From Todd: but we actually have 30+ youth in DJJ. The recent CJCJ report indicated we had 40 when they completed their recent report. I think this legislation has the potential to increase our DJJ costs significantly. However, I am not certain how many youth would fall into the \$125,000 annual rate. If $\frac{1}{2}$ the youth fall into the new annual rate, it would increase our DJJ cost by \$1.5 million annually. I am currently inquiring as to what is meant by "a court of criminal jurisdiction."

URGENCY CLAUSE: no
INTRODUCED: 02/21/2019

DISPOSITION: Pending
FILE: 28
LOCATION: Senate Third Reading File
SUMMARY:

Prohibits a public agency from delegating, assigning, or contracting for 911 emergency call processing or notification duties regarding the dispatch of emergency response resources, unless the contract or agreement is with another public agency. Exempts from that prohibition a public agency that is a joint powers authority that contracted for emergency response resources on or before a specified date, under certain conditions.

STATUS:

05/02/2019 In SENATE. Read second time and amended. To third reading.

UCC:

As now drafted, the bill would permit public safety agencies to act outside of the medical control of the LEMSA medical director in the response and delivery of prehospital emergency care. This change would fragment the EMS system, could result in considerable variation in the care provided to patients, and would put patient safety at risk as deviations from LEMSA policies and procedures may occur without any ability for the LEMSA to issue corrective action. The measure also requires delegation of 911 call processing or emergency notification duties to be with another public agency, which would eliminate private entities from providing that service. A number of county organizations are opposing the measure. SB 438 attempts to overturn 22 years of Supreme Court precedent established in *County of San Bernardino v. City of San Bernardino* (1997 15.Cal. 4th 909).
