projected to nearly double (from 56,000 calls to about 100,000 calls annually). Since the County can expect no additional outside revenue or other resources to support the increased call volume, the Sheriff is planning a phased implementation at a rate and call volume that current resources will permit. The phased implementation beginning with smaller carriers will provide the necessary experience and feedback to inform future implementation phases. New carriers will not be added unless the previous carrier can be effectively managed.

On April 17, 2012, the PPC provided an update to the Board of Supervisors on this topic and recommended continued monitoring of this referral. Staff was directed to only schedule for a future meeting at the request of the Sheriff-Coroner. Since there has been no activity on this topic for the last several years, we recommend terminating this referral for the 2017 PPC

Recommendation: TERMINATE REFERRAL

6. Civil gang injunctions. This matter was referred to the PPC on May 12, 2011 at the request of the District Attorney, who suggested under Public Comment at the April 4, 2011 PPC meeting that the Committee consider the use of gang injunctions to help prevent gang violence. The District Attorney has advised committee staff that he is currently focusing on implementing a Ceasefire Program with Richmond Police Department and has requested that this referral be postponed until further notice. The referral was only to be scheduled at the request of the District Attorney. Since there has been no activity on this referral by the District Attorney over the past several years, we recommend terminating the referral.

Recommendation: TERMINATE REFERRAL

7. Report on Emergency Gas Shut Off Valves for various structures in Unincorporated Contra Costa County.

On September 25, during a presentation on Emergency Preparedness within Contra Costa County, the Board of Supervisors referred to the Public Protection Committee a report on the county Gas Shut-Off valve ordinance (Ordinance Code § 718-8 et seq.). Originally, the former Building Inspection Department was responsible for regulation related to the Ordinance, now the Department of Conservation and Development (DCD) provides oversight through its Building Inspection Division. On November 5, 2012, the Conservation and Development Department provided a review of the program. The Committee requested additional information from staff at the February 2013 regular meeting. The Department returned to the Committee in February 2013 and presented the requested information. The Committee accepted the staff report and recommended no further action.

On May 11, 2015, the Department provided an update to the Committee on the status of the ordinance. Following the presentation and discussion, the Committee had no further direction for staff, but indicated that the referral should remain with the Committee. During 2016, there were no issues under this topic that required scheduling on the Committee's calendar. For this reason, we believe that this issue should be terminated.

Recommendation: TERMINATE REFERRAL

8. Inmate Welfare Fund/Telecommunications/Visitation Issues. On July 16, 2013, the Board of Supervisors referred a review of the Inmate Welfare Fund (IWF) and inmate visitation policies to the Public Protection Committee for review. The Inmate Welfare Fund is authorized by Penal Code § 4025 for the "...benefit, education, and welfare of the inmates confined within the jail." The statute also mandates that an itemized accounting of IWF expenditures must be submitted annually to the County Board of Supervisors.

The Sheriff's Office has made several reports to the Committee throughout 2013 and 2014 regarding funding of IWF programs, visitation/communication policies and an upcoming RFP for inmate telecommunications services. The referral was placed on hold pending further discussion and outcomes of state and federal level changes to statute or rulemaking that could curtail the collection of telephone commissions individuals contacting inmates and wards housed in county adult and juvenile detention facilities normally pay. Such changes could potentially impact programming provided within the County's detention facilities.

In late 2015, the Federal Communications Commission (FCC) issued new regulations significantly curtailing the costs charged to inmates or the families of inmates for use of a jail or prison telecommunications system. During 2016, the final rulemaking process was anticipated by the FCC. Ultimately, the FCC passed updated regulations related to telecommunications in detention facilities. For this reason, this issue should remain on referral to the Committee in 2017.

Recommendation: REFER to the 2017 PPC (to be scheduled at the request of the Sheriff-Coroner)

9. Racial Justice Coalition of Contra Costa County. On April 7, 2015, the Board of Supervisors received a letter from the Contra Costa County Racial Justice Coalition requesting review of topics within the local criminal justice system. The Public Protection Committee (the "Committee") generally hears all matters related to public safety within the County.

On July 6, 2015, the Committee initiated discussion regarding this referral and directed staff to research certain items identified in the Coalition's letter to the Board of Supervisors and return to the Committee in September 2015.

On September 14, 2015, the Committee received a comprehensive report from staff on current data related to race in the Contra Costa County criminal justice system, information regarding the County's Workplace Diversity Training and information regarding diversity and implicit bias trainings and presentations from across the country.

On December 14, 2015, the Committee received an update from the Public Defender, District Attorney and Probation Department on how best to proceed with an update to the Disproportionate Minority Contact (DMC) report completed in 2008. At that time, the concept of establishing a new task force was discussed. The Committee directed the three departments above to provide a written project scope and task force composition to the Committee for final review.

At the November 9, 2015 meeting, the Committee received a brief presentation reintroducing the referral and providing an update on how the DMC report compares with the statistical data presented at the September meeting. Following discussion, the Committee directed staff to return in December 2015 following discussions between the County Probation Officer, District Attorney and Public Defender with thoughts about how to approach a new DMC initiative in the County.

On April 12, 2016, the Board of Supervisors accepted a report and related recommendations from the Committee resulting in the formation of a 17-member Disproportionate Minority Contact Task Force composed of the following:

- County Probation Officer
- Public Defender
- District Attorney
- Sheriff-Coroner
- Health Services Director
- Superior Court representative
- County Police Chief's Association representative
- Mount Diablo Unified School District representative
- Antioch Unified School District representative
- West Contra Costa Unified School District representative
- (5) Community-based organization (CBO) representatives (at least 1 representative from each region of the County and at least one representative from the faith and family community)
- Mental Health representative (not a County employee)
- Public Member – At Large

Subsequently, a seven-week recruitment process was initiated to fill the (5) five CBO representative seats, the (1) one Mental Health representative seat and the (1) one Public Member - At Large seat. The deadline for submissions was June 15, 2016 and the County received a total of 28 applications.

On June 27, 2016, the PPC met to consider making appointments to the (5) five CBO representative seats, the (1) one Mental Health representative seat and the (1) one Public Member - At Large seat. The PPC nominated to following individuals to be considered by the full Board of Supervisors:

- 1.CBO seat 1: Stephanie Medley (RYSE, AB109 CAB) (District I)
- 2.CBO seat 2: Donnell Jones (CCISCO) (District I)
- 3.CBO seat 3: Edith Fajardo (ACCE Institute) (District IV)
- 4.CBO seat 4: My Christian (CCISCO) (District V, but works in District III)
- 5.CBO seat 5: Dennisha Marsh (First Five CCC; City of Pittsburg Community Advisory Council) (District V)
- 6.Mental Health: Christine Gerchow, PhD. (Psychologist, Juvenile Hall-Martinez) (District IV)
- 7.Public (At-Large): Harlan Grossman (Past Chair AB 109 CAB, GARE participant) (District II)

During the meeting, it was noted that Ms. Christine Gerchow had an exceptional background in mental health that would be very beneficial to the Task Force discussions. Ms. Gerchow is a County employee in the Health Services department working in the juvenile hall. In light of Ms. Gerchow's qualifications, the Committee voted to recommend her for appointment to the Mental Health representative seat and request that the full Board remove the requirement

that the Mental Health representative not be a County employee. At the conclusion of the of the meeting, the Committee directed staff to set a special meeting for early August to consider the final composition of the entire (17) seventeen member Task Force once all names were received from county departments, school districts, etc. In addition, the Committee recommended changing the title of the Task Force to the "Racial Justice Task Force", which was determined to be more reflective of the current efforts to evaluate racial disparities in the local criminal justice system.

On August 15, 2016, the Committee approved nominations for appointment to the Task Force for consideration by the Board of Supervisors, including a recommendation that the Superior Court designee seat be a non-voting member of the Task Force at the request of the Superior Court.

On September 13, 2016, the Board of Supervisors approved the Task Force. The Task Force will make reports to the Public Protection Committee as needed. For this reason, the referral should be continued to the 2017 PPC

Recommendation: REFER to the 2017 PPC

10. Review of Juvenile Fees assessed by the Probation Department. On July 19, 2016, the Board of Supervisors referred to the Public Protection Committee a review of fees assessed for services provided while a minor is in the custody of the Probation Department. Welfare and Institutions Code 903 et seq. provides that the County may assess a fee for the provision of services to a minor in the custody of its Probation Department. This referral follows a statewide discussion as to whether or not these fees should be imposed by counties on the parents or legal guardians of minors in the custody of the County.

On September 26, 2016, the Public Protection Committee accepted an introductory report on the issue and voted unanimously to refer the issue to the full Board of Supervisors with two separate options: 1) to adopt a temporary moratorium on the fees and/or 2) refer the issue to the newly formed Racial Justice Task Force for review.

On, October 25, 2016, the Board of Supervisors approved a moratorium on certain juvenile fees and directed staff to further review the assessment of juvenile fees and report back to the Public Protection Committee. Ultimately, the Board directed staff and the Committee to return back to the full Board no later than May 2017 with a recommendation as to whether or not juvenile fees should be permanently repealed. For this reason, we recommend that this referral remain with the 2017 PPC.

Recommendation: REFER to the 2017 PPC

11. Review of Community Warning System Operating Contracts. AtHoc Inc., is a full-service alert and warning company specializing in fixed siren systems and emergency notification systems. Alerting Solutions, Inc., provides support for the Contra Costa County Community Warning System. The Contra Costa County Community Warning System consists of 25 separate and linked control centers, monitoring systems, and communication systems between emergency responders, sirens (40), and other alerting devices (700+), and automated links to radio and television stations serving the community.

On October 18, 2016, the Board of Supervisors referred this contract to the Public Protection Committee for additional review and discussion and on October 24, 2016, the Committee met to discuss this item. Representatives from the Sheriff's Office were present to discuss the item and it's importance to the County's Community Warning System (CWS) operations. Following that discussion, the Committee recommended that the contract be rescheduled on the Board of Supervisors' agenda for approval, but directed staff to continue reporting on CWS operating contracts on a periodic basis. Since the Committee has an existing referral on the CWS telephone electronic notification system (TENS), we are recommending that this referral be combined with the TENS referral that the Committee receives coordinated updates on both issues in the future.

Recommendation: COMBINE with existing referral on the Community Warning System - Telephone Electronic Notification (TEN) system

LIST OF REFERRALS TO BE TERMINATED

- Report on Emergency Gas Shut Off Valves for various structures in unincorporated Contra Costa County
- Directing 9-1-1 emergency calls to the appropriate Public Safety Answering Point (schedule at the request of the Sheriff)
- Civil gang injunctions (schedule at the request of the District Attorney)
- Review of Community Warning System operating contracts (combined with existing referral on Multilingual capabilities of the TENS system)

**LIST OF ITEMS TO BE REFERRED TO THE
2017 PUBLIC PROTECTION COMMITTEE**

- Welfare fraud investigation and prosecution
- Multilingual capabilities of the telephone emergency notification system
- County support and coordination of non-profit organization resources to provide prisoner re-entry services and implementation of AB109 public safety realignment
- Inmate Welfare Fund/Telecommunications/Visitation Issues
- Opportunities to improve coordination of response to disasters and other public emergencies
- Racial Justice Coalition of Contra Costa County
- Review of juvenile fees assessed by the Probation Department

CONSEQUENCE OF NEGATIVE ACTION:

The Board of Supervisors will not receive the annual report from the 2016 Public Protection Committee.

CHILDREN'S IMPACT STATEMENT:

No impact.
