RESTORATION LABOR CLASSIFICATION		RATES
Project Coordinator (PC)	\$	150.00
Project Manager (PM)	\$	125.00
Assistant Project Manager (APM)/Superintendent	\$	110.00
Restoration Supervisor (RS)	\$	107.50
Resource/Supply Coordinator	\$	105.00
Restoration Tech (RT)	\$	105.00
Project Auditor (PA)	\$	75.00
General Labor (GL)	\$	102.50

Labor Considerations

- The above rates apply to personnel engaged to fulfill the terms of the contract, whether regular full time employees of ServiceMaster Restoration Services (SMRS), employees of ServiceMaster franchisees, temporary hires employed directly by SMRS or personnel secured through a labor service or subcontractor.
- Standard rates will apply to the first scheduled 8 hours worked per day. Overtime (1.5 x the standard rate) will be charged for hours worked over 8 hours per day and for hours worked over 40 hours in a work week.
- Work on Saturdays will be charged at 1.5 x the standard rate for all hours worked.
- In the event SMRS personnel are dispatched to perform **emergency services** between the hours of 5 pm and 8 am, those hours will be charged at 1.5 times the standard rate.
- All hours worked on Sundays and SMRS recognized holidays (New Years Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, Christmas Eve, and Christmas Day) will be charged at 2 times the regular rate.
- In the event that SMRS is required to pay time and a half for any work performed, pursuant to State or Federal law, the rates charged will be 1.5 times the standard hourly rate.
- In the event that SMRS is required to pay double time for any work performed, pursuant to State or Federal law, the rates charged will be 2 times the standard hourly rate.
- Prevailing Rate: (Davis Bacon Act) : Any other charges related to the local regulations such as travel, per diem, etc. will be added at cost +21%
- To the extent the work under a particular contract is subject to Federal and State minimum wage or hour laws or collective bargaining agreements which modify SMRS standard rates and practices, adjustments shall be made to the hourly rate and other labor provisions as necessary.
- When circumstances beyond our control require Personnel or casual labor under contract to be delayed from beginning work, the Standard Rate/Hour will be charged per labor category, per person delayed.
- Travel Time shall be billed at the applicable labor rate for SMRS personnel traveling to and from a job. This excludes casual labor unless otherwise negotiated and approved by the client company or their representative.
- Management of Customer Labor force line is utilized when SMRS is managing the customer's labor force. The customer is responsible for paying the wages, associated taxes, benefits and insurance for their own employees.

Travel and Subsistence Considerations

- The company shall be compensated for Per Diem for out of town workers at the rate of thirty- five dollars (\$35) per person, per day for each day personnel (excluding casual labor, unless otherwise negotiated) work on the project plus ten percent.
- Transportation and related expense charges will be invoiced at cost plus 10% plus 10% (21%).
- SMRS shall be compensated for Lodging at the rate of cost plus 10%, excluding casual labor, unless otherwise negotiated.

Taxes and Fees

- The rates contained in this Schedule are exclusive of any associated permits or fees. Those Permit costs and Fees shall be billed by the company to the customer, and shall be compensated for all such costs on the basis of actual costs incurred for such items plus 10% and 10% (21%).
- Federal, state, and local taxes will be charged at cost as required by laws where services are provided. If the customer is Tax Exempt, it must make the company aware of this exemption, and provide the company with copies of all such supporting Tax Exempt status. Any Tax incurred by the company prior to such notification of a Tax Exempt status, shall be reimbursed to the company by the customer. All taxes are not included in any "Not to Exceed" or "Lump Sum" Contract, and shall be treated as additional billing above and beyond these amounts.

Catastrophe Considerations

- A Catastrophe Surcharge of 3% of the total billing will be added to all billing to capture the significant costs required in the coordinated response to a catastrophic event which are not specifically addressed elsewhere in the rate schedule. Examples of these charges would be management, administrative support, warehousing, procurement and logistics.
- In the event of a large scale regional event which prevents the use of traditional hotel accommodations, an allowance may be calculated to reflect the necessary alternatives such as travel trailers, mobile housing units, or man camps.

Subcontracted Services

- Subcontracted services will be invoiced at cost plus 10% and 10% (21%).

General Considerations

- Based upon market conditions and laws in certain geographic locations such as; New York City (including all boroughs), Alaska, Hawaii, and parts of California, SMRS reserves the right to negotiate all scheduled rates in those areas.
- A small tools charge of 3% will be assessed on labor charges, with the exception of Project Manager, Assistant Project Manager, Project Accountant, and Clerk.

Company Supplied Materials

Note: Please note that costs reflect 2018 pricing and these are reviewed and adjusted annually.

Note that chemicals marked with an "" are concentrated chemicals.

Storage Space Rack	Ea.	\$ 50.00

Equipment Considerations

1. The listed rates are to be applied to all equipment used in the performance of the work for any calendar day or portion thereof in which the equipment is used.
2. During the course of work, ServiceMaster Restore may find it necessary to purchase equipment not scheduled under the Daily Rate. In those situations, the Daily Rate shall be an acceptable industry daily rental rate determined by ServiceMaster Restore.
3. The rental rate and associated charges for any item of equipment rented from a third party vendor, used in the performance of the Work, whether it is on the schedule or not, shall be billed at cost plus 10% and 10% (21%).
4. If any company owned, leased or rented asset is damaged or rendered unfit for use by the actions or inactions of the customer, its agents or representatives, the customer if negligent, shall be responsible for replacing such asset at their expense.
5. Equipment that is held at the customer's request, but not in use, will be invoiced at the full daily rate (or weekly rate if applicable to the type of equipment being held).
 - a. In the event the equipment is from a 3rd party vendor then the equipment will be charged at cost plus 10% overhead and 10% profit (21%).
6. ServiceMaster Restore reserves the right to add to the equipment schedule during the course of the work.
7. ServiceMaster Restore shall invoice the customer for the transportation of equipment and materials to the project, and for the return of equipment and materials back from the project at cost plus 10% and 10% (21%) for 3rd party vendors. Transportation by ServiceMaster Restore staff will be invoiced at the scheduled rates, plus applicable mileage charges.
