Re: Truth Act Community Forum

Government Code 7283.1 (d) states that beginning January 1, 2018, the county in which a local law enforcement agency has provided ICE access to an individual during the previous year shall hold a community forum during the following year.

Government Code 7283.1(d) further states, “As part of this forum, the local law enforcement agency may provide the governing body with data it maintains regarding the number and demographic characteristics of individuals to whom the agency has provided ICE access, the date ICE access was provided, and whether the ICE access was provided through a hold, transfer, or notification request or through other means.”

In response to Government Code 7283.1(d), on or about 5/30/17, Probation confirmed the address of an adult probationer, who was on felony probation with sex offender terms and conditions of probation, with an ICE official. Confirming the address of the aforementioned probationer was the extent to which Probation provided ICE access to an individual in 2017.
