To: Board of Supervisors
From: Anna Roth, Health Services Director
Date: April 17, 2018

Subject: Temporary Hire of County Retiree Waiver of 180-day Sit-out Period

RECOMMENDATION(S):

1. Consider waiving the 180 day 'sit out period' for Mary J. Buscaglia, Health Services Administrator - Level C in the Health Services Department;
2. Find that the appointment of Ms. Buscaglia is necessary to fill a critically needed position; and
3. Approve and authorize the hiring of retiree Ms. Buscaglia as a temporary employee effective April 23, 2018 through March 31, 2019.

FISCAL IMPACT:

Upon approval, this action has an annual cost of approximately \$47,961 which is 100% funded by Hospital Enterprise Fund I.

BACKGROUND:

Mary Buscaglia retired from County service on March 30, 2018. Ms. Buscaglia worked at Health Services Department's Finance Division supporting the Contra Costa Health Plan for approximately five years. The health industry's state and federal mandates and reporting requirements are complex, and expertise in this industry is developed over time.

BACKGROUND: (CONT'D)

Ms. Buscaglia handled the Health Plan's annual commercial (including employee) health premium rate setting and associated required state and federal reports. Due to the complexity of the process, it takes time and hands-on experience to acquire the necessary knowledge and skills to ensure tasks are accomplished accurately and timely. As we approach the annual commercial health premium rate setting period (May-July) for the 2019 rate premiums and reporting requirements (SB 546 and SB17) due in October, the department is requesting the hiring of Ms. Buscaglia as a temporary employee to manage and complete this process. In addition, Ms. Buscaglia will oversee a smooth transition while we recruit, hire, and train a permanent appointment for her position.

CONSEQUENCE OF NEGATIVE ACTION:

If this action is not approved, the accuracy and timeliness of the 2019 health premium rates and the state and federal reports will be compromised. Moreover, the department will spend additional funds on actuarials or other consultants who have the expertise to complete the tasks.

Subject: Recommended County and Special District Budgets FY 2018/19

RECOMMENDATION(S):

1. OPEN and CONDUCT a public hearing to receive input on the FY 2018-19 Recommended Budget;
2. ACKNOWLEDGE that significant economic issues will continue to challenge the Board of Supervisors in its effort to finance services and programs which Contra Costa County residents need, or expect will be provided to them;
3. ACKNOWLEDGE that wage and benefit increases when coupled with the lack of increased funding from the State and Federal Governments will challenge the County's ability to deliver essential services to our residents;
4. DIRECT the County Administrator to continue to meet with the County's union representatives and employees to explain the size, scope and anticipated length of the County's fiscal challenges and to gain their input/suggestions;
5. DIRECT the County Administrator to continue to make this information readily available to the residents of the County;

6. ACKNOWLEDGE that the Recommended Budget does not include any funding changes that may occur in the State of California's 2018-19 fiscal year budget or in the manner in which the Medi-Cal Waiver is implemented and these two events may have an unknown impact on the drawdown of federal funds for services and facilities;
7. RE-AFFIRM the Board of Supervisors' policy prohibiting the use of County General Purpose Revenue to back-fill State revenue cuts;
8. ACKNOWLEDGE that retirement expenses are expected to decrease in the short run, but are likely to increase in future years should market returns not meet or exceed the Assumed Rate of Return;
9. ACKNOWLEDGE that the Recommended Budget balances annual estimated expenditures with estimated revenues in FY 2018-19, and is both technically and structurally balanced;
10. ACKNOWLEDGE that the Recommended Budget includes a specific appropriation for contingency, and that the Board also maintains its ability to manage General Fund contingencies during the fiscal year by use of reserve funds set aside for that purpose;
11. ACKNOWLEDGE that any restoration of any recommended program reductions will require an equivalent reduction in funds from other County priorities in order to adhere to our balanced budget policy;
12. ACKNOWLEDGE that continuing to build the County's reserves, maintaining an improved credit rating, and maintenance of the County's physical assets remain a priority of the Board of Supervisors over the long term;
13. DIRECT the County Administrator to prepare for Board adoption on May 08, 2018, the FY 2018-19 County and Special District Budgets, as modified, to incorporate any changes directed by the Board during these public hearings; and
14. DIRECT the County Administrator to prepare for consideration by the Board of Supervisors on May 8, 2018, position additions and eliminations necessary to carry out Board action on the Recommended Budget.

FISCAL IMPACT:

BACKGROUND:

Explanation of the reasons behind the County Administrator's recommendations is presented in the attached FY 2018/19 Recommended Budget. Material from departments invited to make a presentation is also attached: Health Services, Employment and Human Services, Sheriff-Coroner, District Attorney, Public Defender, and Public Works.

MEET AND CONFER/LAY-OFF RESOLUTIONS

For the last several years at this point in the budget cycle, County Departments, in cooperation with Labor Relations, have begun the meet and confer process with employee representatives regarding the impact of program reductions on the terms and conditions of employment for affected employees. As noted in the Recommended Budget, County lay-offs are not expected due to budget recommendations. Pending Final Budget adoption on May 8, Position Addition and Elimination lists may be presented to the Board for adoption on that day.

CONSEQUENCE OF NEGATIVE ACTION:

Adoption of the County budget may be delayed.

Board of Supervisors
Contra Costa County
Martinez, CA 94553

Dear Board Members:

We continue to adjust our County Budgets to meet the challenges due to the uncertainty in direction from the Federal Administration in Washington. There continues to be attempts to reduce funding to the many Health and Employment & Human Services programs that we administer on behalf of the Federal and State governments. While it remains to be seen how all the proposals circulating from Congress, the President, and the Federal Departments will ultimately impact Contra Costa County, it is clear that we can expect reduced funding for the foreseeable future.

In spite of this uncertainty, our goal is to continue to be fiscally conservative and avoid future fiscal ups and downs. The Board, Department Heads, and the entire County workforce will continue to work together to retain the balance in this budget that includes recommendations for appropriation of \$3.5 billion (\$1.6 billion General Fund) for FY 2018-19 and beyond.

In addition to a structurally balanced budget for the seventh consecutive year, there were a number of key accomplishments this past year to be justifiably proud of:

- Hired a new District Attorney, Health Services Director, Public Works Director, Chief Assistant County Administrator, and Chief Information Officer. These positions will continue the County's efforts to provide quality leadership to County Departments and to ensure succession planning.
- Maintained our AAA bond rating from Standard & Poor's, Contra Costa County is "fundamentally sound, and had a stable outlook for the future" and received an upgrade on the County's Pension Obligation Bonds to "AAA".
- Implemented a new countywide budgeting system, SHERPA, that was used successfully for the development of the \$3.5 billion FY 2017-18 budget. The state-of-the-art application includes a robust budget preparation application that includes

operating and capital budgeting, in-year budget management, smart database design, and the most comprehensive personnel forecasting engine on the market. Approximately 120 users from county departments were trained on the system.

- Issued lease revenue bonds for hospital and clinic system projects (\$10 million); new County Administration facility, including a structure for additional parking (\$60 million); new Emergency Operations Center (\$40 million); refinanced existing debt (\$90 million) at historically low interest rates (2.33%, saving more than \$9 million in today's dollars); received a \$70 million grant from the state to replace beds in the Martinez Detention Facility with a new high-security, 416-bed facility on the campus of the West County Detention Facility. The Detention facility will include seven high-security housing units, a reentry services complex, a child/parent contact visitation center and a medical/psychiatric services clinic, with all of the resources available to both men and women.
- Implemented a new voting system in February 2018 to replace the aging system that has been in place since 2004. The system will be paid for with dedicated Elections Capital Replacement funds that have been reserved for this purpose over the last few years to make the fiscal impact of system replacement more manageable.
- Recognized by California State Association of Counties (CSAC), the Children and Family Services' Parent Partner Program received a 2017 Merit Award. The Parent Partner Program was one of three programs in Contra Costa County honored with a CSAC Challenge Award. CSAC recognized the Program for its innovation in matching parents in the foster care system with Parent Partners who successfully overcame their own struggles and reunified with their children.
- Worked in partnership with the California Community College Foundation and the CalFresh Employment and Training Program to implement the Fresh Success program working with two well-established community partners, Rubicon and Opportunity Junction. This voluntary program allows CalFresh recipients to acquire the skills and work experience they need to obtain and retain quality employment thereby increasing their earnings and reducing reliance on CalFresh benefits. As of the end of September 2017, we have enrolled 77 CalFresh participants in this training program.
- Staffed a new project in 2016 and 2017 in the Department of Conservation and Development to evaluate options for the County's participation in Community Choice Energy. The Board and eight cities ultimately decided to join an existing program known as Marin Clean Energy (MCE) to which five other CCC cities already belong). Residents will enjoy the benefits of choice in electrical service beginning in 2018. Advantages include competitive pricing of electricity, the ability to choose renewable energy sources and combat climate change, and greater local control of electrical power investments.
- Received the Government Finance Officers' Association Certificate of Achievement for Excellence in Financial Reporting and the Distinguished Budget Presentation awards.

The County's long-term, strategic goal continues to be the provision of public services that improve the quality of life of our residents and the economic viability of our businesses. Our goal provides the context for decisions regarding the recommendations in this Recommended Budget.

The FY 2018-19 Recommended Budget continues to provide for essential community services to our residents and minimizes adverse impacts to the community. However, as per the norm, once the State Budget is adopted, we likely will need to consider budget adjustments and will provide the Board with options at that time.

The County Board, Department Heads, and Employees all worked together to address the budget issues facing the County. I particularly want to thank Department Heads and all of our employees for their dedication, as well as their valuable and thoughtful input throughout the process. Our goal has been to ensure a fair and transparent budget process and to produce a user-friendly budget document. A great deal of effort has been put into developing and producing this budget.

The Recommended Budget represents a work plan to achieve our mission, priorities and goals in the coming year. Beginning on page 25 is a discussion of a number of Key Issues affecting the County. Below are the three principal issues facing the County that have particularly informed or impacted the development of our budget for the next year.

Labor

With our employees' help, we have implemented a long-term rebalancing plan to reduce our expenditures and restructure our service delivery to provide the most effective services within annual available resources.

Currently, two key labor contracts are in active negotiations: Physicians and Dentists Organization and the California Nurses Association. These bargaining units represent employees in Health and Human Services mainly at the Contra Costa Regional Medical Center and Clinics. Additionally, on July 1, contracts with the CCC Defenders Association, the CCC Deputy District Attorneys' Association, and the In-Home Supportive Services workers will expire. The County will be challenged to meet all of the likely requests for increased wages and benefits from these groups. Successful contract negotiation is key to maintaining fiscal stability. The majority of the County's labor contracts extend through June 30, 2019.

Capital Projects

The County Board of Supervisors has authorized moving forward with replacement of the County's Emergency Operations Center and the County Administration Building. These two projects are expected to be completed by the first part of 2020. The financing for these facilities requires debt service, which was budgeted beginning in fiscal year 2017-18, of \$8.0 million per year for the fifteen-year life of the bonds.

In addition, the Board discussed policies for the next five-year plan to help reduce the County's backlog of deferred maintenance by setting priorities for reducing the County inventory of owned facilities. The Chief Assistant County Administrator will lead efforts in the next year to introduce a more centralized management structure to improve strategic decision making regarding leasing, construction and rehabilitation of County facilities, improve the information systems to support that strategic management effort, and produce an initial list of properties to remove from the inventory. More information of this subject can be found in the Capital Improvement Plan section of this document on page 519.

Economic Projection

The economy in Contra Costa County and the Bay Area continues to improve. However, major uncertainty exists as to the direction and funding from both the State and Federal Governments as we move into the next few years. County Departments will need to balance our needs with our limited resources to insure that we can deliver quality programs to the people we serve.

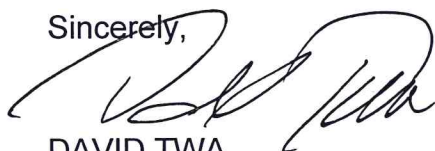

Each department was asked to submit a budget that balanced its requirements to provide services with the County's goals of adopting a FY 2018-19 budget that balances annual expenses and revenues, addresses revenue constraints and pension cost increases, and includes an appropriation for partially pre-funding the County's OPEB liability, capital replacement, and debt service payments. Thus, the budget is balanced and reflects sound financial practices.

This budget continues to reflect years of careful, comprehensive and continuing review and refinement of County operations to cope with economic challenges. In our assessment of County operations – and at every opportunity – we continue to make changes to deliver services in ways that are more efficient and less costly. These changes, which could not have been accomplished without financial sacrifices from our employees, have allowed us to protect the services that residents need and expect from County government.

The County has and will continue to adapt to changing circumstances. Our strategy over the last several years has been to harness our organizational discipline and innovation to reduce our spending and continue our Mission: "to provide public services that improve the quality of life of our residents and the economic viability of our businesses." Our success depends upon a sound financial footing and the continuation of that strategy.

The following proposed budget is recommended to the Contra Costa County Board of Supervisors.

Sincerely,

DAVID TWA
County Administrator

COUNTY PROFILE

Contra Costa County was incorporated in 1850 as one of the original 27 counties of California. A five-member Board of Supervisors, each elected to four-year terms, serves as the legislative body of the County, which has a general law form of government. Also elected are the County Assessor, Auditor-Controller (the ‘County Auditor-Controller’), Clerk-Recorder, District Attorney, Sheriff-Coroner and Treasurer-Tax Collector (the ‘County Treasurer’). The County Administrator, David Twa, is appointed by the Board and is responsible for running the day-to-day business of the County. The County Administrator is also responsible for presenting the Board with a Recommended Budget for consideration of adoption as the Final (Adopted) Budget, which will serve as the foundation of the County’s financial planning and control.

Overview

Contra Costa is one of nine counties in the San Francisco-Oakland Bay Area and the ninth most populous county in California with an estimated population of 1,139,513 as of January 1, 2017. The County covers about 733 square miles and extends from the northeastern shore of the San Francisco Bay easterly about 50 miles to San Joaquin County. The County is bordered on the south and west by Alameda County and on the north by the Suisun and San Pablo Bays. The western and northern shorelines are highly industrialized, while the interior sections are suburban/residential, commercial and light industrial. The County contains 19 cities, including Richmond in the west; Antioch in the northeast; and Concord in the center. Population growth in the County during the past several years has been strongest in unincorporated areas as well as in the cities of Antioch, Brentwood, Hercules, Oakley, Pittsburg and San Ramon.

The County's employment economy is very diverse: major industries include health care, petroleum refining, telecommunications, financial and retail services, steel manufacturing, prefabricated metals, chemicals, electronic equipment, paper products and food processing. Most of the County's heavy manufacturing is located along the County's northern boundary fronting the Suisun Bay and San Pablo Bay leading to San Francisco Bay and the Pacific Ocean. Between 2014 and 2016 the County's jobless rate decreased from 6.2% to 4.4%, below the statewide averages of 7.5% and 5.4%, respectively (not seasonally adjusted). As reflected on the following table, the County has achieved a lower unemployment rate than that of the State in each of the prior five calendar years for which official information is published.

LONG-TERM FINANCIAL PLANNING & POLICIES

Contra Costa County has adopted the following Mission, Vision and Values to assist in its decision-making process to provide a full array of services to its residents:

Mission

*Contra Costa County is dedicated to providing public services which improve the **quality of life** of our residents and the economic vitality of our business*

Vision

*Contra Costa County is recognized as a **world-class service organization** where innovation and partnerships merge to enable our residents to enjoy a safe, healthy and prosperous life*

Values

*Contra Costa County **serves people, businesses and communities**. Our organization and each of our employees value:*

- *Clients and Communities*
- *Partnerships*
- *Quality Service*
- *Accountability*
- *Fiscal prudence*
- *Organizational excellence*

The County is committed to prudent fiscal management and engages in targeted long-term financial planning when possible and appropriate. Some examples of the County's current long-term financial planning include:

- Reduce the County's Other Post-Employment Benefits (OPEB) Long-term Liability. In 2007 the Board of Supervisors set the following specific goals to address the OPEB liability:
 - to fully comply with GASB Statement 45;
 - to adopt and follow an OPEB financing plan, which balances the County's requirement to provide public services with its desire to provide competitive health care benefits to our employees;
 - to minimize collateral detrimental impact to the provision of services to indigents, including indigent health care in the County; and
 - to pursue and support Federal and State Legislation.

The OPEB financing plan includes an annual allocation of resources for pre-funding the OPEB liability. The County has included this allocation in each adopted annual budget since FY 2008-09. Health plan changes, caps on County contributions and labor concessions, in addition to annual pre-funding contributions, have assisted in reducing the County's Unfunded Actuarial Accrued Liability (UAAL) by 70.3% since 2006: from \$2.57 billion to \$764.3 million. Further, the Annual Required Contribution (ARC) has declined by 58.8% since 2006: from \$216.3 million to \$89.2 million. With a Market Value in the trust as of December 31, 2017 in excess of \$254 million, the County has pre-funded

- in excess of 25% of its OPEB obligation. The County implemented GASB 75 for the June 30, 2017 Comprehensive Annual Financial Report (CAFR). A new Actuarial Valuation is scheduled to be performed as of January 1, 2018.
- In 2007, the Board of Supervisors also established a Real Asset Management Program (RAMP). The objective of RAMP is to maximize the value of unused and vacant County-owned office space by avoiding and terminating leases. With the adoption of the FY 2012-13 Recommended Budget, the Board established a dedicated funding stream for the County's Capital Improvement Plan. Capital Improvement Plan information is on Pages 69-70 and 519-524.
 - In 2012, the State of California enacted the Public Employees' Pension Reform Act of 2013 (PEPRA). PEPRA established new pension tiers of 2.5% at 67 for County General employees and 2.7% at 57 for Safety employees. PEPRA did not define the pension cost of living adjustment (COLA). By default, the pension COLA for the majority of new County employees in the PEPRA tier was 3%. Negotiations to achieve a 2% pension COLA for this tier have been successfully completed for all of the County's 18 labor groups. These new tiers are expected to achieve savings over time. (see Budget Message - Pension Benefits).

To further assist with long-term financial planning, the Board of Supervisors has adopted a comprehensive set of financial management policies to provide for: (1) the adoption and maintenance of an annual balanced budget; (2) the annual adoption of a policy for the prudent investment of County funds; (3) establishment and maintenance of a General Fund reserve; (4) establishment of parameters for issuing and managing debt; and (5) establishment of a Workers' Compensation confidence level.

Each of the financial management policies is included or summarized below and available by contacting the County Administrator's Office at (925) 335-1023 and on the County's website under Financial Information at: <http://ca-contracostacounty.civicplus.com/2142/Financial-Policies>.

Budget Policy Recognizing that the establishment and maintenance of a budget policy is a key element in enhancing the management of the County's finances and management of the County's credit quality, the Board of Supervisors established a County Budget Policy in November of 2006, revised in December 2013 and reviewed in November 2016, which states:

1. Contra Costa County shall annually adopt a budget that balances on-going expenditures with on-going revenue.
2. Contra Costa County shall adopt a budget each year early enough (and no later than May 31) to allow all impacts on programs and/or revenues to be in effect by July 1.
3. Contra Costa County shall prepare multi-year (3-5 year) financial projections as part of the annual budget planning process.
4. Contra Costa County shall at a minimum prepare formal mid-year budget reports to the Board of Supervisors detailing actual expenditures and projections through the remainder of the fiscal year. This report will include through December 31 of each year:
 - a. actual net County cost by department by fund
 - b. actual and budgeted expenditure by major object by department
 - c. actual and budgeted revenue by major object by department
 - d. If a particular cost center is projected to be over-budget, a report clearly indicating planned corrective action will be presented to the Board of Supervisors within 30 days of the mid-year report. If necessary, this report will include appropriation and revenue adjustments.

Overview

5. The County will not directly allocate a specific General Purpose Revenue source to specific programs/communities. The policy would not apply to mitigation revenue that is derived from a project and intended to offset the environmental impacts from the project on the “host” community.
6. Short-term funding sources shall be used for short-term requirements, one-time uses, or contingencies.
7. Revenue windfalls not included in the budget plan will not be expended during the year unless such spending is required in order to receive the funding.
8. Fee-for-service and federal/state revenue offsets will be sought at every opportunity.
9. As part of the annual budget process, each department shall analyze its fee structure in order to maintain maximum offset for services.
10. The Board of Supervisors shall make reserve funding available for venture capital to be used to increase efficiencies and economies in departments that do not have resources available within their normal operating budgets for such expense. Requests for these funds will be included as part of the annual budget process.
11. The year-end practice of “use it or lose it” shall be changed to “save it and keep it”. The County Administrator’s Office will continue to refine the concept of fund balance sharing as an incentive to departments to maximize resources. Some portion of fund balance credit may be used by operating departments for one-time expenditure. These one-time expenditures shall be used to maximize economy/service delivery/efficiencies/employee satisfaction. Unless specific arrangements are made with the County Administrator’s Office, fund balance credit will be spent/encumbered within the following fiscal year.
12. The annual budget process will include funding decisions for maintaining the County’s facility assets, allowing the Board of Supervisors to weigh competing funding decisions using credible information.
13. The annual budget process will include a strategic planning and financing process for facilities renewal and new construction projects (short and long term capital budgets) and establishment of a comprehensive management program for the County’s general government real estate assets relative to acquisition, use, disposition, and maintenance. This capital improvement plan should be updated every five years and will integrate operating cost of new facilities and capital life-cycle costs.
14. Each fall, Contra Costa County shall prepare and make a formal budget report to the Board’s Finance Committee detailing earned revenues and expenditures for all mitigation and community benefit fees, trust and special revenue funds, and special Board appropriations during the prior fiscal year. The report shall identify amounts that were diverted from General-Purpose revenue in order to satisfy a special Board appropriation or other special revenue program. The Finance Committee shall review prior-year expenditures for consistency with the approved purpose of the fees, funds or special Board appropriations, and will forward recommendations for the subsequent budget year to the Board of Supervisors for consideration in the annual budget process.
15. Adopt the following definitions to be used in County policies with regard to special revenues:
 - a. Mitigation fee: A monetary exaction other than a tax or special assessment, whether established for a broad class of projects by legislation of general applicability, such as Area of Benefit mitigation fees (County Ordinance Code §913-2.404)¹, Drainage fees, and Park Dedication fees, or imposed on a specific

¹ Area of Benefit mitigation fees are to be used specifically to improve the capacity and safety of the arterial road network within a defined boundary area as development occurs in order to mitigate traffic impacts generated by new development projects.

project on an ad hoc basis, that is charged by a local agency to the applicant in connection with approval of a development project for the purpose of mitigating the impacts of the project on the affected community. Such fees are not intended to be a general-purpose revenue measure for the host community.

- b. Trust Fund: Funds held in trust for any beneficiary or for any purpose, in a separate fund and not commingled with any public funds, earning interest, and to be paid to the beneficiary of such trust upon the termination thereof, including moneys held as trustee, agent or bailee by the state, any county, city or town, or other political subdivision of the state, or any commission, committee, board or office thereof or any court of the state, when deposited in any qualified public depository. Trust funds are limited to the following purposes as defined by Governmental Accounting, Auditing, and Financial Reporting: Pension, Investment, Private-Purpose and OPEB Irrevocable funds.
 - c. Special Revenue Fund: Funds used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally restricted to expenditure for specified purposes. Examples of special revenue funds are those established for the purpose of financing schools, parks, or libraries.
 - d. Community Benefit Fee: Voluntary payment(s) made by a developer or project sponsor that benefit a defined community, either through capital or community program improvements. These funds, typically, have been intended for uses that will benefit the quality of life for the communities in which a project is approved. In the past, these funds have been identified for such uses as economic development, health care, education, infrastructure, transportation, etc.
 - e. Special Board Appropriation: A designation by the Board of Supervisors dedicating a portion of one or more General-Purpose Revenue sources to a specific program or activity, and/or to benefit a specific geographic area.
 - f. Special Revenues: Collectively, all of the preceding revenues.
16. Authorization for Mitigation and Community Benefit Fees and Their Allocation:
- a. Affirm that revenues from existing fees are to be administered by the Supervisor serving in the district for which the fee was created, unless specified otherwise when the fee was established or as an action of the Board of Supervisors, and may require Board of Supervisors approval prior to expenditure.
 - b. Affirm that revenues from existing fees are to be used with the support and authorization (to be signified by sponsorship or co-sponsorship of a Board Order/Proposal) of the current Supervisor serving in the district where the fee originated, unless specified otherwise when the fee was created or as an action of the Board of Supervisors.
 - c. Affirm that when fees are created in the future, the authorizing Board Order or Resolution must specify:
 - the type of fee (mitigation or community benefit)
 - in what geographic area the funds are to be used, e.g., countywide or limited to one or more supervisorial districts or areas within a supervisorial district;
 - the specific purpose of the fee;
 - the recommended process for allocating the funds; and
 - the department that will be responsible for administration of the funds;
 - measurable performance outcomes that demonstrate how the fee revenue has mitigated the project impacts and otherwise benefited the affected community.

Overview

- d. Affirm that no new fees are to be negotiated or created without input or consultation with the current Supervisor serving in the district where the land development project is located.
 - e. Affirm that fees developed for Countywide use will be administered by the full Board of Supervisors, with the goal of spending the money equally among supervisorial districts, unless specified otherwise when the fee is established. These fees will be assigned to and administered by a particular County department.
17. Pursue opportunities to secure new mitigation and community benefit fees, where appropriate.

Venture Capital Resources Item 10. of the Budget Policy discussed earlier created a resource to improve departmental operations. Beginning in FY 2012-13 approximately \$1 million in reserve funding was available for technology projects to be used to increase efficiencies and economies in departments that did not have resources available within their normal operating budgets for such expense. In the first year of the program, approximately \$600,000 was allocated for projects that ranged from electronic appointment scheduling software to procurement system hardware and licenses. Since that time, an additional \$5 million was allocated for a wide variety of projects including programming tools to develop workflow processes to automate repetitive tasks, replacement of an electronic deposit permit system, and high resolution monitors, software, and cameras for crime scene analysis.

The Venture Capital program is very popular with departments and has met the County's goal of allowing funding for many technological improvements that have saved significant staff time, thus allowing for more hands to be available for customer service and better overall service to the County as a whole.

In FY 2018-19, departments requested over \$3.3 million and the County Administrator is recommending \$2.0 million for projects that include:

- Customer service enhancements in the Employment and Human Services Department (EHSD), waiting area guest Wi-Fi in the County's Hospital and Clinics, and electronic case management tools suitable for field use for both EHSD and the Probation Department; and
- Technology improvements/upgrades in ten departments.

Investment Policy California Government Code statutes and the County Investment Policy govern the County's investment pool activity. Those statutes and the Investment Policy authorize the County Treasurer to invest in securities issued by the U.S. Treasury, federal agency or U.S. government-sponsored enterprise obligations, certain corporate bonds and notes, bankers' acceptances, certificates of deposit, commercial paper, repurchase agreements, the State of California Local Agency Investment Fund (LAIF) and securities lending transactions. The Board of Supervisors (Board) approved its first Investment Policy in 1994 and the most recent update to the Investment Policy was on June 6, 2017. The complete Investment Policy, consisting of 38 pages, and which may be accessed at <http://ca-contracostacounty.civicplus.com/560/Treasurer-Information> , is summarized below:

The County Investment Policy is reviewed and approved annually by the Treasury Oversight Committee and the Board of Supervisors; all amendments to the Investment Policy must be approved by the Board. The Board has established a seven-member Treasury Oversight Committee pursuant to State Law. The Treasury Oversight Committee is responsible for conducting a quarterly review of the County investment portfolio, which is presented to the Board of Supervisors, and annually updating the Investment Policy. Members of the Treasury Oversight Committee are: the County Superintendent of Schools or his/her designee; a representative and one alternate selected by a majority of the presiding officers of the governing bodies of the school districts and community college districts in the County; a representative and one alternate

selected by a majority of the presiding officers of the legislative bodies of the special districts in the County that are required or authorized to deposit funds in the County Treasury; a representative and one alternate appointed by the Board of Supervisors; and three members of the public nominated by the County Treasurer-Tax Collector.

The Contra Costa County Investment Pool rating was affirmed by Standard & Poor's (S & P) on December 13, 2017. The Investment Pool was assigned a fund credit quality rating of "AAAf" and a fund volatility rating of "S1+." The "AAAf" rating is S & P's highest fund credit quality rating with the "S1+" volatility rating reflecting low sensitivity to changing market conditions. The Investment Pool has maintained its AAAf and S1+ ratings since first rated in November 2007.

General Fund Reserve Policy Acknowledging the importance of building reserves during periods of financial strength so that such reserves can be drawn upon during economic downturns, the Board of Supervisors established a General Fund Reserve Policy in December 2005, that was revised in June 2011 to comply with implementation of GASB 54, which states:

1. Contra Costa County will strive to achieve a minimum unassigned General Fund balance of 5% of budgeted General Fund revenues and a minimum total General Fund balance of 10% of budgeted General Fund revenues;
2. Until such time as the County has an unreserved General Fund balance equal to at least 5% of budgeted General Fund revenues, no less than \$2 million of year-end fund balance in any fiscal year shall be added to the appropriation for Contingency Reserve;
3. In the event the County realizes reserves above the minimum levels defined by this policy, the first use shall be to annually deposit the funds into an account designated for capital projects and other one-time uses, up to an amount equal to 1% of General Fund revenues per year;
4. Reserves may be drawn below the minimum level in order to address an unforeseen emergency, to fund a non-recurring expense, or to fund a one-time capital cost; but only following the adoption, by at least a four-fifths vote, of a resolution of the Board of Supervisors specifying the circumstances that justify the invasion of the minimum reserve level; and
5. Should reserves fall below the established minimum levels, a request to utilize reserve funds must be accompanied by recommendations for restoring, within three years, minimum reserve levels (fiscal stabilization plan).

The County's audited financial report for fiscal year 2016-17 confirms compliance with the Reserves Policy.

Debt Management Policy In December 2006, the Board of Supervisors established a Debt Management Policy, which was last updated March 20, 2018, to update multi-family bonds policies and procedures.

I. PURPOSE: The County recognizes the foundation of any well-managed debt program is a comprehensive debt policy. A debt policy sets forth the parameters for issuing debt and managing outstanding debt and provides guidance to decision makers regarding the timing and purposes for which debt may be issued, types and amounts of permissible debt, method of sale that may be used and structural features that may be incorporated. The debt policy should recognize a binding commitment to full and timely repayment of all debt as an intrinsic requirement for entry into the capital markets. Adherence to a debt policy helps to ensure that a government maintains a sound debt position and that credit quality is protected. Advantages of a debt policy are as follows:

- enhances the quality of decisions by imposing order and discipline, and promoting consistency and continuity in decision making,
- provides rationality in the decision-making process,
- identifies objectives for staff to implement,

- demonstrates a commitment to long-term financial planning objectives, and
- is regarded positively by the rating agencies in reviewing credit quality.

II. DEBT AFFORDABILITY ADVISORY COMMITTEE

- A. Purpose.** By adoption of this Debt Policy, the Debt Affordability Advisory Committee is established. Its purpose is to annually review and evaluate existing and proposed new County debt and other findings and/or issues the committee considers appropriate.

It is the task of this committee to assess the County's ability to generate and repay debt. The committee will issue an annual report to the County Administrator defining debt capacity of the County. This review will be an important element of the budget process and will include recommendations made by the committee regarding how much new debt can be authorized by the County without overburdening itself with debt service payments.

- B. Members.** The committee shall be composed of the Auditor-Controller, Treasurer-Tax Collector, Director/Conservation and Development Department, and County Finance Director.

- C. Debt Affordability Measures.** The committee shall examine specific statistical measures to determine debt capacity and relative debt position and compare these ratios to other counties, rating agency standards and Contra Costa County's historical ratios to determine debt affordability. From Moody's Investors Service, the committee will evaluate the County against the following debt ratios from the most recent available national medians for counties in the "Aa" rating tier with populations of at least 1 million:

1. Direct net debt as a percentage of Assessed Valuation;
2. Overall net debt as a percentage of Assessed Valuation;
3. Assessed Valuation per-capita;
4. Available general fund balance as a percentage of revenues; and
5. General fund balance as a percentage of revenues.

From Standard and Poor's, the committee will evaluate the County against the following debt ratios from the most recent available national medians for counties in the "AAA" rating tier:

1. Assessed valuation per-capita;
2. Direct debt as percentage of governmental funds revenue;
3. Total government available cash as a percentage of debt service;
4. Total government available cash as a percentage of expenditures; and
5. Total debt service as a percentage of general fund expenditures.

The Advisory Committee also evaluates the County against a group of cohort counties, namely, other large, urban counties in California. The Advisory Committee utilizes each respective cohort county's most recently available CAFR to measure the County's comparative performance on the various debt measures calculated by Moody's and S&P as noted above, and also against the additional ratios below:

1. Direct debt per capita; and
2. Debt payments as a percentage of general fund revenues.

III. COMPREHENSIVE CAPITAL PLANNING

- A. Planning.** The County Administrator's Office shall prepare a multi-year capital program for consideration and adoption by the Board of Supervisors as part of the County's budget process. Annually, the capital budget shall identify revenue sources and expenditures for the coming current year and the next succeeding three fiscal years. The plan shall be updated annually.

- B. Funding of the Capital Improvement Program.** Whenever possible, the County will first attempt to fund capital projects with grants or state/federal funding, as part of its broader capital improvement plan. When such funds are insufficient, the County will use dedicated

revenues to fund projects. If these are not available, the County will use excess surplus from the reserve and debt financing, general revenues. The County shall be guided by three principles in selecting a funding source for capital improvements: equity, effectiveness and efficiency.

1. **Equity:** Whenever appropriate, the beneficiaries of a project or service will pay for it. For example, if a project is a general function of government that benefits the entire community, such as an Office of Emergency Services, the project will be paid for with general purpose revenues or financed with debt. If, however, the project benefits specific users, such as a building permit facility, the revenues will be derived through user fees or charges, and assessments.
2. **Effectiveness:** In selecting a source or sources for financing projects, the County will select one or more that effectively funds the total cost of the project. For example, funding a capital project, or the debt service on a project, with a user fee that does not provide sufficient funds to pay for the project is not an effective means of funding the project.
3. **Efficiency:** If grants or current revenues are not available to fund a project, the County will generally select a financing technique that provides for the lowest total cost consistent with acceptable risk factors and principals of equity and effectiveness. These methods currently consist of County issued debt, special funding programs funded by state or federal agencies, or special pool financing. Examples include funding pools like the Association of Bay Area Governments Participation Certificates.

C. Maintenance, Replacement and Renewal/FLIP. The County intends to set aside sufficient current revenues to finance ongoing maintenance needs and to provide periodic replacement and renewal consistent with its philosophy of keeping its capital facilities and infrastructure systems in good repair and to maximize a capital asset's useful life.

D. Debt Authorization. No County debt issued for the purpose of funding capital projects may be authorized by the Board of Supervisors unless an appropriation has been included in the capital budget (Some forms of debt such as Private Activity Bonds for housing, Mello-Roos for infrastructure, and redevelopment bonds for infrastructure/facilities may not be appropriate for inclusion in the County capital improvement program. The policies for such forms of debt are included as Appendixes 4, 5, and 6).

IV. PLANNING AND STRUCTURE OF COUNTY INDEBTEDNESS

A. Overview. The County shall plan long- and short-term debt issuance to finance its capital program based on its cash flow needs, sources of revenue, capital construction periods, available financing instruments and market conditions. The County Finance Director shall oversee and coordinate the timing, issuance process and marketing of the County's borrowing and capital funding activities required in support of the capital improvement plan. The County shall finance its capital needs on a regular basis dictated by its capital spending pattern. Over the long-term this policy should result in a consistently low average interest rate. When market conditions in any one-year result in higher than average interest rates, the County shall seek refinancing opportunities in subsequent years to bring such interest rates closer to the average. The Debt Affordability Advisory Committee shall use the Government Financial Officers Association checklist set forth in Appendix 1 hereto in planning and structuring any debt issuances.

B. Financing Team. The County employs outside financial specialists to assist it in developing a debt issuance strategy, preparing bond documents and marketing bonds to investors. The key team members in the County's financing transactions include its financial advisor and outside bond and disclosure counsel, the underwriter and County representatives (the County Auditor-Controller, Treasurer-Tax Collector, and the County Finance Director, among others). Other outside firms, such as those providing paying agent/registrar, trustee, credit enhancement, verification, escrow, auditing, or printing services, are retained as required. The County will issue Requests for Qualifications (RFQs) for financial advisor, bond and Tax counsel, disclosure counsel and underwriters every three years. The financing

team shall meet at least semi-annually to review the overall financing strategy of the County and make recommendations to the County Administrator.

- C. Term of Debt Repayment.** Borrowings by the County shall mature over a term that does not exceed the economic life of the improvements that they finance and usually no longer than 20 years, unless special structuring elements require a specific maximum term to maturity, as is the case with pension obligation bonds. The County shall finance improvements with a probable useful life less than five years using pay-go funding for such needs. Bonds sold for the purchase of equipment with a probable useful life exceeding five years are repaid over a term that does not exceed such useful life.
- D. Legal Borrowing Limitations/Bonds and other indebtedness.** California Government Code Section 29909 limits General Obligation Bond indebtedness to five percent of the total assessed valuation of all taxable real and personal property within the County, excluding Public Financing Authority lease revenue bonds, Public Facility Corporation certificates of participation, Private Activity Bond, Mello-Roos special tax, and Assessment District Debt for which no legal limitations are currently in effect.
- E. Debt Features**

 - 1. Original issue discount or premium.** The County's bonds may be sold at a discount or premium, in order to achieve effective marketing, achieve interest cost savings or meet other financing objectives. The maximum permitted discount is stated in the Notice of Sale accompanying the County's preliminary official statement on the Bond Purchase Agreement, as applicable.
 - 2. Debt service structure/Level Debt Service.** The County shall primarily finance its long-lived municipal improvements over a 20-year term or less, on a level debt service basis. This policy minimizes long-run impact on a funding department's budget. The County will seek to continue this practice, unless general fund revenues are projected to be insufficient to provide adequately for this debt service structure.
 - 3. Call provisions.** The County shall seek to minimize the protection from optional redemption given to bondholders, consistent with its desire to obtain the lowest possible interest rates on its bonds. The County's tax-exempt bonds are generally subject to optional redemption. The County seeks early calls at low or no premiums because such features will allow it to refinance debt more easily for debt service savings when interest rates drop. The County and its financial advisor shall evaluate optional redemption provisions for each issue to assure that the County does not pay unacceptably higher interest rates to obtain such advantageous calls. The County shall not sell derivative call options.
 - 4. Interest rates.** The County shall first consider the use of fixed-rate debt to finance its capital needs, except for short-term needs (such as short-lived assets) that will be repaid or refinanced in the near term; and may consider variable rate debt under favorable conditions.
- F. Other Obligations Classified as Debt/Other Post-Employment Benefits (OPEB)/Vested Vacation Benefits.** OPEBs and vacation benefits are earned by County employees based on time in service. The County records these vacation benefits as earned in accordance with generally accepted accounting principles as established by the Governmental Accounting Board (GASB). The liability for the benefit is recorded on the Fund level financial statements. The expense is recorded during the conversion to the Government Wide financial statements in accordance with GASB standards. For Enterprise funds the expense and liability are accrued in the respective funds. In this initial policy, the amount of OPEB and vacation benefits will not be in measures used to evaluate the County's debt affordability. However, the County's net OPEB obligation is posted to the County's balance sheet.
- V. METHOD OF SALE.** The County will select a method of sale that is the most appropriate in light of financial, market, transaction-specific and County-related conditions, and explain the rationale for its decision.

A. Competitive Sales. Debt obligations are generally issued through a competitive sale. The County and its financial advisor will set the terms of the sale to encourage as many bidders as possible. By maximizing bidding, the County seeks to obtain the lowest possible interest rates on its bonds. Some of the conditions that generally favor a competitive sale include:

1. the market is familiar with the County;
2. the County is a stable and regular borrower in the public market;
3. there is an active secondary market with a broad investor base for the County's bonds;
4. the issue has a non-enhanced credit rating of A or above or can obtain credit enhancement prior to the competitive sale;
5. the debt structure is backed by the County's full faith and credit or a strong, known or historically performing revenue stream;
6. the issue is neither too large to be easily absorbed by the market nor too small to attract investors without a concerted sale effort;
7. the issue does not include complex or innovative features or require explanation as to the bonds' security;
8. the issue can be sold and closed on a schedule that does not need to be accelerated or shortened for market or policy reasons; and
9. interest rates are stable, market demand is strong, and the market is able to absorb a reasonable amount of buying or selling at reasonable price changes.

B. Negotiated Sales. When certain conditions favorable for a competitive sale do not exist and when a negotiated sale will provide significant benefits to the County that would not be achieved through a competitive sale, the County may elect to sell its debt obligations through a private placement or negotiated sale, upon approval by the County Board of Supervisors. Such determination shall be made on an issue-by-issue basis, for a series of issues, or for part or all of a specific financing program. The following practices are recommended to be observed in the event of a negotiated sale:

1. ensure fairness by using a competitive underwriter selection process through a request for proposals distributed to the established underwriter pool so that multiple proposals are considered;
2. remain actively involved in each step of the negotiation and sale processes to uphold the public trust;
3. ensure that either an employee of the County, or an outside professional other than the issue underwriter, who is familiar with and abreast of the condition of the municipal market, is available to assist in structuring the issue, pricing, and monitoring sales activities;
4. require that the financial advisor used for a particular bond issue not act as underwriter of the same bond issue;
5. require that financial professionals disclose the name or names of any person or firm, including attorneys, lobbyists and public relations professionals compensated in connection with a specific bond issue;
6. request all financial professionals submitting joint proposals or intending to enter into joint accounts or any fee-splitting arrangements in connection with a bond issue to fully disclose to the County any plan or arrangements to share tasks, responsibilities and fees earned, and disclose the financial professionals with whom the sharing is proposed, the method used to calculate the fees to be earned, and any changes thereto; and
7. review the "Agreement among Underwriters" and insure that it is filed with the County and that it governs all transactions during the underwriting period.

VI. REFINANCING OF OUTSTANDING DEBT. The County may undertake refinancings of outstanding debt under the following circumstances:

A. Debt Service Savings. The County may refinance outstanding long-term debt when such refinancing allows the County to realize significant debt service savings (2% minimum by maturity and a minimum 4% savings overall) without lengthening the term of refinanced debt and without increasing debt service in any subsequent fiscal year. The County may also

consider debt refinancing when a primary objective would be the elimination of restrictive covenants that limit County operations.

- B. Defeasance.** The County may refinance outstanding debt, either by advance refunding to the first call or by defeasance to maturity, when the public policy benefits of replacing such debt outweigh the costs associated with new issuance as well as any increase in annual debt service.

VII. CREDIT RATINGS

- A. Rating Agency Relationships.** The County Finance Director, or designee, is responsible for maintaining relationships with the rating agencies that assign ratings to the County's various debt obligations. This effort includes providing periodic updates on the County's general financial condition along with coordinating meetings and presentations in conjunction with a new debt issuance.
- B. Quality of Ratings.** The County shall request ratings prior to the sale of securities from at least two major rating agencies for public issuances of municipal bonds. Currently, there are three major rating agencies providing ratings to municipal issuers, including Moody's Investors Service ("Moody's), Standard & Poor's Global Ratings (S&P) and Fitch Ratings. The County is currently rated by Moody's and S&P. The County shall provide a written and/or oral presentation to the rating agencies to help each credit analyst make an informed evaluation of the County's financial condition and to present details of the proposed issuance. The County shall make every reasonable effort to maintain its implied general obligation bond credit ratings. The County may, on a case by case basis, decide to obtain one or no ratings prior to a bond issuance if, after consulting with its financial advisor, bond counsel and disclosure counsel, it is determined that this is in the best interest of the County.

VIII. MANAGEMENT PRACTICES. The County has instituted sound management practices and will continue to follow practices that will reflect positively on it in the rating process. Among these are the County development of and adherence to long-term financial and capital improvement plans, management of expense growth in line with revenues and maintenance of an adequate level of operating reserves.

- A. Formal Fiscal Policies.** The County shall continue to establish, refine, and follow formal fiscal policies such as: Investment Policy, General Fund Reserve Policy, Budget Policy, and this Debt Management Policy.
- B. Rebate Reporting and Continuing Covenant Compliance.** The County Finance Director, or designee, is responsible for maintaining a system of record keeping and reporting to meet the arbitrage rebate compliance requirements of the federal tax code and/or contracting for such service. This effort includes tracking investment earnings on debt proceeds, calculating rebate payments in compliance with tax law, and remitting any rebatable earnings to the federal government in a timely manner in order to preserve the tax- exempt status of the County's outstanding debt issues. Additionally, general financial reporting and certification requirements embodied in bond covenants are monitored to ensure that all covenants are complied with.
- C. Reporting Practices.** The County will comply with the standards and best practices of the Government Finance Officers Association for financial reporting and budget presentation and the disclosure requirements of federal regulatory agencies including the Securities and Exchange Commission and Internal Revenue Service; state agencies charged with the regulation of municipal securities, including the State Treasurer's Office; and self-regulatory organizations such as the Municipal Standards Rulemaking Board.
- D. Post-Issuance Tax Compliance Procedures.** To assure it manages its debt obligations in accordance with all federal tax requirements, the County will comply with the Post-Issuance Compliance Tax Procedures set forth in the policy appendix.
- E. Continuing Disclosure Policies and Procedures.** To assure it manages its debt obligations in accordance with the terms of Continuing Disclosure Agreements included in individual

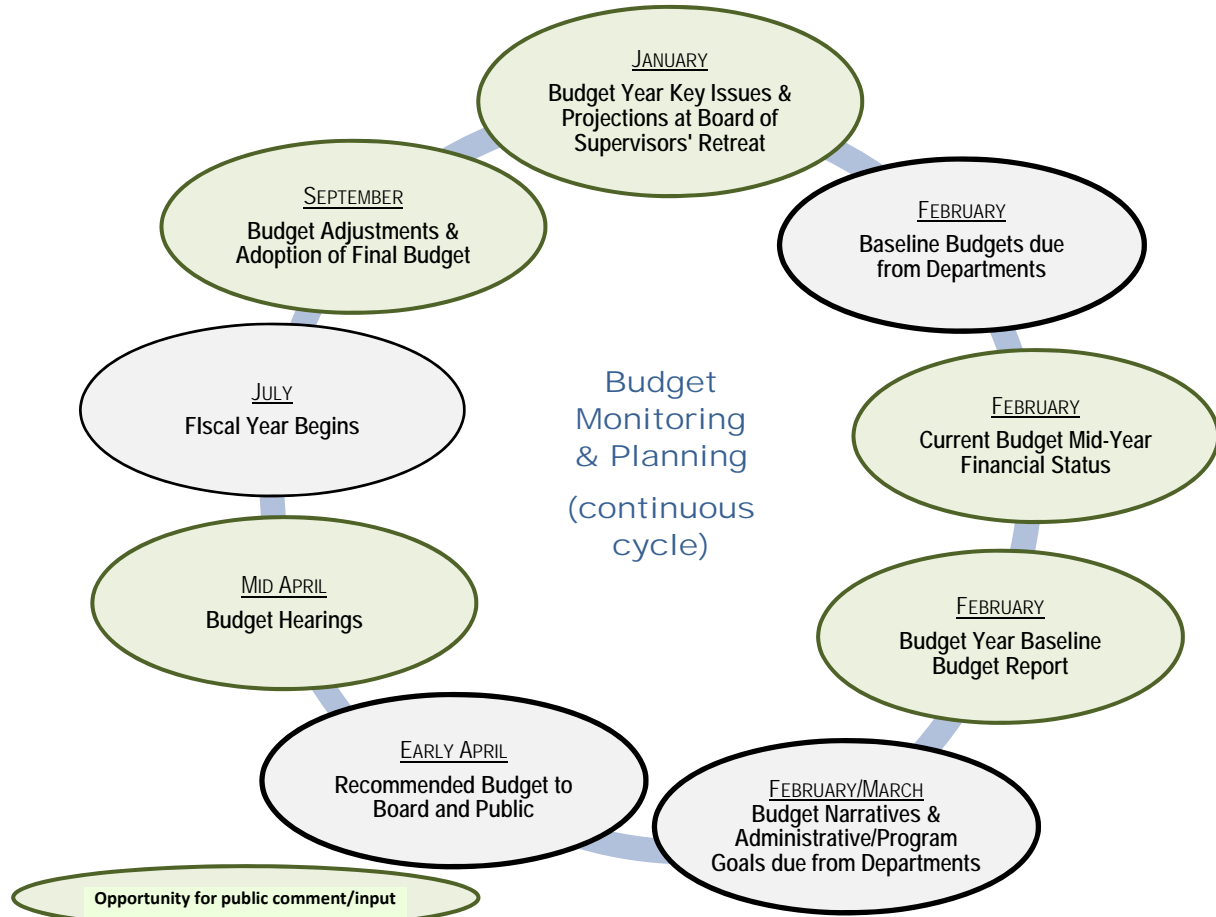

bond issuances and federal and state regulations, the County has adopted policies and procedures set forth in the policy appendix.

Workers' Compensation Confidence Level Policy In September of 2007 the Board of Supervisors established a Workers' Compensation funding policy that targeted a minimum confidence level 80% ('confidence level' is a measure of the probability that the Workers' Compensation Internal Services Fund will have enough money to cover all benefits and claims that have been incurred). The 80% confidence level objective was exceeded in fiscal year 2016-17 and was in excess of 91%. Presently, the County pays approximately \$25.4 million annually to the Workers' Compensation Internal Services Fund, down from a high of \$37.0 million in FY 2006-07. The decrease can be attributed to changes in State law, changes in employee contracts, most particularly to the County's return-to-work program, and adherence to the funding policy. The annual payments, along with a slow growth in loss experience and relatively flat payments, has resulted in a high confidence level of the Workers' Compensation Internal Service Fund. The County Administrator will continue to recommend gradually reduced transfers to the fund, which will eventually result in reaching the targeted confidence level and freeing up these funds for other purposes.

Employee Compensation. Employee compensation is governed by a variety of ordinances, policies and Memoranda of Understanding. Each of these documents are available for review at <https://ca-contracostacounty2.civicplus.com/1340/Labor-Relations>

BUDGET PROCESS

The County budget process is a continuous cycle of developing, monitoring and planning, with specific steps each year to achieve adoption of the Final Budget.

The County's fiscal year spans from July 1 to June 30; however, the budget development process begins as early as December with the Board of Supervisors setting a Preliminary Budget Schedule for preparation of the ensuing budget. The County Administrator presents the Board, Department Heads and the public with an analysis of key issues and budget projections in January; followed by budget instructions, which include direction for departments to work with their respective advisory committees and community-based organizations; departmental budget submissions; meetings with Departments in February and March; and presentation of the State Controller's Office required Recommended Budget Schedules for Board consideration in April. Absent the adoption of the County's Recommended Budget by June 30, the State Controller's Office Recommended Budget Schedules are passed into the new fiscal year as the spending authority until a Final Budget is adopted. Unlike the State Controller's Office Recommended and Final Budget schedules, which are solely publications of financial State Schedules required by State Statutes collectively referred to as the *County Budget Act*, the County Recommended Budget includes detailed information and narrative regarding the County, including its current and projected financial situation; the programs/services and administrative/program goals of individual Departments; and the County Administrator's budgetary recommendations for the upcoming budget year.

After public hearings and budget deliberations, the Board adopts the Recommended Budget no later May 31 (pursuant to the Budget Policy). After the State budget is passed (legally due by June 15) and County fiscal year-end closing activities are completed in August, a Final Budget is

prepared for Board consideration. (Pursuant to the County Budget Act, the deadline for adopting a Final Budget is October 2 each year. This allows incorporation of any needed adjustments resulting from the State budget.)

September	Final Budget presentation based upon fiscal year-end closing activities, including final adjustments to fund balance, and passage of State budget (Board Chambers*) ¹

* All activities noted as (Board Chambers*) are open to the public and opportunities for public comment.

¹ If significant changes to programs or revenues are required based upon the State budget and/or closing activities, Budget Hearings may be scheduled prior to the Board adopting the Final Budget.

Overview

The County Administrator monitors actual expenditures and revenue receipts each month and mid-year adjustments may be made so that the County's Budget remains in balance throughout the fiscal year. On an annual basis, the County Administrator's staff prepares and presents a report to the Board of Supervisors that details the activity within each budget category and provides summary information on the status of the County's Budget. The County Administrator also recommends any actions that are necessary to ensure a healthy budget status at the end of the fiscal year.

Supplemental appropriations, which are normally financed by unanticipated revenues during the year, and any amendments or transfers of appropriations between summary accounts or departments, require approval by the Board of Supervisors. Pursuant to a Board of Supervisor's Resolution, the County Administrator is authorized to approve transfers of appropriations among summary accounts within a department as deemed necessary and appropriate. Accordingly, the legal level of budgetary control by the Board of Supervisors is at the department level.

BUDGETARY BASIS FOR ACCOUNTING

The term "basis of accounting" refers to the timing of recognition of assets, liabilities, revenues and expenditures. The basis of accounting used for financial reporting in accordance with generally accepting accounting principles (GAAP) is not necessarily the same as used in preparing the budget ("basis of budgeting"). Some of the differences include:

- Under GAAP, revenues are recognized as soon as they are both "measurable" and "available", however revenue recognition under the basis of budgeting may be deferred until the amounts are received in cash.
- Encumbrances are treated as expenditures in the budget but not under GAAP.
- Budgeted revenues and expenditures may include items classified as "other financing sources" and "other financing uses" under GAAP.
- The receipt of long-term debt proceeds, capital outlays and debt service payments on principal are reported in the budget, but under GAAP for proprietary funds, these are not reported under operations and instead are recorded as allocations for depreciation and amortization expense.
- Under the GAAP basis of accounting, changes in the fair value of investments are treated as adjustments to revenue, which is not the case under the budgetary basis of accounting.

The County uses an encumbrance system as an extension of normal budgetary accounting for the general, special revenue, and certain debt service and capital project funds to assist in controlling expenditures. Under this system, purchase orders, contracts, and commitments for the expenditure of monies are recorded in order to reserve that portion of applicable appropriations. Encumbrances outstanding at year-end are recorded as obligated fund balance since they do not constitute expenditures or liabilities, and are re-established, along with their encumbered appropriations as part of the following year's budget. Any appropriations remaining in the departments at the end of the fiscal year automatically lapse and are transferred to fund balance. The year-end fund balance, along with projected revenues, becomes available for appropriation the following year.

The Final Budget adopted by the Board of Supervisors for the General Fund includes budgeted expenditures and reimbursements for amounts disbursed to or received from other County funds. Revenues received from other County funds for reimbursement of services are generally budgeted in Interfund Revenues, such as facilities maintenance. Transfers to and from other

County funds to provide reimbursements of costs are generally budgeted in Charges for Services, Miscellaneous Revenue and Expenditure Transfers.

The budget for governmental funds, such as the General Fund, may include a sub-object level known as 'intrafund transfers' in the charges to appropriations. This sub-object level is an accounting mechanism used by the County to show reimbursements between operations within the same fund. An example of an intrafund transfer would be a General Fund department, such as the Sheriff's Office, reimbursing another General Fund department, such as the Facilities Maintenance Section of Public Works – this would represent a transfer between General Fund budget units for services performed.

Budgets are adopted on the modified accrual basis. Accounting policies used in preparation of the County's audited financial statements conform to generally accepted accounting principles applicable to counties. The County's governmental funds use the modified accrual basis of accounting. This system recognizes revenues when they become available and measurable. Expenditures, with the exception of unmatured interest on general long term debt, are recognized when the fund liability is incurred. Proprietary funds use the accrual basis of accounting, whereby revenues are recognized when they are earned and become measurable, while expenses are recognized when they are incurred.

FY 2018-19 KEY BUDGET ISSUES

The Recommended Budget represents a work plan to achieve our mission and priorities in the coming year. Below are a number of key issues that have informed or impacted the development of our budget for next year.

- **Property Tax Recovery/Revenue:** Low growth in the housing market in the recent past has significantly impacted the County budget as 84.8% of General Purpose revenues and 23.5% of total General Fund revenues come from property taxes. As a result, the previous slowdown in the housing market continues to have an impact on our County greater than most other Bay Area Counties.

Year-over-year for the three-year period between FY 2009-10 and 2011-12 total actual assessed value declined by 9.5%. For FY 2015-16, the County's total assessed valuation base was \$181.1 billion and the growth rate of total assessed valuation in the County was 7.3%, the fourth fiscal year increase since FY 2008-09. The local portion of total assessed valuation can grow up to the maximum annual rate of 2% allowed under Proposition 13 for existing property plus additional growth from new construction and the sale and exchange of property. The annual growth rate in assessed valuation averaged 5.2% over the last 20 years and a year-over-year growth of 5.3% over the past 5 years. Assessed valuation fell by a cumulative 9.46% from its peak in FY 2008-09 to its trough in FY 2011-12 as a result of the impacts of foreclosures and the recession on the County's economy. This reflects the slow economic recovery in Contra Costa County; however, for at least the near term, property tax revenues are looking up. Home prices and sales indicate strong demand on the residential side of the market, and the latest trends in construction-permitting activity point towards new structures coming on line to support ad valorem (AV) growth in the coming fiscal year. Moreover, inflation is picking up slightly in the state, which will help put upward pressure on AV growth for properties not changing ownership. The FY 2017-18 total assessed value growth was 5.78%. The current forecast is projected upon continued property tax recovery. The County is projecting growth of 5% for FY 2018-19 and beyond.

- **Employee Benefits and Retiree Health Care/Other Post-Employment Benefits (OPEB):** Another key issue is the continued financial pressure related to the cost of benefits, including health care, for employees and retirees. Over the last few years, the County reached

agreement with the majority of our employee groups to reduce the County's cost for current employees and to eliminate retiree health care subsidies for employees hired after specified dates. This action substantially reduced our long-term liability relating to the provision of retiree health care. This action, in combination with pre-funding, significantly reduced growth in the County's OPEB liability. The FY 2018-19 budget continues the \$20 million annual set-aside, which began in FY 2008-09, to reduce our unfunded liability for retiree health care. While we would prefer a greater level of pre-funding, the absence of any new resources makes this impossible without further service cuts. Nevertheless, \$20 million in annual contributions will continue to have a positive impact on the County's OPEB liability. The County has significantly reduced its OPEB liability and Annual Required Contribution (ARC). As of the January 1, 2016 valuation, the current Other Post-Employment Benefits liability fell from \$2.6 billion in 2006 to \$764 million and the ARC fell from \$216.3 million in 2006 to \$89.2 million. The County's OPEB liability and annual required contribution will continue to decline over time. None of these reductions could have been achieved without the support and cooperation of our employees.

On February 24, 2012, the Retiree Support Group of Contra Costa County ("RSG") filed a lawsuit in federal court challenging the County's ability to make changes to health care for retirees. Following mediation, RSG and the County reached a settlement of the case. On March 15, 2016, the Board of Supervisors adopted Resolution No. 2016/124, approving the proposed settlement agreement. On November 1, 2016, the court gave final approval to the class action settlement, and the lawsuit was dismissed with prejudice. The settlement was fully implemented for the 2017 plan year, creating a \$676,000 increase in the Annual Required Contribution and an \$8,593,000 increase in the total Actuarial Accrued Liability. The settlement class is entirely made up of retirees, there is no Normal Cost.

Continued negotiations towards Countywide health care cost containment strategies and the redirection of designated future resources remain key to resolving the OPEB challenge for the County. The challenge of offering health care options to our employees that are affordable and competitive remains an important focus in negotiations. The Board of Supervisors and our employees continue to make significant progress towards a solution for one of the biggest fiscal challenges the County has faced to date. The next valuation is scheduled for Summer 2018.

- **Long-Term Rebalancing:** One of the most important challenges faced over the last few years was to rebalance and restructure the County's budget. A long-term solution including a targeted negotiation strategy was developed and implemented. The County Administrator's Office continues to work with the Board and Departments to review historical trends, identify service priorities, and develop strategies to address any budget imbalance that exists between annual expenditure needs and annual revenues. The goal is to continue to provide the most effective and efficient community services within available resources, while building reserves to preserve programs during times of economic downturn.
- **State Budget:** The Governor's \$190 billion budget proposal for FY 2018-19 continues with similar themes of paying down existing debts, funding "rainy day" reserves and limiting spending commitments in anticipation of a future economic slowdown. The State anticipates current year, General Fund revenues to surpass estimates by \$6.1 billion, which has been programmed into the FY 2018-19 Proposed Budget to fully fund the State's Rainy Day Fund, including an additional \$3.5 billion over the constitutionally required amount. The State has also forecasted that an impending economic downturn could result in annual revenue declines of up to \$20 billion. For this reason, the Governor continues to caution the legislature against increasing ongoing expenditures.

The Governor has included \$300 million in one-time infrastructure and support funding primarily for the State's public safety infrastructure, including prisons and courthouses. The

Proposed Budget also anticipates the continuation of SB 1 transportation funding, in the amount of \$4.6 billion. The Governor has said that a repeal of SB 1 would be devastating to the California economy.

An unknown variable in the State Proposed Budget is future impacts from the “Tax Cuts and Jobs Act” signed into law by President Trump in December 2017. Ultimately, the impact to the state will likely remain unknown until tax returns are filed in 2019 for the 2018 tax year. Any negative impacts to state revenue are certain to have impacts to counties, but would not be known until FY 2019-20 or FY 2020-21.

Finally, the Proposed Budget includes several county specific funding solutions, including 1) \$134 million for county elections systems; 2) \$117.3 million for “Incompetent to Stand Trial (IST) placement options; and 3) \$27.8 million for county In-Home Supportive Services (IHSS) administrative costs.

- **Capital Improvement Plan:** The County continues to manage its inventory of facilities to provide high quality and accessible services to our residents. This budget continues the \$16.5 million funding allocated to lowering the level of deferred maintenance and making improvements to extend the useful life of County facilities and promote the health and safety of employees and the public who utilize our facilities. The County is moving forward with two major capital projects to construct a new administration building and a new emergency operations center and administration building for the Sheriff. The County is also working with an expert on automating our Facility Condition Assessment process and integrating those reports with our database of facilities. This will improve our budgeting of needed and deferred maintenance in order to help develop a more accurate five-year capital improvement plan. For detailed information on the County’s capital program and progress, see the Capital Improvements Departmental Budget Summary, Page 69, and the Capital Improvement Plan, Page 519.
- **Bonded Debt Limitation and Assessed Valuation Growth:** The statutory debt limitation for counties is 5% of assessed valuation (Government Code Section 29909), but it is actually 1.25% of assessed valuation pursuant to the California Constitution which requires taxable property to be assessed at full cash value rather than $\frac{1}{4}$ of that value. The California Constitution limit applies to all County-controlled agencies, including the County General and Enterprise Funds, Successor Redevelopment Agencies, Housing Authority and Special Districts. For technical auditing purposes, only pension obligation bonds and tax allocation bonds are counted as “general obligation bonded debt” even though neither form of debt requires voter approval; lease revenue bonded debt and assessment district debt are not required to be included. As of June 30, 2017 the County’s outstanding bonded debt was \$271.9 million leaving a statutory margin of \$9.03 billion and a Constitutional margin of \$2.05 billion. (See Current Debt Position, Page 525 for details.)
- **State Realignment:** In October 2011, the Governor began implementing massive changes to the relationship between State funding and management of County operated programs. The realignment of public safety programs has transferred to counties the fiscal and programmatic responsibility for many criminal justice and health and human service programs previously administered by the State. Public Safety Realignment transferred oversight of certain nonviolent, non-serious and non-sex crimes felony offenders from the State to counties as a means of reducing overcrowding that has long plagued the State prison system.

Subsequently, in November 2012 voters approved Proposition 30, which, among other things, secured a constitutional guarantee that local community corrections funding would continue to counties. Although the funding has been guaranteed it is important to understand that (1) funding comes from a portion of the Vehicle License Fee (VLF) and sales tax, both of which

are subject to the ups and downs of the economy, and (2) that the funding guarantee does not extend to local jurisdictions.

Since 2011, Contra Costa County has built a comprehensive program infrastructure to provide services to offenders who became the responsibility of the County following Realignment. In October 2014, the Realignment Allocation Committee, a committee composed of representatives of the County Administrators' Association of California (CAOAC) recommended a new three-year funding formula that significantly reduced the annual allocation of 2011 Realignment fund to the County for community corrections services. Over the past several years, and again in the FY 2018-19 Recommended Budget, the prudent use of funds by the Board of Supervisors and the Community Corrections Partnership (CCP) continues to allow us to weather this financial storm in the short term; however, continued restraint will be necessary into the future to maintain critical programs that have been implemented over the last seven years.

On February 5, 2018, the Public Protection Committee approved a \$27.9 million budget package to continue funding critical program infrastructure put in place following 2011 Realignment. The budget includes recommendations approved by the CCP-Executive Committee on December 1, 2017, which includes a minimum increase of 4% to public agencies and community programs. In addition, the FY 2018-19 Recommended Budget adds four (4) positions to the Public Defender's Office, including one (1) position specifically to assist with the Pre-Trial program, and includes new funding to the Contra Costa County Police Chief's Association to continue deploying Mental Health Evaluation Teams (MHET) throughout the County. Funding allocations approved by the Public Protection Committee have been integrated into departmental budgets reflected in the FY 2018-19 Recommended Budget.

- **Pension Benefits:** A major issue for Fiscal Year 2018-19 continues to be the impact of the Actuarial Accrued Unfunded Liability (UAAL) on the employees' and employers' contribution rates. As of December 31, 2000, the Contra Costa County Employees Retirement Association (CCCERA) reported a UAAL of \$288 million and a funded ratio of 89.1%. The average employer rate has decreased due to an investment return on actuarial value (after smoothing) greater than the 7.00% assumed rate, actual contributions greater than expected, a mortality gain on retirees and beneficiaries, amortizing the prior year's UAAL over a greater than expected projected total payroll and a retirement gain on activities. All of these helped to offset higher than expected individual salary increases and higher than expected COLA increases for retirees and beneficiaries. As of December 31, 2016, the UAAL decreased to \$1.187 billion from \$1.311 billion and the funded ratio decreased to 84.5%. At the end of 2016, the County's portion of the UAAL was \$776.3 million (\$919.5 million including the Contra Costa County Fire Protection District). Those figures do not include \$261.3 million in outstanding pension obligation bonds as of June 30, 2017 (\$185.83 million in County bonds and \$75.5 million in CCC Fire Protection District bonds). Although a significant pension obligation bond was paid off in FY 2013-14, the projected relief was eliminated by the pension board's reduction of the assumed investment rate from 7.75% to 7.25% and a further reduction to 7.00% in April of 2016 (see the Retirement/Pension Costs – Future Year Projection/Budgets section, below, for more information on pension). On a positive note, the County has begun to benefit from new lower-cost PEPPA pension plans and has negotiated a 2% cost of living adjustment to the PEPPA plans with all of its bargaining units.
- **Retirement/Pension Costs - Future Year Projections/Budgets:** The costs of pension benefits remain a fiscal challenge in Contra Costa. In the 2009 Budget Message, a graph was included that projected the impact of the 2008 Contra Costa County Employees' Retirement Association (CCCERA) market losses (26.5%) in combination with an unachieved earnings assumption (then 7.80%) which resulted in a negative impact of over 34%. Even

using a five-year smoothing model, County costs were expected to begin to rise in FY 2010-11 and virtually double by FY 2015-16. Since that time, market experience has fluctuated greatly and the assumed investment rate has been reduced three times. The chart below summarizes the net impact of market experience and the assumed investment rate since the 2008 market crash:

Calendar Year	Gross Market Value Investment Returns	Assumed Investment Rate	Net Impact
2008	-26.50%	7.80%	-34.30%
2009	21.90%	7.80%	14.10%
2010	14.00%	7.75%	6.25%
2011	2.70%	7.75%	-5.05%
2012	14.10%	7.75%	6.35%
2013	16.50%	7.25%	9.25%

In a letter dated March 8, 2018, CCCERA’s actuary issued a report which projected employer contribution rate changes based on an estimated 13.9% net market value investment return for 2017 and other changes in economic assumptions. The projection is derived from the December 31, 2016 actuarial valuation results, which are the most current available. A new five-year projection will be available in the Fall using December 31, 2017 valuation figures. The projections do not reflect any changes in the employer contribution rates that could result from future changes in the demographics of active members or decreases in the employer contribution rates that might result from new hires going into the PEPRA tiers. These modeled projections are intended to serve as illustrations of future financial outcomes that are based on the information available to us at this time. Emerging results may differ significantly if the actual experience proves to be different from these assumptions. The four most significant variables are demographic experience, local and regional economy, stock market performance, and the regulatory environment.

As can be seen in the chart below, the cumulative impact of smoothing gains and losses for the aggregate plan is projected to be a decrease of 3.44% (as of December 31, 2021). These projected rate changes are implemented 18 months after the actuarial date. Therefore, the projected decrease of 0.83% in the chart below for 2017 will be implemented on July 1, 2019.

Note that because the actuary estimated the allocation of the rate changes across the cost groups, the actual rate changes by group will differ from those shown in the exhibit, even if the plan-wide rate changes are close to those shown below. For instance, the cost of a General Tier III employee is projected to decrease by 0.62% for 2017 (rate decrease date of July 1, 2019), a County Safety employee by 1.54%, and a Contra Costa County Fire District Safety employee by 2.07%. The total impact to the County, all things considered, is expected to be very close to these figures.

The following chart, which County Administration staff and the Auditor prepared together, uses all of the latest information available for a new five-year projection of total County pension costs, including Fire. The cumulative effect of the market rate improvements is dramatic. Presented in the chart are four years' of actual data, a projection of the current year (straight-lining seven months of actual data), the Recommended Budget for FY 2018-19, and a projection based on the Recommended Budget of FY 2018-19 and beyond (no increases in FTE or wages for FY 2019-20 and beyond). A significant drop in projected expenses in FY 2014-15 was due to the retirement of one of the County's pension obligation bonds that was netted against increases in FY 2014-15. Note that the Board changed its OPEB funding policy and redirected all the savings achieved (\$33 million annually) towards funding the additional retirement expense due primarily from the reduction in the assumed rate. The five-year projection uses the 7.00% assumed investment rate of return, all pension obligations bonds and 2017 market impacts. A significant note is that the chart includes two years after the final year of debt service for the County and Fire pension obligations bonds, which pay-off in FY 2021-22 and FY 2022-23 respectively. The effect of the Fire District bonds pay-off is shown in FY 2021-22 because the final payment will be transferred to the debt service fund in FY 2021-22.

Actual and Projected Retirement Expenses

HISTORICAL PERSPECTIVE

General Fund

Between FY 2005-06 and FY 2007-08, total expenditures for the General Fund grew by an average of 3.4%. Expenditures then declined by 2.6% in FY 2008-09 and another 6.1% in FY 2009-10. Although they were budgeted to grow by approximately 4.3% in FY 2010-11, actual growth was within 2% and was funded with one-time resources. The one-time resources were not available in FY 2011-12 and expenditures dropped by 2.6% to below FY 2009-10 expenditures. Growth has been slow, but steady since FY 2011-12. The current year budget shown in the graph below displays more growth in expenditures than expenditure projections indicate. This is due to the number of vacant positions and reserve funding. The FY 2017-18 appropriations include \$22.5 million in fund balance budgeted for the West County jail construction match. The Recommended Budget is projecting flat expenditures growth for FY 2018-19.

10 Year Actual Expenditure History (in millions)

As depicted in the following chart, total revenues began a two-year decline in FY 2008-09 and were relatively flat until FY 2012-13 when they began to steadily increase. Revenue is expected to be flat in the Recommended Budget. It should be noted that the \$460.0 million budgeted general purpose revenue in FY 2017-18 includes \$22,500,000 in fund balance for construction match to the West County Jail project described in the Budget Message. These Other Local Revenue monies were appropriated from reserves as part of the FY 2016-17 close-out process and are not an on-going source of revenue. If the fund balance were not included in that figure, the FY 2017-18 budgeted amount would be \$437,535,000 and the total general fund revenue figure would be \$1.575.2 million.

These revenues are projected based on historical trends, which have been impacted by property tax and general economic recovery.

10 Year Revenue Generation (in millions)

As shown below, the County struggled with maintaining a structurally balanced budget in the past; however, all Recommended Budgets since FY 2012-13 have been structurally balanced. The 2017-18 Budget figures reflect capital carryover funding and fund balance use. State impacts on FY 2018-19 are currently unknown. Appropriations for Contingency have been budgeted to address mid-year unanticipated issues.

Change in General Fund Actual Status (in millions)

Prior to the housing market collapse, the County had reversed the declining reserves trend experienced in the last decade and achieved a balanced General Fund budget in fiscal year 2006-07. However, as is their purpose, reserves were spent in FY 2007-08 and FY 2008-09 to alleviate two fiscally difficult years. In FY 2009-10 and FY 2010-11, due to Federal Stimulus funding and negotiated compensation concessions, the budgets were balanced. Since FY 2012-13 Budgets did not anticipate reserve spending for on-going program expenses and in fact projected a \$2.5 to \$3 million repayment of reserves from reallocation of property tax revenues with the West Contra Costa Healthcare District (Doctor's Hospital). The reallocation of \$2.5 million is included in the FY 2018-19 Recommended Budget as a revenue.

Fiscal year-end 2010-11 marked a change in the calculation of the County's General Fund Reserve to comply with terminology revisions required by the Governmental Accounting Standards Board (GASB) Statement No. 54-Fund Balance Reporting and Governmental Fund Type Definitions. GASB issued Statement No. 54 in an effort to improve consistency in reporting fund balance components, enhance fund balance presentation, and improve the usefulness of fund balance information reported annually. The Statement required a revision to the County's 2005 Reserve Policy – unreserved was changed to unassigned. The impact was that \$32.5 million of previously categorized unreserved balance is now considered either assigned or committed. In the following chart, the ten-year history of unreserved balance has been over-laid with year-end 2009-10 figures calculated using both definitions and the following years calculated pursuant to the revised policy. There was no change in the total fund balance. The County is exceeding the minimum 5% target (Unassigned Fund Balance was 20.4% of total General Fund Revenues on June 30, 2017).

Although the graph below depicts no budgeted growth in reserves, it should be noted that actuals will likely be higher than shown due to a high number of vacant positions, budget for contingency (\$10 million) and budgeted reallocation of property tax revenue (\$2.5 million). Fund balance is shown as a percentage of total General Fund revenues, which are projected to increase in the current and budget year. Although it is anticipated that unassigned fund balance will increase as an absolute dollar amount, growth in the ratio to revenues is not expected as revenue will grow as well.

Unreserved/Unassigned Fund Balance (as of June 30)

General Fund Revenue and Appropriations

The County Summary Information available beginning on page 465 depicts history and recommendations for all revenue sources and uses for all County funds. The recommended General Fund budget of \$1.61 billion is supported by local, federal, and State resources. A large portion of the revenue, \$657.4 million, or 40.7%, is dependent upon State and federal allocations (very close to the 43.5% of last year). General Purpose revenue available from sources such as property tax and interest income is \$447.6 million, all but \$1.7 million (State revenue) is categorized as Other Local revenue. The remaining 'Other Local' revenue is generated primarily by fees, fines, and licenses. In the two fiscal years prior to 2007-08, the assessed valuations of the County's tax rolls had increased by double digits due to the strong housing market. The economic downturn slowed growth in assessed valuation and had reduced most revenue sources. This trend has turned around and the County is experiencing modest, yet consistent, revenue growth.

Total Revenues: \$1.613 Billion

These revenue sources are used to fund programs throughout the County. All categories below are self-explanatory, except 'Other Charges', which includes contributions to other funds such as the Enterprise Funds and interest expense on bonds and other debt. The pie chart is used to show the size of the expenditures in relation to each other (ideally, pie charts are not used with negative numbers). The following chart breaks out recommended expenditures between the major expense areas. The reallocation of \$2.5 million to the West Contra Costa Healthcare District (Doctor's Hospital), mentioned earlier causes the difference between the total revenues and total expenditures.

Total Expenditures: \$1.611 Billion

Our General Fund resources fund three functional areas: General Government, Health and Human Services, and Law and Justice. The following chart shows the distribution of resources in these three areas in the FY 2018-19 Recommended Budget. Distribution of resources has tracked very closely to these ratios for many years.

Distribution of Expenditures: \$1.611 Billion

Other County Funds

The County Summary Information beginning on page 465 depicts history and recommendations for all revenue sources and uses for all County funds. Of the \$3.57 billion represented, \$1.61 billion is within the General Fund and \$1.96 billion is from other funds. There are five County Enterprise funds, which make-up \$1.41 billion of the \$1.96 billion in non-general funds.

Overview

Enterprise Funds

The County operates seven Enterprise Funds (listed below). These funds were established for operations that are financed and operated in a manner similar to private business enterprise (e.g. water, gas and electric utilities, parking garages; or transit systems). The County Summary Information depicting history and recommendations for all revenue sources and uses for these funds is available on the page numbers indicated.

- 5) Airport Enterprise, Page 180
- 6) Sheriff Law Enforcement Training Center, Page 439
- 7) Childcare Enterprise, Page 244

The total Recommended Budget for Enterprise Funds is \$1.418 billion.

Enterprise Fund Appropriations: \$1.418 Billion

The largest of the Enterprise funds are the HMO Enterprise and Hospital Enterprise Funds. The HMO fund is used to account for all the premiums and expenditures related to Medi-Cal enrollees. The fund includes the Contra Costa Health Plan and Medi-Cal products. The Contra Costa Health Plan is a County-operated, prepaid health plan. The Hospital Enterprise fund includes the operations of the Contra Costa Regional Medical Center and emergency care services, ambulatory care centers, physician services, emergency medical services, department-wide administration, and fixed assets. The following chart is of Hospital Enterprise Fund revenue.

Total Revenues: \$625.7 Million

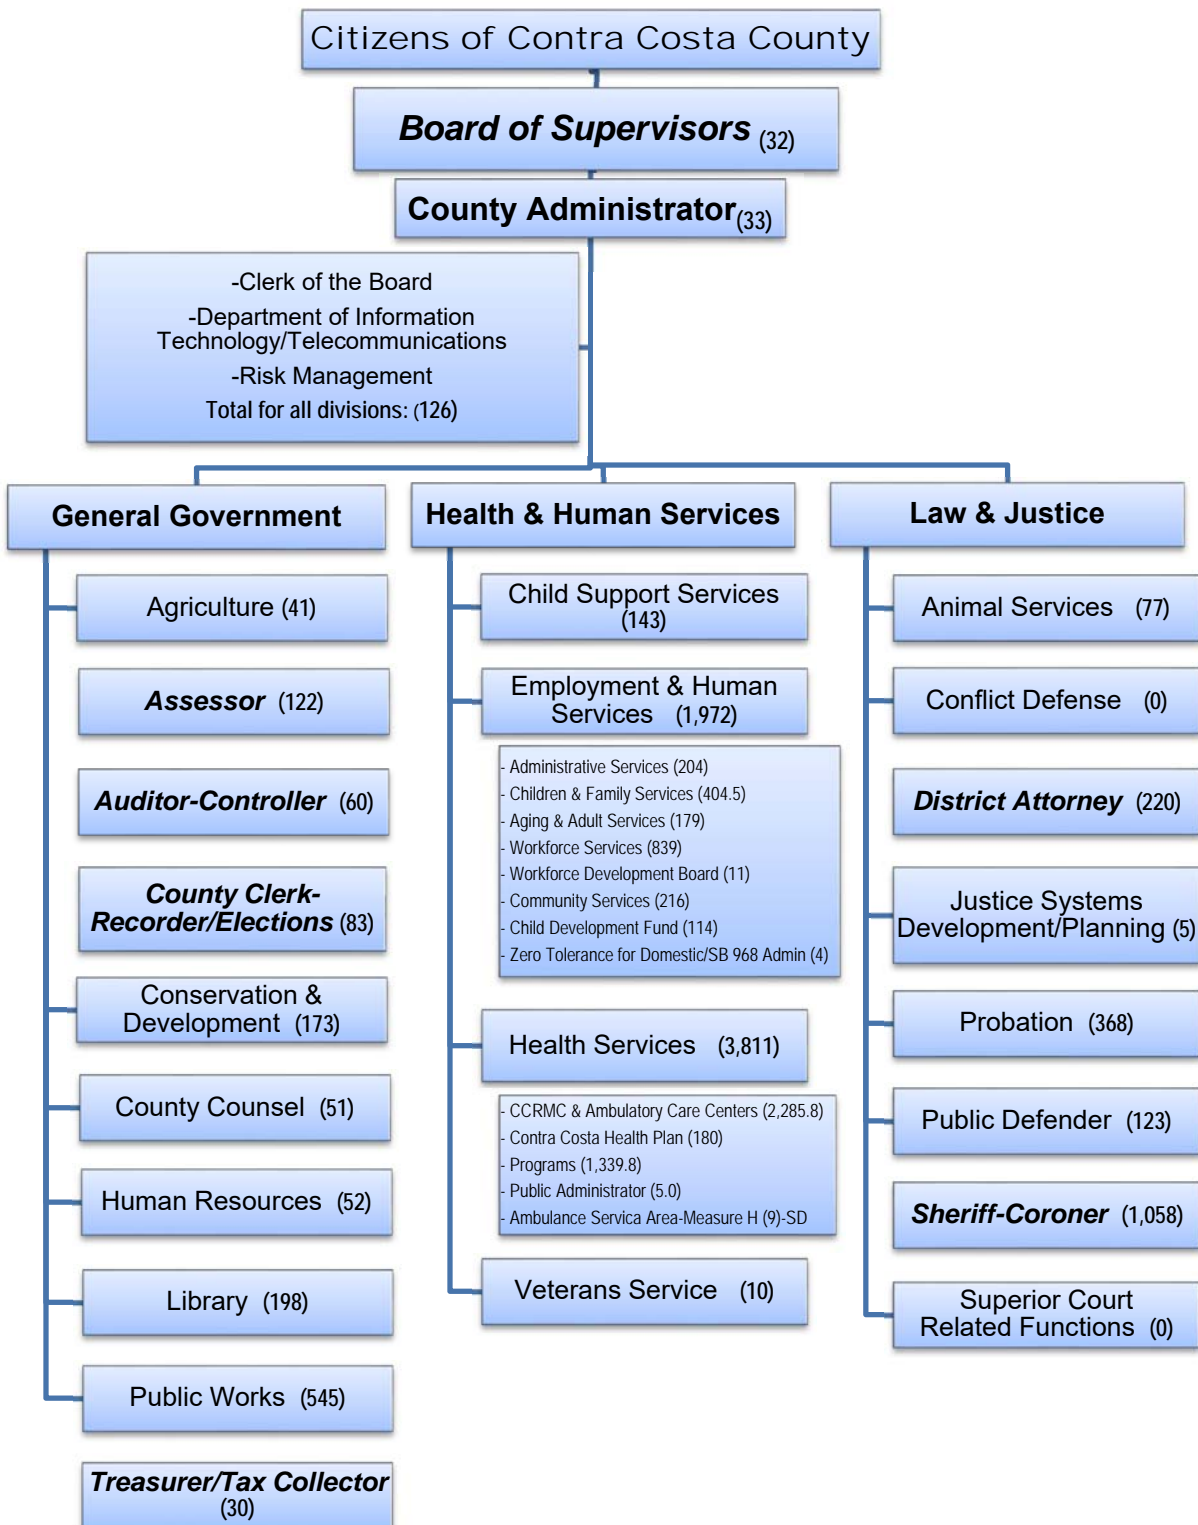

The majority of the expense in this Fund, 65%, is for salaries and benefits costs to operate the hospitals and clinics.

Total Expenditures: \$625.7 Million

ORGANIZATION OF THE RECOMMENDED BUDGET BOOK

This Fiscal Year 2018-19 Recommended Budget book is designed to be both informative and easy-to-use and is divided into the sections described below:

BUDGET MESSAGE

The opening pages of the FY 2018-19 Recommended Budget book is the official transmittal document for the Recommended Budget to the Board of Supervisors and citizens of Contra Costa County from the County Administrator, David Twa.

OVERVIEW

Information contained in this section includes a general profile of Contra Costa County, (size, population, employment and income, etc.); long-term financial planning and policies adopted to manage County operations; the process used for developing and adopting the Recommended Budget, key budget issues, historical perspective and the County's organizational chart.

DEPARTMENTAL BUDGET SUMMARIES BY FUNCTIONAL GROUP

In this section, County Departments are divided into three Functional Groups: General Government, Health and Human Services and Law and Justice. The *General Government* Functional Group includes those Departments or Funds that provide general governmental services to residents and/or support services to other County Departments and/or are not included in the other two Functional Groups. The *Health and Human Services* Functional Group includes those Departments that provide health and family, individual and child supportive services. The *Law and Justice* Functional Group includes those departments that provide public protection and/or provide services to the criminal justice system.

Each Departmental Summary provides a variety of information about each Department including: expenditure and revenue information; narrative explanation of Department's programs and its administrative and program goals; number of allocated positions; a summary of County Administrator's recommendations; and summary of recommended service modifications by program, if applicable. (See *Navigation Information for Department Budget Summary* below for further information.)

The Departmental Summaries include financial information for All County Funds; unless otherwise noted, the summaries do not include financial information of component units. Component units are legally separate organizations for which the elected officials of a primary government are financing accountable. Component units are blended (i.e. treated as if they are funds of the County) or discretely presented (i.e. reported in a separate column in the County's financial statements.) Blended component units include the Successor Agency to the County Redevelopment Agency, the County Public Financing Authority, the In-Home Supportive Services Public Authority, Special Districts and Service Areas whose Board is the County Board of Supervisors. The only blended component units reported on in the Recommended Budget document are the Contra Costa County Fire Protection District, the Crockett-Carquinez Fire Protection District and the In-Home Supportive Services Public Authority.

ROUNDING

All figures are shown in whole numbers; therefore, due to independent rounding, figures shown may not sum to subtotals and totals.

FIRE DISTRICTS

Similar to the Departmental Budget Summaries, this section includes a variety of information about each of the two Fire Districts governed by the Board of Supervisors, including: expenditure and revenue information; narrative explanation of Department's programs and its administrative and program goals; number of allocated positions; summary of County Administrator's recommendations; and summary of recommended service reductions by program, if applicable.

COUNTY SUMMARY INFORMATION

This section presents numerical data in a variety of forms on revenues, expenditures and fund balances for the all funds and the major funds.

APPENDIX

A variety of supplemental information is located in this section to assist in understanding the Recommended Budget, including: detailed compilation, by Department, of all Program Reductions for the current budget and detailed listings of Mandatory/Discretionary programs by Department and by Service and Level; definition of Funds used for budgeting; and a glossary of terms.

NAVIGATION INFORMATION FOR DEPARTMENTAL BUDGET SUMMARIES

The following is an abstract of the information provided within each Departmental Budget Summary, and a number indicating where it can be found on the sample summary which follows.

- 1** This area lists the department name, functional group in which the department is assigned, and the department head's name.
- 2** This area summarizes the budget by fund and major account, shows the number of full-time budgeted positions, the change from the current year's budget at the recommended level, and a comparison of key financial indicators. Requirements, as well as the means of financing them, are shown in this section. Expenditure Transfers and Total Expenditures are shown as net figures. In the header row of each major function box, the term General Fund is used if the function is entirely funded by the General Fund. The term General Fund Only is used if the function is funded by more than one fund (the box, however, will depict only the General Fund portion).
- 3** This area provides summary compensation information.
- 4** This area summarizes the program descriptions, providing a narrative explanation of the department's programs.
- 5** This area provides details of service requirements and financing sources. Gross expenditures are displayed. The Funding Sources lists both revenues and transfers.
- 6** This area summarizes the County Administrator's recommended funding level, the reasons for the recommendation and the expected impact on services if the recommended level is approved.
- 7** This area summarizes FY 2018-19 Administrative and Program Goals.
- 8** This area summarizes recommended service additions and/or reductions by program.

Department Description

The preceding table is a summary of expenditures, revenues and net County costs for five budget units administered by the Agriculture/Weights and Measures Department. Included is data for the following cost centers:

- 3300 – Agriculture/Weights & Measures Admin
- 3305 – Agriculture Division
- 3311 – Agriculture Division (Pest Management)
- 3315 – Weights and Measures
- 3320 – Cooperative Extension

Major Department Responsibilities

The Agriculture/Weights and Measures Department promotes and protects the County's agricultural interests while protecting the public health and environment; protects the public interest in the commercial exchange of goods where value is determined by weights and measures; provides education to the public and targeted clientele, including other County departments, in commercial agriculture, urban agriculture/horticulture, youth development, nutrition, and natural resources; and directs service programs including 4-H Youth Development, Master Gardeners, and two federally-funded nutrition education programs.

Administration

Description: Provides direction and financial control, develop and implement policies and procedures in support of the operations of the department.

The County contracts with Alameda County to provide professional oversight and ensure continued funding from the state. Day-to-day operations management is provided by the Assistant Agricultural Commissioner/Sealer of Weights and Measures.

Adjustment: Due to an office move scheduled for Spring 2018, building occupancy costs increased in FY 2017-18. In order to offset the increase, the Department instituted cost savings measures such as holding vacant positions and decreasing office expenditures across the divisions. In FY 2018-19, the building costs continue to increase, as well as new increases to insurance and fleet costs. The Department will continue these cost savings measures in FY 2018-19.

Impact: The Department has maintained current service levels with the cost savings measures. The recommended net County cost will provide the level of funds necessary to meet the Department's increased costs.

Sample Division

Description: Provides enforcement of pesticide use and worker safety regulations; enforcement of quarantine regulations; Certified Farmer's Market and organic program regulatory oversight; and performs pest detection, pest management, and pest eradication activities. Provides quality assurance programs involving fruits, nuts, vegetables, eggs, nursery stock and seed; and assists the public with pest identification and control techniques using environmentally safe integrated pest management practices.

Adjustment: The Department is reducing agricultural expenses and various services and supplies costs totaling \$50,015 in order to balance their budget.

Impact: The Department will be able to maintain current service levels with the amount of agricultural supplies they have on hand and decreased maintenance costs in a newly renovated building.

CAO's Recommendation

The FY 2016-17 Recommended Budget for the Department of Agriculture is balanced while maintaining current service levels. Any reductions in the County's General Fund commitment may limit the department's ability to fulfill the maintenance of effort requirement; and potentially jeopardize future unclaimed gas tax revenue. California Food and Agricultural Code (FAC) Section 224 (g) states that counties must maintain a certain level of County General Fund support or risk the loss of unclaimed gas tax revenue.

Performance Measurement

The Department inspects nurseries, farms, and other areas to monitor for the Light Brown Apple Moth to ensure it does not spread out of Contra Costa County, while keeping the lines of commerce open for our local businesses.

7

Administrative and Program Goals

- Improve the effectiveness and efficiency of our department by adopting new technologies that are available to assist and improve the quality of our work.

Department Description

The preceding table is a summary of expenditures, revenues and net County costs for five budget units administered by the Agriculture/Weights and Measures Department. Included is data for the following cost centers:

3300 – Agriculture/Weights & Measures Admin
 3305/3311–Agriculture & Pest Management
 3315 – Weights & Measures
 3320 – Cooperative Extension

Agriculture/Weights and Measures

General Government

Major Department Responsibilities

The Agriculture/Weights and Measures Department promotes and protects the County's agricultural interests while protecting the public health and environment; protects the public interest in the commercial exchange of goods where value is determined by weights and measures; provides education to the public and targeted clientele, including other County departments, in commercial agriculture, urban agriculture/horticulture, youth development, nutrition, and natural resources; and directs service programs including 4-H Youth Development, Master Gardeners, and two federally-funded nutrition education programs.

Administration

Description: Provides direction and financial control, develop and implement policies and procedures in support of the operations of the department.

The County contracts with Alameda County to provide professional oversight and ensure continued funding from the state. Day-to-day operations management is provided by the Assistant Agricultural Commissioner/Sealer of Weights and Measures.

Adjustment: Due to an office move scheduled for Spring 2018, building occupancy costs increased in FY 2017-18. In order to offset the increase, the Department instituted cost savings measures such as holding vacant positions and decreasing office expenditures across the divisions. In FY 2018-19, the building costs continue to increase, as well as new increases to insurance and fleet costs. The Department will continue these cost savings measures in FY 2018-19.

Impact: The Department has maintained current service levels with the cost savings measures. The recommended net County cost will provide the level of funds necessary to meet the Department's increased costs.

Administration Summary

Agriculture Division

Description: Provides enforcement of pesticide use and worker safety regulations; enforcement of quarantine regulations; Certified Farmer's Market and organic program regulatory oversight; and performs pest detection, pest management, and pest eradication activities. Provides quality assurance programs involving fruits, nuts, vegetables, eggs, nursery stock, and seed; and assists the public with pest identification and control techniques using environmentally safe integrated pest management practices.

Adjustment: The Department is reducing agricultural expenses and various services and supplies costs totaling \$50,015 in order to balance their budget.

Impact: The Department will be able to maintain current service levels with the amount of agricultural supplies they have on hand and decreased maintenance costs in a newly renovated building.

Weights and Measures

Description: Provides assurance of fair business practices by performing routine inspection of all weighing and measuring devices used in commercial transactions. Provides regulatory services to ensure commercial sales are made in compliance with state laws. This unit enforces laws designed to prevent deceptive packaging and ensuring accurate units of measure and accurate charging on electronic transactions.

Adjustment: Elimination of one vacant Aide position (\$66,086) in order to balance the Department budget.

Impact: The Department will be able to reassign workloads to maintain current service level.

Cooperative Extension

Description: Cooperative Extension is a public outreach arm of the University of California (UC) that extends research-based information and resources to professionals working in agricultural and natural resource industries as well as to County residents via a wide variety of extension methods. Through UC funding, extramural grants/gifts and volunteer hours, the match for every \$1 contributed by Contra Costa County has increased to an estimated 14:1 ratio.

The program works with County farmers to assure a sustainable food system that is safe, productive, environmentally friendly and economically viable; educates landscape managers, pest control operators, and other urban pest management professionals about the principals of integrated pest management (IPM), reducing negative impacts to the environment and community; works with 4-H volunteers to create opportunities where youth and their families build citizenship, leadership, and life skill competencies necessary for successful adolescent and adult life. Provides research and education on critical nutrition issues including food security, childhood obesity and chronic disease prevention, and provides urban agricultural education focused on urban soil quality, technical assistance technical assistance on land use policies related to urban food growing, and site governance.

CAO's Recommendation

The Department of Agriculture has a number of Standard Agreements and other revenue distributions from the California Department of Food & Agriculture (CDFA) and the Department of Pesticide Regulation (DPR) as well as pass-through money from the United States Department of Agriculture (USDA). These revenue streams continue to be unstable, and the Department is projected to incur significant expenditure increases in FY 2018-19. In order to prevent layoffs, the Department will delete one vacant Aide position and continue cost saving measures initiated in FY 2017-18, including holding vacant 9 positions and curtailing operating expenses. The Department will continue these practices until revenue streams stabilize.

The closure of the Pleasant Hill Library necessitated the relocation of the University of California Cooperative Extension. To consolidate operations, the entire department is relocating in Spring 2018. The annual occupancy cost of the new location is approximately \$525,000 higher than the department's historical expenditure for building costs. Additionally, in FY 2018-19, the Department will experience cost increases in personnel (due to cost-of-living, health care and merit step increases), insurance and fleet services. As indicated above, the department is mitigating the increases through personnel and operating expenditure savings.

The FY 2018-19 Recommended Budget for the Department of Agriculture is balanced while maintaining current service levels. California Food and Agricultural Code (FAC) Section 224 (g) states that counties must maintain a specific level of County General Fund support of its Agriculture Department. Any additional staff reductions may result in reduced unclaimed gas tax revenue.

Performance Measurements

- The Department inspects nurseries, farms, and other areas to monitor for the Light Brown Apple Moth to ensure it does not spread out of Contra Costa County, while keeping the lines of commerce open for our local businesses.
- Although Contra Costa County is generally infested with the plant pathogen responsible for Sudden Oak Death (*Phytophthora ramorum*), Contra Costa's program, after intensive sampling, found all shipping nurseries in compliance and completely free of this pathogen. The pest free certification allows these nurseries to ship to un-infested areas within California and other States and Countries.
- The Department works to ensure that the Pest Detection program is in line with the state's protocols and is ready for the new technology by bringing in the state to conduct training with staff, checking the work of staff to ensure they are keeping their work up to the standards set by the state, and getting all of our data into the new statewide electronic database. The Department places and services 10 different types of exotic insect traps with a total of 5,733 individual traps. Staff detected 2 Oriental Fruit Flies in traps during 2017. 59 additional traps were placed to monitor for the pest. CDFA conducted treatments and we have had no finds after treatments begun.
- The Glassy-Winged Sharpshooter / Pierce's Disease Control Program continues to be a very successful program in Contra Costa County. Two pests were found at nurseries

Agriculture/Weights and Measures *General Government*

- in 2017. Though there was some reduction in this state contract, increased efficiencies in our program have resulted in retaining the efficacy of the program.
- The Department continues to work closely with the Integrated Pest Management Coordinator to improve the Department and County's pest management programs.
 - There were reductions to the pest management program in 2017. We surveyed and/or treated 48 historically invasive noxious weed infested sites for the 2 target species of the program.
 - For the third year in a row, the department received a CDFA contract to conduct a trapping program for Asian Citrus Psyllid (ACP). This relatively new insect pest of citrus already infests much of Southern California. It was detected in two locations within Contra Costa County. CDFA conducted treatments and increased trapping with no new finds since then.
 - The Pesticide Use Enforcement Program involves inspections of operations by growers, pest control operators, agencies and others that use and store pesticides. In 2017, the program involved 458 inspections and 41 investigations of alleged misuse or exposure. Education is another component of the program. The department reached 552 individuals through 29 training sessions, some of which were given in Spanish. The department also began the use of ipads in the field to increase efficiencies.
 - The Weights and Measures Division conducted 78 investigations last year and filed 16 administrative actions to correct problems found. These actions protect consumers and businesses in the County.
 - The department worked with California Department of Food and Agriculture and other county agriculture departments to help improve the compliance at farmer's markets to support local farmers and direct marketing to the public. Last year, 99 market inspections were conducted with 16 violations issued.
 - The Department currently has 2 Weights and Measures staff members in the areas of Heavy Capacity and Industrial Scales Inspection and has others who are being trained to assist in these programs. All Weights and Measures staff attend training for different aspects of Weights and Measures programs, including hearing and investigations.
 - Staff performed 372 point-of-sale (Price Verification) inspections in 2017. 94 violation notices and 5 administrative actions were issued involving \$10,200 in proposed fines.
 - The Canine Program continues to be a success. One canine team continues to work regionally in 12 Greater Bay Area counties at FedEx and UPS. A new handler and dog are being trained to begin inspections in 2018. The program continues work in two U.S. Post Office facilities and will be expanding. The canine team intercepted packages that could have had severe economic impacts to California's agriculture and environment.
 - UCCE provides services of an Agricultural Crops Farm Advisor and a Delta Farm Advisor that provide technical assistance to Contra Costa's farming/agricultural sector. The advisors conduct on-site visits, education, research and publications. After 28 years of service, the UCCE Farm Advisor retired in 2017. UC has approved refilling this position and expects to have the position filled before the end of 2018.
 - The UC Master Gardener Program (UCMGP) trains and manages 255 Master Gardener volunteers who contributed 22,128 hours (valued by the Independent Sector at \$629,750), educating over 11,000 local County residents, answering questions on horticultural topics promoting healthy and sustainable homes and communities. The program continues to increase its volunteer base and outreach into West and East County. This year sees the opening of a new UCMGP demonstration garden in Antioch at the Contra Costa Fairgrounds. Additionally, the program will steward management of a garden showcasing

Agriculture/Weights and Measures

General Government

climate-appropriate plants in Richmond and plan bilingual presentations on container gardening. This Spring, the Growing Gardeners program will be piloted. It is a four-part educational series aimed at the beginner home vegetable gardener.

- The UC Agriculture and Natural Resources Cooperative Extension 2016-2017 4-H Youth Development Program (4-H) in Contra Costa grew by 10%. 4-H trained and managed 222 adult volunteers who contributed an estimated 16,650 hours (valued at approximately \$401,931). 4-H enrolled and engaged 646 youth in the yearlong program, with 4-H youth being 1.8 times more likely to go to college and 3 times more likely to contribute to their communities. 4-H engaged/educated future farmers and consumers on the importance of agriculture and where food comes from, especially at the annual Contra Costa County Fair. 4-H's various educational presentations and exhibits reached over 5,000 individuals.
- UCCE Agriculture Program spearheaded an aggressive program which successfully eradicated Cherry Buckskin Disease from the County and received a 2017 IPM Achievement Award from the CA Dept. of Pesticide Regulation in recognition of this significant accomplishment. UCCE also developed a comprehensive management and grower education program for controlling another new cherry pest, the Spotted Wing Drosophila, preventing millions of dollars in loss to the County's \$2.6 million cherry industry. This year, the program conducted 3 workshops for County residents.
- UCCE Expanded Food and Nutrition Education Program provided 1,704 low-income students, an average of 6 hours of nutrition education. 72% showed improvement in their diet quality. In addition, 288 low-income parents with children were taught how to eat healthy food on a limited budget. Evaluations showed that 89% of parents improved their nutrition habits and

82% improved their food budgeting practices.

- The UCCE Urban Integrated Pest Management (IPM) Program trained 2,313 clients in Contra Costa County about specific IPM principals, strategies and tactics, invasive pest species awareness and urban surface water concerns related to pest management, resulting in the reduction of negative impacts to the environment and community associated with pests and pest management.

Administrative and Program Goals

- Improve the effectiveness and efficiency of our department by adopting new technologies that are available to assist and improve the quality of our work.
- Enforce regulations preventing the movement of the Asian Citrus Psyllid and Sudden Oak Death to new locations in the County and state.
- Find efficiencies and new sources of funding for our noxious weed management program.
- Work with California Department of Food and Agriculture and other county agriculture departments to help improve the compliance at farmer's markets to support local farmers and direct marketing to the public.
- Inform and help train growers and pest control professionals on the changes in laws and regulations that will affect how they conduct their businesses within the county.
- Ensure staff is trained on changing weights and measures devices and inspection procedures.
- Continue emphasis on gaining compliance with price verification within the County.
- Improve farming efficiencies by educating farmers on how to reduce costs and improve operations.
- Improve efficacy and ensure sustainability of professional pest management services

Agriculture/Weights and Measures General Government

provided in Contra Costa County, while minimizing negative impacts to local communities and the environment.

- Increase the number of youth prepared to enter into adulthood and the number prepared to enter science careers by gaining leadership, healthy living and financial literacy skills.
- Improve the dietary habits, nutritional understanding and food security of low-income residents.
- Provide Urban Agriculture educational and technical advice to urban food growers, and other County residents through urban agriculture educational presentations, workshops, tours, radio commentaries and client inquiries.

Department Description

This table represents information in aggregate format summarizing expenditures, revenues and net County costs for four budget units.

Included is data for the following budgets: Appraisal, Business, Support Services, and Administrative Services.

Assessor

General Government

Major Department Responsibilities

The Assessor's Office is responsible for discovering and assessing all property within the County; producing and delivering an assessment roll by July 1 of each year; valuing all real property; auditing all entities doing business in the County and valuing all taxable personal property; establishing and maintaining a set of 11,000 maps for assessment purposes, delineating every parcel of land in the County; and providing public information to assist taxpayers with questions about property ownership and assessment.

Appraisal

Description: Ensure that all secured real and personal property within the county has been accurately valued and entered on the regular and supplemental assessment rolls.

CAO's Recommendation

The baseline net County cost reflects a \$1,025,202 increase from the fiscal year 2017-18 budget. This increase is due in large part to estimated salary and benefit increases, information technology and courier cost increases, and a reduction in charges for services and miscellaneous revenue.

The recommended net County cost reflects a decrease of \$1,025,202, which represents anticipated savings from vacant positions in fiscal year 2018-19.

The Assessor's Office has experienced a high level of turnover in the past few years resulting from resignations and retirements. The Department currently has 23 vacant positions out of 122 authorized positions, which represents a 19% reduction in workforce. Reduced staffing levels make it extremely difficult for the Department to close the regular and supplemental assessment rolls in a timely manner, and make it difficult to meet the statutory program obligations of the office.

Performance Measurement

- Partnered with The Sidwell Company to implement custom tools to create Assessor parcel map pages within the County's Geographical Information System (GIS) environment. This project included moving all data into a modern Parcel Fabric format, streamlining business process workflows, and has resulted in eliminating the duplication of effort in drawing Assessor parcel maps in both Computer Aided Drafting (CAD) and GIS software applications.
- Modified the County's Land Information System (LIS) database and related computer programs to allow for improvement value totals greater than \$99 Billion. This was a collaborative effort with participation from staff in the Assessor's Office, the Auditor-Controller's Office, the Treasurer-Tax Collector's Office and the Department of Information Technology (DOIT).

Assessor

General Government

- Completed the State Department of Motor Vehicles (DMV) Information Security Agreement, and received approval for online DMV access to verify ownership and transfer date information to assess the value of boats in Contra Costa County for tax assessment purposes. This process involved working closely with DMV Information Security staff and DOIT, and included a review of our computer program, computer network and workspace/office space security policies and procedures.
- Restructured the appraisal workflow process and the user interface in the Parent/Child Exclusion (Prop 58) database, and created new reports to assist managers in monitoring assigned work and improving productivity within the Standard's Division of the Assessor's Office.
- Streamlined the Parent/Child Exclusion (Prop 58) clerical process to improve the timeliness of the exclusion determination to the taxpayer.
- Cross-trained clerical staff for improved succession planning.
- Automated the creation of the Direct Enrollment review files which has saved staff time and reduced the potential for errors.
- Automated the assessment process of the Marine Division, which reduced the amount of manual input of data by staff.

Administrative and Program Goals

- Automate the processing of supplemental property assessments resulting from the sale or transfer of property.
- Complete the implementation of the iNovah cashing system. This new system will: replace a manual hand-written process; include check scanning and receipt printing; assist in further automating the deposit process; and provide improved tracking and reporting of cash received in the Assessor's Office.
- Continue to develop information security skills with on-site staff, develop a comprehensive security plan, and refine a response plan for information security incidents or events.
- Reformat street addresses in the County's Land Information System (LIS) database to match the United States Postal Service (USPS) format. Once this format has been changed, commercial software can then be used to electronically validate and maintain addresses in the LIS.
- Complete the final phase of the Assessor's Office remodel (Suites 100 and 130) of the Summit Centre Building. This remodel will include improving telecommunications cabling for higher speed and more efficient use of computer and network systems, and will provide workstations that improve ergonomics and job functionality.

Department Description

This table represents information in aggregate format summarizing expenditures, revenues, and net county costs for program areas within the Office of the Auditor-Controller.

Included is data for the following program area budgets: Property Tax, Special Accounting, Payroll, General Accounting Accounts Payable, Internal Audit, Administration/ Systems, and Automated Systems.

Auditor-Controller General Government

Major Department Responsibilities

The Auditor-Controller is the Chief Accounting Officer for the County. The mandate is to ensure the required Auditor-Controller functions specified in the California Constitution, under various California codes, and by the Board of Supervisors are performed. The duties are performed under the legal authority primarily set forth in the Government Code beginning with Sections 26880 and 26900. The Office of the Auditor-Controller's primary mission is to ensure the fiscal integrity of the County's financial records and to provide service, assistance and information to the public, Board of Supervisors, County Administrator's Office, County departments and employees, special districts, and some regional non-county agencies.

CAO's Recommendation

Baseline Budget

The baseline net County cost represents a \$55,000 net increase over the FY 2017-18 Adjusted Budget.

Salary and benefit costs increased by \$259,939 and includes a 3% negotiated cost of living increase. Services and Supplies increased by \$85,482 primarily due to increased support for Information Technology.

Expenditure transfers and revenues will increase overall by \$290,421. The increase will be generated from audit fees from the A-87 cost plan.

Recommended Budget

The recommended net County cost of \$4,158,000 will provide funding necessary to maintain services in fiscal year 2018-19.

Performance Measurement

Facilitate, as required by California law, the staffing of the single countywide oversight board to oversee the Successor Agencies in Contra Costa as they wind-down redevelopment activity.

Government Code Section 34719(j) requires the Office of the Auditor-Controller to staff the one countywide oversight board or appoint another entity from within the County. The Department of Conservation and Development was selected as the staff to the countywide oversight board.

Prepare a CAFR that is in compliance with new GASB statement(s) requirements. There are five (5) statements to be implemented; most notably No. 74-Financial Reporting for Postemployment Benefit Plans Other than Pension Plans and No. 77-Tax Abatement Disclosures.

The Office of the Auditor-Controller completed the June 30, 2017, Comprehensive Annual Financial Report (CAFR) in compliance with all required GASB standards. New standards implemented during the fiscal year ending June 30, 2017, included GASB Statement No. 74-*Financial Reporting for Postemployment Benefit Plans Other than Pension Plans* and GASB Statement No. 77-*Tax Postemployment Benefits Other than Pensions*.

Complete the mandated audit of the Clerk Recorder for modernization, as required by state law.

In accordance with Government Code Section 27361(d) (4), the Office of the Auditor-Controller completed the required Agreed upon Procedures of the Clerk-Recorder-Elections Department's social security number truncation program. The Office of the Auditor-Controller performed procedures as follows: (1) to determine if the funds generated by the Social Security Number Truncation Program were still being used only for the purpose of the Program; (2) to determine if the Clerk-Recorder-Elections Department is continuing to truncate recorded documents pursuant to California Government Code Section 27301; and (3) to estimate the ongoing costs to the Clerk-Recorder-Election Department to comply with the requirements of

California Government Code Section 27301 subdivisions (a) and (b). No exceptions were found in relation to the listed objectives.

Provide training to County departments on preparing accounts payable documents.

Not completed. Presently documenting Accounts Payable procedures and training internal staff. Departments were informed of changes in sales tax and how to verify the correct sales tax rate.

Administrative and Program Goals

- Work with the Department of Information Technology staff to upgrade the KRONOS Timekeeping System.
- Start the process of implementing a new countywide Finance System.
- Continue the process of documenting business procedures and of improving efficiencies throughout the Office.
- Provide training to County departments on preparing accounts payable documents.

Department Description

The preceding table represents information in aggregate format summarizing expenditures, revenues, and net County costs for ten budget units. Included is data for the following budgets: Board Administration, District I Operations,

District II Operations, District III Operations, District IV Operations, District V Operations, twelve Municipal Advisory Councils, Unfunded Mandates, the Transfer Station Mitigation Fee and the North Richmond Waste & Recovery Mitigation Program.

Board of Supervisors

General Government

Major Department Responsibilities

As defined by general law, the duties of the Board of Supervisors include: appointing most County department heads, except elected officials, and providing for the appointment of all other County employees; providing for the compensation of all County officials and employees; creating offices, boards and commissions as needed, appointing members and fixing the terms of office; awarding all contracts for Public Works and all other contracts exceeding \$100,000; adopting an annual budget; sponsoring an annual audit of all County accounts, books, and records; supervising the operations of departments and exercising executive and administrative authority through the County government and County Administrator; serving as the appellate body for Planning and Zoning issues; and serving as the County Board of Equalization (the Board has created an Assessment Appeals Board to perform this function).

Legislative and Policy Direction

Description: Enforce statutes and enact legislation to serve and protect County residents, establish general operating policies and plans, adopt annual budgets and levy taxes, determine land use, and appoint County officials.

This budget unit includes administrative, staffing and operational expenses of the Board of Supervisors District Offices. Salary and benefit costs for each district office include five full-time equivalent staff positions and one board member position, with the exception of the District V Office, which has six full-time equivalent staff positions.

Municipal Advisory Councils

Description: Advise the Board on matters that relate to their respective unincorporated areas, as designated by the Board, concerning services, which are or may be provided to the area by the County or other local government agencies, including but not limited to advise on matters of public health, safety, welfare, public works, and planning.

Each of the thirteen Municipal Advisory Councils (MAC) will be appropriated \$3,000 for FY 2018-19. In addition to County funds, MACs may seek and apply for funding from other non-County sources to supplement their budget. District Offices administer MAC budgets within their district boundaries.

CAO's Recommendation

This Budget covers the administrative requirements of the Board's operations. Services and Supplies include the costs of memberships in the California State Association of Counties (CSAC), Association of Bay Area Governments (ABAG), Urban County Caucus (UCC) and National Association of Counties (NACO). Services and Supplies also include electronic support of the County Code as well as funding for the Countywide Single Audit.

The County Administrator is recommending a net County increase by \$34,306, which reflects the increase of one General Secretary Position hours. The increase in hours will allow the District Office to meet their growing staffing needs. The difference in appropriations between prior year and current year is due to fund balance in Board Mitigation Programs. These funds will be added to FY 2018-19 at the end of the current fiscal year when amounts are known.

Board of Supervisors

General Government

Salary and benefit costs are budgeted \$330,031 higher than the current year adjusted budget to account for anticipated cost-of-living increases, and increases in employee group insurance.

As has been budgeted in prior years, an expenditure transfer of CC Futures monies will offset costs of \$67,500 in the District IV Office. These funds are from deposits of Transient Occupancy Tax received from the Renaissance Club Sport and Embassy Suites properties that were directed to the CC Futures budget unit. By the end of the fiscal year 2019-20, it is anticipated that these monies will be depleted. Therefore, general purpose revenues will be needed starting in fiscal year 2019-20 to supplant these funds so that the District IV Office can maintain staffing parity amongst the other district offices.

The projected salary and benefit costs assume that the District V Office will continue to receive \$100,000 of Keller Canyon Mitigation Funding to support staffing needs and offset the additional 1.0 FTE budgeted for their office.

Annual allocations of \$39,000 will continue to support the operations of the thirteen Municipal Advisory Councils, which the Board of Supervisors' district offices oversee.

CAO's Recommendation

The fiscal year 2018-19 baseline net County cost decreased by \$30,187,586 from the 2017-18 budget due to the elimination of restricted prior year fund balance that had been carried over at year-end for various capital projects as well as the elimination of funds encumbered for projects in the current year. Fund balance will be determined for various projects at fiscal year-end, not as part of the annual budget process.

The budget for Minor Capital Improvements totals \$1,500,000, which is available on an emergency basis for minor improvements when there is no other funding available.

The budget for the Facilities Lifecycle Improvement Program includes transfers and revenue totaling \$2,550,000 on a building cost-per-foot basis for future projects along with \$10,000,000 General Fund.

The budget for Plant Acquisition reflects funding in the amount of \$5,000,000, intended as an ongoing resource for construction and repair of County facilities. The monies can be used for capital projects and/or debt service for a future infrastructure borrowing program.

The recommended net County cost of \$16,500,000 will provide the funding necessary to maintain capital improvement efforts in fiscal year 2018-19.

For more detailed information on current County capital projects, please see page 519.

Central Support Services

General Government

Department Description

The preceding table represents information in aggregate format summarizing expenditures, revenues, and net County costs for six budget units, including for the following:

- 0002 – Clerk of the Board
- 0356 – Local Agency Formation Commission (LAFCO)
- 0025 – Management Information Systems
- 0150 – Insurance/Risk Management
- 0135 – Economic Promotion

Clerk of the Board of Supervisors

Description: To provide staff support to the Board of Supervisors by recording and compiling the actions of the Board taken in open session; maintaining the official records; preparing the weekly agenda and summary; and maintaining a roster of various Boards and Committees.

Adjustment: The baseline budget increased by a net of \$141,806. A one-time allocation of FY 2017-18 Venture Capital money of \$46,060 was eliminated from the baseline. Salary and benefit costs increased by \$159,602 and services and supplies, including information technology and public works charges, increased by \$28,264. The department eliminated one vacant Senior Management Analyst (\$122,866) to meet the recommended net County cost target for fiscal year 2018-19.

Impact: The recommended net County cost of \$1,058,000 will provide a minimum level of general fund resources needed to maintain mandated services in fiscal year 2018-19.

Clerk of the Board Summary

FTE: 7.0		

Local Agency Formation Commission

Description: Encourage orderly formation and development of local government agencies and approve, amend, or disapprove applications to create new cities or special districts, and modify boundaries of existing agencies.

Adjustment: Appropriations increased by \$43,000 to reflect the anticipated County's share of LAFCO activity for fiscal year 2018-19. These activities include: Municipal Service Reviews; Sphere of Influence applications; and Annexation applications.

Impact: The general fund contributes an amount equal to one-third of the total estimated operating costs for LAFCO (less fee revenues) for FY 2018-19. The Cortese-Knox-Hertzberg LAFCO Reorganization Act of 2000 requires that LAFCO's operating costs be shared equally among the cities, County and special districts. The LAFCO operating budget is not reflected in a County fund, instead it is treated as an outside agency with only the County's one-third contribution in the County General Fund.

Management Information System

Description: Provides funding for the most critical and cost beneficial automation projects which have no other funding source, including the Geographic Information System Program (GIS) and the Countywide Budget System.

Adjustment: The baseline net County cost decreased by \$1,709,448 from fiscal year 2017-18 due to the elimination of prior year fund balance from the Venture Capital, Geographic Information Systems (GIS) and Agenda Automation projects.

Impact: The recommended net County cost of \$607,000 will provide needed resources to fund various technology projects Countywide.

Risk Management

Description: To provide for the administration of workers' compensation claims, liability and medical malpractice claims, insurance and self-insurance programs, and loss prevention services; to fund the County general liability program.

Adjustment: Salaries and benefits increased by \$163,189 and included a 3% cost of living increase. Interdepartmental charges increased by further \$7,775. These costs were offset by an increase in revenue transfers of \$170,964. The baseline net County cost reflected no change.

Impact: The recommended net County cost of \$4,500,000 reflects the General Fund subsidy of the County Self-Insurance Funds for fiscal year 2018-19. All operating costs are reimbursed by revenue transfers from the County Self-Insurance Internal Service Funds.

Economic Promotion

Description: To promote the arts throughout the County via support of the Arts Commission and to support the Northeast Antioch Joint powers Agreement (JPA).

Adjustment: The baseline net County cost decreased by \$640,000 from the current year, reflecting the elimination of one-time appropriations that had been appropriated for the Northeast Antioch JPA.

Central Support Services

General Government

Impact: The recommended net County cost of \$465,000 will fund the Arts Commission and also meet the County's obligations under the Reorganization and Tax Revenue Allocation Agreement and JPA with the City of Antioch to implement the annexation of areas located near Northeast Antioch.

CAO's Recommendation

The recommended budget for Central Support Services reflects a net County cost of \$6,891,000. This amount will fund the aforementioned departments, enabling them to provide services into fiscal year 2018-19.

Description: The primary responsibilities of the Clerk-Recorder dedicated funds are to:

- Provide support, improvement, and operation of a modernized recording system; including infrastructure, technology, equipment, and staff to efficiently process, organize, maintain, preserve, and have official documents and records in the Clerk-Recorder Division readily available to the public;

- Improve vital records and recordkeeping;
- Redact a portion of Social Security numbers from public documents; and
- Establish and maintain an electronic recording program.

Clerk-Recorder-Elections

General Government

Recorder Modernization, includes several restricted funds.

0353 - Recorder Modernization

- 2450 – Micrographics
- 2451 – Recorder Modernization
- 2452 – Vital Records Improvement Program
- 2453 – Recorder Redaction Program
- 2454 – Recorder Electronic Recording Program

The department appropriates fund balance each year, resulting in budgeted expenditures that appear higher than actual annual expenditures. Fund balance is restricted to future Recorder modernization projects.

To provide these services, the Department relies on a staff of 71.5 full time equivalent positions supplemented by seasonal election and poll workers. The services are funded through a combination of County general funds, charges for services, and special-purpose revenues.

Baseline expenditures are decreased from the FY 2017/18 budgeted level by a net of \$1,337,595 primarily due to the department reducing elections processing costs. Modernized and streamlined election processes have reduced both expenditures and agency reimbursements for election services.

Salaries and benefit costs are increased by \$498,706, primarily due to cost of living increases. Baseline revenues are increased from prior year estimates by \$2,791,345 in anticipation of cost recovery for the November 2018 Gubernatorial General Election.

The department continues to collect and accumulate the Elections Capital Replacement surcharge. These funds are designated for major capital expenditures such as the new voting system, purchased in February 2018. This long-term financial strategy is expected to minimize the impact of large capital expenditures on the General Fund and on cities and districts that use elections services. The Elections Division carries forward and re-budgets the balance of these funds each year.

The department will be conducting the November 2018 Gubernatorial General Election, which will include all County Executive offices, half of the Superior Court Judges, and two offices for members of the Board of Supervisors.

Jurisdictions that consolidate their elections with countywide elections pay their proportional share of the cost of their elections. The County must cover the remaining cost of County, State, and federal office elections, for which the department receives no reimbursement revenue.

The department strives to identify new revenue sources and minimize election and department costs wherever possible.

CAO's Recommendation

The Clerk-Recorder-Elections Department provides a variety of services to the constituents of Contra Costa County, including issuing marriage licenses and performing civil marriage ceremonies, processing fictitious business name filings, qualifying and registering notaries, process servers and miscellaneous statutory oaths and other filings, recording real property and vital documents, registering voters, and conducting elections.

Performance Measurements

- The leadership team reviewed policies and procedures to implement efficiencies, and explore opportunities to improve services to the public.
 - The Clerk-Recorder Division extended County Clerk service hours until 7:30 p.m. every Thursday during the months July and August 2017. The division served 175 customers and completed 226 transactions during this time. This was a 24% increase in the number transactions over the summer of 2016.
 - The Elections Division successfully prepared for and conducted the June 2018 Gubernatorial Primary Election as well as several small special elections.
 - The Clerk-Recorder Division initiated a quarterly “Destination Wedding” program by conducting its first destination wedding ceremonies at the Historic John Muir House in Martinez on Valentine’s Day. Fourteen couples were married at the John Muir House.
 - The Elections Division created “voter registration drive in-a-box” supply kits last September to assist high school and local groups with their voter registration efforts. On September 18, 2017 Contra Costa high schools used the kits to register and pre-register 744 students on National Voter Registration Day.
 - Since 2014, vote-by-mail ballots are mailed directly from the printer on a daily basis, reducing the time to get ballots to the Post Office and ultimately to the voters. Historically this task had been done in-house with overtime and temporary workers. The Department now holds a single-day (or two-day) extraction event, when staff and volunteers come in to complete the extraction process.
 - The Elections Division secured permanent polling places to be available for all major elections through the next census in 2020.
- This provides continuity from election to election and avoids sending voters to unfamiliar locations.
- Staff reviewed all 278 polling place locations to ensure they are as accessible as they can be for all voters.
 - The Elections Division recruited poll workers who assist with multiple elections. This resulted in a more competent group of poll workers, reduced training needs, and reduced the time staff and temporary workers spend recruiting for each election. The Department retained more than 90% of its volunteers between the June Primary and November General Elections.
 - Our “Vote-n-Go” program continues to be very successful. The Civic Engagement team developed and introduced this program in 2014. All City Clerk offices in the county and several County libraries provided secure ballot drop-off locations. Voters dropped off over 53,722 ballots at Vote-n-Go sites for November 2016. This was a 629% increase over June 2016.
 - The Civic Engagement team applied for and was selected for a Keller Grant award, for their program to bring election and other department information to East County residents, some of whom find it difficult to come to Martinez. This program is still in development and early implementation stages.
 - The Clerk-Recorder Division continues to collaborate with the District Attorney and Assessor in the Real Estate Fraud Notification Program to decrease real estate fraud.
 - The Clerk-Recorder Division pursues opportunities to offer its services to the public, outside the office. In 2017, the Division participated in Operation Documentation and recorded 60 Veterans’ DD-214 honorable discharge documents. Veterans Services and other County Departments participated in the event.

Clerk-Recorder-Elections

General Government

- The Department solicited, reviewed alternatives, selected purchased a new voting system in February 2018 to replace the aging system that has been in place since 2004. The system will be paid for with dedicated Elections Capital Replacement funds that have been reserved for this purpose over the last few years to make the fiscal impact of system replacement more manageable.
- The Civic Engagement team and the Elections Division are collaborating with the Ambrose Recreation and Park District and community partners to bring the Ambrose Community Center in Bay Point into accessibility compliance.
- The Civic Engagement team worked with both the Elections and Clerk-Recorder Divisions to create and host a “one-stop shop” event for residents to receive a variety of county services. The August 10, 2017 “Block Party” event included 22 county departments and was attended by over 200 residents.
- The Clerk-Recorder Division institutionalized its cross-training program to increase personnel skills and enhance efficiencies. Staff have embraced the program from its inception, and continue to be enthusiastic. The Department is working to bring the same cross-training components to the Elections Division. The department has begun to share staff across Division lines during peak periods.
- The Department continues to work at the State and federal level on legislation and policies to benefit California and Contra Costa County, including potential reimbursement for State Election costs. The Department actively participates in Statewide, national, and international associations, including the California Association of Clerks and Election Officials (CACEO), County Recorder’s Association of California (CRAC), the national Elections Center, and (International Association of Government Officials (IGO), and National Association of County, Recorders, Assessors, and Clerks (NACRAC).
- The State has now suspended virtually all reimbursements for mandated election costs. (For Contra Costa, this could be more than \$500,000 per large election.) The Department continues to pursue reimbursement for services it provides, while performing some prior mandates (permanent vote-by-mail) without State reimbursement. The Department made a business and economic decision to continue the service without State reimbursement, as the alternative is more expensive and reduces public service.
- The department website experienced a 30% increase in total page views for 2016, compared to the last Presidential Election in 2012.
- The department has over 1,250 Facebook followers on its “Engage Contra Costa” Facebook page, with 457 followers on its “Contra Costa Elections” Facebook page and 155 followers on its “Contra Costa County Clerk-Recorder” Facebook page. The Department also has over 600 original views on its YouTube page in 2017. The “Elections Division” Twitter page has 678 followers, while the “Engage Contra Costa” page has 261 followers. All of the Clerk Recorder-Elections social media platforms have gained followers in the past year. The Department also had over 1,300 original views on YouTube in 2016 for its videos about poll worker recruitment and the steps it takes to process an election after Election Day.

Administrative and Program Goals

- Continue to implement policies and procedures to enhance customer service and offer additional opportunities to serve the public.
- Prepare for and conduct the November 2018 Gubernatorial General Election.

Clerk-Recorder-Elections *General Government*

- Continue to develop and implement the Voter Education and Engagement Outreach Program, which was approved by the Board of Supervisors in 2013. The objective is to reach out to the constituents of Contra Costa to engage and encourage citizens to actively participate in their government, including voting and running for office, etc. The program includes a focus on underrepresented demographics, such as young citizens, minorities, and/or localities that have historically been less likely to participate.
- Decrease the number of, and opportunities to, fraudulently record documents by collaborating with the District Attorney and the Assessor on the Real Estate Fraud Notification Program in the Clerk-Recorder Division.
- Provide training opportunities for department personnel to acquire advanced skills and technical proficiency to enhance customer service, increase contributions to the department, and adequately prepare personnel to bid for higher positions.
- Continue to collect and accumulate the Elections Capital Replacement surcharge for future replacement of the voting system and equipment.
- Actively participate in the County Clerk, Recorder, and Elections associations at the regional and State levels to advance proposals that benefit California and Contra Costa County.
- Continue to pursue reimbursement for mandated election services. State suspension of mandate reimbursements for services provided has placed a burden on the Elections Division.
- The Department continues to seek new sources of revenue and areas of potential savings in the operations of both divisions.
- Improve and broaden the department's electronic and social media presence, to reach Contra Costa citizens with easy to use, accessible information on the Department's website and via social media venues such as Facebook, Twitter, etc. The focus will be on providing ongoing information throughout the year, not just during peak election time.
- Continue with the search for a warehouse and records archive facility. The current location is not adequate for the new voting system and is not able to be temperature or climate controlled, which is damaging the County's historic records.
- Complete the inventory and analysis of the department's historic records, many of which the County Clerk-Recorder is responsible to preserve in perpetuity. Develop a long-range plan over the next several years to prioritize and preserve these records.

Conservation and Development

General Government

Department Description

The preceding table represents information in aggregate format summarizing expenditures, revenues, and net fund costs for the operating budget of the Department of Conservation and Development (DCD), which includes three major components of the Land Development Fund (112000)

0280 – Land Development Operations
0285 – Energy Upgrade California
0286 – Measure WW Grant Projects

Immediately below is a description of the programs included in Land Development Operations. Tables on the following pages present budget information for DCD's two other budget units: General Fund Grant Programs and Other Special Revenue Programs.

Major Department Responsibilities

The department's mission is to serve the public through the formulation and implementation of the County General Plan for land use, the administration of the Building Code and coordination of planning, building, special housing, economic development, infrastructure, solid waste and habitat conservation programs. The Department will continue to provide support to the Contra Costa Redevelopment Successor Agency as it continues to implement the Dissolution Act, which eliminated redevelopment agencies in California.

Land Development Fund

Most expenditure related to DCD's operations is budgeted in the Land Development Fund. This fund also receives specific revenues generated through departmental activities, including fees for residential and industrial building and construction inspection services; building permit and application fees, solid waste franchise fees, etc.

0280 – Land Development Operations includes:

2600 – Administration
2605 – Current Planning
2610 – Advance Planning
2615 – Water Planning
2620 – Conservation & Solid Waste
2631 – Transportation Planning
2636 – Community Development Block Grant/Housing and Economic Development
2650 – Business Admin/Information Services
2660 – Building Inspection Services
2670 – Code Enforcement
2675 – Weatherization
2680 – Permit Center
2685 – Clean Water
2690 – Residential Rental Inspection Program
2695 – Vehicle Abatement Program
2700 – Service Contracts/Remote Locations
2725 – Multi-Year Special Projects
0285 – Energy Upgrade CA
0286 – Measure WW Grant
0114 – Plant Acquisition

General Fund Grant Programs

The preceding table presents information in aggregate format summarizing costs for a variety of grant programs that DCD administers through the County General Fund. DCD's General Fund budget includes the following budget units:

Non-Federal Grant Programs:

0580 – Keller Canyon Mitigation
0591 – Housing Rehabilitation

Conservation and Development

General Government

Federal Grant Programs:

- 0590 – HOPWA Grant
- 0592 – HUD Block Grant
- 0593 – HUD Emergency Shelter Grant
- 0594 – HUD HOME Block Grant

CDBG-R	Community Development Block Grant
EECBG	Energy Efficiency & Conservation Block Grant
HOME	Home Investment Partnership
HOPWA	Housing Opportunities for People with AIDS
HPRP	Homelessness Prevention and Rapid Re-Housing
HUD	U.S. Dept. of Housing & Urban Development

Funding for the Housing Rehabilitation Program comes from dedicated grant funding for new housing, preservation of existing housing, economic development, infrastructure improvements, and neighborhood facilities and programs.

The remaining DCD programs budgeted in the General Fund are community benefit programs funded by land use agreements, and grant programs that rely extensively on federal sources of revenue. The level of federal funding for these programs is based on a federal allocation formula.

1. Keller Canyon Mitigation Fee

Description: Provide funding for community benefit programs within the East County community.

CAO's Recommendation

The Department of Conservation and Development manages programs to connect resources and services to local residents through the formulation and implementation of the County General Plan for land use, the administration of the Building Code and coordination of planning, building, special housing, economic development, infrastructure, solid waste and habitat conservation programs.

Land Development Fund

DCD's operations are funded primarily through the Land Development Fund (programs funded in the General Fund are discussed separately below.)

DCD's Baseline and Recommended Budget of \$33,360,213 reflects an increase of \$152,899 over the current year budget. Salaries and benefits total \$23,794,075, an increase of \$868,852 over the current year. The increase can be primarily attributed retirement costs, anticipated negotiated salary increases, and the addition of three positions: an Economic Development Manager, a Structural Engineer,

and a Supervising Structural Engineer in FY 2017-18, for a new full-time equivalent total of 171 positions in the Land Development programs. The Baseline/Recommended amount for Service and Supplies is reduced from the current year by \$2,346,333, reflecting anticipated reductions in outside professional specialized services, minor furniture and equipment, and computer software costs. Other Charges are decreased by \$752,046 primarily in general building maintenance costs. The Baseline amount for Fixed Assets is increased by \$950,000 for the remodel of the 40 Muir Rd. facility as well as the upgrade to the department's computer servers and other computer equipment. Expenditure Transfers and Revenues for land development are reduced from prior year levels. Revenues for FY 2018-19 reflect a reduction in energy upgrade grants and Measure WW grants. These grant funds were included in FY 2016-17 budget; however, delayed implementation of the projects that are supported by these two grants pushed the fiscal activity to FY 2017-18, during which several of the Measure WW projects have been approved and are now underway. Also included is approximately \$29.8 million in a variety of land use projects and permitting activities.

The \$1,000,000 balance in the Plant Acquisition budget supports the corresponding net Land Development Fund cost of \$1,000,000.

General Fund Programs

DCD administers numerous programs that are budgeted in the General Fund, including Keller Canyon Landfill Mitigation and Housing Rehabilitation, which are local discretionary programs, and a variety of federal grant programs.

DCD's Baseline and Recommended General Fund budgets are \$15,452,303, a decrease of \$105,916 from the current year budget. The decrease is primarily due to a decrease in salaries and benefits. Revenue projections increased by \$647,855 due to an expected increase in federal HUD grants. The General Fund subsidy to the Department of \$785,000 comprises \$285,000 for the County Sustainability Program and \$500,000 for economic development activities. The General

Conservation and Development

General Government

Fund programs include a total of 2 full-time equivalent positions.

Other Special Revenue Programs

DCD administers several special revenue funds, one of which is the Abandoned Vehicle Abatement Service Authority. DCD is responsible for the collection and disbursement of State funds to the cities and County for reimbursement of costs related to the abatement of abandoned vehicles. Another special revenue fund is the Housing Successor Agency trust fund. This fund provides funding for all housing-related obligations and functions of the former Redevelopment Agency, now the Successor Agency.

Performance Measurements

The following is a progress report of the goals identified in FY 2017-18:

- **Seek ways to use technology to enhance customer service and improve the building permitting process.**

DCD is upgrading its information technology systems and is implementing a new version of Accela Automation, the permit tracking software used by the Building Inspection, Current Planning, Code Enforcement, Neighborhood Preservation (“NPP”) and Weatherization Divisions.

- **Review building permit fees to ensure they are consistent with the cost of services provided.**

DCD has a project underway to review building permit fees and other fees in the Land Development Fee schedule.

- **Provide the Board of Supervisors analysis and support to assist the Board in evaluating its options relating to Community Choice Energy.**

In 2016 and 2017, DCD staffed a project to evaluate options for the County’s participation in Community Choice Energy (CCE). This included hiring a consultant to

conduct a technical study of CCE in partnership with 14 cities within the County. At the conclusion of this project, the Board of Supervisors and 8 of the 14 cities that participated in the technical study decided to join the CCE program known as MCE.

- **Continue efforts to implement the County’s Climate Action Plan and other energy and sustainability programs.**

DCD filled the newly-created position of County Sustainability Coordinator in June 2016. This has enabled the Department to accelerate efforts to implement the County’s Climate Action Plan and other energy and sustainability programs. In particular, DCD secured a State grant to evaluate the potential to develop renewable energy generating facilities within the County, and is partnering with MCE to coordinate energy efficiency programs for County residents and businesses. In addition, DCD continues to provide staff support to the Board of Supervisor’s Ad Hoc Committee on Sustainability, and provides staff support to the Board-appointed County Sustainability Commission.

- **Work on the new Accessory Dwelling Unit Ordinance to comply with Government Code 65852.2, which requires ordinances to provide more flexibility for the establishment of accessory dwelling units, specifically regarding setbacks and off-street parking.**

This work was completed and the Accessory Dwelling Unit Ordinance was adopted by the Board of Supervisors in October 2017.

- **Present to the Board results of the study of allowing small farm animals on smaller residential parcels in the unincorporated County in spring 2017, including information relevant to preparing a County ordinance on small urban farm animals and recommendations for how these farm animals could be regulated; possibly prepare the ordinance for consideration by the Board in 2017.**

Conservation and Development

General Government

Staff presented the findings of the study to the Board of Supervisors in May 2017. In November 2017, the County Planning Commission recommended approval of the small farm animals. Staff will be taking this ordinance to the Board of Supervisors for final adoption in early 2018.

- **Work with other County departments in preparing and adopting permanent land use regulations addressing the cultivation, distribution, delivery and manufacturing of marijuana and marijuana products within the unincorporated areas of the County. According to the recently approved Adult Use of Marijuana Act or AUMA (Proposition 64), permanent regulations have to be adopted prior to the issuance of commercial marijuana licenses by the State, which is expected to start by the beginning of 2018.**

DCD Staff continue to work with other County departments regarding a potential cannabis ordinance for unincorporated Contra Costa County. The Board approved a Preliminary Framework for potential future regulations that could allow certain commercial uses while also approving a prohibition that would remain in effect unless and until new regulations are adopted to replace it.

- **Review and implement new changes to the Surface Mining and Reclamation Act of 1975 (SMARA).**

DCD staff have initiated this process and expect to go the Board for final adoption in late 2018 or early 2019.

- **Continue the promotion of the Northern Waterfront Economic Development Initiative as a national, regional and local effort and work towards drafting and implementation of a Draft Strategic Action Plan to bring diversified cluster-based economic development to Contra Costa County and its partner Cities to enable both the businesses and residents to prosper through employment growth. Phase 2 of the**

Initiative includes but is not limited to additional awareness by staff, community engagement, and partner collaboration meetings, targeting viable clusters and industries by networking and building relationships.

Received Board approval and \$500,000 to implement Phase 2 of the Initiative.

Retained professional firms to develop a Strategic Action Plan and a conceptual framework to define interlocking roles of existing parties and opportunities for enhanced collaboration.

- **Assist with the initiation of a Countywide Accessible Transit Study in cooperation with the Transportation, Water, and Infrastructure Committee and the Contra Costa Transportation Authority.**

Partnered with the Contra Costa Transportation Authority in developing and submitting a grant to Caltrans to conduct the Accessible Transportation Strategic Plan. The application was unsuccessful but the effort will continue in to 2018 with a second grant submission.

- **Finalize the Complete Streets Policy implementation plan.**

Initiated development of "Contra Costa County Safety Action Plan", the County's vision zero/complete streets plan.

- **Update the Airport Land Use Compatibility Plan.**

Staff have initiated the work required to update the Byron Airport Land Use Compatibility Plan. Staffed the Airport Land Use Commission and implemented an application fee program to free up airport funds.

- **Seek funding and/or initiate active transportation corridor studies for the Iron Horse and Marsh Creek corridors.**

The Department was awarded a \$300,000 Measure J Transportation for Livable

Conservation and Development

General Government

Communities (“TLC”) grant for an Iron Horse Corridor Study that will be initiated in February 2018.

- **Work with the Contra Costa Transportation Authority on the Countywide Transportation Plan Update, Action Plan Update, and Transportation Expenditure Plan development in the event that a new sales tax is sought for the 2018 ballot.**

This goal is ongoing, and will continue in FY 2018-19.

- **Finalize and adopt I-680/Treat Blvd Bicycle & Pedestrian Improvement Study.**

This goal is ongoing, and will continue in FY 2018-19.

- **Continue implementing the dissolution of the former County Redevelopment Agency with the goal of winding down the affairs of the former RDA and increasing the distribution of property taxes to other taxing entities, including the County, special districts and school districts.**

The County Successor Agency refinanced \$75 million of bonds issued by the former redevelopment agency. The bond issue was insured by Build America Mutual with an underlying S&P rating of A+. The results were:

- *Refunding Savings of \$27.7M over the next 19 years (exceeding our \$25M projection presented to the Board of Supervisors)*
- *Net present value Savings of 21% (exceeding 14% projection presented to the Board of Supervisors)*
- **Continue to position housing assets, formerly owned by the Redevelopment Agency, for development of residential and/or mixed-use development. Designate developers for Bay Point and Rodeo sites based on responses from “Request for Qualifications/ Proposals” issued in December 2016.**

Continued to pursue development opportunities on former Redevelopment properties in Rodeo, Bay Point, Contra Costa Centre and North Richmond. Conveyed Heritage Point development site to Community Housing Development Corporation and entered into Exclusive Negotiating Agreements for Rodeo Senior Housing Expansion and Orbisonia Heights (Bay Point).

Completed sublease with AvalonBay for the development of Block C at the Contra Costa Centre Transit Village.

- **VMT vs LOS: As a result of the passage of SB 743 (2013), the State initiated the conversion of vehicle miles traveled (VMT) from level of service (LOS) as the primary metric by which traffic impacts are determined. The Contra Costa Transportation Authority is working on substantial revision to their policies and the County will engage in that process. The County and most of the cities maintain LOS in their guiding policies. Once the state releases final SB743 guidelines, staff needs to determine if subjecting applicants to both VMT and LOS impact analysis would present any problems. Final guidelines were expected in 2016 but were not released. Staff will continue with this activity in 2017.**

This goal is ongoing, and will continue in FY 2018-19.

- **Coordinate with other County Departments on identifying financing opportunities for projects and programs to further the Climate Action Plan.**

Successfully coordinated the Department’s efforts to provide CPUC-funded rebates for energy conservation projects, leading Bay Area Counties in the amount of rebates in the single-family category.

- **Complete General Plan Amendment and rezoning of Byron Airport to support increased economic activity there.**

Conservation and Development

General Government

Completed four General Plan Amendments, including updating the Land Use Element Map to reflect land acquisitions by public agencies over the last decade, and updating the General Plan and Zoning Ordinance to allow commercial-scale solar energy projects in certain zoning districts.

- **Review proposed options and budget for updating the County General Plan.**

Began the process of comprehensively updating the County General Plan.

- **Implement programs and services to reduce solid waste disposal and promote reuse and recycling as required by the Integrated Waste Management Act (AB 939), including dedicating resources to assist with enhancing the recycling of materials generated at County facilities and enforcing mandatory commercial recycling and organics requirements.**

Solid waste and recycling staff provided proactive oversight to help ensure timely implementation of operational changes needed to comply with the new direct haul restrictions that took effect in spring 2017.

Completed amendment needed to extend the one remaining county solid waste and recycling collection Franchise Agreement, which covers Crockett, Port Costa & Tormey, to coincide with the County administered franchise term ending in 2025 for the adjoining area.

- **Secure outside funding and co-lead local participation in the San Francisco-to-Stockton Ship Channel Deepening Project, to provide the Army Corps of Engineers with the necessary local contribution as they move forward with deepening the ship channel.**

Successfully secured funding for the preparation of the SF to Stockton Navigation Project to study the effects of deepening the ship channel from Richmond to Avon to increase transportation efficiencies within the Federal channel.

- **Work with the Delta counties to prevent damage to the county's water quality, ecosystem and economy from state plans to build new Delta water conveyance systems for southern California and the Central Valley.**

Managed the County's appeal of the water rights for the Delta Tunnels project and advocated for a comprehensive Delta Solution with the Delta Counties Coalition in Washington DC.

- **Continue to participate in the development of the Groundwater Sustainability Agency and the future Groundwater Sustainability Plan for the Tracy Sub-basin. The County is the land use authority for all unincorporated lands in this basin.**

Established Contra Costa County as a Groundwater Sustainability Agency and successfully executed a memorandum of understanding with east county cities and agencies to fund and prepare a Groundwater Sustainability Plan that will sustainably manage the portion of the Tracy sub-basin within the County.

- **Continue to pursue County safe school goals by engaging the State on the reform of school siting and school speed zone policies.**

This goal is ongoing, and will continue in FY 2018-19.

- **Continue to improve outreach to low-income communities with information on how to apply for and receive assistance through Weatherization and Neighborhood Preservation programs to improve the comfort, safety and habitability of their homes.**

DCD Weatherization staff served 374 clients to date for FY 2016-17 to improve the comfort, safety and habitability of their homes.

Conservation and Development

General Government

- **Continue to provide homebuyer assistance by providing Mortgage Credit Certificates, which give homebuyers personal income tax reductions.**

During FY 2016-17, DCD staff provided 26 homebuyers with Mortgage Credit Certificates.

- **Continue to assist in the production and preservation of affordable housing by providing conduit issuer services for multi-family tax-exempt bonds, and low interest deferred development loans.**

\$149 million in tax-exempt bonds to support the development of 427 units of affordable housing were issued by County staff.

- **Continue to support local non-profit service agencies by providing grants through the Community Development Block Grant, Keller Canyon Mitigation Fund, and North Richmond Mitigation Fund.**

Keller Canyon mitigation funds supported 86 projects through contracts with public and nonprofit agencies. Additionally, the Community Development Block Grant supported the following:

- *Over 35,000 lower income persons/families were served through public service programs.*
- *29 lower income people were placed in jobs through Economic Development programs.*
- *188 businesses were assisted through Economic Development programs.*
- *8 Infrastructure/Public Facilities projects were completed.*
- *21 rental housing units for families were constructed or rehabilitated, of which 17 of the units are for low income households.*
- *11 owner-occupied homes were rehabilitated.*
- *14 homeowners received minor home improvement grants.*

- *91 homeowners received foreclosure prevention counseling.*
- *319 low income renters received financial assistance to prevent them from becoming homeless or to quickly regain housing following an episode of being homeless.*

- **Work with Public Works on accepting and implementing recommendations of a third-party consultant on ways to improve functionality of Joint Billing System to achieve efficiency and greater usability.**

The Public Works Department continues to work on upgrading the Joint Billing System to allow DCD to tie into their system, creating a web-interface for the public, in an effort to improve customer service for both departments.

- **Continue to support staff by offering in-house training and staff development courses.**

Various training opportunities and staff development courses were offered to staff throughout the course of the year. Many DCD staff members took advantage of the opportunities.

- **Increase in-house scanning and indexing work and reduce reliance on contract services as a step towards better records management.**

Since 2016, the Department has hired three permanent full time Information Systems Assistant IIs to perform scanning and indexing into our document imaging system. By hiring three employees, the Department has reduced our reliance on outside contractors.

OTHER ACCOMPLISHMENTS:

- *Created over 700 maps and analysis projects to support DCD policy development,*

Conservation and Development General Government

planning review, and program implementation.

- *Provided \$1.35 million toward the development and rehabilitation of parks through Park Dedication/Impact Fees and Measure WW Bond funds to improve park facilities for residents in unincorporated areas of the County.*
- *Coordinated a Countywide stakeholder group in preparation for the 2020 Census Operations.*
- *Worked with Emergency Operations Center staff to fill a gap in their access and functions needs response capabilities.*
- *Executed the second amendment of the Joint Defense agreement between the County, NRDC and The Bay Institute to continue to influence the outcome of the San Luis Drainage Settlement between Reclamation and Westlands Irrigation District. The settlement has the potential to negatively affect Delta water quality.*

Administrative and Program Goals

DCD has identified the following administrative and program goals for FY 2018-19:

- *Complete the implementation of an upgrade to the Department's permit tracking software, Accela Automation.*
- *Work with the Public Works Department to increase integration of computer software systems to enhance information and access to the public and expand online services.*
- *Continue to seek opportunities to enhance the County's energy and sustainability programs and to implement the goals of the County's Climate Action Plan.*
- *Review and revise the County's Planned Unit District (P-1) ordinance to eliminate*

the minimum acreage requirement for proposed P-1 development.

- *Review and implement new changes to the Surface Mining and Reclamation Act of 1975*
- *Revise the County's Tree Preservation and Protection Ordinance to streamline the ordinance.*
- *Continue work on the small farm animal ordinance and bring it to the Board for adoption in 2018.*
- *The Current Planning Division will evaluate and prepare a short-term rental ordinance. Currently, staff is seeking community input and we expect the ordinance to go to the Board for final adoption in late 2018.*
- *Continue to work with other County departments and the Community to prepare a permanent land use regulation addressing cultivation, distribution, delivery and manufacturing of cannabis and cannabis products within unincorporated Contra Costa County.*
- *Continue efforts to expedite review of land development and planning applications.*
- *In cooperation with the Contra Costa Transportation Authority, assist with securing grants and conducting a Countywide Accessible Transit Study.*
- *Develop new funding streams to fund the operations of the improvement of accessible transportation services.*
- *Assist the Sheriff's Office of Emergency Services in developing a transit / transportation response protocol for the Disability/Access and Functional Needs population.*
- *Collaborate with the Public Works Department to finalize the County's*

Conservation and Development

General Government

Vision Zero and Complete Streets implementation strategy.

- *Update the Airport Land Use Compatibility Plan.*
- *Initiate active transportation corridor studies for the Iron Horse and Marsh Creek corridors.*
- *Finalize and adopt I-680/Treat Blvd. Bicycle and Pedestrian Improvement Study and seek implementation funds (grants).*
- *Assist in development of Contra Costa Transportation Authority Electric Vehicle (EV) readiness plan; continue to seek funding for County EV Infrastructure at County facilities.*
- *Submit grant application and otherwise seek funding for short-line railroad feasibility study in the Northern Waterfront area. Assist with conducting the feasibility study.*
- *Complete and submit Complete Measure J Growth Management Program Compliance Checklist to secure Measure J return-to-source funds.*
- *Work with the County Auditor-Controller to combine the Oversight Boards in 17 jurisdictions in the County into a single countywide Successor Agency Oversight Board, effective July 1, 2018, as required by the Redevelopment Dissolution Act, Section 34179(11)(j) of the Government Code.*
- *Continue to position housing assets, formerly owned by the Redevelopment Agency, for development of residential and/or /mixed-use development.*
- *Designate developers for sites and work toward a Disposition and Development Agreement with the designated developer for the Bay Point Orbisonia Heights project.*
- *Continue to update the 2020-2040 General Plan.*
- *Continue to participate with the Delta counties to prevent damage to the county's water quality, ecosystem and economy from State plans to build new Delta water conveyance systems for Southern California and the Central Valley.*
- *Manage the Contra Costa County Groundwater Sustainability Agency and continue to participate in the development of the Groundwater Sustainability Plan for the portion of the Tracy sub-basin within the County, as described in the Board adopted Memorandum of Understanding. The County is the land use authority for all unincorporated lands in this basin.*
- *Continue to pursue County safe school goals by engaging the State on the reform of school siting and school speed zone policies and consider the need for a local ordinance.*
- *Continue to lead implementation of the East Contra Costa County Habitat Conservation Plan/Natural Community Conservation Plan (HCP/NCCP) and in the process, conserve and acquire 1,000 acres of land; design one or more large wetland restoration projects; construct one large restoration project and one small restoration project; streamline permitting for public infrastructure and other projects; and collaborate with California State Water Resources Control Board to develop a streamlined permitting process similar to the approach offered by the HCP/NCCP.*
- *Coordinate with other County Department and City staff to prepare for the 2020 US Census, including geographic updates and community outreach strategy.*

Conservation and Development General Government

- *Continue to support development and expansion of unincorporated area parks through Park Impact, Park Dedication and Measure WW funding.*
- *Continue to improve outreach to low-income communities with information on how to apply for and receive assistance through Weatherization and Neighborhood Preservation programs to improve the comfort, safety and habitability of their homes.*
- *Continue to provide homebuyer assistance by providing Mortgage Credit Certificates, which give homebuyers personal income tax reductions.*
- *Continue to assist in the production and preservation of affordable housing by providing conduit issuer services for multi-family tax-exempt bonds, and low interest deferred development loans.*
- *Continue to support local non-profit service agencies by providing grants through the Community Development Block Grant, Keller Canyon Mitigation Fund, and North Richmond Mitigation Fund.*

Contingency Reserve

Description: To provide funding for unforeseen emergencies or unanticipated new expenditures occurring during the fiscal year, which have no other funding sources.

to offset a portion of the County's \$45 million budget reduction in that year. The anticipated impact of that recommendation was that appropriations would no longer be inflated and annually generated scarce resources would not be required to balance them.

Contingency Reserve Summary		
Service:		Discretionary
Level of Discretion:		Discretionary
Expenditures:		\$10,000,000

The County Administrator reinstated the contingency reserve in FY 2012-13. General Fund contingencies include funding necessary to provide continued County operations despite economic uncertainties. As a general rule a contingency fund should be maintained at a level sufficient to finance all issues/items which may occur during the fiscal year, but were unforeseen during the budget process. Failure to appropriate a reasonable level of funding for contingencies is not prudent and could likely result in a "midyear budget crisis". The County Administrator recommends that the Contingency for General Fund be budgeted at \$10.0 million for FY 2018-19. The appropriation will allow funding for: 1) any unforeseen emergency that the Board may need to fund during the fiscal year; 2) appropriations without a dedicated earmark to help to rebuild and grow the County's fund balance; and 3) appropriations for technology projects to increase efficiencies and economies.

CAO's Recommendation

The \$10 million contingency reserve was eliminated in FY 2006-07 after remaining basically unchanged for 16 years. The County Administrator's Office recommended that the practice of appropriating \$10 million for contingency be discontinued and that the funds be designated for Contingency on the General Ledger. The recommendation was implemented

AB 109 – Program/Administration

Description: In 2011, Assembly Bill 109 transferred responsibility for supervising individuals convicted of specific low-level felony offenses from the California Department of Corrections and Rehabilitation to counties. This Act tasked local government at the county level with developing a new approach to reducing recidivism among this population. The County Administrator's Office, through the Office of Reentry and Justice (ORJ), established in January 2017, provides program evaluation, system planning and administrative support including staff to facilitate the Countywide program. The Office of Reentry and Justice (ORJ) oversees the AB 109-funded Community Programs (which provide housing, job training, mentoring, civil legal services and family reunification services for returning residents and launched the Reentry Success Center and the Reentry Network of Services), the development of a countywide Ceasefire Program, the update

CAO's Recommendation

The fiscal year 2018-19 baseline net County cost decreased by \$6,889,979 from fiscal year 2017-18. The reduction reflects the elimination of restricted prior year fund balance of \$6,905,902 primarily from CATV franchise fees and AB-109 restricted revenue. Baseline costs for salaries and benefits increased by \$220,140 and includes a 3% cost of living increase as of July 1, 2018. Operating costs, including interdepartmental charges, non-county professional services increased by a further \$307,440. Cost offsets from expenditure transfers decreased by \$296,669 and revenue increased by \$824,250. The adjustment in revenue primarily reflects an increased share of A-87 cost plan revenue and increased revenue from the AB 109 – Office of Reentry and Justice,

The recommended net County cost of \$7,060,000 will provide the funding necessary to maintain services in fiscal year 2018-19.

Performance Measurements

County Administrator accomplishments during fiscal year 2017-18 include:

- As part of the project to build a new Administration Building this year the County restored 1236 Escobar Street also known as the Morrow House. The County had previously used the building for office space but the building had been vacant for many years. The County restored the building to use for the Offices of Reentry and Justice and to serve as offices for the Vanir Construction Management during the building of the new Administration Building project. The extensive work include a new roof, new heating and cooling systems, complete painting interior and exterior, fixing all the wood windows and upgrades to the plumbing and heating. The exterior features were not altered and the interior woodwork and built ins were preserved.
- Initiated the Prop. 47 grant application process, which resulted in the County being awarded a \$5,984,000 state grant to implement "CoCo LEAD Plus," an innovative program intended to break the cycle of repeated incarceration for people with mental illness or substance use disorders in Antioch
- The County Budget has been structurally balanced for seven years in a row. The County received the Government Finance Officers Association Distinguished Budget Presentation Award for each of those seven years.
- The CAO's office successfully migrated to a new County budget system. The Budget Formulation and Management Application (BFM) has been in place since January 2017 and was used to develop both the FY 2017-18 and 2018-19 County budgets. Additionally, two webinars were developed to train county staff on using the BFM system.

County Administrator

General Government

Administrative and Program Goals

Increase effectiveness of organizational sector budget oversight and promote service delivery improvements and interdepartmental coordination:

- Annual budget and program goal development/reviews and recommendations
- Quarterly financial reviews
- Monthly service delivery monitoring
- As-needed support and consultation
- Conduct departmental site visits

Provide Board of Supervisors with high quality support:

- Staff Ad Hoc and standing Board of Supervisor Committees
- Manage Board of Supervisors agenda development process, including automation of agenda process
- Provide research, information and recommendations on issues as requested by Board members

- Keep all Board members uniformly informed of new policies/practices
- Manage Advisory committee tasks, in compliance with Maddy Act requirements and Board of Supervisors' policies.
- Provide county-wide record keeping and document management through Clerk of the Board's Office.

Provide leadership for Contra Costa County to progress on the primary focus areas of: Fiscal Health, Service Delivery Efficiency/ Effectiveness, Public Education, Teamwork/ Organizational Development:

- Continue to work with the Board of Supervisors, unions, and Departments to address Pension Liability.
- Regularly promote and set expectations for focus area accomplishment
- Evaluate Countywide progress
- Share information on progress with County staff and general public
- Continue to refine and implement the County's other Post Employment Benefit Strategic Plan.
- Continue to protect and advance the County's interests through the federal and state legislative program.
- Develop and provide county-wide public information through use of all forms of media, including print, CCTV and WEB content.

County Counsel

General Government

CAO's Recommendation

The baseline net County cost decreased by \$22,947 from fiscal year 2017-18. Prior year one-time appropriations of \$45,000 to fund start-up costs for a juvenile court satellite office in Walnut Creek were eliminated from the baseline budget. Salary and benefit costs increased by \$93,435, reflecting a 3% cost of living increase for July, 2018. Operating costs, including interdepartmental charges for requested maintenance, information technology and telecommunications increased by \$60,545. Revenue offsets and expenditure transfers increased by \$131,928.

The recommended budget was reduced further by a \$22,053 cut to miscellaneous services and supplies in order to meet the general fund target for fiscal year 2018-19.

The recommended net County cost of \$3,000,000 will provide the funding necessary to maintain services in fiscal year 2018-19.

Performance Measurement

Address Legal Issues Associated with the Repeal of the Affordable Care Act

Congress and the President repealed the Affordable Care Act. Changes to this federal law are likely to have a continuing impact on the County's ability to provide medical services to indigent County residents, including children. The County Counsel's Office expects to continue to provide legal services to the Health Services Department and the County Administrator's Office associated with the County's state mandated obligations to provide medical care to indigent individuals.

Continue to Address Productivity, Safety and Space Issues Associated with Obsolete Physical Plant

This department occupies three floors of the County Administration Building in downtown Martinez. As the physical plant continues to deteriorate (inoperable elevators and doors, doors and inadequate heating, cooling and electrical systems), our ongoing goal is to find

ways to avoid unnecessary impacts on staff productivity, maximize the usable space of this aging facility, and enhance office-wide emergency preparedness and evacuation planning. In 2017, this office scheduled quarterly radio equipment checks, applied for a safety supply grant, purchased backpacks to store needed evacuation equipment and to allow for a hands-free descent, and coordinated with Risk Management an Active Shooter training for all occupants of 651 Pine St.

Continue to Support the Health Services Department through Refining and Expanding Legal Services for Assisted Out Patient Treatment/Laura's Law

In the second year of this program, the County Counsel's Office continued refining its strategies, procedures, and advocacy to further assist the Health Services Department with referrals, investigation practices, and court filings, including ongoing attorney training and acting as liaison between the Department and the County.

Administrative and Program Goals

Records Management

The County Counsel's Office currently relies on separate, incompatible electronic calendaring, timekeeping/billing platforms. In addition, the office's three divisions (General Law, Tort, and Civil Rights Litigation, and Juvenile Dependency/Conservatorship) utilize separate litigation and assignment intake systems. A departmental goal is to modernize the office's records management system. By implementing and utilizing up-to-date records management technologies, the office will streamline procedures and reduce storage costs by decreasing the amount of paper records this office handles.

Records Retention

It has been the practice of the County Counsel's Office to retain hard copies of many of the pleadings and other legal documents we

County Counsel

General Government

generate and receive on behalf of our clients, for a period of seven years after a file is closed. Courts are increasingly converting to electronic document management and we anticipate that the need to retain hard copies of certain documents will diminish over time. We also have been advised that we no longer will have the ability to store documents at the new County Administration building. To address these changing circumstances, we recently obtained authorization from the Board of Supervisors to reduce our record retention period to two years after a file is closed. Over the next two years we plan to review current practices, determine which documents may be destroyed, which should be kept in hard copy and for what period of time, and discard records that are no longer needed. This project is anticipated to involve significant staff resources.

Recruitment and Retention

Thirty-percent of our attorney staff of 34 full time employee positions has been employed with the County Counsel's Office more than fifteen years. These experienced County lawyers are well-versed in the complexities of the law and the practices of this County, and have a demonstrated interest in public service. It is important to ensure that the next generation of County attorneys will be equally proficient in this unique, public law practice. However, attracting and keeping qualified Deputy County Counsels has become a serious, ongoing challenge. In the past four years we lost one attorney to retirement and five to other employment (four went to other, public sector jobs, and one left to work in the private sector). We want to look for new ways to attract and keep County Counsel attorneys, such as seeking an increase in the Law School Loan Reimbursement Program and highlighting this in our recruitment efforts.

Crockett/Rodeo Revenues

Description: To budget appropriations attributable to the property tax increment from the co-generation facility in Crockett and the UNOCAL Reformulated Gasoline Project at the Rodeo facility, for both capital and program uses.

CAO's Recommendation

The Baseline budget decreased by \$240,000 from FY 2017-18, reflecting the elimination of prior year fund balance. Any unspent appropriations at year-end are carried over to the following year.

The budget is estimated based on prior year trends of assessed valuations. The actual return-to-source shares are determined each year in the Fall.

County/State West Contra Costa Healthcare District (WCCHCD)

Description: To account for the West Contra Costa Healthcare District's reallocation of property tax revenue through an exchange agreement. This exchange agreement is not an on-going source of revenue and replaces reserves transferred to the District as bridge funding prior to the medical center closing in 2015. It will appear as a negative net County cost in our schedules.

Notes and Warrants Interest

Description: The California Government Code contains a legal provision, which allows a local agency to issue notes, permitting it to borrow money in order to meet short-term cash flow deficiencies, pending receipt of taxes and revenues. The borrowed funds may be expended for things such as current expenses, capital expenditures, and debts and obligations. This is a General Fund unit.

CAO's Recommendation

The FY 2015-16 budget did not include ad valorem property tax revenues to the County from the West Contra Costa Healthcare District due to the timing of a transfer agreement for a three-year funding bridge to Doctors Medical Center (DMC). The West Contra Costa Healthcare District Tax Allocation Waiver temporarily suspended the exchange agreement's allocation of ad valorem property tax exchange agreement revenues to the County in FY 2014-15; however, the strategy was ultimately unsuccessful and DMC closed in 2015. Although unbudgeted, the County actually received \$2.7 million in FY 2015-16 per the terms of a revised exchange agreement. Pursuant to County policy, the funds were transferred to the general fund reserve at year-end. The County received \$2.9 million ad valorem property tax in FY 2016-17 and is expected to receive approximately \$2.5 to \$3.5 million in FY 2017-18 from this source and each year thereafter until the agreement is fulfilled approximately FY 2023-24. Each year's property tax exchange will appear as a negative net County cost in our schedules.

Transfers for the Retirement UAAL Bond and Retirement Litigation Settlement Debt service expenses are budgeted in each department as a compensation expense. Expenditures in this fund were \$68.4 million in FY 2013-14 and dropped to \$35.4 million in FY 2014-15 as a result of paying off the 2002 pension obligation bonds. UAAL Bond fund expenses have grown according to the debt services schedule since FY 2014-15. The total payment will increase by approximately 4.2% each year until the bonds are fully paid in 2022. The FY 2021-22 principal and interest payment will be \$47.4 million.

We do not anticipate issuing Tax Revenue Anticipation Notes (TRANS) in FY 2018-19.

For detailed information of the County's overall current debt position, please see page 525.

CAO's Recommendation

The 2018-19 Recommended Budget for the Department of Information Technology is equivalent to the Baseline Budget and reflects no increase in net County cost because all operating cost increases are charged out to service recipients. Baseline expenditures are increased by \$2,193,330 from the 2017-18 Budget, reflecting the following adjustments:

- \$861,357 towards the Countywide conversion of the PBX to a VOIP (Voice Over Internet Protocol) telephone system, which will provide the County with a full redundant network and advanced 9-1-1 system. This phased conversion is expected to be completed in FY 2020-21;
- salaries and benefits increase of \$775,179 for cost-of-living and the annualized cost of three positions (Assistant Chief Information Officer,

Information Systems Project Manager, and Geographic Information Systems Technician) that were added in 2017;

- increased computer software costs of \$226,804;
- increased costs of sole source computer hardware of \$159,227;
- increased building maintenance costs of \$85,000;
- increased costs for specialized services and support of \$76,701;
- increased costs for replacement of obsolete equipment of \$47,349; and
- miscellaneous adjustments resulting in a net increase of \$9,062.

Wide Area Network (WAN) and telephone line/port billing rates are increased by 4.9% from the current year rates to offset the recommended expenditure increases.

The General Fund allocation shows a decrease of \$50,000 from the current year budget, reflecting the removal of one-time venture capital funding. The General Fund allocation of \$95,000 is recommended to be maintained to offset unreimbursed costs related to the implementation of the East Bay Regional Communications System.

Performance Measurement

- Developed Countywide IT systems to improve staff and operational efficiencies.
- Improved the County's computer Wide Area Network speed and reliability by upgrading the remote office connections to AT&T ASE (switched Ethernet) fiber optic service.
- Maintained or improved performance in the following business processes measures:
 - Percentage of time the County's radio communication system is available

Department of Information Technology

General Government

The County's P25 radio communication system was available 99.9% of the time. County Microwave system was also available 99.9% of the time.

- Percentage of time the County's Wide Area Network (WAN) is available

The County's Wide Area Network (WAN) was available 99.9% of the time. The 1% unavailable period was from 1:30 a.m. to 4:00 a.m. when our internet service performs maintenance.

- Percentage of time the County's voice mail communication system is available

The County's voice mail system was available 99.9% of time. A project continues to migrate all voice mail subscribers to the AT&T EMS (enterprise management system) voice mail or ATT Unified Communications (UC).

- Percentage of email addresses in the Countywide address book

The percentage of email addresses in the Countywide address book was 93% in FY 2017-18.

systems such as Email, Internal Web Sites, and Payroll Systems.

- Percentage of time the County's voice mail system is available by leveraging "Cloud Based" solutions and implementing redundant core service facilities.
- Percentage of email addresses in the Countywide address book.
- Design and incorporate wireless network for additional specific County locations to further reduce the need for cabling and provide high-speed service for mobile devices.
- Implementing a Countywide alternative provider for high-speed internet access connection with the goal of increasing our disaster recovery process.

Administrative and Program Goals

- Develop a Countywide IT strategic and tactical plan providing a road map for IT services in the County that aligns with the County Mission, Vision and Values Statement.
- Improve performance in the following business measures:
 - Percentage of time the County's radio communication system is available and the service outage repair times by adding fail over redundancy.
 - Percentage of time the County's Wide Area Network (WAN) is available for

CAO's Recommendation

The FY 2018-19 Baseline budget decreased by \$16,733,502 from FY 2017-18. The adjustment reflects the elimination of prior year fund balance that was rebudgeted from prior year for retiree health benefits and the PeopleSoft system upgrade. PeopleSoft system costs are expected to remain steady in FY 2018-19.

The FY 2018-19 Recommended net County cost of \$5,500,000 reflects sufficient funding to maintain the County payroll and benefits system as well as funding for retiree health benefits for Court employees and other retirees that cannot be attributed, and therefore charged, to current departments.

CAO's Recommendation

The Recommended Budget for General Fund departments relies on increases in General Purpose Revenue to offset increases in the cost of doing business. The most significant increases in general purpose revenues from year-to-year are due to increased assessed valuation on current secured property tax. During the economic downturn, growth in assessed valuation, interest rates, and Supplemental Property Tax revenues was almost non-existent; since then assessed values have grown slowly. The State Board of Equalization has announced an inflation factor of two percent (1.02) for FY 2018-19 and the County Administrator's Office is projecting that assessed value growth will be at least 5% (The inflation factor increase in base year value is limited to 2% by California Constitution, Article XIII A, section 2(b)). The 5% figure compares to current year growth of 5.78%, FY 2016-17 growth of 6.01%, FY 2015-16 growth of 7.53%, FY 2014-15 growth of 9.09%, FY 2013-14 growth of 3.45%, and FY 2012-13 growth of 0.86%.

It should be noted that the \$460,035,000 budgeted general purpose revenue in FY 2017-18 includes \$22,500,000 in fund balance for construction match to the West County Jail project described in the Budget Message. These Other Local Revenue monies were appropriated from reserves as part of the FY

General Purpose Revenue

General Government

2016-17 close-out process and are not an on-going source of revenue. If the fund balance were not included in that figure, the FY 2017-18 budgeted amount would be \$437,535,000.

Additionally, the FY 2017-18 budget includes \$20,000,000 in Other Local Revenue from the Tax Losses Reserve Fund. The FY 2018-19 Recommended General Purpose Revenues include \$10 million in transfers from the Tax Losses Reserve Fund for deferred facility maintenance projects. This \$10 million is not a permanent source of funding.

CAO's Recommendation

The fiscal year 2018-19 Baseline net County cost was basically unchanged (a net decrease of \$577) from fiscal year 2017-18. Salary and benefits increased by \$302,132 and include a 3% negotiated cost of living increase as of July, 2018. Services and supplies increased by \$264,763 due to increased interdepartmental charges and increased technology costs associated with the enhancement of NeoGov which includes the implementation of the electronic onboarding module. Fixed Assets

decreased by \$57,994 and Expenditure Transfers increased by \$65,500 to account for charges to User Departments for the ongoing costs of the online reference-checking tool SkillSurvey. Revenue increased by \$443,978 to cover increased costs of benefits administration.

The recommended net County cost of \$3,511,000 will provide the funding necessary to provide services in fiscal year 2018-19.

Performance Measurement

Conducted executive recruitments for the following key positions:

- Director of Health Services
- Director of Public Works
- Chief Information Officer
- Assistant Chief Information Officer
- Economic Development Manager

Other high-level recruitments included Public Works Chief of Financial Services, Departmental Communication and Media Relations Coordinator, Storm Water Program Manager, Human Resources Manager and Director, Office of Communications and Media.

Administered several large recruitments and processed the following applications:

Deputy Sheriff – Recruit	2,156

Account Clerk-Experienced Level	420
Executive Secretary – Exempt	392
Maintenance Worker I	289

Processed 175 Personnel Adjustment Resolutions (P300's)

Completed the PeopleSoft 9.2 Upgrade and trained employees on the functionality of Employee Self Service and managers on Manager Self Service.

Human Resources

General Government

Implemented the Benefits Administration Module of PeopleSoft 9.2 and conducted the first active employee paperless, online Open Enrollment. Implemented the Online Reference Tool SkillSurvey, a confidential, online reference tool that uses job-specific surveys developed by industrial and organizational psychologists to evaluate a candidate's behavioral competencies to help hiring managers predict whether finalist candidates will be successful in the positions for which they are being considered.

Negotiated contract with Magellan Healthcare, Inc. and rolled out new Employee Assistance Program with expanded services, including counseling, therapy and referral services, work/life services, legal and financial consultation services, management consultation, critical incident stress management services, wellness seminars and training

Conducted comprehensive review of pre-employment screening with all County departments in accordance with newly established Administrative Bulletin 437, Pre-Employment Screening.

Began the process of fingerprinting of new County employees through the California Department of Justice as well as the FBI, as appropriate.

Entered into contract with TALX Corporation to complete the U.S. Citizenship and Immigration Services Form I-9 electronically utilizing the federal e-Verify Program to verify the work authorization of all finalist candidates prior to their first day of employment. The TALX contract also includes a one-time conversion of existing paper/electronic Form I-9's on file in the Human Resources Department to electronic images, auditing for compliance and reporting any necessary remediation issues.

Issued a Request for Qualifications (RFQ) to firms that offer investigative services to establish a list of qualified vendors that County departments may contract with to provide specialized investigative services for sensitive or high-level personnel matters. Developed a training program for managers, supervisors and departmental personnel staff on Leave of Absences (LOA's) and ADA

accommodation policies and procedures. Leave and ACA Administrator and ADA Manager have provided training on request.

Implemented third-party services for benefit programs in the areas of Health Care Spending and Dependent Care Assistance reimbursement services and a commuter benefit program.

Issued a Request for Proposals for Health and Welfare Broker, and transitioned to new vendor, Segal.

Continued to meet with the departmental representatives of the Great Minds Think Together (GMT2) Committee to improve communication, provide valuable updates, receive feedback and solicit suggestions with the goal of consistent practices and policies across all departments.

Graduated the second CSAC Institute Academy for over 40 key County workforce executives focusing on topics such as Leadership and Change, Communication, Conflict Management, etc. Graduation ceremony held in the Board of Supervisors Chambers on December.

Continued to meet with the Joint Labor/Management Benefits Committee.

Administrative and Program Goals

Establish standards and procedures for implementation of the requirements of Administrative Bulletin 437, Pre-Employment Screening and train departments on those standards and procedures.

Update the Personnel Management Regulations and Salary Regulations to align with modern recruitment and assessment strategies, including attention to diversity and inclusion.

Implement the NeoGov Onboarding Module to enhance candidate experience and streamline the hiring process by enabling employees to complete their onboarding documents electronically before their first day of work. Partner with departments to create departmental onboarding portals to enhance onboarding experience.

Integrate NeoGov Applicant Tracking and Onboarding with PeopleSoft to reduce errors and duplicative data entry.

Implement innovative recruitment and assessment techniques in place of resource-heavy methodologies.

Implement online, unproctored testing to provide an improved applicant experience and reduce staff time associated with in-person testing.

Develop tools to simplify and guide employees and departments through the policies and processes for leaves of absences including a one-page informational fact sheet for State Disability, Paid Family Leave, Family Medical Leave Act, California Family Rights Acts and Paid Disability Leave.

Expand training program for managers, supervisors and departmental personnel staff on Leave of Absences (LOA's) and ADA accommodation policies and procedures to all departments.

Monitor government actions related to the Affordable Care Act and take action as needed

Continue to develop effective working relationships with departmental personnel staff of operating departments by soliciting input and engaging in collaborative discussions in order to improve efficiencies and consistency across all departments.

Promote and educate employees about the Deferred Compensation 457 Plan to increase the number of employees that are participating in the program.

Develop data analytics capability and meaningful metrics to support strategic decision-making and improved service.

3. Countywide Services

Description: Includes Public Services Administration, Centralized County Library Services, Literacy Services, the Wilruss Children’s Library Fund, and services to children and teens currently in the custody of County Probation Department Juvenile Facilities. These services either provide direct customer services countywide or provide support to the community libraries, including program support in adult, young adult, and youth areas. Public Services Administration provides overall leadership, management, and support for the community library operations. Centralized County Library Services are those services that directly serve library customers countywide or that support community library services and operations. Literacy Services administers the library’s literacy program Project Second Chance. The Wilruss Children’s Library Trust Fund provides for the design and maintenance of programs that promote literacy and a lifelong love of books and reading in socially and economically disadvantaged areas of Contra Costa County. Library services are provided at the Betty Fransden Library at Juvenile Hall and the Leshar Library at Orin Allen Youth Rehabilitation Facility to provide access to reading materials and computers for the young people housed there.

Casey Library Gift

Description: The Casey Library Gift Trust was established from proceeds from the estate of Nellie Casey. Funds are restricted for use in the Ygnacio Valley Library, also known as the Thurman G. Casey Memorial Library.

2017-18 of equipment, computers, and materials. Baseline costs for other charges are reduced due to the elimination of one-time charges for building maintenance and the relocation of Library Administration.

The Library relies primarily on property tax revenue to fund services. The Baseline Budget assumes an increase of 5% in property tax revenue which, along with city contributions and grant funding, will enable the Library to absorb increases to salaries and benefits costs and achieve a structurally balanced budget.

The 2018-19 budget is recommended at the Baseline level, which will permit the Library to continue current operations, and innovate new programs to promote public service.

CAO's Recommendation

The Contra Costa County Library serves communities through 26 libraries located across the county. The County provides a base service level of 35 hours per week at most branches. Cities have the option of funding additional operating hours over the base level provided by the County. Library services include rich collections to meet reading and research needs, knowledgeable and welcoming staff, vibrant programs such as children's storytimes, wireless access to high-speed internet for personal computing devices, public computers with a variety of personal computing programs, and quiet study space or meeting rooms.

Baseline costs for salaries and benefits are increased over the current year budget by \$247,936 due to cost of living increases. In FY 2017-18, full-time equivalent (FTE) staffing was increased by 3.4 for a total of 197.8 FTEs to stabilize library staffing and improve customer service, with no change to the maximum hours of library operation. Baseline services and supplies are reduced due to the elimination of appropriations for one-time purchases in FY

Performance Measurement

- *Library Visits:*
Library visits have decreased an average of 4.5% annually, from 3,959,344 visits in FY 2011-12 to 3,235,783 visits in FY 2016-17.
- *Items Circulated*
The number of items circulated has decreased an average of 5.1% annually, from 7,483,487 in FY 2011-12 to 5,748,869 in FY 2016-17.
- *Annual Hours Open:*
The Library's annual open hours have increased from 54,113 in FY 2011-12 to 54,730 in FY 2016-17.
- *Facility Improvements:*
 - The San Ramon Library remodel was completed with a reopening date of April 15, 2017;
 - The groundbreaking ceremony for a new San Pablo Library was on September 19, 2016 with a reopening date of August 19, 2017;
 - The Brentwood Library has been under construction since late 2017, the new Library has a planned opening date of September 2018;
 - The El Sobrante Library, in partnership with the District I Supervisor's office, completed work in August 2017 on a new parking lot and landscaping improvements;
 - The Pleasant Hill Library in partnership with the city of Pleasant Hill continue to plan and design the future library building.
 - The Oakley Library worked with the city and the Oakley School District to complete carpet replacement.
- Library staff worked on the implementation of the Library 2014-2017 Strategic Plan through individual library branch and division Community Service Plans.
- The department continues to negotiate with the cities regarding approval of Library Lease Agreements.
- The 2017 Summer Reading Program featured a wide variety of STEAM (Science, Technology, Engineering, Arts, and Math) programs, information and entertainment for all ages and offered for the first time a way for all ages to participate entirely online earning badges and completing online challenges.
- The department continues to review library staffing to maximize services during open hours for the public.
- The department continues to develop a facility assessment document for all Contra Costa County Libraries in alignment with the goals set in the Strategic Plan.
- The department continues to draft a library system marketing and communication plan.
- The Library received an Innovation Grant from the Pacific Library Partnership in the amount of \$25,000 for system enhancements for the *Discover & Go*, Museum Pass Reservation System. These enhancements to the *Discover & Go* platform bring the software up-to-date with current mobile platforms and improve the administrative interface of the software. Contra Costa County Library, in partnership with the San Francisco Public Library, is testing and developing new enhancements to the software. As a result of the project, *Discover & Go* will include more mobile friendly enhancements such as text messaging notification, wireless printing, and geolocation service. A Spanish-language interface is also being added to the *Discover & Go* website.
- In response to library user needs, the Library has continued to update its online database resources. The Library purchased a database subscriptions for Lynda.com, SkillSoft and Brainfuse homework help.
- The library began a laptop lending pilot program at the Lafayette, Hercules, Concord, and Antioch Community Libraries. Laptops are available for in-house use via the Library Anytime Kiosk at the Concord and Antioch Community Libraries, and may be requested at the main service desks of the Lafayette and Hercules Community Libraries. Each location has six laptops for in-

house use only, and has a loan period of one hour, with session extension dependent upon availability.

- The 2017 Lunch at the Library program was very successful, the library served 5,273 lunches and snacks to children during the summer at nine library locations.

Administrative and Program Goals

- Continue the transfer of ownership and fiscal responsibility for facilities to the cities, contributing to the County's goal of fiscal health.
- Prepare and execute remaining library operating agreements.
- Create a facility assessment document and a technology assessment document for all Contra Costa County Libraries in alignment with the goal set in the Strategic Plan.
- Work with the cities of Brentwood, El Cerrito, and Pleasant Hill to plan, design and construct new library facilities.
- Expand the popular Lunch at the Library program, providing lunch and snacks to children during the summer. In collaboration with state sponsors and local school districts, this community asset allows children to have food security during non-school sessions while also incorporating Library programming and reading activities.

Southern Pacific Railway (SPRW)

Description: The Iron Horse Corridor, formerly known as the Southern Pacific right of way is 18.5 miles long, traversing north-south in Central Contra Costa County. The northern terminus is Mayette Avenue in Concord and the southern terminus is the Alameda County line in San Ramon. The corridor varies in width from 30 to 100 feet and currently has a 10-foot wide, paved multi-use trail managed by the East Bay Regional Park District. Funds come from the sale of easements and license agreements and are used for maintenance of the corridor (i.e. mowing, tree trimming, and drainage).

CAO's Recommendation

General Fund

The fiscal year 2018-19 baseline budget decreased by a general fund net of (\$1,233,051).

A total of \$1,233,051 in one-time money was eliminated from the baseline budget from the following current year projects: \$252,000 for 4th quarter billings from the Joint Occupancy Agreement for County managed Court facilities; \$37,051 for an adjustment on the debt service for EOC and new Administration building; \$400,000 for new office space for the County Supervisor of District V; \$400,000 for work on the Antioch Memorial Building roof; and \$144,000 for new vehicles for alarms maintenance staff.

Personnel costs decreased overall by \$318,596 mainly due to a 5.4% decrease in workers compensation charges. The total salary and benefit costs for FY 2018-19 includes an across-the-board 3% cost of living increase along with increases for costs of temporary salaries and permanent overtime. Services and Supplies increased by approximately \$486,546 to reflect anticipated costs for utilities and building maintenance. These costs are recovered primarily through a combination of charges for services and intergovernmental revenue. Revenue increased by \$167,950.

Public Works

General Government

The fiscal year 2018-19 recommended budget increased by a general fund net of \$56,000. The increase reflects the general fund portion of 15 additional positions recommended to address staffing needs in the coming year.

The Department requested 9 positions for the general Public Works division: 1 Personnel Services Assistant to meet staffing needs; 1 Accountant to meet the increased number and scope of special projects and grants; 2 Engineering Technicians for the planning and development of road, capital, flood control and airport projects; 1 Traffic Safety Investigator to proactively inspect the 663 miles of County roads; 1 Sr Watershed Management Planning Specialist to address the needs of the watershed program and Regional Board deadlines; 1 Engineering Records Technician for record maintenance and public record requests; 2 Geographic Information Systems technicians for tracking and reporting for the Clean Water Municipal Regional Permit; and the cancelation of 1 Computer Aided Drafting Operator which was determined to be an outdated classification lacking in the skillsets needed to deliver capital, road, flood control and airport projects.

The Facilities Maintenance division requested 5 additional positions: 1 Assistant Capital Facilities Manager to meet the increased needs of building facilities and tenant improvements; 2 Roofers to perform regular preventative maintenance on nearly 200 buildings as well as coordination of roof replacement projects; and 2 Painters to do preventative maintenance work and assist with the nearly 300 open work orders for painting services. Additionally, 2 facilities workers will be added to augment staffing for work on the Hospital and Clinics.

The Purchasing division requested 1 additional Buyer position to handle increased workload from County departments. This will allow the division to assist County departments with RFPs and RFQs as well as implement additional cost savings with countywide contracts.

The additional recommended positions are to be funded by a combination of charges to Special Revenue and Special District funds, overhead, and charges to customers for requested projects. The Buyer is the only position to result

in an increased General Fund contribution of \$56,000.

The County Administrator recommends the additional positions to meet the needs of capital, road, flood control and airport projects as well as the needs of County departments in fiscal year 2018-19 and beyond.

Fleet Internal Service Fund

The baseline budget for Fleet Services (Internal Service Fund) increased by \$980,870, reflecting estimated vehicle purchases and repairs in fiscal year 2018-19. Departments with vehicles assigned to the Fleet Internal Service fund are charged a monthly base fee, a per-mile fee and actual fuel costs. The monthly base fee represents the costs of insurance, management, depreciation, and vehicle replacement. The mileage charge consist of maintenance and repair costs (parts and labor).

Road Fund

The baseline expenditures for the Road Fund increased by \$1,224,470 and revenue increased by \$2,013,791 (a net decrease of \$789,321) due to Road Maintenance and Rehabilitation (RMRA) funding from SB 1 revenue and unanticipated FEMA storm charges. The additional revenues from SB1 will be used to address years of unfunded road maintenance, rehabilitation, and critical safety projects as well as to invest in "Complete Streets" projects uniquely tailored to the need, preferences and functions of the people of Contra Costa County. Funds will be used for general road maintenance, road capital improvement, traffic program, road engineering, and road information and services.

Land Development Fund

The Land Development Fund, which supports engineering functions, increased revenues and expenditures by \$278,600 and \$270,850, respectively, (a net decrease of \$7,750) to reflect anticipated revenues generated from land development permits.

Airport Enterprise Fund

The Airport Enterprise fund, which supports airport operations and capital development at the Buchanan and Byron Airports increased expenditures by \$924,648 and revenue by

\$314,128 for a net increase of \$610,520. The budget reflects increased salaries and benefits, including a 3% cost of living increase, as well as increase in appropriations for planned capital improvement projects. Revenue increased from aviation operations (rent and concessions) as well as fund balance carried over from prior years.

Public Works continues to respond to the growing challenges by proactively identifying areas in its operations that can be modified, streamlined, and/or restructured for better service and cost efficiency, as well as maintaining operations within their baseline budget.

Performance Measurements

- **Transportation Program:** In 2017 we identified several opportunities for transportation grants and were successful in generating approximately \$8 million in additional funding. Our efforts resulted in receiving almost \$31 for every \$1 of staff time. This exceeded our strategic goal of receiving a minimum of \$4 for every \$1 in staff time to prepare the applications.
- **Watershed Program:** Continued to work on meeting permit compliance from the Regional Water Quality Control Board in an attempt to address pollutants entering receiving waters such as creeks. On June 30, 2017, we just met our trash reduction goal of 70%. The next trash goal will be a theoretical reduction of 80% by June 2019.
- Continued participation in the National Flood Insurance Program Community Rating System (CRS) and based on 2016 and 2017 Department efforts, achieved a greater CRS rating of Class 5. This improvement increases discounts on flood insurance premiums for residents in Special Flood Hazard Areas from 20% to 25%, effective May 1, 2018.
- Completed approximately 30 county capital building projects in 2017. These projects included deferred maintenance projects

such as roofing, paving, utility line/infrastructure upgrade, landscaping, fire life & safety, ADA upgrade, mechanical upgrade, tenant Improvement and demolition projects and other projects such as the Health Clinic.

- Completed Emergency and Imaging Department Expansion and Reconfiguration on the Third Floor at Contra Costa Regional Medical Center.
- Completed Family Practice Clinic Expansion at Pittsburg Health Center.
- Completed Renovation and Remodeling at the Finance Building.
- Completed Multiple Security Upgrade projects at the West County Detention Facility.
- Completed Bridging Documents for new Emergency Operations Center/Public Safety Building and New County Administration Building which are now being used for the RFQ/RFP and DBE procurement.
- Completed grant application for West County Reentry, Treatment and Housing Facility under SB 844. Application was successful and BSCC awarded grant in the amount of \$70 million. County has allocated \$25 million towards the project. Detailed programming has been completed. Project is now in design.
- Capital Projects Management has a total of 81 funded projects valued at approximately \$306 million.
- Continued work on the Asset Management Facility Inventory. Strategic Planning and facility management/maintenance plan will continue throughout the year. Work on this asset data has improved County facility operation and maintenance by helping to identify underutilized facilities, as well as facilities most in need of deferred maintenance attention.

Public Works

General Government

- Completed and celebrated the construction of 4 East Bay Regional Park District Measure WW park projects with the unincorporated communities of Alamo, El Sobrante, San Pablo and one in the Iron Horse Corridor. The one remaining Measure WW project will be completed in 2018 upon receipt of utility service (PG&E power), anticipated in Spring 2018.
- Airport Safety: General aviation users have quality airport facilities and services to safely operate their aircraft. The goal is to prevent airport safety deviations which indicate a situation that is considered unusual from normal operations that could pose a safety threat. In 2017 there were zero safety deviations that were not aviation or pilot related. This is down from three (3) the previous year. This reduction can be attributed to the new security fencing, security signage, and video surveillance system installed in 2017. Staff will continue to evaluate and implement additional security features and protocols as appropriate.
- Fleet Services: Continuing demonstration project to evaluate a web based pool vehicle check out and reservation system in an effort to better utilize vehicles. Continue to purchase and put into service electric, compressed natural gas and hybrid vehicles in our effort to “green” our fleet and reduce greenhouse gas emissions.
- Emergency Response: The department responded to the emergencies created by three federally declared emergencies in January and February 2017. As part of the response the Department successfully cleared localized mudslides and flooding in various locations throughout the county. In addition the Department completed two large repair projects on Morgan Territory Road and Alhambra Valley Road with construction costs of approximately \$6 million dollars combined. We continue to work with FHWA and FEMA to receive reimbursement for a considerable portion of our costs. The Department also responded to isolated storm damage issues within our

County buildings, responding to flooding damage and repair work orders, keeping facilities operational for our fellow county departments and the public.

- Health Services: CCRMC and Clinic repairs: Our Department worked with Health Services to address issues identified by state inspectors in response to facility issues at the hospital and clinics throughout the County. Facilities Services staff worked to address a multitude of items in a relatively short period of time. Health Services received notice from by the Center of Medicare and Medicaid Services (CMS) that CCRMC successfully passed the CMS validation survey in January 2018.

Administrative and Program Goals

- **Recruitment/Retention and Succession Planning:** With the improved economy, increased requests from county departments for work and additional gas taxes (SB1), we are seeing more competition in attracting and retaining qualified staff in many classifications throughout the Department. We are looking at ways to better recruit, retain, and prepare staff to meet the Department’s goals and deliver our mission. We continue to review Department initiatives to include and improve work/life balance, employee morale and “fun in the workplace.” Staff workload has increased and we look to ways to improve the intangible benefits we can provide to increase retention for our staff. We will develop a training program that looks at Department needs and employees’ needs for professional development. We also anticipate a large number of senior level staff retirements in the next 2-7 years and succession planning is a priority to ensure we have staff ready to move into leadership positions. There are multiple challenges related to succession planning including our ability to hire qualified staff, train them, and provide appropriate levels of experience given workload demands and recruiting sufficiently to provide the experience level to succeed years of experience.

- **Clean Water (Municipal Regional Permit 2.0):** To comply with the Municipal Regional Permit related to stormwater regulations, the Department will be working with other County Departments and Public Works Divisions to determine how to fund and implement the permit requirements. Some highlight features of the permit include a Green Infrastructure Plan, Mercury and PCB clean-up requirements, and Trash Reduction requirements. We will be implementing a trash capture program on our drainage facilities and developing a green infrastructure plan for County facilities, roads and parks to comply with the permit requirements.
- **Stormwater/Flood Control Funding:** We continue to work closely with our Board of Supervisors, the California State Association of Counties, the County Engineers Association of California and the Bay Area Flood Protection Agencies on a funding mechanism for stormwater to resolve the historically-fixed revenue stream that is not adequate to perform maintenance on our facilities or the eventual replacement of our facilities. This past year the state successfully passed the SB 231 that is the first step in making stormwater a utility. Any stormwater utility will be challenged in court, so it is anticipated this will be a very slow process statewide to develop a reliable funding stream. Our Flood Control District is continuing with the Facility Condition Assessment of our drainage facilities. Once complete, this will allow us to better understand long term maintenance needs for these facilities and identify future needs in greater detail.
- **Cost Recovery:** There are several programs that are funded with restricted funds or through fees for services that need review. For example road encroachment permits are not 100% cost recovery and the Road Fund has to provide revenue to the program. Public Works and the Department of Conservation and Development contracted with a company to evaluate and update our fee schedule. As part of this effort, we are also looking at ways to improve fee collection and upgrade our joint billing system used by Public Works and Conservation and Development. Many of our Special Districts are underfunded for the level of service desired by the communities. We continue to work with our constituents and Board members to explain our funding constraints and define fiscally responsible levels of service that are acceptable to all.
- **Project Delivery Efficiency:** Efficient use of public funds to deliver projects is critical to delivering our capital program. We are mandated to comply with many laws and regulations that impact project delivery with regard to permitting and contracting. To measure the efficiency, we are looking at the way we capture our project delivery costs to make sure we are getting useful information that can help us make improvement decisions in the future.
- **Communication:** We will continue looking at better ways to communicate with staff, customers and the public in our work and during the service delivery process by challenging ourselves, using technology available and promoting open honest communications as cited in our Department Values. Communication in the Department is sometimes difficult with our large staff, multiple job sites and field personnel. We are looking at how we can ensure that all Public Works employees are informed of Department priorities, goals, issues and events. Given the breadth of our customer base, clear communication with our customers can also be challenging. By providing avenues to communicate with staff, customers, elected officials and the public and using various communication conduits such as social media, staff meetings, public meetings, written communication and technology our Department is committed to clear open communication. We will continue to pursue best management practices in communicating with all of our partners and customers.
- **Countywide Real Estate Asset Management Plan:** The County's building portfolio is substantial with hundreds of County owned and leased buildings. Over

Public Works

General Government

the last several years our Department has made considerable improvements in regards to overall asset management of these facilities. However, additional work is necessary to have all of the tools required to make strategic long term decisions for our facilities in the most efficient, sustainable and reliable manner. Public Works will work with the County Administrator's Office on a Capital Improvement Program and also develop an asset management dashboard to help guide the County in managing all County building assets.

- **Creating a Better Built Environment:** With the public wanting a more diverse transportation network, and the need to implement Climate Action Plan goals with County buildings and facilities, we need to review our services and funding sources to better serve the public's expectations. With the implementation of the new Municipal Regional Permit and a condition to develop a Green Infrastructure Plan, we will be looking at our infrastructure standards to determine how we can make infrastructure in Contra Costa more "green" and sustainable. We will work with County partners, including the Department of Conservation and Development and County Administrators Office to implement the Climate Action Plan (CAP) adopted by the Board of Supervisors in 2016.
- **Transportation and Building Infrastructure Funding:** Contra Costa County Public Works is responsible for our County's road network and our job continues to be difficult with the limited funding resources. This is a statewide problem and there has been a legislative effort in Sacramento to address it. Our role is to stay engaged and provide information to the policy makers on the condition of our roads

and the need for funding to adequately maintain a safe, efficient transportation network that serves vehicles, bicycles and pedestrians. Senate Bill 1 (SB1) provides additional funding to repair our failing roadway infrastructure but it is facing a recall effort which will have a devastating effect on our ability to maintain an aging road system. On the County building side, the County has allocated \$10 million a year for facility deferred maintenance work over the last 4 years. While this allocation is a good step in addressing the overall poor condition of the County building portfolio, it is not sufficient to address the \$300 million deferred maintenance needs of the buildings. Our Department will be working with the County Administrators Office to focus on an asset management and capital improvement program. Sufficient funding to operate and maintain our County buildings will be a challenge for our Department in 2018.

- **Traffic Safety:** The Department is looking at ways of reducing fatal and major injury collisions on unincorporated County roads. There had been a steady decline during the recent economic recession with less people driving. However, with the economy improving, we have seen an increase in vehicle fatalities and major collisions. The Department is putting together an action plan that uses the 4 E's as guidance: Engineering, Enforcement, Education, and Emergency Response. We are looking at collision data for hot-spots and systemic issues on our transportation network and determining which approach would best help reduce collisions.

Department Description

This table represents information in aggregate format summarizing expenditures, revenues, and net County costs for three divisions.

Included is data for the following divisions:
Treasurer, Tax Collection and Business Licenses.

Treasurer –Tax Collector

General Government

Major Department Responsibilities

The Treasurer-Tax Collector's Office is responsible for providing financial services to County departments, Schools and Special Districts; to safe keep all funds entrusted to the Office and make available such funds when needed; to earn a fair return on funds not immediately needed by the participants in the County's investment pool; to efficiently and accurately collect taxes and other debts owed to the County, Schools and Special Districts; and to apply all applicable laws equitably and consistently to all taxpayers.

Treasurer

Description: Provides for the safekeeping of funds for the County, 18 School Districts, a Community College District, a Board of Education, and 21 Voluntary Special Districts. Administers a comprehensive investment program for the County and districts to ensure the safety of principle, meet liquidity needs, and maximize yield on investments. Manages the County's cash flow and short-term borrowings and is an active participant in all long and short-term borrowings for County agencies, School Districts and the Community College District. As of January 31, 2018, the Treasury managed over \$3.79 billion in its investment pool.

CAO’s Recommendation

Baseline Budget

The baseline net County cost decreased by \$180,000 from the FY 2017-18 Adjusted Budget. The decrease of appropriations reflects the elimination of restricted prior year fund balance and Venture Capital money received in FY 2017-18. These appropriations are considered one-time in nature and are removed from the baseline for budget development.

Salary and benefits costs increased by \$81,342 and are mainly due to increases in negotiated Cost-of-Living-Adjustments, retirement benefits, and workers compensation. Other operating costs increased by \$38,543 mainly due to an increase of interdepartmental charges for data processing services.

Revenues are estimated to increase by \$119,885 mainly due to an increase to investment service fees.

Recommended Budget

The recommended net County cost of \$2,403,000 will provide the funding necessary to maintain mandated services in FY 2018-19.

Performance Measurement

The Treasurer-Tax Collector's Office issued 371,191 Secured and 43,433 Unsecured tax bills through February 16, 2018. Collections through February 16, 2018 were 66.20% of secured taxes and 97.26% of unsecured taxes, which is 6.23% and 0.14% greater than the same timeframe last year respectively. The collaboration with the California Franchise Tax Board Personal Income Tax Intercept program resulted in \$76,308.88 of tax revenues that otherwise may have been uncollectible. The department completed \$53.5 billion in banking transactions, processed \$7.5 billion deposits and funded \$7.11 billion warrants during the FY 2016-2017. Despite another volatile year for the financial markets, the Treasurer received affirmation for its rating of AAf/S1+ which is assigned for the highest level of credit quality and lowest level of volatility of securities in the Treasurer's Investment Pool.

The Treasurer-Tax Collector's efforts to promote paperless billing and online payment processing continues to exceed the prior years' adoption levels. With minimal advertising, there were 105,037 electronic transactions resulting in more than \$423 million in property tax payments for FY 2016-2017. Through February 20, 2018 there were 83,365 transactions for over \$377 million which is a 31.3% increase in transactions and nearly \$123 million in property tax revenues from the same period ending on February 20, 2017. The Electronic Billing service subscriptions increased by 2,296 subscribers from the same time last year resulting in approximately \$6,000 savings from not having to generate and mail paper tax bills. The Electronic Reminder service sends an email reminder two weeks before each delinquent date on secured bills and serves 20,449 subscribers or 5.5% of all secured tax bills contributing to more timely payments of property taxes. The Treasurer-Tax Collector's office, in collaboration with the Department of Information Technology is in the process of replacing aged web servers that the public accesses for electronic property tax payments as well as a variety of information regarding secured and unsecured property taxes. Implementation is scheduled for early March 2018 and will increase performance and reliability for the Treasurer-Tax Collector's website and property tax payment portal.

Although Contra Costa County exceeds the State average proportion of property taxes paid, defaulted property taxes still tend to run about 1% of the secured tax roll. There has been a significant decrease in defaulted taxes since FY 2011-2012. The Treasurer-Tax Collector has increased the public's awareness of their defaulted taxes through proactive measures in the early years of default. Nonetheless, many properties do reach the statutory timeframe for default and become eligible for sale of the property at public auction. Prior to FY 2013-2014, the Tax Collector held public auctions in person which would result in the sale of only a few parcels at best. In July 2013, the Tax Collector contracted with an online auction company and has held eight online auctions resulting in 139 parcels sold generating nearly

Treasurer –Tax Collector

General Government

\$3.7 million in revenues that may have been otherwise uncollected. The Treasurer-Tax Collector's office will issue a Request for Proposal in the near future to retain the current vendor or move to a more cost effective vendor for online auctions of tax defaulted properties.

The Treasurer-Tax Collector's office has implemented a software application for the development of Standard Operating Procedures (SOP) detailing job tasks and duties. While the SOP will be a dynamic application, evolving as job tasks and duties change, it will also serve as a useful tool for the onboarding of new employees as well as a valuable reference for administrative staff. Included in job tasks and duties of the Treasurer-Tax Collector's staff, annual training for effective customer service and ergonomics is required of all staff. Quarterly, staff participates in Cardiopulmonary Resuscitation (CPR) and Automated External Defibrillator (AED) training as well as emergency evacuation training when scheduled by the Building Warden.

Administrative and Program Goals

Carry out the mission of the Treasurer-Tax Collector, which is to administer all of its duties and responsibilities in a professional, efficient and cost-effective way that instills sound management practices and serves the best interests of the public.

Improve client and taxpayer service through in-house staff training and improved/enhanced tax collections and treasury programs.

Explore cost saving and cost recovery opportunities in the operation and the delivery of service.

Review vendor software and services and explore/determine need for enhancement and/or replacement.

Child Support Services

Health and Human Services

Department Description

As the Contra Costa County agency responsible for establishing, collecting, and distributing child and medical support for minors, the Department of Child Support Services (DCSS) is an important part of California's effort to nurture and protect children and to help them and their families achieve self-sufficiency.

Major Department Responsibilities

The Child Support Enforcement Program is authorized under Title IV-D of the Social Security Act to provide services assisting parents to meet their mutual obligation to support their children.

No-cost services to Contra Costa County residents with physical custody of a minor child include:

- Locating non-custodial parents,
- Establishing court orders for paternity, child, and medical support,
- Enforcing court orders for child, family, and medical support,
- Collecting and distributing support payments,
- Maintaining accounts of payments paid and payment due, and
- Modifying court orders when appropriate.

Operations are controlled by the regulations of the State Department of Child Support Services.

CAO's Recommendation

FY 2018-19 Baseline Budget appropriations increased from the FY 2017-18 Budget primarily due to increased Salaries and Benefits expenses related to cost-of-living adjustments and merit step increases. With FY 2018-19 revenues expected to remain flat, expenditure reductions are necessary to offset the increases. The necessary reductions will be met by cancelling four long-time vacant positions in baseline, decreasing the budgeted amount for temporary employees, and decreasing maintenance and equipment expenditures due to a new phone system installed this year. In addition, the department will cancel the contract for the on-site Family Law Facilitator. This was a pilot program to provide the convenience of a Family Law Facilitator in the lobby of the department. With changes at the Superior Court, documents now must be filed at the courthouse. The Superior Court will continue to provide Family Law Facilitators at the courthouse.

Historically, the department has maintained 24 vacant positions to expedite the hiring process when there was an expected vacancy. The expense associated with the positions were decreased from the department's budget annually. In order to accurately represent the department's staffing needs, these vacant positions will be deleted, and the FTE change is shown at the Baseline level.

The Recommended Budget makes no changes to FY 2018-19 Baseline. DCSS recently hired eleven employees. The new staffing level is expected to maintain current service levels.

Child Support Services Health and Human Services

Performance Measurements

Federal Performance Measurements:

The effectiveness of the Department of Child Support Services (DCSS) is evaluated by measurements in five critical areas:

1. Child Support Orders

Status of FY 2017 Goals: Achieved 95.5% of cases with a child support order, an increase of .4% over last year.

With a focus on establishing child support orders that are fair, accurate, and consistent with a parent's ability to pay, the overall percentage of cases with support orders reached an all-time high.

2. Current Child Support Collections

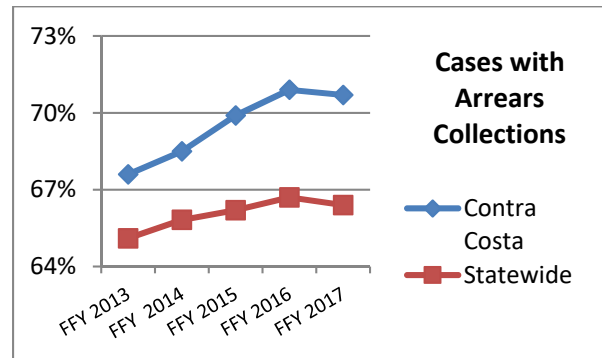

Status of FY 2017 Goals: Achieved 71.8% of cases with current support collected, an increase of 0.3% over last year.

3. Arrears Collections

Status of FY 2017 Goals: Achieved 70.7% of cases with arrearage collections, a slight decrease of 0.3% from last year's performance.

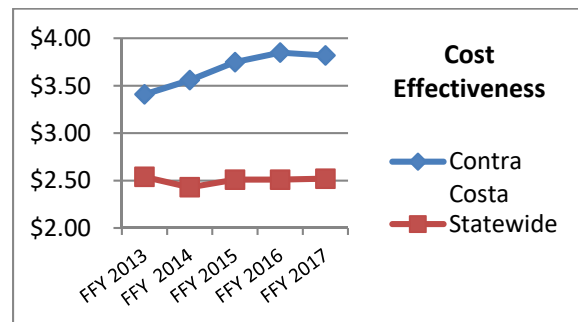

DCSS is focused on engaging parents with delinquent accounts to make child support payments. The statewide average of cases paying on arrears is 66.4%. DCSS has consistently maintained participation above the statewide average.

4. Operational Cost-effectiveness

Status of FY 2017 Goals: Achieved \$3.82 in cost effectiveness, a slight decrease of \$0.03 compared to last year.

The cost effectiveness of a program may be measured by how much money is collected for each dollar spent on Child Support operations. In FFY 2017, the California State average was \$2.52 collected for each dollar expended. Contra Costa DCSS is 51.5% more effective than the State average, collecting \$3.82 for each dollar spent on operations.

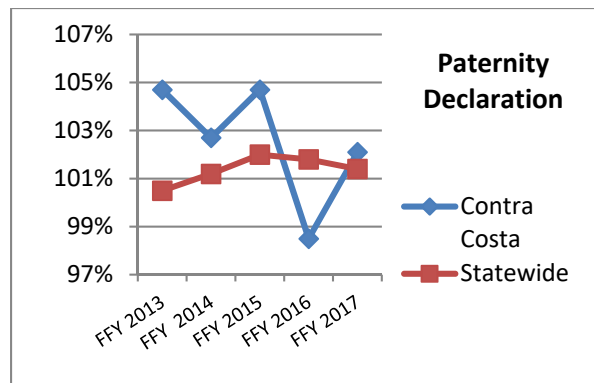

Child Support Services

Health and Human Services

5. Statewide Paternity Establishment Percentage (PEP)

Status of FY 2017 Goals: Achieved 102.1% in Statewide PEP.

Paternity is the establishment of fatherhood for a child, either by court determination, administrative process or voluntary acknowledgement. Statewide PEP is calculated as the total number of children born out of wedlock for which paternity was acknowledged or established in the current federal fiscal year, compared to the total number of children in the state born out of wedlock during the preceding calendar year, expressed as a percentage.

Achieve Local Level Performance Goals

Contra Costa County Department of Child Support Services have developed the following local performance goals for FFY 2018:

1. Increase distributed collections by 2% and achieve at least \$3.85 in cost effectiveness;
2. Increase the percentage of current support collected to 72.5%;
3. Increase percentage of cases with arrearages collection to 71.5%;
4. Increase the percentage of cases with child support orders to 96%; and
5. Maintain statewide PEP at 100% or above

Administrative and Program Goals

Achieve Federal Performance Measurements levels established by the State Department of Child Support Services by:

1. Establishing paternity,
2. Increasing the number of cases with established child support orders,
3. Increasing collections on current child support,
4. Increasing collections on cases with arrears, and
5. Improving cost effectiveness.

Special Note to the Reader

Federal, state and state-funded local revenues finance over 95% of the Employment and Human Services Department (EHSD) programs. These revenues come to the County as program-specific allocations from the State, which are determined by the State Legislature. Because EHSD does not currently have the allocations for FY 2018-19, the Department has included revenue based on the Governor’s FY 2018-19 Proposed Budget and historical allocation information. Given the need to analyze the impact of changes in the FY 2018-19 State budget, the Department has used the best information currently available to project its revenue. Should the funding picture change, the Department will return to the Board with information and seek appropriate adjustments to appropriations.

Major Department Responsibilities

The Employment and Human Services Department, in partnership with the community, provides services that support and protect families, individuals, and children in need, and promotes personal responsibility, independence, and self-sufficiency.

Employment and Human Services is the second largest Department in Contra Costa County. It brings together under a single administrative umbrella: Aging and Adult Services, Children and Family Services, Community Services, Workforce Services, Workforce Development Board, and Contra Costa Alliance to End Abuse (formerly Zero Tolerance for Domestic Violence).

The Department provides more than 60 programs which serve over 200,000 citizens in need of basic protection or support services each year. The majority of the services the Department provides are to children and families; the elderly; persons with certain disabilities; those who are eligible for financial, medical, or food assistance; and to persons who are attempting to enter or move up in the workforce.

The Department offers its programs at over 39 locations throughout the county. Approximately 95% of the Department's program funding comes from federal, state and state-funded local revenue sources. The remaining 5% is the net County cost funded with County General Fund. The majority of the 5% county general fund is required as matching funds per federal and state laws for many of the Department's programs.

The Department is continually seeking new ways to improve the coordination of its client services and to maximize non-county fund sources.

Employment and Human Services

Health and Human Services

Description: The primary responsibility of Children & Family Services is intervention to assure the safety of children and prevent further abuse and/or neglect. Once safe, ongoing services are provided to reunify the child with the family and/or find a permanent, supportive living environment that promotes the well-being of the child and supports permanency and lifelong connections.

The Children and Family Services Bureau is also responsible for administration of recruitment, approval and financial support for placement homes when children cannot remain in the family home. Programs, practice and strategy locate safe, stable environments for children and promote stability and lifelong connections. For these programs, the budget includes Adoption and Foster Care Administration and Adoption Foster Care Payments.

Some funds are specifically designated for child abuse prevention. Decisions regarding use of these funds are made in collaboration with the state Office of Child Abuse Prevention (OCAP). Services are generally provided through contracts with Community Based Organizations. The array of services, funded under Child Abuse Prevention and Family Preservation programs, include services such as parenting classes, substance abuse treatment programs, addressing domestic violence issues and providing after school programs for children and youth.

The FY 2018-19 Recommended Budget includes an overall increase of approximately \$11.8 million compared to FY 2017-18 for additional staff, services and supplies, contracted services and direct assistance.

The FY 2018-19 Recommended Budget over the Baseline Budget includes the addition of 32 positions in Children and Family Services to respond more timely to reports of abuse and to be fully compliant with state mandates.

1. Child Welfare Services

Description: The core child welfare services programs are described below. These programs support safety, permanency in living environment and well-being of children.

Service delivery for these programs includes 24/7 response and coverage for addressing reports of abuse and neglect; development and oversight of service plans for parents seeking reunification and/or continued care of their children; case management for families as issues impeding safety and well-being of children are being resolved; monthly visits that assure ongoing safety and well-being of children; enhanced family engagement that provides oversight and support for parents in meeting case plan objectives; and initial and ongoing reports to the Juvenile Court regarding parent's and children's progress.

Under the umbrella of funding for Child Welfare Services, various strategies and models support the family and/or Resource Home in resolving issues of concern and in nurturing children. Many of these are provided in collaboration with other county agencies and/or community based organizations. These include: Assessing and addressing children's health needs including behavioral and mental health; Supporting families in addressing requirements for reunification; Services to extended families who are resource families when children have been removed from their primary home; and Intervention and services for children who are victims of commercial sexual exploitation.

In FY 2016-17, there were approximately 1,950 children who, along with their families, received intervention services from Children & Family Services under one or more service components. Statistics of number of children served in individual service components are provided below.

- a. **Emergency Response** - Emergency Response (ER) provides 24-hour, 365 days per year response to allegations of child abuse and neglect. Social Workers assess and determine the level of response. Assessments of potential safety risk to children are investigated and interventions

Employment and Human Services Health and Human Services

are initiated as deemed necessary. In FY 2016-17, there were approximately 36,000 calls to the Child Abuse Hotline resulting in approximately 7,300 referrals of suspected abuse. Approximately half of those required further investigation to assure the safety of children resulting in approximately 540 new cases opened.

- b. Family Maintenance** - Family Maintenance (FM) Services are provided to maintain children in their homes while risk of abuse and neglect are addressed and issues that brought the family to the attention of Child Welfare services are addressed. In FY 2016-17, there were approximately 550 children who received Family Maintenance services for periods up to 12 months. The average monthly count of children served in Family Maintenance was 200.
- c. Family Reunification** - When a child is removed from a parent's care due to abuse or neglect, Family Reunification (FR) services are provided to remedy the conditions that led to the removal. The family is engaged and a reunification plan is developed to resolve those issues. In FY 2016-17, there were approximately 1,025 children who received Family Reunification services for up to one year. The average monthly count of children served in the Family Reunification programs was 425.
- d. Permanency Planning** – When reunification is not feasible, Permanency Planning (PP) services assist children in establishing a permanent family with a relative caregiver; an adoptive family or guardian and provides ongoing services until permanency is achieved. In FY 2016-17, approximately 929 children in out-of-home care received ongoing permanency planning services. The average monthly count of children served was 600.
- e. Extended Foster Care (Supported Transition)** – Foster youth ages 18-21 years old can choose to be served through extended foster care. These young adults, referred to as Non-minor Dependents (NMDs) are provided transition planning support, case management and foster care

placement until age 21. The Juvenile Court continues court oversight of these cases. In FY 2016-17, there were approximately 308 youth receiving services under Extended Foster Care program. The average monthly count of youth served was 150.

Adoption/Foster Care Administration

Description: These budget categories provide costs for administration of recruitment, retention and support for stable, safe homes for children who are no longer residing in their family homes.

2. Adoption Services

Description: The County's adoption agency exclusively provides services for abused and neglected children when the child is unable to return to the care of their parent. The agency looks to find families that can best meet the specific needs of these children. The agency also provides post adoption support services to the families and children. In FY 2016-17, approximately 145 children had Adoptions finalized.

4. Resource Family Home Approval (formerly Foster Home Licensing)

Description: The County administers the approval of Resource Family Homes (foster and relative placement homes) in Contra Costa County under a Memorandum of Understanding with the California Department of Social Services. This program processes applications and provides support services to approved Resource Family Homes. With the implementation of Continuum of Care Reform in 2017, changes in policy and procedure include the streamlining of the approval for all types of Resource Family Homes (Kin/Relative Placement, Licensed Foster Home, Guardianship, and Adoption). In FY 2016-17, a monthly average of approximately 1,025 children resided in various types of out of home care family homes or facilities that required approval, review and ongoing support. An average of 170 new placements are approved each month.

6. Foster Care and other Out of Home Care Payments

Description: This funding stream provides monthly financial compensation to Resource Family Homes and other placement facilities for children in their care.

- a. County Board and Care** – County Board and Care (CBC) provides for children not eligible for federal or state foster care. In FY 2016-17, funding from County Board and Care was paid for approximately 20 children.
- b. Kin Guardianship Assistance Payment Program** – Kin Guardianship Assistance Payment (Kin-GAP) program provides payments to relative caregivers who have established a guardianship through the Juvenile Dependency Court. In 2015, the definition of “relative” was expanded to include certain eligible non-related extended family. In addition, the Kinship/Foster Care Emergency Fund removes barriers that may impede successful placements in foster family homes or with caregivers who are

relatives. The Kinship Guardianship Assistance (Kin-GAP) program enhances family preservation and stability by recognizing many foster children are in long-term, stable placements with relatives. In FY 2016-17, approximately 320 families per month received funding for related children in their care through the Kin-GAP program.

- c. Foster Care Payments** - A federal, state, and county funded program that provides payment for the care of foster children who are legal dependents of the County. These payments are for children residing in all levels of foster care including residential treatment, relative or non-relative foster care or Foster Family Agency homes. In FY 2016-17, approximately 831 children per month received foster care funding and approximately 120 children per month were approved for emergency foster care funding for new foster care placements.
- d. Approved Relative Caregiver Funding Option** – The Approved Relative Caregiver Funding Option provides funding equal to the basic foster care rate to an approved relative caregiver with whom a non-federally eligible child is placed. In FY 2016-17, an average of 3 children per month received ARC funding.

Additional Child Welfare and Supportive Services

These funds specifically support Child Abuse prevention and early intervention as well as support for youth transitioning out of Foster Care.

7. Child Abuse Prevention, Intervention, and Treatment Contracts

Description: State and Federal funds provide allocations for prevention, early intervention, intervention and/or treatment of child abuse and neglect. Priorities and coordination and maintenance of contracts with Community Based Organizations are managed by the Family and Children's Trust committee (FACT). Services include education services for pregnant and parenting teens, substance abuse counseling, education programs advocacy, consultation and outreach for special need youth, multi-lingual support groups for new refugees and immigrants. Eight CBO providers offered a variety of services to children, youth and families under approved programs for Child Abuse prevention, intervention and treatment.

8. Family Preservation Program Promoting Safe and Stable Families (PSSF)

Description: Promoting Safe and Stable Families supports coordinated child and family services to prevent the unnecessary separation of children from their families, to improve the quality of care and services to children and their families and ensure permanency for children. The Promoting Safe and Stable Families program was established under the federal Omnibus Budget Reconciliation Act of 1993 (now the Adoption and Safe Families Act). Promoting Safe and Stable Families has four components; expenditures must be balanced between these four components: Family Preservation, Community-based family support, Time-limited family reunification and Adoption promotion and support.

Contracts with seven CBO's provided services to children, youth and families under approved programs that meet the PSSF criteria; PSSF funded programs include information and referral, crisis intervention, case management, family support, parenting groups, after school and summer activities for youth, employment training, community development and teen services.

Employment and Human Services

Health and Human Services

Description: The Aging and Adult Services Bureau (AAS) provides protective and supportive services to disabled adults and seniors, including In-Home Supportive Services (IHSS); Adult Protective Services (APS); Area Agency on Aging (AAA) services; General Assistance (GA); Senior Community Services Employment Program (SCSEP), and other supportive services. This Bureau also manages the Volunteer and Emergency Services Program.

The FY 2018-19 Recommended Budget includes an overall increase of \$6,429,149 million compared to FY 2017-18 for salaries and benefits increases due to additional positions, increased In-Home Supportive Services provider costs, and increased direct assistance.

The FY 2018-19 Recommended Budget compared to the Baseline includes additional Adult Protective Services positions supported by increased revenues in that program and a reduction in IHSS positions due to decreased program revenues.

1. Adult Protective Services

Description: Adult Protective Services (APS) receives, screens and investigates reports of physical, emotional or sexual abuse, financial or material exploitation, neglect, isolation or abandonment of individuals 65+ and dependent adults age 18 or over who are unable to protect their own interests, have been harmed or are threatened with harm. APS includes County Services Block Grant (CSBG) funding that supports the Supplemental Security Income (SSI) Advocacy. APS includes grants from the Office of Emergency Services that will allow for the provision of additional services in preventing elder financial abuse, adding an elder death protocol review, and a multidisciplinary team. In FY 2016-17, APS received over 3,500 calls, a 9% increase from the previous year.

a. Supplemental Security Income Advocacy

Description: The SSI Advocacy program assists disabled individuals to apply for Supplemental Security Income/State Supplemental Program (SSI/SSP) public assistance benefits from the Social Security

Administration. This program serves CalWORKs, GA, and Cash Assistance Payments for Immigrant (CAPI) recipients who have been identified as possessing permanent, long-term mental, physical and/or learning disabilities rendering them inappropriate for long-term, gainful employment. In FY 2016-17, there were 282 SSI applications and an average monthly caseload of 217 individuals.

b. Cal-OES Grant

Description: California Office of Emergency Services provided two grants to improve elder abuse prevention and intervention services within our Adult Protective Services Program. Partner agencies have networked to provide community based case management and participate in the newly formed Multi-Disciplinary Team Meetings, Financial Abuse Strike Team and the Elder Death Review. The two grants are funded for a total of four years each.

c. Whole Person Care

Description: Whole Person Care (WPC) is a statewide waiver pilot program for vulnerable Medi-Cal recipients to improve health outcomes and reduce utilization of high-cost services. Contra Costa County Health Services is one of 19 counties participating in the program. The WPC, called CommunityConnect in Contra Costa County, strives to provide client-centered social services coordination and benefit counseling/assistance to high-risk Medi-Cal patients. EHSD has entered into an Interagency Agreement with Health Services to co-locate Social Work Staff (17 total) within the pilot to provide coordinated health care from a social services perspective.

2. Area Agency on Aging

Description: The Area Agency on Aging (AAA) supports senior independence and access to community-based services through service contracts and direct staff involvement. Planning and advocacy services are provided for County residents age 60 and over.

a. Health Insurance Counseling and Advocacy Program – Health Insurance Counseling and Advocacy Program (HICAP) provides Medicare related health insurance counseling and community education services to seniors and adults with disabilities through a corps of trained volunteers. In FY 2016-17, approximately 7,650 were reached through counseling, outreach, and other informational sessions.

b. Information and Assistance – Information and Assistance (I&A) provides objective information and counseling to help seniors and caregivers locate appropriate resources. The program assisted approximately 8,200 callers during FY 2016-2017. The top ten needs were: housing (33% of calls), home care (16% of calls), insurance (15% of calls), abuse/neglect/crime (8% of calls), legal (7% of calls), health/medical (6% of calls), case management (5% of calls), mental health (4% of calls), transportation (3% of calls), and financial/tax support (3% of calls).

c. Older Americans Act Grants for Community Programs on Aging – Older Americans Act and Older Californians Act provides grants for Community Programs on Aging. These grants provide information and assistance, supportive social services, congregate meals, home delivered meals, family caregiver support, and elder abuse prevention services to seniors. The Supplemental Nutrition Assistance Program (SNAP)-Education grant was awarded with the goal of improving the likelihood that persons eligible for SNAP will make healthy choices within a limited budget and choose active lifestyles consistent with the current Dietary Guidelines for Americans and MyPlate. AAA has 16 grants for services ranging from senior nutrition (Meals on Wheels), friendly visiting, caregiving, adult day health care and transportation. AAA also works with approximately 2,200 volunteers to provide support to seniors.

d. Tax Aid Program Materials – AAA provides space and materials for AARP Tax Aid program. This partnership provides free assistance to low and moderate income households to file tax returns and claim eligible deductions. FY 2016-17, over 200 volunteers prepared approximately 6,000 free tax returns for seniors in Contra Costa County.

Employment and Human Services

Health and Human Services

Description: The Workforce Services Bureau (WFS) provides financial support and services to low-income individuals, including supportive services, necessary for heads of families and single adults to obtain and retain employment.

The FY 2018-19 Recommended Budget reflects a decrease of \$2,470,660 compared to FY 2017-18. The reduction is due to declining CalWORKs and CalFresh caseloads, reduced funding and unfunded cost of doing business increases.

The change from the FY 2018-19 Baseline Budget to the Recommended Budget includes the cancellation of 72.6 FTE from the CalWORKS, CalFresh, and Medi-Cal programs.

Due to declining caseloads, less training classes are necessary. Therefore, thirty-two unfunded vacant training positions are being cancelled. There will be no change in service level due to the cancellation of these positions.

The FY 2018-19 Recommended Budget includes an operational vacancy factor of 3.9% which equates to 78 positions and another 1.5% for 40 Eligibility Worker Training Unit positions.

1. CalWORKs Programs

Description: The California Work Opportunity and Responsibility to Kids (CalWORKs) Program implements the Federal Temporary Assistance to Needy Families (TANF) program.

a. CalWORKs Eligibility - Provides eligibility determination for CalWORKs cash aid, supportive services, and includes ongoing case management. In FY 2016-17 there were 9,380 applications received, a 3% decrease from the prior year. There was a decrease in caseload during this same period. This program component also includes funding for staff development and welfare fraud investigation.

7. Service Integration Team / SparkPoint

Description:

a. SIT: Social Service Program Assistants (SSPA) continue to provide intensive case management to eligible families, averaging 16 families assisted annually, using an assessment tool (FAR) to determine the client's employment needs and any barriers. SSPAs co-locate 1/5 of their workweek at the One Stop Career Center in West Contra Costa County. They have assisted in educating 40% of their San Pablo families on job opportunities by familiarizing clients with the employment/training resources provided at the San Pablo One Stop. Via our continual collaboration with the nonprofit Diablo Women's League, we helped to provide 120 families with additional food supplies throughout the year.

For economic-related programs, the North Richmond Service Integration Team (SIT) provided fax, typing and other business related services on site to 375 individuals. The SIT SSPAs continue to complete the entire County's CalFresh certifications for cases transitioning off CalWORKs due to obtaining employment.

SIT continues to be the beacon for assisting Welfare-to-Work participants through the CCWORKS program. Last year 12 participants earned wages to terminate their CalWORKs grant. Over 50% of the participants took their training from their SIT employment and went on to secure continuous employment.

b. SparkPoint: SparkPoint Contra Costa provides a partnership of public and private community based organizations to provide more integrated services for clients through a continuum of care from public benefits to SparkPoint financial services to workforce development to resource giveaways (e.g. turkeys, bikes, toys, clothing, etc.) In the past year, 65% of SparkPoint clients were

using public benefits (Medi-Cal, SSI/SSDI, WIC, CalWORKs, etc.).

Over the past six years, approximately 975 individuals per year entered SparkPoint Contra Costa. SparkPoint services move people toward self-sufficiency goals measured by four components: income of \$63,027 for a family of four with two school-age children, no revolving debt, a credit score of 700 or above, and/or three months liquid savings. 32% of SparkPoint clients achieved at least one of the four components of financial stability in the past year. In the past year, SparkPoint clients looking for employment were placed in jobs, earning an average of \$16.09 well above minimum wage.

Employment and Human Services *Health and Human Services*

Description: In 2013, Contra Costa County Employment and Human Services Department entered into a contractual agreement with the State of California to run the only county-operated statewide Call Center which provides healthcare enrollment services under the Affordable Care Act to California residents.

The Contra Costa County Covered California Call Center (also known as 7C's) launched the third open enrollment services on October 1, 2015. From October 1, 2015 through February 2016, the 7C's handled approximately 142,140 calls based on data provided by Covered California. From January 1, 2016 through November 30, 2016, 276,581 calls were handled based on data provided by Covered California. Contra Costa County's contract with Covered California to run this call center ended on December 31, 2016. No calls were taken after November 30, 2016, and all positions were eliminated.

Description: The Workforce Development Board (WDB) is a 25-member, business-led body whose members are appointed by the Contra Costa County Board of Supervisors to shape and strengthen local and regional workforce development efforts. The WDB brings together leaders from business, economic

development, education, labor, community-based organizations, and public agencies to align a variety of resources and organizations to enhance the competitiveness of the local workforce and support economic vitality in our region.

Employment and Human Services

Health and Human Services

The WDB promotes a workforce development system that meets the needs of businesses, job seekers, and workers, to support a strong and vibrant economy in Contra Costa County

The FY 2018-19 Recommended Budget compared to FY 2017-18 is reduced by \$1,124,788. This reflects lower revenue allocations and lower prior year carryover funds.

The change from the Baseline Budget to the Recommended Budget includes the addition of two positions along with the contracting out of One Stop Services. The One Stop Operations will no longer be operated by EHSD staff.

1. Workforce Innovation & Opportunity Act (WIOA)

Description: The Workforce Innovation and Opportunity Act (WIOA) of 2014 supersedes the Workforce Investment Act of 1998 and amends the Adult Education and Family Literacy Act, the Wagner-Peyser Act, and the Rehabilitation Act of 1973.

WIOA is designed to help job seekers access employment, education, training, and support services to succeed in the labor market and to match employers with the skilled workers they need to compete in the global economy.

WIOA brings together, in strategic coordination, the core programs of Federal investment in skill development:

- Employment and training services for adults, dislocated workers, and youth and Wagner-Peyser employment services administered by the Department of Labor through formula grants to states; and
- Adult education and literacy programs and Vocational Rehabilitation state grant programs that assist individuals with disabilities in obtaining employment administered by the Department of Education

WIOA's three hallmarks of excellence:

- The needs of businesses and workers drive workforce solutions and local

boards are accountable to communities in which they are located.

- American Job Centers provide excellent customer service to jobseekers and employers and focus on continuous improvement.
- The workforce system supports strong regional economies and plays an active role in community and workforce development.

Programs overseen by the WDB serve more than 18,500 individuals and 1,000 businesses annually. The Workforce Development Board staff includes additional direct service staff working in four EASTBAY Works America Job Centers of California.

The WDB currently operates four America's Job Centers of California through Contra Costa County in San Pablo, Concord, Antioch, and Brentwood. The WDB administers and coordinates the following:

- Adult Program** - Through the local network of EASTBAY Works America Job Center of California (AJCC) sites, this program provided basic and individualized career services to over 18,500 people in FY 2016-17. Basic career services are universally accessible and must be made available to all individuals seeking employment and training services in at least one comprehensive AJCC per local area. Basic Career Services include: initial skill assessment, labor exchange services, provision of information on programs and program referrals, and eligibility determination. Individualized Career Services include specialized assessments, developing an individual employment plan, career counselling, job search and placement assistance, and may include Training Services and Supportive Services. Training Services may include: career technical education, on-the-job training, and other training programs that combine work-based learning with related instructional activities and services. Supportive Services may include: child care assistance, transportation assistance, educational books/supplies, work related needs, cost of industry recognized certifications, etc.

Health and Human Services

b. Dislocated Worker Program - Provides the same services as the Adult Program except that Dislocated Worker funding may only be used for recently unemployed participants identified as eligible “dislocated workers” as defined in Federal and State regulations. Approximately 285 individuals were served through the program in FY 2016-17. Rapid Response funding augments this program by providing outplacement services to individuals being displaced from employment due to a layoff or business closure.

c. Youth Program - Provides services for low-income youth and young adults between the ages of 14-24 years old (in-school and out-of-school) beginning with career exploration and guidance, continued support for educational attainment, opportunities for skills training in in-demand industries and occupations, and culminating with a good job along a career pathway or enrollment in post-secondary education. Approximately 399 youth participated in FY 2016-17. Services include paid and unpaid work experience, occupational skills training, tutoring, study skills training, alternative secondary school services, mentoring and comprehensive guidance, career training, and counseling. WIOA requires a minimum of 75% of State and Local youth funding be used for out-of-school youth and 20% must be used for work based learning opportunities.

d. Grant-Funded Programs – The WDB administers grant-funded programs of varying duration and scope. Grant funds are often WIOA funds obtained through competitive processes, but may include other federal, state, local, and private sources as well. Currently the WDB administers AB109 and AB2060 (Forward Focus), totaling \$600,000 in funding to work with the reentry population. WBD also received SlingShot/Accelerator funding (\$134,000) to support regional partnerships in identified priority sectors, and Contra Costa is the lead WDB receiving funding (\$286,000) to support the development of the East Bay Regional Planning Unit as

designated under the California Workforce Development Board.

Employment and Human Services

Health and Human Services

Description: Community Services Bureau (CSB) has provided services to Contra Costa County residents since 1965. As the Community Action designee for Contra Costa County, CSB offers comprehensive Head Start and state funded childcare programs for families and children, ages 0-5; energy assistance and weatherization and CalWORKs childcare vouchers for welfare-to-work recipients. CSB has partnerships with dozens of non-profit community organizations that provide an array of family services. CSB utilizes a comprehensive approach to childcare, providing high quality educational care to children and their families, physical health, nutritional, mental health, disabilities and school readiness services to the families.

The FY 2018-19 Baseline Budget reflects a net increase in operating expenses of \$1,432,378 from the FY 2017-18 Budget. Baseline revenues are projected to increase by \$1,612,378 from the current year's funding level due to additional Early Head Start grant funding over a 4-year period.

No adjustment from Baseline to Recommended Budget for FY 2018-19 is required.

Early Care and Education Programs

1. Head Start

Description: Head Start provides part-day and full-day educational and comprehensive services to 1,351 income-eligible children three to five years old and their families. Approximately \$5.9 million in Head Start revenue is transferred to the Child Development Fund to support staff costs for services provided to 577 children in full-day childcare. Head Start revenue also funds enhancement services to three partnering childcare agencies and home visitation services to 12 children and their families.

Anti-Poverty Programs

5. Community Action Programs

Description: Community Action Programs (CAP) provides assistance to low-income families and individuals to remove obstacles and solve problems that block the achievement of self-sufficiency. Utilizing Federal Community Services Block Grants (CSBG) and other local funds, the program supports activities that can achieve measurable outcomes in educational capability, literacy skills, housing attainment, income enhancement, disaster preparedness, and nutritional needs. The program is also used to support the developmental needs of at-risk youth in low-income communities. The CAP's advisory body, the Economic Opportunity Council (EOC) has declared the follow priority areas for ameliorating poverty in Contra Costa County: Housing/Shelter, Food/Nutrition, Employment/Job Training, and Comprehensive Health Services. CSB operates an in-house job-training program funded by CSBG and subcontracts with 10 community-based agencies to support work in these priority areas.

Description: The Contra Costa Alliance to End Abuse (formerly the Zero Tolerance for Domestic Violence initiative), founded by the Board of Supervisors in 2001, works to reduce interpersonal violence (domestic violence, sexual assault, elder abuse, child abuse, and human trafficking) by linking the County and the community, aligning policies, practices and protocols and fostering the development and implementation of collaborative, coordinated, integrated services, interventions and prevention activities. The initiative supports three of Contra Costa's community outcomes: "Children and

Youth are Healthy and Preparing for Productive Adulthood", "Families that are Safe, Stable and Nurturing" and "Communities that are Safe and Provide a High Quality of Life".

The FY 2018-19 Baseline Budget increased in both expenditures and revenues compared to the FY 2017-18 budget.

No adjustment from Baseline to Recommended Budget for FY 2018-19 is required.

Health and Human Services

Description: The Child Development Fund provides funding for the California State Preschool Program (CSPP) and General Child Care & Development Program (CTR) that serves about 1,808 children of low- and middle-income families in 16 centers with 65 classrooms and six partner agencies throughout the County. In addition, the Child Development Fund provides funding to CalWORKs Stage 2 and CAPP programs that serve children of families transitioning from TANF to work. Participation in CalWORKs Stage 2 and CAPP enables parents to remain stable in their new job environment. State funding also provides childcare services to six partnering childcare agencies.

During FY 2014-15, Contra Costa Community College relinquished its California State Preschool (CSPP) contract from the State. The Bureau operated this program for the Community College as subcontractor. Consequently, the State announced a funding opportunity to redistribute the relinquished funds. After a competitive process and review conducted by the State California Department of Education, the Bureau was awarded \$1.1 million to administer directly the program previously managed by Contra Costa Community College. In prior years, revenues and expenditures from this contract were reported under Community College Child Development Fund. They are now included under Child Development Fund in FY 2016-17.

FY 2018-19 Child Development Fund Baseline Budget reflects an increase in operating expenses of \$1,106,588 from FY 2017-18 Budget. Baseline revenues are projected to increase by \$1,468,379 from FY 2017-18 Budget. The increases are due to an increase in the shared cost for Child Care Center operations.

No adjustment from Baseline to Recommended Budget for FY 2018-19 is required.

Description: The Childcare Enterprise program was approved by the Board of Supervisors on September 18, 2007. This tuition-based program offers child day care at below market rates to families who cannot otherwise afford the cost of childcare in order to stay in the workforce and remain self-sufficient. Childcare Enterprise Fund services are integrated in classrooms at several of the centers throughout the county. The number of tuition-based slots in each classroom depends upon the number of lower-income families that demonstrate the need for affordable childcare in each of those areas. These tuition-based slots are commingled with Head Start and State Child Development slots.

CAO's Recommendation

During FY 2017-18, the Employment and Human Services Department (EHSD) experienced substantial State and federal revenue reductions in its Workforce Services Bureau and the In-Home Supportive Services program, while programs within the Children and Family Services, Adult and Aging Services and the Community Services Bureau expanded due to enhanced revenues. These trends are expected to continue in FY 2018-19. Overall, the FY 2018-19 recommended budget includes increased appropriations in excess of \$17 million, and increased revenues of \$13 million. To balance this budget gap, the recommendation is to reduce salary and benefits costs by \$3.2 million and increase the allocation of General Purpose Revenue to approximately \$26.9 million. The net change in FTEs is a reduction of 37 positions, primarily in CalFresh, CalWORKs, and Medi-Cal programs.

EHSD revenues involve a complex relationship between the direct expenses to provide services, the overhead expenses to support direct service providers, and the funding agencies determination of eligible services. The Department projects anticipated revenue from the various funding streams based on a projection of the costs of services provided to eligible clients. The FY 2018-19 revenue project a \$13.8 million increase from local sources; a \$1 million reduction from federally sourced revenue, a \$383,883 reduction from State revenues, and a \$4 million increase in general purpose revenue support.

Due to a stronger economy and improved employment levels in Contra Costa County, the Workforce Services Bureau caseload is expected to continue decreasing, as well as the corresponding State and federal revenue reimbursement for the provision of those services. In addition to reducing positions through bureau transfers and attrition, the department will use a contractor to provide the same delivery levels of One-Stop Career Center services with the reduced FY 2018-19 revenues. Without the ability to contract this service, several sites will be closed. The recommended budget includes the reduction of 72.6 FTE's in

this bureau. Additionally, 32 unfunded vacant training positions will be cancelled.

The demand for services provided by the Children and Family Services Bureau continues to grow. In order to meet the community's needs, the recommended budget includes an additional 32 FTE's. The State reimburses the department for services provided, and commensurate with the increase, the recommended budget projects revenues to increase by approximately \$11.8 million.

As the community ages, the demand for services provided by Aging and Adult Services continues to grow. Therefore, the FY 2018-19 recommended budget includes 5 additional Eligibility Workers in Adult Protective Services that will be transferred from Workforce Services to meet the increased caseload. As a result of these changes, revenue is projected to increase by approximately \$3.8 million.

The revenue structure of the In-Home Supportive Services program continues to evolve, ultimately this has resulted in decreased revenue from the State. The CAO recommends an additional allocation of approximately \$2 million of general purpose revenue support to offset the reduction, and the elimination of 1.5 vacant positions.

The Community Services Bureau Early Head Start Program was successful in procuring \$4 million in additional revenue during FY 2017-18 for additional childcare slots and enhanced services resulting in an additional 20 new positions. The recommended budget maintains staffing and contracts at this new level.

As per the norm, EHSD does not yet have a State funding allocation for FY 2018-19. The Department has included estimated revenue based on the Governor's FY 2018-19 Proposed Budget and historical allocation information. EHSD will return to the Board of Supervisors in the fall with a request for adjustments to the appropriations should they be necessary once the final allocations are received.

The FY 2018-19 Recommended Budget for Employment and Human Services is balanced.

Performance Measurements

The Employment and Human Services Department (EHSD) identified six administrative and program goals in 2017. An update of our progress is described below:

1. **Enhance Business Intelligence** –

Leverage technology across the department with emphasis on (1) customer-facing automated solutions that improve service delivery and increase efficiencies; (2) ensuring full utilization of our business intelligence systems and capacity; (3) developing and implementing data capture and reporting through the use of regular data dashboards and data snapshots.

In order to gather feedback directly from customers, we administered a technology survey throughout the year that provided us with data related to customers' computer and cell phone ownership, as well as user preferences in communicating with EHSD and accessing services. The results from this survey were instrumental in building out a text message program for appointment reminders and expanding the availability of phone charging stations in our buildings. We launched a marketing campaign for My Benefits CalWIN, an online system that allows customers to complete many registration steps online instead of visiting an office. This campaign will extend into 2018.

We also endeavored to close the digital divide among our customers by expanding our PC donation program. As of December 2017, more than 900 surplus PCs were refurbished, and more than 230 were distributed to eligible EHSD customers.

We continued to collaborate with Santa Clara County on the Business Intelligence (BI) dashboard and won an Innovation Award from the California State Association of Counties (CSAC) for this initiative.

Within the Department, we used the BI systems for a variety of analysis

applications, such as: identifying the demographic makeup of our customer base and demographic trends; reporting on historical trends in caseloads and forecasting future caseload levels; and measuring internal performance against goals. We also used this system to respond to inquiries from the County Board of Supervisors and various state and federal agencies. In addition, we used the data to model internal program administration for greater efficiency and effectiveness.

As a foundation for future innovation, we created a five-year Technology Strategic Plan and a first-year implementation matrix. One project from this plan, a new document imaging system, was completed in the fall. Further implementation will continue in 2018.

- #### 2. **Exemplary Customer Service** – EHSD will cultivate an agency culture that emphasizes exemplary customer service and improves the customer experience. More than 200,000 Contra Costa residents interface with EHSD staff each year and our goal is for each of them to have a positive experience with EHSD.

Over the course of 2017, a strategic work group reviewed employee training, data collection, media, and recognition programs related to customer service. In 2017, we rolled out a series of department-wide customer service trainings, and revised the orientation sessions for new employees. More than 300 staff members were engaged in these sessions throughout the year. In addition, the department expanded its Leadership Academy series, with close to 100 managers and supervisors participating. Additional trainings, with a focus on Internal Customer Service, are being developed for 2018.

To improve data collection on customer service measures, we revised the Customer Satisfaction Survey (paper and electronic) to capture four key elements of customer satisfaction from a statewide pilot. We also added an online survey component that will be live in April 2018.

3. Enhance and Support Multi-Disciplinary Family Services Models

– EHSD, in collaboration with stakeholders, continues to develop a plan to provide an integrated, holistic, wrap-around model of family services targeted to disadvantaged and at-risk families. This multi-disciplinary model integrates and incorporates intra-department services (CalWORKs, Welfare-to-Work, Workforce Development Board programs, CalFresh, Head Start, Children & Family Services, Adult Protective Services), Service Integration Sites (SIT), SparkPoint Centers, First 5 Resource Centers, Family Justice Centers, other county departments such as Child Support, Health and Behavioral Health, and community partners such as the Human Services Alliance members.

In 2017, EHSD developed an integrated cross-bureau pilot program, including identifying service sites for the pilot and creating a robust evaluation plan. The pilot program uses four “navigators” to engage clients with multiple unmet needs and connect them to both EHSD and community resources. The program design is complete, bids for the navigator positions have been circulated, and a draft evaluation plan is complete.

4. Establish Aging & Adult Services as a Community Partner

– AAS is the primary county service in the county for low-income seniors. We will focus our efforts this year on re-establishing our presence in the community, and elevating attention to senior issues.

Aging and Adult Services (AAS) successfully secured funding from the California Office of Emergency Services (Cal OES) to enhance services in Adult Protection. In addition, AAS strengthened its community partnerships through multiple arenas including the Elder Abuse Prevention Project. This project established a network of partners across the elder abuse service community to work together in a coordinated fashion to assure that seniors receive needed community services to help stabilize their lives. The program also establishes community based trainings on recognizing and intervening in elder abuse.

AAS successfully established three additional community partnerships to address elder abuse. A Multidisciplinary Team addresses complex cases of elder abuse with partnerships from law enforcement, District Attorney, community agencies, Ombudsman Services, Public Guardians Office and Adult Protective Services. The Elder Death Review Team, convenes with law enforcement, the coroner’s office and Ombudsman Services to review suspicious elder deaths and identify systems issues that may have contributed to the elder’s death. Finally, we established the Financial Abuse Strike Team to quickly address the financial abuse of elders.

5. Increased Partnership with Contra Costa County Health Services

– The Health and Human Services systems share many common goals for families, children and seniors in our county. Collaboration and coordination between EHSD and Health Services will continue to be a high priority in a number of areas.

We collaborated with Health Services on three major projects in 2017: CommunityConnect Whole Person Care, Homeless Disability Advocacy Program, and Continuum of Care Reform (CCR).

The goal of the CommunityConnect Whole Person Care (WPC) pilot is to increase coordination of health, behavioral health, and social services for vulnerable Medi-Cal recipients in order to reduce utilization of high cost services and improve health outcomes. Often low income and vulnerable residents disproportionately suffer from poor health due to unmet social and behavioral needs (called “social determinants of health”) – including food, housing, employment, transportation, childcare and education. In CommunityConnect, collaborative interdisciplinary teams brought together services and programs from EHSD, Contra Costa Health Services and a wide range of community partners, serving these unmet needs. EHSD staff, comprised of social workers, eligibility workers, first line supervision and management, formally joined CommunityConnect in 2017. A joint team of staff and analysts from EHSD and Health Services are also collaborating on a robust data sharing agreement and evaluation plan.

Employment and Human Services

Health and Human Services

The Homeless Disability Advocacy Program (HDAP) application was submitted in mid-2017 and EHSD was awarded \$746,546. HDAP is a three-year program (through June 30th, 2020) intended to provide housing to individuals who are homeless and appear to be eligible for Supplemental Security Income (SSI/SSDI), veteran's benefits, or the Cash Assistance Program for Immigrants (CAPI). Implementation is in process, and EHSD is working closely with the HSD Health, Housing and Homelessness bureau. Implementation will begin in May 2018.

For the Continuum of Care Reform (CCR), legislation that comprehensively reforms placement and treatment options for youth in foster care, EHSD continued to collaborate with Behavioral Health. An Interagency Agreement to transfer realignment funds to Behavioral Health was established. This allowed us to draw down additional Early and Periodic Screening, Diagnostic, and Treatment funds to enhance specialty mental health services for foster children. We worked with Mental Health to identify and close the service gaps for foster children, including co-trained staff on the needs of this population. In addition, we created a joint Presumptive Transfer process for children coming into Contra Costa County and those being placed outside of the county. Finally, we jointly reviewed and made recommendations for programs working to convert to Short-Term Residential Therapeutic Programs, facilities that provide specialized treatment for youth with mental health needs. These facilities help us meet the behavioral and mental health domains identified as priorities in the CCR legislation.

- 6. Invest in Our Staff** – A successful organization must cultivate and maintain a departmental culture that is respectful of all staff, embraces differences and diversity, values and rewards dedication and commitment to service excellence, and promotes personal wellness within a work-life balance.

We started exit interviews with departing employees to learn what made them seek employment elsewhere, as well as what they enjoyed about working at EHSD. We held appreciation and recognition programs for exemplar employees so everyone feels their

contributions are valued. To recognize employees delivering outstanding customer service, we developed a Customer Service Champions section in our internal newsletter, Headlines. We plan to continue this recognition program in 2018, as well as encourage recognition of outstanding internal customer service.

Administrative and Program Goals

For 2018, the Employment and Human Services Department (EHSD) has identified four "strategic priorities" that encompass shared goals across our bureaus. Each priority is described below:

- 1. Improve efficiencies – EHSD aims to embrace and maximize up-to-date and innovative technology, permitting both customers and staff to utilize technology in conducting business with the department.**

Improving efficiencies involves developing a variety of portals for customer and public access, and building systems and data sources that improve processes. We will continue to implement our technology strategic plan, improving business processes for both customers and employees.

We also strive to close the digital divide among our customers by expanding our PC donation program. A promotional mailing is scheduled for 2018; it will target EHSD customers in the Richmond area, where computer ownership is lower than in the other regions we serve.

- 2. Recruitment and Retention– EHSD cultivates an agency culture that promotes retention of current employees and recruits top talent for our programs.**

As a department, we are taking steps to address employee recruitment and retention issues in all bureaus. New recruitment materials, including a video specific to Social Worker recruitment, will launch in 2018. To enhance retention, we have drafted a tuition reimbursement plan for employees to

Employment and Human Services

Health and Human Services

continue their education and training that we plan to implement in 2018. We will also expand existing employee recognition programs, such as Customer Service Champions, to encompass outstanding employees in all roles and bureaus. Finally, we plan to conduct a workplace satisfaction survey to identify target areas that could be improved through new programs. We will also focus on strategies to promote a healthy workplace, and inspire staff to share an optimistic vision for our future

3. Exemplary Customer Service – EHSD cultivates an agency culture that emphasizes exemplary customer service, both internally and externally, and improves the customer experience.

More than 200,000 Contra Costa residents interface with EHSD staff each year and our goal is for each of them to have a positive experience with EHSD. We also aim to recognize and reward employees who provide quality customer service.

In the coming year we will launch an EHSD-specific Customer Service training video in partnership with Feel Good Video. The

concept of Internal Customer Service will be fostered in training by Staff Development and in internal communications and staff recognitions.

Based on a newly redesigned lobby card, EHSD will publish reports related to internal and external customer experience

4. Service Integration- EHSD aims to develop a holistic approach to helping families thrive by incorporating coordinated and integrated services for our most vulnerable, isolated and/or disadvantaged customers.

The concept of holistic, wrap around and whole person services is a focus for California with two statewide initiatives - CommunityConnect and CalWORKs 2.0. We plan to ultimately provide a new level of support with “wrap around services” for individuals and families. We intend to leverage technology, centralized data sharing and co-located staff to provide increased access, a better and faster service delivery experience and improved utilization rates of our comprehensive suite of services.

**FY 2018-19
Program Modification List**

Order	Reference to Mand/Disc List	Programs/ Budget units	Services	FTE	Net County Cost Impact	Impact
1	1	Administrative Services	Provides IT support to all areas of the Department and fraud investigation.	(2.0)	(179,833)	Due to reduced program funding in CalWORKs, CalFresh, and WIOA, one vacant Information Technology (IT) position and one vacant Social Services Welfare Fraud Investigator position will be canceled. Due to the steady decline in CalFresh and CalWORKs cases in recent years, one less Welfare Fraud Investigator position is needed.
2	2	Adult Protective Services	Provides social worker response to investigate reports that older or dependent adults are exploited, neglected or physically abused.	5.0	380,476	Additional APS casework support staff will allow APS staff to respond more timely to reports of elder and dependent adult abuse and be fully compliant with state mandates for providing services. These additional positions will be supported with additional federal and state revenue.

3	7	IHSS Administration	Provides administration of the In-Home Supportive Services (IHSS) program and determines eligibility for services. Assesses the need for in-home services and processes payments to those who provide services to aged, blind and disabled recipients, allowing them to safely remain in their own homes and avoid institutionalization.	(1.5)	(153,054)	Reduction of 1.5 vacant FTE is due to an anticipated reduction in the IHSS State General Fund allocation compared to the FY 17-18 budgeted allocation. The program is currently under a corrective action plan for failure to meet timelines for assessment and reassessment.
4	11	Child Welfare Services	Provides 24-hour response to allegations of child abuse; services to maintain children in their own homes; services to remedy conditions which caused the Juvenile Court to order a child removed from home due to abuse or neglect; and planning services to assist children in establishing permanency through adoption, legal guardianship, or a permanent living arrangement.	31.0	2,975,316	Additional Child Welfare Services (CWS) social work supervisors, clerical support staff, and support workers will allow the bureau to respond more timely to reports of abuse and be fully compliant with state mandates. The positions will be supported with additional federal and state revenue.

It also provides services, on a fee basis, for stepparent adoptions.	1.0	133,170	An additional supervisor position will allow the adoptions unit to better provide services to children in need of a permanent placement and support reunification efforts. This additional position will be supported with additional federal and state revenue.
6	22	CalWORKs Eligibility and Ongoing Case Management Services	Provides eligibility determination for CalWORKs cash aid, supportive services, and includes ongoing case management.	(27.3)	(2,250,586)	CalWORKs and CalFresh caseloads have steadily declined in recent years. As a result, CalWORKs and CalFresh funding allocations declined, and are projected to be further reduced in FY 18-19. A combination of reduced funding and unfunded cost increases requires a reduction in positions. Of the 52.63 FTE position modifications, 35.63 FTEs are being canceled and 17 are being transferred to programs with available funding. The cancellation of positions may result in delays in CalWORKs and Medi-Cal eligibility determination services and the issuance of CalFresh benefits. Not cancelling these positions would result in a significant net county cost.
	32	CalFresh Eligibility and Ongoing Case Management Services	Provides eligibility determination and ongoing case management for CalFresh benefits for eligible low-income individuals and families.	(19.5)	(1,606,257)

Services include: job matching and access to wage reimbursements for employers; career counseling, assessments, job training, support services, adult education, and employment services to primarily low-income individuals with barriers to employment.	2.0	(815,639)	In FY 18-19, One-Stop operations will be contracted out for \$1,250,000. In addition to the position adjustments above, two of the impacted positions will be transferred to the WDB. The net fiscal impact of these actions is a reduction of \$815,639. Contracting operations will provide the most services with the limited funds projected to be available in FY 2018-19. Without the contract, several sites would be closed. Customers may experience a reduction in services.

Table Description

The table above provides information in aggregate format summarizing expenditures and revenues in the General Fund budget units administered by the Health Services Department. This table includes the General Fund subsidy provided to the Contra Costa Regional Medical Center and Health Centers and the Contra Costa Health Plan, but does not include the expenditures or other revenue for these functions. This information can be found in the individual tables for the enterprise funds, including the sections for the Contra Costa Regional Medical Center and Health Centers, the Contra Costa Health Plan, and the Contra Costa Community Health Plan.

Included in the table above are data for the following budget units:

- 0301 – Detention Facilities Programs
- 0450 – Public Health
- 0451 – Conservatorship/Guardianship
- 0452 – Environmental Health
- 0454 – Public Administrator
- 0460 – California Children’s Services
- 0463 – Health, Housing and Homeless
- 0465 – Enterprise Fund Subsidy
- 0466 – Alcohol and Other Drugs Program
- 0467 – Mental Health

The table following this section summarizes the expenditures and revenue in aggregate for the bulk of the services provided by the department, including enterprise funds. Please refer to that table for aggregate information.

Major Department Responsibilities

Contra Costa County is one of the few counties in the nation to offer the full spectrum of health-related services under one organizational structure. Doing business as Contra Costa Health Services (CCHS), it represents the largest department of this County government, employing approximately 4,400 individuals and 3,910 FTE’s (Full-Time Equivalents). Approximately 5.4% of the CCHS budget is from General purpose revenue. The balance is supported by federal and state funding programs, such as Medicare and Medi-Cal, as well as program grants and fees.

The mission of Contra Costa Health Services is to care for and improve the health of all people in the County, with special attention to those who are most vulnerable to health problems. For low-income and uninsured residents of Contra Costa, CCHS is the safety net, providing medical services not available to them elsewhere.

CCHS has a long history of working in partnership with a broad range of stakeholders, including private hospitals, private physicians, community clinics, community-based organizations, schools, advisory boards and the media. Through the use of technology, including its extensive website and social media, CCHS is able to reach County residents with critical health care information on a daily basis.

CCHS is an integrated system of health care services, comprised of several divisions that work in concert to cover health at every level: the individual, the family, and the community.

The **Contra Costa Regional Medical Center and Health Centers** are the training ground for our family practice residency program. The Contra Costa Regional Medical Center (CCRMC) is a 167-bed general acute care hospital that provides a full range of services that include emergency care, psychiatric care, newborn labor and delivery, medicine, and surgery. Eleven ambulatory care health centers throughout Contra Costa provide comprehensive, personalized, patient-centered health care with a full range of specialty services.

The **Contra Costa Health Plan (CCHP)** was the first federally qualified, state-licensed, county-sponsored Health Maintenance Organization (HMO) in the United States, and the first county-sponsored health plan in California to offer Medi-Cal Managed Care coverage. CCHP was also the first county-run HMO to serve Medicare beneficiaries. It subsequently expanded its programs to include County employees, businesses, individuals, and families, although CCHP exited the individual and family markets at the beginning of 2015. Currently CCHP has programs for Medi-Cal recipients, employees of

Health Services

Health and Human Services

participating employers, In Home Support Services, and a Medicare Cost Plan.

With the implementation of the Affordable Care Act (ACA) in January 2014, Medi-Cal coverage was expanded to cover individuals with incomes below 138% of the Federal Poverty Level. The ACA ensures all Medi-Cal health plans offer a comprehensive package of items and services, known as essential health benefits. Coverage includes a core set of services including doctor visits, hospital care, pregnancy-related services, skilled nursing facility care (SNF), home health and hospice care, as well as low-to-moderate mental health care, autism care, and some substance use disorder care.

As one of the State's Medi-Cal managed care health plans, CCHP has added 90,000 Medi-Cal members since the implementation of the ACA, and now provides comprehensive, quality health coverage to approximately 191,000 people in Contra Costa County. To meet this additional demand for services, CCHP has expanded its provider network by credentialing and contracting with needed specialty providers in the community. CCHP also provides 24/7 advice nurse services for patients, as well as case management and care coordination for high-risk patients.

Behavioral Health combines what was formerly the Mental Health and Alcohol and Other Drugs programs into a single system of care that supports independence, hope, and healthy lives by making services more accessible. This integration is an opportunity to respond to our culturally diverse residents who have complex behavioral needs through a systems approach that emphasizes "any door is the right door". By partnering with consumers, families, and community-based agencies, Behavioral Health staff is able to provide enhanced coordination and collaboration when caring for the whole individual; an approach that recognizes the increasing challenges in serving complex populations with multiple disorders.

For budgetary purposes the Mental Health and Alcohol and Other Drugs programs will be reported separately.

The **Health, Housing and Homeless Services** Division integrates housing and homeless services across our health system; coordinates health and homeless services across County government and in the community; and works with key partners such as the Employment and Human Services Department, the Housing Authority, school districts, housing providers, law enforcement and cities to develop innovative strategies to address the community's health and social needs.

This new division was established in 2016 to meet the requirements of the Medi-Cal 2020 Waiver, which recognizes the nexus between improving population health and providing safe housing. Medi-Cal 2020 has new requirements for meeting the needs of our highest risk patients, many of whom are homeless. We have learned that we will never be able to end homelessness without addressing the upstream social determinants of health. Access to basic needs such as nutritious food, housing, and safe places to exercise and play have been found to impact the health of those whom we serve. The Medi-Cal 2020 Waiver requires that health systems like ours address these social needs, and funding is linked to our ability to do this successfully.

Contra Costa Public Health promotes and protects the health and well-being of the individual, family, and community in Contra Costa County, with special attention to communities and populations that are most at risk for poor health outcomes and those most affected by environmental inequities. Health is defined as the state of complete physical, mental, and social well-being and not merely the absence of disease or infirmity.

As part of the integrated health system, Public Health uses a broad spectrum of strategies and offers an array of programs that focus on public health issues such as communicable disease and sexually transmitted disease; immunization; nutrition; and family, maternal, infant, and child health, including children's oral health. Services include public health nursing and the public health laboratory, along with wellness, prevention, and education activities aimed at negative health conditions such as obesity, smoking, and lead poisoning. The Public Health

Division is also responsible for the CCHS health emergency preparedness programs, data collection, and program evaluation.

The **Environmental Health** Division is a regulatory agency that provides oversight for businesses and property owners to protect and promote the health of the people of Contra Costa County. Environmental Health uses up-to-date standards, state laws, and ordinances to regulate programs for safe food, safe water for drinking and recreation, and the sanitary management of wastes.

The **Hazardous Materials** Division serves area residents by monitoring local industry and responding to emergencies to protect the public from exposure to hazardous materials. Hazardous Materials strives to maintain a clean, healthy, and safe environment by promoting pollution prevention, increasing process safety knowledge and environmental awareness, responding to incidents, and implementing consistent regulatory compliance and enforcement programs.

The **Emergency Medical Services (EMS)** Division serves Contra Costa communities by ensuring that quality emergency medical response and services are available for all people in the County. The EMS Agency is the local governmental agency responsible for providing regulatory and medical oversight of medical dispatch, fire and law first responders, emergency and non-emergency ambulance services. The EMS Division in its capacity as the Local Emergency Medical Services Authority establishes and regulates coordinated EMS Systems of Care known to improve patient care outcomes in trauma, stroke, high-risk heart attack, cardiac arrest and emergency services for children. Public and private EMS System partners function under Local EMS Agency policies and procedures that assure coordinated response and prompt medical transportation to community hospital emergency departments and specialty centers for definitive care. The EMS Agency sets standards to assure that prehospital personnel involved in an emergency response are properly trained and equipped so that medical care in the field is provided in a timely, efficient and professional manner.

Description: Includes the operations of the Contra Costa Regional Medical Center (CCRMC), ambulatory care centers, physician services, emergency medical services, charges from other County departments, department-wide administration, and fixed assets.

Workload Indicator: The recommended FY 2018-2019 budget is based on an average daily inpatient census of 126 patients, and 485,153 annual outpatient visits.

Impact: The recommended budget maintains the current level of services. The budget includes ongoing funding for a renewed Medi-Cal Waiver and includes cost estimates for labor agreements currently under negotiation.

1. Contra Costa Regional Medical Center

Description: A general acute care teaching facility, the 167-licensed bed Contra Costa Regional Medical Center (CCRMC) provides a full range of diagnostic and therapeutic services including medical/surgical, intensive care, emergency, prenatal/obstetrical, and psychiatric services. Ancillary services include pharmacy, rehabilitation, medical social work, laboratory, diagnostic imaging, cardiopulmonary therapy and ambulatory care surgery service. The licensed basic emergency room provides medical and psychiatric evaluation and treatment of urgent cases.

CCRMC provides care to individuals with a variety of insurance coverage including Medicare, Medi-Cal and private insurance. The cost of care provided to these individuals is offset by the fees collected.

CCRMC provides services to individuals who cannot pay because the County has a general duty to provide care for indigents. That duty is specified by the State of California in the Welfare and Institutions Code section 17000. The County Board of Supervisors is authorized to adopt standards of aid and care for the indigent and has done so. The County provides indigent health care through various programs based on the Federal Poverty Level (FPL) guidelines.

Under the Basic Health Care Program (BHC) individuals with income less than 300 percent of the FPL who are not eligible for insurance through the Covered California Program, are eligible for medical services at Contra Costa Regional Medical Center (including referred care to non-County facilities as medically required). There is no age restriction for the BHC Program. Adults must be US citizens and residents of Contra Costa County. Children under the age of 19 are eligible regardless of immigration status.

In November 2010, the federal Centers for Medicare and Medicaid Services (CMS) approved California's Section 1115 "California Bridge to Health Reform" Waiver. A key component of the State's section 1115 Waiver was the Low Income Health Program (LIHP) that expanded coverage for individuals between 19 and 64 years of age, who were US Citizens or legal permanent residents. LIHP consisted of two programs, the Medical Coverage Expansion Program (MCE) and the Health Care Coverage Initiative Program (HCCI). The LIHP program, which ended December 31, 2013, was designed to bridge the care of these individuals from an episodic care approach to comprehensive healthcare coverage.

On January 1, 2014, with the implementation of the Federal Patient Protection and Affordable Care Act (ACA), California expanded Medi-Cal eligibility to include adults with incomes up to 138 percent of the federal poverty level. This was known as the optional expansion. For three years the federal government paid 100 percent of the costs of health care services provided to the newly eligible population. Actively enrolled LIHP/MCE individuals were automatically transitioned to Medi-Cal. LIHP/HCCI members became eligible for coverage through the State's health care exchange.

California's 2010 Medi-Cal Section 1115 waiver "Bridge to Reform" expired in October 2015. Under the Bridge to Reform Waiver, the California Delivery System Reform Incentive Program (DSRIP) has supported the initial steps of transforming and stabilizing the public safety net hospital system. In 2015 California received approval from the Centers for Medicare and Medicaid Services (CMS) to implement a new

Health Services

Health and Human Services

waiver program known as the Medi-Cal 2020 Waiver.

The Public Hospital Redesign and Incentives in Medi-Cal (PRIME) builds on the success of the Delivery System Reform Incentive Payment (DSRIP) program under the previous Waiver, which helped us improve care and safety in our hospital and health centers and make great strides toward improving access to care using a variety of innovative tools. With PRIME, the Hospital and Health Centers will be compensated for showing improvements in ambulatory care, targeting high-risk populations and using resources more efficiently. PRIME challenges us to meet certain agreed-upon benchmarks or risk substantial loss of funding that cannot be recovered.

The second component of the Waiver is the “Global Payment Program,” which retools the way the Hospital and Health Centers are compensated for treating the uninsured. The program provides financial incentives for cost-effective primary and specialty care by shifting the focus away from hospital-based inpatient care toward primary and preventive care. It includes changes in reimbursement structures that are based on health outcomes and not on process or solely on the number of visits.

The third component of Medi-Cal 2020 is what’s known as “Whole Person Care,” offered to selected counties as a pilot to better coordinate physical and behavioral health care, and providing social services and other supports to help meet needs such as housing or food in a patient-centered manner.

Fourth and final is the dental transformation initiative aimed at helping children and young adults consistently and easily access high-quality dental services and maintaining good oral health.

Under this new Waiver, the Health Services Department is addressing all aspects of health, including disparities and inequities. The new Waiver places a great deal of importance on addressing issues that affect health in our communities - not just those affecting the patients we serve. Because the Health Services Department is an integrated health system, we

are ideally structured to meet these expectations. The Contra Costa Regional Medical Center and Health Centers will be working with the Contra Costa Health Plan, Behavioral Health, Public Health, and Emergency Medical Services (EMS) to fulfill the healthcare and community health obligations under the Medi-Cal 2020 Waiver.

3. Physician Services

Description: The interdisciplinary medical staff at Contra Costa Regional Medical Center and Health Centers includes 138 family medicine physicians, as well as family nurse practitioners, pediatricians, internists, dentists, psychiatrists, psychologists and 335 specialty physicians.

The Family Practice Residency Program provides clinical experience for 42 residents who rotate through all inpatient acute services, the emergency department and ambulatory care centers.

CCRMC recognized and emphasized the need for operational management of physician clinical practices. In response to this we are in the process of creating operational service line leadership. We previously created new Ambulatory Care Medical Director, Specialty Care Medical Director, and Hospital Medical Director positions to lead the growth and redesign of our services in response to the expanding patient base under the ACA. We have expanded patient access (additional provider hours, improved access metrics) in both primary care, specialty care and short notice capacity. We have integrated over 30 psychologists into the care of patients in our system and created processes for universal

screening and treatment for substance abuse (SBIRT) and depression (PHQ9) including creating medication-assisted programs for patients with opioid addiction. Additionally, we are improving coordination and information sharing through the Electronic Medical Record (EMR) with other institutions and providers both within and outside of our County to improve access to more medical and support services.

6. Hospital Capital Cost

Description: During the first half of FY 2018-19, we expect to complete the Martinez Inpatient and Martinez Outpatient Pharmacy renovation (this is to comply with the Board of Pharmacy requirements). We also plan to complete the Sterile Processing Sterilizer Replacement project. The expansion of telemetry beds from eight to 30 is expected to be completed by second quarter of FY 2018-19. By the fourth quarter of FY 2018-19, we expect to complete the project to secure the Postpartum and Labor and Delivery units.

During FY 2018-19 we plan to begin construction of the West County Health Center expansion. This will be an 18,000 square feet, two-story, integrated Health Center that offers Behavioral Health and medical services adjacent to the existing West County Health Center.

Capital expenditures for FY 2018-19 are projected to be \$3.0 million for purchases of medical equipment, \$12.6 million for lease payments, and \$600,000 for projects.

Note: Assets are capitalized and depreciation is adjusted at year-end.

A. This table reflects figures for the Contra Costa Health Plan Medi-Cal product line only.

B. Number of Full Time Equivalent positions (FTE) shown serves Enterprise II and III of the Contra Costa Health Plan.

Description: The Contra Costa Health Plan (CCHP) is a County-operated prepaid health plan. Enterprise Fund II is used to account for the premiums and expenditures related to Medi-Cal enrollees. Enterprise Fund III is used to account for the premiums and expenditures related to Medicare recipients and employees of participating employers. The Health Plan also acts as the Third Party Administrator for the Contra Costa CARES program.

Medi-Cal: Includes Aid to Families with Dependent Children members, Low Income Child Program, Medi-Cal Expansion (MCE) that transferred into Medi-Cal on January 1, 2014 from the Low Income Health Program, Seniors and Persons with Disabilities and Other Medi-Cal (non-crossover) members. Our Medi-Cal members are served by three contracting networks of providers: 1) Contra Costa Regional Medical Center (CCRMC) and Health Centers, 2) CCHP's Community Provider Network (CPN), and 3) Kaiser.

Workload Indicator: The recommended FY 2018/2019 budget is based on an average monthly enrollment of 182,000 Medi-Cal enrollees. Our FY 2018/2019 Medi-Cal enrollment budget increased 1.1% over our FY 2017/2018 Medi-Cal enrollment budget.

Impact: The recommended budget maintains the current level of services.

1. AFDC/CalWORKS and Other Medi-Cal (excludes Seniors and Persons with Disabilities)

Description: The Aid to Families with Dependent Children (AFDC) product line serves Contra Costa residents who qualify for Medi-Cal through the Public Assistance and Medically Needy Only categories of the Aid to Families with Dependent Children Program (subsequently replaced with the CalWORKs program). Instead of Medi-Cal cards and stickers, the Medi-Cal Managed Care member receives a CCHP member identification card and CCHP provides or arranges for all his or her covered health needs with the exception of some benefits that remain carved out of Medi-Cal Managed Care

and become the responsibility of Fee for Service Medi-Cal.

The Other Medi-Cal (non-crossover) members include all Contra Costa Medi-Cal eligible individuals other than AFDC/CalWORKs.

There are new or expanded benefits and services added to Medi-Cal Managed Care Plans in 2018 and 2019.

- The Case Management Unit continues to manage the non-medical transportation benefit for the entire Medi-Cal population. Transportation services for our members were expanded to include health type services such as pharmacy, dental and mental health.
- Starting on January 1, 2018, CCHP and other Medi-Cal managed care providers began offering a new palliative care benefit for seriously ill members who need assistance with decision-making when their advanced illness continues to decline and they are not yet eligible for hospice.

Palliative care consists of patient and family centered care that optimizes quality of life by anticipating, preventing and treating suffering. The new benefit provides eligible members visits with palliative care physicians, nurses and social workers for symptom control, advanced care planning and care coordination.

In order to qualify for the benefit, members must have a chronic, advanced, life-limiting, illness with either congestive heart failure, chronic obstructive pulmonary disease, cancer or liver disease, to a level of severity that death within a year is plausible.

CCHP has contracted with two community palliative care providers, as well as CCRMC's outpatient palliative care clinic, to ensure our members have access to these services.

- The CCHP Case Management department will utilize the Health Risk Assessment (HRA) for Seniors and Persons with Disabilities (SPDs) to meet the Department

Health Services

Health and Human Services

of Health Care Services (DHCS) requirement of a health assessment for all new Medi-Cal members. The expanded Health Information Form and other health information forms (HIF/MET) will be mailed to all new members. The Health Plan is also required to make three follow-up attempts to secure this information within 45 days of enrollment. Information from the return of the forms will be shared with the member's Primary Care Provider (PCP). CCHP will mail all appropriate resource materials to members based on Social Determinants of Health needs as expressed in the forms completed by new members.

- In 2018, the Department of Health Care Services (DHCS) is requiring all Managed Care Plans to credential all existing and any new provider or vendor that is not already enrolled with DHCS in order for the provider or vendor to participate in our network. This is specific to CCHP's Medi-Cal product line only.
- CCHP is building a new Population Health Management program according to National Committee for Quality Assurance (NCQA) standards, to provide better health for members and lower costs for the Health Plan. This will be accomplished by analyzing our membership and determining interventions to provide in four areas:
 - Keeping members healthy
 - Addressing members with emerging risk in order to lessen future disease burden
 - Improving member safety, including during transition of care
 - Managing multiple chronic illnesses

Interventions with member subgroups in both the Contra Costa Regional Medical Center and Community Provider Network networks needs to begin by July 1, 2018. The program will be evaluated by measures of clinical outcomes, cost/utilization, and member experience, and will be refined annually.

The recommended FY 2018/2019 budget is based on an average monthly enrollment of 158,000 AFDC/CalWORKS and Other Medi-Cal enrollees, excluding SPD's.

2. Seniors and Persons with Disabilities (SPD's)

Description: Medi-Cal SPD categories include Old Age Security (OAS; persons aged 65 and older), Aid to the Totally Disabled, and Aid to the Blind. The member receives a CCHP identification card and CCHP provides or arranges for all his or her covered health needs.

Welfare and Institutions Code - WIC § 14182(b)-(c), requires CCHP to develop a process to identify the relative health risk of each SPD member. CCHP must use this process to develop individualized care management plans for their SPD members who have been determined to be at higher risk of requiring complex health care services. CCHP must use the Health Risk Assessment tool to comprehensively assess each newly enrolled SPD member's current health risk. The Health Plan is also required to make three follow-up attempts to secure this information within 45 days of enrollment. In addition to the initial Health Risk Assessment for new SPD members, annual reassessments must be completed for all SPD members.

The recommended FY 2018/2019 budget is based on an average monthly enrollment of 24,000 SPD enrollees.

Description: The Contra Costa Community Health Plan is a County-operated prepaid health plan available to certain Medicare recipients, In-Home Support Service providers, and employees of participating employers. This budget unit also reflects the costs for the Basic Health Care program which consists mainly of undocumented children who reside in the County and receive care from Contra Costa Health Services. Children in this program as well as others in the County with income under 200% of FPL were transitioned into regular Medi-Cal starting September 2016.

Beginning December 2015 CCHP established a pilot program, Contra Costa CARES, for the purpose of providing primary healthcare services to adults not covered by the Affordable Care Act (ACA).

Beginning July 1, 2016 a Managed Care Organization provider tax is being assessed on many of our CCHP commercial products. This

was a new tax for our commercial business. In FY 2016/2017 the tax was \$7.50 per member

per month, in FY 2017/2018 the tax was \$8.00 per member per month. In FY 2018/2019 the tax will be \$8.50 per member per month.

Workload Indicator: The recommended FY 2018/2019 budget is based on an average monthly enrollment of 9,000 enrollees.

Impact: The recommended budget maintains the current level of services.

1. Commercial Coverage

Description: Provides coordinated comprehensive health benefits from physical check-ups to treatment of major health problems. There is an array of benefits, premiums and co-payments depending on the plan chosen. Premiums are paid by the members or their employers.

The County Employee Plans serve full time, part time and temporary employees and retirees of Contra Costa County, and some plans cover their eligible dependents in the Contra Costa Health Plan. In addition, coverage is available to the state sponsored In-Home Supportive Services (IHSS) providers in Contra Costa County. IHSS providers who join CCHP receive coordinated comprehensive health care services ranging from physical check-ups to treatment of major health problems. Monthly premium costs are shared by the County and the IHSS providers.

2. Medicare Senior Health Plans

Description: This product line serves Contra Costa senior residents who are covered under Medicare and who choose CCHP as their medical gap insurer. In addition to the basic Medicare coverage under this program, there

are various benefits covered by member premiums that reduce the member's medical expenses for Medicare co-payments and deductibles. On the Senior Health Plus Plan, the premium helps to pay for those services not covered by Medicare, such as eye and hearing exams as well as glasses, hearing aids, and some drugs not covered by Medicare Part D.

3. Basic Health Care (BHC)

Description: This program is designed to provide needed medical care to the formerly state-sponsored medically indigent children and at-risk adult residents of Contra Costa County with incomes less than or equal to 300% of the federal poverty level. It offers limited health benefits compared to other groups. Services are primarily provided at the Contra Costa Regional Medical Center (CCRMC) and Health Centers.

4. Contra Costa CARES

Description: Beginning December 2015 CCHP established a pilot program, Contra Costa CARES, for the purpose of providing primary care services to adults not covered by the ACA. CCHP coordinates the program for primary care services via three providers: La Clinica de la Raza, Lifelong, and Brighter Beginnings. The providers receive a capitated payment on a per member per month basis.

Contra Costa CARES was initially approved and funded with a \$500,000 contribution from the Board of Supervisors which was matched with an additional \$500,000 from Kaiser, John Muir, and the Sutter hospitals. The pilot program was structured and sized to run for approximately 12 months (dependent on enrollment ramp up) or until the funding was fully utilized.

The results of the pilot indicated a positive trend with increased primary care visits to a medical home; medication compliance for chronic care conditions such as diabetes; preventive care such as mammograms; and a decrease in avoidable ER visits. Accordingly, the program has been continued for the past two years through a combination of funding from the County and matching funds from the private

Health Services

Health and Human Services

hospitals.

The FY 2018-19 budget anticipates a case load of 4,400 members per month. Funding for the program will continue as a matching partnership between the County and the private hospitals. A County contribution of \$250,000 is included in the FY 2018-19 budget.

Description: This product served Contra Costa residents who qualified for the Access for Infants and Mothers (AIM) program and the Major Risk Medical Insurance Program (MRMIP). Contra Costa Health Plan was a contracted health plan carrier for these programs, which were administered by the State's Managed Risk Medical Insurance Board (MRMIB). Both programs were impacted by the Affordable Care Act.

CCHP's participation in the AIM program ended June 30, 2015.

CCHP's participation in the MRMIP was terminated on December 31, 2014.

The FY 2017-18 budget represented a reserve for any potential state reconciliation of the MRMIP program.

Beginning with FY 2018-19, CCHP will no longer budget for these programs.

Description: To serve serious and persistent mentally disabled adults and seriously emotionally disabled children and youth.

Workload Indicator: The recommended FY 2018-19 budget is based on 406,356 visits; an inpatient psychiatric average daily census of 17.0 patients; 204 inpatient clinic visits; 15,074 days in Institute for Mental Disease (IMD); 77,808 days in Board and Cares; and 275 days in State Hospitals.

Impact: The recommended budget maintains the current level of services. The budget includes:

- A three percent cost of living adjustment for the Mental Health Community Based Organization (CBO) Adult, Children, and MHSa contract providers.
- Continuation of funding for the Children and Adult Mobile Crisis program. The children's expanded mobile crisis program details are included under Mobile Response Team. The Adult program details are included under Forensic Mental Health Services.
- Continuation of Health Services funding for Continuum of Care Reform (CCR). The budget also includes \$2,000,000 in Realignment funding from the Employment and Human Services Department (EHSD). Funding from EHSD will be used to enhance existing mental health services to children receiving services from EHSD. Detailed program information for the CCR program is included under Child and Adolescent Services.
- New funding for the CoCo LEAD Plus program. Program details are included under Forensic Mental Health Services.
- Eighteen bed expansion of augmented housing to Older Adult Mental Health consumers. Detailed program description is included under Augmented Board and Cares for Older Adult Mental Health Consumers.

1. Child and Adolescent Services

Description: Provides services to children under age 18, and up to age 21 for emotionally disturbed individuals.

a. Local Institutional/Hospital Care: Acute psychiatric inpatient treatment for children and adolescents is provided in private hospitals in order to avoid placing minors in the same psychiatric unit as adults at the Contra Costa Regional Medical Center. Case management services are provided by the Children's Intensive Treatment Services Case Management Team.

b. Out-of-Home Residential Care/Treatment Service Programs: Mental Health works in collaboration with Probation and Social Services to support these placements and their mental health component. Structured Short-Term Residential Treatment Program services (STRTP) for seriously emotionally disturbed (SED) children and adolescents provides individual, group, family therapy and wrap-around teams. Case management services are provided at various STRTPs in California and the nation.

c. Intensive Day Treatment Services: Therapeutic treatment and activity programs (less than 8 hours per day) for children and adolescents who have behavioral and/or emotional disorders or who are SED, psychosocially delayed or "at high risk." All of these services are attached to residential treatment.

d. Outpatient Clinic Treatment and Outreach Services: Outpatient clinic, school-site and in-home services; including psychiatric diagnostic assessment, medication, therapy, wraparound, collateral support, Family Partnership, and crisis intervention services for SED children and adolescents and their families.

e. Child/Adolescent Case Management Services: Case managers provide screening, assessment, evaluation, advocacy, placement and linkage services to assist children and adolescents in obtaining continuity of care within the mental health, Juvenile Probation Health Care, and Social Services systems. Community and school-based prevention and advocacy

Health Services

Health and Human Services

programs provide community education, resource development, parent training, workshops, and development of ongoing support/advocacy/action groups. Services are provided to enhance the child's or adolescent's ability to benefit from their education, stay out of trouble, and remain at home.

f. *Early and Periodic Screening Diagnosis and Treatment (EPSDT) Program:* Provides comprehensive mental health services to Medi-Cal eligible severely emotionally disturbed persons under age 21 and their families. Services include assessment; individual, group and family therapy; crisis intervention; medication; day treatment; and other services as needed.

g. *Therapeutic Behavior Services (TBS):* Provides one-on-one behaviorally focused shadowing of children and adolescents on a short-term basis to prevent high-level residential care or hospitalization, and to ameliorate targeted behaviors preventing success.

h. *Mobile Response Team:* The Mobile Crisis Response Team, comprised of a Masters-level therapist and a family support partner, provides short-term triage and emergency services to SED children and adolescents and their families in order to prevent acute psychiatric crises and subsequent hospitalization. The Behavioral Health Division is expanding this program in January 2018. With expanding the hours of operation, the team will be better able to respond to the entire County population. The new hours of operation will be from 7 a.m. to 11 p.m.

i. *Mental Health Services for Children 0-5 Years of Age:* Several contract agencies provide a wide array of outpatient and in-home services to SED children, children in foster care, or children at risk of significant developmental delays and out-of-home placement.

j. *Special Education Services – Educationally Related Mental Health Services (ERMHS).* Mental Health Services are provided as part of a child's or adolescent's Individualized Education Plan (IEP) to fulfill a mandate under federal law to provide a free and appropriate public education to students with special needs

in the least restrictive educational environment. We have seen an increase of referrals for ERMHS services this past year. As a result of our improved outreach efforts, school counselors are much more aware of ERMHS services and identifying students who may need services at an earlier stage. Services include: individual, group, or family psychotherapy; day treatment services; collateral support; and case management.

In Contra Costa County there are approximately 166,000 public school students. Over 33,000 of these students, or approximately 20%, are enrolled in Special Education. Prior to FY 2010/2011, funding for these mandated services had been federal IDEA funds, State Mandated Claims (SB 90), Medi-Cal and State General Funds. This mandate was suspended in the Budget Act of 2010-2011, and the responsibility to fund these services was transferred from County Mental Health to the local school districts and Special Education Local Plan Areas (SELPA's). An MOU was developed and signed by County Mental Health and the SELPA's, with supporting contracts going before the Board of Supervisors for approval. This budget assumes that the responsibility for funding continued ERMHS Non-Medi-Cal services will remain with the local school districts and SELPA's.

k. *Olivera:* A first step alternative to, as well as a step down from, residential placements that provide a non-public school with Intensive Day Treatment and wrap-around services. The program includes five classrooms – three for the Mt. Diablo Unified School District and two for other SELPA's within Contra Costa.

l. *Katie A. Programming:* Children's Mental Health, in partnership with Child and Family Services, is in its fifth year of development of a new legally mandated service delivery system to serve Katie A. youngsters in the foster care system. These youngsters meet specific criteria to be included in the Katie A. subclass and receive augmented services as defined in the legal settlement. These new services are identified as Intensive Care Coordination (ICC) and In-Home Behavioral Services (IHBS). All youngsters in the subclass will receive ICC services, and the need for IHBS will be determined by the Child and Family Teams.

m. Mentally Ill Offender Crime Reduction Grant (MIOCR): The MIOCR 2003 Act was passed to address the following:

- Create mental health courts;
- Offer specialized training to criminal justice staff in identifying symptoms in order to respond appropriately to people with mental illness;
- Develop programs to promote public safety;
- Develop programs to support intergovernmental cooperation between state and local government agencies with respect to the mentally ill offenders.

The County Probation Department applied for and was awarded the MIOCR Grant. The amount is approximately \$1,000,000 for a 3-year period. An RFP went out, and Community Options for Families and Youth (COFY) was selected as the vendor who will work closely with the County Probation Department to prevent recidivism. The Behavioral Health Division will provide technical assistance and support. As we are now in the final year of the grant, the agencies will be developing an alternative funding model that will sustain the program for future years.

n. Continuum of Care Reform (CCR): In 2018, Continuum of Care Reform will serve to expand Katie A. services and provide needed treatment to all children in foster care. CCR effectively eliminates the Rate Classification Level (RCL) system and implements the Short-Term Residential Treatment Program (STRTP) model while requiring interagency development of child-serving partnerships. It is currently in development, and Residential Treatment Centers are transitioning to STRTP status while Foster Family Agencies are converting to Resource Family Agencies, providing vitally needed services to our most at-risk youth. Through the Health Services budget, the initial County staff have been hired, and additional staff will be added over the year to bring the County staff level to approximately 22 FTEs for this initiative.

Through an interagency agreement and the reallocation of \$2,000,000 in Realignment funds from Employment and Human Services Department (EHSD) Protective Services, Behavioral Health will receive EHSD dollars as Medi-Cal match funding, and will be able to enhance existing Mental Health Services for children receiving services from EHSD - Children and Family Services (CFS) to support step down in placement care levels and/or to sustain children in family-based care. These funds can only be used for children who are receiving foster care and/or in-home services from EHSD-CFS or for children whose families are involved with Emergency Response and are referred for Mental Health Services by EHSD-CFS. EHSD funding will primarily support services that will be delivered through substantial contracting with provider agencies.

o. Presumptive Transfer: The State passed AB 1299, enacting an initiative to attempt to correct the issue of foster children who were placed out of their county of jurisdiction and were not receiving behavioral health services in a timely manner. AB 1299 allows the county of jurisdiction to transfer the responsibility for the provision of specialty mental health services to the county of residence. Policy and procedures are in development both at the state and local level.

p. Evidenced Based Practices: Children's Mental Health has instituted system wide training in several evidence-based practices (EBPs), including Cognitive Behavioral Therapy, Trauma-Focused Behavioral Therapy, Cognitive Therapy for Depression, Dialectic Behavioral Therapy, and Wraparound Services. Additionally, we have added an EBP for an eating disorders program and are in the early stages of development for that initiative. EBPs are being supported by placing EBP team leaders in each of the regional clinics with centralized training and ongoing supervision groups. Additionally, these teams are part of a Bay Area collaborative to promote trauma-focused care regionally.

q. First Hope: Continues to serve prodromal adolescents and young adults showing early signs of psychosis. Also referred to as the Clinical High Risk (CHR) program, the CHR

Health Services

Health and Human Services

program works with young individuals at risk for or experiencing very early symptoms of psychosis prior to a first psychotic episode. First Hope staff perform an extensive initial assessment to determine whether a young person is eligible for services whether in the CHR or First Break program.

r. First Break: Program works with young adults who have had a first psychotic episode within the past 18 months. The budget for the First Break Program has been finalized and it, along with First Hope, will be relocating to a new site. First Break has an approved list of positions and has located a new site pending approval of the transition.

2. Adult Services

Description: Provides services to consumers over 18 years old.

a. Crisis/Transitional/Supervised

Residential Care: Short-term crisis residential treatment for clients who can be managed in an unlocked, therapeutic group living setting and who need 24-hour supervision and structural treatment for up to 30 days to recover from an acute psychotic episode. This service can be used as a short-term hospital diversion program to reduce the length of hospital stays. This

service also includes 24-hour supervised residential care and semi-supervised independent living services to increase each client's ability to learn independent living skills and to transition ("graduate") from more restrictive levels of residential supervision to less restrictive (i.e., more independent) living arrangements, including board and care facilities.

b. Outpatient Clinic Treatment and Outreach Services: Provides scheduled outpatient clinic services, including psychiatric diagnostic assessment, medication, short-term individual and group therapy, rehabilitation, and collateral support services for seriously and persistently mentally ill (SPMI) clients and their families with acute and/or severe mental disorders. Also includes community outreach services not related to a registered clinic client.

c. Case Management Services: Case managers provide screening, assessment, evaluation, advocacy, placement and linkage services in a community support model. Case management is also provided through supportive housing services, as well as the clinics in West, East and Central County. County clinics include peer providers on case management teams.

d. Mental Health Homeless Outreach/ Advocacy Services: The homeless shelter in Antioch assists the homeless mentally ill to secure counseling, transportation, clothing, vocational training, financial/benefit counseling, and housing. Case management can be arranged through this program, if determined necessary.

e. Vocational Services: The Mental Health Division contracts with the California Department of Rehabilitation under a cooperative agreement with the State Department of Health Care Services to provide comprehensive vocational preparation and job placement assistance. Services include job search preparation, job referral, job coaching, benefits management, and employer relations. This is one of the only mental health collaborations providing services to individuals with co-occurring disorders in the state.

f. Consumer-Run Community Centers:

Centers in Pittsburg, Concord and San Pablo provide empowering self-help services based on the Recovery Vision, a concept that individuals can recover from severe mental disorders with peer support. The centers, which are consumer operated, provide one-to-one peer support, social and recreational activities, stress management, money management, and training and education in the Recovery Vision.

g. Substance Abuse and Mental Health for CalWORKs (SAMHWORKs):

Mental health and substance use disorder specialty services provided for CalWORKs participants who are referred by the Employment and Human Services Department to reduce barriers to employment. Services include outpatient services for mental health and substance use disorders plus supportive services for participants and their immediate family members.

h. The Behavioral Health Access Line: A call center serving as the entry point for mental health and substance use services across the county. The Access Line, staffed with licensed mental health clinicians and Alcohol and Drug counselors, operates 24 hours a day, seven days a week. The Access Line provides phone screenings, risk assessments, referrals, and resources to consumers seeking mental health or substance use services.

i. Forensics Mental Health Services: This unit is comprised of three areas of service delivery through Adult Felony Probation involvement (AB 109 and General Supervision), Court Ordered services, and co-responding with local law enforcement agencies (Mental Health Evaluation Team). Forensics clinicians are co-located at the Probation Department and Law Enforcement agencies for field-based outreach, mental health screening and linkage to the adult mental health system of care. The court-involved services include restoration for Incompetent to Stand Trial (IST) misdemeanor cases and the implementation of Assisted Outpatient Treatment (AOT), also known as Laura's Law. Forensics clinicians receive referrals to AOT from qualified requestors, complete an investigation to determine eligibility for AOT, make appropriate referrals to AOT

services for those who meet criteria and refer to other services for those who do not meet criteria. AOT has just completed its second year of implementation.

This unit is currently implementing two new programs:

1) The management and supervision of **CoCo LEAD Plus**, an innovative program funded by Proposition 47 intended to break the cycle of criminalization and repeated incarceration for people with co-occurring disorders in Antioch, CA. This three-year program will partner with the Antioch Police Department, the County Probation Department, the Health, Housing, and Homeless Services Division, and community based organizations.

2) The **Mobile Crisis Intervention Team** will go live in 2018 and provide 24/7 crisis intervention response to consumers experiencing mental health crisis. Mobile crisis teams will be interdisciplinary and will consist of a mental health clinician, a community support worker, and a family nurse practitioner who will provide assessment, brief crisis response, short-term triage, and emergency services to prevent acute psychiatric crises and subsequent hospitalization. The team will coordinate crisis response and 5150s with law enforcement, emergency services, and the fire department. The goal is to decrease 5150s, reduce PES visits, and refer consumers to appropriate services in their communities.

j. Rapid Access: Provide drop-in services at the mental health clinics to clients who have recently been admitted to and subsequently discharged from Psychiatric Inpatient Hospital Services, the CCRMC Crisis Stabilization Unit, or Detention. Provides needs assessments, short-term case management/therapy, referrals and linkage to appropriate services including medication assessments, individual therapy, group therapy, case management, Alcohol and Other Drugs (AOD) services, homeless services and financial counseling.

k. Older Adult Program: Provides mental health services to Contra Costa's seniors who are 60 years of age or older, including preventive care, linkage and outreach to under-

Health Services

Health and Human Services

served and/or at-risk communities. The Senior Peer Counseling Program reaches out to isolated and mildly depressed older adults (age 55-plus) in their home environments and refers them to appropriate community resources, as well as provides lay counseling in a culturally competent manner. The IMPACT Program uses an evidence-based practice that provides problem-solving short-term therapy for depression (moderate to severe) treatment to individuals aged 55 plus in a primary care setting. The Intensive Care Management Program provides mental health services to severely mentally ill older adults aged 60 plus in their home, the community, and within a clinical setting. There are three multi-disciplinary teams, one for each region of the county. Services include screening and assessment, medication management, and case management services including advocacy, placement, linkage and referral.

l. Transition Team: Provides short-term intensive case management services and linkage to ongoing services for severely and persistently mentally ill adults ages 18-59 who are in need of mental health services. Transition Team referrals come primarily from inpatient psychiatric hospitals, Psychiatric Emergency Services, homeless services, and occasionally from law enforcement. The consumers range from individuals who are experiencing their first psychiatric symptoms to those who have had long-term psychiatric disabilities, but have been unable or unwilling to accept mental health treatment on their own. The Transition Team provides these consumers with the additional support and guidance to successfully access these services and to stay in treatment. Once consumers are stable enough, Transition Team refers them to one of our Outpatient Mental Health Clinics for ongoing treatment and support.

m. Evidence Based Practice (EBPs): In 2017, the adult system of care implemented two EBP Models across all three regions of the Division. After a careful data-driven process examining who we serve and the appropriate effective evidence based treatment models that could serve our consumers, we chose ***Cognitive Behavioral Social Skills Training (CBSST)***, and ***Cognitive Behavioral***

Treatment for Psychosis (CBTP). EBP trainings included training for therapists, Alcohol and Other Drugs (AOD) staff, and peer providers, and were open to Homeless Services staff as well. Planning is underway to identify leadership to support the trainings and implement ongoing supervision of the practice of EBPs. Successful implementation of EBPs requires ongoing consultation and support to the staff putting the model into practice, and is best supported by EBP team leaders in each of the regional clinics with centralized training and ongoing supervision groups. The goal is to develop “train the trainer capacity” within the Adult System of Care, build a community of practice that supports professional growth and development, and provides quality ongoing training in best practices with an overall goal to improve outcomes. After careful studying and planning, several outcome measures were identified to use with EBP implementation: the Patient Health Questionnaire (PHQ9), the General Anxiety Disorder (GAD7), the Independent Living Skills Survey (ILSS) and the Recovery Assessment Scale (RAS). The use of these outcome measures will be implemented in 2018.

n. Augmented Board and Cares for Older Adult Mental Health Consumers: The Behavioral Health Division’s Adult System of Care has experienced an increase in older adult mental health consumers needing augmented housing that also provides special supports for activities of daily living and medical care as well as supports for their mental health needs. We plan to increase our bed capacity to add eighteen additional beds for older adult Behavioral Health consumers and are looking at expanding existing contracts and developing contracts with several local facilities that could provide the specialized care our older adults require as well as the support their mental health needs. Case management services would be provided by Older Adult Mental Health.

o. Trauma Informed Systems of Care: Behavioral Health's strategic plan identifies trauma informed care as a priority. Behavioral Health (BH) strives to deliver trauma informed care through the adoption of a strengths based framework for service provision, grounded in an understanding of and responsiveness to the

Health Services

Health and Human Services

impact of trauma on consumer behavioral health and recovery. BH Adult System of Care convenes a monthly "Trauma Informed Collaborative" to coordinate with system partners - Public Health, Employment and Human Services, primary care, and homeless services - on trauma-informed trainings and activities in their respective domains. BH will begin division-wide training for all staff in 2018 in the basics of stress and trauma and its impact on health and well-being.

6. Medi-Cal Psychiatric Inpatient/Outpatient Specialty Services (Managed Care)

Description: The Behavioral Health Division operates the County Mental Health Plan, a Managed Care Organization (MCO). The Behavioral Health Division provides Medi-Cal Psychiatric Inpatient and Outpatient Specialty Services through a network of providers. The Behavioral Health Division maintains a network of inpatient psychiatric care providers within Contra Costa County and throughout the Bay Area in order to meet the needs of our patients. The Behavioral Health Division also maintains a network of over 240 contracted outpatient providers who provide services to Medi-Cal beneficiaries. These outpatient services include individual therapy, group therapy, and medication management services for both children and adults who require Specialty Mental Health Services.

7. Mental Health Services Act/ Proposition 63

Description: Approved by California voters in November 2004, Proposition 63 imposes a 1% tax on incomes in excess of \$1 million and directs those collections to the provision of mental health services. The Mental Health Services Act (MHSA) has expanded mental health care programs for children, transition age youth, adults, and older adults. Services are client and family driven and include culturally and linguistically appropriate approaches to address the needs of underserved populations. They must include prevention and early intervention as well as innovative approaches to increasing access, improving outcomes and promoting integrated service delivery. The MHSA added Section 5891 to the Welfare & Institutions Code, which reads in part, "The funding established pursuant to this Act shall be utilized to expand mental health services. These funds shall not be used to supplant existing state or county funds utilized to provide mental health services".

The first yearly MHSA Program and Expenditure Plan for Community Services and Supports was approved by the Board of Supervisors and submitted to the State Department of Mental Health on December 22, 2005. The Prevention and Early Intervention component was added in 2009, and the remaining components of Innovation, Workforce Education and Training,

Health Services Health and Human Services

and Capital Facilities/Information Technology were added in FY 2010-11. Each subsequent year an annual update was approved, which included program refinements, program changes when indicated, and the development of new programs identified by a local stakeholder-driven community program planning process. Contra Costa integrated the five components into the MHSAs Three Year Program and Expenditure Plan for FYs 2014-17, and provided an annual plan update in FY 2015-16 and 2016-17.

The MHSAs Three Year Program and Expenditure Plan for FYs 2017-20 was approved and published in June 2017. FY 2018-19 is the first yearly plan update to this three-year plan, and proposes no new significant program additions or deletions for FY 2018-19. For the MHSAs Three Year Program and Expenditure Plan Update for FY 2018-19 (Three Year Plan Update), the required Community Program Planning process concludes with a 30-day public comment period and public hearing in May 2018. Responses to substantive stakeholder input will be incorporated in the final Three Year Plan Update that will be submitted for Board of Supervisors consideration on or after May 2018.

The projected FY 2018-19 MHSAs expenditures are described below.

Description: To reduce the incidence and prevalence of Substance Use Disorders (SUD) through prevention, intervention, diversion, treatment and recovery services. The Alcohol and Other Drugs service delivery model is based on a network of community based organizations and one county operated program which provide SUD prevention, diversion and treatment programs throughout Contra Costa County. On June 30, 2017, Alcohol and Other Drugs Services (AODS) received a contract from the Federal Centers for Medicare and Medicaid Services (CMS) for the implementation of the Drug Medi-Cal Organized Delivery System (DMC-ODS) Waiver Plan to provide a continuum of care for SUD treatment services to Medi-Cal beneficiaries modeled after the American Society of Addiction Medicine.

At the beginning of the FY 2017-18, Contra Costa County became the 5th county in the State that opted into the Waiver. To participate in the DMC-ODS Waiver the County was required to submit an implementation plan and a fiscal plan that were subsequently approved by the State Department of Health Care Services (DHCS) and CMS on November 2016. The DMC-ODS Waiver operates as a Prepaid Inpatient Hospital Plan requiring counties to provide greater administrative oversight, and implement utilization controls to improve care and maximize efficiency.

With only six months of operation, the DMC-ODS Waiver is a unique opportunity for counties to expand service capacity and the type and quality of available benefits for Medi-Cal beneficiaries who meet medical necessity for SUD. In Contra Costa, AODS is responsible for the implementation and management of the Organized Delivery System which is a comprehensive System of Care approach for providing SUD prevention, diversion, outpatient, intensive outpatient and residential treatment, case management, recovery support services as well as withdrawal management, and Medication Assisted Treatment (MAT) which includes Narcotic Treatment Programs (NTP). A vital function of the DMC-ODS is to provide timely access to a wide range of SUD treatment options to Contra Costa residents who are Medi-Cal eligible in different locations in Contra Costa.

Workload Indicator: The recommended FY 2018-2019 budget is based on an average caseload of 5,092 unduplicated clients served in treatment and 4,834 prevention participants.

Impact: Since the FY 2017-18 was year one of the DMC Waiver, the recommended budget maintains the current level of services relative to the start-up; however, we anticipate a continued expansion of service delivery during FY 2018-19. To that end, based on the assumption that services to Medi-Cal beneficiaries will increase, a gradual and slow increase in staffing levels is expected to occur, proportionate to the expansion of services in FY 2018-19. A key feature of Contra Costa's DMC Waiver is the expansion of services within existing Behavioral Health structures to further integration and leverage resources.

1. Prevention Services

Description: Prevention programs provide alcohol and other drugs education, drug-free activities, community-based initiatives, problem identification, and referrals for youth and adults. In partnership with community based providers, programs engage youth and community residents to reduce alcohol, marijuana and other drug availability and accessibility, and focus on changing the local conditions and social norms that contribute to AOD use, including unused and non-prescribed medications.

Prevention services are directed at individuals who have not been determined to require treatment of substance use disorders and incorporate Evidence Based Practices (EBP) across service delivery. In order to support and ensure model integrity, AODS Administration is able to access free technical assistance through the DHCS Substance Use Disorders Prevention branch. Ongoing training and monitoring ensure that programs maintain fidelity.

The DHCS require counties to develop a Prevention Strategic Plan for the implementation of SUD prevention services. In 2013, AODS engaged community residents throughout Contra Costa in a Stakeholder Community Needs Assessment to update the County's Five-Year AOD Prevention Strategic Plan, which formulated goals and objectives. The five-year

Health Services

Health and Human Services

period will sunset on June 30, 2018. Accordingly, the Strategic Plan update process started last October 2017, and is expected to culminate in April 2018 with a newly developed Prevention Strategic Plan that will cover the period of 2018-2023. Particular anticipated challenges for prevention services include the legalization of marijuana for recreational purposes in California as well as the impact of the opioid epidemic in Contra Costa, for which a few initiatives are currently in progress.

2. Access to Information, Screening and Referral to SUD Treatment

Description: Effective July 1, 2017 following the implementation of the DMC-ODS Waiver, the Behavioral Health Access Line became the single point of entry to access SUD services. Substance Abuse Counselors co-located at the Behavioral Health Access Line provide information, ASAM screening and referral to individuals in need of prevention, treatment and recovery services. Prior to admission into any SUD program, beneficiaries receive a face to face ASAM placement assessment to determine medical necessity and to ensure placement at the most appropriate level of care.

3. Outpatient and Intensive Outpatient Treatment

Description: Provides Outpatient Drug Free (ODF) or Level 1 and Intensive Outpatient Treatment (IOT) or Level 2 services for adults, youth/adolescents, pregnant women and family members with SUD. Structured programming services consisting primarily of ASAM placement assessment, individual and group counseling and education, case management, and recovery support services. Programs operate on a six-month treatment model and implement evidence based practices including: Matrix, Motivational Interviewing, Cognitive Behavioral Therapy, and Trauma Informed curriculum. The services provided through ODF and IOT are the same, the key difference consists of the number of hours a beneficiary must attend treatment. At the present time, all Outpatient service modalities are provided by community based organizations through a contract with AODS.

4. Residential Treatment and Withdrawal Management Services

Description: Residential Treatment or Level 3.1 means a non-institutional, 24-hour non-medical, short-term (up to 90-days with two non-continuous 90 days admissions within 365 calendar days), provides support for youth, men, women, women with their children (perinatal), and detoxification for adults. Beneficiaries receive ASAM placement assessment and structured, individual and group counseling, and education, case management and linkages to recovery support services. Withdrawal Management (WM 3.2) means social model, non-medical detoxification services that includes a set of interventions aimed at managing acute intoxication and withdrawal. As with other covered benefits under the Waiver, placement in residential treatment or is based on medical necessity.

Behavioral Health’s AODS contracts for L3.1 and L3.2 services for men and women, and directly operates Discovery House, a 40-bed residential facility for men.

5. Narcotic Treatment Program

Description: Contracted Narcotic Treatment Programs (NTP) includes outpatient methadone maintenance for the treatment of opioid disorders for adults, including pregnant women and persons at risk of HIV infection through injection drug use.

6. Special Services – Non-DMC Waiver

Description: Alcohol and Other Drugs Services administers several time-limited federal and state special initiatives and demonstration programs. Towards the end of 2016, DHCS ended a special contract provision that redirected discretionary funds to provide HIV testing and education to SUD beneficiaries. Since then, AODS collaborates with the County’s HIV/AIDS program to maintain services through existing available resources. Some of the programs include:

- a) **Adolescent Treatment:** Through limited discretionary funding, DHCS supports the development of culturally competent SUD treatment for young people.
- b) **SAMHWorks (CalWorks):** The program is a partnership between the Health Services Department and Employment and Human Services Department (EHSD) to provide an array of behavioral health services to CalWorks eligible participants with SUD to reduce barriers to employment. The clients are referred by EHSD.
- c) **Criminal Justice (AB 109) & County Diversion Programs (Driving Under the Influence (DUI) and PC1000):**
With AB 109 designed to largely reduce prison overcrowding, California transferred the responsibility for custody and supervision of certain convicted individuals with lower level offenses to counties.

Although DUI programming is self-paid through client fees, AODS is responsible for monitoring service delivery and performing ongoing audits to ensure adherence to DHCS regulations of all Diversion Programs which include Driving Under the Influence (DUI) and PC1000. AODS offers intakes and referrals in all County courts to all DUI programs.

7. Drug Medi-Cal Waiver System Support

Description: The AODS Administration has a state-mandated responsibility to provide oversight and management of all SUD Waiver treatment and recovery services and Non-Waiver SUD services including primary prevention. Functions include bi-annual on-site program monitoring, personnel administration, program planning and development, contract development and budget negotiation, development of policies and procedures, grant preparation, evaluation, interdivisional and system of care coordination.

FY 2017-18 will be the first year of the Waiver. Drug Medi-Cal operations require a higher level of accountability and oversight regulated by managed care standards. Service expansion for SUD covered benefits for counties that opted into the Waiver, is supported by federal and state funding requiring a 50% non-federal match. Revenues to support the program comprise of Realignment and Substance Abuse Prevention and Treatment Block Grant (SAPT-BG) funds.

As a new program, the Waiver is contingent to evaluation and External Quality Review Organization requirements to demonstrate the effectiveness and efficiency of this historical paradigm change. This category includes a conservative approach to the expansion of highly specialized functions within specific

Behavioral Health structures to maximize resources. For example: addition of staff to Utilization Review and Utilization Management; Quality Improvement, planning and evaluation, data management and information systems, etc.

Health and Human Services

Description: The Health Housing and Homeless Program (H3) has created a coordinated system of care that includes information and referral, multi-service centers that provide case management and support services, outreach to encampments, emergency shelter, transitional housing, and permanent supportive housing for adults, youth, and families. While the County program does not assume funding and management for all aspects of the continuum, it is the primary provider of emergency shelter for single adults, and the only shelter and transitional housing for transition-age youth. H3 administers the Supportive Housing Programs, including the Shelter Plus Care Program, and provides guidance and staff to the Contra Costa Council on Homelessness.

Workload Indicator: The requested FY 2018-19 budget is based on the provision of 80,665 annual shelter bed-days.

Impact: The recommended budget maintains the current level of services.

1. Administration

Description: Administration includes staffing, occupancy costs, costs incurred for the homeless advisory board activities, and costs associated with grant writing and consultation.

- a. Contra Costa Council on Homelessness:** The Council is staffed by H3 and is appointed by the Contra Costa County Board of Supervisors to assist and provide guidance in the development and implementation of long range planning and policy formulation of homeless issues in Contra Costa County.

2. Coordinated Entry System

Description: Coordinated Entry streamlines access to housing and services while addressing barriers, and getting the right resources to the right people at the right time. Coordinated entry focuses on three points of entry that are aimed to quickly identify, assess, and prioritize homeless individuals, youth, and families for appropriate housing and services.

- a. Homeless Services Information Line:** In partnership with the Contra Costa Crisis Center, the 211 information line connects homeless individuals to services throughout the coordinated entry system. Services include prevention/diversion screening and triage, referrals to CARE Centers, and linkages to the CORE outreach teams.

- b. Care Centers:** One of three entry points for the coordination entry system, where clients can access an array of services, including showers, food, case management, housing assessment and navigation services, substance use disorder services and benefits assistance. Coordinated Assessment Resource (CARE) Centers operated by local non-profit agencies, in partnership with the County, are located in West, Central, and East County.

c. Coordinated Outreach Referral and Engagement (CORE): Serves as an entry point into the coordinated entry system for unsheltered homeless persons. CORE outreach teams engage and stabilize homeless individuals living outside, and help facilitate connection to health and social services, as well as provide direct shelter placement and linkages to CARE Centers.

3. Interim Housing and Support Services

Description: Interim Housing and Support Services offers short-term shelter and support services, including referral and preparation for permanent housing and/or mental health and AOD detox and treatment services that allow for stabilization.

a. Adult Interim Housing Program: Consists of 24-hour shelter facilities in Richmond and Concord that focus on housing search assistance with case management and other wrap-around services including meals, laundry facilities, mail, and telephone services. The program has the combined capacity to serve 164 men and women, including specialized services for veterans.

b. Philip Dorn Respite Center: A twenty-six (26) bed shelter for homeless adults who are leaving the hospital and would otherwise be appropriate for discharge to their home, and have health care needs that cannot be met in the emergency shelter environment. This is a

collaborative project with Health Care for the Homeless and local hospitals.

4. Supportive Housing Programs

Description: Provides a variety of permanent housing options for homeless adults, families, and transition age youth with disabilities. All housing options come with supportive services aimed at assisting the resident in maintaining their housing.

a. Rental Assistance Program (formerly Shelter Plus Care): Provides housing subsidies to homeless persons with disabilities and provides support services. A collaborative effort with the Housing Authority of Contra Costa County, this program has the capacity to serve over 500 households.

Health Services

Health and Human Services

b. Destination Home: Provides 12 units of permanent supportive housing for chronically homeless, disabled individuals. Participants of the project receive a safe, permanent place to live as well as wrap-around services to help stabilize their lives. Case management assistance in enrolling in mainstream benefits and services, and access to peer support groups are all part of a larger continuum of services that allow individuals to work through many of the issues that led to their homelessness while simultaneously moving toward a more sustainable future.

c. Permanent Connections: Provides subsidized permanent housing linked to services for homeless youth with chronic mental illness, HIV/AIDS, or developmental or physical disabilities. Youth over the age of 18 receive wrap-around support services that assist them to not only maintain, but also thrive in their housing.

18-24. Youth-specific case management, vocational and educational services, health care, and substance abuse support services are provided at the center during the day.

b. Appian House - Transitional Housing for Youth: Provides longer-term housing and services for 18-24 year old homeless and/or emancipating foster care youth. This program provides transition-age youth with the support, guidance, and skill development over an 18 to 21-month period that will lead youth to viable employment and permanent housing options.

c. Pomona Apartments Independent Living Program: Provides longer-term housing and services for 18-24 year old youth experiencing homelessness and/or emancipating foster care. This program provides transition-age youth with the support, guidance, and skill development over a two-year period that will support them in their wellness and recovery and lead them to permanent housing.

Health and Human Services

Description: To promote, improve and protect the health of the residents of Contra Costa County with special attention to those who are most vulnerable to health problems and their consequences.

Workload Indicator: The recommended budget for the upcoming fiscal year is based on: reducing the rate of illegal tobacco sales to minors; over 27,000 clinic visits; pregnancy prevention education to over 8,000 teenagers, approximately 18,600 public health nursing visits to newborn babies and mothers, children and adults; outreach and education to over 13,000 residents and 600 community groups and businesses; over 582,000 meals served or delivered to seniors; approximately 8,000 childhood and adult immunizations and 1,000 flu vaccines to the community; 6,500 oral health assessments, and 1,200 sealants and fluoride varnish applications for children; 15,000 food vouchers monthly to low-income women and children; management and control of 77 active cases of tuberculosis in the community and 340 contacts in the community; investigating 7,400 reports of communicable disease received from health care providers and labs, including 45 outbreaks; receiving 200 animal bite reports; over 150,000 environmental and clinical tests performed; 1,536 case management appointments and home visits with high-risk pregnant women and babies, and 910 referrals and resources were provided to high-risk pregnant women and babies; support services for over 750 low-income HIV positive individuals, the provision of health screenings and follow-up care for over 200 refugees, asylees or victims of trafficking; and translation and interpreting services to all of CCHS, including over 108,000 medical interpretation encounters per year.

Impact: The recommended budget maintains the current level of services.

1. Public Health Support Services

Description: The Public Health Administration and Financial Management unit includes the Director, Administrator, and support staff. Specific functions are divided into budgeting, billing, accounting, purchasing, and contract management.

- a. **Developmental Disabilities Council of Contra Costa County:** The official planning, coordinating and advisory body to the Contra Costa County Board of Supervisors for individuals with developmental disabilities and their families. The 21-member Council works to develop and improve needed community services, while providing information about resources and taking a leadership role in planning, training and advocacy. In addition, the Council has been very active in responding to the increasing prevalence of autism and the importance of early detection/intervention, and developing strategies to increase access to health care for individuals with development disabilities. There are over 500 individuals, agencies, and organizations that make up the organizational membership of the Council. Represents a population of over 5,000 disabled individuals and their families from different economic, ethnic, cultural and linguistic backgrounds in Contra Costa County. The Council has served the citizens of the County for over 40 years and is staffed part-time.
- b. **Vital Registrations:** The Office of the Local Registrar (OLR) of Vital Registrations is a state-mandated function of local health departments. In 2017 the OLR was responsible for certifying and registering approximately 10,484 births, including 94 out of hospital births, 7,230 deaths and 51 fetal deaths occurring in the County; issuing 8,528 permits for the disposition of human remains; and providing 49,952 certified copies of birth and death certificates. The OLR also manages an automated electronic birth registration network system with terminals located in every birthing hospital in the County. Data obtained and compiled electronically from recent birth and death registrations is provided to department biostatisticians for epidemiological research, which is used by various County and community agencies for service planning. In addition, the office assisted with 44 Declaration of Paternity forms, and issued 105 Medical Marijuana ID cards. (Note the statistics for birth, death and fetal are for those records registered as of December 12,

2017, which is not the grand total for 2017 as some are not yet registered).

- c. *Epidemiology, Planning and Evaluation (EPE):*** Provides health assessment and evaluation support to Public Health, the Contra Costa Health Plan, the Office of the Director, and other projects of Contra Costa Health Services. It identifies and statistically analyzes useable versions of standardized databases, including birth, death, hospitalizations, and demographic data; summarizes this data in presentations, reports, tables, graphs and maps; works with the managers to collect and analyze information for their use in the development of federal, state, and foundation grant applications, program plans and required evaluations; and responds to hundreds of requests each year for health information about the County.

Communicable Diseases, STD, and HIV

- Support surveillance activities, including: active surveillance for HIV programs, partner notification for HIV, data entry, and TB surveillance.
- Regular and special analysis to calculate prevalence, rates, and demographic and geographic factors associated with disease.
- Support of clinical services including TB patient monitoring, HIV testing and linkage to care.
- Synthesis of data for reporting and analysis for trends over time.
- Support emergency preparedness drills and trainings.

Population Health Data

- Regular analysis of birth data, including: teen birth rates, infant mortality, prenatal care, demographic and geographic factors.
- Regular analysis of death data, including: leading causes of death, life expectancy, mortality rates, and demographic and geographic factors.
- Regular analysis of hospitalization and emergency department data (OSHPD), including: calculation of rates, Prevention Quality Indicators, disease

specific rates (in particular, asthma and diabetes), demographic and geographic factors.

Social Determinants of Health and Health Equity

- Regular analysis of demographic factors in the County at subgeographies and trend analysis (primarily from American Community Survey, US Census, and ESRI modeled data).
- Identification of vulnerable populations in the County using local demographic and environmental data.
- Maintain knowledge of and ability to use diverse data sets including Census, California Department of Education, Uniformed Crime Statistics, the Statewide Integrated Traffic Records System (SWITRS), and OSHPD data to identify needs and support health programs.

Program Planning and Evaluation for Health Programs

- Support health programs in developing logic models and program plans.
- Support grant writing, including data and help designing program structure.
- Create evaluation plans, tools, and training staff on evaluation activities.
- Design and implement qualitative evaluation tools, such as focus groups and interviews.
- Develop surveys using scannable software and support data collection activities.
- Support data sharing and adherence to funder requirements.
- Design and execution of evaluation reports for funders and other stakeholders.

Quality Improvement Work - Supports required Quality Improvement work in clinical settings for Public Health Clinic Services, Contra Costa EMS, Contra Costa Health Plan, and the Contra Costa Regional Medical Center, including:

- Design data collection tools implemented in the clinic setting.

Health Services

Health and Human Services

- Support program activities in existing clinical quality programs by providing analysis of encounter data.
 - Support in the design of evaluations and participation on improvement teams.
 - Facilitation of quality meetings, design of plans, workflows, tracking of data, and design of reporting analytics.
 - Analyze data to support program design and dissemination of information to partners.
- d. **The Reducing Health Disparities Unit:** Works in partnership with internal and external stakeholders to eliminate health disparities and build health equity for populations which have traditionally faced systemic barriers to achieving optimal health. Our programs include:
- **The African American Health Conductor and Promotoras Navigation Program:** In FY 2016-17 staff conducted: community and health center based outreach to 8,092 community residents to inform them about program services and to promote Medi-Cal and Food stamp enrollment; assisted 709 households with Medi-Cal enrollment, assisted over 2,504 households with linkage to community resource and hands on application assistance to other health and social benefit programs.
 - **The Reentry Health Program:** Provides assistance to the formerly incarcerated through three main program components which include: medical treatment through the Transition Medical Clinic (based at both the West County and Pittsburg Health Centers), the REMEDY support groups (at both the West County and Pittsburg Health Centers), and health navigation, resource linkage and health and social benefit application assistance. In FY 2016-17, 544 West and East County formerly incarcerated persons were provided health navigation support. The Transition Medical Clinics (West County and Pittsburg) provided 248 persons with medical treatment. Three hundred and nineteen persons attended the West County REMEDY and 183 persons attended the East County REMEDY support group sessions.
- **The Oncology Navigation Program:** Provides health navigation, resource linkage, health and social benefit application assistance, emotional and medical visit support to cancer patients. In FY 2016-17, 478 persons benefitted from these services.
 - **The Ambulatory Care Group Medical Visit Program:** Provides culturally relevant and appropriate diabetes, prenatal and pediatric obesity medical group visits. In 2016-17, the African American Health Conductors, Promotoras and Navigators co-facilitated 56 medical group visit series serving approximately 450 CCRMC health center patients. On average, the Diabetes Management patients who attended three or more sessions were successful in lowering their HBA1c levels by .75A1C point. Seventy percent of the We Can patients who attended three or more sessions either lowered or maintained their BMI percentile numbers.
 - **Program Enhancement:** In 2016-2017 all West County Promotoras and African American Conductors and Reentry Staff were trained on the Health Leads REACH software tool. The tool enables the user to screen clients for social needs, to track all actions taken on behalf of the patient, to utilize the tool resource database to link patients to appropriate resources and to track linkage success. A total of 1,092 West County patients were assisted with the Health Leads REACH tool with a 90% linkage success rate.
- e. **Violence Prevention Re-entry Efforts Program:** Staff work with CCHS divisions to monitor and respond to community violence and create a seamless pathway for individuals released from prison to a medical home. CCHS Reducing Health Disparities staff and Behavioral Health staff continue to work with the City of Richmond, County Emergency Medical Services, John Muir Hospital, Supervisors Gioia and Glover's

Health Services

Health and Human Services

Offices, and several key Community Based Organization (CBO) initiatives to make CCHS resources and expertise available to support these community-led efforts.

provider examination room or wherever patients access our health system.

- f. **Linguistic Access Services Program:** Provides medical interpretation and translation services to patients and clients of Contra Costa Health Services. The program includes the Refugee Health program and the Medical Interpreters who staff the Health Care Interpreter Network (HCIN). This language service is mandated by both state and federal law. The program currently has 24 qualified medical interpreters who speak more than 13 different languages and assist with interpretation for the more than 16,000 encounters that are initiated at CCRMC and Health Centers every month. This program also assists with interpretation for the CCHP network providers and the nation-wide Health Care Interpreter Network as well.
- g. **Refugee Health Program:** Serves people coming into the County from other countries who are refugees, asylees, and victims of trafficking. Refugee Health Program staff members are specifically trained to provide assistance to refugees and asylees in obtaining the required health care screening and follow up care at our hospital and health centers. The program works closely with Jewish Family and Children Services, the International Rescue Committee, and Catholic Charities in coordinating health, housing and social services for newly arriving residents. There are more than 300 refugees who settle in Contra Costa each year who qualify for this program.
- h. **Health Care Interpreter Network (HCIN):** Provides language assistance throughout Health Services for patients who prefer a language other than English or who are deaf or hearing impaired. This service incorporates network partners from throughout the state and nationally to ensure that meaningful communication between the patient and the health care provider is available at all times. Qualified medical interpreters provide interpretation through a telephone and video network directly into the

2. Senior Nutrition Program

Description: The Senior Nutrition Program provides hot nutritious daily meals to the elderly population in the County. Meals are provided in both the congregate (Senior Center) and home delivery (Meals on Wheels) models utilizing over 800 volunteers annually to deliver services. The program currently serves approximately 158,000 meals in a congregate setting and over 416,000 meals delivered to homebound elders annually. The primary funding source for the program comes from Federal Title IIIC-1 and Title IIIC-2 of the Older Americans Act. Program participant contributions and private sector fundraising also provide significant funding sources. In addition to elderly participants, approximately 2,700 meals are delivered to homebound AIDS/HIV clients annually through separate funding. The program also supplies over 10,200 meals annually to one adult day care provider.

3. Communicable Disease Prevention and Control/Health Emergency Response Unit

Description: These programs work to prevent and control the spread of communicable diseases through health education, vaccination, epidemiological surveillance and investigation, case management and laboratory testing. These programs also respond to media inquiries around communicable disease issues. Isolation and quarantine of persons with communicable disease, when necessary to protect the public, and assurance that persons in contact with a communicable disease receive prophylactic treatment are integral components of these programs. This unit responds to the public on issues of rabies control, working closely with the County Animal Services Department, and also investigates food-borne illnesses, collaborating with the Environmental Health Division. Consultation is provided to physicians, hospital infection control practitioners, residential facilities, workplaces, schools, child care centers, shelters and other community partners on the prevention and control of communicable diseases. Emphasis is placed on early identification and investigation of a communicable disease outbreak or trend, the prevention of transmission, identification of the source, and elimination of that source of disease to reduce the incidence of all communicable disease.

- a. **Disease Investigation and Control Unit:** Responds to lab and provider reports of 84 reportable diseases by investigating the reports, confirming the information, educating the person, providing prophylactic treatment so that the disease does not spread, and providing consultation to medical facilities and providers. As of December 1, 2017, the Disease Investigation and Control Unit received over 6,000 reports of communicable diseases. In addition, staff assisted with over 700 requests for Zika testing. Staff also investigated 42 outbreaks which occurred in a variety of settings including health care facilities, adult residential communities, public pools, restaurants, and schools. One of these outbreak investigations included a high-profile Thanksgiving meal that resulted in 3 deaths. Staff also handled 240 reports of animal bites, some of which needed investigation to ascertain rabies risk. Seventy-five rabies vaccination exemption requests were reviewed and replied to. Finally, staff responded to 46 reports of first responder occupational exposure to communicable diseases, providing consultation, and recommendations for appropriate post-exposure prophylaxis.
- b. **Health Emergency Response Unit:** Develops plans and procedures to respond to the health impacts of naturally occurring disasters such as earthquakes, communicable disease outbreaks such as Pandemic Flu, and bioterrorism caused by human action. Public information, risk communication, and internal and external communication with employees, the community, and the media are integrated into all aspects of response. This unit works closely with all areas of the Communicable Disease Control Program, the Public Health Lab, Environmental Health, Emergency Medical Services, the Office of Emergency Services, and the Hazardous Materials Program, as well as many other County departments and community partners. In addition, this unit provides staff support to the Department's Emergency Management Team, coordinates the annual revision of the Department's Emergency Operations Plan,

and represents CCHS in regional health emergency response planning activities.

- c. Immunization Program:** Provides immunization clinics for children and adults, consultation to health care providers, and technical assistance to schools, day care centers, and preschool programs to ensure compliance with California immunization laws. For example, recent legislation removed the personal belief exemption for students entering child care, kindergarten, and seventh grade in public and private schools. Only medical exemptions from a physician are permitted.

Additionally, the Immunization Program provides ongoing education and training for parents, providers, and the community about new vaccines and the importance of immunizations. Staff also encourages providers to participate in the California Immunization Registry (CAIR), a community-wide database of immunization records, and provides training and technical support to users of the registry. This program also conducts disease investigation into the occurrence of vaccine-preventable diseases (VPD), and conducts the perinatal hepatitis B program to prevent the development of chronic hepatitis B in infants. In 2017 (as of November 28, 2017), a total of 6,237 immunizations were given at Public Health clinics, including 475 flu vaccines and 925 Tdap (whooping cough booster) vaccines.

- d. Tuberculosis (TB) Control Program:** Provides Public Health Nurse (PHN) case management for people with active TB, their contacts, and others with TB infection but at high-risk for progression to TB disease. As of December 11, 2017, Contra Costa identified 56 newly diagnosed TB cases, and provided case management services to 95 people with active TB over the year. The PHNs provide home visits to monitor the health status of the patient and to assure proper and complete compliance with the medical regimen. Disease investigators work in concert with PHNs to assure compliance and deliver the TB medication to the patient on a daily or twice weekly basis, and made approximately 2,509 home

medication visits. In addition, contacts of an active case are interviewed, examined and placed on preventive therapy as necessary. Sometimes this is at large worksites, necessitating large clinics. As of December 11, 2017, 395 contacts were identified and investigated. Contra Costa continues to have TB cases, which requires careful monitoring and response to reported cases and prevention of further disease through contact investigation and treatment. TB patients frequently have chronic conditions such as diabetes, HIV, kidney failure requiring dialysis, or organ transplantation which complicates TB care.

- e. Public Health Laboratory:** Provides testing in the areas of bacteriology, parasitology, mycobacteriology, mycology, immunology and virology throughout the hospital, clinics and public health to support the health care system. Microbiological examinations of food and water are also provided in support of the Environmental Health and Communicable Disease programs. The lab also tests potential agents of bioterrorism such as white powders in coordination with the Hazardous Materials Program. The lab is both state and federally certified and is required to do certain testing as a reference laboratory in support of public health, such as testing for salmonella, TB, botulism, and is heavily involved in communicable disease outbreaks including the Norovirus. The lab takes part in the State's Respiratory Lab Network, and partners with the state's California Emerging Infection Program (CEIP) program for surveillance of the influenza virus by testing samples from clinics and hospitals in Contra Costa County. The Public Health Lab is one of the national labs participating in the FoodNet Retail Meats study. As of November 30, 2017, the Public Health Lab performed 145,080 clinical and environmental tests.

4. HIV/AIDS and STD Program

Description: The HIV/AIDS and Sexually Transmitted Disease (STD) Programs work to reduce the transmission of HIV and STDs by identifying cases and their sexual contacts, providing access to care, conducting monitoring and surveillance activities, and ensuring treatment of reported cases. Mobile HIV rapid testing is offered at fixed sites throughout the community, and technical assistance is provided to clinicians on methods to increase opt-out testing, a process to improve the number of individuals aware of their HIV status.

The HIV component also improves health outcomes for HIV positive individuals in Contra Costa through the provision of individual and community education and prevention services, home and clinic-based case management, clinic navigation support, and agency capacity building. Medical social workers assigned to the Positive Health Clinics provide medication adherence support, assist with appointments and financial coverage issues, offer referrals to community services, and certify eligibility for enrollment in the State AIDS Drug Assistance Program. Community planning services open to all interested parties provide an opportunity for consumers, providers, and others to offer recommendations for service delivery system improvements. A quality management program

reviews clinical records for consistency with national guidelines.

- a. **Sexually Transmitted Disease Program** works to reduce Sexually Transmitted Diseases (STDs) by identifying new cases of STDs and their sexual contacts and ensuring appropriate treatment of reported cases. In addition to supporting bi-weekly STD clinic operations, this program provides health education and risk reduction services as well as STD testing services in various venues throughout the County. The rate of chlamydia increased from 422.2/100,000 residents in 2015 to 462.5/100,000 in 2016. The rate of gonorrhea increased from 118.0/100,000 in 2015 to 139.8/100,000 in 2016. These diseases can cause serious health problems in young men and women, as well as in the newborn of an infected and untreated mother. In addition to chlamydia and gonorrhea, the STD program also follows people with syphilis and provides prevention education on 32 other STDs. The rate of primary syphilis remained 7.6/100,000 in 2016. The rate of primary and secondary syphilis among females was 2.1/100,000 in Contra Costa County in 2016. Although lower than the statewide female rate of 3.7, female syphilis cases remain a priority for follow-up and investigation since syphilis during pregnancy can lead to congenital syphilis among newborns if not properly treated. In addition to providing partner notification and follow-up, the STD team works closely with the HIV surveillance and prevention team to conduct targeted education and risk reduction calls to individuals at high risk for HIV, including linking them to PrEP, a daily pill that helps HIV negative people remain negative.
- b. **HIV/AIDS Program** reduces the transmission of HIV and improves health outcomes for HIV positive individuals in Contra Costa through the provision of individual and community education and prevention services, home and clinic-based case management, clinic navigation services, and clinical quality assurance activities and agency capacity building.

Health Services

Health and Human Services

Targeted rapid HIV test services support healthier behaviors by encouraging people of all ages and orientations to know their HIV status. HIV and Hepatitis C testing services are confidential and quick (results in about 20 minutes). Anonymous HIV testing is also offered every first Tuesday of the month at Todos Santos Park in Concord. The program also provides confidential and quick HIV and Hepatitis C testing in non-traditional sites such as soup kitchens, shelters, substance abuse agencies and parks, and reaches over 1,000 people per year who are not routinely seen in traditional medical venues. Partner services are available to assist with anonymous notification of partners of individuals who have tested positive for HIV or other STDs and encourage follow-up testing and linkage to care and treatment. The Program also offers help with Pre-Exposure Prophylaxis navigation services.

In calendar year 2016, the HIV/AIDS and STD program served 784 people with HIV or AIDS. Approximately 91 percent of those served were at or below 300% of the federal poverty level. One hundred and three individuals were newly enrolled in the program during the year. Services include nurse and community-based case management and clinic-based social work, benefits counseling and support for accessing health care coverage, outreach to individuals newly infected with HIV and those lost to care, medication adherence counseling and education, and enrollment in the AIDS Drug Assistance Program. Referrals are provided for food, medical nutrition therapy, transportation assistance, substance use and mental health counseling, home care services, oral healthcare, housing assistance and other emergency assistance. These services allow people to remain in their homes longer, reduce the utilization of emergency medical care, and decrease hospitalizations, thereby reducing health care costs by improving health status. The clinical quality management program monitors approximately 250 individuals at risk for poor health outcomes and provides support to

clinicians and patients through case conferencing and outreach support services.

Local planning efforts through the HIV/AIDS Consortium and other venues help identify highest risk populations for prevention and resources for services for people with HIV and AIDS. These efforts have expanded the community's ability and competency to serve people with HIV or at-risk for HIV.

Community and provider trainings include: an annual HIV and AIDS update for clinicians, cultural competency skills training, Partner Counseling and Referral Services, initiation of Rapid Anti-retroviral Therapy as a means to reduce community viral load, Hepatitis C among people with HIV, and other risk reduction seminars. The program collaborates with the Homeless System of Care, Alcohol and Other Drugs Services, and Public Health Clinic Services, as well as provides support to various Health Department programs to strengthen divisions serving similar populations.

5. Family, Maternal and Child Health Programs

Description: The Family, Maternal and Child Health (FMCH) Programs work in partnership and collaboratively with community members,

Health Services

Health and Human Services

County programs, and community organizations to provide support, resources, and services to eliminate health inequities and improve the quality of life for all children, youth, and families in Contra Costa County. Program staff focus their efforts on home visiting and case management with low-income, at-risk pregnant and parenting women, outreach and education for a range of County services; implementing community-based and community-driven projects; providing training and technical assistance to individuals, health care providers, and community groups on maternal and child health data, practice and policy issues; interfacing with other counties, local and national MCH programs, and policy makers; and data collection and analysis.

The following programs are part of the extensive network of safety-net services offered by the FMCH programs:

- a. ***Black Infant Health Program (BIH):*** Aims to improve African American infant and maternal health and decrease Black-White health disparities in perinatal outcomes. BIH provides group-based interventions designed to encourage empowerment and social support in the context of a life course perspective. Social service case management links clients with needed community and health-related services. BIH recognizes that women's health and health-related behaviors are shaped by medical and non-medical factors. The goal of the program is to address social determinants of health by providing services and information in a culturally relevant manner that respects client's beliefs and cultural values; while promoting overall health and wellness. Services are provided in West and East County.
- b. ***Children's Oral Health Program:*** Provides an array of oral health services including assessments, oral health education, fluoride varnish and dental sealants to over 12,000 children (ages 3-19 years) each year throughout the County. The Children's Oral Health Program reaches underserved and uninsured children and their parents, and provides necessary oral health screenings, assessments, treatment and referrals.

Services are provided at elementary schools, community centers, and homeless shelters. The program aims to educate pregnant and parenting women on oral health by collaborating with perinatal providers and home visitors.

- c. ***Comprehensive Perinatal Services Program (CPSP):*** Recruits and approves medical providers to participate in this prenatal care services program. CPSP performs quality assurance reviews, offers technical assistance, and provides education to providers to assist them in providing quality prenatal care services to low-income, at-risk pregnant women in the County. CPSP works closely with the managed care plans to assure a consistent standard of care among services delivered to low-income women.
- d. ***Fetal Infant Mortality Review (FIMR) Program:*** Links women and their families to bereavement support and inter-conception care services, including linkages to other social and health services. An interdisciplinary Case Review Team reviews fetal and infant deaths to identify contributing factors and make recommendations to address these factors.
- e. ***Lift Every Voice (LEV):*** Provides outreach and case management services to incarcerated pregnant women and teens prior to release from the County detention facility and juvenile hall to assure that newborns have a safe environment in which to live after delivery and are not placed in foster care. At the time of their release, LEV assists women with accessing Medi-Cal eligibility, prenatal care, and case management services, and links women with community resources and other home visiting programs for ongoing support. LEV is a unique public health approach to reaching hard-to-reach populations requiring a complex array of services and strategies to ensure that they are successful parents and make healthy and positive choices.
- f. ***Nurse-Family Partnership (NFP) Program:*** Evidence-based home visiting program in which ongoing services are

provided by a team of Public Health Nurses to low-income first time mothers during pregnancy through two years post-partum. Contra Costa is one of 17 counties receiving federal funding from the Maternal, Infant, and Early Childhood Home Visiting (MIECHV) Program, and is part of the California Home Visiting Program. The NFP Program has several goals, including achieving better pregnancy outcomes, improving the child's health and development, and helping the families become economically self-sufficient by working with parents to develop a vision for their future, plan subsequent pregnancies, continue their education, and find employment. Federal funding is expected through June 2019.

- g. Prenatal Care Guidance (PCG) Program:** Provides short-term home-based education and support services to over 150 Medi-Cal eligible women throughout Contra Costa County each year to promote early entry into prenatal care, ensure healthy birth outcomes, and reduce infant mortality and morbidity. Community Health Worker Specialists make appropriate and essential interventions and referrals.
- h. Healthy Families America (HFA) Program:** National evidence-based home visiting model designed to work with overburdened families who are at-risk for adverse childhood experiences with a focus on child abuse prevention. Community Health Worker Specialists trained in the core model element cultivate and strengthen nurturing parent-child relationships, promote healthy childhood growth and development, and enhance family functioning.
- i. Sudden Infant Death Syndrome (SIDS) Program:** State-mandated program that provides grief support services to families and caregivers who have had an infant die of SIDS. Services include crisis intervention, bereavement support, and education aimed toward alleviating the tragedy caused by SIDS. The SIDS program also conducts outreach and education to expand awareness about SIDS and promote risk reduction measures.

- j. Women, Infants, and Children (WIC) Special Supplemental Food Program:** Federally funded health and nutrition program for women who are pregnant, breastfeeding, or just had a baby, and children under 5 years old (including foster children) and infants in families with low to medium income (working families may qualify). The County's WIC Program currently serves more than 17,000 participants every month providing special checks to buy healthy foods from WIC-authorized vendors. WIC provides nutrition education and health information, breastfeeding support, and referrals to other community services to help families eat well and be healthy. The specific foods and nutrition provided to enrolled women and children result in longer pregnancies, fewer low birth weight babies, fewer fetal and infant deaths, and improved nutrition. This translates into enormous savings in healthcare dollars. The WIC Program has earned the reputation of being one of the most successful federally funded nutrition programs in the United States.

6. Public Health Clinic Services (PHCS)

Description: Provides staffing, administration and management for all clinical services provided under the Public Health Division. These clinics include Women's Health Clinics,

Health Services

Health and Human Services

Pediatric Clinics, Immunization Clinics, Sexually Transmitted Diseases Clinics, the Employee Occupational Health Program, and school-based clinics. Additionally, Health Care for the Homeless provides mobile clinics at 14 sites where homeless people congregate, and a respite clinic. A number of these clinic services are jointly operated with the Ambulatory Care Division. These programs are able to provide services to a large patient base as demonstrated below:

- Women's Health clinics – over 9,500 appointments available/year
- Pediatrics clinics – over 14,000 appointments available/year
- Immunizations and TB clinics – over 5,200 appointments available/year
- School-based clinics at 43 schools – over 16,300 medical appointments and 2,150 dental appointments available/year
- Employee Occupational Health Program – approximately 4,100 appointments available/year
- Sexually Transmitted Diseases Clinics – approximated 800 appointments available/year
- Health Care for the Homeless/Respite Clinic – over 20,000 visits annually (includes Respite clinic visits)
- Total clinic visits approximately 72,050.

This division also provides staffing and management for the Public Health Nursing program, (PHN).

a. Public Health Nursing Program: Provides services to populations of all ages in all areas of Contra Costa County. Public Health nurses visit clients in their homes and in their community. They provide direct nursing care, health education, comprehensive case management and supportive services to pregnant women, new moms and babies, children, and adults. Working with all entities in Contra Costa Health Services and with partners in the community, Public Health Nurses address the changing needs of the client on an ongoing basis, referring and linking individuals to the widest array of options for meeting the needs of the client to promote health, prevent disease disability

and premature death, and to assure clients gain access to needed medical, social, educational and other services. Over 19,000 home visits are made to clients annually.

b. Child Health and Disability Prevention (CHDP) Program: Provides the oversight and coordination of services for Medi-Cal eligible children 0-21 years of age, including foster children, to receive complete health assessments for the early detection and prevention of disease and disabilities. CHDP conducts provider recruitment, development, and quality assurance; outreach and education on how to acquire health coverage and how to access needed health services; and health education to schools, community residents, foster care facilities, other County programs serving children, and community-based organizations.

c. Whole Person Care Pilot Program: Community Connect will target Medi-Cal patients who are high-risk, high-utilizers of medical services and/or services across multiple delivery systems. This is an opportunity for CCHS to bring to scale efforts to implement large system change and redirect resources to address significant unmet needs of our patients through appropriate, streamlined, non-duplicative, and coordinated care that is prioritized to each patient. The program delivers services to address the social determinants of health that are leading to poor health outcomes. Services provided cannot be duplicative of services currently provided by the Medi-Cal program.

The program provides coordination of services through a three-pronged approach that includes integrated data systems, enhanced and coordinated case management touching 14,400 people in FY18-19, and a sobering center.

7. The Community Wellness and Prevention Program

Description: The primary goals of the Community Wellness and Prevention Program (CW&PP) are to examine the root causes of poor health, to support factors that promote community health, and to reduce risk factors that contribute to chronic diseases and injuries, the leading causes of death and disability in the United States.

CW&PP works in collaboration with cities, other County agencies and a diverse array of community and health system partners and stakeholders. CW&PP uses a spectrum of prevention strategies from education to organizational policy and system change to accomplish its goals.

- a. **Tobacco Prevention Program (TPP):** Works with community partners to reduce health disparities through tobacco prevention policy adoption and implementation. Specific issues of focus include reducing youth access to tobacco, tobacco influences in the community, and exposure to secondhand smoke among residents, workers and visitors. TPP works with Contra Costa cities to adopt and implement tobacco prevention policies to change community norms in order to facilitate behavior change and reduce

tobacco use and exposure to tobacco influences. This work has led to adoption of laws that protect residents from tobacco influences and secondhand smoke exposure in both outside areas and inside multi-unit housing, and has led to a decrease in the County smoking rate by more than 31% since 1990.

- b. **Nutrition & Physical Activity Promotion Program (NuPACT):** Partners with federal, state, and community partners to promote healthy eating, physical activity, and food security, with an emphasis and focus on communities with the greatest health disparities.

The prevention portfolios (Live, Learn, Shop, Work) enables the program to partner and subcontract with local community based organizations to promote synergistic interventions through a variety of settings such as schools, youth-serving organizations, seniors, retailers, and food distribution pantry outlets.

The program also partners with community organizations to offer nutrition education through a variety of settings such as schools, faith-based organizations, community events, farm stand/farmers markets, and other food retail outlets. Program staff provides nutrition education to approximately 12,000 adults and children every year.

The program supports policies and programs that reduces the overconsumption of unhealthy foods and beverages, increases opportunities for physical activity and enhances the built environment.

The program provides over \$250,000 in subcontracts to local school districts and community organizations to provide nutrition and physical activity education; assess opportunities for and implement organizational changes to improve the nutrition and physical activity environment and to develop leadership skills among youth to promote community conditions that support access to healthy food and physical activity. The program chairs and staffs the

Health Services

Health and Human Services

Families Coalition for Activity and Nutrition, provides leadership to the Healthy and Active Before 5 Initiative, Afterschool 4 All Collaborative, African American Health Collaborative, and serves on the Leadership Council of the Bay Area Nutrition and Physical Activity Coalition.

c. *Lead Poisoning Prevention Program*

(LPPP): Provides tiered intervention services to children with elevated blood lead levels and their families, as well as outreach and education to County residents, community-based organizations, agencies, and health care providers. Through its services, the number of children with elevated blood lead levels in the County has been steadily decreasing. The LPPP serves hundreds of children yearly, with approximately 200 children on its service list at any one time. LPPP services include: providing culturally and linguistically appropriate education to parents/caretakers about household and occupational sources of lead and making the home lead-safe; making referrals to connect the child and family to needed health services; providing public health nurse case management and home environmental investigation services, as indicated; educating and collaborating with health care providers; and providing lead education to County residents, individually and through collaboration with agencies and organizations.

d. *Injury Prevention and Physical Activity Promotional Projects (IPPP)*

(IPPP): Works with other County departments, cities, community groups and schools to reduce injuries and promote opportunities for everyday physical activity. The project focuses on educating children and adults about traffic, pedestrian and bicycle safety, and promoting best practices to create communities that are safer for walking and bicycling. Annual educational activities include: providing traffic and neighborhood safety presentations to over 2,000 youth and their parents, distributing bicycle helmets that are available to low-income children annually, and conducting over 100 elementary walking school buses and bike rodeos in neighborhoods. IPPP is currently

implementing a Safe Routes to School program in collaboration with school districts and the Public Works Department in communities throughout Contra Costa.

e. *The Healthy Communities Program:*

Works with a variety of partners including elected officials, County staff, city staff, community organizations, schools and residents. The program collaborates with these partners to improve health and quality of life for residents by reducing traffic injuries, improving access to nutritious foods, and improving park conditions. In the last five years, the program has helped cities bring in over \$1 million in transportation planning grants and over \$30 million in infrastructure grants to build bicycle lanes, fill sidewalk gaps, and improve pedestrian crossings. The program has also worked with cities and community groups to fund over \$1 million in park improvements. The program also provides assistance in promoting physical activity and access to healthy food. Program staff participate in the Planning and Integration Team for Community Health (PITCH), an interdepartmental collaboration between the Public Works Department, the Department of Conservation and Development, and the Health Services Department. Program staff also provide support to the Healthy and Livable Pittsburg Collaborative.

f. *Public Health Solutions Project:*

Offers training and experiential learning opportunities to introduce the concept of health equity and the field of public health to students at high schools in West Contra Costa, with a special emphasis on underrepresented minority students. The program also provides youth with internships in public health and community health settings. Annual project activities include: facilitating the Public Health Solutions curriculum, with at least 200 West Contra Costa Unified School District high school juniors across four high school health academies, to increase their knowledge of public health concepts and non-traditional health careers; and coordinating summer internships for a minimum of 35 select

students to gain valuable work experience in public and community health settings.

A. As a result of a settlement with Chevron, the County was granted \$500,000 to be used in the Underground Storage Tank Program. These funds are kept in a separate account in the General Fund for future use. In addition, \$34,092 is set aside in General Fund each year to be used for the purchase of a new vehicle by the Richmond Fire Department. This fund now totals \$375,012.

Description: Includes programs to minimize or eliminate disease transmission in a variety of consumer protection areas, to preserve the environmental quality of Contra Costa County, to preserve the health and safety of Contra Costa County residents, and to clean up toxic waste spills and identify responsible parties.

Workload Indicators: The recommended FY 2018-2019 budget is based on a monthly average of 336 hazardous material inspections and 1,323 consumer protection inspections.

Impact: The recommended budget maintains the current level of services.

1. Hazardous Materials Program

Description:

- a. **Emergency Response Program:** Provides an emergency response unit under the control of a Hazardous Materials Specialist 24 hours per day, seven days per week, for the identification and characterization of unknown substances and for risk assessment and oversight of hazardous materials spills and releases, mitigating releases and spills, and disposing of small quantities of hazardous wastes.
- b. **Hazardous Waste Generator Program:** Provides enforcement, education and consultation to over 2,420 hazardous waste generators for compliance with federal and state laws and regulations. Inspection activities assure a safe environment for Contra Costa workers and residents.
- c. **Hazardous Materials AB 2185 Program:** Performs review and dissemination of hazardous materials management plans and hazardous materials inventories for approximately 2,636 businesses, and inspection of businesses to ensure their compliance with their hazardous materials management plans and state and federal laws and regulations. The hazardous materials business plan information is made available to all of the fire departments and districts in Contra Costa County via the County's GIS maps.

- d. **Underground Tanks Program:** Performs inspection and permitting of approximately 1,006 underground tanks at 379 tank facilities in Contra Costa County to protect soil and groundwater from contamination by hazardous materials.
- e. **Above Ground Storage Tanks Program:** Ensures that facilities that have above ground storage of petroleum products follow their spill prevention containment and countermeasures plan by inspecting approximately 335 facilities that have this storage. This program protects the waters of the state.
- f. **Accidental Release Prevention (ARP):** Implements the California Accidental Release Prevention Program and the County's and Richmond's Industrial Safety Ordinances that requires regulated facilities to develop and implement a prevention program. Requires businesses to have an emergency response plan to respond to an incident and notify emergency responders and the public on protective actions to take.
- g. **Green Business Program:** Recognizes businesses that have good compliance and environmental practices by designating the business as a Green Business. The Green Business Program works with businesses in pollution prevention.
- h. **Clean Water Program:** Implements Public Works' clean water program for industrial sites in the unincorporated parts of the County. Selected sites are inspected to determine that these sites have good programs to ensure storm water runoff from the site is free of oil and other hazardous materials.

Health Services

Health and Human Services

Description: This program has responsibility for managing the financial affairs and daily support coordination of clients who are mentally ill, frail, elderly or otherwise deemed to be incapable of caring for themselves in these areas. It also acts as rep-payee for conserved clients whose cases are managed by the MH system. The Public Conservator is mandated by state law and the Public Guardian is responsible to the Board of Supervisors in the performance of these duties. Additionally, the program collects court-ordered conservatorship-related fees on behalf of other County departments.

The Conservator's Office operates under the Behavioral Health Division, and has three distinct core functions:

Probate Conservatorship: Generally initiated when a patient has no one else who is qualified and willing to act on his/her behalf to make medical/treatment decisions. Probate Conservators assist to ensure the patient's basic needs are met. These include: physical health, food, clothing, and shelter/housing. If a patient has an estate, the Probate Conservator helps to manage his/her financial resources and resist fraud or undue influence.

LPS Conservatorship: Specifically designed for a mentally ill patient who is deemed gravely disabled as a result of his/her mental illness. The LPS Conservatorship process starts while a patient is in an inpatient psychiatric unit and the patient's psychiatric treatment is required beyond the short term acute setting. Generally the attending psychiatrist at an acute in-patient unit files a temporary conservatorship (T-Con) before the expiration of a 5250. The Conservator's Office assigns a staff to process a T-Con investigation which includes gathering the patient's history/medical records, as well as a face-to-face interview. The assigned deputy conservator makes a final recommendation to the court after reviewing all records and completing his/her interview with the patient and family if there is identified family involvement.

Payee Services: As a Public Guardian entity recognized by the Social Security Administration, the Conservator's Office offers payee services to their conserved patients. The following are required duties:

- Determine the patient's needs and use his/her financial resources to meet those needs.
- Save any money left over in an interest bearing account.
- Report any changes or events which could affect the patient's eligibility for benefit.
- Keep all records of payments received and how a patient's funds were spent.
- Help the patient get medical/psychiatric treatment when needed.
- Assist a patient to access social services programs specific to the patient's needs.

Workload Indicators: The recommended FY 2018-19 budget is based on an average caseload of 900 clients per month.

Impact: The recommended budget maintains the current level of services.

Health and Human Services

Description: The California Children’s Services (CCS) Program arranges, directs, authorizes and pays for medical care, equipment and rehabilitation for children and young adults under 21 years of age with CCS eligible conditions whose families are unable to pay for all or part of their care. CCS currently provides case management and occupational and physical therapy for 4,163 Contra Costa children and youth with serious health care conditions. Twelve percent of these clients are covered by “Straight CCS”, 12% by Medi-Cal TLICP, and 76% by Medi-Cal Title XIX. Case management staff helps assure clients receive the appropriate pediatric specialty care. In collaboration with community physicians, Medical Therapy Program staff provides direct rehabilitation services at five public school sites in Contra Costa County.

Workload Indicators: The recommended budget for FY 2018-19 is based on a monthly average of 4,163 active cases, 864 of whom are in the MTU, and 198 new referrals each month.

Impact: The recommended budget maintains the current level of services.

Description: The Public Administrator protects and manages the estates of decedents and at-risk individuals who are unable to make decisions.

Within the Health Service Department, the Public Administrator program sits in the Health, Housing and Homeless Services Division and has duties distinct from the Public Guardian/Conservator program that sits within the Behavioral Health Division.

Health Services

Health and Human Services

The Public Administrator investigates and may administer the estates of persons who are residents of Contra Costa County at the time of death and have no will or appropriate person willing or able to administer their estate. Duties of the Public Administrator may include any or all of the following:

- Make appropriate arrangements for the interment of the deceased person
- Protect the decedent's property from waste, loss, or theft
- Conduct thorough investigations to discover all assets and debts
- Search for next-of-kin, or locate all persons entitled to inherit from the estate
- When appropriate, petition the court for appointment as administrator of the estate and follow through with all of the duties of probate as set forth in the California Probate Code
- Under some circumstances, the Public Administrator may also arrange for the interment of indigents.

The Public Administrator receives revenue from probate case fees paid by the estates they manage. The amount of these fees is established by the Probate Code and based on the value of each estate, pursuant to Cal. Prob. Code § 10800. In addition to statutory fees, the Court, upon request, may award the Public Administrator extraordinary fees for such extra work as selling real and personal property, petitioning for determination of heirship, litigation to collect assets, and defending actions against the estate and other similar matters (Cal. Prob. Code § 10801).

Workload Indicator: The recommended budget for FY 2018-19 is based on an average active caseload of 140 cases.

Impact: The recommended budget increases the current level of services and anticipates that the Public Administrator's office will generate about \$293,904 in estate fee revenue during FY 2018-19.

CAO's Recommendation

The 2018-19 Recommended Budget funds the General Fund programs within the Health Services Department at the baseline level.

The Health Services' Baseline request for General Fund departments includes an additional \$3.9 million in expenditures as compared to the FY 2017-18 adjusted budget, which is entirely offset by an anticipated \$4.2 million increase in revenues.

The 2018-19 Recommended budget for all programs and funding sources in the Health Services Department totals approximately \$1.8 billion. Of this amount, \$96.5 million, or 5.3% is County General Fund. The balance is funded by outside revenue, primarily state and federal revenue sources. The County General Fund contribution maintains a subsidy to the Contra Costa Community Health Plan Enterprise Fund III of approximately \$3.9 million and a reduced subsidy in FY 2018-19 to the medical center and clinics of approximately \$23.7 million. The CCHP community health plan FY 2018-19 budget includes a General Fund contribution of \$250,000 for the continuation of the CC CARES program.

For FY 2018-19, the Public Works and Health Services Departments have committed to improving the delivery of maintenance and construction services for the facilities in the County's hospital and clinics. In order to improve management and communication between the departments, especially in the area of prioritization of work, Health Services is adding a Chief of Plant Operations (Exempt) position. Both departments are also conducting ongoing discussions about the structure and staffing required to maintain the Health Services facilities at the needed levels for certification from the appropriate authorities. These interdepartmental discussions may lead to recommendations for structural or staffing changes in one, or both, departments in the future.

The Department budget includes continued partnerships with the Employment and Human Services Department for Continuum of Care

behavioral health services and Whole Person Care Pilot eligibility support services.

The Mental Health services FY 2018-19 budget includes a 3% cost of living for mental health community based organization contract providers. Additionally, the Department has budgeted the expansion of the West County Health Center in the FY 2018-19 budget.

Potential policy and fiscal changes as proposed by the federal administration, pose vast uncertainty for the Department; however, any significant impacts to the FY 2018-19 budget are unknown at this time. Should state and federal allocations impact the FY 2018-19 budget, the Department will return to the Board of Supervisors in the fall with a request for adjustments to the appropriations, as necessary.

The 2018-19 Recommended Budget maintains the current, baseline spending levels. Service levels may be adjusted depending on final budget actions at the state and federal levels.

Performance Measurement

The following outcomes represent a mid-year report of the progress made toward reaching the goals identified in the FY 2017-18 budget.

Hospital and Ambulatory Care Centers

Goal: Improve quality and safety measures as outlined in the PRIME, regulatory measures, and accreditation requirements.

Outcome: Successful in meeting all pay for performance PRIME targets and all potential funding for Demonstration Year 12 (2016-2017). The hospital continues to be fully accredited under the Joint Commission Hospital Accreditation program. Two CMS surveys (full and partial) were conducted during 2017. We were successful in submitting the Plans of Correction and we are currently awaiting CMS' response.

Goal: Continue to fully realize the 2015-2020 Strategic Plan with the ambitious goal of creating optimal health for all by working

Health Services

Health and Human Services

together with patients, staff, and the community. In the coming year we continue to work with staff to support the implementation of the Strategic Plan including the alignment of all improvement work with the strategy and building our improvement capability.

Outcome: Supported team and individual learning and skill acquisition through a variety of mechanisms, such as our internally developed Improvement Academy, fellowship program, and collaborative learning experiences as well as other avenues to meet community needs.

Goal: Continued advancement of Ambulatory Care Redesign (ACR) work which includes supporting ambulatory care improvement teams in meeting PRIME and other improvement targets in addition to the Advanced Access Model, the Patient Centered Health Home with expansion of alternative models of care.

Outcome: Patient Centered Health Home (PCHH) Model successfully spread to all health centers. Outcome measures for PCHH model continually monitored by ACR team to ensure greater patient access and to leverage appropriate organizational resources. All ambulatory care improvement teams met PRIME project targets in 2017.

Contra Costa Health Plan

Goal: CCHP Claims Unit will continue to reduce interest paid on late claims. We intend to reach this goal by training permanent staff positions that have been recently filled and by scheduling staff after hours as needed based on claim volume. Our Unit goal is to not only reduce interest, but reduce the use of overtime. This goal may be affected by an unforeseen increase in claim volume, claim unit projects, or the unplanned loss of trained existing staff.

Outcome: Our overall goal was met by reducing the total annual interest by approximately \$82k. Calendar year 2016 and 2017 total interest paid was \$514k and \$432k respectively. To meet the goal overtime is still used.

Goal: Provider Relations will increase the Community Network Primary Care Provider's by 5% to meet the increasing membership needs. This will be done by working collaboratively with three major medical groups that are now exclusive, to contract with CCHP to recruit PCP's new to the area.

Outcome: Goal met. Through recruiting and contracting with community primary care providers (PCP's), in addition to existing contracted groups who have hired new PCP's to provide care to our members, Provider Relations increased the number of community provider network PCP's by 8.9%.

Goal: Quality Management will put in place a workable structure for the department to include a medical data analyst, expand Disease Management and add personnel to manage the population health requirements.

Outcome: CCHP put into place a data analyst as well as creating and filling a position to build on disease management to create a population health management program in compliance with The National Committee for Quality Assurance (NCQA) standards.

Goal: Quality Management will clear up any deficiencies noted from NCQA Reaccreditation.

Outcome: Our accreditation level was raised to Commendable.

Goal: Quality Management will improve asthma care through introduction of an Asthma Action Plan in ccLink and the possible expansion of Disease Management to cover asthma diagnoses.

Outcome: CCHP's Quality unit completed our Asthma Performance Improvement Plan, but the provider tool and action plan are still not yet built due to limited availability of physician builders and other Contra Costa Regional Medical Center (CCRMC) priorities. This should be completed by the end of the 2017-18 fiscal year in cooperation with CCRMC.

Goal: Implement the DHCS All Patient Refined (APR) Diagnosis Related Groups (DRG) and Centers for Medicare and Medicaid Services

(CMS) DRG Fee Schedule. Acquire fee schedule pricing from 3M™ software that houses the APR DRG pricer. This complex pricing system currently is manually priced by outside vendor, DocuStream Inc. We will also purchase the 3M™ software for the vendor. This impact will reduce the amount we pay the vendor, and also give us control of APR DRG pricing of claims. In addition, we also will be able to do CMS DRG pricing.

Outcome: The DHCS All Patient Refined Diagnosis Related Groups (DRG) and Centers for Medicare and Medicaid Services (CMS) DRG Fee Schedule were implemented and currently 80% of the process is outsourced to our claims adjudicator vendor DocuStream.

The 3M™ fee schedule pricing software was purchased by our vendor, DocuStream, Inc., on our behalf. We intend to incorporate the software inside our electronic health record system (EPIC). In-sourcing will ensure improved control over the claims adjudication process and savings in vendor fees. In-sourcing will also strengthen our auditing program which will support the avoidance of potential regulatory findings from federal and state audits. Our in-sourcing effort is currently at 20% and we expect our end to end CCHP workflow for the APR/DRG pricing to be at 100% by the end of fourth quarter in 2018.

We have developed the training module for our claims examiners and will train 100% of our claims examiners by third quarter 2018, and continue with quarterly training, resulting in a more skilled team. Quarterly training will be our standard practice of ensuring top notch professional claims examiners.

Goal: Fill all vacant Permanent Advice Nurse and LVN positions. Add additional positions in order to meet the URAC call time standard. Hopefully the two additional contracted pay raises for RN's will assist in recruiting new nurses.

Outcome: The Advice Nurse unit filled two of the four permanent positions as well as adding and filling an additional full time LVN position. Recruitment remains ongoing.

Goal: Member Services and Advice Nurse Services will implement a new member call center phone system with changes to the workflow in order to decrease the abandonment rate and call answer time.

Outcome: Due to numerous implementation challenges with the new phone system, our abandonment and answer rate have not been reduced. However, most of the problems were resolved by January 2018 and Advice Nurse and Member Services will continue to monitor the outcomes.

Goal: CCHP Case Management division will clarify and focus definitions/criteria for our Case Management programs to ensure member needs are met with increased departmental efficiency.

Outcome: This goal has been partially met. The Case Management intake/triage pilot was finalized and is now operational. California Children's Services transitions pilot program was finalized. Roll out and training for additional Case Management programs will be complete by the end of first quarter 2018.

Goal: CCHP Case Management department will implement the expanded Non-Medical Transportation Benefit for all Medi-Cal members beginning July 2017.

Outcome: Program expansion and implementation has occurred. Program continues to outpace growth expectations and volume limits.

Goal: CCHP will advocate for continued coverage for our Medi-Cal Expansion population given our new federal administration threats.

Outcome: CCHP collaborated with data preparation by Local Health Plans of California on the improved health outcomes and decreases in avoidable emergency room visits with the ACA Medi-Cal Expansion members enrolled with CCHP and other non-profit Medi-Cal Health Plans in California. This data was shared with California legislature as well as Congressman DeSaulnier and other congressional representatives who assisted in the Democratic vote to prevent both the House

Health Services

Health and Human Services

and Senate repeal and replace bills during 2017. Therefore, this population of 56,000 CCHP members has retained their Medi-Cal coverage to date.

Goal: CCHP Pharmacy Unit will increase personnel, with the end goal of taking over all prior authorization (PA) business from the prescription benefits manager. Every attempt will be made to make the change fiscally neutral, while improving the effectiveness, accuracy, and workflow of the pharmacy PA process.

Outcome: CCHP Pharmacy Unit was able to recruit and hire an experienced clinical pharmacist during fourth quarter 2017. After fully training the new staff member and working through the logistics of transferring prior authorization function from our prescription benefits manager to the health plan, the operational change was implemented in December 2017. CCHP is now managing 100% of the clinical PA function for all members, which we anticipate will improve the timeliness and accuracy of all clinical decisions. Additionally, a preliminary cost analysis shows that this operational change has completely offset the cost of our new pharmacist, meaning that the personnel addition was cost neutral as planned.

Goal: In conjunction with all network providers and community coalition partners, CCHP pharmacy unit will substantially expand upon the CCHP opioid program. Expansion will be defined as improvements in community/member outreach, modification of PBM coding relative to drug limitations, increased involvement in community coalitions, and the creation of other outreach modalities or policies that promote a healthier understanding of the dangers of improper opiate utilization.

Outcome: Improvements to the CCHP opiate program during 2017 primarily came in the form of new or improved reporting tools. CCHP pharmacy unit has worked with IT to create new reports that improve our ability to spot aberrant opiate behavior (both from the member and provider level). Reports that were substantially improved or created in 2017 include the following: top 25 opiate prescriber report (a report that outlines the top 25 opiate prescribers in the CCHP network by total volume, number of

tablets, and number of total opiate prescriptions - this report is shared with clinical leadership, and is used to educate outlier providers) and improvements to all claims reports so that every report will now calculate a total morphine milligram equivalent (MME) dose if a member is on an opiate (to be used in the future to isolate members on high MME doses and trigger outreach). Coordination with the Case Management Unit has occurred to assist opiate users. Other improvements include preliminary steps to create an opiate/benzodiazepine co-prescribing report as well as improvements to the polypharmacy reporting program. This goal will be continued in 2018.

Mental Health

Goal: Increase access to community-based behavioral health services and primary care, and connect consumers to appropriate services.

Outcome: This goal is in progress. The implementation of the Electronic Health Record (ccLink) on September 26, 2017 helped to improve coordination of care between primary care and behavioral health providers. Phase II of ccLink Implementation in 2018 will include community-based providers. The timeline and scope for Phase II is yet to be determined. Additionally, the Mental Health ACCESS line became integrated with Alcohol and Other Drugs services in Summer 2017. The ACCESS line is now an integrated line, serving callers with both mental health and substance use needs. Callers are connected with appropriate mental health and substance use resources within the existing county-operated clinics as well as with community-based resources.

Goal: Increase coordination of care between system partners: behavioral health services, police department, primary care, public health, and homeless services.

Outcome: Goal is partially met and is an ongoing effort. Comprehensive Coordinated Care is priority number one in the BHS Strategic Plan 2017-2022. To support this priority, Adult System of Care continues to improve coordination of care between system partners; our Mental Health Evaluation Team (MHET)

teams partner with law enforcement; we are developing a Mobile Crisis Response Team which partners with law enforcement, homeless services, and emergency medical services; CoCo Lead Plus, our implementation of Proposition 47 is a collaborative partnership including law enforcement, homeless services, CBOs, and vocational services. Our Transition Team continues to provide intensive services to coordinate care for consumers exiting our hospitals with homeless services, primary care, and public health. The Adult System of Care has been coordinating with public health program "Community Connect" to support our complex needs consumers.

Goal: Decrease PES visits and hospital admissions by ensuring children and their family gain better access to comprehensive outpatient services in a least restrictive setting of treatment.

Outcome: Better access to comprehensive outpatient services resulted in a reduction of Children's hospitalizations last year.

Goal: Decrease hospital visits.

Outcome: Adult system of care will begin to implement a Mobile Crisis Response Team in an effort to support consumers experiencing mental health crises in the community, help them maintain in the community, and prevent 5150s.

Goal: Decrease police contacts.

Outcome: The MHET teams work to support consumers and families who have experienced an acute MH crisis and connect them to appropriate services in the community, thus, reducing emergencies and need for police contact. The Mobile Crisis Response Team of Adult System of Care intends to reduce police contacts and increase access to community services for consumers in need.

Goal: Reduce time to direct services.

Outcome: This is an ongoing goal. The Quality Management Program Coordinator works closely and in collaboration with the Business Intelligence Analytics Team to discuss current, future, and required data elements and how to facilitate the handling of additional requests.

With the transition to ccLink, the Division set out to inventory all data and reporting, prioritize according to those necessary to meet mandates, support day to day operations, and create optional and/or wish list of reports. Several outcome measures have been added to ccLink that the Division is currently using (e.g., LOCUS) or plans on using in the near future (e.g., PHQ-9, CANS) to better enable tracking of outcomes.

Goal: Move Medi-Cal consumers into the System of Care that was previously unknown to us to reduce hospitalization.

Outcome: Goal partially met. The Transition Team coordinates care for consumers needing intensive services who are entering our system for the first time in a variety of settings. Access coordinates with primary care to make appropriate referrals to Adult System of care for services.

Goal: Improve stability of foster home placements by reducing serial placement.

Outcome: Greater success is hoped for with the Continuum of Care framework to support stability and improved behavioral outcomes.

Goal: Reduce the use of Short-Term Residential Programs (STRTPs) to short-term treatment options.

Outcome: This remains a goal and is unchanged from last year.

Goal: Increase the care for foster children in family, home-like, settings.

Outcome: Continuum of Care Reform increases the use of Resource Family Homes which will provide the child with a less institutional and more family-like home.

Goal: The MHSA Community Program Planning Process in FY 2017-18 will focus on bringing opportunities for stakeholder participation to County communities and sub-populations determined to be underserved by the MHSA Three Year Plan quantitative needs assessment.

Health Services

Health and Human Services

Outcome: The MHA Community Program Planning Process was conducted in the communities of Richmond, Martinez and Brentwood during the time period September through December 2017. Approximately 300 stakeholders attended, discussed relevant mental health issues, prioritized needs, and suggested strategies to meet those needs. MHA-funded programs designed to serve communities and sub-populations determined to be underserved presented their services and networked with consumers, family members and other interested individuals.

Goal: Develop two new innovation component concepts into project proposals for Mental Health Services Oversight and Accountability Commission approval.

Outcome: Two new innovative project proposals: Cognitive Behavioral Social Skills Training (CBSST), and Center for Recovery and Empowerment (CORE), were developed with stakeholder participation and approved for implementation by the Mental Health Services Oversight and Accountability Commission in August of 2017.

Goal: Expand the Workforce Education and Training Component to address identified workforce staffing shortages in psychiatry and support of families of individuals experiencing serious mental illness (adults and older adults) or serious emotional disturbance (children and youth).

Outcome: A County-operated Loan Repayment Program was developed with stakeholder participation that will address workforce staffing shortages in psychiatry. A Volunteer Family Support Network Program was developed, also with stakeholder participation, that will provide support to family members and loved ones of consumers of Contra Costa Behavioral Health Services. These two new programs were approved for implementation in June 2017.

Goal: Better communication and coordination of care among health care providers.

Outcome: Goal met. The implementation of the Electronic Health Record (ccLink) on September 26, 2017 helped to improve

coordination of care between all providers within Contra Costa Health Services. Through the implementation of ccLink, we met one of the primary objectives of the projects, "One Patient, One Chart."

Goal: Reduce medication prescribing errors.

Outcome: Goal partially met. We have worked within the Division to improve our system. External pharmacies who serve our Division and their district managers have also come up with strategies to reduce the prescription errors.

As we started County-wide E-prescription in 2016-17, hand-writing and reading errors have reduced significantly.

We have also added a Dosing Alert / Interaction Alert as an additional feature to the E-Prescription system.

As we move toward an EHR, we have added a Clozapine button/tab for patients on Clozapine who require weekly/biweekly/monthly labs to give us access to the Risk Evaluation and Mitigation Strategy (REMS) site to check absolute neutrophil counts (ANC) and lab results. All doctors and nurses are registered on the REMS website as required by State law.

Goal: Improve data and tracking of outcomes.

Outcome: This is an ongoing goal. The Quality Management Program Coordinator works closely and in collaboration with the Business Intelligence Analytics Team to discuss current, future, and required data elements and how to facilitate the handling of additional requests. With the transition to ccLink, the Division set out to inventory all data and reporting, prioritize according to those necessary to meet mandates, support day to day operations, and create optional and/or wish list of reports. Several outcome measures have been added to ccLink that the Division is currently using (e.g., LOCUS) or plans on using in the near future (e.g., PHQ-9, CANS) to better enable tracking of outcomes.

Goal: Improve system efficiency over time.

Outcome: Goal fully met. Implementation of Electronic Health Record in September 2017 will

Health Services

Health and Human Services

serve to improve coordination of care and overall system efficiency.

Goal: To return the child to stability and to the community as soon as possible with appropriate supports. As part of a STRTP, these programs are intended to provide a high level of structure and predictability in the child consumer's day.

Outcome: This goal will continue as we move forward with the development of the Continuum of Care. This would include the use of Resource Family Homes and Therapeutic Foster Care in development for 2018.

Goal: To provide a wide array of outpatient Specialty Mental Health Services to consumers to restore functioning and return the child to greater success in the community, school and home. This service also assists in preventing the hospitalization of children and keeping kids in their community and home.

Outcome: Goal met. Children's hospitalizations are reduced this past year as well as youngsters being involved with the juvenile justice system overall and as first time offenders.

Goal: To provide short-term very intensive mental health services to children whose maladaptive behavior has been intractable in an outpatient Mental Health setting. Services are provided to enhance the child's ability to benefit from their education, stay out of trouble, and remain at home by monitoring and providing consultation and support to the mental health provider.

Outcome: There will be an expansion of service via Continuum of Care Reform in 2018 which should help to ameliorate this problem.

Goal: EPSDT is intended to provide a wide array of Specialty Mental Health Services to beneficiaries ages 0 to 21 years old who meet medical necessity criteria for service.

Outcome: Goal met.

Goal: Therapeutic Behavioral Services (TBS) provide intensive, time-limited, mental health service that focus on two or three targeted

behaviors that are preventing the child from progressing and placing the child's placement in jeopardy.

Outcome: Goal met.

Goal: To increase the utilization and penetration of Specialty Mental Health Services to children in foster care thereby providing greater stability in foster care.

Outcome: Goal met. Services to this target population have increased.

Goal: Mentally Ill Offender Crime Reduction (MIOCR) is designed to reduce recidivism in the juvenile justice population by ameliorating complex emotional and behavioral issues. It strives to provide needed services to maintain these youngsters in the community.

Outcome: This has been a successful intervention with the implementation of MST, FFT and MDFT best practices.

Goal: To use methods of treatment that can be standardized and thereby evaluated for efficacy and impact on the child's presenting issues. All are designed to improve specific functioning.

Outcome: We have implemented a number of best practices and are in the early stages of the development of an eating disorders program. Each best EBP has its own evaluation and outcomes measures which are then applied.

Goal: Regarding Evidence Based Practices, EBPs. The Adult System of Care will continue working on implementing two evidence based practices, Cognitive Behavioral Social Skills Training (CBSST) and Cognitive Behavioral Therapy for Psychosis (CBTp) across the adult system, in the three regional clinics, as well as specialty programs. Training will be provided to mental health clinical specialists, community support workers, mental health, substance use disorder, and homeless services staff. Following the two-day trainings, staff will participate in ongoing monthly consultation calls with the trainers and learn to implement these models to fidelity. Champions identified in the regional clinics will help with implementation and on-going consultation with staff. Identify possible

Health Services

Health and Human Services

leadership in the clinics to help build training infrastructure. Explore the possible implementation of an EBP case management model to implement in the adult system in 2017-18.

Outcome: Training goal fully met. The Adult System of Care implemented two EBPs: CBSST and CBTp. Both trainings included two-day trainings with regular follow-up consultation with the trainers; one year follow up with CBSST; six-month follow-up with CBTp. One hundred staff members, including MHCS and CSWs were trained in CBSST. Fifty MHCS were trained in CBTp. As a result, CBSST groups are being held in all the clinics across the Division and clinicians are providing evidence based treatment using the principles of CBTp with individual clients.

Leadership goal partially met. Champions have been identified in each program. One EBP Team Leader has been appointed. Exploring possibility of an EBP case management model to implement has been postponed. The decision has been to focus on getting these two models well established and staff practicing to fidelity.

Goal: Identify and pilot system-wide outcomes measures. This includes adopting system-wide standard outcome measures such as the Patient Health Questionnaire (PHQ) 9 and Generalized Anxiety Disorder (GAD) 7 as well as identifying and implementing the use of specific outcome measures in relation to the two Evidence Based Practice treatment models being implemented in the adult system.

Outcome: Goal fully met.

1. Pilot of PHQ9 and GAD7 to use as a standard system-wide outcome measure has started at East County Adult and Discovery House.
2. Two outcome measures to use as part of the implementation of the EBPs CBSST and CBTp were identified. They are: Independent Living Skills Survey for use with CBSST participants with pre-and post-scores; and the Recovery Assessment Scale to be used with consumers receiving CBTp Positive Practices treatment.

Goal: Expand the current Suicide Prevention treatment program that is located at Concord Adult Clinic to serve consumers in the East County Adult Clinic and at El Portal Regional Clinic. Currently this service is provided in the Concord Adult Clinic only. The goal is to have this offered to consumers in all three regional clinics. By increasing access to this service in the other two clinics, we hope to decrease use of crisis services, decrease suicide attempts, and decrease suicide.

Outcome: Goal fully met. A clinician has been identified who will provide a County-wide suicide prevention program in all three adult regional clinics.

Goal: Forensic Mental Health Services is a County-wide outreach team that engages criminal justice involved clients who are challenged by behavioral health issues. The goal is to continue engaging and linking clients to outpatient services to increase access and decrease utilization of crisis services.

Outcome: Goal fully met. Forensic Mental Health Services continues to serve criminal justice involved clients with behavioral health issues in a variety of programs: MHET, AOT, AB 109 referrals, and competency evaluations. The forensics team is also expanding service delivery to include two new programs: Mobile Response Team and COCO Lead Plus, Proposition 47 implementation.

Goal: Coordinating Levels of Care. An integrated behavioral health system supports consumers to navigate through higher and lower levels of care as their needs change over time. Mental health and substance use disorder staff are working to increase coordination of care in the adult system, in particular, coordinating levels of care. Adult system will conduct mapping of service levels and try to identify step down options for clients with improved outcomes.

Outcome: Goal partially met.

1. Behavioral Health Adult system conducted a mapping of service levels as well as studied LOCUS data in attempt to determine value

of use of LOCUS in identifying step down options for clients with improved outcomes.

2. Behavioral Health Adult system has also continued to work on improving the coordination of care between our consumers receiving services in our in-patient unit (4C) and connecting them to vital services in the community. This is a work in progress.

Goal: The Transition Team provides short-term intensive case management services to individuals needing extra support and linkages to multiple services. The goal with the Transition Team is to continue to coordinate and provide innovative care for these consumers as they make contact with many service entry points.

Outcome: Goal fully met. A clinician has been identified who will provide a County-wide suicide prevention program in all three adult regional clinics. The Transition Team continues to provide valuable necessary intensive case management services to individuals needing extra support and linkages to multiple services. They continue to coordinate and provide innovative care for consumers at multiple service entry points.

Alcohol and Other Drugs (AOD)

Goal: Prevention

1. Update the SUD County Strategic Prevention Plan scheduled to sunset in 2018. We will start the community stakeholder engagement process in early spring 2017 and complete the plan by December 2017.
2. Support local prevention initiatives aimed at raising awareness about prescription drug abuse misuse.
3. AOD will implement strategies to reduce access and the availability of marijuana among youth, particularly following the passage of Proposition 64.

Outcome:

1. The update of the Strategic Prevention Plan started in late spring 2017 with the community engagement process. At the end of June 2017, the Department of Health Care Services (DHCS) issued new guidelines for the development of Prevention Strategic Plans requiring counties to complete each of the six phases of the Substance Abuse and Mental Health Services Administration (SAMHSA) Strategic Prevention Framework (SPF).

In order to comply with the new guidelines our timelines had to be adjusted. We are currently on the fourth phase of the SPF and we anticipate that we will complete the last two phases by the end of March 2018. It is projected that the completion of the Prevention Strategic Plan will be by the middle of May 2018.

2. This goal will continue through FY 2018-19. We have made significant progress this year, but since opioid related overdoses continue in Contra Costa, a comprehensive approach is critical and necessary. Last year, we continued to support the work of the Medication Education and Disposal Safety (MEDS) coalition by dedicating prevention resources and attending all of the health fairs and activities intended to inform the community about the dangers of Prescription Drug Abuse & Misuse (PDAM). In March, the Board of Supervisors (BOS) declared March as Prescription Drug Abuse & Misuse Prevention month.
3. With the passage of Proposition 64, the County Board of Supervisors asked the Department of Conservation and Development (DCD) to prepare recommendations for the regulation of cannabis in unincorporated Contra Costa. Since then, DCD has convened several interdepartmental workgroups to obtain the input from other County departments that could be impacted by the legalization of recreational marijuana. AODS committed prevention resources for community engagement and mobilization throughout this process.

Health Services

Health and Human Services

Likewise, AODS has also worked closely with the Public Health Division to support the development of a health-related ordinance. At the end of 2017, the BOS requested that DCD conduct town hall meetings to obtain community input regarding the regulatory framework. AODS advocated for the implementation of a youth-specific town hall to ensure that young people have a voice pertaining the potential impact of the regulations or the implications of the legalization of marijuana. All of our school-based programs strengthened the curriculum to include marijuana prevention information for youth and parents. This goal will continue through FY 2018-19.

Goal: Organized Delivery System (ODS) Drug Medi-Cal (DMC) Waiver County Implementation Plan

1. Continue outreach efforts to increase DMC provider network capacity. In early 2017, we will conduct an RFI which will require existing providers to become DMC certified.
2. Support interdepartmental partnerships that seek to address the opioid crisis by increasing access to treatment, reducing unmet treatment need, reducing opioid overdose related deaths through the provision of prevention, treatment and recovery activities for opioid use disorders, including prescribed opioids as well as heroin.
3. Promote the Operation Standards for Recovery Residences also known as Sober Living to 1) Increase the safety of the community, 2) Support the integrity of properly operated houses, and 3) Further reduce stigma associated with individuals who suffer from SUD issues.

Outcome:

1. Goal met. We conducted an RFI in April 2017, which added three additional providers to the system of care. Up to the development of this report, 70% of providers are already Drug Medi-Cal certified.
2. This goal will continue through FY 2018-19. We have actively participated in the

interdivisional workgroup with the goal of developing a comprehensive strategy to address several key indicators including the number of prescriptions, number of overdoses, and access to treatment. In December 2017, we supported the submission of the Accelerator Grant application to request one VISTA volunteer who would support the MEDS coalition work. The grant award was received. Furthermore, last January, AOD took advantage of new DHCS regulations that allowed AOD programs to utilize Naloxone, also known as Narcan®, and provided training to all AOD program staff on the utilization of Narcan® to prevent overdoses. Through a partnership with the Public Health's AIDS program, we received 60 Narcan® spray kits, which were distributed following the training. We will continue to monitor data and to advocate for easy access to treatment through the implementation of the Drug Medi-Cal Waiver and the Hub & Spoke Grant that was received by the County's Narcotic Treatment Program (NTP). The Hub & Spoke Grant will provide additional buprenorphine treatment for individuals who are not Medi-Cal eligible, and who have a high co-pay that prevents access to treatment for opioid disorders.

3. This goal will continue through FY 2018-19. Advocacy for the implementation of Recovery Residences has become a goal of the Alcohol and Other Drugs Advisory Board. AOD will continue to monitor funding opportunities to ensure that clients who successfully complete treatment or who are actively involved in outpatient treatment benefit from the safety of properly operated sober living environments.

Health Housing and Homeless Programs

Housing and Services

Goal: Add more permanent supportive housing through various resources that provide rental vouchers and other support services.

Outcome: An additional 12 units of housing was funded in the homeless continuum of care for chronically homeless veterans. Units are

currently leasing, with full occupancy anticipated by March 2018.

Goal: Increase outreach and engagement efforts through the expansion of Coordinated Outreach Referral and Engagement (CORE) outreach teams.

Outcome: There were three CORE teams funded as Coordinated Entry beginning February 2017. To date, there are six CORE teams operational throughout Contra Costa County with a seventh team coming on-line by April 2018.

Goal: Add a Coordinated Assessment Resource (CARE) center in East Contra Costa County to increase homeless services in that area.

Outcome: A location has been identified in the City of Antioch and funding for tenant improvements has been secured. The project is expected to be completed August 2018.

Data/Evaluation

Goal: Launch the new Clarity homeless management information system (HMIS) in compliance with HUD's data and technical standards and 1115 waiver (Whole Person Care) data integration/warehouse needs by December 2017.

Outcome: Clarity was successfully brought on-line December 2017.

Goal: Develop Coordinated Entry system-wide metrics.

Outcome: Baseline data is currently being gathered for the first operating year of Coordinated Entry. Metrics will be set by July 2018 based on data gathered.

Policy/Planning/Systems Development

Goal: Fulfill our commitment as a Community Solutions Built for Zero participating community to end homelessness for veterans and chronically homeless in Contra Costa.

Outcome: Contra Costa continues to engage in the Built for Zero campaign. Staff have attended national trainings and participated in the learning communities offered by Community Solutions. To date, Contra Costa has decreased veteran homelessness by 47%.

Goal: Conduct a homeless Point in Time count (homeless census) to enumerate the number of men, women, and children living outside in encampment or in shelters and other temporary housing.

Outcome: A full count of persons sheltered and unsheltered in Contra Costa was conducted January 23-26, 2018.

Goal: By 2018, implement Phase II and III of the Coordinated Entry system that includes system-wide coordinated assessment and assignment of short and long-term housing for individuals experiencing homelessness.

Outcome: Phase II of Coordinated Entry that includes diversion services will launch February 2018.

Goal: Continue long-range planning efforts for the development of permanent supportive housing units located on the former Concord Naval Weapons Station base.

Outcome: Health Housing and Homeless Program, as a CNWS Homelessness Collaborative member, has participated in four meetings this program year to bring housing for individuals experiencing homelessness to the former Navy base.

Goal: Recruit to fill our vacant Council on Homelessness Advisory board seats by end of 2017.

Outcome: Candidates for open seats are being considered by the Council on Homelessness nominating committee January 2018. Selected candidates will be recommended to the Board of Supervisors for appointment to the Council on Homelessness by March 2018.

Health Services

Health and Human Services

Public Health

Goal: EPE Unit

Lay out a timeline for initiation of a comprehensive Community Health Assessment.

Outcome: A timeline for initiation of Comprehensive Community Health Assessment has been completed. Working in partnership with local hospitals and their Community Health Needs Assessment initiative we anticipate initiation of the community wide assessment to begin in the spring of 2018 and be completed in the spring of 2019.

Goal: Clinic Services

Initiate the delivery of services associated with the Whole Person Care Program.

Outcome: The Whole Person Care Program referred to as "Community Connect" has been fully implemented with 14,400 clients enrolled.

Goal: Clinic Services

Expand mobile dental clinic services at School Based Health Centers by bringing on line two new dental vans by the Fall of 2017.

Outcome: The two new dental vans were delivered in the fall of 2017 and are currently in the process of being licensed. Once the licensing process is completed, the vans will begin to provide dental services at designated sites throughout Contra Costa County.

Goal: MCAH

Work with CCRMC to outline a training curriculum on SIDS and associated Bereavement and Palliative Care.

Outcome: Collaborative work between MCAH and CCRMC staff resulted in training for perinatal staff in bereavement support for families suffering perinatal loss. Training was held in May 2017 and the goal will continue in next fiscal year with additional training offered to perinatal providers in March 2018.

Goal: MCAH/CWPP

Develop a 3-year violence prevention plan focused on youth ages 13-19.

Outcome: Due to limited capacity, the 3-year plan has yet to be developed. MCAH and CWPP, together with the Public Health EPE unit, will schedule a meeting in the spring of 2018 to identify the priority focus of work for this age group, and to assess organizational capacity to address the needs. Areas of focus to be considered include youth violence related to racism and discrimination, issues of boundaries associated with teen dating, and community concern with gang violence. Partnerships with EHSD and Juvenile Justice to be invited to encourage their participation in the needs assessment and plan development.

Goal: CWPP

Seek adoption of a revised tobacco control ordinance at the County level and two cities, including consideration control measures for multi-resident facilities.

Outcome: Responding to direction from the Board of Supervisors, CWPP's Tobacco Prevention Program worked with other county departments to develop ordinances to protect youth from tobacco influences in the retail environment through regulating sale of flavored tobacco products, requiring a minimum pack size for sale of cigars, and regulating the location of new tobacco retailers. Staff are currently providing two cities in the County with technical assistance on adoption of similar policies. The Department has also responded to direction from the Family and Human Services Committee of the Board of Supervisors to develop an ordinance to create 100% smokefree multi-unit housing which is expected to go to the full Board in early 2018 for consideration.

Goal: HIV/STD

Leverage "data to care" process to decrease re-transmission of HIV among high-risk groups by 10% by 2019.

Outcome: The new process resulted in a decrease of re-transmission of HIV from 14.4% to 6.8% in 2017.

Goal: Senior Nutrition

Provide 582,000 nutritious daily meals through the County Senior Nutrition Program Congregate Cafes and Meals on Wheels Program to 6,800 Contra Costa County Seniors.

Outcome: The Senior Nutrition Program provided 574,828 meals to 6,674 seniors during FY 2017-18.

California Children's Services

Goal: Work with the Contra Costa Health Plan to complete a work-flow map to improve the transition of youth who are aging out of CCS Services and transitioning in to Managed Care.

Outcome: CCS and CCHP convened and had two meetings with a joint Transition Taskforce. This goal will continue into next fiscal year.

Public Administrator

The Office of the Public Administrator closed 66 cases in FY 2016-17 and has closed 143 cases YTD (July 1, 2017 – January 22, 2018).

Environmental Health

Goal: Protect the waterways and groundwater of the County while incorporating new technology and new state requirements. Share draft of on-site wastewater treatment system (OWTS) ordinance and regulations with the public, take to the Board of Supervisors for approval and submit to the Regional Water Quality Control Boards. Incorporate new OWTS ordinance and regulations into current work practice including training staff.

Outcome:

- With County Counsel assistance, drafted OWTS ordinance and regulations which was presented to the Board of Supervisors in the spring of 2018.
- In calendar year 2017, processed, reviewed and inspected the construction of ten drinking water wells, nine irrigation wells, one piezometer with casing, nine cathodic protection, six dewatering, and 78 monitoring wells.

- In calendar year 2017, processed, reviewed and inspected the destruction of soil borings, cone penetration test (cpt) boreholes, and soil vapor probes at approximately 435 parcels, and 239 well destructions.
- In calendar year 2017, approved the plans and oversaw the construction of four conventional OWTS, four conventional replacement OWTS, 13 alternative OWTS, seven alternative system replacement OWTS, 31 septic tanks replacements, and 55 septic tank abandonments.
- Inspected and permitted 76 sewage pumper trucks that work for 22 permitted sewage pumper companies.
- Investigated 15 sewage leaks from lateral sewer lines and two OWTS reported leaks.
- Conducted 46 routine inspections of food facilities, dog kennels and horse stables in the unincorporated areas of the County, looking for adequacy of stormwater runoff control
- Followed up on 28 complaints of stormwater runoff in the unincorporated areas of the County.

Goal: Ensure that solid waste is properly treated and disposed. Obtain Board of Supervisor approval for a revised illegal hauler ordinance which is needed to reduce illegal dumping. Implement a permitting program for closed and abandoned landfills, recycling centers, and facilities operating under Enforcement Notification procedures as defined by the state oversight agency. Adjust tonnage fee and permit fees to cover costs of the program.

Outcome:

- Investigated 21 illegal transfer stations.
- Conducted monthly inspections at the permitted solid waste facilities in the LEA purview: two active landfills, five transfer stations, and one compost facility.

Health Services

Health and Human Services

- In 2017, investigated 138 complaints associated with one of the landfills and 26 complaints associated with the compost facility.
- Conducted quarterly inspections at the five closed landfills and eight active Enforcement Agency Notification sites in the LEA jurisdiction.
- Conducted annual inspections at four closed solid waste sites.
- In 2017, investigated 76 garbage complaints, 94 no garbage service complaints, 64 illegal dumpster complaints, and nine animal waste complaints.
- Conducted 455 routine inspections and 39 re-inspections of waste tire generators, and 10 routine inspections of waste tire facilities.
- Commented twice on the Report of Facility Information for the permitted composting facility in West County.
- Conducted 5-year permit reviews for the Acme Landfill and El Cerrito Recycling.
- Reviewed and rejected application for a registration site submitted by Georgia Pacific Gypsum LLC.
- Reviewed amendments to the Report of Facility Information for the Contra Costa Transfer Processing Station and the permit for the Central Processing Facility.
- Conducted required 12 annual inspections of large quantity medical generators. Conducted 156 inspections at small quantity medical waste generators.

Goal: Food Program - Improve food safety. Provide consistent and user-friendly information about retail food establishment inspection results. Field standardized new Food Team staff and non-Food Team staff to incorporate Federal Food Program Standardization. Inspect all food facilities one to three times per year based on risk. Obtain Board of Supervisor approval to begin a placard program at all food

facilities that reflects a risk-based inspection score.

Outcome:

- Conducted 5,793 unannounced, routine inspections, 365 re-inspections, 681 re-placard inspections, and 548 complaint inspections of retail fixed food facilities in 2017.
- Conducted inspections and permitted the cafeterias of 30 skilled nursing facilities, 6 hospitals, and 3-day adult health centers in 2017.
- Conducted 351 permitting inspections and 138 routine inspections of mobile food facilities and investigated complaints of 40 unpermitted food vendors in 2017.
- Conducted 82 inspections of food stands and farmers markets in 2017.
- Reviewed and approved the plans and inspected the construction of 142 new fixed food facilities and 71 food facility remodels in 2017.
- Permitted and inspected 17 cottage food operations Class B and registered 48 cottage food operations Class A in 2017.
- Conducted follow-up action to 50 state notifications of voluntary food recalls affecting 370 food facilities in the county in 2017.
- Reviewed and approved organizer applications for 372 special events with 2,066 temporary food facilities in 2017. Conducted inspections at 244 special events.
- Inspected and permitted 125 vending machines owned and operated by seven vending companies. (Applies only to those vending machines that sell food that is considered potentially hazardous because if not kept cold or hot it is a good host for the growth of pathogens).

- Conducted 52 Food Safety Refresher Trainings for food employees of facilities that get two consecutive yellow placards. Training is conducted weekly, alternating English, Spanish, English, Chinese, and providing simultaneous interpretation in Thai and Korean when needed. Periodically, a training is taught in Vietnamese. Japanese, Mongolian, Portuguese, and Tagalog learners are provided the translated PowerPoint presentation and may attend any of the other language classes. Most training sessions were taught to the maximum number of 30 trainees.
- Compliance conferences are being conducted with Consumer Protection managers and operators receiving a third consecutive yellow placard. The outcome of the compliance is a signed agreement outlining measurable steps that the food facility operator needs to implement aimed at improved food handling practices.
- Conducted five food borne illness outbreak investigations (when a food borne illness from the same facility is reported from two separate households).
- Developed Food Donation web pages within the health services website.

Goal: Outreach - Improve EH enforcement outcomes and promote EH services via an effective and comprehensive outreach effort. Carry out all annual activities as defined in the EH Outreach Plan, carry out all one-time activities as defined in the calendar year outreach plan, develop and implement a tracking system of the outreach efforts, review content on website annually to ensure the most up-to-date material and valid links are available.

Outcome:

- Wrote and sent the annual letter to city managers and chambers of commerce and emphasized that any event that is advertised to the public requires the organizer to get a temporary food facility permit.
- Sent a letter to more than 600 faith-based organizations informing them about the

importance of food safety when serving food at a public event, and the need to get a temporary food facility permit.

- Recreational health website was revamped to make much more user friendly.
- Participated in career fairs at four state universities.
- Taught classes about environmental health and food safety in culinary art classes in high schools.
- Provided food safety training at the adult schools in Richmond, Concord, Martinez and Pittsburg.

Goal: Collaboration - Improve programs locally via active participation and leadership of environmental health collaborations in venues including the California Conference of Directors of Environmental Health regional and policy committees and associated Technical Advisory committees, roundtables, and workshops bringing local jurisdictions together to create cross collaboration.

Outcome:

- All the managers except one are members of the CCCDEH and participate on policy committees.
- The Director of EH is currently serving as the president-elect of CCDEH. A manager currently serves on the California Retail Food Safety Coalition.
- One of our veteran staff is serving on the Bay Area Food Technical Advisory Committee.
- The manager who started a greater Bay Area roundtable for plan review continues to co-lead this very active group.
- The Solid Waste Team continues to participate in the CalRecycle Roundtables.
- A manager and staff participate on the Body Art Technical Advisory Committee.

Health and Human Services

Goal: Efficiently process, with primary concern for public safety, new plans for food facilities and public pools. Evaluate new tracking mechanism to see if less denials occur, lessening the amount of time between initial submittal and approval of the plans. Evaluate adequacy of new fees to cover the costs of the program.

Outcome:

- Reviewed and approved the plans and inspected the construction of 142 new fixed food facilities and 71 food facility remodels in 2017.
- Reviewed and approved the plans and inspected the construction of nine new public pools/spas and 53 pool/spa remodels or equipment changes in 2017.

Goal: Increase health and safety for users of pools, including spray grounds and water features. Train staff on and incorporate new pool operation state regulations contained within Title 22. Input routine inspection results into revised report on tablet either in the field or in the office.

Outcome:

- Conducted 1,318 routine inspections of seasonal pools, 354 routine inspections of year round pools, 108 re-inspections, and 326 re-openings of pools closed for major violations in 2017.
- Reviewed and approved the plans and inspected the construction of nine new public pools/spas and 53 pool/spa remodels or equipment changes in 2017.
- Provided four pool operator trainings for 90 attendees.
- Conducted seven rounds of sampling of Discovery Bay water starting in June due to blue green algae concerns. Also responded to 34 complaints of blue green algae in Discovery Bay water. Based on cyanotoxin testing results, posted no entry notices for humans or pets at Discovery Bay and conducted extensive outreach about the public health concerns.

Goal: Increase knowledge of small water system owners/operators about critical issues of

regulatory oversight, and increase the number of small water system owners who can provide system information directly to the state through a web interface.

Outcome:

- Issued updated one permit, conducted 10-year reviews of four systems, and amended the permit for three small water systems in FY 2017-18.
- Issued enforcement actions to a small water system which had water quality violations in 2017-2018.
- Conducted 27 sanitary surveys of small water systems.

Goal: Increase safety for customers of tattoo and body artists. Inspect fixed facilities at a minimum once a year, and if necessary, inspect any temporary events with tattoo and body artists. Actively pursue and bring into compliance any illegally operating body art facilities and artists.

Outcome:

- Thirty-one body art facilities were inspected, and 245 body artist registrations were active in 2017.
- Permitted and inspected one temporary body art facility in 2017.
- Processed 30 new body art facility applications in 2017.

Goal: Increase efficiency of office processes. Continue process of scanning historic documents to move from paper to paperless, move from paper inspection and desktop to tablet based field operations, incorporate web-based payment for services, conduct efficiency studies of work practices especially related to customer service and EH interface with the Finance Division.

Outcome:

- Finished scanning and inputting into the electronic storage database the Code Enforcement, Mobile Food, Temp Food Events, Cottage Food Operations Jails and

Detention Facilities, Farmers Markets, Waste Tire, Medical Waste and Public Pool historical files, and keeping current with new files.

- Tablets are used for routine inspection of fixed food facilities, pools and spas, waste tire, storm water, and complaint investigations.
- Complaint and food and pool facility evaluations are processed from the front desk, to the supervisor, to the inspection, back to the supervisor, and then to clerical staff and Finance without the use of paper.
- Processing of catering permits and inspections are now tracked electronically, and inspected using an electronic official inspection report.
- Plan reviews for food, pool, and body art facilities are now electronically tracked, inspections are conducted using an electronic inspection checklist, allowing the issuance of the permit to operate within five working days after the approval of the construction inspections. Website also provides information for applicants so they know where their project is in the plan review process.
- Time off requests and overtime approvals are now completed and tracked electronically.
- Massage parlor inspections are tracked and completed through EC.
- Food and pool facility evaluation processes needed when there is a change of ownership have been streamlined to provide the official permit to operate when the client comes in five days after the approval of the facility evaluation. It used to take a maximum of 30 days for the applicant to receive their official permit to operate.
- Special events processing and inspector assignments are now tracked electronically.

Goal: Optimize the organizational structure of the division. Complete several personnel actions

and job classification expansions so as to meet the current and future program management, field and office staffing, and supervision needs.

Outcome: Goal is in progress. Department revisions to job classification proposals are under review.

Goal: Be prepared to provide excellent EH emergency response, provide two trainings for on-call response, evaluate responsiveness of on-call inspectors, actively participate in County and departmental emergency preparedness teams and training, and actively participate in at least one disaster drill.

Outcome:

- Conducted quarterly drills with EH staff.
- Actively participated in the department's Emergency Management Team quarterly meetings and the planning group for that team.
- Two division managers are part of the Emergency Operations Center Medical Health Branch.
- Director serves as one of three Operations Chiefs for the Departments Operation Center.
- Division was activated, management and staff participated in the department and County operations centers as part of the response to the Sonoma, Napa and Lake County fires.
- Three EH staff volunteered to spend three weeks assisting with the debris removal and recovery efforts by Sonoma County.

Additional outcomes in other program areas:

- Inspect and approve for business 15 massage parlors in the cities of San Ramon and Walnut Creek.
- Inspected and submitted required reports to the state at four Superior Court holding cells and four county detention facilities.
- Inspected one organized camp.

Health Services

Health and Human Services

- Implemented the pharmaceutical takeback ordinance development.
- Reviewed and commented on 92 land use documents from the 19 cities and unincorporated area planning departments.

Hazardous Materials

Goal: California Accidental Release Prevention Program: Complete 12 California Accidental Release Prevention Program audits for FY 2017-18.

Outcome: Eight inspections have been performed for FY 2017-18.

Goal: Unannounced Inspections: Perform 10 unannounced inspections during FY 2017-18.

Outcome: Five unannounced inspections have been performed in FY 2017-18.

Goal: Aboveground Petroleum Storage Act Program: Inspect approximately 112 facilities that are covered by this program during FY 2017-18.

Outcome: 102 Aboveground Petroleum Storage Act Program inspections were performed in FY 2017-18.

Goal: Incident Response Program: Our goal is to improve the response time to an average of half an hour or less. The programs are buying vehicles that will be used to respond directly to an incident using Code 3. This will allow at least three people on call to be able to respond from their home with some equipment without having to go to the office. This will allow the team to determine the severity of the incident and relay any additional needs to the team.

Outcome: All incidents were responded to within one hour and all were mitigated without incident to date.

Goal: Hazardous Materials Business Plan Program: Complete approximately 37.5% of all of the facility inspections during FY 2017-18 that are subject to the program, or approximately 952

facility inspections. The goal is to ensure that all Hazardous Materials Businesses will have been inspected within the last three years.

Outcome: 703 Hazardous Materials Business Plan Program inspections were performed in FY 2017-18.

Goal: Hazardous Waste Generator Program: Complete 37.5% of all of the facility inspections during FY 2017-18 that are subject to the program, or approximately 838 facility inspections. The goal is to ensure that all facilities that generate hazardous materials will have been inspected within the last three years.

Outcome: 681 Hazardous Waste Generator inspections were performed in FY 2017-18.

Goal: Underground Storage Tank Program: Complete an inspection of all underground storage tank facilities in FY 2017-18. Approximately 383 facilities are subject to the underground storage tank regulations.

Outcome: 356 Underground Storage Tank Program inspections were performed in FY 2017-18.

Detention Facilities Programs

Goal: Enhance and develop new ccLink reporting functions.

Outcome: Critical operational reports identified and created.

Goal: Develop and formalize a process for identifying “Incompetent to Stand Trial” (IST) patients that are incarcerated in the County’s adult detention facilities.

Outcome: Process developed to identify IST patients that are incarcerated in the County’s adult detention facilities. Information distributed weekly to Detention Health and Custody leadership.

Goal: Review current Detention Health Services operational workflows using the Lean Management Principles and Model for Improvement to develop standard work to

provide better patient-centered care and outcomes.

Outcome: Current state and future vision for care provided in Detention facilities was developed during Value Stream Mapping event in August 2017. Five additional week-long rapid improvement events have addressed key areas for improvement including intake, emergent mental health, and specialty care.

Goal: Develop educational standards and training curriculum for Detention Health Services staff. Systematically evaluate the quality and effectiveness of professional nursing, mental health and ancillary health care staff practices. Identify, design, and develop training activities for Detention Health Services staff.

Outcome: Nursing education program/training curriculum was developed for 2017, which outlined training courses given at Detention to address key learning improvement areas for staff. Courses were given and nursing and other staff attended from all the facilities.

EMS

Goal: Update the County ambulance ordinance.

Outcome: The Ordinance continues to be reviewed at the County Counsel level and is anticipated to go to the Board of Supervisors for approval by the end of 2018.

Goal: Alliance Emergency Ambulance contract performance management.

Outcome: This requires ongoing active management and with staged deliverables throughout the term of the contract. The management includes ongoing initiatives that are designed to benefit the EMS System as a whole. This requires continuing to assure clinical and operational area performance requirements.

Goal: Pursue the prehospital electronic patient care health care information exchange.

Outcome: The EMS Agency intends to apply for the Centers for Medicare (CMS) prehospital

electronic patient care health care exchange grant. The EMS Agency is in the process of upgrading and enhancing the EMS System prehospital data systems to be capable of supporting bi-directional information with hospitals.

Goal: Support health care coalition medical health partner emergency preparedness and MHOAC (Medical Health Operating Area Coordinator) programs associated with the CMS Emergency Preparedness Rule and Assistant Secretary for Preparedness and Response Hospital Preparedness and Public Health Emergency Preparedness Program.

Outcome: The EMS Agency is responsible for coordinating the medical health operating area resources in event of any emergency impacts the EMS or medical health care system.

Goal: Implement a new program of paramedic intra-facility transport.

Outcome: The Alliance Advance Life Support (ALS) paramedic intra-facility transport program is going through the approval process and is anticipated to be available by March 2018.

Goal: Expand first medical response skills with law and fire-EMS partners.

Outcome: The EMS Agency is working with local fire, law enforcement, behavioral health, public health and homeless programs to support the mobile crisis team activities and new restoration center.

Goal: Update of the County EMS multi-casualty incident plan.

Outcome: The EMS Agency has been working with EMS System stakeholders, Fire, Dispatch, Hospitals, Senior Nursing Facilities and Non-emergency ambulance providers evaluating current capabilities prior to a formal update of the MCI plan. The MCI plan is a living document and has been initially updated to reflect current processes and procedures as part of our Emergency Preparedness Program. This is an ongoing initiative to enhance emergency response and preparedness in the EMS System between stakeholders. Stakeholders will be

Health Services

Health and Human Services

trained on the updated plan prior to the end of 2018.

Goal: Establish Emergency Department Approved for Pediatrics program as part of the County EMS for Children Program.

Outcome: State regulation approval delays have impacted the update of our local EMSA for Children Program activities.

Administrative and Program Goals

Hospital and Ambulatory Care Centers

- Development and tracking of quality and safety measures as outlined in PRIME, regulatory measures and accreditation requirements.
 - Meet or exceed California Federal Medicaid requirements for PRIME which will improve the health of the population, the patient experience and customer satisfaction, and reduce per capita costs.
 - Initiation of specialty care redesign to improve access for patients and meet benchmark and outcome metrics consistent with PRIME Medicaid waiver.
 - Integration of Behavioral Health and Primary Care. This will improve physical and behavioral health outcomes, care delivery efficiency, and patient experience by establishing or expanding fully integrated care, culturally and linguistically appropriate teams – with expertise in primary care, substance use disorder conditions and mental health conditions.
 - Redesign of ambulatory care. Primary Care patients will experience timely access to high quality, efficient, and equitable primary care, designed to work collaboratively with patients and other care providers in achieving and maintaining optimal patient health, and avoiding unplanned interventions.
- Focus on care transitions, integration of post-acute care. To ensure the coordination and continuity of health care as high-risk patients, with chronic health conditions, behavioral health conditions and/or housing instability, move from the hospital to the ambulatory care setting.
 - Complex care management for high-risk medical populations. To implement, and/or improve upon, a complex care management model for targeted high-risk patient populations, that facilitates the appropriate coordinated delivery of health care services, and is better able to meet the patient's needs and preferences and improves patients' health outcomes.

Contra Costa Health Plan

- The CCHP Pharmacy Unit will collaborate with the medical director to meet with major clinical partners in the Community Provider Network and Contra Costa Regional Medical Center providers, community-based network providers, local and regional pain specialists, regional safe prescribing coalitions, public health, and others to expand upon the established opiate program. Expansion of the opiate program will include convening a focused pharmacy and therapeutics committee meeting dedicated to discussing pain management objectives, and establishing utilization controls regarding quantity limits for initial fills of immediate release opiates, establishing a methodology to spot members above an established morphine milligram equivalent (MME) dose, and placing limits on opiate/benzodiazepine co-prescribing.
- CCHP's Authorization Unit will continue to reduce referral turnaround time for the Community Network Providers (CPN) to less than five days.
- CCHP's low to moderate mental health benefit will include additional mentoring and assisting the behavioral health program to

meet the Department of Health Care Services (DHCS) delegation requirements.

- Develop and implement an educational program for the case managers to increase and enhance their knowledge and documentation skills to meet new National Committee for Quality Assurance best practice guidelines and develop and implement standardized revised orientation process for new hires during the fiscal year.
- Home and community-based services will implement and operate the new Palliative Care benefit with contracted palliative care providers and the Contra Costa Regional Health Center outpatient palliative care clinic.
- Case Management will operationalize the new expanded Health Information and Risk Assessment process for all Medi-Cal enrollees.
- CCHP is building a new Population Health Management program, according to National Committee for Quality Assurance standards to provide better health for the members and lower costs for the Health Plan. This will be accomplished by analyzing our membership and determining interventions to provide in four areas:
 - Keeping members healthy.
 - Addressing members with emerging risk in order to lessen future disease burden.
 - Improving member safety, including during transitions of care.
 - Managing multiple chronic illnesses.

Interventions with clinical leaders in the Contra Costa Regional Medical Center and Community Provider Network should begin no later than July 1, 2018. The program will be evaluated by measures of clinical outcomes, cost/utilization, and member experience, and will be refined annually.

- CCHP Quality Unit will improve the rate of hypertension control in African American members with a performance improvement project following the Department of Health Care Services (DHCS) mandated methodology and in collaboration with the Contra Costa Regional Medical Center and Public Health.
- CCHP Quality Unit will increase the rate of nephropathy screening or treatment for diabetics with a performance improvement project following the Department of Health Care Services (DHCS) mandated methodology.
- Implement a daily audit workflow that measures the productivity of each claims examiner based on an average of 85,000 claims monthly.
- Develop production standards and measures to prepare for timeliness and accuracy standards for claims examiners.
- Engage in provider joint operations meetings to provide feedback on top claim errors to ensure clean claim rates are high, and education on how to submit claims that must have prior authorization or are in need of a medical review.
- Implement a CCHP oversight process for provider appeals and payment disputes to ensure we meet the required 15-day response time period. On a quarterly basis, measure our results in meeting the 15-day time period.
- Decrease the provider appeals and payment disputes by 3%. Design and share quarterly metrics with providers that have high appeals or payment dispute inquiries. Target these providers for education.
- Ensure that provider appeals are captured in the utilization management workflow and provider payment disputes are captured in the claims management workflows.
- Implement a technological solution for reducing the volume of rejected encounters

Health Services

Health and Human Services

due to incorrect/missing National Provider Identifier (NPI) numbers to ensure that claims are paid timely to meet 95% criteria or higher.

- Develop medical information reports for network providers that identify members that have not received annual appointments to ensure preventive care measures are taken by a visit to their physician. Post quarterly reports to give primary care providers feedback on their members who have not received annual health care.

Regarding the screening and enrollment of network providers, the Department of Managed Health Care's (DHCS) All Plan Letter (APL) 17-019 mandates that Managed Care Plans (MCPs) "CCHP" network providers must enroll in the Medi-Cal program either via DHCS or via CCHP's internal process that meets APL 17-019 requirements.

CCHP has approximately 1,380 providers that need to be screened and enrolled via DHCS or CCHP. CCHP will notify these providers in January of their options and send applications to those who choose to enroll through CCHP. Follow-up will occur to make sure each current and future provider enrolls via DHCS or CCHP.

Mental Health

- The use of Evidence Based Practices EBPs in the Adult System of Care. Behavioral Health plans to continue implementation of EBPs, CBSST and CBTp. A monthly EBP/Outcomes workgroup meets to monitor system wide implementation and the use of outcome measures to support implementation. Monthly consultation for providers with the trainers will continue. Behavioral Health plans to have "refresher" trainings in CBSST and CBTp as well as trainings for new staff. EBP team leaders will be identified in Adult programs. The goal here is to develop "train the trainer" capacity and maintain a community of practice that supports professional growth and development and provides quality on-going training in best practices.

- Implement system-wide outcome measures, the Patient Health Questionnaire (PHQ9) and Generalized Anxiety Disorder (GAD7).

A current pilot at East County Adult and Discovery House will provide valuable learning as to viability of these instruments and subsequent implementation system-wide throughout the adult system of care. The goal will be to implement by the end of 2018 throughout the entire adult system. Also, we will be implementing two specific outcome measures as part of our EBP implementation: the Independent Living Skills Survey-ILSS for consumers participating in CBSST groups and the Recovery Assessment Scale-RAS for consumers receiving CBTp.

- Expand services for BH consumers with criminal justice involvement. The Forensic Mental Health Services will be implementing two new programs in 2018: the Mobile Crisis Intervention Team and CoCo Lead Plus, Proposition 47. The goal will be to develop and implement these programs to provide deeply needed services to BH consumers.
- Implement Suicide Prevention Treatment County-wide in all three regional adult clinics. A clinician has been hired to provide this much needed service that we hope will decrease use of crisis services, decrease suicide attempts and decrease suicide.
- Coordinating levels of care. An integrated behavioral health system supports consumers to navigate through higher and lower levels of care as their needs change over time. Mental health and substance use disorder staff are working to increase coordination of care in the adult system, in particular, coordinating levels of care. The Adult system will continue to convene "coordinating levels of care" – CLOC - workgroup to map service levels and identify step down options for clients with improved outcomes.
- Coordination of care between 4C in-patient and system of care. BH continues to

improve coordination of care for consumers discharging from CCRMC 4C/inpatient and linking them as smoothly as possible with vital services in the community. BH hosts a weekly multi-disciplinary Bed Review committee which reviews consumers who have been hospitalized to develop discharge plans to community resources. BH also meets for "mini Bed Review" later that same week on the 4C-inpatient unit to help support discharge plans for clients admitted after the large Bed Review meeting. The goal is to improve and support linkage to vital services in the community.

- Coordination of Care between Adult System of Care and long term residential care facilities. When long term psychiatric care is needed, our consumers have access to these vital services. When treatment is successfully completed and consumers are ready to return to the community, careful planning and coordination is needed to assure as smooth a transition to services in the community. This includes the appropriate residential level of care, as well as mental health services, and vocational supports.
- The Transition Team provides short-term intensive case management services to individuals needing extra support and linkages to multiple services. The goal with the Transition Team is to continue to coordinate and provide innovative care for these consumers as they make contact with many service entry points.
- Increase bed capacity for older adult mental health consumers. The Adult system of care has experienced a marked increase in Older Adult MH consumers needing augmented housing that also provides special supports for activities of daily living (ADLs) and medical care. We would like to increase our bed capacity for these Older Adult consumers. This will decrease long wait lists for much needed services and assure that our consumers are getting linked to appropriate levels of care.
- Trauma informed system of care training. Conduct division-wide trainings in "Trauma 101: the basics of trauma and stress, and their impact on health and wellbeing". Trauma impacts all of us. Research reveals a correlation between trauma and increased health risks. It is a growing public health concern. Increased awareness of the processes of trauma and how we can manage stress in the workforce will hopefully increase overall work satisfaction and, thus, increase overall service delivery to consumers. A trauma informed system is a compassionate system that is responsive to all its members and supports mental health and wellbeing.
- Implement the Innovative Project, Cognitive Behavioral Social Skills Training (CBSST). This project will establish a clinical team to deliver CBSST to mental health consumers residing in augmented board and care facilities.
- Implement the Innovative Project, Center for Recovery and Empowerment (CORE). This project will establish a community based program of intensive clinical intervention for youth experiencing both mental health issues and substance use disorders.
- Implement a County-operated Loan Repayment Program that will address identified workforce staffing shortages in psychiatry.
- Implement a Volunteer Family Support Network Program that will provide support to family members and loved ones of consumers of Contra Costa Behavioral Health Services.
- Improve timely access to care to network providers for outpatient mental health services, and reduce barriers to accessing care (continue to monitor/strive for low abandoned calls rates on Access Line, continue outreach follow up calls to ensure connection to provider, address barriers with providers).
- Improve timely access to care for Substance Use Services (increase SUD calls handled on Access Line).

Health Services

Health and Human Services

Alcohol and Other Drugs (AOD)

- Complete the County's SUD Prevention Strategic Plan for the period 2018-2023 by May 2018.
- In partnership with other divisions, develop a response to the opioid epidemic in Contra Costa County.
- Continue efforts to support successful implementation of the Organized Delivery System (ODS) Drug Medi-Cal (DMC) Waiver.
- Increase SUD system capacity for services for youth and Spanish speaking clients.
- Implement Electronic Health Records (EHR) in AODS in compliance with the requirements of 42 CFR Part 2.
- Promote the Operation Standards for Recovery Residences also known as Sober Living.
- Develop and submit a grant proposal for the implementation of a Driving Under the Influence (DUI) Court with support from the superior court.

Health Housing and Homeless Programs

Housing and Services

- Secure a suitable site to build 50 units of micro-housing and services for single adults experiencing homelessness and utilizing multiple programs at high rates within our healthcare system.
- Increase outreach and engagement efforts through the expansion of Coordinated Outreach Referral and Engagement (CORE) outreach teams.
- Add a Coordinated Assessment Resource (CARE) center in East Contra Costa County to increase homeless services in that area.

- Launch a marketing and fundraising campaign targeting individual and corporate donations to create a flexible pool of funding (Housing Security Fund) that can support persons experiencing homelessness regain housing throughout Contra Costa County

Data/Evaluation

- Conduct a comprehensive, first-year evaluation of the Coordinated Entry system.
- Develop Coordinated Entry system-wide metrics.

Policy/Planning/Systems Development

- Conduct a homeless Point in Time count (homeless census) to enumerate the number of men, women, and children living outside in encampment or in shelters and other temporary housing.
- By 2019 implement Phase III of the Coordinated Entry system that includes system-wide coordinated assessment and assignment of emergency shelter and transitional housing for individuals experiencing homelessness.
- Continue long-range planning efforts for the development of permanent supportive housing units located on the former Concord Naval Weapons Station base.

Public Health

Epidemiology Planning and Evaluation Unit

- Work collaboratively with each of the three non-profit hospital systems to complete a comprehensive community health assessment by the early spring of 2019.
- In partnership with all Divisions of CCHS, the Alameda-Contra Costa Medical Society and local advocacy groups, deliver a Blueprint for addressing the Opioid Epidemic in Contra Costa County.

Communicable Disease Program

- Create and disseminate a periodic communicable disease newsletter to community partners. Topics may include local disease data, emerging issues, changes in disease reporting, etc.

Community Wellness and Prevention Program (CWPP)

- Tobacco Prevention Project: Provide technical assistance to at least three cities within Contra Costa County to develop and implement community policies aimed at reducing youth tobacco influences and decreasing youth smoking.
- Nutrition and Physical Activity Promotion: Work collaboratively with community and local government agencies to improve the nutrition and physical activity environment for SNAP-Ed eligible populations by developing and implementing policy, systems, and environmental changes that make the healthy choice the easy choice.
- Public Health Solutions Project: Work collaboratively within CCHS, and with students, teachers, and community-based agencies to develop a health career pathway program based on national best practice models.

Family Maternal and child Health Program (FMCH): Work collaboratively with CCHS Facilities Services and the City of San Pablo on the development of a new WIC Clinic.

- Clinic Services: (1) Maintain enrollment in the Community Connect program at 14,400 Medi-Cal beneficiaries; and (2) expand mobile dental services in Central and East County as new dental vans are equipped and staffed.
- HIV/STD: Develop and implement a peer-based mentorship and resource navigation program for our HIV+ medical case management clients by August 2018.

California Children's Services

- Work collaboratively with Contra Costa Health Plan as youth transition (age) out of CCS and over to commercial health insurance coverage.

Public Administrator

- Close 90% of cases within one year after the date of issuance of letters.
- In an effort to reduce inappropriate or incomplete referrals, provide at least 3 trainings at hospitals, nursing homes and/or mortuaries educating individuals on when the Public Administrator should be notified and how to submit a complete referral.
- Research options and recommend a comprehensive, web-based case management system that will allow the Office of the Public Administrator to manage cases more efficiently.
- Redesign the Public Administrator's website to provide increased functionality.
- Increase the amount of the Public Administrator's revolving fund so that the office is able to meet necessary expenses and fees prior to collecting money in an estate.

Environmental Health

- Protect the waterways and groundwater of the County while incorporating new technology and new state requirements. Share draft of on-site wastewater treatment system (OWTS) ordinance and regulations with the public, take to the Board of Supervisors for approval and submit to the Regional Water Quality Control Boards. Incorporate new OWTS ordinance and regulations into current work practice including training staff.
- Ensure that solid waste is properly treated and disposed. Obtain Board of Supervisor

Health Services

Health and Human Services

approval for a revised illegal hauler ordinance which is needed to reduce illegal dumping. Implement a permitting program for closed and abandoned landfills, recycling centers, and facilities operating under Enforcement Notification procedures as defined by the state oversight agency. Adjust tonnage fee and permit fees to cover costs of the program.

- Food Program - Improve food safety. Provide consistent and user-friendly information about retail food establishment inspection results. Efficiently process, with primary concern for public safety, new plans for food facilities. Field standardized new food team staff and non-food team staff to incorporate federal food program standardization. Inspect all food facilities one to three times per year based on risk. Obtain Board of Supervisor approval to begin a placard program at all food facilities that reflects a risk-based inspection score.
- Outreach - Improve EH enforcement outcomes and promote EH services via an effective and comprehensive outreach effort. Carry out all annual activities as defined in the EH Outreach Plan, carry out all one-time activities as defined in the calendar year outreach plan, develop and implement a tracking system of the outreach efforts, review content on website annually to ensure the most up to date material and valid links are available.
- Collaboration - Improve programs locally via active participation and leadership of environmental health collaborations in venues including the California Conference of Directors of Environmental Health regional and policy committees and associated technical advisory committees, roundtables, and workshops bringing local jurisdictions together to create cross collaboration.
- Increase health and safety for users of pools, including spray grounds and water features. Efficiently process, with primary concern for public safety, new plans for public pools. Train staff on and incorporate

new pool operation state regulations contained within Titles 22 and 24. Input routine inspection results into revised report on tablet either in the field or in the office.

- Increase knowledge of small water system owners/operators about critical issues of regulatory oversight, and increase the number of small water system owners who can provide system information directly to the state through a web interface.
- Increase safety for customers of tattoo and body artists. Inspect fixed facilities at a minimum once a year, and if necessary, inspect any temporary events with tattoo and body artists. Actively pursue and bring into compliance any illegally operating body art facilities and artists.
- Increase efficiency of office processes. Continue process of scanning historic documents to move from paper to paperless, move from paper inspection and desktop to tablet based field operations, incorporate web-based payment for services, conduct efficiency studies of work practices especially related to customer service and EH interface with the Finance Division.
- Optimize the organizational structure of the division. Complete several personnel actions and job classification expansions so as to meet the current and future program management, field and office staffing, and supervision needs.
- Be prepared to provide excellent EH emergency response, provide two trainings for on-call response, evaluate responsiveness of on-call inspectors, actively participate in County and departmental emergency preparedness teams and training, and actively participate in at least one disaster drill.
- Oversee the implementation of the Safe Drug Disposal Takeback Ordinance, including beginning an inspection program.

- Pass a health ordinance for cannabis retail and edible manufacturing, and begin implementation.

Hazardous Materials

- As of January 1, 2018, the Hazardous Materials Specialists are conducting all of their field inspections electronically by using tablets and statewide checklists for each of the programs. The goal is for all of the Specialists to use the tablets to assist them in their inspections.
- New CalARP Program regulations for refineries became effective on October 1, 2017. These regulations are modeled after the County's Industrial Safety Ordinance. The goal is to determine the differences, develop guidance and implement the new audit questions for these new regulations.
- Perform 10 unannounced inspections during FY 2018-19.
- Aboveground Petroleum Storage Act Program: New requirements for tanks in underground areas are now effective. The goal is to implement these changes into the inspections.
- Update the Inspection and Enforcement Plan for all of the programs. This is now being done with the assistance of County Counsel. The end product will be a model for all Certified Unified Program Agencies in the state.
- This year the Hazardous Materials Programs are being evaluated by CalEPA and the other Boards, Departments and Offices that have oversight of the programs. The ultimate goal is to have no deficiencies, and for this evaluation to have less than ten deficiencies.

Detention Facilities Programs

- Redesign Detention Health Services to provide community-level standard of care for

patients based on changes developed and tested in rapid improvement events.

- Optimize cclink functionality for detention environment.
- Develop and implement expanded quality and safety program tailored for Detention Health.
- Develop ongoing mechanism for patient/family feedback about care experience.

Conservatorship

- The Public Guardian shall initiate an investigation within two business days of receiving a Probate referral.
- The Public Guardian will try to visit conserved individuals monthly, consistent with the Judicial Counsel best practices recommendation.
- Public Guardian staff shall maintain requisite training certification.

EMS

- Develop and implement EMS operational, clinical performance and utilization data reporting systems supporting stakeholder improvement initiatives.
- Continue to monitor East County and West County emergency ambulance service delivery areas for disparities associated with fire station closures (East County) and hospital closures (West County).
- Re-establish Contra Costa Critical Care Paramedic (CCTP) intra-facility transport (IFT) program. The Contra Costa County CCTP program sunset several years ago with limited oversight transferred to Alameda County EMS. This program will be re-established within Contra Costa to assure no conflicts arise associated with Alliance ALS IFT service line exclusivity rights.

Health Services

Health and Human Services

- Increase medical health partner emergency preparedness capability. The EMS Agency continues to be responsible for coordinating the medical health operating area resources in the event any emergency impacts the EMS or the medical health care system.
- Implement a new program of paramedic intra-facility transport. This new service line for paramedic intra-facility transport was delayed by a year due to the demands and changes associated with the Alliance contract. The new program is currently being developed and we hope to facilitate the development of the new intra-facility ambulance.
- Expand first medical response skills with law and fire-EMS partners. The EMS Agency has partnered with local law enforcement to update their AED programs and support programs that support control of bleeding. We are also collaborating with both law and fire-EMS providers to support SWAT medics programs that are in the early stages of development. This is an ongoing initiative.
- Update the County EMS multi-casualty incident plan. The EMS Agency has been working with EMS System stakeholders, fire, dispatch, hospitals, senior nursing facilities and non-emergency ambulance providers evaluating current capabilities prior to a formal update of the MCI plan. The MCI plan is a living document and has been initially updated to reflect current processes and procedures as part of our Emergency Preparedness Program. This is an ongoing initiative to enhance emergency response and preparedness in the EMS System between stakeholders.
- Update the County EMS for Children Program. The California EMS Authority is finalizing the regulations for EMS for Children Systems of Care. The EMS Agency elected to delay the update of the County EMS for Children Program until those regulations were officially approved. The plan is to update the County EMS for Children program in compliance with the new state regulations when finalized.
- Complete and conduct the RFP process for the San Ramon Valley exclusive emergency ambulance operating area.

Department Description

The Veterans Service Department provides assistance to those who served in the Armed Forces of America, their dependents and survivors in obtaining Veterans benefits and services from the U.S. Department of Veterans Affairs (VA), Department of

Defense (DOD), California Department of Veterans Affairs (CDVA), as well as other state and local programs for Veterans and their families.

Veterans Service

Health and Human Services

Major Department Responsibilities

There are three components to Veterans Service.

- 1. Program Assistance:** Provide information, referral and assistance to Veterans and their families in obtaining disability compensation and pension benefits, medical benefits, education and vocational rehabilitation benefits, home loans, life insurance and burial benefits, and DMV Veterans designations. Services include comprehensive benefit counseling, claim preparation, case management, advocacy, initiation and development of appeals and networking with federal, state and local agencies. Outreach includes a monthly live television program on CCTV, annual standdowns, and ongoing participation at Veterans Service Organization monthly meetings.
- 2. Welfare Referral:** Review of Veteran welfare applicants referred by the Employment and Human Services Department for review of receipt and assistance in applying for Veterans benefits.
- 3. Medi-Cal Cost Avoidance:** Review of Veteran Medi-Cal applicants to determine those who may be eligible for Veterans benefits, including health care.

Veterans Memorial Buildings (Building Lifecycle Expenses)

Description: To provide and maintain County owned veteran memorial hall buildings in Martinez, Richmond, El Cerrito, Concord, Antioch, Brentwood, Pittsburg, and Lafayette. The Veterans Service Department does not operate these memorial hall buildings; however, general funds are allocated within the department's budget. These funds are transferred to the Facilities Lifecycle Improvement Program, which includes a County-wide strategic plan to address deferred facilities maintenance and capital renewal projects.

CAO's Recommendation

The department's baseline budget fully funds on-going services for FY 2018-19. Total expenditures have increased by \$2,000. Baseline costs for services and supplies have been reduced by \$64,993 and are mainly due to utilizing a web-based claims submittal system and eliminating appropriations for one-time purchases in FY 2017-18. Revenues are anticipated to increase by \$8,000 and will support the continued production of "Veterans' Voices", a televised outreach program for Veterans. The additional funding comes from grant funds made available by Proposition 63 (Mental Health Services Act).

The County Administrator is recommending no reduction to the Veterans Service Department baseline budget, which will allow the department to maintain services in FY 2018-19.

Veterans Service Health and Human Services

Performance Measurements

During the 2016-17 fiscal year, the Veterans Service Department processed \$7,798,011 in retroactive and lump sum monetary benefits for Veterans. New recurrent benefits totaled \$781,456. These figures show a slight decrease in new recurrent benefits as compared to FY 2015-16 and is due to a decrease in the number of Veterans applying for benefits.

College Tuition Fee Waivers remain a static benefit that is afforded to dependents of Veterans with a service connected disability rating. In 2016-2017 our office processed 471 tuition fee waivers. These applications represented \$2,442,828 in additional benefits to Veteran dependents.

The department conducted 7,818 interviews, 67 field visits and participated in 51 outreach events which resulted in 2,738 claims being filed. Interviews conducted represent a 7.5% increase over last year's reported data. Expanding its hours of operation has resulted in increased service levels to Veterans: 22.5% increase for East County and 40% increase in West County. The Tri-Valley area also experienced a 32.5% increase due to growing public awareness.

Department staff continue to attend 10 Veterans Treatment Courts per year and provide information and referral sources for Veterans participating in the treatment court.

Claims are now being received by the VA on the same day versus an average of five days in prior fiscal years. The implementation of the digital-to-digital process has made the claims submittal process more efficient and as a result, the department anticipates an estimated \$40,000 reduction in the cost of services and supplies for FY 2017-18.

With the implementation of AB 935 (Driver's Licenses: Veteran Designation) in November 2015, the department completed 882 DMV Veterans Status Verification Forms in FY 2016-17. These verifications resulted in an additional 228 claims being filed and 98 awards for VA benefits.

For the fifth year, the Veterans Service Department received a perfect score from the

California Department of Veterans Affairs audit thereby preserving subvention funding.

Administrative and Program Goals

Increase delivery of our service to a growing number of Veterans and an increasing level of complexity regarding physical and mental disabilities, including:

1. Support the aging Veteran population which deals with profound geriatric issues such as dementia, Alzheimer's and post-stroke recovery, chronic diseases affecting the Vietnam Veteran population, as well as the need for skilled nursing and long-term care.
2. Continue to improve upon our participation and support of the Veterans Treatment Court and Mentor programs. The goal of these programs are to enable Veterans to receive proper treatment to include behavioral health versus incarceration. The mentor program helps Veterans reintegrate into society through non-clinical peer-to-peer interaction.
3. Implement guidelines established in FY 2016-17 for outreach and field interviews to seniors, housebound Veterans and those Veterans who are participating in VA rehabilitation programs and community living centers.
4. Continue to support ongoing clients with recurring needs that include, updating disability evaluations, filing of new disability and death claims based upon presumptive disabilities, and service-related deaths respectively.
5. Continue to refine our strategic plan and veteran service representative, executive secretary and clerical work manuals to ensure that the office staff has the most current resources available to them. The manuals include guidelines for system usage, claims tracking, monitoring outreach, and report utilization.

Veterans Service

Health and Human Services

6. Improve upon clear and concise procedures as they relate to the digital device-to-device claim submittal, case management, and awards receiving system through the California Department of Veterans Affairs and the federal government's web-based system, VetPro.

Animal Services

Law and Justice

Department Description

The preceding table presents information in aggregate format summarizing expenditures, revenues, and net County costs for four General Fund budget units administered by the Animal Services Department. Included are data for the following cost centers:

- 3333 – Animal Services Field Services
- 3334 – Animal Services Center Operations
- 3338 – Animal Services Administration
- 3344 – Animal Services Community Services

For FY 2018-19, the Animal Services Department restructured both its cost center structure and department divisions to better assess and manage expenditures, revenues and net County cost.

Major Department Responsibilities

The Contra Costa County Animal Services Department is committed to protecting the health, safety and well-being of all people and animals in our community through enforcement of state and local laws, providing compassionate care for every animal regardless of its temperament or condition, and reducing the number of animals that enter the County's shelters.

The department will prioritize lifesaving as its guiding principal. It will shelter homeless, abandoned and lost animals, work to keep and place animals in safe, caring homes, and provide education and services to enhance the lives of people, their animal companions, and to strengthen the human-animal bond.

Field Services

Description: Enforce state laws and County ordinances in the unincorporated area of the County and the cities that have agreements with the County to address emergency service calls through the 911-dispatch function, as well as provide non-emergency service calls, and provide daily animal services to 18 contract cities, including unincorporated areas of the County, as listed:

- Assist police or fire and public citizen emergencies to handle animal-related concerns.
- Assist on search warrants to subdue animals safely.
- Enforce and educate the public on state laws and County ordinances regarding animal welfare.
- Investigate allegations of inhumane treatment towards animals. These investigations may result in criminal charges, but often, result in owner education and veterinary care.
- Investigate animal bites and state mandated quarantine of the biting animal.
- Investigate potentially dangerous or dangerous animal incidents.
- Rescue trapped or injured animals.
- Impound strays from the field. These include sick and injured animals that require emergency care.
- Respond to calls to contain loose livestock and transport them to a safe enclosure.
- Remove dead animals. This is a non-mandated service and one of the most widely asked for among the jurisdictions. Dead animals (domestic and wild) are picked up from public roadways and private property.

Center Operations

Description: Provide compassionate, temporary husbandry and veterinary care to homeless, abandoned, and lost animals during their stay at the Martinez and Pinole shelters. Strive to enhance the lives of these pets while they await placement into caring homes.

1. Shelter Services

Description: Provide appropriate, compassionate care for the community's animals by meeting the standards outlined in the Five Freedoms for the duration of their stay.

- Sanitize and disinfect as appropriate for a shelter environment to control disease and provide a healthy living environment.
- Provide enrichment, as appropriate based on each species' needs.
- Conduct intake processing for the health and safety of the animal and the rest of the shelter population.
- Maintain a rabies control program.
- Humanely euthanize animals, by injection.
- Provide owner requested euthanasia, as appropriate or alternative resources
- Support other County departments as appropriate for the transportation or transfer of animals from one facility to another.

2. Medical Services

Description: Provide medical, surgical, emergency, and post-surgical care to animals during their stay, within the reasonable bounds of financial and resource limitations of a municipal, open admission shelter.

- Facilitate inter/intrastate transfers for placement.
- Offer low-cost vaccination clinics, including at cost rabies vaccines.
- Provide emergency/urgent care to stray, abandoned, or lost animals from the community.
- Provide foster services as appropriate until the resident animal can be re-homed.
- Provide rechecks for adopted animals to support the transition before adopters find their own regular veterinarian.

3. Spay/Neuter Clinic

Description: Provide low-cost pet spay/neuter services to the public, as well as fulfill the mandate to have all adopted animals spayed and neutered prior to adoption.

Administration Services

Description: Provide the support required for the ongoing operations of the department. This includes human resource functions, fiscal management, data management, contract management, and general business operations including providing customer services for members of the public.

1. Personnel

Description: Manage and maintain personnel files and compliance with County policies to ensure the department utilizes best practices for equal opportunity employment and other personnel actions.

2. Finance

Description: Provide general management of the department's financial information and accounts by creating and maintaining internal controls.

Animal Services

Law and Justice

3. Customer Services

Description: Manage and maintain licensing program for dogs. Licensing is a registration process to assist in the identification of lost animals and is a locally mandated program to support the registration of rabies vaccinations and rabies control throughout the County. The department uses a computerized system to identify owners who have vaccinated their dogs and cats against rabies but who have not obtained a license. To streamline the process, the department recently began utilizing a scanning software to upload rabies certificates from veterinary offices.

This area also provides customer service to members of the public through the department's phone system, online or in-person at each of the Animal Service shelters.

Community Services

Description: Provide public information, media relations, and community education. The team also provides department, specific program, individual animal marketing support, and manages the admissions and adoptions program. The Community Services Division is also responsible for recruiting, training and managing the department's volunteers through its volunteer program.

1. Volunteer Program

Provide volunteer recruitment, animal/owner reunification, and animal enrichment, along with supporting other department divisions with volunteer services, as requested.

2. Admissions and Adoptions

Manage the department's adoption and transfer programs to ensure positive outcomes for the animals in its care. The Admissions and Adoptions Division also oversees the department's Pet Retention Program, which is focused on keeping pets in their loving homes.

3. Community Education

Provide public information and humane education on animal welfare and services. The Community Education Division develops educational content, leads public presentations, and oversees the dissemination of departmental information.

4. Marketing

Animal Benefit Fund

Description: In 1988, the Animal Services Department created the Animal Benefit Fund. The purpose of the Animal Benefit Fund was originally to allow the department to receive donations from individuals, animal welfare organizations and businesses, to support animal health and welfare projects that are not funded by departmental or general County revenue.

Since the creation of the Animal Benefit Fund, monetary contributions and donations for services and supplies for animal welfare have provided for unfunded needs of the impounded animals. These donations have come in the form of grants and donors, along with over-the-counter donations.

CAO's Recommendation

The Recommended Budget funds Baseline expenditures for FY 2018-19. Additionally, an appropriation of \$210,000 from the Animal Benefit Fund will support animal welfare programs, including a new Dog Walking Program.

Historically, the department has absorbed projected increases to operating expenses by relying on significant increases to the allocation of general purpose revenue, slight increases from contract city and other revenue, salary savings from holding positions vacant, and

support from the Animal Benefit Fund and the department's community partners.

Over the last five years, the Animal Services Department's allocation of general purpose revenue grew by over 43%. This growth has been supplemented by allocations of one-time appropriations. However, these increases cannot be maintained. The department anticipates an additional \$218,934 in city contract revenue in FY 2018-19. City contract revenues are determined on a per capita basis. A slight increase in the County's population, as determined by the California State Department of Finance, in concert with a fee increase of \$0.17 per capita will provide an increase in city contract revenue. This alone will not be sufficient to offset the department's operating expenses.

Instead of eliminating the unfunded positions in the budget, the department projected unrealistic revenues to balance. Therefore, for several years' salaries and benefits, staffing levels, and revenues were overstated. The department has carried at least 11 vacant positions from year to year since 2013. This practice has led to an inaccurate view of the department's service delivery costs and as a result, has negatively impacted its ability to sustain current operations while the County's population and service demands continue to grow.

As part of the development of the recommendation for the FY 2018-19 budget, staff performed a detailed review of the department's prior year budgets and rebuilt the operating budget to a level that supports mandated service requirements.

The department will complete its current revenue study and provide recommendations to the County Administrator on how it may address its funding gaps. The department's priority is to continue to readjust its business model to ensure it maintains required service delivery levels while supporting its mission of protecting the health, safety and well-being of all people and animals in the community.

Performance Measurement

Goal: Promote animal adoptions and transfers to increase live releases. The department plans to continue to promote pet adoption events through social media and other marketing platforms. These marketing efforts will assist the department to promote transfers to local rescues to save animals that need additional support and services, while seeking a new home.

Measurement: In June 2017, the department created a comprehensive performance report that accurately measured its key metrics, including the rate of adoptions and transfers to transfer partners. The report shows significant improvement in the areas of Live Release Rate (up 18% since 2014), adoptions (up 19% since 2014) and reduced euthanasia rate (down 71% since 2014). This data highlights the increase in positive outcomes to promote and identify new homes for sheltered animals impounded into the department's care.

Goal: Prioritize creating more low-cost vaccine and spay/neuter resources in the community while improving our internal processes for shelter animals and public animals from Contra Costa County.

Measure: The department increased public surgery resources by working closely with Tony LaRussa's Animal Rescue Foundation, Fix Our Ferals, PAWsitively Safe, SNIP and PawFund. The department also increased the volume of shelter animals who were spayed/neutered by evaluating and improving current processes for altering adopted animals. These improvements in turn expedited adoption processing by allowing animals to go home the same day they are adopted. This also helps to reduce costs by decreasing the overall length of stay for adopted animals. These efforts were accomplished while maintaining surgery and vaccine services to the public.

Goal: Evaluate and enhance our current policies and procedures to ensure we are providing a standard of care to meet the Five Freedom standards and using best practices for care in shelter and the field. Make certain we have clear, documented policies and procedures.

Measurement: The department has educated its staff on the Five Freedoms model. The department has also improved its standards of care by replacing 95% of cat housing enclosures to meet the needs of our cat population within the Veterinary Association best practices for feline husbandry. At the Pinole shelter, care standards are being created to reduce the animal's length of stay and to provide adequate living spaces/exercise for impounded dogs, cats and rabbits.

Goal: Focus on building "people power" to sustain and grow our organizational capabilities through our community partners, employees and volunteers. Emphasize excellent customer service for internal and external customers.

Measurement: In January 2018, the department hosted a customer service training with SkillPath® for staff. The training focused on emotional intelligence and motivational interviewing skills for staff to utilize when engaging with the public and our non-profit partners. Additional training will be offered to staff to continue to support its strong and welcoming customer service model to clients.

Administrative and Program Goals

Enhance department's employee training by utilizing the County's Target Solutions (TS) training system

The TS training system provides federal and state mandated training requirements and can also be utilized to increase both department staff knowledge and skills around animal welfare best practices and professional development opportunities for staff.

Improve on Field Service targeted response times and call dispositions

The department will review and update its Field Services call prioritization process.

Animal Services *Law and Justice*

Promote animal adoptions and transfers to increase live releases

The department plans to continue to promote pet adoption events through social media and other marketing platforms. These marketing efforts will assist the department to promote transfers to local rescues to save animals who need additional support and services, while seeking a new home.

Network with community partners to provide options for low-cost animal welfare services for County residents.

The County lacks spay and neuter service options, in addition to low-cost veterinarian and other animal care services for County residents. The department will prioritize its efforts in collaborating with veterinarians, behaviorists, feral cat colonies and others to identify low-cost option.

Description: Provides Court-ordered legal representation of accused indigents where the Public Defender or Alternate Defender has a legal conflict of interest or is otherwise unavailable or is relieved for other reasons. Reasons the Public or Alternate Defender may be relieved include: motions of defendants for reasons other than "Conflict of Interest" (e.g., Marsden); representation of a witness; acting as a standby, advisory or co-counsel in a criminal case.

CAO's Recommendation

The County currently, and has for many years, contracted with the Contra Costa County Bar Association to provide conflict legal defense services through a network of independent attorneys to defendants that are unable to be represented by the County Public Defender. Costs have been trending upward due to an increase in the number of cases that the Public Defender has been referring to the Bar Association. In FY 2017-18, that upward trend has begun to stabilize following the Public Defender's decision to no longer refer certain felony case clients to the Bar Association for representation.

The Recommended Budget provides for the continuation of services with the Bar Association in FY 2018-19 and sufficient appropriations to fund the terms of the Bar Association's contract with the County.

The level of service for this program is mandated pursuant to constitutional requirements. Should the recommended expenditure appropriations prove insufficient to fund the requisite level of defense services, it will be necessary to shift resources to this budget center from other programs or County reserve.

2. Special Prosecution

Description: Addresses specific areas of criminal activity. Funding for many of the units comes state or federal grants and special revenue funds. The units within Special Prosecution are:

a. Auto Insurance Fraud – Works with public and private sector agencies to investigate and prosecute individuals who fraudulently enhance or file fictitious auto insurance claims in the county.

b. Consumer Protection Unit – Investigates and prosecutes unfair and unlawful business practices in violation of Business and Professions Code Sections 17200 and 17500. The Consumer Protection Unit receives and reviews consumer complaints from the general public and other governmental agencies and seeks to redress violations of consumer protection laws.

c. Environmental Crimes – Prosecutes violations of state environmental laws including regulations pertaining to hazardous waste and materials, water and air pollution, and provisions of the Fish and Game Code.

d. Real Estate Fraud – Investigates and prosecutes common real estate fraud crimes such as forging deeds or loan documents, instances of foreclosure fraud, filing false real property documents and committing securities fraud violations.

e. Workers' Compensation Fraud – Investigates and prosecutes individuals who submit false claims for workers' compensation insurance as well as employers who submit false documentation for workers' compensation insurance.

f. Family Violence Unit – Incorporates several distinct vertical prosecution units: Sexual Assault, which prosecutes all felony sexual assaults against adults and children and all child abuse cases, Elder Abuse, which prosecutes both financial and physical elder abuse cases and Domestic Violence.

g. Vertical Prosecution Units – For Vertical Prosecution cases, a prosecutor is assigned to the case from the initial point of referral to the completion of the prosecution. This method results in continuity and improved prosecution success. The following specialized vertical prosecution areas are currently part of the operations of the office: Homicide, Gangs, Family Violence Unit and Special Operations Units as mentioned previously.

CAO’s Recommendation

The District Attorney’s Office FY 2018-19 Recommended Budget increases expenditure appropriations by \$2,053,115, or 4.9% and increases estimated revenue by \$1,125,615, or 5.1%, resulting in an increase in net County cost of \$927,500, or 4.7% over the FY 2017/18 Budget.

The increases to expenditure appropriations are due to projected salary and benefit increases for existing employees and the addition of fourteen (14) new positions. A listing of positions is included in the Program Modification List at the end of this section.

The increases in estimated revenue are concentrated in three primary areas; \$520,204 in Consumer Fraud and OSHA/Environmental special fund revenue to fund three (3) of the fourteen (14) new positions identified above, a \$300,346 increase to estimated Proposition 172 sales tax revenue and \$171,739 in increased Public Safety Realignment revenue related to AB 109 and Post-Release Community Supervision (PRCS) operations.

In summary, the Recommended Budget funds all increases to the Baseline Budget, adds fourteen (14) additional positions in the department and is balanced with no vacancy factor.

***Note:** The County Administrator has developed recommendations based on service level impacts communicated by the District Attorney's Office. It is acknowledged that the District Attorney is an elected official and has ultimate discretion on how to best deploy resources within her Office using appropriations allocated by the Board of Supervisors.*

Performance Measurement

With 1.1 million residents and 25 law enforcement agencies within the 19 cities of Contra Costa County, the District Attorney's Office reviews every police report submitted in its jurisdiction. In 2016, the Office prosecuted over 3,000 felony cases and 8,000 misdemeanor cases, including 92 felony trials and 204 misdemeanor jury trials. Despite the high numbers of cases and heavy workload, the Office managed to maintain an overall felony conviction rate of 85% - one of the highest in the Bay Area. The District Attorney's Office also investigates and prosecutes public corruption as well as enforces environmental and consumer protection laws, both civilly and criminally.

Administrative and Program Goals

1. Crime Prevention Programs

The District Attorney's Office continues to implement new crime prevention initiatives. The most significant of these is an emphasis on focused deterrence. This approach to crime prevention requires identifying the relatively few criminals who are responsible for the majority of crimes in a community. We focus resources on them to try to stop the criminal behavior. This may entail prosecution, or offering services, or a combination of both. The goal is to focus on the real problem people, not attacking the perceived problem with an inaccurate, and counter-productive "broad brush" approach. The

following programs are part of the District Attorney's focused deterrence efforts

(A) West County Anti-Violence Coalition

The Office holds quarterly meetings jointly with Richmond Police Department, the Sheriff's Office, the Probation Department, San Pablo Police Department, Bay Area Rapid Transit (BART) police and federal agencies to strategize regarding new and on-going anti-violence efforts.

(B) East County Anti-Violence Coalition

The District Attorney's Office holds quarterly meetings jointly with the Pittsburg, Antioch, Brentwood, and Oakley Police Departments, the Sheriff's Office, the Probation Department, and several federal agencies to strategize regarding new and on-going anti-violence efforts.

(C) Ceasefire

Richmond

The District Attorney's Office continues to be very involved with the anti-gang initiative known as "Ceasefire" in the city of Richmond in an attempt to stem gang violence at its source, before it erupts into shootings and before the taking of innocent lives. The Office holds "call-ins" where gang members are called into meetings and told of an impending crackdown if the violence continues. Ceasefire is a partnership between law enforcement, community members, clergy, and service providers.

The District Attorney's Office continues to work closely with the West County community to keep this momentum going in a positive direction. From a high of 47 murders in 2009, the number of homicides in the city of Richmond dropped to 22 in 2016. This is one of the lowest homicide rates in three decades and is a remarkable improvement for that community. In addition, the total number of reported shootings within the City of Richmond has decreased dramatically.

District Attorney

Law and Justice

(D) Safe Streets Task Force

In collaboration with the FBI, the Office has formulated a countywide task force to fight violent crime on a countywide basis. The task force includes several FBI agents, investigators from the District Attorney's Office, and officers from the Pittsburg, Antioch, and Richmond Police Departments, and the Sheriff's Office. This task force will operate throughout the county in innovative ways to reduce violent crime.

(E) Anti-Truancy Initiative

Since January 2011, the District Attorney's Office has focused on preventing crime by trying to help kids stay in school. This program focuses on increasing school attendance by sending letters to truant students, and their parents, and meeting with those individuals. A 0.5 FTE Deputy District Attorney is responsible for working with schools in the county to teach classes on bullying, gun violence, drug abuse, and gang intervention. Over the last several years, the Deputy District Attorney has taught this curriculum to over 1,000 middle school students in East County and is expanding the program to West County.

Additionally, the Deputy District Attorney is an active participant on Student Attendance Review Board (SARB) panels in several districts including San Ramon, Acalanes, Pittsburg, Mount Diablo and the newly formed County "SARB" panel, which serves the charter schools. The Office also collaborates with community-based organizations such as the Jr. Achievement Group (the largest national organization dedicated to helping students plan for academic and economic success), the Youth Intervention Network in Antioch, and Kops for Kids, to serve Contra Costa County's youth. In a coordinated effort with Jr. Achievement, over 20 prosecutors from the District Attorney's Office have participated in Law Enforcement Career Days at Pinole Valley and Deer Valley High Schools, and several middle schools in Antioch.

In 2015, the Office launched the first Parent Truancy Calendar, in partnership with the Superior Court and school districts, to combat chronic absenteeism among elementary and middle school students. The new court

proceedings place great emphasis on the parents' legal obligation to ensure that their young children attend school on a daily basis. After reviewing the information from the school attendance review board in cases of elementary and middle school chronically absent students (students who have been absent from school for 10% or more of the school days in one school year) the District Attorney charges parents with an infraction. The court places parents on a twelve-month grant of probation, during which they may be required to attend parenting classes, family counseling and/or other wrap around service programs. This holistic approach educates parents about the importance of school attendance for their children's future and addresses the barriers that have led to their children's chronic absenteeism. The collaborative court monitors parents' progress. If, after twelve months, the children are attending school, the charges are dismissed. This collaboration between the schools and the courts allows families to benefit from resources available through both systems.

(F) Human Trafficking

Plans are underway to establish a Human Trafficking Unit. The Human Trafficking unit's mission is to develop an effective and comprehensive approach to every type of human trafficking. We will work collaboratively to support victims and hold offenders accountable, using education, community involvement, and legal tools.

The Office has sponsored a Human-Trafficking Awareness campaign in 2014 through January 2018. This included addressing the Board of Supervisors on the issue and conducting training for law enforcement. The Office also placed public notices in busses, bus shelters, BART stations and on billboards throughout the County in its 2nd annual Day of Action.

(G) Alternatives to Prosecution

Working in collaboration with law enforcement and criminal justice partners, we will explore and develop alternatives to the prosecution of misdemeanor offenses, and low-level, non-violent crimes. We will also explore alternatives for mental illness and homelessness.

(H) Realignment (AB 109)

In October 2011, the Legislature drastically changed the sentencing and punishment structure in California. Most individuals convicted of felonies are in county jail, instead of state prison. This caused a significant impact on county public safety services, including the Probation Department, the Sheriff's Office and the District Attorney's Office. The Office continues to work closely with our Community Corrections Partnership to meet these challenges, entailing a great deal of time and effort in discussions and meetings.

Significant resources have been required to address these changes, including more victim witness personnel to work with victims and to determine restitution; more prosecutors to handle parole revocations; additional prosecutions because of these individuals now serving less custody time; and training of prosecutors regarding sentencing alternatives.

(I) Proposition 47

The recently enacted Proposition 47 changed all drug possession cases from felonies to misdemeanors. Inmates became eligible for resentencing, which requires a thorough review of criminal history and risk assessment, to assess dangerousness to the public.

(J) Bail Reform

In January, the *Humphrey* decision ordered judges in the state to stop relying on the conventional bail schedule for criminal offenses, especially in cases where a defendant does not pose a substantial safety. The ruling also compels judges to consider bail alternatives like electronic monitoring with ankle bracelets. *Humphrey* requires an inquiry about ability to pay, and consideration of nonmonetary alternatives to money bail. The District Attorney's office anticipates a significant increase in workload in order to prepare for and attend hearings, as well as an increase in victim witness support services associated with the hearings.

(K) Proposition 64

In November 2016, the voters passed Proposition 64, the Medicinal and Adult-Use Cannabis Regulation and Safety Act. The Act

legalizes use of cannabis, and includes the ability for individual to have prior marijuana convictions dismissed and the records sealed. There will be a significant increase in workload as the District Attorney's office establishes a protocol with the court and the defense bar for review, filing and granting of petitions.

2. Administrative Goals

(A) Case Management System

The Office went "live" with the new case management system in October 2015. As with any case management system, there continue to be challenges associated with implementation. Office staff has needed to learn how to operate under the new system, which has taken a great deal of time and effort. Additionally, there is a great deal more data entry/scanning work, with the end goal of working more efficiently and electronically.

(B) Staffing

The District Attorney will continue to need adequate staffing to maintain the ability to prosecute the full spectrum of criminal offenses and work on crime prevention initiatives. Over 90% of the Office budget is allocated to salaries and benefits, therefore, reductions to the budget result in reductions to services and programs. The Case Management System implementation has been very labor intensive, especially on clerical staff. In FY 2016-17, the Board of Supervisors authorized 5.0 FTE new clerical positions to assist with the new system.

(C) Training

The District Attorney's office engaged in an office wide "strategic planning conversation." We learned that there is a significant need for increased training for all employees (clerical, attorney, victim witness, and management). We are establishing a training oversight committee that will coordinate a comprehensive training program for the entire office.

CAO's Recommendation

The County Administrator's Office (CAO) is in the process of replacing the integrated legacy mainframe justice system that serves the Justice Partners (District Attorney, Public Defender, and Probation) and the Superior Court. The Superior Court is likewise in the early stages of a project to replace the County's legacy mainframe court management and calendaring system, beginning with its traffic case management system.

In addition to the project to replace the County's justice case management systems, the CAO has made it a top priority to replace the County's nearly obsolete warrant management system, a system upon which the Sheriff, the Superior Court and all local law enforcement agencies rely on a daily basis.

Migrating mainframe systems to modern case management systems are complex projects that involve coordination among not only the County's justice partners but also with multiple vendors, the Superior Court, the California Department of Justice, Office of the Sheriff, and the 20+ local law enforcement agencies that file cases with the District Attorney's office and rely on the County's automated warrant system and justice data network. Each project is multifaceted, labor-intensive, and spans many months and, sometimes, years. As the duration of these projects lengthens, the continued availability of key department subject matter experts diminishes, as only so much of their time can be devoted to automation projects and they, at some point, will get diverted onto primary mission duties. Likewise, if an automation project is allowed to languish, the County also risks losing vendor support, as vendors are generally paid only as progress is made. For these reasons, staff strive to accomplish automation projects as rapidly as possible and avoid delays and loss of momentum.

To implement and support these projects, the County Administrator's Office draws from several resources:

- Law & Justice Information Systems (LJIS) Division of the County Administrator's Office.

- Department of Information Technology (DoIT)
- Contract project management consultants
- System Vendors
- Subject matter experts from the operating departments

Until last year, the County's LJIS Division comprised only three staff. Due to the emergent need for more resources, the Board of Supervisors, in 2017, authorized two additional positions for the Division.

DoIT provides programming and other technical support to the CAO LJIS Division and the Superior Court on the County's legacy mainframe justice system and with the export of legacy data destined for the new systems.

Due to the complexities of managing multiple projects, and due to the age and condition of the County's legacy system data, it was imperative that the individual systems configuration and roll-out be executed in planned and coordinated phases that make the most efficient use of the County's limited staff resources and also ensure that the systems will perform and exchange data as necessary. The absolute necessity for high-level coordination of these systems is why the LJIS Unit exists, and under the auspices of the County Administrator's Office, in lieu of having each Justice Partner implement its own system. The LJIS Manager, under the direction of the County Administrator and working with the Justice Partners, determines the priorities and sequencing of the projects.

The Baseline Budget is reduced from the current year budget by \$10,516,613 due primarily to the removal of prior-year fund balance in the amount of \$8,394,875 from Law & Justice Systems Development and \$1,132,113 from the Vehicle Theft program. All year-end balances for the law and justice networks and projects are carried forward to the new budget year to finance the continuing development and maintenance of these coordinated multi-department and regional systems.

Justice Systems Development/Planning

Law and Justice

The balance of the reduction results from a combination of adjustments:

- a decrease of \$1.3 million in outside professional services;
- an increase to salaries of \$284,472 for cost-of-living increases and full-year funding of staff positions that were added in 2017; and
- miscellaneous other adjustments that resulted in a net expense increase of \$25,903.

The Recommended Budget is equivalent to the Baseline Budget.

Performance Measurement

Warrant Management System

- Completed competitive bidding process and selected new system provider to replace obsolete system.
- Completed contract negotiations and executed contract.

District Attorney and Probation Department Case Management Systems

- Analyzed, researched, and resolved production issues; maintained system tables; supported interfaces; defined, designed, and tested bug fixes, enhancements, and reports for justice partners.

Department Description

This table represents information in aggregate format summarizing expenditures, revenues, and net County costs for three budget units administered by the Probation Department. Included are data for the following budget units.

0308 – Probation Programs
0309 – Probation Facilities
0310 – Care of Court Wards

Major Department Responsibilities

The mission of the Probation Department is to serve and support, in collaboration with the justice partners, our communities, courts and crime victims. The Department is committed to the preservation of public safety by providing evidence-based prevention, investigation and supervision services, as well as a safe environment for staff and those placed in its custodial care.

The Probation Department operates to ensure that offenders are held accountable for criminal law violations by completing their court-ordered sentences. Probation is the lynchpin that ensures compliance as well as the opportunity of services that include but are not limited to mental health services, cognitive behavioral treatment, substance abuse treatment, community services, victim restitution, home supervision, intensive supervision, and detention and/or treatment at a County juvenile institution or in a group home placement.

The County Probation Officer is the statutorily designated Chair of the Community Corrections Partnership (CCP). The CCP is the advisory board involved in the planning, implementation and oversight of the County Plan for the realignment of State prisoners to County jurisdiction under Public Safety Realignment (AB 109).

Miscellaneous Programs (Non-General Fund)

1. Juvenile Justice Crime Prevention Act (JJCPA) - SLESF – Probation

Description: This Special Revenue Fund provides State resources from the Juvenile Justice Crime Prevention Act of 2000 (JJCPA) to support juvenile prevention initiatives.

The State funds are used to support 21 FTE positions in the School and Community Probation Programs. Deputy Probation Officers are stationed at high schools throughout the county, as well as various police departments. In addition to juvenile prevention and diversion activities, Probation personnel provide investigation and supervision services to juvenile offenders and other at-risk youth as well as provide referral services that directly relate to the needs identified in the risk needs assessment completed.

3. Community Corrections Performance Incentives Fund

Description: SB 678, known as the California Community Corrections Act of 2009, established the Community Corrections Performance Incentives Fund (CCPIF). The State transfers a portion of the cost savings realized by the California Department of Corrections and Rehabilitation (CDCR) from reduced referrals of certain probationers to State Prison. CCPIF revenue is to be used for evidence-based probation supervision activities with the ultimate goal of reducing recidivism among adult probationers between the ages of 18 and 25.

CAO's Recommendation

The Probation Department's FY 2018-19 Recommended Budget increases expenditure appropriations by \$1,153,358, or 1.4%. This includes salary and benefit costs. Additionally, the Department is anticipating continued increases to estimated revenue by \$1,305,394, or 4.1%, resulting in a decrease in net County cost of \$152,036, or 0.3%.

The Department is anticipating increased cooperating costs attributable a recent bail Court decision (In re Humphrey) and Proposition 63. The Department will need additional resources to meet the increased workload. The Department plans to utilize previously unfilled positions to address the anticipated changes.

The Community Corrections Partnership has recommended funding increases for the AB109 programs operated by the Probation Department at the FY 2017-18 staffing levels.

The Recommended Budget funds the increased costs in the Baseline Budget and services with minimal impact to the Department. There is no impact to the department's continued vacancy factor of \$911,133.

Performance Measurement

Complete the implementation of a case management system (CMS).

Probation continues to work with cFive, formerly Capita Technologies, as their case management system vendor. Probation expects to go live with the Adult side of the CMS by spring/summer 2018. Development continues on the Juvenile side of the CMS system with the anticipated roll out of the entire system by 2019/2020.

Continue to develop State-recognized evidence-based programming (EBP) in facilities and field probation.

The Department has continued to keep this Performance Measurement in the forefront of its mission. The Department continues to work

closely with the University of Cincinnati Corrections Institute (UCCI) to implement Core Correctional Practices (CCP) in the Juvenile Hall. The Orin Allen Youth Rehabilitation Facility has implemented CCP and a new Behavior Management System (BMS). The Field Services division has undergone an extensive and thorough evaluation of adherence to EBP and a five year strategic plan for implementation is currently being developed with the guidance and coaching of UCCI. The Department continues to strive to provide quality assurance for current and future EBP practices.

Improve collaborative efforts among departments to improve service delivery to clients.

The rapid implementation of AB 109 and creation of the mandatory Community Corrections Partnership defined partnerships and facilitated healthy communication to provide supportive services to adults re-entering the community from prison as well as providing improved services to the probation population now serving time in jail. The Department continues to work on enhancing collaborative opportunities with local law enforcement as well as local community-based organizations. Partnerships are further fostered through collaborative grants and other funding projects. The Probation Department is expanding the successful efforts of the AB 109 collaboration to the Adult General Supervision and Specialized services population.

Implementation of a Peer Support Program

The Contra Costa County Probation Department implemented a Peer Support Program. Peer Support Programs are designed to assist employees involved in or affected by a critical or traumatic incident. Critical incidents can occur on duty and off duty, as well as, in the field, in the offices, or in our facilities. When a critical incident occurs it is important to assure for an employee's well-being and that their basic needs are being met, including their emotional health. Peer Support Teams (PST) have become a standard of care in the law enforcement work place. The Peer Support Program is not an element of the Employee Assistance Program (EAP), nor is it a substitute for professional

Probation

Law and Justice

help. The purpose of the Peer Support program is to aid an employee during times of both professional and personal crises through the use of specially-trained volunteers from within the Department.

Through a contract with Psychological Services Group, the PST members continue to receive ongoing training and support in their role as Peer Supporters. Staff demonstrating service needs beyond the training and scope of the PST can be referred to Psychological Services Group to receive individual counseling and/or group counseling services as needed. The Department can call upon Psychological Services Group for guidance and support during critical incidents. Currently the Department has trained ten peer support staff and anticipates more training in 2018 to enhance the program.

Enhanced Services

The Probation Department has provided enhanced services to the Superior Court by collaborating in and assigning Deputy Probation Officer staff to the Mandatory Domestic Violence Court and the newly created Veterans' Court. Staff in both courts provide specialized supervision and service referrals to both populations who have specific individualized needs.

Administrative and Program Goals

Implement Continuum of Care Reform (CCR)

Implementation efforts for CCR will occur in stages beginning January 2017 through 2021 in Child Welfare Services, and in succeeding years in Probation foster care. CCR will necessitate significant and ongoing training for Placement Unit staff on utilizing the new processes and service requirements. CCR further necessitates increased coordination and cooperation between Probation, EHSD / CFS, and other county Departments including Public Health and Children's Mental Health.

Short-Term Residential Treatment Programs (STRTPs) will replace traditional group care. STRTPs provide highly intensive 24-hour supervision and treatment for youth, and will be designed to quickly transition youth back to their own or another permanent family. Facilities seeking licensure as an STRTP will need to meet higher standards of care, be accredited, and be able to deliver or arrange for a set of core services including the mental health services the youth needs.

The Resource Family Approval (RFA) process will improve selection, training and support of families (including relative and non-relative resource families) seeking to care for a youth in foster care, whether on an emergency, temporary or permanent basis.

Children and Family Teams (CFTs) is defined as group of individuals who are convened by the placing agency and who are engaged through a variety of team-based processes to identify the strengths and needs of the youth and his or her family, and to help achieve positive outcomes for safety, permanency, and well-being. CFT meetings are mandated to convene on a regular and re-occurring basis to ensuring their perspectives are incorporated throughout the duration of the case and is primary vehicle for collaboration on the assessment, case planning, and placement decisions.

Complete the implementation of a computerized case management system.

Analyze all programs for enhancement opportunities presented by new technology.

In FY 18-19, the Probation Department plans to hire a Data Analyst. As the new case management system is rolled out, the Data Analyst will monitor and review probation programs in relation to department data. The Data Analyst will work collaboratively with Probation management to identify strategies to improve future services for Probation clients.

Continue to develop best practices and, as a standardized case management system comes on line, use it to measure and validate programming.

Develop a new and enhanced Juvenile Justice Crime Prevention Act and Youthful Offender Block Grant Consolidated Annual Plan.

CAO's Recommendation

The Public Defender's FY 2018-19 Recommended Budget increases net County cost by \$875,000, or 3.8%, which reflects the addition of four positions. The Office of the Public Defender has seen substantial growth as there has been a steady increase of mandated services as the result of new legislation and recent court rulings. These new statutory and constitutionally mandated obligations include evidentiary bail hearings in the wake of *In re Humphrey*, Youthful Offender Parole Hearings and juvenile transfer hearings. The following additions to the management and support staff will oversee and facilitate the expanded programs and additional responsibilities: Reclassification of a Deputy Public Defender IV to Assistant Public Defender in the Administration unit; Investigator I in the Investigations unit; and two Deputy Public Defenders II and one Clerical, Experienced Level in the Adult and Criminal unit. The Community Corrections Partnership (CCP) has recommended funding an additional

temporary Special Assignment Deputy Public Defender and full-time Legal Assistant for the Failure to Appear (FTA) Reduction program. The CCP also funded one full-time Legal Assistant, for the Pre-trial project in the Pittsburg Court and one full-time Clerk-Experience Level position for the Reentry Program Support, which enables the expansion of their outreach to the greater community. In addition, the Recommended Budget includes additional revenue authorized by the CCP for existing positions authorized in the Public Defender's Office.

At a total cost of \$335,759, these activities are entirely offset by public safety realignment revenue and therefore have zero net county cost associated with them.

The budget is balanced with no vacancy factor.

Performance Measurements

Managed Representation for Juvenile Transfer Hearings Mandated by Proposition 57

Proposition 57, passed by voter initiative, provides for a specialized hearing for juvenile cases for which the District Attorney requests a transfer to adult court. Previously, the District Attorney was permitted to file these cases directly in adult court without need of a hearing. The hearing provided by Proposition 57 allows a judge to find that the juvenile's case should remain in juvenile court, which significantly changes the length of time that the young person may be incarcerated.

The Office of the Public Defender has thus far been able to manage these cases without need of additional resources by spreading the cases out among existing staff. Currently we have concluded one hearing, and have ten hearings pending which we hope to conclude in the coming year. We will continue to monitor the number of new transfer hearing requests filed by the District Attorney to see if we can manage the cases within our existing staffing level.

Developed Protocols for Youthful Offender

Hearings (YOPH)

The Department was able to develop protocols to begin fulfilling new obligations for Youthful Offender Parole Hearings. Under the new statutory scheme, clients who were under the age of 25 at the time they committed their offense are eligible for a specialized parole hearing based on a new, accelerated timeline. At these hearings, the parole board must consider evidence about the young person that will assist them in assessing the young person's growth and maturity subsequent to the offense date.

We have assigned a senior attorney to oversee our YOPH obligations to our former clients. To date we have identified approximately 325 former clients who have future YOPH hearing dates, and have identified the clients whose cases need immediate attention. We anticipate an average of 12 hearings per year going forward.

Continued Efforts to Divert the Mentally Ill out of County Jail

The Department continues to focus attention on the need to divert mentally ill and incompetent persons out of the criminal justice system and into treatment. We have had preliminary discussions with the District Attorney about expanding diversion efforts for this population. In addition, we were successful in working with the court to assign a dedicated judge to handle mental health caseloads, including hearings for clients who are incompetent to stand trial and those who are referred to mental health court. As a result, we have seen a more cohesive and comprehensive approach to behavioral health calendars and cases.

Worked with the Courts and District Attorney's Office to bring down Misdemeanor Caseloads

Over the past year, in part through the expansion of our early representation program, we have been able to identify and address some systemic problems with the processing of misdemeanor cases through the court system. By identifying these issues, such as unnecessary delays between citation and case-filing, we have been able to identify solutions for streamlining and

improving the flow of cases. While misdemeanor caseloads remain high, requiring the referral of overload cases to the conflicts panel, we are hopeful that we will see these caseloads go down as we continue to discuss alternatives with our justice partners.

Realigned Management Duties to Improve and Streamline Staff Supervision

The Department has successfully facilitated a realignment of management functions so as to provide better supervision and oversight of line staff and department functions. This process is ongoing and will continue into the coming year.

Improved Digital File Storage System and Develop timeline for Introduction of Case Management System

This effort is still underway. Our Department is waiting for development of the case management system to be completed for the District Attorney and the Probation Department before we can begin work on our system.

Expanded use of Text-Message Court Reminders to Improve Court Appearance Rates

This year, the Office of the Public Defender expanded the use of text message court notification reminders through our partnership with Uprust. The SMS reminder services provided by Uprust allow data to be managed via an encrypted and authenticated website accessed by the Department. The Uprust system sends automated court date reminders at regular intervals before a court date, in line with best practices and in an effort to increase court appearance rates and avoid unnecessary incarceration for our clients. Through this system, attorneys are able to message their clients confidentially and the system provides text message alerts to attorneys when clients text back into the Uprust system. In the last year, we piloted the use of text reminders with our Richmond Office clients, our Early Representation Program clients in Pittsburg and Richmond, and with the Office's Pretrial Services clients.

For each of these groups, we were able to increase court appearance rates for those

Public Defender

Law and Justice

enrolled in text message reminders. This year we completed the back-end integration between LJIS and Uptrust so that court dates are now automatically updated on a daily basis by LJIS after a client is enrolled in the Uptrust system. We worked on troubleshooting any system errors as we launched this integration. The completion of this integration will allow us to expand the use of Uptrust to enroll all out of custody Public Defender clients for text notification reminders and attorney communication in the next year.

- Launch Stand Together Contra Costa
- Begin YOPH hearings; investigate and collect mitigation evidence for upcoming hearings
- Manage new, expanded bail hearings required by the *Humphrey* decision
- Oversee the design and launch of the juvenile office at the Walnut Creek courthouse

Program Description

As part of the FY 2011–12 State Budget, the Legislature enacted a major shift of state program responsibilities and revenues to local governments. “2011 Realignment” funds various criminal justice, mental health, and social services programs annually through the 2011 Local Revenue Fund established in each County pursuant to statute. The 2011 Local Revenue Fund is composed of two departments:

0295 – Law Enforcement Services
0296 – Support Services

Law Enforcement Services

Description: This department includes dedicated funding streams for critical public safety activities, including:

- Trial Court Security, to fund costs of the Sheriff providing security to the local Superior Court.
- Law Enforcement Services, for front line law enforcement activities.
- Community Corrections, for allocation proposed by the Community Corrections Partnership and authorized by the Board of Supervisors.
- District Attorney/Public Defender, to fund the costs of Post Release Community Supervision prosecution and defense.
- Juvenile Justice, to fund the Youthful Offender Block Grant (YOBG) and Juvenile Re-entry programs.

CAO's Recommendation

The FY 2018-19 Recommended Budget projects a countywide allocation of \$173,095,145 from the State based on the Governor's January Proposed Budget. This figure is based on allocation factors used by various State agencies for the funding streams identified above.

The Recommended Budget represents a \$4,729,688, or 2.8%, increase from the FY 2017-18 Budget. The Governor's projections will likely change in the State's May Revised Budget. The County Administrator will continue to monitor impacts to the County from such changes during the State budget process.

In addition, the Recommended Budget does not include \$3,160,604 in one-time fund balance appropriated in FY 2017-18 for previously authorized capital projects.

The 2011 Local Revenue Fund is a fund within the County Treasury mandated by statute to facilitate the transfer of sales tax and vehicle license fee revenue from the State to the County in public safety and health & human services departments as authorized by the 2011 Realignment legislation.

The vast majority of revenue received in this fund is also budgeted in multiple County departments as a revenue reimbursement. For this reason, it may seem as though these funds are "double-counted"; however, this is not the case. These revenue reimbursements serve as a pass-through to support the operating budgets of those departments performing mandated functions required by 2011 Realignment.

FTE: 56.0	

2. Field Operations Bureau

a. **Patrol Services Division** - Provides 24-hour per day law enforcement services to the unincorporated area of the county and contract agencies. Officers on patrol respond to emergency calls for service through the 911-dispatch function, as well as provide law enforcement services through self-initiated activity. The Patrol Services Division includes estimated revenue of \$37,863,930 related to Proposition 172 sales tax revenue for use in the Field Operations Bureau.

FTE: 224.0

(1) In the unincorporated area, law enforcement services are coordinated through four station houses (Bay Station, Delta Station, Valley Station, and Muir Station) that provide a community-based policing model. Each station house is commanded by a Lieutenant, who reports to the Division Commander (Captain). In

addition to officers patrolling established areas, or "beats", the division staffs a special enforcement "J" team, which is able to provide a mobile, flexible response to increasing crime patterns or other special enforcement needs throughout the county.

(2) Contract Police services provides 24-hour per day law enforcement services to the contract agencies including the cities of Danville, Lafayette, and Orinda; and other entities such as AC Transit. Officers on patrol respond to emergency calls for service through the 911-dispatch function, as well as provide law enforcement services through self-initiated activity.

(3) The Marine Patrol division remains responsible for patrol of the navigable waterways within the County and enforcement of all applicable laws.

(4) The Sheriff's Helicopter Program serves as a force multiplier, assisting law enforcement teams on the ground with investigations and search & rescue operations.

Financing:	66,010,320
Net County Cost:	(13,622,855)
FTE: 224.0	

b. **Investigation Division** – Conducts follow-up investigation of all reported serious crimes that occur in the unincorporated area of Contra Costa County, as well as in the cities and districts that contract for investigative services. The objectives of such investigations are the identification and prosecution of persons responsible for and the recovery of stolen property.

FTE: 55.0

(1) General Criminal Investigations is the largest unit in the division and is responsible for the investigation and preparation of evidence for the prosecution of offenders involved in both felony crimes and cases involving juveniles. The Juvenile Assault/Sexual Assault Unit is responsible for follow-up investigations of child abuse cases and all sexual abuse cases.

(2) The DA Investigations Unit provides investigator positions to the District Attorney's Office under contract.

(3) *Civil Unit*: Carries out the legal mandates of the Government Code and Code of Civil Procedure to serve all process of the courts that are delivered to the Sheriff. The Sheriff is legally obligated to exercise reasonable diligence in attempting to effect service of process and may face severe liability with regard to this function.

of crime scenes for the collection and reservation of evidence in criminal cases.

(2) The Controlled Substance Analysis/Drug, Alcohol and Toxicology Unit has three major functions: the analysis of controlled substances seized by law enforcement officers; the analysis of blood, breath, and urine samples for the presence of alcohol and other controlled substances; and the analysis of physical evidence using highly sophisticated scientific equipment.

(3) The CAL-ID Unit operates a computerized system for the identification of fingerprints. The Automated Latent Print System provides the same search capabilities for crime scene latent prints for the purpose of criminal identification. CAL-ID is a joint cities/County program in which the cities pay their share of expenses.

(4) The Property Unit is responsible for the storage, disposition, and record keeping of all property and evidence related to pending cases.

Forensic Services Division	
Service:	Mandatory
Level of Service:	Discretionary
Expenditures:	\$14,766,393
Financing:	7,401,301
Net County Cost:	7,365,092

CAO's Recommendation

The Recommended Budget includes a net county cost of \$90,350,000, which partially funds the Baseline Budget and provides new funding for fifteen (15) existing Deputy Sheriff-Recruit positions, but ultimately requires the imposition of a vacancy factor to balance.

Specifically, the Recommended Budget balances by using a \$5.6 million vacancy factor. A vacancy factor accounts for cost savings related to vacancies occurring within the department during the fiscal year. In addition, the department will eliminate four (4) vacant positions identified below in the "Program Modification List".

The Recommended Budget also includes an estimated increase to Proposition 172 sales tax revenue of \$1,425,778, from \$66.1 million to \$67.5 million. Proposition 172 revenue funds core patrol and custody services within the Sheriff's Office budget.

A summary of recommendations can be found on the "Program Modification List" at the end of this section. Note that the "Program Modification List" itemizes the vacancy factor mentioned above and indicates that reduction occurring in County Patrol. The County Administrator

acknowledges that the Sheriff's Office has been asked to manage this vacancy factor and the Sheriff can choose where best to allocate expenditure savings throughout his department (not just in County Patrol). For this reason, it is important to note that for budget tracking purposes, the reduction has been placed in County Patrol, but will likely be redirected throughout the department at the Sheriff's discretion.

Note: *The County Administrator has developed recommendations based on service level impacts communicated by the Office of the Sheriff-Coroner. It is acknowledged that the Sheriff-Coroner is an elected official and has ultimate discretion on how to best deploy resources within his department using appropriations allocated by the Board of Supervisors.*

Performance Measurement

The Sheriff's Office is committed to providing high quality police services throughout the unincorporated communities and contract cities in the County. The Office remains committed to the mission of recruiting, hiring and training the most qualified candidates and recently has enjoyed a significant reduction Deputy Sheriff attrition, which is likely due to a current competitive sworn labor contract. The department anticipates this welcome trend will continue into this fiscal year.

The Sheriff has implemented two important progressive training initiatives that will continue into FY 2018-19 - Implicit Bias and Crisis Intervention De-escalation training. Implicit Bias training will be given to all Sheriff's Office personnel, both sworn and civilian professional staff. This training was first rolled out to executive managers last fiscal year – including the Sheriff and Executive Staff. The Office will also continue with its certified Crisis Intervention and De-escalation Training with the goal to train all Sheriff's Office personnel.

In the Custody Services Bureau, the Sheriff is looking for new ways to bring job readiness skills to our inmate population through building a partnership with the Contra Costa County

Building and Construction Trades Council. The first step of this partnership is to have representatives from all the trades come to the West County Detention Facility (WCDF) to explain what is required to gain employment in the trades, including this will include holding a job fair inside the facility. Ultimately, the goal is to provide as many pathways possible for reentering offenders to have gainful employment opportunities upon release from custody.

The Emergency Services Division (ESD) will participate in multiple training exercises this fiscal year to enhance our capabilities in response to natural and man-made disasters. ESD will host the California Specialized Training Institute, Emergency Operations Center Exercise and Operations Training Exercise in 2018. Likewise, the Community Warning System will enhance outreach efforts to all community members through increased, targeted multi-media and public meetings with the goal of increasing community engagement and understanding of the system.

In July 2017, the Office of the Sheriff was awarded \$70 million in State funding to replace 416 outdated and overcrowded jail beds at the Martinez Detention Facility. The new facility will be constructed within the existing perimeter of the WCDF. The new facility will dedicate over 22,000 square feet exclusively for programs & services and will include a 96-bed Behavioral Health Unit, Child Visiting Center, Vocational Services Unit, and Reentry Services Unit. An additional 16,000 square feet will be dedicated to outdoor recreation space. The Behavioral Health and Reentry Services Units will provide an integrated array of trauma-informed, evidence-based, gender-responsive rehabilitation, reentry, and vocational services, carefully matched to client need. These approaches reflect national best-practices for jail improvement initiatives.

The Office continues to seek out opportunities to collaborate with other agencies and community partners to align forces to meet better the needs of the community we serve. Currently, patrol staffing levels are not at the level needed to facilitate new programs. However, the Office remains committed to taking an active role in these partnerships as staffing levels improve.

Administrative and Programs Goals

Sheriff-Coroner

Law and Justice

The Office of the Sheriff is committed to the following goals for FY 2018-19:

- Continue to manage the County's new Office of Emergency Services (OES) and Sheriff's Administration building project to ensure the County is adequately prepared to respond to major
- Provide unincorporated Contra Costa County with the highest level of law enforcement services possible while remaining within budgetary constraints.

CAO's Recommendation

The Trial Court Funding Act of 1997 consolidated all court funding at the State level, capped counties' financial responsibility at the 1994 level, required the State to fund all future growth in the cost of court operations, and raised a number of civil court fees to generate more revenue for the trial courts.

Under the Act, counties remain fiscally responsible for an annual maintenance of effort payment to the State, annual payments for shared facilities, criminal defense and prosecution costs, the criminal and civil grand juries, judicial benefits for current judges who were serving as judicial officers in 1997, and the collection of court-ordered fines and fees. The budget for Superior Court Related Functions accounts for these fiscal responsibilities.

The Baseline expenditures are decreased from the current year budget by a net amount of \$141,683, reflecting:

- a decrease of \$505,000 in the transfer to the State of 50% of the estimated excess fines and forfeitures revenue above the statutory base, as required by the Trial Court Funding Act. The decrease in this provision results directly from a projected sharp decrease in fines and forfeiture revenue.
- an increase of \$125,000 in the provision for court-appointed counsel in homicide cases.
- an increase of \$370,605 for outside attorney and witness expense to provide support for additional capital cases.
- the elimination of the \$113,500 balance of the one-time provision approved by the Board of Supervisors on February 3, 2015 to subsidize the Superior Court's start-up costs to implement Laura's Law, a court-ordered assisted outpatient mental health treatment program.
- an increase of \$27,281 in compensation costs for four deputy probation officers assigned to the Superior Court under the 1992 Court Probation Officer Program.
- a decrease of \$18,000 in the provision for the criminal grand jury.
- miscellaneous other adjustments comprising a net decrease of \$28,069.

Court revenues are reduced by \$1,083,182 due, in part, to the traffic amnesty program, which took effect in October 2015 and continued

Superior Court Related Functions

Law and Justice

through March 31, 2017. Changes in judicial policies on the ordering of certain fines and fees have also contributed to a decline in revenues.

The Recommended Budget is equivalent to the Baseline budget, and includes General Fund appropriations in the amount of \$15.1 million for transfer to the State to subsidize the cost of the local Superior Court, and \$3.2 million for other court functions for which the County is financially responsible under the Trial Court Funding and Public Safety Realignment (AB 109)* Acts.

Superior Court Related Functions also include four non-General Fund programs that provide for local dispute resolution services and funding for debt service payments on the District Attorney Office facility and the Peter L. Spinetta Family Law Center in Martinez.

Note that Superior Court programs are mandated and should the recommended budget prove to be insufficient, mid-year augmentations will be required from the County's reserves or through mid-year reductions in other County programs.

**Note that the Sheriff's Department earns revenue in consideration for providing bailiff and security services to the Court. These costs and revenues are reported in the County Local Revenue Fund and the Sheriff's Department budget.*

Performance Measurement

The County and the Superior Court continued to work diligently to minimize the County General Fund impact for capital cases through the application of new policies including presumptive rates and fees.

The County also negotiated and executed new Memoranda of Understanding covering enhanced collection of court-ordered fines and fees and court security services.

Administrative and Program Goals

In fiscal year 2018-19, the County Administrator will continue to work with the Superior Court to:

- Implement, in a coordinated fashion, the County's new criminal justice case management systems and automated warrant system to maintain a seamless interface between County and Court systems;
- Maximize revenue recovery and minimize the cost of revenue collection; and
- Identify additional opportunities to collaborate to improve criminal justice program policies and procedures.

CAO's Recommendation

The FY 2018-19 Recommended Budget provides for the funding of 26 fire stations, 28 fully functional engine/truck companies, one

limited functionality squad, 370.6 FTEs in the District's General Operating Fund, and 11 FTEs in the District's EMS Transport Fund.

The budget includes funding for negotiated wage adjustments, benefit cost increases, building and grounds maintenance and repair projects, capital and non-capital equipment replacement (including heavy fire apparatus), increased interagency charges, restaffing Engine 1 in the City of Walnut Creek in 2018, and reopening Fire Station 16 in the City of Lafayette in 2019.

The District is primarily funded by property tax revenues. In FY 2017-18, the District experienced a 6.05% growth in secured property assessed valuation and a 5.53% growth in total assessed valuation. This represents the fifth consecutive year of growth in assessed valuation after several years of declines. The District received additional property tax distributions during the course of the fiscal year due to the dissolution of redevelopment agencies. Additionally, the City of Pittsburg resumed making RDA Successor Agency pass-through payments and repaid arrearages from the suspension of prior year payments.

The FY 2018-19 Recommended Budget anticipates a 5% growth in secured property assessed valuation and revenue from the continuing unwinding of the redevelopment areas. The budget also anticipates the continuation of some new sources of revenue, such as fire-based emergency medical services (EMS) first responder fees and sales tax for enhanced EMS services in the City of San Pablo. Additionally, the budget anticipates increased revenue from updated service fee schedules.

These increases in revenue are allowing the District to continue to restaff/reopen some of the operational resources that were taken out of service during the Great Recession.

In FY 2018-19 the employer Tier A Safety base rate decreases from 77.88% to 73.66%. Offsetting that decrease is the elimination of the employee subvention of the employer cost towards retirement.

Additionally, while the employer base contribution rates for both Safety Tier A and General Tier 1 decrease in 2018-19, the actual employer contribution increases by about \$1.7 million due primarily to the increase in retirement compensable pay.

The FY 2018-19 Recommended Budget for the Contra Costa Fire Protection District Operating Fund is balanced and requires no use of fund balance. The District continues to meet its Board adopted policy to maintain a minimum reserve of 10% of general operating fund budgeted expenditures.

In addition, the FY 2018-19 Recommended Budget for the EMS Transport Fund plans for a \$2.8 million contribution to fund balance at year-end. This is consistent with the County Administrator's recommendation to the Board during the January 2018 Board Retreat and begins a cycle of planned contributions to fund balance in the EMS Transport Fund.

On January 1, 2016, the District became the County's exclusive operator of emergency ambulance service (not including the areas covered by the Moraga-Orinda Fire Protection District and the San Ramon Valley Fire Protection District). Thus far, the cost of providing the new service has been fully offset by the collection of ambulance service fees.

Performance Measurement

During FY 2017-18 the District:

- Responded to approximately 73,700 incidents in calendar year (CY) 2017. This represents a 12.5% increase in call volume compared to CY 2016.
- Conducted 12,750 life safety inspections and plan reviews of new and existing buildings and fire/life safety systems for compliance with state and local fire and building codes during CY 2017. This represents a 28% decrease compared to CY 2016.

- Relocated several District divisions into one centralized Administrative Office.
- Continued to reposition and add internal resources to effectively manage, both operationally and financially, the emergency ambulance program.
- Entered into a contract with the City of El Cerrito to provide dispatch services through the District's Contra Costa Regional Fire Communications Center.
- Added new dispatcher positions to increase efficiency with single point call processing, dispatching, and resource tracking.
- Completed District-wide energy infrastructure upgrade, including the installation of solar photovoltaic panels at four different sites.
- Restaffed Engine 1 at Fire Station 1 in the City of Walnut Creek.
- Completed demolition work and began construction on the new Fire Station 16 in the City of Lafayette.
- Completed architectural drawings and submitted for a building permit on the new Fire Station 70 in the City of San Pablo.
- Continued to develop long term funding plan for fire station construction projects, to include Fire Station 9 in Pacheco and Fire Station 86 in Bay Point.
- Began deploying fire personnel as first responders at the specialist level to hazardous materials incidents.
- Continued periodic replacement of capital equipment, such as heavy fire apparatus and support equipment.

CAO's Recommendation

The FY 2018-19 Recommended Budget reflects a decrease of \$646,752 in expenditures, which is primarily composed of fund balance appropriated in FY 2017-18. Recommended revenue reflects a net increase of \$16,205.

The Recommended Budget does not include the use of fund balance to balance the budget.

Performance Measurement

- Crockett-Carquinez FPD has continued to recruit Paid-on-Call firefighters during FY 2017-18. The District added nine (9) and removed three (3) from the personnel roster.
- The District received a \$30,000 donation from Phillips 66 to replace the inventory of Automated External Defibrillators (AEDs) in FY 2017-18.
- The District provided mutual aid services to fight wildfires throughout the State, including Sonoma, Napa, Solano Los Angeles and San Diego in FY 2017-18.

Administrative and Program Goals

- Continue recruiting Paid-on-Call personnel.
- Continue pursuing donations and grants to help supplement funding for apparatus and equipment needs.
- Upgrade technical rescue capabilities and place a rescue truck in service.

ALL COUNTY FUNDS

All County Funds include the County’s Enterprise Funds (i.e. Airport, Sheriff Law Enforcement Training Center Fund, Child Care Enterprise Fund, Hospital, Health Plan Funds, and Major Risk Medical Insurance Fund). Please refer to the Table of Funds for more detailed fund descriptions.

Internal Service fund balances are not included in All County Funds; however, County impacts are reflected in the individual Departmental Budget Summaries. These funds include the Fleet Services Fund and the County’s Self-Insurance Funds. The Fleet Services Fund is used to account for the rental of motor vehicles and other related costs to other departments. The County’s Self-Insurance Funds are used to account for administrative costs and payments of claims under various insurance programs. Revenues are primarily premiums paid by other operating funds (reflected in departmental expense) and interest on investments. The insurance programs include Employee Dental, Long-Term Disability, Workers’ Compensation, Automotive Liability, Public (General) Liability, State Unemployment, Medical Liability, and Special District Property.

GENERAL PURPOSE REVENUE DISTRIBUTION

General Purpose Revenue is derived from sources not specific to any program or service delivery, available from sources such as property tax and interest income, and may be used for any purpose that is a legal expenditure of County funds. The estimated General Purpose Revenue for FY 2018-19 is \$447,622,000 or 28% of the County’s total General Fund estimated revenue. The following table compares the recommendation for distribution of General Purpose Revenue among Departments to the previous year’s recommendation.

County Summary Information

GENERAL PURPOSE REVENUE DISTRIBUTION

The following table compares the Recommended Budget's share of General Purpose Revenue between Agencies to the Baseline Budget. The Baseline Budget identifies the funding gap, if any, by projecting the level of appropriations and resources that would be required to provide in the budget year the same level of service provided in the prior year. Growth in General Purpose Revenue and other revenue was not sufficient to fund all Baseline requests, including a net of \$7.5 million in the FY 2018-19 Baseline Budget. Detailed recommendations are identified within each departmental write-up and summarized in the Countywide Program Modification List found in the Appendix on page 531.

REVENUE DISTRIBUTION

As shown below, the majority of General Purpose Revenue is allocated to a handful of County Departments/Program areas; in fact, 81.3% of our General Purpose Revenue is spent in just nine departments. The table below also shows the ranking of Department /Program share (including Appropriations for Contingencies) of General Purpose Revenue.

EMPLOYEE RETIREMENT RATE INFORMATION

The County continues to carry a number of vacant positions due, in part, to unprecedented numbers of retirements during calendar year 2011 and 2012, which was exacerbated by the Great Recession. The chart below provides the last ten years of retirement history by year and for the month of March. Historically March retirements are the highest because retirees must be retired by April 1 in order to receive a cost-of-living adjustment from the Contra Costa County Employees' Retirement Association.

Discussion of Major Revenue Sources:

Intergovernmental Revenue: \$916.5 Million/25.8% of Total Sources

This major revenue source includes allocations from other government entities, primarily Federal and State, a large portion of which is various State Realignment revenue streams and Public Safety Services (commonly referred to as Prop 172) revenue. The State has achieved significant policy improvements several times over the past 20 years by reviewing state and local government programs and realigning responsibilities to a level of government more likely to achieve good outcomes. During years of fiscal difficulty, realignment proposals by the legislature or administration often included additional revenues earmarked for the transferred programs, such as health, mental health and various social service programs.

State Aid Realignment-Sales Tax (\$227.9 million): Contra Costa’s total Realignment-Sales Tax revenue is budgeted at \$227.9 million, 76% of which is comprised of 2011 Realignment Fund revenues. The 2011 realignment plan shifted the responsibility and funding for a series of major programs from the state to local level. In total, the realignment plan provides \$7.7 billion to local governments to fund various criminal justice, mental health and social services programs in the current year and \$8.01 billion is estimated in the FY 2018-19. In FY 2018-19, Contra Costa County’s share of community corrections base allocation will be increased; however, while our “Base” is increasing in FY 2018-19 over FY 2017-18, the percentage share that our County receives of the statewide allocation remains fixed. Realignment revenue is dependent on a statewide pool of funds, which is derived from Vehicle License Fees and a portion of the State sales tax. It is projected to increase in FY 2018-19, based on current estimates in the Governor’s January Proposed Budget.

Discussion of Major Revenue Sources

Intergovernmental Revenue *(continued)*

Federal Aid (\$212.7 million): The County is projecting to receive federal aid for a variety of programs in FY 2018-19. The largest source provides support for CalWorks and CalFresh in the Employment and Human Services Department (\$81.0 million), which is distributed based in part on caseload, program allocation and time studies. Some of the other programs are: adoptions (\$7.6 million), child boarding homes (\$11.6 million), community services administration (\$31.3 million), other Federal Aid (\$16.9 million), employment and training (\$6.8 million), family maintenance (\$10.0 million), highway construction monies (\$7.1 million), and HUD Block Grants (\$13.8 million).

State Aid Public Safety Services (\$81.7 million): The half-cent public safety tax was approved by the voters in 1993 to permanently extend a temporary state tax that had been enacted to offset the state's fiscal crisis. The state controller forwards the revenue to each county on the basis of that county's share of statewide taxable sales. The county auditor then distributes to its local agencies via a formula based on the amount of property tax lost to previous state expropriations by ERAF (Educational Revenue Augmentation Funding). Revenues can only be used for specified public safety purposes. In Contra Costa they are allocated to the departments of the Sheriff and District Attorney. The County's sales tax consultants project that these revenues will increase in FY 2018-19 due to an increase in the County's pro-rata share of Proposition 172 statewide sales tax receipts. The increase over the current year budgeted figures is \$1.7 million.

State Aid Realignment-Mental Health (\$27.6 million): The 2011 realignment plan shifted the responsibility and funding for a series of major programs from the state to local level. In total, the realignment plan provides \$7.7 billion to local governments to fund various criminal justice, mental health and social services programs in the current year and \$8.01 billion is estimated in the FY 2018-19. Contra Costa's total Realignment – Mental Health is budgeted at \$27.6 million for FY 2018-19. All of these monies are budgeted within Health Services and are used to provide mental health services to both children and adults, including probationers. This funding is generated through sales tax, including the AB109 sales tax allocation, and is projected by the Health Services Department based on prior year receipts and anticipated sales tax growth.

Title IV-D Revenues (\$18.7 million): Child Support Services is projecting to receive just under \$19 million in federal funds in FY 2018-19. This is a federal funding source and is projected by the Child Support Services Department based upon performance and current year expenses, due mainly to flat expenditures; projected revenue growth is flat as well.

Discussion of Major Revenue Sources

Hospital/Health Plan Revenue: \$1.385 Billion/39.07% of Total Sources

Operation of the Contra Costa Regional Medical Center (CCRMC) is financially administered primarily with Hospital/Health Plan revenues. This major revenue source includes revenue from charges for patient services (including Medicare, Medi-Cal and Health plan reimbursements).

PHP/Medi-Cal Premiums (\$708.5 million): The budgeted revenue anticipates enrollment of the State of California Medi-Cal recipients into the County Managed Care two plan model. The member month and market share projections are developed based upon statewide data and modified based upon historical trends. The anticipated monthly capitated payment amount is based on State contracted rates. The projected member months multiplied by the State contract rate produce the budgeted revenue.

Medi-Cal Reimbursement (\$280.3 million): Fee for Service Medi-Cal inpatient hospital services are reimbursed on a per day basis (adjusted at year end per the terms of the State Medi-Cal waiver). The days have been projected based on historical patterns and adjusted for known service staffing levels. The per day rate is then multiplied by the number of projected patient days to arrive at the budget.

Medi-Cal outpatient services are reimbursed on a Prospective Payment System (PPS), all-inclusive rate, which includes physician reimbursement. The visits are projected based on historical patterns and then adjusted for new medical service additions and deletions. The resultant visit volume is then multiplied by the estimated revenue per visit to arrive at the budgeted amount.

ALL COUNTY FUNDS

Discussion of Major Revenue Sources

Hospital/Health Plan Revenue *(continued)*

Health Plan Reimbursement (\$148.4 million): The revenue is for Inpatient and Outpatient managed care services reimbursed on a capitated basis. The revenue forecast is based on anticipated enrollment consistent with State wide trends coupled with utilization rates per thousand (for both days and visits). The member projection and volume estimates are then combined with the anticipated payment rate to arrive at the budget amount.

Miscellaneous Hospital Revenue (\$66.5 million): The County Hospital and Clinics is expected to receive in excess of \$66.5 million in miscellaneous revenues in FY 2018-19. This revenue source varies drastically from year to year. In FY 2016-17 actual revenues from these sources were \$37.1 million. The largest source of these revenues is from Public Hospital Redesign and Incentive in Medi-Cal (PRIME). Total miscellaneous revenues are projected to be approximately \$69.4 million in the current year, with a decrease in FY 2018-19. The revenues are projected from a variety of sources within the Health Services Finance unit.

Contra Costa Health Plan Premiums (\$61.5 million): The budgeted revenue anticipates enrollment of the Commercial members into the County managed care plan. The member months are based upon historical trends and adjusted for product additions or deletions. The resultant number of months is multiplied by the average prior period rate per month to produce the budgeted revenue.

Medicare Reimbursement (\$42.3 million): Medicare Inpatient services (Regular Health) are paid on a per discharge basis. A DRG (Diagnostic Related Group) code is assigned to each inpatient stay and the corresponding weight is multiplied by the federal rate (published in the federal register) adjusted by locality. The DRG is intended to identify the 'products' the hospital provides to a patient. Outlier payments are made for costs that exceed the threshold as established in the federal register. The budgeted revenue anticipates inpatient discharges with a DRG case mix consistent with prior periods trended forward based upon the last six months of actual data.

Medicare Outpatient services are paid by APC (Ambulatory Payment Classification) codes. Each code is assigned a value by CMS (Centers for Medicare and Medicaid Services) and these codes are adjusted by locality. The APC codes are determined by the CPT (Current Procedural Terminology) code billed for the facility portion of the medical services and procedures rendered to the patient. The budgeted revenue anticipates a patient volume and APC mix consistent with the prior period activity.

Discussion of Major Revenue Sources

Enterprise Fund Subsidy: \$23.6 Million/0.7% of Total Sources

Operation of the Contra Costa Regional Medical Center (CCRMC) is financially administered primarily with Hospital/Health Plan revenues. This major revenue source includes revenue from charges for patient services (including Medicare, Medi-Cal and Health plan reimbursements). The County General Fund is also used as a source of Enterprise Fund subsidy. Dramatic changes occurred with the Hospital/Health Plan based on full implementation of the Affordable Care Act (ACA). These changes had a significant impact on County operations and how these functions are financed.

Hospital Subsidy (\$19.6 million): Historically, the County General Fund has provided a general fund subsidy to the Hospital and Clinics (Enterprise Fund I). These revenues are allocated from projected property tax revenues and are set as a fixed dollar amount. The allocation has been reduced significantly over the last five years and is expected to be reduced further in FY 2019-20. The temporary subsidy reduction in FY 2014-15 was due to the recognition of start-up revenues related to the Affordable Care Act.

Health Plan Subsidy (\$3.9 million): Historically, the County General Fund has provided a general fund subsidy to the County health plan (Enterprise Fund III). These revenues are allocated from projected property tax revenues and are set as a fixed dollar amount. The allocation was reduced significantly in FY 2010-11, but has been relatively stable since.

Discussion of Major Revenue Sources

Taxes: \$438.3 Million/12.36% of Total Sources

Contra Costa’s largest General Fund revenue source is from Taxes. This major revenue source includes primarily Property Taxes, including Property Tax In-Lieu of Vehicle License Fees, that are levied on taxable real and personal property which is situated in the County as of the preceding January 1. Another major tax source is Sales and Use Tax.

Property Taxes-Current Secured (\$259.4 million): Property Taxes, which are regulated by the State and locally administered and distributed by the County, are based on one percent of taxable property value. Property taxes can increase, or decrease, annually based upon the California Consumer Price Index (CCPI), but are limited to a two percent increase per year unless the property is sold or new construction occurs, in which case the property value for taxation purposes is adjusted by the County Assessor. Property values may also be temporarily reduced due to declines in the market value of the property below the current assessed value, as was the case during the recession. Contra Costa relies on a consulting firm to project Property Tax growth. The County Administrator’s Office analyzed this information and is recommending budgeting 5.0% growth over current year projections from this revenue source.

ALL COUNTY FUNDS

Discussion of Major Revenue Sources

Taxes Revenue *(continued)*

Property Tax In-Lieu of Vehicle License Fees (\$129.5 million): A portion of Property Tax revenue is Property Tax In-Lieu of Vehicle License Fees (VLF). The VLF is a tax on the ownership of a registered vehicle in place of taxing vehicles as personal property. By law, all revenues from the VLF fund city and County services, but the State legislature controls the tax rate and the allocation among local governments. In 2004, the legislature permanently reduced the VLF tax rate and eliminated state general fund backfill to cities and counties. Instead, cities and counties now receive additional transfers of property tax revenues in lieu of VLF. The County Administrator's Office is projecting 5.0% growth in VLF for FY 2018-19 based on property tax projections.

Sales and Use Tax/In-Lieu Sales and Use Tax (\$15.0 million): Sales tax is the responsibility of the seller, and the local portion is generally allocated to the jurisdiction where the seller's sales office, order desk or cash register is located. Use tax is levied upon the purchaser; and normally applies either when title to the merchandise has passed at a point outside of California, or when the item(s) sold are affixed to real property as part of a construction contract. Because these transactions are not tied to a permanent, in-state place of business the use tax is normally distributed via the county allocation pools and shared among all jurisdictions in that county. In-Lieu Sales and Use Tax are those taxes transferred to a county or a city from a Sales and Use Tax Compensation Fund or an Educational Revenue Augmentation Fund. These revenues replaced the 0.25% of the Bradley-Burns sales and use tax that were previously credited to the general funds of all cities and counties but are now being used for debt service payment of State Economic recovery bonds. This funding mechanism became known as the "Triple Flip".

The Governor's FY 2014-15 state budget included a supplemental payment of \$1.6 billion to allow the 2004 Economic Recovery Bonds to be paid off earlier than originally planned. Based on our review of historical annual Triple Flip reconciliations, all past takeaways have been properly trued up and no additional amounts are due to local/county agencies. Starting with monthly advances in March 2016 (representing sales activity starting January 1, 2016) and thereafter, Bradley-Burns allocations reverted to the original 1% amount. Due to the increase in monthly cash flow, many agencies experienced a one-time bump in recorded accrued revenues for the 2015-16 fiscal year when compared to the 2014-15 fiscal year. Contra Costa relies on a consulting firm to project Sales and Use Tax. The FY 2018-19 Recommended Budget includes a \$1.0 million growth over the current budget in net sales taxes.

Discussion of Major Revenue Sources

Other Major Revenues: \$781.8 Million/22.05% of Total Sources

Other Major revenues and financing sources include License/Permits/Franchises, Fines/Forfeits/Penalties, Use of Money and Property, Charges for Services, and Miscellaneous Revenue.

License/Permits/Franchises (\$28.4 million): The majority of the County’s revenues in this category come from construction permits (\$14.6 million), franchises (\$8.2 million), landfill surcharges (\$1.8 million), and animal licenses (\$1.6 million). All of these revenue projections are based upon very recent trend analysis as historic figures tend to project higher than can reasonably be anticipated.

Fines/Forfeits/Penalties (\$18.6 million): The majority of the County’s fines are from general fines (\$3.5 million), miscellaneous penalties (\$2.4 million), and vehicle code fines (\$1.0 million). Projections for these revenues are based upon recent experience and cases recently settled or in-the-pipeline. An additional source of general purpose revenue is generated from a transfer from the Tax Losses Reserve Fund (\$10 million). Allocations from the Tax Losses Reserve fund to the General fund are based upon total funds available over the statutory minimum and level transfer sustainability.

ALL COUNTY FUNDS

Discussion of Major Revenue Sources

Other Major Revenues (continued)

Use of Money and Property (\$14.1 million): These revenues are generated from monies earned on cash deposits, bonds and other investments. They include amortization of premiums and discounts on debt securities and interest income on leases. Investment earnings on bank deposits and other forms of investment include interest, dividends and change in the fair value of investments. The largest revenues in this category are \$7.1 million from earnings on investments, \$4.2 million from aviation operations/rent and concessions from the Buchanan Airport, and \$2.5 million from rent on real estate and office space. Earnings from use of money and property are relatively flat and are not expected to grow significantly in the short term, due mainly to very low interest rates.

Charges for Services (\$278.7 million): Eleven of the 81 revenue sources in this category account for over 75% of the revenue. The largest is Medi-Cal for mental health services (\$80.6 million), which is projected based upon trend as well as State contract. Contract law enforcement services accounts for \$24.9 million and are based upon current contracts to cover projected actual expenditures. Building maintenance services costs account for \$39.4 million, \$5.2 for city contracts for animal services, and \$8.9 million for reciprocal transactions between governmental funds (contracts and interfund loans). For the most part, these revenues are projected based upon existing contracts. The County also expects to receive \$16.3 million from health inspection fees, \$8.6 million in recording fees, \$7.7 million in assessment collections, \$7.5 million from planning and engineering services, \$6.5 for communication services, and \$4.7 million for miscellaneous current services in FY 2018-19. These revenue projections are based upon recent County trends.

Miscellaneous Revenue (\$441.8 million): Over \$352.5 million in miscellaneous revenues are government to government reimbursements for recovery of shared and/or actual costs of raw materials and/or raw labor. Included in this category, and the most common in Contra Costa County, are non-arms-length transactions such as the Public Works Department charging the Road or Flood Control Funds. Other large sources of miscellaneous revenues are government to government transfers (\$11.3 million) and contributions from other funds. These are one-way transactions where assets are transferred from one fund to another fund without anything in return (e.g. Subsidy). These miscellaneous revenues are projected to increase in FY 2018-19 and are based upon planned future projects. The second largest miscellaneous revenues at \$47.1 million are contributions from other funds. Of this amount, \$44.5 million is budgeted for the principal and interest costs for the Pension Obligation Bonds for employee retirement liabilities (\$41.8 million) and to fund the Retirement Litigation debt services repayment (\$2.7 million). Note that the FY 2017-18 Budget includes \$22.5 million in general fund balance allocated for the West County Reentry Treatment and Health facility grant match and \$3.1 million in AB109 related capital projects (see Public Safety Realignment, page 420). Projected funds are calculated per the established debt schedules and allocated across projected employee payroll based upon recent experience (see Debt Service, page 123).

Fund balance represents unconstrained resources or other liquid/cash convertible assets in excess of fund liabilities. For budgetary purposes, this represents the sum of over-realized or unanticipated revenues and unspent appropriations or reserves at the end of each fiscal year. The County Administrator's Office reviews variances in projected fund balances each year over or under 10%. Presented in the table above are the County's Major Governmental Funds individually (General Fund and CCC Fire Protection District Special Revenue Fund), all other Non-Major Funds in the aggregate, and the total Governmental Fund balance.

The County's General Fund had a fiscal year 2017-18 beginning fund balance of \$440.3 million, which represented 19.0% growth over the previous year. Revenues rebounded strongly recently especially due to property taxes and taxes in lieu of sales and use tax. Intergovernmental revenue increased due to increases in state aid for mandated expenses, realignment taxes, and public safety services. Charges for services increased as well, due to an increase in candidate filing fees, building maintenance fees, fees, Mental Health Medi-Cal claims, and contracted law enforcement services. During this same time, expenditures increased as well, but not as much as revenues, due in part to

Changes in Projected Fund Balance (continued)

a high number of vacant positions that continued to produce significant expenditure savings. Fund balance is expected to remain relatively flat in FY 2017-18 as Labor negotiations are likely to produce higher salaries and benefits, which in turn will allow the County to attract and retain a larger skilled labor force. The projected increase in Unassigned balance of 4.2% is due to the \$2.5 million from the West Contra Costa Healthcare District's reallocation of property tax revenue through an exchange agreement and monies budgeted for contingency reserve; and, \$10 million in budgeted contingency reserves. It is anticipated that the FY 2018-19 year will have similar growth in reserves.

The CCC Fire Protection District's Special Revenue Fund provides fire and emergency medical services to nine cities and certain unincorporated areas in the County. The District's fund balance increased by \$21.8 million during fiscal year 2016-17 and had a Budget Year beginning fund balance of \$60.7 million, which represented 56.1% growth over the previous year. An increase in tax revenues from continued slight improvement in the housing market allowed a rise in assessed valuations of real property resulting in an increase in property tax. Fund balance is expected to grow slightly in FY 2018-19 for the same reasons. It should be noted that our computation of restricted/committed /assigned for special revenue funds is revenue based. The level of constraint for the use of the revenue determines into which category of fund balance the revenue is categorized. Since the District does not have a formal spending plan, the expenditures are allocated in the following order: restricted, committed, assigned, unassigned.

The composition of funds included in the Non-Major governmental funds changed in the recent past due to the reclassification of the Health and Sanitation Special Revenue Fund from major to non-major. Of the \$557.3 million in Non-Major fund balance, \$440.8 is in Special Revenue Funds, \$113.9 million in Debt Service Funds, \$746,000 in Capital Project Funds, and \$1.8 million in the Permanent Fund. Non-Major Governmental Funds in the aggregate grew by 28.5% in the last year due to significant growth in debt service funds (\$83.1 million); however, they are not anticipated to increase or decline by more than 10% in the Budget Year nor for the 2018-19 fiscal year.

Components of Fund Balance
Nonspendable (inherently nonspendable)
- Portion of net resources that cannot be spent because of their form
- Portion of net resources that cannot be spent because they must be maintained intact
Restricted (externally enforceable limitations on use)
- Limitations imposed by creditors, grantors, contributors, or laws and regulations of other governments
- Limitations imposed by law through constitutional provisions or enabling legislations
Committed (self-imposed limitations set in place prior to the end of the period)
- Limitations imposed at highest level of decision making that requires formal action at the same level to remove
Assigned (limitation resulting from intended use)
- Intended use established by highest level of decision making
- Intended use established by body designated for that purpose
Unassigned (residual net resources)
- Total fund balance in excess of nonspendable, restricted, committed, and assigned fund balance
- Excess of nonspendable, restricted, and committed fund balance over total fund balance

Propriety Funds: For reporting purposes propriety funds utilize “net position” instead of fund balance. Net position is broken down into the following categories: Net Investment in Capital Assets; Restricted; and Unrestricted. Currently, there is no restricted net position in the propriety funds.

Major Propriety Funds: The County’s major propriety funds are the County Hospital and HMO Enterprise Funds.

Non-Major Propriety Funds: The County’s non-major propriety funds are the Airport; Sheriff Law Enforcement Training Center; Child Care Enterprise; HMO Commercial Plan; and Major Risk Medical Insurance Enterprise Funds.

Internal Service Funds: Fleet Services; Employee Dental Insurance; Long-Term Disability Insurance; Workers’ Compensation Insurance County General; Workers’ Compensation Insurance Fire Protection; Automotive Liability Insurance; Public Liability Insurance; State Unemployment Insurance; Medical Liability Insurance; and Special District Property Insurance.

CAPITAL IMPROVEMENT PLAN

The County policy for capital asset accounting and budgeting conforms to State definitions and regulations as set forth in the manual of Accounting Procedures for Counties and reflects current values. The policy establishes the basis for financial classification.

Capital assets are assets of significant value having a utility that extends beyond the current year. An improvement is replacement of a component part of a capital asset by an improved or superior part, an addition of new parts, or an alteration or a structural change to a capital asset that results in a functional improvement over its original state that materially adds to the value of the asset or appreciably extends its life.

Land improvements enhance the value of land itself (such as grading or ditching for drainage). Ground improvements add other items to the basic land. Examples of grounds improvements are lawns, trees and shrubs, sprinkler systems, and paving.

The following capital assets are to be capitalized and individually budgeted and controlled:

Land. All land acquisitions and land improvements, without regard to cost.

Structures and Improvements. Permanent structures costing \$100,000 or more; additions, structural betterments and ground improvements that cost \$100,000 or more.

Equipment. Equipment includes movable personal property with a unit cost of \$5,000 or more, including sales tax, and delivery and installation charges; additions to capitalized equipment costing \$5,000 or more per item.

Infrastructure. Infrastructure assets are long-lived assets that normally are stationary in nature and can be preserved for a significantly greater number of years than other capital assets; infrastructure assets include roads, bridges, tunnels, drainage systems, water and sewer systems, dams, and lighting systems.

Intangibles. Intangible assets lack physical substance, have a non-financial nature, and have a useful life that extends beyond a single reporting period; examples of intangible assets include: easements, water rights, timber rights, patents, trademarks, and computer software, including internally generated software. Capitalization thresholds for intangible assets are as follows:

\$100,000 for all intangible assets acquired after June 30, 2009 – excluding internally developed or modified software and other internally developed intangibles.

\$1,000,000 for all internally developed intangible assets acquired after June 30, 2009.

\$1,000,000 for retroactive reported intangible assets.

CAPITAL IMPROVEMENT PLAN

Per Budget Policy, the FY 2018-19 budget process again includes strategic planning and financing elements for facilities renewal and new construction projects (short and long term capital budgets) and a comprehensive management program for the County's general government real estate relative to acquisition, use, disposition and maintenance. This element includes funding decisions for maintaining the County's facility assets, allowing the Board of Supervisors to weigh competing funding decisions using credible information.

The Capital Improvement budget narrative can be found beginning on page 69 in the Departmental Budget Summary section of this document. It includes a recommended budget for Minor Capital Improvements of \$1.5 million, which is available for minor improvements and deferred maintenance when there is no other funding available; \$12.55 million for Facilities Lifecycle Improvements, which reflects the amount allocated to deferred facilities maintenance (\$2.55 million) and capital renewal from the County's Tax Losses Reserve (\$10.0 million); and also includes funding for the Plant Acquisition cost center, an allocation of general purpose revenue in the amount of \$5 million, intended as an on-going resource for construction and repair of County facilities. The monies are intended for capital projects and/or debt service on the borrowing for the new Administration Building and new Emergency Operations Center (EOC)/Public Safety building program.

The County is currently in contract for the development of a comprehensive Capital Improvement Plan (CIP). As work is performed on the CIP and the multi-year capital plan is established, the County will develop a more sophisticated/improved method to implement and monitor the capital budget. The focus will be:

- Capital Planning Policies
- Master Plans and Capital Improvement Planning
- Multi-Year Capital Planning
- Capital Asset Management
- Communicating Capital Improvement Strategies
- Capital Project Monitoring and Reporting
- Presenting the Capital Budget in the Operating Budget Document

CAPITAL IMPROVEMENT PLAN

In FY 2018-19 the County will begin construction of two significant capital projects, a new 72,000 square foot administration building to replace the existing 651 Pine Street facility and a new 38,000 square foot EOC and administration building for the Sheriff.

Figure 1 New Admin Building

On January 30, 2018, the County Board of Supervisors received a capital improvement plan with recommendations to replace the County's emergency operation center and the County administration building.

Figure 2 New EOC and Sheriff's Admin Building

CAPITAL IMPROVEMENT PLAN

At the March 20, 2018 meeting the Board awarded a design/build contract to begin construction of the two buildings. Construction is expected to finish in April of 2020. Active construction will begin in FY 2018-19. The funding for these facilities is identified in the General County Building Occupancy write up on page 167.

In addition to these two major projects, the County will continue the design and planning for another capital project the West County Re-Entry, Treatment and Replacement Housing Project (WRTH). This project will partially replace space in the older Martinez Detention Facility while increasing the capacity to treat detainees with mental health issues in a more appropriate setting. No expansion of the total number of detainee beds is planned. This will reduce the number of detainees at the Martinez facility allowing that facility to prolong its useful life. The total project is budgeted at \$95 million dollars made up of a grant from the State of California for \$70 million and a \$25 million match from the County (appropriated in FY 2017-18). Design, programming and approval will be the main project activities during FY 2018-19.

Figure 3 New Admin Building Southwest Corner

The County's investment in capital assets for its governmental and business-type activities as of June 30, 2017, was \$1,053,554,000 (net of accumulated depreciation). The investment in capital assets includes land, buildings and systems, improvements, machinery and equipment, software, park facilities, roads, highways, drainage systems, and bridges. The County's total investment in net capital assets for fiscal year 2017-2018 increased by 2.3% (a 2.5% increase for governmental activities and a 1.4% increase for business-type activities).

The County's capital acquisitions exceeded retirement of capital assets and depreciation expense. The major activity of capital assets for governmental activities was: Equipment \$16.576 million; Building and building construction in progress \$29.84 million. The major activity of capital assets for business-type activities (construction in progress-buildings) was \$5.483 million.

CAPITAL IMPROVEMENT PLAN

It should be noted that the County currently has over \$200 million in deferred maintenance projects. The projects are addressed on the basis of need. As buildings are repaired, replaced or sold, significant maintenance is eliminated. Replacement of the administration building at 651 Pine Street, for instance, will eliminate almost \$25 million in deferred maintenance. The following table identifies planned significant non-recurring General Fund capital expenditures for FY 2018-19. The difference between the total of \$9.49 million listed below and the \$12.55 million budgeted under Facilities Lifecycle Improvement (page 70) is for contingency/unanticipated projects.

CAPITAL IMPROVEMENT PLAN

The Public Works Department has been developing a reliable, comprehensive facility asset management database and strategic plan for managing the County facility inventory over the last two years. These efforts have provided reliable usable data that we are using to recommend strategies for the operation, maintenance and administration of County facilities. The following summary of the strategy and objectives includes the current status and goals of this on-going effort

1. Strategy. Support the County's Real Estate Asset Management Plan and develop a Strategic Facilities Asset Management Plan. Integrate divisions involved in Asset Management (Real Estate, Capital Projects, Facilities Services and Finance). While refinement and additions continue to take place to the asset data, Public Works has used the updated, standardized data to assist in making modifications, updates and recommendations for capital project work on County facilities.
2. Reporting. Improved and refined quarterly reporting of capital projects to the Finance Committee to include data on the status of Facility Lifecycle Investment Program (FLIP) projects and potential underutilized (surplus) property. Data is now readily available that previously required considerable research. Cross functional teams have been established to ensure this information is kept current, reliable and manageable for use by all staff involved in facility asset management. The accuracy and details of this data is critical in making decisions and in developing strategic plans for facility infrastructure. These improvements allow decision makers to see a more complete picture on data related to County facilities.
3. Objectives. Four primary business objectives for asset information management were identified and the first two have been achieved (converting paper based information into digital format and standardizing data for consistency). The focus is now on establishing asset management metrics, and developing an interface for use by staff so the data can be used to make recommendations and set strategic planning efforts.

In 2007 the County completed an assessment of County owned buildings to determine the general condition of the buildings. This assessment served as the basis for the Facility Lifecycle Improvement Program. Deferred maintenance and capital renewal needs were analyzed and a proposed project list was developed. Given significant funding constraints as a result of the economic downturn, no deferred maintenance was funded until FY 2012-13. An updated assessment of buildings was completed in 2015.

The County anticipates there will be continued progress in FY 2018-19 on the implementation of the Facilities Asset Management Plan. The County is developing software to bring fiscal, personnel and facilities information together in a graphical interface to help improve decision making on budgeting and targeting appropriate maintenance strategies for improving the County's assets.

CURRENT DEBT POSITION

The most recent Debt Report was issued by the Debt Affordability Advisory Committee on March 20, 2018. Information on the current Debt Position of the County follows:

Outstanding Debt. As of June 30, 2017, the County had a total of \$506.98 million of outstanding Pension Obligation Bonds (POBs) and Lease Revenue Bonds (LRBs)/Lease Revenue Obligations (together the LRBs). As of June 30 for each year the total amount of County outstanding POBs and LRBs was \$456.8 million (2016); \$489.4 million (2015); \$532.7 million (2014); \$606.1 million (2013); \$634.3 million (2012); \$717.9 million (2011); and \$729.6 million (2010). The County’s entire debt portfolio is comprised of fixed-rate debt issues. The County Debt Management Policy permits variable rate financial products such as variable rate demand obligations only under special circumstances and does not presently permit derivatives such as swaps. Even prior to the implementation of its formal Debt Management Policy, the County had issued only fixed rate debt. This approach shields the County from the risks associated with swaps and variable rate debt. It should be noted that POBs are taxable securities whereas the majority of the County’s Lease Revenue Bonds are tax-exempt securities. The exceptions are the 2010 Series A-2 and A-3 bonds, which are Build America Bonds (BABs) and Recovery Zone Economic Development Bonds (RZEDBs), and are taxable, but receive a federal subsidy to offset the taxable interest on the bonds. Thus, the True Interest Costs (TIC) for the taxable POBs and LRBs are generally higher than those for tax-exempt LRBs. A detailed, audited list of outstanding lease revenue and pension obligation bonds as of June 30, 2017 is shown below.

CURRENT DEBT POSITION

Bonded Debt Limitation and Assessed Valuation Growth. The statutory debt limitation for counties is 5% of assessed valuation (pursuant to Government Code Section 29909), but it is actually 1.25% of assessed valuation pursuant to the California Constitution, which requires taxable property to be assessed at full cash value rather than ¼ of that value prior to the implementation of Proposition 13.

For FY 2016-17, the County's total assessed valuation base was \$191.7 billion and the growth rate of total assessed valuation in the County was 5.9%, the fifth fiscal year increase since FY 2008-09. The local portion of total assessed valuation can grow up to the maximum annual rate of 2% allowed under Proposition 13 for existing property plus additional growth from new construction and the sale and exchange of property. The annual growth rate in assessed valuation averaged 9.1% over the last 25 years and averaged 5.9% over the past 5 years. Assessed valuation fell by a cumulative 9.3% from its peak in FY 2008-09 to its trough in FY 2011-12 as a result of the impacts from the Great Recession on the County's economy. Assessed valuation appears to have stabilized and continues to grow. Subsequent to the reporting period of June 30, 2017, total assessed valuation grew by 5.6% for FY 2017-18.

The net assessed value of taxable property was \$185.96 billion (\$191.7 billion gross), resulting in a statutory bonded debt limitation of \$9.3 billion (calculated by taking 5% of the assessed value of taxable property) and a California Constitution limit of \$2.32 billion. This limit applies to all County-controlled agencies, including the County General and Enterprise Funds, Successor Agency, Housing Authority and Special Districts. For technical auditing purposes, only Pension Obligation Bonds and Tax Allocation Bonds (TABs) are counted as "general obligation bonded debt" even though neither form of debt requires voter approval; lease revenue bonded debt and assessment district debt are not required to be included. As of June 30, 2017, the County's outstanding bonded debt was \$271.9 million leaving a statutory margin of \$9.0 billion and a Constitutional margin of \$2.05 billion. Subsequent to this reporting period, taxable property grew to \$202.4 billion for the current fiscal year, resulting in an increased bonded debt limit.

Debt Service Requirement. The County has debt service requirements for outstanding lease revenue and pension obligation bonds that must be provisioned in each fiscal year budget. The following obligations are current as of June 30, 2017. Note that these are County obligations and do not include Special Districts or Successor Agency obligations (also excluded are capital leases).

Refundings. The County Finance Director monitors market conditions for refunding opportunities that, pursuant to the Debt Management Policy, will produce at least 2% net present value savings for each maturity of bonds refunded and a minimum of 4% overall present value savings. The table below sets forth the amount of savings achieved on refundings undertaken since 2002. A total of \$23.3 million of net present value savings were achieved over the remaining terms of bonds refunded since 2002. The County's largest refunding occurred in FY 2006-07 when \$200.9 million in Certificates of Participation (COPs) and LRBs were refunded as part of the plan of finance for the County's 2007 Series A and Series B lease revenue bonds. To the extent that Federal and/or State programs offset debt service cost for projects funded with LRBs, the County must share the refunding savings attributable to such projects with the Federal and/or State program. It should be noted that the Tax Cuts and Jobs Act of 2017, which became law in December 2017, has eliminated the ability of municipalities to advance refund bonds on a tax-exempt basis. However, prior to passage of the Act, the County had refunded the vast majority of its debt portfolio at historically low interest rates.

CURRENT DEBT POSITION

Pension Obligation Bonds. In addition to the traditional refundings described above, the County issued POBs in 1994, 2001 and 2003 to refinance its then-unfunded actuarial accrued liability (UAAL) with the Contra Costa County Employees' Retirement Association (CCCERA). When issuing POBs, the County's objective is to pay a lower interest cost on the POBs than the actuarial interest cost (i.e. the assumed investment rate) charged by CCCERA, thereby producing savings for the County. Unlike traditional refundings where the prior debt service is fixed, the debt service on a UAAL is not necessarily fixed over the term of its amortization; rather, CCCERA's investment performance and/or a number of actuarial assumptions could change from year to year, which would result in the UAAL changing as well. For purposes of determining debt service "savings" from issuance of POBs, it is typically assumed that the respective UAAL will not change over the term of the bonds so that the debt service savings are calculated as the difference between the amortization of the respective UAAL at the time of issuance of POBs and the debt service on said POBs.

For example, in the 2003 POBs, total savings were estimated to be \$113.8 million (\$73 million on a present value basis) over 19 years for average annual savings of about \$6.0 million. The estimated savings reflected the lower interest cost on the bonds (5.36%) versus the 8.35% actuarial interest rate charged by CCCERA at the time, but also assumed CCCERA would earn 8.35% each year over the term of the bonds. The assumed actuarial interest rate has since been lowered (several times) to 7.00% meaning that long-term savings from POBs are also reduced. CCCERA's net return on market value of assets for the last five calendar years is summarized presented below:

Year Ending December 31	Net Return on Market Value of Assets
2013	15.7%
2014	7.7%
2015	1.9%
2016	6.9%
2017	13.9%

Unless CCCERA's future performance produces investment returns above the assumed actuarial rate in some years to offset negative or low investment returns in others, the actual savings from POBs may be zero or negative.

To the extent that Federal and/or State programs offset debt service costs for any UAAL, the County shares the savings from the reduced debt service attributable to funding the UAAL with POBs with such Federal and/or State program through reduced pension cost claims.

Long Term Credit Rating. Long-term credit ratings provided by a rating agency are an independent assessment of the relative credit risk associated with purchasing and holding a particular bond through its scheduled term of repayment. Long-term credit ratings serve as unbiased opinions of a borrower's financial strength and ability to repay its debt on a timely basis. Long-term credit ratings are one of the most important indicators of creditworthiness readily available to the investment community and have a direct impact on the borrowing rates paid by the County.

CURRENT DEBT POSITION

More than ten years ago, in December 2005, Moody’s downgraded the County’s ratings for each type of bond issue by one notch and assigned a Negative outlook to the rating. Standard & Poor’s (S&P) assigned a Negative outlook in November 2005, but did not downgrade the ratings. These rating actions were largely attributable to a four-year trend of reduced fund balances in the General Fund. As of June 30, 2007, both Moody’s and S&P had removed their respective Negative outlooks on the County’s ratings. Citing the County’s improved financial flexibility and reserves, each of the two agencies assigned an outlook of “Stable” to the County’s ratings. A table showing the history of the County’s credit ratings is listed below:

History of Underlying Long-Term Ratings Since 1995
 All Rating Outlooks are "Stable" Unless Otherwise Noted in Footnotes 4 and 5

1. Municipal bond insurance policies were purchased to allow the ratings to be increased to Aaa (Moody's) and AAA (S&P) on all or portions of all Lease Revenue Bond/COPs issues since FY 1987-88 and on all or portions of all Pension Obligation Bonds since FY 2000-01.
2. Beginning in 1996, Moody's began to rate pension obligation bonds one notch (rather than the previous two notches) lower than the issuer's general obligation bond rating. In addition, Moody's replaced their two-notch per tier system (e.g. Aa1, Aa2) with a three notch per tier system (e.g. Aa1, Aa2, Aa3).
3. Beginning in 2001, S&P began to rate lease obligations one notch (rather than the previous two notches) lower than the issuer's general obligation bond rating.
4. S&P assigned an outlook of "Negative" to the County in November 2005. On December 1, 2005, Moody's downgraded the County one notch and changed the outlook to "Negative".
5. Moody's assigned an outlook of "Stable" to the County in November 2006. In February 2007, S&P changed the outlook to "Stable".
6. The changes in Moody's ratings reflect the recalibration of ratings completed by Moody's in April 2010.
7. February 20, 2013 Moody's downgraded the County's Pension Obligation Bonds to A1 with a "Stable" outlook.
8. December 19, 2013, S&P upgraded the County's ratings for each type of debt.
9. October 6, 2016, Moody's upgraded the County's LRB rating to Aa3.
10. February 23, 2018, Standard & Poor's Global upgraded the County's Pension Obligation Bonds from AA+ to AAA.

PERFORMANCE MEASUREMENT PROGRAM

As part of its long-term planning strategy, Contra Costa County began including its performance measurement program in the annual budget process in FY 2011-12. As a component of the annual budget preparation, each department updates its Performance Report that includes the following sections:

- Department Mission, Mandate or Goal
- Major Program Descriptions
- Accomplishments
- Challenges
- Performance Indicators

Performance report information is included in departmental summaries in the Recommended Budget. Additionally, all department Performance Reports are posted on the County's website.

To further develop its performance measurement program, Contra Costa County became involved with the Bay Area Regional Benchmarking Project (Project BARB). Project participants included nine San Francisco Bay Area counties: Alameda, Contra Costa, Marin, Napa, San Francisco, San Mateo, Santa Clara, Solano and Sonoma.

The intent of Project BARB was to provide regional data than can be used by participating jurisdictions to learn from each other, evaluate performance, improve management practices and inform goal-setting. For several years, Contra Costa County staff actively participated in Project BARB work until the Project ceased operating.

We continue to research and evaluate performance measures/management programs, including best practices offered by the Government Finance Officer Association, to more fully integrate our Performance Measurement Program into the budget process.

Employment and Human Services

1	1	Administrative Services	Provides IT support to all areas of the Department and fraud investigation.	(2.0)	(179,833)	Due to reduced program funding in CalWORKs, CalFresh, and WIOA, one vacant Information Technology (IT) position and one vacant Social Services Welfare Fraud Investigator position will be canceled. Due to the steady decline in CalFresh and CalWORKs cases in recent years, one less Welfare Fraud Investigator position is needed.
2	2	Adult Protective Services (APS)	Provides social worker response to investigate reports of physical, emotional or sexual abuse, financial or material exploitation, neglect, isolation or abandonment of individuals 65+ and dependent adults age 18 or over who are unable to protect their own interests, have been harmed or are threatened with harm.	5.0	380,476	Additional APS casework support staff will allow APS staff to respond more timely to reports of elder and dependent adult abuse and be fully compliant with state mandates for providing services. These additional positions will be supported with additional federal and state revenue.

3	7	IHSS Administration	Provides administration of the In-Home Supportive Services (IHSS) program and determines eligibility for services.	(1.5)	(153,054)	Reduction of 1.5 vacant FTE is due to an anticipated reduction in the IHSS State General Fund allocation compared to the FY 17-18 budgeted allocation. The program is currently under a corrective action plan for failure to meet timelines for assessment and reassessment.
4	11	Child Welfare Services	Provides 24-hour response to allegations of child abuse; services to maintain children in their own homes; services to remedy conditions which caused the Juvenile Court to order a child removed from home due to abuse or neglect; and planning services to assist children in establishing permanency through adoption, legal guardianship, or a permanent living arrangement.	31.0	2,975,316	Additional Child Welfare Services (CWS) social work supervisors, clerical support staff, and support workers will allow the bureau to respond more timely to reports of abuse and be fully compliant with state mandates. The positions will be supported with additional federal and state revenue.
5	12	Adoption Services	Provides adoption services to children who are free for adoption under the Civil Code and Welfare & Institutions Code and for stepparent adoptions.	1.0	133,170	An additional supervisor position will allow the adoptions unit to better provide services to children in need of a permanent placement and support reunification efforts. This additional position will be supported with additional federal and state revenue.
6	22, 32, and 36	CalWORKs, CalFresh, and Medi-Cal Eligibility and Ongoing Case Management Services	Provides eligibility determination and ongoing case management for CalWORKs, CalFresh, and Medi-Cal programs.	(52.6)	(4,334,522)	CalWORKs and CalFresh caseloads have steadily declined in recent years. As a result, CalWORKs and Cal fresh funding allocations declined, and are projected to be further reduced in FY 18-19. A combination of reduced funding and unfunded cost increases requires a reduction in positions. Of the 52.63 FTE position modifications, 35.63 FTEs are being canceled and 17 are being transferred to programs with available funding. The cancellation of positions may result in delays in CalWORKs and Medi-Cal eligibility determination services and the issuance of CalFresh benefits. Not cancelling these positions would result in a significant net county cost.

County Fund Definitions

Fund: a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

Governmental Funds are generally used to account for tax supported activities; it accounts for the majority of funds; except for those categorized as proprietary or fiduciary funds.

Types of Governmental funds include:

General Fund is used to account for the general operations of government and any activity not accounted for in another fund.

Special Revenue Funds are used to account for resources legally designated for specific purposes and separately reported.

Debt Service Funds are used to account for resources dedicated to pay principal and interest on general obligation debt.

Capital Project Funds are used to account for resources dedicated to acquiring or constructing major capital facilities.

Permanent Funds are used to account for resources legally restricted so only earnings (and not principal) may be used to support governmental programs.

Proprietary Funds are used by governmental activities that operate in a manner similar to that of private sector businesses in that they charge fees for services. Proprietary Funds rely on the full accrual basis of accounting where revenues are recognized when earned and expenditures are recorded when incurred.

Types of Proprietary funds include: Enterprise and Internal Service Funds

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises (e.g. water, gas and electric utilities; airports; parking garages; or transit systems). The governmental body intends that the costs of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges.

Internal Service Funds are proprietary funds used to account for the financing of goods or services provided by one department to other departments of the County or other governmental units, on a cost reimbursement basis.

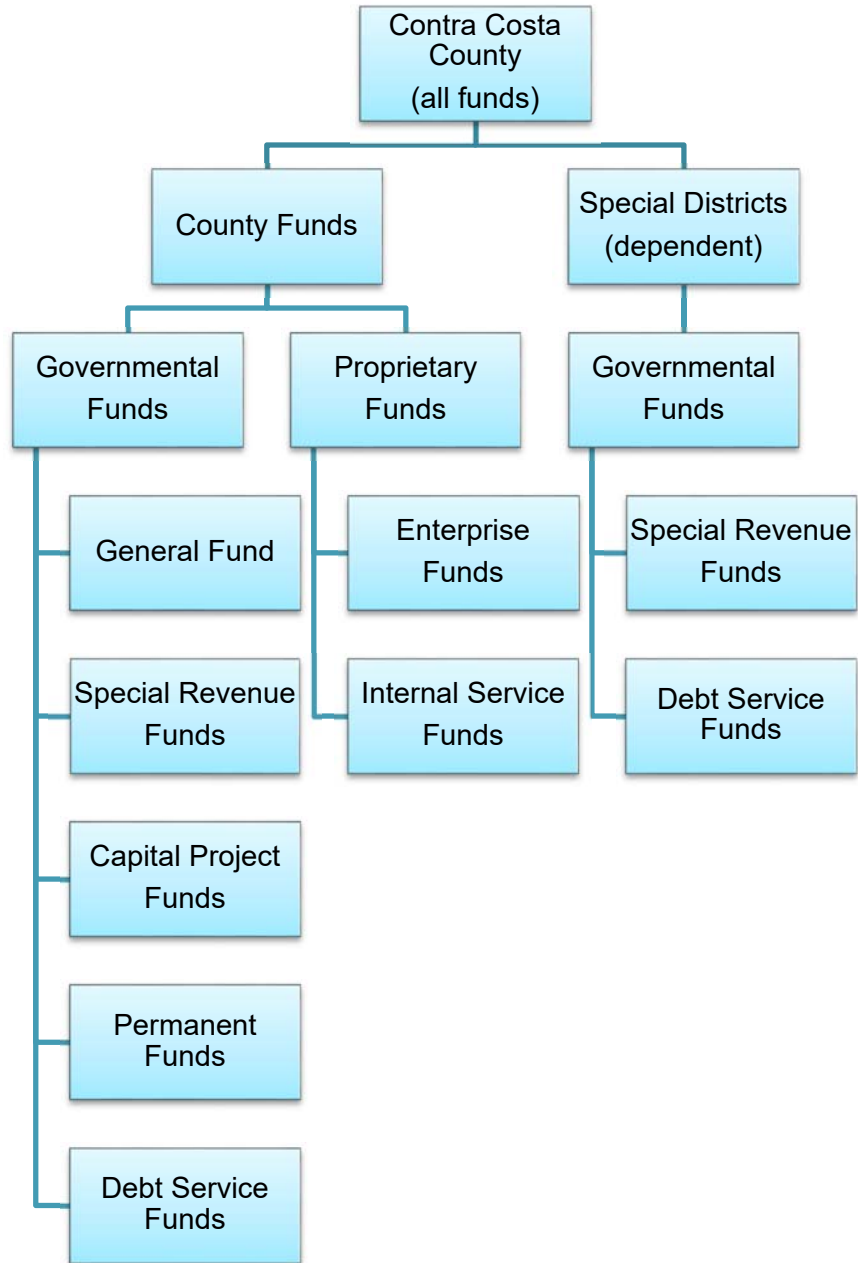

County Fund Definitions

Fiduciary-Type Funds are funds used to account for assets held by the County in a trust of agency capacity for others. These funds include Pension (and Other Employee Benefit) Trust Funds, Investment Trust Funds, Private-Purpose Trust Funds and Agency Funds (used to account for resources held by the County in a purely custodial capacity). These resources cannot be used by the County to support its own programs and, therefore, are not reflected in the budget.

Component Units are legally separate organizations for which the Board of Supervisors is financially accountable. These include: the Successor Agency to the Contra Costa County Redevelopment Agency; the Contra Costa County Public Financing Authority; the Contra Costa County Employees' Retirement Association; the In-Home Supportive Services Public Authority; Special Districts and Service Areas; First 5 Contra Costa Children and Families Commission, and the Housing Authority of Contra Costa County.

Major Funds are funds whose revenues, expenditures, assets or liabilities are at least 10 percent of the totals for all governmental or enterprise funds and at least 5 percent of the combined amount for all governmental and enterprise funds. The Major Funds for Contra Costa County include Contra Costa County Fire Protection District; the Contra Costa Health Plan Enterprise Fund; the Contra Costa Regional Medical Center and Clinics Enterprise Fund; and the County General Fund.

Assumes we meet the Assumed Rate of Return each year.

OPEB Liability Significantly Reduced due to Board Actions and Collective Bargaining

- The OPEB financing plan includes a \$20 million annual allocation of resources for pre-funding the OPEB liability.
 - The County has included this allocation in each adopted annual budget since FY 2008-2009.
- Health plan changes, caps on County contributions and labor concessions, in addition to annual pre-funding contributions, have assisted in reducing the County's
 - Unfunded Actuarial Accrued Liability (UAAL) by 70.3% since 2006: from \$2.57 billion to \$764.3 million, and
 - the annual required contribution has declined by 58.8% since 2006: from \$216.3 million to \$89.2 million.
- With a Market Value in the trust as of December 31, 2017 in excess of \$254 million, the County has pre-funded approximately 25% of its OPEB obligation.
- The Board's actions have made it possible for the County to continue to provide much needed services, including health services, to County residents including the indigent.

General Fund Reserves

General Fund Reserve Assumptions

- June 30, 2017:
 - Total general fund revenues were \$1,472,133,000 and total fund balance including reserves were \$440,313,000.
 - Total fund balance is 29.91% of total revenue
 - Of the \$440.31 million in reserves
 - \$299.8 million was unassigned
 - \$140.5 million was assigned, committed, restricted or nonspendable
 - Minimum fund balances of 5% and 10% would be \$73.6 million and \$147.2 million respectively. There was \$293.09 million available over the 10% reserve minimum.
- June 30, 2018:
 - It is planned and anticipated that Total General Fund Balance including Reserves will remain stable.
- June 30, 2019:
 - No fund balance use is recommended in FY 2018-19.

Importance of Reserves for Cash Flow

- Although revenues are volatile, expenses (majority for salaries) are quite smooth.
- General Fund Reserve of \$440.3 Million, (\$299.8 Million Unassigned) has eliminated General Fund negative cash flow during the year.
- The General Fund cash balance no longer begins the year with a negative cash balance. The large disbursements for advances, pension pre-pay costs, and accrued expenses are now covered with reserves.
- Historically, cash flow were not positive until the second installment of property tax receipts are received in late spring.

1. Municipal bond insurance policies were purchased to allow the ratings to be increased to Aaa (Moody's) and AAA (S&P) on all or portions of all Lease Revenue Bond/COPs issues since FY 1987-88 and on all or portions of all Pension Obligation Bonds since FY 2000-01.
2. Beginning in 1996, Moody's began to rate pension obligation bonds one notch (rather than the previous two notches) lower than the issuer's general obligation bond rating. In addition, Moody's replaced their two-notch per tier system (e.g. Aa1, Aa2) with a three notch per tier system (e.g. Aa1, Aa2, Aa3).
3. Beginning in 2001, S&P began to rate lease obligations one notch (rather than the previous two notches) lower than the issuer's general obligation bond rating.
4. S&P assigned an outlook of "Negative" to the County in November 2005. On December 1, 2005, Moody's downgraded the County one notch and changed the outlook to "Negative".
5. Moody's assigned an outlook of "Stable" to the County in November 2006. In February 2007, S&P changed the outlook to "Stable".
6. The changes in Moody's ratings reflect the recalibration of ratings completed by Moody's in April 2010.
7. February 20, 2013 Moody's downgraded the County's Pension Obligation Bonds to A1 with a "Stable" outlook.
8. December 19, 2013, S&P upgraded the County's ratings for each type of debt.
9. October 6, 2016, Moody's upgraded the County's LRB rating to Aa3.
10. February 23, 2018, Standard & Poor's Global upgraded the County's Pension Obligation Bonds from AA+ to AAA.

Capital/Facility Maintenance Needs

Capital Maintenance Costs

- On March 31, 2015 the Board of Supervisors received an updated comprehensive building condition assessment which identified a total of \$272.2 million in deferred facilities maintenance needs and capital renewal requirements
- The 2007 report had identified \$270.2 Million
- \$5 Million was budgeted in FY 2012/13,
- \$10 Million in each year of FY 2013/14 through FY 2017/18;
- Recommended Budget for FY 2018/19 includes:
 - \$10 million for major capital improvements (one-time monies)
 - \$5 million for plant acquisition, construction and repair
 - \$1.5 million for minor improvements and deferred maintenance when no other funds are available
 - \$2,550,000 to continue to fund facility lifecycle on a by-building cost-per-square foot basis

Capital Improvement Plan

- The budget process includes strategic planning and financing elements for facilities renewal and new construction projects and a comprehensive management program for general government real estate relative to acquisition, use, disposition and maintenance. This element includes funding decisions for maintaining the County's facility assets, allowing the Board of Supervisors to weigh competing funding decisions using credible information.
- In FY 2018-19 the County will begin construction of two significant capital projects, a new 72,000 square foot administration building to replace the existing 651 Pine Street facility and a new 38,000 square foot EOC and administration building for the Sheriff.
- In addition to these two major projects, the County will continue the design and planning for another capital project the West County Re-Entry, Treatment and Replacement Housing Project (WRTH). This project will partially replace space in the older Martinez Detention Facility while increasing the capacity to treat detainees with mental health issues in a more appropriate setting

Labor

Retirements

The County continues to carry a number of vacant positions due, in part, to unprecedented numbers of retirements during calendar year 2011 and 2012. The chart below provides the last ten years of retirement history by year and for the month of March. Historically March retirements are the highest because retirees must be retired by April 1 in order to receive a cost-of-living adjustment from the Contra Costa County Employees' Retirement Association.

Reasons for Optimism

Positive Economic Outlook

- State revenues up
- State Budget reasonably stable
- Affordable Care Act intact for now
- AV revenue up 5.78% for FY 2017/18
- Projecting 5.0% growth in AV revenue in 2018/19

Positive County Results

- Budget structurally balanced for seventh year in a row
- OPEB managed
- Have begun pre-funding infrastructure needs
- Standard & Poor's Rating Increase to AAA in 2013 (reaffirmed 2015)
- Moody's Rating increased for Lease Revenue Bonds to Aa3 (from A1) in 2016
- Final Pension Obligation Bond Matures 6/1/2022 (\$47,382,000)

Reasons for Concern/Potential Costs

- Current Administration in Washington likely to reduce funding to States and Counties
- Cumulative effect of wage increases will exceed projected revenues and will stress future year budgets
- Finance & Tax Systems Replacement - \$12-15 M (each)
- Additional funding requests from Departments and the public in the next few years are likely to be more than can be provided from current and projected revenue sources
- In-Home Supportive Services - Maintenance of Effort scheduled to increase by \$5.3 M over the next 4 years
- SB 1 Repeal Effort likely to make it to the November Ballot

Issues for Further Consideration

HEALTH DEPARTMENT

- Contra Costa Cares provides primary care services to adults not covered by the Affordable Care Act (ACA)
- The Department's Budget includes \$750,000 for Contra Costa Cares that will be matched by area hospitals or Community Organizations

Reasons for Concern/Potential Costs

Health Department:

- The Current Federal Administration continues to propose to replace the Affordable Care Act (ACA) but has not been able to present a workable plan
- Governor's Budget does not propose any reduction in Affordable Care Act (ACA) Funding
- The Health Department projects that total repeal could impact 72,000 people currently enrolled in our Medi-Cal expansion and negatively impact the Department's budget by \$90 M

Contra Costa County Fire Protection

CCC Fire Protection District

- **Reasons for optimism**
 - Settled with Local 1230 and UCOA through 2021
 - Employer share of pension costs stable
 - “Alliance” Transport program stable. Revenue exceeding projections
 - Station 16 (Lafayette) and 70 (san Pablo) Projects close to breaking ground following years of planning
- **Reasons for concern**
 - Property tax revenue increases slowing
 - Cost of labor contracts
 - \$8.7 million in 18/19 (total three year cost of \$23.3 million)
 - Continued financial strains and unknowns on
 - Debt service payments increasing approx. \$700k/year through 2022
 - Pension Obligation Bonds paid off 2022/23
 - Additional staffing for Station 1 (Walnut Creek) and future staffing of Station 16 (Lafayette) once constructed

CCC Fire Protection District

- **FY 2018-19 Recommended Budget Summary**

- Balanced assuming 5% increase in property tax revenue
- Begins funding goal of 50% reserve for Alliance program with \$2.8 million reserve contribution
- Increases staffing in the Fire Suppression and EMS Transport operations
 - **Net increase of 10 FTEs to ConFire**, including nine (9) Firefighter-Recruits in early 2019 in anticipation of opening Station 16
 - **Net Increase of 4 FTEs to EMS Transport Fund**, including one (1) Assistant Fire Chief to supervise dispatch and one (1) Fire Captain to staff Helicopter Operations in partnership with the Sheriff's Office

Recommendations

Recommended Budget Actions

1. OPEN and CONDUCT a public hearing to receive input on the FY 2018-19 Recommended Budget;
2. ACKNOWLEDGE that significant economic issues will continue to challenge the Board of Supervisors in its effort to finance services and programs which Contra Costa County residents need, or expect will be provided to them;
3. ACKNOWLEDGE that wage and benefit increases when coupled with the lack of increased funding from the State and Federal Governments will challenge the County's ability to deliver essential services to our residents;
4. DIRECT the County Administrator to continue to meet with the County's union representatives and employees to explain the size, scope and anticipated length of the County's fiscal challenges and to gain their input/suggestions;
5. DIRECT the County Administrator to continue to make this information readily available to the residents of the County;
6. ACKNOWLEDGE that the Recommended Budget does not include any funding changes that may occur in the State of California's 2018-19 fiscal year budget or in the manner in which the Medi-Cal Waiver is implemented and these two events may have an unknown impact on the drawdown of federal funds for services and facilities;
7. RE-AFFIRM the Board of Supervisors' policy prohibiting the use of County General Purpose Revenue to back-fill State revenue cuts;

Recommended Budget Actions

8. ACKNOWLEDGE that retirement expenses are expected to decrease in the short run, but are likely to increase in future years should market returns not meet or exceed the Assumed Rate of Return;
9. ACKNOWLEDGE that the Recommended Budget balances annual estimated expenditures with estimated revenues in FY 2018-19, and is both technically and structurally balanced;
10. ACKNOWLEDGE that the Recommended Budget includes a specific appropriation for contingency, and that the Board also maintains its ability to manage General Fund contingencies during the fiscal year by use of reserve funds set aside for that purpose;
11. ACKNOWLEDGE that any restoration of any recommended program reductions will require an equivalent reduction in funds from other County priorities in order to adhere to our balanced budget policy;
12. ACKNOWLEDGE that continuing to build the County's reserves, maintaining an improved credit rating, and maintenance of the County's physical assets remain a priority of the Board of Supervisors over the long term;
13. DIRECT the County Administrator to prepare for Board adoption on May 08, 2018, the FY 2018-19 County and Special District Budgets, as modified, to incorporate any changes directed by the Board during these public hearings; and
14. DIRECT the County Administrator to prepare for consideration by the Board of Supervisors on May 8, 2018, position additions and eliminations necessary to carry out Board action on the Recommended Budget.

- ▶ **4,000 children participating in Head Start programs each month**
 - *Up 21% from previous year. Forecast is to increase due to additional childcare slots to community-based organizations*
- ▶ **Over 23,700 individuals receive services from Workforce Development Board each year**
 - *Decrease of 3% from previous year. Forecast is a continuing decline due to revenue reduction*
- ▶ **2,100 businesses receive assistance from Small Business Development Center each year**
 - *Decrease of 7% from previous year. Forecast is a decrease in the numbers served and funding*
- ▶ **457 professional development instructor led trainings were offered to EHSD staff and 211 online trainings were available through our SMART learning management system**

Annual Economic Impact of Benefits to Contra Costa County Residents

Program	Annual Assistance
CalFresh*	\$ 107,081,855
Public Assistance	\$ 50,699,492
Foster Care	\$ 23,331,667
Adoptions	\$ 18,127,970
IHSS*	\$ 140,120,819
Total Local Economic Impact	\$ 339,361,803

*EHSD budget does not include CalFresh benefits issued and the Federal and State portion of IHSS caregiver payments.

Some Accomplishments of Note

- ▶ **Early Head Start is serving 190 additional infants and toddlers thanks to a \$4.5 million grant**
- ▶ **The innovative and highly successful Parent Partner program in Children & Family Services was honored by the County Supervisors Association of California (CSAC) with an annual merit award**
- ▶ **350 surplus personal computers were distributed to low-income families as part of our program to help bridge the digital divide**
- ▶ **The multi-disciplinary teams to investigate elder abuse deaths and financial abuse, funded by a special \$1.5 million grant, have been established and implemented**

Challenges Ahead

Declining CalFresh and CalWORKs Administrative Funding Allocations

- ▶ **Administrative funding for these programs is being significantly reduced, leading to a major reduction in staffing**

Challenges Ahead

Budgeted FTEs In All Public Assistance Programs

- ▶ **Estimated reduction in Revenue Allocation (11%) is greater than projected decline in workload (8%)**
- ▶ **At the same time, State mandates have increased with the implementation of new CalWORKs and CalFresh program requirements that are not fully funded**
 - ▶ CalWORKs Outcomes, Accountability and Reporting; CalWORKs 2.0
 - ▶ CalFresh Employment & Training
 - ▶ CalFresh Able-Bodied Adults Without Dependents (ABAWDS)
- ▶ **Implementing these new programs while maintaining performance and compliance in work participation rates and federal error rates will be a challenge**

Challenges Ahead

IHSS is the Fastest Growing Program

IHSS Historical Caseload & Hours Paid

Monthly Authorized Cases	8,449	8,723	9,014	9,458
Annual Paid Hours	\$8,154,365	\$9,406,736	\$9,956,595	\$10,887,181
Monthly Active Caregivers	6,578	7,209	7,563	7,896

■ Monthly Authorized Cases
 — Annual Paid Hours
 Monthly Active Caregivers

- ▶ **IHSS is a challenge because of our limited ability to contain growth and costs**
- ▶ **Caregiver wage negotiations are coming up in the next few months**

Challenges Ahead

Workforce Innovation and Opportunity Act: Transition to a New Model

- ▶ **The Workforce Development Board and WIOA are establishing a new and innovative service delivery model that will challenge our department to quickly implement and communicate to all stakeholders and customers**
- ▶ **The new model will be operated by a consortium of community providers through a much greater set of access points for customers, in all regions of the county**
- ▶ **Reorganization, transition and change are always difficult. Federal funding reductions have occurred creating staffing and resource challenges**
- ▶ **The first year of operation will warrant tight oversight, monitoring and compliance management**

Challenges Ahead

Child Welfare Continuum of Care Reform (Foster Care System)

- ▶ **Uncertainty about the reasonableness of the December 31 deadline to carry out major system changes amidst a significant culture change**
- ▶ **Inadequate State funding to create newly defined types of placements to replace traditional group home placements**
- ▶ **Insufficient mental health services to meet CCR requirements for children to step-down from group homes to home-based settings**
- ▶ **Risk of increased county cost if adequate placements are not available for children forced out of group homes**

Opportunities Ahead

- ▶ **The well-being of children in our county is the focus of a new community collaborative being supported by First 5, EHSD and including many other agencies that value children. Working together, we aim to promote targeted efforts to improve outcomes for our children.**
- ▶ **In collaboration with key community partners, an Age-Friendly Initiative campaign has begun countywide that will promote equity, accessibility to the physical environment, and inclusiveness in the social environment. This effort is intergenerational in its focus, and will include targeted efforts to bridge the gap between children and older adults.**
- ▶ **The community benefits from the expansion of our business model to bring a broader focus to the health and social well-being of our families, both within our mandated programs through our new initiative “4 Our Families”, and through our collaboration with Public Health in the Community Connect program that centers on “whole person care”.**
- ▶ **Technology plays an increasing role in service delivery and efficient administrative systems. EHSD has developed a three-year Strategic Plan to focus on opportunities for increased automation and electronic access to our services.**

EHSD Federal Watch List

Many proposals have been put forward in the past year that if enacted could have serious impacts on our programs and funding

- ▶ **ACA revision or rewrite as it impacts Medicaid**
- ▶ **Medicaid block grant and/or financing changes**
- ▶ **Medicaid Expansion work requirements for recipients**
- ▶ **Medicaid funding for IHSS**
- ▶ **Immigration/documentation changes including expansion of “public charge” regulations**
- ▶ **LIHEAP program reductions**
- ▶ **Community Services Block Grant (CSBG) elimination threats**
- ▶ **Community Development Block Grant (CDBG) elimination threats**
- ▶ **SNAP (CalFresh) block grant and/or financing changes and possible work requirements**
- ▶ **Child Welfare Services (Title IVB and IV-E) financing proposals**
- ▶ **Older Americans Act funding reductions, including Meals on Wheels**
- ▶ **Senior Community Service Employment Program (SCSEP) eliminations threats**
- ▶ **Workforce Development Board funding reductions and changes to WIOA law**
- ▶ **Threats to withdraw Dept. of Justice federal grants**
- ▶ **Cancellation of prior administration waivers of California penalties in CalWORKs and CalFresh programs**
- ▶ **Technology funding and regulation changes affecting human services automated systems**

Goals

Continue Principled Policing; Procedural Justice and Implicit Bias Training for all 684 sworn and 350 professional staff. Managers and Supervisors have been trained.

This training is the first of its kind in the country, based on “President Obama’s Task Force on 21st Century Policing” and is a result of collaborative partnerships between California DOJ, Commission on Peace Officers Standards and Training, Oakland Police Department, Stanford University, and the California Partnership for Safe Communities.

Goals

The Office remains committed to our mission to recruit, hire, and train the most qualified candidates. We have recently experienced a significant reduction in Deputy Sheriff attrition, which is likely due to a current competitive sworn labor contract. We anticipate this welcomed trend will continue into this fiscal year.

Goals

In Custody Services, the Sheriff is looking for new ways to bring job readiness skills to our incarcerated population through building a partnership with the Contra Costa County Building Trades. Ultimately, the goal is to provide as many pathways as possible for offenders reentering the community so that they can compete for gainful employment opportunities upon release.

Budget Presentation
April 17, 2018

Public Works Mission:

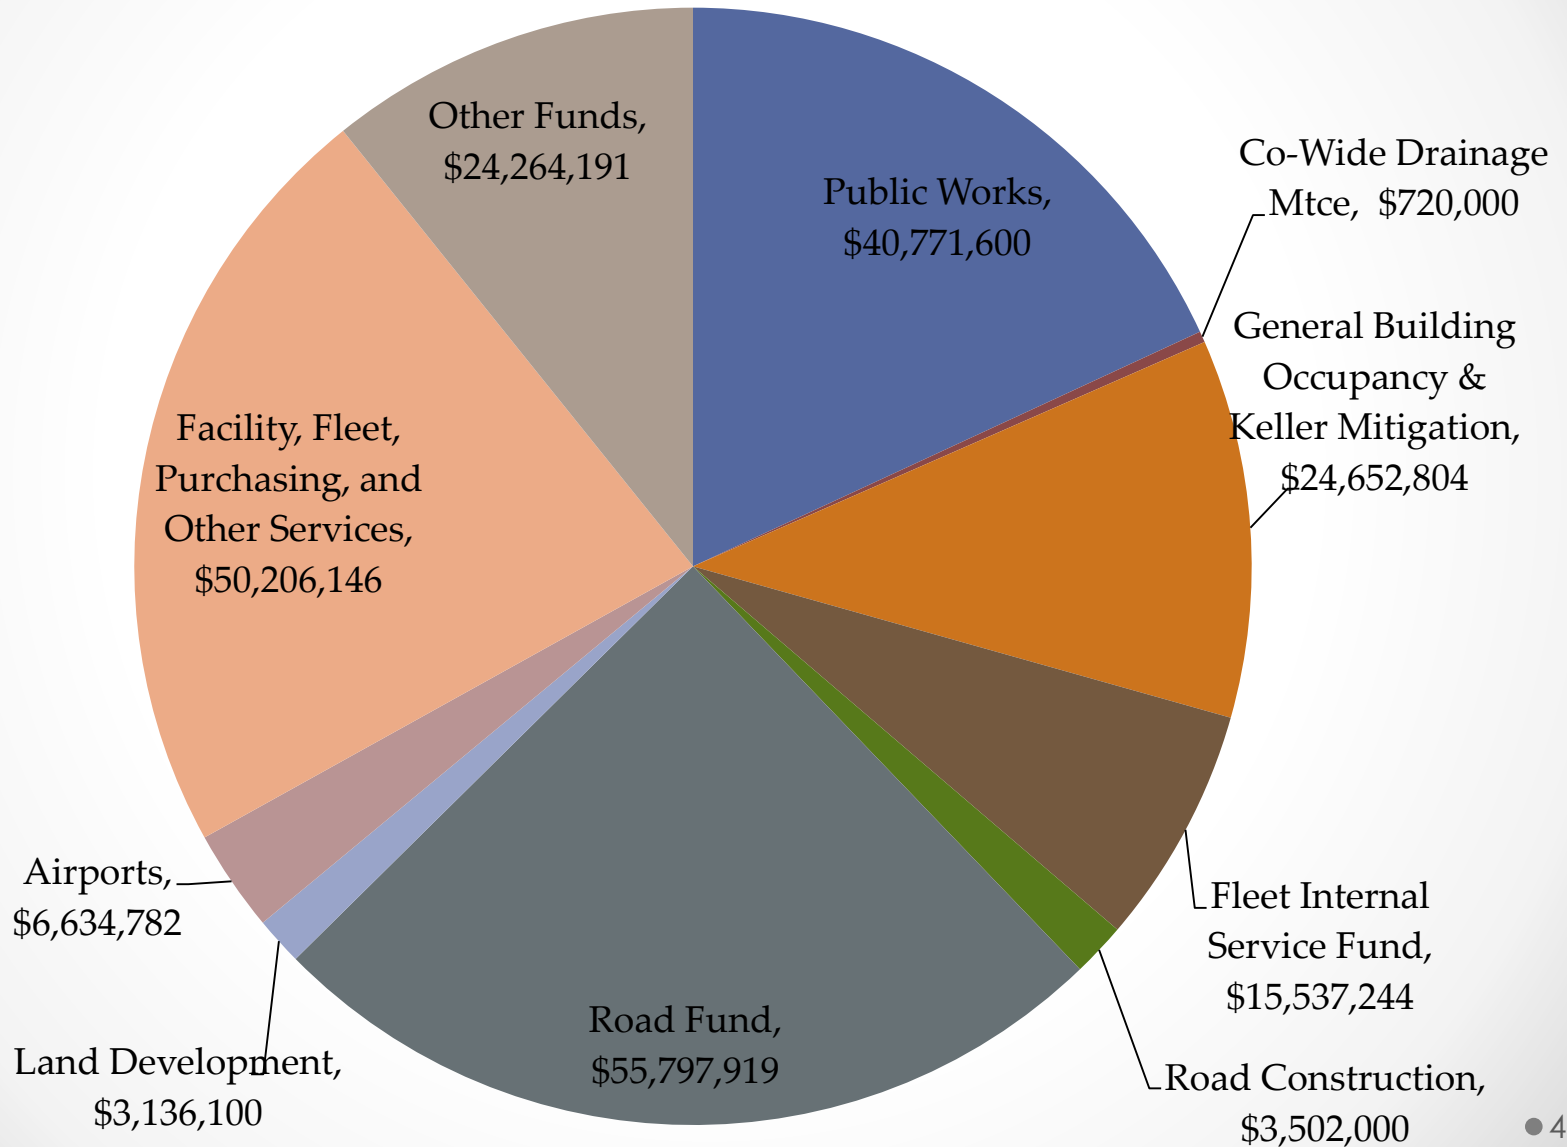

Public Works employees deliver cost effective, safe, reliable and sustainable projects, programs and quality services with a focus on our communities and provide support services that are competitive, attentive, responsive, efficient and safe to enable County Departments to provide high quality services to the public.

Core Service Areas – What we do...

Public Works FY 18-19 Requested Budget, \$225,222,786

General Fund \$26.9 million

Public Works General Fund, Net County Cost \$26,973,000

- Public Works, \$1,175,396
- Purchasing, \$681,000
- Building Occupancy, \$24,124,058
- County Wide Drainage Maintenance, \$700,000
- Keller Surcharge / Mitigation Program, \$292,546

Building Occupancy Funding:
General fund building occupancy includes: services and supplies for routine maintenance, insurance, taxes and fees, utilities, and debt.

Highlights for PW Budget

- 15 additional positions funded primarily by special revenues or chargeouts – General Fund only increased by \$56,000 to fund a portion of one position
- Senate Bill 1 revenue increased, however storm damage expenditures impacted for net decrease
- Exceeded our goal of \$4/1 for grant funding by receiving \$31/1 for Transportation Program in 2017 – We will continue our aggressive efforts in this area
- \$10 million allocation to building deferred maintenance costs is important to continue work

Focus Areas for 2018/19

- Recruitment/Retention and Succession Planning
- Communication
- Storm water facility funding and Clean Water compliance
- Transportation funding and Gas Tax – Senate Bill 1
- Administration building and EOC/Sheriff Admin building
- Facility Asset Management and services
- Capital Improvement Planning

Measured success, future work to do...

- 2017 – Met the 70% trash reduction for Municipal Regional Permit, next goal is 80% by June 2019
- Completed Emergency Projects from 2017 Storms, working with FHWA/FEMA/Cal-OES on reimbursement for large portion of costs.
- Completed or underway on \$52 million for FLIP projects 2017, identified \$9.5 million for 2018/19 projects
- Continued Asset Management Inventory improvement to compliment work on CIP
- Improve internal operations for service delivery

Resolution No. 2018/121

IN THE MATTER OF: Accepting completion of the warranty period for the Subdivision Agreement (Right-of-Way Landscaping) and release of cash deposit for faithful performance, for road acceptance RA04-01168 (cross-reference subdivision SD04-08856), for a project developed by Shapell Homes, a Division of Shapell Industries, Inc., a Delaware Corporation, as recommended by the Public Works Director, San Ramon (Dougherty Valley) area. (District II)

WHEREAS, on April 12, 2016, this Board resolved that the landscape improvements in RA04-01168 (cross-reference subdivision SD04-08856) were completed as provided in the Subdivision Agreement (Right-of-Way Landscaping) with Shapell Homes, a Division of Shapell Industries, Inc., a Delaware Corporation and now on the recommendation of the Public Works Director;

The Board hereby FINDS that the improvements have satisfactorily met the guaranteed performance standards for the period following completion and acceptance.

NOW, THEREFORE, BE IT RESOLVED that the Public Works Director is AUTHORIZED to:

REFUND the \$2,200.00 cash deposit (Auditor's Deposit Permit No. 522781, dated April 23, 2009) plus interest to Shapell Homes, a Division of Shapell Industries, Inc., a Delaware Corporation in accordance with Government Code Section 53079, if appropriate, Ordinance Code Section 944.406, and the Subdivision Agreement (Right-of-Way Landscaping).

BE IT FURTHER RESOLVED that upon completion of the warranty and maintenance period, the San Ramon City Council shall accept the landscape improvements for maintenance and ownership in accordance with the Dougherty Valley Memorandum of Understanding.

BE IT FURTHER RESOLVED that the warranty period has been completed and the Subdivision Agreement (Right-of-Way Landscaping) and surety bond, Bond No. 929 474 609 dated April 13, 2009, issued by The Continental Insurance Company, are EXONERATED

I hereby certify that this is a true and correct copy of an action taken and entered on the minutes of the Board of Supervisors on the date shown.

Resolution No. 2018/128

IN THE MATTER OF: Accepting completion of private improvements and approving the Parcel Map for minor subdivision MS15-00005 for a project developed by Ken Gardner, as recommended by the Public Works Director, Byron area. (District III)

The Public Works Director has notified this Board that the improvements for minor subdivision MS15-00005 have been completed without the need of a subdivision agreement.

WHEREAS, these improvements are approximately located on Byer Road.

NOW, THEREFORE, BE IT RESOLVED that the improvements have been COMPLETED as of April 17, 2018.

The following document was presented for Board approval this date:

The parcel map of minor subdivision MS15-00005, property located in the Byron area, Supervisorial District III, said map having been certified by the proper officials;

Said documents were accompanied by:

1. Letter from the County Tax Collector stating that there are no unpaid County taxes heretofore levied on the property included in said map and that the 2017-2018 tax lien has been paid in full and that the 2018-2019 tax lien is estimated to be \$29,070.00.
2. Security to guarantee the payment of taxes, as required by Title 9 of the County Ordinance Code, in the form of a cash deposit, (Auditor's Deposit Permit No. DP757761, dated March 14, 2018) made by Ken Gardner, in the amount of \$29,070.00, guaranteeing the payment of the estimated tax.

NOW, THEREFORE, THE FOLLOWING IS RESOLVED:

1. That said subdivision, together with the provisions for its design and improvement, is DETERMINED to be consistent with the County's general and specific plans.
2. That said Parcel Map is APPROVED and this Board does accept subject to installation and acceptance of improvements on behalf of the public all of the streets, roads, avenues or easements shown thereon as dedicated for public use.

I hereby certify that this is a true and correct copy of an action taken and entered on the minutes of the Board of Supervisors on the date shown.

BACKGROUND:

The District received approval to apply for and accept funding from the UASI Grants Program for two separate items, a generator and two vehicles, on the December 6, 2016 meeting, agenda item C.5. The program requires a separate board approval for each item for record keeping purposes. This request is for the second item:

The purchase of two (2) Ford F-450 flatbed stakeside vehicles for USAR and Hazardous Materials support. These vehicles are capable of towing heavy trailers as well as carrying large amounts of equipment and supplies to support emergency operations at long duration major incidents.

CONSEQUENCE OF NEGATIVE ACTION:

Contra Costa County is home to major industry, railroads, local and state roadways, and dense population and commercial centers. It is imperative that the District has logistical support equipment available at all times to provide emergency response and support in the event of a terrorist incident or natural disaster where supply chains or normal utilities are out of service. Failure to approve this grant request would cause the District to forego the purchase of the much needed logistical and support equipment.

Resolution No.

2018/114

*The Board of Supervisors of
Contra Costa County, California*

In the matter of:
recognizing the 60th anniversary of Las Trampas School, Inc.

Resolution No. 2018/114

Whereas, sixty years ago, a group of committed parents and neighbors founded the Las Trampas School in Lafayette, California to provide a safe and nurturing place for their children with developmental disabilities to learn and thrive; and

Whereas, intellectual and developmental disabilities currently impact more than 3,500 adults in Contra Costa County; and

Whereas, Las Trampas School, Inc. now partners with adults with developmental disabilities in Contra Costa County and their families through supported and independent living services, community-based residences, and an adult development day program; and

Whereas, individuals with developmental disabilities encounter challenges to their ability to participate in their communities, from both the impacts of their disabilities and of widespread misunderstanding by society; and

Whereas, communities are stronger when everyone participates; and

Whereas, opportunities for individuals with developmental disabilities to live as independently and fully as possible should be fostered in our community; and

Whereas, Las Trampas School, Inc. supports people with developmental disabilities to discover their capabilities and to lead full lives in their homes, in work, and in the community.

Now, Therefore, Be It Resolved that the Board of Supervisors of Contra Costa County does hereby honor and congratulate Las Trampas School, Inc. on their 60th anniversary.

Resolution No. 2018/141

recognizing May as Apraxia Awareness Month in Contra Costa County.

Whereas, Childhood Apraxia of Speech is a very misunderstood and very challenging speech disorder; and

Whereas, children with Apraxia of Speech have great difficulty planning and producing the precise, highly refined and specific series of movements of the tongue, lips, jaw and palate that are necessary for intelligible speech; and

Whereas, the challenge and difficulty that children with apraxia have in creating speech can seem very perplexing to parents, especially when they observe the skill of learning to speak developing seemingly without effort in other children; and

Whereas, Apraxia is one of the most severe of childhood speech and communication disorders.

Now, Therefore, Be It Resolved that the Board of Supervisors of Contra Costa County does hereby honor and recognize May, 2018 as Apraxia Awareness Month in Contra Costa County.

In the matter of:
recognizing the Rotary Club of San Ramon.

Resolution No. 2018/149

Whereas, the San Ramon Valley Education Foundation Major Gifts and Endowment Fund celebrates the Rotary Club of San Ramon as the 2018 honoree; and

Whereas, the Club's commitment to education in the San Ramon Valley runs deep; and

Whereas, from Camp Royal, Camp Venture, and the Christmas Tree Lot to generous student scholarships, student and educator recognition programs, and the student Interact Club at California High School, the Rotary Club of San Ramon is outwardly focused on the future of the San Ramon Valley; and

Whereas, over the past 25 years, the Rotary Club of San Ramon has been one of SRVEF's most valuable partners. Beginning with the Run for Education Carbo Load, and now the Online Auction for Education, the Rotary Club has generously donated almost \$300,000 in the past six years.

Whereas, Rotary's motto of "service above self" is alive and well in the San Ramon Valley, and because of their long and ongoing commitment to the San Ramon Valley Education Foundation, it is an honor to recognize all of the members, past and present, of the Rotary Club of San Ramon.

Now. Therefore, **Be It Resolved** that that the Board of Supervisors of Contra Costa County does hereby honor Rotary Club of San Ramon for their long-standing dedication to the education and future of the San Ramon Valley.

in the County Treasury; three members of the public nominated by the County Treasurer, a majority of whom shall have expertise in, or an academic background in, public finance and who shall be economically diverse and bipartisan in political registration. The updated Bylaws were adopted by the Treasury Oversight Committee on August 15, 2017.

Julie Bautista, who would represent the County School Districts and Community College District, will replace Scott Anderson, former Chief Business Officer at the San Ramon Valley Unified School District, whose term ends April 30, 2020. The Board of Supervisors accepted Scott Anderson's resignation on June 6, 2017.

Julie has been in school finance for over 23 years. She launched her career as Senior Food Service Clerk at West Contra Costa Unified School District (WCCUSD). She was promoted to the position of Accounting and Budget Supervisor, overseeing budget development and managing multi-million categorical programs. After eight years with WCCUSD, she made her move to the Acalanes Union High School District (AUHSD) where she is now serving as the Chief Business Official. Julie oversees the Business Services Division at AUHSD, providing services that are an integral part of the high quality education students receive there.

CONSEQUENCE OF NEGATIVE ACTION:

No continuous representation by County School Districts and Community College District on the Treasury Oversight Committee as required by California Government Code section 27132 and the November 6, 1995, County Board Order (I.O.-4) regarding Composition of a County Treasury Oversight Committee.

RECOMMENDATION(S):

ACCEPT the resignation of Maggie Carrillo, DECLARE a vacancy in Business 4 seat on the Workforce Development Board, and DIRECT the Clerk of the Board to post the vacancy, as recommended by the Employment and Human Services Department Director.

FISCAL IMPACT:

None

BACKGROUND:

Maggie Carrillo was appointed to the Workforce Development Board, Business 4 seat on March 29, 2016. The seat expires June 30, 2020.

The Workforce Development Board (WDB) is a business-led body with the mission to shape and strengthen local and regional workforce development efforts. The WDB brings together leaders from business, economic development, education, labor, community-based organizations, and public agencies to align a variety of resources and organizations to enhance the competitiveness of the local workforce and support economic vitality in Contra Costa County.

CONSEQUENCE OF NEGATIVE ACTION:

The Workforce Development Board would be unable to conduct routine business.

APPOINT Jack Weir to the Public Member seat; CREATE an Alternate to the Public Member seat and APPOINT William Swenson to the Alternate member seat on the Countywide Redevelopment Successor Oversight Board to four-year terms effective July 1, 2018 through June 30, 2022.

FISCAL IMPACT:

The Countywide Oversight Board has no direct impact on the General Fund. Members of the Oversight Board do not receive compensation.

BACKGROUND:

On February 6, 2018, the Board of Supervisors referred to the Internal Operations Committee the public member application process for the Countywide Redevelopment Successor Oversight Board. The California state legislature enacted Assembly Bill x1 26 to dissolve redevelopment agencies formed under the Community Redevelopment Law (Health and Safety Code Section 33000 et seq.); and on February 1, 2012, the redevelopment agencies in 17 jurisdictions in Contra Costa County were dissolved. Each of these jurisdictions declared that they would act as successor agency for their dissolved Redevelopment Agencies. Oversight Boards for each of these 17 Successor Agencies were established in accordance with the Dissolution Act.

BACKGROUND: (CONT'D)

Beginning July 1, 2018, there will be only one oversight board in Contra Costa County. The purpose of this County Oversight Board is to oversee all redevelopment successor agencies in the County. This new oversight board will be staffed by the County Auditor-Controller with assistance from the Contra Costa County Department of Conservation (DCD). The Countywide oversight board is appointed as follows:

- (1) One member may be appointed by the county board of supervisors.
- (2) One member may be appointed by the city selection committee established pursuant to Section 50270 of the Government Code. In a city and county, the mayor may appoint one member.
- (3) One member may be appointed by the independent special district selection committee established pursuant to Section 56332 of the Government Code, for the types of special districts that are eligible to receive property tax revenues pursuant to Health and Safety Code Section 34188.
- (4) One member may be appointed by the county superintendent of education to represent schools if the superintendent is elected. If the county superintendent of education is appointed, then the appointment made pursuant to this paragraph shall be made by the county board of education.
- (5) One member may be appointed by the Chancellor of the California Community Colleges to represent community college districts in the county.
- (6) One member of the public may be appointed by the county board of supervisors.
- (7) One member may be appointed by the recognized employee organization representing the largest number of successor agency employees in the county.

In the coming months, the Board of Supervisors will need to make the appointment for Seat 1 on the oversight board. Seat 1 may be filled by a member of the Board of Supervisors or another representative of the County selected by the Board. Staff anticipates the Board Chair will make a nomination for Seat 1. The appointment can be a board member, other elected official, staff member, or member of the public. DCD staff and the auditor controller made a presentation to the Mayors Conference on March 1 regarding the countywide oversight board. The Mayor's Conference appointed an individual for Seat 2 at their April 5, 2018 Mayor's Conference meeting. The auditor controller met with the special districts selection committee in January and their appointment for Seat 3 is forthcoming. Staff will be outreaching to the superintendent of schools for the appointment of seat 4 and on January 24, 2018, the governing board of the community college district appointed Vicki Gordon to Seat 5. Seat 6 is designated for a member of the public to be appointed by the Board of Supervisors. Seat 7 will be appointed by the recognized employee organization representing the largest number of successor agency employees in the county. The auditor controller has sent out surveys to all of the successor agencies that include a question of the number of Successor agency employees and their representation. Once the determination is made, staff will reach out to the appropriate organization for the appointment to Seat 7.

If any Oversight Board member position has not been filled by July 15, 2018, the Governor may appoint people to those positions.

In anticipation of the need for the Board of Supervisors to appoint a member of the public for Seat 6, the Internal Operations Committee conducted a recruitment for applicants. The IOC considered qualifications for the public member (Seat 6) appointment, as follows:

- All appointees must be electors of this County;
- If any eligibility requirement is not maintained, the Board shall immediately terminate the appointment upon notification by the advisory body chair; or
- An interest in complex business agreements and financial transactions.

Staff opened a recruitment on February 13 that was scheduled to close on March 23 but was extended through March 30. Jack Weir (Pleasant Hill) and William Swenson (Oakley) submitted applications, which are attached. The Internal Operations Committee interviewed both candidates on April 9, on which today's recommendations are based.

The statute does not specify a term of office for the Public Member seat. The Board's practice is to set the seat term for four years unless otherwise specified.

Contra Costa County is Seeking a Member for the Redevelopment Successor Agency Oversight Board

County residents who have an interest in public policy and complex business agreements and financial transactions are encouraged to apply. The Redevelopment Successor Agency Oversight Board is designated to administer existing enforceable obligations and to wind down the operations of the former Contra Costa County redevelopment agencies, subject to the review and approval of the Oversight Board and certain government entities, including the County Auditor-Controller, the State Controller and the State Department of Finance. The appointee must be eligible to vote in Contra Costa County. The term of office will begin on July 1, 2018.

Application forms can be obtained from the Clerk of the Board of Supervisors by calling (925) 335-1900 or by visiting the County webpage at www.co.contra-costa.ca.us. To: Board of Supervisors
From: David Twa, County Administrator
Date: April 17, 2018

Subject: NOMINATION TO THE CONTRA COSTA COUNTY HOUSING AUTHORITY BOARD OF COMMISSIONERS

RECOMMENDATION(S):

RE-APPOINT Jannel George-Oden of San Pablo to the Tenant seat on the Contra Costa County Housing Authority Board of Commissioners, to a new two-year term ending on March 31, 2020, as requested by the Housing Authority Executive Director.

FISCAL IMPACT:

Commissioners may receive compensation for attendance at up to four meetings of the Authority per month. Compensation is fixed at a rate of \$50 per day. Commissioners may receive necessary traveling and subsistence expenses incurred in the discharge of their duties. All compensation is paid from the Housing Authority budget. There is no impact to the County General Fund.

BACKGROUND:

The Housing Authority needs to fill one vacant tenant position on its Board of Commissioners. Housing Commissioners should have the following characteristics for the effective functioning of the Board of Commissioners:

BACKGROUND: (CONT'D)

1. Must have an earnest interest in the affordable housing needs of low-income families throughout Contra Costa County.
2. Must be dedicated to the mission of the Housing Authority, which is to provide high-quality affordable housing solutions and promote self-sufficiency for low-income persons of Contra Costa County
3. Must be willing and able to attend and participate in the following key activities:
 - Affordable housing solutions
 - Monthly Board of Commissioner meetings
 - Periodic commissioner training seminars as needed to assist the commissioners in performing their oversight duties.
4. Must be willing to become knowledgeable about the activities, policies, and practices of the Housing Authority and be able to effectively deliberate on matters brought before the Board of Commissioners.
5. Must be able to work cooperatively with other Board members, the Executive Director, and Housing Authority staff.

In early 2014, the Housing Authority solicited applicants from its Resident Advisory Board, active resident councils, Section 8 Family Self-sufficiency clients and at its senior properties to fill two vacancies on the Board of Commissioners. A total of 23 applications were received. A first round of screening removed any persons not in good standing with the Housing Authority or any applicants who had moved from the Housing Authority's jurisdiction. Pursuant to then-Chair Mitchoff's instructions, a panel was convened in March 2014 to interview all remaining applicants. The panel was composed of Joseph Villarreal, the Housing Authority's Executive Director, Keiko Kobayashi, the Housing Authority's primary Counsel, and Julie DiMaggio Enea, a Senior Deputy with the County Administrator's Office.

Ms. George-Oden of San Pablo (formerly of Antioch) was selected from the 2014 recruitment for appointment to the Tenant seat and has served continuously through March 2018. The Housing Authority Executive Director recommends Ms. George-Oden for reappointment to a new two year term, to expire on March 31, 2020.

CONSEQUENCE OF NEGATIVE ACTION:

Disapproval of the nomination would prolong the vacancy in a Tenant seat and not provide representation of Housing Authority clients on the Board of Commissioners as required by law.

CHILDREN'S IMPACT STATEMENT:

Not applicable.

Why are you interested in serving on the Board of Commissioners?

I am interested in serving on the Board of Commissioners,
because I believe that individuals who benefit from
public housing, deserve representation through the
voice of a participant who has a passion for advocacy.

Please list any Community Activities you are involved in: I am currently involved in

the program development of the Redemption Project which is a economic
& personal empowerment initiative of The Redemption Center, (NOW-PROFIT ORGANIZATION)

Please list any Special Interest and Accomplishments: I recently became

legal guardian of my 4 year old niece, rescuing her
from the possible negative impact of the foster care system.

Continued on 2nd Page

Education/Background: I have a B.A. in Human Development (2010) with objective of early childhood & adolescent development (CSUEB). Currently enrolled at CSUEB, pursuing MPA: Public Management & Policy Analysis (Summer, 2014)

Please list any Community Boards or Commissions you serve on: N/A

Other comments: I am a Case manager and many of my clients reside in shelters due to lack of housing. I am grateful to have housing & am working on self-sufficiency daily. I would be honored to have the opportunity to serve on your board.

1. Are you now a resident at a public housing development operated by the Housing Authority of the County of Contra Costa? Yes No

2. Do you now receive housing assistance under the Housing Authority's Housing Choice Voucher (Section 8) Program? Yes No

3. Are you 62 years of age or older? Yes No

4. Will you be able to regularly attend monthly meetings and other related meetings or sessions? Yes No

Note: Yes answers are not necessarily required to be eligible. Questions 2 & 3 are asked because some Advisory Housing Commission seats must be filled by a person receiving assistance under one of the Housing Authority's programs. Further, one seat must be filled by a person receiving assistance under one of the Housing Authority's programs and be over 62 years of age. 5 of the 7 Commission seats are "at-large" and applicants are not required to be a recipient of assistance and there is no age restriction.

Subject: RECOMMENDATION FOR APPOINTMENTS TO THE TREASURY OVERSIGHT COMMITTEE

RECOMMENDATION(S):

APPOINT Dennis Reigle to the Public 1 seat and REAPPOINT Edgar Grubb to the Public 2 seat on the Treasury Oversight Committee to four-year terms effective May 1, 2018 through April 30, 2022.

FISCAL IMPACT:

No fiscal impact.

BACKGROUND:

In 2013, the Internal Operations Committee reviewed Board Resolution Nos. 2011/497 and 2011/498, which stipulate that applicants for At Large/Non Agency-Specific seats on specified bodies are to be interviewed by a Board Committee. The IOC made a determination that it would conduct interviews for At Large seats on the following bodies: Retirement Board, Fire Advisory Commission, Integrated Pest Management Advisory Committee, Planning Commission, Treasury Oversight Committee (TOC), Airport Land Use Commission, Aviation Advisory Committee and the Fish & Wildlife Committee; and that screening and nomination fill At Large seats on all other eligible bodies would be delegated each body or a subcommittee thereof.

The purpose of the TOC is to review the County's investment policy; regularly monitor the County Investment Pool's performance; and report on the pool's performance to the Board of Supervisors.

BACKGROUND: (CONT'D)

The TOC is composed of two ex-officio and seven appointed members: the County Treasurer; the Auditor-Controller; one representative appointed by the Board of Supervisors; the County Superintendent of Schools or designee; one representative selected by a majority of the presiding officers of the governing bodies of the school districts and the community college district in the county; one representative selected by a majority of the presiding officers of the legislative bodies of the special districts in the county that are required or authorized to deposit funds in the County Treasury; three members of the public, a majority of whom shall have expertise in, or an academic background in, public finance and who shall be economically diverse and bipartisan in political registration.

The IOC conducts the application and interview process for the three public member seats and the BOS representative seat.

On April 30, 2018, the terms of the Public Member #1 and #2 seats will expire. A recruitment was conducted by the Treasurer-Tax Collector's Office and the following individuals submitted applications, which are attached.

- Makalia Aga (El Cerrito)
- Edgar Grubb (incumbent; Walnut Creek)
- Dennis Reigle (Danville)
- Parm Sandhu (Danville)
- Laura Sarapochillo (El Sobrante)

The IOC interviewed all of the candidates on April 9 and concurred with the recommendation of the Treasurer-Tax Collector (attached) that candidates Edgar Grubb and Dennis Reigle should be appointed.

Julie,

Per Government Code Section 27131(a), I nominate Mr. Ed Grubb for reappointment and Mr. Dennis Reigle for appointment as the newest member to the TOC.

Mr. Grubb has been an invaluable member to the committee bringing insight and balance. He seldom misses a meeting and works well with all the other members.

Mr. Reigle probably has the most knowledge and experience of all new applicants. I anticipate he will do well on the TOC and offer a unique perspective to the discussions.

Please thank the IOC for their consideration.

Best regards,

Russell Watts, Treasurer-Tax Collector

Which Boards would you like to apply for?

Treasury Oversight Committee: Submitted

Seat Name (if applicable)

Describe why you are interested in serving on this advisory board/commission (please limit your response to one paragraph).

I am a professional Civil Engineer with two master's degrees, Public Administration and Civil Engineering, and am currently working as Port Associate Engineer for the Port of Oakland. I would greatly appreciate the chance to give back by utilizing my public budgeting and finance skills to review the County's investment policy and monitor the performance of County's investments. During FY18 at the Port of Oakland, I helped develop \$42 million capital improvement and \$8 million major maintenance budget for the Maritime Engineering Division. Currently, I responsible for managing and delivering various multi-million dollar public construction projects. During my graduate coursework for the Public Administration's degree, I took advance courses in public policy development and implementation. I would be thrilled to have the opportunity to serve on the Treasury Oversight Committee and put my in-depth knowledge of public finance to use. I am confident you will find me a good fit to review public investment policies and provide recommendations to the Board of Supervisors. I look forward to hearing from you and thank you for your time and consideration.

WORK EXPERIENCE

PORT ASSOCIATE ENGINEER, PORT OF OAKLAND, CA June '16 – Present

During FY18, I helped develop \$42 million capital improvement and \$8 million major maintenance budget for the Maritime Engineering Division. During this same year, I also assumed responsibility for managing and delivering various multi-million dollar construction projects. Currently, I manage major development projects, supervise extended Port staff, and am developing a workload plan for the engineering staff for the FY19 budget year.

- Manage design projects and consultant contracts.
- Supervise extended Port staff.
- Develop design and construction contract documents.
- Conduct construction plan review for new/re-development projects.
- Co-develop the Port's standards and processes.
- Develop scope for capital improvement projects.
- Perform cost estimation and life cycle cost analysis for both, the expense and capital improvement projects.
- Provide engineering support and act as consultant to revenue divisions during planning and lease negotiations

PORT ASSISTANT ENGINEER (LEAD ENGINEER), PORT OF OAKLAND, CA October '14 – June '16

During FY16, as a lead engineer in charge, I managed and delivered multiple major capital improvement projects including the Firewater infrastructure improvement project at Berth 33-34 and the port-wide LED replacement project.

- Produced design plans and specifications for civil engineering projects.
- Supervised engineering summer interns and trained new associate engineers.
- Managed project budget and schedule.
- Performed engineer's estimates for civil works projects.
- Conducted field inspections to guide design and to support construction.
- Evaluated site conditions for the Port's facilities.

TRANSPORTATION ENGINEER, FEHR AND PEERS, WALNUT CREEK. July '13 – October '14

As the appointed project design engineer, I assisted the City of Albany in designing and implementing a citywide Active Transportation Plan; and led several other hospital expansion projects in the City of Oakland to study traffic impacts.

- Evaluated and analyzed traffic impacts for new and re-development projects, and recommended mitigations solutions.
- Designed multiple traffic and pedestrian signals.
- Designed Complete Street concepts to enhance the safety for all users, including pedestrians, bicyclists, motorists and transit users.
- Performed freeway and ramp capacity analysis to study traffic impacts.

ENGINEERING INTERN, CITY OF OAKLAND, CA.

Sept. '11 – July '13

I guided the City of Oakland in developing its citywide crosswalk policy protocol, and a project for the Highway Safety Improvement Program, Cycle 5; which was later funded by CALTRANS.

- Evaluated, drafted and executed engineering related citizen requests.
- Designed traffic control measures for school zones.
- Utilized and implemented CA-MUTCD on a daily basis.
- Developed the City of Oakland's Pedestrian Safety Project-2012.
- Assisted the Transportation Engineer with managing civil improvement projects.

ENGINEERING INTERN, CITY OF LIVERMORE, CA.

July '10 – Sept. '11

During my time at the City of Livermore, I conducted and processed critical speed surveys as required by California Vehicle Code for local municipalities to update speed limits on city streets.

- Presented the 2010 Bay Area Regional Water Control Board Storm Water Permit update to the engineering staff.
- Corrected FEMA flood maps for the city of Livermore.
- Designed a traffic signal battery backup project (CIP).
- Assisted engineers in laying out a new angular parking throughout the downtown area.
- Processed collision reports for future accident studies.

Subject: RECOMMENDATION FOR APPOINTMENT TO THE LOCAL ENFORCEMENT AGENCY INDEPENDENT HEARING PANEL

RECOMMENDATION(S):

APPOINT Victoria Robinson Smith to the Public Member seat on the Local Enforcement Agency Independent Hearing Panel to a four-year term ending on March 31, 2022.

BACKGROUND:

In 1992, the Board of Supervisors, in its capacity as the governing body of the County Local Enforcement Agency, adopted Resolution No. 92/153, which, among other things, appointed the full Board to serve as the hearing panel, a body that implements enforcement and permitting activities at local solid waste facilities, pursuant to a statute that was later repealed. Under current law, hearings regarding the above matters may be conducted by either a hearing officer or by a hearing panel, which may be either (1) a panel of three members of the LEA governing body or (2) an independent three-member panel appointed. (Pub. Resources Code, § 44308.)

The California Code of Regulations requires the appointment of either an independent hearing panel or hearing officer when in the jurisdiction of the LEA there exists a publicly owned or operated solid waste facility or disposal site. In Contra Costa County, the following jurisdictions own solid waste facilities: City of El Cerrito (Registration Tier Permit Transfer Station), City of Brentwood (Brentwood Transfer Station), City of Martinez (Martinez City Rubbish-closed landfill), City of Richmond (Naval Fuel Depot Pt. Molate-closed landfill), the City of Antioch (Antioch City Landfill-closed landfill), and the California

BACKGROUND: (CONT'D)

Department of Water Resources (Banks Delta Pumping-closed dump site in Byron). For this reason, CalRecycle recommended that an independent hearing panel be established. CalRecycle also advised that there can be only one LEA hearing panel.

On November 5, 2013, the Board of Supervisors adopted Resolution No. 2013/423, establishing the Contra Costa County Local Enforcement Agency Independent Hearing Panel. The Board, at that time, decided that it would not appoint one of its members to the LEA Hearing Panel and subsequently referred to the IOC the recruitment of three County resident nominees, for BOS consideration, to serve on the panel. As a result of the 2013 recruitment, the Board of Supervisors appointed the first Independent LEA Hearing Panel, composed by Daryl Young, Larry Sweetser (technical expert), and Ana Cortez. The terms of those appointments expired on March 31, 2018.

Among the specific duties of the County LEA are the permitting of solid waste facilities. Solid waste facilities include solid waste transfer or processing stations, composting facilities, transformation facilities and disposal facilities. The permitting process includes the issuance of solid waste facilities permits as well as the denial, revision, modification, suspension and revocation of permits. The County LEA also performs regular inspections of solid waste facilities. A solid waste facility is required to comply with applicable laws and regulations and the terms and conditions of any solid waste facilities permit issued by the County LEA to the facility. Compliance is usually achieved through inspection reports and compliance schedules. Where violations are found, the County LEA works with affected parties on corrective measures as long as those parties make a good faith effort to comply with the requirements.

Public Resources Code section 44308 governs appointments to the Hearing Panel as follows:

1. No more than one member of the Board of Supervisors shall serve on the Hearing Panel.
2. Members of the Hearing Panel shall be selected for their legal, administrative, or technical abilities in areas relating to solid waste management.
3. At least one member shall be a technical expert with knowledge of solid waste management methods and technology.
4. At least one member shall be a representative of the public at large.
5. A member shall serve for a term of four years and may not serve more than two consecutive terms.

Since its establishment in 2014, the Hearing Panel has met twice in Concord (one hearing, split into two evening sessions).

On February 12, 2018, the IOC approved a recruitment plan and schedule prepared by the County Administrator's Office in consultation with Environmental Health, calling for interviews to be held by the Internal Operations Committee on March 12, 2018. In response to the call for applications, the County received two applications, from incumbents Larry Sweetser and Darryl Young, who were eligible to serve second terms. The Board of Supervisors, on March 12, reappointed Larry Sweetser and Darryl Young, and the search for a third panelist continued.

We are recommending the appointment of Victoria Robinson Smith to the Public Member seat to complete the panel. Ms. Smith serves as the Chair of the Contra Costa County Mayor's Conference, was a former Mayor, Council Member, and Planning Commissioner for the City of Orinda, and is a former RecycleSmart Board Chair and Member. Attached is Ms. Smith's resume.

CONSEQUENCE OF NEGATIVE ACTION:

If the Board elects not to approve the recommendation, additional recruitment will need to be conducted to secure a third panelist, and the panel will remain incomplete until an appointment is made.

RECOMMENDATION(S): (CONTD)

FISCAL IMPACT:

Unknown impact on County revenues and expenditures.

BACKGROUND:

Current law requires paramedics responding to emergency 911 calls to transport all patients who show signs of a non-emergent mental health condition and/or inebriation to an acute care emergency department, even though there may be more appropriate levels of care. While mental health urgent care and sobering centers can accept walk-ins and referrals made from law enforcement, hospitals, and other health care providers, paramedic ambulances are not allowed to transport patients to these alternative community care centers. However, mental health urgent care and sobering centers can offer inebriated patients or those experiencing a non-emergent mental health condition with more timely access to specialized care and to connect them with supportive services.

According to Fire Chief Carman and EMS Director Pat Frost, there is a need for a legislative solution so that paramedics and Emergency Medical Technicians (EMT's) can expand their scope of practice to provide services such as transporting patients to alternative destinations such as sobering centers, psychiatric facilities, etc.) and not just to emergency departments of acute care hospitals. Other states besides California have created such successful programs and regulations. Both Chief Carman and Director Frost recommend the support of AB 1795 (Gibson). At its February 12, 2018 meeting, the Legislation Committee considered the bill and voted to recommend its support to the Board of Supervisors.

AB 1795 is sponsored by Los Angeles County and is currently supported by the EMS Agency State Administrators, California Hospital Association and the California Ambulance Association. The bill was facing opposition from the California Nurses Association (CNA) and California ACEP (American College of Emergency Physicians), though it had been amended on April 2, 2018. No bill analysis has been prepared as yet.

LEGISLATIVE COUNSEL'S DIGEST

AB 1795, as amended, Gipson. Emergency medical services: ~~community care facilities~~. *behavioral health facilities and sobering centers.*

Existing law, the Emergency Medical Services System and the Prehospital Emergency Medical Care Personnel Act, establishes the Emergency Medical Services Authority, which is responsible for the coordination and integration of all state agencies concerning emergency medical services. Among other duties, the authority is required to develop planning and implementation guidelines for emergency medical services systems, provide technical assistance to existing agencies, counties, and cities for the purpose of developing the components of emergency medical services systems, and receive plans for the implementation of emergency medical services and trauma care systems from local EMS agencies.

The act also authorizes each county to develop an emergency medical services program and requires local EMS agencies to plan, implement, and evaluate an emergency medical services system. Existing law requires local EMS agencies to be responsible for the implementation of advanced life support systems, limited advanced life support systems, and for the monitoring of specified training programs for emergency personnel. Existing law defines advanced life support as special services designed to provide definitive prehospital emergency medical care, as specified, at the scene of an emergency, during transport to an acute care hospital, during interfacility transfer, and while in the emergency department of an acute care hospital until responsibility is assumed by that hospital. *Existing law makes it a crime to violate the act, or the rules or regulations adopted under the act.*

This bill would authorize a local emergency medical services agency to submit, as part of its emergency *medical* services plan, a plan to transport specified patients *who meet triage criteria* to a ~~community care facility, behavioral health facility or a sobering center~~, as ~~defined, in lieu of transportation to a general acute care hospital~~. *defined*. The bill would make conforming changes to the definition of advanced life support to include prehospital emergency care provided before and during, transport to a ~~community care facility, as specified. The bill would also direct the Emergency Medical Services Authority to authorize a local EMS agency to add to its scope of practice for specified emergency personnel those activities necessary for the assessment, treatment, and transport of a patient to a community care facility, behavioral health facility or a sobering center.~~ *The bill would authorize a city, county, or city and county to designate, and contract with, a sobering center to receive patients, and would establish sobering center standards.*

This bill would require the authority to adopt guidelines for the triage criteria and assessment procedures by July 1, 2020, and would require the authority to annually analyze administration of local plans and to report, as specified.

By expanding an existing crime, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Dear Governor Brown:

We are writing to respectfully urge you to support AB 1795 by Assembly Member Mike Gipson, which would allow local Emergency Medical Services agencies to submit a plan to the California Emergency Medical Services Authority to allow for the transport of patients to a community care facility based on a determination that there is no need for emergency medical treatment. This important bill is sponsored by Los Angeles County and co-sponsored by the California Hospital Association.

Current law requires paramedics responding to emergency 911 calls to transport all patients who show signs of a non-emergent mental health condition and/or inebriation to an acute care emergency department (ED), even though there might be more appropriate levels of care. While mental health urgent care and sobering centers can accept walk-ins and referrals made from law enforcement, hospitals, and other health care providers, paramedic ambulances are not allowed to transport patients to these alternative community care facilities.

This measure would help reduce the transport of patients who could be better served in a community care facility to EDs, which often results in overcrowding and strains on medical staff and financial resources, and may prevent EDs from treating patients in critical need in a timely manner or at the appropriate level of care. Mental health urgent care and sobering centers can offer inebriated patients or those experiencing a non-emergent mental health condition with more timely access to specialized care, and to connect them with supportive services.

The Honorable Edmund G. Brown, Jr.

AB 1795 (Gipson) – SUPPORT, IF AMENDED

Dear Assembly Member Gipson:

The California Ambulance Association (CAA) represents providers of emergency and non-emergency medically necessary transportation services throughout the State of California. Since its founding in 1948, the objectives of the CAA have been to promote better patient care, develop the highest level of ambulance services, cooperate with organizations providing medical care to the citizens of California, seek to improve standards for personnel and equipment, and encourage the highest standards of ethics and conduct. It is with these values in mind that we support AB 1795, if amended. Several of our members' companies are directly involved in the delivery of community paramedic services through the pilot projects.

The concept of transporting a patient by ambulance to a psychiatric facility or sobering center that is best capable of meeting his/her medical needs, the first time, instead of always transporting to an acute care hospital emergency department is an important principle. Under strict and appropriate protocols, with destination decisions made by highly trained and skilled paramedics, in a program overseen with proper medical control by the local EMS medical director, the concept proposed by AB 1795 is worthy and sound. Medical care can be improved and simultaneously provided at less cost with the implementation of this bill, as confirmed by OSHPD's studies. However, the concept and implementation is not viable nor sustainable unless the bill addresses and specifically authorizes reimbursement for the paramedic and ambulance services being provided.

The CAA supports the programs to be authorized by this proposed law, but we can only support this bill if it is amended to include provisions for reimbursement of the services. Under existing law and regulations, ambulances must transport patients to acute care hospitals to qualify for payment for ambulance service. Transports to alternate destinations such as psychiatric facilities or sobering centers are typically not eligible for reimbursement. These transports being conducted as part of the pilot programs are generally conducted for free. This is not sustainable.

Therefore, the CAA supports AB 1795 contingent upon its amendment to address compensation for the services provided. In order to make the concept of alternate destinations viable and sustainable for the long-term, it must be made clear in this bill that ambulance transports to psychiatric facilities or sobering centers will be paid by State programs (i.e. Medi-Cal, workers compensation, prison contracts, etc.) and all insurance plans and managed care plans at the same rate paid for ambulance transport to an acute care hospital.

Sincerely,

RE: AB 1795 (Gipson) – Oppose Unless Amended – Introduced January 9, 2018

Dear Assembly Member Gipson:

The California Chapter of the American College of Emergency Physicians (California ACEP), representing emergency physicians treating California's patients in more than 14.5 million emergency department visits annually, **must respectfully oppose your AB 1795, unless it is amended.**

The Health Workforce Pilot Projects Program was enacted by the Legislature to test, demonstrate, and evaluate new or expanded roles for healthcare professionals, or new healthcare delivery alternatives, before changes in licensing laws are made by the Legislature. Specifically, Health and Safety Code Section 128125 states, "The Legislature also finds that large sums of public and private funds are being spent to finance health workforce innovation projects, and that the activities of some of these projects exceed the limitations of state law. These projects may jeopardize the public safety and the careers of persons who are trained in them. It is the intent of the Legislature to establish the accountability of health workforce innovation projects to the requirements of the public health, safety, and welfare, and the career viability of persons trained in these programs."

In 2014 EMSA submitted Health Workforce Pilot Project Application #173 to the Office of Statewide Health Planning and Development (OSPHD) in order to test expansion of scope of practice for EMTs in a variety of settings. The application, which sought to test 13 different pilots, was approved and programs began implementation in late 2015. AB 1795 seeks to permanently expand EMT scope of practice to authorize the transport of patients directly to a mental health urgent care center or to a sobering center, rather than to an emergency department (ED) as currently required by law. As currently drafted, we must oppose the bill unless it is amended to protect patient safety.

Scope Expansion Authorization Must Replicate Pilots Shown to be Safe for Patients

We have significant concern about EMTs' ability to safely triage patients in the field and appropriately determine their medical condition. A 2013 study in *JAMA* found a nearly 90% overlap between symptoms of emergencies and non-emergencies.¹ As reported in *Annals of Emergency Medicine* in 2014² "Nearly all

the studies published to date have found significant rates of under triage by EMS Personnel...” These investigators identified 13 research studies examining the ability of paramedics and EMTs to determine the need for transport to an ED. Included among these studies was one describing a cohort of under triaged patients, whom EMS professionals felt did not require transport to EDs for care, who subsequently required admission to the hospital (18%), including a subset requiring admission to the Intensive Care Unit (6%). The safety-net for this high level of severe under-triage is the ED.

This under-triage concern is exacerbated in patients with mental illness. Patients with mental illness have a higher rate of other chronic conditions than the rest of the population.

- Patients treated for schizophrenia or bipolar disorder were 3x more likely to have 3 or more chronic medical conditions than the rest of the population³
- More than half of Medicaid enrollees with mental health conditions also had diabetes, cardiovascular disease, or pulmonary disease.⁴
- According to Medicare and Medicaid data, 75% of patients with mental health conditions also had a heart condition, 42% had a musculoskeletal disorder, and 36% had diabetes.⁴ (CMS)

A recent pilot in Stanislaus County indicates the potential for safe transport of patients to an Acute Psychiatric Hospital rather than an ED. That pilot appears to protect patient safety because of the 140 hours of additional training required of the Community Paramedics, the protocols as revised during study, the agreements entered into with law enforcement, the agreements entered into with the destination, and a variety of other components. None of these components are required by AB 1795. Instead, AB 1795 allows each LEMSA to establish their own protocols, training, processes, and destinations. This bill authorizes 58 different, untested, permanent pilot programs.

In contrast, the concept of diverting patients away from the ED to a sobering center has only been added to Health Workforce Pilot Project #173 in February 2017. There has been little data collected to date, yet a preliminary review of the data indicates they are not collecting the number of people turned away by the center and sent to the ED – an important data point for determining the ability of EMTs to safely screen patients in the field.

Destinations must be Defined and Licensed

A critical component of ensuring a patient can safely be transported to an alternate destination, is to ensure that the destination itself is safe. However, there is no definition in California law for a sobering center. There are no staffing standards, no facility regulations, and no licensing or inspection requirements. Patient safety cannot be assured without standards. A recent series of articles in the OC Register has exposed high death rates at regulated, non-medical (no

AB 1795 must contain licensing and regulatory standards for sobering centers.

Patients with mental illness who participated in Health Workforce Pilot Project #173 were transported to an Acute Psychiatric Hospital, as defined in Health and Safety Code Section 1250(b). AB 1795 instead allows EMTs to transport patients to a mental health urgent care center. Again, there is no definition of “mental health urgent care center” in law. AB 1795 should not allow transport of patients to a destination which is unregulated and unlicensed. Similarly, there is no data to indicate whether patients can safely be transported by EMTs to “mental health urgent care centers.” The Health Workforce Pilot Projects Program was enacted by the Legislature to test the safety of scope expansion before it was embarked upon statewide, yet the concept in AB 1795 has not been tested. This bill should be amended to specify that patients will only be transported to Acute Psychiatric Hospitals, as tested in the Stanislaus County Pilot.

EMTALA Non-Discrimination Protections Must be Included

As required by Health and Safety Code Section 1317, EDs may not discriminate against patients in the provision of care: “In no event shall the provision of emergency services and care be based upon, or affected by, the person’s ethnicity, citizenship, age, preexisting medical condition, insurance status, economic status, ability to pay for medical services, or any other characteristic listed or defined in subdivision (b) or (e) of Section 51 of the Civil Code, except to the extent that a circumstance such as age, sex, preexisting medical condition, or physical or mental disability is medically significant to the provision of appropriate medical care to the patient.”

A similar protection must be included in AB 1795 to ensure that the decision of who to transport to an alternate destination is not based on discriminatory reasons. The decision to transport a patient to a sobering center or psychiatric hospital should be based exclusively on the patient’s medical condition, not on race, insurance status, economic status, or any other protected class.

Bill Should Require Data Collection and Contain A Two-Year Sunset

While it is critical that whatever is authorized by AB 1795 replicate the components piloted in Stanislaus County, no other program can be exactly the same. The individuals, both patients and paramedics, distances to facilities, availability of bed space, etc., will all vary by jurisdiction. LEMSAs should be required to collect and report the data to evaluate safety of all programs.

For example, the project must assess the following for those patients transported to an alternate destination:

1. How many patients could be seen in a timely fashion at an alternate destination?
2. How many patients were referred to an ED or other specialty from the alternate destination?
3. How many patients were referred emergently by 911 ambulances?

CALIFORNIA ACEP
AMERICAN COLLEGE OF EMERGENCY PHYSICIANS

4. How many patients deteriorated and required further health care 3 days, 7 days, and 30 days post intervention?
5. Was the overall care provided, including all follow-up and complications, non-inferior (in terms of safety and patient outcomes) compared to standard care that begins with EMS transport to EDs?

Additionally, the implementing LEMSAs should assess the impact on other patients currently being treated by EMS that are not in the intervention group. Because it may take more time per call for the patients in the intervention group, the paramedics and ambulances may have less availability to respond to emergencies. The proposal has no evaluation mechanism to assess unintended, adverse consequences on patients requiring EMS services whose care is delayed due to increased duties and additional time per call required of community paramedics.

This data should be reported to the Legislature and AB 1795 should sunset in two years to allow for evaluation of these reports.

For these reasons, California ACEP must oppose AB 1795 unless it is amended to address our concerns. If you have any questions, please contact our office at (916) 325-5455.

ADOPT Position Adjustment Resolution No. 22213 to establish the County-wide classification of Chief of Administrative Services (unrepresented) at salary plan and grade B85 1003 (\$8,441 - \$10,260) and add one (1) full-time position in the Department of Child Support Services.

FISCAL IMPACT:

The approval of this transaction will result in an increase in annual personnel cost to the department of \$175,519, with pension costs accounting for \$40,362 of the increase. However, the addition of this position is one component of a department re-organization that is expected to result in a net salary savings of \$117,639. The Department of Child Support Services is 100% funded by the State. There is no County cost associated with this action.

BACKGROUND:

This action is one component of a department reorganization. With the cancellation of one Child Support Services Manager position and the Child Support Services Information Analyst position, the Department of Child Support Services will need a high management-level position that will manage the performance and compliance duties that were previously conducted by the Child Support Services Information Systems Analyst.

BACKGROUND: (CONT'D)

The Chief of Administrative Services will be responsible for all of the administrative activities of the department, including fiscal, personnel, payroll, training, and performance. The position also includes gathering and analyzing statistics and data to monitor performance and compliance, and recommendations for performance improvement. This position will supervise a team comprised of a Child Support Supervisor, one Child Support Specialist III, two Child Support Specialist II positions, one Administrative Services Assistant III, and one Account Clerk Advanced.

The Human Resources Department analyzed the existing department-specific chief of administrative services classifications currently created and designated to various departments. Given the commonality of the duties across departments, Human Resources recommends consolidating, when appropriate, and establishing a county-wide classification rather than creating additional department-specific classifications. The Chief of Administrative Services will provide County departments a single high level administrative management position that has overall responsibility for the operation of the personnel, fiscal, and administrative functions. Incumbents will report to the department head and serve as a member of the department's executive team.

CONSEQUENCE OF NEGATIVE ACTION:

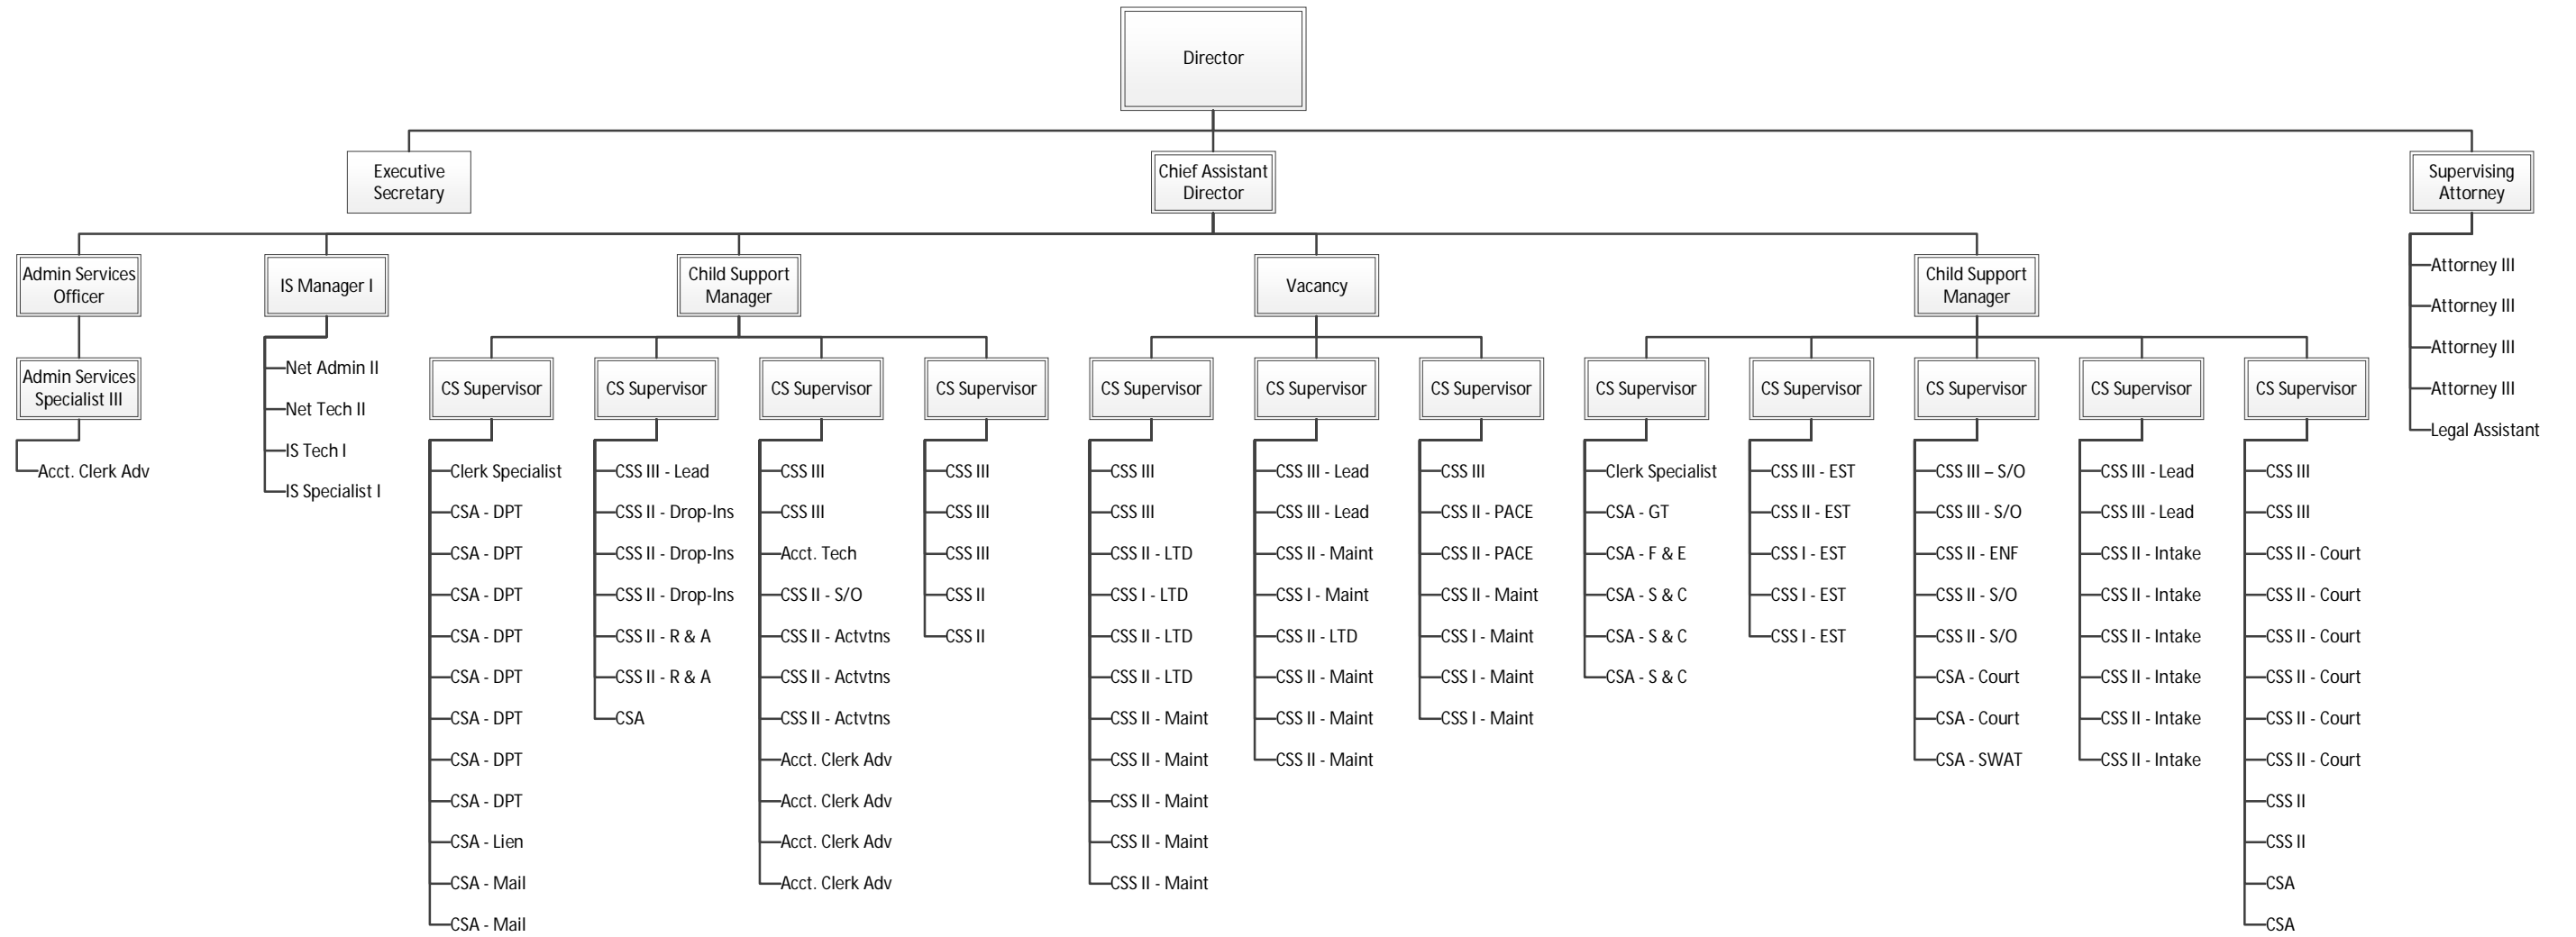

If this action is not approved, DCSS would be limited in its ability to effectively monitor and analyze its performance and its compliance with State and Federal program regulations and performance measures.

RECOMMENDATION(S):

Adopt Position Adjustment Resolution No. 22253 to reclassify the EHS Personnel Officer (XAGB) (unrepresented) to Departmental Personnel Officer-Exempt (APG1) (unrepresented), reallocate the classification from salary level B82 1841 (\$7605 -\$9267; \$9736 max with performance pay) to salary level B85 1876 (\$8017- \$9745), re-assign position #12068, place employee #83910 at Step 4 on the new salary range, and acknowledge that the incumbent will be eligible for review for within range step adjustment on the next anniversary date. Abolish the classification of EHS Personnel Officer (XAGB) effective the day following Board action.

FISCAL IMPACT:

Cost neutral.

BACKGROUND:

On February 6, 2018 the Board of Supervisors approved Position Adjustment Request #22227 to establish the countywide classification of Departmental Personnel Officer-Exempt, and on February 13, 2018 approved Ordinance 2018-03 to exempt the class from the merit system. This action reclassifies the current EHS Personnel Officer and modifies the funded position to the new countywide Departmental Personnel Officer-Exempt class. The increased cost associated with this action will be absorbed within the Employment and Human Services existing FY 2017/18 budget. In addition, upon approval, the EHS Personnel Officer class will no longer be needed in the department and will be abolished.

BACKGROUND: (CONT'D)

the ORJ will be established and implemented. The ORJ formally commenced on January 1, 2017 with budgeted funding approved through the end of fiscal year 2018-19. As per the approved October 18, 2016 Board Order (item C.117), in the third year of the project, the ORJ would recruit and hire a Research and Evaluation Manager

The mission of the ORJ is to build on, align and formalize a cohesive structure for the work currently being provided by the CAO and the contracted Reentry Coordinator in advancement of reentry, public safety realignment and justice initiatives.

In January 2018, the ORJ began working in conjunction with County Human Resources to begin recruitment efforts for the Research and Evaluation Manager. The classification of Health and Human Services Research and Evaluation Manager (VQHA) was identified as the most comparable of the County's existing job classes. Historically, and as reflected in the current job specification, the Health and Human Services Research and Evaluation Manager (VQHA) class was only assigned to the Health Services Department and the Employment and Human Services Department. To expand this classification for its needed use in the ORJ, and for any other County departments that may need human/social services program analysts and evaluators in the future, Human Resources recommends expanding the class to a County-wide classification. The Health Services Department and Employment and Human Services Departments are aware of proposed specification revisions and Human Resources' recommendation to expand the class to a County-wide classification.

It is recommended that:

1. The Health and Human Services Research and Evaluation Manager be retitled to Research and Evaluation Manager, and
2. The class code be changed from VQHA to APHB.

CONSEQUENCE OF NEGATIVE ACTION:

Without approval, the Office of Reentry and Justice will not be able to recruit for and hire a Research and Evaluation Manager, and therefore will be unable to meet their FY 18-19 staffing levels as set forth in the approved board order from October 18, 2016 (C.117).

RECOMMENDATION(S):

APPROVE the Second Amendment to License Agreement with American Tower, L.P., for a communications tower located within the boundary of the Town of Danville. The term commences January 1, 2018 to December 31, 2022, with three five-year renewal options. The Annual rental payment for the first year is \$70,500 with annual increases thereafter. The site is occupied by the Department of Information Technology.

AUTHORIZE the Public Works Director, or designee, to execute, on behalf of the County, the Second Amendment to License Agreement and to exercise any options to extend the lease term.

FISCAL IMPACT:

The Second Amendment to License Agreement will obligate the County to pay rent in excess of approximately \$352,500 over the 5-year term of the License. The first-year amount was anticipated and budgeted in the Department of Information Technology approved FY 2017/2018 budget. (100% dept user fees)

BACKGROUND:

This communications site is a primary and necessary link in the communications network for Contra Costa County. The County has occupied this site since 1978. The Second Amendment will allow the County the option to continuously occupy this site through 2038.

CONSEQUENCE OF NEGATIVE ACTION:

WHEREAS, the Parties agree to extend the term of the Agreement, among other things, all on the terms and conditions as set forth herein.

NOW THEREFORE, in consideration of the foregoing promises and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties hereto agree as follows:

- 1) The Parties agree and acknowledge that Licensee shall modify its equipment for a final installed configuration pursuant to Exhibit C-2, (such configuration the “**Modified Equipment**”).
- 2) The Parties agree and acknowledge that Exhibit C-1 to the Agreement is hereby deleted in its entirety as of the date this Second Amendment is fully executed and is replaced with Exhibit C-2 attached hereto and incorporated by this reference. In the event of inconsistency or discrepancy between the Exhibit C-2 and Licensee’s equipment information set forth in the Agreement, the Exhibit C-2 shall control.
- 3) The term of the Agreement shall be extended until December 31, 2022 (“**Extension Term**”).
- 4) Effective upon January 1, 2018, the **Monthly License Fee** shall be Five Thousand

Eight Hundred Seventy-Five and 00/100 Dollars (\$5,875.00) per month, and adjusted pursuant to the Annual Escalator, as set forth in section 6 of this Second Amendment. The Increased Fee for any fractional month at the beginning or end of the period shall be appropriately prorated.

- 5) Immediately following the expiration of the Extension Term, there shall be three (3) additional periods of five (5) years each (each, a **“Renewal Term”**). The Agreement shall automatically renew for each successive Renewal Term unless either Party notifies the other in writing of its intention not to renew this Agreement at least one hundred twenty (120) days prior to the end of the then existing term.
- 6) Effective upon January 1, 2019, and each anniversary thereafter during the term, the Monthly License Fee shall be increased by three percent (3%) (**“Annual Escalator”**).
- 7) Capitalized terms contained herein, unless otherwise defined, are intended to have the same meaning and effect as that set forth in the Agreement.
- 8) All other terms and provisions of the Agreement remain in full force and effect.

County

To: Board of Supervisors
From: David O. Livingston, Sheriff-Coroner
Date: April 17, 2018

Subject: Educational Courses for the Law Enforcement Training Center

RECOMMENDATION(S):

APPROVE and AUTHORIZE the Sheriff-Coroner, or designee, to execute a contract with the Contra Costa Community College District in an amount not to exceed \$497,250 to provide educational courses at the Law Enforcement Training Center for the period July 1, 2018 through June 30, 2019.

FISCAL IMPACT:

No County costs. \$497,250 revenue. The College District will pay the Office of the Sheriff \$3.75 per student instructional hour that is eligible for state general apportionment less guest lecturer costs and standard student enrollment fees.

BACKGROUND:

The Contra Costa Community College District provides educational courses through its various programs to meet the needs of the Office of the Sheriff's Training Program. The Contra Costa Community College District will transcript all acceptable coursework for the Office of the Sheriff's Law Enforcement Training Center students.

CONSEQUENCE OF NEGATIVE ACTION:

The Office of the Sheriff will not be able to transcript certain classes taken by students of the Law Enforcement Training Center (LETC). In addition, \$3.75 per student instructional hour will not be claimable, resulting in a budget shortfall of \$497,250 in the LETC Enterprise Fund for fiscal year 2018/19.

BACKGROUND:

The Employment and Human Services Department was notified by the California Department of Education on June 13, 2017 of the County's 2017-18 allocation for the Alternative Payment Childcare Services Program. The Alternative Payment Childcare Services Program provides funding for program eligible families to receive services. Priority is given to families who interface with Child Protective Services; families with children at-risk of abuse and neglect; low-income families; and families with children who have special needs. The Board of Supervisors approved receipt of 2017-18 funding at its July 11, 2017 (C.53) meeting. The Board approved an amendment to accept an additional award from the State on October 17, 2017 (C.71). This amendment is to further increase the payment limit as additional funds were awarded by the State on March 21, 2018.

CONSEQUENCE OF NEGATIVE ACTION:

If not approved, County will not receive additional funding to operate this childcare program.

CHILDREN'S IMPACT STATEMENT:

The Employment and Human Services Department Community Services Bureau supports three of Contra Costa County's community outcomes - Outcome 1: Children Ready for and Succeeding in School, Outcome 3: Families that are Economically Self-sufficient, and Outcome 4: Families that are Safe, Stable, and Nurturing. These outcomes are achieved by offering comprehensive services, including high quality early childhood education, nutrition, and health services to low-income children throughout Contra Costa County.

RECOMMENDATION(S): (CONTD)

> 5. DIRECT the Director of Conservation and Development to file a Notice of Exemption with the County Clerk.

6. AUTHORIZE the Public Works Director or designee to arrange for payment of a \$25 fee to Conservation and Development for processing, and a \$50 fee to the County Clerk for filing the Notice of Exemption.

7. AUTHORIZE the Public Works Director, or designee, to approve final plans, specifications, and design documents necessary to implement and construct the West County Health Center Expansion Project described in Project Document 01 1100 (Summary of Work), Project Document Division A (Request for Proposals), and the Project Bridging Manual.

8. DETERMINE that the proposal submitted by C. Overaa & Co. (“Overaa”), for the above project, offers the best value to the County and the public, and that Overaa has complied with the requirements of the County’s Outreach Program and DECLARE that this board order constitutes public announcement of the contract award.

9. ORDER that the Public Works Director, or designee, is authorized to sign any escrow agreements prepared for this project to permit the direct payment of retentions into escrow or the substitution of securities for moneys withheld by the County to ensure performance under the contract, pursuant to Public Contract Code section 22300.

10. AUTHORIZE the Public Works Director, or designee, to order changes or additions to the construction work and to execute written change orders pursuant to Public Contract Code section 20142.

11. DELEGATE, pursuant to Public Contract Code section 4114, to the Public Works Director, or designee, the Board’s functions under Public Contract Code section 4107 and 4110.

12. DELEGATE, pursuant to Public Contract Code section 6705, to the Public Works Director or to any registered civil or structural engineer employed by the County, the authority to accept detailed plans showing the design of shoring, bracing, sloping or other provisions to be made for worker protection during trench excavation covered by Public Contract Code section 6705.

FISCAL IMPACT:

The total cost of the project will be \$12,455,000 and funding was obtained as part of the 2015 Series A&B Lease Revenue Bonds (100% Hospital Enterprise Fund).

BACKGROUND:

The proposed new two-story building will comply with the California Office of Statewide Health Planning and Development primary care clinic requirements and will encompass approximately 20,700 square feet gross building area with a drop-off area and parking stalls. The site is located at the vacant parcel known as “Block A” between San Pablo Avenue and the existing West County Health Center (WCHC) on approximately 1 acre. Improvements include a standalone structure with pedestrian link to the existing WCHC, shared outdoor courtyard with the WCHC and a new service yard for trash/recycling containers and mechanical equipment. The facility will house Behavioral Health, which is being relocated from a leased and County owned facilities, and will provide much needed space for Behavior Health Services in West Contra Costa County. The County intends that the new building will qualify for a LEED Silver rating from the Green Building Council.

The County Design Consultant, Hawley Peterson Snyder Architects prepared the conceptual design level documents for the WCHC Expansion Project. The Public Works Department undertook a two-step Request for Qualifications (RFQ) and Request for Proposals (RFP) process to solicit design-build contractors to design and build the WCHC Expansion project.

Request for Qualifications (RFQ):

The Public Works Department released the RFQ for design-build services on January 30, 2017. The RFQ release was communicated to known contractors, including those in the Local Vendor Database, advertised in the Daily Builder and published in the Contra Costa Times. It was posted to the PWD Plan Room which is accessed via link on the Contra Costa County website under the Contracting Opportunities page. A Pre-RFQ conference for all interested vendors was held on February 15, 2017.

The RFQ required that a design-build team describe their outreach efforts to include minority business enterprises, woman-owned enterprises and small, local, disabled veterans and other business enterprises as part of their subcontractors. The RFQ also required the design-build teams to provide references from past projects.

Public Works received six statements of qualifications by the March 2, 2017 deadline from Design-Build Entities: Overaa & Co., Vila Construction, Boldt Company, W.E. Lyons Construction Company, Polytech Associates, and Blach Construction. A selection committee comprised of County staff and Kitchell CEM, the County's construction management consultant, reviewed the information submitted and determined that four firms met or exceeded the RFQ qualifications requirement.

Request for Proposal (RFP)/Selection Process:

The Request for Proposals was issued to the four teams in March 24, 2017 and on May 4, 2017, the Public Works Department received three proposals from Overaa & Co., Boldt Company and Vila Construction. A four person selection committee consisting of the Health Services Department's Director for Planning and Evaluation Steve Harris, the Capital Projects Division Manager Ramesh Kanzaria, Kitchell CEM Director George Dykes, and the County's bridging document design firm Hawley Peterson & Snyder President Henry Mahlstedt. The selection committee conducted interviews of the three teams on May 16, 2017.

The best value proposal evaluation process included two categories of factors: (1) the Evaluation Factor Categories evaluated on a "pass/fail" basis as follows:

1. Skilled Labor Force Availability
2. Acceptable Safety Record

and Evaluation Factor Categories with points assigned as follows:

3. Project Approach, Organization, and Qualifications - (20 available points)
4. Project Schedule - (12.5 available points)
5. Conformance with Bridging Documents - (12.5 available points)
6. Life Cycle Costing and LEED approach - (5 available points)
7. Price Proposal - (35 available points)
8. Value Engineering - (5 available points)
9. Interview/Presentation - (10 available points)

The results of the scoring process were Overaa & Co. with the highest rated proposal (322 points) followed by Vila Construction (212 points) and Boldt Company (199 points).

The proposal submitted by Overaa & Co. offers the best value to the County and the public and is the

most advantageous to the County because of a combination of factors, including price, project schedule, value engineering approach, experience, and qualifications. The basis of the contract award to Overaa & Co. is that Overaa & Co. is best value.

The contractor will be required to enter into a Project Labor Agreement in connection with the services to be performed under the contract.

The general prevailing rates of wages, which shall be the minimum rates paid on this project, are on file with the Clerk of the Board, and copies are available to any party upon request.

CONSEQUENCE OF NEGATIVE ACTION:

If the design-build contract is not awarded at this time, the project work would not proceed and would be delayed, with adverse impacts to the community in West County.

----------------------------------	------------------------------	----------------------------------

GENERAL CONSIDERATIONS:

- Location:** The project is located at 13585 San Pablo Avenue, within the City of San Pablo, CA. [Figures 1-2].
- Project Description:** The purpose of the project is to expand the existing 53,000-square-foot (sf), two-story West County Health Center (WCHC; proposed project).

The proposed project would add a Leadership in Energy and Environmental Design (LEED) certified 18,000-sf standalone two-story building with an enclosed 230-sf pedestrian link to the existing WCHC, a shared courtyard with the existing WCHC, and a new 4,110-sf service yard for trash/recycling containers and mechanical equipment. The current medical facility provides outpatient services for about 30 medical specialties in 60 medical exam rooms. The new facility is expected to serve an additional 80 to 100 patients per day. All services provided would be outpatient ambulatory services; no inpatient services would be provided as part of the expansion.

In accordance with Section 15332, the proposed project meets the following conditions:

- (a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with applicable zoning designation and regulations. The proposed project is consistent with all applicable General Plan designations, as follows:

- City of San Pablo General Plan: Mixed Use, Special District (Alvarado District)
- Contra Costa County General Plan: Mixed Use
- City of San Pablo Zoning: High-Density Multi-Family, Special District (Alvarado District)

- (b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses: The 2.7-acre project site is located in the City of San Pablo (the City) and is surrounded by a mix of urban uses.
- c) The project site has no value as habitat for endangered, rare or threatened species: The project site is an unimproved vacant urban lot. There is no landscaping on the project site, nor does it contain any habitat, riparian area, trees, wetlands, or areas designated as waters of the United States. Due to its developed condition, urbanized surroundings, and lack of on-site natural habitats, no special status plant or wildlife species are expected to occur on the project site. Furthermore, there are no existing trees that could provide nesting habitat for birds.
- d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality: The County has conducted construction and operation analysis and prepared supporting technical studies that confirm there will be no significant impacts to traffic, noise, air quality and water quality. Specifically the following analysis was performed: a traffic screen analysis was conducted; a noise study was completed for both construction and operation; and an air quality analysis for construction was performed. In order to avoid and minimize impacts to these impact categories the proposed project would include several Project Conditions to ensure that any potential environmental impact is minimized. These measures include construction equipment standards, a Transportation Demand Management (TDM) Plan, and noise best management practices (BMPs).
- e) The site can be adequately served by all required utilities and public services: The project site is served by existing utilities (West County Wastewater District, East Bay Municipal Utilities District, Pacific Gas and Electric, and Richmond Sanitary Service). All existing utility providers can meet the demand of the proposed project. In addition, the proposed building would meet LEED Silver certification, which would reduce energy and water needs.
3. Does it appear that any feature of the project will generate significant public concern?
 Yes No maybe (Nature of concern):
4. Will the project require approval or permits by other than a County agency?
 Yes No
5. Is the project within the Sphere of Influence of any city? Yes, the City of San Pablo.

Subject: Approve a purchase order amendment with East Bay Tire Company

RECOMMENDATION(S):

APPROVE and AUTHORIZE the Purchasing Agent, or designee, to execute, on behalf of the Public Works Director, a purchase order amendment with East Bay Tire Company, to increase the payment limit by \$70,000 to a new payment limit of \$280,000, with no change to the original term of September 1, 2015 through August 31, 2018, for tires and tire supplies, Countywide.

FISCAL IMPACT:

This cost is to be funded through the Fleet Services Internal Service Fund

BACKGROUND:

Fleet Services is responsible for vehicle maintenance. Tires are an important commodity for this maintenance. Goodyear tires have been established as the County's standard. Goodyear Tires can be purchased through any Goodyear dealer at government prices. Goodyear Tire & Rubber in Benicia is Fleet's primary vendor. In addition to them, Fleet Services uses East Bay Tire Company as an alternate Goodyear Tire dealer. East Bay Tire Company's location

Arts in Corrections: County Jails Project

Mr. Renn presented information regarding a new Arts in Corrections: County Jail Project and asked if the Commissioners wanted to request the Board of Supervisors to sign onto the MOU from the California Lawyers for the Arts. Patty Grant and Jody Sicheneder, Office of the Sheriff, and Alma Robinson and Ariel Heinicke, CA Lawyers for the Arts were present to give further details on the project.

Ms. Robinson gave us a background on the project in California and invited Contra Costa to participate in this pilot program. Ms. Grant explained that the Office of the Sheriff is interested and willing to participate. They are working with an artist to finalize a 12-week lesson plan.

The Commissions reviewed a Memorandum of Understanding between the County and the CA Lawyers for the Arts. After questions and discussions, the Commissioners recommended that the Board of Supervisors accept and sign the Memorandum of Understanding.

MOTION MADE: Commissioner Wood moved that the Board of Supervisors accept and sign the Memorandum of Understanding.

Election of Officers

Commissioner Burrell explained that the slate was not ready to be presented at today's meeting. The three-member nominating committee had met and agreed on how to develop a slate of officers. The committee members will make telephone calls to learn whether or not a Commissioner is interested. If so, their name will be added to the slate. A written ballot will be presented at the May meeting to privately vote for officers to serve July 1, 2018 through June 30th 2019.

Veterans Initiative in the Arts program - ABOUTFACE

Mr. Renn reported that the ABOUTFACE workshops had started Saturday, April 7th. After an initial twelve registration, the enrollment grew to twenty-one participants. The teaching team got off to a good start. The second workshop will take place April 14.

Commissioners were asked to help increase enrollment in the other five workshops.

Next Step: Review of action-items from the Retreat

Commissioner Snook O'Riva shared with the other Commissioners her two project plans. Reviewing the *2018 Draft Community Engagement Project Plan*, Commissioner Snook O'Riva pointed out how the plan broke down the due date, what, who and the status of the project. These plans are meaningful to keep the project on schedule and to articulate the need tasks.

Commissioners will bring the other project plans to the May meeting for review.

Commission Reports

Commissioner Wood: Reported that she had attended several art function within her district.

Commissioner Ledezma: Again reported that the Richmond Commission awarded community grants for 2018. She reported that the Richmond Art Commission is sponsoring their annual Poetry writing program.

Commissioner Anderson: Reported he was working on the ABOUTFACE program to get the workshops underway for April 2018.

Commissioner Snook O'Riva: Reported that this was festival season and lots was going on.

More will be reported at the May meeting. Time was cut short due to the extensive discussions of the Jail project.

Request for Agenda items for May meeting

- Review and Accept slate of officers for 2018-19.
- Veterans Initiative in the Arts program - ABOUTFACE
- Arts Recognition Awards – present every other year.
- Next Steps: review of action-items from the February Retreat

Meeting Adjournment

fair market price, as determined by the County.

Contra Costa ARC (CCARC) is a California 501(c)(3) non-profit corporation, doing business as Community Support Services. CCARC meets the requirements of Section 19404 in that: (1) the work to be performed under the contract will primarily (at least 75% of it) be performed by a labor force comprised of persons with disabilities; (2) CCARC makes elections under the federal Insurance Contributions Act to provide social security and unemployment benefits to its employees; (3) maintains Articles of Incorporation requiring that at least two directors on its Board of Directors are persons with disabilities or the parents, guardians, or conservators of persons with disabilities; and (4) provides disabled employees substantially equally benefits that are provided to CCARC's organized employees.

CCARC has a client in training/contractor relationship with its workers and provides sick time and vacation. CCARC does not commit unfair labor practices and abides by the provisions of the Federal Fair Labor Standards Act, the Walsh-Healy Public Contract Act, the Wagner O'Day Act, and the regulations of the State Division of Industrial Welfare. Work performed by CCARC includes car washing and minor custodial work. Fleet Management has hired Commercial Support Services to deliver several car washers with supervision to the Waterbird Service Center daily to conduct county vehicle washing. Vehicles coming in for repair are chosen for washing first, so customers pick up a clean well running car. Facilities Services has several remote building sites which the Board of Supervisors has approved to receive sublet custodial services. Two of these sites are the Antioch and Walnut Creek libraries. Facilities Services has hired Commercial Support Services to provide minor custodial services to these buildings.

CONSEQUENCE OF NEGATIVE ACTION:

If this contract is not approved, car washing and janitorial services with CCARC will be discontinued.

Subject: ADOPT the County and Special District FY 2018-19 State Controller's Office Recommended Budget Schedules

RECOMMENDATION(S):

ADOPT the County's 2018-2019 State Controller's Office Recommended Budget Schedules for Countywide Funds and Special Districts.

FISCAL IMPACT:

These schedules meet the requirements of State law. Specific program recommendations will be presented to the Board during Budget Hearings on April 17, 2018 with final adoption scheduled for May 8, 2018.

BACKGROUND:

State law requires that local government adopt a 2018-2019 Recommended Budget for Countywide funds and Special Districts prior to June 30, 2018 in order to spend monies for the coming fiscal year. State law also requires that the Recommended Budget be adopted prior to holding Budget Hearings. Attached for your consideration are the Recommended Budget schedules as required by state law and regulation, which will serve as a placeholder until the Board approves a Final budget. These schedules are in a state required "line item" format as opposed to the program budget format used by the Board during budget hearings. The schedules incorporate the same total net County cost level as will be presented in the County Administrator's Recommended Budget.

Contra
Costa
County

To: Board of Supervisors
From: Joseph E. Canciamilla, Clerk-Recorder
Date: April 17, 2018

Subject: Consolidation Requests for the June 5, 2018 Primary Election

RECOMMENDATION(S):

APPROVE election consolidation requests from jurisdictions that have filed resolutions with the County-Clerk Recorder, Elections Division, to place measures on the June 5, 2018 Primary Election ballot, and AUTHORIZE the County Clerk-Recorder to conduct elections for: City of Lafayette, City of Martinez, City of Orinda, City of Pinole, City of Richmond, and County Service Area P-5.

FISCAL IMPACT:

There is no direct cost to the County. Any additional cost incurred by the Elections Division will be recovered from each City and Special District.

BACKGROUND:

Election Code 10400 et seq. requires jurisdictions wishing to consolidate an election with a statewide election to submit a resolution to the Board of Supervisors requesting the consolidation. The Board may approve or not approve the request. By granting these requests, the Board authorizes the County Elections Division to consolidate and conduct the election on behalf of the jurisdictions in conjunction with the June 5th Primary Election. Records indicate that the entities requesting consolidation have each filed the required resolution with the Clerk of the Board of Supervisors.

TREASURY OVERSIGHT COMMITTEE MEETING

November 21, 2017

MINUTES

Members Present: Donald Bouchet, Stanley Caldwell, Julie Bautista, Edgar Grubb, Jerome Hatfield and Dan Heinrich.

Also Present: Belinda Zhu, Assistant County Treasurer and Ronda Boler, Executive Secretary.

Members Absent: Bill Clark.

Donald Bouchet called the Treasury Oversight Committee meeting to order at 3:00 p.m.

PUBLIC COMMENT

None.

ACTION ITEMS

1. APPROVE AUGUST 15, 2017 TREASURY OVERSIGHT COMMITTEE

MEETING MINUTES

Mr. Bouchet called a motion for approval of the minutes. Mr. Caldwell moved, seconded by Mr. Grubb to approve the August 15, 2017 Treasury Oversight Committee meeting minutes. The motion passed unanimously with ayes from Mr. Bouchet, Ms. Bautista, Mr. Caldwell, Mr. Grubb, Mr. Hatfield, and Mr. Heinrich.

2. APPROVE SEPTEMBER 30, 2017 QUARTERLY INVESTMENT REPORT

Ms. Zhu presented September 30, 2017 Quarterly Investment Report (the Report) to the Committee. The Treasurer's investment portfolio is in compliance with Government Code 53600 et. seq. The Treasurer's investment portfolio is in compliance with the Treasurer's current investment policy. The Treasurer's investment portfolio has no securities lending, reverse repurchase agreements, or derivatives.

As of September 30, 2017, the total par value of the investment pool was \$2,997,862,126.88. The total cost was \$2,991,832,551.16. The market value was \$2,992,929,050.07 which was 100.04% of the cost. More than \$2.33 billion representing about 77% of the portfolio will mature in less than a year. The weighted yield to maturity was 1.30% with the weighted average days to maturity of 204 days. The weighted duration was 0.54 year.

Historical activities combined with future cash flow projections indicate that the County is able to meet its cash flow needs for the next six months.

Ms. Zhu presented Contra Costa County Investment Pool summary report as of September 30, 2017. The market value of the investment pool was down by \$692.5 million compared to the previous quarter end, and was up by \$322.8 million compared to the same quarter end of the previous year. Approximately 86.9% of the portfolio was managed by the Treasurer's Office while the remaining portion was managed by the external managers.

Ms. Zhu stated that no exceptions have been noted in the supporting statements and exhibits to the Report.

Mr. Hatfield pointed out that three structured securities on Page 21 of the Report were not included in Exhibit VI, Treasurer's Investment Portfolio Structured Securities. Ms. Zhu responded that she will check and report back in the next meeting.

Mr. Bouchet called a motion for approval of the investment report. Mr. Grubb moved, seconded by Mr. Heinrich to approve September 30, 2017 Quarterly Investment Report. The motion passed unanimously with ayes from Mr. Bouchet, Ms. Bautista, Mr. Caldwell, Mr. Grubb, Mr. Hatfield, and Mr. Heinrich.

INFORMATION ITEMS

1. Standard & Poor's Rating

Ms. Zhu informed the Committee that Standard & Poors rated Contra Costa County investment portfolio (as of September 29, 2017) AAAf/S1+ signifying the highest credit quality with the lowest volatility. Ms. Zhu stated that the County Treasury Pool investment portfolio is still under criteria observation (UCO) by S&P Global. Following the onsite due diligence meeting conducted by S&P Global, we are in constant communications providing all information S&P requested promptly. As we have informed the Committee, the Treasury Pool's rating might be negatively impacted by the criteria revisions made by S&P. The final confirmation of our rating status will be released before the end of 2017.

Mr. Heinrich suggested that Mr. Watts inform the County Board of Supervisors and the Pool participants of the rating criteria changes made by S&P Global and its potential impact on the Treasury Pool ratings prior to the release of the final ratings. Mr. Grubb agreed and suggested a proactive approach to educate the Pool participants and the constituents. Ms. Zhu agreed to relay the Committee's message to Mr. Watts.

2. Committee Meeting Dates for Calendar Year 2018

Contra Costa County Treasury Oversight Committee will hold its quarterly meetings on the following dates during the calendar year of 2018:

February 20, 2018
May 15, 2018
August 21, 2018
November 20, 2018

MISCELLANEOUS

1. Staff Report

None.

2. Committee Member Comments

Mr. Hatfield informed the Committee that his last TOC meeting will be February 20, 2018 due to health reasons. Ms. Boler will find out when Mr. Hatfield's term is up. Ms. Boler will also to find out if Mr. Hatfield still needs to take the required trainings prior to his last Committee meeting.

Mr. Grubb expressed his willingness to continue to serve on the Committee if his term expires next year.

ESTABLISHMENT OF NEXT MEETING DATE:

Tuesday, February 20, 2018.

Donald Bouchet adjourned the meeting at 4:00 p.m.

Respectfully submitted,

Ronda Boler
Executive Secretary

INVESTMENT POOL
AT A GLANCE
AS OF DECEMBER 31, 2017**

NOTES TO INVESTMENT PORTFOLIO SUMMARY AND AT A GLANCE AS OF DECEMBER 31, 2017

1. All report information is unaudited but due diligence was utilized in its preparation.
2. There may be slight differences between the portfolio summary page and the attached exhibits and statements for investments managed by outside contractors or trustees. The variance is due to the timing difference in recording transactions associated with outside contracted parties during interim periods and later transmitted to the appropriate county agency and/or the Treasurer's Office. In general, the Treasurer's records reflect booked costs at the beginning of a period.
3. All securities and amounts included in the portfolio are denominated in United States Dollars.
4. The Contra Costa County investment portfolio maintains Standard & Poor's highest credit quality rating of AAAf and lowest volatility of S1+. The portfolio consists of a large portion of short-term investments with credit rating of A-1/P-1 or better. The majority of the long-term investments in the portfolio are rated AA or better.
5. In accordance with Contra Costa County's Investment Policy, the Treasurer's Office has constructed a portfolio that safeguards the principal, meets the liquidity needs and achieves a return. As a result, more than 84% of the portfolio will mature in less than a year with a weighted average maturity of 162 days.

Dear Ms. Zhu:

Per your request, I am confirming for you the source of the SunGard market pricing data for the quarter ending December 31, 2017.

Monthly you request pricing from three (3) pricing files that we provide, **RAPID**, **PRICES** and **MARKET**. The data within these three files is obtained from Interactive Data Corporation/ICE. The content of the **PRICES** file consists of prices for overnight repos, TDs, CDs, CPs, B/As and government discount issues other than Treasury Bills. The content of the **RAPID** file consists of prices for U.S. government issues (such as FFCBs and GNMA's) and Treasuries. The **MARKET** file consists of Corporate Bonds, Notes and Equity prices.

If you need further information, please do not hesitate to contact me at 818-425-2094.

Sincerely,

SunGard FIS Avantgard

Note: Stress Testing is a form of testing that is used to determine the stability of a given system or entity. It reveals how well a portfolio is positioned in the event the forecasts prove true. The stress test conducted on the portfolio managed by the Treasurer's Office identifies the sensitivity of our portfolio to the change in interest rate. The test result shows if the yield were to go down by 50 bps, the market value of the portfolio would increase by 25.07 bps. If the yield were to go up by 50 bps, the market value of the portfolio would decrease by 24.67 bps.

1. The stress test is conducted on the portfolio managed by the Treasurer's Office. Portfolios managed by outside contractors are excluded. All data is provided by SunGard.
2. Gain/Loss is calculated based on the market value/price.

Subject: Cancellation Agreement #72-020-5 with Pittsburg Unified School District

RECOMMENDATION(S):

APPROVE and AUTHORIZE the Health Services Director, or designee, to execute on behalf of the County, Contract Cancellation Agreement #72-020-5, to cancel Contract #72-020-3 with Pittsburg Unified School District, an educational institution, effective at the close of business on June 30, 2018 for the Teenage Pregnancy Project (TPP).

FISCAL IMPACT:

This contract was funded 100% by Federal Department of Health and Human Services TPP Grant funds.

BACKGROUND:

On November 10, 2015, the Board of Supervisors approved Interagency Agreement #72-020-3 allowing the contractor to implement the TPP in WCCUSD, for the period from September 1, 2015 through August 31, 2020. This agreement met the social needs of County's population by implementing a TPP with the goal to reduce teen birth rates among youth ages 15-19 years old who attend middle school or high school in Pittsburg.

BACKGROUND: (CONT'D)

The County was recently notified by the Department of Health and Human Services that funding of the TPP program will end officially on June 30, 2018. In accordance with Paragraph 5, (Termination) of the Contract's General Condition, the department and the contractor have agreed to a mutual cancellation of this contract.

Approval of Contract Cancellation Agreement #72-020-5 will accomplish this termination.

CHILDREN'S IMPACT STATEMENT:

This TPP program supports the following Board of Supervisors' community outcomes: "Children Ready For and Succeeding in School"; "Children and Youth Healthy and Preparing for Healthy Adulthood"; and "Communities that are Safe and Provide a High Quality of Life for Children and Families". Expected program outcomes include a decrease in the number of teenage pregnancies in East Contra Costa County.

Subject: Amendment #23-497-3 with Kaiser Foundation Hospitals (dba Kaiser Permanente – Richmond)

RECOMMENDATION(S):

APPROVE and AUTHORIZE the Health Services Director, or designee, to execute on behalf of the County, Contract Amendment #23-497-3 with Kaiser Foundation Hospitals, (dba Kaiser Permanente – Richmond), a non-profit corporation, effective January 1, 2018, to amend Contract #23-497-2, to incorporate Contractor's HIPAA Business Associate Agreement to the contract with no change to the payment limit or term.

FISCAL IMPACT:

No General Fund impact. Emergency Medical Service (EMS) staff costs to be covered under County Service Area EM-1 and charges to participating hospitals.

BACKGROUND:

In collaboration with hospitals, fire first responders and emergency ambulance services, Contra Costa Emergency Medical Care Committee, and the Contra Costa Stroke Advisory Committee, Contra Costa EMS has been working towards implementation of a program that will provide quicker access to definitive care for patients with symptoms of acute stroke. Strokes occur when blood flow to the brain has been disrupted due to a blockage in a vessel (ischemic stroke) or bleeding in the brain (hemorrhagic stroke).

BACKGROUND: (CONT'D)

Research has shown significant reduction in mortality and morbidity when stroke patients are identified in the field and transported, with advance notification, to a hospital staffed and equipped to provide rapid stroke care. A nationally-recognized goal is to provide primary stroke center intervention within three to four and one half hours of onset of symptoms. Identification of a suspected stroke patient begins in the field and requires rapid identification and subsequent triage to a primary stroke center. All ambulance and fire first responder paramedics in the County have been trained in the rapid recognition of stroke patients using the Cincinnati Stroke Scale.

On December 5, 2017, the Board of Supervisors approved Contract #23-497-2 with Kaiser Foundation Hospital with designate Kaiser Permanente – Richmond as a Primary Stroke Center that is prepared to respond with emergency department teams in consultation with neurologists, to promptly intervene when notified of the pending arrival of a stroke patient for the period from January 1, 2018 December 31, 2020. This contract includes mutual indemnification to hold harmless both parties for any claims arising out of the performance of this contract.

Approval of Contract Amendment #23-497-3 will allow the contractor to continue to act as a designated Primary Stroke Center through December 31, 2020.

CONSEQUENCE OF NEGATIVE ACTION:

If this contract is not approved, the additional Business Associate Agreement will not be incorporated into the contract.

Subject: Amendment to the Contra Costa Mental Health Commission Bylaws

RECOMMENDATION(S):

ACCEPT and APPROVE the revised Mental Health Commission Bylaws that amends Article VIII, Section 3, Sub-section 3.2 (Executive Committee Composition).

FISCAL IMPACT:

No fiscal impact.

BACKGROUND:

The Mental Health Commission's five standing committees have had difficulty in conducting its business activities due to an absence of quorum. The proposed amendment to the Mental Health Commission Bylaws, Article VIII, Section 3, Sub-section 3.2 (Executive Committee Composition), will allow the standing committee meetings to proceed in the absence of quorum.

The department recommends amending the bylaws using the following language that has been recommended by the Office of the County Counsel: "In the event there is no quorum due to a Commissioner's absence from a standing committee meeting, a member of the Executive Committee may, upon the request of the standing committee, serve as a Commissioner Pro Tem. The Commissioner Pro Tem may vote on any matter properly before the standing committee. The Commissioner Pro Tem will be the Chairperson of the Executive Committee or, if the Chairperson of the Executive Committee declines, the Vice Chairperson.

2.1 Attendance requirements

- a) Regular attendance at Commission meetings is mandatory for all Commission members.
 - 1) A member who is absent from four (4) regularly scheduled Commission meetings in any calendar year shall be deemed to have resigned from the Commission. In such event the former Commission member's status will be noted at the next scheduled Commission meeting and shall be recorded in the Commission's minutes. The Chairperson shall, without further direction from the Commission, apprise the Board of Supervisors of the member's resignation and request the appointment of a replacement.
 - 2) Each Commissioner will ensure that when s/he attends Commission-sponsored meetings (excluding Commission and Commission Committee meetings) or activities representing her/himself as a Commissioner, s/he expresses only those views approved by the Commission.

SECTION 3. TERMS

3.1 Duration

The term of each member of the Commission shall be three (3) years in duration. Terms shall be staggered so that approximately one-third (1/3) of the appointments end each year. All terms end

on June 30 in the appropriate year. The Supervisor appointed to the Commission serves until replaced by the County Board of Supervisors.

SECTION 4. VACANCIES AND RECRUITMENT

4.1 Role of the Commission

At the discretion of and to the extent requested by the Board, the Commission shall be involved in the recruitment and screening of applicants.

When an application is received, the Commission will appoint an Ad Hoc Applicant Interview Committee, pursuant to Article VIII, Section 5.1. Following an interview by the Ad Hoc Applicant Interview Committee, it will forward its recommendation to the Commission. After Commission vote and approval, the recommendation for nomination of the applicant shall be forwarded to the appropriate member of the Board of Supervisors for that Supervisor's consideration.

4.2 Applications

The Commission shall receive applications on an ongoing basis.

4.3 Commission Recommendation

- a) Pursuant to Article IV, section 1.2, the Commission shall, to the extent possible, recommend for appointment those persons who will assist the County in complying with the ethnic and demographic mandates in the Welfare & Institutions Code.
- b) To the extent possible, the Commission shall recommend for appointment applicants who have experience and knowledge of the mental health system, preferably in the County.

ARTICLE V MEETINGS

SECTION 1. REGULAR MEETINGS

1.1 Regular Meetings

Meetings of the Mental Health Commission shall be held monthly.

1.2 Schedule of Meetings

The meeting schedule for the following year shall be set in the month of December. If no meeting will be convened during the month of December, the meeting schedule shall be set at the last regular meeting of the calendar year. Meeting schedules shall be available online.

1.3 Minimum Number

A minimum of eleven (11) meetings shall be held per year.

1.4 Holidays

If the regular meeting date falls on a holiday, a new meeting date shall be selected.

SECTION 2. ORDER OF BUSINESS

2.1 Agendas

Agendas shall be prepared for regular Commission and Executive Committee meetings at the direction of the Commission Chairperson. When feasible, agendas shall be e-mailed and mailed seven (7) days prior to the meeting, but at a minimum 96 hours prior to the meeting. Agendas shall be posted, e-mailed and mailed and made available to the public in accordance with the Brown Act and the County's Better Government Ordinance. 5

A quorum is one person more than one-half of the appointed members. The Commission must have a quorum present in order to hold a meeting.

SECTION 4. CLOSED SESSION

The Commission may not conduct closed sessions.

SECTION 5. SPECIAL MEETINGS

Special meetings of the Commission may be called at any time by the Chair or by a majority of the members of the Commission in accordance with the Brown Act and the County's Better Government Ordinance.

SECTION 6. OPEN MEETINGS

All meetings of the Commission, including all meetings of its Executive Committee, standing committees, task forces and ad hoc committees shall comply with the Brown Act and the County's Better Government Ordinance.

SECTION 7. DECISIONS AND ACTIONS OF THE COMMISSION

Unless otherwise stated, all matters coming before the Commission for action shall be determined by a majority of the Commissioners appointed.

SECTION 8. ADDRESSING THE COMMISSION

Public Comment shall be allowed on any items of interest to the public that are within the subject matter jurisdiction of the Commission, both agendaized and non-agendaized items, in accordance with the Brown Act and the County's Better Government Ordinance. The Chairperson may limit the amount of time a person may use in addressing the Commission on any subject, provided the same amount of time is allotted to every person wishing to address the Commission.

<p>ARTICLE VI NOMINATION, ELECTION AND REMOVAL OF OFFICERS</p>
--

SECTION 1. NOMINATION OF OFFICERS AND EXECUTIVE COMMITTEE MEMBERS

1.1 Ad Hoc Nominating Committee

An Ad Hoc Nominating Committee shall be appointed in the month of August. During the September meeting, the Ad Hoc Nominating Committee shall announce the solicitation of nominations from the Commission members and obtain the nominee's consent to serve. At the October meeting, a slate of nominees will be announced.

1.2 Nominations

In the event of a vacancy in the office of Chairperson, Vice Chairperson or an Executive Committee member during the term of office, nominations will be taken, nominees' consent to serve will be obtained, and nominees will be announced at the next regularly scheduled Commission meeting.

SECTION 2. ELECTION

2.1 Timing of

The Commission shall elect a Chairperson, Vice Chairperson and members of the Executive Committee at the November or next regular meeting of the Commission following the announcement of nominations as set forth in Section I.

2.2 Assumption of Office

The newly-elected Chairperson, Vice Chairperson and Executive Committee shall assume office January 1 and serve through December 31 of that year. In the case of a mid-term appointment, the elected Chairperson, Vice Chairperson or members of the Executive Committee will complete the remainder of the normal term.

2.3 Conduct of Election

The election will be conducted publicly through the use of signed ballots. Ballots will be announced and counted publicly by the Ad Hoc Nominating Committee. The election of each officer will carry with a majority vote of the Commission. In the case of a tie vote, the Commission may re-cast ballots until the tie is broken. If, in the opinion of the Chairperson, the tie will not be broken within a reasonable number of attempts, the election may be deferred until the next scheduled Commission meeting and the current seated officer will remain in office until a new officer is elected.

SECTION 3. TERMS OF OFFICE

The Officers of the Commission, the Chairperson and Vice Chairperson, shall serve no more than three (3) consecutive terms of one year each in the same position. This will not preclude an individual from serving as Chairperson or Vice Chairperson after one (1) year of having not served.

SECTION 4. REMOVAL OF OFFICER

4.1 Grounds for Removal

The Commission, by a majority of the Commissioners appointed, may remove the Chairperson and/or Vice Chairperson from office and relieve him/her of his/her duties

4.2 Nominations After Removal

In the event of removal of the Chairperson and/or Vice Chairperson, the Ad Hoc Nominating Committee shall meet and present nominations for the vacant position(s) at the next regularly scheduled Commission meeting.

ARTICLE VII DUTIES OF OFFICERS

SECTION 1. DUTIES OF THE CHAIRPERSON

1.1 Meetings

- a) The Chairperson shall preside at all meetings of the Commission and perform duties consistent with these Bylaws and the Welfare and Institutions Code
- b) The Chairperson shall conduct meetings, maintain order and decorum, and decide questions of procedure in accordance with these Bylaws and in consultation with County staff via the Executive Assistant to the Commission.
- c) The Chairperson shall conduct all meetings in the manner required by the Brown Act and the County's Better Government Ordinance.

1.3 Other Duties

The Chairperson shall be in consultation with the Mental Health Director.

SECTION 2. DUTIES OF THE VICE CHAIRPERSON

In the event of the Chairperson's absence from a Commission meeting or inability to act, the Vice Chairperson shall preside and perform all duties of the Chairperson. In the case of removal of the Chairperson, the Vice Chairperson shall perform all duties of the Chairperson until new elections can be held.

SECTION 3. TEMPORARY CHAIRPERSON

In the event both the Chairperson and Vice Chairperson are absent from a Commission meeting or are unable to act, the members shall, by order fully entered into their records, elect one of their members to act as Chairperson Pro Tem. The Chairperson Pro Tem shall perform the duties of the Chairperson until such time as the Chairperson or Vice Chairperson resumes his or her duties.

ARTICLE VIII COMMITTEES

SECTION 6. OPEN MEETINGS

All meetings of the Commission, including all meetings of its Executive Committee, standing committees, task forces and ad hoc committees shall comply with the Brown Act and the County's Better Government Ordinance.

SECTION 7. DECISIONS AND ACTIONS OF THE COMMISSION

Unless otherwise stated, all matters coming before the Commission for action shall be determined by a majority of the Commissioners appointed.

SECTION 8. ADDRESSING THE COMMISSION

Public Comment shall be allowed on any items of interest to the public that are within the subject matter jurisdiction of the Commission, both agendized and non-agendized items, in accordance with the Brown Act and the County's Better Government Ordinance. The Chairperson may limit the amount of time a person may use in addressing the Commission on any subject, provided the same amount of time is allotted to every person wishing to address the Commission.

<p>ARTICLE VI NOMINATION, ELECTION AND REMOVAL OF OFFICERS</p>
--

SECTION 1. NOMINATION OF OFFICERS AND EXECUTIVE COMMITTEE MEMBERS

1.1 Ad Hoc Nominating Committee

An Ad Hoc Nominating Committee shall be appointed in the month of August. During the September meeting, the Ad Hoc Nominating Committee shall announce the solicitation of nominations from the Commission members and obtain the nominee's consent to serve. At the October meeting, a slate of nominees will be announced.

1.2 Nominations

In the event of a vacancy in the office of Chairperson, Vice Chairperson or an Executive Committee member during the term of office, nominations will be taken, nominees' consent to serve will be obtained, and nominees will be announced at the next regularly scheduled Commission meeting.

SECTION 2. ELECTION

2.1 Timing of

The Commission shall elect a Chairperson, Vice Chairperson and members of the Executive Committee at the November or next regular meeting of the Commission following the announcement of nominations as set forth in Section I.

2.2 Assumption of Office

The newly-elected Chairperson, Vice Chairperson and Executive Committee shall assume office January 1 and serve through December 31 of that year. In the case of a mid-term appointment, the elected Chairperson, Vice Chairperson or members of the Executive Committee will complete the remainder of the normal term.

2.3 Conduct of Election

The election will be conducted publicly through the use of signed ballots. Ballots will be announced and counted publicly by the Ad Hoc Nominating Committee. The election of each officer will carry with a majority vote of the Commission. In the case of a tie vote, the Commission may re-cast ballots until the tie is broken. If, in the opinion of the Chairperson, the tie will not be broken within a reasonable number of attempts, the election may be deferred until the next scheduled Commission meeting and the current seated officer will remain in office until a new officer is elected.

SECTION 3. TERMS OF OFFICE

The Officers of the Commission, the Chairperson and Vice Chairperson, shall serve no more than three (3) consecutive terms of one year each in the same position. This will not preclude an individual from serving as Chairperson or Vice Chairperson after one (1) year of having not served.

SECTION 4. REMOVAL OF OFFICER

4.1 Grounds for Removal

The Commission, by a majority of the Commissioners appointed, may remove the Chairperson and/or Vice Chairperson from office and relieve him/her of his/her duties

4.2 Nominations After Removal

In the event of removal of the Chairperson and/or Vice Chairperson, the Ad Hoc Nominating Committee shall meet and present nominations for the vacant position(s) at the next regularly scheduled Commission meeting.

ARTICLE VII DUTIES OF OFFICERS

SECTION 1. DUTIES OF THE CHAIRPERSON

1.1 Meetings

- a) The Chairperson shall preside at all meetings of the Commission and perform duties consistent with these Bylaws and the Welfare and Institutions Code
- b) The Chairperson shall conduct meetings, maintain order and decorum, and decide questions of procedure in accordance with these Bylaws and in consultation with County staff via the Executive Assistant to the Commission.
- c) The Chairperson shall conduct all meetings in the manner required by the Brown Act and the County's Better Government Ordinance.

1.3 Other Duties

The Chairperson shall be in consultation with the Mental Health Director.

SECTION 2. DUTIES OF THE VICE CHAIRPERSON

In the event of the Chairperson's absence from a Commission meeting or inability to act, the Vice Chairperson shall preside and perform all duties of the Chairperson. In the case of removal of the Chairperson, the Vice Chairperson shall perform all duties of the Chairperson until new elections can be held.

SECTION 3. TEMPORARY CHAIRPERSON

In the event both the Chairperson and Vice Chairperson are absent from a Commission meeting or are unable to act, the members shall, by order fully entered into their records, elect one of their members to act as Chairperson Pro Tem. The Chairperson Pro Tem shall perform the duties of the Chairperson until such time as the Chairperson or Vice Chairperson resumes his or her duties.

ARTICLE VIII COMMITTEES

SECTION 1. CREATION OF COMMITTEES

Pursuant to the rules set forth herein, the Commission may create committees which can be standing committees, task forces or ad hoc committees as needed.

SECTION 2. STANDING COMMITTEES

2.1 Mission Statement

Each standing committee shall develop a Mission Statement. The Mission Statement is subject to approval by the Commission and shall be submitted to the Commission for approval no later than 60 days after establishment of the committee.

2.2 Composition

Each standing committee shall consist of a minimum of three (3) and a maximum of five (5) members of the Commission.

2.3 Appointment and Terms

- a) The Commission may appoint Commission members to standing committees.
- b) The terms of the Committee Chairpersons and Vice Chairpersons shall be one (1) year.
- c) There are no limits on the number of terms an individual may serve as Committee Chairperson or Vice Chairperson.

2.4 Meetings/Actions

- a) All matters coming before a standing committee shall be determined by a majority of the Commissioners on the committee.
- b) All standing committee meetings shall be conducted in accordance with the Brown Act and the County Better Government Ordinance.
- c) All actions approved by a standing committee will be referred to the Commission for final approval.

2.5 Chairpersons/Vice Chairpersons

- a) Selection
 - 1) Each standing committee shall have a Chairperson and may have a Vice Chairperson who are selected by the Committee.
 - 2) In the event of a vacancy in the position of Chairperson or Vice Chairperson of a standing committee, the Commission Chairperson may serve as temporary Chairperson of the standing committee for up to sixty (60) days while the Committee selects a new Chairperson or Vice Chairperson.
- b) Duties
 - 1) The Chairperson shall preside at all meetings of the standing committee and perform his or her duties consistent with the procedures outlined herein. The Chairperson shall work in consultation with the Commission Chairperson.
 - 2) The Chairperson shall direct the preparation and distribution of agendas for their respective standing committee meetings as required by the Brown Act and the County's Better Government Ordinance.

- 3) The Chairperson shall provide monthly reports to the Commission regarding the activities of the standing committee and is encouraged to provide an outline of the monthly report to the Executive Assistant to the Commission for use in preparation of the Minutes.

SECTION 3. EXECUTIVE COMMITTEE

3.1 Purpose

The Executive Committee is charged with acting on the decisions of the Mental Health Commission. Its primary focus is to identify and avail any reasonable resources needed to deliberate over agenda items of the general membership, committee, task force or ad hoc committee meetings

3.2 Composition

The Commission Chairperson and Vice Chairperson shall be members of the Executive Committee. Additional members shall be elected by the Commission. The Executive Committee shall consist of a minimum of three (3) members and a maximum of five (5) members.

In the event there is no quorum due to a Commissioner's absence from a standing committee meeting, a member of the Executive Committee may, upon request of the standing committee, serve as Commissioner *Pro Tem*. The Commissioner *Pro Tem* may vote on any matter properly before the standing committee. The Commissioner *Pro Tem* will be the Chairperson of the Executive Committee or, if the Chairperson of the Executive Committee declines, the Vice Chairperson. If the Vice Chairperson declines, any member of the Executive Committee may serve. The Commissioner *Pro Tem*'s service ends when the standing committee meeting is adjourned.

3.3 Term

Elected members of the Executive Committee shall serve for one calendar year.

SECTION 4. TASK FORCES

4.1 Purpose

Task forces shall be time-limited and have a stated purpose beyond the scope of regular Commission responsibilities approved by the Commission and shall be required to report back to the Commission regarding progress toward its stated purpose.

4.2 Composition

Each task force shall consist of a minimum of three (3) members and a maximum of five (5) members. Non-Commissioners may be appointed from the community as non-voting members when special expertise, advice or opinion is desired, at the discretion of the Commission, but shall not exceed one half (1/2) of the membership of the Task Force. All task force members shall conform to the Mental Health Division client confidentiality statement.

4.3 Appointment and Terms

The Commission shall appoint Commission and non-Commission members to task forces based upon a majority vote of the Commission. The terms of all task force members shall be until the task force has completed its stated purpose.

4.4 Meetings/Actions

All meetings shall be conducted in accordance with the Brown Act and the Contra Costa County Better Government Ordinance. All matters coming before a task force shall be determined by a majority of the members of the task force.

4.5 Chairpersons

a) Selection

- 1) Each task force shall have a Chairperson and may have a Vice Chairperson, selected by the members of the task force. In the event of a vacancy in the position of Chairperson of

a task force, the Commission Chairperson may serve as temporary Chairperson of the task force for up to sixty (60) days while the Task Force selects a new Chairperson.

b) Duties

- 1) The Chairperson shall preside at all meetings of the task force and perform his or her duties consistent with the procedures outlined herein. The Chairperson shall work in consultation with the Commission Chairperson.
- 2) The Chairperson shall direct the preparation and distribution of agendas for the task force in the manner required by the Brown Act and the County's Better Government Ordinance.
- 3) The Chairperson shall provide monthly reports to the sponsoring standing committee or the Commission.

4.6 Removal

The Chairperson of the task force may request of the Chair of the Commission replacement of a member who fails to regularly attend the task force meetings.

SECTION 5. AD HOC COMMITTEES

5.1 Purpose

Ad Hoc Committees shall be established by the Commission as needed to address issues within the normal course of Commission responsibilities, including but not limited to applicant interviews and officer nominations. They shall be required to report back to the Commission.

5.2 Composition

An ad hoc committee shall consist of a minimum of three (3) and a maximum of five (5) members of the Commission.

5.3 Appointment

The Commission shall appoint Commission members to an ad hoc committee.

5.4 Meetings/Actions

All matters coming before an ad hoc committee shall be determined by a majority of the members of the ad hoc committee.

5.5 Chairpersons

a) Selection

Each ad hoc committee shall have a Chairperson, and may have a Vice Chairperson, selected by a majority of the members of the ad hoc committee. In the event of a vacancy in the position of Chairperson of an ad hoc committee, the Commission Chairperson may serve as temporary Chairperson of the ad hoc committee for up to sixty (60) days while the ad hoc committee selects a new Chairperson.

b) Duties

- 1) The Chairperson shall preside at all meetings of the ad hoc committee and perform his or her duties consistent with the procedures outlined herein. The Chairperson shall be in consultation with the Commission Chairperson.
- 2) The Chairperson shall direct the preparation and distribution of agendas for the ad hoc committee in the manner required by the Brown Act and the County's Better Government Ordinance.
- 3) The Chairperson shall provide monthly reports to the Commission.

5.6 Removal

The Chairperson of the ad hoc committee may request of the Chair of the Commission replacement of a member who fails to regularly attend the ad hoc committee meetings. 10

SECTION 6. COMMISSION REPRESENTATIVE

The Commission shall appoint an officer or other member of the Commission as the Commission Representative to the California Association of Local Mental Health Boards/Commissions. The Commission Representative shall represent the Mental Health Commission at statewide meetings and to report back to the Commission.

**ARTICLE IX
COMMISSION/MENTAL HEALTH DIVISION RELATIONSHIP**

SECTION 1. STAFF SUPPORT

The County's Mental Health Division provides clerical support services to assist the Commission in the management of its operations and activities. The Executive Assistant shall maintain all necessary records. The budget of the Mental Health Division shall fund the position of the Executive Assistant to the Mental Health Commission.

SECTION 2. STAFF ATTENDANCE AT MEETINGS

The Mental Health Division staff provides information to the Commission and its committees regarding agenda items and attends meetings on a regular basis.

SECTION 3. ACTIONS

The Commission by its Chairperson shall regularly inform the Mental Health Director of Commission actions.

**ARTICLE X
BYLAW AMENDMENTS**

SECTION 1. AMENDMENTS

These Bylaws may be amended by a majority vote of the Commission in a regularly scheduled meeting as defined at Article V, Section 1. Before the Commission may consider or vote on Bylaw amendments, proposed amendments shall be submitted in writing to Commission members at least thirty (30) days prior to the meeting date at which they are to be considered.

Subject: ALLOCATION OF FISH & WILDLIFE PROPAGATION FUNDS

RECOMMENDATION(S):

APPROVE recommendations from the Fish & Wildlife Committee for the allocation of 2018 Fish and Wildlife Propagation Fund grant funds to ten projects totaling \$101,355.

FISCAL IMPACT:

The recommendation will have no impact on the County General Fund. The FWC is proposing to allocate \$101,355 or 45% of the \$227,856 propagation funds available as of January 12, 2018. Fish and wildlife propagation funds are restricted to costs for the protection, conservation, propagation, and preservation of fish and wildlife, pursuant to Fish and Game Code section 13100, and are budgeted in the Fish and Game Fund (110200).

BACKGROUND:

On November 22, 2010, the IOC received a status report from Department of Conservation and Development (DCD) regarding the allocation of propagation funds by the Fish and Wildlife Committee (FWC). The IOC accepted the report along with the recommended modifications to improve the grant process in the future. The modifications included (1) updating the FWC Conflict of Interest Code, which was accomplished, and; (2) having the IOC conduct a preliminary review of annual FWC grant

recommendations prior to Board of Supervisors review, which is now a standing referral to the IOC.

Attached is a memo describing the outreach and selection process and criteria, and transmitting the grant funding recommendations of the County's Fish & Wildlife Committee for full or partial funding of ten projects. The Fish & Wildlife Committee exercised care in limiting allocations to the direct costs of each project for activities that protect, conserve, propagate, and preserve fish and wildlife. The grant matrix attached to the transmittal shows each project in summary form, including the amount requested vs. the recommended allocation, the rationale for the FWC's proposal, and any limitations on the use of the funds.

The Internal Operations Committee reviewed the proposed allocations on April 9 and recommends approval of the project funding as proposed by the Fish & Wildlife Committee.

SUBJECT: **Grant Funding Recommendations from the Contra Costa County Fish and Wildlife Committee**

The Contra Costa County Fish and Wildlife Committee (FWC) requests Internal Operations Committee (IO) consideration of recommended grants from the Fish and Wildlife Propagation Fund (Fund). The FWC reviewed 10 grant applications and recommends each of these for full or partial funding. The FWC is requesting that the IO Committee consider these recommendations and make their own recommendation for consideration by the full Board of Supervisors (Board). This memo provides background on the grant program, explains the review process performed by the FWC and documents the FWC's recommendations on grant funding.

I. Background

Fish and Wildlife Propagation Fund

The Fish and Wildlife Propagation Fund was established in accordance with the California Fish and Game Code (Code) 13100 as a repository for fines collected for certain violations of the Code and other regulations related to fish and game. The most common fines are small (\$25-\$150) and are processed through the four Superior Courts in Contra Costa County. The fines typically stem from hunting or fishing violations (e.g. not possessing a valid license), illegal take and illegal dumping. Occasionally there are larger fines that result from larger violations, including failure to obtain appropriate permits for activities such as streambed alteration. A portion of the various fines are deposited into the Fish and Wildlife Propagation Fund. As of January 12, 2018, the Fund had an available balance of \$227,856.21.

FWC Grant Program

The Board has charged the FWC with coordinating a process by which fine money could be appropriately “expended for the protection, conservation, propagation, and preservation of fish and wildlife” [Fish and Game Code 13100]. Since 1996, the FWC has implemented a structured process for reviewing funding requests. The FWC developed a grant application packet (attached), which includes a cover letter to explain the grant process and funding priorities, an application to solicit relevant information about the project, and a copy of the expenditure criteria established by California law for the Fish and Wildlife Propagation Fund.

In August 2017, the application packet was sent to the Fish and Wildlife Committee mailing list, Contra Costa Watershed Forum mailing list, Contra Costa County Office of Education, Contra Costa College, Diablo Valley College and Los Medanos College for distribution to interested teachers and programs that could benefit from the grant program. A press release was distributed to local and regional media outlets regarding the availability of the grant application packet and CCTV publicized it on the CountyNet Bulletin Board which reaches 400,000+ homes in the County. It was also made available on the Committee’s website and to anyone who requested a copy.

FWC Grant Review Process in 2018

A total of 10 applications requesting a total of \$104,155.33 were received by the application deadline.

The Fish and Wildlife Committee members considered the funding of the applications at their January and February meetings. Some applicants attended FWC meetings to make themselves available to answer questions regarding their applications.

II. Recommendation of Funding on Grants for 2018

At the February 21, 2018 meeting, the FWC recommended funding for all 10 of the proposed projects. Projects recommended for funding total \$101,355.33 and are geographically located across the County. More details are provided on the attached grant recommendations chart, which provides information on all of the applications. The specific FWC recommendations and the vote of the FWC on these recommendations are listed on Pages 3 and 4. Members in attendance and voting on these items were: Judy Bendix (District I), Clark Dawson (District III), Kathleen Jennings (At-large), Brett Morris (District IV), Daniel Pellegrini (District V), Rhonda Gehlke (At-large) and Jeff Skinner (At-large).

All recommendations are for full funding of the project as proposed unless noted otherwise.
FWC Recommendations:

- 1) Appropriate \$20,000.00 to Regional Parks Foundation to expand their mountain lion study project from two to three key areas in the East Bay. Funds will be used to purchase 10 additional cameras, train citizen scientists, and analyze image data. The cameras would be located near Mount Diablo at the Morgan Territory and Round Valley Regional Preserves and monitor mountain lions and other carnivores, track other wildlife and human activity in the area. [7 ayes/0 noes]
- 2) Appropriate \$20,000.00 to Regional Parks Foundation to support East Bay Regional Park District's "Kids Healthy Outdoors Challenge" program. Funds will be used for bus transportation to regional parks for low-income schools, teacher's guides, student booklets and teacher orientation supplies and lunches. This program promotes outdoor education and play while also supporting the delivery of third-grade curriculum. [7 ayes/0 noes]
- 3) Appropriate \$8,900.00 to The Regents of the University of California to conduct an inventory of native bees in urban and agricultural Brentwood. Funds will be used for travel, materials and supplies, and a bee taxonomist to identify the bees. The year 2018 is an especially good year to monitor the native bees as the entire area is beginning to recover from five years of drought. This research will also add scientific understanding of drought effects on bee populations and their expected recovery. [7 ayes/0 noes]
- 4) Appropriate \$1,030.00 to Worth a Dam to support a learning activity at the 11th Annual Beaver Festival in Martinez. Funds will be used for wildlife sticker books, festival brochures, printed cards and chalk pastels. The project will teach children how beavers and their ponds help riparian systems thrive. [7 ayes/0 noes]
- 5) Appropriate \$7,739.63 to Marine Science Institute. Funds will be used to replace supplies that were destroyed or damaged by the 2017 rain storms including student raincoats, survival suits, life vests, Delta maps and Delta fish keys for Delta Discovery Voyages, a program that delivers STEM and environmental education with hands-on science curriculum that is aligned with Next Generation Science Standards aboard a 90-foot research vessel on the Sacramento-San Joaquin River Delta. All funds will benefit Contra Costa County 5th grade science education. [7 ayes/0 noes]
- 6) Purchase a deer and turkey decoy for the California Department of Fish and Wildlife (CDFW) in the amount of \$3,496.70. CDFW's Enforcement Division will use the decoys throughout CCC to target poachers. The primary goals for the use of the decoys are to deter violations, reduce illegal hunting and related violations, reduce the unlawful harvest of deer and turkey and reduce the threat of injury to both the public and property. [7 ayes/0 noes]
- 7) Appropriate \$2,300.00 to Contra Costa Resource Conservation District. Partial funding is recommended and may only be used for fencing materials and seed. The project will improve special status species habitat by ensuring soil erosion and sedimentation loads are reduced from entering into an existing livestock pond improving water quality, and the breeding and dispersing habitat of the California red-legged frog and California tiger salamander. [7 ayes/0 noes]

- 8) Appropriate \$23,135.00 to the Watershed Project to expand their countywide water quality monitoring program in six Contra Costa County watersheds. Funds will be used for intern stipends, monitoring equipment and supplies, costs for testing of samples and identification of bug samples sent to scientific labs. The goal of their creek monitoring program is to train and engage citizen scientists on improving water quality in CCC in order to provide suitable habitat for fish populations. [7 ayes/0 noes]
- 9) Appropriate \$5,634.00 to Mt. View Sanitary District (MVSD). Funds will be used to design, fabricate, and install 14 interpretive panels and purchase four metal bases for three MVSD sites. The goal of this project is to provide an effective educational tool to reach County residents about wetland and garden habitats and the wildlife dependent on them. [7 ayes/0 noes]
- 10) Appropriate \$9,120.00 to Mt. View Sanitary District to improve water quality and provide refuge and nesting habitat. Funds will be used for materials and supplies to fabricate 15, 4' x 10' floating treatment wetlands in Moorhen Marsh. [7 ayes/0 noes]
- 11) Further, the FWC also recommended that within a year of grant funding approval, or within one month of project completion, whichever comes sooner, recipients must submit a final project report which includes invoices and receipts documenting how funds were spent and the results of the project. Details will be outlined in the grant award packet provided to all successful applicants. [7 ayes/0 noes]

A	Regional Parks Foundation (RPF)	non-profit	East Bay Regional Mountain Lion Project (EBMLP)	(i) scientific research (m) other expenditures * CDFW has confirmed this project is eligible to receive funds under FGC Section 13103 (i) and (m)	East County	\$20,000.00	\$20,000.00	This is a request for grant funds to expand a mountain lion study project from two to three key areas in the East Bay. RPF requests funds to purchase 10 additional cameras, train citizen scientists, and analyze image data. The cameras would be located near Mount Diablo at the Morgan Territory and Round Valley Regional Preserves and monitor mountain lions and other carnivores, track other wildlife and human activity in the area.	The project meets the requirements of Section 13103 (i) scientific research and (m) other expenditures. Long term goals of the project include: identification of important corridors for mountain lion movement which will inform future land acquisition by EBRPD; gain a better understanding of the challenges that mountain lions face along a suburban/urban interface; identify areas of potential human-mountain lion conflict, and develop strategies to mitigate these conflicts; document mountain lion ecology specific to the East Bay; increase public awareness of the behavior and ecological role of mountain lions in California; and contribute vital data to CDFW effort to tally the State's mountain lion population.

This program promotes outdoor education and play while also supporting the delivery of third-grade curriculum.	The project meets the requirements of Section 13103 (a) public education. The goal of the program is to connect youth to nature and build future environmental stewards.
C	The Regents of the University of California	non-profit	Native Bees in Urban Brentwood and Agricultural Brentwood	(i) scientific research (m) other expenditures * CDFW has confirmed this project is eligible to receive funds under FGC Section 13103 (i) and (m)	East County	\$8,900.00	\$8,900.00	This is a request for grant funds to conduct an inventory of native bees in urban and agricultural Brentwood. Funds would be used for travel, materials and supplies, and a bee taxonomist who would be hired on a contract basis to identify the bees. This project expands on Dr. Frankie's research over the past few years on native bees and their role in providing pollination services in the Brentwood area.	The project meets the requirements of Section 13103 (i) scientific research and (m) other expenditures. The overarching goal of this proposal is to systematically sample native bees in urban Brentwood during the main flowering season of 2018 (and compare this inventory with the 144 native bees of 8 Brentwood farms, which will also be sampled during 2018.) The year 2018 is an especially good year to monitor the native bees as the entire area is beginning to recover from 5 years of drought. This research will also add scientific understanding of drought effects on bee populations and their expected recovery, which would be a major contribution to climate science.

H	The Watershed Project	non-profit	Monitoring Water Quality in Contra Costa County Watersheds	(a) public education (e) habitat improvement	Countywide	\$23,135.00	\$23,135.00	A request for funds to expand their countywide water quality monitoring program in six Contra Costa County watersheds, which includes stipends for interns, monitoring equipment and supplies, costs for testing of samples and identification of bug samples sent to scientific labs. The goal of their creek monitoring program is to train and engage citizen scientists on improving water quality in CCC in order to provide suitable habitat for fish populations.	This project meets the requirements of Section 13103 (e) habitat improvement. The Watershed Project is adding three new partnering groups, eight new sites, one new watershed, and will begin sampling for benthic macroinvertebrates living in the creek which will provide a longer perspective on water quality. The project will address local water quality concerns and result in more highly-trained citizen scientists living in these communities who can work toward improved water quality and habitat for native fish in the years to come.

Dear Fish and Wildlife Propagation Fund Grant Applicants:

The Contra Costa County Fish and Wildlife Committee is pleased to announce that completed funding applications are now being accepted for consideration for the Contra Costa County Fish and Wildlife Propagation Fund (Fund). All application materials and guidelines are attached. Proposals must be received by 5:00 p.m. on Monday, January 8, 2018 (a postmark of January 8, 2018, does not satisfy the submission deadline). Proposals may be emailed or mailed. Any applications that are received after the due date or without a signature will not be considered. The recommendations of the Fish and Wildlife Committee will be forwarded to the Contra Costa County Board of Supervisors, which maintains final decision-making authority for expenditures from the Fund.

The Contra Costa County Fish and Wildlife Propagation Fund is entirely supported by fine revenues resulting from violations of the Fish and Game Code and Title 14 of the California Code of Regulations in Contra Costa County (County). Projects awarded from the Fund must benefit the fish and wildlife resources of the County and must meet the requirements of Section 13103 of the Fish and Game Code (attached). If your project is eligible under Section 13103 (d), (h), (i), or (m) please send a copy of your draft proposal to Maureen Parkes at maureen.parkes@dcd.cccounty.us by November 1, 2017. Staff will coordinate with the California Department of Fish and Wildlife to confirm the project's eligibility to receive funds. See Instructions for more details. All applications that satisfy the requirements listed in the funding application instructions will be considered.

The Fish and Wildlife Committee strongly encourages applications related to:

- improving habitat
- scientific research
- public education
- threatened and endangered species
- resolving human/wildlife interaction issues

In addition to the above areas of interest, the Fish and Wildlife Committee wishes to fund one or more projects that increase collaboration with law enforcement agencies, the court, and community cultural organizations on enforcement issues and education focusing on communities that may be unaware of local fish and game laws. Projects that provide multilingual signage and educational materials are encouraged.

The Fish and Wildlife Committee awards grants to non-profit organizations, schools and government agencies. The Committee generally does not recommend funding for operating costs and overhead, such as staff salaries, benefits or utilities. If an hourly rate is listed, costs need to be itemized separately (see grant guidelines for more details). The Committee generally gives preference to funding material expenses (e.g. purchase of equipment and materials).

The Committee expects to recommend awards to several applicants. However, it is possible that a particularly excellent proposal will be recommended to receive a large portion of the total available funds. During the 2017 grant cycle a total of \$102,184.92 was awarded to 16 projects. The awards ranged from \$800 to \$21,019.53. Successful applicants may anticipate receiving notification of funding awards by the late spring or early summer of 2018.

The grant award funds will be disbursed on a cost reimbursement basis.* (See below for exceptions.) Within a year of grant funding approval, or within one month of project completion, whichever comes sooner, recipients must submit a final project report which includes invoices and receipts documenting how funds were spent and the results of the project. Fish and Wildlife Propagation fund grants will be disbursed after receipt and approval of the final project report. Details will be outlined in the grant packet to all successful applicants.

***Exception For Non-Profit Organizations That Can Demonstrate Financial Hardship:** Private, non-profit entities that can demonstrate that providing Fish and Wildlife Propagation grant funding on a cost reimbursement basis will create a financial hardship and be detrimental to the operation of the program will be eligible to receive up to ½ of the grant amount after the grant is awarded. The remaining amount of the grant will be disbursed after the entity has submitted information including invoices and receipts documenting how the initial disbursement was spent. Within a year of initial notification of the grant funding award (i.e. spring or summer of 2019), or within one month of project completion, whichever comes sooner, the entity will be required to submit information including invoices and receipts documenting how the second disbursement was spent, and provide a final project report documenting the results of the project.

***Exception For Small Projects Under \$1,000:** Grant funding may be disbursed to private, non-profit entities prior to the beginning of the project if the award is under \$1,000 and the entity has provided documentation that the project could only be initiated with advance funding. Within a year of grant funding, or within one month of project completion, whichever comes sooner, recipients must submit a final project report which includes invoices and receipts documenting how funds were spent and the results of the project.

The Committee appreciates your interest in this opportunity to improve the fish and wildlife resources in Contra Costa County. Should you have any questions about the Fish and Wildlife Committee or this funding program, please contact me at 925-674-7831 or maureen.parkes@dcd.cccounty.us.

Sincerely,

Maureen Parkes

Fish and Wildlife Committee Staff

INSTRUCTIONS

What Must Be Included in Your Proposal (not to exceed 4 pages):

- 1) Signed Application Cover Page (see attached)
- 2) Description of the project for which funding is requested. Please include an explanation of:
 - how this project will benefit the fish and wildlife of Contra Costa County
 - how this project meets the requirements of Section 13103 of the Fish & Game Code (attached) which defines the eligibility requirements for projects requesting funding from the Fish and Wildlife Propagation Fund. Indicate which letter(s) of the Section 13103 is/are satisfied.

NEW REQUIREMENT: If your proposal is eligible under Section 13103 (d), (h), (i)*, or (m), a copy of your draft proposal must be sent to the attention of Maureen Parkes at maureen.parkes@dcd.cccounty.us or at the address listed on Page 2 and received by November 1, 2017. Staff will coordinate with the California Department of Fish and Wildlife to confirm the project's eligibility to receive funds.

*If your project is eligible under Section 13103 (i), and a scientific collection permit is required and issued by the California Department of Fish and Wildlife, this will indicate that the project is eligible to receive Fish and Wildlife Propagation funds. Please send the scientific collection permit along with your grant application by the January 8, 2018 - 5:00 P.M. grant submission deadline. Scientific collection permits are not included in the grant application page limit.

*The Fish and Wildlife Committee wishes to be acknowledged for its financial support of the project. FWC or staff review may be required prior to printing any written materials that receive funding. Please refer to the guidelines listed below:

 - Grant recipients agree to obtain advance written approval from the FWC of any communication/written material that may reasonably be understood to represent the views of the FWC and to provide the FWC with reasonable opportunity to review, comment and approve the communication/written material in advance. Grant recipients may use the following standard language in making attributions for funding by the FWC:
 - Attribution for full Grant funding: "This (research, publication, project, Web site, report, etc.) was funded by the Contra Costa County Fish and Wildlife Committee."
 - Attribution for partial Grant funding: "This (research, publication, project, Web site, report, etc.) is funded in part by the Contra Costa County Fish and Wildlife Committee."
- 3) **Project schedule - The project must be completed within a year from the date you receive notification of funding (by Spring/Summer 2019).**
- 4) Project budget (itemized). The Fish and Wildlife Committee generally does not recommend funding for operating costs and overhead. Examples for these include staff salaries, health insurance, and operation costs such as electricity to run an office. If an hourly rate is listed, overhead costs need to be itemized separately. The Committee generally gives preferences to funding material expenses (e.g. purchase of equipment and materials).
- 5) Annual budget for the applying organization (not itemized).
- 6) Statement describing the applying organization, listing the Board of Directors and officers of the organization, and listing all affiliated organizations.
- 7) Statement describing the qualifications of the sponsoring organization and participating individuals for completing the project.
- 8) List of individuals responsible for performing project and of individuals responsible for overseeing project.
- 9) Statement describing the status of permit approvals necessary to perform project (if applicable).
- 10) Request for an exception to the grant funding cost reimbursement requirement due to financial hardship or an exception for a small project under \$1,000. (This request does not count toward your page limit and is only required if requesting an exception.)

Format:

- Your proposal packet, including cover sheet and any attachments must not exceed four single-sided pages or two double-sided pages, 8.5 by 11 inches in size. Please use 11 point font or larger and ½ inch margins or larger on your pages. *If you submit more than 3 pages plus required cover sheet, your proposal may be disqualified without review.*
- **NEW REQUIREMENT:** If your project is eligible under Section 13103 (d), (h), (i), or (m) a copy of your draft proposal must be sent to the attention of Maureen Parkes at maureen.parkes@dcd.cccounty.us and received by November 1, 2017. (See exception for Section 13103 (i) above.) Do not attach an additional cover letter, brochures, posters, publications, CDs, DVDs, large maps or yellow-sticky paper (e.g. Post-It™).
- Your complete application packet including signature must **arrive by 5:00 p.m. on Monday, January 8, 2018 (Pacific Standard Time)** to be considered for funding. (Please note: A postmark of January 8, 2018 does not satisfy the submission deadline. If submitted after the deadline, your proposal will be disqualified).

Your complete application should be:

Emailed: maureen.parkes@dcd.cccounty.us
or
Mailed: Contra County Fish & Wildlife Committee
c/o Contra Costa County Dept. of Conservation and Development
30 Muir Road
Martinez, CA 94553-4601
Attn: Maureen Parkes

If you wish to hand deliver, contact Maureen by email or at 925-674-7831.

Final Checklist Before You Submit Your Proposal:

Please note that your proposal will not be considered if you provide more materials than required below:

- Signed Cover page (your proposal will be disqualified if it does not have your original signature on the cover page).
- 3 pages or less on your project description (any extra attachments such as a map and an organization budget will be counted as one of the three page limit.)
- If your project qualifies under Section 13013 (i) and you have been issued a scientific collection permit from the California Department of Fish and Wildlife please include it. (This is not a part of the page limit listed above.)
- Request for an exception to the grant funding cost reimbursement requirement due to financial hardship or an exception for a small project under \$1,000. (This is not a part of the page limit listed above and is only required if requesting an exception).

If you have questions regarding the Contra Costa County Fish and Wildlife Propagation Fund grant process, please contact Maureen Parkes: maureen.parkes@dcd.cccounty.us / (925) 674-7831.

California Fish and Game Code Section 13103.

Expenditures from the fish and wildlife propagation fund of any county may be made only for the following purposes:

- (a) Public education relating to the scientific principles of fish and wildlife conservation, consisting of supervised formal instruction carried out pursuant to a planned curriculum and aids to education such as literature, audio and video recordings, training models, and nature study facilities.
- (b) Temporary emergency treatment and care of injured or orphaned wildlife.
- (c) Temporary treatment and care of wildlife confiscated by the department as evidence.
- (d) Breeding, raising, purchasing, or releasing fish or wildlife which are to be released upon approval of the department pursuant to Sections 6400 and 6401 onto land or into waters of local, state, or federal agencies or onto land or into waters open to the public.
- (e) Improvement of fish and wildlife habitat, including, but not limited to, construction of fish screens, weirs, and ladders; drainage or other watershed improvements; gravel and rock removal or placement; construction of irrigation and water distribution systems; earthwork and grading; fencing; planting trees and other vegetation management; and removal of barriers to the migration of fish and wildlife.
- (f) Construction, maintenance, and operation of public hatchery facilities.
- (g) Purchase and maintain materials, supplies, or equipment for either the department's ownership and use or the department's use in the normal performance of the department's responsibilities.
- (h) Predator control actions for the benefit of fish or wildlife following certification in writing by the department that the proposed actions will significantly benefit a particular wildlife species.
- (i) Scientific fish and wildlife research conducted by institutions of higher learning, qualified researchers, or governmental agencies, if approved by the department. *
- (j) Reasonable administrative costs, excluding the costs of audits required by Section 13104, for secretarial service, travel, and postage by the county fish and wildlife commission when authorized by the county board of supervisors. For purposes of this subdivision, "reasonable cost" means an amount which does not exceed 3 percent of the average amount received by the fund during the previous three-year period, or three thousand dollars (\$3,000) annually, whichever is greater, excluding any funds carried over from a previous fiscal year.
- (k) Contributions to a secret witness program for the purpose of facilitating enforcement of this code and regulations adopted pursuant to this code.
- (l) Costs incurred by the district attorney or city attorney in investigating and prosecuting civil and criminal actions for violations of this code, as approved by the department.
- (m) Other expenditures, approved by the department, for the purpose of protecting, conserving, propagating, and preserving fish and wildlife.

* A scientific collection permit, if required and issued by the California Department of Fish and Wildlife, indicates that the project is eligible to receive Fish and Wildlife Propagation funds.

California Fish and Game Code Section 711.2. (a)

"For purposes of this code, unless the context otherwise requires, "wildlife" means and includes all wild animals, birds, plants, fish, amphibians, reptiles, and related ecological communities, including the habitat upon which the wildlife depends for its continued viability ..."

Subject: Small Business Enterprise, Outreach, and Local Bid Preference Programs - July-December 2017 Performance

RECOMMENDATION(S):

ACCEPT the Small Business Enterprise, Outreach and Local Bid Preference Programs Report reflecting departmental program data for the period July 1 through December 31, 2017.

FISCAL IMPACT:

No fiscal impact. This is an informational report.

BACKGROUND:

The Board of Supervisors has adopted these programs to enable small and local businesses to compete for a share of the County's purchasing transactions.

SBE and Outreach Programs. The Board of Supervisors has set a goal of awarding at least 50% of eligible product and service dollars to small businesses. The Small Business Enterprise (SBE) Program applies to: (1) county-funded construction contracts of \$100,000 or less; (2) purchasing transactions of \$100,000 or less; and (3) professional/personal service contracts of \$100,000 or less. The SBE Program's objective is to have at least 50% or more of the total eligible dollar base amounts be awarded to SBEs. A Small Business Enterprise, as defined by the California Government Code, Section 14837, Chapter 3.5 must be:

By: , Deputy

cc: Purchasing Services Manager, IOC Staff

BACKGROUND: (CONT'D)

- Independently owned and operated business, which is not dominant in its field of operation
- Principal office of which is located in California
- Officers of which are domiciled in California, and which together with affiliates, has 100 or fewer employees
- Average annual gross receipts of fourteen million dollars (\$14,000,000) or less over the previous three tax years, or a manufacturer with 100 or fewer employees.

Local Bid Preference Program. On August 10, 2004, the Board of Supervisors referred to the Internal Operations Committee (IOC) the creation of a policy to grant a five percent preference to Contra Costa County vendors on all sealed bids or proposals, except with respect to those contracts which state law requires to be granted to the lowest bidder, and review of an ordinance to be drafted by County Counsel to enact this policy. The 2005 IOC proposed a new ordinance to the Board of Supervisors, and the Board adopted the local bid preference ordinance to support small local business and stimulate the local economy at no additional cost to the County. The ordinance provides that if the low bid in a commodities purchase is not a local vendor, any responsive local vendor who submitted a bid over \$25,000 that was within 5% percent of the lowest bid has the option to submit a new bid. The local vendor will be awarded if the new bid is in an amount less than or equal to the lowest responsive bid, allowing the County to favor the local vendor but not at the expense of obtaining the lowest offered price.

The ordinance defines a local vendor as any business that has its headquarters, distribution point, or locally-owned franchise located within the county for at least six months immediately prior to the issuance of the request for bids, and holds a valid business license by a jurisdiction in Contra Costa County.

Reporting Requirements

It is the responsibility of each department to track and compile the data on purchasing and outreach activities so that a countywide report can be provided to the Board of Supervisors. It is the responsibility of the Purchasing Services Manager to comply with and report on the Local Bid Preference Program. The Board receives reports for six month increments, and the last report received by the Board was for the period ending June 30, 2017.

Since adoption, the Internal Operations Committee has continued to monitor County performance under these programs through annual reports, currently prepared and presented by the Purchasing Services Manager.

The attached report constitutes the next report due for the time period of July 1 through December 31, 2017.

SUBJECT: Small Business Enterprise, Outreach, and Local Program Report for July-December 2017

RECOMMENDATION:

ACCEPT the SBE, Outreach, and Local Programs Report, reflecting departmental program data for the period: July 1 through December 31, 2017.

BACKGROUND:

Contra Costa County values the contributions of small business in the County and has developed programs to assist in the solicitation and awarding of contracts. The Board of Supervisors has adopted these programs to enable small and local businesses to compete for a share of the County's purchasing transactions.

The Board of Supervisors has set a goal of awarding at least 50% of eligible product and service dollars to small businesses. The Small Business Enterprise (SBE) Program applies to: (1) county-funded construction contracts of \$100,000 or less; (2) purchasing transactions of \$100,000 or less; and (3) professional/personal service contracts of \$100,000 or less.

The SBE Programs objective is to have at least 50% or more of the total eligible dollar base amounts be awarded to SBEs. A Small Business Enterprise, as defined by the California Government Code, Section 14837, Chapter 3.5 must be:

- Independently owned and operated business, which is not dominant in its field of operation
- Principal office of which is located in California
- Officers of which are domiciled in California, and which together with affiliates, has 100 or fewer employees

- Average annual gross receipts of fourteen million dollars (\$14,000,000) or less over the previous three tax years, or a manufacturer with 100 or fewer employees.

Reporting Requirements

It is the responsibility of each department to track and compile the data on these purchasing activities so that a countywide report can be provided to the Board of Supervisors. The Board receives reports for six month increments, and the last report received by the Board was for the period ending June 2017. Attachment A constitutes the report due for the time period of July 1-December 31, 2017.

Summary Findings

The table below summarizes the attached department activity on a countywide basis.

July - December 2017

	Total # of ALL Contracts	Total # of SBE Contracts	SBE Percent of Total	Total Dollar Value of ALL Contracts	Total Dollar Value of SBE Contracts	SBE Percent of Total
ACTIVITY TYPE:						
Professional/Personal Services	355	219	61.7%	\$15,027,315	\$7,724,036	51.4%
Purchasing Transactions	1406	485	34.5%	\$26,888,866	\$6,808,245	25.3%
Construction Contracts	6	6	100.0%	\$230,000	\$230,000	100%

Overall this information shows the County is directing a large volume of qualifying activity to SBE firms. For professional/personal services contracts, this activity surpassed the 50% goal for both number and dollar value. The dollar value of contracts reported was \$7.7 million for this period compared to \$7.9 million in the previous reporting period.

For the category of purchasing transactions, it should be noted that while the activity did not achieve the 50% goal, the dollar value of these contracts awarded to SBE businesses exceeded \$6.8 million. The percentage of Construction projects awarded under the program was 100% to SBE firms, or \$230,000.

It is worth noting that the SBE participation goals of surrounding agencies are more typically in the 20-25% range. By that measure, Contra Costa County's reported activity is above that threshold in every reporting category.

E-Outreach Report

In addition, outreach data for many small departments and for commodities exceeding \$10,000 is maintained and provided through the Purchasing Division of the Public Works Department reflecting outreach to small, women, minority-owned, local, disadvantaged and/or other business enterprises. During the reporting period, 45 bids were conducted using the BidSync e-outreach site. Notifications were sent to 224,306 businesses of which 39% are considered a small, local, or disadvantaged business.

In order to encourage the use of small, local, and disadvantaged businesses, the County's E-Outreach Program requires bids and Request for Proposals exceeding \$10,000 to be solicited online. For this period the County's E-Outreach Program produced the following results.

**E-Outreach Report
 for the period
 July 1, 2017 - December 31, 2017**

Number of Solicitations	45
Total Notifications	224,306
Dollar Value	\$ 19,885,732

BUSINESS CATEGORY	Notifications	Percentage of Total
MBE - Minority Business Enterprise	15,110	7%
WBE - Women Business Enterprise	12,298	5%
SBE - Small Business Enterprise	45,857	20%
LBE - Local Business Enterprise	2,635	1%
DVBE - Disabled Veteran Business Enterprise	89	.04%
DBE - Disadvantaged Business Enterprise	10,559	5%
Total	86,548	39%

Local Business Preference

The Local Bid Preference Program allows a bidder in a commodity bid exceeding \$25,000, who is a low bidder, to submit a new bid if they are within 5% of the low bidder. There were no instances of the Bid Preference being utilized for this reporting period.

Dollar Value Awarded to Local and Bay Area Businesses

The dollar value of Purchase Orders issued for the period was \$76.6 million. The dollar value awarded to Contra Costa County businesses was \$8.7 million. The value of awarded to all Bay Area businesses was 42% or \$32.5 million. This represents a significant contribution to the local economy.

Contra Costa County	\$7,630,330	9%
Other Bay Area Counties	\$12,656,936	14%
Other	\$68,785,678	77%
Total	\$89,072,944	100%

Conclusion

The County demonstrates continued commitment to achieving the 50% goal for participation by SBE firms in contract and purchasing activity. While the data for some individual departments is below this threshold, this is often due to unique business requirements that require sole source purchases or contracts.

Continued outreach is necessary to maintain and improve participation of SBE firms as well as training for department staff that make these purchasing and contract decisions regarding the policy.

The reporting for the SBE, Outreach, E-Outreach, and Local Bid Preference programs are combined into a single report and presented by the Purchasing Manager.

To: Contra Costa County Fire Protection District Board of Directors
From: David Twa, County Administrator
Date: April 17, 2018

Subject: Resolution No. 2018/144 – IAFF Local 1230 Side Letter Amending MOU with respect to Definition X-Transfer

RECOMMENDATION(S):

ADOPT Resolution No. 2018/144 approving the Side Letter between the Contra Costa County Fire Protection District and IAFF Local 1230 redefining section Definition X. Transfer.

FISCAL IMPACT:

Up to five percent for each internal promotion.

BACKGROUND:

The IAFF, Local 1230 Memorandum of Understanding defines Transfer as "the change of an employee who has permanent status in a position to another position in the same class in a department, or to another position in a class which is allocated to a range on the salary plan that is within five (5) percent at top step as the class previously occupied by the employee". The Side Letter agreed upon modifies the definition of Transfer to treat an employee selected from an eligible list established as a result of a competitive recruitment to a classification with a top step that is greater than or equal to the top step of the classification the employee previously occupied, as a Promotion.

**SIDE LETTER
BETWEEN
Contra Costa County Fire Protection District
and
IAFF, LOCAL 1230**

Transfer Definition

This Side Letter is by and between IAFF, Local 1230 ("Local 1230") and the Contra Costa County Fire Protection District ("District"). This side letter is effective the first of the month following approval by the CCC Fire Protection District Board of Directors.

This side letter amends the Memorandum of Understanding (MOU) between the District and Local 1230, (July 1, 2017 – June 30, 2020) with respect to Definition X – Transfer, as follows:

Definitions

- X. Transfer: The change of an employee who has permanent status in a position to another position in a different class for which the top step of the salary range is within +/- five (5) percent of the top step of the classification previously occupied by the employee. However, when an employee is selected from an eligible list established as a result of a competitive recruitment to a classification with a top step that is greater than or equal to the top step of the classification the employee previously occupied, such action will be considered a Promotion.

This Side Letter will remain in effect for the term of the current Memorandum of Understanding ("MOU") between the District and Local 1230 (July 1, 2017 – June 30, 2020). The terms of the Side Letter will be incorporated into the successor MOU unless otherwise negotiated by the parties. All other terms and conditions of the current MOU between the District and Local 1230 remain unchanged by this Side Letter.
