BACKGROUND

In April of 2014, the Human Resources (HR) Department convened a Recruitment Opportunities Work Group consisting of representatives from the Human Resources Department, Office of the County Counsel, and the Office of Equal Employment Opportunity (EEO). The County Administrator tasked the group with establishing a post-Consent Decree framework to ensure that the County's workforce reflected the demographics of the communities we serve. Outreach was created to explore new and innovative ways to reach people who are under-represented¹ in the County's workforce. The goal is to provide equal employment opportunities for all qualified persons seeking employment with the County and special districts governed by the Board of Supervisors.

On July 1, 2015, the County implemented its outreach and recruitment plans for Fiscal Year (FY) 15-16. The goals of the plans were to promote equity and inclusion throughout the County's workforce. County departments along with EEO were instructed to conduct strategic outreach and recruitment efforts, which were specifically designed to reach qualified under-represented groups within the constituents we serve.

METHODOLOGY

In order to determine under-representation in each department, the EEO Officer annually compares the County's workforce data to the availability of qualified people who reside in the local labor market and are 16 years or older. The County's workforce data within this report is derived from employment records from the Human Resources database. The local labor market data is compiled by the 2010 United States Department of Census Bureau (Census) using the Equal Employment Opportunity Tabulation (EEO Tabulation), which is a benchmark for comparing the gender and racial makeup of an organization's workforce. It examines labor force diversity using Census data and is produced for federal agencies responsible for monitoring employment practices and enforcing civil rights laws for the workforce.

The current County reporting format uses statistical data to determine under-representation within the department as a whole. EEO conducted utilization analysis by race and gender as defined by the occupational categories within each department. An occupational category is a broad grouping of job classes which require similar levels of skill and training. The analysis relies on subtraction: the percentage of employees in the business's workforce in a particular job category, cross-classified by race, national origin and sex, minus the percentage of workers in the same job category in the relevant labor market, also cross-classified by race, national origin and sex². For example, if the business's Workforce Analysis Chart shows 40 percent Asian males in the Professionals job category, and if the community labor statistics table shows that in the relevant

¹ Dictionary.com defines underrepresentation as giving inadequate representation to; represent in numbers that are disproportionately low.

² As defined by the Department of Justice Office of Justice Programs Equal Employment Opportunity Plans

labor market, 20 percent of Professionals are Asian males, then the business is underusing Asian males in the job category by 20 percent.

TOTAL COUNTY WORKFORCE

As of December 31, 2018, Contra Costa County employed 9089 employees. Each department with underrepresentation of 10% or more in the gender, race and /or ethnicity³ categories is required to create a strategic outreach and recruitment plan which addresses the deficiencies and outreach needed. Representation rates, which are presented in percentages, are estimated indicators of whether or not a particular racial/ethnic or gender group is represented at a level comparable to the group's existence in the labor market. Departments provide steps that will be taken to assist in increasing the applicant flow of qualified individuals for the under-represented group(s). The County's job classes are determined by HR and assigned to an occupational category based upon the United States Equal Employment Opportunity Commission's definitions⁴.

Applicant flow analysis is an important component of outreach that helps the County determine the success of its outreach program. Applicant flow is the analysis of selection rate adjustments for a particular job and is used for record keeping and statistical purposes⁵. Employers are to provide applicants the option to self-identify or decline to submit the supplemental classification information which identifies gender, race and/or ethnicity. If an individual declines to self-identify, the individual's reporting data will not be included in the final tally.

The departments are required to reach out to individuals depending on where their underrepresentation exists. Each racial, ethnic and gender category is separate from the other and requires departments to participate in outreach to all groups where it has been determined that low representation exists.

As the County's EEO Officer, I am responsible for conducting outreach efforts to community based organizations (cbos). The outreach efforts place an emphasis on attracting under-represented groups within the County's workforce through ongoing marketing efforts. It is designed to meet them at the transaction level and provide County employment information to management teams, rank and file employees and the agency's clientele.

Community outreach is an important part of EEO's strategic plan to help the County reach underserved populations. Our plan is to create an environment where the County and the community unite to help eradicate barriers to employment. In order to make this endeavor successful, we must build stronger relationships with one another. It is important for our communities to know who the County is and what we have to offer them.

³ The Census Bureau categorizes ethnicity into two categories: Hispanic or Latino OR not Hispanic or Latino. The terms "Hispanic," "Latino," and "Spanish" are used interchangeably.

⁴ See Page 9-10 of this report for the definitions of the 8 occupational categories.

⁵ All institutions receiving federal contracts are obligated by federal law to track gender and race data for all candidates submitting applications for employment to the business. By law, the information cannot be a component of the employment determination, nor can it be used for consideration.

Outreach is specific to organizations whose clientele consists of veterans, women, disabled, re-entry, low income, faith-based, Hispanics, Blacks, Asians, and the homeless. From July 1, 2018 through June 30, 2019, EEO conducted nearly 400 outreach and recruitment efforts, which included meetings, teleconferences, job fairs and seminars with agency staff and/or clients from organizations listed below.

FY 2018- 2019 OUTREACH PLAN

The County relies on each department to outreach to its under-represented groups within the workforce to diversify our applicant flow. Applicant flow helps to measure how fair and inclusive our outreach programs are and if past outreach practices were proactive, strategic, and effective. It also assists the County in removing barriers. The County's applicant flow pipeline is broken into 5 categories listed below. For FY 17-18, The County received 26,822 applications whereas in FY 18-19, the County received 29,415 applications. Tables 1 and 2 indicate where the applicant heard about the job opportunity.

OUTREACH DISTRIBUTION

TABLE 2

FY 18-19

Tables 1 and 2 illustrate the County's outreach and recruitment efforts over the last two fiscal years. The tables show that the County's community based outreach increased our applicant flow by 1% during the relevant time. Outreach by advertisements remained steady at 5%.

The number of applicants who self-identified their gender, race and/or ethnicity for FY17-18 was 26,822. The number of applicants who self-identified their gender, race and/or ethnicity for FY18-19 was 27,706. The gender and racial/ethnicity makeup for applications received are listed below:

**TABLE 3
APPLICANT FLOW**

Table 3 illustrates the applicant flow by gender and race that reveals the following:

- The participation of males who submitted applications decreased from 40% in FY17-18 to 39% in FY18-19.
- The participation of females who submitted applications increased from 57% in FY17-18 to 61% in FY18-19.
- The participation of whites who submitted applications remained steady at 30%.
- The participation of blacks who submitted applications increased from 21% in FY17-18 to 22% in FY18-19.
- The participation of Hispanics who submitted applications increased from 20% in FY 17-18 to 21% in FY 18-19.

- The participation of Native Hawaiian/Pacific Islanders (NHPI) who submitted applications remained steady at 2%.
- The participation of American Indian/Alaskan Native (AIAN) increased from 1% in FY17-18 to 3% in FY 18-19.
- The participation of those who identified as two or more races decreased from 7% in FY17-18 to 5% in FY 18-19.

FY 17-18 AND FY 18-19
TABLE 5**

Table 5 illustrates the percentages of people hired during FY 17-18 and FY 18-19 based on race/ethnicity. The statistical analysis is listed below:

- The hiring of Whites decreased from 40% in FY 17-18 to 33% in FY 18-19.
- The hiring of Blacks decreased from 17% in FY 17-18 to 15% in FY 18-19.
- The hiring of Hispanics increased from 19% in FY 17-18 to 20% in FY 18-19.
- The hiring of Asians decreased from 24% in FY 17-18 to 17% in FY 18-19.
- The hiring of AIAN increased from 0% in FY 17-18 to 1% in FY 18-19.
- The hiring of NHPI increased from 1% in FY 17-18 to 2% in FY 18-19.
- The hiring of 2 or more races decreased from 2% in FY 17-18 to 0% in FY 18-19.

These trends continue to stress the importance for the County to continue its outreach efforts. EEO is committed to increasing the participation rates of qualified under-represented groups in our applicant pool. The areas of opportunities and improvement are:

- Continue working with CCTV to establish a social media page.
- Conducting more outreach to professional organizations, universities, community colleges and faith based organizations to increase participation in the County's hiring process.

- Create additional marketing tools such as brochures and power point presentations, which are designed to reach under-represented groups.
- Continue providing additional training to the departmental EEO Coordinators to help them to become more knowledgeable about targeted outreach, determining under-representation, and creating more effective outreach plans to assist in the recruitment process.
- Meeting with cbos to determine their needs and address them during presentations.

CONCLUSION

The data presented in this report provides the County stakeholders, managers, employees and the public detailed information regarding the County's outreach and recruitment efforts. Although we have made strides towards achieving workforce equity, there are areas that still need to be addressed. One area of note is the equitable distribution of jobs.

It is important that we continue to promote and enforce equal employment opportunities for all who apply for vacant positions. EEO and the departments will continue to work with cbos, colleges, universities and professional organizations to attract qualified candidates to help the County attain equity and inclusion within our workforce.

CONTRA COSTA COUNTY

The Office of EEO analyzed the workforce underrepresentation within Contra Costa County as of December 31, 2018. EEO compared the overall County workforce statistical data from December 31, 2018 to help determine the effectiveness of the County's outreach program. The job occupational categories and definitions are listed below.

- **Officials and Administrators:** Occupations in which employees set broad policies, exercise overall responsibility for execution of these policies, or direct individual departments or special phases of the agency's operations, or provide specialized consultation on a regional, district or area basis such as Department Heads.
- **Professionals:** Occupations which require specialized and theoretical knowledge which is usually acquired through college training or through work experience and other training which provides comparable knowledge such as HR professionals, accountants, and attorneys.
- **Technicians:** Occupations which require a combination of basic scientific or technical knowledge and manual skill which can be obtained through specialized post-secondary school education or through equivalent on-the-job training. They include jobs such as laboratory analysts and civil engineering assistants.
- **Administrative Support:** Occupations in which workers are responsible for internal and external communications, recording, and retrieval of data and/or information and other paperwork required in an office such as secretaries, administrative office assistants, and police clerks.
- **Service-Maintenance:** Occupations in which workers perform duties that result in or contribute to the comfort, convenience, hygiene or safety of the general public such as maintenance workers and custodians.
- **Skilled Crafts:** Occupations in which workers perform jobs which require special manual skill and a thorough and comprehensive knowledge of the processes involved such as electricians and tree trimmers.
- **Protective Service Workers (Sworn):** Occupations in which workers are entrusted with public safety, security and protection from destructive forces.
- **Protective Service Workers (Non-Sworn):** Occupations that perform technical and support work in safety or law enforcement work, which does not require a sworn person. Examples include community service officers and animal control officers.

CONTRA COSTA COUNTY AGRICULTURE / WEIGHTS AND MEASURES OUTREACH AND RECRUITMENT PLAN FY 2019-2020

Issue: The Board of Supervisors remains committed to maintaining a diverse and inclusive workforce which is reflective of the communities that we serve. As of December 31, 2018, the County's workforce statistical data indicate the following:

- Females are underrepresented in Officials and Administrators, Professionals, and Technicians positions
- Males are underrepresented in Administrative Support positions
- Whites are underrepresented in Technicians positions
- Blacks are underrepresented in Officials and Administrators, Professionals, Administrative Support, and Service Maintenance positions
- Hispanics are underrepresented in Officials and Administrators, Administrative Support, and Service Maintenance positions
- Asians are underrepresented in Officials and Administrators, Professionals, Technicians, and Administrative Support positions

We can only hire people licensed to do work in the majority of the positions in our department. All of our technicians (Biologists and Weights and Measures Inspectors), professionals, and officials and administrators require specific state licensing. When we are recruiting for our Biologists, Inspectors and supervisors, job announcements are sent to every qualified and licensed individual, which ensures that we are reaching the broadest qualified candidate pool possible. We get this list from the California Department of Food and Agriculture County Liaison office every time we have an opening. For job positions where state licensing is not required we will do more outreach in the community.

Objective: Increase the applicant flow of underrepresented groups within our workforce by conducting specific outreach and recruitment efforts to candidates who meet the minimum qualifications by encouraging them to apply for the vacant positions within the Agriculture / Weights and Measures Department.

Message: The Agriculture / Weights and Measures Department will target outreach efforts to online websites that serve underrepresented groups. We will electronically send these organizations open vacancies within the department during the fiscal year. This proactive measure will help to create a more diverse applicant pool of qualified candidates to apply for departmental vacancies.

Tools: The Agriculture department will disseminate information to the general public through our website as well as local community colleges and universities to get more people aware of what the Agriculture department does and what they need to do to be qualified to apply to the department. We will continue to utilize websites geared towards helping underrepresented people find employment when possible. When hiring for our licensed positions, the department gets a list of all licensees and ensures that everyone who is qualified receives notification of the job opening and how to apply.

Message Distribution

STRATEGY	ELEMENT	TASKS
Research employment websites and register to join the online community.	Internet/Computer	Register with websites such as womenforhire.com
Increase awareness about the different positions in our department and what the job qualifications for those positions are and how to get those qualifications.	Internet/Computer	Keep information updated for job qualifications, job descriptions, and licensing information to our department's website.
Target all underrepresented that possess a state inspector/biologist license, weights and measures inspector license, and supervisory licensing.	Personal contact	Mail or email all job announcements to all qualified individuals in order to expand the opportunity for qualified females.
Network with local Community Colleges and Universities to increase the applicant pool and explain the Department of Agriculture and Weights recruitment mission and goals.	Personal contact/publications	Develop content that highlights what the department does and the employment opportunities.

COUNTY ADMINISTRATOR'S OFFICE OUTREACH AND RECRUITMENT PLAN FY 2019-2020

Issue: The Board of Supervisors and the County Administrator's Office (CAO) remain committed to maintaining a diverse and inclusive workforce that is reflective of the communities that we serve. As of December 31, 2018, the County's workforce statistical data indicate the following:

- Males are underrepresented in Officials/Administrators and Administrative Support positions.
- Females are underrepresented in Technical and Skilled Craft positions.
- Whites are underrepresented in Technical positions.
- Hispanics and Asians are underrepresented in Administrative Support and Skilled Craft positions.

This workforce underrepresentation data includes data for the following departments within the County Administrator's agency: Clerk of the Board; CCTV; Department of Information Technology, including the Telecommunications division; Law and Justice Systems; Risk Management, and the Administrative Office of the County Administrator, including the Labor Relations unit.

Objective: Increase the applicant flow of males, females, Whites, Hispanics and Asians who meet the minimum qualifications by encouraging them to apply for the vacant positions within the various departments of the CAO.

Message: In partnership with the Human Resources Department, the CAO will continue to conduct strategic and targeted outreach efforts to organizations and online websites that serve diverse populations. We will continue to electronically send these organizations all open vacancies within the department and continue national outreach efforts as appropriate. These proactive measures have supported our hiring efforts in the administrative office.

We are currently undergoing a recruitment for three positions in the Administrative Office and hope to have a more balanced representation after the vacancies are

filled. Therefore, we hope that next year's data will demonstrate improvement in our underrepresentation data.

The 2018-19 Outreach and Recruitment Plan contained strategies to improve representation in the various categories and our recruitment efforts have rendered success with a 6% reduction in the underrepresentation of whites in technician positions and Hispanics in administrative support positions. Unfortunately, there was a 23% decrease in the representation of females in technician positions from 2018.

Tools: Websites geared towards helping males and females as well as those of White, Asian and Hispanic race/ethnicity find employment
 Conduct nationwide outreach, as appropriate
 Partner with the Human Resources Department

STRATEGY	ELEMENT	TASKS
Conduct outreach with community based organizations to seek potential White, Asian and Hispanic candidates.	Personal/Computer Contact	Reach out to community based organizations that serve diverse populations, including White, Asian and Hispanic. Post job announcements with these partner agencies when positions are being recruited.
Conduct nationwide outreach, as appropriate	Contractor/Internet/Computer	Utilize a contractor that can facilitate nationwide recruitment efforts to potential male, female and White, Asian and Hispanic candidates, as well as, support the department's selection efforts. The Office has utilized KMI Consulting to broaden outreach efforts when hiring.

Partner with Human Resources Department to post job vacancies on websites and publications of Alumni Associations geared towards helping White, Asian and Hispanic populations find employment.	Personal/Computer Contact	Inform the Human Resources Department of our recruiting strategies and request their support to heavily recruit with Alumni Associations to support our efforts to recruit male, female, White, and Hispanic populations.
Expand outreach to associations and professional organizations that serve males, Asian and White populations.	Internet/Computer/Personal Contact	Work closely with Human Resources and staff to identify professional organizations, inclusive of diverse populations, to send job announcements to, such as, National Coalition for Men and the National Association of Asian American Professionals.

COUNTY COUNSEL OUTREACH AND RECRUITMENT PLAN FY 2019-2020

Issue: The data chart prepared by the County's Equal Opportunity Officer indicates that, when the 48 employees in the County Counsel's Office are compared with the working population of Contra Costa County, the County Counsel's Office is statistically under-represented in the following categories:

- Hispanics and Asians are under-represented in the Officials and Administrators classifications;
- Asians and men are under-represented in the Professionals and Administrative Support positions

For the purpose of this plan, this Office addresses only the attorney and non-clerical recruitments. Clerical outreach and recruitments are countywide and are not conducted by this office.

Objective: The department will continue to enhance partnerships with legal associations, law school career centers, and like agencies to keep them apprised of job vacancies within our office.

Message: The Office of the County Counsel will continue to work towards creating a diverse and qualified applicant pool of candidates from which we fill the vacant positions. All open recruitments within the department are mailed to over 70 organizations during the examination period. These measures are intended to help create a more diverse applicant pool of qualified candidates that apply for departmental vacancies.

Tools: Enhance the communication methods of job vacancies with our under-represented groups expanding the postings of job vacancies via the internet with online job boards, Public Services Employment services, mailings and coordination with the EEO's staff through community based organizations, local job fairs, and law school career centers.

FIRE PROTECTION DISTRICT OUTREACH AND RECRUITMENT PLAN FY 2019-2020

Issue: The Fire Protection District remains committed to maintain a diverse and inclusive workforce which is reflective of the communities that we serve. As of December 31, 2018, the County's workforce statistical data indicate the following:

- Females are underrepresented in Official and Administrator, Professional, Technical, Protective Services (Sworn), Protective Services (Non-Sworn) and Service Maintenance positions.
- Hispanics are underrepresented in Official and Administrator, Skilled Craft and Service Maintenance positions.
- Blacks are underrepresented in Service Maintenance and Protective Services (Sworn) positions.
- Asians are underrepresented in Officials and Administrators, Professionals, Technicians, Administrative Services, and Skilled Craft.

Objective: Increase the applicant flow of underrepresented groups within our workforce by conducting specific outreach and recruitment efforts to Community Based Organizations, Professional Groups and online recruitment sites who serve the populations listed above.

Message: The Fire District will continue to conduct strategic outreach efforts to community based organizations, professional groups and online websites that serve those populations where we have underrepresentation. We will electronically send these organizations all open vacancies within the District during the fiscal year. In addition, we will continue to promote careers in the Fire Service by partnering with middle through high schools, and community colleges with a diverse student population. These proactive measures will help to create a more diverse applicant pool of qualified candidates to apply for District vacancies.

Tools: In June 2016, the Fire Protection District formulated an "Outreach and Recruitment Team" at the Fire Chief's direction and with his direct participation on the committee. We began working to increase the pool of eligible applications for positions in the

District by (1) targeting outreach to local middle and high schools, community colleges and universities with our diversity goals in mind; (2) expanded internship opportunities by hiring Student Interns who are currently enrolled in “Fire Science” certificate programs. The internship opportunities are a useful tool to expand the applicant pool for permanent positions when they become available.

In 2017 and 2018, the District continued meeting with the Outreach and Recruitment Team.

In May 2019, the Fire District sent two female firefighters to represent the District at the NorCal Women in the Fire Service’s event called, “First Alarm Girl's Fire Camp”. This was a two-day program made up of active duty women firefighters from the Bay Area and across the West Coast. The camp provided girls from 9-12 grade with hands-on training on power tools, hose handling, how to use a fire extinguisher, how to put on and remove personal protective equipment (PPE), orientation to using a self-contained breathing apparatus (SCBA), an introduction to wildland firefighting, and training in ladders including an opportunity to climb the aerial truck ladder.

HEALTH SERVICES OUTREACH AND RECRUITMENT PLAN FY 2019-2020

Issue: As of December 31, 2018, Contra Costa Health Services' statistical data showed under-representation of the following:

- Males in Officials and Administrators, Professionals, Technicians and Administrative Services.
- Whites in Professional, Technical, Administrative Services, Service Maintenance and Protective Services Non-Sworn positions.
- Hispanics in Service Maintenance positions
- Asians in Protective Services Non-Sworn positions.

The Health Services Department has nine Divisions providing health care and emergency response services to the residents of Contra Costa County. The majority of our professional classifications are dominantly held by women. Per data from the United States Department of Labor, there is a disproportionate representation of women in certain professions such as Registered Nurse, Social Worker, Medical and Health Services Manager, Counselor, and Human Resources Manager.

The Department conducts its own recruitment and strives to reach a diverse applicant pool by utilizing the County's Outreach Mailing List consistently in addition to posting our job announcements online to popular websites such as Craigslist, Indeed and Monster, and distribution to health professional organizations and community agencies.

Objective: Increase the applicant pool of Male and White, Hispanic, and Asian candidates who meet the minimum qualifications and maintain a diverse workforce within the Health Services Department.

Message: The Department will continue to utilize the County's List of community/faith based organizations and work with SPIN Recruitment Agency by posting our job announcements to popular websites such as Indeed, Monster, and Craigslist and

expand to non-traditional sites. In addition, we participate in local job/career fairs, and partner with our Division Managers to look for innovative ways to attract qualified candidates from affiliated organizations, local colleges and universities.

HUMAN RESOURCES OUTREACH AND RECRUITMENT PLAN FY 2019-2020

Issue: The Board of Supervisors remains committed to maintaining a diverse and inclusive workforce which is reflective of the communities that we serve. The Human Resources Department statistical data for gender underrepresentation is listed below:

Male

- Officials and Administrators - 58%
- Professionals - 21%
- Administrative Support - 24%

White

- Administrative Support - 20%

Black

- Officials and Administrators - 7%

Hispanic

- Officials and Administrators - 10%

Asian

- Officials and Administrators - 14%
- Professionals - 13%

Objective: Increase outreach to underrepresented candidates for positions in the Human Resources Department.

Message: The department will continue to develop and utilize innovative recruitment tools to attract a diverse applicant pool of qualified candidates desiring a career in government human resources including advertising employment opportunities on websites that will reach a more diverse workforce.

Tools: Our current recruitment strategies include distribution of all County job opportunities to a vast number of community and faith based organizations, colleges, cities, employment placement services, including our own county offices, such as the Contra Costa County Library, Veterans Services and the Employment and Human Services Department.

Our plan is to post vacancies on websites to include: CareersinGovernment, Monster, Hot Jobs, Craigslist, CareerBuilder, Dice, Indeed, Bay Area Careers, SimplyHired, etc. and social media sites such as Facebook, Instagram, Twitter and LinkedIn.

We will also reach out to select universities including University of California, Berkeley, University of California, Los Angeles, University of California, Davis. Local colleges such as Cal State East Bay, Los Medanos and Diablo Valley as well as other adult schools in the area will be targeted. We will continue to post on sites geared toward human resources professionals such as SHRM, CALPELRA and IPMA.

PUBLIC DEFENDER OUTREACH AND RECRUITMENT PLAN FY 2019-2020

Issue: The Board of Supervisors remains committed to maintain a diverse and inclusive workforce which is reflective of the communities that we serve. As of December 31, 2018, the Office of the Public Defender workforce statistical data indicates the following:

- Males are underrepresented in the Officials and Administrators, Professionals and Administrative Support positions;
- Whites are underrepresented in the Administrative Support positions.
- Hispanics are underrepresented in Officials and Administrator positions; and
- Asians are underrepresented in Professional Positions.

Objectives:

- Increase the applicant flow of underrepresented groups within our Department's workforce by conducting specific outreach and targeted recruitment efforts to Community/Faith Based Organizations, Professional Groups and online recruitment sites who serve the populations listed above.

Message: The Department will continue to conduct strategic and targeted outreach efforts to traditionally underrepresented racial minorities, in order to create a more diverse applicant pool of qualified candidates to apply for vacant positions.

Tools: We will continue to increase the pool of eligible applicants for positions in the department by targeting outreach to local colleges, universities and law schools with our above objectives in mind.

Accomplishments: Our Department is primarily financed through the general fund; therefore, we are limited in the number of positions that we are able to fill through attrition vacancies. However, we have recently been successful in securing outside grant funding for some positions. In the future we will continue to strive to hire into these positions from a broad applicant pool with a focus on our underrepresented categories.

Finally, to maintain the diversity of our workforce, the Department Head has formed a diversity

committee to actively recruit minority attorney and graduate law clerk applicants from a diverse array of law schools. The Department strives to promote diversity and achieve gender-balance in the graduate law clerk pool, as this group is a significant source of applicants for the entry-level attorney positions. Although the workforce of this Department represents only a small portion of the County's overall workforce, because of the significant diversity in our client population, we are uniquely focused and committed to achieving the County EEO and Recruitment targets.
