Resolution No. 2015/456

In the matter of "Stepping Up" to Reduce the Number of People with Mental Illnesses in Jails

WHEREAS, counties routinely provide treatment services to the estimated two million people with serious mental illnesses booked into jail each year,

 $WHEREAS, prevalence\ rates\ of\ serious\ mental\ illnesses\ in\ jails\ are\ three\ to\ six\ times\ higher\ than\ for\ the\ general\ public;$

WHEREAS, almost three-quarters of adults with serious mental illnesses in jails also have substance use disorders;

WHEREAS, adults with mental illnesses tend to stay longer in jail and, upon release, are at a higher risk of recidivism than people without these disorders;

WHEREAS, county jails spend two to three times more on adults with mental illnesses that require interventions compared to those without these treatment needs;

WHEREAS, without the appropriate treatment and services, people with mental illnesses continue to cycle through the criminal

justice system, often resulting in tragic outcomes for these individuals and their families;

WHEREAS, Contra Costa County and all counties take pride in their responsibility to protect and enhance the health, welfare, and safety of its residents in efficient and cost-effective ways;

WHEREAS, Contra Costa County provides enhanced mental health services and care to immates housed at both the West County Detention and Marsh Creek Detention Facilities and, additionally, assists internal and external agencies in coordinating discharge planning and medical/mental bankli/medication information for immates prior to their release to the community.

WHEREAS, through Stepping Up, the National Association of Counties, The Council of State Governments Justice Center, and the American Psychiatric Association Foundation are encouraging public, private, and nonprofit partners to reduce the number of people with mental illnessees in julis.

NOW, THEREFORE, BE IT RESOLVED THAT the Board of Supervisors does hereby subscribe to the Call to Action to reduce the number of people with mental illnesses in our county jud, commit to sharing lessons learned with other counties in our state and across the county to support a national imitative and necourage all county officials, employees, and resident to participate in Stepping Up. We resolve to utilize the comprehensive resources available through Stepping Up to:

*Converse of draw or an diverse team of leaders and decision makes from multiple agencies committed to safely reducing

- Convene or draw on a diverse team of leaders and decision makers from multiple agencies committed to safely reducing the number of people with mental illnesses in jails;
 Collect and review prevalence numbers and assess individuals' needs to better identify adults entering jails with mental
- Collect and review prevalence numbers and assess individuals' needs to better identify adults entering jails with mental illnesses and their recidivism risk, and use that baseline information to guide decision making at the system, program, and case levels;
- Examine treatment and service capacity to determine which programs and services are available in the county for people
 with mental illnesses and co-occurring substance use disorders, and identify state and local policy and funding barriers to
- minimizing contact with the justice system and providing treatment and supports in the community;

 Develop a plan with measurable outcomes that draws on the just assessment and prevalence data and the examination of swilches the providing the providing treatment and control of the providing treatment and control of the providing treatment and prevalence data and the examination of swilches the providing treatment and prevalence data and the examination of the providing treatment and supports in the community;

 Develop a plan with measurable outcomes that draws on the justice assessment and prevalence data and the examination of the providing treatment and supports in the community;

 Develop a plan with measurable outcomes that draws on the justice assessment and prevalence data and the examination of the providing treatment and supports in the community;

 Develop a plan with measurable outcomes that draws on the justice assessment and prevalence data and the examination of the providing treatment and the providing
- available treatment and service capacity, while considering identified barriers;
 Implement research-based approaches that advance the plan; and
- Create a process to track progress using data and information systems, and to report on successes.

Cross Section of Contra Costa Leaders and Invested Parties
