Subject: Temporary Hire of County Retiree - Waiver of 180-day Sit-out Period

RECOMMENDATION(S):

1. CONSIDER waiving the 180-day sit-out period for Bruce Kenagy, Pre-hospital Care Coordinator in the Health Services Department;
2. FIND that the appointment of Mr. Kenagy is necessary to fill a critically needed position; and
3. APPROVE and AUTHORIZE the hiring of retiree Mr. Kenagy as a temporary employee effective April 1, 2018 through March 31, 2019, as recommended by the EMS Director.

FISCAL IMPACT:

Upon approval, this action has an annual cost of approximately \$59,174 which will be funded by Measure H funds.

BACKGROUND:

Mr. Kenagy was hired as a Pre-hospital Care Coordinator in October 1991, and will retire on March 31, 2018. It is necessary to hire Mr. Kenagy as a temporary retiree as the Department will not have his knowledge and expertise in Emergency Medical Services (EMS) to provide the specialized skill and program support required to complete the informational technology project for the EMS Division. Mr. Kenagy is the sole project manager in charge of configuring the build out of EMS System 'Imagetrend Platform' modules designed to significantly improve EMS operations, staff productivity, and stakeholder satisfaction.

BACKGROUND: (CONT'D)

The platform modules to be implemented provide the EMS Agency workflow enhancements to substantially improve the timely processing of ambulance provider permitting, ambulance equipment checks, continuing education and training program authorizations and audits. In addition, the platform provides significant improvement to support compliance with required data reporting to the state EMS Authority. Currently, all these tasks are performed manually by staff taking up to several weeks at a high cost to the community in terms of stakeholder time and convenience. The remaining modules to be built will streamline administrative functions associated with these activities and integrate mobile devices to remotely complete tasks.

Mr. Kenagy's 27 years of County EMS experience is extremely critical in the successful completion of the EMS system upgrades.

CONSEQUENCE OF NEGATIVE ACTION:

If this action is not approved, the EMS Agency will not complete the needed EMS system 'Imagetrend' module enhancements which affect staff productivity, and substantially increasing time on tasks and cost of providing services to private and public ambulance providers and personnel.

FISCAL IMPACT:

No net fiscal impact. The costs as determined above will be added to the tax roll as a special assessment on this property and will be collected at the same time and in the same manner as ordinary County taxes are collected.

BACKGROUND:

Contra Costa County Ordinance Code Article 14-6.4 and California Government Code Section 25845 authorize the recovery of abatement costs in public nuisance cases, the recordation of a Notice of Abatement Lien, and inclusion of abatement costs on the tax roll as a special assessment, upon approval of the Board of Supervisors.

The Notice and Order to Abate was posted on the above-referenced property for a vacant property whose premises contained discarded house hold items, discarded tires, trash and debris and was serviced on the property owner and all person known to be in possession of the property by certified mail on November 7, 2017.

The property owner did not file an appeal of the Notice and Order to Abate. The County Abatement Officer abated the nuisance on November 28, 2017.

The property owner was billed for the actual cost of the abatement and all administrative costs. The bill was sent by first-class mail to the property owner on December 12, 2017. The property owner did not pay the bill within 45 days of the date of mailing.

Notice of this Cost Hearing was sent to the property owner by certified mail by the Clerk of the Board. For proof of service, see Clerk of the Board at 651 Pine Street, Room 106, Martinez, CA.

CONSEQUENCE OF NEGATIVE ACTION:

If not approved, the County will not be able to recover costs for abatement on code violations for this property.

Subject: Designation of Opportunity Zones Pursuant to Federal Tax Bill

RECOMMENDATION(S):

1. ACCEPT information about new Federal Opportunity Zone program, and the preliminary designations of census tracts within Contra Costa County as recommended by the State of California Department of Finance.
2. PROVIDE general direction to staff about commenting to State Department of Finance regarding the designations.

FISCAL IMPACT:

No fiscal impact.

BACKGROUND:

The State of California Department of Finance recently announced that the new federal tax bill includes a new program intended to stimulate private investment in disadvantaged areas, to be called Opportunity Zones (OZ). The investment could be for housing, commercial, or industrial uses. The federal government has charged the states with designating census tracts to be named as OZs. Private investment in OZs would be eligible for lower federal capital gains tax; at this point, that is the only identified incentive. There is no dedicated funding for the program nor has the State announced it will participate by lowering State capital gains tax for investment in OZs.

BACKGROUND: (CONT'D)

The federal government gave states the requirement that the nominated tracts either have greater than 20% poverty or median incomes below 80% of the state or metropolitan average. Governors may nominate no more than 25% of their eligible census tracts. The State Department of Finance staff narrowed down the eligible tracts using screening criteria of existing business activity, lowest average incomes (taking into account regional variations in median income), and geographic diversity. The State preliminary process resulted in a draft list of Recommended Tracts, for which they are requesting comments from stakeholders and affected agencies.

Contra Costa County has 11 Recommended Tracts under the State's criteria, with many more eligible tracts. (Map included as Attachment A.) The Recommended Tracts are in the cities of Richmond, San Pablo, Pittsburg, Concord, and Antioch, and the unincorporated communities of Bay Point and North Richmond. Comments, including affirming the State's recommendations, are due to the State by March 15. The State encourages consolidated comments by county. In a conference call with stakeholders, State staff indicated that comments suggesting adding more census tracts to the Recommended list would in most cases not be granted because of the 25% cap; however, contiguity would be a good justification to make the suggestion in agency comments.

After reviewing the comments and making any changes, Governor Brown will forward the State's list of Recommended Tracts to the Department of the Treasury for inclusion in the OZ Program. The states have been given a very abbreviated timeline from the federal government to submit their tracts. The State's draft list was made public on March 2 and local agency comments are due by March 15.

CONSEQUENCE OF NEGATIVE ACTION:

If there is no direction to provide comments on the County Recommended Tracts, there is a risk of the tracts being removed from the State's Recommended list in order to make room for new tracts suggested by other agencies. This would create the potential to not have any designated Opportunity Zones in the County, thus losing this potential financing tool, although its impact is not yet known.

CHILDREN'S IMPACT STATEMENT:

There is no impact on children.

OPPORTUNITY ZONES: A NEW FEDERAL INCENTIVE COORDINATED BY STATES

“The federal tax bill passed at the end of December 2017 allows each state’s governor to designate eligible census tracts as Opportunity Zones. Investments made through opportunity funds in these zones would be allowed to defer or eliminate federal taxes on capital gains. The program allows the Governor to designate up to 25 percent of eligible census tracts. Eligible tracts must meet certain criteria using 2011-15 ACS data:

1. Poverty rates of at least 20 percent.

OR

2. Median family incomes of no more than 80 percent of statewide or metropolitan area median family income.”

- State of California Department of Finance, March 2, 2018

INVESTING IN OPPORTUNITY ZONES

- Intended to attract long-term investments to disadvantaged areas, as measured by poverty and median income
- Opportunity funds investing must be focused on these types of areas (maintain 90 percent in Opportunity Zones)

Federal Incentive:

- Investments in opportunity funds would be allowed to defer or reduce capital gains.
- Gains on investments held for 10 years or more would incur no federal tax liability.
- If investments were held for 5 years, 10 percent of gains would be excluded, and 15 percent for 7 years.
- No State incentive included.

CALIFORNIA'S CRITERIA

California may recommend 879 census tracts. The State Department of Finance created a list of recommended tracts by considering:

- Business activity – at least 30 businesses,
- Poverty rate of at least 20%,
- Geographic diversity (including all 54 counties with eligible tracts), and
- Regional variations in income by metropolitan level.

CALIFORNIA'S NEXT STEPS

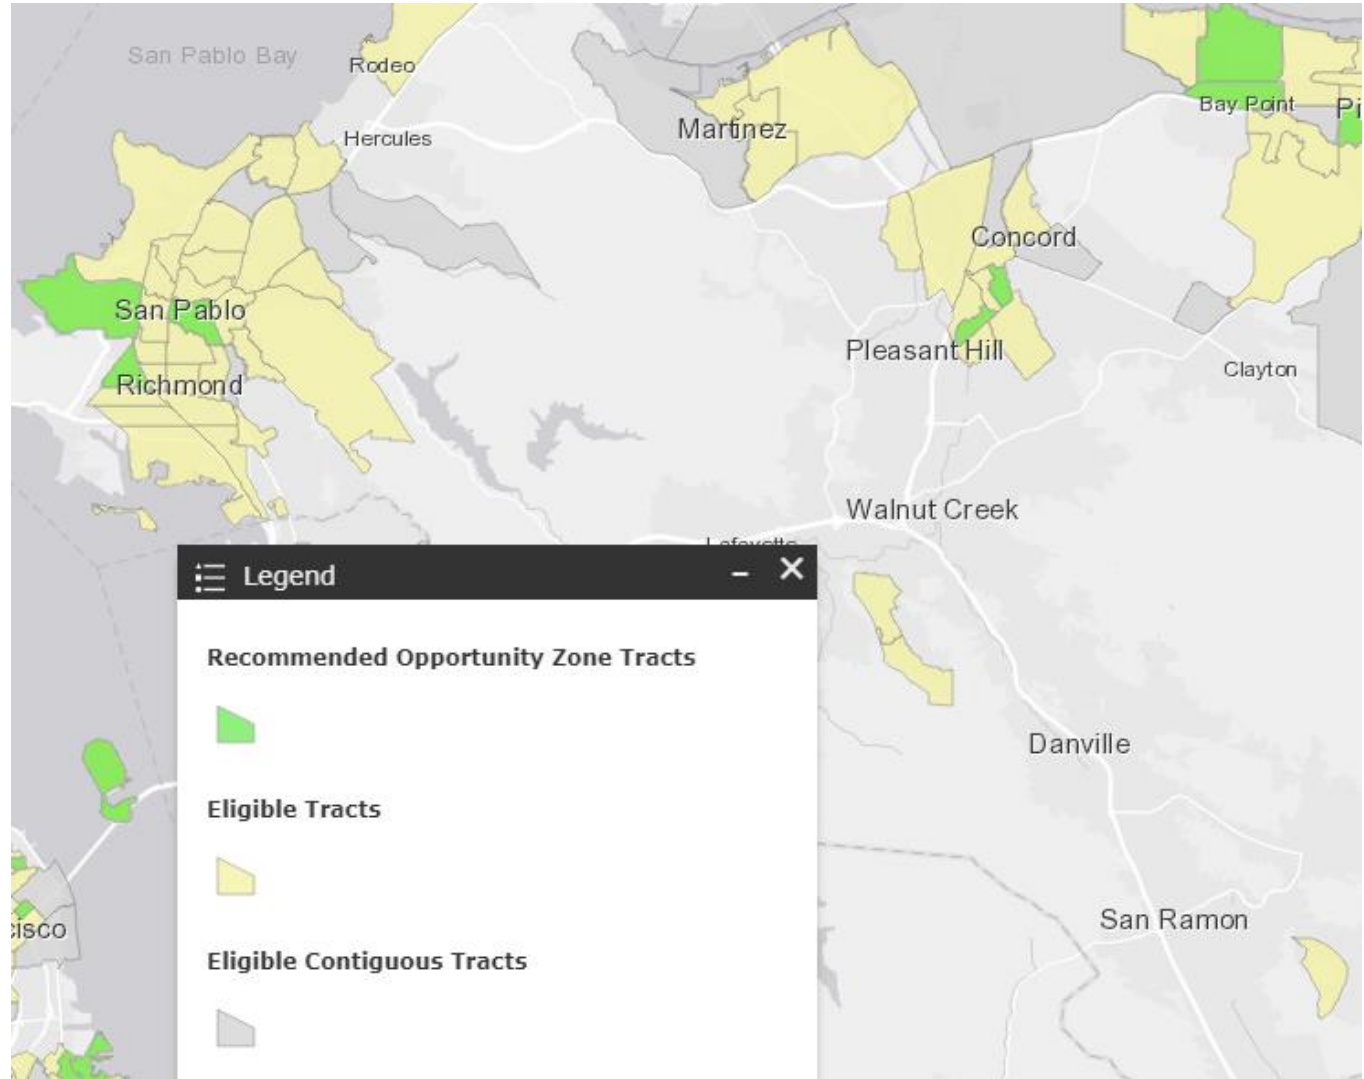

- State staff made their list of recommended tracts public on March 2 and held a same-day conference call for interested parties.
- Comments, including affirming selected tracts, due to State by March 15.
- Staff will review comments, make any adjustments to recommendations, and forward to Department of Treasury to finalize.
- State staff discouraged adding tracts to the list, since the cap means some would have to be removed if any are added. If agencies want to add tracts, State staff suggested also removing tracts under same jurisdiction to even it out. (While there is a federal provision to add otherwise non-eligible “contiguous” tracts, that is a long shot in California since there are so many eligible tracts under the lower poverty level guidelines.)

CONTRA COSTA TRACTS RECOMMENDED BY STATE – WEST & CENTRAL

11 tracts total
recommended by the
State staff.

In West County and
Central County,

- City of Concord: 2
- City of Richmond: 1
- City of San Pablo: 1
- North Richmond: 1

CONTRA COSTA TRACTS RECOMMENDED BY STATE – EAST

In East County,

- City of Pittsburg: 3
- City of Antioch: 1
- Bay Point: 2

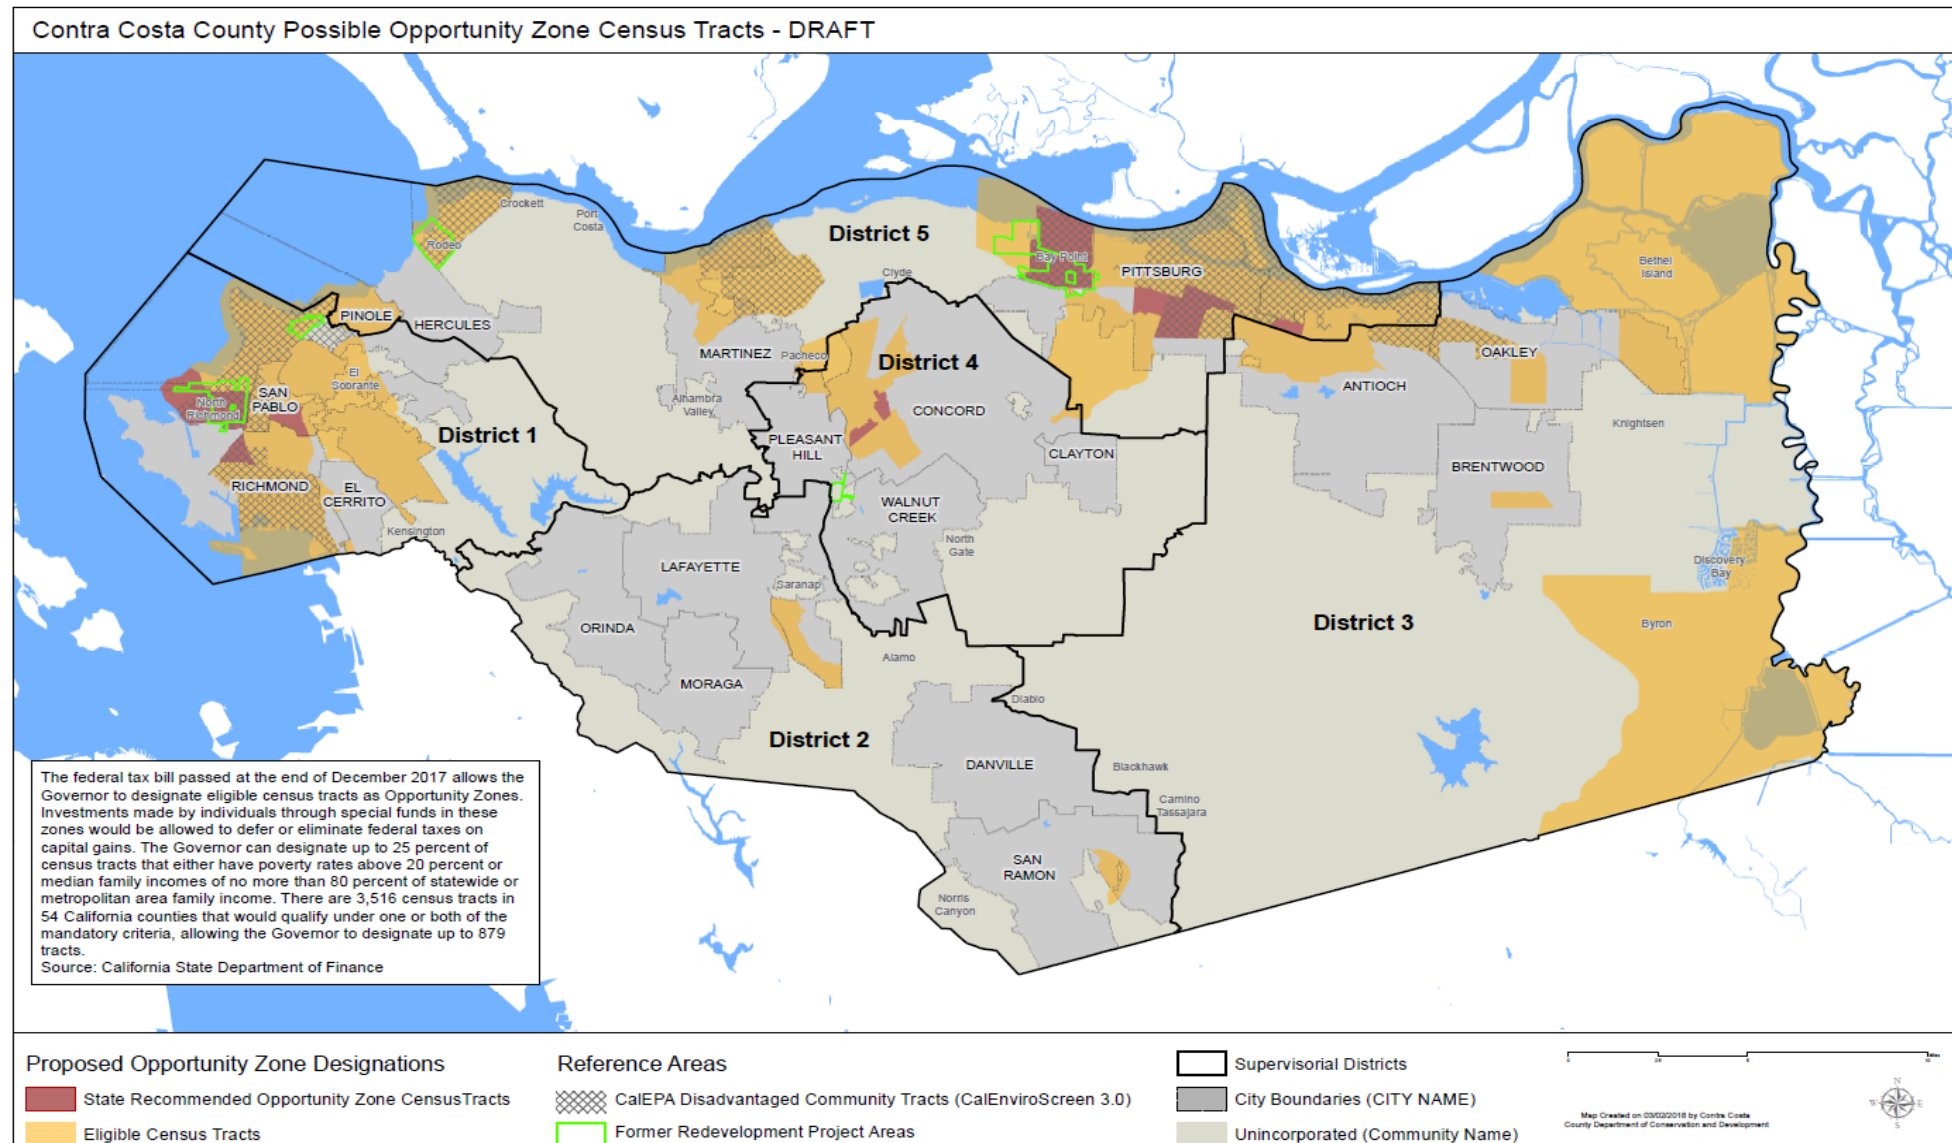

OVERLAPPING PROGRAMS - STATE

- While not part of the State's screening criteria, 66% of recommended tracts statewide overlap with disadvantaged areas identified in Senate Bill 535 (2012), which helps direct money from California's cap and trade program (CalEnviroScreen 3.0). **The State's recommended tracts in City of Richmond, North Richmond, Bay Point, and 2 out of the 3 in the City of Pittsburg are also SB 535 disadvantaged areas.**
- 98% recommended tracts statewide overlap with disadvantaged communities identified in Assembly Bill 1550 (2016), which also helps direct money from California's cap and trade program. **All of the Contra Costa County tracts are AB 1550 disadvantaged communities.**

OVERLAPPING PROGRAMS - COUNTY

- Some overlap with former County redevelopment project areas in North Richmond and Bay Point.
- Some overlap with the Northern Waterfront Economic Development Initiative area in the stretch from Bay Point to Antioch.

OVERLAPPING PROGRAMS - COUNTY

Public Comment Directives from State

Type 1: Keep or reject a tract currently recommended for designation.

- Including a justification is encouraged, but optional.

Type 2: Suggestions to include qualified tracts not currently recommended.

- Suggestions of replacements, rather than additions, are strongly encouraged.
- Including a short justification, including why a replacement is warranted, is required.
- If a tract is only qualified by adjacency or contiguity, a justification must be included (documentation of an ongoing program or project across tracts, etc.).

(9) DECLARE that, should the award of the contract to Alta or Crusader be invalidated for any reason, the Board would not in any event have awarded the contracts to any other bidder, but instead would have exercised its discretion to reject all of the bids received. FISCAL IMPACT:

The contracts, for a maximum amount of \$400,000 each, will be funded by 100% Local Road, Flood Control, Airport and Facilities Funds.

BACKGROUND:

The above project was previously approved by the Board of Supervisors, specifications were filed with and approved by the Board, and bids were invited by the Public Works Director. On February 20, 2018 the Public Works Department received bids from the following contractors:

BIDDER, TOTAL UNIT AMOUNT

Alta Fence Co.: \$1,448.25 Total Unit Price

Crusader Fence Company, Inc.: \$2,719.00 Total Unit Price

Alta submitted the lowest responsive and responsible bid, which is \$1,270.75 (Total Unit Price) less than the next lowest bid.

Crusader submitted the second lowest responsive and responsible bid.

The Public Works Director has reported that the bids submitted by Alta and Crusader comply with the requirements provided in the project specifications, and recommends that contracts be awarded to Alta and Crusader in that order. The Public Works Director recommends that the bids submitted by Alta and Crusader are the lowest responsive and responsible bids and this Board so concurs and finds. As provided in the project specifications, the two on-call contracts would be awarded in the following priority for Job

Orders: (1) Alta; and (2) Crusader.

The general prevailing rates of wages, which shall be the minimum rates paid on this project, have been filed with the Clerk of the Board, with copies to be made available to any party upon request.

BACKGROUND:

The State of California conveyed Marsh Drive and adjacent road right of way to Contra Costa County in the 1960's for road purposes. As part of the improvements for the State's current I-680/SR 4 Widening Phase 3 Project, the State requires said pipeline to be conveyed to SFPP, L.P. due to the relocation of the existing pipeline.

An Environmental Impact Report dated December 17, 2015, was completed by the State. The State has the power of Eminent Domain to acquire the necessary rights from the County. The easement document provides language so as not to substantially conflict or interfere with the County's use of the property.

CONSEQUENCE OF NEGATIVE ACTION:

The Project will not have sufficient land rights to allow construction in accordance with the approved plans and specifications.

GRANT OF EASEMENT

For good and valuable consideration, including but not limited to the agreements contained herein, the receipt and sufficiency of which are hereby acknowledged, CONTRA COSTA COUNTY, (hereinafter "COUNTY"), hereby grants to SFPP, L.P, a Delaware Limited Partnership (hereinafter "GRANTEE"), a nonexclusive perpetual easement and right of way (hereinafter "Easement ") for installing, constructing, reconstructing, removing, replacing, repairing, upgrading, maintaining, operating and using an 8-inch steel pipeline that will transport refined petroleum products, and appurtenances thereto, and for no other purposes whatsoever, along and in all of the hereinafter described parcel of land (the "Easement Area") situated in the County of Contra Costa, State of California, described as follows:

FOR DESCRIPTION AND MAP, SEE ATTACHED EXHIBITS "A' AND "B"

The foregoing grant is made subject to the following terms and conditions:

1. **PRIMARY USE OF THE PROPERTY** The primary use of the Property subject to this easement (hereinafter the "Property") is for public road purposes. GRANTEE acknowledges and agrees that the use just described constitutes the primary use of the Property and that any and all rights granted or implied by this Grant of Easement are secondary and subordinate to the primary use of the Property by the COUNTY, its successors and assigns. GRANTEE shall not, at any time, use or permit the public to use the Easement Area in any manner that will interfere with or impair the COUNTY's primary use of the Property. GRANTEE shall not fence nor otherwise obstruct the Easement Area.
2. **DISTRICT TITLE:** GRANTEE hereby acknowledges COUNTY's title to the Property and agrees never to assail or resist said title.
3. **CONSTRUCTION AND MAINTENANCE ACTIVITIES:**
 - (a) Prior to any construction, reconstruction, remodeling, excavation, installation, or plantings within the Easement Area, GRANTEE shall submit specific plans and specifications to the COUNTY for review and approval. Such approval, together with any additional COUNTY requirements, will be in the form of a written permit issued by COUNTY to GRANTEE.

(b) Normal maintenance by GRANTEE of its facilities within the Easement Area, including inspection and cleaning of the existing pipeline, shall not require prior notice to the COUNTY. GRANTEE shall perform maintenance of its facilities so as to prevent damage to the Property.

(c) GRANTEE shall disclose to the COUNTY the volume, pressure and type of substances being transported by Grantee's pipeline; the size, date of construction and material specifications of the pipeline; maximum pipeline pressure ratings; the date of the most recent pipeline inspection required by law; a copy of the most recent pipeline certifications from all applicable regulatory agencies; a detailed description of materials transported, maximum daily volumes, and certifications from all agencies responsible for permitting and operation of the pipeline , as applicable; and any other information as may be requested by the COUNTY.

(d) GRANTEE shall be responsible, at its sole expense, for all repair and maintenance directly caused by GRANTEE's use of the Easement Area. Except in the case of an emergency, the GRANTEE shall not make alterations to the Easement Area, including the installation of additional improvements or utilities or performance of any construction, reconstruction, remodeling, alteration, removal, landscaping, tree planting, major maintenance work, or other work, without obtaining the prior written consent of COUNTY's Engineer, or his or her designee, which shall be in the form of an "Encroachment Permit for Use of COUNTY's Right of Way" ("Encroachment Permit"). The GRANTEE shall make every effort to report emergency work in the Easement Area to the COUNTY within one (1) Business-day after commencing such activities. The Encroachment Permit may be revoked at any time if necessary for or in furtherance of the COUNTY's uses of the Easement Area. Upon revocation or denial of consent, GRANTEE shall immediately remove any of such alterations. COUNTY may require GRANTEE to alter or remove any emergency work done by GRANTEE, at GRANTEE's sole cost and expense, if the emergency work interferes with COUNTY's use of the Easement Area, GRANTEE shall reimburse COUNTY for all costs to process, issue, and inspect GRANTEE encroachments.

(e) GRANTEE shall test all pipelines as required by the State Fire Marshal or other state or federal agency with jurisdiction over the pipeline or by any applicable law, and must make available for inspection by the COUNTY the results of all pipeline inspections and pipeline tests that are required by the State Fire Marshal and by all applicable laws within sixty (60) days after the GRANTEE'S receipt of those results.

(f) GRANTEE shall file, and thereafter annually keep on file with the COUNTY, a pipeline emergency plan as may be required by 49 C.F.R. section 195.402, 49 C.F.R. section 192.615, the California Pipeline Safety Act of 1981 (Government Code sections 51010 et seq.), and all other applicable laws, regulations, and ordinances. GRANTEE shall update its pipeline emergency plan whenever it acquires, constructs, lays, removes, or abandons any facilities in the Easement Area, and shall file the plan with the COUNTY within thirty (30) days after any update.

4. **MODIFICATION, RELOCATION, AND REMOVAL OF GRANTEE'S FACILITIES:** COUNTY reserves the right to require GRANTEE to modify its facilities, to relocate said facilities within the Easement Area or, at COUNTY's sole discretion, to remove its facilities from the Easement Area to another site selected by COUNTY, all at GRANTEE's sole expense. If COUNTY directs GRANTEE to remove its facilities from

the Easement Area to a site outside the Easement Area, COUNTY shall provide the GRANTEE with a similar easement for the new site. GRANTEE shall be responsible for all costs of relocating its facilities but shall not be required to pay for the relocated Easement Area. In the event that GRANTEE fails to commence the required modification, relocation or removal work within ninety days after being directed to do so by COUNTY, or such reasonable extension as COUNTY may agree to, or if GRANTEE fails to complete the required modification, relocation, or removal work within a reasonable time thereafter, as determined by the COUNTY, the COUNTY may perform or complete the work at the expense of GRANTEE, which expense GRANTEE agrees to pay to COUNTY promptly upon demand, including but not limited to, engineering costs and any legal expenses incurred to collect such costs. If GRANTEE's facilities are removed from the current Easement Area to a new easement area, GRANTEE shall promptly quitclaim to COUNTY its interest in the current Easement Area.

5. **DAMAGE TO DISTRICT PROPERTY:** Any and all COUNTY property, facilities, landscaping, or other improvements removed or damaged as a result of the use of the Easement Area by GRANTEE, or any other person or entity acting under GRANTEE's direction or control, shall, at COUNTY's discretion and direction, Either (a) be repaired or replaced by COUNTY, and GRANTEE shall reimburse COUNTY for all of COUNTY's reasonable repair or replacement costs with all of COUNTY's costs and expenses to be paid by GRANTEE (including but not limited to engineering costs and legal costs of collecting any unpaid expenses), or (b) shall be repaired or replaced by GRANTEE, at the sole cost and expense of GRANTEE, equivalent to or better than their existing condition. In the event that GRANTEE fails to commence the required work within ninety days after being directed to do so by COUNTY, or such reasonable extension as COUNTY may agree to in writing, or fails to complete the required work within a reasonable time thereafter, as determined by the COUNTY, the COUNTY may perform or complete the work at the reasonable expense of GRANTEE, which expense GRANTEE agrees to pay to COUNTY promptly upon demand, including but not limited to engineering costs and any legal expenses incurred to collect such costs.
6. **DAMAGE TO GRANTEE'S FACILITIES:** COUNTY shall have no responsibility for the protection, maintenance, damage to, or removal of, GRANTEE's facilities, appurtenances, or improvements caused by or resulting from COUNTY's use of the Property or its work or operations thereon. It shall be the sole responsibility of the GRANTEE to provide and maintain adequate protection and surface markings for its own facilities.
7. **NON-EXCLUSIVE EASEMENT:** The Easement granted hereunder is non-exclusive. This Easement is subject and subordinate to all existing rights, rights of way, licenses, reservations, franchises, and easements of record, or that would be evident from a physical inspection or accurate survey of the Property, in and to the Property ("each such right being held by an "Existing user"). COUNTY shall have the right to require GRANTEE to modify, remove, or relocate its facility within the Easement Area or to a similar easement to be granted to GRANTEE by COUNTY at no cost, in a timely manner at GRANTEE's sole cost as reasonably necessary to accommodate the COUNTY's, or any other existing user's right to construct, replace, enlarge, repair, maintain and operate its facilities, in the same manner as required by Section 3 of this Easement, including the rights and remedies contained therein. GRANTEE agrees to take all precautions required to avoid damage to the facilities of the

existing users. If GRANTEE damages the facilities or improvements of any existing user, GRANTEE shall repair or replace such facilities at GRANTEE's sole cost and expense. Nothing contained herein shall be construed to prevent COUNTY from granting other easements, franchises, licenses or rights of way over said lands, provided however, that said subsequent uses do not unreasonably prevent or obstruct GRANTEE's easement rights hereunder.

8. **INDEMNIFICATION; USE AND CONDITION OF PROPERTY:**

(a) In the exercise of all rights under this Easement, GRANTEE shall be responsible for any and all injury to the public, to persons, and to property arising out of or connected with GRANTEE's use of the Property. GRANTEE shall indemnify, defend, save, protect, and hold harmless, COUNTY, its officers, agents, employees, and contractors from and against any and all threatened or actual loss, damage, liability, claims, suits, demands, judgments, orders, costs, fines, penalties or expense of whatever character, including but not limited to those relating to inverse condemnation, and including attorneys' fees, (hereinafter collectively referred to as "Liabilities") to persons or property, direct, directly contributed to, or caused by , GRANTEE's operations, acts, or omissions pursuant to this Easement, or the GRANTEE's use of the Easement Area, save and except Liabilities arising from the sole negligence or sole willful misconduct of the COUNTY, its officers, or its employees.

b) GRANTEE further agrees to defend, indemnify, save, protect and hold harmless, COUNTY from any and all actual or threatened claims, costs, actions or proceedings to attack, set aside, void, abrogate, or annul this grant of easement or any act or approval of COUNTY related thereto.

c) GRANTEE accepts the Easement Area in an "as is" physical condition, with no warranty, guarantee, representation, or liability, express or implied on the part of the COUNTY as to any matter, including but not limited to the physical condition of the Property and/or the condition and/or possible uses of the land or any improvements thereon, the condition of the soil, or the geology of the soil, the condition of the air, surface water or groundwater, the presence of known and unknown faults, the presence of any hazardous substance, materials, or other kinds of contamination or pollutants of any kind in the air, soil, groundwater or surface water, or the suitability of the Property for the construction and use of the improvements thereon. It shall be the sole responsibility of GRANTEE, at its sole cost and expense, to investigate and determine the suitability of the soil, water, geologic, environmental and seismic conditions of the Property for the intended use contemplated herein, and to determine and comply with all building, planning and zoning regulations relative to the Property and the uses to which it can be put. GRANTEE relies solely on GRANTEE's own judgment, experience and investigations as to the present and future condition of the Property or its suitability for GRANTEE's intended use and is not relying in any manner on any representation or warranty by COUNTY. GRANTEE agrees that neither GRANTEE, its heirs, successors, or assign shall ever claim have or assert any right or action against COUNTY for any loss, damage, or other matter arising out of, or resulting from the presence of any hazardous substance or any other condition of the Property at the commencement of the Easement, or from the release of any hazardous substance in, on, or around any part of the Property, or in the soil, water, subsurface strata, or ambient air, by any person or entity other than the COUNTY following the commencement of this Easement. As used herein, "hazardous substance" means any substance, material,

or waste which is or may become designated, classified, or regulated as being "toxic," "hazardous," or a "pollutant" under any federal, state, or local law, regulation, or ordinance. Nothing in this section is intended in any way to restrict the right of GRANTEE to seek contribution or indemnity from any person or entity other than COUNTY whose activities are a cause of any discharge, leakage, spillage, or emission of hazardous materials on or to the Property.

d) To the extent permitted by law, GRANTEE shall indemnify, defend, save, protect and hold the COUNTY harmless from and against any and all Liabilities (including but not limited to the costs of any required or necessary testing, remediation, repair, removal, cleanup or detoxification of the Property and surrounding properties and from and against the preparation of any cleanup, remediation, closure or other required plans whether such action is required or necessary prior to or following the termination of the easement), of any kind or nature, to the extent caused or contributed to by GRANTEE's operation or performance under this Easement, or GRANTEE's use, release, or disposal of any hazardous substance, including all costs, claims, damages (including property and personal injury) caused by the uncovering, release, or excavation of hazardous materials (including petroleum) as a result of GRANTEE's construction, reconstruction, maintenance, use, replacement, or removal of its facilities, to the extent that such activities increase the costs attributable to the cleanup or remediation of such hazardous materials.

e) **CONTAMINANTS:** Except as expressly authorized herein GRANTEE may not allow any hazardous substances to be generated, used, stored for any period of time, released on, under, or from the Easement Area. If any potential or known release, threatened release, generation, storage, disposal or placement of any hazardous substances occurs on, in, near, or from the Easement Area, the GRANTEE shall immediately notify appropriate emergency personnel, public agencies, and the COUNTY.

f) The obligations contained in this section shall survive the abandonment, expiration, or other termination of this easement.

9. **ABANDONMENT:** In the event GRANTEE shall cease to use the Easement herein continuously for a period of one year, or in the event GRANTEE abandons its facilities or fails to use the Easement for the purpose for which it is granted, then all rights of GRANTEE in and to said lands shall thereupon cease and terminate and shall immediately revert to and vest in COUNTY or its successors. Upon any such termination of GRANTEE's rights, GRANTEE shall, upon request by COUNTY, and at GRANTEE's sole cost and expense, remove all of its facilities from the Easement Area and restore said Property to its original condition; or, if agreed upon in writing by the COUNTY, the GRANTEE may abandon in place its facilities in the Easement Area by taking all necessary industry practices to inactivate and remove hydrocarbons, and make the pipeline inert by agreeable means. Upon the failure of GRANTEE to complete the removal or abandonment work required by this section, this work may be performed by COUNTY at GRANTEE's own expense, which sole reasonable expense GRANTEE agrees to pay to COUNTY within 30 days after request of COUNTY's demand for payment. Upon request by COUNTY, GRANTEE shall execute any Quitclaim Deeds required by COUNTY to relinquish GRANTEE's interest in the Easement Area following abandonment.

10. **NO ASSIGNMENT OF EASEMENT:** No rights granted hereunder shall be transferred, apportioned, or assigned without the prior written consent of COUNTY.
11. **NO SECONDARY RIGHTS:** Nothing herein contained shall be deemed to construe that access or other secondary rights are conveyed by this Easement over any of COUNTY's adjacent lands lying outside of the Easement Area.
12. **ENTIRE AGREEMENT:** This Grant of Easement contains the entire agreement between the parties hereto and shall not be modified in any manner except by an instrument in writing executed by the parties or their respective successors in interest.
13. **CONSTRUCTION:** This grant of easement shall not be construed as if it had been prepared by one of the parties, but rather as if both parties have prepared it. The parties to this grant of easement and their counsel have read and reviewed this grant of easement and agree that any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not apply to the interpretation of this grant of easement.
14. **SUCCESSORS AND ASSIGNS:** This indenture and all of the covenants herein contained shall inure to the benefit of and be binding upon the heirs, successors and assigns of the respective parties hereto.
15. **NO THIRD-PARTY BENEFICIARIES:** Nothing in this Grant of Easement confers any rights on any persons or entities other than the Parties hereto.

Code, §§ 17151, 17154, 17157.) If Subdivider is a partnership, any authorized partner may sign. Signatures by Subdivider must be notarized.]

1. PARTIES & DATE. Effective on the above date, the County of Contra Costa, California (hereinafter "County"), and the above-mentioned Subdivider mutually promise and agree as follows concerning this Subdivision:
2. IMPROVEMENTS. Subdivider agrees to install certain road improvements (both public and private), drainage improvements, signs, street lights, fire hydrants, landscaping and such other improvements (including appurtenant equipment) as required in the improvement plans for this Subdivision as reviewed and on file with the Contra Costa County Public Works Department, as required by the Conditions of Approval for this Subdivision, and in conformance with the Contra Costa County Ordinance Code, including future amendments thereto (hereinafter "Ordinance Code").

Subdivider shall complete said improvements (hereinafter "Work") within the above completion period from date hereof, as required by the California Subdivision Map Act (Gov. Code, §§ 66410 et. seq.) in a good workmanlike manner, in accordance with accepted construction practices and in a manner equal or superior to the requirements of the Ordinance Code and rulings made thereunder; and where there is a conflict among the improvement plans, the Conditions of Approval and the Ordinance Code, the stricter requirements shall govern.

3. IMPROVEMENTS SECURITY. Upon executing this Agreement, the Subdivider shall, pursuant to Gov. Code § 66499 and the County Ordinance Code, provide as security to the County:

A. For Performance and Guarantee: \$ 18,000 cash, plus additional security, in the amount of \$ 1,756,000, which together total one hundred percent (100%) of the estimated cost of the Work. Such additional security is presented in the form of:

- _____ Cash, certified check or cashier's check.
- _____ Acceptable corporate surety bond.
- _____ Acceptable irrevocable letter of credit.

With this security, Subdivider guarantees performance under this Agreement and maintenance of the Work for one year after its completion and acceptance against any defective workmanship or materials or any unsatisfactory performance.

B. For Payment: Security in the amount: \$ 887,000, which is fifty percent (50%) of the estimated cost of the Work. Such security is presented in the form of:

- _____ Cash, certified check, or cashier's check
- _____ Acceptable corporate surety bond.
- _____ Acceptable irrevocable letter of credit.

With this security, Subdivider guarantees payment to the contractor, to its subcontractors and to persons renting equipment or furnishing labor or materials to them or to the Subdivider.

Upon acceptance of the Work as complete by the Board of Supervisors and upon request of Subdivider, the amounts held as security may be reduced in accordance with Sections 94-4.406 and 94-4.408 of the Ordinance Code.

4. GUARANTEE AND WARRANTY OF WORK. Subdivider guarantees that the Work shall be free from defects in material or workmanship and shall perform satisfactorily for a period of one (1) year from and after the Board of Supervisors accepts the Work as complete in accordance with Article 96-4.6, "Acceptance," of the Ordinance Code. Subdivider agrees to correct, repair, or replace, at Subdivider's expense, any defects in said Work.

The guarantee period does not apply to road improvements for private roads that are not to be accepted into the County road system.

5. PLANT ESTABLISHMENT WORK. Subdivider agrees to perform plant establishment work for landscaping installed under this Agreement. Said plant establishment work shall consist of adequately watering plants, replacing unsuitable plants, doing weed, rodent and other pest control and other work determined by the Public Works Department to be necessary to ensure establishment of plants. Said plant establishment work shall be performed for a period of one (1) year from and after the Board of Supervisors accepts the Work as complete.

6. IMPROVEMENT PLAN WARRANTY. Subdivider warrants the improvement plans for the Work are adequate to accomplish the Work as promised in Section 2 and as required by the Conditions of Approval for the Subdivision. If, at any time before the Board of Supervisors accepts the Work as complete or during the one year guarantee period, said improvement plans prove to be inadequate in any respect, Subdivider shall make whatever changes are necessary to accomplish the Work as promised.

7. NO WAIVER BY COUNTY. Inspection of the Work and/or materials, or approval of the Work and/or materials or statement by any officer, agent or employee of the County indicating the Work or any part thereof complies with the requirements of this Agreement, or acceptance of the whole or any part of said Work and/or materials, or payments therefor, or any combination or all of these acts, shall not relieve the Subdivider of its obligation to fulfill this Agreement as prescribed; nor shall the County be thereby stopped from bringing any action for damages arising from the failure to comply with any of the terms and conditions hereof.

8. INDEMNITY. Subdivider shall defend, hold harmless and indemnify the indemnitees from the liabilities as defined in this section:

A. The indemnitees benefitted and protected by this promise are the County and its special districts, elective and appointive boards, commissions, officers, agents and employees.

B. The liabilities protected against are any liability or claim for damage of any kind allegedly suffered, incurred or threatened because of actions defined below, and including personal injury, death, property damage, inverse condemnation, or any combination of these, and regardless of whether or not such liability, claim or damage was unforeseeable at any time before County reviewed said improvement plans or accepted the Work as complete, and including the defense of any suit(s), action(s), or other proceeding(s) concerning said liabilities and claims.

C. The actions causing liability are any act or omission (negligent or non-negligent) in connection with the matters covered by this Agreement and attributable to Subdivider, contractor, subcontractor, or any officer, agent, or employee of one or more of them.

D. Non-Conditions. The promise and agreement in this section are not conditioned or dependent on whether or not any indemnitee has prepared, supplied, or approved any plan(s) or specification(s) in connection with this Work or Subdivision, or has insurance or other indemnification covering any of these matters, or that the alleged damage resulted partly from any negligent or willful misconduct of any indemnitee.

9. COSTS. Subdivider shall pay, when due, all the costs of the Work, including but not limited to the costs of relocations of existing utilities required thereby; inspections; material checks and tests; and other costs incurred by County staff arising from or related to the Work, and prior to acceptance of the Work as complete or expiration of any applicable warranty periods, whichever is later.

10. SURVEYS. Subdivider shall set and establish survey monuments in accordance with the filed map and to the satisfaction of the County Road Commissioner-Surveyor before acceptance of the Work as complete by the Board of Supervisors.

11. NON-PERFORMANCE AND COSTS. If Subdivider fails to complete the Work within the time specified in this Agreement, and subsequent extensions, or fails to maintain the Work, County may proceed to complete and/or maintain the Work by contract or otherwise and Subdivider agrees to pay all costs and charges incurred by County (including, but not limited to, engineering, inspection, surveys, contract, overhead, etc.) immediately upon demand.

Once action is taken by County to complete or maintain the Work, Subdivider agrees to pay all costs incurred by County, even if Subdivider subsequently completes the Work.

Should County sue to compel performance under this Agreement or to recover costs incurred in completing or maintaining the Work, Subdivider agrees to pay all attorney's fees, staff costs and all other expenses of litigation incurred by County in connection therewith, even if Subdivider subsequently proceeds to complete the Work.

12. INCORPORATION/ANNEXATION. If, before the Board of Supervisors accepts the Work as complete, the Subdivision is included in territory incorporated as a city or is annexed to an existing city, except as provided in this paragraph, County's rights under this Agreement and/or any deposit, bond, or letter of credit securing said rights shall be transferred to the new or annexing city. Such city shall have all the rights of a third party beneficiary against Subdivider, who shall fulfill all the terms of this Agreement as though Subdivider had contracted with the city originally. The provisions of paragraph 8 (Indemnity) shall continue to apply in favor of the indemnitees listed in paragraph 8.A. upon any such incorporation or annexation.

13. RECORD MAP. In consideration hereof, County shall allow Subdivider to file and record the final map or parcel map for said Subdivision.

14. RIGHT OF ENTRY. Subdivider hereby consents to entry onto the Subdivision property, and onto any other property over which Subdivider has land rights and upon which any portion of the Work is to be installed pursuant to the improvement plans, by County and its forces, including contractors, for the purpose of inspection, and, in the event of non-performance of this Agreement by Subdivider, completion and/or maintenance of the Work.

IMPROVEMENT SECURITY BOND
FOR SUBDIVISION AGREEMENT
(Performance, Guarantee and Payment)
(Gov. Code, §§ 66499-66499.10)

1. **RECITAL OF SUBDIVISION AGREEMENT.** The Principal has executed an agreement with the County of Contra Costa (hereinafter "County") to install and pay for street, drainage and other improvements in Subdivision 9298 as specified in the Subdivision Agreement, and to complete said work within the time specified for completion in the Subdivision Agreement, all in accordance with State and local laws and rulings thereunder in order to satisfy conditions for filing of the Final Map or Parcel Map for said subdivision. Under the terms of the Subdivision Agreement, Principal is required to furnish a bond to secure the faithful performance of the Subdivision Agreement and payment to laborers and materialmen.

2. **OBLIGATION.** Shapell Industries Inc., a Delaware Corporation, as Principal, and Hartford Fire Insurance Company, a corporation organized and existing under the laws of the State of Connecticut and authorized to transact surety business in California, as Surety, hereby jointly and severally bind ourselves, our heirs, executors, administrators, successors and assigns to the County of Contra Costa, California to pay it:

(A. Performance and Guarantee) One Million Seven Hundred Fifty Six Thousand and 00/100 Dollars (\$ 1,756,000.00) for itself or any city assignee under the above Subdivision Agreement.

(B. Payment) Eight Hundred Eighty Seven Thousand and 00/100 Dollars (\$ 887,000.00) to secure the claims to which reference is made in Title XV (commencing with Section 3082) of Part 4 of Division III of the Civil Code of the State of California.

3. **CONDITION.** This obligation is subject to the following condition.

A. The condition of this obligation as to Section 2.(A) above is such that if the above bounded Principal, his or its heirs, executors, administrators, successors or assigns, shall in all things stand to and abide by, and well and truly keep and perform the covenants, conditions and provisions in the said agreement and any alteration thereof made as therein provided, on his or their part, to be kept and performed at the time and in the manner therein specified, and in all respects according to their true intent and meaning, and shall indemnify and save harmless the County of Contra Costa (or city assignee), its officers, agents and employees, as therein stipulated, then this obligation shall become null and void; otherwise it shall be and remain in full force and effect.

As part of the obligation secured hereby and in addition to the face amount specified therefor, there shall be included costs and reasonable expenses and fees, including reasonable attorney's fees, incurred by the County of Contra Costa (or city assignee) in successfully enforcing such obligation, and to be taxed as costs and included in any judgment rendered.

B. The condition of this obligation, as to Section 2.(B) above, is such that said Principal and the undersigned as corporate surety are held firmly bound unto the County of Contra Costa and all contractors, subcontractors, laborers, materialmen and other persons employed in the performance of the aforesaid Subdivision Agreement and referred to in the aforesaid Civil Code for materials furnished or labor thereon of any kind, or for amounts due under the Unemployment Insurance Act with respect to this work or labor, and that the Surety will pay the same in an amount not exceeding the amount hereinabove set forth, and also in case suit is brought upon this bond, will pay, in addition to the face amount thereof, costs and reasonable expenses and fees, including reasonable attorney's fees, incurred by the County of Contra Costa (or city assignee) in successfully enforcing such obligation, to be awarded and fixed by the court, and to be taxed as costs and to be included in the judgment therein rendered.

It is hereby expressly stipulated and agreed that this bond shall inure to the benefit of any and all persons, companies, and corporations entitled to file claims under Title 15 (commencing with Section 3082) of Part 4 of Division 3 of the Civil Code, so as to give a right of action to them or their assigns in any suit brought upon this bond.

Should the condition of this bond be fully performed, then this obligation shall become null and void; otherwise it shall be and remain in full force and effect.

C. No change, extension of time, alteration, or addition to the terms of said Subdivision Agreement or the work to be performed thereunder or any plan or specifications of said work, agreed to by the Principal and the County of Contra Costa (or city assignee) shall relieve any Surety from liability on this bond; and consent is hereby given to make such change, extension of time, alteration or addition without further notice to or consent by Surety; and Surety hereby waives the provisions of Civil Code Section 2819 and holds itself bound without regard to and independently of any action against the Principal whenever taken.

BACKGROUND: (CONT'D)

On September 1, 2000, the ninety-three (93) t- and shade hangars at Buchanan Field reverted to the County ownership pursuant to the terms of the above lease.

On November 14, 2006, the Contra Costa County Board of Supervisors approved the form of the T-Hangar and Shade Hangar Rental Agreement for use with renting the County's t-hangars, shade hangars, medium hangars, and executive hangars at Buchanan Field Airport.

On February 16, 2007, the additional seventeen (17) hangars at Buchanan Field reverted back to the County pursuant to the above referenced lease. This row included six (6) large hangars which were not covered by the approved T-Hangar and Shade Hangar Rental Agreement.

On February 23, 2007, Contra Costa County Board of Supervisors approved the new Large Hangar Rental Agreement for use with the large East Ramp Hangars.

On January 16, 2009, Contra Costa County Board of Supervisors approved an amendment to the T-Hangar and Shade Hangar Rental Agreement and the Large Hangar Rental Agreement (combined "Hangar Rental Agreements") which removed the Aircraft Physical Damage Insurance requirement. The Hangar Rental Agreements are the current forms in use for rental of all the County hangars at Buchanan Field Airport.

CONSEQUENCE OF NEGATIVE ACTION:

A negative action will cause a loss of revenue to the Airport Enterprise Fund.

RECOMMENDATION(S):

ADOPT Resolution No. 2018/92 establishing a rate of \$30 per Equivalent Runoff Unit (ERU) for Stormwater Utility Area 17 (Unincorporated County) for Fiscal Year 2018–2019 and requesting that the Contra Costa County Flood Control & Water Conservation District (FC District) adopt annual parcel assessments for drainage maintenance and the National Pollutant Discharge Elimination System Program, Countywide.

FISCAL IMPACT:

The 2018–2019 rate per ERU is the same as that set for fiscal year 2017–2018. Therefore, there will be no change in rate for Unincorporated County property owners. The unincorporated area of Contra Costa County will produce approximately \$2,700,000, which will be used to implement the Unincorporated County's Watershed Program. All associated costs funded 100% by Stormwater Utility Area 17 Funds.

BACKGROUND:

The Clean Water Program consists of the County, Contra Costa cities, and the FC District working together to prevent, reduce, or eliminate the discharge of pollutants into the storm drain system, including creeks and other natural waterways. The Clean Water Program was

established in response to changes in the Federal Clean Water Act. The Program is known at the federal level as the National Pollutant Discharge Elimination System (NPDES) Program. In order to be in compliance with the current NPDES permit, Clean Water Program participants implement a Stormwater Management Plan stipulating a set of activities and a performance or service level. The Stormwater Management Plan is a major component of the Joint Municipal NPDES Stormwater Permit with the California Regional Water Quality Control Boards and is paid for with stormwater utility fee assessments. Adoption of the attached resolution will begin the annual process of assessment adoption.

The Board of Supervisors is being asked to set a rate of \$30 for one ERU in the Unincorporated County areas and to request that the FC District adopt the stormwater utility assessment. (The FC District is the only entity under state law with legal authority to assess this particular assessment.)

The Public Works Department coordinates the County Watershed Program for the County. Examples of how the assessment is being spent in the current year include:

1. General drainage maintenance to remove debris and sediment from County storm drain systems, flood control channels, and creeks.
2. Targeted street sweeping throughout the County.
3. Work with County Building Inspection and Public Works inspectors and construction companies/contractors to reduce construction contaminants, such as paint, cement, oil/fuels, and soil erosion from entering storm drains and creeks.
4. Encourage Planners and the development community to use new designs that will reduce contaminated stormwater runoff.
5. Educate the public on the benefits of reducing pesticides and other toxic household product use and their proper disposal.
6. Educate County Engineers and Maintenance staff on flood control design, construction, and maintenance practices that protect water quality and preserve natural watershed habitats.
7. Inspection of industrial and commercial businesses for evidence that spill prevention, equipment maintenance and cleaning, waste handling and disposal, and other business practices are done in a manner that minimizes stormwater contamination.
8. Educate marina operators and their marina users through a marina program.
9. Create an annual Watershed Calendar that is disseminated to all single-family households in the County to educate residents of pollution prevention measures that they can take to protect stormwater runoff and improve the water quality of our receiving waters.

CONSEQUENCE OF NEGATIVE ACTION:

If the rate per ERU is not set for the coming fiscal year, funds will not be available for the County's Watershed Program to comply with the Joint Municipal NPDES Stormwater Permit. The Regional Water Quality Control Boards have the authority to issue fines of up to \$10,000 per day against those municipalities that do not comply with the Permit and fail to implement their Stormwater Management Plans.

2. Effective Date.

The effective date of this Option shall be the date that this Option is approved by the Contra Costa County Board of Supervisors ("Effective Date").

3. Grant of Option.

County grants to Optionee the exclusive option to purchase the Property on the terms and conditions in this Option Agreement.

4. Term of Option.

The term of this Option shall commence on the Effective Date and shall expire or terminate on the earliest of the following dates:

- a. **Option Term.** Sixty (60) days following the Effective Date, unless during said 60 day period County agrees in writing to extend the Option Period.
- b. **Extension of Option Period.** County, in its sole discretion, shall have the right, but not the obligation, to extend the term of the Option Term, under such terms and conditions as County believes is reasonable, if County, in its sole discretion, believes such extension is warranted. - c. **Breach.** Immediately upon a breach or default by Optionee under this Option Agreement.

- d. **Purchase.** The date that the Optionee acquire the entirety of the Property.

5. **Consideration for Option**

The Option Consideration shall be paid at the Public Works Department, Real Estate Division, 255 Glacier Drive, Martinez, CA 94553, payable to the Contra Costa County on November 30, 2017.
- b. **Retention of Option Consideration.** Except as provided in Section 10 below, all Option Consideration paid to or on behalf of County shall belong to County and be retained by County, whether or not Optionee ultimately exercises its right to purchase the Property. responsible for the maintenance and property management of the property during the lease period.

On September 1, 2000, the ninety-three (93) t- and shade hangars at Buchanan Field reverted to the County ownership pursuant to the terms of the above lease.

On November 14, 2006, the Contra Costa County Board of Supervisors approved the form of the T-Hangar and Shade Hangar Rental Agreement for use with renting the County's t-hangars, shade hangars, medium hangars, and executive hangars at Buchanan Field Airport.

On February 16, 2007, the additional seventeen (17) hangars at Buchanan Field reverted back to the County pursuant to the above referenced lease. This row included six (6) large hangars which were not covered by the approved T-Hangar and Shade Hangar Rental Agreement.

On February 23, 2007, Contra Costa County Board of Supervisors approved the new Large Hangar Rental Agreement for use with the large East Ramp Hangars.

On January 16, 2009, Contra Costa County Board of Supervisors approved an amendment to the T-Hangar and Shade Hangar Rental Agreement and the Large Hangar Rental Agreement (combined "Hangar Rental Agreements") which removed the Aircraft Physical Damage Insurance requirement. The Hangar Rental Agreements are the current forms in use for rental of all the County hangars at Buchanan Field Airport.

CONSEQUENCE OF NEGATIVE ACTION:

A negative action will cause a loss of revenue to the Airport Enterprise Fund.

RECOMMENDATION(S): (CONT'D)

to cause said Right of Way Contract-Temporary Easement to be delivered to the grantee for acceptance.

FISCAL IMPACT:

Flood Control District Zone 3B Fund 252000 will receive revenue of \$2,500.

BACKGROUND:

The District acquired the real property in the 1960's for flood control purposes. The State requires portions of said property owned by the District for the I-680/SR 4 Widening Phase 3 Project.

An Environmental Impact Report dated December 17, 2015, was completed by the State. The State has the power of Eminent Domain to acquire the necessary rights. The Project will widen the Highway 4 structures that cross Grayson Creek to reduce traffic and increase capacity. Coordination measures have been made to facilitate the District's use of the property during the Temporary easement timeframe so as not to substantially conflict or interfere with the Districts use of the property.

CONSEQUENCE OF NEGATIVE ACTION:

The Project will not have sufficient land rights to allow construction in accordance with the approved plans and specifications.

to cause said Grant Deed to be delivered to the State for acceptance and recording in the Office of the County Clerk-Recorder.

DIRECT the Real Estate Division of the Public Works Department to cause said Right of Way Contract to be recorded in the Office of the County Clerk-Recorder.

FISCAL IMPACT:

Flood Control District Zone 3B Fund 252000 will receive revenue of \$7,500.

BACKGROUND:

The District acquired the real property in the 1960's and 1970's for flood control purposes. The State requires portions of said property owned by the District for the I-680/SR 4 Widening Phase 3 Project. An Environmental Impact Report dated December 17, 2015 was completed by the State. The State has the power of Eminent Domain to acquire the necessary rights from the District. The Project will widen the Highway 4 structures that cross Grayson Creek to reduce traffic and increase capacity. Coordination measures have been made to facilitate the District's use of the property during the Temporary easement timeframe so as not to substantially conflict or interfere with the Districts use of the property.

CONSEQUENCE OF NEGATIVE ACTION:

The Project will not have sufficient land rights to allow construction in accordance with the approved plans and specifications.

In consideration of which, and the other considerations hereinafter set forth, it is mutually agreed as follows:

1. (A) The parties have herein set forth the whole of their agreement. The performance of this agreement constitutes the entire consideration for said documents and shall relieve the State of California ("State" or "Grantee") of all further obligation or claims on this account, or on account of the location, grade or construction of the proposed public improvement.

2. State shall:

- (A) Pay the Grantor the sum of \$7,500.00 for the property or interest conveyed by above documents when title to said property vests in State subject to all liens, encumbrances, assessments, easements and leases (recorded and/or unrecorded) and taxes.

- (B) Pay all escrow and recording fees incurred in this transaction, and, if title insurance is desired by State, the premium charged therefor. Said escrow and recording charges shall not, however, include documentary transfer tax.
3. This agreement shall be binding upon and inure to the benefit of the heirs, devisees, executors, administrators, legal representatives, successors and assigns of the Parties.
 4. The parties hereto agree that State, in acquiring title subject to unpaid assessments as set forth herein, is not assuming responsibility for payment or subsequent cancellation of such assessments. The assessments remain the obligation of the Grantor; and, as between State and Grantor, no contractual obligation has been made requiring their payment.
 5. Grantor shall provide the State with sufficiently recordable quitclaim deeds from Kinder Morgan and Philips 66 (collectively "Easement Holders") for the easements that are being relocated to a different location as part of this project. The new easement locations are directly being conveyed by the Grantor to the Easement Holders.
 6. The undersigned warrants that to the best of its knowledge, is the owner in fee simple of the property as described in Document No. 63155, and that they have the exclusive right to grant the so described property rights.
 7. It is agreed and confirmed by the parties hereto that notwithstanding other provisions in this contract, the legal possession and use of the subject property by State, including the right to remove and dispose of improvements shall commence at the close of escrow, and that the amount shown in Clause 2(A) herein includes, but is not limited to, full payment for such possession and use, including damages, if any, from said date.
 8. Until such time as State takes actual physical possession of any or all of the property acquired herein, the Grantor shall have the use and enjoyment of its surface in the same manner as now used except that in no event shall any advertizing sign of any nature whatsoever be placed upon or allowed to remain on the property. Grantor agrees to keep the property in a neat and clean condition.

Grantor agrees that no improvements other than those already on the property, shall be placed thereon; and the planting of any crops, trees, shrubs, or alterations, repairs, or additions to existing improvements which may hereafter be placed thereon are at Grantor's risk and without expectation of payment if removed by State.

9. In consideration of State's waiving the defects and imperfections in all matters of record title, the Grantor covenants and agrees to indemnify and hold the State of California harmless from any and all claims that other parties may make or assert on the title to the premises. The Grantor's obligation herein to indemnify State shall not exceed the amount paid to the Grantor under this contract.

10. State agrees to indemnify and hold harmless Grantor from any liability arising out of State's operations under this agreement. State further agrees to assume responsibility for any damages proximately caused by reason of State's operations under this agreement and State will, at its option, either repair or pay for such damage.
11. All work done under this agreement shall conform to all applicable building, fire and sanitary laws, ordinances, and regulations relating to such work, and shall be done in a good and workmanlike manner. All structures, improvements or other facilities, when removed, and relocated, or reconstructed by the State, shall be left in as good condition as found
12. Grantor warrants that there are no oral or written leases on all or any portion of the property exceeding a period of one month, and the Grantor agrees to hold State harmless and reimburse State for any and all of its losses and expenses occasioned by reason of any lease of said property held by any tenant of Grantor for a period exceeding one month.
13. The undersigned hereby represents and warrants to the best of its knowledge that during the period of Grantor's ownership of the property, there have been no disposals, releases or threatened releases of hazardous substances or hazardous waste on, from, or under the property. The undersigned further represents and warrants that Grantor has no knowledge of any disposal, release, or threatened release of hazardous substances or hazardous waste on, from, or under the property which may have occurred prior to Grantor taking title to the property.

The acquisition price of the property being acquired in this transaction reflects the fair market value of the property without the presence of contamination. If the property being acquired is found to be contaminated by the presence of hazardous waste which requires mitigation under Federal or State law, State may elect to recover its clean-up costs from those who caused or contributed to the contamination.

14. Upon completion of the project, State shall provide the Grantor with sufficiently recordable or recorded Quitclaim Deed for the Temporary Easements (63155-4 and 6315-5).
15. Except in an emergency situation, the Grantor, upon coordination with the the Resident Engineer, can use the property (63155-4 and 63155-5) for their maintenance purposes, as long it does not interfere with the State's operations. During the TCE period, State shall have priority to use said property.
16. The Grantor shall have the right to utilize the west bank access road as shown on layout sheet L-6 of the SR4 Phase 3 Widening Plans as cross-hatched, which is being built as part of this project.

FOR DESCRIPTION AND PLAT MAP, SEE ATTACHED EXHIBITS "A' AND "B"

The foregoing grant is made subject to the following terms and conditions:

1. **PRIMARY USE OF THE PROPERTY** The primary use of the Property subject to this easement (hereinafter the "Property") is for flood control conveyance of storm water and flood protection purposes, including, but not limited to, the right of channeling, impounding and otherwise controlling the flow of drainage waters, as well as performing any other activities, and construction or maintaining any facilities that the DISTRICT may be required to perform, construct or maintain by other agencies at Federal, State, Regional, or Local levels, including but not limited to, water quality and quantity control activities (such activities and those ancillary there to being hereinafter referred to as "Flood Control").

In the event that GRANTEE fails to commence the required modification, relocation or removal work within ninety days after being directed to do so by DISTRICT, or such reasonable extension as DISTRICT may agree to, or if GRANTEE fails to complete the required modification, relocation, or removal work within a reasonable time thereafter, as determined by the DISTRICT, the DISTRICT may perform or complete the work at the expense of GRANTEE, which expense GRANTEE agrees to pay to DISTRICT promptly upon demand, including but not limited to, engineering costs and any legal expenses incurred to collect such costs. If GRANTEE's facilities are removed from the current Easement Area to a new easement area, GRANTEE shall promptly quitclaim to DISTRICT its interest in the current Easement Area.

6. **DAMAGE TO DISTRICT PROPERTY:** Any and all DISTRICT property, facilities, landscaping, or other improvements removed or damaged as a result of the use of the Easement Area by GRANTEE, or any other person or entity acting under GRANTEE's direction or control, shall, at DISTRICT's discretion and direction, Either (a) be repaired or replaced by DISTRICT, and GRANTEE shall reimburse DISTRICT for all of DISTRICT'S reasonable repair or replacement costs with all of DISTRICT's costs and expenses to be paid by GRANTEE (including but not limited to engineering costs and legal costs of collecting any unpaid expenses), or (b) shall be repaired or replaced by GRANTEE, at the sole cost and expense of GRANTEE, equivalent to or better than their existing condition. In the event that GRANTEE fails to commence the required work within ninety days after being directed to do so by DISTRICT, or such reasonable extension as DISTRICT may agree to in writing, or fails to complete the required work within a reasonable time thereafter, as determined by the DISTRICT, the DISTRICT may perform or complete the work at the reasonable expense of GRANTEE, which expense GRANTEE agrees to pay to DISTRICT promptly upon demand, including but not limited to engineering costs and any legal expenses incurred to collect such costs.
7. **DAMAGE TO GRANTEE'S FACILITIES:** DISTRICT shall have no responsibility for the protection, maintenance, damage to, or removal of, GRANTEE's facilities, appurtenances, or improvements caused by or resulting from DISTRICT's use of the Property or its work or operations thereon. It shall be the sole responsibility of the GRANTEE to provide and maintain adequate protection and surface markings for its own facilities.
8. **NON-EXCLUSIVE EASEMENT:** The Easement granted hereunder is non-exclusive. This Easement is subject and subordinate to all existing rights, rights of way, licenses, reservations, franchises, and easements of record, or that would be evident from a physical inspection or accurate survey of the Property, in and to the Property ("each such right being held by an "Existing user"). DISTRICT shall have the right to require GRANTEE to modify, remove, or relocate its facility within the Easement Area or to a similar easement to be granted to GRANTEE by DISTRICT at no cost, in a timely manner at GRANTEE's sole cost as reasonably necessary to accommodate the DISTRICT's, or any other existing user's right to construct, replace, enlarge, repair, maintain and operate its facilities, in the same manner as required by Section 4 of this Easement, including the rights and remedies contained therein. GRANTEE agrees to take all precautions required to avoid damage to the facilities of the existing users. If GRANTEE damages the facilities or improvements of any existing user, GRANTEE shall repair or replace such facilities at GRANTEE's sole cost and expense. Nothing contained herein shall be construed to prevent DISTRICT from granting other easements, franchises, licenses or rights of way over said lands, provided however, that said subsequent uses do not unreasonably prevent or obstruct GRANTEE's easement rights hereunder.

9. **INDEMNIFICATION; USE AND CONDITION OF PROPERTY:**

(a) In the exercise of all rights under this Easement, GRANTEE shall be responsible for any and all injury to the public, to persons, and to property arising out of or connected with GRANTEE's use of the Property. GRANTEE shall indemnify, defend, save, protect, and hold harmless, DISTRICT, its officers, agents, employees, and contractors from and against any and all threatened or actual loss, damage, liability, claims, suits, demands, judgments, orders, costs, fines, penalties or expense of whatever character, including but not limited to those relating to inverse condemnation, and including attorneys' fees, (hereinafter collectively referred to as "Liabilities") to persons or property, direct, directly contributed to, or caused by , GRANTEE's operations, acts, or omissions pursuant to this Easement, or the GRANTEE's use of the Easement Area, save and except Liabilities arising from the sole negligence or sole willful misconduct of the DISTRICT, its officers, or its employees. GRANTEE acknowledges that the Property subject to this easement is in a flood control area. GRANTEE agrees that GRANTEE shall never have, claim, or assert any right or action against DISTRICT or the County of Contra Costa in the event of damage to or disruption of GRANTEE's facilities caused or contributed to by flooding or water, and GRANTEE shall indemnify, defend, save, protect and hold DISTRICT harmless from all Liabilities resulting from such damage or disruption.

b) GRANTEE further agrees to defend, indemnify, save, protect and hold harmless, DISTRICT from any and all actual or threatened claims, costs, actions or proceedings to attack, set aside, void, abrogate, or annul this grant of easement or any act or approval of DISTRICT related thereto.

c) GRANTEE accepts the Easement Area in an "as is" physical condition, with no warranty, guarantee, representation, or liability, express or implied on the part of the DISTRICT as to any matter, including but not limited to the physical condition of the Property and/or the condition and/or possible uses of the land or any improvements thereon, the condition of the soil, or the geology of the soil, the condition of the air, surface water or groundwater, the presence of known and unknown faults, the presence of any hazardous substance, materials, or other kinds of contamination or pollutants of any kind in the air, soil, groundwater or surface water, or the suitability of the Property for the construction and use of the improvements thereon. It shall be the sole responsibility of GRANTEE, at its sole cost and expense, to investigate and determine the suitability of the soil, water, geologic, environmental and seismic conditions of the Property for the intended use contemplated herein, and to determine and comply with all building, planning and zoning regulations relative to the Property and the uses to which it can be put. GRANTEE relies solely on GRANTEE's own judgment, experience and investigations as to the present and future condition of the Property or its suitability for GRANTEE's intended use and is not relying in any manner on any representation or warranty by DISTRICT. GRANTEE agrees that neither GRANTEE, its heirs, successors, or assigns shall ever claim have or assert any right or action against DISTRICT for any loss, damage, or other matter arising out of, or resulting from the presence of any hazardous substance or any other condition of the Property at the commencement of the Easement, or from the release of any hazardous substance in, on, or around

any part of the Property, or in the soil, water, subsurface strata, or ambient air, by any person or entity other than the DISTRICT following the commencement of this Easement. As used herein, "hazardous substance" means any substance, material, or waste which is or may become designated, classified, or regulated as being "toxic," "hazardous," or a "pollutant" under any federal, state, or local law, regulation, or ordinance. Nothing in this section is intended in any way to restrict the right of GRANTEE to seek contribution or indemnity from any person or entity other than DISTRICT whose activities are a cause of any discharge, leakage, spillage, or emission of hazardous materials on or to the Property.

d) To the extent permitted by law, GRANTEE shall indemnify, defend, save, protect and hold the DISTRICT harmless from and against any and all Liabilities (including but not limited to the costs of any required or necessary testing, remediation, repair, removal, cleanup or detoxification of the Property and surrounding properties and from and against the preparation of any cleanup, remediation, closure or other required plans whether such action is required or necessary prior to or following the termination of the easement), of any kind or nature, to the extent caused or contributed to by GRANTEE's operation or performance under this Easement, or GRANTEE's use, release, or disposal of any hazardous substance, including all costs, claims, damages (including property and personal injury) caused by the uncovering, release, or excavation of hazardous materials (including petroleum) as a result of GRANTEE's construction, reconstruction, maintenance, use, replacement, or removal of its facilities, to the extent that such activities increase the costs attributable to the cleanup or remediation of such hazardous materials.

e) **CONTAMINANTS:** Except as expressly authorized herein GRANTEE may not allow any hazardous substances to be generated, used, stored for any period of time, released on, under, or from the Easement Area. If any potential or known release, threatened release, generation, storage, disposal or placement of any hazardous substances occurs on, in, near, or from the Easement Area, the GRANTEE shall immediately notify appropriate emergency personnel, public agencies, and the DISTRICT.

f) The obligations contained in this section shall survive the abandonment, expiration, or other termination of this easement.

10. **ABANDONMENT:** In the event GRANTEE shall cease to use the Easement herein continuously for a period of one year, or in the event GRANTEE abandons its facilities or fails to use the Easement for the purpose for which it is granted, then all rights of GRANTEE in and to said lands shall thereupon cease and terminate and shall immediately revert to and vest in DISTRICT or its successors. Upon any such termination of GRANTEE's rights, GRANTEE shall, upon request by DISTRICT, and at GRANTEE's sole cost and expense, remove all of its facilities from the Easement Area and restore said Property to its original condition; or, if agreed upon in writing by the DISTRICT, the GRANTEE may abandon in place its facilities in the Easement

Area by taking all necessary industry practices to inactivate and remove hydrocarbons, and make the pipeline inert by agreeable means. Upon the failure of GRANTEE to complete the removal or abandonment work required by this section,, this work may be performed by DISTRICT at GRANTEE's own expense, which sole reasonable expense GRANTEE agrees to pay to DISTRICT within 30 days after request of DISTRICT's demand for payment . Upon request by district, GRANTEE shall execute any Quitclaim Deeds required by DISTRICT to relinquish GRANTEE's interest in the Easement Area following abandonment.

11. **NO ASSIGNMENT OF EASEMENT:** No rights granted hereunder shall be transferred, apportioned, or assigned without the prior written consent of DISTRICT.
12. **NO SECONDARY RIGHTS:** Nothing herein contained shall be deemed to construe that access or other secondary rights are conveyed by this Easement over any of DISTRICT's adjacent lands lying outside of the Easement Area.
13. **ENTIRE AGREEMENT:** This Grant of Easement contains the entire agreement between the parties hereto and shall not be modified in any manner except by an instrument in writing executed by the parties or their respective successors in interest.
14. **CONSTRUCTION:** This grant of easement shall not be construed as if it had been prepared by one of the parties, but rather as if both parties have prepared it. The parties to this grant of easement and their counsel have read and reviewed this grant of easement and agree that any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not apply to the interpretation of this grant of easement.
15. **SUCCESSORS AND ASSIGNS:** This indenture and all of the covenants herein contained shall inure to the benefit of and be binding upon the heirs, successors and assigns of the respective parties hereto.

16. **NO THIRD-PARTY BENEFICIARIES:** Nothing in this Grant of Easement confers any rights on any persons or entities other than the Parties hereto.
17. **GOVERNING LAW:** This Grant of Easement shall be construed in accordance with the laws of the State of California.

FISCAL IMPACT:

The cost of ad valorem property tax refunds is shared among the County's jurisdictions pursuant to a statutory formula. The County's portion of the refund in the amount of approximately \$65 will be paid from the County General Fund.

BACKGROUND:

On June 26, 2017, the Assessor's Office received a claim for exemption of property taxes relating to a residential property located at 1026 Ventura Street, Richmond, CA, APN 523-014-011-2 (the "Property"). The claimants, Lanita Pace and Keith A. Hinton, sought exemption of the Property from ad valorem property taxes for tax years 2009 through 2016 based on Hinton's entitlement to the exemption as a disabled veteran. [Cal. Const., art. XIII, sec. 3(o); *see also* Cal. Rev. & Tax. Code, §§ 205, 205.5.]

Based on the exemption claim and the information provided, the Assessor's Office granted the claim for tax years 2010 through 2016, which resulted in a refund for these years. [Cal. Rev. & Tax. Code, § 4831.1.] However, the Assessor's Office was unable to apply the exemption for tax year 2009 because the law does not permit the Assessor's Office to make corrections to the roll that relate to the disabled veteran's exemption more than eight years after the date of the assessment being corrected. [Rev. & Tax. Code, § 4831.1, subd. (a).]

On January 25, 2018, Claimants submitted a claim for a refund for tax year 2009 with the Board of Superiors. An eight year statute of limitations for claims for refunds runs from the date that the taxes, which are sought to be refunded, are paid. Here, Claimants paid the property taxes in two installments. Because the first installment of 2009 property taxes was paid more than 8 years before the claim was made on January 25, 2018, the claim as it relates to that payment is untimely. [Cal. Rev. & Tax. Code, §§ 276, 5097(a)(4).] However, the second installment of 2009 property taxes was paid less than 8 years before the claim was made on January 25, 2018. As such, the portion of the claim for refund relating to the payment of the second installment of property taxes is timely. [Cal. Rev. & Tax. Code, § 5097(a)(4).] For this reason, the Board of Supervisors may order a refund of the second installment of property taxes for tax year 2009.

Property tax refunds ordered by the Board are paid by the Auditor-Controller. [Rev. & Tax. Code, § 5101.] The refunded amount will accrue interest until paid. [Rev. & Tax. Code, § 5151.] Claimants are only eligible for an 85 percent refund of the second installment of 2009 property taxes because the claim for exemption was not timely filed. [Cal. Rev. & Tax. Code, §§ 276, subd. (a)(2).]

The claim was also processed as a claim under the Government Claims Act. On February 27, 2018, the claim was denied as untimely under that Act.

CONSEQUENCE OF NEGATIVE ACTION:

Failure to take the recommended action may prevent Claimants from realizing savings due to their entitlement to a partial property tax refund for 2009 and might increase the County's exposure to litigation.

In the matter of:

Resolution No. 2018/80

recognizing March as American Red Cross Month in Contra Costa County.

Whereas, in Contra Costa County, we have a long history of helping our neighbors in need; and

Whereas, the American Red Cross saw a record-breaking year in 2017 of challenging domestic and international response efforts. Through the support of its volunteers, in just 45 days, the Red Cross responded to six of the largest and most complex disasters of 2017 including back-to-back hurricanes, the deadliest week of wildfires in California history, and the horrific mass shooting in Las Vegas; and

Whereas, the Red Cross responded to nearly 50,000 home fires in 2017, providing casework assistance to help 76,000 families recover; and

Whereas, March is American Red Cross Month, a special time to recognize and thank the Red Cross volunteers and donors who give of their time and resources to help members of the community; and

Whereas, the Red Cross depends on local heroes to deliver help and hope during a disaster. We applaud our heroes here in Contra Costa County who give of themselves to assist their neighbors when they need a helping hand; and

Whereas, across the country and around the world, the American Red Cross responds to disasters big and small. It collects about 40 percent of the nation's blood supply; provides 24-hour support to military members, veterans and their families; teaches millions lifesaving skills such as lifeguarding and CPR; and through its Restoring Family Links program, connects family members separated by crisis, conflict or migration; and

Whereas, in 2017 in Contra Costa County, the Red Cross handled 113 local disasters affecting 202 families, 124 emergency military calls, assisted 471 military families and collected 15,937 units of blood from our generous blood donors. The Red Cross taught first aid, CPR and AED to 5,141 enrollees. Aquatic and water safety classes were taught to 4,464 enrollees; and

Whereas, we dedicate the month of March to all those who support the American Red Cross mission to prevent and alleviate human suffering in the face of emergencies. Our community depends on the American Red Cross, which relies on donations of time, money and blood to fulfill its humanitarian mission.

Now, Therefore, Be It Resolved that the Board of Supervisors of Contra Costa County do hereby proclaim March 2018 as American Red Cross Month in Contra Costa County and support this organization and its noble humanitarian mission.

In the matter of:

Resolution No. 2018/87

Proclaiming March 2018 as Prescription Drug Abuse Awareness Month

Whereas, drug overdose deaths are the leading cause of injury death in the United States and are highest among people aged 25 to 54 years; and

Whereas, most teenagers who abuse prescription opioid drugs get them for free from a friend or relative – but those at highest risk of overdose are as likely to get them from a doctor's prescription; and

Whereas, in 2016, in Contra Costa County there were 762,114 prescriptions given to patients for opioids which is an age-adjusted rate of 594.6 prescriptions per 1,000 residents which is higher than the state rate of 562.34; and

Whereas, among the more than 64,000 drug overdose deaths estimated nationally in 2016, the sharpest increase occurred among deaths related to fentanyl and fentanyl analogs (synthetic opioids) with over 20,000 overdose deaths; and

Whereas, in 2016, 42,249 Americans died from opioid overdoses, an average of 116 people every day and in 2016, 51 Contra Costa County residents died from an opioid overdose; and

Whereas, as many as 1 in 4 people who receive prescription opioids long term for non-cancer pain in primary care settings struggles with opioid addiction; and

Whereas, each day, more than 1,000 people are treated in emergency departments for not using prescription opioids as directed; and

Whereas, in 2016 it is estimated that America's opioid epidemic exacted at least \$504 billion in economic costs related to health care, crime and lost work productivity; and

Whereas, Americans that have participated in DEA's fourteen National Prescription Drug Take-Back Days have turned in more than 4,508 tons of medication over the past eight years at take-back sites available in all 50 states and U.S. territories, and in Contra Costa County, during the October 2017 DEA sponsored Take-Back Day, 1,628.2lbs of unwanted or unused prescription medication were removed; and

Whereas, the Contra Costa County Board of Supervisors supports April 28, 2018 as "National Prescription Drug Take Back Day" as declared by the DEA and encourages residents to locate their local collection site and safely dispose of their accumulated unwanted, unused prescription drugs; and

Whereas, the Contra Costa Medication Education and Disposal Safety (MEDS) Coalition engages youth and adults, schools, businesses, faith-based communities, law enforcement, medical professionals and local and county government officials to participate in Prescription Drug Abuse Awareness Month activities to raise awareness

about prescription drug dangers, promote safe medication storage and disposal and ensure Naloxone is available for those at high risk of overdose.

Now, Therefore, Be It Resolved that the Contra Costa County Board of Supervisors does hereby declare March 2018 as Prescription Drug Abuse Awareness Month in Contra Costa County, and encourages all citizens to participate in prescription drug related prevention programs and activities; Be it further resolved that the County Board of Supervisors encourages all community members to pledge, “Spread the Word... One Pill Can Kill”.

Contra

To: Board of Supervisors
From: Anna Roth, Health Services Director
Date: March 13, 2018

Subject: Smokefree Multi-Unit Residences and Hotels/Motels Ordinance

RECOMMENDATION(S):

ADOPT Ordinance No. 2018-07 to prohibit smoking in all dwelling units in any multi-unit residence and to prohibit smoking in all guest rooms in any hotel or motel; and DIRECT the Health Services Department to report back to Family and Human Services Committee on the implementation of the ordinance as part of its regular Annual Report on the Secondhand Smoke Protections Ordinance.

FISCAL IMPACT:

Minimal fiscal impacts to the County are expected. Should the Board adopt the ordinance, a portion of the Prop 99/Prop 56 funding that Contra Costa Health Services receives for its Tobacco Prevention Program can be utilized to implement the ordinance. Implementation of this ordinance will have no impact on the General Fund.

BACKGROUND:

At the April 2015 Family and Human Services Committee Meeting, Public Health presented its annual report on implementation of the County's Secondhand Smoke Ordinance and discussed challenges to protecting residents, workers and visitors from secondhand smoke and electronic smoking devices. Of specific concern were issues for residents living in multi-unit housing. The Committee directed staff to work with County Counsel to draft an ordinance that would create 100% smokefree multi-unit housing for the unincorporated communities.

David J. Twa, County Administrator and Clerk of the Board of Supervisors

By: , Deputy

cc: Tasha Scott, Marcy Wilhelm, Denise Dennis

BACKGROUND: (CONT'D)

Staff presented a draft ordinance and report to the Family and Human Services Committee on November 13, 2017. The Committee accepted the report and recommendations, and directed staff to broaden the ordinance to include 100% smokefree hotels/motels and take the revised ordinance to the full Board of Supervisors early in the new year. Staff was also directed to conduct outreach to the California Apartment Association, hotels in the unincorporated county, and home owner associations that may be affected.

The draft ordinance, titled "Smokefree Multi-Unit Residences", as well as the red-lined version of the relevant sections of Chapter 445, are attached to this report for review and consideration.

The definition of "multi-unit residence" in the ordinance is unchanged and means a building containing two or more dwelling units, including but not limited to apartments, condominiums, senior housing, nursing homes and single room occupancy hotels.

The attached draft ordinance revises the County Code to:

- Prohibit smoking in all dwelling units in multi-unit residences.
- Require every new, renewed, or continued lease or other rental agreement for the occupancy of a dwelling unit in a multi-unit residence to include terms that prohibit smoking in the dwelling unit.
- Prohibit smoking in all guest rooms in hotels and motels.

In order to provide for sufficient notification to landlords and owners, staff proposes that the requirement to modify leases and other rental agreements will go into effect on July 1, 2018. Beginning July 1, 2018, every new, renewed, or continued lease or other rental agreement for the occupancy of a dwelling unit in a multi-unit residence must include terms that prohibit smoking in the dwelling unit. After July 1, 2018, smoking will only be allowed in a dwelling unit (1) that is subject to a lease or other rental agreement that authorizes smoking and only until that agreement is modified as required by the ordinance, or (2) that is owner-occupied and only until July 1, 2019. Staff will develop an implementation plan that will provide outreach and education to landlords and occupants in anticipation that all multi-unit housing residences will be smoke-free by July 1, 2019.

CONSEQUENCE OF NEGATIVE ACTION:

Residents of multi-unit housing residences will not be protected from secondhand smoke exposure to the fullest extent possible. Visitors and workers will not be protected from secondhand smoke exposure in hotels and motels to the fullest extent possible.

CHILDREN'S IMPACT STATEMENT:

While the vast majority of Contra Costa residents do not smoke, many people are exposed to secondhand smoke where they live, especially children, the elderly and persons with vulnerable illness who spend much of their time at home. Secondhand smoke and the harmful chemicals contained in the smoke are associated with causation of sudden infant death syndrome, respiratory infections, ear infections and asthma attacks in infants and children. The proposed ordinance supports the following two children's outcomes: Children and Youth Healthy and Preparing for Productive Adulthood, and Communities that are Safe and Provide a High Quality of Life for Children and Families.

Landlord Liability

- Landlords are not liable for a tenant's breach of the smoking regulations if (1) the landlord has fully complied with all provisions of the law; and (2) upon receiving a signed written complaint regarding prohibited smoking, the landlord provides warning to the offending tenant. Upon receiving a second signed, written complaint against the offending tenant, the landlord may evict but is not liable for the failure to do so.

Penalties for Non-compliance with the Ordinance

Failure to comply with the ordinance can result in administrative fines of \$100 for the first violation, \$200 for the second violation within a year and \$500 for each additional violation within a year. Landlords who fail to comply with this ordinance may be subject to other legal claims by tenants.

Why is this Ordinance Important?

In 2006, the California Air Resources Board (CARB) designated secondhand smoke as a toxic air contaminant that may cause or contribute to an increase in deaths or in serious illness or pose a hazard to human health, particularly in children. The U.S. Surgeon General has declared that there is no safe level of exposure to secondhand smoke. Secondhand smoke causes as many as 53,000 deaths each year in the United States, approximately 6,000 of which occur in California.

Secondhand smoke has been shown to move through light fixtures, through ceiling crawl spaces, and into and out of doorways and windows. This ordinance helps to protect people who live in multi-unit housing in the unincorporated communities of Contra Costa County from the harmful effects of secondhand smoke.

New Law in Effect

In March 2013, the Contra Costa County Board of Supervisors amended the County's Secondhand Smoke Protections Ordinance to include more protections for residents of multi-unit housing in unincorporated Contra Costa.

Smoking of any tobacco product or other plant (including the use of a hookah pipe, medical marijuana or Electronic Nicotine Delivery System (ENDS) such as an e-cigarette) is prohibited in the following areas of multi-unit housing with 2 or more units:

- Common indoor and outdoor areas;
- Within 20 feet of doors, windows, air ducts and ventilation systems, except while walking from one destination to another;
- On all balconies, patios, decks and in carports; and
- In 100% of all dwelling units of multi-unit housing residences that receive a building permit after January 1, 2011.

Landlord Responsibilities

Under the law, the Owner and Manager of a multi-unit housing building must:

- Post "No smoking" signs with letters of not less than one inch in height, or the international "No Smoking" symbol (consisting of a burning cigarette in a red circle with a red bar across it). The sign must be visibly posted in every building or other place where smoking is prohibited by law;
- Not allow ashtrays or other receptacles for disposing of smoking material where smoking is prohibited;
- Not knowingly allow smoking in smoking prohibited areas; and
- Comply with lease/rental agreement requirements outlined in the next section.

Lease/Rental Agreement Requirements

Under the law, the Owner and Manager of a multi-unit housing building must:

- Maintain and keep on file at the premises: (1) a list of all designated nonsmoking units at the residence; (2) a floor plan of the residence that identifies the location of all designated non-smoking units, any units where smoking is permitted and any designated outdoor smoking areas; and
- With every new lease or rental agreement for the occupancy of a unit in a multi-unit residence, include:
 - ◊ A copy of the list of nonsmoking units;
 - ◊ A copy of the floor plan;
 - ◊ Information indicating whether a policy for handling smoking complaints is in effect at the multi-unit residence, and if so, the terms of the policy; and
 - ◊ A clause stating it is a material breach of the lease to a) violate any law regarding smoking while on the premises; b) smoke in a non-smoking unit; or c) smoke in any multi-unit residence common area where smoking is prohibited. (The California Apartment Association's form 34.0 may be used for this purpose).

Under certain conditions, landlords may designate a common outdoor area of a multi-unit housing residence as a smoking area. For more information contact the Tobacco Prevention Project at 888-877-4202.

In 2006, the California Air Resources Board (CARB) designated secondhand smoke as a toxic air contaminant that may cause or contribute to an increase in deaths or in serious illness or pose a hazard to human health, particularly in children.

Why is this Ordinance Important?

There is no safe level of exposure to secondhand smoke. This ordinance helps to protect everyone who lives and works in the unincorporated communities of Contra Costa County from the harmful effects of secondhand smoke.

Secondhand smoke causes as many as 53,000 deaths each year in the United States, approximately 6,000 of which occur in California. Health impacts of Secondhand Smoke (SHS) in California each year include:

- Over 400 lung cancer deaths
- Over 3,600 cardiac deaths
- About 31,000 episodes of asthma
- About 1,600 cases of low birth weights in newborns
- Over 4,700 cases of premature births

**If you or someone you know would like to quit smoking, call
1-800-NO BUTTS
for free cessation services and more information.**

Who do I call to make a complaint?

Any person may call the Contra Costa Health Services Tobacco Prevention Project at 888-877-4202.

What happens after a complaint is made?

A warning letter will be sent to the business owner about a possible violation of the ordinance. Failure to comply with the ordinance may result in fines.

Are there other remedies under the law?

Under the Americans with Disabilities Act, violators may be sued for \$50,000 for the first violation and \$100,000 for the second violation, plus attorney's fees, if a member of the public experiences damage to their health due to secondhand smoke exposure.

Chapter 445-2

GENERAL PROVISIONS

445-2.002 Title.

This division is known as the secondhand smoke and tobacco product control ordinance of Contra Costa County.

(Ords. 2006-66 § 4, 98-43 § 2, 91-44 § 2)

445-2.004 Purpose.

The purposes of this division are to protect the public health, safety and welfare against the health hazards and harmful effects of the use of addictive tobacco products; and further to maintain a balance between the desires of persons who smoke and the need of nonsmokers to breathe smoke-free air, while recognizing that where these conflict, the need to breathe smoke-free air shall have priority.

(Ords. 2006-66 § 4, 98-43 § 2, 91-44 § 2)

445-2.006 Definitions.

For the purposes of this division, the following words and phrases have the following meanings:

A "characterizing flavor" includes, but is not limited to, a taste or aroma relating to a fruit, chocolate, vanilla, honey, candy, cocoa, dessert, alcoholic beverage, menthol, mint, wintergreen, herb, or spice.
- (b) "Cigar" means any roll of tobacco other than a cigarette wrapped entirely or in part in tobacco or any substance containing tobacco and weighing more than three pounds per thousand.

- (f) "Enclosed" means all space between a floor and ceiling where the space is closed in on all sides by solid walls or windows that extend from the floor to the ceiling. - (q) "Smoke" means the gases, particles, or vapors released into the air as a result of combustion, electrical ignition, or vaporization when the apparent or usual purpose of the combustion, electrical ignition, or vaporization is human inhalation of the byproducts, except when the combusting or vaporizing material contains no tobacco or nicotine or illegal substances, and the purpose of inhalation is solely olfactory, such as, for example, smoke from incense. The term "smoke" includes, but is not limited to, tobacco smoke, electronic smoking device vapors, marijuana smoke, and smoke from any illegal substance.

Re: Smokefree Multi-unit Residences and Hotels Ordinance and Staff Report
Date: 2/27/18

I. Background

At the April 2015 Family and Human Services Committee Meeting, Public Health presented its annual report on implementation of the County's Secondhand Smoke Ordinance and discussed challenges to protecting residents, workers and visitors from secondhand smoke and electronic smoking devices. Of specific concern were issues for residents living in multi-unit housing. The Committee directed staff to work with County Counsel to draft an ordinance that would create 100% Smokefree Multi-unit housing for the unincorporated communities.

Staff presented a draft ordinance and report to the Family and Human Services Committee on November 13, 2017. The Committee accepted the report and recommendations, and directed staff to broaden the ordinance to include 100% smokefree hotels and take the revised ordinance to the full Board of Supervisors early in the new year. Staff was also directed to conduct outreach to the California Apartment Association, hotels in the unincorporated county, and home owner associations that may be affected.

Addressing Secondhand Smoke in Contra Costa County. The Board of Supervisors adopted a comprehensive Secondhand Smoke Protections Ordinance in 2006. This decision came on the heels of the California Air Resources Board report designating secondhand smoke as a toxic air contaminant based on a review of the research linking secondhand smoke with numerous adverse health effects. The same year, the US Surgeon General reported that there is no safe level of exposure to secondhand smoke. The World Health Organization issued a similar statement in 2007 and added that there is indisputable evidence that implementing 100% smoke-free environments is the only effective way to protect the population from the harmful effects of secondhand smoke. WHO went on to say that ventilation and smoking areas, whether separately ventilated from non-smoking areas or not, do not reduce exposure to a safe level of risk and are not recommended. Air filtration companies agree that ventilation systems do not eliminate health risks caused by secondhand smoke, and in 2015, the American Society of Heating, Refrigerating, and Air-Conditioning Engineers (ASHRAE) updated its ventilation standards and re-confirmed its 2006 position that acceptable indoor air quality is based on an environment that is completely free from secondhand tobacco smoke, secondhand marijuana smoke, and emissions from electronic smoking devices.

Secondhand smoke and the harmful chemicals contained in the smoke are associated with causation of sudden infant death syndrome, respiratory infections, ear infections and asthma attacks in infants and children. They also have a strong relationship with heart disease, stroke, and lung cancer in adult nonsmokers. The Board strengthened the County's secondhand smoke protections in October 2009, October 2010, April 2013, June 2014 and July 2017 in response to community complaints regarding drifting smoke and the need for additional policies to protect public health. These amendments to the county code included expanding secondhand smoke protections to make all County-owned outdoor

properties 100% smoke-free, and inclusion of electronic smoking devices in the definition of “secondhand smoke.”

While the vast majority of Contra Costans do not smoke, many people are exposed to secondhand smoke where they live, especially children, the elderly and persons with vulnerable illness who spend much of their time at home. Research also shows that lower-income populations and communities of color have markedly higher rates of exposure to and therefore greater health risks from secondhand smoke.¹ There are approximately 10,000 individual multi-unit housing units in the unincorporated county alone (California Department of Finance). Secondhand smoke can and does transfer between units, through wall cracks and under doors, with 65% of air in apartments coming from other units.^{2,3,4} The majority of the 120 secondhand smoke complaints received by the Public Health Department’s Tobacco Prevention Program over the last three years continue to be from multi-family housing residents, with 96 complaints regarding unit-to-unit and outside-to-unit drifting smoke. For residents of the unincorporated county, staff follows up with landlords and property owners regarding compliance with the County’s current laws. However, since the County’s current ordinance does not include protections that address unit-to-unit drifting smoke, many of these residents are still exposed to secondhand smoke in their homes.

An increasing number of communities in California have moved to address the issue of drifting secondhand smoke between in multi-unit residences as an air quality and health issue. At least 90 communities statewide, including 27 jurisdictions in the Bay Area, have adopted 100% smokefree multi-unit housing laws, including Danville, El Cerrito, Richmond and Walnut Creek in Contra Costa, and the Counties of Sonoma, San Mateo and Santa Clara. Unit-to-unit drifting smoke exposure would be alleviated with a similar provision in the County’s ordinance.

II. Provisions of the Ordinance

The draft ordinance, titled Smokefree Multi-Unit Residences, as well as the red-lined version of the relevant sections of Chapter 445, are attached to this report for review and consideration.

The definition of “multi-unit residence” in the ordinance is unchanged and means a building containing two or more dwelling units, including but not limited to apartments, condominiums, senior housing, nursing homes and single room occupancy hotels.

The attached draft ordinance revises the County Code to:

- Prohibit smoking in all dwelling units in multi-unit residences.
- Require every new, renewed, or continued lease or other rental agreement for the occupancy of a dwelling unit in a multi-unit residence to include terms that expressly prohibit smoking in the dwelling unit.
- Prohibit smoking in all hotel and motel guest rooms.

In order to provide for sufficient notification to landlords and owners, staff proposes that the requirement to modify leases and other rental agreements will go into effect on July 1, 2018. Beginning July 1, 2018, every new, renewed, or continued lease or other rental agreement for the occupancy of a dwelling unit in a multi-unit residence must include terms that prohibit smoking in the dwelling unit. After July 1, 2018, smoking will only be allowed in a dwelling unit (1) that is subject to a lease or other rental agreement that authorizes smoking and only until that agreement is modified as required by the ordinance, or (2) that is owner-occupied and only until July 1, 2019. Staff will develop an implementation plan that will provide outreach and education to landlords and occupants in anticipation that all multi-

unit housing residences will be smoke-free by July 1, 2019, one year from the effective date of the ordinance.

III. Outreach and Implementation Considerations

In response to 11/13/17 Family and Human Services direction, outreach was conducted and information obtained from the following organizations:

- The California Apartment Association was consulted for feedback on the ordinance, and is supportive of smokefree multi-unit housing. The Association requested one modification to the ordinance, to explicitly exempt the signage posting requirements for individual units. This modification is included in the draft ordinance.
- Staff was asked to contact Home Owner Associations (HOAs) in the unincorporated county to get input on the proposed smokefree multi-unit residences ordinance. In the course of trying to identify these organizations, it was found that many HOAs represent single-family home owners, which are not covered under the draft ordinance. However, staff was able to make contact with representatives from three HOAs in the unincorporated county, as well as one property management company with close to 200 complexes in the East Bay. A brief interview with these representatives was conducted, with 2 representatives expressing concern and 2 representatives conveying enthusiastic support for smokefree multi-unit residences.
- Hotels located in the unincorporated county were identified and contacted about their existing smoking policies. There are 4 hotels (Burlington Hotel in Port Costa; Crown Plaza in Concord; Embassy Suites and The Renaissance Hotel in Walnut Creek) each have their own smoke-free rooms policy, and do not allow smoking anywhere inside the hotel.

If adopted, the Smokefree Multi-Unit Residences ordinance will be implemented through the Public Health Department's Tobacco Prevention Program. Compliance with the new smokefree multi-unit housing law will be achieved through educational efforts with owners, property managers and residents of multi-unit housing, and community groups. Educational efforts would include updating the County's brochures on Secondhand Smoke laws; an educational mailing to multi-unit housing managers, owners and associations; presentations to the Municipal Advisory Committees and community groups; and collaborations with the California Apartment Association to provide technical assistance to landlords in implementing the new law.

Outreach and education efforts to the community will include information on how to make a complaint about drifting smoke in multi-unit residences, and an educational approach will be employed to address non-compliance. This approach will include working with owners/managers to assure that requirements of owners/managers under the ordinance are met, and providing technical assistance to owners/managers on compliance issues. If the owner/manager has implemented the required lease terms and signage, staff will also correspond with the tenant to educate the tenant on the law. The Tobacco Prevention Program has utilized a similar approach for addressing violations of other multi-unit residence smoking restrictions under the County's ordinance, such as no smoking in common areas or near doors and windows of these buildings.

IV. Fiscal Impact. Minimal fiscal impacts to the County are expected. Should the Board adopt the ordinance, a portion of the Prop 99/Prop 56 funding received for Public Health's Tobacco Prevention Program can be utilized to implement the ordinance over the next year.

Hi Elizabeth,

As you know I haven't been able to attend the meetings as often as I would like to given my work schedule. I've been able to call in a couple of times but honestly I completely forget sometimes, hence why I was absent today I totally forgot to call in. I've been on the Committee for quite a while now so I think it's time for me to give up my seat, especially since I cannot be as present as I would like. Maybe sometime in the future I can come back or if you ever decide to change the day and time. LOL. It was great to be a part of the committee for as long as I was and I enjoyed seeing you guys. I'd be happy to come in and help with anything or just come and say hi sometime.

Beatriz, would it be possible for you to tell me when I started sitting on the committee? I'd like to have my start and end time for future reference. Also let me know if there is any outstanding paperwork or anything I need to take care of.

I'll miss you guys!

Describe why you are interested in serving on this advisory board/commission (please limit your response to one paragraph).

I have been heavily involved on the grassroots level with county sustainability issues. I am an active member of the Contra Costa Local Clean Energy Alliance, and am currently assisting with Marin Clean Energy roll out as a member of their Contra Costa West County Advisory Group (CLAG). I have been at the forefront of public campaigns to improve air quality and protect the public health of impacted communities in the refinery corridor. I want to see this county become a state leader in the development of renewable resources. I am acutely aware of the intersection of housing, transportation, employment and environmental justice issues in Contra Costa and feel that I can bring a useful perspective to this citizens advisory commission. Participating in it will also help upgrade my understanding of technical issues, which will in turn enable more effective citizen activism.

of aviation; and protect the general welfare of the people living and working near the airport and the County in general.

The AAC may initiate discussions, observations, or investigations and may hear comments on airport and aviation matters from the public or other agencies in order to formulate recommendations to the Board. In conjunction with all of the above, the Aviation Advisory Committee provides a forum for the Director of Airports regarding policy matters at and around the airport.

The Internal Operations (IO) subcommittee generally interviews and makes an appointment recommendation to the Board for the AAC At-Large positions. At the IO's July 10, 2017 meeting they recommended that the AAC At-Large position interview and selection process be referred to the Airport Committee as they have direct oversight and involvement in Airport related matters. On August 1, 2017, the Board approved referring the AAC At-Large position recruitment and selection process to the Airport Committee.

The AAC comprises 11 members: one appointed by each Supervisor; one from and nominated to the Board by the City of Concord; one from and nominated to the Board by the City of Pleasant Hill; one from and nominated to the Board by the Contra Costa County Airports Business Association; and three At-Large to represent the general community, to be nominated by the Airports Committee. At least one of the above shall be a member of the Airport Land Use Commission.

Terms for the AAC seats are three years ending March 1.

The seat will expire March 1, 2021. Applications were accepted and the recommendation to reappoint the above individual was then determined.

CONSEQUENCE OF NEGATIVE ACTION:

The At-Large #1 seat on the Aviation Advisory Committee will be vacant.

David J. Twa, County Administrator and Clerk of the Board of Supervisors

By: , Deputy

BACKGROUND:

In July of 2017, the County commenced its recruitment to fill the Chief Information Officer/Director of Information Technology - Exempt position which has been vacant since the retirement of Ed Woo, former Chief Information Officer/Director of Information Technology - Exempt, in June 2017.

The County contracted with Alliance Recruiting Resources, Inc. (AR) to conduct the recruitment AR. Invitation letters and copies of the recruitment brochure were sent to 100 potential CIO candidates. This outreach list was national. The position was advertised nationwide, including at Careersingovernment.com, Dice.com, LinkedIn, and the Municipal Information Systems Association of California. By the end of the five week recruiting period, a total of 284 resumes were received. Of these resumes, 109 applicants met the minimum qualifications. These 109 candidates were asked to complete supplemental information forms. After additional candidate screening and interviews, six finalists were chosen to be interviewed by the County's Management and Technical panels on October 30, 2017. The County made an offer of employment to an out of state candidate who declined the offer after evaluating the impact of pension reform on her final compensation and benefit formula. On February 16, 2018, a new slate of finalists was interviewed for the Assistant CIO position, some of whom had also applied for CIO. Mr. Shorr was recommended to me for consideration.

Following a series of interviews, reference checks and other background investigation, I selected Marc Shorr for the position.

Mr. Shorr holds a Bachelor's Degree in Business Administration and Information Systems from University of Phoenix and a Master of Public Administration from Golden Gate University. He currently serves as the Director of Corporate Technology/CIO for Golden Gate Bridge, Highway and Transportation District, after serving as Assistant Director of Information Technology for San Joaquin County from 2006 to 2013, and Information Systems Manager from 2001 to 2006. Prior to working for San Joaquin County, Mr. Shorr served as Director of Information Systems at MicroAge Information Systems and Northwest Regional Manager at CompUSA. Mr. Shorr is the recipient of the 2012 AIIM Carl E. Nelson Best Practices Award, the 2011 Gold and 2009 Silver Winner of the BPM-Focus/WFMC Global Excellence in Workflow Award, Local Area Warrant System and SOA Implementation Project, and the 2004 Innovation Award for demonstrated leadership in management and IT for PeopleSoft implementation. Mr. Shorr co-chaired the Capital Bay Planning Area, which includes representatives planning and developing strategic technology and policy initiatives for Northern California County's first responders, and is active in the California County Information Services Directors Association and the Project Management Institute, Sacramento Valley Chapter. Mr. Shorr has successfully led large-scale organization-wide projects, including the rollout of PeopleSoft HRMS, Financials, Budgeting PeopleSoft Portal, and property tax system while at San Joaquin. In addition, he played a significant role in construction of the San Joaquin County Administration Building. Mr. Shorr is passionate about the value of information technology in the public sector and looks forward to applying energies to the benefit of Contra Costa County.

I am recommending Marc Shorr be appointed Chief Information Officer/Director of Information Technology - Exempt at Step 4 of the salary range effective March 19, 2018.

CONSEQUENCE OF NEGATIVE ACTION:

The County will not have a Chief Information Officer to lead the Department of Information Technology and envision of technology needed to position the County for success into the future.

Date: March 13, 2018

Subject: Appointment to the Family and Children's Trust Committee

RECOMMENDATION(S):

APPOINT Jackelynn Campos to the Seat 5 - Mental Health seat on the Family and Children's Trust (FACT) Committee, as recommended by the Family and Human Services Committee.

FISCAL IMPACT:

None.

BACKGROUND:

The Family and Children's Trust Committee (FACT), was established in 1982 by the Contra Costa County Board of Supervisors to make funding recommendations on the allocation of a variety of funds for prevention and intervention services to reduce child abuse and neglect, provide supportive services to families and children, and promote a more coordinated, seamless system of services for families. Funding for FACT supported projects derived from federal and state program legislation, and donations to the County's Family and Children's Trust Fund.

Every two years, the members of the FACT establish a series of County priorities for the use of these funds through review of existing data and reports and by holding Public Hearings in various areas of the county. The Committee then develops a competitive bidding process to select non-profit, community-based agencies that can best provide the services determined to be most important.

BACKGROUND: (CONT'D)

Program recommendations are made to the Board of Supervisors which makes the final funding decisions. The Committee continues to evaluate these funded programs to ensure continued provision of quality service and achievement of stated goals. Programs currently being supported include countywide parenting classes, therapeutic day care for emotionally disturbed children, treatment for families, young children and teens with both substance abuse and child abuse issues, services for homeless families, and projects to support children whose mothers have been victims of domestic violence and sexual assault.

The FACT has up to fifteen members who are appointed by the Board and include citizens with expertise in children's issues, education, law, non-profit agency management, public health, and program research/evaluation. In addition, the Director of the Child Abuse Prevention Council sits as ex-officio member of the Committee and participates in all matters except actually voting on funding recommendations. Terms for all Commission seats are two years. FACT Committee membership consists of the following: five At-Large seats; one representative from each of the five Supervisorial Districts; five discipline/sector specific seats.

There are currently 11 seats filled and there are four vacancies on FACT. MEMORANDUM

DATE: February 9, 2018
TO: Family and Human Services Committee
CC: Enid Mendoza, CAO Sr. Deputy County Administrator
FROM: Donna Van Wert, Interim Executive Director
SUBJECT: **Appointment to Workforce Development Board**

This memorandum requests the Family and Human Services Committee recommend to the Contra Costa County Board of Supervisors the appointment of the following candidates to the new WIOA compliant Workforce Development Board of Contra Costa County.

Background:

Local board structure and size:

Compared to predecessor legislation, the Workforce Innovation and Opportunity Act (WIOA) substantially changes Local Board composition by reducing local workforce development board size while maintaining a business and industry majority and ensuring representation from labor and employment and training organizations.

The Executive Committee of the local WIOA board met January 21, 2016 and approved a recommended WIOA Board configuration, subsequently approved by the Board of Supervisors on March 29, 2016. To meet the categorical membership percentages, the WDB recommended a board of twenty-five (25) members. This option represents the minimum required local board size under WIOA plus an additional six (6) optional representatives in the following enumerated categories: 1) business; 2) workforce; 3) education and training.

Category – Representatives of Business (WIOA Section 107(b)(2)(A))

- Thirteen (13) representatives (52%)

Category – Representatives of Workforce (WIOA Section 107(b)(2)(A))

- Five (5) representatives (20%)

Category – Representatives of Education and Training (WIOA Section 107(b)(2)(C))

- One (1) Adult Education/Literacy Representative (WIOA title II)
- One (1) Higher Education Representative
- One (1) Economic and Community Development Representative
- One (1) Wagner Peyser Representative
- One (1) Vocational Rehabilitation Representative

Two (2) additional seats from the above categories, including constituencies referenced in Attachment III of Training Employment & Guidance Letter (TEGL) 27-14.

Recommendation:

- a) Recommend approval of local board candidate for the vacant Business Seat # 13 to the new WIOA-compliant board (*Attached application & board roster*)
- Interview Date – December 4, 2017
 - Melissa Johnson-Scranton- Approved on January 17, 2018 at the Executive Committee Meeting
 - No other candidate competed for the vacant Business Seat # 13

Chief Carman and the Metro Fire Chiefs are in support of SB 833 and recommend that the Board of Supervisors support the bill as well. Though there are some amendments that the Chiefs will be seeking, including the requirement of an "opt-out" enrollment for mobile device users, the general framework of the bill is supported.

The County's Community Warning System Manager indicated that the requirements in the bill are in line with Contra Costa County's system implementation and would not require substantive changes.

The text of the bill is included in Attachment A. The Fact Sheet for the bill is Attachment B.

Due to the cancellation of the March meeting of the Legislation Committee, there is no Committee recommendation on the bill. It is recommended by staff that the Board of Supervisors adopt a position of "Support" on the bill.

SENATE BILL**No. 833****Introduced by Senators McGuire, Dodd, and Hill**

(Principal coauthors: Assembly Members Aguiar-Curry, Levine, and Wood)

January 4, 2018

An act to add Sections 8588.4 and 8594.6 to the Government Code, relating to emergency services.

LEGISLATIVE COUNSEL'S DIGEST

SB 833, as introduced, McGuire. Emergency alerts: evacuation orders: operators.

The California Emergency Services Act establishes the Office of Emergency Services (OES) in the office of the Governor and provides that OES is responsible for the state's emergency and disaster response services for natural, technological, or manmade disasters and emergencies. The act also provides for systems for the public dissemination of alerts regarding missing children, attacks upon law enforcement officers, and missing persons who are 65 years of age or older, among others, and requires the Department of the California Highway Patrol to activate these systems and issue alerts upon the request of a law enforcement agency if certain conditions are met.

This bill would provide for a red alert system designed to issue and coordinate alerts following an evacuation order, as specified. The bill would require the red alert system to incorporate a variety of notification resources and developing technologies that may be tailored to the circumstances and geography of the underlying evacuation, as appropriate. The bill would require a local government agency or state agency that uses the federal Wireless Emergency Alert (WEA) system to alert a specified area of an evacuation order to use the term "red alert" in the alert and notify OES of the alert.

The bill would further require, on or before January 1, 2019, OES to both include a red alert link on its Internet Web site and establish standards, guidelines, and procedures for the red alert system. On or before July 1, 2019, the bill would require OES to both ensure that each emergency management office within a county or city is a registered WEA operator and has up-to-date WEA software and equipment. The bill also would require OES to ensure that emergency management personnel trained on the WEA system receive yearly training in WEA software and equipment operation.

The bill, upon appropriation by the Legislature, would require an emergency management office within a county or city and county to be provided moneys for the purposes of implementing this provision. The bill also would authorize the state and local government agencies to receive in-kind contributions or donations from the private sector, or grant funds from the federal government for this provision. By increasing the duties of local governments, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:

- 1 SECTION 1. The Legislature finds and declares as follows:
- 2 (a) The size and scope of wildland fires in California have grown
- 3 significantly over the past decade. These disasters have put the
- 4 lives of millions at risk and the need to alert residents of danger
- 5 from these unprecedented disasters has never been greater.
- 6 (b) While opt-in emergency alert systems, such as Nixel, are
- 7 critical to the safety of residents, it has become clear that the state
- 8 must develop an emergency alert system that is deployed to all
- 9 residents on multiple communication mediums and not just to
- 10 those who subscribe to opt-in systems.

1 (c) The Northern California firestorm of 2017 is the most
2 destructive and deadly wildland fire disaster in American history.

3 (d) The death toll from blazes in northern California remains at
4 44 people, including 24 people in the County of Sonoma, nine
5 people in the County of Mendocino, seven people in the County
6 of Napa, and four people in the County of Yuba.

7 (e) About 170,000 acres were burned in the northern California
8 fires.

9 (f) The Southern California wildfires of December 2017,
10 including the Thomas Fire, burned over 307,000 acres.

11 (g) The Thomas Fire is the largest wildland fire in California's
12 modern history, burning at least 281,620 acres.

13 (h) The federal Wireless Emergency Alert (WEA) system is a
14 public safety system that allows customers who own certain
15 wireless telephones and other enabled mobile devices to receive
16 geographically targeted, text-like messages alerting them of
17 imminent threats to safety in their area. The WEA system was
18 established in 2008 pursuant to the federal Warning, Alert, and
19 Response Network (WARN) Act and became operational in 2012.
20 Since then, over 21,000 WEA alerts have been issued.

21 (i) Authorized national, state, or local government authorities
22 may send alerts regarding public safety emergencies—such as
23 evacuation orders or shelter-in-place orders due to severe weather,
24 a terrorist threat, or chemical spill—using WEA.

25 (j) The alerts from authenticated public safety officials are sent
26 through the Federal Emergency Management Agency's (FEMA's)
27 Integrated Public Alert and Warning System (IPAWS) to
28 participating wireless carriers, which then push the alerts to mobile
29 devices in the affected area.

30 (k) It is the intent of the Legislature that every tool be used to
31 prevent another catastrophe like the north coast firestorm.

32 SEC. 2. Section 8588.4 is added to the Government Code, to
33 read:

34 8588.4. (a) On or before July 1, 2019, the Office of Emergency
35 Services (OES) shall ensure both of the following:

36 (1) That each emergency management office within a county
37 or city and county is a registered federal Wireless Emergency Alert
38 (WEA) operator.

39 (2) That each emergency management office within a county
40 or city and county has functional, up-to-date WEA software or

1 state-sanctioned equivalent software along with suitable ancillary
2 equipment needed to operate the WEA system or state-sanctioned
3 equivalent emergency alert software.

4 (b) The Office of Emergency Services shall ensure that the
5 personnel of each emergency management office within a county
6 that are trained on the WEA system receive training in WEA
7 equipment and software operation at least once each year.

8 SEC. 3. Section 8594.6 is added to the Government Code, to
9 read:

10 8594.6. (a) For purposes of this section, “red alert” system
11 means a quick response system designed to issue and coordinate
12 alerts following an evacuation order.

13 (b) The red alert system shall incorporate a variety of notification
14 resources and developing technologies that may be tailored to the
15 circumstances and geography of the underlying evacuation. The
16 red alert system shall utilize the state-utilized emergency
17 notification systems, including but not limited to, local digital
18 signs, radio, television, focused text, automated emergency
19 notification systems, or other technologies, as appropriate, in
20 addition to the federal Wireless Emergency Alert (WEA) system,
21 if authorized and under conditions permitted by the federal
22 government.

23 (c) A local government agency or state agency that uses the
24 federal WEA system to alert a specified area of an evacuation
25 order shall both use the term “red alert” in the alert and notify the
26 Office of Emergency Services of the alert. Upon receiving this
27 notification, the Office of Emergency Services shall utilize the
28 state-utilized emergency notification systems, including, but not
29 limited to, local digital signs, radio, television, focused text, or
30 other technologies, as appropriate, in addition to the federal WEA
31 system for the alert.

32 (d) When the emergency management office within a county
33 or city and county uses the federal WEA system to alert a specified
34 area of an evacuation order, the emergency management office
35 shall also send an equivalent alert to all landline phones within
36 that specified area.

37 (e) On or before January 1, 2019, the Office of Emergency
38 Services shall augment the office’s public Internet Web site to
39 include a red alert link that describes the red alert process,
40 objectives, and available quick responses. The Internet Web site

1 shall explain that the term “red alert” will communicate that an
2 evacuation is underway and that the scope of an alert will be
3 tailored to the circumstances of the evacuation and available
4 technologies.

5 (f) On or before January 1, 2019, the Office of Emergency
6 Services shall establish the following for the red alert system:

7 (1) Standards for when counties should use and deploy the
8 system.

9 (2) Guidelines and protocols for when and how the alerts should
10 be sent.

11 (3) Guidelines for sending alerts to cell phones and landline
12 phones.

13 (4) Procedures for verifying, initiating, modifying, and canceling
14 alerts transmitted via an alert system.

15 (5) Guidelines for the technical capabilities of an alert system.

16 (6) Guidelines for the technical capability that provides for the
17 priority transmission of alerts.

18 (7) Guidelines for other capabilities of an alert system.

19 (8) Standards for equipment and technologies used by an alert
20 system.

21 (9) Cost estimates for technology purchasing.

22 (g) Upon appropriation by the Legislature, an emergency
23 management office within a county or city and county shall be
24 provided moneys for the purpose of implementing this section.
25 The state and local government agencies also may receive in-kind
26 contributions or donations from the private sector, or grant funds
27 from the federal government, for these purposes.

28 (h) This section shall not be construed to limit the ability of
29 emergency management offices or other WEA operators to use
30 the WEA system for other emergency purposes.

31 SEC. 4. If the Commission on State Mandates determines that
32 this act contains costs mandated by the state, reimbursement to
33 local agencies and school districts for those costs shall be made
34 pursuant to Part 7 (commencing with Section 17500) of Division
35 4 of Title 2 of the Government Code.

Senate Bill 833

Red Alerts: Statewide Emergency Alert Protocols

Senator McGuire, Dodd, and Hill

Summary

The size and scope of wildland fire events in California are only getting worse, and the Golden State is facing a new normal when it comes to these fire events. 2017 was an unprecedented year for wildland fire events in California; the North Bay Area Firestorm is ranked as the most destructive and deadly in American history with 44 lives lost and some residents still missing. Last year also saw the largest wildland fire in our state's history with the Thomas Fire in Southern California and the mudslides that followed, tragically killing at least 21 residents.

Through all of these massive disasters, it has become clear there are shortcomings in our emergency alert system and residents deserve timely notifications and up-to-date information. Lives depend on the Legislature and Governor taking swift action to ensure that statewide emergency alert standards are adopted, additional training is implemented and more funding is secured so that communities big and small have reliable alert systems deployed.

There are currently no statewide standards for how emergency alerts should go out, and that has led to inconsistency on how residents are notified for evacuation. SB 833 will create statewide protocols that will make sure all tools available are used during future natural and man-made disasters and ensure residents have the information they need to stay safe.

Background

The firestorm that ravaged Sonoma, Napa, Lake and Mendocino counties destroyed over 6,000 homes, and scorched more than 170,000 acres, causing billions in damage and resulting in the death of 44 residents. The Southern California wildfires of December 2017 burned over 307,000 acres, including the Thomas Fire, which is the largest wildland fire in California's modern history, burning 281,893 acres.

The federal Wireless Emergency Alert (WEA) system is a public safety system that allows residents who own certain wireless telephones and other enabled mobile devices to receive geographically targeted, text-like messages alerting them of imminent threats to safety in their area. The WEA system was established in 2008 pursuant to the federal Warning Alert and Response Network (WARN) Act and became operational in 2012. Since then, over 21,000 WEA alerts have been issued.

Problem

In California, we have 58 different sets of procedures and protocols for how emergency evacuation alerts are deployed. With each of the Golden State's counties deploying differently, there is no statewide standard for alerts or the equipment that broadcasts them. This leaves tens of millions of lives vulnerable to an impending disaster.

Thousands of residents were caught unaware that a massive wildland fire, burning approximately 200 feet per minute, was about to engulf their home/business in the North Bay because they did not receive an emergency alert. While there are hundreds of harrowing stories of bravery that night, regrettably, not everyone received a warning. Residents reported that they did not receive emergency alerts either by phone or landline during the peak of the evacuations. After initial review, it has become obvious a statewide standard for emergency alerts must be established.

Solution

SB 833 will create a framework for how large emergency evacuation alerts will go out. Specifically, the bill would:

- Require county offices of emergency management, by July 1, 2019, to have the equipment and WEA software or state sanctioned equivalent emergency alert software.
- Require OES, by January 1, 2019, to establish standards on issuing warnings.
- Mandate that landline alerts must be sent by county offices of emergency management to areas where a WEA or equivalent alert is sent.
- Require ongoing training for personnel within county offices of emergency management that are tasked with using the software.
- Require OES to be notified when the WEA or equivalent alerts are used. Upon receiving notification, OES shall utilize the state-utilized emergency notification systems. This would include, but not limited to, digital highway signs, radio, television, or other technologies, as appropriate, in addition to the WEA or equivalent system of the initial alert.
- Provide funds to counties for the purpose of implementing the bill upon appropriation by the legislature, and allow locals to receive private donations to implement the WEA or equivalent system.

While it may be impossible to stop the new reality California faces with these unprecedented natural disasters, the statewide protocols for emergency alerts created by SB 833 will save lives. California must upgrade from 20th century technology and invest in tools that will help tackle 21st century challenges that threaten the safety of our communities.

From: Kathy Gallagher, Employment & Human Services Director

Subject: Add One Automated Call Distribution Coordinator I (represented) position and Cancel One Clerical Supervisor position (represented)

RECOMMENDATION(S):

ADOPT Position Adjustment Resolution No. 22228 to add one Automated Call Distribution Coordinator I (LBWB) (represented) position at Salary Plan and Grade ZB5 1636 (\$6,024 - \$7,322) and cancel one Clerical Supervisor (JWHF) (represented) vacant position #16096 at Salary Plan and Grade K6X 1290 (\$4,266-\$5,447) in the Employment and Human Services Department, Workforce Services Bureau.

FISCAL IMPACT:

Approval of this action will have a net annual county cost increase of \$2,322. The position is funded 42% Federal, 48% State, and 10% County. The annual pension cost of the Automated Call Distribution Coordinator I is \$41,317, which is \$7,431 more than the Clerical Supervisor position.

BACKGROUND:

The Employment and Human Services Department is requesting to cancel one vacant Clerical Supervisor (JWHF) position and add one (1) Automated Call Distribution Coordinator I (LBWB)) position to the Workforce Services Bureau. The new position will report to the Division Manager.

Currently, the Employment and Human Services Department has one (1) Automated Call Distribution Coordinator I (LBWB) supporting three (3) service centers: the Medi-Cal/Cal-Fresh Service Center located in Antioch and Richmond, the Health Care Access Center, and the Medi-Cal Mail Intake Unit.

BACKGROUND: (CONT'D)

The duties required to support the three (3) service centers are beyond the capacity of one (1) Automated Call Distribution Coordinator I. Service centers in the Workforce Services Bureau have grown from one (1) to three (3) centers that are geographically spread across the county. As the service centers have multiplied, so has the demand and need for Automated Call Distribution Coordinator I support at a local level. Upcoming enhancements to the telephony system at all service centers, workforce management systems, and quality monitoring systems, will require additional Automated Call Distribution Coordinator I support.

CONSEQUENCE OF NEGATIVE ACTION:

If this action is not approved, the department will be unable to provide adequate telephony support to all service centers resulting in substandard customer service and hinder the department's ability to meet key performance indicators for service center metrics.

are also conducting ongoing discussions about the structure and staffing required to maintain the Health Services facilities at the needed levels for certification from the appropriate authorities. These interdepartmental discussions may lead to recommendations for structural or staffing changes in one, or both, departments in the future.

Creating a management structure within the Health Services department would provide the control of the maintenance of the Hospital and Clinics facilities needed to maintain licensing. A Health Services reporting structure would allow Health Services the ability to direct the operational and functional areas of the Contra Costa Regional Medical Center and Health Centers. These additions are anticipated to reduce, over a period of time, emergency maintenance work and allow the Department to make independent decisions set forth by the CCRMC Chief Executive Officer, Board of Supervisors, and Federal, State and County laws, ordinances and regulations.

CONSEQUENCE OF NEGATIVE ACTION:

Continued sharing of management resources between the Hospital and Clinics and other facilities of the County, which is inefficient.

Subject: Cancel one Pharmacist I position and add one Clinical/Drug Information Coordinator in the Health Services Department.

RECOMMENDATION(S):

ADOPT Position Adjustment Resolution No. 22244 to cancel one vacant full time Pharmacist I (VYWA) position (#7567) at salary plan and grade TC5 1998 (\$10,345 - \$11,975) and add one full time Clinical/Drug Information Coordinator (VYSD) position at salary plan and grade TC5 1923 (\$9,604 - \$12,257) in the Health Services Department. (Represented)

FISCAL IMPACT:

Upon approval, there is an annual cost of approximately \$4,960, which includes estimated pension costs of \$1,197. The cost will be funded 100% by Hospital Enterprise Fund I.

BACKGROUND:

Health Services Pharmacy Division is in need of a lead position to provide oversight on all clinical drugs and regulatory processes. The cancellation of the vacant Pharmacist I position and adding one Clinical/Drug Information Coordinator position will fulfill this need and improve oversight in all clinical drug monitoring, protocols, and clinical duties at the hospital and clinics. The Pharmacy Division plays an important role and continues to be a critical asset to Contra Costa Regional Medical Center and Health Centers when it comes to regulatory awareness and state of readiness to respond to audit inquiries. Health Services has evaluated the needs of the Pharmacy Division and has determined the a Clinical/Drug Information Coordinator would best fulfill this demand.

Subject: Cancel one permanent intermittent MH Clinical Specialist and add one permanent full time MH Clinical Specialist in Health Services Department.

RECOMMENDATION(S):

ADOPT Position Adjustment Resolution No. 22246 to cancel one permanent intermittent Mental Health Clinical Specialist (VQSB) position #9899 and add one full time Mental Health Clinical Specialist (VQSB) position at salary plan and grade TC2 1384 (\$4,835 - \$7,178) in the Health Services Department. (Represented)

FISCAL IMPACT:

Upon approval, there is no fiscal impact for this position adjustment request.

BACKGROUND:

Health Services Department's Psychiatric Emergency Services (PES) Unit is experiencing an increase in the number of patients being processed and admitted. The department believes by canceling a permanent intermittent Mental Health Clinical Specialist position and adding a permanent full time Mental Health Clinical Specialist position will help address part of this increased need. Traditionally, permanent intermittent positions have proven to be more difficult to fill than permanent full time positions. Based upon the department's evaluation of the needs of the unit and its patient population, it has determined converting this Mental Health Clinical Specialist position from permanent intermittent to permanent full time would address the recruitment issue in filling the position.

BACKGROUND:

The Second Amendment to Lease will provide for the continued use of a training facility, owned by the City of Pittsburgh, for use by the Sheriff-Coroner's Law Enforcement Training Center. The training facility will be used for the Sheriff's basic academy, advanced officer training, and as a regional training center for in-service training courses as requested by the Sheriff-Coroner.

CONSEQUENCE OF NEGATIVE ACTION:

Without the Board's approval to amend the lease for the continued operation of the Sheriff-Coroner's Law Enforcement Training Center at this location would require finding another suitable location at significantly increased rent, together with the associated expenses for moving and constructing new tenant improvements.

RECOMMENDATION(S):

APPROVE and AUTHORIZE the Agricultural Commissioner, or designee, to execute a Memorandum of Understanding with the California Agricultural Commissioners and Sealers Association (CACASA) to accept an amount not to exceed \$3,186 to provide pesticide use reporting activities for the period January 1, 2018 through June 30, 2018.

FISCAL IMPACT:

The Agriculture Department will be reimbursed in an amount not to exceed \$3,186 for activities related to pesticide use reporting. There is no county match of funds nor grant monies involved. The amount has been anticipated and budgeted for FY 17/18.

BACKGROUND:

The California Department of Pesticide Regulations (CDPR) no longer offers individual data submission contracts to counties and has contracted with CACASA to provide the data storage, software and data communication infrastructure for the reporting of pesticide use data. CACASA has simplified the overall process of the statistical submission contracts and is providing the online support to maintain the enhanced reporting capabilities. In order to ease the transition from County personnel input to input by the user of the pesticide, CACASA is providing funding to counties during the transition period to provide interim data input and training.

Subject: Payment to Metropolitan Van & Storage, Inc.

RECOMMENDATION(S):

APPROVE and AUTHORIZE the Auditor-Controller, or designee, to pay an amount not to exceed \$991.30 to Metropolitan Van & Storage Inc., for storing and delivering equipment, furniture, files, and products for Contra Costa Regional Medical Center (CCRMC) and Contra Costa Health Centers during the month of September 2017.

FISCAL IMPACT:

100% funding is included in the Hospital Enterprise Fund I budget.

BACKGROUND:

Metropolitan Van & Storage, Inc. receives and stores equipment, furniture, files, and products that the CCRMC and Health Centers don't have room to store. The vendor then delivers and installs the items which had been stored. Owing to the expansion of the clinics and the new equipment purchased in response to various surveys, more money is required to pay the vendor for the final invoices of the term.

Metropolitan Van & Storage, Inc., has continued to store and deliver equipment and products though it has not been possible to pay them. They are entitled to payment for the reasonable value of their services

BACKGROUND: (CONT'D)

On January 10, 2017 the Board of Supervisors approved a second amendment for \$250,000 to allow for the completion of the Facilities Condition Assessment (FCA) interviews; this FCA data has become the primary input into the 'Capital Renewal Budget' deliverable.

On September 12, 2017 the Board of Supervisors approved a third amendment for \$250,000 to allow for the handoff of the FCA process to PW staff, implementation of Sage estimating software, and the re-engineering of the CAO's "Capital Improvements Approval" process.

This amendment allows for the completion of existing project deliverables that took longer than expected:

1. The development of an FCA process;
2. The Re-engineering of the "Capital Improvements Approval" process; and
3. The creation of dashboards that will be used for asset management decision support.

This amendment will also allow for the creation of a "Work Prioritization" process, allowing for more operational efficiency among Facilities Services staff.

The Public Works Department respectfully requests the approval of this amendment to provide funding and time to complete the remaining business analysis required for Public Works to create decision support software for asset management, and to implement the associated processes.

CONSEQUENCE OF NEGATIVE ACTION:

Without approval from the Board of Supervisors, key components of an Asset Management Solution will not be created, including processes for Public Works staff to perform Facility Condition Assessments, and a data-driven process for the approval of Capital Improvement Requests. Without these processes established, the County will continue to rely on consultant resource (ISES) to perform facility assessment work on an 'as needed' basis, and Capital Improvement Request/Approval process will remain unchanged.

FISCAL IMPACT:

BACKGROUND:

The clinical laboratory at CCRMC and Health Centers needs to rent hematology analyzers to analyze samples, in addition to purchasing supplies and reagents for the analyzers. The lab uses the analyzers to perform various hematology tests for patients. The current analyzers were purchased back in 2012 and now require an upgrade. The new equipment will allow the lab to use current technology and cut down on false test results, which leads to less manual intervention.

The division is requesting a retroactive start date of November 15, 2017 on the blanket purchase order due to delays in the divisions' internal processing of the purchase order request.

BACKGROUND: (CONT'D)

Contra Costa County receives funds from the Administration for Children and Families (ACF) to provide Head Start program services to program eligible County residents. The County also receives funds from the California Department of Education (CDE) Child Development program for State Preschool and General Childcare and Development program services. The State requires an indemnification clause with County subcontractors wherein the subcontractor holds harmless the State and its officers for any losses.

The Board approved the FY 2017/18 contract on July 18, 2017 (c.56). This proposed amendment is to pass through a cost of living adjustment to the program slots funded by the State. The Board approved an amendment to provide funding for the Quality Rating & Improvement Service (QRIS) plan for the State Preschool funded sites to help keep staff-to-child ratios low to maintain a quality program on December 5, 2017 (C.63). This amendment is to add 5 childcare slots to the State Preschool program.

CONSEQUENCE OF NEGATIVE ACTION:

If not approved, the Contractor would not be able to add five childcare slots to its program.

CHILDREN'S IMPACT STATEMENT:

BACKGROUND

In April of 2014, the Human Resources (HR) Department convened a Recruitment Opportunities Work Group consisting of representatives from the Human Resources Department, Office of the County Counsel, and the Office of Equal Employment Opportunity (EEO). The County Administrator tasked the group with establishing a post-Consent Decree framework to ensure that the County's workforce reflected the demographics of the communities we serve. The goal was to provide equal employment opportunities for all qualified persons seeking employment with the County and in special districts governed by the Board of Supervisors. Outreach was created to explore new and innovative ways to access people who are underrepresented¹ in the County's workforce.

On July 1, 2016, the County implemented its outreach and recruitment plans for Fiscal Year (FY) 15-16. The goal of the plans was to promote equity and inclusion throughout the County's workforce. County departments, along with EEO, were instructed to conduct strategic outreach and recruitment efforts that were specifically designed to reach qualified underrepresented groups within the communities we serve.

METHODOLOGY

In order to determine underrepresentation in each department, the EEO Officer annually compares the County's workforce data to the availability of qualified people, 16 years or older, within the local labor market. The County's workforce data within this report is derived from employment records from the Human Resources database. The local labor market data is compiled by the 2010 United States Department of Census Bureau (Census) using the Equal Employment Opportunity Tabulation (EEO Tabulation), which is a benchmark for comparing the gender and racial makeup of an organization's workforce. EEO Tabulation examines labor force diversity using Census data and is produced for federal agencies responsible for monitoring employment practices and enforcing civil rights laws for the workforce.

The current County reporting format showcases the use of statistical data to determine underrepresentation within a given department. In an effort to better identify where underrepresentation manifests within each department, EEO conducted a utilization analysis by gender and race/ethnicity as defined by the occupational categories within each department. An occupational category is a broad grouping of job classes that require similar levels of skill and training. The County's job classes are determined by HR and assigned to an occupational category based upon the United States Equal Employment Opportunity Commission's definitions².

¹ Dictionary.com defines underrepresentation as giving inadequate representation to; represent in numbers that are disproportionately low.

² See Page 12 of this report for the definitions of the 8 occupational categories.

OUTREACH

As of December 31, 2016, Contra Costa County employed 7,964 employees. Each department with underrepresentation of 10% or more in gender and race/ethnicity³ categories is required to create a strategic outreach and recruitment plan that addresses the deficiencies and outreach needed. Representation rates, which are presented in percentages, are estimated indicators of whether or not a particular racial/ethnic or gender group is represented at a level comparable to the group's presence in the labor market. Referencing this data, departments provide steps that will be taken to assist in increasing the applicant flow of qualified individuals for the underrepresented group(s).

Applicant flow is the analysis of selection rate adjustments for a particular job and is used for record keeping and statistical purposes⁴. Employers are to provide applicants with the options of self-identifying or declining to submit the supplemental classification information, which identifies gender, race, and/or ethnicity. If an individual declines to self-identify, the reporting data will not be included in the final tally.

The departments are required to reach out to males, females, Whites, Blacks, Hispanics, and Asians, depending on where their underrepresentation exists. Each racial/ethnic and gender category varies from the other and requires departments to participate in outreach to all groups where it has been determined that low representation exists.

As the County's EEO Officer, I am responsible for conducting outreach efforts to Community Based Organizations (CBO's). The outreach efforts place an emphasis on attracting underrepresented groups within the County's workforce through ongoing marketing efforts. The efforts are designed to meet the CBO'S at the transaction level in order to provide the County's employment information to management teams, employees, and the agency's clientele.

The ongoing outreach efforts have produced a partnership between Human Resources (HR) and the Office of EEO. HR often accompanies EEO to onsite meetings with local CBO's in order to explain the hiring process, answer recruitment questions and provide customized tutorials on completing the County's online application.

Outreach is specific to organizations whose clientele consists of veterans, women, Hispanics, Blacks, and Asians, as well as disabled, re-entry, low income, faith-based, and homeless individuals. The organizations we reached out to in the past two years are listed below.

³ The Census Bureau categorizes ethnicity into two categories: Hispanic or Latino OR not Hispanic or Latino. The terms "Hispanic," "Latino," and "Spanish" are used interchangeably.

⁴ All institutions receiving federal contracts are obligated by federal law to track gender and race data for all candidates submitting applications for employment to the business. By law, the information cannot be a component of the employment determination, nor can it be used for consideration.

FY 2016- 2017 OUTREACH PLAN

Applicant flow is an important tool that the County uses to measure the fairness and inclusiveness of our outreach programs. It helps the County to review and determine how outreach can be proactive, strategic, and effective to our constituents. It also assists the County in removing barriers. For FY 16- 17, the County's applicant flow pipeline is broken into 4 categories listed below. During that time period, the County received 24,843 applications, compared to 28,621 applications in FY 2015-2016. Tables 1 and 2 indicate how the applicant learned about the job opportunity.

OUTREACH DISTRIBUTION

**TABLE 1
FY 16-17**

**TABLE 2
FY 15-16**

The tables illustrate the effectiveness of the County's outreach and recruitment efforts over the last two fiscal years. The tables show that our community based outreach and strategically designed advertisements have increased our applicant flow by 3% and 1%, respectively, since the last fiscal year.

We can attribute this increase in participation to the partnerships that have been developed and nurtured over the last several years between HR, EEO, County departments and the communities that we serve.

The number of applicants who self-identified their gender, race, and/or ethnicity for FY 15-16 was 27,217. The number of applicants who self-identified their gender, race, and/or ethnicity for FY 16-17 was 26,361.

The gender and racial background for applications received are listed below.

These trends indicate the importance of EEO continuing its outreach efforts to the aforementioned groups in order to assist in maintaining an equitable workforce. EEO will continue to identify and expand our outreach efforts to reach underrepresented groups within our workforce. The unit consistently researches ways to increase the participation and hiring rates of underrepresented groups. The areas of opportunities and improvement that EEO wishes to pursue in 2018 are listed below. EEO seeks to:

- Capture employees who self-identify as being two or more races. EEO will also capture individuals who identify as Native Hawaiian/Philippine Islands (NHPI) and American Indian/Alaskan Native (AIAN).

- Continue to use the County workforce data to determine underrepresentation and focus outreach efforts on underrepresentation for the 8 job categories as defined by the EEOC⁵. We are using all available data, which provides a more complete picture of underrepresentation within the departments.
- Continue working with CCTV to establish a social media page.
- Conduct more outreach to veterans, professional, universities, community colleges and faith based organizations to increase participation in the County's hiring process.
- Create additional marketing tools such as brochures and power point presentations which are designed to reach underrepresented groups.
- Continue developing partnerships with EHSD's Welfare to Work Program and Workforce Development Board to help advertise the County's outreach and recruitment program.
- Continue to provide training for the departmental EEO Coordinators and Administrative Services Officers in an effort to help them become more knowledgeable about outreach and hiring.

CONCLUSION

The data presented in this report provides the County stakeholders, managers, employees, and the public with detailed information regarding the County's outreach and recruitment efforts. Although we have made noticeable strides towards achieving workforce equity, there are areas that still need to be addressed.

It is important that we continue to promote and enforce equal employment opportunities for all who apply for vacant positions. EEO and the departments will continue to work with CBO's, colleges, and professional organizations to attract qualified candidates to help the County attain equity and inclusion within our workforce.

AGRICULTURE/WEIGHTS AND MEASURES OUTREACH AND RECRUITMENT PLAN FY 2017-2018

Issue: The Board of Supervisors remains committed to maintaining a diverse and inclusive workforce which is reflective of the communities that we serve. As of December 31, 2016, the County's workforce statistical data indicate the following:

- Males are underrepresented in Administrative Support positions.
- Females are underrepresented in Official and Administrator, Service Maintenance, and Technical positions.
- Hispanics are underrepresented in Official and Administrator, Administrative Support, and Service Maintenance positions.
- Asians are underrepresented in Official and Administrator, Professionals, Technical, and Administrative Support positions.

All of our Technical (Biologists and Weights and Measures Inspectors), Professionals, and Officials and Administrator positions require specific state licensing. A majority of the positions within the department require candidates to be licensed through the State of California Department of Food and Agriculture (CDFA). When we recruit for these positions, we send announcements to every qualified and licensed individual identified by the CDFA County Liaison. For job positions where state licensing is not required we will do more outreach in the community.

Objective: Increase the applicant flow of underrepresented groups within our workforce by conducting specific outreach and recruitment efforts to candidates who meet the minimum qualifications by encouraging them to apply for the vacant positions within the Department.

Message: The Agriculture/Weights and Measures Department will target outreach efforts to online websites that serve underrepresented groups. We will electronically send these organizations open vacancies within the department during the fiscal year.

Tools: The Agriculture department will disseminate information to the general public through our website as well as local community colleges and universities to educate people about the department. We will continue to utilize websites geared towards helping underrepresented people find employment when possible. When hiring for licensed positions, the department will obtain/review the list of all licensees and ensure that all qualified individuals are notified.

COUNTY ADMINISTRATOR'S OFFICE OUTREACH AND RECRUITMENT PLAN FY 2017-2018

Issue: The Board of Supervisors and the County Administrator's Office (CAO) remain committed to maintain a diverse and inclusive workforce which is reflective of the communities that we serve. As of December 31, 2016, the County's workforce statistical data indicate the following:

- Males are underrepresented in Professional and Administrative Support positions.
- Females are underrepresented in Technical positions.
- Whites are underrepresented in Technical positions.
- Hispanics are underrepresented in Administrative Support and Skilled Craft positions.

This workforce underrepresentation data includes data for the following departments within the County Administrator's agency: Clerk of the Board; CCTV; Department of Information Technology, including the Telecommunications division; Law and Justice Systems; Risk Management, and the Administrative Office of the County Administrator, including the Labor Relations unit.

Objective: Increase the applicant flow of males, females, Whites and Hispanics who meet the minimum qualifications by encouraging them to apply for the vacant positions within the various departments of the CAO.

Message: In partnership with the Human Resources Department, the CAO will continue to conduct strategic and targeted outreach efforts to organizations and online websites that serve diverse populations. We will continue to electronically send these organizations all open vacancies within the department and continue national outreach efforts as appropriate. These proactive measures have supported our hiring efforts in the administrative office.

Recently selected candidates for the Administrative Office and other departments identify with one of the underrepresented data categories, which may support a more balanced representation. Therefore, we expect next year's data to demonstrate improvement in our underrepresentation data.

The 2016-17 Outreach and Recruitment Plan contained strategies to improve representation in the male and Hispanic categories and our recruitment efforts have rendered success with a 4% reduction in the underrepresentation of males and a more balanced representation of those who identify as Hispanic.

Tools: Websites geared towards helping men and those of White and Asian race/ethnicity find employment
 Conduct nationwide outreach, as appropriate

- Asians are underrepresented in Officials and Administrators, Professionals and Administrative Support positions.

Objective: Increase the applicant flow of underrepresented groups within our workforce by conducting specific outreach and recruitment efforts to Community Based Organizations, Professional Groups and online recruitment sites who serve the populations listed above.

Message: The Fire District will continue to conduct strategic outreach efforts to community based organizations, professional groups and online websites that serve those populations where we have underrepresentation. We will electronically send these organizations all open vacancies within the District during the fiscal year. In addition, we will continue to promote careers in the Fire Service by partnering with middle through high schools, and community colleges with a diverse student

population. These proactive measures will help to create a more diverse applicant pool of qualified candidates to apply for District vacancies.

Tools: In June 2016, the Fire Protection District formulated an “Outreach and Recruitment Team” at the Fire Chief’s direction and with his direct participation on the committee. We began working to increase the pool of eligible applications for positions in the District by (1) targeting outreach to local middle and high schools, community colleges and universities with our diversity goals in mind; (2) expanded internship opportunities by hiring Student Interns who are currently enrolled in “Fire Science” certificate programs. The internship opportunities are a useful tool to expand the applicant pool for permanent positions when they become available.

Recently, the Districts’ Outreach and Recruitment efforts have been realized in hiring a recruit class of 30 highly diverse candidates which include 6.67% Black, 16.67% Hispanic, and 10% Female. We are committed to continuing and expanding our outreach efforts to increase these numbers and reduce the percentage of underrepresentation.

The Health Services Department has nine Divisions providing health care and emergency response services to the residents of Contra Costa County. The majority of our professional classifications are dominantly held by women. Per data from the United States Department of Labor, there is a disproportionate representation of women in certain professions such as Registered Nurse, Social Worker, Medical and Health Services Manager, Counselor, and Human Resources Manager.

The Department conducts its own recruitment and strives to reach a diverse applicant pool by consistently utilizing the County's Outreach Mailing List in addition to posting our job announcements online to popular websites such as Craigslist, Indeed and Monster.

Objective: Increase the applicant pool of male, White and Hispanic candidates who meet the minimum qualifications and maintain a diverse workforce within the Health Services Department.

Message: The Department will continue to utilize the County's List of community/faith based organizations. We will continue working with SPIN Recruitment Agency by posting our job announcements to popular websites such as Indeed, Monster, and Craigslist and expand to non-traditional sites. In addition, we participate in local job/career fairs, and partner with our Division Managers to look for innovative ways to attract qualified candidates from affiliated organizations, local colleges and universities.

Tools: Community/Faith based organizations

Publications geared toward Males and Whites

PUBLIC DEFENDER OUTREACH AND RECRUITMENT PLAN FY 2017-2018

Issue: The Board of Supervisors remains committed to maintain a diverse and inclusive workforce which is reflective of the communities that we serve. As of December 31, 2016, the Office of the Public Defender workforce statistical data indicates the following:

- Males are underrepresented in Officials and Administrator and Administrative Support positions.
- Whites are underrepresented in Administrative Support positions.
- Hispanics are underrepresented in Officials and Administrator positions.
- Asians are underrepresented in Officials and Administrator and Technical positions.

Objective: Increase the number of males, Whites, Hispanics and Asians in the department's workforce to obtain a diverse workforce within our office.

Message: The Department will conduct strategic and targeted outreach efforts to males, as well as to traditionally underrepresented racial minorities, Whites, Hispanics and Asians in order to create a more diverse applicant pool of qualified candidates to apply for vacant positions

Tools: We will continue to increase the pool of eligible applicants for positions in the department by (1) targeting outreach to local colleges, universities and law schools with our diversity goals in mind; and (2) expanding internship opportunities at the high-school, college and law school levels. The internship opportunities are a useful tool to expand our applicant pool for permanent positions when they become available. All of our programs can be found on our department website.

Accomplishments: Our Department is primarily financed through the general fund; therefore, we are limited in the number of positions that we are able to fill through attrition vacancies. However, we have recently been successful in securing outside grant funding for some positions. In the future we will continue to strive to hire into these positions from a broad applicant pool with a focus on our underrepresented categories.

Finally, in order to maintain the diversity of our workforce, the Department Head has formed a diversity committee to actively recruit minority attorney and graduate law clerk applicants from a diverse array of law schools. The Department strives to promote diversity and achieve gender-balance in the graduate law clerk pool, as this group is a significant source of applicants for the entry-level attorney positions. Although the workforce of this Department represents only a small portion of the County's overall workforce, because of the significant diversity in our client population, we are uniquely focused and committed to achieving the County EEO and Recruitment targets

Subject: General Plan Amendment Study Request for Property at 589 Pacifica Avenue, Bay Point

RECOMMENDATION(S):

1. AUTHORIZE a General Plan Amendment (GPA) study to consider changing the General Plan land use designation for the undeveloped property located at 589 Pacifica Avenue, Bay Point area, from Single-Family Residential-Medium Density (SM) to Multiple-Family Residential-Medium Density (MM).
2. ACKNOWLEDGE that granting authorization for this request does not imply any sort of endorsement for the application to amend the General Plan, but only that the matter is appropriate for study.

FISCAL IMPACT:

No impact to the General Fund. The project applicant is responsible for paying fees to cover the cost of application processing.

BACKGROUND:

On February 26, 2013, the Board of Supervisors authorized a GPA study request submitted by Habitat for Humanity East Bay/Silicon Valley ("Habitat") to change the land use designation for the subject property from SM to Multiple-Family Residential-Low Density (ML) to support development of a 23-unit, below-market-rate (i.e., affordable) townhouse project. Habitat subsequently submitted applications for approval of a major subdivision and development plan, but for various reasons placed the project on hold around 2015.

BACKGROUND: (CONT'D)

On December 21, 2017, DCD staff received a letter from Hamid Taeb, Director of Real Estate Development for Habitat, indicating they wish to resume the project, but with an increase to 29 units (see Attachment A). The new proposal calls for developing the project in phases of 3, 13, and 13 units. Phase 1, the first three units, would be constructed by September 2020 to meet funding obligations and satisfy the 10%-affordable component of the project. Phases 2 and 3, the remaining 26 units, would be constructed as funding became available. If funding for a 100% affordable project could not be secured, then Habitat would construct and sell Phases 2 and 3 as market-rate or mixed-income housing.

The 2013 Board action authorized studying a density of up to 11.88 units per net acre, which corresponds with the ML land use designation. Enlarging the project to 29 units on the 2.42-acre property yields a density of 14.97 units per net acre, which falls within the density range of the MM land use designation. Thus, Habitat's revised request is to change the land use designation from SM to MM (see Attachment B).

Staff recommends that the Board authorize the revised request for a GPA study. The subject property is an underutilized infill site located within reasonable proximity of the Pittsburg/Bay Point BART Station. Furthermore, the project proponent, Habitat for Humanity, has successfully developed projects that provide homeownership opportunities for low-income households and has a track record of developing affordable housing in the unincorporated areas, thereby supporting certain goals and policies of the General Plan Housing Element.

Staff stresses that authorization for this GPA study does not imply the Board's support or endorsement for the application to amend the General Plan, but only that this matter is appropriate for study.

CONSEQUENCE OF NEGATIVE ACTION:

The Board has already authorized a GPA study for a 23-unit project on the subject property. If the current study request is denied, then the project will be limited to 23 units instead of the 29 now proposed.

RE: Habitat For Humanity Project, Bay Point, 29 Lots (Pacifica Landing)

Dear Daniel,

Submitted herewith is the application package for the Habitat for Humanity East Bay/Silicon Valley ("Habitat") residential project located on Pacifica Avenue in Bay Point.

Project Description:

Habitat for Humanity East Bay/Silicon Valley ("Habitat") is proposing to develop 29 affordable residential townhomes on the 2.42 acre vacant parcel at 589 Pacifica Avenue in Bay Point. The property features sloping topography descending from EBMUD Aqueduct property (Contra Costa Canal Trail), bounding the property on the south, to Pacifica Avenue fronting the property at the north. There are several trees of diminished value intermittently located on the site. An elementary school is adjacent to the east boundary. Pacifica Avenue is fully improved and will provide access to the site at one location with compliant turn-around at street end.

The proposed development will allow Habitat to transform a vacant parcel of land into a community asset that will serve mixed-income families. Our proposal consists of single family townhomes oriented along an access road connecting to Pacifica Avenue. The development features a community garden space, as well as two additional common areas for a children's play area and an area with benches for families to gather. On-site parking for the development is provided by 49 parking spaces, 4 accessible parking spaces, and 1 van accessible parking space, all uncovered surface parking.

The development includes a mix of two-, three- and four-bedroom two story homes ranging from approximately 992 to 1,412 square feet. The designs are sensitive to the existing character and scale of the surrounding residential uses. Attractive trim materials and architectural details, such as horizontal and vertical board, batten siding, brackets, window sashes, extended overhangs, and decorative vents increase the visual appeal of the homes. Habitat incorporates green building materials and techniques in its construction practices, so each home will be energy efficient and will provide a healthy environment for its occupants. Each home includes a modest backyard.

Habitat has been awarded Neighborhood Stabilization Program (NSP) funding that requires construction of three units to be complete by September 2020. Because of this, Habitat intends to phase the project in order to utilize this funding and have units completed in time. Phase 1 will consist of the site work and construction necessary of the first 3 units only. Phase 2 will consist of the remaining site work, as well as construction of 13 homes. Phase 3 will consist of the construction of the final 13 homes, as well as any remaining landscaping of the project.

Residential Density Analysis:

Home Type	Home Quantity	Residents per Unit	Total Residents per Home Type
2 - Bedroom	9	3	27
3 - Bedroom	15	4	60
4 - Bedroom	5	5	25
Total Number of Residents			112

Entitlements:

Habitat seeks approvals of a General Plan Amendment (GPA), P-1 Rezoning (RZ), and a Preliminary and Final Development Plan (DP), and Vesting Tentative map (VTM). The P-1 zoning is necessary due to the irregular triangular shape of the site to design a well-planned project on the property, allowing space, light, and air to steer the project layout, rather than strict zoning requirements that would challenge the project beyond its current constraints. Varying street setbacks of the 4 and 5-plex buildings and reduced setback along the EBMUD aqueduct property are requested and shown on the Development Plan. The request for the GPA is for the proposed project of 29 units to conform to multi-family, medium density. The terrain and the triangular shape of the property do not provide adequate areas toward the northern portion of the site requiring varying setbacks along Pacifica and the Contra Costa Canal Trail that will allow a well-planned development.

The request is to amend the General Plan of this property from R-10 single family to Multiple Family Residential, medium Density (12.0 to 21.9 units to the acre). In computing the General Plan Amendment, after subtracting the area of the streets from the gross area of the property, the net area is reduced to 2.15 acres, equating to a project density of 14 u/ac., the lower side of the range.

The Development plan shows the project layout being sensitive to the surrounding areas within the current constraints of the project. Accompanying the plan are proposed building elevations, sections, and landscaping plans.

Affordable Housing:

Habitat, a non-profit organization and builder of affordable housing projects, operates through funding provided by philanthropic foundations, commercial banks, specialist microfinance organizations, and official national and multilateral funding institutions. Habitat also partners with cities and counties to provide the land and/or the additional funds to complete the projects. These funding mechanisms manage Habitat's financial resources based on schedule. Contributions are available if the project occurs on time; the funding is lost if the project does not finish per required schedule. This project, Pacifica Landing, must adhere to such a schedule; the project must have completed three units by September, 2020. For this reason, Habitat plans to phase the project to control the construction timeline by building out the first phase with the available funds.

Phase I will include the first 3 of the 29 units, located in the western area of the project, near the apex of the property. The VTM and DP depict the line between phases. Habitat plans to construct Units 1, 2, and 3 in the first phase to meet funding obligations. These three units will satisfy the 10% affordable component for this project. Phase II is not yet financed; Habitat will work to acquire the funding and if successful, will build out Phases II and III, the remaining 26 units. If funding is not obtained, Habitat will build and sell the remaining 26 units as market rate housing or mixed income housing.

Site Improvements:

The project site improvements consist of a roadway through the center of the site and an infrastructure of utilities serving the project from Pacifica Avenue. The VTM shows the preliminary location of these utilities. Storm drain is routed to combination bio-retention basin and underground detention. The preliminary Stormwater Plan and hydrology report submitted herewith describes the specifics of the design. At this time habitat anticipates that the cut and fill of the site will be balanced and that import will not be necessary.

Thank you.

Sincerely,

Hamid Taeb

RECOMMENDATION(S):

APPROVE the attached as the Contra Costa Children and Families Commission (First 5) Conflict of Interest Code.

FISCAL IMPACT:

Not applicable.

BACKGROUND:

All public agencies are required to follow the State Political Reform Act requirements by adopting a Conflict of Interest Code and identifying positions that are covered by that code. The California Fair Political Practices Commission website provides the criteria for identifying positions and states what must be included in the code. First 5 Contra Costa Children and Families Commission identified positions to be covered in its Conflict of Interest Code by using the guidance provided by the State, as well as reviewing positions that have responsibilities with the potential for conflict. No fiscal impact from the adoption of these policies.

BACKGROUND:

On September 12, the Board of Supervisors requested clarification from staff on the Community Corrections Partnership's role in the AB 109 Community Programs procurement process.

On September 19, 2017, the County Administrator's Office of Reentry & Justice (ORJ) was directed by the Board of Supervisors to prepare a policy addressing when contracts for AB 109 Community Programs services should be submitted to the Community Corrections Partnership (CCP) for review, and present the policy to the Community Corrections Partnership for its review and recommendation before presenting the policy to the Board of Supervisors for its consideration.

On November 3, 2017, the ORJ presented the CCP with the draft policy recommendations. Upon review, the CCP unanimously approved the policy as presented and referred the matter to the Public Protection Committee for further consideration. The PPC reviewed the draft policies at its December 7, 2017 meeting.

AB 109 Community Programs Contractor Procurement Process

When the County seeks a contractor to provide AB 109 Community Programs services for implementation of the Board of Supervisors-adopted AB 109 Public Safety Realignment Budget, the ORJ is charged with conducting the procurement process. In compliance with all known local and state regulations and laws related to contracting and confidentiality, the process that staff has followed for the past four years of AB 109 Community Programs implementation includes the steps described below.

1. RFP/Q/I Development

To begin the procurement process, ORJ staff will develop a solicitation document in the form of a Request for Proposals (RFP), a Request for Qualifications (RFQ), or a Request for Interest (RFI). The solicitation document is developed in consultation with key stakeholders, who have included (at various times) staff of the Probation Department, the District Attorney's Office, the Office of the Public Defender, the Employment & Human Services Department, and Health Services Department, in addition to representatives of the Community Advisory Board to the CCP and other subject-matter experts. The procurement documents utilized by other counties are also considered, and the Purchasing Manager is often consulted with as well.

The basic elements of the procurement document include the following:

- a) The Announcement of the procurement opportunity and either a Mandatory or Discretionary Bidders' Conference;
- b) The Timeline of the procurement process;
- c) The Project Description/ Statement of Work;
- d) The RFP/Q/I Requirements and Instructions for Bidders/Responders;
- e) Proposal/ Response Preparation Instructions;
- f) Proposal Review and Selection information;
- g) Evaluation Process/Rating Sheet;
- h) Required Attachments, Forms and Checklist;
- i) County Contract Requirements.

The selection of the procurement document type is also determined in consultation with key stakeholders, and this generally varies depending on the nature of the services sought. An RFP is typically utilized when requesting more detailed information related to a unique or specific program design or service offering that usually requires specific program element costs and a more detailed implementation timeline. RFQs are generally used when the nature of the services is not anticipated to vary greatly by contractor and the expertise and experience of the responder is of paramount importance. An RFI is utilized when there is an assumption that there may be a limited number of interested responders; if the RFI generates significant response, an RFP/Q then follows for a more detailed response/proposal from interested contractors. Since 2013, ORJ staff have conducted 24 contractor solicitations. The solicitation process generally requires a minimum of four months to complete, from the directive to proceed through the establishment of a contract. The timing for the major activities of the process are:

- 1 month for solicitation document development and issuance (*minimum*)

- 1 month for response preparation by potential contractors (*minimum*)
- 1 month for response review and contract award
- 1 month for contract development

2. Outreach and Information Process

After issuance of the solicitation document, which then requires additional outreach efforts by staff to identify potential responders, staff of the ORJ will conduct a Bidders' Conference, often in each region of the County if services are to be provided on a regional basis, and made available via webinar.

Questions and answers from the Bidders' Conference and those received during the specified period are published in Addenda to the document, made available on the County's website, BidSync, and distributed electronically to all Bidders' Conference attendees and other potentially interested bidders.

3. Response Review and Contract Award Recommendation Process

ORJ staff then convenes a Review Panel to evaluate responses that ORJ staff determine are compliant with technical specifications of the procurement document. A Review Panel usually consists of five to seven members who are stakeholders and participants in the reentry and justice fields. Staff requests CCP representation on each Review Panel from a minimum of two members. CCP members often delegate their participation to senior staff in their department. The RFP/Q will generally identify the categories of Review Panel membership.

Each member of a Review Panel must sign an Impartiality Statement verifying that they have no conflicts of interest with regard to the contractor(s) being reviewed. (Impartiality Statement is available on request.) Utilizing the services of a neutral and impartial Panel Facilitator, the Review Panel evaluates the responses and assigns a consensus score to each proposal element based on the Rating Sheet included in the solicitation. Interviews may be conducted as needed; the Review Panel makes the determination of the need for a formal interview, which are often held. Upon conclusion of its response review process, the Review Panel makes a contract award recommendation which is published by ORJ staff.

4. Contract Award Review and Approval Process

It has been the practice of the staff of the ORJ, as scheduled meeting time permits, to send the Review Panel recommendations to either the CCP, the Board's Public Protection Committee (PPC), or both, for their review and recommendation prior to final consideration and contract award by the Board of Supervisors. As most contract periods are established to commence on a fiscal year basis, which is a preferable contract term for accounting purposes, this objective can be met only if staff adheres to the CCP meeting schedule, sending all contract award recommendations to the CCP at its June meeting.

There is no legal requirement that either the CCP or the PPC review a contract award recommendation (or a proposed contract between the County and an AB 109 service provider) before its presentation to the Board of Supervisors for its consideration. When either the CCP or the PPC reviews a proposed contract, it has been staff's practice to provide these bodies with the Review Panel's score, a summary of the procurement process, and a description of the Review Panel members. However, in compliance with the County's Better Government Ordinance, each potential contractor's entire response is not disclosed until after Board of Supervisors awards the contract. It has been staff's practice to provide the Board of Supervisors with the same information provided to the CCP and/or the PPC. The decision on whether to enter into a contract with a contractor for AB 109 services is entirely within the Board's discretion.

Prior to this action, the Board of Supervisors has not adopted a policy addressing when AB 109 Community Programs contracts should be submitted to the CCP for a recommendation, or whether RFP/Q/I responses should be part of the CCP recommendation process. If it is determined that responses should be provided to CCP and/or PPC members at any stage in the process, the responses will become public documents at that time. Contractors responding to solicitation documents should be advised of the policy as part of the application process so they will know the circumstances that will result in their responses becoming public records.

FISCAL IMPACT:

The Metropolitan Transportation Commission and “511 SF Bay” provide outreach materials, distributed through existing County procedures. If the Board authorizes the staff recommendation, up to \$2,500 in Measure J funds will be donated to Bike East Bay for a “Silver” level sponsorship.[1]

BACKGROUND:

The objective of Bike to Work Day is to encourage County commuters to try bicycling to work on this occasion by offering a variety of incentives such as a raffle for prizes, and by providing energizer stations throughout the County with refreshments and educational materials for bicycle commuters. Once individuals try bicycling to work it is hoped that they will continue to commute by bicycle one or more days a week. Bicycling is excellent exercise, non-polluting and an energy efficient form of transportation.

National Bike Month and California Bike Commute Week are both in May. All nine Bay Area counties are participating in Bike to Work Day on May 11 at some level. The Metropolitan Transportation Commission with the help of financial donations from event sponsors and volunteers primarily funds bike to Work Day in the San Francisco Bay Area. Cyclists can stop for refreshments and promotional materials at over 200 energizer stations throughout the Bay Area.

Thirty-seven sponsored energizer stations are in Contra Costa County, including one at the Martinez Amtrak Train Station and one at the foot of the Benicia/Martinez Bridge (Mococo Road). 511 Contra Costa, the County Transportation Demand Management agency, has requested volunteers for the two aforementioned energizer stations. County employees interested in volunteering can contact DCD staff directly. Energizer station shifts typically last two hours during peak commute periods (6:30 a.m. - 8:30 a.m. and 4:00 p.m. - 6:00 p.m.). 511 Contra Costa provides the necessary materials to hand out to Bike to Work Day participants.

The attachments include a draft transmittal memo from the County Administrator to County Department Heads requesting each department encourage their employees to participate in the Bike to Work Day event, as well as a sponsor information packet. Additional information, including the location of energizer stations within the County and throughout the Bay Area, is available on the website at <http://www.youcanbikethere.com/>. With the Board's approval, posters and other outreach materials will be distributed to County departments for their use in outreach to County employees.

This year the County will be a Bike East Bay - Bike to Work Day 2018 Sponsor, the \$2,500 Silver Sponsor will include the following recognition and benefits:

- Logo on 200 Energizer Station Signs
- Name on 750 Limited Edition t-shirts
- Logo in Bike East Bay Ride On Newsletter (Readers: 4,000)
- Name on 5,000 Event Posters
- Logo in Bike East Bay e-newsletters (Readers: 12,000)
- Logo on Bike East Bay Website's Event Page (Monthly Unique Visitors: 10,000)
- Logo in Bike to Work Day Guide in East Bay Express (Readers: 186,000)
- Official post-Bike to Work Day report
- Free Lunchtime commute workshop at your worksite

[1] The Measure J Expenditure Plan contains multiple project & program categories consistent with support for cycling and Bike to Work Day.

CONSEQUENCE OF NEGATIVE ACTION:

The County will not financially support the event or encourage its employees to participate in “Bike to Work Day.”

Subject: Measure WW Park Bond Update for Unincorporated Contra Costa County

RECOMMENDATION(S):

ACCEPT report on expenditure of Measure WW Park Bond Funds allocated for Unincorporated Contra Costa County, and AUTHORIZE staff to apply to the East Bay Regional Park District (EBRPD) to reallocate \$146,374 of the \$3,046,374 awarded by EBRPD to previously approved projects in need of supplementary funding.

FISCAL IMPACT:

No impact to the County General Fund. All project costs will be funded by revenue from local grant funds from East Bay Regional Park District under the Measure WW Park Bond Extension.

BACKGROUND:

In November 2008, Alameda and Contra Costa County voters approved the East Bay Regional Park District's (EBRPD) Measure WW Regional Open Space, Wildlife, Shoreline and Parks Bond Extension. From that measure, a total of \$7.93 million is allocated for local park purposes to areas within the unincorporated area of the county. These funds were allocated to specific County Services Areas (CSA) (\$2.49 million), Community Service Districts (CSD) and local Recreation and Park Districts (\$2.39 million), and to unincorporated areas not in a CSA, CSD or local park district (\$3.05 million). The third category, distribution of approximately \$3.05 million to unincorporated areas not in a CSA, CSD or local park district, is the subject of this board order.

BACKGROUND: (CONT'D)

On December 15, 2015, the Board of Supervisors approved a resolution authorizing the Conservation and Development Director to execute a Master Contract with EBRPD to receive grants from the Measure WW Bond for a total amount of \$3,046,374. The December 15th Board Order also outlined a matrix of seven proposed projects to be submitted to EBRPD for approval.

March 31, 2018, is the last day to submit any project and expenditure changes to East Bay Regional Park District. Measure WW funds are set to expire on December 31, 2018. However, the EBRPD Board will consider extending the funds in May per EBRPD staff recommendation.

Staff is working with our partner organizations to complete all the projects by the December 31, 2018 deadline and also requesting extensions for projects that may need additional time as a contingency plan. Staff is recommending the Board authorize staff to apply to EBRPD to make the following changes, which are also summarized on the matrix (Attachment 1). Key changes include the following:

1. The Mira Vista Fields project in East Richmond Heights will not be able to meet some Measure WW requirements. The funds allocated to the Mira Vista Fields project will now go to Urban Tilth Urban Farm project. Both projects are located in District I.
2. The \$3,046,374 allocation approved by EBRPD included a contingency of \$46,374, which needs to be allocated now. Both Urban Tilth Urban Farm and Tice Valley Linear Park have required additional staff time and are recommended to split the contingency.

CONSEQUENCE OF NEGATIVE ACTION:

Without Board approval, Measure WW funds may not be fully expended.

CHILDREN'S IMPACT STATEMENT:

The proposed project will support the following community outcomes established in the Children's Report Card: 1) Children and youth are healthy and preparing for a productive adulthood; 2) Families are safe, stable and nurturing; 3) Communities are safe and provide a high quality of life for children and families.

Subject: CONTINUE EXTENSION OF EMERGENCY DECLARATION REGARDING HOMELESSNESS

RECOMMENDATION(S):

CONTINUE the emergency action originally taken by the Board of Supervisors on November 16, 1999 regarding the issue of homelessness in Contra Costa County.

FISCAL IMPACT:

None.

BACKGROUND:

On November 16, 1999, the Board of Supervisors declared a local emergency, pursuant to the provisions of Government Code Section 8630 on homelessness in Contra Costa County.

Government Code Section 8630 requires that, for a body that meets weekly, the need to continue the emergency declaration be reviewed at least every 14 days until the local emergency is terminated. In no event is the review to take place more than 21 days after the previous review. On February 27, 2018, the Board of Supervisors reviewed and approved the emergency declaration.

With the continuing high number of homeless individuals and insufficient funding available to assist in sheltering all homeless individuals and families, it is appropriate for the Board to continue the declaration of a local emergency regarding homelessness.

Pursuant to the California Emergency Services Act, Article 15, Preservation of Local Government, the governing body of a political subdivision of the State is required to appoint three Standby Officers for each member of the governing body. Accordingly, Section 42-4.004 of the County Ordinance Code requires the Board to make such appointments.

A Standby Officer appointed by the Board is to serve in place of a regular Board member when the regular Board member is unavailable during a state of war emergency, a state of emergency, or a local emergency. (Unavailable means that the regular Board member has been killed, is missing, or is seriously injured as to be unable to attend meetings and otherwise perform his/her duties.) Appointment of the specified Standby Officers will assure a line of succession so that in the event of the unavailability of one or more regular Board members during a state of war emergency, a state of emergency, or a local emergency, the business of the Board of Supervisors may continue to be conducted with a full complement of Board members. A Standby Officer shall serve until the regular officer becomes available or until the election or appointment of a new regular officer. As required by County Ordinance Code, the status of these Standby Officer appointments will be reviewed annually to determine if any changes in appointees is necessary.

Government Code section 8641 sets out the duties of Standby Officers for the Board of Supervisors:

BACKGROUND: (CONT'D)

- 1) To be informed of the Supervisor's duties.
- 2) To be informed of the business and affairs of the County.
- 3) To immediately report for duty in the event of a state of war emergency, state of emergency, or state of local emergency.
- 4) To fill the Supervisor's post when the Supervisor is unavailable (dead, missing, or seriously injured) due to a state of war emergency, state of emergency, or state of local emergency.

The County must provide the Standby Officers with copies of California Emergency Services Act, Article 15: Preservation of Local Government (Gov. Code, §§ 8635-8644.) (See attachment.) The County can also host meetings to keep the Standby Officers informed about County business and can require their attendance at these meetings. (Gov. Code, § 8641 (b).) Standby Officers must take the same oath of office as the Supervisor and serve at the pleasure of the BOS. (Gov. Code, § 8640.)

CONSEQUENCE OF NEGATIVE ACTION:

Without the appointment of the specified standby officers, there will be no line of succession in the event of the unavailability of one or more regular Board members during a state of war emergency, a state of emergency, or a local emergency. Therefore, the business of the Board of Supervisors may not continue to be conducted with a full complement of Board members.

Preservation of Local Government [8635 - 8644]** (Article 15 added by Stats. 1970, Ch. 1454.)

8635. The Legislature recognizes that if this state or nation were attacked by an enemy of the United States, many areas in California might be subjected to the effects of an enemy attack and some or all of these areas could be severely damaged. During such attacks and in the reconstruction period following such attacks, law and order must be preserved and so far as possible government services must be continued or restored. This can best be done by civil government. To help to preserve law and order and to continue or restore local services, it is essential that the local units of government continue to function.

In enacting this article the Legislature finds and declares that the preservation of local government in the event of enemy attack or in the event of a state of emergency or a local emergency is a matter of statewide concern. The interdependence of political subdivisions requires that, for their mutual preservation and for the protection of all the citizens of the State of California, all political subdivisions have the power to take the minimum precautions set forth in this article. The purpose of this article is to furnish a means by which the continued functioning of political subdivisions will be assured. Should any part of this article be in conflict with or inconsistent with any other part of this chapter, the provisions of this article shall control.

Nothing in this article shall prevent a city or county existing under a charter from amending said charter to provide for the preservation and continuation of its government in the event of a state of war emergency.

(Amended by Stats. 1974, Ch. 595.)

8636. As used in this article, "unavailable" means that an officer is either killed, missing, or so seriously injured as to be unable to attend meetings and otherwise perform his duties. Any question as to whether a particular officer is unavailable shall be settled by the governing body of the political subdivision or any remaining available members of said body (including standby officers who are serving on such governing body).

(Added by Stats. 1970, Ch. 1454.)

8637. Each political subdivision may provide for the succession of officers who head departments having duties in the maintenance of law and order or in the furnishing of public services relating to health and safety.

(Added by Stats. 1970, Ch. 1454.)

8638. To provide for the continuance of the legislative and executive departments of the political subdivision during a state of war emergency or a state of emergency or a local emergency the governing body thereof shall have the power to appoint the following standby officers:

(a) Three for each member of the governing body.

(b) Three for the chief executive, if he is not a member of the governing body.

In case a standby office becomes vacant because of removal, death, resignation, or other cause, the governing body shall have the power to appoint another person to fill said office.

Standby officers shall be designated Nos. 1, 2, and 3 as the case may be.

(Amended by Stats. 1974, Ch. 595.)

8639. The qualifications of each standby officer should be carefully investigated, and the governing body may request the Director of Emergency Services to aid in the investigation of any prospective appointee. No

examination or investigation shall be made without the consent of the prospective appointee.

Consideration shall be given to places of residence and work, so that for each office for which standby officers are appointed there shall be the greatest probability of survivorship. Standby officers may be residents or officers of a political subdivision other than that to which they are appointed as standby officers.

(Amended by Stats. 2013, Ch. 352, Sec. 176. Effective September 26, 2013. Operative July 1, 2013, by Sec. 543 of Ch. 352.)

8640. Each standby officer shall take the oath of office required for the officer occupying the office for which he stands by. Persons appointed as standby officers shall serve in their posts as standby officers at the pleasure of the governing body appointing them and may be removed and replaced at any time with or without cause.

(Added by Stats. 1970, Ch. 1454.)

8641. Each standby officer shall have the following duties:

(a) To inform himself or herself of the duties of the office for which the officer stands by. Officers and employees of the political subdivision shall assist the standby officer and each political subdivision shall provide each standby officer with a copy of this article.

(b) To keep informed of the business and affairs of the political subdivision to the extent necessary to enable the standby officer to fill his or her post competently. For this purpose the political subdivision may arrange information meetings and require attendance.

(c) To immediately report himself or herself ready for duty in the event of a state of war emergency or in the event of a state of emergency or a local emergency at the place and in the method previously designated by the political subdivision.

(d) To fill the post for which he or she has been appointed when the regular officer is unavailable during a state of war emergency, a state of emergency or a local emergency. Standby officers Nos. 2 and 3 shall substitute in succession for standby officer No. 1 in the same way that standby officer No. 1 is substituted in place of the regular officer. The standby officer shall serve until the regular officer becomes available or until the election or appointment of a new regular officer.

(Amended by Stats. 1992, Ch. 1020, Sec. 1.7. Effective January 1, 1993.)

8642. Whenever a state of war emergency a state of emergency or a local emergency exists the governing body of the political subdivision shall meet as soon as possible. The place of meeting need not be within the political subdivision. The meeting may be called by the chief executive of the political subdivision or by a majority of the members of the governing body. Should there be only one member of the governing body, he may call and hold said meeting and perform acts necessary to reconstitute the governing body.

(Amended by Stats. 1974, Ch. 595.)

8643. During a state of war emergency a state of emergency or a local emergency the governing body shall:

(a) Ascertain the damage to the political subdivision and its personnel and property. For this purpose it shall have the power to issue subpoenas to compel the attendance of witnesses and the production of records.

(b) Proceed to reconstitute itself by filling vacancies until there are sufficient officers to form the largest quorum required by the law applicable to that political subdivision. Should only one member of the governing body or only one standby officer be available, that one shall have power to reconstitute the governing body.

(c) Proceed to reconstitute the political subdivision by appointment of qualified persons to fill vacancies.

(d) Proceed to perform its functions in the preservation of law and order and in the furnishing of local services.

(Amended by Stats. 1974, Ch. 595.)

8644. Should all members of the governing body, including all standby members, be unavailable, temporary officers shall be appointed to serve until a regular member or a standby member becomes available or until the election or appointment of a new regular or standby member. Temporary officers shall be appointed as follows:

(a) By the chairman of the board of supervisors of the county in which the political subdivision is located, and if he is unavailable,

(b) By the chairman of the board of supervisors of any other county within 150 miles of the political subdivision, beginning with the nearest and most populated county and going to the farthest and least populated, and if he is unavailable,

(c) By the mayor of any city within 150 miles of the political subdivision, beginning with the nearest and most populated city and going to the farthest and least populated.

AC5 2017 Annual
Report

Advisory Body: **Arts and Culture Commission of Contra Costa County**

Meeting Time: **Second Wednesday of the Month**, conference room, Office of Communications and Media, **10 Douglas Drive, Suite 210, Martinez**

Chair: **Commissioner Teresa Snook O’Riva**

Staff person: **Roger Renn, Managing Director**

Reporting Period: **January 1, 2017 – December 31, 2017**

I. Activity

Continued increased funding from the County and the California Arts Council in 2017 has allowed the Arts and Culture Commission (AC5) to advance the arts and culture in Contra Costa County. AC5 revamped ABOUTFACE, a program utilizing the Veterans Initiative in the Arts grant, continued to increase high school participation in the Poetry Out Loud Competition, drew in county partners to co-create Art Passages exhibits, and expanded the Arts Recognition Awards and program to reach a broader Contra Costa Arts community.

The Commission obtained a quorum for all but two meetings called during the year, filled every Commission seat in all five districts (one At-Large seat is currently vacant), participated in many seminars and conferences and increased work hours for the Managing Director.

II. Accomplishments

With county funding of \$14,000, and \$29,030 grant funding from the State*, the Commission was able to accomplish its mission of *“advancing the arts in a way that promotes communication, education, appreciation and collaboration throughout Contra Costa County so that we may grow creatively as a community that preserves and celebrates our diverse cultural expression.”*

ABOUTFACE: Building Self-understanding through Self-portraits:

AC5 has been awarded a Veterans Initiative in the Arts grant for a third year. Working with our Veterans Services Office, AC5 was able to engage veterans in painting self-portraits during the months of March and April, 2017. The workshops offered veterans an opportunity to explore portrait painting as a way of self-expression. By bringing the workshops to locations around the county we were able to increase attendance. ABOUTFACE was well received and is considered an exemplary program by the California Arts Council.

* These figures represent amounts for the County’s fiscal year 2016-17, State grant cycles dates differ.

Poetry Out Loud has been a well-received program in the Contra Costa high schools for the past ten years. Our Poetry Out Loud (POL) program coordinator, Robin Moore, not only started the program, but continues to champion the POL program as Coordinator. Her dedication has expanded the program to 18 schools; our largest participation of schools to date (up four schools from last year).

Kiara Chatman, a senior at Deer Valley High in Antioch, took first place in the Contra Costa County "Poetry Out Loud" competition for the second year in a row.

The event was held in the Las Lomas High School Theatre in Walnut Creek on February 11th. The Runner-up position went to senior Camila Morales-Jimenez from El Cerrito High in El Cerrito, and Third Place to sophomore Wesley Little from Monte Vista High in Danville.

Art Passages took a new approach this year to not only partner with the art community but to also partner with County committees and departments. Building off the success of the 2016 Cesar Chavez Commemorative Celebration, AC5 worked with the Employment and Human Services Department Community Services Bureau to celebrate Head Start Awareness Month; again partnered with the Cesar Chavez Celebration; the 2017 Veterans Day Celebration; and has begun to participate in the Dr. Martin Luther King, Jr. Ceremony.

AC5 again partnered with the Art of Health and Healing to support their Art N' the Lobby program. And Stress Reduction through the Arts classes.

Hanging On A Thread: Fiber Art from NIAD Art Center was a well-received exhibit that was shown in August & September. Working with more than 40 adult artists with disabilities, NIAD Art Center has a very active fiber department. For more than 30 years, NIAD Art Center has assisted artists with developmental or physical disabilities in creating art, fostering creative expression, independence, dignity and community integration.

Arts Recognition Awards

The commissioners worked hard to coordinate the nomination process, find outside judges, and present awards to artists who have advanced the appreciation of

arts and culture in Contra Costa County. Celebrating our 20th year, AC5 recognized those who have made a significant artistic or philanthropic contribution to Contra Costa's Arts and Culture. Honorees were: Richard and Natica Angilly, Creators of Poetic Dance Theater, from Richmond; Jack Catton, Board member for Diablo Ballet, from Walnut Creek; Clarinet Fusion, from Pleasant Hill; Sharon Redman, Founder of Vagabond Players, from Brentwood; and Dr. Alan Siegel, Founder of the Art of Health and Healing Initiative, from Martinez & San Pablo.

Two special awards were presented: *Distinguished Service and Leadership* to Robin Moore, from of Pleasant Hill, for her Distinguished Service and Leadership to the County's Poetry Out Loud Program for high school students, and an award for *Outstanding Contribution to the Arts* to the Diablo Regional Arts Association for their Art Access program and for providing grants to many of the performing arts organizations throughout Contra Costa County who perform at the Leshner Center for the Arts.

AC5 held eight meetings in 2017. Meetings were canceled twice due to a lack of a quorum. Three Commissioners had a 100% attendance record. Due to employment commitments one Commissioner only attended two Commission meeting. This Commissioner was asked to resign.

The AC5 Commission represents all the art disciplines, except music. Commission seats were filled by qualified citizens applying from all over the county. AC5 meets monthly. Meetings had a quorum per the Brown Act and the Better Government Ordinance and met eleven times during the course of 2016.

I. Training/Certification

Commissioners and staff participated in many seminars and conferences that included administrative training and professional development during the past year. Four Commissioners and the Managing Director attended the American for the Arts 2017 Annual Convention held in San Francisco. Participation led to more professional practices regarding pressing issues of equity, accessibility, and community building.

Mr. Renn, Managing Director was asked to participate in a peer-review panel for the California Arts Council. Serving on the State-Local Partnership grant review panel was a powerful learning experience that provided support to the arts and culture communities throughout the state.

As Managing Director, Mr. Renn also completed online training and successfully passed the examination of the Sexual Harassment Awareness course in compliance with Federal Anti-Discrimination Laws. Other training included: Orientation to the New DataArts Platform - Webinar – 2017, 2017, Philanthropy Summit - Unleashing a Culture of Philanthropy in your Nonprofit, Grant Research, Writing and Administration Seminar and an Informational Webinar: Applying for a California Arts Council Grant.

New Commissioners received an orientation which included viewing *Brown Act and Better Government Ordinance, What You Need to Know* presentation and viewing of the *Ethics Orientation for County Officials* presentation. All Commissioners update their Brown Act Training annually.

II. Proposed Work Plan / Objectives for 2018

Our California Arts Council State-Local Partnership Grant application received a score of five out of 6, meeting all of the review criteria in a significant manner. AC5 sees a robust engagement with Arts and Culture providers throughout the county in 2018. As stated in our State-Local Partnership grant application, AC5 hopes to:

- Serve as a resource to local cultural organizations by partnering with them to offer Arts Cafés.
- Continue our support of Veterans by offering six ABOUT FACE painting workshops in the spring.
- Foster diversity of artistic communities and ensure equity by expanding Public Arts programs. Art Passages continues to exhibit art works in a professional manner.
- Recognize our entire geography, embracing members of all cultural backgrounds by honoring individual artists and organizations at a special Arts Recognition Awards celebration in the fall of 2018.

The Arts and Culture Commission deeply respects and appreciates the County's desire to promote arts education, celebrate the artists in our midst, and build our community through the arts. AC5 Commissioners look forward to serving our community in 2018.
