GRANT DEED OF DEVELOPMENT RIGHTS
(Creek Structure Setback Area)

This Grant Deed of Development Rights is made by and between the Grantor, San Ramon Valley Fire Protection District, and its successors and assigns ("Grantor"), and the Grantee, Contra Costa County, a political subdivision of the State of California, and its successors and assigns ("County").

RECITALS

- A. On November 1, 2011, the Board of Supervisors conditionally approved an application by ATI Architects for a land use permit (LP09-2026) to establish a new 9,400 square foot single story fire station on an approximately 1.10-acre parcel located at 2100 Stone Valley Road in an unincorporated area in Alamo, in the County of Contra Costa, State of California.
- B. The parcel referenced in Recital A is owned by the Grantor.
- C. Under County Ordinance Code sections 914-14.012, subdivision (a) ("Section 914-14.012(a)"), and 914-14.014, no permanent structures other than drainage structures may be constructed within, under or over any structure setback area of an unimproved earth channel. Section 914-14.012(a) requires the development rights for the portion of a lot within a structure setback area of an unimproved earth channel to be offered for dedication to the County.
- D. A tributary of San Ramon Creek is located near the northern boundary of the parcel referenced in Recital A. The tributary, an unimproved earth channel, will be referred to as the "Creek."

- E. In accordance with Section 914-14.012(a), Condition of Approval #59 of LP09-2026 requires development rights for the portion of the parcel within the structure setback area of the Creek to be conveyed to the County by grant deed.
- F. As part of its approval of LP09-2026, the Board of Supervisors made required findings and approved an exception under Section 92-6.002 of the County Ordinance Code to allow the structure setback area of the Creek to be reduced by moving the structure setback line a maximum of 10 feet north of its calculated location, provided that technical studies were submitted verifying the reduced setback for the proposed structure would be adequate, even in the event of creek bank erosion.
- G. The area described in Exhibit A and depicted in Exhibit B (the "Property") is the structure setback area described in the above-referenced condition of approval. Exhibits A and B are attached hereto and incorporated herein by this reference.
- H. Grantor desires to evidence its intent and ensure that the obligations specified herein are covenants, conditions and restrictions that run with the land and are for the benefit of the County.

NOW, THEREFORE, for good and valuable consideration, including but not limited to the agreements contained herein, the receipt and sufficiency of which is hereby acknowledged, Grantor hereby grants to the County, and its successors and assigns, on the terms and conditions set forth below, all the Development Rights within, on, and over the Property.

1. **Recitals.** The recitals are intended to be and shall be part of this Grant Deed.
2. **Development Rights.** "Development Rights" are defined to mean and refer to the right to construct permanent structures on all or any portion of the Property.
3. **Negative Easement.** This Grant Deed of Development Rights is in the form of a negative easement, which shall run with the Property and shall bind the Grantor and any future owners of all or any portion of the Property. This Grant Deed is an agreement in writing affecting the title or possession of the Property.
4. **Development Restrictions.** Except for drainage structures, Grantor shall not construct permanent structures on any portion of the Property, and Grantor agrees that except for permits for construction of drainage structures, no building permits or other permits shall be issued for the purpose of constructing permanent structures on any portion of the Property. Grantor hereby waives and relinquishes any rights it might otherwise have to such permits.
5. **Covenants Running With Land.** This Grant Deed shall be binding on the parties hereto and the provisions hereof shall be covenants running with the land and shall inure to the benefit of and be binding on the heirs, successors and assigns of the Grantor and County, all of the

Property and all other parties having or acquiring any right, title or interest in any part of the Property.

6. Remedies. If Grantor violates any of the provisions hereof, the County shall be entitled to all rights and remedies available at law or in equity, including without limitation, an order enjoining the activity in violation hereof and an order requiring the removal of the improvements constructed in violation hereof. In addition, the County shall be entitled to an award of all expenses incurred by the County in pursuing such violation(s), including costs, interest, attorney's fees and other litigation expenses.

IN WITNESS WHEREOF, this Grant Deed of Development Rights is signed and executed this _____ day of _____, 2018.
