Meeting Date: 03/11/2019

Subject: RECOMMENDATION FOR APPOINTMENT TO THE HAZARDOUS MATERIALS COMMISSION

Submitted For: Anna Roth, Health Services Director

Department: Health Services

Referral No.: IOC 19/5

Referral Name: Advisory Body Recruitment

Presenter: Michael Kent, Exec Asst to the
Commission

Contact: Michael Kent (925)
313-6712

Referral History:

In 2013, IOC reviewed Board Resolution Nos. 2011/497 and 2011/498, which stipulate that applicants for At Large/Non Agency-Specific seats on specified bodies are to be interviewed by a Board Committee. The IOC made a determination that it would delegate the screening and nomination of Hazardous Materials Commission candidates to the Commission, for review by the IOC.

The Hazardous Materials Commission was established in 1986 to advise the Board, County Staff and the mayor's council members, and staffs of the cities within the County, on issues related to the development, approval and administration of the County Hazardous Waste Management Plan. Specifically, the Board charged the Commission with drafting a Hazardous Materials Storage and Transportation Plan and Ordinance, coordinating the implementation of the Hazardous Materials Release Response Plan and inventory program, and analyzing and developing recommendations regarding hazards materials issues with consideration to broad public input, and reporting back to the Board on Board referrals.

Referral Update:

The term for Business #2 Alternate seat expired on December 31, 2017 and has been vacant ever since. The bylaws of the Commission provide that Business #2 Alternate seat be nominated by the Industrial Association, screened by the Internal Operation Committee and appointed by the Board of Supervisors. The Industrial Association has nominated Peter Dahling, Senior Manager of Regulatory Affairs at Marathon Oil, for this seat. His letter of support and application are attached. The term for this seat expires on December 31, 2021.

Recommendation(s)/Next Step(s):

RECOMMEND to the Board of Supervisors the appointment of the Peter Dahling to the Business #2 Alternate seat on the Hazardous Materials Commission to complete the unexpired term ending on December 31, 2021.

Subcommittee Report

INTERNAL OPERATIONS COMMITTEE

5.

Meeting Date: 03/11/2019

Subject: REPORT FROM THE AUDITOR-CONTROLLER'S OFFICE ON THE SCHEDULE OF FINANCIAL AUDITS FOR 2019

Submitted For: Robert Campbell, Auditor-Controller

Department: Auditor-Controller

Referral No.: IOC 19/2

Referral Name: Review of the Annual Audit Schedule

Presenter: Joanne Bohren, Auditor-Controller
Division Mgr

Contact: Joanne Bohren
925-335-8610

Referral History:

The Internal Operations Committee was asked by the Board in 2000 to review the process for establishing the annual schedule of audits, and to establish a mechanism for the Board to have input in the development of the annual audit schedule and request studies of departments, programs or procedures. The IOC recommended a process that was adopted by the Board on June 27, 2000, which called for the IOC to review the schedule of audits proposed by the Auditor-Controller and the County Administrator each December. However, due to the preeminent need during December for the Auditor to complete the Comprehensive Annual Financial Report, the IOC, some years ago, rescheduled consideration of the Auditor's report to February of each year.

Referral Update:

Attached is a report from the Auditor-Controller reviewing the department's audit activities for 2018 and transmitting the proposed schedule of financial audits for 2019, which are already in progress.

To provide continuity from the prior year report, in 2018, the Auditor's Office found an overall lack of adherence to several of the County's administrative requirements for cash collection; discharge of delinquent accounts; inventories of materials, supplies and capital assets; and petty cash. The Auditor also found noncompliance with procurement card policies, contracting policies and procedures, and MAC fiscal procedures.

Supervisor Andersen commented last year that staff compliance with the procurement card policies might be improved if an FAQ (frequently asked questions) document was made available on the Intranet. Purchasing Manager David Gould had clarified that procurement card training is provided once to new card holders.

Auditor-Controller Division Manager Joanne Bohren will present the 2019 report.

Recommendation(s)/Next Step(s):

ACCEPT report on the Auditor-Controller's audit activities for 2018 and APPROVE the proposed schedule of financial audits for 2019.

Fiscal Impact (if any):

There is no fiscal impact related to providing input into the annual audit schedule. The financial auditing process may result in positive and negative fiscal impacts, depending on the audit findings.

TO: Internal Operations Committee

FROM: Robert R. Campbell, Auditor-Controller
By: Joanne Bohren, CPA, Auditor-Controller Division Manager 

SUBJECT: Internal Audit – Annual Report

The Board of Supervisors adopted a policy on June 27, 2000, directing the Auditor-Controller to annually report to the Internal Operations Committee on the proposed schedule of Internal Audit examinations for the following calendar year. The attached "*Schedule of Internal Audit Examinations*" provides the proposed examination schedule for 2019, and the attached "*Schedule of Internal Audit Examinations for 2018*" summarizes the status of the 2018 examinations.

In 2018, the Internal Audit Division completed sixteen (16) of the scheduled examinations. Fieldwork has been completed for eleven (11) scheduled examinations which are in progress and scheduled to be completed by March 31, 2019. The two (2) remaining examinations have been rescheduled for 2019.

The Internal Audit Division of the Office of the Auditor-Controller received multiple resignations in 2018, leaving the division with two (2) Senior Auditors to complete the 2018 scheduled examinations. Staff was able to complete the fieldwork for all but two (2) examinations and is in the process of preparing the examination reports to complete the 2018 scheduled examinations. As of February 2019, three (3) of four (4) vacant positions have been filled.

Procurement Card

The quarterly procurement card reviews continue to reflect compliance issues in the use of the card for recurring payments, gifts, services, memberships, and meal payments. Per the Procurement Card Manual, Section V.G, the use of a procurement card for recurring payments, gifts, services, memberships, printing services, and meals is prohibited. Cardholders are also using procurement cards for purchases prohibited by the County's Administrative Bulletins. Additionally, the required supporting documentation for payments often is missing or inadequate.

2019 Scheduled Examinations

The Auditor-Controller Division Manager of the Internal Audit division and the Auditor-Controller performed a thorough review of existing and recurring examinations and identified potential new examinations that should be incorporated in the 2019 schedule. The emphasis and priority in scheduling examinations is based on the perceived risk to the County. The schedule is composed of legally required examinations, such as the Treasury cash counts, reoccurring examinations, and new examinations. Thirty-three (31) examinations have been scheduled for calendar year 2019.

Legally required examinations have their basis in government code. Reoccurring examinations have a preferred cycle attached to them based on their perceived amount of inherent risk. If a concern comes to the attention of the Auditor-Controller or the Assistant Auditor-Controller, a reoccurring examination may be planned prior to it being due based on the preferred cycle.

The County's financial operations are subject to audit by a firm of independent external auditors, Macias Gini & O'Connell, LLP, Certified Public Accountants (MGO). The external auditors are responsible for performing an annual audit of the general-purpose financial statements of the County and the Public Financing Authority. The external auditors also perform an annual "Single Audit" of the County's federal financial-assistance programs. Other independent auditors perform annual audits of the Contra Costa County Housing Authority, state grant programs, and the FIRST 5 Contra Costa Children and Families Commission.

Contra Costa County Board of Supervisors

Subcommittee Report

INTERNAL OPERATIONS COMMITTEE

6.

Meeting Date: 03/11/2019

Subject: RECOMMENDATIONS FOR DISPOSITION OF LOW MILEAGE FLEET VEHICLES

Submitted For: Brian M. Balbas, Public Works Director/Chief Engineer

Department: Public Works

Referral No.: IOC 19/3

Referral Name: Review of Annual Master Vehicle Replacement List and Disposition of Low-Use Vehicles

Presenter: Joe Yee, Deputy Public Works Director **Contact:** Carlos Velasquez 925....

Referral History:

In FY 2008/09, the Board approved the establishment of an Internal Services Fund (ISF) for the County Fleet, now administered by the Public Works Department. Each year, the Public Works Department Fleet Services Manager analyzes the fleet and annual vehicle usage, and makes recommendations to the IOC on the budget year vehicle replacements and on the intra-County reassignment of underutilized vehicles, in accordance with County policy. The Board requested the IOC to review annually the Public Works Department report on the fleet and on low-mileage vehicles.

To provide context for the 2017/18 annual report, attached, below are some highlights from the 2016/17 annual report:

- In FY 2016-17, 57 new vehicles were purchased, 28% less than FY 2015-2016, and 33% less than were purchased in FY 2014-15.
- Fleet continually reviews vehicle usage in an effort to reduce underutilized vehicles according to Administrative Bulletin 508.5. During the most recent review in February 2017, one unit was identified that required further analysis for possible reclassification or reassignment which is the same as previous year.
- Fleet Services continues to promote building a “Green Fleet” by purchasing 26 hybrid vehicles as replacement vehicles.
- Fleet Services continues to install telematics GPS devices, where appropriate, to help improve fleet utilization, identify vehicle locations in the event of an emergency, reduce costs by identifying and immediately reporting operational issues with the vehicle, and improve accuracy of mileage meter readings. Department users of vehicles equipped with the telematics GPS devices also have access to standard reports which they can use to review incidences of speeding, excessive idling, vehicle utilization, etc., to help reduce departmental fleet cost. Over 681 vehicles in the County fleet are equipped with these devices.

- 429 light vehicles equipped with the telematics GPS device are enrolled in the State Continuous Smog Testing Pilot Program excluding them from the mandatory biennial physical smog test which reduces cost and vehicle downtime. The telematics device continuously monitor emissions performance and will send a notification immediately when a fault is detected so repairs can be made.

Referral Update:

Attached for the Committee's review is the 2017/18 annual report on the ISF and low-mileage vehicles, as prepared by the Public Works Department.

Recommendation(s)/Next Step(s):

ACCEPT 2017/18 annual report from the Public Works Director on the Internal Services Fund and status of the County's Vehicle Fleet.

Fiscal Impact (if any):

Reassigning underutilized vehicles would increase cost efficiency, but the fiscal impact was not estimated.

SUBJECT: FLEET INTERNAL SERVICE FUND FY 2017-18 REPORT

MESSAGE:

Recommendation

Accept the Internal Service Fund (ISF) Fleet Services report for FY 2017-18.

Background

The Fleet Services Division has operated as an Internal Service Fund since 2008 to ensure stable and long-term vehicle replacement funding.

Fleet Services provides various services to County departments including the acquisition, preventative maintenance, repair, and disposal of fleet vehicles and equipment. The division services the County's fleet of over 1500 vehicles/equipment/trailers, of which, 908 vehicles are included in the ISF program.

ISF Rate Structure

There are three components to recover operational costs for vehicles in the ISF Fleet Services program which are charged to the departments. They are:

1. A fixed monthly cost to cover insurance, Fleet Services overhead, and vehicle depreciation / replacement
2. A variable cost based on miles driven to cover maintenance and repair costs
3. Direct costs for fuel

This rate structure enables the ISF to collect monthly payments from customer departments over the life-cycle of the units to fund operations and enable the systematic replacement of units at the end of a vehicle's useful life or when it becomes a cost-effective decision to do so.

The estimated fixed and variable rates are adjusted each year to develop ISF rates as close to actual costs as possible for each class of vehicle. Accordingly, the FY 2017-18 expenses were reviewed to develop new rates for FY 2018-19, which went into effect September 1, 2018. Please refer to Attachment A accompanying this report for the ISF Fleet Rates Schedule.

Fleet Services Goals and Objectives

- Continue to provide cost-effective services that meet or exceed our customers' needs and expectations by evaluating additional services and new technologies to increase efficiencies.
- Continue to evaluate and recommend for replacement all vehicles and fleet equipment that are due for replacement based on a predetermined schedule and/or a time when it is most cost-effective to do so and in accordance with Administrative Bulletin 508.5. This increases vehicle availability through reduced down time associated with an older fleet.
- Continue to maintain a newer fleet focusing on preventative maintenance thus reducing repair costs typically associated with an older fleet.
- Continue to purchase clean air vehicles whenever feasible and to grow the number of electric vehicles in the fleet as existing equipment requires replacement. Fleet Services continues to seek grant funding opportunities to expand the electric vehicle charging station infrastructure to support County and personal vehicles.
- Continue to ensure that all County vehicles are maintained and repaired in a timely, safe, and cost effective manner in order to provide departments with safe, reliable vehicles and equipment.
- Continue to work with departments to identify vehicles and equipment that are underutilized in an effort to maximize fleet utilization, identify departmental actual needs, and reduce fleet costs.

Highlights

- In FY 2017-18, 74 new vehicles were purchased, 16% more than FY 2016-17, and 6% less than were purchased in FY 2015-16.
- Fleet continually reviews vehicle usage in an effort to reduce underutilized vehicles according to Administrative Bulletin 508.5. During the most recent review in February 2019, two units were identified that required further analysis for possible reclassification or reassignment which is one more than the previous year.
- Fleet Services continues to promote building a "Green Fleet" by purchasing 20 hybrid vehicles as replacement vehicles.
- Fleet Services continues to install telematics GPS devices, where appropriate, to help improve fleet utilization, identify vehicle locations in the event of an emergency, reduce

costs by identifying and immediately reporting operational issues with the vehicle, and improve accuracy of mileage meter readings. Department users of vehicles equipped with the telematics GPS devices also have access to standard reports which they can use to review incidences of speeding, excessive idling, vehicle utilization, etc. to help reduce departmental fleet cost. Over 770 vehicles in the County fleet are equipped with these devices.

- Light vehicles equipped with the telematics GPS device are enrolled in the State Continuous Smog Testing Pilot Program excluding them from the mandatory biennial physical smog test which reduces cost and vehicle downtime. The telematics device continuously monitor emissions performance and will send a notification immediately when a fault is detected so repairs can be made.

Summary

The Fleet Services Division operates as an Internal Service Fund (ISF), providing services to a variety of County Departments. As an ISF, Fleet is responsible to fully recover the cost of providing services and the cost of capital purchases. Key responsibilities of the Division are vehicle preventative maintenance and repair, fueling, replacement analysis, specification review, acquisition, new vehicle up-fitting, and preparation of surplus vehicles for disposal.

In FY 2017-18, Fleet Services had a staff of 21 Administration and Operations employees. The Administration section consists of one Fleet Manager, one Fleet Service Center Supervisor, one Fleet Equipment Specialist and one Clerk. The Operations section consists of one Lead Fleet Technician, 2 Equipment Services Workers, 12 Equipment Mechanics and 2 Equipment Service Writers.

The FY 2017-18 budget of \$14,528,416 included: \$2,678,183 for salaries; \$4,203,608 for vehicle repairs; \$2,054,476 for fuel; and \$2,789,256 for the replacement of fleet vehicles and equipment. The ending ISF Fund Balance for FY 2017-18 is \$13,959,235.

Fleet Services continues to purchase clean air vehicles whenever feasible and plans to grow the number of electric vehicles in the fleet as existing equipment requires replacement. All diesel vehicles use renewable fuel and all sedans must have a PZEV rating or greater by the California Air Resources Board.

Fleet Services continues to work to achieve the primary goals and objectives of providing County departments with vehicles and equipment that are safe, reliable, economically sustainable, and consistent with departmental needs and requirements at the lowest possible cost. The Division will continue to monitor vehicle use to optimize new vehicle acquisition and better utilize existing vehicle assets.

Subcommittee Report

INTERNAL OPERATIONS COMMITTEE

Meeting Date: 03/11/2019

Subject: Small Business Enterprise & Outreach Program - July-December 2017

Submitted For: Brian M. Balbas, Public Works Director/Chief Engineer

Department: Public Works

Referral No.: IOC 19/1

Referral Name: Small Business Enterprise and Outreach Programs

Presenter: David Gould, Purchasing Services
Manager

Contact: David Gould (925)
313-2151

Referral History:

The Board of Supervisors has adopted these programs to enable small and local businesses to compete for a share of the County's purchasing transactions.

SBE and Outreach Programs. The Board of Supervisors has set a goal of awarding at least 50% of eligible product and service dollars to small businesses. The Small Business Enterprise (SBE) Program applies to: (1) county-funded construction contracts of \$100,000 or less; (2) purchasing transactions of \$100,000 or less; and (3) professional/personal service contracts of \$100,000 or less. The SBE Program's objective is to have at least 50% or more of the total eligible dollar base amounts be awarded to SBEs. A Small Business Enterprise, as defined by the California Government Code, Section 14837, Chapter 3.5 must be:

- Independently owned and operated business, which is not dominant in its field of operation
- Principal office of which is located in California
- Officers of which are domiciled in California, and which together with affiliates, has 100 or fewer employees
- Average annual gross receipts of fourteen million dollars (\$15,000,000) or less over the previous three tax years, or a manufacturer with 100 or fewer employees.

Local Bid Preference Program. On August 10, 2004, the Board of Supervisors referred to the Internal Operations Committee (IOC) the creation of a policy to grant a five percent preference to Contra Costa County vendors on all sealed bids or proposals, except with respect to those contracts which state law requires to be granted to the lowest bidder, and review of an ordinance to be drafted by County Counsel to enact this policy. The 2005 IOC proposed a new ordinance to the Board of Supervisors, and the Board adopted the local bid preference ordinance to support small local business and stimulate the local economy at no additional cost to the County. The ordinance provides that if the low bid in a commodities purchase is not a local vendor, any responsive local vendor who submitted a bid over \$25,000 that was within 5% percent of the lowest bid has the option to submit a new bid. The local vendor will be awarded if the new bid is

in an amount less than or equal to the lowest responsive bid, allowing the County to favor the local vendor but not at the expense of obtaining the lowest offered price.

The ordinance defines a local vendor as any business that has its headquarters, distribution point, or locally-owned franchise located within the county for at least six months immediately prior to the issuance of the request for bids, and holds a valid business license by a jurisdiction in Contra Costa County.

Reporting Requirements

It is the responsibility of each department to track and compile the data on purchasing and outreach activities so that a countywide report can be provided to the Board of Supervisors. It is the responsibility of the Purchasing Services Manager to comply with and report on the Local Bid Preference Program. The Board receives reports for six month increments, and the last report received by the Board was for the period ending June 30, 2018.

Since adoption, the IOC has continued to monitor the effects of these programs through annual reports, currently prepared and presented by the Purchasing Services Manager.

Referral Update:

The attached report constitutes the next report due for the time period of July 1 through December 31, 2018.

Recommendation(s)/Next Step(s):

ACCEPT the Small Business Enterprise, Outreach and Local Bid Preference Programs Report, reflecting departmental program data for the period July 1 through December 31, 2018.

Fiscal Impact (if any):

None. This is an informational report.

SUBJECT: **Small Business Enterprise, Outreach, and Local Program Report for July-December 2018**

RECOMMENDATION:

ACCEPT the SBE, Outreach, and Local Programs Report, reflecting departmental program data for the period: July 1 through December 31, 2018.

BACKGROUND:

Contra Costa County values the contributions of small business in the County and has developed programs to assist in the solicitation and awarding of contracts. The Board of Supervisors has adopted these programs to enable small and local businesses to compete for a share of the County's purchasing transactions.

The Board of Supervisors has set a goal of awarding at least 50% of eligible product and service dollars to small businesses. The Small Business Enterprise (SBE) Program applies to: (1) county-funded construction contracts of \$100,000 or less; (2) purchasing transactions of \$100,000 or less; and (3) professional/personal service contracts of \$100,000 or less.

The SBE Programs objective is to have at least 50% or more of the total eligible dollar base amounts be awarded to SBEs. A Small Business Enterprise, as defined by the California Government Code, Section 14837, Chapter 3.5 must be:

- Independently owned and operated business, which is not dominant in its field of operation
- Principal office of which is located in California
- Officers of which are domiciled in California, and which together with affiliates, has 100 or fewer employees
- Average annual gross receipts of fifteen million dollars (\$15,000,000) or less over the previous three tax years, or a manufacturer with 100 or fewer employees.

Reporting Requirements

It is the responsibility of each department to track and compile the data on these purchasing activities so that a countywide report can be provided to the Board of Supervisors. The Board receives reports for six month increments, and the last report received by the Board was for the period ending June 2018. Attachment A constitutes the report due for the time period of July 1- December 31, 2018.

Summary Findings

The table below summarizes the attached department activity on a countywide basis.

July - December 2018

ACTIVITY TYPE:	Total # of ALL Contracts	Total # of SBE Contracts	SBE Percent of Total	Total Dollar Value of ALL Contracts	Total Dollar Value of SBE Contracts	SBE Percent of Total
Professional/Personal Services	364	190	52.2	\$19,993,502	\$9,573,644	47.9%
Purchasing Transactions	1438	444	30.9%	\$27,797,254	\$7,922,678	28.5%
Construction Contracts	1	1	100%	\$66,741	\$66,741	100%

Overall this information shows the County is directing a large volume of qualifying activity to SBE firms. For professional/personal services contracts, this activity fell short of the 50% goal for the dollar value of contracts. The dollar value of contracts awarded to businesses under the program went up to nearly \$9.6 million for this period compared to \$4.7 million in the previous reporting period. This represents a \$4.8 million increase of eligible dollars awarded to program participants.

For the category of purchasing transactions, it should be noted that while the activity did not achieve the 50% goal, the dollar value of these contracts awarded to SBE businesses was nearly \$8 million for the reporting period. Departments report one construction contract awarded under the program for this period.

It is worth noting that the SBE participation goals of surrounding agencies are more typically in the 20-25% range. By that measure, Contra Costa County's reported activity is above that threshold in every reporting category.

E-Outreach Report

In order to encourage the use of small, local, and disadvantaged businesses, the County's E-Outreach Program requires bids and Request for Proposals of \$10,000 or more to be solicited online. For this period there were 23 bids totaling \$27,344,055 that fell within the County's E-Outreach Program.

In addition, outreach data for all electronic solicitations is maintained and provided through the Purchasing Division of the Public Works Department reflecting outreach to small, women, minority-owned, local, disabled veteran, and disadvantaged business enterprises. During the reporting period, 23 bids were conducted using the BidSync e-outreach site. Notifications were sent to 90,358 businesses of which 47.5% are considered a small, local, or disadvantaged business.

E-Outreach
July 1, 2018 - December 31, 2018

Number of Solicitations	23
Total Notifications	90,358
Dollar Value	\$ 27,344,056

BUSINESS CATEGORY	Notifications	Percentage of Total
MBE - Minority Business Enterprise	7,603	8.4%
WBE - Women Business Enterprise	5,647	6.2%
SBE - Small Business Enterprise	24,074	26.6%
LBE - Local Business Enterprise	355	0.4%
DVBE - Disabled Veteran Business Enterprise	211	0.2%
DBE - Disadvantaged Business Enterprise	5,073	5.6%
Total	42,963	47.5%

Local Business Preference

The Local Bid Preference Program allows a bidder in a commodity bid exceeding \$25,000, who is a low bidder, to submit a new bid if they are within 5% of the low bidder. There were no instances of the Bid Preference being utilized for this reporting period.

Dollar Value Awarded to Local and Bay Area Businesses

The dollar value of Purchase Orders issued for the period was \$150.7 million. The dollar value awarded to Contra Costa County businesses was \$9.3 million. The value awarded to all Bay Area businesses was 29% or \$44.1 million, a significant increase from the previous reporting period. This represents a significant contribution to the local economy.

Contra Costa County	\$9,296,838	6%
Other Bay Area Counties	\$34,817,845	23%
Other	\$106,607,317	71%
Total	\$150,722,000	100%

Conclusion

The County demonstrates continued commitment to achieving the 50% goal for participation by SBE firms in contract and purchasing activity. While the data for some departments is below this threshold, this is often due to unique business requirements that require sole source purchases or contracts.
