(Coauthors: Assembly Members Obernolte and Patterson)

January 23, 2017

An act to amend Section 4214 of the Public Resources Code, relating to fire prevention.

LEGISLATIVE COUNSEL'S DIGEST

AB 211, as introduced, Bigelow. State responsibility area fire prevention fees: reporting requirement.

Existing law requires the State Board of Forestry and Fire Protection to establish a fire prevention fee in an amount not to exceed \$150 to be charged on each habitable structure on a parcel that is within a state responsibility area. Existing law requires the fee moneys to be expended, upon appropriation, in specified ways, including to reimburse the State Board of Equalization's expenses incurred in the collection of the fee and to the State Board of Forestry and Fire Protection and to the Department of Forestry and Fire Protection for administrative purposes, with excess moneys being expended only for specified fire prevention activities, as provided. Existing law, until January 31, 2017, requires the board to submit an annual written report to the Legislature on the status of the uses of the fee moneys.

This bill would require the report to include an itemized accounting of all expenditures from the fund and would require the reporting to occur annually for an indefinite period of time.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
