## **CR-05 - Goals and Outcomes**

### **Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)**

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The Housing and Community Development Act of 1974, as amended, requires all Community Development Block Grant (CDBG) and HOME Investment Partnerships (HOME) Program entitlement jurisdictions to prepare and submit a Consolidated Annual Performance and Evaluation Report (CAPER) to the U.S. Department of Housing and Urban Development (HUD) by September 30 of each year. The CAPER provides the County and interested stakeholders with an opportunity to evaluate the progress in carrying out priorities and objectives contained in the County's five-year Consolidated Plan and annual Action Plan.

- Over 36,000 low/moderate-income persons/families were served through the County funded public service programs
- 25 low/moderate-income people were placed in jobs through the County funded economic development and job-training services programs
- 212 businesses were assisted through micro-enterprise assistance programs.
- 3 infrastructure/public facilities projects were completed within low/moderate income neighborhoods.
- 141 rental housing units were rehabilitated for low/moderate income families.
- 12 owner-occupied homes were constructed.
- 5 owner-occupied homes were rehabilitated.
- 19 homeowners received minor home improvement grants.
- 93 homeowners received foreclosure prevention counseling.
- 514 low-income renters received assistance to prevent them from becoming homeless or to help them quickly regain housing following an episode of being homeless.

### **Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)**

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

**Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.**

All of the County's HOME Investment Partnerships Program (HOME), Community Development Block Grant (CDBG), Emergency Solutions Grants (ESG), and Housing Opportunities for Persons With AIDS (HOPWA) funding sources address the priorities and specific objectives identified in the FY 2015/2020 Consolidated Plan. All of the funded activities meet at least one of the highest priority needs identified in the Consolidated Plan.

The County has made significant progress in meeting the goals and objectives contained in the Five-Year Consolidated Plan. During FY 2017/18, CDBG-funded public service projects provided a wide range of social services to over 36,000 Urban County residents and households, including the homeless, mentally and physically disabled, seniors, victims of domestic violence, and other special needs populations. Economic development programs offered training and placement services for 200 lower income persons and assisted with the creation and expansion of

212 microenterprises/small businesses. There were three Infrastructure/Public Facilities projects completed in FY 2017/18 that created a variety of infrastructure and accessibility improvements.

Although the County made progress in meeting the annual goals for most objectives, there were some in which the County did not. The reason for not meeting the annual goal is primarily due to not having a specific activity that met that objective for that program year. However, the County anticipates that there will be activities in the subsequent Consolidated Plan years that will get awarded CDBG, HOME, ESG, or HOPWA funds that will meet those objectives for the County to meet its 5-year goals. Housing development projects often take multiple years to be fully funded, constructed and occupied. Therefore, the five-year goals may be met in just one or two years with other years showing no accomplishments.

### Narrative

The County requests that sub-grantees/subrecipients collect race and ethnicity information using nine different categories in addition to Hispanic ethnicity. The figures above do not take into account mixed-race categories. For a complete view of the race/ethnicity demographic information of the residents/beneficiaries served by the various CDBG/HOME/ESG/HOPWA funded projects and programs, please see the project/program tables in Attachment B.

### Narrative

The "Resources Made Available" includes the current year grant allocation, program income, returned or recaptured funds and prior year unexpended funds. The amount expended during program year 2017/18 includes funds expended on completed projects/activities and on projects/activities that are underway but not yet completed.

### Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
Contra Costa County	100	100	Countywide

**Table 4 – Identify the geographic distribution and location of investments**

### Narrative

The Contra Costa County HOME Consortium area is comprised of the unincorporated areas and incorporated cities/towns of the County. In terms of geographic distribution of investment of HOME funds, HOME housing activities will go towards all eligible areas of the HOME Consortium area to benefit low-income households.

Contra Costa County also receives an allocation of CDBG funds from HUD to benefit residents of the Urban County. The Urban County area is comprised of all the unincorporated areas and incorporated cities/towns of the County, minus the Cities of Antioch, Concord, Pittsburg, and Walnut Creek. These four cities receive their own allocation of CDBG funds from HUD and therefore are not part of the Urban County area. In terms of specific geographic distribution of investments, infrastructure improvements and public facilities were focused primarily in areas with concentrations of low- to moderate-income populations within the Urban County area. Investments in CDBG housing activities occur in any Urban County area.

Contra Costa County also receives an allocation of ESG funds from HUD. The ESG area for the County is

the Urban County area (similar to the County's CDBG Urban County area explained above). In terms of geographic investment of ESG funds, ESG funds were distributed throughout the Urban County to provide assistance to the homeless population or those at risk of becoming homeless who are within the Urban County area of Contra Costa County.

Contra Costa County is also a sub-grantee to the City of Oakland (Alameda County) for the HOPWA program. Contra Costa County's HOPWA area is the entire County unincorporated areas and incorporated cities/towns of the County.

**Leveraging**

**Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.**

For each dollar spent in County federal funds for projects that were completed during the program year, \$12.47 was leveraged in other federal, State, local, and private resources. The 100 percent ESG matching requirements were met through other federal (non-ESG), State, local, and private resources. The 25 percent HOME Program match requirement was exceeded through non-federal resources and the excess will be carried over for the next federal fiscal year.

In Fiscal Year 2017/18, there were two residential projects that involved the temporary relocation of the tenants. One project received HOME funds and the other project received CDBG funds. The information in the table above only includes the HOME funded project.

The Virginia Lane Apartments in Concord received HOME funds for the rehabilitation of all residential units in the complex. None of the funds were used for acquisition. In the fiscal year, five households were temporarily relocated with a cost of \$376,254 for relocation activities. All occupied units were distributed multiple notices and information regarding the temporary relocation. The rehabilitation of all units in the development was completed in November 2017. The leasing of units is underway.

Not included in the table above is the East Bluff Apartments in Pinole, which received CDBG funds for the acquisition of the property. Rehabilitation of all of the residential units took place, which required the temporary relocation of the tenants. In the fiscal year, there were 43 households that were temporarily relocated with a cost of \$661,928 for relocation activities. All occupied units were distributed multiple notices and information regarding the temporary relocation. The rehabilitation of the units were completed in December 2017 and all tenants have moved back in.

## CR-20 - Affordable Housing 91.520(b)

### Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

During fiscal year 2017/18, Contra Costa continued to make progress toward meeting its affordable housing goals. There are also several developments currently under construction or will be commencing construction in the coming months. In measuring the County's accomplishments, it must be noted that the majority of funded housing projects are complex, involving new construction or acquisition and rehabilitation of multifamily housing and requiring multiple funding sources. In general, these projects require two to five years from initial development planning to completion and occupancy. In order to facilitate the ability of the project sponsor to obtain additional funding from other sources (e.g., LIHTCs, State programs, and FHLB Affordable Housing Program), the County often commits resources relatively

early in the process. Therefore, the number of units funded and completed with current resources is often less than the number funded and in development.

The Veteran’s Square project is delayed and a construction start date is unknown at this time. Muir Ridge was completed in September 2017. Tabora Gardens completed construction in April 2018. Riviera Family and Hana Gardens will all be completed by late 2018. Heritage Point and St. Paul’s started construction in 2018 and be complete in 2019.

**Discuss how these outcomes will impact future annual action plans.**

The development schedule of the above listed projects will not impact future action plans. The progress and completion information will be reported in future CAPERs.

**Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.**

Low-income	13	0
Moderate-income	9	0
<b>Total</b>	<b>45</b>	<b>0</b>

Table 13 – Number of Households Served

**Narrative Information**

In FY 2017/18, the following housing activities were accomplished with the disbursement of CDBG funds:

- 16 owner-occupied homes were rehabilitated with CDBG funds as part of the Neighborhood Preservation Program. Of these 16 homeowners, 7 were extremely low income (30%), 4 were low income (50%), and 5 were moderate income (80%).
- 8 homeowners received minor home repair grants with CDBG funds as part of the Home Repair program. Of these 8 homeowners, 3 were extremely low income (30%) and 5 were low income (50%).
- 141 rental units were acquired with CDBG funds as part of the East Bluff Apartments project. Of these 141 units, 41 were extremely low income (30%), 57 were low income (50%), and 34 were moderate income (80%).

## **CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)**

**Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:**

### **Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

The Contra Costa Continuum of Care (CoC) uses a number of strategies to reach out to unsheltered persons experiencing homelessness and assess their individual needs, including direct outreach and marketing, the use of phone-based services including 2-1-1, marketing in other languages (e.g., Spanish), making physical and virtual locations accessible to those with disabilities, and collaborating with local law enforcement. As a part of the Contra Costa Coordinated Entry System, CORE (Coordinated Outreach, Referral and Engagement) Teams serve as an entry point into the homeless system of care, providing both day and evening outreach resources and services to encampments and service sites.

All persons experiencing homelessness receive a VI-SPDAT (Vulnerability Index – Service Prioritization Decision Assistance Tool) assessment, the common assessment tool being used by the Contra Costa Coordinated Entry System to prioritize those with the highest levels of chronicity and acuity for available housing resources and services. Persons are also referred to CARE (Coordinated Assessment Resource) Centers to access services for basic needs, case management, housing navigation, and health care. All staff administering assessments are trained to use trauma-informed and culturally linguistic competent practices, and are knowledgeable about using or accessing auxiliary aids and services for persons with disabilities.

### **Addressing the emergency shelter and transitional housing needs of homeless persons**

Crisis services, including emergency shelter and transitional housing, are a critical component of the Contra Costa Coordinated Entry System. For individuals and families experiencing a housing crisis that cannot be diverted, CORE Teams and CARE Centers make referrals to nearly 800 emergency shelter and transitional housing beds throughout Contra Costa County. In keeping with a Housing First approach, the goal of Contra Costa's crisis response system is to provide immediate and easy access to safe and decent shelter to anyone who needs it, with the housing-focused goal of re-housing people as quickly as possible. Contra Costa CoC has established system-level performance measures for emergency shelter, including reducing the average length of stay (goal: 50 days); increasing exits to permanent housing (goal: 30%), and increasing non-returns to homelessness (goal: 75%). The average length in time in shelter increased to 91 days in 2017. The reason for this increase is due to the County's CORE Street Outreach teams increasing access for the most vulnerable, and harder to house population. So, although the rates of those moving out of emergency shelter increased, it is taking much longer to do so. Of 119 persons that exited to housing in 2017, 38% exited to permanent housing. Lastly, the non-return rate for 2017 was 85%.

**County Emergency Shelter Funding:** Of the CDBG and ESG funds received by the County for FY 2017/18, \$192,349 (ESG) and \$54,000 (CDBG) was awarded to local emergency shelters to provide shelter and case management services to homeless adults, families and youth and to victims of domestic violence and their children. Upon entry to one of the shelters, each resident or family is assigned a case manager to assist the individual in determining an appropriate service plan that will help them regain housing as soon as possible. The shelters are part of the County's Continuum of Care of services and enables individuals and families the opportunity to work on stabilizing their lives and moving toward a permanent housing solution.

**State ESG Funding:** The State, in consultation with HUD, redesigned its ESG Program prior to the 2016 Program Year. The redesign intended to accomplish the following: align State ESG with local entities' ESG programs and HUD goals; increase coordination of State ESG investments with local homelessness systems and investments; invest in the most impactful activities, based on key performance goals and outcomes; shift from an intensive provider competition, in which local providers competed for State ESG funds with other local providers and providers throughout the State, to a much more local competition and where the administration of the program is streamlined; and improve geographic distribution of funding. Under this program design, the State established a dedicated CoC allocation and simplified process available to California communities that are able to administer ESG locally. Under this process, eligible local government entities can act as Administrative Entities (AE) of State ESG funds in furtherance of these goals. Beginning in 2016, HCD will distribute funding for Continuum of Care Service Areas (or Service Areas) through two allocations: Continuum of Care Allocation for Service Areas that contain a city or county that receives ESG directly from HUD; and the Balance of State Allocation for Service Areas that do not contain a city or county that receives ESG directly from HUD. The County's Department of Conservation and Development (DCD) receives ESG funds directly from HUD to administer the County's own ESG Program, so it is an eligible local government entity that can act as an AE of State ESG funds under the State's new program design. On March 30, 2016, the State approved DCD as an AE to administer State ESG funds on behalf of the State for the County's CoC Service Area, which includes all of Contra Costa County, with emphasis toward households/residents of the cities of Antioch, Concord, Pittsburg, and Walnut Creek, as required by the State ESG regulations. The other cities in the County, including Richmond, are part of the Urban County and are therefore served the County's direct ESG grant. As an approved AE, Contra Costa County received \$578,558 of State ESG funds that was distributed to Contra Costa County in December 2016 to use on eligible ESG activities. A total of six programs were awarded State ESG funds. Those funds provided by the state in December 2016 were used starting in January 2017 through June 30, 2018.

**Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs**

The Contra Costa Coordinated Entry System is centralizing prevention/diversion services. Streamlined and coordinated intake procedures are being used for both phone- and site-based entry points to the system to identify clients on the brink of homelessness and connect them to prevention and mainstream services.

Clients are connected to prevention providers (SHELTER, Inc., Trinity Center, and County Homeless Program) via Contra Costa Crisis Center (2-1-1), and work is underway to enhance partnerships with other providers in the region (Catholic Charities). The Coordinated Entry Prevention/Diversion Workgroup (newly formed this year) is conducting a gaps analysis of available prevention/diversion resources, and is piloting new programming to help individuals and families avoid becoming homeless. Per the Contra Costa CoC 2014 Strategic Plan Update, Contra Costa is expanding landlord liaisons & developing a housing stability fund to help clients retain housing and avoid eviction. Season of Sharing provides \$900k annually in temporary financial assistance (emergency rent payments, utilities, & other aids to prevent homelessness) for families in crisis. Discharge planning w/hospitals, mental health, substance abuse treatment, corrections & foster care systems also help to reduce first time homelessness.

**Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again**

SHORTENING LENGTH OF TIME HOMELESS: Contra Costa's biggest barrier to reducing length of time homeless is lack of affordable housing stock. The Contra Costa Built for Zero campaign, in partnership with Multi-faith ACTION Coalition, has improved landlord engagement by identifying landlords willing to rent to homeless veterans and chronically homeless families. The Contra Costa Coordinated Entry System uses the VI-SPDAT (which includes length of homelessness as measure of vulnerability), which supports reducing length of homelessness. 96% of our providers are Housing First, and our CoC-wide performance measures, tracked in HMIS, include reducing the average length of stay in emergency shelter for permanent housing exits. Available housing is prioritized for longest term homeless and our CoC/ESG providers are committed to reducing length of homelessness.

CHRONICALLY HOMELESS: In the 2018 Homeless Point-In-Time (PIT) Count, there were 555 homeless individuals who were chronically homeless, which was an increase of 68% from the previous year. This large one-year increase is due to comprehensive PIT data collection. Over the course of the previous year, the CoC's outreach team better identified encampments that were captured in the 2018 PIT Count. The CORE Street Outreach Program also had six teams conducting PIT data collection, in comparison to two in the previous year. Two-thirds of those chronically homeless were unsheltered the night of the PIT Count. By removing barriers to entry through Housing First, our permanent housing has increased access

for chronically homeless individuals and families. The Contra Costa CoC continues to coordinate resources with the goal of achieving functional zero for the chronically homeless population through Built for Zero.

**FAMILIES WITH CHILDREN:** Families experiencing a housing crisis who cannot be diverted are connected to crisis services and assessed using VI-F-SPDAT. Using a Housing First approach, families are connected to available and appropriate resources, including emergency shelter and warming centers as well as housing. The VI-SPDAT is used to assess and prioritize families for available permanent supportive housing and in the next year will be used to prioritize and refer families for Rapid Rehousing. SHELTER, Inc. is our main RRH provider, assisting families through CoC, ESG, and CalWORKS grants for RRH. SHELTER, Inc. also maintains a phone line (8,000 calls last year) streamlining linkages to RRH. RRH is a key strategy to end family homelessness in the Contra Costa CoC 2014 Strategic Plan update.

**VETERANS:** As a Built for Zero community, a main goal of our CoC is to provide bridges between the Veteran and homeless systems of care. Built for Zero has improved data sharing between programs to assess the number of veterans being housed each month in the community. All CoC program-funded providers, including outreach teams, assess veteran eligibility using a standardized HMIS intake form. Outreach teams link qualifying clients to veteran service providers. Three providers (SHELTER, Inc., Berkeley Food & Housing, and the East Bay Community Recovery Project) partner to ensure clients are able to access SSVF using a Housing First model with full geographic coverage. Veterans service representatives through the County VA assist clients with any veterans claim to ensure maximum benefits are awarded.

**UNACCOMPANIED YOUTH:** Cross organization collaboration also occurs with school districts and County Department of Education. The Council on Homelessness includes an Educational and Vocational Services Representative, who serves as our liaison to families in the school system experiencing homelessness, currently provides technical assistance, professional development and legislation tracking support to 18 districts and works directly with youth in foster care. Contra Costa employs a Homeless Education Liaison through McKinney-Vento funding, who works to address the educational needs of homeless children & parents. Representatives from the CoC regularly participate in USD meetings, with CoC-funded provider SHELTER, Inc. staff serving on the Contra Costa Local Planning Council for Child Care & Development. These partnerships ensure that homeless families and unaccompanied youth are connected to the Contra Costa Coordinated Entry System. A youth advisory board is currently under development to further inform our youth homeless system of care, and we are partnering with the Department of Education and youth ambassadors to improve the 2018 Point-in-Time Count, to improve our understanding about unaccompanied youth experiencing homelessness in Contra Costa.

## **CR-30 - Public Housing 91.220(h); 91.320(j)**

### **Actions taken to address the needs of public housing**

Housing Authority of the County of Contra Costa (HACCC) has begun a long-term project to reposition and rehabilitate its public housing portfolio in the face of ever-decreasing federal, state and local funding. The initial step in this process is the disposition via RAD of the agency's Las Deltas public housing property in North Richmond. HACCC has received approval from HUD to move forward with the RAD conversion of this property. The public housing subsidies received for the 214 units at Las Deltas will be converted to RAD project-based voucher assistance at eleven new or rehabilitated housing developments throughout the County. The units at Las Deltas will help produce at least 502 units of new or rehabilitated affordable housing throughout the County. Of this total, 125 of the units, to date, will be funded directly with the RAD project-based vouchers received for Las Deltas, 161 will be funded with "regular" project-based vouchers from the housing authority's existing funding and 216 will be funded using other affordable housing funds. An additional 89 units are to be committed to other RAD transactions or replaced through the HUD Demolition and Disposition process that will result in at least another 89 units of funding for voucher replacement units and likely more units leveraged for further project-based voucher assistance.

HACCC utilized \$2,069,430 of HUD funding for the following improvements:

- \$339,349 - Demolition of 6 buildings at the Las Deltas development.
- \$157,164 - Relocation costs - RAD
- \$454,964 - Security window and door covers for vacant units at the Las Deltas development.
- \$488,200 - Repair of 4 fire-damaged units at the Bayo Vista development.
- \$305,578 - Tree trimming and removal at 3 developments.
- \$34,665 - Computer upgrade
- \$259,930 - Replace smoke and carbon monoxide detectors in all units
- \$28,980 - Replace refrigerators, ranges and other dwelling equipment.

### **Actions taken to encourage public housing residents to become more involved in management and participate in homeownership**

HACCC holds quarterly meetings/social events at five public housing properties. Tenants from nearby properties also attend these events.

HACCC and Contra Costa County libraries partnered and received over 5,000 books for low income residents in Contra Costa County.

El Pueblo residents' council worked with the Asset Manager and received funding to purchase school

uniforms for the youth at the development.

Bayo Vista Development created baseball, football and basketball teams in collaboration with Sheriffs for the youth.

Back to school gatherings were held at four public housing sites. Backpack and school supplies were given to school-age children at these properties.

Free lunch programs are operated at Bayo Vista, El Pueblo and Vista Del Camino housing developments.

HACCC participates in the Campaign for Grade Level Reading. HACCC operates small give-away libraries at four public housing sites and offer children's books to families. Staff have given away over 3,000 children's books this year.

HACCC partnered with Pittsburg Police Department and the Sheriff's Department to provide Thanksgiving and Christmas meals to residents in the El Pueblo, Bayo Vista and North Richmond developments.

Bayo Vista held a community mural dedication for a mural created and designed by community youth. Over 250 community members attended.

As part of the Las Deltas RAD conversion, we are working with a family to see if they are eligible to purchase the public housing unit in which they live. This option will be explored with other families too.

HACCC partnered with REACH, a local nonprofit that focuses on women returning to society from the prison system. REACH has offices at Las Deltas to provide counseling and other services.

The HACCC has three public housing properties that provide summer and afterschool programs targeting 8-16 year-olds. These programs provided youth the opportunity to attend A's game and experience a boat trip.

Staff is meeting regularly with elderly and disabled residents to better determine their service needs.

The Resident Advisory Board met six times this year to discuss HACCC policies. Their input will be used to craft the Agency's next Annual Plan.

### **Actions taken to provide assistance to troubled PHAs**

Not applicable. HACCC is not designated as troubled.

## **CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)**

**Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)**

The County will continue its efforts to remove or ameliorate public policies which negatively impact affordable housing development in the County including the following:

- Through the Density Bonus Ordinance, the County is required to grant one density bonus and incentives or concessions when an applicant for a housing development seeks and agrees to construct a housing development, excluding any units permitted by the density bonus that will contain at least one of the following: ten percent of the for lower income households; five percent of the total units for very low income households; a senior citizen housing development, or a mobile home park that limits residency based on age requirements for housing older persons; or ten percent of the total dwelling units in a common interest development for persons and families of moderate income, provided that all units in the development are offered to the public for purchase.
- The Inclusionary Housing Ordinance requires all developers of five or more units to provide 15 percent of the units at affordable costs to moderate, low or very-low income households depending on the type of project. Developers may pay a fee in lieu of providing the affordable units.
- The County will review and develop new regulations to permit the development of agriculturally related structures on agriculturally zoned land without a use permit in order to encourage the provision of onsite farmworker housing.

## **Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)**

The County's efforts to increase and maintain the supply of affordable housing, and to meet the objectives identified in the Consolidated Plan, described in the general narrative sections of this report, are all directed to meeting underserved needs. In addition, the criteria for target population and alleviation of affordable housing needs employed in the allocation of HOME and CDBG funds for housing, establish a priority for projects that reserve a portion of the units for extremely-low income and/or special needs populations.

The following are obstacles to meeting needs of the underserved:

Accessibility to Services: Lack of accessibility to services can be the result of lack of transportation for those in need, services that are not delivered in a culturally appropriate manner or in the appropriate language, burdensome prerequisites to accessing services (“red tape”), and services that are not provided in proximity to those in need. Lack of transportation is a particular challenge for those who do

not drive, do not have a car, or are elderly and for persons with disabilities. Most if not all of the public service projects listed in AP-38 are located within the neighborhoods or communities of the target population to provide easy accessibility to their services. Some of the public service projects serving the elderly or persons with disabilities provide transportation to their services or provide "in-home" services.

Awareness of Services: The lack of awareness of the availability of services by those in need and a lack of knowledge about how to access services are significant obstacles to the provision of services. All agencies receiving CDBG, HOME, ESG, or HOPWA funds from the County must provide significant outreach to those in need. County DCD staff continues to monitor CDBG/HOME/ESG/HOPWA funded agencies to verify if an agency's outreach is adequate and that outreach materials are available in various languages.

Coordination of Services: Those in need often access services from several points; similar services may also be provided by more than one agency. Those being served by one agency may have needs that are not being addressed by the particular agency currently serving that person or family. County DCD staff advocates that CDBG/HOME/ESG/HOPWA funded agencies collaborate and coordinate with other agencies in the community or serving their target population. DCD staff continue to encourage agencies to collaborate and coordinate to avoid duplication and to provide more efficient services to their clients or target populations.

Resources: Resources are generally less than required to meet the level of need. The CDBG/HOME/ESG/HOPWA funds that are available are prioritized to the high Priority Needs and Goals established in the 2015-2020 Consolidated Plan. Funding is also prioritized to those undertakings that represent the most efficient use of funds, are delivered by the most qualified persons, and serve the broadest area.

#### **Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)**

The County has incorporated the requirements of the lead-based paint regulations (24 CFR PART 35) into its affected programs, including the homeowner and rental rehabilitation programs. These programs developed implementation plans that include procedures to test for lead-based paint, determine a scope of work to address lead-based paint hazards, ensure qualified contractors are performing the required work, and obtain a clearance examination at project completion.

Additionally, the County's Neighborhood Preservation Program, a home rehabilitation program, provides grants to homeowners who have received rehabilitation loans and need to abate lead hazards.

#### **Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)**

The movement of people to above the poverty line involves a variety of policies and programs that extend beyond providing opportunities for employment at a living wage. Access to education,

transportation, childcare, and housing are also key components that can assist persons to secure and retain economically self-sustaining employment. The County employs a variety of strategies to help alleviate poverty in the Urban County, including efforts to stimulate economic growth and job opportunities, and to provide Urban County residents with the skills and abilities required to take advantage of those opportunities.

In FY 2017/18, the CDBG program provided funds for four job training and placement programs:

- Opportunity Junction's Bay Point Career Development Services program (17-40-ED) and Job Training and Placement program (17-41-ED) provided personalized vocational training and job placement for persons to establish careers in information technology.
- New Horizons Career Development Center, Inc.'s Education, Job Training, Life Skills, and Job Placement Services program (17-08-PS) provided ongoing job training, job placement, life skills training, and GED preparatory training.
- Open Opportunities' Future Build Pre-Apprenticeship Training Program (17-39-ED) provided job training and job placement services in the construction trades.
- Multicultural Institute's Lifeskills/Day Labor Program (17-38-ED) provided job-matching, individualized assistance with health, legal and educational needs.

In FY 2017/18, the CDBG program provided funds for a number of programs that do not aid in employment, but are crucial to the reduction of poverty:

- Bay Area Legal Aid's Tenant Landlord Housing Services Collaboration program (17-01-PS) provided counseling and legal services to County tenants on their housing rights.
- Community Housing Development Corporation's Home Equity Preservation Alliance (17-02-PS) program provided education, counseling, and case management regarding foreclosures.
- CocoKids Road to Success program (17-37-ED) provides microenterprise assistance to low-income residents seeking to start or maintain licensed home-based family child care businesses.
- Lamorinda Spirit's Lamorinda Spirit Van Senior Transportation Program (17-15-PS) provides transportation to the elderly so that they may maintain their normal lifestyle and age in their homes.
- Mount Diablo Unified School District's CARES After School Enrichment Program (17-27-PS) provides after-school childcare and enrichment to elementary and middle school students.

### **Actions taken to develop institutional structure. 91.220(k); 91.320(j)**

DCD continues to provide technical assistance to non-profits to build capacity and assist in the development of programs and projects designed to meet the County's Consolidated Plan objectives through individual meetings and workshops held during the program year. Further, the Department works with non-profits to achieve designation as a Community Housing Development Organization (CHDO) and/or Community Based Development Organization (CBDO) for purposes of participating in the Consortium HOME and County CDBG affordable housing programs.

**Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)**

The County's efforts to coordinate activities and strategies for affordable housing development and the provision of emergency and transitional housing and supportive services included cooperative planning efforts as well as participation in a number of countywide housing and service provider organizations. Planning efforts undertaken during the FY 2017/18 included the following:

- Contra Costa Consortium members continued to work on strategies and actions designed to overcome identified impediments and eliminate problems of housing discrimination in Contra Costa.
- The Continuum of Care and the Council on Homelessness (formerly CCICH) worked with Contra Costa jurisdictions, public and private agencies, the interfaith community, homeless advocacy groups and other community organizations to implement the Continuum of Care Plan, which includes strategies and programs designed to alleviate homelessness, and the Ten Year Plan to End Homelessness.
- In addition to the above, the County participated in a number of countywide housing and service provider organizations, which are intended to share resources and coordinate strategies and programs for affordable housing and community development activities.

**Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)**

Urban County staff, along with staff from the other Contra Costa CDBG entitlement jurisdictions (Antioch, Concord, Pittsburg, and Walnut Creek), worked together to prepare the Contra Costa Consortium Analysis of Impediments to Fair Housing Choice (AI). This document outlines and identifies barriers to fair housing and presents a plan to properly navigate them. An update of the AI was completed and approved by each Contra Costa CDBG entitlement jurisdiction in 2017. The AI is available on the County website at <http://www.cccounty.us/4823/Community-Development-Block-Grant>.

To address impediments identified in the study, the Update to the AI offers a set of recommendations for consideration. Below are the following in which the County has taken action to fulfill the recommendations.

**Recommendation # 1:** Increase Public Awareness of Fair Housing Rights – The County and the Consortium cities continue to provide CDBG support to agencies to provide Fair Housing consulting services. Fair housing service providers and their partner agencies continue to expand outreach to the community regarding fair housing rights. Eden Council for Hope and Opportunity (ECHO) is one example of a service provider that conducted fair housing trainings and outreach at 16 non-profit agencies throughout the County. This outreach was focused on low-income communities and described their

services and contact information. Many of these communities contain a significant number of Spanish-speaking and other non-English speaking residents.

**Recommendation # 2:** Improve Financial Assistance for Housing – The County and cities continue to collaborate to expand affordable housing in communities where such opportunities are limited. The County and many of the Consortium cities have continued to allocate resources to encourage and facilitate the development of affordable housing throughout the entire Consortium, resulting in the development of new affordable housing. Additionally, provisions were made for a single-family rehabilitation program, first-time homebuyer programs, and fair housing counseling, legal service and outreach. In addition, the County continues to provide CDBG financial support for tenant/landlord services for low-income residents of the County. Lastly, the County’s Mortgage Credit Certificate program reserves 40 percent of its allocation for households with incomes at or below 80 percent of the area median income. Lenders have cooperated with the program, and 10 Mortgage Credit Certificates were provided to low-income households.

**Recommendation # 3:** Review Home Purchase Loan Denial Figures with Local Lenders – The County and the Consortium cities have incorporated in the CDBG contracts with their respective Fair Housing consulting agencies a review and monitoring of HMDA data in regard to loan denial rates among racial/ethnic minorities. The agencies will provide an update of their reviews of this information in quarterly reports and in quarterly meetings with the County and Consortium cities.

**Recommendation # 4:** Increase Access to Special Needs Housing – The County and the Consortium cities will inform its Fair Housing services providers to incorporate education and information to tenant, owners, and agents of rental properties about the necessity to provide equal access to housing to special needs populations.

**Recommendation # 5:** Review Municipalities Planning Code and Offer Incentives - This recommendation is a long-term goal and the County will begin developing steps to implement this recommendation. However, the County has continued its efforts to remove or ameliorate public policies within County code that negatively impact affordable housing development in the County including the following: Through the Density Bonus Ordinance, the County is required to grant one density bonus and incentives or concessions when an applicant for a housing development seeks and agrees to construct a housing development, excluding any units permitted by the density bonus that will contain at least one of the following: ten percent of the for lower income households; five percent of the total units for very low income households; a senior citizen housing development, or a mobile home park that limits residency based on age requirements for housing older persons; or ten percent of the total dwelling units in a common interest development for persons and families of moderate income, provided that all units in the development are offered to the public for purchase. The Inclusionary Housing Ordinance requires all developers of five or more units to provide 15 percent of the units at affordable costs to moderate, low or very-low income households depending on the type of project. Developers may pay a fee in lieu of providing the affordable units. The County will review and develop

new regulations to permit the development of agriculturally related structures on agriculturally zoned land without a use permit in order to encourage the provision of onsite farmworker housing.

## **CR-40 - Monitoring 91.220 and 91.230**

### **Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements**

The County Department of Conservation and Development (DCD) is responsible for administration of the following federally funded programs: CDBG, HOME, NSP, ESG and HOPWA. All projects funded through these programs are monitored by DCD to ensure that the projects achieve their approved objectives in a manner consistent with federal regulations, the Consolidated Plan, and other local planning requirements. DCD's monitoring process consists of the following:

- Prior to funding consideration, all project applications are reviewed to ensure consistency with federal regulations, Board of Supervisor policy, the Consolidated Plan, the Analysis of Impediments to Fair Housing Choice (if applicable) and the County Housing Element (if applicable).
- All project sponsors receiving an allocation of CDBG, HOME, NSP, HOPWA and/or ESG funds are required to enter into Project Agreements which specify project objectives, scope of work, eligible activities, performance targets, project budget, implementation time frame, federal regulatory requirements, and monitoring and reporting requirements.
- During project implementation, project sponsors are required to submit periodic progress reports detailing project progress, significant problems encountered (and their resolution), project funding and expenditures, affirmative marketing activity and quantitative participation data that illustrates findings on the amount of outreach to women and minority-owned businesses. In addition, projects are monitored as applicable for compliance with federal accounting and procurement standards, labor and construction standards, relocation, affirmative marketing, equal opportunity, fair housing, and other federal requirements.
- Following project completion, project sponsors are required to submit Project Completion Reports identifying: project accomplishments; population served, including data on household characteristics (e.g., income, ethnicity); rent and/or housing affordability; and total sources and uses of funds.

Affordable housing development projects (e.g., acquisition, rehabilitation, new construction) must also submit annual compliance reports designed to ensure continued compliance with federal regulations, affordability and use restrictions, and other requirements as specified in the project loan documents. In addition, all HOME-assisted projects are subject to periodic onsite inspections to ensure continued compliance with local housing code.

**Citizen Participation Plan 91.105(d); 91.115(d)**

**Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.**

Contra Costa County set a minimum 15-day comment period for citizen participation and to receive comments on the CAPER. Notices announcing the public hearing date to consider acceptance of the CAPER are posted in local newspapers, as well as the County website at least 15 days prior to the public hearing date. A notice announcing the draft of the CAPER and the public hearing date for the CAPER was published on the County website and in the Contra Costa Times on September 8, 2018. The County's Board of Supervisors accepted the FY 2017/18 CAPER at its September 25, 2018 meeting. There were no public comments received prior to or at the September 25, 2018 Board of Supervisors meeting. The draft CAPER was made available for review at the County's Department of Conservation and Development office, and on the following website: <http://www.cccounty.us/4823/Community-Development-Block-Grant>.

DRAFT

**CR-45 - CDBG 91.520(c)**

**Specify the nature of, and reasons for, any changes in the jurisdiction’s program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.**

The County does not anticipate changing any of its program objectives. However, it does anticipate an increase in the number of people served by the County's activities due to the City of Richmond becoming part of the County's CDBG Urban County area beginning in FY 2016/17.

**Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?**

No

**[BEDI grantees] Describe accomplishments and program outcomes during the last year.**

Not applicable.

DRAFT

## **CR-50 - HOME 91.520(d)**

### **Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations**

Please list those projects that should have been inspected on-site this program year based upon the schedule in §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

Effective January 24, 2015, participating jurisdictions are now required to inspect rental projects funded with HOME funds at least once every three years during the required period of affordability. DCD staff monitors units in one of the three regions of the County (East, Central and West) each year. Staff inspects 15 percent of the HOME-assisted units for each monitored project. Copies of the inspection reports are maintained at the DCD offices.

During FY 2017/18, the County performed on-site inspections of 49 HOME-assisted units located in West Contra Costa County. Concurrent with the on-site physical inspections, DCD staff inspects tenant files to ensure the management company complies with the HOME program and local County requirements. The review includes income certifications, rent and utility allowance calculations, and appropriate tenant lease provisions, as well as the annual project audit and operating budget. The following table summarizes the on-site inspections completed during the fiscal year.

**Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units.  
92.351(b)**

The objective of affirmative marketing is to promote equal access to housing by all groups within the market area. The County has adopted the following policies and measures:

Information concerning the availability of funding, housing opportunities, and fair housing and affirmative marketing requirements will be distributed to the general public; all jurisdictions and housing agencies located in the County; property owners and developers of affordable housing; and minority and public interest groups.

Notices of funds available are posted on the County website at <http://www.co.contra-costa.ca.us/4823/Community-Development-Block-Grant>.

Informational material describing the HOME, CDBG, NSP, HOPWA and ESG Programs is available at <http://www.co.contra-costa.ca.us/4881/Developing-Affordable-Housing> (for developers) <http://www.cccounty.us/affordablehousing> (for consumers).

The County will maintain records concerning the above activities, including copies of press releases, affirmative marketing materials distributed, and workshops and meetings held with the above groups and organizations.

The County requires owners of federally assisted housing to comply with federal fair housing law and employ the following affirmative marketing activities:

- Advertise the availability of assisted units in local newspapers and newsletters, such as those published by minority groups, neighborhood churches, public service organizations, etc.; and on bulletin boards in community gathering spots (e.g. community center, church, supermarket, laundromat, fair housing/housing counseling agency, and employment offices).
- Contact appropriate community organizations and representatives of minority and other disadvantaged groups to solicit tenants and provide information about the availability of the assisted units.
- Display the Equal Housing Opportunity logo at the project location and in all advertisements pertaining to assisted units.

**Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics**

The amount of HOME program income (PI) received in FY 2017/18 was \$630,528. The amount of HOME PI used on projects during FY 2017/18 was \$768,281, which includes PI from the previous year. The funds will be allocated to a housing development during the FY 2019/20 Action Plan cycle. With the new HUD procedures, the County will start allocating PI to specific projects.

**Describe other actions taken to foster and maintain affordable housing. 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 91.320(j)**

Market factors such as the high cost of land suitable for residential development and high construction costs continue to be significant constraints on the development of affordable housing in Contra Costa. In addition, the elimination of redevelopment agencies has made it much more difficult to obtain funding for affordable housing development. The County attempts to counter these factors with strategies and subsidy programs to develop affordable rental housing and homeownership opportunities. Actions undertaken by the County to decrease development costs and eliminate barriers to affordable housing include the following:

- The County adopted an Inclusionary Housing Ordinance which requires developers to provide 15 percent of the units as affordable to moderate, low, or very-low income households. However, 2009 court decisions have made the rental housing component of the Ordinance un-enforceable.
- The County has a density bonus ordinance to permit increased densities for housing developments that include units affordable to low-income households.

## CR-65 Narrative

The tables within CR-65 are intentionally left blank as directed by HUD. Beginning with the 2015 CAPER, the information for CR-65 is reported within the ESG eCart (the ESG-CAPER Annual Reporting Tool). The

eCart is a Microsoft Excel spreadsheet that is configured to load report level, aggregate information from the Homeless Management Information System (HMIS) and produce all statistical information required by HUD on program participants served in ESG-funded projects. The ESG eCart tool is attached (Attachment A) to this CAPER as an embedded document.

bumper-to-bumper traffic that added hours to their trips, company president Al Shufelberger said.

About 140 truckers haul cargo for the company based in Redding, south of the blaze.

He said only one customer demanded to know why a shipment wasn't coming on time.

"We just sent him articles from our local newspaper about the fire. He said, 'Sorry, do what you can,'" Shufelberger recalled with a laugh.

The Delta Fire had burned more than 34 square miles (89 square kilometers)

of timber and brush and prompted evacuation orders for scattered homes and buildings in three counties in and around Shasta-Trinity National Forest. At times, flames shot 300 feet into the air.

About 280 homes were considered threatened, but the blaze wasn't burning near any large towns, fire spokesman Brandon Vacarro said.

There were some reports that homes had burned, but Vacarro could only confirm that an outbuilding and two mixed-use commercial and residential buildings had been damaged.

Patience ran thin at Pilot Travel Center in the town of Weed, near the northern end of the closure, with facilities at the truck stop

stretched to the limit and parked big rigs lining nearby roads.

"It's been ridiculously congested. It's been frantic," cashier Jacob Chapman said Thursday. "A lot of the truckers are upset. They're just stuck, they can't get through and they're sick of waiting around."

California has been hit with one massive blaze after another, including a blaze not far from the Delta Fire that killed eight people and burned about 1,100 homes last month.

The unrelenting flames have drained California's firefighting budget and prompted victims to file more than 10,000 claims totaling nearly \$1 billion in property claims — even before the start of the dan-

gerous fall fire season, officials said.

The previous fire near Redding and another in the Mendocino area — the two largest blazes in the state this year — destroyed or damaged 8,800 homes and 329 businesses, Insurance Commissioner David Jones said. The Mendocino fire was expected to be fully contained by Sunday, more than six weeks after it started.

The director of the state's firefighting agency said it only had about \$11 million remaining in its annual budget and anticipates needing another \$234 million to add firefighters and helicopters, and to cover other costs of fires expected later this year.

**CONTRA COSTA COUNTY CONSOLIDATED ANNUAL PERFORMANCE AND EVALUATION REPORT**

Contra Costa County has prepared its FY 2017/18 Consolidated Annual Performance and Evaluation Report (CAPER) for the Community Development Block Grant (CDBG), HOME Investment Partnerships Act (HOME), Emergency Solutions Grants (ESG), Housing Opportunities for Persons with AIDS (HOPWA) Programs, and Neighborhood Stabilization Program (NSP). The CAPER is an annual report on the use of CDBG, HOME, ESG, HOPWA, and NSP funds during the reporting period of July 1, 2017 through June 30, 2018.

Interested citizens may review the CAPER at the Department of Conservation and Development, 30 Muir Road, Martinez, CA, 94553, between 8:00 AM and 5:00 PM, or by going to the following web page: <http://www.co.contra-costa.ca.us/4823/Community-Development-Block-Grant>. Comments on the report may be made in writing to Kristen Lackey, Program Manager, and Gabriel Lemus, CDBG Program Manager, at the above address. Written comments should be received by 5:00 p.m. on September 24, 2018. Public comments on the CAPER can also be made at the Board of Supervisors meeting on Tuesday, September 25, 2018, at approximately 9:00 a.m.

**CONDADO DE CONTRA COSTA INFORME ANUAL CONSOLIDADO DE DESEMPEÑO Y EVALUACIÓN**

El Condado de Contra Costa ha preparado el Informe Anual Consolidado de Desempeño y Evaluación del año fiscal 2017/18 ("CAPER", por sus siglas en inglés) para el Programa de Concesión del Desarrollo Comunitario ("CDBG", por sus siglas en inglés), Programa de Inversión en el Desarrollo de Viviendas ("HOME", por sus siglas en inglés), Programa de Refugio de Emergencia ("ESG", por sus siglas en inglés), y la Programa de Oportunidades de Alojar Personas con SIDA ("HOPWA", por sus siglas en inglés), y Programa de Estabilización de Vecindarios ("NSP", por sus siglas en inglés). El CAPER es un informe anual sobre el uso de fondos de los programas CDBG, HOME, ESG, HOPWA, y NSP durante el período del 1 de julio de 2017 hasta el 30 de junio 2018.

Los ciudadanos interesados podrán examinar el CAPER en el Departamento de Conservación y Desarrollo, 30 Muir Road, Martinez, CA 94553, entre las horas de 8:00 AM y 5:00 PM, o en la siguiente página de "internet": <http://www.co.contra-costa.ca.us/4823/Community-Development-Block-Grant>. Comentarios sobre el CAPER puede dirigirse por escrito a Kristen Lackey, Manejador del Programa, y Gabriel Lemus, Manejador del Programa CDBG, en la dirección mencionada anteriormente. Los comentarios escritos deben ser recibidos antes de las 5:00 de la tarde del 24 de septiembre 2018. Los comentarios del público sobre el CAPER también se pueden hacer personalmente en la Reunión de los Supervisores del Condado el martes, 25 de septiembre 2018 aproximadamente a las 9:00 de la mañana, 651 Pine Street, Martinez, CA 94553, en el Salón de los Supervisores.
