Health and Safety Screener Results Summary

Grant Number: 09CH010862, 09HP000193

Program: Head Start, Early Head Start, Early Head Start-Child Care Partnership

Overview:

As a condition of the Head Start (HS)/Early Head Start (EHS) and Early Head Start- Child Care Partnership (EHS-CCP) grant funding awards for Fiscal Year 2019, Contra Costa County Community Services Bureau is required to conduct a review of each site serving children through this funding utilizing the health and safety screener checklist. The health and safety screener helps organizations to identify where they need to make changes and build capacity in order to ensure children are healthy and safe while in their care.

The following sites serving children under these grants have been reviewed with the required tool:

Directly Operated Centers	Partner Centers	Family Child Care (FCC)
Balboa	Crossroads	Anel Saavedra-Huerta
Bayo Vista	Baby Yale	Denise Medlock
Contra Costa College	FBHS Lido Square	Gina Jackson
Crescent Park	FBHS Odessa	Glorious Jackson
George Miller Concord	FBHS Fairgrounds	Jeanette Cooper
George Miller III	FBHS East Leland Court	Jeannie Santos
Las Deltas	FBHS Kid's Castle	Michelle Watkins
Lavonia Allen	KinderCare Mahogany	Ruth Watkins
Los Arboles	KinderCare El Sobrante	Shannon Del Prado Evans
Los Nogales	Martinez ECC	Tanya Taylor
Marsh Creek	TinyToes	Veronica Munoz
Riverview	YMCA Rodeo	Yolanda Braggs-Evans
Verde	YMCA Richmond CDC	
	YMCA 8th St.	
	YMCA Giant Rd.	

Findings:

Forty-one (40) sites were reviewed utilizing the health and safety screener to ol. This tool has a series of twenty-four (24) requirements. Upon completion of the tool, (3) sites were found to have no areas for improvement. The remaining (38) sites had a total of (170) items in need of improvement, as summarized below.

$Areas in \, Need \, of \, Improvement: \,$

C'L-	Directly Operated			
Site	Items in Need of Improvement	Status		
Balboa	Children are protected from potential hazards including choking, strangulation, electrical and drowning hazards, contagious diseases, and those presented by windows and glass doors, including falls and breakage; Toileting and diapering areas are separated from areas used for food preparation, service and eating, and equipped with sanitizing supplies for exclusive use in	In Progress		
	the area; Garbage is stored in a safe and sanitary manner to prevent contamination; Medication is properly stored and labeled and is not accessible to children; Cleaning supplies and other potentially dangerous materials and toxins are not accessible to children; Emergency supplies, including parent and			
	emergency contact information, first aid kits, and fire safety supplies are readily accessible to staff			
Bayo Vista Contra Costa	Toileting and diapering areas are separated from areas used for food preparation, service and eating, and equipped with sanitizing supplies for exclusive use in the area; Child-accessible electrical outlets have covers, are tamper-resistant, or have safety plugs; Cleaning supplies and other potentially dangerous materials and toxins are not accessible to children; Emergency supplies, including parent and emergency contact information, first aid kits, and fire safety supplies are readily accessible to staff; All staff are trained in and implement hygiene practices related to toileting, hand washing, diapering, safe food preparation, and exposure to blood and body fluids; Children are protected from potential hazards including choking,	In progress Corrected		
College	strangulation, electrical and drowning hazards, contagious diseases, and those presented by windows and glass doors, including falls and breakage; Medication is properly stored and labeled and is not accessible to children; A routine schedule of cleaning, sanitizing, and disinfecting is followed. Infant toys are cleaned and sanitized by staff as needed between each use by individual children.			
Crescent Park	Toileting and diapering areas are separated from areas used for food preparation, service and eating, and equipped with sanitizing supplies for exclusive use in the area; Emergency supplies, including parent and emergency contact information, first aid kits, and fire safety supplies are readily accessible to staff. Crossroads	Lighting is sufficient and adequate for all classroom	In progress
	activities; Smoke, carbon monoxide, and as necessary,	
	radon detectors are installed, properly located, and tested	
	regularly; Indoor and outdoor environments are free of	
	mold and pollutants, including smoke, lead, pesticides, and	
	herbicides, as well as soil and water pollutants; Premises	
	are kept free of undesirable and hazardous materials and	
	conditions. Indoor and outdoor premises are inspected	
	prior to each use by children; Direct service staff are	
	trained in first aid, CPR, prevention and control of	
	infection diseases, use of safe sleeping practices,	
	preventing and identifying Shaken Baby Syndrome,	
	abusive head trauma, sun safety and medication	
	administration (including the special needs of children	
	with health issues), and to respond to specific medical	
	emergencies, including asthma and allergies;	
Baby Yale	Lighting is sufficient and adequate for all classroom	In progress
baby fale	activities; Toilets and hand washing facilities are clean, in	iii progress
	good repair, and easily accessible for children's use.	
	Supplies including to ilet paper, hand soap, and towels are	
	available and accessible; Toileting and diapering areas are	
	separated from areas used for food preparation, service	
	and eating, and equipped with sanitizing supplies for	
	exclusive use in the area; Clean, sanitary drinking water	
	should be readily accessible in indoor and outdoor areas	
	throughout the day; Medication is properly stored and	
	labeled and is not accessible to children; Allindoor and	
	outdoor equipment, materials and furnishings meet	
	standards set by the Consumer Product Safety Commission	
	(CPSC) or the American Society for Testing and Materials,	
	International (ASTM); Emergency supplies, including	
	parent and emergency contact information, first aid kits,	
	and fire safety supplies are readily accessible to staff;	
	Agency has all-hazards emergency management/disaster	
	preparedness and response plans for events including	
	natural and man-made disasters and emergencies, and	
	violence in or near programs; A routine schedule of	
	cleaning, sanitizing, and disinfecting is followed. Infant	
	toys are cleaned and sanitized by staff as needed between	
	each use by individual children; Required staff to child	
	,	
	ratios are maintained at all times per local, state, and	
	Head Start regulations, whichever is more stringent;	
	Required group sizes are maintained at all times per local,	
	state, and Head Start regulations, whichever is more	
	stringent; All staff have background checks, sex offender	
	registry checks, criminal history checks including	
	fingerprint checks, and initial health exams; All regular	
	volunteers have been screened for appropriate	

communicable diseases as required by law, or in absence of a related law, as recommended by the Health Services Advisory Committee; All staff are trained in mandated reporter responsibilities, including recognizing suspected child abuse and neglect and following mandated reporting requirements; Direct service staff are trained in first aid, CPR, prevention and control of infection diseases, use of safe sleeping practices, preventing and identifying Shaken Baby Syndrome, abusive head trauma, sun safety and medication administration (including the special needs of children with health issues), and to respond to specific medical emergencies, including asthma and allergies; FBHS Lido Square Indoor and outdoor environments are free of mold and pollutants, including smoke, lead, pesticides, and herbicides, as well as soil and water pollutants; FBHS Odessa Lighting is sufficient and adequate for all classroom activities; Child-accessible electrical outlets have covers, are tamper-resistant, or have safety plugs. FBHS Farigrounds Toileting and diapering areas are separated from areas used for food preparation, service and eating, and equipped with sanitizing supplies for exclusive use in the area; All indoor and outdoor equipment, materials and furnishings meet standards set by the Consumer Product

Outcomes:

Timely follow-up has been conducted for each item and actions have been taken to ensure child safety, representative of quality standards of Head Start and local regulation. Action plans have been implemented for any outstanding items in need of improvement.
