Referral No.: 2019-03
Referral Name: AB 388
Presenter: L. DeLaney & B. Palmer **Contact:** L. DeLaney, 925-335-1097

Referral History:

A representative of the Alzheimer's Association, Northern California and Northern Nevada Chapter, the bill sponsor, Mr. Zachary Smith, contacted Supervisor Gioia's office for a letter of support for AB 388 (Limon): Alzheimer's Disease. There are no specific policies in the adopted 2019 State Legislative Platform related to this bill, thus it was referred to the Legislation Committee.

The County Public Health Director, Daniel Peddycord, recommends a position of "Support," on the bill.

CHEAC Letter of Support

March 12, 2019

The Honorable Jim Wood
Chair, Assembly Health Committee
State Capitol, Room 6005
Sacramento, CA 95814

Re: AB 388 (Limón): Alzheimer's disease
As Introduced February 5, 2019 – SUPPORT
Set for Hearing on March 19, 2019 – Assembly Health Committee

Dear Assembly Member Wood:

The County Health Executives Association of California (CHEAC), representing local health departments throughout our state, is pleased to SUPPORT AB 388 by Assembly Member Monique Limón, which would require the California Department of Public Health (CDPH) to implement action agenda items of the U.S. Centers for Disease Control and Prevention (CDC) Healthy Brain Initiative, coordinate a statewide public awareness campaign, and establish a pilot program to support county initiatives to address Alzheimer's disease and related dementias.

According to the CDC, Alzheimer's disease and related dementias are the sixth leading cause of death in the United States, causing over 116,000 deaths in 2016. In California, 650,000 residents age 65 and older were estimated to be living with Alzheimer's Disease in 2018; by 2025, the Alzheimer's Association expects that number to rise to 840,000 Californians age 65 and over. Cognitive decline, ranging from mild cognitive impairment to dementia, can have significant implications for an individual's overall health and wellbeing.

The CDC Healthy Brain Initiative details a comprehensive, multidisciplinary path forward in promoting cognitive health, addressing cognitive impairment, and meeting needs of caregivers. The Initiative's action agenda items provide further guidance on risk identification and reduction, education and training, policy and partnership development, and monitoring and evaluation. By strengthening state and local public health capacity, developing partnerships, and integrating cognitive health into existing public health efforts, California can make progress in reducing risk for cognitive decline amongst our residents.

Local health departments support efforts to educate Californians about dementia, improve early dementia detection and timely diagnosis activities, and strengthen local public health capacity related to dementia. It is for these reasons that CHEAC supports AB 388.

Should you have any questions, please feel free to contact me at (916) 327-7540.

Sincerely,

As signed by

Michelle Gibbons

Subject: AB 723 (Wicks and Bonta): Low-Income Housing Incentives: Leased Rental Housing

Submitted For: LEGISLATION COMMITTEE,

Department: County Administrator

Referral No.: 2019-01

Referral Name: AB 723 Low-Income Housing Incentives: Leased Rental Housing

Presenter: L. DeLaney & B. Palmer **Contact:** L. DeLaney, 925-335-1097

Referral History:

This bill was referred to the Legislation Committee by the County Administrator.

Referral Update:

AB 723 (Wicks and Bonta): Low-Income Housing Incentives: Leased Rental Housing

According to its author, "this bill is an effort to avoid tenant displacement and accelerate the creation of affordable housing. AB 723 would provide property owners an opportunity to convert existing buildings to affordable housing and charge sufficiently low rents in return for a lower overall property tax liability." The Fact Sheet from its author is attached.

Legislative Counsel's Digest:

Existing property tax law, in accordance with authorization provided by the California Constitution, provides a welfare exemption for property used exclusively for religious, hospital, scientific, or charitable purposes and that is owned or operated by certain types of nonprofit entities, if certain qualifying criteria are met. Existing property tax law additionally exempts from taxation on the possessory and fee interest property that is leased for 35 years or more, if the lessor is not otherwise qualified for the welfare exemption and the property is used exclusively and solely for rental housing and related facilities for low-income tenants, as provided, and leased and operated by specified entities.

This bill would instead authorize the Counties of Alameda and Contra Costa to provide the lessor of an eligible property located within its territorial boundaries with a low-income rental housing incentive. The bill, among other requirements similar to those for the leased property exemption for rental housing described above, would require that an eligible property be used exclusively for rental housing that is rented for no more than 30 percent of the income level of persons of low income to tenants occupying the property at the commencement of the lease and that the lease commence on or after January 1, 2020, and before January 1, 2025. The bill would require that the amount of incentive payment be based on the amount of property taxes apportioned to the county and the city in which the eligible property is located. The bill would require a city to reimburse a county for a certain amount of the low-income rental housing incentive, thereby imposing a state-mandated local program.

This bill would make legislative findings and declarations as to the necessity of a special statute for the Counties of Alameda and Contra Costa.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

[AB 723 Fact Sheet](#)

Assembly Bill 723
Low-Income Housing Incentives
Assemblymember Buffy Wicks (AD-15)

THIS BILL

In an effort to avoid tenant displacement and accelerate the creation of affordable housing, AB 723 would provide property owners an opportunity to convert existing buildings to affordable housing and charge sufficiently low rents in return for a lower overall property tax liability.

THE ISSUE

Unsheltered homelessness in Oakland and across the state has increased dramatically from 2015 to present. Housing is the answer to homelessness, but unfortunately it can take many years to build new units.

In a dense, urban city such as Oakland with limited infill sites, one viable option to providing affordable housing quickly is the conversion of existing unrestricted housing currently occupied by tenants paying below-market rents to restricted affordable units. This type of conversion increases affordable housing stock, is less expensive than constructing new units and protects existing tenants from displacement.

SOLUTION

Existing law provides a property tax exemption for properties leased and operated by a non-profit organization and occupied by low-income households.

AB 723 proposes changes to build on this law by enabling properties, purchased on the open market, to be leased to a non-profit organization for affordable housing, all without direct government funding. If an owner enters into a long-term lease with a non-profit to keep the housing affordable, then they will receive an incentive payment based on city and county portion of the property tax paid on the property.

Under existing law, the tax exemption only applies to housing occupied by low-income households, based upon the verification of each household's income.

This is problematic for two reasons: (a) In a City such as Oakland, existing tenants may be reluctant to provide income information to a new owner seeking the tax exemption and (b) even if a building is predominantly occupied by low-income households, it does not qualify if one or more households are not low-income.

AB 723 will provide an incentive payment for properties leased to, and operated by, a non-profit organization based on:

1. Rent (not income) at initial application for incentive payment-

When a new owner acquires a property and applies for the incentive payment, the building would qualify under AB 723 if the rents charged do not exceed rent limits for low-income households.

2. Household income for new tenants –

When an owner leases a unit to a new tenant after the initial incentive payment is granted, the tenant must provide income information to verify the household is low-income. For subsequent lease renewals, income verification will no longer be required and rent levels will be restricted to low-income levels.

Meeting Date: 04/08/2019
Subject: Health Services Department Advocacy Efforts
Submitted For: LEGISLATION COMMITTEE,
Department: County Administrator
Referral No.:
Referral Name:
Presenter: **Contact:**

Referral History:

The County's former Health Services Department Director, Dr. William Walker, serves on the Legislation Committee of County Health Executives Association (CHEAC) and on the Executive Committee of California Association of Public Hospitals and Health Systems (CAPH). Josh Sullivan, Health Services Administrator, is participating with Dr. Walker in these activities as well as making Legislative visits to Washington, D.C. (February 27, 2019) and Sacramento (March 2019).

The priority of those visits has been to update our Congressional and legislative delegations regarding the scheduled October 1 cuts to the Disproportionate Share Hospital funds, the threats to 340B drug discounts, and the renewal of our Medicaid waiver which expires next year. Dr. Walker will be providing an update the Legislation Committee on these issues.

Referral Update:

In *Texas v. United States*, the [trial court invalidated](#) the entire Affordable Care Act (ACA), including the Medi-Cal expansion that has significantly benefited California residents by expanding access to critically-needed and high quality health and behavioral health care services for the most at-risk residents. That decision is temporarily on hold while the Court of Appeals considers the case.

Recommendation(s)/Next Step(s):

ACCEPT the report from Dr. Walker and provide direction to staff, as needed.
