Subject: Leland Frayseth's 18 July 2018 letter to the CWC on Los Vaqueros 275,000 acre-feet expansion is online

All,

Please read my 16th letter to the California Water Commission (CWC) on the proposed Los Vaqueros 275,000 acre-feet expansion and watch the video at the link embedded in the letter. https://cwc.ca.gov/Documents/2018/Correspondence/071818_LelandFrayseth_LosVaqueros.pdf

Thank you,
Leland Frayseth
34 year CCWD customer and ratepayer

Subject: Please vote "no" on CCWD's Los Vaqueros maximum conditional eligibility determination
Date: Wednesday, July 18, 2018 8:49:16 AM

Dear California Water Commission (CWC) Commissioners Quintero, Baker, Ball, Byrne, Curtin, Del Bosque, Keig, Herrera, Orth, staff and the public,

My name is Leland Frayseth I am a voter, taxpayer, property owner, 34 year Contra Costa Water District (CCWD) customer, ratepayer, payer of bond debt on the original and expanded Los Vaqueros reservoir and I am shown in the top box of this organization chart dated 6.12.18. <https://cold.govops.ca.gov/File/OrganizationalChart> This is my sixteenth letter to the California Water Commission. Please vote "no" on CCWD's Los Vaqueros maximum conditional eligibility determination and early funding request.

To this day the questions I raised at the Public Benefit Ratio (PBR) review meetings have not been addressed. California's public records and Brown act are intended to give the public, me, a seat at the table while the public's business is being discussed. The PBR review meetings with applicants were hurriedly thrust into the schedule after heavy lobbying by Association of California Water Agencies (ACWA) and water agencies' paid lobbyists because water districts were shocked at their low PBR scores. Please watch this video clip of my questions and Commissioner's comments. <https://youtu.be/bUwwZh6Vvas> Please vote "no" on CCWD's Los Vaqueros maximum conditional eligibility determination and early funding request.

Thank you,
Leland Frayseth
