

CONTRA COSTA COUNTY
Office of the County Administrator
ADMINISTRATIVE BULLETIN

Number: 507.9
Date: June 2015
Section: Property & Equipment
SUBJECT: County Vehicle Operation

The County owns, leases, rents, and maintains vehicles for use by authorized persons in the conduct of official County business. This Administrative Bulletin establishes policy and procedures for the use and operation of County vehicles, including the investigation and evaluation of vehicle accidents. For purposes of this Administrative Bulletin, any vehicle the County owns, leases, or rents is a "County vehicle."

POLICY

Each department head is responsible for:

Requiring safe and economical operation of County vehicles.

Authorizing individuals to operate County vehicles on County business.

Informing individuals of the provisions of this and other appropriate Administrative Bulletins and relevant department policies, if any.

PROCEDURES

I. ADMINISTRATION. Each department is responsible for implementing the following procedures:

A. The department head may authorize a County employee, contract worker, or volunteer (collectively, "driver(s)") to operate a County vehicle or may authorize the rental of a vehicle for County work-related purposes through Public Works Fleet Services ("Fleet Services") or Public Works Purchasing Division ("Purchasing"). Departments must ensure that the following conditions are met:

1. Any driver operating County vehicles and/or equipment must hold a current, valid, and appropriate DMV operator's license(s) for each vehicle or piece of equipment that they are assigned to use and operate (e.g., Class A, B, C, and special endorsements). Operation of County vehicles and/or equipment with a suspended or inadequate operator's license is expressly prohibited.

2. Maintain and keep current a list of the department's authorized drivers. Appendix A is an example form.

3. Maintain a photocopy of each authorized driver's valid license on file in the Department.

4. Ensure the authorized driver has received instructions on vehicle operation, including vehicle inspection checklists, maintenance responsibilities, applicable emergency forms, and department and County notification procedures/requirements.

5. Instruct the authorized driver to comply with all driving restrictions and regulations which are imposed by the California Department of Motor Vehicles for County vehicle types.

6. Provide the County Risk Manager with a current list of drivers who are required by their jobs to have a commercial license. Those drivers with a commercial license are subject to the Federal Drug and Alcohol Testing Program.

6.7. INSERT CHP REQUIRED COMMERCIAL DRIVER PULL NOTICE

7.8. Follow Fleet Services' requirements for vehicle maintenance, including reporting vehicle parking location changes, timely reporting of vehicle accidents, and surrendering of vehicles for periodic repair and maintenance.

8.9. Immediately upon notification that an authorized driver no longer meets the conditions listed in this Section, the department shall withdraw authorization and notify the individual.

B. Assigned Vehicles. County vehicles may be assigned on a full-time or limited-time basis to an authorized driver or to a department. The department shall be responsible for:

1. Requests for Vehicles - The department will submit a memo to the Public Works Fleet Manager ("Fleet Manager") requesting a vehicle assignment. The request ~~is to~~ should demonstrate that assignment of a County vehicle is the most cost effective option to meet transportation needs. If vehicles are unavailable, then the requesting department may provide funding for purchase or lease of a vehicle, with approval from the Office of the County Administrator. An electric vehicle will be provided unless justification is approved for a non-EV by the Office of the Administrator.

2. Vehicle Assignments - Changes in vehicle parking locations and/or authorized drivers are to be reported to the Fleet Manager.

3. Vehicle Purchase - Fleet Services is responsible for the development and maintenance of specifications for, and purchase of County vehicles. Such specifications shall provide for fuel efficiency, economy, and vehicle safety.

4. Scheduled Maintenance - The department is responsible for assuring that assigned vehicles receive maintenance as scheduled by the Fleet Manager. The department

Formatted: Character scale: 100%

Formatted: List Paragraph, Right: 0", No bullets or numbering, Tab stops: Not at 0.53"

head and/or designee(s) must provide access to County vehicles upon request by Fleet Services for preventive maintenance and scheduled inspections to meet safety and regulatory compliance requirements. Failure to comply may result in confiscation of the vehicle(s).

5. Vehicle Inspection- The ~~department is~~department is responsible for assuring that equipment inspection checklists are completed for assigned vehicles on the schedule required by the Fleet Manager. Appendix B is a sample checklist. The inspection of vehicles must also be performed on the schedule required by the Fleet Manager.

C. Take-Home Use of a County Vehicle. A take-home vehicle is any County vehicle, other than a "qualified non-personal use vehicle," described below, which is permanently or temporarily assigned to an authorized driver who has been authorized to drive the County vehicle to and from work to the driver's residence. Take-home vehicle authorizations must be approved by the department head and must be based on demonstrable and beneficial needs for the delivery of services to the County.

1. A "qualified non-personal use vehicle" encompasses the following (IRS Code Publication 15-B):

- a. Clearly marked, through painted insignia or words, police and fire vehicles;
- b. Unmarked vehicles used by law enforcement officers, if the use is officially authorized;
- c. An ambulance or hearse used for its specific purpose;
- d. Any vehicle designated to carry cargo with a loaded gross vehicle weight over 14,000 pounds;
- e. Delivery trucks with seating for the driver only, or the driver plus a folding jump seat;
- f. A passenger bus with a capacity of at least 20 passengers used for its specific purpose;
- g. School buses; and
- h. Tractors and other special-purpose farm vehicles.

2. In the event the department head authorizes the take-home use of any County vehicle, other than a qualified non-personal use vehicle, the authorized driver will be required to treat any personal use of that vehicle as taxable income under various IRS rules. The department is required to maintain detailed records of which authorized drivers may take home a County vehicle and how many nights each month those drivers took home a County vehicle. At the end of each month, the ~~department must~~department must report this information to Fleet Services (925-313-7074).

II. OPERATION OF COUNTY VEHICLES.

A. Authorized drivers may only use County vehicles to transport those persons, animals and/or equipment as are required to carry out official County business.

B. An authorized driver shall immediately notify the department head, or designated representative, of any changes in the status of his/her driver's license.

C. Authorized drivers may only use County vehicles for conducting County business, except when authorized for take-home use, as provided in Section I.C., above. Any other personal use of County vehicles is strictly prohibited.

1. When a County vehicle is assigned to an authorized driver for take-home use, the driver to whom the vehicle is assigned shall be responsible for affording the maximum protection practicable against theft, vandalism, damage and the elements by placing such vehicle in a garage or carport, if available. The minimum of such protection shall be assurance that such vehicle is off-street, if available, at night, when not in actual use.

2. Take-home County vehicles may not be used to conduct personal business (e.g., driving children to daycare, doing ~~shopping~~ or shopping, or transporting other non-County passengers). Authorized drivers taking home a County vehicle shall ensure proper discretion to minimize inaccurate or negative public perceptions.

3. Authorized drivers shall not permit other persons to drive County vehicles.

~~D.A.~~ Drivers shall observe all traffic rules and regulations at all times, including but not limited to refraining from using a cell phone while operating the vehicle. Fines and punitive measures imposed for violations are the personal responsibility of the driver.

~~E.B.~~ Authorized drivers shall observe courtesies of the road, follow California Department of Motor Vehicles (DMV) Driver Handbook requirements, practice defensive driving procedures, and utilize fuel conservation measures.

~~F.C.~~ Authorized drivers must ensure that all personnel riding in County vehicles wear safety seat belts. All California laws and DMV handbook updates for child and adult seatbelt requirements must be followed.

~~G.D.~~ Smoking is prohibited at all times in County vehicles. Authorized drivers shall not consume food or beverages while operating a County vehicle.

~~H.E.~~ Authorized drivers must take proper care to secure the County vehicle when the vehicle is left unattended, including locking the vehicle and removing the keys. The authorized driver should not leave valuables or County equipment (e.g., wallets, cell phones, laptop computers) in plain sight when a County vehicle is left unattended.

~~I.F.~~ Authorized drivers of County vehicles equipped/supplied with traffic cones are required to comply with the guidelines stated in Administrative Bulletin No. 516, "Traffic Cones."

111. COUNTY VEHICLE SERVICING.

A. Fleet Services is responsible for the regular maintenance and servicing of all County- owned vehicles.

B. County vehicles are serviced at 2467 Waterbird Way, Martinez. For after-hours emergencies, such as a flat tire or broken fan belt, County vehicles may be serviced by a private garage or service station. If the emergency occurs during normal work hours, the authorized driver is to call Fleet Services at (925) 313-7074 before having repairs made. - Fleet Services' telephone number is stored in the glove compartment of each vehicle. The driver may be advised that the vehicle will be towed.

C. When possible, County vehicles should be fueled at the automated fuel site at Fleet Services on Waterbird Way, Martinez, and at designated Voyager card facilities. Fleet Services will issue authorized drivers a Voyager card at the same time they are assigned a County vehicle. Replacement cards may be requested from Fleet Services.

D. County vehicles may be fueled at commercial service stations only in the event of emergency situations or when County service facilities are not accessible. Drivers are to use only self-service regular, unleaded, or diesel fuel, as required. Purchase of premium unleaded fuel and full service are not permitted. Employees utilizing County or personal credit cards shall make certain that the County vehicle equipment number, vehicle license number, and total sales amount appear on all sales receipts. Employees using personal credit cards for fuel purchases shall include the signed sales receipts with their monthly expense demands.

E. Vehicles using alternative fuels such as compressed natural gas (CNG) must be refueled at appropriate sites.

Formatted: List Paragraph, Right: 0", No bullets or numbering, Tab stops: Not at 0.56"

F. Electric Vehicle Charging – County electric vehicles (EVs) can be charged at County facilities that have EV charging stations or at commercially available Chargepoint charging stations. In County parking lots that include parking of County vehicles and employee owned vehicles, priority for use of EV charging stations shall be for County owned EVs. In County owned parking lots where the public has access to the charging stations, the public has priority use of the charging stations.

IV. RENTAL PROCEDURES. The following procedures apply to obtaining a rental car once a department head, or designee, has authorized a County employee, contract worker, or volunteer to operate a rental vehicle for County work-related purposes:

A. Rental Cars for In-County Use. The Public Works Department, Fleet Services Division ("Fleet Services"), is responsible for obtaining rental cars for in-County use. The department head, or designee, must contact Fleet Services at (925)313-7074 for further instructions.

B. Rental Cars for Out-of-County Use. The Public Works Department, Purchasing Services Division, is responsible for obtaining rental cars for out-of-County use. The department head, or designee, must contact the Purchasing Division at (925)313-2100 for further instructions.

V. INSURANCE.

A. County-Owned Vehicles. The County self-insurance program provides vehicle liability insurance coverage to authorized drivers during approved use of County vehicles.

B. Rental Vehicles for County Work-Related Purposes. Rental vehicles are covered for liability and vehicle physical damage under the County's self-insurance program. Authorized rental car drivers are instructed not to purchase any insurance or sign a Collision Damage Waiver (CDW) when renting a vehicle for County business. However, if the authorized rental car driver keeps a rental vehicle for personal use, after the business portion of the trip is completed (unless they are attending an approved extended conference, seminar, etc.), the driver is responsible for the vehicle and should arrange for his or her own liability and collision coverage.

VI. ACCIDENTS.

A. Types of Accidents. 1. Bodily Injury;

2. Vehicle being struck or striking another vehicle or object and/or damage occurring as a result of an accident; or

3. All other vehicle accidents involving County vehicles, including those that occur when the vehicle is unattended.

\\

B. Reporting.

1. Authorized drivers of County vehicles that are involved in accidents must follow the Post Vehicle Accident Instructions, attached as Appendix C.

2. Authorized drivers must immediately notify the following:

- a. Fleet Services at (925) 313-7074
- b. Risk Management at (925) 335-1400
- c. Immediate Supervisor

3. Authorized drivers must also complete a Vehicle Accident Report Form, Appendix D, and submit it to his or her supervisor.

a. When possible, take photos of the accident scene and vehicle damage and submit the photos with the Vehicle Accident Report Form.

b. The report shall be submitted to the driver's supervisor within 24 hours, or as soon as possible.

c. The supervisor shall review the report, follow the department's accident investigation procedure, and/or forward the report to the department head.

d. The department head shall send copies to Risk Management's Liability Unit and Fleet Services for claims review, assessment of vehicle condition, possibility of mechanical or electrical malfunction, and damage estimate.

4. Bodily Injury.

a. In cases of bodily injury to either party, authorized drivers must also complete a DWC-1 form, which is available through Risk Management, in addition to the Vehicle Accident Report Form.

b. Instructions to Supervisors.

i. Ensure that the employee involved in an accident has completed all the proper paperwork.

ii. Complete an AK30 form, which is available through Risk Management. Return both the DWC-1 form completed by the employee and the AK30 form to the Risk Management Office within 24 hours of the accident or as soon as possible.

\\

C. Departmental Evaluation.

1. Accident Review. The department head or designated representative must investigate all accident reports to determine what actions may prevent future accidents. The department must record its findings and relevant points of its evaluation on the Vehicle Accident Report Form and submit the form to Risk Management.

2. Review and Action. The department head or designated representative is responsible for implementing follow-up actions to prevent future accidents, including, but not limited to, trainings, corrective counseling, and discipline.

D. Risk Management provides a training program for those individuals referred by their Departments for repeated vehicle accidents in County vehicles. An overview for the training program is provided in Appendix E.

POST VEHICLE ACCIDENT INSTRUCTIONS

Post-Vehicle Accident

- Procedures

Hit and Run Auto Accident, Do I have To Stop?

California law says: If you are involved in an accident involving a pedestrian, a moving car, a parked car, or someone's property, if you drive away, you can be charged with "hit and run" even if the accident was not your fault. If you hit a parked car or other property, try to find the owner or driver. If you cannot, leave behind your name, address, an explanation of the accident, and that the car is owned by the County. Leave information for the person to contact our Liability unit at (925) 335-1400.

How Can I Get Help?

Immediately call the police after any vehicle accident. It is necessary to have an objective report and investigation. As soon as you can, call 911 for emergencies or police/sheriff/CHP for minor accidents. Explain the situation, give your exact location, and mention if you need an ambulance or fire engine.

What If Someone Is Injured?

If someone is injured, call 911 immediately. If you are not trained in first aid, do not move someone who has been hurt. You might make the injury worse. However, if someone is in danger of being killed, you may move them.

What Should Drivers Do?

Stop your vehicle at the scene of the accident. Place flares on the road if safe and if no flammable fluids nearby. Turn on your car's hazard lights and lift the engine hood. These are simple ways to warn others on the road.

Stay Calm After An Accident

People tend to panic after an accident. Remember that the County has insurance and the County will cover the costs of damage. Though there are conditions, you must drive the vehicle under the care of your employment, and drive in a safe and legal manner.

Call your supervisor as soon as possible to let them know about the accident.
Contact: (925) 335-1400 - Liability or (925) 335-1400 - Traffic Unit.

If I Think The Accident Was My Fault, Should I Say So?

Answer any questions they may have, but stick to the facts. Cooperate with the police officer investigating the case. For example, if you were driving 31 miles an hour, say so. Do not say, "I was just speeding." Do not admit fault. Do not volunteer any information about who was to blame for the accident. Do not agree to pay for damages or sign any paper except a traffic ticket.

The County's Insurance

Every driver and vehicle owner must have minimum insurance or other proof of financial responsibility in California. In your contract, you must carry written evidence of insurance when you drive for the County. In a contract, the Government Employee's Compensation Act is presumed evidence of insurance. You should have had an accident report filed with the County's insurance if you were involved in an accident.

RISK MANAGEMENT DRIVER SAFETY TRAINING PROGRAM

Motor vehicle crashes are a leading cause of death and injury for all ages.

Crashes on and off the job have far-reaching financial and psychological effects on employees, their coworkers and families, and their employers. The purpose of the Driver Safety Training Program is:

- To save lives and to reduce the risk of life-altering injuries
- To protect your organization's human and financial resources
- To guard against potential company and personal liabilities associated with crashes involving employees driving on company business.

The Driver Safety Training Program will work to keep the driver and other drivers on the road safe. The Program also aims to change driver attitudes, improve behavior, and increase skills to build a "safe driving" culture. By instructing employees in basic safe driving practices and rewarding safety-conscious behavior, employees can avoid preventable accidents and fatalities.

Employees are the County's most valuable assets. The key to any good defensive driving strategy is to avoid traffic crashes and recognize potential hazards before it's too late.

The Driver Safety Training Program will train authorized drivers on crash prevention techniques, including:

- Scanning the roadway and adapting to surroundings
- Employing the two-second rule for following distances
- Knowing your vehicle's stopping distance
- Being aware of reaction distance
- Environment hazards
- Vehicle emergencies
- Sharing the road
- Passing and necessary clear distance
- Right of way
- Speed adjustments and railroad crossings
- Distracted Driving
- Road Rage and other Drivers
