BACKGROUND:

Proposed Improvements

The Walden Green 1 (between Treat Boulevard and Coggins Drive) portion of the project is a green open space area along the Iron Horse Trail managed by Contra Costa County Public Works (CCCPWD) - Special Districts. The Walden Green 2 (between Coggins Drive and Mayhew Way) portion of the project is along the Iron Horse trail, just north of the Walden 1 area. These two segments, comprise approximately a half-mile stretch of the Iron Horse Trail Corridor. The vegetation plan was selected as a way to reduce maintenance and water use moving forward. The landscape maintenance fund for Walden Green I is limited to funding through conditions of approval from one apartment project and proposed to increase with another project. Walden Green II was completed in 2018 without designated funding for ongoing maintenance.

The project involves the installation of new landscaping/hardscaping at Walden Green that will require less water and maintenance than the existing vegetation (Figure 3). Walden I and 2 are approximately 5.2 acres in area, of which approximately 2.8 acres is irrigated lawn. Approximately 500 linear feet of non-native shrubs may be removed along the Walden Green I and II to allow better visibility of and along the trail in response to public concerns about safety along the trail corridor. Existing shrubs, bushes, and trees may also be trimmed to increase visibility. The project will remove trees that are in poor condition and those entangled with power lines. Walden I and II contain 166 trees greater than 6-inches in diameter that were evaluated by a licensed arborist. Approximately 31 mature trees and 18 trees with a diameter less than 6-inches will be removed. An arborists report from March 2019 deemed all but three of these trees to have "low" suitability for preservation based the health, age, and structural condition of the tree species and they are expected to continue to decline regardless of treatment. Three trees were rated as "moderate" suitability for preservation, but one was noted to be nearly dead and the other two were young trees in good condition but in locations determined to be a safety concern. Excavation of up to two feet of soil is required for root removal. Landscaping/hardscaping elements will include mulching, placement of decomposed granite and stone, steel edging to contain these elements, and renovation of the existing irrigation system. Six 650-gallon in-ground trash systems may be installed, which hold large volumes of trash in order to reduce trash removal trips. Excavation of up to five feet of earth is required to install the trash systems. Other minor alternatives such as removal of broken water fountains, short trail connections, or benches and tables may be implemented.

The Fox Creek Park portion of the project will enhance the park by replacing some of the landscaping with more sustainable landscaping and increasing American with Disability Act (ADA) accessibility. The project consists of removing non-native vegetation and removing approximately 20 trees that have either reached the end of their life spans, grow irregularly due to trimming for building clearance, or have been stunted by more mature trees, at the recommendation of an arborists report. The project will install more sustainable landscape that will require less maintenance and water. Lastly, features that impede ADA accessibility including railings and park furniture will be replaced.

Park Fund Background

The County imposes fees on residential development to fund park and recreational facilities under both the County's Park Dedication Ordinance and the County's Park Impact Fee Ordinance. Funds from these fees are deposited into accounts associated with the census tract where the residential development occurs to ensure the funds are directed to park and recreational facilities which serve the residents of the development. The following table outlines the Contra Costa Centre Park Dedication and Park Impact fee

accounts that will be used for the project. Use of the park fees identified are reasonably related to proposed improvements at Walden Green 1 and 2 and Fox Creek Park and are consistent with government code section 66001(a)(3)-(4), because the proposed park improvements will serve the Contra Costa Centre Community, including the areas from which the proposed expenditures were collected.

Park Account Number	**Amount**

8136 275533822	$ 104,686.02*

9136 PI5533823	$ 23,035.53*
Total	**$1,200,000.00**

* Amounts reflect fund balance as of 3/31/2020 and balances may increase due to interest earning and accounts designated with an asterisk (*) in h table will be spent down in their entirety, including future interest earning. Park account 8136 PI15532401 will fund the remainder of the balance, not to exceed $1,029,756.30.

Applicable General Plan Goals and Policies

The proposed project implements the following General Plan Park and Recreation Facilities Goals:
* To develop a sufficient amount of conveniently located, properly designed park and recreational facilities to serve the needs of all residents (9-H)
* To develop a system of interconnected bicycle, pedestrian, and riding trails and paths suitable for both active recreational use and transportation/circulation (9-I)
* To promote active and passive recreational enjoyment of the County's physical amenities for the continued health, safety and welfare of the citizens of the County (9-J)
The proposed project implements the following General Plan Park and Recreation Facilities Policies:
* A well-balanced distribution of local parks, based on character and density present and planned residential development and future recreational needs, shall be preserved. (9-33)
* Park design shall be appropriate to the recreational needs and access capabilities of all residents in each locality. (9-34)
* Public trail facilities shall be integrated into the design of flood control facilities and other public works whenever possible (9-38)

Parks Capital Improvement Plan Consistency

The proposed improvements support the development of pocket parks along the Iron Horse Corridor identified in the Capital Improvement Program

California Environmental Quality Act (CEQA)

The Board of Supervisors determined both projects are California Environmental Quality Act (CEQA) Class 1(h) and 4(b) Categorical Exemptions pursuant to Article 19, Section 15301 and 15304 of the CEQA guidelines on January 21, 2020.

CONSEQUENCE OF NEGATIVE ACTION:

If the funds are not authorized, there will not be sufficient funding to complete the project.

BACKGROUND:

The State of California, Department of Housing and Community Development issued an Allocation Acceptance form, dated February 7, 2020 under the Housing Navigators Program ("HNP" or "Program") for $5 million authorized by item 2240-103-0001 of section 2.00 of the Budget Act of 2019, as amended by Section 16 of Chapter 363 of the Statutes of 2019 (SB 109).

Funds will be used for the support of housing navigators to help young adults aged 18 years and up to 21 years secure and maintain housing, with priority given to young adults in the foster care system. The Contra Costa County Employment and Human Services Department (EHSD) will use the funding to provide housing navigation services directly or through a contract with other housing assistance programs in the County. EHSD will coordinate with the Contra Costa Health, Housing, and Homelessness (H3) as the local Continuum of Care to foster communication and collaboration.

The Allocation Acceptance form relates to the availability of HOUSING NAVIGATORS Allocation funds; and EHSD was mentioned in the Allocation Acceptance form dated February 7, 2020.

This Board Order will replace the Board Order approved March 31, 2020 (C.50) because the State required a Resolution to indicate official authorization.

Pros and cons of request:

Pros:

- Leverages existing Coordinated Entry System services and community-based partners to address gaps in housing services for homeless youth.
- Focuses on prevention in order for youth adults to remain safely in their homes and avert homelessness and entry into shelters and foster care system.
- Builds capacity for the County's housing & homelessness systems to further leverage H3 funding streams.

Cons: - Sustainability of program funding beyond end of grant term, June 30, 2022.

CONSEQUENCE OF NEGATIVE ACTION:

Without funding, the County will continue to face an increasing number of homeless and runaway youth without access to housing and preventative services.

Housing Navigators Program (HNP) Allocation Acceptance

Rev. 2/4/20

County Allocation: Contra Costa

Pursuant to Item 2240-103-0001 of Section 2 of the Budget Act of 2019, as amended by Section 16 of Chapter 363 of the Statutes of 2019 (SB 109), the Department of Housing and Community Development (HCD) shall allocate $5 million in funding to counties for the support of housing navigators to help young adults aged 18 years and up to 21 years secure and maintain housing, with priority given to young adults in the foster care system. The county may use the funding to provide housing navigation services directly or through a contract with other housing assistance programs in the county. It is encouraged that the county coordinate with the local Continuum of Care to foster communication and collaboration.

Allocation Applicant

Allocation Applicant is a County Child Welfare Agency

Pursuant to statute, HCD consulted with the Department of Social Services, the Department of Finance, and the County Welfare Directors Association to establish the formula allocation for the purpose of distributing these funds to counties. The formula allocation is based on each county's percentage of the total statewide number of young adults aged 18 through 21 year old in foster care. The allocation excludes Alpine, Mono, and Sierra counties because their calculation did not demonstrate a need for young adults aged 18-21.

Pros and cons of request:

Pros:

- Leverages existing Coordinated Entry System services and community-based partners to address gaps in housing services for homeless youth.
- Focuses on prevention in order for youth adults to remain safely in their homes and avert homelessness and entry into shelters and foster care system.
- Builds capacity for the County's housing & homelessness systems to further leverage Health, Housing and Homelessness (H3) funding streams.

Cons:

- Sustainability of program funding beyond end of grant term, June 30, 2022.

Consequence of Negative Action:

Without funding, the County will continue to face an increasing number of homeless and runaway youth without access to housing and preventative services.

Union City Police Department, U. S. Department of State - Diplomatic Security Service, U.S. Department of Treasury, U.S. Postal Service Inspector General and the Walnut Creek Police Department.

FISCAL IMPACT:

No net County cost - 100% Participant fees

BACKGROUND:

Local, state, and federal law enforcement officers are required to complete firearms qualifications on a regular basis. The Office of the Sheriff has a firing range and classroom that can be used by other law enforcement agencies for firearms qualifications when not in use by County staff.

The recommended contracts provide for use of the Sheriff's Range Facilities, including firearms range and classroom, for firearms qualification of these government agencies' employees. The County Counsel's Office has approved the mutual indemnification language included in the contracts. The contract agencies will pay a per day fee for access to the Sheriff's Range Facility.

CONSEQUENCE OF NEGATIVE ACTION:

Negative action on this request would mean a loss of revenue for the County and a valuable loss of services for outside agencies.

FISCAL IMPACT:

No County costs. $497,250 revenue.The College District will pay the Office of the Sheriff $3.75 per student instructional hour that is eligible for state general apportionment less guest lecturer costs and standard student enrollment fees.

BACKGROUND:

The Contra Costa Community College District provides educational courses through its various programs to meet the needs of the Office of the Sheriff's Training Program. The Contra Costa Community College District will transcript all acceptable coursework for the Office of the Sheriff's Law Enforcement Training Center students.

Subject: Early Head Start Childcare Partnership Consolidated Grant

RECOMMENDATION(S):

APPROVE and AUTHORIZE the Employment and Human Services Director, or designee, to apply for and accept funding from the U.S. Department of Health and Human Services, Administration for Children and Families (ACF) in an amount not to exceed $5,030,374 for Early Head Start Childcare Partnership (CCP) consolidated funding for the term September 1, 2020 through August 31, 2021.

FISCAL IMPACT:

This Federal funding would result in $5,030,374 from the ACF for the Early Head Start CCP program and $1,257,594 in non-federal share. The County, as Grantee, is required to generate a 20% in-kind match, computed at 25% of grant amount, achieved through in-kind volunteer hours generated by Head Start parents and community partners. CFDA No. 93.600

BACKGROUND:

Contra Costa County submits an application annually to the U.S. Health and Human Services Department, ACF as the Head Start grantee. The Board of Supervisors (Board) approved the 2020 grantee application on September 10, 2019 (c.75). ACF developed an additional funding opportunity for Early Head Start in 2016 - Early Head Start - Childcare Partnership funding. The County applied for and was awarded these funds in 2016, 2017, 2018 and 2019. This board order seeks approval to submit the application for the fifth year of funding, due June 1, 2020.

BACKGROUND: (CONT'D)

> This application allows the consolidation of Community Services Bureau's (CSB) previous Early Head Start Childcare Partnership #1 (Grant #09HP000193) and Early Head Start Childcare Partnership #2 (Grant #09HP000111) grants per Program Instruction ACF-PI-HS-19-02 issued on December 19, 2019. Through this consolidation, CSB is streamlining and removing duplicative administrative efforts in monitoring the program.

The Regional Office of Head Start is supporting Contra Costa County's decision to merge these two Early Head Start Child Care Partnership grants into one award. The following awarded funds will be combined within this consolidated grant:

- Program Operations: $4,719,190
- Training and Technical Assistance: $112,261
- Cost Of Living Adjustment: $94,383
- Quality Improvement Funding: $104,540

Total: $5,030,374

Through consolidation, funds are subject to the program period of the oldest grant. Therefore, grant 09HP000193 (grant period of July 1, 2019 through June 30, 2024) will assume the existing program period for 09HAP000111 (grant period March 1, 2017 through August 31, 2021) ending August 31, 2021. The Policy Council reviewed and approved the grant application April 15, 2020.

CONSEQUENCE OF NEGATIVE ACTION:

If not approved, the County would forego funding used to enhance services within the Early Head Start program.

CHILDREN'S IMPACT STATEMENT:

The Community Services Bureau of the EHSD's Head Start program supports three (3) of Contra Costa County's community outcomes - Outcome 1: Children Ready for and Succeeding in School, Outcome 3: Families that are Economically Self-sufficient, and Outcome 4: Families that are Safe, Stable, and Nurturing. These outcomes are achieved by offering comprehensive services, including high quality early childhood education, nutrition, and health services to low-income children throughout Contra Costa County.

PROGRAM INSTRUCTION

TO: Head Start and Early Head Start Grantees and Delegate Agencies

SUBJECT: Administrative Simplification for Consolidating Head Start Grants

INSTRUCTION:
This Program Instruction (PI) informs grantees of the opportunity to request to consolidate multiple Head Start grants awarded to a grantee. The PI also describes benefits and risks to consider, and outlines the process grantees must follow to submit a request. This opportunity to streamline and remove some of the administrative burdens of managing multiple grants builds on ACF-IM-HS-19-04 Accounting Simplification for Head Start and Early Head Start Operations and Service Funds.

The Office of Head Start (OHS) recognizes a number of grantees with multiple grants are interested in administering one consolidated Head Start or Early Head Start program under one grant or, at a minimum, fewer grants.

Background
Prior to the implementation of the Designation Renewal System (DRS), only a handful of grantees had more than one grant. Since DRS went into effect, nearly 25 percent of all grantees are managing multiple grants.

Currently, when an existing grantee is awarded new funding through competition or a new noncompetitive award, the grantee receives a new grant with a unique grant award number and project period for up to five years. Each award has a distinct budget cycle, annual funding amount, funded enrollment level, and designated service area.

Multiple Grant Considerations
Grantees managing multiple grants must submit annual applications for each. Because many grants are not on the same refunding schedule, grantees are required to submit applications multiple times per year. All applications submitted by a grantee during the same fiscal year are discrete and must include information for each grant application. This may include the community assessment, program plans and goals, and budget narrative and justification that supports the program design and options of each grant. Planning and allocating costs across multiple grants with different budget and project periods, and often not aligned with the agency's fiscal year can be challenging.

In addition to annual applications for each grant, grantees are required to submit multiple reports periodically, such as financial reports, monthly enrollment reports, and annual Program Information Reports (PIRs). Grantees are also required to maintain data, including centers and contact information, in discrete places for each grant. Each grant is subject to individual requests for particular types of grant actions when needed, such as changes in scope, budget revisions, key staff changes, and waiver requests for a variety of requirements.

Benefits

Consolidating two or more grants would benefit the grantee by streamlining administrative requirements and removing duplicative efforts. Consolidation eliminates tracking cost allocation over multiple Head Start grants with different funding cycles. It also reduces reporting and budget revisions and amendments by grant, and auditing of multiple grants with different cycles. It also affords grantees the opportunity to plan and operate multiple Head Start and Early Head programs more efficiently and cohesively. Funding would support the programs more holistically, and governing bodies and Policy Councils would benefit from a more singular view of budgets, needs, and options.

For program staff, preparing one grant application reflecting all needs, goals, services, and options rather than two or more applications would provide more cohesion to program planning and implementation. It would also free up time for programmatic oversight.

One annual PIR would be required rather than two or more, and federal reporting such as changes to centers, key staff, and correspondence would be less burdensome.

There would be less time spent on internally tracking staff time by grant. Consolidation would allow more flexibility for staff to work as needed or benefit from technical assistance funding without the concern of cost allocating.

Risks

Grantees must also consider the risks. Consolidating existing grants or consolidating an existing grant with funding from a new competitive or noncompetitive award means all funds are subject to the project period of the oldest grant.

For example, if you have an existing grant in its third year of a five-year project period and your agency has another grant in its second year, consolidation would mean funds from the newer grant would assume the project period consistent with the months remaining in the older grant. Similarly, if your agency is awarded new funds and requests to consolidate the new funds into an existing grant, those new funds will have a project period consistent with the months remaining in the existing grant. If your agency requests to consolidate new or existing grant funds with a grant that meets one of the conditions of DRS and is required to compete for renewed funding, the competitive funding made available through a Funding Opportunity Announcement will include the new funding that was consolidated with the existing grant.

Grantees considering the opportunity to request to consolidate grants must ensure that governing bodies are fully engaged in the discussions and are aware of both the risks and benefits of consolidation. Once a consolidation request is approved and implemented, it cannot be reversed. Grantees considering consolidation should also evaluate their fiscal capacity to update fiscal systems and policies and procedures to accommodate a potential change in the number of grant awards.

Early Head Start-Child Care Partnership and Early Head Start Expansion Grants
Grantees with more than one grant funded under accounting codes HP, HI, and HM may submit a consolidation request for these grants. However, due to the nature of the current appropriation, these grants cannot be combined with Head Start and Early Head Start grants under accounting codes CH, CI, and CM.

Competitive Funding Opportunity Announcements
New funding opportunities include the consideration of applicant requests to supplement an existing Head Start grant. The grant award made as a result of the competition (competitive supplement) would assume the length of time remaining in the project period of the existing grant award, which may be less than 60 months. Competitive supplemental awards may result in a reduced amount of funding due to the reduced term of the award. Further guidance will be provided to interested applicants with whom OHS enters into pre-award discussions or negotiations.

Intent to Consolidate Existing Grants
Grantees interested in the opportunity to request to consolidate multiple grants are asked to notify OHS of their intent using the Head Start Enterprise System (HSES).

Please use HSES Correspondence and indicate as the subject line "Intent to Consolidate Grants." Choose the "Select All Regional Office Key Staff" box. The content of the correspondence must include all Regional Office Key Staff. Include the grant numbers you are requesting to consolidate.

OHS will discuss next steps, timelines, and fiscal implications as well as any concerns that may need to be addressed prior to submitting a formal request.

Formal Application Submission and Approval
Grantees must formally request to combine grants via submission of a grant application (e.g., Change of Scope, Noncompetitive New, Noncompetitive Continuation, Supplement, etc.). Indicate the application includes a Change in Scope *"Request to Consolidate Grants"* by checking the appropriate box.

Grantees negotiating a competitive grant are asked to submit an application in HSES in the grant to be supplemented. The application should include any additional information required to process the submission, such as an updated budget, waivers, cost allocation, and program structure changes resulting from the consolidation.

The Administration for Children and Families reserves the right to deny or delay approval of requests to consolidate Head Start grants.

Please contact your Regional Office should you have questions about requesting to consolidate grants.

Thank you for your work on behalf of children and families.

the City and County of San Francisco as the fiscal agent for the Bay Area Urban Area Security Initiative (UASI). The County, as a member of the Bay Area UASI, will receive $766,078. Funds will be used to enhance public safety capabilities of law enforcement agencies throughout the region by aggregating discrete criminal information sources into a unified platform. Without a regional system, there exists no active solution for connecting data across jurisdictions. Expand existing systems to participate in other state, regional, and national initiatives. Funding will also be used to purchase integrated audio-visual technologies to be installed in the new Emergency Operations Center, including telephony, audio conferencing, multimedia presentation, web conferencing, room scheduling, video distribution and broadcast system, integrated displays and a high definition video wall. The technologies will facilitate custom workflows and support incident stabilization. As the fiscal agent for the grant, the City and County of San Francisco has developed a standard form contract for use with all Bay Area UASI partner agencies requiring full indemnification of the City and County of San Francisco. The County has agreed to previous inter-agency agreements with the City and County of San Francisco, which contained the same language, to participate in regional homeland security efforts and access important Federal funding.

CONSEQUENCE OF NEGATIVE ACTION:

Should the Board decide not to approve entering into this agreement, the County will not receive its share of the 2019 UASI Grant funds; risk management and planning to increase regional response capability will need to be either funded through another source or not performed.

BACKGROUND:

The State of California, Department of Housing and Community Development issued an Allocation Acceptance form, dated February 7, 2020 under the Transitional Housing Program for $5 million authorized by item 2240-103-0001 of section 2.00 of the Budget Act of 2019, as amended by Section 16 of Chapter 363 of the Statutes of 2019 (SB 109).

Funds will be used for the support of housing navigators to help young adults aged 18 years and up to 21 years secure and maintain housing, with priority given to young adults in the foster care system. The Contra Costa County Employment and Human Services Department (EHSD) will use the funding to provide housing navigation services directly or through a contract with other housing assistance programs in the county. EHSD will coordinate with the Contra Costa Health, Housing, and Homelessness (H3) as the local Continuum of Care to foster communication and collaboration.

The Allocation Acceptance form relates to the availability of Transitional Housing Program Allocation funds, and EHSD was detailed in the Allocation Acceptance form dated February 7, 2020.

This Board Order will replace the Board Order approved March 31, 2020 (C.52) because the State required a Resolution to indicate official authorization.

Pros and cons of request:

Pros:

- Leverages existing Coordinated Entry System services and community-based partners to address gaps in housing services for homeless youth.
- Focuses on prevention in order for youth adults to remain safely in their homes and avert homelessness and entry into shelters and foster care system.
- Builds capacity for the County's housing & homelessness systems to further leverage H3 funding streams.

Cons:

- Sustainability of program funding beyond end of grant term, June 30, 2022.

CONSEQUENCE OF NEGATIVE ACTION:

Without funding, the county will continue to face an increasing number of homeless and runaway youth without access to housing and preventative services.

FISCAL IMPACT:

No County Cost. $250,908 from CAL ID Funds.

BACKGROUND:

The California Identification System (Cal-ID) is the automated system maintained by the California Department of Justice (DOJ) for retaining fingerprint files and identifying latent fingerprints. Cal-ID monies are collected from the fees from each non-commercial and commercial vehicles registered, and are used to fund programs that enhance the capacity of the state and local law enforcement to provide automated mobile, fixed Livescan fingerprint capture stations and Cogent Automated Biometric Identification System (CABIS), formerly known as Cogent Automated Fingerprint Identification System (CAFIS), that allow identification of individuals involved in motor vehicle crimes. is a uniform statewide network of equipment and procedures allowing local law enforcement agencies direct access to the Cal-ID System. The Contra Costa County local RAN board determines the placement of RAN equipment within the County, and coordinates the acceptance, delivery, and installation of RAN equipment. Acting as the local RAN board, mobile fingerprint identification hardware has been distributed to local law enforcement agencies within the County pursuant to the criteria specified in the Penal Code. Under the proposed contract, a dedicated support engineer will provide to Contra Costa County Sheriff's Office and its client agencies high availability of support for the Cogent Automated Fingerprint Identification System (CAFIS), the mugshot server, Latent Gateway, WebID, 31 Livescans, and the 350 Mobile ID devices throughout the county. A dedicated support engineer will provide continuity to the support needs, develop more personalized technical support relationships with users, perform proactive maintenance to reduce technical problems and downtimes minimizing disruption to the daily business for the law enforcement officer.

CONSEQUENCE OF NEGATIVE ACTION:

If the Office of the Sheriff is not allowed to contract with Gemalto Cogent for the dedicated support engineer, Contra Costa County Sheriff's Office and its client agencies will experience support engineers that are not familiar with the configurations and components of our systems which slows the support response. In addition, Contra Costa County and its agencies vie for support time with the Gemalto Cogent support engineers with many other counties and police departments throughout Northern California. Delayed support response can translate into the inability to identify unknown subjects on the street with Mobile ID or the inability to capture fingerprints at booking facilities with a Livescan for mandated reporting to the California Department of Justice and the Federal Bureau of Investigations. The delay to fix failures of the aforementioned systems could lead to the release of subjects on the street or from booking facilities because they have not been identified and may be wanted for a more serious offense under another name. In addition, the lack of ability to identify an arrested subject may detain an individual that is not the person sought in a warrant or an investigation.

on-call project management, property management, and real estate right of way acquisition services. On July 9, 2019, the Board approved the first amendment to the contract increasing the payment limit to cover additional tasks issued under this contract. Current task orders issued include assisting the Public Works Real Estate Division in negotiating the transfer of the former Concord Naval Weapons Station property from the United States Navy to the County Sheriff's Department and County Fire District, project management for the disposition of the Pleasant Hill library property, developing a capital improvement program for the County's real estate portfolio, and general property lease management. The estimated completion dates of the task orders currently extend beyond the existing contract term.

The Public Works Department Real Estate Division experienced four (4) retirements in 2019. Three (3) of those retirements were in critical management positions (1 Principal Real Property Agent and 2 Supervising Real Property Agents) that has left a significant void in staffing and management of Division operations. In the past year, Public Works has recruited and filled two (2) of these positions. Another amendment is needed to increase the PDM contract capacity and extend the term in order to provide the necessary services required to maintain service delivery levels and meet priority project deadlines while the Department continues to recruit to backfill the remaining vacant positions.

CONSEQUENCE OF NEGATIVE ACTION:

Without Board approval of this amendment, Public Works Real Estate Division will not be able to move forward with and complete various projects deadlines.

areas for enhancing overall performance. This is critical as EHSD strives to increase client engagement to meet the Work Participation Rate and other key performance outcomes, as mandated by the state. The analytic service also empowers front-line supervisors and workers to use data to enhance decision-making and service delivery to clients. The resulting reports will highlight any cases that require attention and alert the worker, enabling proactive and immediate action by staff assigned to cases, thereby ensuring better compliance with state and federal mandates. Without these tools, EHSD will be more likely to suffer sanctions by the state.

Exemplar's experience and understanding of program operation challenges, combined with expertise working with various data systems used across county government agencies (including CalWIN and C-IV), makes them uniquely qualified to assist Contra Costa County. Exemplar's Analytic Service is a subscription service that enables agencies to access and utilize key performance management outcome data related to their operations at all levels of the organization – from the agency director to the front-line worker.

maintenance and support services to the Sheriff's Office, including without limitation, to develop and program the BEAGLE data integration, search, analytics and collaboration software tool. There are currently more than 9,000 users from over 104 different agencies participating in the system. The BEAGLE application will allow ARIES users to find accurate results of offenders, suspects, and crime data that is otherwise not possible with traditional search systems.

The County is paying WATI a discounted amount for the development of the BEAGLE search application, and the County and ARIES authorized users will have the right to use the search application under the license agreement without payment to WATI.

CONSEQUENCE OF NEGATIVE ACTION:

ARIES continues to improve the way it does business everyday by providing reliable and functional application to law enforcement agencies. If this contract is not approved, ARIES will not be able to continue to improve, upgrade and implement a sophisticated data sharing system for more than 9,000 users.

The summary of proposed terms and conditions set forth in this proposal is not intended to be all-inclusive. Any terms and conditions that are not specifically addressed herein would be subject to future negotiations. Moreover, by signing the proposal, the parties acknowledge that, except for the provisions concerning confidentiality set forth herein: (i) this proposal is not a binding commitment on the part of any person to provide or arrange for financing on the terms and conditions set forth herein or otherwise; (ii) any such commitment on the part of GEHFS would be in a separate written instrument signed by GEHFS following satisfactory completion of GEHFS' due diligence, internal review and approval process (which approvals have not yet been sought or obtained); (iii) this proposal supersedes any and all discussions and understandings, written or oral between or among GEHFS and any other person as to the subject matter hereof; and (iv) GEHFS may, at any level of its approval process, decline any further consideration of the proposed financing and terminate its credit review process. Proposed Lessee hereby acknowledges and agrees that GEHFS reserves the right to syndicate (via a referral, an assignment or a participation) all or a portion of the proposed leasing/financing transaction to one or more banks, leasing or finance companies or financial institutions (a "Financing Party"). In the event GEHFS elects to so syndicate all or a portion of the proposed leasing/financing transaction (whether before or after any credit approval of the proposed leasing/financing transaction by GEHFS) and is unable to affect such syndication on terms satisfactory to Proposed Lessee and/or GEHFS, GEHFS may, in its discretion, decline to enter into, and/or decline any further consideration of, the proposed financing. Proposed Lessee hereby further acknowledges and agrees that, in connection with any such syndication, GEHFS may make available to one or more Financing Parties any and all information provided by or on behalf of Proposed Lessee to GEHFS (including, without limitation, any third party credit report(s) provided to or obtained by GEHFS).

To the extent permitted by applicable law, you hereby authorize GEHFS to file in any jurisdiction as GEHFS deems necessary any initial Uniform Commercial Code financing statements that identify the Equipment or any other assets subject to the proposed financing described herein. If for any reason the proposed leasing/financing transaction is not approved, upon your satisfaction in full of all obligations to GEHFS, GEHFS will cause the termination of such financing statements. You acknowledge and agree that the execution of this proposal and the filing by GEHFS of such financing statements in no way obligates GEHFS to provide the financing described herein. By signing below, you hereby consent to and authorize GEHFS to perform all background, credit, judgment, lien and other checks and searches as GEHFS deems appropriate in its sole credit judgment.

We look forward to your early review and response. If there are any questions, we would appreciate the opportunity to discuss this proposal in more detail at your earliest convenience. Please do not hesitate to contact me directly at (971) 732-3573.

GE Healthcare Confidential and Proprietary

Revolution EVO Mobile system including hardening kit.

Today's healthcare environment is about creating new solutions to pressing needs. It's about understanding how one CT exam can improve patient outcomes while lowering the cost of providing care. Revolution EVO is designed with the purpose of operating in this new reality, while anticipating the challenges of tomorrow. It is designed to support the widest variety of patients and applications, from complex trauma or cardiac cases, to large patient backlogs in busy emergency departments that strain workflows and resources. The design of Revolution EVO is made for institutions that are unable to sacrifice advanced capabilities such as high resolution for daily productivity. It is well suited for those who need to provide the lowest dose possible. And it provides options to expand your referral physician base and the services you provide to your community.

Revolution EVO is designed for you.

Revolution EVO is the next generation volume CT with a compact design and advanced technologies enabling you to see fine anatomical details, providing a pathway to a quick, confident diagnosis and delivering improved image quality across the entire body. Diagnostic images at the right dose add up to great care. Our innovative iterative reconstruction technologies are designed to reduce noise levels, improve low-contrast detectability and reduce dose for all patients. Additional Smart Dose technologies like organ dose modulation and XR-29 capabilities help you monitor, measure and manage your dose delivery.

Often the only thing you can predict about your workday is how unpredictable it will be. Revolution EVO is designed to help you manage this unpredictability - quickly and compassionately. Revolution EVO Smart Flow technologies are designed to help you improve productivity by streamlining user workflow and access to information, enabling you to perform more studies in less time and manage your patient flow up to 40% more efficiently. Revolution EVO is designed to help you compete in your market by helping to manage the health of your patient population today with precision, efficiency and the right dose.

Clarity Imaging Chain

Completely redesigned and uniquely patented imaging chain design integrates the data acquisition system directly with the photo diode reducing the size of this integrated system by 75%, improving signal to noise by 44% and power consumption by 50% compared to previous systems. The Performix 40 Plus tube delivers exceptional performance. The new liquid bearing and dual focal spot design improves precision.

Clarity Imaging Chain provides the following:
- 40 mm of coverage @ 1.25 mm slices
- Cable free between ASIC and Diode, and has a capability to reduce electric noise.
- Up to 90% less heat compared with previous GE technology
- Improved signal to noise up to 44% compared with previous GE technology
- Optimized collimator to reduce scatter dose, noise and artifacts.
- Performix40 Plus X-ray tube provides less focus movement.

ASiR

ASiR iterative reconstruction technology may enable reduction in pixel noise standard deviation (a measurement of image noise). The ASiR algorithm may allow for reduced mA in the acquisition of images, thereby reducing the dose required. ASiR iterative reconstruction technology also may enable improvement in low contrast detectability. In clinical practice, the use of ASiR may reduce CT patient dose depending on the clinical task, patient size, anatomical location and clinical practice. A consultation with a radiologist and physicist should be made to determine the appropriate dose to obtain diagnostic image quality for the particular clinical task.

Smart Technologies

Smart Dose

Intelligent technology designed to help you acquire high-quality images using lower doses of radiation, contributing to more accurate diagnoses and lower exposures for patients. Includes dose management tools such as:

- Organ Dose Modulation (ODM): ODM provides a reduction of radiation dose via X-ray tube current modulation for sensitive tissues, such as breasts or eyes.
- Compliant with the NEMA XR 25, and XR 29 standards
- Adult and Pediatric reference protocols

• Dose Check - Patient pre-scanning monitoring and alerts. Receive notifications and alerts if your predetermined dose levels will be exceeded. You can correct and confirm the right settings before scanning to avoid unnecessary radiation dose to your patient. Dose check is based on standard XR 25-2010 published by The Association of Electrical and Medical Imaging Equipment Manufacturers (NEMA).
• Dose Reporting: CTDIvol, DLP, Dose Efficiency are displayed to the user during scan prescription and at the end of the exam. The CTDIvol, DLP, and Phantom size used to calculate dose is automatically saved once the user selects End Exam.
• DICOM Structured Dose Report generates a CT Dose Report, which can enable tracking of dose (CTDIvol and DLP) for the patient by the hospital radiation tracking system.
• 3D mA Modulation utilizing SmartmA and AutomA: 3D mA Modulation allows you to personalize protocols and optimize dose for every patient – large and small. During the patient scan, in real-time, these automatic exposure controls, modulate dose in 3D helping you deliver consistent mage quality because it automatically accounts for the changing dimensions of your patient's anatomy. 3D mA modulation acquisitions may reduce dose compared with fixed mA acquisitions. Auto mA modulation is designed to optimize the dose for the user prescribed noise index. Its effect on dose depends on the patient body habitus, and prescribed noise setting.
• Dynamic Z-axis tracking: Dynamic Z-axis tracking provides automatic and continuous correction of the x-ray beam shape to block unused x-ray at the beginning and end of a helical scan to reduce unnecessary radiation.
• DoseWatch Explorer Web based dose management solutions: Analyze, identify, and optimize patient dose. Track and monitor patients' cumulative radiation dose over time and take steps to prevent excessive radiation dose. DoseWatch Explore is an introductory dose management software application that provides you secure access, via any PC with internet access, to dose and protocol data from this system. An InSite connection to the system and completion of the registration process is required to use the DoseWatch Explore application. For US and Canadian Customers, this quotation includes access to the DoseWatch Explore application for a period concurrent with the system warranty.

Smart Flow

Designed to help you improve productivity and patient experience by streamlining your workflow and access to information. Smart Flow technologies:

• Silent design of Revolution EVO gantry allows significant reduction of audible noise compared with previous GE technology.
• Xtream display is a multi-purpose touch LCD screen on the Revolution EVO gantry. Xtream display can show the user basic patient information as well as enable advanced capability of One Stop ED mode and Instructional or distraction videos. The user can confirm patient information in the scan room and improving workflow with preset positioning (default patient positioning) on the gantry display.
• Fast, hands-free patient positioning: Default Patient Positioning provides user friendly positioning. After patient is positioned on the table, the operator touches the selects the anatomical reference on the Xtream display. The table is transferred to that anatomical reference simply by the foot pedal has been pressed by the user.
• One stop scanning mode: Revolution EVO's exceptional one stop scanning mode provides a streamlined workflow on the Xtream display. From the Xtream display at the gantry the user can: 1. select the patient from the worklist, 2, Select the appropriate protocol, 3, Confirm the firm the 1st within the selected protocol. All without having to leave the patients side.
• Image Check - Real-time reconstruction during the scan: With Image Check, up to 55 images are reconstructed and available per second. Reconstructing images in real time helps you focus solely on the well being and diagnosis of your patient.
• Instructional or Distraction videos are to assist the user in explaining the CT examination to patients. This is very useful when the user and patient do not speak the same language. Distraction videos are for young patient to help keep them distracted during exam prep and scanning. Additional the Movie Change feature allows you to upload your own video
• 10 PMR's, for trauma patients, when the extent of the injuries is unknown, you can prospectively prescribe up to 10 multiphase reconstructions and easily prioritize which one you need first.
• GE's protocol management is improved with the addition of a workflow improvement feature, which allows easy configuration of back to back axial or helical scans of the same anatomy at two different X-ray energies (kVp's). To further improve registration accuracy, patient immobilization may be utilized. The acquired dual energy data can be post-processed on the console or AW workstation using the Add/Sub function to gain additional clinical information.
• IQ Enhance pitch booster - Scan a chest in as fast as two seconds with 175 mm/sec acquisition speed to help shorten patient breath-holds while maintaining image quality. Requires 0.35 second rotation speed capability to achieve 175mm/sec.
• Adaptive Enhance Level Adjustment (AELA) may improve visual spatial resolution while maintaining pixel noise standard deviation and artifact.
• Direct MPR with Auto-Batch feature, affording automatic real-time direct reconstruction and transfer of fully corrected multi-planar images, also allows users to move from routine 2D review to prospective 3D image review of axial, sagittal, coronal, and oblique planes while enabling automated protocol-driven batch reformats to be created and networked to their desired reading location.

6	1.00	B7900LC		Low Dose CT Lung Screening Option with Indication For Use	
			Discount		Net Price
			0.00%		$0.00

This option provides lung screening reference protocols that are tailored to the CT system, patient size (small, average large), and the most current recommendations from a wide range of professional medical and governmental organizations. Now, qualified GE Healthcare CT scanners with this option are formally indicated for, and can be confidently used by physicians for low dose CT lung cancer screening of identified high-risk patient populations. These protocols deliver low dose, short scan times, and clear and sharp images for the detection of small lung nodules. Early detection from an annual lung screening with low dose CT in high-risk individuals can prevent a substantial number of lung cancer-related deaths.

All new GE 64-slice and greater CT scanners, and virtually all of the 16-slice CT scanners that GE Healthcare sells are qualified for this screening option. This solution is also available to thousands of qualified GE CT scanners currently in use, increasing access to the quality scanners that satisfy both patient and physician needs. The new protocols, do include the choice for the user to be able to utilize GE Healthcare's industry-leading technologies such as ASiRTM, ASiR-VTM and VeoTM that are designed to reduce image noise, which is undesirable for physicians looking for small nodules.

This option contains two documents. Lung Cancer Screening Option Reference Protocol Guide, and the Lung Cancer Screening Option User Manual / Technical Reference Manual

Main Disconnect Panel (MDP) UL 90A 400/480V 50/60Hz 3 phases for CT, PET and PETCT

The (Main Disconnect and UPS Control Panel serves as the main facility power disconnect source installed ahead of the CT system PDU. On systems where the optional partial system UPS is included in the system, the panel provides NEC mandated UPS emergency power-off control function via a UPS control cable included with the UPS. The optimized design PDB saves time, installation labor, and valuable mounting space by consolidating the main circuit breaker, control power source and required warning lights into a compact factory manufactured panel. The panel provides short circuit protection, overload protection and National Electrical Code and Canadian Electrical Code required emergency shutdown for the system. The 24-volt low voltage controls all power, using either the panel cover mounted EMERGENCY OFF push button or the remote EMERGENCY OFF push button included with each system. The PDB is painted to match the imaging system for a total coordinated system appearance. Available in a combination surface\semi-flush mounted

enclosure. The system provides stock availability of otherwise special-order devices, saving time and installation costs.

Benefits
• The System Main Disconnect saves time, installation labor, and valuable mounting space by consolidating the main circuit breaker, the feeder overcurrent devices, magnetic contactors and UPS emergency power-off into one compact panel
• The system provides stock availability of otherwise special-order devices, saving time and installation costs
• Reduces installation time and cost by eliminating delays in obtaining individually enclosed components and by eliminating on site assembly
• UPS emergency power-off functions are included for future, partial system UPS addition.

GE Healthcare may audit Customer's use of Software, Subscription and Healthcare Digital Products to verify Customer's compliance with this Agreement up to 12 months following termination or expiration of the applicable Quotation. Customer will provide reasonable assistance and unrestricted access to the information. Customer must pay underpaid or unpaid fees discovered during the audit, and GE Healthcare's reasonable audit costs, within 30 days of written notification of the amounts owed. If Customer does not pay, or the audit reveals that Customer is not in compliance, GE Healthcare may terminate Customer's Software license, Subscription or use of the Healthcare Digital Product.

5. **Security Interest and Payment.**

5.1. Security Interest. Customer grants GE Healthcare a purchase money security interest in all Products in the Quotation until full payment is received, and Customer will perform all acts and execute all documents necessary to perfect GE Healthcare's security interest.

5.2. Failure to Pay. If, after Product delivery, Customer is more than 45 days past due on undisputed payments, GE Healthcare may, on 10 days' prior written notice, disable and/or remove the Products.

6. **Trade-In Equipment.** Trade-in equipment identified in a Quotation will be subject to separate trade-in terms and conditions.

7. **Subscriptions**. The following terms apply to all Subscriptions (excluding Healthcare Digital Products).

7.1. Commencement. Unless otherwise indicated in this Agreement or the Quotation, the Subscription commences on the date GE Healthcare provides Customer access to the Products.

7.2. Renewal / Non-Renewal. The Subscription term renews automatically for the same duration as the initial term of the Subscription unless otherwise identified in the Quotation. Except as otherwise identified in this Agreement or a Quotation, GE Healthcare may increase prices annually by no more than the Consumer Price Index for All Urban Consumers (U.S. City Average, December to December) plus 2%, upon 90 days' prior written notice. Subscriptions are not cancellable; however, either party may opt to not renew the Subscription after the initial Subscription term or any subsequent renewal term by providing at least 60 days' prior written notice to the other party prior to renewal.

7.3. Subscription Equipment. Title to Equipment and Third-Party Equipment provided via Subscription ("Subscription Equipment") remains with GE Healthcare. Customer will not place, or permit the placement of, liens, security interests, or other encumbrances on Subscription Equipment. Customer shall not repair or service Subscription Equipment, or allow others to do so, without the prior written consent of GE Healthcare.

7.4. Support Services. Unless otherwise noted in the Quotation, GE Healthcare will provide support Services as described in the Subscription Products and ViewPoint Software Maintenance Terms and Conditions.

7.5. Upgrades. Included in the Subscription fees if Customer does not owe any undisputed payments, GE Healthcare will provide upgrades if and when they become available and to the extent they are provided to all GE Healthcare customers with a Subscription for the Products, at mutually agreed upon delivery and installation dates. Upgrades do not include: (i) any optional or separately licensable features; (ii) any Products not covered by the Subscription; or (iii) any virtual environment required to host an upgraded Product. GE Healthcare shall have no obligation to provide upgrades if Products are not maintained within the current major release version or the immediately prior major release version.

7.6. Access Controls. Customer must: (i) ensure users maintain individually-assigned confidential user credentials and control mechanisms to access the Subscription; and (ii) take reasonable steps to prevent unauthorized access to Products.

7.7. Post-Termination. Upon termination or expiration of the Subscription: (i) Customer must immediately discontinue use of the Products and return Subscription Equipment to GE Healthcare in proper operating condition; (ii) Customer must destroy its copies of Software and Documentation; (iii) Customer must remove its data from Subscription Equipment; (iv) GE Healthcare is not responsible for and may destroy Customer-provided information, images or data; and (v) GE Healthcare will remove Customer's access.

7.8. Professional Services. For Services not covered under this Agreement or required due to Customer not meeting its responsibilities under the Agreement, applicable additional professional Services and fees will be required: (i) identified in the Quotation; and (ii) subject to GE Healthcare's then-current pricing.

8. General Terms.

8.1. Confidentiality. Each party will treat this Agreement and the other party's proprietary information as confidential, meaning it will not use or disclose the information to third parties unless permitted in this Agreement or required by law. Customers are not prohibited from discussing patient safety issues in appropriate venues.

8.2. Governing Law. The law of the state where the Product is installed, the Service is provided, or the Subscription is accessed will govern this Agreement.

8.3. Force Majeure. Performance time for non-monetary obligations will be reasonably extended for delays beyond a party's control.

8.4. Assignment; Use of Subcontractors. Rights and obligations under this Agreement cannot be assigned without the other party's prior written consent, unless: (i) it is to an entity (except to a GE Healthcare competitor) that (a) is an affiliate or parent of the party or (b) acquires substantially all of the stock or assets of such party's applicable business, Product line, or Service thereof; and (ii) the assignee agrees in writing to be bound by this Agreement, including payment of outstanding fees. GE Healthcare may hire subcontractors to perform work under this Agreement but will remain responsible for its obligations.

8.5. Waiver; Survival. If any provision of this Agreement is not enforced, it is not a waiver of that provision or of a party's right to later enforce it. Terms in this Agreement related to intellectual property, compliance, data rights and terms that by their nature are intended to survive will survive the Agreement's expiration or termination.

8.6. Intellectual Property. GE Healthcare owns all rights to the intellectual property in GE Healthcare's Products, Services, Documentation, Specifications, and statements of work related to a Quotation or otherwise. Customer may provide GE Healthcare with feedback related to Products, Services, and related Documentation, and GE Healthcare may use it in an unrestricted manner.

9. Compliance.

9.1. Generally. Each party will comply with applicable laws and regulations. Customer is only purchasing or licensing Products for its own medical, billing and/or non-entertainment use in the United States. GE Healthcare will not deliver, install, service or train if it discovers Products have been or are intended to be used contrary to this Agreement. This Agreement is subject to GE Healthcare's ongoing credit review and approval. Customer is aware of its legal obligations for cost reporting, including 42 C.F.R. § 1001.952(g) and (h), and will request from GE Healthcare any information beyond the invoice needed to fulfill Customer's cost reporting obligations. GE Healthcare will provide safety-related updates for Equipment and Software required by applicable laws and regulations at no additional charge.

9.2. Security. GE Healthcare is not responsible for: (i) securing Customer's network; (ii) preventing unauthorized access to Customer's network or the Product; (iii) backup management; (iv) data integrity; (v) recovery of lost, corrupted or damaged data, images, software or equipment; (vi) third party operating systems, unless specifically provided in the Quotation; or (vii) providing or validating antivirus or related IT safeguards unless sold to Customer by GE Healthcare. NEITHER PARTY WILL BE LIABLE TO THE OTHER PARTY FOR DAMAGES CAUSED BY UNAUTHORIZED ACCESS TO THE NETWORK OR PRODUCTS REGARDLESS OF A PARTY'S COMPLIANT SECURITY MEASURES.

9.3. Environmental Health and Safety ("EHS"). GE Healthcare personnel may stop work without penalty due to safety concerns. Customer must: (i) comply with GE Healthcare's EHS requirements; (ii) provide a safe environment for GE Healthcare personnel; (iii) tell GE Healthcare about chemicals or hazardous materials that might come in contact with Products or GE Healthcare personnel; (iv) perform decommissioning or disposal at Customer facilities; (v) obtain and maintain necessary permits; (vi) thoroughly clean Products before Service; (vii) provide radioactive materials required for testing Products; and (viii) dispose of waste related to Products and installations.

9.4. Parts and Tubes. GE Healthcare: (i) recommends the use of parts it has validated for use with the Product; (ii) is not responsible for the quality of parts supplied by third parties to Customer; and (iii) cannot assure Product functionality or performance when non-validated parts are used. Certain Products are designed to recognize GE Healthcare-supplied tubes and report the presence of a non-GE Healthcare tube; GE Healthcare is not responsible for the use of, or effects from, non-GE Healthcare supplied tubes.

9.5. Training. GE Healthcare's training does not guarantee that: (i) Customer trainees are fully trained on Product use, maintenance or operation; or (ii) training will satisfy any licensure or accreditation. Customer must ensure its trainees are fully qualified in the use and operation of the Product. Unless otherwise identified in the training catalog, Customer will complete training within 12 months of: (a) the date of Product delivery for a Product purchase; (b) the respective start date for Services or Subscription for purchase of Service or Subscription; or (c) the date training is ordered for training-only purchases. If not completed within this time period, other than because of GE Healthcare's fault, training expires without refund.

9.6. Medical Diagnosis and Treatment. All clinical and medical treatment, diagnostic and/or billing decisions are Customer's responsibility.

9.7. Connectivity. If a Product has remote access capability: (i) Customer will provide GE Healthcare with, and maintain, a GE Healthcare-validated remote access connection to service the Product; or (ii) GE Healthcare reserves the right to charge Customer for onsite support at GE Healthcare's then-current billing rate. This remote access and collection of machine data (e.g., temperature, helium level) will continue after the end of this Agreement unless Customer requests in writing that GE Healthcare disable it.

9.8. Use of Data.

9.8.1. Protected Health Information. If GE Healthcare creates, receives, maintains, transmits or otherwise has access to Protected Health Information (as defined in 45 C.F.R. § 160.103) ("PHI"), GE Healthcare may use and disclose the PHI only as permitted by law and by the Business Associate Agreement. Before returning any Product to GE Healthcare, Customer must ensure that all PHI stored in it is deleted.

9.8.2. Data Rights. GE Healthcare may collect, prepare derivatives from and otherwise use non-PHI data related to Products and/or Services for such things as training, demonstration, research, development, benchmarking, continuous improvement and facilitating the provision of its products, software and services. GE Healthcare will own all intellectual property and other rights that could result from this collection, preparation and use. The non-PHI data will not be used to identify Customer or sold by GE Healthcare without Customer's consent.

9.9. Customer Policies. GE Healthcare will use reasonable efforts to respect Customer-provided policies that apply to GE Healthcare and do not materially contradict GE Healthcare policies. Failure to respect Customer policies is not a material breach unless it is willful and adversely affects GE Healthcare's ability to perform its obligations.

9.10. Insurance. GE Healthcare will maintain coverage in accordance with its standard certificate of insurance.

9.11. Excluded Provider. To its knowledge, neither GE Healthcare nor its employees performing Services under this Agreement have been excluded from participation in a Federal Healthcare Program. If an employee performing Services under this Agreement is excluded, GE Healthcare will replace that employee within a reasonable time; if GE Healthcare is excluded, Customer may terminate this Agreement upon written notice to GE Healthcare.

10. Disputes and Arbitration.

10.1. Binding Arbitration. Other than collection matters and actions seeking injunctive relief to prevent or cease a violation of intellectual property rights related to Products or Services, the parties agree to submit all disputes arising under or relating to this Agreement to the American Arbitration Association ("AAA") office closest to the largest metropolitan area of the location where the Product is installed or the Service is provided for binding arbitration conducted in accordance with AAA's then-current Commercial Arbitration Rules. Costs, including arbitrator fees and expenses, will be shared equally, and each party will bear its own attorneys' fees. The arbitrator will have authority to award damages only to the extent available under this Agreement. Nothing in this Section shall allow either party to arbitrate claims of any third-party not a party to this Agreement. The parties further agree to keep confidential: (i) the fact that any arbitration occurred, (ii) the results of any arbitration, (iii) all materials used, or created for use, in the arbitration, and (iv) all other documents produced by another party in the arbitration and not otherwise in the public domain.

11. Liability and Indemnity.

11.1. Limitation of Liability. GE HEALTHCARE'S LIABILITY FOR DIRECT DAMAGES TO CUSTOMER UNDER THIS AGREEMENT WILL NOT EXCEED: (I) FOR PRODUCTS, THE PRICE FOR THE PRODUCT THAT IS THE BASIS FOR THE CLAIM; OR (II) FOR SERVICE, OR SUBSCRIPTIONS, THE AMOUNT OF SERVICE, OR SUBSCRIPTION FEES FOR THE 12 MONTHS PRECEDING THE ACTION THAT IS THE BASIS FOR THE CLAIM. THIS LIMITATION WILL NOT APPLY TO GE HEALTHCARE'S DUTIES TO INDEMNIFY CUSTOMER UNDER THIS AGREEMENT.

11.2. Exclusion of Damages. NEITHER PARTY WILL HAVE ANY OBLIGATION FOR: (I) CONSEQUENTIAL, PUNITIVE, INCIDENTAL, INDIRECT OR REPUTATIONAL DAMAGES; (II) PROFIT, DATA OR REVENUE LOSS; OR (III) CAPITAL, REPLACEMENT OR INCREASED OPERATING COSTS.

11.3. IP Indemnification. GE Healthcare will indemnify, defend and hold Customer harmless from third-party claims for infringement of United States intellectual property rights arising from Customer's use of the Equipment or Software in accordance with the Specifications, Documentation and license.

11.4. General Indemnification.

11.4.1. GE Healthcare will indemnify, defend and hold Customer harmless for losses which Customer becomes legally obligated to pay arising from third party claims brought against Customer for bodily injury or damage to real or tangible personal property to the extent the damage was caused by GE Healthcare's: (i) design or manufacturing defect; (ii) negligent failure to warn, negligent installation or negligent Services; or (iii) material breach of this Agreement.

11.4.2. Customer will indemnify, defend and hold GE Healthcare harmless for losses which GE Healthcare becomes legally obligated to pay arising from third party claims brought against GE Healthcare for bodily injury or damage to real or tangible personal property to the extent the damage was caused by Customer's: (i) medical diagnosis or treatment decisions; (ii) misuse or negligent use of the Product; (iii) modification of the Product; or (iv) material breach of this Agreement.

11.5. Indemnification Procedure. For all indemnities under this Agreement: (i) the indemnified party must give the other party written notice before claiming indemnification; (ii) the indemnifying party will control the defense; (iii) the indemnified party may retain counsel at its own expense; and (iv) the indemnifying party is not responsible for any settlement without its written consent.

12. Payment and Finance.

12.1. Late Payment. Customer must raise payment disputes before the payment due date. For any undisputed late payment, GE Healthcare may: (i) suspend performance under this Agreement until all past due amounts are paid; (ii) charge interest at a rate no more than the maximum rate permitted by applicable law; and (iii) use unapplied funds due to Customer to offset any of Customer's outstanding balance. If GE Healthcare suspends performance, any downtime will not be included in the calculation of any uptime commitment. If Customer fails to pay when due: (a) GE Healthcare may revoke its credit and designate Customer to be on credit hold; and (b) all subsequent shipments and Services must be paid in full on receipt.

12.2. Taxes. Prices do not include applicable taxes, which are Customer's responsibility.

12.3. Customer Payment Obligation. If installation or acceptance is delayed more than 90 days because of any reason for which Customer or its subcontractor is responsible, GE Healthcare will provide written notice and bill the remaining balance due on the order, and Customer must pay according to the payment terms listed on the Quotation.

13. **Notices.** Notices will be in writing and considered delivered when received if sent by certified mail, postage prepaid, return receipt requested, by overnight mail, or by fax. Notice to Customer will be directed to the address on this Agreement, and notice to GE Healthcare to General Counsel, 9900 Innovation Dr., Wauwatosa, WI 53226.

14. **Imaging Equipment Uptime Commitment**. GE Healthcare will provide an uptime commitment during warranty for CT, MR, nuclear imaging, and x-ray Equipment, excluding peripherals ("Eligible Equipment") if Customer provides GE Healthcare with: (i) access to Eligible Equipment through a secure connection meeting Specifications and industry best practices; (ii) notice of changes that impact Customer's connection; and (iii) prompt and unencumbered access to Eligible Equipment. The "Uptime Commitment" for nuclear imaging and x-ray Eligible Equipment is 95%, except digital mammography, digital radiographic and vascular x-ray systems and all other Eligible Equipment is 97%. Other Products may be eligible for an uptime commitment if identified in the Quotation.

If GE Healthcare fails to meet the Uptime Commitment over a 26-week period, it will extend the warranty as follows:

% Less than Uptime Commitment	Warranty Extension
0.1 - 3.0	1 week
3.1 - 8.0	2 weeks
8.1 - 13.0	4 weeks
> 13.0	6 weeks

Uptime is calculated as follows:

$$\left(\frac{UptimeBase - Downtime}{UptimeBase}\right)$$

"Uptime Base" = ("a" hours per day X "b" days per week X 26 weeks) – (Planned Maintenance ("PM") hours during prior 26 weeks), where "a" hours per day and "b" days per week are determined by the standard warranty for Eligible Equipment. "Downtime" is the number of hours during which Eligible Equipment is subject to a Critical Malfunction. Downtime starts when Customer notifies GE Healthcare that Eligible Equipment is inoperable and unavailable for use due to GE Healthcare's design, manufacturing, material or performance failure ("Critical Malfunction"). Downtime ends when Eligible Equipment is available for clinical use. To be eligible for the Uptime Commitment, Customer must maintain a performance log that includes data required to calculate Downtime.

15. **DoseWatch Device License.** Each connection of a Device (defined below) to the DoseWatch Software requires Customer to purchase a unique Device license referencing a Device ID that allows concurrent use of the DoseWatch Software with that Device at a specified Customer facility on Customer's secured network. All other terms, duration and warranties applicable to the Software license apply to the Device license. "Device" is specific Customer equipment approved by GE Healthcare to be connected to DoseWatch Software under this Agreement. Additional Device connections may be added to this Agreement, subject to individual Device licenses, and related installation, implementation, configuration and optimization services at GE Healthcare's then-current rates.

16. **Subscription Products and ViewPoint Software Maintenance Terms and Conditions**.

16.2. Scope.

16.2.3. Definitions. "Error" means any Software-related problem that: (i) materially interferes with Customer's use of the Software; and (ii) results from a failure of the Software to materially conform to the Documentation. "Error Correction" means: (a) modification of the Software that corrects an Error by bringing the Software into material conformity with the Documentation; or (b) a procedure that avoids the material adverse effect of the nonconformity. "Update" means a change that provides Error Corrections and/or enhances functionality of the Software version licensed by Customer. An Update does not involve major changes or provide significant, new functionality or applications, or changes to the software architecture or file structure. 16.2.6. Warranty. GE Healthcare warrants that its Services will be performed by trained individuals in a professional, workman-like manner. GE Healthcare will re-perform non-conforming Services as long as Customer provides prompt written notice to GE Healthcare. NO OTHER EXPRESS OR IMPLIED WARRANTIES, INCLUDING IMPLIED WARRANTIES OF NON-INFRINGEMENT, MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, WILL APPLY. SERVICE MANUALS AND DOCUMENTATION ARE PROVIDED "AS IS". GE HEALTHCARE DOES NOT GUARANTEE PRODUCTS WILL OPERATE WITHOUT ERROR OR INTERRUPTION.

16.2.8. Software Maintenance Agreement Term. The following applies to ViewPoint software and HIS interface software only: The SMA term and start date is identified in the Quotation and its related Schedule A. Either party may terminate the SMA without cause after the first anniversary by providing at least 90 days' prior written notice to the other party. SMA payments are due within 30 days after receipt of GE Healthcare's invoice.

1. **Warranty.**

If GE Healthcare replaces Equipment or a component, the original becomes GE Healthcare property and Customer will return the original to GE Healthcare within 5 days after the replacement is provided to Customer. Customer cannot stockpile replacement parts. Prior to returning Equipment to GE Healthcare, Customer will: (a) obtain a return to manufacturer authorization; and (b) back up and remove all information stored on the Equipment (stored data may be removed during repair). Customer is responsible for damage during shipment to GE Healthcare. The warranty for a Product or component provided to correct a warranty failure is the unexpired term of the warranty for the repaired or replaced Product.

GE Healthcare may provide a loaner unit during extended periods of Product service. If a loaner unit is provided: (i) it is for Customer's temporary use at the location identified in the Quotation; (ii) it will be returned to GE Healthcare within 5 days after the Product is returned to Customer, and if it is not, GE Healthcare may repossess it or invoice Customer for its full list price; (iii) it, and all programs and information pertaining to it, remain GE Healthcare property; (iv) risk of loss is with Customer during its possession; (v) Customer will maintain and return it in proper condition, normal wear and tear excepted, in accordance with GE Healthcare's instructions; (vi) it will not be repaired except by GE Healthcare; (vii) GE Healthcare will be given reasonable access to it; (viii) Customer is not paying for its use, and Customer will ensure charges or claims submitted to a government healthcare program or patient are submitted accordingly; and (ix) prior to returning it to GE Healthcare, Customer will delete all information, including PHI, from it and its accessories, in compliance with industry standards and instructions provided by GE Healthcare.

Darrell & Cindy,

Attached are the executable legal documents for the Mobile CT lease that includes the soft costs of the interim Mobile CT through Catalina Imaging. Essentially, there are two parts to the financing. The initial interim temporary funding document for the mobile CT that simply allows us to pay Catalina. That only lasts up until the GE Mobile CT delivers and then it is all bundled together in the final lease. You may have questions and I am here to provide answers so do not hesitate to reach out.

EARLY BUY-OUT OPTION ADDENDUM TO LEASE AGREEMENT DATED AS OF 03/31/2020

This Addendum dated as of 03/31/2020 is attached to and made a part of the Lease Agreement identified above (the "Lease"). This Addendum sets forth specific terms and conditions in addition to those in the Lease and amends and supplements the Lease. Capitalized terms not defined herein shall have the meanings assigned to them in the Lease.

The Lease is amended and supplemented by adding the following Early Buy-Out Option provision:

1. "Provided the Lease has not already been terminated and Lessee is not in default under the Lease or any other agreement between Lessee and Lessor, LESSEE MAY, BY WRITTEN NOTICE TO LESSOR, AT LEAST 30 BUT NOT MORE THAN 90 DAYS BEFORE THE "EARLY BUY-OUT DATE" SET FORTH BELOW, IRREVOCABLY ELECT TO PURCHASE all (but not less than all) of the Equipment described in the Lease for the "FMV Early Option Price" set forth next to the corresponding Early Buy-Out Date, plus all applicable taxes:"

Early Buy-Out Date	FMV Early Option Price (plus applicable taxes) *
Month 36	$566,597.37 USD

* Assumes amounts due up to and including the month referenced under the Early Buy-Out Date have been paid.

Lessee and Lessor agree that if Lessee acquires any upgrade to or non-severable improvement of the Equipment, which increases its productivity or value, then Lessee and Lessor will adjust the FMV Early Option Price to also reflect the upgrade or improvement. If the upgrade is financed by a party other than Lessor or paid for in cash, the value of this upgrade will not be included in determining the FMV Early Option Price.

2. Lessee's purchase of the Equipment is on an AS-IS, WHERE-IS basis without recourse or warranty of any kind against or by Lessor.

3. Lessee and Lessor agree and acknowledge that the FMV Early Option Price set forth above is a reasonable prediction of the fair market value of the Equipment at the corresponding Early Buy-Out Date.

4. Lessee may only exercise the option to purchase described in Paragraph 1 of this Addendum if, at the time of such exercise, no uncured default or event of default exists under the Lease or under any other agreement between Lessee and Lessor.

5. Notwithstanding anything to the contrary contained herein, Lessee's failure to pay the FMV Early Option Price within the terms of Lessor's invoice to Lessee for the FMV Early Option Price shall, at Lessor's sole discretion, render this option to purchase and Lessee's exercise of this option to purchase null and void, and Lessee shall have no further option or right to purchase the Equipment.

6. If Lessee does not exercise this option to purchase within the time provided, or if Lessee's timely exercise of the option to purchase is rendered null and void by Lessee's failure to pay the FMV Early Option Price in a timely manner as provided in Paragraph 5 of this Addendum, the terms and provisions of the "End-of-Term Options" and "Purchase Option" section of the Lease will govern the expiration of the Lease.

1. TERM; MONTHLY PAYMENT: The term hereof ("Term") begins on the earlier of the date (i) on which the Equipment has been delivered to the Equipment Site and has been assembled and/or installed (to the extent assembly and/or installation is required) and (ii) Lessee first uses the Equipment (the "Start Date"), provided that if Lessor requires a certificate of acceptance ("C of A") with respect to the Equipment, then the Term will begin upon Lessor's receipt of such C of A signed by Lessee. Beginning on the Start Date, Lessee shall remit the Monthly Payments set forth below ("Monthly Payments") and other sums to Lessor to the address specified by Lessor. In states assessing upfront sales and use tax, the Monthly Payments will be adjusted to include the applicable sales and use tax amortized over the Term using a rate that preserves Lessor's economic yield for the transaction described herein. Monthly Payments may be adjusted prior to the Start Date for changes in market conditions as determined by Lessor in its sole discretion. If the Start Date does not occur on or before the date which is the earlier of (i) 30 days following the date hereof or (ii) December 31 of the calendar year in which the date hereof occurs, then the Monthly Payments may be adjusted by Lessor on or before the Start Date. In addition, Lessor may adjust the Monthly Payments, up or down, by no more than 10% to account for Equipment change orders, Equipment returns, invoicing errors, and similar matters. Lessor will notify Lessee of any adjustment pursuant to this paragraph. A $500.00 USD documentation fee will be due from Lessee and will be billed on the first Monthly Payment invoice. Lessee shall initial below to indicate the applicable Term and Monthly Payment.

Lessee Initial	Term (Months)	Monthly Payment
	60	60 Month(s) at $17,692.54 USD

2. NET LEASE; PAYMENT OBLIGATIONS: This Agreement is a net lease and is non-cancelable. Lessee's obligation to pay Monthly Payments and other amounts due by Lessee under this Agreement (collectively, the "Obligations") is unconditional. Lessee must pay all Obligations to Lessor, even if any defect in, damage to, or loss of use of, any Equipment occurs for any reason (each, an "Equipment Loss"). Any claims for an Equipment Loss or for breach by Supplier of any service or warranty obligations can be pursued only against the Supplier. Lessee cannot withhold or set off any amounts owing to Lessor because of claims that Lessee may have against Supplier or any other manufacturer or service provider. If any amount due hereunder is not received within three days after its due date, Lessee shall pay, in addition to the amount due, a late payment charge of the greater of 5% of such unpaid amount or $35.00, but not exceeding any lawful maximum. Credit to Lessee's account may be delayed if (i) payment is not received at Lessor's payment address indicated in Lessor's invoice or other instructions from Lessor, or (ii) payment is received in any form other than direct debit, wires, company checks or certified checks. Delayed credit may cause Lessee to incur a late payment charge. All credit for payments is subject to final payment by the institution on which the item was drawn. All payments made to Lessor hereunder may be applied by Lessor in any order or manner, in its sole discretion, to late charges, rent payments, interest, principal and other amounts due hereunder, or under any other agreement. Lessor may at its option offset and deduct any liability or obligation of Lessee from any or all sums owed by Lessor to Lessee. Written communication concerning disputed payment amounts, including any check or other payment instrument that is tendered as full satisfaction of a disputed amount, or is tendered with other conditions or limitations, must be mailed or delivered to Lessor at its address stated herein or at such other address that Lessor may specify.

3. TAXES: If permitted by law, and unless otherwise instructed by Lessor, Lessee will timely report and pay all taxes, fees and assessments due, assessed or levied against any Equipment or this Agreement (collectively "Taxes"), except for Taxes on the net income of Lessor. If Lessor is charged, assessed or pays any Taxes, Lessee will promptly reimburse Lessor (on an after tax basis) therefor. Lessee shall show Lessor as the owner of the Equipment on all property tax reports or returns, and, upon Lessor's request, send Lessor a copy of each tax report or return and evidence of Lessee's payment of Taxes. If Lessor is required by law or elects to report and pay property taxes related to the Equipment, as compensation for Lessor's internal and external costs in the administration of such taxes, Lessee shall pay to Lessor a property tax administration fee equal to $12 per unit of Equipment per year during the Term, not to exceed the lawful maximum. If Lessee claims exemption from any Taxes, Lessee shall deliver to Lessor a tax exemption certificate and such other documents as Lessor may request.

4. USE, OPERATION AND MAINTENANCE: (a.) Lessee will (i) comply with all laws, rules and regulations applicable to the Equipment (including its use) and Lessee, including, without limitation, the USA PATRIOT ACT and all laws, rules and regulations relating to import or export controls, anti-money laundering and terrorist financing, (ii) use the Equipment for commercial purposes and not for personal, family or household purposes, (iii) keep the Equipment free and clear of all liens, (iv) not move any Equipment from the Equipment Site and (v) maintain the Equipment in good operating order in accordance with the manufacturer's recommendations. (b.) All additions, parts, supplies, accessories, and equipment ("Additions") furnished or attached to any Equipment that are not readily removable shall become the property of Lessor. Lessee will not attach or install any Equipment to or in any other personal or real property. Any service, repair or replacement of any parts, components or accessories of or to the Equipment ("Parts") shall be performed only by the original Equipment manufacturer ("OEM") or such other service provider approved by Lessor and only with OEM Parts (or if an OEM Part is not available, with a Part supplied by a manufacturer approved by Lessor). (c) Lessee shall promptly provide to the Supplier and the manufacturer of the Equipment (if different than the Supplier) any and all information received or generated by Lessee (regardless of how and in what form received or generated) that alleges any deficiencies related to the identity, labeling, quality, durability, reliability, safety, effectiveness and/or performance of the Equipment.

5. LOSS OR DAMAGE; CASUALTY VALUE; INSURANCE: Lessor bears no responsibility for transporting, or the risk of any loss, disappearance or damage of or to, the Equipment or any part thereof, all such responsibility and risks being assumed by Lessee. Within ten days of learning that any Equipment is lost, irreparably damaged or permanently unfit for use ("Casualty"), Lessee will provide Lessor full details of the Casualty and will pay to Lessor an amount equal to (i) the sum of all future Monthly Payments, plus the present value of Lessor's anticipated residual interest in the Equipment, each discounted to its net present value at a simple interest rate of 4% per annum (or if less, the maximum lawful rate) ("Casualty Value"); plus (ii) any other amounts due hereunder. Lessee shall continue to pay Monthly Payments until Lessor receives the Casualty Value and all other amounts then due hereunder, at which time this Agreement will terminate. Lessee shall at its own expense maintain casualty insurance on the Equipment with carriers acceptable to Lessor for an amount equal to the higher of the Casualty Value and the full replacement cost of the Equipment, and against such hazards as Lessor may require, with losses under the policies payable to Lessor as lender loss payee, and liability insurance (minimum of $2,000,000.00 USD) for personal injuries, death and/or property damages on terms satisfactory to Lessor, naming Lessor as an additional insured.

6. DEFAULT AND REMEDIES: (a) Lessor may declare Lessee in default hereunder if: (i) Lessee fails to pay any Obligations within ten days of the due date; (ii) Lessee breaches any of its other obligations hereunder and fails to cure that breach within 30 days after written notice from Lessor; (iii) Lessee or any guarantor of any of the Obligations ("Guarantor") dissolves, becomes insolvent or ceases to do business as a going concern; (iv) any individual Guarantor dies or is declared incompetent; or (v) Lessee or any Guarantor defaults under any other agreement with Lessor or an affiliate of Lessor. (b) Upon the occurrence of any default, Lessor may do one or more of the following: (i) declare all Obligations (including all future Monthly Payments) immediately due and payable; (ii) take possession of, and/or require Lessee to return, the Equipment; or (iii) pursue any other remedy available at law or in equity. Waiver of any default shall not be a waiver of any other or subsequent default. Lessee shall pay Lessor for any and all actual attorneys' fees and other expenses incurred by Lessor in connection with the enforcement of Lessor's rights and remedies hereunder.

7. INDEMNIFICATION: LESSEE SHALL INDEMNIFY AND HOLD LESSOR, ITS AGENTS, EMPLOYEES, SUCCESSORS AND ASSIGNS HARMLESS FROM AND AGAINST ANY AND ALL CLAIMS AND LOSSES, INCLUDING LEGAL EXPENSES, OF WHATSOEVER KIND ARISING OUT OF OR RELATING TO THE EQUIPMENT OR THIS AGREEMENT ("CLAIMS"), INCLUDING, WITHOUT LIMITATION, CLAIMS ARISING OUT OF THE SELECTION, MANUFACTURE OR PURCHASE OF THE EQUIPMENT, OWNERSHIP OF THE EQUIPMENT DURING THE TERM, AND THE DELIVERY, POSSESSION, MAINTENANCE, AND OPERATION OF THE EQUIPMENT. LESSEE SHALL, UPON LESSOR'S REQUEST, DEFEND ANY ACTIONS BASED ON, OR ARISING OUT OF, ANY OF THE FOREGOING.

8. PURCHASE OPTION: If Lessee is not in default, Lessee may, upon not less than 180 days prior written notice, purchase all of the Equipment at lease expiration on an "AS IS, WHERE IS" basis for its then Fair Market Value, plus all applicable taxes, which notice Lessee shall deliver via certified mail to 9900 Innovation Drive, Wauwatosa, WI 53226, Attn: VP Asset Management. "Fair Market Value" means the price that a willing buyer would pay for the Equipment in an arm's-length transaction to a willing seller under no compulsion to sell. In determining Fair Market Value, the Equipment shall be valued on a fully assembled, installed and operational basis and shall be assumed to be in the condition in which it is required to be maintained and returned hereunder. If Lessor and Lessee are unable to agree on Fair Market Value, Lessor shall appoint, at least 135 days before lease expiration, an independent appraiser (reasonably acceptable to Lessee) to determine Fair Market Value, which determination shall be final, binding and conclusive. Lessee shall pay all costs of such appraisal.

9. REMOVAL AND RETURN OF EQUIPMENT: At the expiration or earlier termination hereof, Lessee shall, at its expense, return all of the Equipment to a place designated by Lessor; provided, however, that Lessor, in its sole discretion, may require that the OEM or other service provider approved by Lessor de-install, crate and/or transport the Equipment, the costs of which shall be borne by Lessee. Lessee shall, at its expense, ensure that the Equipment, upon receipt by Lessor, is in the same condition and appearance as when received by Lessee (reasonable wear and tear excepted) and in good working order and condition. All waste material and fluid must be removed from the Equipment, and disposed of, by Lessee in accordance with all applicable laws and Lessee shall otherwise clean the Equipment in accordance with all manufacturer recommended and state-of-the-art protocols, industry standards and all applicable laws and regulations. Upon the request of Lessor (or its agent), Lessee shall deliver to Lessor (or its agent) prior to the removal and return of the Equipment a certificate pursuant to which Lessee shall (i) certify that the Equipment has been cleaned to remove any hazardous substances and that the area around the Equipment has been made safe and accessible, and (ii) specify whether the Equipment has been in contact with any radioactivity, infectious or hazardous biological substances and/or any other hazardous chemicals (and if so, provide the details of such contact), and whether the Equipment contains any liquid and/or gas (and if so, describing the same). Lessee bears the risk of loss until the Equipment is delivered to the location designated by Lessor. Lessee shall make the Equipment available for on-site operational inspection by potential purchasers at least 120 days prior to and continuing up to the termination hereof. Lessee shall continue to remit Monthly Payments to Lessor until all Equipment has been returned to Lessor as and when required hereunder, and the amount of each such Monthly Payment shall equal the highest Monthly Payment payable during the Term. Notwithstanding the foregoing, Lessee does not have a legally enforceable option to extend or renew this Agreement, or a legally enforceable option to compel any such extension or renewal.

10. ASSIGNMENT: LESSEE SHALL NOT SELL, ASSIGN OR SUBLEASE ANY EQUIPMENT OR THE INTEREST OF LESSEE THEREIN OR THE RIGHTS OR OBLIGATIONS OF LESSEE HEREUNDER WITHOUT LESSOR'S PRIOR WRITTEN CONSENT, AND ANY SUCH PURPORTED SALE, ASSIGNMENT OR SUBLEASE SHALL BE NULL AND VOID. Lessor may, without the consent of Lessee, assign this Agreement and its interest in the Equipment. Upon receipt of written notice of an assignment from Lessor, Lessee will pay all Monthly Payments and all other amounts payable hereunder to such assignee or as instructed by Lessor. Lessee waives and agrees not to assert against any such assignee any defense, set-off, recoupment claim or counterclaim that Lessee has or may at any time have against Lessor.

11. PROTECTED HEALTH INFORMATION: Lessee shall not disclose any Protected Health Information (as defined in 45 C.F.R. § 160.103) ("PHI") to Lessor. Prior to Lessor obtaining possession of the Equipment, whether after default, termination hereof or otherwise, Lessee shall remove any and all PHI from the Equipment, including from any software, and ensure that the transfer of the Equipment will not result in Disclosure (as defined in 45 C.F.R. § 160.103) of any PHI.

12. TITLE; FILINGS: Lessor shall retain title to the Equipment during the Term. Lessee authorizes Lessor to file a precautionary financing statement and amendments thereto describing the Equipment and containing any other information required by the applicable Uniform Commercial Code ("UCC"). If and to the extent this Agreement is deemed a security agreement, Lessee hereby grants to Lessor, as security for all Obligations, a security interest in all of Lessee's rights, title and interest in and to the Equipment, all Additions thereto, the general intangibles related thereto, and all proceeds of the foregoing.

13. MISCELLANEOUS; LESSEE AND LESSOR WAIVE ALL RIGHT TO A JURY TRIAL OF ANY CLAIM OR CAUSE OF ACTION BASED UPON OR ARISING OUT OF THIS AGREEMENT. The terms "hereof", "hereunder" and "herein" are references to this Agreement. Lessor's failure at any time to require strict performance by Lessee of any of the provisions hereof shall not waive or diminish Lessor's right at any other time to demand strict compliance with this Agreement. If more than one Lessee is named herein, the liability of each shall be joint and several. All required notices shall be deemed adequately given if sent by registered or certified mail, or by a nationally recognized overnight courier service, if to Lessor, at 9900 Innovation Drive, Wauwatosa, WI 53226, and if to Lessee, at its address stated herein, or in each case at such other place as such addressee may have specified in writing by notice as prescribed herein. This Agreement and any addenda and annexes constitute the entire agreement of the parties with respect to the subject matter hereof. THIS AGREEMENT AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES HEREUNDER SHALL IN ALL RESPECTS BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE INTERNAL LAWS OF THE STATE OF WISCONSIN (WITHOUT REGARD TO ITS CONFLICT OF LAWS PRINCIPLES). If any provision hereof is in conflict with any applicable law or rule, then such provision will be deemed null and void to the extent that it may conflict therewith, but without invalidating any other provision(s) hereof. This Agreement will be binding upon Lessee, its successors and assigns, and will inure to the benefit of Lessor, its successors and assigns. No modification of this Agreement or any waiver of any of its terms shall be valid unless in writing and signed by the parties hereto; provided, however, that Lessor may make adjustments to the Monthly Payments, to the extent permitted herein. Lessee has not received any tax or accounting advice from Lessor. The provisions hereof regarding "Taxes", "Default and Remedies", "Indemnification" and "Disclaimer" will continue in full force and effect after the expiration or termination hereof. Lessee will furnish its annual financial statements and such interim statements as Lessor may request, in form satisfactory to Lessor, prepared on the basis of generally accepted accounting principles, complete and correct, and fairly presenting Lessee's financial condition as of the date thereof. Lessor may at any reasonable time inspect the Equipment. This Agreement may be executed in counterparts as described below, each of which shall be deemed an original (except as otherwise provided below), but all of which together shall constitute one and the same instrument. Lessee shall sign this Agreement using ink on paper (a "manual" signature) or, if instructed or expressly permitted by Lessor in writing, by electronic or digital means (an "electronic" signature), and deliver the signed copy to Lessor. This Agreement is not binding on Lessor until Lessor signs it. When a copy hereof containing Lessee's signature is signed by Lessor (manually, electronically or digitally, at Lessor's option), then such copy shall be for all purposes (including perfection of security interests and admissibility of evidence) the sole original authenticated Agreement; and to the extent, if any, that this Agreement constitutes chattel paper (as defined in the applicable UCC), no security interest herein may be created through the transfer or possession of any counterpart or copy hereof, other than the copy executed by Lessor. If Lessee signs or transmits this Agreement to Lessor electronically or digitally, Lessee shall provide the counterpart hereof containing Lessee's original manual signature to Lessor at Lessor's request. Lessee agrees not to raise as a defense to the enforcement hereof that Lessee or Lessor executed this Agreement by electronic signature or used facsimile or other electronic means to transmit its signature on this Agreement. Lessor may receive compensation and/or discounts ("Discounts") from the Supplier or manufacturer of the Equipment in order to enable Lessor to reduce the cost of Lessee's lease below what Lessor otherwise would charge. If Lessor received any Discounts, such Discounts are reflected in the Monthly Payments. Any such Discounts provided are intended to comply with the federal Anti-Kickback Statute, 42 U.S.C. § 1320a-7b(b). To the extent required by 42 C.F.R. § 1001.952(h) (the Anti-Kickback Statute discount safe harbor regulations) or other applicable laws and regulations, Lessee must fully and accurately reflect in cost reports or other submissions to federal healthcare programs all Discounts provided hereunder and, upon request by the Secretary of the U.S. Department of Health and Human Services or a state agency, must make available information provided to Lessee concerning the Discounts. Lessee agrees that Lessor may pay fees or other compensation to Supplier and/or manufacturer of the Equipment, a broker or other third party in connection herewith, which, if so paid, may have resulted in the Monthly Payments being higher than they would have been had such amounts not been paid. Lessee and each of its affiliates authorize Lessor to disclose information (other than PHI) about Lessee and its affiliates that Lessor may at any time possess to (i) any party with a financial interest herein or the Equipment, and (ii) any state or federal regulator with supervisory authority over Lessor.

14. UCC ARTICLE 2A NOTICE; DISCLAIMER: THIS AGREEMENT IS A "FINANCE LEASE" AS DEFINED UNDER UCC SECTION 2A-103. LESSOR HEREBY MAKES THE FOLLOWING DISCLOSURES TO LESSEE PRIOR TO EXECUTION HEREOF: (A) THE SUPPLIER OF THE EQUIPMENT IS IDENTIFIED ABOVE, (B) LESSEE IS ENTITLED TO THE PROMISES AND WARRANTIES PROVIDED TO LESSOR BY SUPPLIER WITH RESPECT TO THE EQUIPMENT, AND (C) LESSEE MAY COMMUNICATE WITH SUPPLIER AND RECEIVE AN ACCURATE AND COMPLETE STATEMENT OF SUCH PROMISES AND WARRANTIES, INCLUDING ANY DISCLAIMERS AND LIMITATIONS OF PROMISES OR WARRANTIES. TO THE EXTENT PERMITTED BY APPLICABLE LAW, LESSEE WAIVES ANY AND ALL RIGHTS AND REMEDIES CONFERRED UPON

A LESSEE IN ARTICLE 2A OF THE APPLICABLE UCC. LESSEE ACKNOWLEDGES THAT IT HAS SELECTED THE EQUIPMENT WITHOUT ANY ASSISTANCE FROM LESSOR, ITS AGENTS OR EMPLOYEES. LESSOR MAKES NO WARRANTY OR REPRESENTATION, EITHER EXPRESS OR IMPLIED, WITH RESPECT TO THE EQUIPMENT OR ANY COMPONENT THEREOF, INCLUDING, WITHOUT LIMITATION, ANY WARRANTY AS TO DESIGN, COMPLIANCE WITH SPECIFICATIONS, QUALITY OF MATERIALS OR WORKMANSHIP, MERCHANTABILITY, FITNESS FOR ANY PURPOSE, USE OR OPERATION, SAFETY, PATENT, TRADEMARK OR COPYRIGHT INFRINGEMENT, OR TITLE. LESSOR SHALL HAVE NO LIABILITY TO LESSEE FOR ANY, PUNITIVE, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES SUCH AS LOST PROFITS OR REVENUES. LESSEE AUTHORIZES LESSOR (WITHOUT ANY FURTHER NOTICE) TO INSERT ANY MISSING INFORMATION AND TO CORRECT OBVIOUS ERRORS (INCLUDING ANY ERRORS WITH RESPECT TO LESSEE'S CORRECT LEGAL NAME) BUT NO OTHER VARIATION OR MODIFICATION OF THIS AGREEMENT OR ANY WAIVER OF ANY OF ITS PROVISIONS SHALL BE VALID UNLESS IN WRITING AND SIGNED BY EACH PARTY HERETO.

15. To help the government fight the funding of terrorism and money laundering activities, Federal law requires all financial institutions to obtain, verify and record information that identifies each person who enters into a transaction with such financial institution. What this means for Lessee: Lessor may ask for Lessee's name, address and other information that will allow Lessor to identify Lessee. Lessor may also ask to see identifying documents.

It is understood and agreed by the Authority that:

1 **Loss** or damage, if any, under this Memorandum, shall be paid to the payee named in this Memorandum, its successors and assigns, hereinafter referred to as the **lender,** in whatever form or capacity its interests may appear and whether said interest be vested in said **lender** in its individual or in its disclosed or undisclosed fiduciary or representative capacity, or otherwise, or vested in a nominee or trustee of said **lender**.

2 The coverage under this Memorandum, or any rider or endorsement attached thereto, as to the interest only of the **lender,** its successors and assigns, shall not be invalidated nor suspended:

A. By any error, omission, or change respecting the ownership, description, possession, or location of the subject of the coverage or the interest therein, or the title thereto;

B. By the commencement of foreclosure proceedings or the giving of notice of sale of any of the property covered by this Memorandum by virtue of any mortgage or trust deed; or

C. By any breach of warranty, act, omission, neglect, or non-compliance with any of the provisions of this Memorandum, including any and all riders now or hereafter attached thereto, by the **covered party**, the borrower, mortgagor, trustor, vendee, owner, tenant, warehouseman, custodian, occupant, or by the agents of either or any of them or by the happening of any event permitted by them or either of them, or their agents, or which they failed to prevent, whether occurring before or after the attachment of this endorsement, or whether before or after a **loss**, which under the provisions of this Memorandum of coverage or of any rider or endorsement attached thereto would invalidate or suspend the coverage as to the **covered party**, excluding any acts or omissions of the **lender** while exercising active control and management of the property.

3 In the event of failure of the **covered party** to pay any premium or additional premium which shall be or become due under the terms of this Memorandum or on account of any change in occupancy or increase in hazard not permitted by this Memorandum, the Authority agrees to give written notice to the **lender** of such non-payment of premium after sixty (60) days from and within one hundred and twenty (120) days after due date of such premium and it is a condition of the continuance of the rights of the **lender** hereunder that the **lender** when so notified in writing by this Authority of the failure of the **covered party** to pay such premium shall pay or cause to be paid the premium due within ten (10) days following receipt of the Authority's demand in writing therefore. Any contribution clause included in any fallen building clause waiver or any extended coverage endorsement attached to this Memorandum is hereby nullified except contribution clauses for the compliance with which the **covered party** has received reduction in the rate charged or has received extension of the coverage to include hazards other than fire and compliance with such contribution clause is made a part of the consideration for covering such other hazards. The **lender** upon the payment to it of the full amount of its claim, will subrogate this Authority (pro rata with all other insurers/coverage provides contributing to said payment) to all of the lender's rights of contribution under said other insurance of contribution under said other insurance.

FORM OF OPINION OF COUNSEL TO LESSEE

03/31/2020

GE HFS, LLC
9900 Innovation Drive
Wauwatosa, WI 53226

Re: Lease Agreement dated as of 03/31/2020 (the "Lease Agreement") by and between COUNTY OF CONTRA COSTA, CALIFORNIA ("Lessee") and GE HFS, LLC ("Lessor")

Ladies and Gentlemen:

As counsel for Lessee, we have been requested to furnish you with an opinion in connection with the execution by Lessee and Lessor of the Lease Agreement. The Lease Agreement and the attachments and exhibits thereto, and all other documents relating thereto or contemplated thereby are referred to herein collectively as the "Agreement." All capitalized terms used in this opinion shall, unless the context requires otherwise, have the meanings set forth in the Lease Agreement. In our capacity as counsel for Lessee, we have reviewed a duplicate original or certified copy of the Agreement and such other documents and matters of law as we have deemed necessary or appropriate for purposes of rendering the following opinion to you.

Based upon the foregoing, we are of the opinion that:

1. Lessee is a Government-Municipality duly incorporated and validly existing and in good standing under the laws of the State of California, with full power and authority to conduct the health care and other related activities now being conducted by it.

2. Lessee has full power and authority to execute and deliver the Agreement and to carry out the terms thereof. The Agreement has been duly and validly authorized, executed and delivered by Lessee, is in full force and effect and constitutes a valid and legally binding obligation of Lessee enforceable against Lessee in accordance with its terms (including against claims of usury), except to the extent limited by laws relating to bankruptcy, insolvency, reorganization, moratorium, receivership and other similar laws affecting creditors' rights generally and by general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law).

3. No consent, authorization, approval or other action by, and no notice to, or filing with, any governmental authority or regulatory body is required for the due execution, delivery and performance by Lessee of the Agreement, except for such action which has been duly obtained or taken and is in full force and effect.

4. The consummation of the transactions contemplated by the Agreement and the carrying out of the terms thereof will not result in violation of any provisions of Lessee's enabling act or result in the violation of any provision of, or in a default under, any indenture, mortgage, deed of trust, indebtedness, agreement, judgment, decree, order, statute, rule or regulation to which Lessee is a party or by which it or its property is bound.

5. There are no legal or governmental actions, suits, proceedings, inquiries or investigations pending, threatened or contemplated, or any basis therefor, to which Lessee is or may become a party or of which any property of Lessee is or may become subject, other than ordinary routine litigation incident to the kind of business conducted by Lessee which, if determined adversely to Lessee, would not, individually or in the aggregate, have a material adverse effect on the financial position or results of operations of Lessee.

6. There are no legal or governmental proceedings pending, threatened or contemplated, or any basis therefor, wherein an unfavorable decision, ruling or finding would adversely affect the validity of or security for the Agreement or the transactions contemplated thereby.

7. Lessee has taken all steps legally required as a condition precedent to the execution and delivery of the Agreement and to permit the commencement of the acquisition, installation and operation of the Equipment. Lessee has made all submissions to governmental authorities and has obtained, and there are currently in full force and effect, all consents, approvals, authorizations, accreditations, licenses, permits and orders of any governmental or regulatory authority that are required to be obtained by Lessee to enable the Equipment to be acquired and installed (to the extent such approvals and permits are needed at this time, given the current status of the acquisition, installation and operation of the Equipment).

8. Lessee is qualified for reimbursement by the Medicare and Medicaid programs. Based upon inquiry of appropriate officers of Lessee, we are informed that Lessee has participated in and has been reimbursed by the Medicare and Medicaid programs since shortly after their inception, and we are unaware of any reasons why Lessee is not entitled to participate in said programs.

* To Be Signed By County Legal Counsel

This opinion may be relied upon by the addressee hereto and any of its successors and assigns.

Very truly yours,

Legal Counsel for:

1. User represents and warrants to Owner that as of the date of, and throughout the Term of, the Agreement: (a) User is a political subdivision of the state or commonwealth in which it is located and is organized and existing under the constitution and laws of such state or commonwealth; (b) User has complied, and will comply, fully with all applicable laws, rules, ordinances, and regulations governing open meetings, public bidding and appropriations required in connection with the Agreement, the performance of its obligations under the Agreement and the acquisition and use of the Equipment; (c) The person(s) signing the Agreement and any other documents required to be delivered in connection with the Agreement (collectively, the "Documents") have the authority to do so, are acting with the full authorization of User's governing body, and hold the offices indicated below their signatures, each of which are genuine; (d) The Documents are and will remain valid, legal and binding agreements, and are and will remain enforceable against User in accordance with their terms; and (e) The Equipment is essential to the immediate performance of a governmental or proprietary function by User within the scope of its authority and will be used during the Term of the Agreement only by User and only to perform such function. Upon Owner's request, User shall deliver in a form acceptable to Owner a resolution enacted by User's governing body, authorizing the appropriation of funds for the payment of User's obligations under the Agreement during the User's then current fiscal year.

2. To the extent permitted by applicable law, User agrees to take all necessary and timely action during the Agreement term to obtain and maintain funds appropriations sufficient to satisfy its payment obligations under the Agreement (the "Obligations"), including, without limitation, providing for the Obligations in each budget submitted to obtain applicable appropriations, causing approval of such budget, and exhausting all available reviews and appeals if an appropriation sufficient to satisfy the Obligations is not made.

3. Notwithstanding anything to the contrary provided in the Agreement, if User does not appropriate funds sufficient to make all payments due during any fiscal year under a schedule or lease subject to the Agreement (each a "Lease") because User has made a good faith determination that such an appropriation would not be in User's best economic interest, and provided User is not in default of any of User's obligations under such Lease as of the effective date of such termination, User may terminate such Lease effective as of the end of User's last funded fiscal year without liability for future monthly charges or the early termination charge under such Lease, if any, by giving at least 60 days' prior written notice of termination to Owner. User agrees, to the extent permitted by applicable law, that User will not, and may not, terminate any Lease if sufficient funds are appropriated to User or by User for the acquisition, retention, use, operation and/or service of other equipment, which performs functions similar to any of the Equipment covered by such Lease, for or during the fiscal year during the term of such Lease in which such termination is desired by User or the next immediately succeeding fiscal year of User.

4. If User terminates the Lease prior to the expiration of the end of the Lease's Initial Term, or any extension or renewal thereof, as permitted under Section 3 above, User shall return the Equipment to Owner in accordance with the applicable provisions of the Agreement.

5. Any provisions in this Rider that are in conflict with any applicable statute, law or rule shall be deemed omitted, modified or altered to the extent required to conform thereto, but the remaining provisions hereof shall remain enforceable as written.

PROGRESS PAYMENT AGREEMENT
(Progress Payment Financing to Lease)

This Progress Payment Agreement, dated as of March 31, 2020 (this "Agreement"), is among **County of Contra Costa, California** ("Customer"), GE HFS, LLC, as lessor (together with its successors and assigns, if any, in such capacity, "Lessor"), and GE HFS, LLC, as lender (together with its successors and assigns, if any, in such capacity, "Lender").

RECITALS

A. GE HFS, LLC ("GEHFS") and Customer have entered into that certain Lease Agreement, dated as of March 31, 2020 (the "Lease Agreement") pursuant to which Customer desires to lease from Lessor the equipment listed on Annex I hereto (the "Equipment") pursuant to the terms and conditions of the Lease Agreement. Capitalized terms used herein without definition shall have the meaning ascribed to such terms in, or incorporated by reference into, the Lease Agreement. The Lease Agreement and all related documents (the "Documents") are hereinafter collectively referred to as, the "Lease."

B. Supplier(s) and Customer have heretofore entered into certain supply contracts, purchase orders, purchase agreements or similar agreements (collectively, "Supply Contract"), pursuant to which each such Supplier has agreed to sell on the terms and conditions therein set forth, and Customer has agreed to acquire from each such Supplier, certain or all of the Equipment and/or certain intangible soft cost products or services provided by such Supplier(s) ("Soft Costs"). Pursuant to the terms and conditions of the Lease and related Documents, including an assignment of the Supply Contract, Lessor will purchase the Equipment and lease the Equipment to Customer.

C. The Equipment is scheduled to be installed, manufactured or assembled over time commencing on or about the date hereof and continuing through (and including) 09/30/2020 (the "Installation Period") and/or Customer has requested financing of the Soft Costs during such Installation Period. Customer desires that the Term of the Lease for all the Equipment commence only after the Equipment has been installed and is ready for use. Since certain Suppliers require payment for such Equipment and/or Soft Costs, as applicable, prior to the commencement of the Lease, Customer is desirous of having Lender finance progress payments and other amounts in respect of (x) the applicable Equipment as such Equipment is installed, manufactured or assembled and/or (y) the applicable Soft Costs. Subject to the terms and conditions hereof, Lender is willing to advance money in respect of the Equipment and/or Soft Costs.

NOW THEREFORE, in consideration of the premises and covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Progress Payment Advances. Subject to the terms hereof, Lender agrees to make payments to the applicable Supplier(s), and/or to Customer to reimburse Customer for previous payments to a Supplier (each such payment, a "Progress Payment Advance"), as authorized and directed in writing by Customer and approved by Lender in its sole discretion, to finance progress payments and other amounts with respect to the applicable Equipment and/or Soft Costs during the Installation Period. The obligation of Lender to make any Progress Payment Advance is subject to the performance by Customer of all of its agreements and covenants under this Agreement and the fulfillment of the following conditions (as determined by Lender in its sole discretion): (i) no Event of Default (or event which, with the passage of time or giving of notice or both, would constitute an Event of Default) exists, (ii) Lessor's receipt of a correct original invoice for such Progress Payment Advance made out to Lessor from such Supplier, (iii) Lender's and Lessor's receipt of a Funding Request in the form of Exhibit A hereto and in substance satisfactory to Lender and Lessor (in their sole discretion) with respect to the items listed in such invoice, (iv) with respect to any Progress Payment Advance funded to Customer as reimbursement of amounts paid to a Supplier, Lender and Lessor shall have received proof of payment of such amount by Customer to the applicable Supplier, (v) each of Lessor and Lender approves such Progress Payment Advance and such Progress Payment Advance, when added to the amount of all prior Progress Payment Advances, does not exceed $1,141,865.04 (the "Maximum Amount"), (vi) there has not occurred (1) any adverse change in the business prospects or projections, operations, management, financial or other conditions of Customer, any affiliate of Customer, any Guarantor or any Supplier, or in the industry in which Customer, any Guarantor or any Supplier operates, or which impairs Lender's or Lessor's interest in the Equipment or (2) any change in control of any one of the aforesaid parties, (vii) the Installation Period has not has ended, (viii) the representations and warranties of Customer herein and in any other Document are true and correct as of the date such Progress Payment Advance is funded, (ix) Lender's and Lessor's receipt of an assignment of each applicable Supply Contract executed by Customer, Lessor and Lender, and (x) no Progress Payment Advance has been prepaid or repaid. Lender shall be entitled to fully rely and act on a Funding Request provided by Customer to Lender, and neither Lender nor Lessor shall have any duty to verify the content of or accuracy of information contained in any such Funding Request, the authority of the person executing such Funding Request or the identity of the sender thereof.

2. Interest, Fees and No Prepayment. During the period from the date the first Progress Payment Advance is funded until the Lease Commencement Date of the Lease for the Equipment (the "Interim Term"), Customer agrees to pay Lender interest on the dollar amount of Progress Payment Advances funded by Lender at the Contract Rate as defined below ("Interim Interest"). Such Interim Interest payments shall be due on and made by Customer, in arrears, on the first calendar day of each month during the Interim Term and on the last day of the Interim Term. Interim Interest shall be calculated on the basis of a 365-day year (or a 366-day leap year, as applicable) and will be charged for each calendar day on which any Progress Payment Advance is outstanding. Upon the occurrence of the Lease Commencement Date of the Lease for the Equipment and payment of accrued and unpaid Interim Interest, Customer's obligation to pay Interim Interest shall end. If Lender does not receive from Customer payment in full of any Interim Interest or any other sum due under this Agreement, the Lease Agreement or any other Document within ten (10) days after its due date, Customer agrees to immediately pay a late fee equal to 5% on such late Interim Interest or other sum (but not exceeding any lawful maximum), in addition to any other costs, fees and expenses that Customer may owe as a result of such late payment. Customer may not prepay any Progress Payment Advance in whole or in part. For purposes hereof, the "Contract Rate" for each payment of Interest Interim shall be a fixed, simple interest rate of 2.50% per annum. Customer's federal tax identification number is 23-7046788.

3. Incorporation of Lease Agreement and Assignment. The representations, warranties, indemnity obligations and covenants of Customer set forth in the Lease Agreement are incorporated by reference herein in favor of Lender as if Lender were the "Lessor" thereunder and the Equipment constitutes "Equipment" thereunder (and the Soft Costs constitute "Soft Costs" thereunder as applicable; provided that other than Lender's express obligations hereunder, Lender shall have no obligations under the Lease Agreement or any other Document. In furtherance of and without limiting the foregoing, Customer hereby makes such representations and warranties to Lender as of the date hereof and as of the date each Progress Payment Advance is funded by Lender; and Customer agrees to obtain insurance for the Equipment as required by the Lease Agreement with Lender as loss payee. Any breach of this Agreement shall constitute an Event of Default.

This Agreement may be assigned, sold or transferred, in whole or in part, by Lender and/or Lessor without notice to or the consent of Customer (a "Transfer"), and may not be assigned, sold or transferred by Customer. Upon a Transfer of this Agreement in its entirety, Lender and/or Lessor (as applicable) shall automatically be relieved, from and after the date of such Transfer, of liability for the performance of any of its obligation contained in this Agreement arising or accruing from or after such Transfer. Upon notification from Lender or Lessor to Customer of a Transfer, Customer agrees to acknowledge such Transfer, and to make any payments required hereunder to the assignee or as directed by Lender or Lessor (as applicable). Customer also agrees to confirm in writing receipt of the notice of a Transfer as may be reasonably requested by the applicable transferee and Customer hereby waives and agrees not to assert against any applicable transferee any defense, set-off, recoupment claim or counterclaim which Customer has or may at any time have against Lender or Lessor (as applicable) for any reason whatsoever.

4. Lease Commencement Date and Remedies. If an Event of Default occurs during the Installation Period, or if the last day of the Installation Period occurs prior to the Lease Commencement Date of the Lease of the Equipment (any such occurrence, a "Progress Payment Event of Default"), Lender, at its option, may: (i) declare any or all of the Progress Payment Advances, Interim Interest, the Liquidated Damages Fee (as defined below) and other amounts due hereunder to be immediately due and payable, without demand or notice to Customer; provided that upon the occurrence of any Event of Default with respect to a bankruptcy, receivership, assignment for the benefit of creditors, insolvency or other similar proceeding involving Customer or any Guarantor, any and all of the Progress Payment Advances, Interim Interest, the Liquidated Damages Fee and other amounts due hereunder shall automatically become immediately due and payable, without any action by any person or entity, (ii) refuse to extend any further credit to Customer, (iii) terminate this Agreement immediately without notice, (iv) with or without legal process, enter any premises where the Collateral (as defined below) may be and take possession and/or remove the Collateral from such premises, (v) sell the Collateral at public or private sale, in whole or in part, and have the right to bid and purchase at such sale, (vi) lease or otherwise dispose of all or part of the Collateral, applying proceeds therefrom to the obligations then in default, and (vii) hold, appropriate, apply or set-off any and all moneys, credits and indebtedness due from Lender or any of Lender's affiliates (including any direct or indirect parent, subsidiary or sister entity) to Customer. In addition to and without limiting Lessor's rights under the Master Agreement and the other Documents, at Lessor's option, the occurrence of a Progress Payment Event of Default shall constitute an Event of Default under the Lease Agreement and upon such occurrence, Lessor shall, among other rights, have the right to refuse to enter into the Schedule. The accelerated Progress Payment Advances, Interim Interest, the Liquidated Damages Fee and other accelerated amounts due hereunder shall bear interest from the occurrence of the Event of Default (both before and after any judgment) until paid in full at a per annum rate equal to the Per Diem Interest Rate. Lender shall have, in additions to the rights and remedies under this Agreement and the other Documents, all other rights and remedies provided to a secured creditor under the Uniform Commercial Code and under other applicable law, all of which rights and remedies shall be cumulative. Upon payment by Customer of all amounts owing under this Agreement following the occurrence and continuance of a Progress Payment Event of Default, this Agreement shall be terminated and of no force and effect with no further recourse to any party hereto as to such Equipment that is not delivered and/or accepted. Upon receipt of such payments by Lender, Lender shall assign to Customer without warranty or recourse, all of Lender's right, title and interest in and to such Equipment, including the advances made with respect thereto, all on an "**AS-IS**" "**WHERE-IS**" **BASIS**. Any such termination shall not affect or impair the Lease as it relates to any Equipment as to which the

Term of the Lease has commenced. For purposes hereof, the "Liquidated Damages Fee" shall be an amount equal to ten percent (10%) of the Progress Payment Advances funded by Lender (but in no event exceeding any lawful maximum under applicable law). If the Progress Payment Advances or any portion thereof are declared to be due and payable or otherwise accelerated pursuant to this paragraph, Customer agrees to pay Lender the Liquidated Damages Fee upon demand therefor and agrees that such fee constitutes liquidated damages and is not a penalty.

Customer understands that Customer bears the risks and expenses if for any reason the Lease Term does not commence, and Customer agrees to indemnify each of Lender, Lessor and each other Lessor Party and defend and hold each of Lender, Lessor and each other Lessor Party harmless from any costs, losses, expenses and/or liabilities, including without limitation reasonable attorneys' fees, that may arise from the non-commencement of the Lease Term, or that otherwise arise from or in any way relate to this Agreement or the transactions contemplated hereby, the Supply Contract and/or the Equipment or Soft Costs. It is the intent of Lender, Lessor and Customer that (i) until the occurrence of the Lease Commencement Date of the Lease for the Equipment, the advance of Progress Payment Advances hereunder does not constitute a lease, but constitutes a financing on behalf of, and/or made to, Customer by Lender, which amounts Customer agrees to repay to Lender in accordance with the terms hereof and (ii) upon occurrence of the Lease Commencement Date of the Lease for the Equipment and payment of accrued and unpaid Interim Interest, the aggregate amount of Progress Payment Advances made hereunder shall be deemed to be part of the total Equipment cost paid by Lessor pursuant to the Lease and/or applicable Soft Costs under the Lease.

5. Security Interest. Customer hereby grants to Lender and the Lessor Parties a first priority security interest in all of Customer's right, title and interest in and to the Supply Contract, the Equipment (if any), together with all additions, attachments, accessories and accessions thereto whether or not furnished by Supplier of the Equipment, any and all substitutions, upgrades, replacements or exchanges therefor, and any and all insurance and/or other proceeds of the property in and against which a security interest is granted hereunder (the "Collateral"). This security interest is given to secure the prompt payment and performance of all debts, obligations and liabilities of any kind whatsoever of Customer to Lender and/or any Lessor Parties, now existing or arising in the future under this Agreement, the Lease Agreement or any other Document, and any renewals, extensions and modifications of such debts, obligations and liabilities. Customer irrevocably authorizes Lender to file UCC financing statements ("UCCs"), and other filings with respect to the Collateral or any other collateral granted to Lender herein and all proper terminations of the filings of other secured parties with respect to the Collateral, in such form and substance as Lender, in its sole discretion, may determine. Customer acknowledges and agrees that Lender and the Lessor Parties may perfect the security interest hereunder directly or through any current or future agents, representatives or bailees. Without Lender's prior written consent, Customer agrees not to file any corrective or termination statements or partial releases with respect to any UCCs filed by Lender pursuant to this Agreement until the last to occur of either (1) all amounts outstanding hereunder (including, without limitation, Progress Payment Advances) have been paid in full or (2) the Lease Commencement Date of the Lease for the Equipment has occurred. Lender and Lessor Parties may set off any amounts owed to Customer and its affiliates under this Agreement, the Lease Agreement or any other Document against any amounts owed to Lender or Lessor Parties by Customer or any of its affiliates. Customer hereby appoints Lender its true and lawful attorney, with full power of substitution, which power is coupled with Lender's interest in the Collateral, to take such action as Lender may deem necessary to protect and preserve its security interest in the Collateral, and waives, to the extent permitted by applicable law, all of its right of notice, demand, dishonor, marshalling of the Collateral, to be informed of the place and time of sale, advertising, statutory method of foreclosure, to receive bonds or securities and all rights of redemption. Customer will not change its state of incorporation or organization, its "location" for purposes of Section 9-307 of the Uniform Commercial Code or its name as it appears in official filings in the state of its incorporation or organization without giving Lender at least sixty (60) days' prior written notice, and Customer's "location" for purposes of Section 9-307 of the Uniform Commercial Code is the state of its incorporation or organization. Customer shall not (i) sell, rent, lend, mortgage, grant a security interest in or otherwise encumber or transfer any of the Collateral and (ii) allow any of the Collateral to be subject to any liens, security interests, mortgages, claims, charges or other encumbrances, in each case, other than pursuant to, or as permitted under, the terms and provisions of the Documents.

6. Jury Trial Waiver, Governing Law and Jurisdiction. THE PARTIES HERETO, TO THE EXTENT PERMITTED BY LAW, WAIVE ALL RIGHT TO TRIAL BY JURY IN ANY ACTION, SUIT, OR PROCEEDING ARISING OUT OF, IN CONNECTION WITH OR RELATING TO, THIS AGREEMENT, ANY OTHER DOCUMENTS AND ANY OTHER TRANSACTION CONTEMPLATED HEREBY AND THEREBY. THIS WAIVER APPLIES TO ANY ACTION, SUIT OR PROCEEDING WHETHER ARISING IN TORT, CONTRACT OR OTHERWISE. The laws of the state of Wisconsin shall govern all matters arising out of, in connection with or relating to this Agreement including, without limitation, its validity, interpretation, construction, performance and enforcement (including, without limitation, any claims sounding in contract or tort law arising out of the subject matter hereof and any determinations with respect to post-judgment interest). Any legal action or proceeding with respect to this Agreement shall be brought exclusively in the federal or state courts located in the state of Wisconsin, and, by execution and delivery of this Agreement, Customer hereby accepts for itself and in respect of its property, generally and unconditionally, the jurisdiction of the aforesaid courts; provided that nothing in this Agreement or any other Document shall limit the right of Lender or Lessor to commence any proceeding (legal or equitable) in the federal, state or other courts of any other domestic or foreign jurisdiction to the extent Lender or Lessor determines that such action is necessary or appropriate to preserve, protect

or enforce its rights or remedies under this Agreement. Customer hereby irrevocably waives any objection, including any objection to the laying of venue or based on the grounds of forum non conveniens, that it may now or hereafter have to the bringing of any such action or proceeding in such jurisdictions.

7. Miscellaneous. Time is of the essence of this Agreement. Lender's or Lessor's failure at any time to require strict performance by Customer of any of the provisions hereof shall not waive or diminish Lender's or Lessor's right at any other time to demand strict compliance with this Agreement. All notices required to be given hereunder shall be given in accordance with the provisions of the Lease Agreement; provided that any notices to Lender shall be given to Lender in care of Lessor. This Agreement and Documents to the extent relating hereto constitute the entire agreement of the parties with respect to the subject matter hereof. No variation or modification of this Agreement shall be valid unless in writing and signed by an authorized representative of the parties hereto. Any provisions in this Agreement that are in conflict with any statute, law or applicable rule shall be deemed omitted, modified or altered to conform thereto. Any consent, approval or waiver referenced in this Agreement or otherwise requested by Customer with respect thereto, shall be given or withheld in the sole discretion of each of Lender and Lessor, as applicable. This Agreement and any amendments, waivers, consents or supplements hereto or in connection herewith may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed and delivered shall be deemed an original, but all such counterparts together shall constitute but one and the same instrument; signature pages may be detached from multiple separate counterparts and attached to a single counterpart so that all signature pages are physically attached to the same document. Delivery of an executed signature page of this Agreement or any delivery contemplated hereby by facsimile or electronic transmission shall be as effective as delivery of a manually executed counterpart thereof. Each of the parties hereto intends to comply with any applicable law(s) governing the regulation of interest. Accordingly, notwithstanding anything to the contrary herein, in no event shall this Agreement require the payment or permit the collection of interest or any amount in the nature of interest or fees in excess of the maximum amount permitted by applicable law. If for any reason the amount of any interest contracted for, charged or received hereunder shall exceed the maximum amount of interest permitted by applicable law, then (i) any such excess which may have been collected shall, at Lender's option, be either applied to amounts that are lawfully due and owing hereunder or refunded to Customer, and (ii) the effective rate of interest shall be automatically reduced to the maximum lawful contract rate allowed under applicable law as now or hereafter construed by a court of competent jurisdiction. Credit to Customer's account for payments made hereunder may be delayed if payment is (i) not received at the Lender's payment address indicated in Lender's invoice or other instructions from Lender from time to time or (ii) not accompanied by Lender's invoice number. Preferred forms of payment include direct debit, wires, company checks and certified checks. Payment in any other form may delay processing or be returned to Customer. Delayed credit may cause Customer to incur a late payment fee. All credits for payments of Customer's account for this Agreement are subject to final payment by the institution on which the item of payment was drawn. Without prejudice to any of the rights and remedies of Lender hereunder or under any of the other Documents, all written communication concerning disputed amounts, including any check or other payment instrument that (i) indicates that the written payment constitutes "payment in full" or is tendered as full satisfaction of a disputed amount or (ii) is tendered with other conditions or limitation must be mailed or delivered to Lender at the address for billing inquiries and/or correspondence shown on the invoice or statement and not to the payment address. Customer and each of Customer's affiliates authorize each of Lender and Lessor to disclose information about Customer and Customer's affiliates that Lender or Lessor may at any time possess to any Lender or Lessor affiliate, successor, assign and/or participant, whether such information was supplied by Customer to Lessor or to Lender or otherwise obtained by Lessor or Lender. Customer hereby acknowledges that it has not received or relied on any legal, tax, financial or accounting advice from Lender or any Lessor Party and that Customer has had the opportunity to seek advice from its own advisors and professionals in that regard.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed as of the date set forth above.

Contra Costa County

To: Board of Supervisors

From: David Twa, County Administrator

Date: May 26, 2020

Subject: Smart Reentry Transitional Age Youth Services Contract with Bay Area Community Resources

RECOMMENDATION(S):

APPROVE and AUTHORIZE the County Administrator, or designee, to execute a contract, subject to approval as to form by County Counsel, with Bay Area Community Resources (BACR), in an amount not to exceed $130,000 to provide Smart Reentry Transitional Age Youth Services for the period October 1, 2019 through September 30, 2020.

FISCAL IMPACT:

100% Federal: "Smart Reentry: Focus on Evidence-Based Strategies for Successful Reentry from Incarceration to Community" Grant.

BACKGROUND:

On October 24, 2017, the Board of Supervisors authorized new revenue in the amount of $1,000,000 awarded by the U.S. Department of Justice "Smart Reentry: Focus on Evidence-Based Strategies for Successful Reentry from Incarceration to Community" grant and appropriated it to implement responsive reentry services for transitional aged youth (TAY) offenders (18-25 years old). The initial grant period was from October 1, 2016 through September 30, 2019.

BACKGROUND: (CONT'D)

The goal of the Smart Reentry Program is to support jurisdictions to develop and implement comprehensive and collaborative strategies that address the reentry challenges for individuals reentering communities from incarceration who are at medium to high risk for recidivating in order to increase public safety and reduce recidivism. Within the context of this initiative, "reentry" is not envisioned to be a specific program, but rather a process that begins when the individual is first incarcerated (pre-release) and ends with his or her successful community reintegration and reduction in risk of recidivism (post-release).

In Contra Costa County, the TAY population constitutes the largest age cohort within the jail and experiences some of the highest rates of homelessness for the justice involved population outside of jail. There is a growing state and national awareness of the inadequacy of existing practices in serving the needs of young adults aged 18 to 25 in the justice system. This Smart Reentry program allows the County to better serve the needs of the TAY population.

Bay Area Community Resources (BACR) partnered with the Contra Costa County Probation Department to prepare and submit the grant application. As part of this grant project, BACR will work closely with the County and community agencies to:

- Provide pre-release services to incarcerated Transitional Aged Youth;
- Participate on the Reentry Success Team;
- Provide case-management and wrap-around post release support services;
- Provide career coaching and planning services; and
- Provide job and life skills training.

On August 14, 2018, the Board of Supervisors approved and authorized the County Administrator, or designee, to execute a contract with Bay Area Community Resources in an amount not to exceed $305,000 to provide Smart Reentry TAY Services for the period January 1, 2018 through September 30, 2019. In February 2019, the County's one-year no cost extension of the grant was approved by the federal Bureau of Justice Assistance setting the new end date of the grant as September 30, 2020. (*Note: The County Administrator's Office of Reentry & Justice administers and manages the Smart Reentry contracts on behalf of the Probation Department.*)

Because of the change to the grant term, the funder approved the reallocation of $27,000 in grant funded revenue to BACR as part of the Smart Reentry project. This action was to allow the County's contract with BACR to be extended through the newly established end of grant term. As a result, on May 21, 2019, the Board of Supervisors approved and authorized the County Administrator, or designee, to execute a contract amendment with Bay Area Community Resources for Smart Reentry TAY Services that increased the payment to $332,000 and established a new contract end date of September 30, 2020.

Because of staffing changes and other administrative hurdles within BACR, the contract amendment approved by the Board of Supervisors was never executed by BACR prior to the expiration date of the original contract. Thus, for BACR to continue to perform the Smart Reentry TAY Services, and for the County to meet its obligations under the Smart Reentry Grant, a new contract needs to be executed with BACR for the period October 1, 2019 through September 30, 2020. It should be noted that BACR has recognized the administrative conundrum created by the inability to execute a contract extension and since October 1, 2019, has continued to partner with the County to provide TAY services, in good faith, as part of the Smart Reentry Grant project. Execution of this new contract will allow for reimbursement for substantial work that has already been completed to date.

When the original contract with BACR expired on September 30, 2019, there was a total of $91,871 in unspent revenue. Since then we have been able to reallocate another $11,129 in unspent revenue from the SMART Reentry Grant to TAY services, and when coupled with the $27,000 additional revenue already approved for allocation to BACR for is work under the Smart Reentry Grant, the payment limit of newly executed contract is $130,000 for the period of October 1, 2019 through September 30, 2020.

CONSEQUENCE OF NEGATIVE ACTION:

Smart Reentry Transitional Age Youth services will not be performed, a community based partner will not be compensated for a significant amount of work provided to the County, and the "Smart Reentry: Focus on Evidence-Based Strategies for Successful Reentry from Incarceration to Community" grant deliverables would not be performed.

directed staff to undertake a procurement process early in 2019 for the state and federal advocacy services for the period FY 2019-20 through FY 2021-22. CAO staff issued a Request for Qualifications on March 27, 2019 for the federal legislative advocacy services, to which three firms responded, including the incumbent firm. The Request for Qualifications anticipated a contract award for a three-year period, with two single year options to renew to the successful responder.

The Board of Supervisors considered the matter on June 11, 2019 and rejected the recommendation from the County Selection Committee, acting instead to extend the contract with Alcalde & Fay through June 30, 2020. The Board of Supervisors further directed the Legislation Committee to develop performance measurements to be incorporated into a new or amended contract. The County Administrator's Office was directed to seek the input of County departments to prioritize federal legislative initiatives and inform the development of performance metrics for federal legislative advocacy, which was accomplished.

BACKGROUND: (CONT'D)

At its March 9, 2020 meeting, the Legislation Committee (Chair Mitchoff, Vice Chair Burgis) considered the matter and directed staff to send this matter to the Board of Supervisors with a recommendation to extend the contract through the RFQ period.

Alcalde & Fay continues to provide valuable information and advocacy efforts on behalf of Contra Costa County's federal legislative agenda. Paul Schlesinger routinely provides the County with relevant federal news and information, Federal Register entries, a weekly Grant Alert for Local Governments, appropriations requests support, consultation on advocacy and community engagement efforts, federal legislation summaries and fact sheets, Administration Budget Summaries, draft legislation support letters, notices of funding opportunities, and advocacy aligned with our adopted Federal Platform.

Expenditures will initially be funded with County General Funds and submitted to the Federal Emergency Management Agency's Public Assistance (FEMA) program for up to 75% Federal reimbursement and to the California Office of Emergency Services (CalOES) for 18.75% State of California Disaster Assistance Act funding, and 6.25% will remain County funds. Any expenditures not fully reimbursed at 75% Federal FEMA funds will be County funds. Funding breakdown is 75% Federal ($420,750), 18.75% State ($105,188), and 6.25% County ($35,062) funds.

If 30-day Program extensions are granted by FEMA and CalOES beyond June 10, 2020, the total cost per 30-day period will not exceed $990,000, at 75% Federal ($742,500), 18.75% ($185,625) State, and 6.25% ($61,875) County funds. If 30-day Program extensions are granted beyond June 10, 2020, through August 10, 2020 the total cost of the Program will not exceed $2,541,000 and will be funded 75% Federal ($1,905,750), 18.75% State ($476,438), and 6.25% County ($158,812).

BACKGROUND:

On March 4, 2020, Governor Newsom issued Executive Order (EO) N-33-20 requiring all residents in the State of California to stay home or at their place of residence. EO N-33-20 further stated that the supply chain must continue, and Californians must have access to such necessities as food, prescriptions, and health care. On April 24, 2020, Governor Gavin Newsom announced the launch of a first-in-the-nation Great Plates Delivered program. The program is designed to support adults 65 and older and adults 60-64 who are at high-risk from COVID-19, in staying home and staying healthy by delivering three nutritious meals a day, and also provide essential economic stimulus to local businesses and workers struggling to stay afloat during the COVID-19 crisis.

On May 1, 2020, the County Administrator submitted a letter of interest in participating in the Program to CalOES. The Aging and Adult Services (AAS) Bureau of the Employment and Human Services Department (EHSD) will lead program management and implementation in partnership with the Contra Costa Emergency Operations Center, 211, Contra Costa Public Health, and Contra Costa's local Meals on Wheels provider (Program Partners). Staff recommends the approval of County General Fund expenditures, as authorized by Government Code Section 26227. Government Code Section 26227 authorizes a board of supervisors to expend general fund revenue to meet the health and welfare needs of aged persons. The County will administer this Program to provide nutritious restaurant prepared home delivered meals to older Program eligible adults required to shelter in place or self-isolate due to the COVID-19 pandemic, who are not receiving nutrition assistance benefits from other federal or state programs, and who are unable to prepare meals on their behalf. In addition, the Program will provide economic stimulus to local restaurants that are struggling due to COVID-19 mitigation orders.

The purpose of this Program is twofold: 1.) to support adults age 65 and older, and adults 60-64 who are at high-risk from COVID-19 due to underlying health conditions or who have been exposed to or contracted COVID-19 but do not need hospitalization, by providing regular access to prepared meals. Providing prepared home delivered meals to this at-risk population will reduce the amount of people that will need to be in non-congregate shelters while fulfilling the mission of taking care of the most vulnerable population during this pandemic; and 2.) to provide economic stimulus to local restaurants that are struggling to remain open due to COVID-19 mitigation orders.

The EHSD's AAS Bureau will receive referrals from Program Partners and the AAS Bureau's Information and Assistance hotline, perform a short eligibility screening process, and pair eligible adults with local restaurants participating in the Program. Participating restaurants will provide and deliver up to three prepared meals per day that meet specified minimum nutrition standards, of which at least one meal per day

will include a hot entrée, to Program participants. These individuals are not eligible for or in receipt of public nutrition programs, such as CalFresh or Home Delivered Meals, they are also unable to prepare meals or do not have access to food resources, as a result of self-isolation and abiding by EO N-33-20. Furthermore, these individuals do not have a family or community support system to provide consistent access to food resources or prepare meals on their behalf.

The Program is authorized by CalOES and FEMA, whereby participating restaurants will be reimbursed no more than $66 per participant per day. Reimbursement is limited to the following maximums: breakfast $16, lunch $17, dinner $28, and $5 for specified incidentals. Tax and delivery fees are included in the maximum allowances. Restaurants will prepare and provide home delivered meals to eligible adults throughout the County during the period of May 25, 2020 through June 10, 2020. Program extensions may be authorized by CalOES and FEMA in 30-day increments up to 90 days to August 10, 2020. Written notice of extensions will be provided to the County by FEMA and EHSD will provide written notice of extensions to participating restaurants.

CONSEQUENCE OF NEGATIVE ACTION:

The County Administrator's execution of the contracts will not be ratified.

RECOMMENDATION(S):

APPROVE and AUTHORIZE the Contra Costa County EMS Agency Director to execute and submit a comment letter to the California Emergency Medical Services Authority on proposed amendments to California EMS regulations.

FISCAL IMPACT:

There is no fiscal impact associated with drafting and submitting the correspondence to the EMS Authority.

BACKGROUND:

State law (the EMS Act) authorizes the California Emergency Medical Services Authority to adopt regulations that apply to local EMS agencies throughout the state. On March 6, 2020, the EMS Authority published proposed changes to these regulations, Chapter 13 of Division 9 of Title 22 of the California Code of Regulations. Chapter 13 is commonly referred to as the "Emergency Medical Services System Regulations."

Many of the proposed regulations are problematic for the County in carrying out its EMS responsibilities. In particular, the

EMS Authority proposes a regulation to prohibit sub-contracting of emergency ambulance services. The Alliance model, the contractual relationship between the Contra Costa County Fire Protection District and American Medical Response West (AMR) for the delivery of 911 emergency ambulance service within Contra Costa County, would be directly and adversely affected by such a regulation if it were adopted by the EMS Authority.

The public comment period on the proposed regulations closes on June 8, 2020, and all correspondence related to this matter must be received by the EMS Authority no later than this date.

Subject: Issuance of Multifamily Housing Revenue Bonds - Hacienda Apartments, Richmond

RECOMMENDATION(S):

ADOPT Resolution No. 2020/136 authorizing the issuance of multifamily housing revenue bonds in an amount not to exceed $80 million to finance the costs of the acquisition and rehabilitation of Hacienda Apartments, an 150-unit residential rental housing development located at 1300 Roosevelt Avenue (APN 534-370-028) in the City of Richmond (the "Development"), as recommended by the Conservation and Development Director, including:

1. Finding and declaring that the recitals contained in the proposed Resolution are true and correct;

2. to the Bonds or the Development; and

5. Authorizing and directing any authorized officer of the County to do any and all things, take any and all actions, and execute and deliver any and all certificates, agreements, and other documents, which the officer may deem necessary or advisable in order to effectuate the intent of the Resolution.

FISCAL IMPACT:
The requested action will have no impact on the General Fund. In the event that the bonds are issued, the County is reimbursed for costs incurred in the issuance process. Annual expenses for monitoring of Regulatory Agreement provisions are provided for in the bond issue. The bonds will be secured solely by revenues (e.g. rents, reserves, etc.) pledged under the bond documents. No County funds are pledged to secure the bonds.

BACKGROUND:
Contra Costa County, through the Conservation and Development Department, operates a multifamily housing revenue bond financing program. The purpose of the program is to increase or preserve the supply of affordable rental housing available to lower income households and very low income households. The County program may be undertaken within the unincorporated County and within the cities. The proposed financing would implement County policies to increase the supply of affordable housing.

The recommended action is the adoption of a Tax Equity and Fiscal Responsibility Act (TEFRA) Resolution by the Board, as the legislative body of the County, declaring the County's intent to issue the bonds and authorizing the issuance of Multifamily Housing Revenue Bonds, which will be used to finance the acquisition and rehabilitation of Hacienda Apartments, a 150-unit rental housing development located at 1300 Roosevelt Avenue in the City of Richmond (the “Development”). The Board of Supervisors allocated $1,810,000 in Community Development Block Grant funds for the Development at its meeting held on June 26, 2018. On February 11, 2020, the Board of Supervisors approved a Reimbursement Resolution (No. 2020/36, Item C.36) for this prospective issuance of bonds.

Richmond Hacienda, L.P. will be the ownership entity of the project. The partnership consists of Mercy Housing Calwest, or an affiliate, with the assistance of Community Housing Development Corporation of North Richmond, as the managing general partner and a to-be-named tax credit equity investor limited partner. All of the units will be reserved for households with incomes at or below 50% of the area median income.

The main purpose of the proposed Resolution is to acknowledge that a public hearing was held by the Affordable Housing Program Manager on February, 20, 2020, with no public comment, and to meet other bond issuance requirements, which are specified in Section 147(f) of the Internal Revenue Code. The proposed bonds cannot be issued until a separate, future resolution is adopted by the Board of Supervisors specifically authorizing the sale of the bonds. Such separate resolution to authorize the sale of bonds would come before the Board after receipt of an allocation from the State of California for Private Activity Bond Authority. An application for Private Activity Bond Authority will be submitted to the California Debt Limit Allocation Committee on August 21, 2020. The expected timing for a Bond Sale Resolution would be January 2021.

The proposed resolution would not relieve the Borrower from obtaining other required permits or approvals required by law, nor obligate the County to incur any obligation or provide financial assistance with respect to the Bonds or the Project. Annual expenses of the County related to the

monitoring of the Regulatory Agreement are provided for in the bond issue.

CONSEQUENCE OF NEGATIVE ACTION:

Negative action would prevent the County from meeting the public approval requirement of the Internal Revenue Code for issuing the Bonds, and prior actions of officers and agents of the County would not be confirmed and ratified. As a result, Richmond Hacienda, L.P. will not be able to commence with the process of applying to the California Debt Limit Allocation Committee for multifamily housing revenue bond authority through the County.

CHILDREN'S IMPACT STATEMENT:

The recommendation supports one or more of the following children's outcomes:
(1) Children Ready for and Succeeding in School;
(2) Children and Youth Healthy and Preparing for Productive Adulthood;
(3) Families that are Economically Self Sufficient;
(4) Families that are Safe, Stable and Nurturing; and
(5) Communities that are Safe and Provide a High Quality of Life for Children and Families.

Section 3. Section 4. All actions heretofore taken by the officers and agents of the County with respect to the financing of the Development and the sale and issuance of Bonds are hereby approved, ratified and confirmed, and any authorized officer of the County is hereby authorized and directed, for and in the name and on behalf of the County, to do any and all things and take any and all actions and execute and deliver any and all certificates, agreements and other documents, which any such officer may deem

necessary or advisable in order to effectuate the purposes of this Resolution.

Section 5. This Resolution shall take effect upon its adoption.

News /Accomplishments

- CSB is completing grant applications through the Office of Head Start in the amount of $1.5 million to fund the following: COLA, Quality Improvement, COVID 19 supplies, and summer school for part year families.
- To support the enrollment of the essential workers and at-risk populations in Emergency Childcare, the Legislature and the Governor identified $50 million in funds from Senate Bill 89 for allocation to existing CAPP contractors. The Community Services Bureau (CSB) was awarded $406,974 to support these populations. In partnership with CocoKids, referrals for essential workers will be forwarded to CSB by CocoKids to support these families.
- Community Services Bureau (CSB) will receive an additional $32,000 in Community Services Block Grant (CSBG) discretionary dollars to assist agencies in enhancing their direct services, address any agency capacity concerns or for disaster funds. CSB and the Economic Opportunity Council (EOC) will determine the most efficient way to get funding into the community to continue supporting residents.
- Under the CARES Act, Community Services Bureau will receive Community Services Block Grant (CSBG) supplemental funding to support disaster responses to the COVID-19 and continue assisting low-income families and individuals during the crisis. The mount is estimated at over $800,000. The income eligibility criteria for these funds has been revised from 125 to 200 percent of the poverty line.
- CSB continues to send daily email activities/resources to families. The activities support our previously implemented school readiness goals and focus on what families can do at home.
- Education bags for families in need of supplies at home such as crayons, scissors, pencils, glue sticks, and paper, are available for pick up every Tuesday by appointment from two locations within the county (GMIII and Fairgrounds). CS staff have been supporting the Diapers Distribution through a Referral process provided at two locations on Tuesdays from 9:00-12:00 at GMIII (Richmond) and Fairgrounds (Antioch) to include providing educational packets too.
- The previously created CSB YouTube channel is utilized by CSB staff to post videos that are then shared on social media. Videos include story times, science activities, gross-motor activities, and math activities. Ten videos have been created thus far that have been, or will be, shared on CSB's social media pages.
- Virtual coaching sessions occur every Friday for teaching staff participating in TLC (Teachers Learning & Collaborating). Previous sessions have focused on strengthening circle time activities, large group time, and creating smooth transitions.

- Comprehensive Services (CS) staff have been supporting the Family Resource Hotline by providing Referrals & Services for families requesting in-crisis items such as diapers/wipes, baby formula, food, housing (rental assistance), legal assistance and education packets and following up with them to ensure that they are receiving requested or identified resources.
- The Partner team is working closely with Providers that are in the process of reopening (Martinez Child Care and KinderCare) to provide them with a plan and guidance to provide emergency Child Care services for essential workers in Martinez and Antioch.
- During COVID-19 Shelter in Place, weatherization services has stopped, however, we are still providing emergency heating and cooling for clients that need this service. LIHEAP is still continuing to meet the needs of the family by processing applications.
- In addition, Stage 2/CAPP unit is continuing to support the childcare needs for the families in Contra Costa County. With the additional funds allocated for At Risk Population and Essential Workers, workers will continue to approve applications.

I. Status Updates:

- Early Head Start enrollment: 98.71%
- Early Head Start Child Care Partnership #1 enrollment: 97.22%
- Early Head Start Child Care Partnership #2 enrollment: 98.42%
- Head Start Average Daily Attendance: 65.60%

  - CCP 2: 63.19% (Attendance numbers not available for Baby Yale/Harvest Park)
- Stage 2: 526 families and 637 children
- CAPP: 136 families and 243 children
  - In total: 662 families and 880 children
  - Incoming transfers from Stage 1: 15 families and 22 children
- LIHEAP: 16 households have been assisted
- Weatherization: 0 households have been assisted

b. Staffing:

- During the month of April, CSB conducted an interview to fill the Accountant II vacancy. A second, in person, interview will be scheduled as soon as the Shelter in Place is lifted. An Agency Temp Accountant Clerk was hired as a County Temp to support the payments for Stage II. Due to the Shelter in Place order for the County, only priority positions are being filled. CSB is on hold with interviewing and hiring at this time.

c. Union

- PEU Local 1, CSB Line Unit, Business Agent had many questions about the opening and the operation by CSB of Emergency Child Care Centers for health care providers and first responders. Additionally, the union posted questions about the safety of the food prepared in the CSB's kitchen due to a case of a child nutrition worker who tested positive to COVID-19. Information was provided to the satisfaction of the union and at this time the union decided not to meet with the bureau on this issue.

II. Emerging Issues and Hot Topics:

- CSB is operating three classrooms for county front line and other essential workers and would like to expand; however, these classrooms are staffed with CSB volunteers.
- CSB is watching closely for any indication of the Governor's phase II that will allow childcare centers to open for families more than essential workers.

To note: The Credit Card report for March 2020 is not attached, but will be submitted with next month's CAO submission.

Date: May 26, 2020

Subject: FY 20-21 JJCPA-YOBG Consolidated Annual Plan

RECOMMENDATION(S):

ACCEPT and APPROVE the FY 20/21 Consolidated Annual Plan for the Juvenile Justice Crime Prevention Act/Youthful Offender Block Grant (JJCPA/YOBG), as approved by the Contra Costa County Juvenile Justice Coordinating Council and as recommended by the Chief Probation Officer.

FISCAL IMPACT:

To qualify for JJCPA and YOBG funding on a non-competitive basis, a comprehensive multiagency juvenile justice plan must be submitted to the California Board of State and Community Corrections. 100% State Revenue.

BACKGROUND:

On March 12, 2020, the Juvenile Coordinating Council approved the FY 2020/2021 Consolidated Annual Plan. The full Annual Plan is attached for reference.

The JJCPA was implemented via Assembly Bill (AB) 1913, The Schiff-Cardenas Crime Prevention Action of 2000, and codified by Government Code §30061. The purpose of AB 1913 is to provide California counties with funding to implement programs for at-risk youth with the goal of early intervention and to support the implementation of programs and approaches demonstrated to be effective in reducing juvenile crime. This law established a Supplemental Law Enforcement Services Account (SLESA) in each county to receive allocations. The SLESA funds are to be used to implement a comprehensive multiagency Juvenile Justice Plan developed by the local Juvenile Justice Coordinating Council (JJCC) in each county.

BACKGROUND: (CONT'D)

To qualify for JJCPA and YOBG funding on a non-competitive basis, each county's comprehensive multiagency juvenile justice plan prepared by the JJCC must include the following components:

1. Assessment of Services
2. Prioritization of Areas at Risk
3. Juvenile Justice Action Strategy
4. Program Description

The JJCC identified needs and gaps in the County's juvenile justice system and created the plan to address the following seven prioritized focus areas:

1. Behavioral Health Services
    - The Probation Department will continue to work with the Mental Health Services division of Contra Costa Behavioral Health Services (BHS) to bridge the gap of services and supports for youth who are waiting to receive mental health services. The position will be designed to incorporate a gender-responsive approach and follow a home-based program model which will address some of the transportation barriers while helping to alleviate barriers youth face while trying to access mental health services. Probation will work with Mental Health Services on collaborative programs in which alternative funding sources can be leveraged to enhance mental health services for justice-involved youth. The Probation Department will also increase support as needed for community-based substance use services in collaboration with AODS.
2. Housing
    - The Probation Department is committed to supporting housing options through collaboration with the County Health, Housing, and Homeless Services (H3). Currently, Probation supports a Flexible Housing Fund. The Flexible Housing Fund provides adults (18 years or older) who are at risk of losing their housing the opportunity to apply for supplemental funding to alleviate the loss of housing and/or eviction. Probation plans to partner with H3 to expand the Flexible Housing Fund to families of youth on probation to further support families who are struggling with stable housing. Probation will also partner with CBOs to enhance CBO services in the area of case management and housing navigation services for the youth they serve.
3. Reentry & Education Services
    - Education reentry after incarceration or placement remains a priority for the JJCC. The Probation Department will continue to support reentry services provided by CBOs, with a focus on services that are offered in youth's communities by providers that also have lived experiences with the justice system. The Probation Department will continue to support the CCCOE, which provides staff to facilitate youth's reenrollment in their school districts after a period of incarceration. The Probation Department will also support the Public Defender's Office with juvenile education and reentry advocacy.
4. Prevention Services
    - The JJCC will support the creation of a county-wide prevention inventory. The inventory will include programs aimed at engaging at-risk youth with the intention of avoiding initial justice system involvement.
5. Diversion Services
    - The JJCC will support the creation of a county-wide diversion inventory. The inventory will include programs aimed at reducing further justice system escalation for youth who have had initial contact with the justice system. In a collaborative approach with other justice system partners and with community and youth input,

the Probation Department will continue to support the DA in its creation of a countywide diversion program. This strategy will focus on building consistency in diversion programming countywide, and will occur in addition to already existing diversion programs operated by local police departments.

6. Structured Decision Making Tools
    - The Probation Department will continue to provide evidence-based interventions and services to youth and their families in custody and in the community based on the continuum of services described in Section IV of the report. The Probation Department is also currently undertaking several efforts to support more racially equitable, objective, and informed intake decision making, including: • Continue working with University of Cincinnati to monitor use of and fidelity to the newly implemented OYAS; • Continue to monitor the newly implemented Detention Risk Assessment Instrument (DRAI); and • Working with University of Cincinnati Corrections Institute (UCCI) on a graduated response matrix for youth behavior that includes sanctions, rewards, and interventions.
7. Service and Outcome Measurement
    - To track the number of youth receiving services, the services provided, as well as the outcomes of such services, the JJCC will develop service and outcome measures for JJCPA-funded programming and include such measures in Requests for Proposals (RPF) and Scopes of Work (SOW).

Section I. Background

This section provides an overview of the California legislation that governs the Juvenile Justice Crime Prevention Act (JJCPA) and the Youthful Offender Block Grant (YOBG) funding sources and the Consolidated Annual Plan required by the California Board of State and Community Corrections (BSCC).

Juvenile Justice Crime Prevention Act

Assembly Bill 1913

The JJCPA was implemented via Assembly Bill (AB) 1913, The Schiff-Cardenas Crime Prevention Action of 2000, and codified by Government Code §30061. The purpose of AB 1913 is to provide California counties with funding to implement programs for at-risk youth with the goal of early intervention and to support the implementation of programs and approaches demonstrated to be effective in reducing juvenile crime.

Juvenile Justice Coordinating Council

This law established a Supplemental Law Enforcement Services Account (SLESA) in each county to receive allocations. The SLESA funds are to be used to implement a comprehensive multiagency Juvenile Justice Plan developed by the local Juvenile Justice Coordinating Council (JJCC) in each county.

Juvenile Justice Plan

Members of the JJCC are required to develop and implement a continuum of county-based responses to juvenile crime and include strategies to develop and implement locally or regionally based out-of-home placement options for youth described in WIC §602. [1] The plan must assess existing law enforcement, probation, education, mental health, health, social services, drug and alcohol and youth services and resources which specifically target at-risk juveniles, juvenile offenders, and their families; identify and prioritize areas in the community that face a significant public safety risk; create a local action plan including strategies for improving the resources to reduce juvenile crime maximizing collaborative and integrated services; develop information and intelligence sharing systems to ensure coordination; and identify outcome measures.

[1] Youth described in WIC §602(a) are as follows: "Except as provided in Section 707, any minor who is between 12 years of age and 17 years of age when he or she violates any law of this state or of the United States or any ordinance of any city or county of this state defining crime other than an ordinance establishing a curfew based solely on age, is within the jurisdiction of the juvenile court, which may adjudge the minor to be a ward of the court."

As described in 749.22 of the Welfare and Institutions Code (WIC), JJCC membership includes:

- Chief Probation Officer (Chair)
- District Attorney's Office
- Public Defender's Office
- Sheriff's Department
- Board of Supervisors
- Social Services
- Mental Health
- Community-Based Drug and Alcohol Program
- City Police Department
- County Office of Education (or school district)
- At-Large Community Representative
- Nonprofit Organization Providing Services to Minors

Contra Costa County JJCC Composition

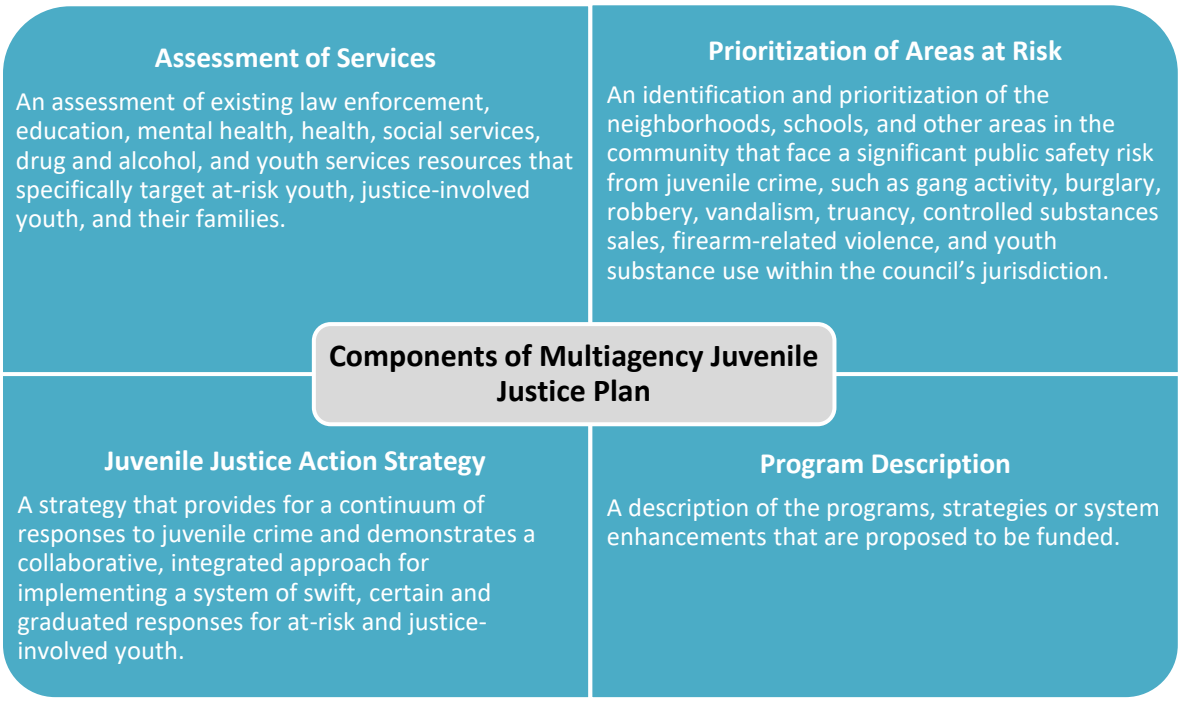
During the October 2018 Contra Costa County Public Protection Committee (PPC) meeting, the PPC acknowledged that two County advisory bodies, the Delinquency Prevention Committee (DPC) and the Juvenile Justice Coordinating Council (JJCC) have been charged with similar duties. To ensure that the delinquency prevention initiatives were evaluated in tandem with other juvenile justice initiatives from a policy and funding perspective, the PPC recommended the dissolution of the DPC and that the JJCC assume the duties of coordinating juvenile delinquency prevention initiatives. To best carry out its duties, the PPC also recommended that the JJCC's membership be increased to nineteen (19) members by adding one (1) representative from the County Public Health Department, three (3) additional at-large community representatives, and two (2) at-large youth representatives.

In December 2018, the Board of Supervisors adopted Ordinance No. 2018-30 amending the County Ordinance Code Chapter 26-6 to dissolve the Delinquency Prevention Commission and Resolution No. 2018/597 to increase the size of the Juvenile Justice Coordinating Council to 19 members.

On June 18, 2019 the Board of Supervisors appointed six at large members to serve their two-year terms effective July 1, 2019. Subsequently, in September 2019, the Board appointed two Community Based Organization representatives.

Juvenile Justice Plan

To qualify for JJCPA and YOBG funding on a non-competitive basis, each county's comprehensive multiagency juvenile justice plan must include the following components:



Youthful Offender Block Grant

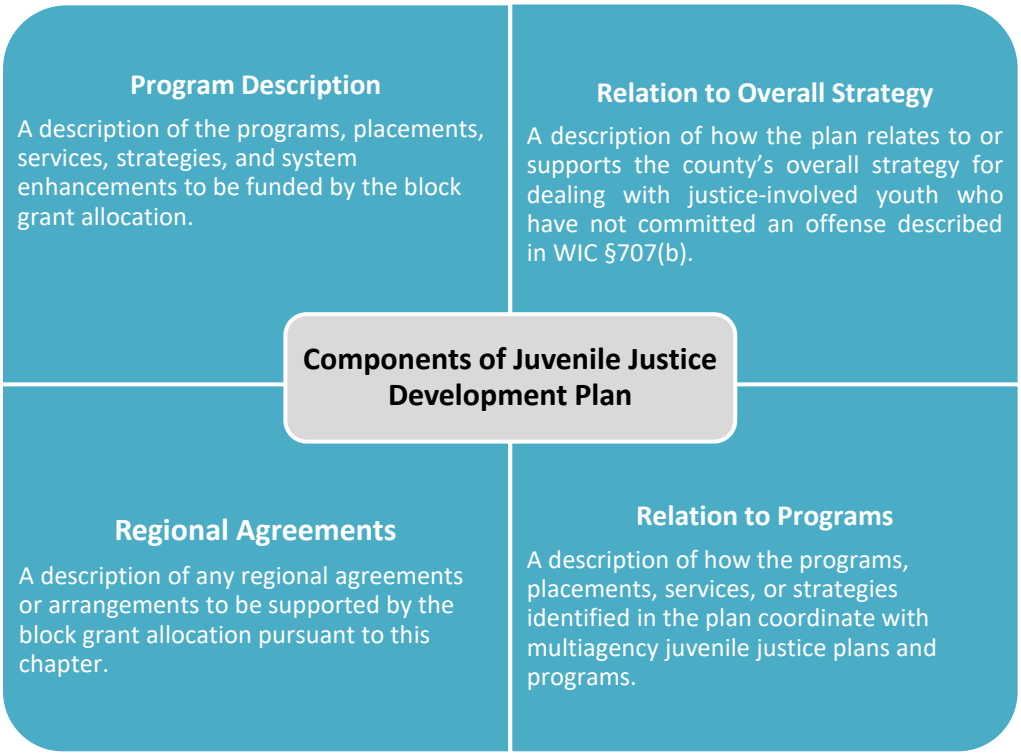
Senate Bill 81

The YOBG was enacted in 2007 by Senate Bill (SB) 81. The purpose of the YOBG is to realign the supervision of non-violent, non-sexual and non-serious justice-involved youth from the State of California Division of Juvenile Justice (DJJ) to local governments and to provide local governments with funding support for the supervision of this population. The realignment of youth from state facilities to local supervision in their counties of residence allows their connection to community and family support systems to remain intact and undisturbed.

Juvenile Justice Development Plan

Since its inception, an allocation has been provided each year to enhance the capacity of local communities to implement an effective continuum of responses to juvenile crime. The allocation is calculated based on a formula that gives equal weight to a county's youth population and the number of juvenile felony dispositions. The funds can be used to enhance the capacity of county probation, mental health, drug and alcohol, and other services to provide supervision and rehabilitation for youth no longer eligible to be committed to the DJJ.

As specified in WIC §1961, each county must submit a juvenile justice development plan to describe the proposed programs, strategies and system enhancements for the next fiscal year. The plan shall include:



Juvenile Probation Consolidated Annual Plan

Assembly Bill 1998

AB 1998 was enacted in September of 2016 to consolidate the JJCPA and YOBG submissions and streamline reporting requirements. AB 1998 dictates that the juvenile justice combined plan must be developed by the local juvenile justice coordinating council in each county with the membership described in WIC §749.22.

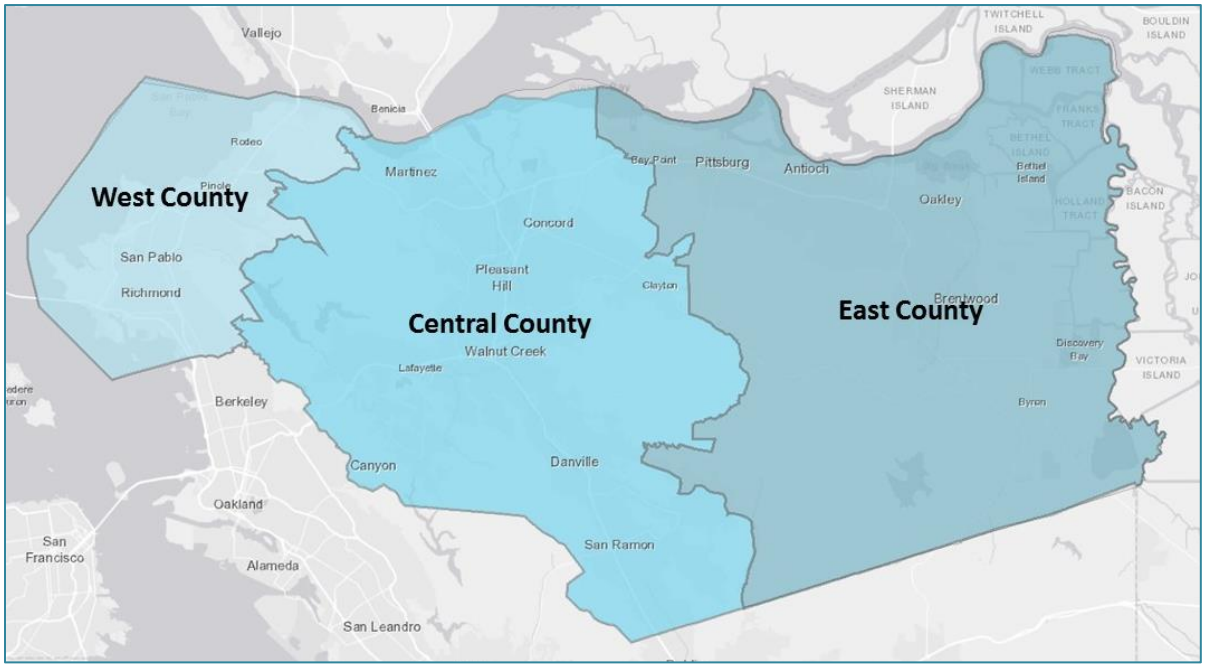
Consolidated Plan

The plan shall be reviewed and updated annually and does not require Board of Supervisors approval. The plan must be submitted to the Board of State and Community Corrections by May 1 of each year in a format specified by the board that consolidates the form of submission of the annual comprehensive juvenile justice multiagency plan with the form for submission of the annual YOBG plan.

Section II. Contra Costa County Juvenile Justice System

The ninth largest county in California, Contra Costa County has a population of over 1.1 million in a variety of urban, suburban, and rural communities.[2] Three geographic regions of the county—the West, Central, and East regions—offer a deeper glimpse into the characteristics of the area (see Figure 1).

Figure 1. The Three Regions of Contra Costa County



West County	West County is the area near or on San Francisco and San Pablo bays and includes the cities of San Pablo, Richmond and Hercules. Approximately 250,000 individuals reside in West County.
Central County	With a population of over 500,000, Central County includes the County seat, Martinez, as well as the county's largest city, Concord.
East County	East County has a population of nearly 300,000 and includes the county's second largest city, Antioch.

Juvenile Justice Stakeholders

Numerous entities perform duties and functions that either directly or indirectly support the objectives and efforts of the local juvenile justice system. The following tables highlight key stakeholders and a brief description of their role in Contra Costa County's juvenile justice system.

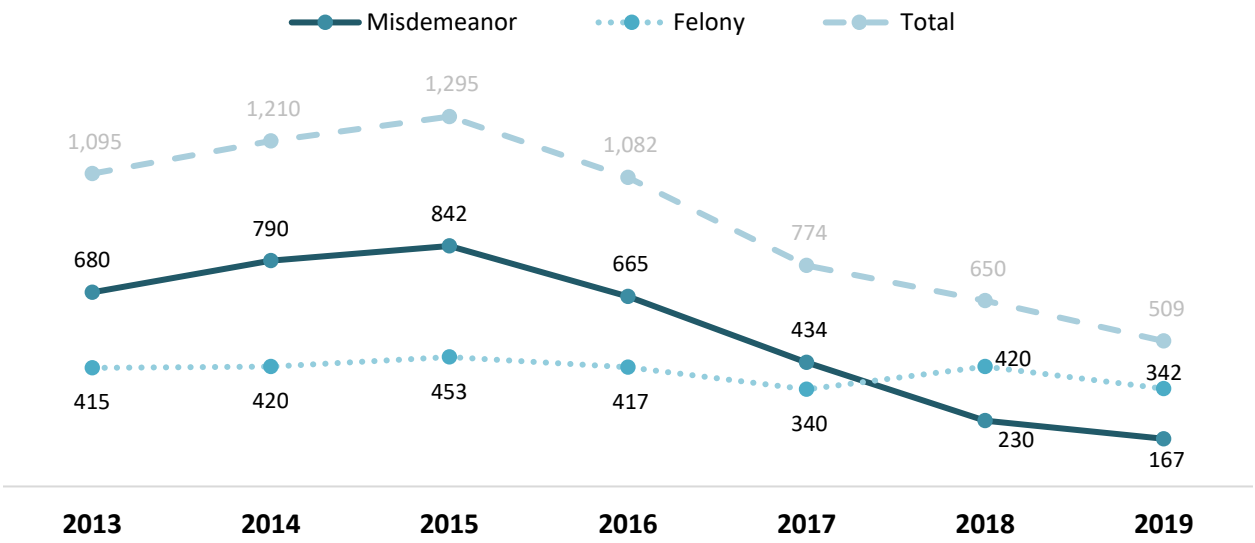
Characteristics of Youth Supervised by Probation

Since 2015, there has been an overall decrease in the number of youth formally supervised by Probation.[3] Data from the Contra Costa County Probation Department from 2013 to 2018 show that the total number of youth who are supervised by the Probation Department has declined steadily over the past four years, from 1,295 youth in 2015, to 509 youth in 2019 (Figure 2). This decline is largely due to a decrease in the number of youth who are on probation for a misdemeanor offense.

Figure 2. Youth Formally Supervised by Probation



To determine the level of supervision and the types of services that youth on probation will receive, the Probation Department applies a validated risk and needs assessment tool known as the Juvenile Assessment and Intervention System (JAIS). The JAIS is an evidence-based tool that assesses the youth's level of risk to reoffend, as well as their treatment needs. As shown in Figure 3, over half of youth supervised by Probation in Contra Costa County are assessed as moderate risk. Figure 4 provides an overview of the top needs identified through the JAIS[4] from 2013-2018. Emotional factors, drug abuse, and family history were the top three indicated needs for youth in Contra Costa County. In December 2019, the Probation Department began using the Ohio Youth Assessment System (OYAS), a dynamic risks/needs assessment system, in place of the JAIS.

[3] Data for youth supervised by Probation is from a one-day count in 2013, 2014, 2015, 2016, 2017 and 2018. This data includes youth formally supervised by Probation. This data does not include Non-Minor Dependents, Informal Probation, Deferred Entry of Judgment and Non-Wardship Probation.
[4] Note: Youth can demonstrate more than one need.

Referrals to Probations and Petitions Filed

This section summarizes data on juvenile cases referred to Probation (i.e., referrals), and cases petitioned before the Juvenile Court (i.e., petitions). A referral indicates a case in which a youth is brought to the attention of the Probation Department for alleged behavior under WIC Sections 601 or 602.[5] A petition indicates the formal presentation by the District Attorney (DA) to Juvenile Court of information surrounding the alleged offense by a juvenile.

Data Source: The Juvenile Court and Probation Statistical System (JCPSS)

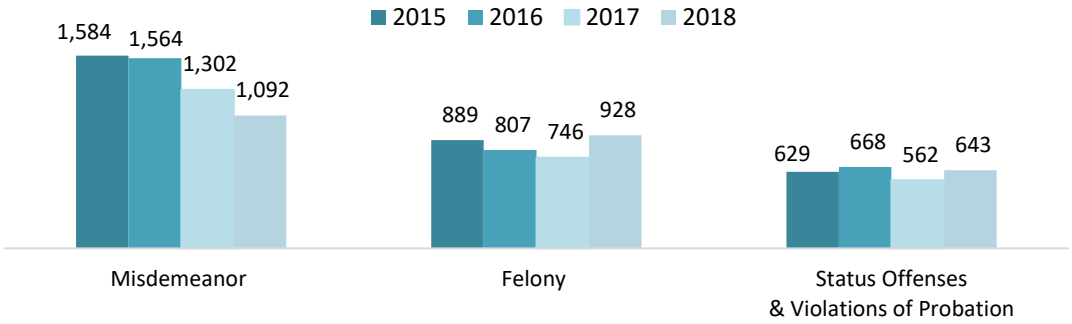
All data on juvenile referrals and petitions are drawn from the Juvenile Court and Probation Statistical System (JCPSS). Currently, JCPSS represents the most up-to-date and accurate estimate of data on juvenile cases in Contra Costa County. Contra Costa Probation and the Juvenile Court operate and share their information on a "main frame" computer case management system. The Probation Department is in the process of identifying a new vendor for a comprehensive case management system, which will improve the Probation Department's capacity for accurate and timely reporting. *Note that one individual may have multiple cases; therefore, this section does not reflect data on unique individuals.*

[5] Text for WIC Sections 601 and 602 are available here: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?sectionNum=601.&lawCode=WIC

Cases Referred to the Probation Department

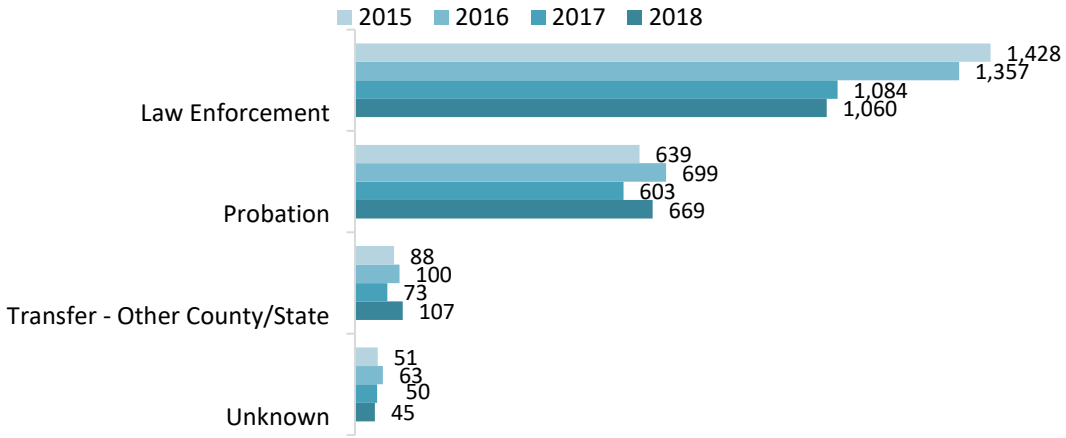
Since 2015, the total count of juvenile cases referred to Probation decreased from 3,102 in 2015 to 2,663 in 2018. As shown in Figure 5, this drop was mainly driven by a decline in referrals for misdemeanor offenses.

Figure 5. Juvenile Cases Referred to Probation, by Offense



While law enforcement has made the highest number of referrals to the Probation Department, referrals from police departments have greatly declined since 2015. Figure 6 shows that the number of cases referred to Probation by law enforcement decreased from 1,428 cases in 2015 to 1,060 cases in 2018.

Figure 6. Sources of Referrals to Probation



Referrals to Probation are most often related to assault and robbery/theft. In 2018, almost one-third of misdemeanor referrals were assault and battery, and almost one-fifth of felony referrals were robberies (see Table 4 below).

Table 4. Most Common Offenses: Cases Referred to Probation in 2018

Misdemeanors (n=1092)		Felony Offenses (n=928)	
1. Assault and Battery	345 (32%)	1. Robbery	176 (19%)
2. Other Misdemeanor[6]	202 (18%)	2. Assault	139 (15%)
3. Burglary	73 (6%)	3. Theft	101 (11%)
4. Petty Theft	88 (8%)	4. Weapons	107 (12%)
5. Weapons	54 (5%)	5. Other Felonies	104 (11%)

Demographic Background of Cases Referred to the Probation Department

Between 2015 and 2017, the greatest proportion of referred cases were for youth ages 14 to 17 (high school aged youth). During this period, approximately 72 percent of youth on probation were between ages 14 to 17. In addition, a higher proportion of cases referred to Probation were male; from 2015 to 2017, close to 75% of youth on probation were male. Similar to referrals, the greatest proportion of petitions filed were also for males ages 14 to 17.

Contra Costa County is a racially diverse county, with approximately 67 percent of youth identifying as non-White. Juvenile cases referred to Probation reflect a different demographic makeup when compared to the county's youth population overall. The difference is especially stark for Black youth: in 2018, approximately nine percent of youth in Contra Costa County were Black,[7] whereas JCPSS reflects that 46 percent of cases referred to Probation were for Black youth during the same year.

Figure 7 shows the rate of referrals to Probation by race/ethnicity from 2015-2018 per 1,000 youth.[8] The data indicate that Black youth are referred to Probation at a much higher rate than any other race. For example, in 2018, 38 out of every 1,000 Black youth were referred to Probation, compared to six out of every 1,000 Latino youth, four of every 1,000 White youth, and one out of every 1,000 Asian youth. While the rate of referrals for Black youth decreased from 2015 to 2018, Black youth continue to be disproportionately represented in referrals to Probation. Although not as high as referrals for Black youth, Latino youth also receive referrals to Probation that are higher than White and Asian youth.

[6] The JCPSS data system does not specify what is included in the "Other Misdemeanor" category

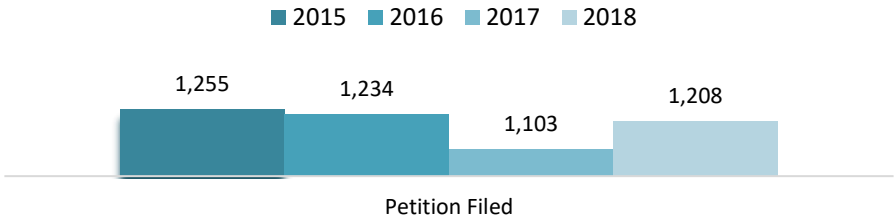
Petitions Filed and Court Disposition

Between 2015 and 2018, the DA filed an average of 1,200 petitions per year with the Juvenile Court.

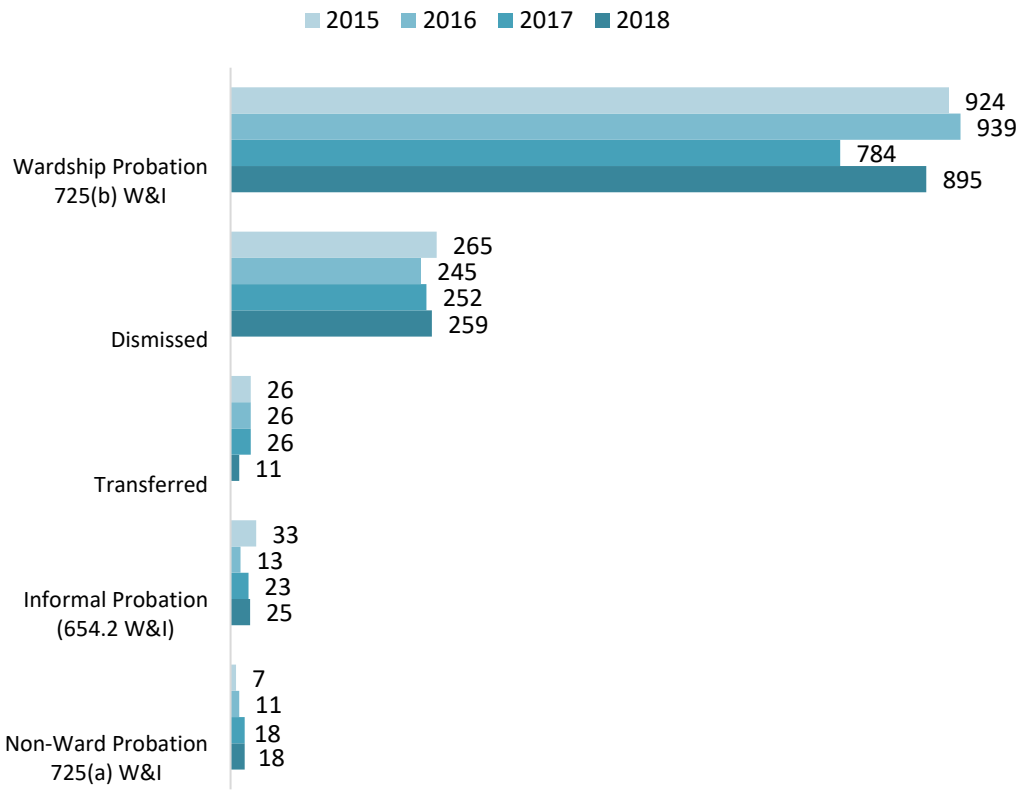
Figure 8. Juvenile Court Petitions by Prosecutor Action



In 2018, the most common court disposition was wardship probation (see Figure 9).[9] Wardship probation is a disposition in which a minor is declared a ward of the Juvenile Court and placed on formal probation. Youth on wardship probation were most often placed in their own home or in the home of a relative.

[9] A Court Disposition is an action taken by the Juvenile Court as the result of a petition.

Figure 9. Juvenile Court Disposition in 2017



As shown in Figure 10, petitions filed by the DA do not mirror the disparities apparent in referral rates. In 2017 and 2018, the DA filed petitions for approximately 60 percent of referrals made for Black, Latino, and White youth. In comparison, the DA filed petitions for about 30 percent of referrals made for Asian youth.

Section IV. Assessment of Current Resources

Existing Services

The Contra Costa County Probation Department, in collaboration with other public agencies and community-based organizations (CBOs), offers a broad array of youth services and resources to at-risk and justice-involved youth and their families. These services are provided to youth in custody and in the community. The sections below describe the services and resources that the Probation Department and justice system partners provide.

Law Enforcement

Contra Costa County is comprised of 22 distinct law enforcement agencies, which include police departments, county sheriff, the District Attorney and the Probation Department. Early intervention and prevention services such as education, parenting, counseling, treatment and restorative justice are provided through diversion in some jurisdictions. Examples of diversion programs are: The Reach project in Antioch and RYSE Center in Richmond. While still in the planning phase, the DA's Office is designing a diversion program that is based on restorative justice principles and is intended to be piloted in one jurisdiction and later expanded countywide.

Contra Costa County Probation Department

The Contra Costa County Probation Department offers opportunities for informal supervision, Deferred Entry of Justice (DEJ) in collaboration with the Juvenile Court, and service referrals to youth and their families. These services are intended to serve youth and their families prior to entry into the justice system as well as youth who are new to the justice system. In addition to early interventions, the Probation Department offers a continuum of supervision and treatment services for youth who have become justice system involved. The continuum of Probation Department services includes:

- Referral/citation closed at intake, no action taken.
- Referral to resources and referral/citation closed at intake.
- Referral to a diversion program or placement on non-court involved informal probation for six months.
- Filing of a petition with the Juvenile Court and working with the Court and the family to recommend a disposition if the petition is sustained.
- Maintaining a youth in custody at the Juvenile Hall pending court. While the youth is housed at the Juvenile Hall, services such as medical; dental, mental health care, recreational activities, education, and evidence-based programming are offered.
- Home supervision with the aid of electronic monitoring that allows the youth to remain in the community and receive services pre- and post-disposition.
- Community Supervision post disposition that includes Deputy Probation Officers in schools, at police departments, and providing community supervision based on geographic location.
- Non-wardship supervision for youth determined to be dependents per W&I 300.

- Out-of-home juvenile placement (foster care) and reentry supervision for youth determined to be dependents per W&I 300.
- Non-Minor Dependent services and supervision post placement (AB 12).
- Commitment to the Girls in Motion rehabilitative program in the Juvenile Hall and reentry supervision.
- Commitment to the Orin Allen Youth Ranch Rehabilitation Facility (OAYRF) for male youth and reentry supervision.
- Commitment to the Youthful Offender Treatment Program (YOTP) for male youth at the Juvenile Hall and reentry supervision.
- Reentry supervision for youth who have completed their commitment to the California DJJ.

Health, Mental Health, and Substance Use Services

Contra Costa Health Services (CCHS) acts as the overall umbrella agency for Health, Mental Health and Alcohol and Other Drug Programs.

- Health services include but are not limited to the Contra Costa Regional Medical Center, dental clinics, the Teenage Program (T.A.P.), Head Start, specialized services for children with disabilities, public health clinics, and the Child Health and Disability Prevention program.
- Mental Health Services include but are not limited to: a 24-hour hotline for crisis and suicide; a 24-hour behavioral health access line for mental health services; clinic services for youth and their families; wraparound services; the Mobile Response Team; and evidence based practices provided through programs such as Functional Family Therapy (FFT), MultiSystemic Therapy (MST) and Multi-Dimensional Family Therapy (MDFT), and the Positive Parenting Program (Triple P).
- Alcohol and Other Drug Services (AODS) include a crisis line, Behavioral Health Access Line for screening and referrals to substance use disorder prevention and treatment, Alateen and 12 step meetings, and minimal outpatient and residential treatment programs. Prevention services are also available for middle school and high school aged youth. Many of these services are school-based and are provided in collaboration with CBOs.

Children and Family Services

Family focused services provided by Contra Costa County Children and Family Services (CFS) include Family Finding, Family Maintenance, Family Preservation, Family Reunification and Safe and Stable Families.. Youth in foster care also become eligible for Extended Foster Care services (AB 12) after their 18th birthday and into young adulthood. For youth who have aged out of foster care or unable to return home to their families, CFS provides an Independent Living Skills Program (ILSP). ILSP works with youth to develop life skills, money management, preparation for college applications, and housing, cooking and other skills necessary to succeed after leaving the foster care system.

Education Partners and Programs

The Contra Costa County Office of Education (CCCOE) delivers education and services to more than 176,000 students in Contra Costa County. CCCOE has a long history of providing direct services to some of the county's most vulnerable students, including young people who are incarcerated, homeless or in foster care, as well as students who have severe physical or emotional challenges. CCCOE also serves over 10,000 students at 34 high schools through its Career Technical Education (CTE) programming. CCCOE serves as an advocate for education and youth in Contra Costa County and helps increase public awareness of educational issues through bold initiatives including the Attendance Awareness campaign and Safe Schools for All. Education staff throughout the county work collaboratively with youth, families, and other service providers to ensure youth returning to the community are able to continue their education and meet their educational needs. Staff includes:

- Transition and assessment specialists that meet with students to complete Independent Learning Plans;
- Data technicians and principals that review credits earned and the graduation plan of each student;
- Special education teachers that provide transition planning; and
- Community college liaisons that provide workshops regarding financial aid and conduct orientations.

AB 167 exempts students in foster care from local graduation requirements under certain conditions. All students that are removed from their home are screened for AB 167 eligibility to ensure eligible youth remain on track for high school graduation. All students are also given continuous positive feedback about their behavior and receive Behavior Intervention Plans (BIP) to address their individual needs.

Housing

The Contra Costa County Youth Continuum of Services is part of the Health, Housing, and Homeless Services (H3) division in CCHS and offers emergency shelter, meals, showers, laundry facilities, mail service, health care, transitional and permanent housing, case management, counseling, family reunification, employment assistance, peer support groups, substance use prevention education, links to substance use and mental health treatment, school enrollment and transportation assistance. The Youth Continuum currently partners with the Probation Department to provide a bed at Pomona Street or Appian House for a DJJ returnee. Services are available in Richmond and Antioch.

Faith and Community-Based Organizations

Services are offered to youth and their families by both County agencies and CBOs. The map on the following page (Figure 11) illustrates the services provided by CBOs**.** A detailed description of each program/service is provided in Appendix B.

Contra Costa County facilitates the dissemination of information regarding services that are available through "211 Contra Costa" and through a published "Surviving Parenthood" resource directory that is prepared by the Child Abuse Prevention Council.

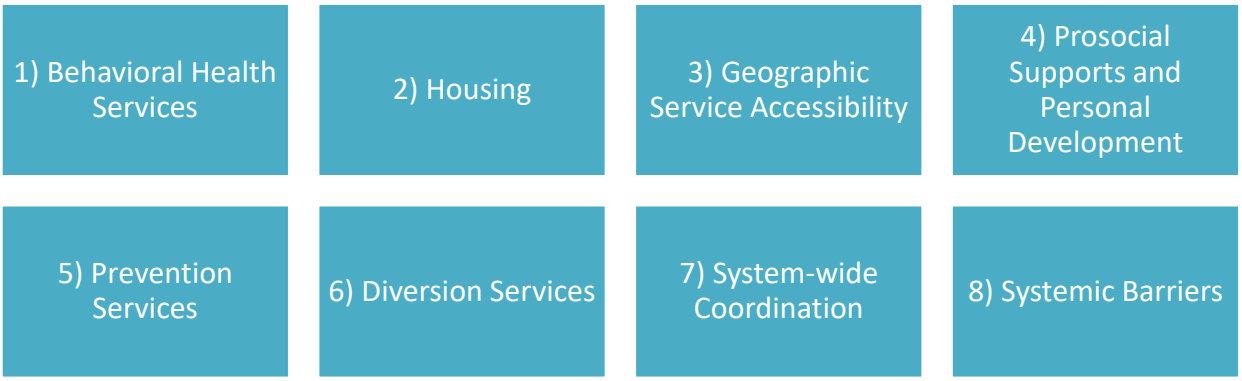
Identified Needs and Gaps

This section identifies needs and gaps in the available system of services for youth who are involved in or at risk of involvement in the juvenile justice system, based on a review of quantitative data (Probation Department, JCPSS, and JAIS data) and a series of interviews and focus groups with juvenile justice stakeholders, including youth and families involved in the justice system. See Appendix I for a description of the methodology and data sources used in the assessment conducted by independent consulting firm Resource Development Associates (RDA). The assessment identified the following needs and gaps in services that affect successful rehabilitation and reentry for youth in Contra Costa County. The findings are organized in the categories below:



1) Behavioral Health Services

Results from the Probation Department's JAIS tool indicate that emotional factors (i.e., emotional needs), drug abuse, and family history are the top three needs identified for youth on probation. Probation staff and service providers also described that the majority of youth receiving their services have emotional and/or substance use challenges, which staff observed are often rooted in trauma that youth have experienced in their homes and/or communities. Identified mental health and substance use needs are described below. Stakeholders also observed that access to behavioral health services varies according to individuals' place of residence, as described below in 3) Geographic Access to Services.

Insufficient capacity and availability of mental health services that are both culturally and gender responsive. In focus groups and interviews, stakeholders observed that there is a need for greater capacity and availability of community-based mental health services that are both culturally and gender responsive. Both youth and families as well as service providers shared that while mental health services do exist in the community, they often have long waiting lists (e.g., up to six months for MDFT and MST). Those involved in programming also shared that while current programs, such as the Girls in Motion program offered in juvenile hall (see description in Section VI), do provide gender-specific services, there is a desire to expand curricula to include services such as comprehensive sexual and reproductive health education. Families and youth also explained that the cost of counseling services can be prohibitive (i.e., co-pays or out of pocket expenses).

Limited youth-appropriate substance use disorder (SUD) treatment services. Stakeholders such as parents and service providers expressed that there are limited youth-appropriate substance use

treatment services in the county. Specific geographic deficits exist for SUD treatment in Central and West County where there are presently no youth SUD treatment providers. While current efforts seek to embed substance use counselors in County mental health clinics, and substance use prevention services are delivered in traditional middle and high schools, stakeholders expressed the need to expand the availability of youth-tailored substance use treatment services beyond what is currently available.

2) Availability of and Access to Housing

Limited affordable housing for youth/families and transitional housing for transitional-aged youth (TAY). Across all interviewees**,** affordable housing was identified as a critical need. Stakeholders expressed the challenge many families face with not only securing but also maintaining affordable housing in the county. TAY were also identified as a population with critical housing needs. In particular, stakeholders shared that there are a limited number of transitional housing options for TAY reentering the community from custody, including housing options for dual-system (child welfare and juvenile justice) youth and TAY with complex behavioral health needs.

3) Geographic Access to Services

Disparities in services by region. According to interviewees including youth, families, and service providers, there are limited services for youth residing in East County. While several CBOs offer services in East County, stakeholders observed that the level of need in East County exceeds the number and type of services offered. Additionally, a number of the services provided in East County are satellite services offered by organizations based in other parts of the county, which may mean that staff are only available in East County on certain days or times. Access to services in East County also tends to be more difficult than other areas of the county due to the geographic spread of this part of the county and the resulting need to travel to services even within East County. The need to pay for and/or take lengthy bus/BART rides or car rides can be a barrier for some youth to partake in services. Stakeholders shared that there is a greater variety of services and resources available in Central and West County; however, youth and their families are unable to readily access these services due to transportation barriers and distance. While East County has general deficits in services, as noted above, there are presently no youth SUD treatment services available in Central and West County.

4) Prosocial Supports and Personal Development

Limited number of and access to prevention programs for youth. In focus groups and interviews, representatives from County agencies, service providers, and families expressed the need to not only increase the number of but also the type of prevention programs and access to such programs for youth, particularly for services with a focus on trauma. Juvenile justice stakeholders spoke of a desire to be more proactive and prevent youth from coming into contact with the justice system by increasing the focus on treating trauma and engaging youth in supportive programs and activities at an earlier age.

Limited mentoring and peer support opportunities for youth. Mentoring programs and peer support groups for youth who are involved or at risk of involvement in the justice system were cited as a gap in

services across all interviews. Youth specifically spoke about the need for safe spaces to share their experiences and learn from peers while in custody and in the community. Youth voiced that such services need to be culturally and gender responsive and expressed the desire for mentors that not only provide healthy development and guidance into adulthood, but also relate to their experiences and backgrounds.

5) Prevention Services

Limited information about available juvenile justice system prevention options. While diversion programs are needed to reduce youth's formal entry into the justice system, opportunities to prevent initial contact with the justice system are an important component of a robust continuum of options for youth. County agencies and community members agreed that there is limited knowledge of existing prevention options in the county. They noted that understanding what programs already exist in communities—including programs run by established community-based organizations as well as programs and activities run by community and faith-based groups—would help the county identify opportunities to build upon and fill gaps in prevention options across the county.

6) Diversion Services

Limited county-wide approach to informally and formally divert youth. Countywide diversion programs are at the front end of the justice system to limit youth's formal entry into the justice system. As described earlier, diversion programs are currently offered in some jurisdictions in the county including through police departments, and the DA's Office is designing a diversion program that is based on restorative justice principles. Given that the DA's Office program is in the planning stages and may take time to scale up to all regions of the county, stakeholders identified countywide access to diversion programs as a current gap. Furthermore, some justice system stakeholders noted that the County could explore diversion programs specifically for violations of probation.

7) System-wide Coordination

Limited service coordination and information sharing among juvenile justice system partners. County agencies acknowledged the current lack of shared information about available services among youth-serving agencies. They explained that not being up to date about each other's services affects service referrals for youth and impedes their ability to provide a comprehensive service plan for youth. Stakeholders mentioned a need to improve communication mechanisms to increase awareness of current services.

Limited data collection at the County and program level. Throughout the assessment, it was noted that there is limited collection and reporting of outcome data from County systems and youth-serving programs due to antiquated data systems. To this end, it was a challenge to cross-check some qualitative data with quantitative data. As described in Section VI, the Probation Department is in the process of updating its data system.

8) Systemic Barriers

***Youth experience barriers to employment opportunities*.** Youth shared that despite the existing services in the county, they encounter systemic barriers that impact their ability to achieve stability during and after their time on probation. Youth and other stakeholders cited barriers to employment opportunities that include but are not limited to being on electronic monitoring (as it presents logistical barriers to obtaining and maintaining employment), having an adult record as a TAY, and stigma toward youth on probation. County agencies noted how stigma may affect employers' willingness to collaborate with them to provide employment and training opportunities for justice-involved youth.

Re-entering youth experience barriers enrolling into traditional schools. Stakeholders noted that youth face difficulties returning to traditional schools after being incarcerated. While the Public Defender and CCCOE provide support, stakeholders shared that it requires extensive effort to connect students back to traditional schools. Many stakeholders attributed this challenge to stigma.

Racial disparities exist at various points in the juvenile justice system. It is important to reiterate that from 2015-2017, Black youth were overrepresented in referrals to Probation and petitions filed. While the County is currently making efforts to address racial disparities, there is an ongoing need for continued efforts to address racial and ethnic disparities across all points of the juvenile justice system.

Section V. Juvenile Justice Action Strategy

Vision and Approach

The Juvenile Justice Action Strategy seeks to strengthen the juvenile justice continuum of services by addressing the barriers, gaps, and prioritized focus areas through a collaborative, youth developmental approach. Two pillars underlie the Juvenile Justice Action Strategy: an evidence-based continuum of services and a collaborative approach to services.

Continuum of Services

- The Contra Costa County Probation Department and justice system partners are not only committed to the successful rehabilitation and reentry of justice-involved youth, but also to the prevention and diversion of first and further contact with the juvenile justice system. The County aims to support a continuum of services from prevention to intervention ranging in intensity based on structured decision-making tools.

Collaborative Approach

- The Contra Costa County Probation Department believes in a collaborative approach to supporting youth who are involved in or at risk of involvement in the juvenile justice system. The Probation Department is committed to building and maintaining strong relationships with local law enforcement diversion programs, CBOs, and other County partners to ensure that appropriate and effective services are provided. Probation will continue to engage CBOs as the providers of reentry and other supportive services for justice-involved youth, and will support the capacity and development of CBOs as needed.

Prioritized Focus Areas

While each of the needs and gaps identified in the earlier section are important, it is not feasible to address all of the identified needs at once. The Probation Department, with input from the JJCC and other key stakeholders, prioritized seven focus areas where there is a high level of need and where there are current opportunities for partnership to address the need. These are:

1) Behavioral Health: Increase the availability of and access to behavioral health services for justice-involved youth;

2) Housing: Support increased housing options and services for justice-involved youth and their families;

3) Reentry & Education: Continue to support reentry, including reenrollment in school following incarceration or placement;

4) Prevention Services: Inventory existing prevention services;

5) **Diversion Services**: Inventory existing services and support the development of countywide diversion programs ;

6) Structured Decision Making Tools: Continue to reduce racial disparities; and

7) Service and Outcome Measurement: Create measures to track services and determine impact

The Juvenile Justice Action Strategy discusses how these focus areas will be addressed in the context of the County's existing juvenile justice strategy. The existing services that are provided by the Probation Department and juvenile justice partners, as described in Section IV, will continue as part of the Juvenile Justice Action Strategy. In addition, below is a description of how the Probation Department and juvenile justice system partners plan to address the six prioritized focus areas.

1) Behavioral Health Services

The Probation Department will continue to work with the Mental Health Services division of Contra Costa Behavioral Health Services (BHS) to bridge the gap of services and supports for youth who are waiting to receive mental health services. The position will be designed to incorporate a gender-responsive approach and follow a home-based program model which will address some of the transportation barriers while helping to alleviate barriers youth face while trying to access mental health services. Probation will work with Mental Health Services on collaborative programs in which alternative funding sources can be leveraged to enhance mental health services for justice-involved youth. The Probation Department will also increase support as needed for community-based substance use services in collaboration with AODS.

2) Housing

The Probation Department is committed to supporting housing options through collaboration with the County Health, Housing, and Homeless Services (H3). Currently, Probation supports a Flexible Housing Fund. The Flexible Housing Fund provides adults (18 years or older) who are at risk of losing their housing the opportunity to apply for supplemental funding to alleviate the loss of housing and/or eviction.

Probation plans to partner with H3 to expand the Flexible Housing Fund to families of youth on probation to further support families who are struggling with stable housing. Probation will also partner with CBOs to enhance CBO services in the area of case management and housing navigation services for the youth they serve.

3) Reentry & Education Services

Education reentry after incarceration or placement remains a priority for the JJCC. The Probation Department will continue to support reentry services provided by CBOs, with a focus on services that are offered in youth's communities by providers that also have lived experiences with the justice system. The Probation Department will continue to support the CCCOE, which provides staff to facilitate youth's reenrollment in their school districts after a period of incarceration. The Probation Department will also support the Public Defender's Office with juvenile education and reentry advocacy.

4) Prevention Services

The JJCC will support the creation of a county-wide prevention inventory. The inventory will include programs aimed at engaging at-risk youth with the intention of avoiding initial justice system involvement.

5) Diversion Services

The JJCC will support the creation of a county-wide diversion inventory. The inventory will include programs aimed at reducing further justice system escalation for youth who have had initial contact with the justice system. In a collaborative approach with other justice system partners and with community and youth input, the Probation Department will continue to support the DA in its creation of a countywide diversion program. This strategy will focus on building consistency in diversion programming countywide, and will occur in addition to already existing diversion programs operated by local police departments.

6) Structured Decision Making Tools

The Probation Department will continue to provide evidence-based interventions and services to youth and their families in custody and in the community based on the continuum of services described in Section IV. The Probation Department is also currently undertaking several efforts to support more racially equitable, objective, and informed intake decision making, including:

- Continue working with University of Cincinnati to monitor use of and fidelity to the newly implemented OYAS;
- Continue to monitor the newly implemented Detention Risk Assessment Instrument (DRAI); and
- Working with University of Cincinnati Corrections Institute (UCCI) on a graduated response matrix for youth behavior that includes sanctions, rewards, and interventions.

7) Service and Outcome Measurement

To track the number of youth receiving services, the services provided, as well as the outcomes of such services, the JJCC will develop service and outcome measures for JJCPA-funded programming and include such measures in Requests for Proposals (RPF) and Scopes of Work (SOW).

Section VI. Information Sharing and Data

The Contra Costa County Probation Department and Juvenile Court operate on "main frame" computer case management systems. Information is shared from the mainframe in accordance with WIC section 827.12 and with authorization from the Court. Aggregate data is provided to the Department of Justice JCPSS. The Probation Department currently utilizes in-house Access databases and Excel spreadsheets to collect data and evaluate programs. The Probation Department is in the process of identifying a new vendor for a comprehensive case management system to assist with ongoing data collection, monitoring, and evaluation. A delivery date is yet to be determined; however, significant progress is anticipated in FY 2020-2021.

Section VII. Programs Funded by JJCPA and YOBG

Table 5 below provides an overview of the name and type of programs that are funded by JJCPA and YOBG. Each program is described in detail in Table 6.

Programs Funded by JJPCA

JJCPA was created to provide a stable funding source for local juvenile justice programs aimed at curbing delinquency among at-risk youth. Table 6 below describes the JJCPA-funded programs.

Table 6. Contra Costa County Programs Funded by JJCPA

JJCPA Funded Programs	
DPOs at High Schools	Contra Costa County Probation utilizes JJCPA funds to staff Deputy Probation Officers (DPOs) at public high schools within communities in the county. This collaboration between Probation and local schools employs a variety of preventative strategies designed to keep youth from entering or re-entering the juvenile justice system. DPOs provide supervision for

	youth on informal probation or who have been adjudged wards and attend their assigned school and provide referrals for supportive community resources to the youth and their families. DPOs facilitate evidence-based practice programs, utilize risk assessments to identify criminogenic needs, develop case plans, complete court reports, provide services to victims and participate in collaborative operations and projects.
DPOs at Police Departments	Similar to the DPOs in High Schools program, DPOs assigned to police agencies provide supervision and referrals for youth and their families, are trained to facilitate evidence-based programs and conduct risk assessments, develop case plans, complete reports for the Juvenile Court, provide services to victims, and participate in collaborative operations and projects. DPOs in police agencies work on the front end at the time of arrest or citation and are a valuable resource for an arresting officer when determining if a youth should receive diversion services, informal probation services, or formal probation interventions. The DPOs communicate with victims, schools, parents and the youth to inform the best course of action to address at risk behaviors. The vetting process provided by the DPO to the police agency is a preventative tool to keep youth out of the juvenile justice system whenever possible.
Orin Allen Youth Rehabilitation Facility (OAYRF) Deputies.	JJCPA funds are utilized to pay for three DPOs to provide aftercare and reentry services to male youth who have successfully completed a commitment, which could range from six months to a year, at the OAYRF. The OAYRF is an open setting ranch/camp facility that houses youth whose risk and needs indicate that placement in such a setting would aid in their rehabilitation. OAYRF DPOs allow for continuity of care as young men reintegrate into the community. The DPOs begin supervision during the custodial phase of the program and continue to provide service during transition and after release. Similar to other Contra County treatment program reentry models, case plans are developed with the youth and their family or support system that identify resources that continue to target the criminogenic needs identified earlier in the youth's program. DPOs also ensure that basic needs such as housing, food, ongoing education, and employment services are met. Youth who complete the OAYRF program are connected to County providers such as mental health services to increase their opportunities for success.
Bay Area Community Resources (BACR) and RYSE, Inc.	Bay Area Community Resources (BACR) and RYSE, Inc. provide reentry to youth who have been or will soon be released from custody and participated in either YOTP or Girls in Motion. Reentry services include individualized case plans, case management, peer support groups, support for youth as they enter and navigate college, and transportation to services as needed. BACR provides assistance to youth and their families in East and Central County. RYSE offers Richmond and West County youth ages 13-25 assistance and services through the RYSE Center, a safe space dedicated for youth.
Contra Costa County Public Defender's Office	The Public Defender's Juvenile Education Advocate/Reentry Attorney will provide holistic, civil legal services to youth impacted by the juvenile justice system to improve their educational outcomes, decrease youth homelessness, increase access to medical and mental health care, and increase employment opportunities. Services will include: representing students in school expulsion proceedings; special education representation to increase access to special education services and accommodations; helping students reenroll in school after their release from facilities and ensure timely transfer of credits; representing all Public Defender clients in AB 12 proceedings; and representing youth in juvenile record sealing and vacatur proceedings.

Programs Funded by YOBG

YOBG funds are used to enhance the capacity of county probation, mental health, drug and alcohol services, and other county departments to provide appropriate rehabilitative and supervision services to justice-involved youth.[10]

Table 7. Contra Costa County Programs funded by YOBG

Program Name	Description
YOBG Funded Programs	
Youthful Offender Treatment Program (YOTP)	YOTP is a residential commitment program, housed in the Juvenile Hall, in which staffing and mental health services are funded by YOBG. The program's mission is to serve young males ages 16 to 21 by providing them with cognitive behavioral programming and the life skills necessary to transition back into the community. The YOTP program is a local alternative to a commitment to the DJJ for youth who have committed serious or violent offenses, but can be treated at the local level. Probation staff provide cognitive behavioral therapy (CBT) services, mental health staff provide therapy, and CBOs provide non-CBT services. YOTP works in conjunction with CBOs (BACR and RYSE) to provide a continuum of services upon reentry including life skills, FFT, substance use treatment, and/ or other mental health services.
Community Options for Families and Youth (COFY)	COFY offers therapeutic behavioral services, educational mental health management, trauma therapy, parent education, MST, and FFT.
Contra Costa County Office of Education (CCCOE)	CCCOE provides reentry educational and career services in East County and referrals to services in Central and West County. CCCOE works collaboratively with DPOs and reentry service providers with in-custody or out-of-custody case planning and facilitates referrals and linkages ("warm hand-offs") to the Central and West County Youth Development Specialist. Additionally, CCCOE provides case management services including navigating the educational system, advocacy in school enrollment, and post high school career development.

Section IX. Strategy for Non-707 (b) Offenders

The Contra Costa County Probation Department delivers services to justice system involved youth utilizing a continuum of proactive responses that include the use of evidence-based risk assessment tools and varying levels of supervision, out of home placements and custodial rehabilitative programs. Case plans are developed and recommendations are formulated for the Court that takes into account prevention and intervention strategies which focus on criminogenic needs and community safety. Justice-involved youth who are not eligible for a commitment to DJJ that may have been committed in the past are now provided an opportunity to remain locally in the YOTP. While in the program, rehabilitative services are provided to empower the youth to have a positive outcome upon release. The Probation Department and County Health Services/Mental Health Services division have an ongoing contract that utilizes YOBG funds to provide a full-time mental health clinician for YOTP.

[10] Girls In Motion (GIM), the structured residential program for adolescent females previously funded by YOBG, is now funded through County General Fund dollars.

Appendix A. Plan Development Process

Contra Costa County contracted Resource Development Associates (RDA), an Oakland-based consulting firm, to support the development of the fiscal year (FY) 2019-20 Juvenile Probation Consolidated Annual Plan to improve services for youth who are involved in or at risk of involvement in the juvenile justice system. As part of this process, the Juvenile Justice Coordinating Council (JJCC) convened with RDA from September 2018 to March 2019 to provide expertise and strategic direction on the Consolidated Annual Plan. During this process, the Probation Department and Contra Costa County Office of Reentry and Justice (ORJ) leadership worked closely with RDA. In preparation for the creation of the FY2020-21 Consolidated Annual Plan, and to properly orient and support the new configuration of the JJCC body, Contra Costa County again contracted with RDA. This section provides an overview of the methods applied for the plan development process including a description of the JJCC meetings and the needs assessment conducted as well as JJCC meeting schedules and activities.

Needs Assessment

With support and information from the JJCC and Probation Department, in 2018-2019 RDA facilitated a countywide needs assessment to understand how JJCPA funds are utilized and the population receiving those services, and identify any gaps, barriers, and/or needs within the current juvenile justice system. To do so, RDA collected and analyzed quantitative and qualitative data related to 1) the current juvenile justice system, 2) the current population of youth receiving services through JJCPA and YOBG, and 3) the needs of youth on probation and youth at risk of juvenile justice system involvement in Contra Costa County.

With the support and direction of the JJCC, RDA identified key stakeholders to inform the needs assessment, including County officials, service providers, justice-involved youth, family members, and advocates. The following table provides an overview of all stakeholders engaged in the needs assessment.

To: Contra Costa County Fire Protection District Board of Directors

From: Lewis T. Broschard III, Chief, Contra Costa Fire Protection District

Date: May 26, 2020

Subject: 2019 Update to Contra Costa County Wildfire Protection Plan

RECOMMENDATION(S):
APPROVE the 2019 Update to the Contra Costa County Wildfire Protection Plan.

FISCAL IMPACT:
There are no costs associated with the approval of the Contra Costa County Wildfire Protection Plan. However, since most grants require these plans to be updated every five years, failure to update the document could preclude Contra Costa County and the Contra Costa County Fire Protection District (District) from obtaining federal and state grants. To assure federal and state grant eligibility, the revised Wildfire Protection Plan must be approved this year.

BACKGROUND:
The first Contra Costa County Wildfire Protection Plan (CWPP) began in 2009 by compiling existing documents; analyzing fire behavior potential; and collaborating with homeowners, representatives of special interest groups, and agency officials. In 2014, a Draft CWPP Update was developed through a similar area-wide planning effort.

The 2019 Update to the Contra Costa County Wildfire Protection Plan was prepared by the Diablo Fire Safe Council in conjunction with the Contra Costa County Fire Protection District; Contra Costa County Fire Chiefs Association; CAL FIRE; Hills Emergency Forum; and Stakeholder Committee members.

BACKGROUND: (CONT'D)

The CWPP provides an analysis of wildfire hazards and risks in the wildland-urban interface (WUI) in Contra Costa County, California. It follows the standards for CWPPs established by the federal Healthy Forest Restoration Act, including:

1. Identifying and prioritizing fuel reduction opportunities across the county (see Section 3 Fire Hazard and Risk in the Wildland Urban Interface and Section 5: Prioritizing Fuel Reduction Vegetation Management Treatments)
2. Addressing structural ignitability (see Section 6: Prioritized Treatment of Structural Ignitability); and
3. Collaborating with stakeholders (see Section 2.2: The Planning Process and Stakeholders).

The goal of the CWPP is to reduce hazard through increased information and education about wildfires, hazardous fuels reduction, actions to reduce structure ignitability, and other recommendations to assist emergency preparedness and fire suppression efforts. Most importantly, the CWPP facilitates coordinated fire management actions.

The CWPP recommends five priority actions:

1. Collaborative Partnerships for Public Communications – Expand collaborative partnerships beyond traditional partners to find common goals related to wildfire safety, employ many solutions, improve public communication, and reach multiple audiences.
2. Evacuation Planning and Communication – Assist community groups to develop neighborhood evacuation action plans through collaboration with fire departments, emergency services, and other organizations.
3. Hazardous Fuel Load Management Balanced with Biological Resource Protection – This priority includes geographically based fuel reduction projects. Goals are to Increase awareness of environmental sensitivities and permitting requirements; and explore assumptions of what we can do in terms of fire suppression and pre-fire fuel treatments (e.g., critical habitat recovery projects, regulatory agencies as partners, and types of studies).
4. Defensible Space Programs – Expand defensible space programs for property owners in high fire hazard areas in Contra Costa County.
5. Home Hardening – Develop education and training related to retrofit of existing homes and structures to improve their survivability.

CONSEQUENCE OF NEGATIVE ACTION:

If the 2019 Update to the Contra Costa County Wildfire Protection Plan is not approved, the outdated 2014 Wildfire Protection Plan will continue to be the guiding document. Since many grants at the state and federal level require that Wildfire Protection Plans are updated every five years, Contra Costa County and District access to grant opportunities could be limited.

Executive Summary

The 2019 Update of the Contra Costa County Wildfire Protection Plan provides an analysis of wildfire hazards and risk in the wildland-urban interface (WUI) in Contra Costa County, California. The Plan follows the standards for CWPPs established by the federal Healthy Forest Restoration Act, including:

1. Identifying and prioritizing fuel reduction opportunities across the county
   See Section 3: Fire Hazard and Risk in the Wildland Urban Interface and Section 5: Prioritizing Fuel Reduction Vegetation Management Treatments
2. Addressing structural ignitability
   See Section 6: Prioritized Treatment of Structural Ignitability
3. Collaborating with stakeholders
   See Section 2.2: The Planning Process and Stakeholders

Based on analysis, recommendations have been identified to aid stakeholders in reducing the threat of wildfire. The Plan complements local agreements and existing plans for wildfire protection for a coordinated effort in determining appropriate fire management actions.

The 2019 Update to the Contra Costa Countywide CWPP is the result of an area-wide planning effort. The first countywide CWPP in 2009 began with compilation of existing documents, analysis of fire behavior potential (based on fuels, topography and historical weather conditions) and collaboration with homeowners, representatives of special interest groups and agency officials. In 2014, a Draft Update was developed through a similar area-wide planning effort that reviewed the plan, updated relevant sections and refined priority actions.

The goal of the plan is to reduce hazard through increased information and education about wildfires, hazardous fuels reduction, actions to reduce structure ignitability and other recommendations to assist emergency preparedness and fire suppression efforts. Most important, it facilitates a coordinated effort between the various stakeholders.

Recommendations

The Contra Costa County CWPP recommendations are organized into four categories of mitigation related to:

- Information, Education and Collaborative Planning
- Enhanced Suppression Capability and Emergency Preparedness
- Fuel Reduction Treatments around Homes and on Public Lands
- Improving Structure Survivability

Five *Priority Action* overviews are provided for recommended priority actions.

1. Collaborative partnerships for public communications.
   Expand collaborative partnerships beyond traditional partners to find common goals related to wildfire safety, employ many solutions, improve public communication and reach multiple audiences.
2. Evacuation Planning and Communication.
   Assist community groups develop neighborhood evacuation action plans through collaboration with fire departments, emergency services and other organizations.
3. Hazardous fuel load management balanced with biological resource protection.
   This priority includes geographically based fuel reduction projects. Increase awareness of environmental sensitivities and permitting requirements. Explore

assumptions of what we can do in terms of fire suppression and pre-fire fuel treatments (e.g. critical habitat recovery projects, regulatory agencies as partners, types of studies).

4. Defensible space programs (fuel reduction around homes).
   Expand defensible space programs for property owners in high fire hazard areas in Contra Costa County.
5. Home hardening.
   Develop education and training related to retrofit of existing homes and structures to improve their survivability (home hardening).

These overviews identify implementation steps, lead and partners, timeframes and funding needs. A list is included of geographically-based, priority fuel reduction projects and prevention strategies.

The 2019 Update of the Contra Costa County CWPP is a multi-year guiding document that will facilitate the implementation of present and future mitigation efforts. It is important to note that the CWPP is a working document and will need to be updated regularly and after major "events" such as wildfire, flood, insect infestation, significant new home development, as well as the regional update of the Multi-Hazard Mitigation Plan or General Plan Safety Elements.

Introduction

Fire records for Contra Costa County document an active, damaging and costly fire history. There is little question that the area's unique ecology – particularly the topography, climate and vegetation – provides the setting for catastrophic fire to strike. While large-scale fires do not occur every year, fire incidents driven by extreme wind conditions have repeatedly been difficult to contain. Contemporary population growth leading to residential development in the wildland urban interface (WUI), along with the introduction and proliferation of exotic species, exacerbates this problem by putting more people, property, critical infrastructure and natural resources in harm's way. In order to reduce the risk of loss of life and property due to wildfire, the Diablo Fire Safe Council and project partners have worked with residents, representatives of federal, regional, state and local agencies along with community organizations to update the Contra Costa County Community Wildfire Protection Plan adopted in 2009 and updated in 2014.

Interest in wildfire prevention and protection of communities from wildfires has grown exponentially over the past years. In 2017, wind driven wildfires reached far into urban areas. The 2018 fire season was the most destructive in State history. This 2019 Update captures many of the new ideas and concerns, and sets forth implementation recommendations.

Although the format of this CWPP is guided by the Healthy Forest Restoration Act's (HFRA) call for such plans, the principles behind it are not new. The National and State Fire Plans, the Federal Emergency Management Agency Disaster Mitigation Act of 2000 and several locally developed documents all mandate community based planning efforts, coordination, project identification, prioritization, funding review and multi-agency cooperation. Unique benefits of the CWPP include:

- The opportunity to establish a locally appropriate definition and boundaries.
- The requirement for federal agencies, when planning fuel reduction projects, to give WUI priority to projects that provide for the protection of at-risk communities or watersheds, or that implement recommendations in a CWPP.
- Expedited National Environmental Policy Act (NEPA) procedures for federal agencies implementing fuel reduction projects identified in a CWPP.

Since within Contra Costa County there are few federally owned lands, the stakeholder group discussed what the Contra Costa County CWPP Update should include and why is the plan is of value to us. The ideas can be grouped around several themes including overall planning and participation, fuel reduction projects, increased public awareness and involvement in prevention, balance of fire hazard reduction and environmental protection, fire resistant structures. Many common challenges and shared solutions were identified and a few selected for development with action plans.

Funding provided by a grant from the

California Department of Forestry and Fire Protection
as part of the California Climate Investments Program

Scope

The scope of this Plan is Countywide and encompasses the following:

1. Describes the fire environment of Contra Costa County.
2. Identifies values at risk as defined by the stakeholders.
3. Provides maps that show high fire hazard areas, as defined by Federal, State and local authorities.
4. Establishes the rationale for prioritization of fuel management projects and treatment methods, as well as outlines principles for selection of projects when funding is available.
5. Describes measures communities and homeowners can take to reduce the ignitability of structures.
6. Identifies sources for Best Management Practices for fuel reduction treatments included in the plan.
7. Identifies federal, state and local resources (fire, wildlife, regulatory agencies, landscape groups, etc.)

Purpose

The Purpose of this CWPP is to protect human life and reduce loss of property, critical infrastructure and natural resources due to wildfire. The document is intended to help agencies, communities and local homeowners define, plan and prioritize types of actions that will limit loss of life and the damage associated with the inevitable wildfire event. This plan can be used to reduce the risk of conflagration by the following actions:

1. Increased collaborative planning and cooperative actions that will build useful relationships between communities and agencies.
2. Reduction of hazardous fuels in the WUI.
3. Creation and maintenance for defensible space for structures and properties.
4. Reduction of structural ignitability hazards.
5. Planning of evacuation protocols and drills.

The stakeholders in this effort believe that the work outlined above requires a collaborative approach that combines the following elements:

- Development and implementation of strategic, cost effective, sustainable and environmentally sensitive fuel management plans;
- Educational programs that explain fire risk, promote voluntary citizen involvement and emphasize long-term strategies for creating and maintaining fire resistant communities.
- Application of resources to areas and projects where efficacy is most probable.

To that end, stakeholder participation and regular review are central to maintaining the ideas and priorities of the CWPP in the future. The dynamic nature of the CWPP will reflect changes in practices, technology and information available to prevent and minimize loss from wildfire.

What's New Since the 2014

During the five years since the 2014 draft Contra Costa County Wildfire Protection Plan Update there has been dramatic fire activity throughout California. The CWPP incorporates this "new normal" of large wind driven fires, year round potential for ignitions and increased public concern. Within Contra Costa County significant new information and updates have included:

ABAG and MTC Resilience Program Wildfire White Paper

In 2018, "Bay Area Wildland Urban Interface: Review of Risks, Plans and Strategies" was released by the Association of Bay Area Governments (ABAG) Resilience Program and Metropolitan Transportation Commission (MTC). The white paper explores the strategies communities currently use to mitigate wildfire risk. The paper characterizes wildfire hazard in the region, assesses existing wildfire hazard maps, and includes a literature review of Bay Area fire planning documents. A suite of appendices provide links to resources to support communities engaged in wildfire mitigation efforts in their communities. In addition to the paper, a searchable database of wildfire mitigation strategies is also available showcasing the 350+ strategies discussed in the 15 reviewed Bay Area fire planning documents. California Forest Carbon Plan[1]

On May 10, 2018 California Governor Brown issued Executive Order B-52-18 to support the state's resilience to wildfire and other climate impacts, address extensive tree mortality, increase forests' capacity for carbon capture, and improve forest and forest fire management. Wildfires of magnitude exacerbated by drought and other climate factors are impeding the state's efforts to mitigate GHGs - while bringing catastrophic effects onto communities, wildlife, and watershed health. The Order commits $96 million in additional state funds. The executive order calls for doubling the land actively managed through vegetation thinning, controlled fires and reforestation from 250,000 acres to 500,000 acres. New programs to help promote forest health through prescribed burning will be developed, and funding will be expanded for training and other incentives to improve watershed health and climate resilience.

A Forest Management Task Force will be convened to help implement this order and its accompanying Forest Carbon Plan, which was finalized along with the passage of this Executive Order.

The California Forest Carbon Plan was developed by state, federal and local representatives, under the leadership of California Natural Resources Agency, California Environmental protection Agency and Department of Forestry and Fire Protection (CAL FIRE). The plan provides a strategy to manage our forest landscapes in a changing climate as healthy,

[1] Source: http://resources.ca.gov/wp-content/uploads/2018/05/California-Forest-Carbon-Plan-Final-Draft-for-Public-Release-May-2018.pdf accessed 8/8/19

resilient net sinks of carbon that provide a range of priceless ecosystem and societal benefits. The goals are to:

- Significantly increase the pace and scale of forest and watershed improvements on nonfederal forest lands through incentives and other mechanisms.
- Support Federal goals and actions to improve forest and watershed health and resiliency.
- Prevent forest land conversions through easements and acquisitions, as well as land use planning.
- Innovate solutions for wood products and biomass utilization to support ongoing forest management activities.
- Support key research, data management, and accountability needs.
- Protect and enhance the carbon sequestration potential and related benefits of urban forests.

The California Forest Carbon Plan provides multiple strategies to achieve these goals through working collaborative at the watershed or landscape scale across all forest types and ownership categories. It recognizes that to achieve these goals will require a sustained commitment of effort and funding from the state and federal governments. Further non-fiscal measures such as technical assistance, efficient permitting process and ongoing commitment to collaborative efforts are also critical. To foster this program, both CAL FIRE and the Department of Conservation have grant programs that make available cap and trade funding through the California Climate Investments programs including: Forest Health Grant Program[2] and Fire Prevention Grant Program, and the Regional Forest and Fire Capacity Program. [3]

CEQA Section –XX. Wildfire

The California Environmental Quality Act (CEQA) is a statute that requires state and local agencies to identify the significant environmental impacts of their actions and to avoid or mitigate those impacts, if feasible. Changes are made continually to CEQA through legislation and case law. Guidelines are issued to explain and interpret the law for public agencies and the public. The 2019 Guidelines introduced section "XX. Wildfire Hazards – if located in or near state responsibility areas or lands classified as very high hazard severity zones." CEQA studies now have to evaluate if the proposed project would:

1. "Substantially impair an adopted emergency response plan or emergency evacuation plan?
2. Due to slope, prevailing winds and other factors, exacerbate wildfire risks and thereby expose project occupants to pollutant concentrations from a wildfire or the uncontrolled spread of wildfire?
3. Require the installation or maintenance of associated infrastructure (such as roads, fuel breaks, emergency water sources, power lines or other utilities) that may exacerbate fire risk or may result in temporary or ongoing impacts to the environment?
4. Expose people or structures to significant risks, including downslope or downstream flooding or landslides, as a result of runoff, post-fire slope instability or drainage channels?" [4]

Contra Costa County - Climate Action Plan.

Climate change is expected to have significant adverse impacts locally, throughout California, and worldwide unless considerable steps are taken to reduce greenhouse gas (GHG) emissions. Assembly Bill (AB) 32: The California Global Warning Solutions Act of 2006 represents California's effort to reduce GHG emissions and combat global climate change. On December 15, 2015 Contra Costa County Board of Supervisors adopted the Contra Costa County Climate Action Plan.[5]

The plan anticipates higher temperatures that can decrease the water supply through increased evaporation rates and irrigation demand, and lead to an increased incidence of wildfires, as well as health impacts to vulnerable populations. It lays out the scientific and regulatory setting, including the California framework and existing efforts within the county. A greenhouse gas emissions (GHG) inventory identifies the major sources of emissions and presents a 2013 inventory in comparison to the 2005 baseline. It presents a forecast for years 2020 and 2035. While the County action plan does not specifically identify wildfire prevention as a healthy community strategy, it is recognized at the State level a "Carbon Plan" as critical. The Cap and Trade funding programs serve a key funding source for hazardous fuel management through the California Climate Investments (CCI) and Forest Carbon Plan.

The Climate Action Plan is currently being updated as a part of Envision Contra Costa 2040. There is a lot of interest in the climate action world to see more people install rooftop solar with battery storage; roofing materials that keep buildings cooler; planting of more trees for mitigation of heat island, sequestration of greenhouse gas emissions, flooding preventions, and buildup of water table; as well as installation of green infrastructure among other actions. The Bay Conservation and Development Commissions, "Adapting to Rising Tides" program offers a range of potential hazards and mitigation actions related to sea level rise and storm impacts.[6] While many of the climate action activities are widely recognized as best practices in climate resilience, there has been no research to date on how they perform during a wildfire in the wildland urban interface. However, future refinements of mitigation actions are likely to find ways to address multiple hazards, including wildfire in very high fire hazard severity areas.

Envision Contra Costa 2040 - General Plan Update

Contra Costa County is in currently updating their General Plan through a process called Envision Contra Costa 2040. Envision Contra Costa 2040 will be a two-year process, with public meetings and documents developed in 2019, a public review process in the first half of 2020, and formal hearings in late 2020. The plan will include the General Plan Update, Climate Action Plan, Zoning Code Update and environmental review. The updated General Plan will respond to current concerns about sustainability, environmental justice, and affordable housing, while carrying forward enduring County values like balancing growth and conservation. The General Plan's Safety Element establishes goals and policies to minimize risk to people and property from with natural and human-caused hazards. This element will include information related to wildfires in Contra Costa County.[7]

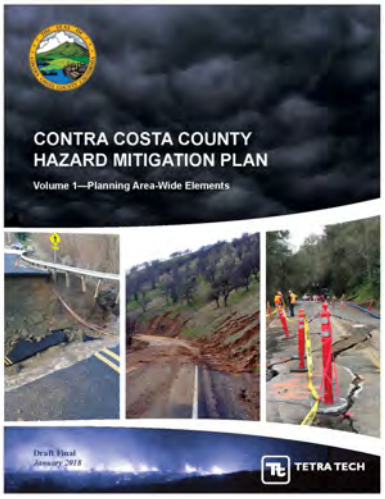
Contra Costa County Local Hazard Mitigation Plan (LHMP)



The Contra Costa County Hazard Mitigation Plan was approved by the County Supervisors in 2018 and forwarded to FEMA for final approval.[8] The five-year plan is in effect through April 19, 2023.

The LHMP identified the frequency, severity and warning time related to wildfire. Wildfire frequency can be assessed through review of the percent of a given area that has been burned in previous wildfire events. CAL FIRE records of fires over the 130 years from 1878 to 2015 show about 13 percent of the mapped wildfire risk zones in the planning area have burned in that period.

Potential losses from wildfire include: human life, structures and other improvements, and natural resources. There are no recorded incidents of loss of life from wildfires in Contra Costa County. However, the most destructive wildfire in the region to date—the October 1991 Oakland/Berkeley Hills "Tunnel Fire"—occurred adjacent to Contra Costa County border with Alameda County and resulted in 25 lives lost, including a fire battalion chief and an Oakland police officer, 148 people injured, and 3,500 homes destroyed. The blaze burned approximately 1,600 acres. The estimated private property loss was $1.7 billion at the time, according to the Insurance Information Institute.

The LHMP cites that "given the usual immediate response times to reported fires, the likelihood of injuries and casualties is minimal. Smoke and air pollution from wildfires can be a health hazard, especially for sensitive populations including children, the elderly and those with respiratory and cardiovascular diseases." During the Camp Fire in 2018, the Bay area was impacted by smoke for weeks. "Wildfire may also threaten the health and safety of those fighting the fires. First responders are exposed to the dangers from the initial incident and after-effects from smoke inhalation and heat stroke. In addition, wildfire can lead to ancillary impacts such as landslides in steep ravine areas and flooding due to the impacts of silt in local watersheds.

The LHMP also cites, "Wildfires are often caused by humans, intentionally or accidentally. There is no way to predict when one might break out. Since fireworks often cause brush fires, extra diligence is warranted around the Fourth of July when the use of fireworks is highest. Dry seasons and droughts are factors that greatly increase fire likelihood. Dry lightning, while not common in the Bay area, may trigger wildfires. Severe weather can be predicted, so special attention can be paid during weather events that may include lightning. Reliable National Weather Service lightning warnings are available on average 24 to 48 hours prior to a significant electrical storm.

"If a fire does break out and spread rapidly, residents may need to evacuate within days, hours (or minutes as in the 2017 and 2018 wind driven fires). A fire's peak burning period generally is between 1 p.m. and 6 p.m. Once a fire has started, fire alerting is reasonably rapid in most cases. The rapid spread of cellular and two-way radio communications in recent years has further contributed to a significant improvement in warning time."

Contra Costa County Emergency Operations Plan and Guide to Wildfire Preparedness & Evacuation

The North Bay wildfires in 2017 and Camp Fire in Paradise in 2018 elevated Contra Costa County resident's concern of wildfire and specifically evacuation.

In 2015 Contra Costa County update their Emergency Operations Plan (EOP) that covers emergency response in unincorporated areas of Contra Costa County.[9] The Office Emergency Services, in the Office of the Sheriff, works closely with the 18 incorporated jurisdictions within the county. Wildfires are ranked as the 5th in the top seven natural hazard events following: earthquake, severe weather, landslide, and flood (and before drought and dam failure). The EOP covers organization, operations and recovery. It continues to highlight the incident command system and state standardized emergency management system. Supplemental elements include the County's Community Warning System, public information, private sector coordination, volunteers, training and exercises and preparedness.

In July 2019, Contra Costa Fire Protection District and the Contra Costa County Sheriff's Office released a guide for County residents to help prepare themselves, their families and neighbors in the event of a wildfire.[10] Contra Costa County residents are asked to register with the Contra Costa Community Warning System (CWS).

Metropolitan Transportation Commission (MTC) - Plan Bay Area 2040

MTC's "Plan Bay Area 2040" provides an overview of changes in the region that affect Contra Costa County. While the plan makes no specific mention of wildfire, the increasing growth and transportation investment is likely to occur in areas at risk from wildfire.

"Since the 1800s, the San Francisco Bay area has drawn people from around the world seeking fortune, education, innovation, natural beauty and a near-perfect climate — and sometimes all of the above. Through cycles of boom and bust, the Bay Area has grown to be the fourth largest metropolitan region in the United States today, with over 7.7 million people residing in the nine-county, 7,000 square-mile area. In recent years, the Bay Area economy has experienced record employment levels during a tech expansion surpassing the "dot-com" era of the late 1990s.

"In addition to bringing vitality and wealth, the rapidly growing and changing economy has also created significant challenges: adequate and affordable housing for people of all income levels, the displacement of long-time residents and a transportation system stretched past its limits. Today a very successful economy has contributed to housing, transportation and environmental challenges that pose a risk to the region's dynamism and diversity. Plan Bay Area 2040 addresses these challenges with a focus on urgent regional needs. As an update to the region's long-range transportation plan and sustainable communities strategy, Plan Bay Area 2040 projects household and employment growth in the Bay Area over the next 24 years, provides a roadmap for accommodating expected growth, and connects it all to a transportation investment strategy that strives to move the Bay Area toward key regional goals for the environment, economy and social equity.[11]"

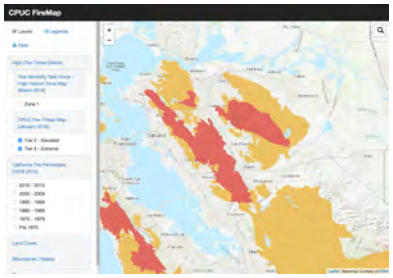
Public Safety Power Shut Offs (PSPS)

In October 2007, devastating wildfires driven by strong Santa Ana winds burned hundreds of square miles in Southern California. Several of the worst wildfires were reportedly ignited by overhead utility power lines and aerial communication facilities in close proximity to power lines. In response to these wildfires, the California Public Utilities Commission (CPUC) initiated Rulemaking (R.) 08-11-005 to consider and adopt regulations to protect the public from potential fire hazards associated with overhead power line facilities and nearby aerial communication facilities. Over the ensuing years CPUC issued several decisions and adopted dozens of new fire safety regulations. Several of the adopted fire-safety regulations apply only to areas, referred to as "high fire-threat areas," where there is an elevated risk for power line fires igniting and spreading rapidly. [12]



By December 21, 2017, the CPUC issued Decision (D.) 17-12-024 adopting regulations to enhance fire-safety in the High Fire Threat Districts. On January 19, 2018 the CPUC adopted, via Safety and Enforcement Division's (SED) disposition of a Tier 1 Advice Letter, the final CPUC Fire-Threat Map.

In Contra Costa County, Pacific Gas & Electric (PG&E) implements these precautionary measures to help reduce the risk of wildfires as part of their Community Wildfire Safety Program.[13] If gusty winds and dry conditions, combined with a heightened fire risk, threaten a portion of the electric system, they may turn off electricity in the interest of public safety – a public safety power shut off (PSPS). The shut off may include both transmission and distribution lines.

State Response after the 2018 Fires and North Orinda Sheltered Fuel Break

On Monday January 8, when Governor Newsom was sworn in to office he issued Executive Order N-05-19[14] that tasked state agencies with a series of actions related to wildfire and natural disaster preparedness and response. The California Department of Fire and Forestry (Cal Fire), among other state agencies, was required to recommend to the governor administrative, regulatory, and policy changes necessary to prevent and mitigate wildfires with an emphasis on public health and safety. The report detailed personnel and resource deployment, resource procurement, and community assessment efforts. Assessments detailed high-hazard areas, socioeconomic factors, and vulnerable populations particularly at risk in natural disaster events.

The report included 35 projects, of which the North Orinda Shaded Fuel Break was project number 14. This 19.9 mile project covers 1515 acres and spans from south of Acalanes High School in Lafayette, along Happy Valley Road, Bear Creek Road and Wildcat Canyon Road in Orinda, to Inspiration Point and north along the ridge in Tilden Regional Park and Briones watershed.[15] The sheltered fuel break was designed to buy time for community evacuation and fire suppression response. It will protect the immediate area's 62,000 residents by significantly slowing spread of potential major fire driven by Diablo winds from the northeast. Beyond Orinda and Lafayette, the sheltered fuel break will also slow the spread across county lines into Alameda County and

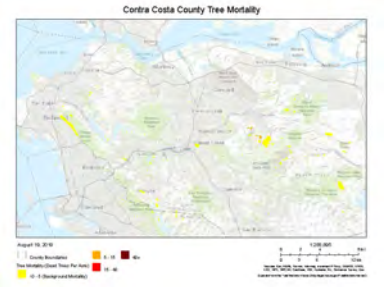
the cities of Albany, Berkeley, Emeryville, Oakland and Piedmont. The North Orinda Shades Fuel Break also will slow the spread of fire into other the Contra Costa County communities including: Acalanes Ridge, Alamo, Alhambra Valley, Canyon, Castle Hill, Concord, Contra Costa Center, East Richmond Heights, El Cerrito, El Sobrante, Hercules, Kensington, Martinez, Moraga, Pacheco, Pinole, Pleasant Hill, Reliez Valley, Richmond, San Miguel, Saranap, Shell Ridge and Walnut Creek.

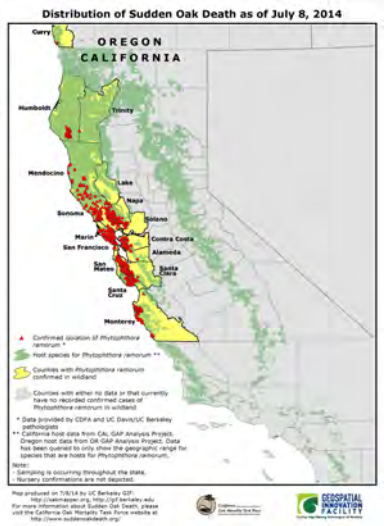
Governor Newsome at the same time issued Executive Order N-04-19 that laid out streamlined and flexible procurement processes for emergency preparedness and response resources. State agencies were tasked with developing a new iterative procurement approaches, starting with innovative solutions to the state's wildfire risks and forest health.

The 2018 legislative session was active with significant bills to address safety measures we will see come into affect over the next five years, such as: local assistance grant programs, fire safety planning, wildfire mitigation plans by electric utilities, mutual aid, funding, forest management and regulatory streamlining, biomass utilization, low cost retrofits and wildfire cost recovery.[16] The 2019 legislation session continued with introduction of bills addressing among other issues: mechanisms to develop practices for community-wide resilience against wildfires through home hardening and other measures (AB38), model defensible space program (SB190), comprehensive retrofit plans in Safety Elements (SB182), evacuation routes and capacity under a range of emergency scenarios (AB747), warning systems (SB130). On October 2, 2019 Governor Newsom signed a package of 22 bills to improve wildfire prevention, mitigation and response efforts.[17] As this new legislation comes into effect there will be new opportunities to incorporate into future CWPP updates.



Tree Mortality and Sudden Oak Death

California has been facing the worst epidemic of tree mortality in modern history. Five years of drought, combined with the increased infestation of native bark beetles, have contributed to the death of millions of trees on federal, state, and private lands across California. Fortunately, Contra Costa County has had relatively minor tree mortality compared to the Sierra Region.



The tree mortality viewer[18] allows private citizens and stakeholder entities to participate in understanding the areas of greatest impact. Data has been collected since 2012 and most recently updated in December 2018. Primary layers include the USFS Aerial Detection Survey (depicting Tree Mortality), High Hazard Zones (for prioritizing hazard tree removal), and public Mortality Projects (where hazard tree removal projects have occurred). For more information on bark beetles and wildfire prevention and preparedness, visit www.PrepareForBarkBeetle.org.

In addition to tree mortality, the Bay Area has been infested with

Sudden Oak Death from Phytophthora ramorum.[19] To date Contra Costa County has had relatively isolated infections in the wildlands and urban areas in the western portion of the county (where the fog reaches). However, the potential for spread exists and the County is in quarantine with restrictions for transporting materials, including chipped wood out of the region already infected.

Contra Costa County Information

2.1 County Overview

Contra Costa County was incorporated in 1850 as one of the original 27 counties in the State of California. As of the 2017 American Community Survey 1 year estimates, its population is 1,174,439, making it the third most populous county in the Bay Area after Santa Clara and Alameda County. The census also lists the county with a total area of 717.1 square miles for a total of 1,600.1 people per square mile.[1] Most of the population resides in the 19 incorporated cities, although more than 20% (200,000) live in one of the 35 census-designated and unincorporated communities.[2] Median household income at $95,339 is about 1.3 times the amount in California and 1.5 times the amount in the United States. Population growth was positive with an increase between 2010 census and the July 1, 2018 estimate census as 9.6%, slightly faster that the state.[3] The median age is 39.7 years about 10% higher than elsewhere in California, with 62% of the populations between the age of 18 and 64 years old.

Contra Costa County has experienced two very large growth spurts, one in the World War II years and another over the last 20 years. By 2036, Contra Costa County is anticipated to have over 1.38 million residents.[4] Over one third of Contra Costa County's population growth since the early 1990s has occurred in the East County communities of Antioch, Brentwood and Oakley. South County, where it joins Alameda County in the "Tri-valley area," has also experienced considerable new housing, as well as employment growth.

The most heavily urbanized areas of West County include the cities of Richmond, El Cerrito, San Pablo, Pinole and Hercules. The West County area also includes a concentration of oil refineries and other industrial land uses, as well as pockets of low-income communities. The central part of the county, including the cities of Concord, Clayton, Walnut Creek, Pleasant Hill and Martinez have a relative balance of jobs and housing.[3]

Two major complexes of mountains, ridges and hills define the physical and hydrological landscape. This shapes where people live and work and results in numerous people inhabiting areas that are remote or are very difficult to access under emergency conditions.

Development Centers

Historical development patterns in Contra Costa County reflect its agricultural roots. Since the Second World War Contra Costa County has experienced a population growth rate that has generally exceeded the Bay Area average over every decade. As a consequence of

Transportation

Contra Costa County is home to some of the most heavily traveled freeways and arterials in the San Francisco Bay Area.[7] Loss of function of any of these routes can have direct regional impacts that could be felt nationwide. The County is connected with major interstate highways and regional transportation systems. These include north-south freeways of I-80 and I-680, and east-west freeway I-580. These major interstates are supplemented by state freeways SR-4, SR-24,SR-61,SR-160, SR- 242, and former SR 123 (now San Pablo Avenue). State routes 4 and 24 and Interstates 80 and 680 are often severely congested with commuters traveling through the area to regional employment

centers in Silicon Valley and San Francisco. This network provides access to three key bridges: the Bay Bridge that crosses the San Francisco Bay and the Benicia-Martinez and Antioch bridges that cross over the Carquinez Straight and San Joaquin River interconnecting the nine county San Francisco Bay area and Sacramento region.

Mass transit includes buses that use these highway corridors, ferries and commuter rail. Eight bus transit companies provide service in west county, central county, east county, as well as providing trans-bay service to San Rafael and San Francisco, and connections to Fairfield and Suisun in Solano Counties. Commuter rail lines connect to Alameda County and San Francisco (Bay Area Rapid Transit, BART), San Jose and Sacramento (AMTRAK Capitol Corridor) and Southern California (AMTRAK San Joaquin). Ferries provide another commuter route, connecting across San Francisco Bay from Vallejo. While there are two airports in the county, Buchanan Field in Concord and Byron Airport, neither provides passenger service. Contra Costa County also lies in the flight paths of 3 major airports: San Francisco International, Oakland International and Travis Airforce Base (in Solano County to the east).

Two key railroad companies have routes in the County. Over the years Union Pacific Corporation (UP) has grown by acquiring other railroads, such as the Southern Pacific.[8] The formerly Southern Pacific line runs parallel I-80 through Richmond, along the San Pablo Bay to Martinez where it crosses the Suisun Bay. UPs main competitor is the Burlington Northern Santa Fe (BNSF) Railway, the nation's second largest freight railroad, which also primarily services the Continental U.S. west of the Mississippi River. Together the two railroads have a monopoly on all transcontinental freight rail lines in the U.S. BNSF has the terminus of its transcontinental route in Richmond. It owns track formerly developed by Santa Fe Railroad.[9]

The Port of Richmond is northern California's most diversified cargo handler with a federally maintained deep-water channel. The Port encompasses five city-owned and 10 private-owned terminals for handling bulk liquids, dry bulk materials, metals, vehicles and break-bulk cargoes. It ranks number one in liquid bulk and automobile tonnage among ports on the San Francisco Bay.[10] Highway 580 passes through the port area and connects to transcontinental east-west I-80 and the Richmond-San Rafael Bridge that leads to north-south US Highway 101. The two major transcontinental railroads, BNSF and UP also serve the Port.

Geographic Features

Two major complexes of mountains, ridges and hills that run northeast to southwest create three separate physical and hydrological landscapes. Elevations begin at sea level and reach 3,840 feet along the Valpe Ridge in the northern Diablo Range (in the southeastern portions of the County). The county is typically divided into 3 geographic areas:

> The western part of the county is dominated by the bayside alluvial plain, sloping from the East Bay Hills to the San Francisco Bay. Las Trampas Ridge, the Oakland-Berkeley Hills and Briones Hills are some of the features in this area.
>
> The central part of the county consists of several valleys formed by the East Bay Hills on the east and the Diablo Range on the west. The most notable natural landmark is Mount Diablo, an isolated 3,849 foot peak at the north end of the Diablo Range.

The southeastern part of the county is considered the Tri-Valley area. This triangular shape region, located south of Mount Diablo, includes the Livermore Valley, Amador Valley and the San Ramon Valley (in Contra Costa County).

Climate, Temperature and Rainfall

Though Contra Costa has a "Mediterranean" climate with mild winters and hot dry summers, there are distinct seasonal temperature variations across the county. The western part of the county has relatively mild temperatures; influenced by the Pacific Ocean and San Francisco Bay. The eastern part of the county has more extreme temperatures with winter lows in the 30s and summer highs above 90° Fahrenheit. Similarly, precipitation depends upon the season, location and topography. Generally the west part of the county receives more rain than the east. The East Bay Hills provide the first topographic barrier to moisture rich clouds, forcing them to release water. Consecutive rainshadow effects occur in the county on the leeward side of the hills and mountains: first east of the East Bay Hills and second east of Mount Diablo.[11]

Natural Resources

The county contains an abundance of vegetative, water, air, biotic and agricultural resources. The western areas are highly industrialized, while the central and eastern sections contain suburban residential and commercial areas, interspersed with agricultural and livestock grazing lands along with parklands, watershed and other undeveloped areas. The cities in the east portion of the county have adopted Urban Growth Boundaries and policies reflecting a strong commitment to protecting the natural and agricultural resources within and surrounding their respective jurisdictions.[12]

Watersheds

Contra Costa County has 31 major watersheds and sub-watersheds containing more than 1300 miles of creeks and drainages. All but eight of these watersheds are entirely within Contra Costa County. The largest watersheds in Contra Costa County are Walnut Creek (93,556 acres), San Ramon Creek (tributary to Walnut Creek, 32,915 acres) and San Pablo Creek (27,640 acres). The County also includes the upper portion of the 700 square mile Alameda Creek watershed, which is one of the most important watersheds in the Bay Area for both habitat and public drinking water supply. While the Walnut Creek Watershed is very large and spans many cities, many of the other watersheds are conveniently "community-sized". For instance, Alhambra and Pinole Creeks are closely identified with (and are important features of) the Cities of Martinez and Pinole respectively.[13]

Vegetation and Wildlife Habitat

The vegetation and wildlife habitats of Contra Costa County consist of many ecological communities including:[14]

- Grass dominated communities: predominantly annual grasslands dominated by grasses and forbs, but also areas of native grassland, alkali grasslands (where grasslands overlay alkali soils) and ruderal (disturbed areas with sparse typically

weedy non-native vegetation). Oak savannah, where tree cover is 5-10% and shrubs are sparse, can also be classified in these grass dominant areas.

- Shrub dominated communities: wet north coastal scrub (northeast facing scrub or north coastal Franciscan scrub); dry north coastal scrub (southwest facing scrub or coyote brush-sagebrush scrub; manzanita-chinquapin chaparral; emergent coyote brush scrub.
- Forest or woodland communities: oak woodland (often with 100% tree canopy cover); mixed evergreen forest (with California Bay, madrone and foothill pine); transition between oak woodland and mixed evergreen may be gradual with live oaks as common codominants.
- Riparian woodland/ scrub associated with streams and permanent water sources. May contain understory of shrubs and forbs. Wetlands, both permanent and seasonal, as well as aquatic habitats are also found in the county.
- Non-native communities: eucalyptus forest; Monterey/ bishop pine forests; predominantly non-native grasslands; broom.
- Other landscape features: rock outcrops, springs and seeps; landslides; ecotones; disturbed areas; landscape areas, irrigated agriculture (both pasture and croplands.

Numerous plants and animals that are designated as rare, threatened or endangered species or are candidates for such designation occur in Contra Costa County. These include both federally and state-listed species. Information about Federally protected species, vegetation and habitat is included in the *Best Management Practices Guidebook for Fuel Management Treatments in Contra Costa County* (developed for in 2009 as part of the Contra Costa County CWPP), the *Vegetation Management Almanac for the East Bay Hills* and other resource documents referenced in the Appendix.[15]

Contra Costa County also contains federally designated "critical habitat" for nine species:

- Alameda whipsnake (*Masticophiis lateralis euryxanthus*),
- California tiger salamander (*Ambystoma californiense*),
- longhorn fairy shrimp *(Branchinecta longiantenna),*
- red-legged frog (*Rana draytonii),*
- vernal pool fairy shrimp *(Branchinecta lynchii),*
- vernal pool tadpole shrimp *(Lepidurus packardi)*
- Delta smelt *(Hypomesus transpacificus),*
- steelhead *(Oncorhynchus mykiss),*

Public Lands Management

There are several agencies that manage large areas of public lands in the county:

California Department of Parks and Recreation owns and manages Mount Diablo State Park that encompasses approximately 20,125 acres of open space with an extensive system of roads and trails, campground and picnic areas in a variety of habitats. The 3,849 foot mountain offers a 360° view of the surrounding area. Parklands include rare and sensitive species, as well as significant cultural resources (prehistoric archeological sites and historic sites).[16]

City of El Cerrito manages El Cerrito's largest open space, the 102.5-acre Hillside Natural Area. Located on steep slopes, the area is surrounded by single-family residences.[17] The area includes an abandoned quarry, woodlands, grasslands and several intermittent watercourses. Recreational use of the area includes hiking, walking, dog walking and biking along the trails and fire roads, with access through several neighborhood entry points. Projects have included controlled burns, work with the Delta Conservation Crew, brush removal, dead tree removal and tree thinning, maintenance 100' from structures, as well as 200' from structures for a flame length less than 8'.[18]

Contra Costa Water District is a special district that serves 500,000 customers in 13 cities; providing both treated drinking water and selling wholesale both treated and untreated water to cities, water companies, industrial and irrigation customers.[19] The District draws its water from the Sacramento-San Joaquin Delta under contract with the federal Central Valley Project. Facilities include distribution reservoirs, pump stations and a network of pipeline that deliver treated water to customers. The Los Vaqueros Watershed consists of 18,500 acres of open space surrounding the 1,900 Los Vaqueros Reservoir.[20] The reservoir provides 160,00 acre-feet of water storage. The reservoir was completed in 1998 and enlarged in 2012 to improve water quality and emergency supply reliability. Contra Costa Water District's pre-fire fuel management program includes maintenance of 80 miles of fuel breaks, fire access roads, as well as grazing (sheep and cattle) on watershed lands.[21] They also have water projects to identify hydrant locations in Morgan Territory and adjacent Alameda County and will be installing 13 additional 500,000 gallon water tanks.

East Bay Regional Park Districts (EBRPD) is a special district that offers developed and dispersed recreation opportunities in over 125,000 acres and over 1,250 miles of trails in Alameda and Contra Costa Counties.[22] In Contra Costa County they manage large regional parks, wilderness and preserves, in additional to smaller recreation areas, preserves, regional shorelines and trails. There are 33 urban and rural parks that occupy 45,000 acres in Contra Costa County including: Antioch/Oakley Shoreline, Bay Point, Big Break, Bishop Ranch, Black Diamond, Botanical Garden, Briones, Brooks Island, Browns Island, Carquinez Straight, Contra Loma, Crockett Hills, Diablo Foothills, Huckleberry, Kennedy

The EBRPD Fire Department has the lead for the Fuels Management Program and follows the Wildfire Hazard Reduction and Resource Management Plan and Environmental Impact Report. They plan work in conjunction with Park Stewardship, Park Operations, park supervisors, and other departments to develop an annual work plan approved by their Board of Directors. EBRPD uses many methods to modify or reduce the amount or availability of wildland fuels including hand crews, prescribed fire, mowing, weed-eating, masticating, and animal grazing. Dense tree stands are often thinned to remove some of the trees that typically contributes to fuel loading and to reduce the potential for wildfire to spread in the tree canopies. [23]

East Bay Municipal Utility District (EBMUD) is a special district that provides drinking water for 1.4 million East Bay customers.[24] EBMUD owns and manages approximately 29,000 acres of land and water areas and is responsible for management surrounding four reservoirs: Briones Reservoir, San Pablo Reservoir, Upper San Leandro Reservoir, Lafayette Reservoir. They also manage one non-reservoir watershed basin (Pinole Valley) and a portion of the Chabot Reservoir watershed basin. Within District managed lands are two developed recreation areas (San Pablo Recreation Area and Lafayette Recreation area), the California Shakespeare Amphitheater and an extensive recreational trail system.

The EBMUD fuels management program and follows their Fire Management Plan, East Bay Watershed Master Plan and the Low Effect East Bay Habitat Conservation Plan.[25] EBMUD uses many methods to modify or reduce the amount or availability of wildland fuels including hand crews, mowing/ weed-eating, tree thinning, prescribed fire, masticating and animal grazing.

City of Walnut Creek Open Space: In 1974, the citizens of Walnut Creek approved a $6.75 million bond to purchase and preserve the undeveloped ridgelines that surround the city. With over 3,000 acres of oak woodlands, grassland savannah, and chaparral, this is one of the largest city operated open spaces in the San Francisco Bay Area. Six open space areas are open to the public with over 77 miles of neighborhood trails: Acalanes Ridge, Borges Ranch, Howe Homestead Park, Lime Ridge, Shell Ridge and Sugar Loaf.[26]

Federal Lands

Bureau of Land Management (BLM). While there are no Bureau of Land Management lands in Contra Costa County local stakeholders have worked with BLM staff from the Hollister Office in conjunction with federal grants for public education and fuel reduction projects.

Department of Defense (Navy). The Concord Naval Weapons Station (NWS) is over 12,600 acres and currently in the base realignment and closure (BRAC) process. In 2005 portions were designated for closure and reuse.[27] The City of Concord is the Land Reuse Authority and in charge of the implementation of the reuse plan adopted in 2010.

National Park Service (NPS). There are 3 national parks properties in Contra Costa County: John Muir National Historic Site, (Martinez) Rose the Riveter-World War II Home Front National Historical Park (Richmond) and Eugene O'Neill National Historic Site (Danville). The Pacific West Regional Office is located in San Francisco and oversees NPS owned and managed lands throughout the San Francisco Bay region and western United States. The Fire Management Office regularly exchanges information with other Contra Costa County stakeholders on best management practices for wildfire management. The John Muir NHS manages approximately 300 acres on the north side of Highway 4 and south side of Mount Wanda. They partner with neighbors on their boundaries. Fire hazard reduction includes mowing and road clearance. The Mt. Wanda Comprehensive Site Management Plan is in development for the Mt. Wanda Unit of the site, including two parcels acquired in 2016 (3.8 Strain Ranch) and 2019 (44 acre West Hills Farm).[28]

US Fish and Wildlife Service (USFWS) The US Fish and Wildlife Service owns and manages the Antioch National Wildlife Refuge that protects three endangered species: Lange's Metalmark butterfly, Antioch Dunes evening primrose and Contra Costa wallflower. This isolated sand dune habitat, located along the south shore of the San Joaquin River, is not open to unsupervised use by the public.

Contra Costa County stakeholders have also worked with the USFWS regional and zone fire management programs, the Recovery Program on critical habitat for the Alameda Whipsnake, and in Section 7 consultations for Biological Opinions related to fuel modification projects. USFWS funded the Diablo Fire Safe Council's development of the Best Management Practices Guidebook for Hazardous Fuel Treatments in Contra Costa County, California in 2009 by a grant through the California Fire Safe Council.

US Forest Service (USFS). While there are no US Forest Service lands Contra Costa County local stakeholders work with USFS staff from the Vallejo Office in conjunction with federal grants for public education and fuel reduction projects. The USFS often provides grant funding through the California Fire Safe Council.

Other Land Managing Entities

BSNF Railroad: BNSF Railway is one of North America's leading freight transportation companies, with a rail network of 32,500 route miles in 28 states and three Canadian provinces. BNSF is one of the top transporters of the products and materials that help feed, clothe, supply and power communities throughout America and the world. They transport a mix of agricultural products, consumer products, industrial products and coal. BNSF moves those goods more safely and efficiently, on significantly less fuel, with fewer emissions than the all-highway alternative hauling 1 ton of freight 500 miles on 1 gallon of diesel fuel. They are headquartered in Fort Worth Texas with over 44,000 employees. [29]

CAL TRANS: Cal Trans District Four covers seven counties divided into five geographical maintenance regions. In Contra Costa County, District Four maintains major freeway right of ways along Highway 4, Interstate 580 and 680. The Division of Maintenance provides for public safety, maintaining and repairing the system and responding to emergencies. There are five geographical maintenance regions (North Bay/Petaluma, East Bay/San Leandro, South Bay/San Jose, West Bay/Foster City and Delta/Walnut Creek). Responsibilities include the maintenance and landscaping of the highways in the District, divided by geographical regions, specialized regions and district office functions. They partner regularly with CAL FIRE and PG&E. Vegetation management includes mowing, spraying fire strips and animal grazing (goats). They utilize contractors to manage large firebreaks, as well as tree

trimming, brush abatements. They often manage homeless encampments and related ignition concerns.[30]

Pacific Gas and Electric Company: Pacific Gas and Electric Company (PG&E), incorporated in California in 1905, is one of the largest combination natural gas and electric utilities in the United States. Based in San Francisco, their service area stretches from Eureka in the north to Bakersfield in the south, and from the Pacific Ocean in the west to the Sierra Nevada in the east. PG&E utilizes a program of Integrated Vegetation Management (IVM) to manage vegetation on transmission rights-of-ways. Properly maintained right-of-ways (ROW) are essential for the safety of the public and workers. The long-term goal of their vegetation management program is to provide for public safety, worker safety, and environmental safety while providing for reliable service. Their three-prong Community Wildfire Safety Program focuses on 1) wildfire safety inspections and enhanced vegetation management with 15' minimum clearance from conductors and all overhead tree limbs, 2) hardening the system with equipment for improved reliability and 3) public power safety shutoffs (PSPS) when critical fire weather conditions occur.[31]

Save Mount Diablo is a nationally accredited land trust and conservation organization dedicated to preserving Mount Diablo's peaks, surrounding foothills and watersheds through land acquisition and preservation strategies. Since the organization's founding in 1971 the preserved open space has increased from less than 7,000 acres to over 110,000 in more than 40 parks. Save Mount Diablo preserves property through acquisition then restores lands through stewardship prior to turning them over to a long-term land management agency for public access. They also utilize land use planning strategies; monitor development proposals and ensure that habitat and land preservation are incorporated into land use plans. They have funded several research projects on the effects of the 2013 Morgan Fire on the mountain. They work closely with park agencies in the area on natural resource issues and long range planning for the entire Mount Diablo region. Save Mount Diablo uses volunteers each year to achieve weed abatement standards on their properties. [32]

Union Pacific Railroad: Union Pacific Railroad provides a critical link in the global supply chain; operating in 23 states in the western two-thirds of the United States, with roughly 10,000 customers. The Union Pacific Railroad network of 32,200 route miles is the largest in the United States and is serviced by 42,000 employees. From 2009-2018, Union Pacific invested more than $34 billion in its network and operations to support America's transportation infrastructure. The railroad's diversified business mix is classified into its Agricultural Products, Energy, and Industrial and Premium business groups. Union Pacific serves many of the fastest-growing U.S. population centers, operates from all major West Coast and Gulf Coast ports to eastern gateways, connects with Canada's rail systems and is the only railroad serving all six major Mexico gateways.[33]

Fire Protection Agencies

Contra Costa County can be divided into three different types of fire protection areas: Federal Responsibility Areas (FRA), State Responsibility Areas (SRA) and Local Responsibility Areas (LRA). The efforts of fire protection agencies are made even more effective through common training in the national incident management systems (NIMS),

There are three Federal agencies that manage land in Contra Costa County are considered to be FRA: National Park Service, US Fish and Wildlife Service lands, the Concord Weapons Station (Navy - Department of Defense).

California Forestry and Fire Protection Agency (CAL FIRE) provides fire protection for SRA lands in the county. These include Mt Diablo State Park, East Bay Municipal Utility District lands, East Bay Regional Park District lands, Contra Costa Water District lands, and typically areas outside of incorporated cities. The Santa Clara Unit covers over 1.3 million acres with 300,000 in Contra Costa County. The Governor, Secretary of Natural Resource Agency and Santa Clara Unit Chief are all supportive of fire prevention with over $500 million in funding in 2019. In 2019, the State also funded new fuels crews and fire fighting hand crews, forestry aide crews (nearest out of Davis) and support from the National Guard.

The Local Responsibility Areas is protected by both professional and volunteer fire fighting forces. Twelve different local entities that have direct fire protection responsibility (in addition to CAL FIRE and Federal Fire). Other Local Stakeholders

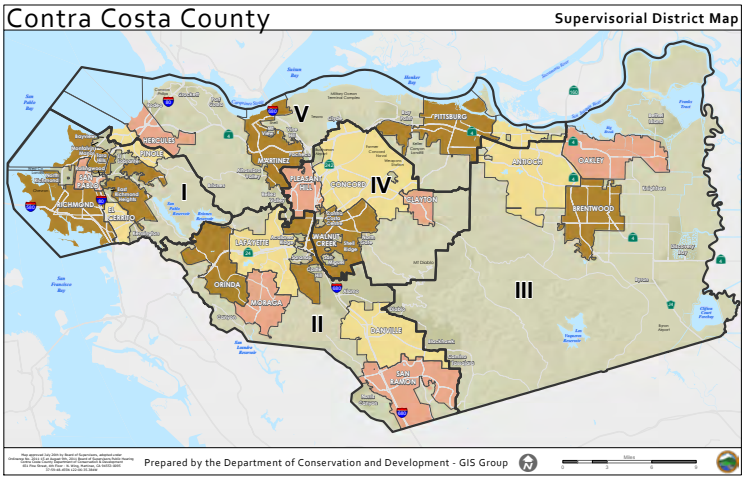
Bay Area Prescribed Fire Council(BARxF) held its first gathering in November 2018, as a meeting place for land managers, fire agencies, fire science professionals, private landowners, students, researchers and others interested in prescribed fire. Their goal is to create a group with the ability to collaborate, share resources, expertise, training and experience in the pursuit of safely getting "good fire" back on the landscape.[34] Other events have included a workshop on the Prescribe Fire Incident Reporting System (PFIRS) and a Spring meeting and field tour of Henry Coe State Park in May 2019.

Contra Costa County is governed by the Contra Costa County Board of Supervisors. All five of the Council Districts include very high fire hazard severity zones. Most of the Supervisors have a monthly newsletter they can use to communicate fire safety messages to the public.



District I, Supervisor John M. Goia, Chair of the Board for 2019.

District II, Supervisor Candace Andersen Vice Chair of Board for 2019.

District III, Supervisor Diane Burgis.

District IV, Supervisor Karen Mitchoff.

District V, Supervisor Federal D. Glover.

Other stakeholders in Contra Costa County include: Animal Services, Conservation and Development, Department of Public Works and the Sherriff's Department. Contra Costa County is in the process of a comprehensive review and update of their 2040 General Plan, which includes the safety element, urban limit line, zoning code, climate action plan and general plan designations, as well as an environmental review.[35]

CoCoCART (Contra Costa County Animal Rescue Team) is a non-profit group with an outreach and education program countywide. Their mission is to shelter animals during a

declared emergencies.[36] They work with Contra Costa County Animal Services and are developing a volunteer large animal rescue program.

Contra Costa Master Gardeners are affiliated with the UC Master Gardener Program (officially UC Master Gardener Program, Contra Costa County). UC Master Gardeners are trained volunteers for the University of California Cooperative Extension (UCCE). They are community residents who have an active interest in horticulture, have taken the Master Gardener training offered by the UCCE, and then share their knowledge. They provide University of California research-based horticultural information to the citizens of California through their volunteer efforts as UC Master Gardeners. The UC Master Gardener Program implements the ANR mission to extend research-based horticultural information to the state's home gardeners. ANR's core issues include "protect wildlands and urban areas from destructive fires." Each year, more than 200 UC Master Gardener volunteers reach out into all sections of the Contra Costa county.[37]

Contra Costa Resource Conservation District (RCD) is a non-regulatory agency working with individuals, ranchers, public agencies and others to facilitate conservation and stewardship of natural resources. They are one of 103 California RCDs working with their federal partner the USDA Natural Resource Conservation Service (NRCS).[38] They have sponsored programs on erosion control, fire road maintenance, grazing plans for grassland management, brush reduction, fire hazard reduction and natural resource protection.

East Contra Costa Habitat Conservancy is a joint powers authority formed by the cities of Brentwood, Clayton, Oakley, Pittsburg and Contra Costa County to implement the East Contra Costa Habitat Conservation Plan/ Natural Community Conservation Plan (HCP/NCCP). The plan provides a framework to protect natural resources in eastern Contra Costa County, while improving and streamlining the environmental permitting process for activities and projects that may impact endangered species, wetlands or ecosystems.[39]

John Muir Land Trust. John Muir Land Trust protects and cares for over 3,200 acres of open space, ranches, farms, parkland and shoreline in the East Bay. A 501(c)(3) nonprofit organization, they are accredited by the California Council of Land Trusts and have been established since 1989.[40]

Martinez Area CERT. In conjunction with the City of Martinez, the Martinez Area Community Emergency Response Team (CERT) educates people about disaster preparedness for hazards that may impact their area and trains them in basic disaster response skills, such as fire safety, light search and rescue, team organization, and disaster medical operations. Using the training learned in the classroom and during exercises, CERT members can assist others in their neighborhood or workplace following an event when professional responders are not immediately available to help. CERT members also are encouraged to support emergency response agencies by taking a more active role in emergency preparedness projects in their community.

The Martinez Area CERT program has worked with the Contra Costa Fire Protection District (CCFPD) from 2017 to the present (3 consecutive years) conducting weed abatement surveys throughout the high-risk fire zone (SRA and LRA) of Martinez and has given community educational workshops on fire safety and prevention. In August 2019, due to the efforts of Martinez Area CERT, the National Fire Protection Association recognized Martinez

as a Firewise Community. The newly established Firewise "community" is a 2-mile long stretch along Alhambra Avenue that represents a wildland urban interface (WUI). Martinez Area CERT is already working in the Firewise area to provide homeowners with the needed education to make their homes and property more fire safe.[41]

Orindawoods. Orindawoods is a planned unit development consisting of 258 residences situated on rolling hills adjacent to Hwy 24 in the City of Orinda, CA. Guided by the premise of " run with the land", the homes are clustered in neighborhoods with approximately half of the development's 187 acres devoted to open space. Built on a natural ridgeline, the adjacent canyons and hillsides are heavy natural vegetation. For the safety of their residents and the preservation of the beautiful environment, their HOA, guided by a Board of Directors, have embarked on an extensive fire safety program. The program includes major fuel reduction in undeveloped areas, as well as defensible space programs around the residences. Orindawoods is well on its way to attaining accreditation as a Firewise Community.[42]

Red Cross. The American Red Cross Northern California Coastal Region serves more than 8.3 million people across 15 counties and is comprised of four chapters with 16 District office locations. The Bay Area Chapter serves Contra Costa County. The Chapter provides relief to those affected by disasters and empowers individuals in our community to prepare for, respond to, and recover from emergencies. Their preparedness program includes wildfire safety.[43]

The Red Cross has a volunteer network over 3,700 people in the Bay Area, partnerships with hundreds of government agencies, community organizations and businesses. County Leadership Councils serve as a Red Cross Ambassador in the community to expand Red Cross presence, deepen relationships and to connect and understand community needs so counties are better prepared and resilient in times of emergencies. The Contra Costa County Leadership Councils meets monthly in Martinez..[44]

Rossmoor is a residential community in Walnut Creek with a variety of home ownership options (co-ops, condos and single family homes) for active adults 55 years and older.[45] Begun in 1963, the community is completely build out with approximately 10,000 people in 6,678 units. Rossmoor is located on over 1,800 acres in Tice Valley adjacent to Las Trampas Regional Park. It has a single secured access point off of Tice Valley Boulevard. The community owned facilities are managed by the Golden Rain Foundation of Walnut Creek (GRF). The residential properties in Rossmoor are managed by 19 separate homeowners' associations ("mutuals"). Residents elect the boards of both their Mutual and GRF, which regularly seeks resident input and involvement. Each Mutual hires a managing company to manage the upkeep of the property. Each Mutual has a board of directors that establishes policies and rules and sets budgets to maintain the property to meet the needs of the residents.

Sierra Club Bay Area Chapter. The San Francisco Bay Chapter is the local branch of the Sierra Club, America's largest and most effective grassroots environmental organization. The Bay Chapter is comprised of the nearly 40,000 Sierra Club members who live in Alameda, Contra Costa, Marin, and San Francisco counties. The Bay Chapter is divided

Groups are the smallest geographic units of the Sierra Club, with volunteer leadership and individual members critical to ensuring that Sierra Club knows what's going on in neighborhoods, parks, and streets. Groups also help keep tabs on our city councils, school boards, and other decision-making bodies.[46]

Sleepy Hollow Neighborhood Association. The Sleepy Hollow Neighborhood Association includes roughly 450 homes in Orinda, CA and has a long history of community building. First incorporated as the "Sleepy Hollow Improvement Association" in 1948, the organization has evolved over the years. In 2017, it was reorganized as the Sleepy Hollow Neighborhood Association, a volunteer organization that is devoted to the improvement, protection, preservation and beautification of Sleepy Hollow. At the top of our priorities for 2019/2020 and beyond is wildfire risk reduction. Sleepy Hollow is a recognized Firewise community.[47]

Walnut Country The Crossings, Concord is a 1,062 home subdivision near Ygnacio Valley Road and Cowell Road, located in the foothills of Mount Diablo, between Walnut Creek and Clayton. Founded in the 1970s it is designed with many cul-de-sacs ending in a greenbelt. The Cowell Homeowners Association is led by an elected Board of Directors and managed by Collins Management.[48]

Fire Hazard and Risk in the Wildland Urban Interface

3.1 Fire Environment

Wildfires are a part of Contra Costa County's natural ecosystem. The Mediterranean-like climate with no summer rains, the rugged, wind-conducive topography, and fire adapted native vegetation set the stage for periodic wildfires. The fire environment is made more dangerous by the abundant hazards and risk associated with a growing population and sprawling pattern of development. The urban side of the wildland-urban interface brings new hazards into the equation with introduced vegetation, structures constructed of flammable materials, hazardous industrial materials and many potential ignition sources.

Contra Costa County has a rich history of over 51 fires since the 1950s resulting in loss of lives, property and natural resources. The most recent large fire being the 3,111-acre Morgan Fire that started on September 8, 2013.[1] Historically, more frequent wildfires of lesser intensity were common and have been seen in the past few years as listed later in this section. Drought and human behaviors, particularly in the arenas of land-use and fire suppression, have had a profound impact on the County's fuel complex and fire regime. This increases the possibility of catastrophic wildfire, especially as the hazards of vegetation, topography, structures and fire weather are present in areas of human activity.

Weather

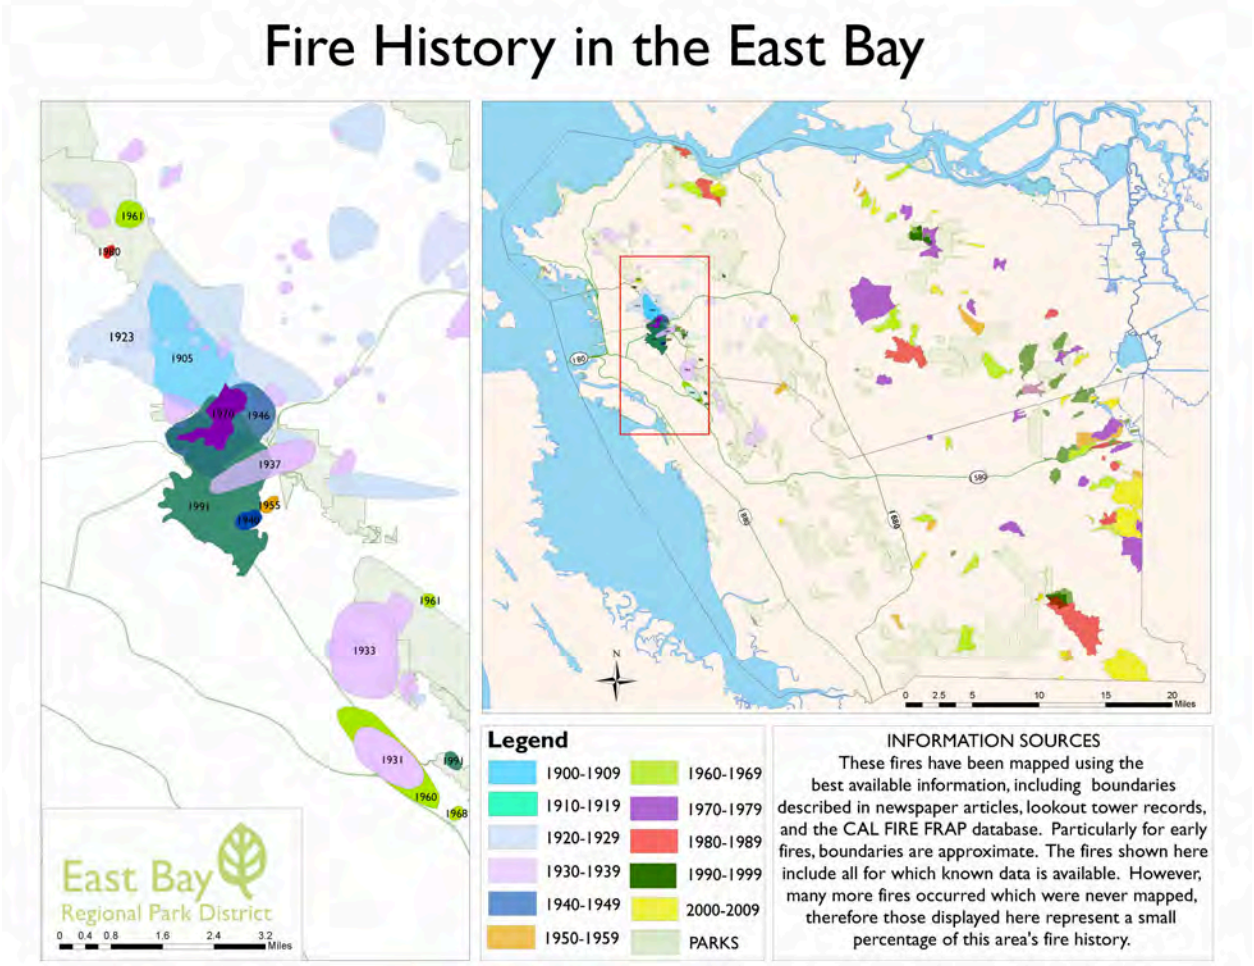
Chief among fire hazards is the area weather. Despite efforts to improve neighborhood safety and fire fighting capability, uncontrollable fire storms will occur under the extreme, but periodic conditions of "Red Flag" weather days. "Red Flag" warnings are issued by the National Weather Service when weather elements such as low relative humidity and strong winds could lead to rapid increases in wildfire activity.

In Contra Costa County, "Red Flag" weather can mean the occurrence of strong, hot, dry offshore winds (technically called "foehn" winds). These winds are known locally as "Diablo Winds" since they come from the north, northeast in the direction of Mount Diablo. They carry extremely dry air at high velocity. They quickly desiccate vegetation and other flammable materials and can push a fire down or up a slope with rapid speed. These can occur at any time of year, but are especially dangerous in the summer and fall when fuels have reached peak dryness. During these times, fighting a fire becomes far more difficult.

Fuel – Structures and Vegetation

Due to homes continuing to be built in high fire hazard zones and changes in the natural fire-cycle, the county has areas of highly flammable structures amongst an over-accumulation of flammable vegetation. This massive fuel load in the area's mountains and hills makes fires very difficult to contain. In addition, non-native and invasive weedy vegetation has replaced the more fire resistive and ecologically stable native species in many places, adding to the threat.

[1] Source: http://cdfdata.fire.ca.gov/incidents/incidents_details_info?incident_id=908



Historically fires in Contra Costa County have clustered in 3 areas: East Bay Hills and along border with Alameda County; east areas of county around Mount Diablo and north areas of central county around Martinez.

Topography

The County's steep topography, with canyons and swales, influences fire behavior and in many instances intensifies fire effects. Westward facing slopes are more arid (due to long exposure to the afternoon sun) and thus more combustible. The difficulty of building roads in the steep areas makes ingress or egress difficult and delays fire fighter response time.

3.2 Wildland Urban Interface Risk & Hazard Assessments

The wildland urban interface (WUI) is defined as an area in which wildlands and communities are sufficiently close to each other to present a credible risk of fire spreading from one to the other. Nationally, the WUI has gained increasing importance as more Americans build homes in rural settings adjacent to public lands.

The housing density and geography of Contra Costa County is such that most of the developed areas not only border WUI areas, but also include conditions within the "urbanized" areas that can fuel wildfires, such as experienced in the 1991 fire in the Oakland-Berkeley Hills (officially known as the Tunnel Fire). Some locations are considered "Very High" and "High" Fire Hazard

Severity Zones and are at significant risk for loss of life and property if a fire were to occur on a normal or extreme weather day.

For the purposes of this plan, the California Department of Forestry and Fire Protection (CAL FIRE) Fire Hazard Severity maps were used as a starting point to determine where significant fire hazards exits both in the wildland and urban areas of the county. Many local cities and fire districts have developed specific maps characterizing the risk in their areas, further refining the CAL FIRE maps.

The California State Forester has identified communities in the WUI that are at significant risk from wildfire. In accordance with the Healthy Forest Restoration Act, stakeholders elected to extend the definition of WUI to include evacuation routes, staging areas and other important resources and infrastructure. This extended area is referred to as the "CWPP WUI" area on the Fire Hazard Severity map in the Appendix and covers most of Contra Costa county.

Existing risk and hazard assessments can be grouped into three categories addressing potential for fire to occur, what to protect and protection capabilities.

3.2.1. Potential for Fire to Occur

Factor 1 – Risk of Fire Occurrence

Fire History Locations

Contra Costa County has a history of fire. The *Fire History in the East Bay* shows many fires throughout the county over the past century. Three areas show clusters of fire:

1) East Bay Hills – Richmond, El Cerrito Kensington and along the border with Alameda County;
2) East areas of county around Mount Diablo, Walnut Creek, San Ramon
3) North areas of central-county around Martinez.

According to the 2013 State of California Multi-Hazard Mitigation Plan and the California Department of Forestry and Fire Protection, Contra Costa historically experiences wildfires every two to three years. With drought conditions in recent years, wildfires have occurred annually. None of its fires have caused sufficient damage to trigger a state or federal disaster declaration. The following wildfires of over 10 acres have been recorded in or near the planning area in recent years (CAL FIRE, 2019[2]):

- August 8, 2019 Marsh Complex Fire - Burned 757 acres along Marsh Creek Road and Morgan Territory Road.
- August 7, 2019, Sellers Fire – Burned 58 acres along Sellers Ave and Delta Road.
- July 5, 2019, Fellow Fire- burned 24 acres along Franklin Canyon Road.
- June 6, 2019, Willow Fire – Burned 24 acres along Highway 4 and Willow Pass.
- November 1, 2018 Morgan Fire – Burned 20 cares off Morgan Territory Road and Storybook Lane, San Ramon.

Fire History Patterns, Climate Change Impact and Ignitions

A look at the 15 fires in the vicinity of the Caldecott Tunnel from 1923 – 1991 shows a common pattern of ignitions during critical Diablo Wind conditions in the Fall; with large fires occurring every 10 – 20 years.

Climate change has the potential to affect multiple elements including fire behavior, ignitions, fire management and vegetation fuels. Hot dry spells may dry out fuels faster and increase disease and insect infestations resulting in higher fuel loads. Increased winds may result in more erratic fire behavior making fires harder to contain.

Wildfire causes shown in CAL FIRE's list of the top 20 deadliest and most destructive California wildfires typically relate to human activity.[3] Causes have included powerlines, human related activities, vehicles and arson.

As a part of its Strategic Fire Plan[4] the Cal Fire Santa Clara Unit (which includes Contra Costa County), tracked wildfire ignitions for the entire year 2017. The Unit experienced 336 fires, 20 of which were over 10 acres in size (6.5%). The ignition causes included:

1. Vehicles (12.8%). Catalytic converter failure and other maintenance issue remain the leading cause of fires caused by vehicles.
2. Electric power (6.5%). Electrical power caused three out of the five largest fires in the unit. There are two distinct types: distribution caused (e.g. power lines and equipment) and generation (e.g. windmills in Altamont Pass).

   Note: The co-occurrence of high winds causing downed powerlines or arching can cause electric power ignitions to have a faster spread than other ignition types that are less correlated to winds (that increase the rates of fire spread).
3. Equipment (14%). One of the contributing factors in this category is the increasing number of people moving out into wildfire prone areas. Many members of the public do not realize that activities that would not have likely caused a fire in an urban environment (e.g. mowing the grass) as very likely to cause fires in WUI areas.
4. Miscellaneous causes (21.7%). This includes causes such as spontaneous combustion, fire ashes, shooting and other causes (such as homeless encampments).
5. Undetermined (34.22%). This cause is utilized when the investigator cannot eliminate additional cause classifications.
6. Arson (5%).
7. Lightening (1%).
8. Illegal campfires and campfire escapes (1%).
9. Debris Fires (<1%).
10. Smoking (1%).
11. Playing with fire (2%).

EBMUD looked at causative agents for fires on its watershed from 1980-1997. Many ignitions were "unknown," but known causes were similar to the CAL FIRE 2017 ignitions: arson, camping and picnic activities, power lines, fireworks, fuel reduction activities, smoking, children, automobiles and rekindles. Lightening cause only 2 out of the 174 fires analyzed. EBRPD did a similar analysis of 1,900 fires over twelve years in Alameda and Contra Costa Counties and reached similar conclusions.

While there has been no specific fire history developed for Contra Costa County, stakeholders and fire personnel familiar with the communities' fire history felt that these causes and patterns could be extrapolated to this area. Two additional ignition sources to consider for Richmond relates to the presence of the railroad and of heavy industry (refineries). However, statistics on frequency of these sources were not available.

Fire Weather

Another factor that has been assessed is fire weather or periods of "Diablo winds" from the east that bring low relative humidity and higher temperatures. Alameda and Contra Costa Counties have 11 remote automated weather stations (RAWS) that provide us localized information on the weather. Many fire departments also take local weather readings to supplement these regional data. In addition, National Oceanic and Atmospheric Association's National Weather Service provides "red flag warnings" and "Fire Weather Watch" of periods of high fire danger. www.wrh.noaa.gov/firewx/cafw/

Communities at Risk

In association with the development of the National Fire Plan the Federal Register published a list of Communities at Risk in 2001.[5] Twenty-five communities in Contra Costa County were identified. This list provided a starting point to identify high priority areas. It should be noted that several communities that locally are considered communities at risk from wildfire or are located in the SRA very high fire hazard severity areas, such as Bollinger Canyon, Briones, Canyon and Diablo, were not included on the 2001 published list. (Note: 2019 legislation recommends an update of this ilst by the state Fire Marshal)

CAL FIRE Statewide Hazard Assessment Maps.

The CAL FIRE statewide hazard assessment maps have served as the basis for much of the analysis in the county. Very High Fire Hazard Severity Zones for State Responsibility Areas (SRA) and Local Responsibility Areas (LRA) are identified on these maps based on:

[5] http://cdfdata.fire.ca.gov/fire_er/fpp_planning_car?filter_text=Contra+Costa&filter_field=county_name&action=Search https://www.federalregister.gov/documents/2001/01/04/01-52/urban-wildland-interface-communities-within-the-vicinity-of-federal-lands-that-are-at-high-risk-from accessed 8/27/19

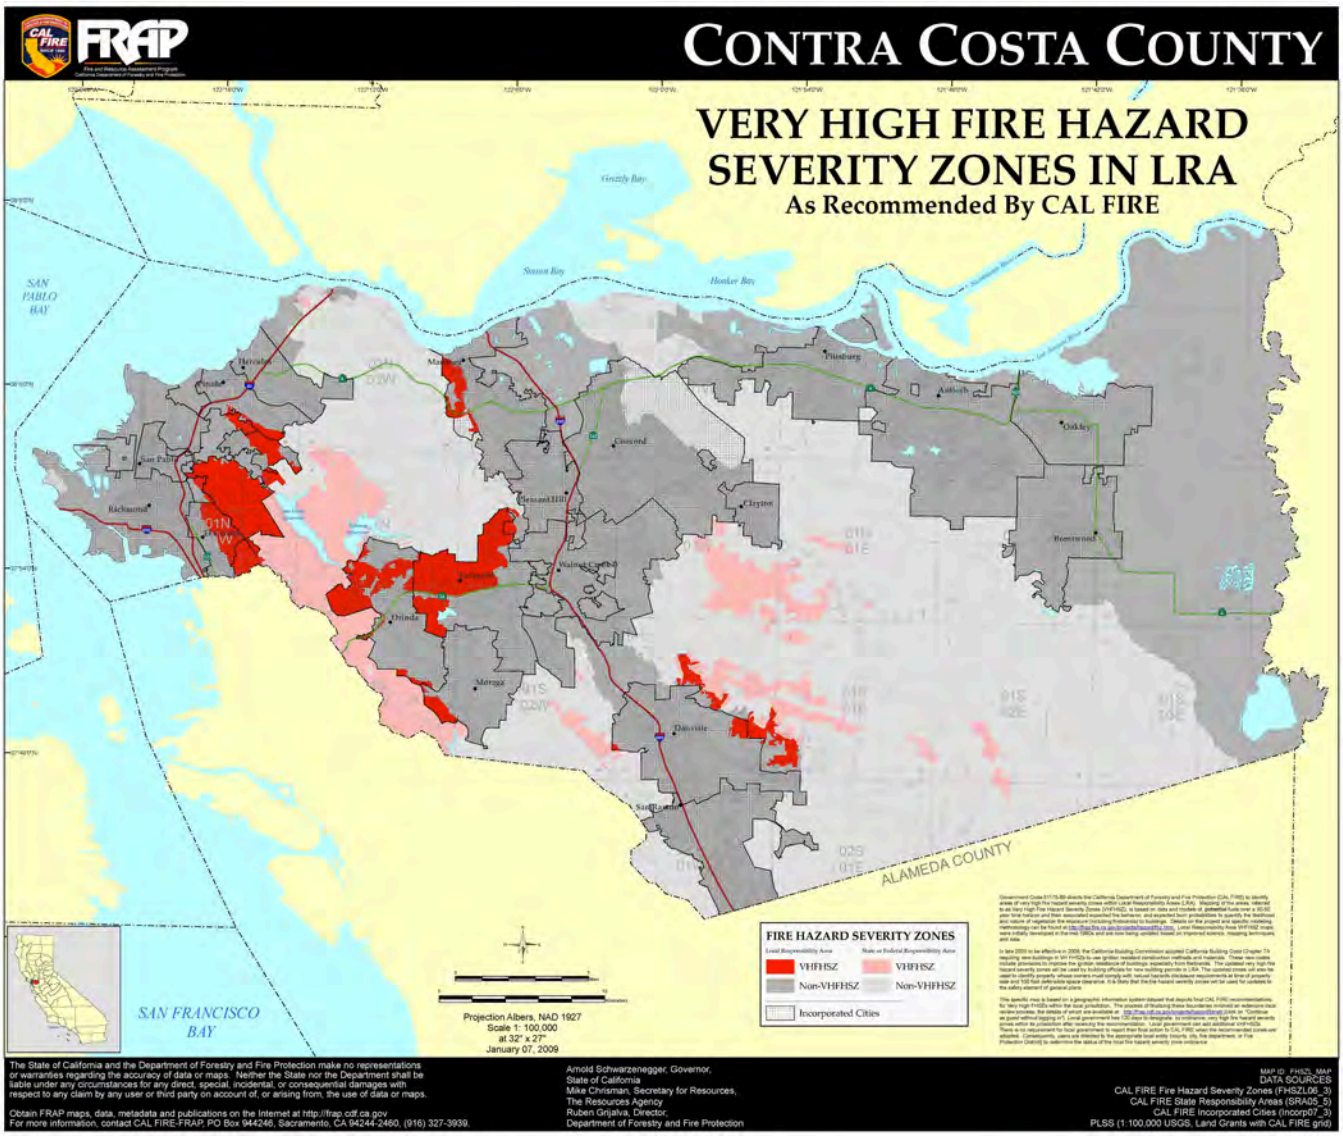
- Crown fire potential, ember production and ember movement
- Likelihood of burning based on fire history and other factors.

See www.fire.ca.gov/fire_prevention/downloads/FHSZ_model_primer.pdf for more information on the model used to create these maps.[6] Note: The wildfire severity zones in the SRAs were originally mapped in 1985 and LRAs in 1996 and have not been updated since. Although, many local governments have made similar designations under their own authority since that date.



In Contra Costa County "Very High Fire Hazard" Severity Zones are clustered in three areas in State Responsibility Areas (SRA) and extend into the Local Responsibility Areas (LRA):

- East Bay Hills from Richmond south along the Alameda County Border;
- Central county unincorporated areas around the communities of around Orinda, unincorporated community of Briones Lafayette, Moraga and unincorporated community of Canyon, Martinez, Danville and San Ramon,

Local Fire Hazard Assessments and Inspections

Many of the communities in Contra Costa County have identified areas within their jurisdictions that have high fire hazards.

The Contra Costa County Local Hazard Mitigation Plan Figure 13-1 shows wildfire severity zones. Annually municipal fire departments, the Contra Costa County fire district and CAL FIRE staff inspects their designated high fire areas for compliance with local weed abatement, exterior hazard or state public resource codes related to defensible space. These include portions of the communities of: Clayton, Concord, Danville, El Cerrito, Kensington, Lafayette, Martinez, Moraga, Orinda, Pleasant Hill, Richmond, San Ramon, Walnut Creek and unincorporated communities in the State Responsibility Areas.

Local wildfire hazard assessments also have been done in some open space areas of the county.

- *East Bay Regional Park District's Wildfire Hazard Reduction and Resource Management Plan*. The EBRPD plan for portions of the East Bay hills identifies vegetation and modeled potential fire behavior (using the model FLAMMAP). It identifies treatment areas located within 200' of homes with flame length greater than 8 feet; high potential for torching and spotting (ember production) or strategic fire route or safety zone; or areas that are currently maintained that would have flame length greater than 8 feet if not maintained. [7]
- East Bay Municipal Utility District, also have adopted plans for addressing wildfire hazards on lands they manage including: Fire Management Plan, East Bay Watershed Master Plan and the Low Effect East Bay Habitat Conservation Plan.[8]

Private companies, such as insurance companies, have prepared additional assessments. These assessments are usually proprietary and closely held for use solely by the company that commissioned the information.

3.2.2. What to Protect

Millions of people are exposed to the destructive forces of wildfire by virtue of living, working or visiting areas in the WUI. Much of what people value most highly – their lives, family, community, property, as well as cultural, economic and ecological interests, is at risk of loss in an uncontrollable wildfire. Of particular concern are those who for what ever reason would not be able to leave during an evacuation without assistance.

Area residents and agencies list homes, businesses, parklands and protected watersheds among values at risk. Regional facilities for public transportation (BART, rail and bus) are at risk, as are power and water supply facilities and substations. The results of a survey about values at risks are provided to numerous residents are included in the Appendix.

Factor 3 – Homes, businesses and critical infrastructure to protect

In addition to looking at fuel hazards it is also important to identify things that should be protected from the hazards. Some of the things to protect include:

- Homes and businesses. The Contra Costa County Local Hazard Mitigation Plan estimated that a total 25,731 structures (population of 70,747) located within the very high, high and moderate fire hazard severity zones.[9]
- There are a total of 46 critical facilities located within the very high, high and moderate fire hazard severity zones including: 18 protective services, 1 governmental, and 1 hazardous materials facility.
- Schools and colleges. Contra Costa County includes many public and private schools, community colleges, private colleges, public colleges and universities. 25 of them are located in the very high, high and moderate fire hazard severity zones.
- Hospitals and other health related facilities. One is located in the High fire hazard severity zones.

- Infrastructure. There are a total of 112 critical infrastructure facilities located within the very high, high and moderate fire hazard severity zones. Transportation networks including freeways, roads, BART, railroads that have regional connections and 37 bridges. Utilities such as 500 KW transmission lines that are part of the national electric grid, as well as four power supply facilities are located within the very high, high and moderate fire hazard severity zones. Pipelines for liquid petroleum, gasoline and natural gas and 19 telecommunication networks and public emergency communication systems are also in these zones.

  There are also two water providers in Contra Costa County, both with facilities located within the very high, high and moderate fire hazard severity zones.

  East Bay Municipal Utility District serves approximately 1.4 million customers in a 331 square mile area in Contra Costa and Alameda Counties. It manages watershed lands around their 4 reservoirs: Briones Reservoir, San Pablo Reservoir, Upper San Leandro Reservoir, and Lafayette Reservoir.

  Contra Costa Water serves about 250,000 customers directly with treated water and another 250,000 through six local water agencies. It draws water from the Sacramento-San Joaquin Delta and owns watershed land around Los Vaqueros and three other reservoirs.

In recognition of things to protect several cities have locally designated areas that further refine CAL Fire's very high fire hazard severity zones:

- The Fire Departments and Fire Protection Districts have special requirements for property owners to maintain defensible space. They also send out annual notices and inspect properties in this area.
- San Ramon Valley Fire Protection District, Moraga Orinda Fire District and Richmond Fire Department have special requirements for new construction in specific areas, as well as inspections to maintain defensible space.

Factor 4 - Other values to protect

While fire is a natural and critical ecosystem process in many of California's diverse terrestrial ecosystem, many of the existing "fire regimes" in Contra Costa have been drastically altered from their natural variability. Introduced species, fire suppression, disease and insect infestations, and fire suppression are just a few of the reasons why some ecosystems now experience fires that are more intense and damaging. Severe environmental impacts from wildfires can include:

- Damaged fisheries, with increased water temperatures, sedimentation and changes in water quality.
- Soil erosion from both wind and water erosion. Accelerated soil erosion can lead to landslides as well as threaten nearby aquatic habitats. Hot fires can also damage soil nutrients or make soil water repellant (hydrophobic).
- Disease and insect infestations as non-native plant species invade burned areas.
- Damage to critical wildlife habitat.

Critical wildlife habitat

The East Contra Costa County Habitat Conservation Plan and Implementing Agreement proactively addresses "the long-term conservation needs in the region by strengthening local control over land use and providing greater flexibility in meeting other needs such as housing,

transportation, and economic growth.[10]" More than 150 rare species occur in the East County area alone. US Fish and Wildlife Service have identified critical habitat for the Alameda Whipsnake and Red Legged Frog. Other federal listed species are identified in the "Best Management Practices Guidebook for Hazardous Fuels Treatments in Contra Costa County" and the *Vegetation Management Almanac for the East Bay Hills*.

Local watersheds, creeks and riparian areas.

Many cities and the county have recognized the importance of their local watersheds, creeks and riparian areas and have local stream protection ordinances and regulations to protect these resources. State regulatory agencies, including California Fish and Game and the San Francisco Bay Regional Water Quality Control Board (SFRWQCB), oversee protection of riparian areas, including along seasonal or ephemeral channels and issue permits required for removal of riparian vegetation. Replanting or revegetation may be required in some areas when vegetation is removed to reduce wildfire hazards.

Significant recreation, scenic areas and areas of historical, economic or cultural value

The WUI contains many regional parks and city owned open spaces with significant recreation and scenic areas. It also is the location of areas with historical, economic and cultural value both as documented historical and undocumented archeological sites.

Seismic Activity Considerations

Contra Costa County is seismically active with seven major faults (Greenville, Hayward, Concord/ Green Valley, Mt Diablo, Great Valley, San Andreas and the Northern Calaveras)[11] that could impact access, reliability of water supply and result in potential ignitions from gas or fuel lines following a earthquake. The County also has two hazmat sites located within the high fire hazard severity zone.

3.2.3. Protection Capabilities

Factor 5 - Local Preparedness and Fire Fighting Capabilities

As identified in Section 1, local fire protection agencies leverage their resources through participation in emergency management systems and common incident command system. Local preparedness and firefighting capabilities include community preparedness & emergency personnel response. During fire incidents law enforcement, including the County Sherriff and local police departments, are responsible for coordinating evacuation. Volunteer resources, such as CERT (Community Emergency Response Team), RACES (Radio Amateur Civil Emergency Service), CCMRC (Contra Costa Medical Reserve Corps), Contra Costa County Office of The Sheriff Volunteers, Contra Costa Animal Rescue Team, also play critical roles in both preparedness and during response to wildfires.

In November 2015, the County Office of Emergency Services updated their Emergency Operations Plan for the Contra Costa Operational Area "for effective and economical allocation of resources for protection of people and property in time of an emergency[12]." The EOP covers organization, operations and recovery. It continues to highlight the incident command system and state standardized emergency management system. Supplemental elements include the

3.3 Strategies for Reducing Risk within the WUI

Wildfire is a natural process in the Contra Costa County ecosystem. The natural hazards of the fire environment – weather, climate, topography and fire adaptive vegetation all are immutable. Attention to decreasing the human impacts and risk factors can reduce the incidence of catastrophic wildfire. These strategies identified in the 2014 and 2019 planning sessions are organized to focus the existing risk and hazard assessments and grouped into 10 categories:

1. Collaborative Partners:

   Recommendations related to risk of fire occurrence include working with potential collaborative partners to share ideas including:

   - Agency collaboration on regional plan that balances fire and environment and develops best management practices for land management, e.g. 2019 legislation SB38 (Woods).
   - Hospitals and health facilities (for preparedness and response for both earthquake and wildfire ignitions).
   - Refineries.

   Some of the identified collaborative partners may include: local CERT organizations, State Parks, California Office of Emergency Services (CAL OES), East Bay Regional Communications System Authority (EBRCSA), Boy and Girl Scouts of America, Contra Costa County and California Cattlemen's Association, planning and building departments, Board of Supervisors, City Council members, Contra Costa Fire Chiefs Association, CAL TRANS, Master Gardeners, University of California Extension, Institute of Building and Home Safety, California Landscape Contractors Association, local media, Contra Costa County OES, non profit habitat restoration organizations, California Native Plant Society, Walnut Creek Open Space Foundation, Muir Heritage Land Trust, Save Mount Diablo, and utilities including PG&E, East Bay Municipal Utilities District, Contra Costa Water and California Public Utilities Commission.

2. Recommendations to address risk of ignitions:

- Focus on identifying specific causes of ignitions in our area and link to solutions.
- Railroad tracks.
- Homeless/ unsheltered (potential for collaboration with those involved with this issue).
- Fire Prevention Education – "One Less Spark, "FIREWISE, "Ready, Set, Go", Smokey Bear, CERT, volunteers in prevention, fire department staff, equipment rental operations and contractors (spark arrestors), mowing guidelines, drought related information.

- Wind driven events and hazardous areas. Awareness of hazard conditions – red flag program flags, education, shared responsibility of agencies and residents. National weather service (NOAA Monterey) and remote area weather stations (RAWS).
- Public understanding of how climate change alters local fire risks.
- Restrictions on specific uses, certain activities, specific operations or equipment (abatement work) during periods of high fire danger weather. Fire weather operations plans.
- Shared responsibility – patrols, community watch type activities.

4. Recommendations to address community-wide hazards:

- Evacuation is limited and dangerous in many areas. Need for evacuation plans that evaluate many options e.g. shelter in place, temporary refuge, safe passages.
- Early detection/ warning / evacuation. Including: alternative transportation modes (ferries) alternate routes over public lands (e.g. Save Mt. Diablo).
- Distributed County OES (County Sheriffs office) Contra Costa County Residents Guide to Wildfire Preparedness and Evacuation.
- Public education and exterior hazard abatement:
    - Reducing surrounding fuels and ignitability of existing homes and structures – from the house out.
    - Focus on dense vegetation directly adjacent to homes and homes themselves.
    - Weed abatement defensible space inspections and enforcement.
    - Home ignition zone improvements (beyond weed abatement or fire code requirements).
    - Reduce structure ignitability.
- Evacuation routes.
- County-wide hazard ratings. Analysis of moderate and high fire severity areas in local responsibility area (both vegetative fuels and structure ignitability.

5. Recommendations to further support defensible space programs:

- Include properties with remote owners or management companies (such as mobile homes, rental properties and homeowner associations).
- Funding for education, cost share for defensible space projects, outreach, information, home hardening etc.
- Education about what defensible space is (Ladder fuels, dry vegetation etc.) and "what should my property look like?"
- More urgent need due to drought conditions. What to do when 100-foot defensible space goes beyond property lines.
- Volunteer activities in community open spaces. FIREWISE communities.
- Balancing habitat needs and defensible space.
- Chipping programs.
- Green waste pickup or other programs for disposal.
- Hazardous tree removal programs.
- "Seed" funding for community projects.
- Information such as lists of contractors and what sorts of work they can do. Use CERT and contractor training programs as a model for programs where they provide certificates to contractors for credibility.
- Inspection and enforcement mechanisms. Note: Not all cities and parts of Contra Costa County have mandated inspections or enforcement mechanisms. They vary by jurisdiction. In many areas fire department budget and staffing restrictions result in complaint response or restricts inspections to what can be viewed from the public streets. Code enforcement may be through weed abatement or blight related ordinances. May not address fire trails, access gates, fences and other structures.
- Showcase successful treatments of private properties where habitat values, aesthetics and fuel reduction (defensible space) goals have been met with an on-line photo gallery and details of treatment.

6. Recommendations to support improving structure survivability:

- Offer practical retrofit recommendations (similar to earthquake retrofit). Look for opportunities with recent and new legislation to expand this program.
- Include fences and outdoor structures (materials, design, separation from main structure, etc.).
- Access road standards, turnaround, gates, and other requirements in PRC 4291 and Title 14 to increase fire safety.
- Address the debate about hardening homes and leaving the wildlands alone *versus* treating wildlands only. Support the concept that both homes and wildlands need to play a part in wildfire safety.
- Shake roof replacement program.
- Local building standards for remodeling reflective of the State adopted WUI Chapter 7A or better (recognizing these are minimum standards).
- Education regarding WUI building standards and existing code requirements – Class A roofs, smoke detectors, fire extinguishers, street address numbers. Educational materials to address inside the home, external shell, ember hardening and non-ignition

zone (fences, outdoor structures) Use variety of outreach tools including DVD, website, flyers and presentations. Provide materials for homeowners in existing homes.

- Practical retrofit techniques and building materials for roofs, gutters, windows, siding, vents, decks, outbuildings. Especially information regarding what can be done without major remodels.

7. Recommendations to support appropriate new development & construction both in new subdivisions and as infill in existing communities:

    - Keep up with current requirements. (Chapter 7A/ CRC 373 building codes, AB2140 Safety Element, CEQA updates, Title 14 regulations Board of Forestry etc.). Recent legislative sessions have been active with new wildfire related laws coming into effect over the next five years.
    - Integrate fire safety into local policies, plan review and permits. Help developers and design professionals understand requirements for egress, plant materials etc.
    - WUI building standard (Chapter 7A/ R373 or more stringent) – Roofs, Gutters, Windows, Siding, Vents, Decks, Other. Educational materials to designers, builders, plan checkers and code officials to address inside the home, external shell, ember hardening and non-ignition zone. Use variety of outreach tools including DVD, website, flyers and presentations.
    - Local building requirements for fire sprinklers.
    - Building for access and evacuation. Review of infrastructure design: roads (access for evacuation and emergency equipment), bridges, water, underground utilities, fire stations. This is especially important where infill development occurs on previously un-buildable lots and where existing infrastructure may not be adequate for protection of new development.
    - Analysis of moderate and high fire hazard areas for vegetative fuel loads and structure ignitability.

8. Recommendations to support fuel management on public and large scale private lands:

    - Standards for treatments of fuel breaks, open space management etc. Share project implementation resources (contractors, equipment, specifications), best management practices (BMP) and lessons learned. Use of goats, cattle, control burns, disk or mow fire containment lines, understory maintenance, etc.
    - Land use and land management practices. Large-scale vegetation management, including use of prescribed fire.
    - Incorporate citizen science for detailed information.
    - National Park Service developing Mt. Wanda Management Plan, Fall 2019.
    - Permitting agencies as partners.
    - Work with local ranchers and public agencies who use cattle grazing as a tool for fire management to encourage them to adjust range management plans and graze closer to roads and fence lines to reduce ignition potential early in the season.
    - Integrating fire with scientifically based resource and vegetation management that protects and improves native habitat values. A lot of collaborative planning work has been done in the region that should be incorporated. Balance protection of biological resources with fuel removal (e.g. bird nesting and 100' defensible space).
    - Project & funding support.

- Facilitate a process that permits volunteers to "adopt a park" for fuel management work, including revegetation of desirable species such as with friends of creeks groups.
- Include botanical and biological experts in planning and oversight of projects to maximize effectiveness while minimizing negative impacts.
- Access for firefighter and equipment.
- Insects, pathogens, invasive plants prevention and control.
- Water sources for drafting and fire storage.
- Fuel work and public expectations

9. Recommendations protecting homes, businesses, other facilities & essential infrastructure at risk:

- Plan around limited capacity of access and egress and transportation routes.
- Expand structure ignition reduction and defensible space activities to businesses and essential infrastructure.
- Identify infrastructure to protect: transportation networks, power grid, water treatment facilities, communications (peak of Mound Diablo) and utilities, Support fuel reduction projects such as on watersheds, roadside clearances, fire trail grading and power-line clearance. Power lines that do not follow roads may be a special concern, as it is difficult to get fire suppression equipment into the area if there is an ignition.
- Aged infrastructure or those with deferred maintenance may not meet needs for today's larger firefighting apparatus.

10. Recommendations to support Local Preparedness and Firefighting Capability:

- Develop local evacuation plans and educate residents on preparedness. Many communities are working on evacuation plans for local areas. Reverse 911 community warnings and pre-fire early evacuation. Acknowledge and plan for reluctance to evacuate.
- Identify actions to maintain existing access/ egress during Red Flag days by reducing restrictions of road right of ways on narrow roads throughout the hills.
- Participate in and enhance existing CERT/ Neighborhood Watch programs. Ready Set Go. FIREWISE.
- Continue to support fire department response improvements: expanded mutual aid, wildland fire training, equipment etc. Coordination between agencies and land managers.

Recommended Action Plan

4.1 Selection of Recommended Priorities

The Contra Costa County Community Wildfire Protection Plan (CWPP) was developed through collaboration of stakeholders and residents that attended work sessions, public presentations or commented on draft versions of this plan. Participants were invited to submit project ideas that provide protection and reduce risk. The following recommended priorities are based on this collaboration, as well as the analysis and the recommended strategies for reducing the risk with the WUI detailed in Chapters 1 and 2.

Sections 4, 5 and 6 of this 2019 Contra Costa County CWPP Update offers specific "Priority Action" recommendations and associated implementation actions. It is anticipated that additional opportunities for actions will be identified as the CWPP is implemented. Projects, workshops, demonstrations and education efforts will be recommended for implementation and funding based on the following attributes:

- Protects life, property and infrastructure in areas of the County where risk of catastrophic wildfire is most severe.
- Reduces risk of fire spreading between private lands to public lands (regional parklands, open space, watershed lands, state or federal lands) or areas where significant natural or cultural resources are at risk.
- Seeks to create a detailed implementation plan for fire prevention or mitigation at the local level in an area identified as "at risk".
- Involves stakeholders at all levels, which is to say there is strong community support, as well as support from applicable agencies and landowners. Intensity of local support will be a significant factor when choosing projects.
- Demonstrates the capacity to continue to manage and maintain the project effectively, and/or supports ongoing, previously planned efforts.
- Projects covered in an agency adopted environmental document. (Note: Some stakeholders felt that grants should not be processed for work that is not covered by required environmental document(s) or for projects where required permits are not obtainable. However, it also should be noted that some grants cover the environmental planning and permitting process which can be quite costly and difficult to fund.)
- Projects that will improve firefighting response, wildfire control capabilities and residential evacuation plans and operational programs.
- Removal of invasive plants of known high flammability listed in a recognized source (Cal-IPC California Invasive Plant Inventory https://www.cal-ipc.org/plants/inventory/.)

Many of the recommended actions will take long-term commitment over multiple years to address the complex hazards. Some actions have current funding, but additional funding and efforts are needed to continue to address the issue.

4.2 Information, Education and Collaborative Planning Priorities

A key recommendation related to information, education and collaborative planning is working with potential partners to find common ground, share ideas and develop joint implementation of local projects. These partners may expand beyond the traditional agency partners to include volunteer groups who have interest in neighborhood or nearby open spaces. They may also include organizations, such as the California Native Plant Society or Contra Costa County Master Gardeners, offices of the mayor or elected officials, homeowner associations or local businesses. Priority Action 1 focuses on exploring partnerships to improve communication.

Priority Action 1: Expand Collaborative Partnerships for Public Communications

Recommendation: Expand collaborative partnerships beyond traditional partners to find common goals related to wildfire safety, employ many solutions, improve public communication and reach multiple audiences.

Implementation Actions:

- Identify partners with supportive missions and develop collaborative partnerships to identify common goals and share information with multiple public audiences.
- Support new collaborative partnerships by expanding existing programs, such as Ready-Set-Go and FIREWISE community efforts.
- Identify program elements that reach across partner interests to reach multiple audiences such as:
    - Preparing your family and home for an evacuation.
    - Existing structures and how a homeowners and their contractors can improve their home's ignition resistance, while they reach other goals such as earthquake resilience or energy efficiency. Information should include non-ignition zone, such as how simple actions of cleaning leaves and not storing flammable materials below decks can reduce the potential of ignition from embers.
    - Defensible space guidelines that look like places in Contra Costa County.
    - Guidelines for environmentally sensitive hazardous fuel reduction or where erosion is an issue.
    - Plant specific information (including on "bad plants" and how they should not be planted near windows).

Lead and Partners: Diablo Fire Safe Council and partner agencies.

Time frame: On-going

Estimated Funding Need: $-$$ for development and distribution of materials.

4.3 Enhanced Suppression Capability and Emergency Preparedness Priorities

Each year wildfires reinforce the importance of local emergency preparedness and evacuation plans. The emergency service agencies (County Office of Emergency Services, County Sheriff, and local police and fire departments) of the cities and Contra Costa County are interconnected through mutual aid agreements and common training of the Incident Command System and National Incident Management System. To expand this preparedness to a local and neighborhood level, many jurisdictions offer Community Emergency Response Training (CERT)

programs. Since these programs focus on multiple hazards and cover the entire county, few offer wildfire preparedness or local evacuation in the event of wildfire. Priority Action 2 focuses on assisting in the development of local evacuation plans. Another opportunity is to collaborate with updates to local hazard mitigation plan or general plan safety elements that address evacuation.

Priority Action 2: Evacuation Planning and Communication

Recommendation: Assist community groups develop neighborhood evacuation action plans through collaborations with fire departments, emergency services and other organizations.

Implementation Actions:

- Coordinate with local planning efforts through fire, law enforcement agencies, Contra Costa Operation Area members, Cal Trans, public works agencies and others ((e.g. Red Cross, CERT, Neighborhood Watch).
- Utilize and expand upon existing adopted emergency plans and awareness programs (Ready Set Go. Firewise. Contra Costa Citizen Guide. Map My Neighborhood)
- Focus on community groups and block level.
- Get residents to sign up for CWS (+Nixel or other systems) and monitor for red flag warnings.
- Support early detection and decision support systems.
- Identify essential supplies to maintain (Go Pack). See Ready Set Go program information.
- Identify people with access and functional needs at the block level.
- Identify primary and secondary evacuation routes.
- Coordinate with CERT members.
- Inform public about pre-designated evacuation shelters or temporary refuge areas.
- Identify and implement physical improvements to the routes as needed (shoulders, parking restrictions, vegetation clearance, signage etc.)
- Tie to general education of wildland urban interface issues.

Lead and Partners: Coordinate with fire departments, police departments, as well as other groups that address evacuation training such as CORE/ CERT and Red Cross. Outreach to home owner associations, general public to develop community ambassadors.

Time frame: Short to identify, medium to long term to implement improvements.

Estimated Funding Need: $ for maps and brochures; $$$$$ for physical improvements.

Prioritizing Fuel Reduction Treatments

5.1 Fuel Management

Fuel management, ideally a subset of sound vegetation and ecosystem management, is the practice of removing or modifying vegetation in order to reduce wildfire ignitions, rate of spread and intensity. Fuel management requirements depend on the vegetation type, location, condition and configuration. Given the dynamic nature of these fuels, a single treatment type or prescription is not effective. Follow up is often needed to avoid encroachment by weedy, non-native invasive species. Rigorous oversight, active management and an adaptive approach are required to achieve fuel management goals with a positive by-product of ecosystem improvement.

Generally five fuel management methods are available and used within the WUI:

- Manual (hand labor such as pulling or cutting)
- Mechanical treatment (equipment used for mowing, selective cutting of trees, masticating or crushing)
- Prescribed herbivory (targeted grazing by sheep, goats or cattle)
- Chemical treatment
- Prescribed fire

Specific fuel management treatment goals and methods are addressed more fully in the *Best Management Practices Guidebook for Hazardous Fuel Treatments in Contra Costa County* and the *Vegetation Almanac for the East Bay Hills*. These best management practice guidebooks will continue to be refined based on environmental compliance documents, adaptive management practices and other lessons learned by the various stakeholders.

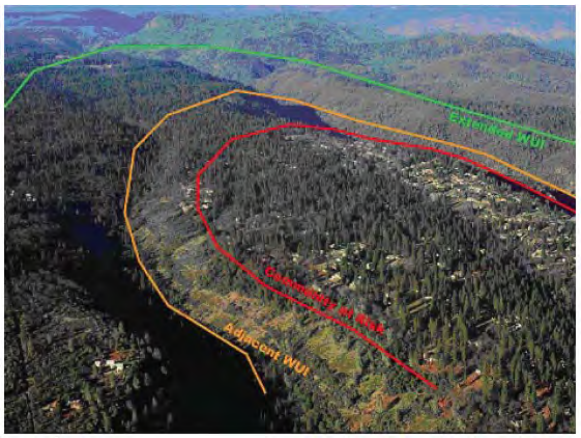
The sustainability of fuel management is an on-going challenge at all landscape scales – from the single residence, new developed neighborhoods, public open space, watershed and parklands. Existing residential areas typically depend upon private property owners and their fire agency's fire prevention programs to reduce fuel loads. Most of the agencies have the ability to enforce compliance with local fire codes. However, they are limited by the extent of local codes, which often focus on annual weedy fuels. Beyond a plan for fire hazard reduction, new residential development needs a funding mechanisms for long term vegetation management of commonly held open space. Funding must include not only initial treatments, but also on-going maintenance on an annual or multi-year cycle.

5.2 Fuel Reduction Treatments – Geographically Base Projects

Throughout Contra Costa County public and private agencies, fire departments and fire districts establish fuel reduction treatment priorities on a regular basis as a part of their long-range planning or annual budgeting procedures. Many of the public land managers have detailed plans that incorporate fuel reduction treatments. These plans have not only identified geographically based projects, but also have developed best management practices and mitigation measures that should be incorporated into projects to reduce the

impact of fuel reduction treatments on the environment (see on-line Appendix for further resources and references). Two such documents are:

- East Bay Hills Wildfire Hazard Reduction and Resource Management Plan and EIR. East Bay Regional Park District
- East Bay Watershed Management Plan. East Bay Municipal Utilities District



Typically, fuel treatment is done around structures, by roadways and in areas of extreme fire behavior. Treatments addressed in the *Best Management Practices Guidebook for Hazardous Fuel Treatments in Contra Costa County*[1] are organized by zone as follows:

- From the Home: 0-30', 30-100'
- Critical Infrastructure: 0–300'
- Emergency Access Roads: 0-30'; 30-100'
- Community Protection: 100-300'
- Community Wildland Interface: 1.5 miles area around a community unless otherwise designated.

Stakeholders in Contra Costa County have further refined this list with the following areas as appropriate for fuel management:

- Areas within 200 feet of homes in the wildland urban interface (WUI) with excessively flammable vegetation that would produce greater than 8 foot flame lengths.
- Areas within 200 feet of high-value or irreplaceable public facilities in the WUI with excessively flammable vegetation that would produce greater than 8 foot flame lengths.
- Areas within 30 foot to 100 foot of private residences in the WUI with excessively flammable vegetation that would exceed state or local defensible space codes.
- Areas with excessively flammable vegetation due to extreme amounts of litter or ground fuel levels. These may be areas where ground fuels exceed six-inches deep with occasional jackpots of fine material up to three-inch diameter. It may be with greater than two to six tons per acre with ribbon bark and understory fuel ladders in identified high risk forest like eucalyptus or Monterey pine that are subject to torching and crown fires with potential high ember flight rates into residential areas.
- Areas critical to strategic fire fighting operations in the event of a wildfire with excessively flammable vegetation.
- Areas with excessively flammable vegetation adjacent to wildfire evacuation and fire fighting access along paved roads and strategic fire trails.
- Areas of invasive plants that will increase the flammability of adjacent natural plant communities or displace more fire safe and fire adapted native species.

The list of current geographically based priority projects follow at the end of this section. An intended outcome of the CWPP Update process is for this list to be updated annually to ensure that efforts are coordinated whenever possible.

[1] *Best Management Practices Guidebook for Hazardous Fuel Treatments in Contra Costa County* (page 7). Available at www.diablofiresafe.org/publications.html#BMP

When funding is available, fuel reduction treatment projects with the following attributes should be given the highest priority:

- Project reduces hazardous fuels that, if left untreated, would generate high intensity burning adjacent to structures or communities at risk, or produce large quantities of airborne burning embers that would carry into communities or other important resources.

- Project reduces hazards along strategic emergency access and evacuation routes, or other critical infrastructure.

- Project includes vegetation modification treatments that will reduce the threat of unacceptable impacts of high intensity fire to high value ecosystems, sensitive watersheds and high concentration recreation areas, including regional parklands and state or federal lands. Projects to include strategies and funding for on-going maintenance, especially follow-up management of non-native invasive species that could create hazardous fire conditions.

5.3 Fuel Reduction Treatments – Related Priorities

In addition to geographically based projects, the stakeholders identified two actions related to fuel reduction as priorities by during the Update process. These both will require additional refinement, as well as identification of lead/ partners and funding sources.

Priority Action 3: Hazardous Fuel Load Reduction Balanced with Biological Resource Protection

Recommendation: Increase hazardous fuel load reduction balanced with biological resource protection.

- Increase awareness of environmental sensitivities and permitting requirements.
- Explore assumptions of what we can do in terms of fire suppression and pre-fire fuel treatments (e.g. critical habitat recovery projects, regulatory agencies as partners, types of studies).

Implementation Actions:

- Collect successful examples of hazardous fuel reduction and identify best management practices.
- Collaborate with others who have an understanding of regulations and resources need to be protected. (US Fish and Wildlife, Cal Fish and Wildlife, Contra Costa Resource Conservation District, land trusts, creek/ watershed groups)
- Provide more information regarding environmental sensitivities. (Mapping of sensitive species, botanical expertise on projects, recruitment studies of native plants following treatments; habitat preservation; invasive species; managing, permitting and replanting.)
- Provide information on permits from California Department of Fish and Game and Regional Water Quality Control Board. Partner with watershed groups for removal of riparian vegetation along seasonal or ephemeral creeks.
- Widely disseminate information on best management practices including: appropriate timing of fuels treatment for reducing reproductive viability and survivability of invasive, non-native species, while doing least harm to / improving native habitat values.
- Raise public and private landowner awareness of issues and best management practices.
- Create a data base and photo gallery of Contra Costa County fuels/ vegetation management projects (successes and failures) with initial treatment + follow-up maintenance

- Vegetation mapping database for urban side of wildland-urban interface

Lead and Partners: None identified. Other stakeholders include (California Native Plant Society, Sierra Club, Audubon, watershed groups, land management agencies.

Time frame: On-going

Estimated Funding Need: Not identified.

Priority Action 4: Defensible Space Programs (Fuel reduction around homes)

Recommendation: Expand defensible space programs for property owners in high fire hazard areas in Contra Costa County.

Implementation Actions:

- Expand defensible space awareness and education efforts regionally.
- Support defensible space inspections, enforcement and abatement programs with fire agencies throughout the county.
- Provide support programs, such as cost share partnerships, SNAP ("*special needs assistance program*" for people with access and functional needs), chipping programs as incentives for homeowners to create defensible space.
- Work with owners of large parcels to develop hazardous fuel management strategies that create defensible space around their homes and adjacent homes.

Lead and Partners: Diablo Fire Safe Council and partner fire agencies.

Time frame: Short to identify, medium to long term to implement improvements

Estimated Funding Need: $ for outreach materials; $$$$$ for implementation.

5.4 Fuel Reduction Treatments and Resource Management

A number of the Contra Costa County CWPP Update stakeholders recommend vegetation management actions balance three factors: wildfire risk reduction, resource management and cost-effectiveness of projects over the lifetime of their implementation. Successful long-term wildfire risk reduction and resource management must balance economic factors with the effectiveness of selected treatment methods; it is critical that selected cost-effective treatments be sustainable over the long-term.

A key premise of several organizations' support of the Contra Costa County Community Wildfire Protection Plan is that ecologically stable habitats are ultimately more economically sustainable. In effect, managing vegetation to achieve plant and animal communities and habitats with high levels of bio-diversity but inherently low fire hazards is more effective over the long term than the occasional treatment and/or ongoing maintenance of high fire hazard vegetation. A number of the stakeholders feel strongly, that fuel reduction treatments should promote the recovery, restoration, and enhancement of native habitat.

Other members, such as Fire Departments or Fire Agencies, that participated in the update of this CWPP have jurisdiction over urban areas and do not have resource management or restoration goals beyond those required by local, state and federal laws. Several of these agencies support the desire for cost effectiveness of projects over the lifetime of implementation for wildfire risk reduction. So there is common ground that can be found within the multiple individual agency guiding missions.

5.5 Environmental Review and Permitting

Some stakeholders have requested that an Environmental Impact Report (EIR) be prepared for the Contra Costa County Community Wildfire Protection Plan Update. Many of the land managing agencies have already completed their California Environmental Quality Act (CEQA) compliance and a FEMA led National Environmental Policy Act (NEPA) review for multiple FEMA grants in the region was completed in 2015.[2]

The Contra Costa County Community Protection Plan Update is an advisory document prepared by the Diablo Fire Safe Council in collaboration with public agencies and interested stakeholders pursuant to the Healthy Forests Restoration Act. The committee was comprised of stakeholders (or their representatives) living in at-risk communities, and the contents of this CWPP are opinions of these stakeholders following the procedures outlined in The Wildland Fire Leadership Council's handbook, "*Preparing a Community Wildfire Protection Plan, A Handbook for Wildland Urban Interface Communities*." More specifically, landscape and fire science discussions, WUI designation, priority of at-risk communities, regulatory interpretation and other discussions set forth in this CWPP are findings and recommendations by these stakeholders to help protect their communities from wildfires. Because this CWPP is an advisory document, it does not legally commit any public agency to a specific course of action or conduct and thus, is not a project subject to CEQA or NEPA.

However, if and once funding is received from local, state or federal agencies and prior to work performed, or prior to issuance of discretionary permits or other entitlements by any public agencies to which CEQA or NEPA may apply, the lead agency must consider whether the proposed activity is a project under CEQA or NEPA. If the lead agency makes a determination that the proposed activity is a project subject to CEQA or NEPA, the lead agency must perform environmental review.

In addition to NEPA or CEQA it is recognized there are a number of permits that may need to be obtained prior to fuel reduction work including:

- US Army Corps of Engineers: Clean Water Act Section 404 or Rivers and Harbors Act Section 10 Nationwide Permit or Individual Permit
- US Fish and Wildlife Service or National Marine Fisheries Service: Section 7 or Section 10 Consultation
- Regional Water Quality Control Board: Clean Water Act Section 401 or Porter Cologne Act 401 Certification or Water Discharge Requirement
- California Department of Fish and Game: Section 1600 Streambed Alteration Agreement; Fish and Game Code and California Endangered Species Act Streambed Alteration Agreement, CESA 2081 or CESA 2080.1 Permit

Other activities may not required specific agency permits, but may require additional review or specific mitigation measures to comply with:

- Migratory Bird Treaty Act
- National Historic Preservation Act (Advisory Council on Historic Preservation Section 106 review; State Historic Preservation Office)
- Bay Area Air Quality Management District Regulation 5. Open Burning.
- County Agricultural Commission, CAL EPA and Federal EPA on use of herbicides
- Local tree preservation ordinances
- Local stream protection regulations
- Local noise ordinances
- City or county road encroachment

Treatment of Structure Ignitability

6.1 Structure Ignitability

The presence of structures within the WUI exposes both the natural and developed environment to increased risk of destruction by wildfire. In areas where the accumulation of flammable vegetation coexists with residential development, an ignition can lead to catastrophic fire. Mitigation of hazards that contribute to ignitability can reduce the potential of fire loss.

Adoption and enforcement of fire and building codes is an essential part of managing the risk in the WUI. The California State Fire Marshal's Office developed state of the art building standards known as "Chapter 7A" effective January 1, 2008 for use on new building construction within Very High Hazard Severity Zones. California Residential Code (CRC) R327 requires those same codes for residential structures. Other pertinent codes are included in California Code of Regulations (CCR) Title 24, such as the California Building Code (CBC) Part 2, California Residential Code (CRC) Part 2.5, California Fire Code (CFC) Part 9, California Reference Standards Code (CRSC) Part 12. More detail about these codes, code compliance policies and accepted products can be found at https://osfm.fire.ca.gov/divisions/wildfire-prevention-planning-engineering/wildland-hazards-building-codes/. Many local cities have adopted the state fire codes for use within their jurisdictions, or have adopted codes that exceed these minimum state standards.

It is also important to incorporate fire safety in the general plan safety elements in each city and for the county. SB1241, adopted into law in 2012, required that General Plan Safety Elements address the risk of wildfire and that draft plans be reviewed by the California Board of Forestry to ensure they address wildfire.

After the 2017 wildfires, legislation began to introduce new bills calling for retrofit standards and revolving fund to assist homeowners with the cost of the work. The implementation of these new programs has yet to play out.

No fire department can be expected to prevent all home losses in a WUI setting. The potential for a wildfire to outpace suppression efforts means that all homeowners in WUI areas must accept a high degree of risk, as well as responsibility.

6.2 Key Ignition Resistance Factors

The key to ignition resistance is the design of the structure, the materials used in its construction and the presence of defensible space. Recent studies point to basic factors that affect the risk of a structure burning in a wildfire. A weakness in any of these areas can lead to a similar result – a destroyed or severely damaged home or building. The following information is adapted from several sources including the Insurance Institute for Building and Home Safety. Additional information can be found at their website www.disastersafety.org/Wildfire.

Flammability of the Roof

Research shows that homes with a non-combustible roof and defensible space at least 30 to 60 feet around the structure have an 85-95% change of survival in a wildfire.[1] At a minimum, a home structure should have a Class A-rated, fire-resistant roof cover or assembly, and preferably one that is self-extinguishing once a falling ember burns out. Self-extinguishing means that the firebrand will not burn through to the roof deck and flames will not spread to other parts of the roof. Without a fire-resistant roof, other approaches toward mitigation will fall short of protecting the home. For more information on roofing materials https://www.nfpa.org/-/media/Files/Firewise/Fact-sheets/FirewiseFactSheetsRoofingMaterials.ashx?la=en. For tips on hiring a roofing contactor https://disastersafety.org/maintenance/tips-on-hiring-a-roofing-contractor/.

Roof shape also plays an important role. If the roof has a lot of ridges and valleys or roof segments that intersect with vertical walls your house is more vulnerable to wildfire. Even a Class-A roof is more vulnerable because vegetative debris and wind-blown embers readily accumulate at these intersections and can expose combustible siding, vents or windows as well as the roof to fire.

Wind-blown debris and overhanging trees can lead to gutters full of leaves and needles on your roof and gutter. Research has shown that a home with a gutter full of leaves has enough fuel to ignite a roof, especially if there is a path for the fire to reach any exposed flammable surfaces such as the edges of roof structure or through vents. Keeping gutters clean of debris is especially important if you have a multi-story building or dormer windows where exterior siding would be exposed to flames from debris in gutters. If you use gutter covers make sure they are noncombustible.

Structure Openings – Vents, Doors and Windows

Many post-fire surveys of damaged buildings have shown that the attic/roof and foundation vents are key entry points for embers and flames. Areas where there are direct pathways to the attic, house or crawl space provide an easy entry point. This can include vents, soffits or windows prone to breaking when exposed to wildfire conditions (usually unprotected, single pane windows). Window fans, pet doors, and fireplaces chimneys can allow firebrands to enter if left open or unscreened.

Recent fires have shown that screened vents alone may fail to keep embers out of attics or other spaces. Pre-cut fire resistive covers are one solution. New technology combines several features that increase the effectiveness of preventing embers from entering these flammable spaces; however, maintenance issues need to be evaluated when these products are considered.

Testing has shown that single pane windows are highly vulnerable to breaking when exposed to wildfire conditions. Larger windows are more vulnerable to breaking than smaller windows. Some glass will break after only 1 to 3 minutes exposure to intense heat allowing flames and embers to get inside and further ignite furnishings. Double pane windows with tempered glass for the outside pane can effectively increase the ability to survive a wildfire as well as a long-term solution for energy conservation within the home.

[1] Foote, Ethan. "Wildland-Urban Interface Ignition Resistant Building Construction Recommendations." Community Wildfire Protection Plan Workshops, California Fire Alliance and California Fire Safe Council. August 2004.

Install window screens. Both plastic-clad fiberglass and metal screening will reduce radiant exposure to the glass and protect against ember entry, but neither will protect against flames. Skylights can be another entry point for embers or flames. For construction materials, placement and other precautions see https://www.nfpa.org/-/media/Files/Firewise/Fact-sheets/FirewiseFactSheetsSkylights.ashx?la=en.

Siding

Siding can be vulnerable for several reasons. If ignited, combustible siding can provide a path for flames to reach other vulnerable components such as windows or eaves. Second, a horizontal or vertical joint in the siding (or at the top or bottom of the material) can provide access for embers or flames into the house. Some materials such as vinyl siding will deform and fall off the wall at relative low heat or flame exposure. If this happens protection of the structure will depend on the underlying sheathing in the wall assembly. Avoid untreated wood shingle and vinyl siding.

Walls need to resist heat and flames as well, as embers. Non-combustible materials like three-coat stucco, fiber cement, brick and tile resist flames, but don't always resist heat and embers. Therefore, incorporating sheet-rock or other non-combustible sheathing material into the wall assembly underneath the exterior material will improve performance. Regardless of wall material choice, all gaps at the top or bottom edges, or at lap joints must be sealed or caulked to reduce the potential for ember intrusion. Embers can also accumulate at the foundation if the lower edges of the siding material is left unsealed. The more complicated the lap joint, such as tongue-and-groove or shiplap, the better the resistance from flame or embers. Attention to construction detail, such as use of metal flashing where fences or decks attaché to walls can prevent accumulation of debris and slow ignition.

Overhanging Structures

Eaves, alcoves, entry ways, patio covers, decks, porches, and exterior stairways all have the potential to "trap" heat under them or create areas where burning embers can accumulate. Openings or gaps in blocking also result in areas where wind-blown embers can become lodged and ignite debris or wood in these areas. Use 1/8' mesh screening over vents. Box in open eaves to create a soffited eave. For more information on under-eave construction see https://www.nfpa.org/-/media/Files/Firewise/Fact-sheets/FirewiseFactSheetsUnderEaves.ashx?la=en and https://www.fema.gov/media-library-data/20130726-1652-20490-2869/fema_p_737_fs_6.pdf. For information on attics and crawl space vents see https://www.fema.gov/media-library-data/20130726-1652-20490-2869/fema_p_737_fs_6.pdf.

Decking

Decks, patios and porches can become a pathway for fire into a home. Most are attached to a home and adjacent to doors, windows, sliding glass doors or other openings and combustible siding. Materials used to build the deck, the furniture or other items on top of the deck as well as the items stored beneath them. Decks and porches can be particularly vulnerable when the home is sited on a slope or when surrounded by vegetation where flame lengths can reach more than 30 feet exposing even elevated decks. More information on wildfire resistance and decks https://www.nfpa.org/-/media/Files/Firewise/Fact-sheets/FirewiseFactSheetsDecks.ashx?la=en and for fire spread on ember ignited decks

https://www.nfpa.org/-/media/Files/Firewise/Fact-sheets/FirewiseFactSheetsEmberIgnitedDecks.ashx?la=en.

The combustibility of wood deck boards is common knowledge; however, the performance of plastic composite decking products are less well known. Some manufacturers are incorporating fire retardant chemicals into these products. Information on specific products can be searched at the building materials listing at the California State Fire Marshal Building Materials Listing website https://osfm.fire.ca.gov/divisions/fire-engineering-and-investigations/building-materials-listing/. In general, large structural members will resist ignition better than small wood boards.

Fencing

Burning fencing can generate embers and cause direct flame contact to a home. Using noncombustible fencing where it attaches to the building, and within the zero to five-foot noncombustible zone, reduces the opportunity of a burning fence igniting the exterior of the structure. Fencing located should be constructed of noncombustible materials. Fencing products are often available in eight-foot pieces and use of that full section of noncombustible material is recommended.

A fence design that allows for greater air flow makes it more difficult for wind-blown embers to accumulate at plank, or lattice panel to horizontal support locations. If an ignition occurs, it's also more difficult for lateral flame spread to occur in the fencing material. Vinyl fencing is not vulnerable to ember exposures alone, but did burn when subjected to flaming exposures from burning debris. Vinyl fencing will deform if subjected to radiant heat. For more detail on material, installation and maintenance choices see https://www.nfpa.org/-/media/Files/Firewise/Fact-sheets/FirewiseFactSheetsFencing.ashx?la=en.

The area at the base of the fence should be kept clear of debris. Flame spread to the building will be more likely if fine vegetative fuels (e.g., pine needles, leaf litter and small twigs) have accumulated. Avoid placement of combustible mulch near the fence.

PERIMETER FENCING

When neighboring buildings are located within 20 feet of each other, use of steel fencing for the perimeter area can serve as a radiant barrier, providing added protection should a neighboring building ignite and burn. Research in Australia demonstrated the ability of panelized steel fencing to resist a radiant heat exposure.

Fuel Hazards

Any fuel source that will bring flames close the structure can be a hazard. Examples of fuel hazards include:

- flammable plants close to a wall,
- dead foliage that builds up underneath succulents or other normally fire-resistant plants,
- certain types of mulch or

- a combustible fence located close enough to allow flames to contact the overhanging roof above.

Fuel sources within the "defensible space" area that support a high intensity spot fire are especially problematic. These include any trees that can quickly become a fire torch such as an untrimmed palm tree, a wooden trellis made of small lumber sizes, playground equipment made with wood pieces or a pile of firewood on the ground or in a wheelbarrow.

A noncombustible zone from 0-5 feet of the structure minimizes the likelihood of wind-blown embers igniting fine fuels (such as bark mulch) located close to the building. Ember-ignited mulch can result in a radiant heat and/or flaming exposure to the building's exterior

Access to the property

If firefighters and their equipment cannot gain access to the property and a water source, there is little chance they can protect the home. Access also affects the ability of the homeowner to evacuate the site should the need arise. In the older developed areas of Contra Costa County the road patterns were established when there were fewer homes in the hills and fewer cars per residence. Today these narrow roads can become constricted with on-street parking, temporary lane closures, encroachment into the road right of way by construction or by overgrown roadside vegetation.

Surrounding topography and location of structures

Adjacent steep slopes and topographic features, such as natural chimneys or chutes, can intensify fire behavior. Structures located mid-slope or at the top of a steep slope are more likely to be damaged. A steeper slope will result in a faster moving fire, with longer flame lengths. A home with little setback from the slope will need to be more aggressive with vegetation treatment and maintenance.

Weather and "Red Flag" Conditions

Strong winds blowing a fire toward your house will have the same effect as being located on a slope. The fire will move faster and burn more intensely with taller flame lengths, blowing embers in front of the fire during periods of high winds. In Contra Costa County these high winds are often accompanied with an increase in temperature and decrease in relative humidity creating "Red Flag" conditions that further dry vegetation and wood building materials.

6.3 Improving the Survivability of Structures within the WUI

Protecting structure exposed to wildfires is not a simple matter. Structures can ignite due to direct exposure to flames, from radiated heat or from embers. All three sources must be addressed in order to improve the survivability of structures within the WUI. It is recommended that the following measures be taken:

1. Reduce the amount of heat the structure will be exposed to through managing vegetation, creating defensible space and construction design.
2. Limit the time the structure is exposed to heat through vegetation management. Establishing a low fuel "home ignition zone" immediately adjacent to structures and creating "defensible space" in the first 30 - 100 feet from the house is critical.
3. Use fire resistant building materials and construction methods.
4. Remove combustible materials stored near structures.

Creating an effective defensible space around the structure and maintaining a fire safe landscape are critical to minimizing the threat of ignition. Most homes in Contra Costa County are subject to their local fire jurisdiction's safety regulations that require compliance with defensible space and weed abatement standards.

The selection of a building's site and materials has direct relationship to its survivability. New structures need to be located to reduce their exposure to the most intense part of a wildfire that might sweep across the site. There also are many noncombustible and fire resistive materials and treatments available to better protect structures and inhibit fire spread.

6.4 Retrofitting an Existing Structure for Survivability

Many of Contra Costa County's communities-at-risk from wildfire are largely built out. In these communities new construction will occur as infill between existing homes, so the new building codes offer few opportunities to increase structure survivability. In these communities identifying opportunities to retrofit existing homes and businesses is key to reducing losses due to wildfire. In 2018 legislation, AB2911 (Friedman) was passed into law, requiring the Office of the State Fire Marshal create a list of low cost retrofits by January 31, 2020 that provide for comprehensive site and structure fire risk reduction to protect structures from fire risk.

Funding for retrofit of existing structures has been non-existent in the past, though 2019 legislation AB38 Fire Safety (Wood) proposed a $1 billion revolving loan fund for structure home hardening. Other legislation proposed included General Plan Safety Element updates to include a comprehensive retrofit plan for communities (SB182, Jackson).

Priority Action **5**: **Home Hardening**

Recommendation: Develop education and training related to retrofit of existing homes and structures to improve their survivability (home hardening).

- Identify what can be done without major remodel.
- Evaluate new technologies, materials and products that are available for retrofit and the pros and cons.

Implementation Actions:

- Find funding for education and training program
- Educational booklet of simple things homeowners can do

Lead and Partners: No lead identified. Institute for Building and Home Safety has information and research. State Fire Marshal's Office to develop information by 1/31/2020.

Time frame: On-going

Estimated Funding Need: $$ for training and materials.

The Insurance Institute for Building and Home Safety (IBHS) continues to sponsor building safety research that leads to real-world solutions. They have identified key areas at risk and offer retrofit ideas.

Open Eaves or Projections – vulnerable to flame or embers could lead to fire in attic		
Open eave construction or visible gaps between blocking and rafter tails.	Plug openings with durable caulk or install non-combustible covering over blocking to eliminate openings. Alternatively box in eaves. This method may require vents to remove excess moisture.	$-$$$ Contractor or Experienced DIY
Combustible soffit material or materials used to box in eaves (such as wood boards, untreated plywood). Survivability Threat	*Retrofit*	*Relative Cost/ Ease*
Windows – open windows are most vulnerable. The vulnerable part of a closed window is the glass.		
Single pane windows	Install dual pane windows. Preferred are dual pane, insulated glass with added benefit of greater energy conservation Tempered glass is 4 times more resistant to breaking in wildfire. Consider dual-pane tempered glass. Cost increases are relative to the opening size.	$$$ - $$$$ Contractor
No window coverings to protect from glass breakage	Shutters or pre-made covers will protect window from embers, debris and radiant heat exposure. These would be installed prior to evacuation. Least expensive alternative is ½ plywood but need to clear area of combustible material that could ignite plywood.	$-$$ Contractor or Experienced DIY
Siding – fire from ignited siding can spread into stud cavity and up wall into eave, soffit or attic as well as expose window to flames.		
Combustible siding Panelized products have fewer lap joints and considered less vulnerable.	Residing is expensive but can be worthwhile if building is 15 feet or closer to adjacent properties or if inadequate defensible space. Sustaining the Plan

7.1 Updates of Action Plan

To ensure long-term success the CWPP needs to include a method for changing, updating and revising the plan. As partners learn from success and challenges they may identify new actions or propose a shift in how decisions are made or actions accomplished.

It is important to recognize that many communities may lack resources to engage in a complex planning, monitoring and adaptive management process. The collaborative planning effort for the Update of this Contra Costa County Community Wildfire Protection Plan was funded through a generous grant; however, similar funding is unlikely to be available for update efforts. Regardless, streamlined communications can leverage the initial planning effort to maintain a functioning collaboration and provide updates.

Project partners have agreed to the following roles in sustaining the Plan:

- Diablo Fire Safe Council: Communicate electronically with stakeholders and other partner agencies collecting information for an annual status of the plan. Annual information will include at a minimum an update of the status of geographically based fuel reduction projects and prevention strategies listed in Section 5 Prioritizing Fuel Reduction Treatments and of the priority action projects identified in Sections 4, 5 and 6. Updated information will be posted on the DFSC website and sent electronically to CWPP planning participants and other interested stakeholders.
- Hills Emergency Forum: Provide updated information on projects and activities through their Annual Report prepared each October to coincide with the anniversary of the 1991 Tunnel Fire.
- Contra Costa County Association of Fire Chiefs: The Contra Costa County Association of Fire Chiefs provides a forum for interagency information sharing across the many fire jurisdictions. They are in the unique position to continue to foster inter-jurisdictional cooperation on WUI issues and emergency response.
- East Bay Regional Park District: As a part of their regular planning process at public meeting, review the next year's proposed program of work for fuels management on park district lands. As part of the annual budget development process, during a meeting of the EBRPD Board of Director's Executive Committee, report the prior year's fuels management accomplishments and present the proposed program of work for the next year. Work with cooperators to plan and conduct work in a way that improves fire protection and program efficiencies for both EBRPD and the cooperator.
- CAL FIRE: The Santa Clara Unit Strategic Plan updates provide opportunity to view wildfire protection for Contra Costa County in context with neighboring Alameda, Santa Clara and San Joaquin Counties. Contra Costa County is Battalion 6 of seven geographically based battalions in CAL FIREs Santa Clara Unit. The most recent plan was

completed in July 2018 https://osfm.fire.ca.gov/media/3121/fpppdf1619.pdf. The Santa Clara Unit collects information from the various stakeholders to develop their unit plan each June. The final unit plan will be shared with DFSC, who will incorporate the information into the CWPP annual updates.

- County and Local Jurisdictions: Contra Costa County has provided leadership in the development and update of FEMA Local Hazard Mitigation Plan; completed once every 5 years. Local jurisdictions have provided information for the local annexes. The next update is scheduled for 2024.
- Other Partners: **Note: This section to be further developed as the plan is implemented.**

7.2 Monitoring, Evaluating and Adapting Strategies

The following framework offers strategies to monitor, evaluate and adapt the elements of the CWPP[1]. Strategies might include:

- Only monitor what matters. Partners should identify key goals and objectives and make decisions to monitor what is most important to the long-term sustainability of their CWPP.
- Tracking accomplishments and identifying the extent to which CWPP goals have been met. This might include development of "success stories." (Examples can be found at www.diablofiresafe.org/current.html.)
- Examining collaborative relationships and their contributions to CWPP implementation, including existing participants and potential new partners.
- Identifying actions and priority fuels reduction projects that have not been implemented and determining why.
- Setting a course for future actions and updating the plan.
- Evaluating the resources necessary for successful CWPP implementation. Identifying needed community and homeowner outreach and education programs.

In conducting an evaluation it is important to think critically about the kind of information that is accessible, what is most important to evaluate and how it might influence future priority activities. For example, the number of homes in a community with an evacuation plan provides insight into the level of preparedness among the general public, but may be difficult to obtain. Each community within Contra Costa County should adapt the evaluation process, how information and results are documented with an eye toward refinements of the CWPP to meet their own needs. The following ideas for monitoring and evaluation are provided as suggestions.

[1] Evaluation framework adapted from: Community Wildfire Protection Plan Evaluation Guide. Prepared by Resource Innovations, Institute for a Sustainable Environment. August 2008. University of Oregon. csfs.colostate.edu/pdfs/eval_9-8-08_web.pdf Accessed 3/5/2012.

7.2.1 Evaluating Information, Education and Collaborative Planning

Understanding the extent to which information, education and collaborative planning have been maintained, grown or diminished through implementation of the CWPP will help identify strategies to strengthen future efforts. Monitoring and evaluation might address:

Programs: What kind of information, education and public involvement has the CWPP or its implementation fostered? Public meetings, trainings, field trips, demonstration projects, household visits, youth engagement, community events, clean up days.

Public Awareness: What kind of change in public awareness about wildfire has resulted from the plan or implementation actions? Knowledge of fire policies and regulations; change in number and type of human caused wildfires; awareness of local efforts to increase emergency preparedness; outreach efforts or techniques.

Activities: What kinds of activities have citizens taken to reduce wildfire risks as a result of the plan? Defensible space, fuel reduction, household emergency plans, woody debris disposal.

New information: Are there new or updated data sources that might change the risk assessment and influence priorities? Changes to process used to identify fuels treatments priorities? New wildfire related policies or ordinances? Index to access specific information?

Involvement: Who has been involved with CWPP development and implementation? How have relationships changed or grown? What expertise or resources did partners bring? Numbers and types of partners (local, state, federal)? Accomplishments or challenges?

Implementation Capacity: How has the collaborative process assisted in implementing the CWPP and building capacity for the community to reduce wildfire risk? More partnerships, increased financial resources, increases in programs or activities.

Engagement: Have the partners involved in the planning process remained engaged in the implementation? Have new partners become involved?

7.2.2 Evaluating Suppression Capability and Emergency Preparedness

Comprehensive emergency management plays a key role in reducing a community's risk from wildfire and other hazards. Integrating federal requirements for multi-hazard mitigation within the CWPP efforts can help access federal funds through FEMA and Department of Homeland Security.

Alignment: Is the CWPP aligned with emergency operations plans and other hazard mitigation plans? Addressing National Incident Management System (NIMS), State Emergency Management Plan (SEMS) and Incident Command Training (ICS).

Evacuation Planning: Does the CWPP include an evacuation plan? Has the plan been tested? Are there local neighborhood evacuation plans, animal and livestock preparedness, communication systems, resources list?

7.2.3 Evaluating Fuel Reduction

Monitoring hazardous fuels reduction projects on private and public lands will assist stakeholders in understanding the extent to which risk reduction goals and native habitat preservation goals are being accomplished. Monitoring these projects allows stakeholders to better understand the extent of resources need to accomplish and maintain goals, as well as to help in identifying future priorities.

Fuel Reduction on Public Lands: How many acres have been treated on public land that had been identified as high priority projects? Total number of acres treated; number and percentage in WUI, number and percentage within CWPP priority area; treatment types.

Fuel Reduction on Private Lands: How many acres have been treated on private land that had been identified as high priority projects? Total number of acres treated; treatment types; number of homes with defensible space; number and percentage treated in low income communities/ vulnerable populations.

Compliance: How many homes are in compliance with local fuel reduction around homes requirements. Weed abatement requirements. Defensible space inspections.

Joint Projects: How many projects have spanned ownership boundaries including public and private lands?

Jobs: Economic development and local jobs resulting from fuels reduction or restoration activities. Number of green tons/ volume of woody fuel utilized. Number of part-time/ full time jobs. Percentage of local labor.

Environmental Protection: Ecological monitoring to assess environmental outcomes and maintenance requirements. Community surveys using photo points. Vegetation/ invasive weed surveys.

7.2.4 Evaluating Reducing Structure Ignitability

Monitoring structure survivability of existing structures and new developments span a wide range of actions including retrofit, codes, public knowledge and emergency response capability.

Fire Statistics: Wildfire loss in year reporting on. Number of fire starts within high hazard areas. Number of human caused fires. Number of homes damaged/ lost to wildfire.

Codes and Regulations: Current codes and regulations for wildfire hazards. Building codes (Chapter 7A or better). How is new development increasing in high hazard areas. Requirements for new developments. Mechanism for long term open space fuel management. Infill requirements. Infrastructure design requirements (roads, sprinklers, utilities = NFPA standards).

Public Education: Public knowledge and understanding about structure ignitability. Homeowner education on how to reduce ignitability. How many homes have been retrofitted. Number and percentage of homes in high hazard area included in fire district.

Response Capabilities: Changes of local fire agency response capability. Increase in certified fire fighters/ wildfire training. Upgraded or new fire suppression equipment. Changes in response time, infrastructure, access routes.

NOW, THEREFORE, BE IT FOUND, DETERMINED AND RESOLVED BY THE BOARD OF TRUSTEES OF THE ORINDA UNION SCHOOL DISTRICT, CONTRA COSTA COUNTY, CALIFORNIA, AS FOLLOWS:

SECTION 1 Authorization for Issuance of the Bonds. To raise money for the purposes authorized by the voters of the District at the Election and to pay all necessary legal, financial, engineering and contingent costs in connection therewith, the Board hereby authorizes the issuance of the Bonds pursuant to Article 4.5 of Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code in one or more Series of Taxable or Tax-Exempt Current Interest Bonds, with appropriate Series designation if more than one Series is issued, all as more fully set forth in the fully executed Purchase Contract (as defined herein). The Board further orders such Bonds sold such that the Bonds shall be dated as of a date to be determined by an Authorized Officer (defined herein), shall be payable upon such terms and provisions as shall be set forth therein, and shall be in an aggregate principal amount not-to-exceed $10,000,000.

SECTION 2. Paying Agent. The Board hereby appoints the Paying Agent, as defined herein, to serve as the paying agent, bond registrar, transfer agent and authentication agent for the Bonds on behalf of the District. This Board hereby authorizes the payment of the reasonable fees and expenses of the Paying Agent as they shall become due and payable. The fees and expenses of the Paying Agent which are not paid as a cost of issuance of the Bonds may be paid in each year from *ad valorem* property taxes levied and collected for the payment thereof, insofar as permitted by law, including specifically by Education Code Section 15232.

SECTION 4. Approval of Purchase Contract. The Purchase Contract (defined herein) by and between the District and the Underwriter (defined herein), substantially in the form on file with the Secretary to the Board, is hereby approved and the Authorized Officers, each alone, are hereby authorized and requested to execute and deliver the Purchase Contract, with such changes therein, deletions therefrom and modifications thereto as the Authorized Officer executing the same may approve, such approval to be conclusively evidenced by his or her execution and delivery thereof; provided, however, (i) that the maximum interest rates on the Bonds shall not exceed the maximum rate permitted by law and (ii) the underwriting discount on the Bonds, excluding original issue discount, shall not exceed 0.8% of the aggregate principal amount of Bonds actually issued. The Authorized Officers, each alone, are further authorized to determine the principal amount of the Bonds to be specified in the Purchase Contract for sale by the District up to $10,000,000 and to enter into and execute the Purchase Contract with the Underwriter, if the conditions set forth in this Resolution are satisfied.

The Bonds shall bear interest at a rate or rates not in excess of that authorized at the Election. The Bonds will initially be registered in the name of "Cede & Co.", the Nominee of the Depository Trust Company, New York, New York.

Each Bond shall be dated as of the Date of Delivery, and shall bear interest at the rates set forth in the Purchase Contract or the Official Statement, from the Bond Payment Date next preceding the date of authentication thereof unless it is authenticated during the period from the 16th day of the month next

preceding any Bond Payment Date to that Bond Payment Date, inclusive, in which event it shall bear interest from such Bond Payment Date, or unless it is authenticated on or before the first Record Date, in which event it shall bear interest from its Date of Delivery. Interest shall be payable on the respective Bond Payment Dates and shall be calculated on the basis of a 360-day year of 12, 30-day months.

Notwithstanding any other provision herein, the ratio of total debt service to principal for each Series of Bonds shall not exceed four-to-one. To the extent the issuance of Bonds includes Long Current Interest Bonds, the useful life of any facility financed with such Long Current Interest Bonds will equal or exceed the maturity of such Long Current Interest Bonds.

(b) Redemption.

(i) Terms of Redemption. The Bonds shall be subject to optional and/or mandatory sinking fund redemption prior to maturity as provided in the Purchase Contract or the Official Statement.

(ii) Selection of Bonds for Redemption. Whenever provision is made in this Resolution for the optional redemption of Bonds and less than all Outstanding Bonds are to be redeemed, the Paying Agent, upon written instruction from the District, shall select Bonds for redemption as so directed and if not directed, in inverse order of maturity. Within a maturity, the Paying Agent shall select Bonds for redemption as directed by the District and, if not so directed, by lot. Redemption by lot shall be in such manner as the Paying Agent shall determine; provided, however, that with respect to redemption by lot, that the portion of any Bond to be redeemed in part shall be in the Principal Amount of $5,000 or any integral multiple thereof.

The Purchase Contract may provide that (i) in the event that any portion of a Term Bond is optionally redeemed prior to maturity, the remaining mandatory sinking fund payments with respect to such Bond shall be reduced proportionately, or as otherwise directed by the District, in integral multiples of $5,000 principal amount, in respect to the portion of such Bond optionally redeemed, or (ii) within a maturity, Bonds shall be selected for redemption on a "Pro Rata Pass-Through Distribution of Principal" basis in accordance with DTC procedures, provided further that, such redemption is made in accordance with the operational arrangements of DTC then in effect.

(iii) Redemption Notice. When optional redemption is authorized pursuant to Section 6(b) hereof, the Paying Agent, upon written instruction from the District, shall give notice (a "Redemption Notice") of the redemption of the Bonds. Such Redemption Notice shall specify: the Bonds or designated portions thereof (in the case of redemption of the Bonds in part but not in whole) which are to be redeemed, the date of redemption, the place or places where the redemption will be made, including the name and address of the Paying Agent, the redemption price, the CUSIP numbers (if any) assigned to the Bonds to be redeemed, the Bond numbers of the Bonds to be redeemed in whole or in part and, in the case of any Bond to be redeemed in part only, the portion of the Principal Amount of such Bond to be redeemed, and the original issue date, interest rate and stated maturity date of each Bond to be redeemed in whole or in part. Such Redemption Notice shall further state that on the specified date there shall become due and payable upon each Bond or portion thereof being redeemed at the redemption price thereof, together with the interest accrued to the redemption date, and that from and after such date, interest thereon shall cease to accrue.

The Paying Agent shall take the following actions with respect to each such Redemption Notice:

(a) At least 20 but not more than 45 days prior to the redemption date, such Redemption Notice shall be given to the respective Owners of Bonds designated for redemption by registered or certified mail, postage prepaid, at their addresses appearing on the Bond Register.

(b) At least 20 but not more than 45 days prior to the redemption date, such Redemption Notice shall be given by (i) registered or certified mail, postage prepaid, (ii) telephonically confirmed facsimile transmission, or (iii) overnight delivery service, to the Securities Depository.

(c) At least 20 but not more than 45 days prior to the redemption date, such Redemption Notice shall be given by (i) registered or certified mail, postage prepaid, or (ii) overnight delivery service, to one of the Information Services.

(d) Such Redemption Notice shall be given to such other persons as may be required pursuant to the Continuing Disclosure Certificate.

A certificate of the Paying Agent or the District that a Redemption Notice has been given as provided herein shall be conclusive as against all parties. Neither failure to receive any Redemption Notice nor any defect in any such Redemption Notice so given shall affect the sufficiency of the proceedings for the redemption of the affected Bonds. Each check issued or other transfer of funds made by the Paying Agent for the purpose of redeeming Bonds shall bear or include the CUSIP number identifying, by issue and maturity, the Bonds being redeemed with the proceeds of such check or other transfer. Such Redemption Notice may state that no representation is made as to the accuracy or correctness of CUSIP numbers printed thereon, or on the Bonds.

With respect to any notice of optional redemption of Bonds (or portions thereof) pursuant to Section 6(b)(i) hereof, unless upon the giving of such notice such Bonds or portions thereof shall be deemed to have been defeased pursuant to Section 19 hereof, such notice shall state that such redemption shall be conditional upon the receipt by an independent escrow agent selected by the District on or prior to the date fixed for such redemption of the moneys necessary and sufficient to pay the Principal of, and premium, if any, and interest on such Bonds (or portions thereof) to be redeemed, and that if such moneys shall not have been so received said notice shall be of no force and effect, no portion of the Bonds shall be subject to redemption on such date and such Bonds shall not be required to be redeemed on such date. In the event that such Redemption Notice contains such a condition and such moneys are not so received, the redemption shall not be made and the Paying Agent shall within a reasonable time thereafter (but in no event later than the date originally set for redemption) give notice to the persons to whom and in the manner in which the Redemption Notice was given that such moneys were not so received. In addition, the District shall have the right to rescind any Redemption Notice, by written notice to the Paying Agent, on or prior to the date fixed for such redemption. The Paying Agent shall distribute a notice of the rescission of such Redemption Notice in the same manner as such notice was originally provided.

(iv) Partial Redemption of Bonds. Upon the surrender of any Bond redeemed in part only, the Paying Agent shall execute and deliver to the Owner thereof a new Bond or Bonds of like tenor and maturity and of authorized denominations equal in the Transfer Amounts to the unredeemed portion of the Bond surrendered. Such partial redemption shall be valid upon payment of the amount required to be paid to such Owner, and the District shall be released and discharged thereupon from all liability to the extent of such payment.

(v) Effect of Redemption Notice. Notice having been given as aforesaid, and the moneys for the redemption (including the interest accrued to the applicable date of redemption) having been set aside as provided in Section 19 hereof, the Bonds to be redeemed shall become due and payable on such date of redemption.

If on such redemption date, money for the redemption of all the Bonds to be redeemed as provided in Section 6(b) hereof, together with interest accrued to such redemption date, shall be held in trust as provided in Section 19 hereof so as to be available therefor on such redemption date, and if a Redemption Notice thereof shall have been given as aforesaid, then from and after such redemption date, interest on the Bonds to be redeemed shall cease to accrue and become payable. All money held for the redemption of Bonds shall be held in trust for the account of the Owners of the Bonds so to be so redeemed.

(vi) Bonds No Longer Outstanding. When any Bonds (or portions thereof), which have been duly called for redemption prior to maturity under the provisions of this Resolution, or with respect to which irrevocable instructions to call for redemption prior to maturity at the earliest redemption date have been given to the Paying Agent, in form satisfactory to it, and sufficient moneys shall be held irrevocably in trust for the payment of the redemption price of such Bonds or portions thereof, and accrued interest thereon to the date fixed for redemption, all as provided in this Resolution, then such Bonds shall no longer be deemed Outstanding and shall be surrendered to the Paying Agent for cancellation.

All Bonds paid at maturity or redeemed prior to maturity pursuant to the provisions of this Section 6 shall be cancelled upon surrender thereof and be delivered to or upon the order of the District. All or any portion of a Bond purchased by the District shall be cancelled by the Paying Agent.

(c) Book-Entry System.

(i) Election of Book-Entry System. The Bonds shall initially be delivered in the form of a separate single fully-registered bond (which may be typewritten) for each maturity date of such Bonds in an authorized denomination. The ownership of each such Bond shall be registered in the Bond Register in the name of the Nominee, as nominee of the Depository and ownership of the Bonds, and all or any portion thereof may not thereafter be transferred except as provided in Section 6(c)(i)(4).

With respect to book-entry Bonds, the District and the Paying Agent shall have no responsibility or obligation to any Participant or to any person on behalf of which such a Participant holds an interest in such book-entry Bonds. Without limiting the immediately preceding sentence, the District and the Paying Agent shall have no responsibility or obligation with respect to (i) the accuracy of the records of the Depository, the Nominee, or any Participant with respect to any ownership interest in book-entry Bonds, (ii) the delivery to any Participant or any other person, other than an Owner as shown in the Bond Register, of any notice with respect to book-entry Bonds, including any Redemption Notice, (iii) the selection by the Depository and its Participants of the beneficial interests in book-entry Bonds to be prepaid in the event the District redeems the Bonds in part, or (iv) the payment by the Depository or any Participant or any other person, of any amount with respect to Principal of, premium, if any, or interest on the book-entry Bonds. The District and the Paying Agent may treat and consider the person in whose name each book-entry Bond is registered in the Bond Register as the absolute Owner of such book-entry Bond for the purpose of payment of Principal of, premium and interest on and to such Bond, for the purpose of giving notices of redemption and other matters with respect to such Bond, for the purpose of registering transfers with respect to such Bond, and for all other purposes whatsoever. The Paying Agent

shall pay all Principal of, premium, if any, and interest on the Bonds only to or upon the order of the respective Owner, as shown in the Bond Register, or his or her respective attorney duly authorized in writing, and all such payments shall be valid and effective to fully satisfy and discharge the District's obligations with respect to payment of Principal of, premium, if any, and interest on the Bonds to the extent of the sum or sums so paid. No person other than an Owner, as shown in the Bond Register, shall receive a certificate evidencing the obligation to make payments of Principal of, premium, if any, and interest on the Bonds. Upon delivery by the Depository to the Owner and the Paying Agent, of written notice to the effect that the Depository has determined to substitute a new nominee in place of the Nominee, and subject to the provisions herein with respect to the Record Date, the word Nominee in this Resolution shall refer to such nominee of the Depository.

1. Delivery of Letter of Representations. In order to qualify the book-entry Bonds for the Depository's book-entry system, the District and the Paying Agent shall execute and deliver to the Depository a Letter of Representations. The execution and delivery of a Letter of Representations shall not in any way impose upon the District or the Paying Agent any obligation whatsoever with respect to persons having interests in such book-entry Bonds other than the Owners, as shown on the Bond Register. By executing a Letter of Representations, the Paying Agent shall agree to take all action necessary at all times so that the District will be in compliance with all representations of the District in such Letter of Representations. In addition to the execution and delivery of a Letter of Representations, the District and the Paying Agent shall take such other actions, not inconsistent with this Resolution, as are reasonably necessary to qualify book-entry Bonds for the Depository's book-entry program.

2. Selection of Depository. In the event (i) the Depository determines not to continue to act as securities depository for book-entry Bonds, or (ii) the District determines that continuation of the book-entry system is not in the best interest of the Beneficial Owners of the Bonds or the District, then the District will discontinue the book-entry system with the Depository. If the District determines to replace the Depository with another qualified securities depository, the District shall prepare or direct the preparation of a new single, separate, fully registered bond for each maturity date of such Outstanding book-entry Bond, registered in the name of such successor or substitute qualified securities depository or its Nominee as provided in subsection (4) hereof. If the District fails to identify another qualified securities depository to replace the Depository, then the Bonds shall no longer be restricted to being registered in such Bond Register in the name of the Nominee, but shall be registered in whatever name or names the Owners transferring or exchanging such Bonds shall designate, in accordance with the provisions of this Section 6(c).

3. Payments and Notices to Depository. Notwithstanding any other provision of this Resolution to the contrary, so long as all Outstanding Bonds are held in book entry form and registered in the name of the Nominee, all payments by the District or the Paying Agent with respect to Principal of, premium, if any, or interest on the Bonds and all notices with respect to such Bonds, including Redemption Notices, shall be made and given, respectively to the Nominee, as provided in the Letter of Representations or as otherwise required or instructed by the Depository and agreed to by the Paying Agent notwithstanding any inconsistent provisions herein.

4. Transfer of Bonds to Substitute Depository.

(A) The Bonds shall be initially issued as described in the Official Statement described herein. Registered ownership of such Bonds, or any portions thereof, may not thereafter be transferred except:

(1) to any successor of DTC or its nominee, or of any substitute depository designated pursuant to Section 6(c)(i)(4)(A)(2) ("Substitute Depository"); provided that any successor of DTC or Substitute Depository shall be qualified under any applicable laws to provide the service proposed to be provided by it;

(2) to any Substitute Depository, upon (1) the resignation of DTC or its successor (or any Substitute Depository or its successor) from its functions as depository, or (2) a determination by the District that DTC (or its successor) is no longer able to carry out its functions as depository; provided that any such Substitute Depository shall be qualified under any applicable laws to provide the services proposed to be provided by it; or

(3) to any person as provided below, upon (1) the resignation of DTC or its successor (or any Substitute Depository or its successor) from its functions as depository, or (2) a determination by the District that DTC or its successor (or Substitute Depository or its successor) is no longer able to carry out its functions as depository.

(B) In the case of any transfer pursuant to Section 6(c)(i)(4)(A)(1) or (2), upon receipt of all Outstanding Bonds by the Paying Agent, together with a written request of the District to the Paying Agent designating the Substitute Depository, a single new Bond, which the District shall prepare or cause to be prepared, shall be executed and delivered for each maturity of Bonds then Outstanding, registered in the name of such successor or such Substitute Depository or their Nominees, as the case may be, all as specified in such written request of the District. In the case of any transfer pursuant to Section 6(c)(i)(4)(A)(3), upon receipt of all Outstanding Bonds by the Paying Agent, together with a written request of the District to the Paying Agent, new Bonds, which the District shall prepare or cause to be prepared, shall be executed and delivered in such denominations and registered in the names of such persons as are requested in such written request of the District, provided that the Paying Agent shall not be required to deliver such new Bonds within a period of less than sixty (60) days from the date of receipt of such written request from the District.

(C) In the case of a partial redemption or an advance refunding of any Bonds evidencing a portion of the Principal maturing in a particular year, DTC or its successor (or any Substitute Depository or its successor) shall make an appropriate notation on such Bonds indicating the date and amounts of such reduction in Principal, in form acceptable to the Paying Agent, all in accordance with the Letter of Representations. The Paying Agent shall not be liable for such Depository's failure to make such notations or errors in making such notations.

(D) The District and the Paying Agent shall be entitled to treat the person in whose name any Bond is registered as the Owner thereof for all purposes of this Resolution and any applicable laws, notwithstanding any notice to the contrary received by the Paying Agent or the District; and the District and the Paying Agent shall not have responsibility for transmitting payments to, communicating with, notifying, or otherwise dealing with any Beneficial Owners of the Bonds. Neither the District nor the Paying Agent shall have any responsibility or obligation, legal or otherwise, to any such Beneficial Owners or to any other party, including

DTC or its successor (or Substitute Depository or its successor), except to the Owner of any Bonds, and the Paying Agent may rely conclusively on its records as to the identity of the Owners of the Bonds.

SECTION 7. Execution of the Bonds. The Bonds shall be signed by the President of the Board, or other member of the Board authorized to sign on behalf of the President, by their manual or facsimile signature and countersigned by the manual or facsimile signature of the Secretary to or Clerk of the Board, or the designee thereof, all in their official capacities. No Bond shall be valid or obligatory for any purpose or shall be entitled to any security or benefit under this Resolution unless and until the certificate of authentication printed on the Bond is signed by the Paying Agent as authenticating agent. Authentication by the Paying Agent shall be conclusive evidence that the Bond so authenticated has been duly issued, signed and delivered under this Resolution and is entitled to the security and benefit of this Resolution.

SECTION 8. Paying Agent; Transfer and Exchange. So long as any of the Bonds remain Outstanding, the District will cause the Paying Agent to maintain and keep at its designated office all books and records necessary for the registration, exchange and transfer of the Bonds as provided in this Section. Subject to the provisions of Section 9 below, the person in whose name a Bond is registered on the Bond Register shall be regarded as the absolute Owner of that Bond for all purposes of this Resolution. Payment of or on account of the Principal of, premium, if any, and interest on any Bond shall be made only to or upon the order of such Owner; neither the District nor the Paying Agent shall be affected by any notice to the contrary, but the registration may be changed as provided in this Section. All such payments shall be valid and effectual to satisfy and discharge the District's liability upon the Bonds, including interest, to the extent of the amount or amounts so paid.

Any Bond may be exchanged for Bonds of like Series, tenor, maturity and Transfer Amount upon presentation and surrender at the designated office of the Paying Agent, together with a request for exchange signed by the Owner or by a person legally empowered to do so in a form satisfactory to the Paying Agent. A Bond may be transferred on the Bond Register only upon presentation and surrender of the Bond at the designated office of the Paying Agent together with an assignment executed by the Owner or by a person legally empowered to do so in a form satisfactory to the Paying Agent. Upon exchange or transfer, the Paying Agent shall complete, authenticate and deliver a new bond or bonds of like tenor and of any authorized denomination or denominations requested by the Owner equal to the Transfer Amount of the Bond surrendered and bearing or accruing interest at the same rate and maturing on the same date.

If any Bond shall become mutilated, the District, at the expense of the Owner of said Bond, shall execute, and the Paying Agent shall thereupon authenticate and deliver, a new Bond of like Series, tenor, maturity and Transfer Amount in exchange and substitution for the Bond so mutilated, but only upon surrender to the Paying Agent of the Bond so mutilated. If any Bond issued hereunder shall be lost, destroyed or stolen, evidence of such loss, destruction or theft may be submitted to the Paying Agent and, if such evidence be satisfactory to the Paying Agent and indemnity for the Paying Agent and the District satisfactory to the Paying Agent shall be given by the Owner, the District, at the expense of the Owner, shall execute, and the Paying Agent shall thereupon authenticate and deliver, a new Bond of like Series, tenor, maturity and Transfer Amount in lieu of and in substitution for the Bond so lost, destroyed or stolen (or if any such Bond shall have matured or shall have been called for redemption, instead of issuing a substitute Bond the Paying Agent may pay the same without surrender thereof upon receipt of indemnity satisfactory to the Paying Agent and the District). The Paying Agent may require payment of

a reasonable fee for each new Bond issued under this paragraph and of the expenses which may be incurred by the District and the Paying Agent.

If signatures on behalf of the District are required in connection with an exchange or transfer, the Paying Agent shall undertake the exchange or transfer of Bonds only after the new Bonds are signed by the authorized officers of the District. In all cases of exchanged or transferred Bonds, the District shall sign and the Paying Agent shall authenticate and deliver Bonds in accordance with the provisions of this Resolution. All fees and costs of transfer shall be paid by the requesting party. Those charges may be required to be paid before the procedure is begun for the exchange or transfer. All Bonds issued upon any exchange or transfer shall be valid obligations of the District, evidencing the same debt, and entitled to the same security and benefit under this Resolution as the Bonds surrendered upon that exchange or transfer.

Any Bond surrendered to the Paying Agent for payment, retirement, exchange, replacement or transfer shall be cancelled by the Paying Agent. The District may at any time deliver to the Paying Agent for cancellation any previously authenticated and delivered Bonds that the District may have acquired in any manner whatsoever, and those Bonds shall be promptly cancelled by the Paying Agent. Written reports of the surrender and cancellation of Bonds shall be made to the District by the Paying Agent as requested by the District. The cancelled Bonds shall be retained for three years, then destroyed by the Paying Agent as directed by the District.

Neither the District nor the Paying Agent will be required (a) to issue or transfer any Bonds during a period beginning with the opening of business on the 16th day next preceding either any Bond Payment Date or any date of selection of Bonds to be redeemed and ending with the close of business on the Bond Payment Date or any day on which the applicable Redemption Notice is given or (b) to transfer any Bonds which have been selected or called for redemption in whole or in part.

SECTION 9. Payment. Payment of interest on any Bond shall be made on any Bond Payment Date to the person appearing on the registration books of the Paying Agent as the Owner thereof as of the Record Date immediately preceding such Bond Payment Date, such interest to be paid by wire transfer to the bank and account number on file with the Paying Agent as of the Record Date. The Principal, and redemption premiums, if any, payable on the Bonds shall be payable upon maturity or redemption upon surrender at the designated office of the Paying Agent. The Principal of, premiums, if any, and interest on, the Bonds shall be payable in lawful money of the United States of America. The Paying Agent is hereby authorized to pay the Bonds when duly presented for payment at maturity, and to cancel all Bonds upon payment thereof. The Bonds are obligations of the District payable solely from the levy of *ad valorem* property taxes upon all property within the District subject to taxation, which taxes shall be without limit as to rate or amount. The Bonds do not constitute an obligation of the County except as provided in this Resolution, and no part of any fund of the County is pledged or obligated to the payment of the Bonds.

SECTION 10. Forms of Bonds. The Bonds shall be in substantially the form attached as Exhibit A, allowing those officials executing the Bonds to make the insertions and deletions necessary to conform the Bonds to this Resolution, the Purchase Contract and the Official Statement, or to correct or cure any defect, inconsistency, ambiguity or omission therein. Pending the execution, authentication and delivery of definitive Bonds, the Paying Agent is authorized to deliver the Bonds in temporary form and, if so, the Paying Agent shall execute and deliver definitive Bonds in an equal aggregate Principal Amount of authorized denominations, when available, and thereupon the temporary Bonds shall be

surrendered to the Paying Agent. Until so exchanged, the temporary Bonds shall be entitled to the same benefits hereunder as definitive Bonds.

SECTION 11. Delivery of Bonds. The proper officials of the District shall cause the Bonds to be prepared and, following their sale, shall have the Bonds signed and delivered, together with a true transcript of proceedings with reference to the issuance of the Bonds, to the Underwriter upon payment of the purchase price therefor.

SECTION 12. Deposit of Proceeds of Bonds. (a) The purchase price received from the Underwriter pursuant to the Purchase Contract, to the extent of the Principal Amount thereof, shall be paid to the County to the credit of the fund hereby authorized to be created to be known as the "Orinda Union School District Election of 2018 General Obligation Bonds, Measure E Series A Building Fund" (the "Building Fund") of the District, shall be kept separate and distinct from all other District and County funds, and those proceeds shall be used solely for the purpose for which the Bonds are being issued and provided further that such proceeds shall be applied solely to the purposes authorized by the voters of the District at the Election. The County shall have no responsibility for assuring the proper use of the Bond proceeds by the District. At the election of the District, (i) to the extent the Bonds are issued in more than one Series, there shall be created a separate Building Fund for each such Series of Bonds, with appropriate Series designation, and all references herein to the Building Fund shall be deemed to include any Building Fund created for a Series of Bonds, or (ii) the Building Fund may be established as a subaccount of, or otherwise combined with, a fund established by the County for the purpose of holding proceeds of bonds issued pursuant to the 2018 Authorization.

The purchase price received from the Underwriter pursuant to the Purchase Contract, to the extent of any accrued interest and any net original issue premium, shall be paid to the County to the credit of the fund hereby authorized to be created and to be known as the "Orinda Union School District Election of 2018 General Obligation Bonds, Measure E Series A Debt Service Fund" (the "Debt Service Fund") for the Bonds and used for payment of Principal of and interest on the Bonds, and for no other purpose. At the election of the District, (i) to the extent the Bonds are issued in more than one Series, there shall be created a separate Debt Service Fund for each such Series of Bonds, with appropriate Series designation, and all references herein to the Debt Service Fund shall be deemed to include any Debt Service Fund created for a Series of Bonds, or (ii) the Debt Service Fund may be established as a subaccount of, or otherwise with, a fund established by the County for the purpose of holding proceeds of *ad valorem* property tax levies made to pay bonds issued pursuant to the 2018 Authorization.

Interest earnings on monies held in the Building Fund shall be retained in the Building Fund. Interest earnings on monies held in the Debt Service Fund shall be retained in the Debt Service Fund. Any excess proceeds of the Bonds in the Building Fund not needed for the authorized purposes set forth herein for which the Bonds are being issued shall, upon written notice from the District be transferred to the Debt Service Fund and applied to the payment of the Principal of and interest on the Bonds. If, after payment in full of the Bonds, there remain excess proceeds in the Debt Service Fund, any such excess amounts shall be transferred to the general fund of the District as permitted by law.

The costs of issuance of the Bonds are hereby authorized to be paid either by the Underwriter from premium withheld thereby upon the sale of the Bonds, or from the Principal Amount of the Bonds received from the Underwriter. To the extent costs of issuance are paid from such Principal Amount, the District may direct that a portion thereof, in an amount not-to-exceed 2.0% of such Principal Amount, in lieu of being deposited into the Building Fund, be deposited in a costs of issuance account to be held by a fiscal agent of the District appointed for such purpose. Any excess moneys in the cost of issuance

account remaining after payment of all costs of issuance shall be transferred to the County for deposit into the Building Fund or Debt Service Fund, as appropriate.

(b) Subject to federal tax restrictions, all funds held by the County hereunder shall be invested in Permitted Investments pursuant to law and the investment policy of the County. Neither the County nor its officers and agents, as the case may be, shall have any responsibility or obligation to determine the tax consequences of any investment. The District hereby authorizes investments made pursuant to this Resolution with maturities exceeding five years. The interest earned on the moneys deposited in the Building Fund shall be deposited in the Building Fund and used for the purposes of that fund. Except as required to satisfy the requirements of Section 148(f) of the Code, interest earned on the investment of moneys held in the Debt Service Fund shall be retained in the Debt Service Fund and used by the County to pay the Principal of and interest on the Bonds when due.

SECTION 13. Rebate Fund. The following provisions shall apply to any Bonds issued as Tax-Exempt Bonds.

(a) The District shall create and establish a special fund designated the "Orinda Union School District Election of 2018 General Obligation Bonds, Measure E Series A Rebate Fund" (the "Rebate Fund"). All amounts at any time on deposit in the Rebate Fund shall be held in trust, to the extent required to satisfy the requirement to make rebate payments to the United States (the "Rebate Requirement") pursuant to Section 148 of the Code, and the Treasury Regulations promulgated thereunder (the "Treasury Regulations"). Such amounts shall be free and clear of any lien hereunder and shall be governed by this Section and by the Tax Certificate to be executed by the District in connection with the Tax-Exempt Bonds (the "Tax Certificate").

(b) Within 45 days of the end of each fifth Bond Year (as such term is defined in the Tax Certificate), (1) the District shall calculate or cause to be calculated with respect to the Bonds the amount that would be considered the "rebate amount" within the meaning of Section 1.148-3 of the Treasury Regulations, using as the "computation date" for this purpose the end of such Bond Year, and (2) the District shall deposit to the Rebate Fund from amounts on deposit in the other funds established hereunder or from other District funds, if and to the extent required, amounts sufficient to cause the balance in the Rebate Fund to be equal to the "rebate amount" so calculated. The District shall not be required to deposit any amount to the Rebate Fund in accordance with the preceding sentence, if the amount on deposit in the Rebate Fund prior to the deposit required to be made under this subsection (b) equals or exceeds the "rebate amount" calculated in accordance with the preceding sentence. Such excess may be withdrawn from the Rebate Fund to the extent permitted under subsection (g) of this Section. The District shall not be required to calculate the "rebate amount" and shall not be required to deposit any amount to the Rebate Fund in accordance with this subsection (b), with respect to all or a portion of the proceeds of the Bonds (including amounts treated as proceeds of the Bonds) (1) to the extent such proceeds satisfy the expenditure requirements of Section 148(f)(4)(B) or Section 148(f)(4)(C) of the Code or Section 1.148-7(d) of the Treasury Regulations, whichever is applicable, and otherwise qualify for the exception to the Rebate Requirement pursuant to whichever of said sections is applicable, (2) to the extent such proceeds are subject to an election by the District under Section 148(f)(4)(C)(vii) of the Code to pay a one and one-half percent (1½%) penalty in lieu of arbitrage rebate in the event any of the percentage expenditure requirements of Section 148(f)(4)(C) are not satisfied, or (3) to the extent such proceeds qualify for the exception to arbitrage rebate under Section 148(f)(4)(A)(ii) of the Code for amounts in a "bona fide debt service fund." In such event, and with respect to such amounts, the District shall not be required to deposit any amount to the Rebate Fund in accordance with this subsection (b).

(c) Any funds remaining in the Rebate Fund after redemption of all the Bonds and any amounts described in paragraph (2) of subsection (d) of this Section, or provision made therefor satisfactory to the District, including accrued interest, shall be remitted to the District.

(d) Subject to the exceptions contained in subsection (b) of this Section to the requirement to calculate the "rebate amount" and make deposits to the Rebate Fund, the District shall pay to the United States, from amounts on deposit in the Rebate Fund,

(1) not later than 60 days after the end of (i) the fifth Bond Year, and (ii) each fifth Bond Year thereafter, an amount that, together with all previous rebate payments, is equal to at least 90% of the "rebate amount" calculated as of the end of such Bond Year in accordance with Section 1.148-3 of the Treasury Regulations; and

(2) not later than 60 days after the payment of all Bonds, an amount equal to 100% of the "rebate amount" calculated as of the date of such payment (and any income attributable to the "rebate amount" determined to be due and payable) in accordance with Section 1.148-3 of the Treasury Regulations.

(e) In the event that, prior to the time any payment is required to be made from the Rebate Fund, the amount in the Rebate Fund is not sufficient to make such payment when such payment is due, the District shall calculate (or have calculated) the amount of such deficiency and deposit an amount equal to such deficiency into the Rebate Fund prior to the time such payment is due.

(f) Each payment required to be made pursuant to subsection (d) of this Section shall be made to the Internal Revenue Service, on or before the date on which such payment is due, and shall be accompanied by Internal Revenue Service Form 8038-T, such form to be prepared or caused to be prepared by the District.

(g) In the event that immediately following the calculation required by subsection (b) of this Section, but prior to any deposit made under said subsection, the amount on deposit in the Rebate Fund exceeds the "rebate amount" calculated in accordance with said subsection, the District may withdraw the excess from the Rebate Fund and credit such excess to the Debt Service Fund.

(h) The District shall retain records of all determinations made hereunder until three years after the complete retirement of the Bonds.

(i) Notwithstanding anything in this Resolution to the contrary, the Rebate Requirement shall survive the payment in full or defeasance of the Bonds.

SECTION 14. Security for the Bonds. There shall be levied on all the taxable property in the District, in addition to all other taxes, a continuing direct *ad valorem* property tax annually during the period the Bonds are Outstanding in an amount sufficient to pay the Principal of and interest on the Bonds when due, which moneys when collected will be deposited in the Debt Service Fund of the District, and which moneys shall be applied to the payment of the Principal of and interest on the Bonds when and as the same shall fall due, and for no other purpose. The District covenants to cause the County to take all actions necessary to levy such *ad valorem* property tax in accordance with this Section 14. Pursuant to

Government Code Section 53515, the Bonds shall be secured by a statutory lien on all revenues received pursuant to the levy and collection of *ad valorem* taxes for the payment thereof.

Pursuant to Government Code Sections 5450 and 5451, the District hereby pledges all revenues received from the levy and collection *ad valorem* property taxes for the payment of each Series of Bonds and all amounts on deposit in the corresponding Debt Service Fund created pursuant to Section 12 to the payment of such Series of Bonds. Such pledge shall constitute a lien on and security interest in such taxes and amounts in such Debt Service Fund. This pledge shall constitute an agreement between the District and the Owners of such Series of Bonds to provide security for the payment of such Bonds in addition to any statutory lien that may exist.

The moneys in the Debt Service Fund, to the extent necessary to pay the Principal of and interest on the Bonds as the same become due and payable, shall be transferred by the Treasurer-Tax Collector to the Paying Agent which, in turn, shall pay such moneys to DTC to pay such Principal and interest. DTC will thereupon make payments of Principal of and interest on the Bonds to the DTC Participants who will thereupon make payments of such Principal and interest to the Beneficial Owners of the Bonds. Any moneys remaining in the Debt Service Fund after the Bonds and the interest thereon have been paid in full, or provision for such payment has been made, shall be transferred to the general fund of the District, pursuant to the Education Code Section 15234.

SECTION 15. Arbitrage Covenant. The District covenants that it will restrict the use of the proceeds of the Bonds in such manner and to such extent, if any, as may be necessary, so that the Bonds will not constitute arbitrage bonds under Section 148 of the Code and the applicable regulations prescribed thereunder or any predecessor section. Calculations for determining arbitrage requirements are the sole responsibility of the District.

SECTION 16. Conditions Precedent. The Board determines that all acts and conditions necessary to be performed by the Board or to have been met precedent to and in the issuing of the Bonds in order to make them legal, valid and binding general obligations of the District have been performed and have been met, or will at the time of delivery of the Bonds have been performed and have been met, in regular and due form as required by law; and that no statutory or constitutional limitation of indebtedness or taxation will have been exceeded in the issuance of the Bonds.

SECTION 17. Official Statement. The Preliminary Official Statement relating to the Bonds, substantially in the form on file with the Secretary to the Board is hereby approved and the Authorized Officers, each alone, are hereby authorized and directed, for and in the name and on behalf of the District, to deliver such Preliminary Official Statement to the Underwriter to be used in connection with the offering and sale of the Bonds. The Authorized Officers, each alone, are hereby authorized and directed, for and in the name and on behalf of the District, to deem the Preliminary Official Statement "final" pursuant to 15c2-12 of the Securities Exchange Act of 1934, prior to its distribution and to execute and deliver to the Underwriter a final Official Statement, substantially in the form of the Preliminary Official Statement, with such changes therein, deletions therefrom and modifications thereto as the Authorized Officer executing the same shall approve. The Underwriter is hereby authorized to distribute copies of the Preliminary Official Statement to persons who may be interested in the purchase of the Bonds, and such Underwriter is directed to deliver copies of any final Official Statement to the purchasers of the Bonds. Execution of the Official Statement shall conclusively evidence the District's approval of the Official Statement.

SECTION 18. Insurance. In the event the District purchases bond insurance for the Bonds, and to the extent that the Bond Insurer makes payment of the Principal of or interest on the Bonds, it shall become the Owner of such Bonds with the right to payment of such Principal or interest, and shall be fully subrogated to all of the Owners' rights, including the Owners' rights to payment thereof. To evidence such subrogation (i) in the case of subrogation as to claims that were past due interest components, the Paying Agent shall note the Bond Insurer's rights as subrogee on the registration books for the Bonds maintained by the Paying Agent upon receipt of a copy of the cancelled check issued by the Bond Insurer for the payment of such interest to the Owners of the Bonds, and (ii) in the case of subrogation as to claims for past due Principal, the Paying Agent shall note the Bond Insurer as subrogee on the registration books for the Bonds maintained by the Paying Agent upon surrender of the Bonds by the Owners thereof to the Bond Insurer or the insurance trustee for the Bond Insurer.

SECTION 19. Defeasance. All or any portion of the Outstanding maturities of the Bonds may be defeased prior to maturity in the following ways:

(a) Cash: by irrevocably depositing with an independent escrow agent selected by the District an amount of cash which, together with amounts transferred from the Debt Service Fund, if any, is sufficient to pay all Bonds Outstanding and designated for defeasance (including all Principal thereof, accrued interest thereon and redemption premiums, if any) at or before their maturity date; or

(b) Government Obligations: by irrevocably depositing with an independent escrow agent selected by the District noncallable Government Obligations together with amounts transferred from the Debt Service Fund, if any, and any other cash, if required, in such amount as will, together with interest to accrue thereon, in the opinion of an independent certified public accountant, be fully sufficient to pay and discharge all Bonds Outstanding and designated for defeasance (including all Principal thereof, accrued interest thereon and redemption premiums, if any) at or before their maturity date;

then, notwithstanding that any of such Bonds shall not have been surrendered for payment, all obligations of the District with respect to all such designated Outstanding Bonds shall cease and terminate, except only the obligation of the independent escrow agent selected by the District to pay or cause to be paid from funds deposited pursuant to paragraphs (a) or (b) of this Section, to the Owners of such designated Bonds not so surrendered and paid all sums due with respect thereto.

For purposes of this Section, Government Obligations shall mean:

Direct and general obligations of the United States of America, or obligations that are unconditionally guaranteed as to principal and interest by the United States of America (which may consist of obligations of the Resolution Funding Corporation that constitute interest strips), and obligations secured or otherwise guaranteed, directly or indirectly, as to principal and interest by a pledge of the full faith and credit of the United States of America. In the case of direct and general obligations of the United States of America, Government Obligations shall include evidences of direct ownership of proportionate interests in future interest or principal payments of such obligations. Investments in such proportionate interests must be limited to circumstances where (i) a bank or trust company acts as custodian and holds the underlying United States obligations; (ii) the owner of the investment is the real party in interest and has the right to proceed directly and individually against the obligor of the underlying United States obligations; and (iii) the underlying United States obligations are held in a special account, segregated from

the custodian's general assets, and are not available to satisfy any claim of the custodian, any person claiming through the custodian, or any person to whom the custodian may be obligated; provided that such obligations are rated or assessed at least as high as direct and general obligations of the United States of America by either Moody's or S&P.

SECTION 20. Nonliability of County. Notwithstanding anything to the contrary contained herein, in the Bonds or in any other document mentioned herein, neither the County, nor its officials, officers, employees or agents shall have any liability hereunder or by reason hereof or in connection with the transactions contemplated hereby, the Bonds are not a debt of the County or a pledge of the County's full faith and credit, and the Bonds and any liability in connection therewith shall be paid solely from *ad valorem* property taxes lawfully levied to pay the Principal of or interest on the Bonds, which taxes shall be unlimited as to rate or amount.

SECTION 21. Indemnification of County. The District shall defend, indemnify and hold harmless the County, its officials, officers, agents and employees ("Indemnified Parties") against any and all losses, claims, damages or liabilities, joint or several, to which such Indemnified Parties may become subject based in whole or in part upon any acts or omission related to the Bonds, except with regard to the County's responsibilities under Section 23 hereof. The District shall also reimburse the Indemnified Parties for any legal or other costs and expenses incurred in connection with investigating or defending any such claims or liabilities, except with regard to the County's responsibilities under Section 23 hereof.

SECTION 22. Reimbursement of County Costs. The District shall reimburse the County for all costs and expenses incurred by the County, its officials, officers, agents and employees in issuing or otherwise in connection with the issuance of the Bonds.

SECTION 23. Request to County to Levy Tax. The Board of Supervisors and officers of the County are obligated by statute to provide for the levy and collection of *ad valorem* property taxes in each year sufficient to pay all Principal of and interest coming due on the Bonds in such year, and to pay from such taxes all amounts due on the Bonds. The District hereby requests the Board of Supervisors to annually levy a tax upon all taxable property in the District sufficient to pay all such Principal and interest coming due on the Bonds in such year, and to pay from such taxes all amounts due on the Bonds. The Board hereby finds and determines that such *ad valorem* property taxes shall be levied specifically to pay the Bonds being issued to finance specific projects authorized by the voters of the District at the Election.

SECTION 24. Other Actions. (a) Officers of the Board and District officials and staff are hereby authorized and directed, jointly and severally, to do any and all things and to execute and deliver any and all documents which they may deem necessary or advisable in order to proceed with the issuance of the Bonds and otherwise carry out, give effect to and comply with the terms and intent of this Resolution. Such actions heretofore taken by such officers, officials and staff are hereby ratified, confirmed and approved.

(b) The Board hereby appoints the underwriter to be named in the Purchase Contract, as Underwriter, KNN Public Finance LLC, as Municipal Advisor and Stradling Yocca Carlson & Rauth, a Professional Corporation, as Bond Counsel and Disclosure Counsel, all with respect to the issuance of the Bonds.

(c) The provisions of this Resolution as they relate to the Bonds may be amended by the Purchase Contract and the Official Statement.

(d) Based on a good faith estimate from the Municipal Advisor, the District finds that (i) the True Interest Cost of the Bonds (as defined in Government Code Section 5852.1) is expected to be approximately 3.13%, (ii) the total Finance Charge of the Bonds (as defined in Government Code Section 5852.1) is expected to be $182,500.00, (iii) the total proceeds expected to be received by the District from the sale of the Bonds, less the Finance Charge of the Bonds and any reserves or capitalized interest paid or funded with proceeds of the Bonds, is $9,867,500.00, and (iv) the District expects that the Total Payment Amount (as defined in Government Code Section 5852.1), calculated to the final maturity of the Bonds, will be $14,736,016.67. The information presented in this Section 24 (d) is included in satisfaction of Government Code Section 5852.1, and shall not abrogate or otherwise limit any provision of this Resolution.

SECTION 25. Resolution to County Treasurer-Tax Collector. The Secretary to this Board is hereby directed to provide a certified copy of this Resolution to the Treasurer-Tax Collector immediately following its adoption.

SECTION 26. Continuing Disclosure. The District hereby covenants and agrees that it will comply with and carry out all of the provisions of that certain Continuing Disclosure Certificate executed by the District and dated as of the Date of Delivery, as originally executed and as it may be amended from time to time in accordance with the terms thereof. The Board hereby approves the form of the Continuing Disclosure Certificate appended to the form of Preliminary Official Statement on file with the Secretary to the Board as of the date hereof, and the Authorized Officers, each alone, are hereby authorized to execute and deliver such Continuing Disclosure Certificate with such changes therein and modifications thereto as shall be approved by the Underwriter and the Authorized Officer executing the same, such approval to be conclusively evidenced by such execution and delivery. Any Bond Holder may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the District to comply with its obligations under this Section. Noncompliance with this Section shall not result in acceleration of the Bonds.

SECTION 27. Effective Date. This Resolution shall take effect immediately upon its passage.

SECTION 28. Further Actions Authorized. It is hereby covenanted that the District, and its appropriate officials, have duly taken all actions necessary to be taken by them, and will take any additional actions necessary to be taken by them, for carrying out the provisions of this Resolution.

SECTION 29. Recitals. All the recitals in this Resolution above are true and correct and this Board so finds, determines and represents.

This bond is one of an authorization of bonds approved to raise money for the purposes authorized by voters of the District at the Election (defined herein) and to pay all necessary legal, financial, engineering and contingent costs in connection therewith under authority of and pursuant to the laws of the State of California, and the requisite vote of the electors of the District cast at a general election held on November 6, 2018 (the "Election"), upon the question of issuing bonds in the amount of $50,000,000 and the resolution of the Board of Trustees of the District adopted on May 11, 2020 (the "Bond Resolution"). This bond is being issued under the provisions of Article 4.5 of Chapter 3 of Part 1 of Division 2 of Title 5 of the California Government Code. This bond and the issue of which this bond is one are payable as to both principal and interest solely from the proceeds of the levy of *ad valorem* property taxes on all property subject to such taxes in the District, which taxes are unlimited as to rate or amount in accordance with Education Code Sections 15250 and 15252. Neither the District nor the Paying Agent will be required (a) to issue or transfer any Bond during a period beginning with the opening of business on the 16th day next preceding either any Bond Payment Date or any date of selection of Bonds to be redeemed and ending with the close of business on the Bond Payment Date or day on which the applicable notice of redemption is given or (b) to transfer any Bond which has been selected or called for redemption in whole or in part.

WHEREAS, all acts, conditions and things required by law to be done or performed have been done and performed in strict conformity with the laws authorizing the issuance of general obligation bonds of the District, and the indebtedness of the District, including this proposed issue of Bonds, is within all limits prescribed by law;

NOW, THEREFORE, BE IT FOUND, DETERMINED AND RESOLVED BY THE BOARD OF TRUSTEES OF THE ORINDA UNION SCHOOL DISTRICT, CONTRA COSTA COUNTY, CALIFORNIA, AS FOLLOWS:

SECTION 1 Authorization for Issuance of the Bonds. To raise money for the purposes authorized by the voters of the District at the Election and to pay all necessary legal, financial, engineering and contingent costs in connection therewith, the Board hereby authorizes the issuance of the Bonds pursuant to Article 4.5 of Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code in one or more Series of Taxable or Tax-Exempt Current Interest Bonds, with appropriate Series designation if more than one Series is issued, all as more fully set forth in the fully executed Purchase Contract (as defined herein). The Board further orders such Bonds sold such that the Bonds shall be dated as of a date to be determined by an Authorized Officer (defined herein), shall be payable upon such terms and provisions as shall be set forth therein, and shall be in an aggregate principal amount not-to-exceed $10,000,000.

SECTION 2. Paying Agent. The Board hereby appoints the Paying Agent, as defined herein, to serve as the paying agent, bond registrar, transfer agent and authentication agent for the Bonds on behalf of the District. This Board hereby authorizes the payment of the reasonable fees and expenses of the Paying Agent as they shall become due and payable. The fees and expenses of the Paying Agent which are not paid as a cost of issuance of the Bonds may be paid in each year from *ad valorem* property taxes levied and collected for the payment thereof, insofar as permitted by law, including specifically by Education Code Section 15232.

SECTION 4. Approval of Purchase Contract. The Purchase Contract (defined herein) by and between the District and the Underwriter (defined herein), substantially in the form on file with the Secretary to the Board, is hereby approved and the Authorized Officers, each alone, are hereby authorized and requested to execute and deliver the Purchase Contract, with such changes therein, deletions therefrom and modifications thereto as the Authorized Officer executing the same may approve, such approval to be conclusively evidenced by his or her execution and delivery thereof; provided, however, (i) that the maximum interest rates on the Bonds shall not exceed the maximum rate permitted by law and (ii) the underwriting discount on the Bonds, excluding original issue discount, shall not exceed 0.8% of the aggregate principal amount of Bonds actually issued. The Authorized Officers, each alone, are further authorized to determine the principal amount of the Bonds to be specified in the Purchase Contract for sale by the District up to $10,000,000 and to enter into and execute the Purchase Contract with the Underwriter, if the conditions set forth in this Resolution are satisfied.

Each Bond shall be dated as of the Date of Delivery, and shall bear interest at the rates set forth in the Purchase Contract or the Official Statement, from the Bond Payment Date next preceding the date of authentication thereof unless it is authenticated during the period from the 16th day of the month next

preceding any Bond Payment Date to that Bond Payment Date, inclusive, in which event it shall bear interest from such Bond Payment Date, or unless it is authenticated on or before the first Record Date, in which event it shall bear interest from its Date of Delivery. Interest shall be payable on the respective Bond Payment Dates and shall be calculated on the basis of a 360-day year of 12, 30-day months.

Notwithstanding any other provision herein, the ratio of total debt service to principal for each Series of Bonds shall not exceed four-to-one. To the extent the issuance of Bonds includes Long Current Interest Bonds, the useful life of any facility financed with such Long Current Interest Bonds will equal or exceed the maturity of such Long Current Interest Bonds.

(b) Redemption.

(i) Terms of Redemption. The Bonds shall be subject to optional and/or mandatory sinking fund redemption prior to maturity as provided in the Purchase Contract or the Official Statement.

(ii) Selection of Bonds for Redemption. Whenever provision is made in this Resolution for the optional redemption of Bonds and less than all Outstanding Bonds are to be redeemed, the Paying Agent, upon written instruction from the District, shall select Bonds for redemption as so directed and if not directed, in inverse order of maturity. Within a maturity, the Paying Agent shall select Bonds for redemption as directed by the District and, if not so directed, by lot. Redemption by lot shall be in such manner as the Paying Agent shall determine; provided, however, that with respect to redemption by lot, that the portion of any Bond to be redeemed in part shall be in the Principal Amount of $5,000 or any integral multiple thereof.

The Purchase Contract may provide that (i) in the event that any portion of a Term Bond is optionally redeemed prior to maturity, the remaining mandatory sinking fund payments with respect to such Bond shall be reduced proportionately, or as otherwise directed by the District, in integral multiples of $5,000 principal amount, in respect to the portion of such Bond optionally redeemed, or (ii) within a maturity, Bonds shall be selected for redemption on a "Pro Rata Pass-Through Distribution of Principal" basis in accordance with DTC procedures, provided further that, such redemption is made in accordance with the operational arrangements of DTC then in effect.

(iii) Redemption Notice. When optional redemption is authorized pursuant to Section 6(b) hereof, the Paying Agent, upon written instruction from the District, shall give notice (a "Redemption Notice") of the redemption of the Bonds. Such Redemption Notice shall specify: the Bonds or designated portions thereof (in the case of redemption of the Bonds in part but not in whole) which are to be redeemed, the date of redemption, the place or places where the redemption will be made, including the name and address of the Paying Agent, the redemption price, the CUSIP numbers (if any) assigned to the Bonds to be redeemed, the Bond numbers of the Bonds to be redeemed in whole or in part and, in the case of any Bond to be redeemed in part only, the portion of the Principal Amount of such Bond to be redeemed, and the original issue date, interest rate and stated maturity date of each Bond to be redeemed in whole or in part. Such Redemption Notice shall further state that on the specified date there shall become due and payable upon each Bond or portion thereof being redeemed at the redemption price thereof, together with the interest accrued to the redemption date, and that from and after such date, interest thereon shall cease to accrue.

The Paying Agent shall take the following actions with respect to each such Redemption Notice:

(a) At least 20 but not more than 45 days prior to the redemption date, such Redemption Notice shall be given to the respective Owners of Bonds designated for redemption by registered or certified mail, postage prepaid, at their addresses appearing on the Bond Register.

(b) At least 20 but not more than 45 days prior to the redemption date, such Redemption Notice shall be given by (i) registered or certified mail, postage prepaid, (ii) telephonically confirmed facsimile transmission, or (iii) overnight delivery service, to the Securities Depository.

(c) At least 20 but not more than 45 days prior to the redemption date, such Redemption Notice shall be given by (i) registered or certified mail, postage prepaid, or (ii) overnight delivery service, to one of the Information Services.

(d) Such Redemption Notice shall be given to such other persons as may be required pursuant to the Continuing Disclosure Certificate.

A certificate of the Paying Agent or the District that a Redemption Notice has been given as provided herein shall be conclusive as against all parties. Neither failure to receive any Redemption Notice nor any defect in any such Redemption Notice so given shall affect the sufficiency of the proceedings for the redemption of the affected Bonds. Each check issued or other transfer of funds made by the Paying Agent for the purpose of redeeming Bonds shall bear or include the CUSIP number identifying, by issue and maturity, the Bonds being redeemed with the proceeds of such check or other transfer. Such Redemption Notice may state that no representation is made as to the accuracy or correctness of CUSIP numbers printed thereon, or on the Bonds.

With respect to any notice of optional redemption of Bonds (or portions thereof) pursuant to Section 6(b)(i) hereof, unless upon the giving of such notice such Bonds or portions thereof shall be deemed to have been defeased pursuant to Section 19 hereof, such notice shall state that such redemption shall be conditional upon the receipt by an independent escrow agent selected by the District on or prior to the date fixed for such redemption of the moneys necessary and sufficient to pay the Principal of, and premium, if any, and interest on such Bonds (or portions thereof) to be redeemed, and that if such moneys shall not have been so received said notice shall be of no force and effect, no portion of the Bonds shall be subject to redemption on such date and such Bonds shall not be required to be redeemed on such date. In the event that such Redemption Notice contains such a condition and such moneys are not so received, the redemption shall not be made and the Paying Agent shall within a reasonable time thereafter (but in no event later than the date originally set for redemption) give notice to the persons to whom and in the manner in which the Redemption Notice was given that such moneys were not so received. In addition, the District shall have the right to rescind any Redemption Notice, by written notice to the Paying Agent, on or prior to the date fixed for such redemption. The Paying Agent shall distribute a notice of the rescission of such Redemption Notice in the same manner as such notice was originally provided.

(iv) Partial Redemption of Bonds. Upon the surrender of any Bond redeemed in part only, the Paying Agent shall execute and deliver to the Owner thereof a new Bond or Bonds of like tenor and maturity and of authorized denominations equal in the Transfer Amounts to the unredeemed portion of the Bond surrendered. Such partial redemption shall be valid upon payment of the amount required to be paid to such Owner, and the District shall be released and discharged thereupon from all liability to the extent of such payment.

(v) Effect of Redemption Notice. Notice having been given as aforesaid, and the moneys for the redemption (including the interest accrued to the applicable date of redemption) having been set aside as provided in Section 19 hereof, the Bonds to be redeemed shall become due and payable on such date of redemption.

If on such redemption date, money for the redemption of all the Bonds to be redeemed as provided in Section 6(b) hereof, together with interest accrued to such redemption date, shall be held in trust as provided in Section 19 hereof so as to be available therefor on such redemption date, and if a Redemption Notice thereof shall have been given as aforesaid, then from and after such redemption date, interest on the Bonds to be redeemed shall cease to accrue and become payable. All money held for the redemption of Bonds shall be held in trust for the account of the Owners of the Bonds so to be so redeemed.

(vi) Bonds No Longer Outstanding. When any Bonds (or portions thereof), which have been duly called for redemption prior to maturity under the provisions of this Resolution, or with respect to which irrevocable instructions to call for redemption prior to maturity at the earliest redemption date have been given to the Paying Agent, in form satisfactory to it, and sufficient moneys shall be held irrevocably in trust for the payment of the redemption price of such Bonds or portions thereof, and accrued interest thereon to the date fixed for redemption, all as provided in this Resolution, then such Bonds shall no longer be deemed Outstanding and shall be surrendered to the Paying Agent for cancellation.

All Bonds paid at maturity or redeemed prior to maturity pursuant to the provisions of this Section 6 shall be cancelled upon surrender thereof and be delivered to or upon the order of the District. All or any portion of a Bond purchased by the District shall be cancelled by the Paying Agent.

(c) Book-Entry System.

(i) Election of Book-Entry System. The Bonds shall initially be delivered in the form of a separate single fully-registered bond (which may be typewritten) for each maturity date of such Bonds in an authorized denomination. The ownership of each such Bond shall be registered in the Bond Register in the name of the Nominee, as nominee of the Depository and ownership of the Bonds, and all or any portion thereof may not thereafter be transferred except as provided in Section 6(c)(i)(4).

With respect to book-entry Bonds, the District and the Paying Agent shall have no responsibility or obligation to any Participant or to any person on behalf of which such a Participant holds an interest in such book-entry Bonds. Without limiting the immediately preceding sentence, the District and the Paying Agent shall have no responsibility or obligation with respect to (i) the accuracy of the records of the Depository, the Nominee, or any Participant with respect to any ownership interest in book-entry Bonds, (ii) the delivery to any Participant or any other person, other than an Owner as shown in the Bond Register, of any notice with respect to book-entry Bonds, including any Redemption Notice, (iii) the selection by the Depository and its Participants of the beneficial interests in book-entry Bonds to be prepaid in the event the District redeems the Bonds in part, or (iv) the payment by the Depository or any Participant or any other person, of any amount with respect to Principal of, premium, if any, or interest on the book-entry Bonds. The District and the Paying Agent may treat and consider the person in whose name each book-entry Bond is registered in the Bond Register as the absolute Owner of such book-entry Bond for the purpose of payment of Principal of, premium and interest on and to such Bond, for the purpose of giving notices of redemption and other matters with respect to such Bond, for the purpose of registering transfers with respect to such Bond, and for all other purposes whatsoever. The Paying Agent

shall pay all Principal of, premium, if any, and interest on the Bonds only to or upon the order of the respective Owner, as shown in the Bond Register, or his or her respective attorney duly authorized in writing, and all such payments shall be valid and effective to fully satisfy and discharge the District's obligations with respect to payment of Principal of, premium, if any, and interest on the Bonds to the extent of the sum or sums so paid. No person other than an Owner, as shown in the Bond Register, shall receive a certificate evidencing the obligation to make payments of Principal of, premium, if any, and interest on the Bonds. Upon delivery by the Depository to the Owner and the Paying Agent, of written notice to the effect that the Depository has determined to substitute a new nominee in place of the Nominee, and subject to the provisions herein with respect to the Record Date, the word Nominee in this Resolution shall refer to such nominee of the Depository.

1. Delivery of Letter of Representations. In order to qualify the book-entry Bonds for the Depository's book-entry system, the District and the Paying Agent shall execute and deliver to the Depository a Letter of Representations. The execution and delivery of a Letter of Representations shall not in any way impose upon the District or the Paying Agent any obligation whatsoever with respect to persons having interests in such book-entry Bonds other than the Owners, as shown on the Bond Register. By executing a Letter of Representations, the Paying Agent shall agree to take all action necessary at all times so that the District will be in compliance with all representations of the District in such Letter of Representations. In addition to the execution and delivery of a Letter of Representations, the District and the Paying Agent shall take such other actions, not inconsistent with this Resolution, as are reasonably necessary to qualify book-entry Bonds for the Depository's book-entry program.

2. Selection of Depository. In the event (i) the Depository determines not to continue to act as securities depository for book-entry Bonds, or (ii) the District determines that continuation of the book-entry system is not in the best interest of the Beneficial Owners of the Bonds or the District, then the District will discontinue the book-entry system with the Depository. If the District determines to replace the Depository with another qualified securities depository, the District shall prepare or direct the preparation of a new single, separate, fully registered bond for each maturity date of such Outstanding book-entry Bond, registered in the name of such successor or substitute qualified securities depository or its Nominee as provided in subsection (4) hereof. If the District fails to identify another qualified securities depository to replace the Depository, then the Bonds shall no longer be restricted to being registered in such Bond Register in the name of the Nominee, but shall be registered in whatever name or names the Owners transferring or exchanging such Bonds shall designate, in accordance with the provisions of this Section 6(c).

3. Payments and Notices to Depository. Notwithstanding any other provision of this Resolution to the contrary, so long as all Outstanding Bonds are held in book entry form and registered in the name of the Nominee, all payments by the District or the Paying Agent with respect to Principal of, premium, if any, or interest on the Bonds and all notices with respect to such Bonds, including Redemption Notices, shall be made and given, respectively to the Nominee, as provided in the Letter of Representations or as otherwise required or instructed by the Depository and agreed to by the Paying Agent notwithstanding any inconsistent provisions herein.

4. Transfer of Bonds to Substitute Depository.

(A) The Bonds shall be initially issued as described in the Official Statement described herein. Registered ownership of such Bonds, or any portions thereof, may not thereafter be transferred except:

(1) to any successor of DTC or its nominee, or of any substitute depository designated pursuant to Section 6(c)(i)(4)(A)(2) ("Substitute Depository"); provided that any successor of DTC or Substitute Depository shall be qualified under any applicable laws to provide the service proposed to be provided by it;

(2) to any Substitute Depository, upon (1) the resignation of DTC or its successor (or any Substitute Depository or its successor) from its functions as depository, or (2) a determination by the District that DTC (or its successor) is no longer able to carry out its functions as depository; provided that any such Substitute Depository shall be qualified under any applicable laws to provide the services proposed to be provided by it; or

(3) to any person as provided below, upon (1) the resignation of DTC or its successor (or any Substitute Depository or its successor) from its functions as depository, or (2) a determination by the District that DTC or its successor (or Substitute Depository or its successor) is no longer able to carry out its functions as depository.

(B) In the case of any transfer pursuant to Section 6(c)(i)(4)(A)(1) or (2), upon receipt of all Outstanding Bonds by the Paying Agent, together with a written request of the District to the Paying Agent designating the Substitute Depository, a single new Bond, which the District shall prepare or cause to be prepared, shall be executed and delivered for each maturity of Bonds then Outstanding, registered in the name of such successor or such Substitute Depository or their Nominees, as the case may be, all as specified in such written request of the District. In the case of any transfer pursuant to Section 6(c)(i)(4)(A)(3), upon receipt of all Outstanding Bonds by the Paying Agent, together with a written request of the District to the Paying Agent, new Bonds, which the District shall prepare or cause to be prepared, shall be executed and delivered in such denominations and registered in the names of such persons as are requested in such written request of the District, provided that the Paying Agent shall not be required to deliver such new Bonds within a period of less than sixty (60) days from the date of receipt of such written request from the District.

(C) In the case of a partial redemption or an advance refunding of any Bonds evidencing a portion of the Principal maturing in a particular year, DTC or its successor (or any Substitute Depository or its successor) shall make an appropriate notation on such Bonds indicating the date and amounts of such reduction in Principal, in form acceptable to the Paying Agent, all in accordance with the Letter of Representations. The Paying Agent shall not be liable for such Depository's failure to make such notations or errors in making such notations.

(D) The District and the Paying Agent shall be entitled to treat the person in whose name any Bond is registered as the Owner thereof for all purposes of this Resolution and any applicable laws, notwithstanding any notice to the contrary received by the Paying Agent or the District; and the District and the Paying Agent shall not have responsibility for transmitting payments to, communicating with, notifying, or otherwise dealing with any Beneficial Owners of the Bonds. Neither the District nor the Paying Agent shall have any responsibility or obligation, legal or otherwise, to any such Beneficial Owners or to any other party, including

DTC or its successor (or Substitute Depository or its successor), except to the Owner of any Bonds, and the Paying Agent may rely conclusively on its records as to the identity of the Owners of the Bonds.

SECTION 7. Execution of the Bonds. The Bonds shall be signed by the President of the Board, or other member of the Board authorized to sign on behalf of the President, by their manual or facsimile signature and countersigned by the manual or facsimile signature of the Secretary to or Clerk of the Board, or the designee thereof, all in their official capacities. No Bond shall be valid or obligatory for any purpose or shall be entitled to any security or benefit under this Resolution unless and until the certificate of authentication printed on the Bond is signed by the Paying Agent as authenticating agent. Authentication by the Paying Agent shall be conclusive evidence that the Bond so authenticated has been duly issued, signed and delivered under this Resolution and is entitled to the security and benefit of this Resolution.

SECTION 8. Paying Agent; Transfer and Exchange. So long as any of the Bonds remain Outstanding, the District will cause the Paying Agent to maintain and keep at its designated office all books and records necessary for the registration, exchange and transfer of the Bonds as provided in this Section. Subject to the provisions of Section 9 below, the person in whose name a Bond is registered on the Bond Register shall be regarded as the absolute Owner of that Bond for all purposes of this Resolution. Payment of or on account of the Principal of, premium, if any, and interest on any Bond shall be made only to or upon the order of such Owner; neither the District nor the Paying Agent shall be affected by any notice to the contrary, but the registration may be changed as provided in this Section. All such payments shall be valid and effectual to satisfy and discharge the District's liability upon the Bonds, including interest, to the extent of the amount or amounts so paid.

Any Bond may be exchanged for Bonds of like Series, tenor, maturity and Transfer Amount upon presentation and surrender at the designated office of the Paying Agent, together with a request for exchange signed by the Owner or by a person legally empowered to do so in a form satisfactory to the Paying Agent. A Bond may be transferred on the Bond Register only upon presentation and surrender of the Bond at the designated office of the Paying Agent together with an assignment executed by the Owner or by a person legally empowered to do so in a form satisfactory to the Paying Agent. Upon exchange or transfer, the Paying Agent shall complete, authenticate and deliver a new bond or bonds of like tenor and of any authorized denomination or denominations requested by the Owner equal to the Transfer Amount of the Bond surrendered and bearing or accruing interest at the same rate and maturing on the same date.

If any Bond shall become mutilated, the District, at the expense of the Owner of said Bond, shall execute, and the Paying Agent shall thereupon authenticate and deliver, a new Bond of like Series, tenor, maturity and Transfer Amount in exchange and substitution for the Bond so mutilated, but only upon surrender to the Paying Agent of the Bond so mutilated. If any Bond issued hereunder shall be lost, destroyed or stolen, evidence of such loss, destruction or theft may be submitted to the Paying Agent and, if such evidence be satisfactory to the Paying Agent and indemnity for the Paying Agent and the District satisfactory to the Paying Agent shall be given by the Owner, the District, at the expense of the Owner, shall execute, and the Paying Agent shall thereupon authenticate and deliver, a new Bond of like Series, tenor, maturity and Transfer Amount in lieu of and in substitution for the Bond so lost, destroyed or stolen (or if any such Bond shall have matured or shall have been called for redemption, instead of issuing a substitute Bond the Paying Agent may pay the same without surrender thereof upon receipt of indemnity satisfactory to the Paying Agent and the District). The Paying Agent may require payment of

a reasonable fee for each new Bond issued under this paragraph and of the expenses which may be incurred by the District and the Paying Agent.

If signatures on behalf of the District are required in connection with an exchange or transfer, the Paying Agent shall undertake the exchange or transfer of Bonds only after the new Bonds are signed by the authorized officers of the District. In all cases of exchanged or transferred Bonds, the District shall sign and the Paying Agent shall authenticate and deliver Bonds in accordance with the provisions of this Resolution. All fees and costs of transfer shall be paid by the requesting party. Those charges may be required to be paid before the procedure is begun for the exchange or transfer. All Bonds issued upon any exchange or transfer shall be valid obligations of the District, evidencing the same debt, and entitled to the same security and benefit under this Resolution as the Bonds surrendered upon that exchange or transfer.

Any Bond surrendered to the Paying Agent for payment, retirement, exchange, replacement or transfer shall be cancelled by the Paying Agent. The District may at any time deliver to the Paying Agent for cancellation any previously authenticated and delivered Bonds that the District may have acquired in any manner whatsoever, and those Bonds shall be promptly cancelled by the Paying Agent. Written reports of the surrender and cancellation of Bonds shall be made to the District by the Paying Agent as requested by the District. The cancelled Bonds shall be retained for three years, then destroyed by the Paying Agent as directed by the District.

Neither the District nor the Paying Agent will be required (a) to issue or transfer any Bonds during a period beginning with the opening of business on the 16th day next preceding either any Bond Payment Date or any date of selection of Bonds to be redeemed and ending with the close of business on the Bond Payment Date or any day on which the applicable Redemption Notice is given or (b) to transfer any Bonds which have been selected or called for redemption in whole or in part.

SECTION 9. Payment. Payment of interest on any Bond shall be made on any Bond Payment Date to the person appearing on the registration books of the Paying Agent as the Owner thereof as of the Record Date immediately preceding such Bond Payment Date, such interest to be paid by wire transfer to the bank and account number on file with the Paying Agent as of the Record Date. The Principal, and redemption premiums, if any, payable on the Bonds shall be payable upon maturity or redemption upon surrender at the designated office of the Paying Agent. The Principal of, premiums, if any, and interest on, the Bonds shall be payable in lawful money of the United States of America. The Paying Agent is hereby authorized to pay the Bonds when duly presented for payment at maturity, and to cancel all Bonds upon payment thereof. The Bonds are obligations of the District payable solely from the levy of *ad valorem* property taxes upon all property within the District subject to taxation, which taxes shall be without limit as to rate or amount. The Bonds do not constitute an obligation of the County except as provided in this Resolution, and no part of any fund of the County is pledged or obligated to the payment of the Bonds.

SECTION 10. Forms of Bonds. The Bonds shall be in substantially the form attached as Exhibit A, allowing those officials executing the Bonds to make the insertions and deletions necessary to conform the Bonds to this Resolution, the Purchase Contract and the Official Statement, or to correct or cure any defect, inconsistency, ambiguity or omission therein. Pending the execution, authentication and delivery of definitive Bonds, the Paying Agent is authorized to deliver the Bonds in temporary form and, if so, the Paying Agent shall execute and deliver definitive Bonds in an equal aggregate Principal Amount of authorized denominations, when available, and thereupon the temporary Bonds shall be

surrendered to the Paying Agent. Until so exchanged, the temporary Bonds shall be entitled to the same benefits hereunder as definitive Bonds.

SECTION 11. Delivery of Bonds. The proper officials of the District shall cause the Bonds to be prepared and, following their sale, shall have the Bonds signed and delivered, together with a true transcript of proceedings with reference to the issuance of the Bonds, to the Underwriter upon payment of the purchase price therefor.

SECTION 12. Deposit of Proceeds of Bonds. (a) The purchase price received from the Underwriter pursuant to the Purchase Contract, to the extent of the Principal Amount thereof, shall be paid to the County to the credit of the fund hereby authorized to be created to be known as the "Orinda Union School District Election of 2018 General Obligation Bonds, Measure I Series A Building Fund" (the "Building Fund") of the District, shall be kept separate and distinct from all other District and County funds, and those proceeds shall be used solely for the purpose for which the Bonds are being issued and provided further that such proceeds shall be applied solely to the purposes authorized by the voters of the District at the Election. The County shall have no responsibility for assuring the proper use of the Bond proceeds by the District. At the election of the District, (i) to the extent the Bonds are issued in more than one Series, there shall be created a separate Building Fund for each such Series of Bonds, with appropriate Series designation, and all references herein to the Building Fund shall be deemed to include any Building Fund created for a Series of Bonds, or (ii) the Building Fund may be established as a subaccount of, or otherwise combined with, a fund established by the County for the purpose of holding proceeds of bonds issued pursuant to the 2018 Authorization.

The purchase price received from the Underwriter pursuant to the Purchase Contract, to the extent of any accrued interest and any net original issue premium, shall be paid to the County to the credit of the fund hereby authorized to be created and to be known as the "Orinda Union School District Election of 2018 General Obligation Bonds, Measure I Series A Debt Service Fund" (the "Debt Service Fund") for the Bonds and used for payment of Principal of and interest on the Bonds, and for no other purpose. At the election of the District, (i) to the extent the Bonds are issued in more than one Series, there shall be created a separate Debt Service Fund for each such Series of Bonds, with appropriate Series designation, and all references herein to the Debt Service Fund shall be deemed to include any Debt Service Fund created for a Series of Bonds, or (ii) the Debt Service Fund may be established as a subaccount of, or otherwise with, a fund established by the County for the purpose of holding proceeds of *ad valorem* property tax levies made to pay bonds issued pursuant to the 2018 Authorization.

Interest earnings on monies held in the Building Fund shall be retained in the Building Fund. Interest earnings on monies held in the Debt Service Fund shall be retained in the Debt Service Fund. Any excess proceeds of the Bonds in the Building Fund not needed for the authorized purposes set forth herein for which the Bonds are being issued shall, upon written notice from the District be transferred to the Debt Service Fund and applied to the payment of the Principal of and interest on the Bonds. If, after payment in full of the Bonds, there remain excess proceeds in the Debt Service Fund, any such excess amounts shall be transferred to the general fund of the District as permitted by law.

The costs of issuance of the Bonds are hereby authorized to be paid either by the Underwriter from premium withheld thereby upon the sale of the Bonds, or from the Principal Amount of the Bonds received from the Underwriter. To the extent costs of issuance are paid from such Principal Amount, the District may direct that a portion thereof, in an amount not-to-exceed 2.0% of such Principal Amount, in lieu of being deposited into the Building Fund, be deposited in a costs of issuance account to be held by a fiscal agent of the District appointed for such purpose. Any excess moneys in the cost of issuance

account remaining after payment of all costs of issuance shall be transferred to the County for deposit into the Building Fund or Debt Service Fund, as appropriate.

(b) Subject to federal tax restrictions, all funds held by the County hereunder shall be invested in Permitted Investments pursuant to law and the investment policy of the County. Neither the County nor its officers and agents, as the case may be, shall have any responsibility or obligation to determine the tax consequences of any investment. The District hereby authorizes investments made pursuant to this Resolution with maturities exceeding five years. The interest earned on the moneys deposited in the Building Fund shall be deposited in the Building Fund and used for the purposes of that fund. Except as required to satisfy the requirements of Section 148(f) of the Code, interest earned on the investment of moneys held in the Debt Service Fund shall be retained in the Debt Service Fund and used by the County to pay the Principal of and interest on the Bonds when due.

SECTION 13. Rebate Fund. The following provisions shall apply to any Bonds issued as Tax-Exempt Bonds.

(a) The District shall create and establish a special fund designated the "Orinda Union School District Election of 2018 General Obligation Bonds, Measure I Series A Rebate Fund" (the "Rebate Fund"). All amounts at any time on deposit in the Rebate Fund shall be held in trust, to the extent required to satisfy the requirement to make rebate payments to the United States (the "Rebate Requirement") pursuant to Section 148 of the Code, and the Treasury Regulations promulgated thereunder (the "Treasury Regulations"). Such amounts shall be free and clear of any lien hereunder and shall be governed by this Section and by the Tax Certificate to be executed by the District in connection with the Tax-Exempt Bonds (the "Tax Certificate").

(b) Within 45 days of the end of each fifth Bond Year (as such term is defined in the Tax Certificate), (1) the District shall calculate or cause to be calculated with respect to the Bonds the amount that would be considered the "rebate amount" within the meaning of Section 1.148-3 of the Treasury Regulations, using as the "computation date" for this purpose the end of such Bond Year, and (2) the District shall deposit to the Rebate Fund from amounts on deposit in the other funds established hereunder or from other District funds, if and to the extent required, amounts sufficient to cause the balance in the Rebate Fund to be equal to the "rebate amount" so calculated. The District shall not be required to deposit any amount to the Rebate Fund in accordance with the preceding sentence, if the amount on deposit in the Rebate Fund prior to the deposit required to be made under this subsection (b) equals or exceeds the "rebate amount" calculated in accordance with the preceding sentence. Such excess may be withdrawn from the Rebate Fund to the extent permitted under subsection (g) of this Section. The District shall not be required to calculate the "rebate amount" and shall not be required to deposit any amount to the Rebate Fund in accordance with this subsection (b), with respect to all or a portion of the proceeds of the Bonds (including amounts treated as proceeds of the Bonds) (1) to the extent such proceeds satisfy the expenditure requirements of Section 148(f)(4)(B) or Section 148(f)(4)(C) of the Code or Section 1.148-7(d) of the Treasury Regulations, whichever is applicable, and otherwise qualify for the exception to the Rebate Requirement pursuant to whichever of said sections is applicable, (2) to the extent such proceeds are subject to an election by the District under Section 148(f)(4)(C)(vii) of the Code to pay a one and one-half percent (1½%) penalty in lieu of arbitrage rebate in the event any of the percentage expenditure requirements of Section 148(f)(4)(C) are not satisfied, or (3) to the extent such proceeds qualify for the exception to arbitrage rebate under Section 148(f)(4)(A)(ii) of the Code for amounts in a "bona fide debt service fund." In such event, and with respect to such amounts, the District shall not be required to deposit any amount to the Rebate Fund in accordance with this subsection (b).

(c) Any funds remaining in the Rebate Fund after redemption of all the Bonds and any amounts described in paragraph (2) of subsection (d) of this Section, or provision made therefor satisfactory to the District, including accrued interest, shall be remitted to the District.

(d) Subject to the exceptions contained in subsection (b) of this Section to the requirement to calculate the "rebate amount" and make deposits to the Rebate Fund, the District shall pay to the United States, from amounts on deposit in the Rebate Fund,

(1) not later than 60 days after the end of (i) the fifth Bond Year, and (ii) each fifth Bond Year thereafter, an amount that, together with all previous rebate payments, is equal to at least 90% of the "rebate amount" calculated as of the end of such Bond Year in accordance with Section 1.148-3 of the Treasury Regulations; and

(2) not later than 60 days after the payment of all Bonds, an amount equal to 100% of the "rebate amount" calculated as of the date of such payment (and any income attributable to the "rebate amount" determined to be due and payable) in accordance with Section 1.148-3 of the Treasury Regulations.

(e) In the event that, prior to the time any payment is required to be made from the Rebate Fund, the amount in the Rebate Fund is not sufficient to make such payment when such payment is due, the District shall calculate (or have calculated) the amount of such deficiency and deposit an amount equal to such deficiency into the Rebate Fund prior to the time such payment is due.

(f) Each payment required to be made pursuant to subsection (d) of this Section shall be made to the Internal Revenue Service, on or before the date on which such payment is due, and shall be accompanied by Internal Revenue Service Form 8038-T, such form to be prepared or caused to be prepared by the District.

(g) In the event that immediately following the calculation required by subsection (b) of this Section, but prior to any deposit made under said subsection, the amount on deposit in the Rebate Fund exceeds the "rebate amount" calculated in accordance with said subsection, the District may withdraw the excess from the Rebate Fund and credit such excess to the Debt Service Fund.

(h) The District shall retain records of all determinations made hereunder until three years after the complete retirement of the Bonds.

(i) Notwithstanding anything in this Resolution to the contrary, the Rebate Requirement shall survive the payment in full or defeasance of the Bonds.

SECTION 14. Security for the Bonds. There shall be levied on all the taxable property in the District, in addition to all other taxes, a continuing direct *ad valorem* property tax annually during the period the Bonds are Outstanding in an amount sufficient to pay the Principal of and interest on the Bonds when due, which moneys when collected will be deposited in the Debt Service Fund of the District, and which moneys shall be applied to the payment of the Principal of and interest on the Bonds when and as the same shall fall due, and for no other purpose. The District covenants to cause the County to take all actions necessary to levy such *ad valorem* property tax in accordance with this Section 14. Pursuant to

Government Code Section 53515, the Bonds shall be secured by a statutory lien on all revenues received pursuant to the levy and collection of *ad valorem* taxes for the payment thereof.

Pursuant to Government Code Sections 5450 and 5451, the District hereby pledges all revenues received from the levy and collection *ad valorem* property taxes for the payment of each Series of Bonds and all amounts on deposit in the corresponding Debt Service Fund created pursuant to Section 12 to the payment of such Series of Bonds. Such pledge shall constitute a lien on and security interest in such taxes and amounts in such Debt Service Fund. This pledge shall constitute an agreement between the District and the Owners of such Series of Bonds to provide security for the payment of such Bonds in addition to any statutory lien that may exist.

The moneys in the Debt Service Fund, to the extent necessary to pay the Principal of and interest on the Bonds as the same become due and payable, shall be transferred by the Treasurer-Tax Collector to the Paying Agent which, in turn, shall pay such moneys to DTC to pay such Principal and interest. DTC will thereupon make payments of Principal of and interest on the Bonds to the DTC Participants who will thereupon make payments of such Principal and interest to the Beneficial Owners of the Bonds. Any moneys remaining in the Debt Service Fund after the Bonds and the interest thereon have been paid in full, or provision for such payment has been made, shall be transferred to the general fund of the District, pursuant to the Education Code Section 15234.

SECTION 15. Arbitrage Covenant. The District covenants that it will restrict the use of the proceeds of the Bonds in such manner and to such extent, if any, as may be necessary, so that the Bonds will not constitute arbitrage bonds under Section 148 of the Code and the applicable regulations prescribed thereunder or any predecessor section. Calculations for determining arbitrage requirements are the sole responsibility of the District.

SECTION 16. Conditions Precedent. The Board determines that all acts and conditions necessary to be performed by the Board or to have been met precedent to and in the issuing of the Bonds in order to make them legal, valid and binding general obligations of the District have been performed and have been met, or will at the time of delivery of the Bonds have been performed and have been met, in regular and due form as required by law; and that no statutory or constitutional limitation of indebtedness or taxation will have been exceeded in the issuance of the Bonds.

SECTION 17. Official Statement. The Preliminary Official Statement relating to the Bonds, substantially in the form on file with the Secretary to the Board is hereby approved and the Authorized Officers, each alone, are hereby authorized and directed, for and in the name and on behalf of the District, to deliver such Preliminary Official Statement to the Underwriter to be used in connection with the offering and sale of the Bonds. The Authorized Officers, each alone, are hereby authorized and directed, for and in the name and on behalf of the District, to deem the Preliminary Official Statement "final" pursuant to 15c2-12 of the Securities Exchange Act of 1934, prior to its distribution and to execute and deliver to the Underwriter a final Official Statement, substantially in the form of the Preliminary Official Statement, with such changes therein, deletions therefrom and modifications thereto as the Authorized Officer executing the same shall approve. The Underwriter is hereby authorized to distribute copies of the Preliminary Official Statement to persons who may be interested in the purchase of the Bonds, and such Underwriter is directed to deliver copies of any final Official Statement to the purchasers of the Bonds. Execution of the Official Statement shall conclusively evidence the District's approval of the Official Statement.

SECTION 18. Insurance. In the event the District purchases bond insurance for the Bonds, and to the extent that the Bond Insurer makes payment of the Principal of or interest on the Bonds, it shall become the Owner of such Bonds with the right to payment of such Principal or interest, and shall be fully subrogated to all of the Owners' rights, including the Owners' rights to payment thereof. To evidence such subrogation (i) in the case of subrogation as to claims that were past due interest components, the Paying Agent shall note the Bond Insurer's rights as subrogee on the registration books for the Bonds maintained by the Paying Agent upon receipt of a copy of the cancelled check issued by the Bond Insurer for the payment of such interest to the Owners of the Bonds, and (ii) in the case of subrogation as to claims for past due Principal, the Paying Agent shall note the Bond Insurer as subrogee on the registration books for the Bonds maintained by the Paying Agent upon surrender of the Bonds by the Owners thereof to the Bond Insurer or the insurance trustee for the Bond Insurer.

SECTION 19. Defeasance. All or any portion of the Outstanding maturities of the Bonds may be defeased prior to maturity in the following ways:

(a) Cash: by irrevocably depositing with an independent escrow agent selected by the District an amount of cash which, together with amounts transferred from the Debt Service Fund, if any, is sufficient to pay all Bonds Outstanding and designated for defeasance (including all Principal thereof, accrued interest thereon and redemption premiums, if any) at or before their maturity date; or

(b) Government Obligations: by irrevocably depositing with an independent escrow agent selected by the District noncallable Government Obligations together with amounts transferred from the Debt Service Fund, if any, and any other cash, if required, in such amount as will, together with interest to accrue thereon, in the opinion of an independent certified public accountant, be fully sufficient to pay and discharge all Bonds Outstanding and designated for defeasance (including all Principal thereof, accrued interest thereon and redemption premiums, if any) at or before their maturity date;

then, notwithstanding that any of such Bonds shall not have been surrendered for payment, all obligations of the District with respect to all such designated Outstanding Bonds shall cease and terminate, except only the obligation of the independent escrow agent selected by the District to pay or cause to be paid from funds deposited pursuant to paragraphs (a) or (b) of this Section, to the Owners of such designated Bonds not so surrendered and paid all sums due with respect thereto.

For purposes of this Section, Government Obligations shall mean:

Direct and general obligations of the United States of America, or obligations that are unconditionally guaranteed as to principal and interest by the United States of America (which may consist of obligations of the Resolution Funding Corporation that constitute interest strips), and obligations secured or otherwise guaranteed, directly or indirectly, as to principal and interest by a pledge of the full faith and credit of the United States of America. In the case of direct and general obligations of the United States of America, Government Obligations shall include evidences of direct ownership of proportionate interests in future interest or principal payments of such obligations. Investments in such proportionate interests must be limited to circumstances where (i) a bank or trust company acts as custodian and holds the underlying United States obligations; (ii) the owner of the investment is the real party in interest and has the right to proceed directly and individually against the obligor of the underlying United States obligations; and (iii) the underlying United States obligations are held in a special account, segregated from

the custodian's general assets, and are not available to satisfy any claim of the custodian, any person claiming through the custodian, or any person to whom the custodian may be obligated; provided that such obligations are rated or assessed at least as high as direct and general obligations of the United States of America by either Moody's or S&P.

SECTION 20. Nonliability of County. Notwithstanding anything to the contrary contained herein, in the Bonds or in any other document mentioned herein, neither the County, nor its officials, officers, employees or agents shall have any liability hereunder or by reason hereof or in connection with the transactions contemplated hereby, the Bonds are not a debt of the County or a pledge of the County's full faith and credit, and the Bonds and any liability in connection therewith shall be paid solely from *ad valorem* property taxes lawfully levied to pay the Principal of or interest on the Bonds, which taxes shall be unlimited as to rate or amount.

SECTION 21. Indemnification of County. The District shall defend, indemnify and hold harmless the County, its officials, officers, agents and employees ("Indemnified Parties") against any and all losses, claims, damages or liabilities, joint or several, to which such Indemnified Parties may become subject based in whole or in part upon any acts or omission related to the Bonds, except with regard to the County's responsibilities under Section 23 hereof. The District shall also reimburse the Indemnified Parties for any legal or other costs and expenses incurred in connection with investigating or defending any such claims or liabilities, except with regard to the County's responsibilities under Section 23 hereof.

SECTION 22. Reimbursement of County Costs. The District shall reimburse the County for all costs and expenses incurred by the County, its officials, officers, agents and employees in issuing or otherwise in connection with the issuance of the Bonds.

SECTION 23. Request to County to Levy Tax. The Board of Supervisors and officers of the County are obligated by statute to provide for the levy and collection of *ad valorem* property taxes in each year sufficient to pay all Principal of and interest coming due on the Bonds in such year, and to pay from such taxes all amounts due on the Bonds. The District hereby requests the Board of Supervisors to annually levy a tax upon all taxable property in the District sufficient to pay all such Principal and interest coming due on the Bonds in such year, and to pay from such taxes all amounts due on the Bonds. The Board hereby finds and determines that such *ad valorem* property taxes shall be levied specifically to pay the Bonds being issued to finance specific projects authorized by the voters of the District at the Election.

SECTION 24. Other Actions. (a) Officers of the Board and District officials and staff are hereby authorized and directed, jointly and severally, to do any and all things and to execute and deliver any and all documents which they may deem necessary or advisable in order to proceed with the issuance of the Bonds and otherwise carry out, give effect to and comply with the terms and intent of this Resolution. Such actions heretofore taken by such officers, officials and staff are hereby ratified, confirmed and approved.

(b) The Board hereby appoints the underwriter to be named in the Purchase Contract, as Underwriter, KNN Public Finance LLC, as Municipal Advisor and Stradling Yocca Carlson & Rauth, a Professional Corporation, as Bond Counsel and Disclosure Counsel, all with respect to the issuance of the Bonds.

(c) The provisions of this Resolution as they relate to the Bonds may be amended by the Purchase Contract and the Official Statement.

(d) Based on a good faith estimate from the Municipal Advisor, the District finds that (i) the True Interest Cost of the Bonds (as defined in Government Code Section 5852.1) is expected to be approximately 3.13%, (ii) the total Finance Charge of the Bonds (as defined in Government Code Section 5852.1) is expected to be $167,500.00, (iii) the total proceeds expected to be received by the District from the sale of the Bonds, less the Finance Charge of the Bonds and any reserves or capitalized interest paid or funded with proceeds of the Bonds, is $9,882,500.00, and (iv) the District expects that the Total Payment Amount (as defined in Government Code Section 5852.1), calculated to the final maturity of the Bonds, will be $14,736,016.67. The information presented in this Section 24 (d) is included in satisfaction of Government Code Section 5852.1, and shall not abrogate or otherwise limit any provision of this Resolution.

SECTION 25. Resolution to County Treasurer-Tax Collector. The Secretary to this Board is hereby directed to provide a certified copy of this Resolution to the Treasurer-Tax Collector immediately following its adoption.

SECTION 26. Continuing Disclosure. The District hereby covenants and agrees that it will comply with and carry out all of the provisions of that certain Continuing Disclosure Certificate executed by the District and dated as of the Date of Delivery, as originally executed and as it may be amended from time to time in accordance with the terms thereof. The Board hereby approves the form of the Continuing Disclosure Certificate appended to the form of Preliminary Official Statement on file with the Secretary to the Board as of the date hereof, and the Authorized Officers, each alone, are hereby authorized to execute and deliver such Continuing Disclosure Certificate with such changes therein and modifications thereto as shall be approved by the Underwriter and the Authorized Officer executing the same, such approval to be conclusively evidenced by such execution and delivery. Any Bond Holder may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the District to comply with its obligations under this Section. Noncompliance with this Section shall not result in acceleration of the Bonds.

SECTION 27. Effective Date. This Resolution shall take effect immediately upon its passage.

SECTION 28. Further Actions Authorized. It is hereby covenanted that the District, and its appropriate officials, have duly taken all actions necessary to be taken by them, and will take any additional actions necessary to be taken by them, for carrying out the provisions of this Resolution.

SECTION 29. Recitals. All the recitals in this Resolution above are true and correct and this Board so finds, determines and represents.

Dear Ms. Anderson and Mr. Watts:

As you know, Nixon Peabody LLP (the "Firm") represents Contra Costa County (the "County" or "you") as bond counsel with respect to various transactions and you have recently requested we act as counsel with respect to the County's role in assisting with school district financings under the California Education Code (the "County matters"). We have been authorized to disclose to you that the Firm represents West Contra Costa Unified School District (the "District") as bond and disclosure counsel in connection with the proposed issuance of West Contra Costa Unified School District General Obligation Bonds, 2010 Election, 2020 Series F, and West Contra Costa Unified School District General Obligation Bonds General Obligation Bonds, 2012 Election, 2020 Series E (the "Bonds").

Under the ethics rules that apply to all lawyers, the Firm may not oppose a current client, even on an unrelated matter, without informed consent. While we do not view you and the District to be in opposition with respect to the issuance of the Bonds, we are proceeding with this waiver so that the relationship is clear to all parties and to confirm that all parties are comfortable with the arrangement. This means that we must explain to the District and the County the risks and reasonably available alternatives of consenting and that we cannot proceed unless the District and you consent. The most likely alternative to your consent to our representation of you in connection with the Bonds is that you or the District will need to seek and engage new lawyers for this matter.

In deciding whether to consent, you should consider how our representation of the District as described above could or might affect you. For example, clients that are asked to waive or consent to conflicts typically should consider whether there is any material risk that "their"

attorney will be less zealous or eager on their behalf due to the conflict. Similarly, clients should consider whether there is any material risk that their confidential information will be used adversely to them due to the conflict. The County matters and the Firm's representation of the District with respect to the Bonds will be handled by different attorneys within the Firm. For this reason, we do not believe that there is any material risk that our commitment and dedication to your interests will be adversely affected, and we believe that we will be able to provide competent and diligent representation to you. Nevertheless, these are issues that you should consider for yourself.

In connection with the Firm's duty of loyalty to its clients, it has an obligation to share any information it may have that is relevant to the representation. In this case, however, that duty conflicts with the Firm's obligation to maintain the confidentiality of information of the District. Therefore, by granting your consent, you will be agreeing that you understand that we will not provide confidential information of the District to you even though it may be material to your interests.

We agree that any privileged, sensitive, proprietary, or other confidential information of a nonpublic nature acquired by us as a result of our representation of you will not be transmitted to the District.

You agree that the Firm may continue to represent the District in other matters not involving you and may represent you in other matters not involving the School District. You furthermore agree that the Firm may represent the District in connection with the Bonds, and that the Firm may simultaneously act as counsel to the County to advise it with respect to its responsibilities with respect to the Bonds. If any litigation, arbitration or other adversary proceeding or claim arises between the District and the County with respect to issuance of the Bonds the Firm will not act as counsel to either the District or you with regard to any such proceeding.

Although there is no requirement that you do so, you may want to consult with independent counsel before deciding whether to consent.

Please review this matter carefully. If you have any questions that you would like me to answer prior to reaching a decision on this issue, please let me know. If you are willing to consent after such review as you believe appropriate, please sign a copy of this letter in the space provided and return it to me.

Sincerely,

Travis C. Gibbs

I hereby consent to the terms of representation set forth above:

In the event the Authorized Officers of the County and the Authorized Officers of the District, determine that the Bonds, or any portion or series of Bonds, should be issued on a tax-exempt basis, in order to maintain the exclusion from gross income for federal income tax purposes of interest on such Bonds, the District has, pursuant to the District Resolution, covenanted to comply with each applicable requirement of Section 103 and Sections 141 through 150 of the Code. The District has agreed to deliver instructions to the Paying Agent as may be necessary in order to comply with the Nonarbitrage Certificate.

SECTION 11. Book-Entry System.

(a) The Bonds shall be initially issued in the form of a separate single fully registered Bond for each of the series and maturities of the Bonds. Separate Bonds may be issued to represent Bonds maturing in the same years, if any.

Upon initial issuance, the ownership of each such global Bond shall be registered in the Bond Register in the name of the Nominee as nominee of the Depository. Except as provided in subsection (c) hereof, all of the Outstanding Bonds shall be registered in the Bond Register in the name of the Nominee and the Bonds may be transferred, in whole but not in part,

only to the Depository, to a successor Depository or to another nominee of the Depository or of a successor Depository. Each Bond shall bear a legend describing restrictions on transfer, as may be prescribed by the Depository.

With respect to Bonds registered in the Bond Register in the name of the Nominee, the County shall have no responsibility or obligation to any Participant or to any person on behalf of which such a Participant holds a beneficial interest in the Bonds. Without limiting the immediately preceding sentence, the District shall have no responsibility or obligation with respect to (i) the accuracy of the records of the Depository, the Nominee or any Participant with respect to any beneficial ownership interest in the Bonds, (ii) the delivery to any Participant, beneficial owner or any other person, other than the Depository, of any notice with respect to the Bonds, including any Redemption Notice (as defined in Section 28 below), (iii) the selection by the Depository and the Participants of the beneficial interests in the Bonds to be redeemed in part, or (iv) the payment to any Participant, beneficial owner or any other person, other than the Depository, of any amount with respect to Principal of, premium, if any, and interest on the Bonds. The District and the Paying Agent may treat and consider the person in whose name each Bond is registered in the Bond Register as the holder and absolute Owner of such Bond for the purpose of payment of Principal of, premium, if any, and interest on such Bond, for the purpose of giving Redemption Notices and other notices with respect to such Bond, and for all other purposes whatsoever, including, without limitation, registering transfers with respect to the Bonds.

The Paying Agent shall pay all Principal of, premium, if any, and interest on the Bonds only to the respective Owners, as shown in the Bond Register, and all such payments shall be valid hereunder with respect to payment of Principal of, premium, if any, and interest on the Bonds to the extent of the sum or sums so paid. No person other than an Owner, as shown in the Bond Register, shall receive a Bond evidencing the obligation to make payments of Principal of, premium, if any, and interest on the Bonds, pursuant to this Resolution. Upon delivery by the Depository to the Paying Agent and the County of written notice to the effect that the Depository has determined to substitute a new nominee in place of the Nominee, and subject to the provisions hereof with respect to Record Dates, the word "Nominee" in this Resolution shall refer to such new nominee of the Depository.

(b) In order to qualify the Bonds for the Depository's book-entry system, the District is hereby authorized to execute and deliver, or shall have executed and delivered, to such Depository a letter from the District representing such matters as shall be necessary to so qualify the Bonds (the "**Representation Letter**"). The execution and delivery of the Representation Letter shall not in any way limit the provisions of subsection (a) hereof or in any other way impose upon the County any obligation whatsoever with respect to persons having beneficial interests in the Bonds other than the Owners, as shown in the Bond Register. In addition to the execution and delivery of the Representation Letter, the District, the County and the Authorized Officers of each are hereby authorized to take any other actions, not inconsistent with this Resolution, to qualify the Bonds for the Depository's book-entry program.

(c) If at any time, the Depository notifies the County that it is unwilling or unable to continue as Depository with respect to the Bonds or if at any time the Depository shall no longer be registered or in good standing under the Securities Exchange Act of 1934, as

amended, or other applicable statute or regulation and a successor Depository is not appointed by the District within 90 days after the County receives notice or becomes aware of such condition, as the case may be, subsection (a) hereof shall no longer be applicable and the County shall cause the issuance of bonds representing the Bonds as provided below. In addition, the County may determine at any time that the Bonds shall no longer be represented by book-entry securities and that the provisions of subsection (a) hereof shall no longer apply to the Bonds. In any such event, the County shall cause the execution and delivery of certificated securities representing the Bonds as provided below. Bonds issued in exchange for global bonds pursuant to this subsection (c) shall be registered in such names and delivered in such denominations as the Depository shall instruct the County. The County shall cause delivery of such certificated securities representing the Bonds to the persons in whose names such Bonds are so registered.

If the County determines to replace the Depository with another qualified securities depository, the County shall prepare or cause to be prepared a new fully registered global Bond for each of the maturities of the Bonds, registered in the name of such successor or substitute securities depository or its nominee, or make such other arrangements as are acceptable to the County and such securities depository and not inconsistent with the terms of this Resolution.

(d) Notwithstanding any other provision of this Resolution to the contrary, so long as any Bond is registered in the name of the Nominee, all payments of Principal of, premium, if any, and interest on such Bond and all notices with respect to such Bond shall be made and given, respectively, as provided in the Representation Letter or as otherwise instructed by the Depository.

(e) The initial Depository under this Resolution shall be DTC. The initial Nominee shall be Cede & Co., as nominee of DTC.

(f) The County, the District and the Paying Agent shall have no responsibility for transmitting payments to, communicating with, notifying, or otherwise dealing with any beneficial owners of the Bonds, and neither the County, the District nor the Paying Agent shall have any responsibility or obligation, legal or otherwise, to the beneficial owners or to any other party, including the Depository or its Nominee, for any failure of the Depository or its Nominee to provide notices, distribute payments on the Bonds nor take other actions concerning the beneficial owners of the Bonds, which are the responsibility of the Depository and its Nominee.

SECTION 12. Execution of the Bonds.

(a) The Bonds shall be executed by the facsimile or manual signature of the Chairperson of the Board and the facsimile or manual signature of the Treasurer, and countersigned by the the facsimile or manual signature of the Clerk of the Board. All signatures and countersignatures of the Chairperson, Treasurer and Clerk may be signed by facsimile signature, but in such event shall be manually signed by the Paying Agent as authenticating agent. In case any one or more of the Authorized Officers of the County who shall have signed any of the Bonds shall cease to be such officer before the Bonds so signed shall have been issued on behalf of the District, such Bonds may, nevertheless, be issued, as herein provided, as if the Authorized Officers of the County who signed such Bonds had not ceased to hold such offices.

Any of the Bonds may be signed on behalf of the County by such persons as at the time of the execution of such Bonds shall be duly authorized to hold or shall hold the proper offices in the County, although at the date borne by the Bonds, such persons may not have been so authorized or have held such offices.

(b) The Bonds shall bear thereon a certificate of authentication executed manually by the Paying Agent. Only such Bonds as shall bear thereon such certificate of authentication duly executed by the Paying Agent shall be entitled to any right or benefit under this Resolution and no Bond shall be valid or obligatory for any purpose until such certificate of authentication shall have been duly executed by the Paying Agent, which shall be conclusive evidence that the Bond so authorized has been duly authenticated and delivered under this Resolution and that the Owner thereof is entitled to the benefit of this Resolution.

SECTION 13. Transfer and Exchange. The registration of any Bond may be transferred upon the Bond Register upon surrender of such Bond to the Paying Agent. Such Bond shall be endorsed or accompanied by delivery of the written instrument of transfer shown in Exhibit A hereto, duly executed by the Owner or his or her duly authorized attorney, and payment of such reasonable transfer fees as the Paying Agent may establish. Upon such registration of transfer, a new Bond or Bonds, of like tenor and maturity in the same Principal Amount and interest rate and in Authorized Denominations will be executed and delivered to the transferee in exchange therefor.

The Paying Agent shall deem and treat the person in whose name any Outstanding Bond shall be registered upon the Bond Register as the absolute owner of such Bond, whether the Principal of and premium, if any, or interest on such Bond shall be overdue or not, for the purpose of receiving payment of Principal of and, premium, if any, and interest on such Bond and for all other purposes, and any such payments so made to any such Owner or upon his or her order shall be valid and effective to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid, and the District or the Paying Agent shall not be affected by any notice to the contrary.

Bonds may be exchanged at the office of the Paying Agent for Bonds of like series, tenor, maturity and Principal Amount of other Authorized Denominations. All Bonds surrendered in any such exchange shall thereupon be cancelled by the Paying Agent. The Paying Agent may charge the Owner a reasonable sum for each new Bond executed and delivered upon any exchange (except in the case of the first exchange of any Bond in the form in which it is originally delivered, for which no charge shall be imposed) and the Paying Agent may require the payment by the Owner requesting such exchange of any tax or other governmental charge required to be paid with respect to such exchange.

The Paying Agent shall not be required to register the transfer or exchange of any Bond (i) during the period beginning at the close of business on any Record Date through the close of business on the immediately following Interest Payment Date, or (ii) that has been called or is subject to being called for redemption, during a period beginning at the opening of business 15 days before any selection of Bonds to be redeemed through the close of business on the applicable redemption date, except for the unredeemed portion of any Bond to be redeemed only in part.

SECTION 14. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Bond shall become mutilated, the Paying Agent, at the expense of the Owner, shall deliver a new Bond of like date, interest rate, maturity, Principal Amount and tenor as the Bond so mutilated in exchange and substitution for such mutilated Bond, upon surrender and cancellation thereof. All Bonds so surrendered shall be cancelled. If any Bond shall be destroyed, stolen or lost, evidence of such destruction, theft or loss may be submitted to the Paying Agent and if such evidence is satisfactory to the Paying Agent that such Bond has been destroyed, stolen or lost, and upon furnishing the Paying Agent with indemnity satisfactory to the Paying Agent and complying with such other reasonable regulations as the Paying Agent may prescribe and paying such expenses as the Paying Agent may incur, the Paying Agent shall, at the expense of the Owner, execute and deliver a new Bond of like series, date, interest rate, maturity, Principal Amount and tenor in lieu of and in substitution for the Bond so destroyed, stolen or lost. Any new Bonds issued pursuant to this Section in substitution for Bonds alleged to be destroyed, stolen or lost shall constitute original additional contractual obligations on the part of the District, whether or not the Bonds so alleged to be destroyed, stolen or lost are at any time enforceable by anyone, and shall be equally secured by and entitled to equal and proportionate benefits with all other Bonds issued under this Resolution in any moneys or securities held by the Paying Agent for the benefit of the Owners of the Bonds.

SECTION 15. Bond Register. The Paying Agent shall keep or cause to be kept at its office sufficient books for the registration, exchange and transfer of the Bonds. Upon presentation for registration of transfer, the Paying Agent shall, as above provided and under such reasonable regulations as it may prescribe subject to the provisions hereof, register or register the transfer of the Bonds, or cause the same to be registered or cause the registration of the same to be transferred, on such books. While the Bonds are held in the book-entry system, and the Bond Register is held by the Depository, the Paying Agent is not required to keep the Bond Register.

SECTION 16. Temporary Bonds. The Bonds may be initially issued in temporary form exchangeable for definitive Bonds when ready for delivery. The temporary Bonds may be printed, lithographed or typewritten, shall be of such authorized denominations as may be determined by the County and the District, and may contain such reference to any of the provisions of this Resolution as may be appropriate. Every temporary Bond shall be executed by the County and authenticated by the Paying Agent upon the same conditions and in substantially the same manner as the definitive Bonds. If the County issues temporary Bonds, it will execute and furnish definitive Bonds without delay and thereupon the temporary Bonds shall be surrendered, for cancellation, in exchange for the definitive Bonds at the office of the Paying Agent or at such other location as the Paying Agent shall designate, and the Paying Agent shall authenticate and deliver in exchange for such temporary Bonds an equal aggregate principal amount of definitive Bonds of authorized denominations. Until so exchanged, the temporary Bonds shall be entitled to the same benefits under this Resolution as definitive Bonds authenticated and delivered hereunder.

SECTION 17. Unclaimed Money. All money which the Paying Agent shall have received from any source and set aside for the purpose of paying or redeeming any of the Bonds shall be held in trust for the respective Owners of such Bonds, but subject to the escheat laws of the State, any money which shall be so set aside or deposited by the Paying Agent and which

shall remain unclaimed by the Owners of such Bonds for a period of one year after the date on which any payment or redemption price with respect to such Bonds shall have become due and payable shall be transferred to the General Fund of the District; provided, however, that the Paying Agent, before making such payment, shall cause notice to be mailed to the Owners of such Bonds, by first-class mail, postage prepaid, not less than 90 days prior to the date of such payment to the effect that said money has not been claimed and that after a date named therein any unclaimed balance of said money then remaining will be transferred to the General Fund. Thereafter, the Owners of such Bonds shall look only to the General Fund for payment of such Bonds, which payment shall in no event exceed the amount transferred pursuant to this Section.

SECTION 18. Application of Proceeds.

(a) Upon the sale of the 2010 Bonds and the 2012 Bonds and at the further written instruction of an Authorized Officer, the Treasurer is hereby directed to deposit the designated net proceeds thereof, exclusive of accrued interest and any original issue premium, into separate funds hereby created and established and to be designated as the "West Contra Costa Unified School District 2010 Election, 2020 Series F Building Fund" (the "**2010 Election Building Fund**") and the "West Contra Costa Unified School District 2012 Election, 2020 Series E Building Fund" (the "**2012 Election Building Fund**" and, together with the 2010 Election Building Fund, each a "**Building Fund**"), respectively. The District shall, from time to time, disburse or cause to be disbursed amounts from the 2010 Election Building Fund to pay Project Costs for the 2010 Projects; and shall, from time to time, disburse or cause to be disbursed amounts from the 2012 Election Building Fund to pay Project Costs for the 2012 Projects. Amounts in each Building Fund shall be invested so as to be available for the aforementioned disbursements provided that the disbursement schedule is provided to the Treasurer prior to investing the proceeds. The District shall keep a written record of disbursements from each Building Fund, as required by State law and the Code. Any amounts that remain in a Building Fund following the completion of the related Projects shall be transferred to the related Debt Service Fund to be used to pay the Principal of, and premium, if any, and interest on the related series of Bonds, subject to any conditions set forth in the Nonarbitrage Certificate.

(b) Accrued interest, if any, and except as shall otherwise be directed by the District in accordance with applicable law, any original issue premium received by the District from the sale of the 2010 Bonds and the 2012 Bonds, shall be kept separate and apart in the separate funds hereby created and established and to be designated as the "West Contra Costa Unified School District 2010 Election, 2020 Series F Debt Service Fund" (the "**2010 Election Debt Service Fund**") and the "West Contra Costa Unified School District 2012 Election, 2020 Series E Debt Service Fund" (the "**2012 Election Debt Service Fund**" and, together with the 2010 Election Debt Service Fund, each a "**Debt Service Fund**"). Amounts in the 2010 Election Debt Service Fund may be used only for payment of Principal of and interest on the 2010 Bonds, and amounts in the 2012 Election Debt Service Fund may be used only for payment of Principal of and interest on the 2012 Bonds. Any excess proceeds of either series of Bonds not needed for the authorized purposes set forth herein for which such series of Bonds is being issued, shall be transferred to the related Debt Service Fund and applied to the payment of the Principal of and interest on the related series of Bonds. The Auditor-Controller is directed to create any accounts and subaccounts in the Debt Service Funds as provided in the Nonarbitrage Certificate.

(c) All Pledged Moneys (defined below) shall be deposited upon collection by the County into the related Debt Service Fund and used for the payment of the Principal of, premium, if any, and interest on the Bonds sold under the related Authorization.

(d) On or before the Business Day immediately preceding each Interest Payment Date, the District shall transfer or cause to be transferred from the related Debt Service Fund to the Paying Agent, an amount, in immediately available funds, sufficient to pay all the Principal of, premium, if any, and interest on the Bonds coming due (collectively, the "**Debt Service**") on such Interest Payment Date. Debt Service on the Bonds shall be paid by the Paying Agent in the manner provided by law for the payment of Debt Service.

(e) The District shall cause moneys to be transferred to the Excess Earnings Fund, to the extent needed to comply with the Nonarbitrage Certificate. Any amounts on deposit in the Debt Service Fund when there are no longer any Bonds of the related Series Outstanding shall be transferred to the General Fund of the District subject to any conditions set forth in the Nonarbitrage Certificate.

(f) Certain proceeds of the Bonds may be applied to pay Costs of Issuance as provided in Section 21 below.

(g) Except as required to satisfy the requirements of Section 148(f) of the Code or to comply with the provisions of any Nonarbitrage Certificate, interest earned on the investment of monies held in the Debt Service Funds shall be retained in the respective Debt Service Fund and used to pay the Principal of and interest on the Bonds authorized under the applicable Election when due.

SECTION 19. Payment of and Security for the Bonds. There shall be levied on all the taxable property in the District, in addition to all other taxes, a continuing direct *ad valorem* property tax annually during the period the Bonds are Outstanding in an amount sufficient, together with moneys on deposit in the applicable Debt Service Fund and available for such purpose, to pay the Principal of and interest on the Bonds when due, which monies when collected will be placed in the applicable Debt Service Fund of the District and are each irrevocably pledged for the payment of the Principal of and interest on the Bonds when and as the same shall become due (the "**Pledged Moneys**"). When collected by the County, Pledged Moneys will be placed in the applicable Debt Service Fund. The property taxes and amounts collected shall be immediately subject to this pledge, and the pledge shall constitute a lien and security interest which shall immediately attach to the property taxes and amounts held in each Debt Service Fund when collected, to secure the payment of the respective series of Bonds, and shall be effective, binding and enforceable against the District, its successors, creditors and all others, irrespective of whether those parties have notice of the pledge and without the need for any physical delivery, recordation, filing or further act. The Bonds are obligations of the District payable solely from the levy of *ad valorem* property taxes upon all property within the District subject to taxation (except certain property which is taxable at limited rates). The tax levy may include an allowance for a reasonably required reserve in accordance with the Nonarbitrage Certificate, established for the purpose of ensuring that the tax or assessment actually collected is sufficient to pay the annual debt service requirements on the Bonds due in such year. The County

shall take all actions necessary to levy such *ad valorem* tax in accordance with this Section and Section 15140 of the Education Code and Section 53508.7 of the Government Code.

Except as required below to satisfy the requirements of Section 148(f) of the Code, interest earned on the investment of monies held in each Debt Service Fund shall be retained in such Debt Service Fund and used to pay Principal of and premium, if any, and interest on the respective series of Bonds when due.

This pledge is an agreement between the District and the Owners to provide security for the Bonds in addition to any statutory lien that may exist, and the Bonds and each of the other bonds secured by the pledge are or were issued to finance one or more of the projects specified in the applicable Measure approved at the Election.

SECTION 20. Establishment and Application of Excess Earnings Fund. There is hereby established in trust a special fund designated "West Contra Costa Unified School District General Obligation Bonds, 2020 Excess Earnings Fund" (the "**Excess Earnings Fund**") which shall be held by the Treasurer for the account of the District and which shall be kept separate and apart from all other funds and accounts held hereunder. The District shall have the obligation to manage the Excess Earnings Fund in accordance with the provisions of the Nonarbitrage Certificate. Amounts on deposit in the Excess Earnings Fund shall only be applied to payments made to the United States or otherwise transferred to other accounts or funds established hereunder in accordance with the Nonarbitrage Certificate.

SECTION 21. Payment of Costs of Issuance. Proceeds of the sale of the 2010 Bonds in an amount not to exceed 2% of the principal amount of the 2010 Bonds, and proceeds of the sale of the 2012 Bonds in an amount not to exceed 2% of the principal amount of the 2012 Bonds, in each case necessary to pay certain costs of issuing the Bonds may be deposited in the fund of the District known as the "West Contra Costa Unified School District General Obligation Bonds, 2020 Costs of Issuance Fund" (the "**Costs of Issuance Fund**") which may be comprised of separate accounts to pay Costs of Issuance of the 2010 Bonds and the 2012 Bonds and shall be kept separate and distinct from all other District funds, and those proceeds shall be used solely for the purpose of paying Costs of Issuance of the Bonds. The Cost of Issuance Fund may be held and administered by the Paying Agent. Notwithstanding the foregoing, all or a portion of the Costs of Issuance may be paid by the Underwriters, by the Paying Agent or by a fiscal agent designated for such purpose. Any amounts remaining in the Costs of Issuance Fund following the earlier of the day which is 180 days following the Date of Delivery or the date on which the final invoice for Costs of Issuance is paid, as directed by the District, shall be transferred to each Building Fund on a *pro rata* basis and used for costs of the Projects. Any Underwriters' discount on the Bonds may be retained from original issue premium obtained from the sale, pursuant to the terms of the Contract of Purchase. Notwithstanding the foregoing, all or a portion of the Costs of Issuance may be paid by the Underwriters, by the Paying Agent, or by a fiscal agent designated for such purpose. Any amounts retained for payment of Costs of Issuance and returned to the District pursuant to the Certificate of Award shall be transferred to the applicable Debt Service Fund.

SECTION 22. Negotiated Sale/Method of Sale. Pursuant to the District Resolution, the District has requested that the Bonds shall be sold by negotiated sale to the Underwriters

inasmuch as: (i) such a sale will allow the District to integrate and coordinate the sale of the Bonds with other public financings undertaken, or to be undertaken, by the District in order to fund its public education facilities; (ii) such a sale will allow the District to utilize the services of consultants who are familiar with the financial needs, status and plans of the District; (iii) such a sale will allow the District to control the timing of the sale of the Bonds to the municipal bond market and, potentially, take advantage of interest rate opportunities for favorable sale of the Bonds to such market and to the taxpayers of the District; (iv) such a sale will provide an increased ability to structure the Bonds to fit the needs of particular purchasers; and (v) such a sale will enhance the opportunity for the Underwriters to pre-market the Bonds to potential purchasers, including local residents, prior to the sale of the Bonds.

SECTION 23. Engagement of Consultants; Parameters of Sale. Pursuant to the District Resolution, Nixon Peabody LLP has been selected as the District's Bond Counsel and Disclosure Counsel, J.P. Morgan Securities LLC and Raymond James & Associates, Inc., have been selected as Underwriters, and KNN Public Finance, LLC has been selected as Municipal Advisor with respect to the authorization, sale and issuance of the Bonds. The estimated Costs of Issuance associated with the sale of the Bonds are approximately 0.5% of the initial Principal Amount of the Bonds, which include those fees and expenses described in the definition thereof and provided for under the Authorizing Law. In addition, the Underwriters' discount, which is not included in the percentage above, shall not be greater than 0.3725% of the par amount thereof. An estimate of the itemized fees and expenses is on file with the Superintendent.

If an Authorized Officer of the District determines it to be in the best interest of the District, based on market conditions at the time of sale of the Bonds, bond insurance or other credit enhancement shall be obtained with respect to the Bonds or any series or portion thereof. If bond insurance or other credit enhancement with respect to the Bonds is obtained, such Authorized Officer and an Authorized Officer of the County are hereby authorized to make such changes to the documents approved by this Resolution as such officers and agents may approve as being in the best interest of the District, such action to be conclusively evidenced by the execution and delivery thereof.

SECTION 24. Establishment of Additional Funds and Accounts. If at any time it is deemed necessary or desirable by the District, the Treasurer, the Auditor-Controller, the County Office of Education, or the Paying Agent, the District may request the County to establish additional funds under this Resolution and/or accounts within any of the funds or accounts established hereunder.

SECTION 25. Request for Necessary County Actions. The Auditor-Controller, the Treasurer, and other officials of the County, are hereby directed to take and authorize such actions as may be necessary pursuant to law to provide for the levy and collection of a property tax on all taxable property of the District sufficient to provide for payment of all Principal of, redemption premium, if any, and interest on the Bonds as the same shall become due and payable as necessary for the payment of the Bonds, and the Clerk of the Board is hereby authorized and directed to deliver certified copies of this Resolution to the Clerk of the District Board. The District has, pursuant to the District Resolution, agreed to reimburse the County for any costs associated with the levy and collection of said tax, upon such documentation of said costs as the County shall reasonably request.

SECTION 26. Redemption. The Bonds shall be subject to redemption as provided in the Contract of Purchase.

SECTION 27. Selection of Bonds for Redemption.

(a) Whenever provision is made in this Resolution or in the Contract of Purchase for the redemption of the Bonds and less than all Outstanding Bonds are to be redeemed, the Paying Agent, upon written instruction from the District given at least 45 days prior to the payment date designated for such redemption, shall select maturities of Bonds for redemption in the manner directed by the District.

(b) With respect to any series of Bonds, the Paying Agent shall select such Bonds for redemption as directed by the District, or, in the absence of such direction, in inverse order of maturity and within a maturity within such series, by lot. Within a maturity, the Paying Agent will select Bonds for redemption by lot. Redemption by lot shall be in such manner as the Paying Agent shall determine; *provided, however*, that the portion of any Bond to be redeemed in part shall be in the Principal Amount of $5,000 or any integral multiple thereof.

(c) In the event that a Term Bond is optionally redeemed, the Principal amount of each remaining sinking fund payment with respect to such Term Bond will be reduced as directed by the District in the aggregate amount equal to the amount so redeemed.

SECTION 28. Notice of Redemption. When redemption is authorized or required pursuant to this Resolution or the Contract of Purchase, the Paying Agent, upon written instruction from the District given at least 45 days prior to the payment date designated for such redemption, shall give notice (each, a **"Redemption Notice"**) of the redemption of the Bonds. Such Redemption Notice shall specify: (a) the Bonds or designated portions thereof (in the case of redemption of the Bonds in part but not in whole) which are to be redeemed, (b) the date of redemption, (c) the place or places where the redemption will be made, including the name and address of the Paying Agent, (d) the redemption price, (e) the CUSIP numbers (if any) assigned to the Bonds to be redeemed, (f) the Bond numbers of the Bonds to be redeemed in whole or in part and, in the case of any Bond to be redeemed in part only, the Principal Amount of such Bond to be redeemed, and (g) the original issue date, interest rate and stated maturity date of each Bond to be redeemed in whole or in part. Such Redemption Notice shall further state (a) that on the specified date there shall become due and payable upon each Bond or portion thereof being redeemed the redemption price, together with the interest accrued to the redemption date, and (b) that from and after such date interest with respect thereto shall cease to accrue and be payable.

The Paying Agent shall take the following actions with respect to such Redemption Notice:

(a) At least 20 but not more than 45 days prior to the redemption date, such Redemption Notice shall be given to the respective Owners of Bonds designated for redemption by first class mail, postage prepaid, at their addresses appearing on the Bond Register, and to the MSRB.

(b) In the event that the Bonds shall no longer be held in book-entry-only form, at least 35 but not more than 45 days before the redemption date, such Redemption Notice shall be given (x) by (i) first-class mail, postage prepaid, (ii) telephonically confirmed facsimile transmission, or (iii) overnight delivery service, to each of the Securities Depositories, and (y) (i) first-class mail, postage prepaid, or (ii) overnight delivery service, to the MSRB.

Neither failure to receive any Redemption Notice nor any defect in any such Redemption Notice so given shall affect the sufficiency of the proceedings for the redemption of the affected Bonds. Each check issued or other transfer of funds made by the Paying Agent for the purpose of redeeming Bonds shall bear the CUSIP number identifying, by issue and maturity, the Bonds being redeemed with the proceeds of such check or other transfer.

SECTION 29. Partial Redemption of Bonds. Upon the surrender of any Bond redeemed in part only, the Paying Agent shall execute and deliver to the Owner thereof a new Bond or Bonds of like tenor and maturity and of authorized denominations equal in Principal Amounts to the unredeemed portion of the Bond surrendered. Such partial redemption shall be valid upon payment of the amount required to be paid to such Owner, and the District shall be released and discharged thereupon from all liability to the extent of such payment.

SECTION 30. Conditional Notice of Redemption. Any Redemption Notice given hereunder may be made conditional upon the satisfaction of certain conditions and/or the receipt of sufficient moneys to pay the redemption price of the designated Bonds and may be rescinded by the District at any time prior to the scheduled date of redemption by so notifying the Paying Agent, who shall notify the Owners of affected Bonds and the MSRB in the event such conditions are not met or are not expected to be met and/or such funds are not received or are not expected to be received, in the same manner in which the Redemption Notice was originally given. In the event that such Redemption Notice contains such a condition and such moneys are not so received and/or such conditions are not met, the redemption shall not be made and the Paying Agent shall, within a reasonable time thereafter give notice, to the persons to whom and in the manner in which the Redemption Notice was given, that such moneys were not so received and/or such condition was not met.

SECTION 31. Effect of Notice of Redemption. Notice having been given as aforesaid, and the moneys for the redemption (including the interest to the applicable date of redemption) having been set aside in the respective Debt Service Fund or deposited with a duly appointed escrow agent, in trust, the Bonds to be redeemed shall become due and payable on such date of redemption.

If on such redemption date, money for the redemption of all the Bonds to be redeemed as provided in this Resolution and the Contract of Purchase, together with interest to such redemption date, shall be held by the Paying Agent or deposited with a duly appointed escrow agent, in trust, so as to be available therefor on such redemption date, and any conditions to such redemption described in the Redemption Notice shall be met and if notice of redemption thereof shall have been given as aforesaid, then from and after such redemption date, interest on the Bonds to be redeemed shall cease to accrue and become payable. All money held by or on behalf of the Paying Agent for the redemption of Bonds shall be held in trust for the account of the Owners of the Bonds so to be redeemed.

All Bonds paid at maturity or redeemed prior to maturity pursuant to the provisions of this Resolution and the Contract of Purchase shall be cancelled upon surrender thereof and delivered to or upon the order of the District. All or any portion of a Bond purchased by the District shall be cancelled by the Paying Agent upon written notice by the District given to the Paying Agent.

SECTION 32. Paying Agent; Appointment and Acceptance of Duties.

(a) The Bank of New York Mellon Trust Company, N.A., is hereby appointed as the initial authenticating agent, bond registrar, transfer agent and paying agent (collectively, the "**Paying Agent**") for the Bonds. All fees and expenses incurred for services of the Paying Agent, including its third-party agents, shall be the sole responsibility of the District and may be paid from the annual *ad valorem* property tax levy supporting the Bonds. The Paying Agent shall keep accurate records of all funds administered by it and all of the Bonds paid and discharged by it.

(b) Unless otherwise provided, the office of the Paying Agent designated by the Paying Agent shall be the place for the payment of Principal of, premium, if any, and interest on the Bonds.

SECTION 33. Liability of Paying Agent. The Paying Agent makes no representations as to the validity or sufficiency of this Resolution or of any Bonds issued hereunder or as to the security afforded by this Resolution, and the Paying Agent shall incur no liability in respect hereof or thereof.

SECTION 34. Evidence on Which Paying Agent May Act. The Paying Agent, upon receipt of any notice, resolution, request, consent, order, certificate, report, opinion, bond, or other paper or document furnished to it pursuant to any provision of this Resolution, shall examine such instrument to determine whether it conforms to the requirements of this Resolution and shall be protected in acting upon any such instrument believed by it to be genuine and to have been signed or presented by the proper party or parties. The Paying Agent may consult with counsel, who may or may not be counsel to the District, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it under this Resolution in good faith and in accordance therewith.

SECTION 35. Compensation. The District shall pay to the Paying Agent from time to time reasonable compensation for all services rendered under this Resolution, and also all reasonable expenses, charges, counsel fees and other disbursements, including those of its attorneys, agents, and employees, incurred in and about the performance of their powers and duties under this Resolution, all of which may, pursuant to Education Code Section 15232, be paid from the County's annual levy of *ad valorem* property taxes.

SECTION 36. Ownership of Bonds Permitted. The Paying Agent or the Underwriters may become the Owner of any Bonds.

SECTION 37. Resignation or Removal of Paying Agent and Appointment of Successor.

(a) The initially appointed Paying Agent, or any successor Paying Agent, may resign from service as Paying Agent at any time. Prior to such resignation, a new Paying Agent shall be appointed by the District in accordance with applicable law, which shall be the Treasurer or a bank or trust company doing business in and having a corporate trust office in Dallas, Texas, Los Angeles or San Francisco, California, with at least $100,000,000 in net assets. Such successor Paying Agent shall signify the acceptance of its duties and obligations hereunder by executing and delivering to the District a written acceptance thereof. Resignation of the initial or a successor Paying Agent shall be effective upon appointment and acceptance of a successor Paying Agent.

(b) Any Paying Agent appointed may resign from service as Paying Agent and may be removed at any time by the District as provided in the Paying Agent's service agreement. If at any time the Paying Agent shall resign or be removed, a new Paying Agent shall be appointed in accordance with applicable law, which shall be either the Treasurer or a bank or trust company doing business in and having a corporate trust office in Dallas, Texas, Los Angeles or San Francisco, California, with at least $100,000,000 in net assets. The Paying Agent shall keep accurate records of all funds administered by it and of all Bonds paid and discharged by it. Such records will be provided, upon reasonable request, to the County and the District in a format mutually agreeable to the Paying Agent, the District and the County. Such successor Paying Agent shall signify the acceptance of its duties and obligations hereunder by executing and delivering to the District a written acceptance thereof. Resignation or removal of the Paying Agent shall be effective upon appointment and acceptance of a successor Paying Agent.

(c) In the event of the resignation or removal of the Paying Agent, such Paying Agent shall pay over, assign and deliver any moneys held by it as Paying Agent to its successor. The District shall promptly provide notice of the name and principal corporate trust office address of the Paying Agent appointed to replace any resigned or removed Paying Agent to the Owners of the Bonds by first-class mail, postage prepaid, at their addresses appearing on the Bond Register.

SECTION 38. Investment of Certain Funds. Moneys held in all funds and accounts established hereunder shall be invested and reinvested in Authorized Investments in accordance with the Treasurer's Investment Policy to the fullest extent practicable as shall be necessary to provide moneys when needed for payments to be made from such funds and accounts, subject to any conditions in the Nonarbitrage Certificate. Nothing in this Resolution shall prevent any investment securities acquired as investments of funds held hereunder from being issued or held in book entry form on the books of the Department of Treasury of the United States. All investment earnings on amounts on deposit in each Debt Service Fund shall remain on deposit in such fund.

SECTION 39. Valuation and Sale of Investments. Obligations purchased as an investment of moneys in any fund or account shall be deemed at all times to be a part of such fund or account. Profits or losses attributable to any fund or account shall be credited or charged to such fund or account. In computing the amount in any fund or account created under the

provisions of this Resolution for any purpose provided in this Resolution, obligations purchased as an investment of moneys therein shall be valued at cost, plus, where applicable, accrued interest.

SECTION 40. Supplemental Resolutions with Consent of Owners. This Resolution, and the rights and obligations of the County, the District and of the Owners of the Bonds issued hereunder, may be modified or amended at any time by a Supplemental Resolution adopted by the Board at the request of the District with the written consent of the Owners owning at least 60% in aggregate Principal Amount of the Outstanding Bonds, exclusive of Bonds, if any, owned by the District. Notwithstanding the foregoing, no such modification or amendment shall, without the express consent of the Owner of each Bond affected, reduce the Principal Amount of any Bond, reduce the interest rate payable thereon, advance the earliest redemption date thereof, extend its maturity or the times for paying interest thereon or change the monetary medium in which Principal and interest is payable, nor shall any modification or amendment reduce the percentage of consents required for amendment or modification. No such Supplemental Resolution shall change or modify any of the rights or obligations of any Paying Agent without its written assent thereto. Notwithstanding anything herein to the contrary, no such consent shall be required if the Owners are not directly and adversely affected by such amendment or modification.

SECTION 41. Supplemental Resolutions Effective Without Consent of Owners. For any one or more of the following purposes and at any time or from time to time, a Supplemental Resolution of the County may be adopted, which, without the requirement of consent of the Owners, shall be fully effective in accordance with its terms:

(a) To add to the covenants and agreements to be observed by the District which are not contrary to or inconsistent with this Resolution as theretofore in effect;

(b) To add to the limitations and restrictions in this Resolution, other limitations and restrictions to be observed by the District which are not contrary to or inconsistent with this Resolution as theretofore in effect;

(c) To confirm as further assurance, any pledge under, and the subjection to any lien or pledge created or to be created by this Resolution, of any moneys, securities or funds, or to establish any additional funds, or accounts to be held under this Resolution;

(d) To cure any ambiguity, supply any omission, or cure to correct any defect or inconsistent provision in this Resolution; or

(e) To amend or supplement this Resolution in any other respect, provided such Supplemental Resolution does not, in the opinion of Bond Counsel, adversely affect the interests of the Owners.

SECTION 42. Effect of Supplemental Resolution. Any act done pursuant to a modification or amendment so consented to shall be binding upon the Owners of all the Bonds and shall not be deemed an infringement of any of the provisions of this Resolution, whatever the character of such act may be, and may be done and performed as fully and freely as if expressly permitted by the terms of this Resolution, and after consent relating to such specified

matters has been given, no Owner shall have any right or interest to object to such action or in any manner to question the propriety thereof or to enjoin or restrain the District or any officer or agent thereof from taking any action pursuant thereto.

SECTION 43. Discharge and Defeasance. If any or all Outstanding Bonds shall be paid and discharged in any one or more of the following ways:

(a) by paying or causing to be paid the Principal, premium, if any, and interest on such Bonds, and when the same become due and payable;

(b) by depositing with the Paying Agent or with a duly appointed escrow agent, in trust, at or before maturity, cash which, together with the amounts then on deposit in the escrow fund and amounts transferred from or on deposit in the related Debt Service Fund (and the accounts therein other than amounts that are not available to pay Debt Service), together with the interest to accrue thereon without the need for further investment, is fully sufficient to pay such Bonds at maturity or earlier redemption thereof, including any principal, premium, if any, and all interest thereon, notwithstanding that any Bonds shall not have been surrendered for payment; or

(c) by depositing with an institution that meets the requirements of serving as successor Paying Agent pursuant to Section 37, selected by the District, in trust, lawful money or noncallable direct obligations issued by the United States Treasury (including State and Local Government Series) or obligations which are unconditionally guaranteed by the United States of America and permitted under Section 149(b) of the Code and Regulations which, in the opinion of Bond Counsel, will not impair the exclusion from gross income for federal income tax purposes of interest on the Bonds, in such amount as will, together with the interest to accrue thereon without the need for further investment, be fully sufficient, as fully verified by the report of an independent certified public accountant, to pay and discharge such Bonds at maturity or earlier redemption thereof, for which notice has been given or provided for, including any premium and all interest thereon, notwithstanding that any Bonds shall not have been surrendered for payment;

then all obligations of the County, the District and the Paying Agent under this Resolution with respect to such Bonds shall cease and terminate, except only the obligation of the Paying Agent to pay or cause to be paid to the Owners of such Bonds all sums due thereon, and the obligation of the District to pay to the Paying Agent amounts owing to the Paying Agent under Section 35 hereof.

SECTION 44. Approval of Actions; Miscellaneous.

(a) The Authorized Officers of the County are hereby authorized and directed, jointly and severally, to do any and all things and to execute and deliver any and all certificates, statements, disclosures, notices, contracts, agreements, and other documents which they may deem necessary or advisable in order to proceed with the sale and issuance of the Bonds or otherwise carry out, give effect to and comply with the terms and intent of this Resolution. Such actions heretofore taken by such officers, officials and staff are hereby ratified, confirmed and approved.

(b) The County, the Board, and their officers, agents, and employees shall not be responsible for any proceedings or the preparation or contents of any resolutions, certificates, statements, disclosures, notices, contracts, or other documents relating to the sale and issuance of the Bonds.

(c) The Principal Amount of and redemption premium, if any, and interest on the Bonds shall not constitute debt or an obligation of the County, the Board or the officers, agents, or employees, and the County, the Board, and the officers, agents, and employees thereof shall not be liable thereon. In no event shall the Principal of, redemption premium, if any, or interest on any Bond be payable out of any funds or property of the County.

(d) The District has agreed, pursuant to the District Resolution, to indemnify and hold harmless, to the extent permitted by law, the County and its officers and employees ("Indemnified Parties"), against any and all losses, claims, damages or liabilities, joint or several, to which such Indemnified Parties may become subject because of action or inaction related to the issuance and sale of the Bonds, or related to the proceedings for sale, award, issuance and delivery of the Bonds in accordance therewith and herewith. The District has also agreed, pursuant to the District Resolution, to reimburse any such Indemnified Parties for any legal or other expenses incurred in connection with investigating or defending any such claims or actions.

(e) Neither the Board of Supervisors nor any officer of the County has prepared or reviewed the Official Statement, and the Board of Supervisors and the various officers of the County take no responsibility for the contents or distribution thereof; *provided, however*, that solely with respect to a section contained or to be contained therein describing the County's investment policy, current portfolio holdings, and valuation procedures, as they may relate to funds of the District held by the County Treasurer-Tax Collector, the County Treasurer-Tax Collector is hereby authorized and directed to prepare and review such information for inclusion in the District's Official Statement and in the Preliminary Official Statement, and to certify in writing prior to or upon the issuance of the Bonds that the information contained in such section does not contain any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements made therein, in the light of the circumstances under which they are made, not misleading.

(f) Notwithstanding anything to the contrary contained herein in the Bonds or in any other document mentioned herein, neither the County nor the Board shall have any liability hereunder or by reason hereof or in connection with the transactions contemplated hereby and the Bonds shall be payable solely from the moneys of the District available therefore as set forth in this Resolution.

SECTION 45. Conflicts. If there is any inconsistency or conflict between any provision of this Resolution and any provision of the Contract of Purchase, the Contract of Purchase prevails to the extent of the inconsistency or conflict. If there is any inconsistency or conflict between any provision of this Resolution and any provision of the Nonarbitrage Certificate, the Nonarbitrage Certificate prevails to the extent of the inconsistency or conflict.

SECTION 46. Effective Date. This Resolution shall take effect immediately upon its passage.

SECTION 47. Clerk's Certificate. The Clerk of the Board is hereby directed to provide certified copies of this Resolution to the Treasurer, the County Auditor-Controller and to Bond Counsel immediately following its adoption at the following address:

PRINCIPAL AMOUNT:

The West Contra Costa Unified School District (the "District"), a unified school district duly organized and existing under the laws of the State of California, located within the County of Contra Costa (the "County"), State of California (the "State"), for value received, hereby acknowledges itself indebted and promises to pay to the Registered Owner named above, or registered assigns, the Principal Amount set forth above, on the Maturity Date set forth above, together with interest thereon from the Dated Date set forth above until the Principal Amount hereof shall have been paid or provided for, in accordance with the Resolution hereinafter referred to, at the Interest Rate set forth above. Interest on this Bond is payable on August 1, 2020, and semiannually thereafter on the first day of February and August (each, an "Interest Payment Date") in each year to the registered owner hereof (the "Owner") from the Interest Payment Date preceding the date on which this Bond is registered (unless it is registered after the close of business on the fifteenth calendar day of the month preceding any Interest Payment Date (a "Record Date") and before the close of business on the immediately following Interest Payment Date, in which event it shall bear interest from such following Interest Payment Date, or unless this Bond is registered prior to the close of business on July 15, 2020, in which event it shall bear interest from its date; *provided, however,* that if at the time of registration of this Bond,

interest hereon is in default, interest hereon shall be payable from the Interest Payment Date to which interest has previously been paid or made available for payment. The Principal Amount hereof is payable at the office of the Bank of New York Mellon Trust Company, N.A., as initial paying agent (the "Paying Agent"), in Dallas, Texas. The interest hereon is payable by check or draft mailed by first-class mail to each Owner, at his or her address as it appears on the registration books kept by the Paying Agent as of the Record Date, or by wire transfer to any Owner of $1,000,000 aggregate principal amount of such Bonds, to the account specified by such Owner in a written request delivered to the Paying Agent on or prior to the Record Date for such Interest Payment Date; *provided, however*, that payments of defaulted interest shall be payable to the person in whose name such Bond is registered at the close of business on a special record date fixed therefor by the Paying Agent which shall not be more than fifteen days and not less than ten days prior to the date of the proposed payment of defaulted interest

The Bonds of this issue are comprised of $_____ principal amount of Bonds. This Bond is issued by the County on behalf of the District under and in accordance with the provisions of collectively, (i) Article 4.5 of Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code of the State; (ii) applicable provisions of the Education Code of the State; and (iii) Article XIIIA of the California Constitution, and pursuant to the Resolution of the Board of Education of the District approved on May 6, 2020 (the "District Resolution") and a resolution of the Board of Supervisors of the County adopted on May 26, 2020 (the "County Resolution"). Reference is hereby made to the County Resolution, a copy of which is on file at the District, for a description of the terms on which the Bonds are delivered, and the rights thereunder of the Owners of the Bonds and the rights and duties of the Paying Agent and the District, to all of the provisions of which the Owner of this Bond, by acceptance hereof, assents and agrees. All capitalized terms used but not otherwise defined herein shall have the respective meanings set forth in the County Resolution. The Bonds were authorized at an election conducted on [June 8, 2010][November 6, 2012], by a vote of more than 55% of the qualified electors of the District voting on the proposition at a general election held therein to determine whether such Bonds should be issued.

Reference is made to the Resolution for a more complete description of the provisions, among others, with respect to the nature and extent of the security for the Bonds of this series, the rights, duties and obligations of the District, the County, the Paying Agent and the Owners, and the terms and conditions upon which the Bonds are issued and secured. The Owner of this Bond assents, by acceptance hereof, to all of the provisions of the Resolution.

This Bond is a general obligation of the District, payable as to both principal and interest from *ad valorem* taxes which, under the laws now in force, may be levied without limitation as to rate or amount upon all of the taxable property in the District. Neither the payment of the principal of this Bond, or any part thereof, nor any interest or premium hereon constitute a debt, liability or obligation of the County.

[The Bonds maturing on or before August 1, 20__, are not subject to redemption prior to their maturity dates. The Bonds maturing on or after August 1, 20__, may be redeemed before maturity at the option of the District, from any source of funds on August 1, 20__, or on any date thereafter as a whole or in part, at a redemption price equal to the principal amount of the Bonds called for redemption, together with interest accrued thereon to the date of redemption, without

premium. For the purposes of such selection, Bonds will be deemed to consist of $5,000 portions by principal amount, and any such portion may be separately redeemed.]

[The Bonds maturing on August 1, 20__, are subject to mandatory sinking fund redemption on August 1 of each year, commencing August 1, 20__, in the following principal amounts, at a redemption price of par, plus accrued interest to the redemption date:]

Mandatory Sinking Fund Payment Date (August 1)	Mandatory Sinking Fund Payment

Whenever provision is made for the redemption of Bonds and less than all the outstanding Bonds are to be redeemed, the Paying Agent, upon written direction from the District, shall select the Bonds to be redeemed in such order as the District may select. Within a maturity, the Paying Agent shall select the Bonds, as directed by the District, or in the absence of such direction by lot. Redemption by lot shall be in such manner as the Paying Agent shall determine; *provided, however,* that the portion of any Bond to be redeemed in part shall be redeemed in the principal amount of $5,000 or any integral multiple thereof.

This Bond is issued in fully registered form. Registration of this Bond is transferable by the Owner hereof, in person or by his attorney duly authorized in writing, at the aforesaid offices of the Paying Agent, but only in the manner, subject to the limitations, and upon payment of the charges, provided in the Resolution and upon surrender and cancellation of this Bond. Upon such registration of transfer, a new Bond or Bonds of like tenor and maturity in the same Principal Amount and in authorized denominations will be issued to the transferee in exchange herefor. The District and the Paying Agent may treat the Owner hereof as the absolute owner hereof for all purposes, whether or not this Bond shall be overdue, and shall not be affected by any notice to the contrary.

The Paying Agent shall not be required to register the transfer or exchange of any Bond (i) during the period beginning at the close of business on any Record Date through the close of business on the immediately following Interest Payment Date, or (ii) that has been called or is subject to being called for redemption, during a period beginning at the opening of business 15 days before any selection of Bonds to be redeemed through the close of business on the applicable redemption date, except for the unredeemed portion of any Bond to be redeemed only in part.

The rights and obligations of the District and of the owners of the Bonds may be modified or amended at any time by a supplemental resolution adopted by the District with the written consent of owners of at least 60% in aggregate Principal Amount of the Outstanding Bonds, exclusive of Bonds, if any, owned by the District; *provided, however*, that no such modification or amendment shall, without the express consent of the Owner of each Bond

affected, reduce the Principal Amount of any Bond, reduce the interest rate payable thereon, advance the earliest redemption date thereof, extend its maturity or the times for paying interest thereon or change the monetary medium in which the principal and interest is payable, nor shall any modification or amendment reduce the percentage of consents required for amendment or modification hereof.

A supplemental resolution of the District may be adopted, which, without the requirement of consent of the registered owners, shall be fully effective in accordance with its terms: (1) to add to the covenants and agreements of the District in the Resolution, other covenants and agreements to be observed by the District which are not contrary to or inconsistent with the Resolution as theretofore in effect; (2) to add to the limitations and restrictions in the Resolution, other limitations and restrictions to be observed by the District which are not contrary to or inconsistent with the Resolution as theretofore in effect; (3) to confirm as further assurance, any pledge under, and the subjection to any lien or pledge created or to be created by the Resolution, of any moneys, securities or funds, or to establish any additional funds or accounts to be held under the Resolution; (4) to cure any ambiguity, supply any omission, or cure or correct any defect or inconsistent provision in the Resolution; or (5) to amend or supplement the Resolution in any other respect, provided such supplemental resolution does not, in the opinion of nationally recognized bond counsel, adversely affect the interests of the owners.

The County Resolution contains provisions permitting the District to make provision for the payment of the Principal Amount of and premium, if any, and interest on any of the Bonds so that the Bonds shall no longer be deemed to be outstanding under the terms of the County Resolution.

If this Bond is called for redemption and the Principal Amount of this Bond, plus premium, if any, and accrued interest due hereon are duly provided therefor as specified in the County Resolution, then interest shall cease to accrue hereon from and after the date fixed for redemption.

This Bond shall not become valid or obligatory for any purpose until the Certificate of Authentication hereon endorsed shall have been dated and executed manually by the Paying Agent.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED, that an election was duly and legally called, held and conducted, and the notices thereof duly given, and the results thereof canvassed and declared in accordance with the provisions of the Authorizing Law and that all of the proceedings of the Board of Supervisors of the County in the matter of the issuance of this Bond were regular and in strict accordance with the provisions of the Authorizing Law, including the Constitution of the State of California, that the total bonded indebtedness of the District, including the issue of which this Bond is a part, does not exceed any limit prescribed by said Act, and that due provision has been made for levying and collecting *ad valorem* property taxes on all of the taxable property within the District (except for certain property which is taxable at limited rates) in an amount sufficient to pay Principal and interest when due.

Ladies and Gentlemen:

J.P. Morgan Securities LLC (the "Representative"), on behalf of itself and Raymond James & Associates, Inc. (collectively, the "Underwriters"), hereby offers to enter into this Bond Purchase Agreement (the "Purchase Agreement") with the County of Contra Costa, California (the "County") and the West Contra Costa Unified School District (the "District"), which, upon your acceptance hereof, will be binding upon the County, the District and the Underwriters. By execution of this Purchase Agreement, the County acknowledges the terms hereof and recognizes that it will be bound by certain of the provisions hereof, and to the extent binding on the County, acknowledges and agrees to such terms. This offer is made subject to the written acceptance of this Purchase Agreement by the County and the District and delivery of such acceptance to us at or prior to 11:59 PM, California Time, on the date hereof.

1. Purchase and Sale of the Bonds. (a) Upon the terms and conditions and in reliance upon the representations, warranties and agreements set forth herein, the Underwriters hereby agree to purchase from the County for reoffering to the public, and the County hereby agrees to sell in the name and on behalf of the District to the Underwriters for such purpose, all (but not less than all) of the $[2020F Par] aggregate principal amount of West Contra Costa Unified School District General Obligation Bonds, 2010 Election, 2020 Series F (the "2020F Bonds") and all (but not less than all) of the $[2020E Par] aggregate principal amount of West Contra Costa Unified School District General Obligation Bonds, 2012 Election, 2020 Series E (the "2020E

Bonds" and, together with the 2020F Bonds, the "Bonds"). The Bonds shall be issued in the form of current interest bonds in such principal amounts as set forth in Exhibit A hereto and shall be issued in fully registered form in the authorized denominations of $5,000 or any integral multiple thereof. Interest on the Bonds is payable on August 1, 2020, and semiannually thereafter on the first day of February and August.

(b) The Underwriters shall purchase the 2020F Bonds at a price of $[2020F Purchase Price] (the "Purchase Price") (which represents the aggregate principal amount of the 2020F Bonds of $[2020F Par], plus [an original] issue premium of $[2020F OIP], and less Underwriters' discount in the amount of $[2020F UW Discount]). The Underwriters shall purchase the 2020E Bonds at a price of $[2020E Purchase Price] (the "Purchase Price") (which represents the aggregate principal amount of the 2020E Bonds of $[2020E Par], plus [an original] issue premium of $[2020E OIP], and less Underwriters' discount in the amount of $[2020E UW Discount]).

(c) Any authority, discretion, or other power conferred upon the Underwriters by this Purchase Agreement shall be exercised by the Representative alone.

2. The Bonds. (a) The Bonds shall be dated their date of delivery, shall bear interest at the rates, shall mature in the years and amounts and shall have the redemption provisions as set forth in Exhibit A hereto. The Bonds shall otherwise be as described in, and shall be issued and secured (i) pursuant to the provisions of Article 4.5 of Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code of the State, applicable provisions of the Education Code of the State, and Article XIIIA of the California Constitution (collectively, the "Bond Law"), and (ii) pursuant to the Resolution of the Board of Education of the District approved on [District Resolution Date] (the "District Resolution") and a resolution of the Board of Supervisors of the County adopted on [County Resolution Date] (the "County Resolution" and, together with the District Resolution, the "Resolutions"). The Bonds were authorized under and pursuant to bond authorization approved by more than 55% of the voters of the District voting at elections held on June 8, 2010 (the "2010 Authorization") and November 6, 2012 (the "2012 Authorization" and, together with 2010 Authorization, the "Authorizations"). The proceeds of the 2020F Bonds and the 2020E Bonds will, after payment of their respective costs of issuance, finance one or more of the projects specified in the applicable Authorizations.

(b) The Bonds shall be executed and delivered under and in accordance with the provisions of this Purchase Agreement, the Bond Law and the Resolutions. The Bonds shall be in definitive form, shall bear CUSIP numbers and shall be in fully registered form, registered in the name of Cede & Co., as nominee of The Depository Trust Company ("DTC").

3. Use of Documents. The District and the County (as appropriate) hereby authorize the Underwriters to use, in connection with the offer and sale of the Bonds, the Resolutions, this Purchase Agreement, the Continuing Disclosure Certificate of the District (the "Continuing Disclosure Certificate"), a Preliminary Official Statement (as defined herein) and an Official Statement (as defined herein) and all information contained herein and therein and all of the documents, certificates or statements furnished by the District or the County to the Underwriters in connection with the transactions contemplated by this Purchase Agreement.

4. Public Offering of the Bonds.

(a) The Representative, on behalf of the Underwriters, agrees to assist the District in establishing the issue price of the Bonds and shall execute and deliver to the District at Closing an "issue price" or similar certificate, together with the supporting pricing wires or equivalent communications, substantially in the form attached hereto as Exhibit B, with such modifications as may be appropriate or necessary, in the reasonable judgment of the Representative, the District and Bond Counsel, to accurately reflect, as applicable, the sales price or prices or the initial offering price or prices to the public of the Bonds. As applicable, all actions to be taken by the District under this section to establish the issue price of the Bonds may be taken on behalf of the District by the District's municipal advisor and any notice or report to be provided to the District may be provided to the District's municipal advisor.

(b) Except as otherwise set forth in Exhibit A attached hereto, the District will treat the first price at which 10% of each maturity of the Bonds (the "10% test") is sold to the public as the issue price of that maturity (if different interest rates apply within a maturity, each separate CUSIP number within that maturity will be subject to the 10% test). At or promptly after the execution of this Purchase Agreement, the Representative shall report to the District the price or prices at which the Underwriters have sold to the public each maturity of Bonds. If at that time the 10% test has not been satisfied as to any maturity of the Bonds and such Bonds are not subject to the hold-the-offering-price provisions described in Section (c) below, the Representative agrees to promptly report to the District the prices at which Bonds of that maturity have been sold by the Underwriters to the public. That reporting obligation shall continue, whether or not the Closing Date has occurred, until the 10% test has been satisfied as to the Bonds of that maturity or until all Bonds of that maturity have been sold to the public.

(c) The Representative confirms that the underwriters have offered each maturity of the Bonds to the public on or before the date of this Purchase Agreement at the offering price or prices (the "initial offering price"), or at the corresponding yield or yields, set forth in Exhibit A, except as otherwise set forth therein. Exhibit A also sets forth, identified under the column "Hold the Offering Price Rule Used," as of the date of this Purchase Agreement, the maturities, if any, of the Bonds for which the 10% test has not been satisfied and for which the District and the Underwriter agree that the restrictions set forth in the next sentence shall apply, which will allow the District to treat the initial offering price to the public of each such maturity as of the sale date as the issue price of that maturity (the "hold-the-offering-price rule"). So long as the hold-the-offering-price rule remains applicable to any maturity of the Bonds, the underwriters will neither offer nor sell unsold Bonds of that maturity to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following:

(1) the close of the fifth (5th) business day after the sale date; or

(2) the date on which the underwriters have sold at least 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public.

The Representative shall promptly advise the District when the underwriters have sold 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public, if that occurs prior to the close of the fifth (5th) business day after the sale date.

The District acknowledges that, in making the representation set forth in this subsection, in the event that an underwriter is a party to a retail distribution agreement that was employed in connection with the initial sale of the Bonds to the public, the Representative will rely on the agreement of each broker-dealer that is a party to such agreement to comply with the hold-the-offering-price rule, as set forth in the retail distribution agreement and the related pricing wires. The District further acknowledges that each underwriter shall be solely liable for its failure to comply with its agreement regarding the hold-the-offering-price rule and that each underwriter shall not be liable for the failure of any broker-dealer that is a party to a retail distribution agreement, to comply with its corresponding agreement regarding the hold-the-offering-price rule as applicable to the Bonds.

(d) The Representative confirms that:

(1) any agreement among underwriters, any selling group agreement and each retail distribution agreement (to which the Representative is a party) relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each Underwriter, each dealer who is a member of the selling group, and each broker-dealer that is a party to such retail distribution agreement, as applicable, to (A) report the prices at which it sells to the public the unsold Bonds of each maturity allotted to it until it is notified by the Representative that either the 10% test has been satisfied as to the Bonds of that maturity or all Bonds of that maturity have been sold to the public, (B) comply with the hold-the-offering-price rule, if applicable, in each case if and for so long as directed by the Representative and as set forth in the related pricing wires (C) promptly notify the Representative of any sales of Bonds that, to its knowledge, are made to a purchaser who is a related party to an underwriter participating in the initial sale of the Bonds to the public (each such term being used as defined below), and (D) acknowledge that, unless otherwise advised by the underwriter, dealer or broker-dealer, the Representative shall assume that each order submitted by the underwriter, dealer or broker-dealer is a sale to the public, and

(2) any agreement among underwriters relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each Underwriter that is a party to a retail distribution agreement to be employed in connection with the initial sale of the Bonds to the public to require each broker-dealer that is a party to such retail distribution agreement to (A) report the prices at which it sells to the public the unsold Bonds of each maturity allotted to it until it is notified by the Representative or the Underwriter that either the 10% test has been satisfied as to the Bonds of that maturity or all Bonds of that maturity have been sold to the public and (B) comply with the hold-the-offering-price rule, if applicable, in each case if and for so long as directed by the Representative or the Underwriter and as set forth in the related pricing wires.

(e) The Underwriters acknowledge that sales of any Bonds to any person that is a related party to an Underwriter shall not constitute sales to the public for purposes of this section. Further, for purposes of this section:

(1) "public" means any person other than an underwriter or a related party,

(2) "underwriter" means (A) any person that agrees pursuant to a written contract with the District (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Bonds to the public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the public),

(3) a purchaser of any of the Bonds is a "related party" to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (A) at least 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (B) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (C) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and

(4) "sale date" means the date of execution of this Purchase Agreement by all parties.

5. Review of Official Statement. (a) The Underwriters hereby represent that they have received and reviewed the official statement in preliminary form with respect to the Bonds, dated [POS Date] (the "Preliminary Official Statement"). The District represents that it has deemed the Preliminary Official Statement to be final as of its date, except for either revisions to or additions of the initial public offering prices, interest rates, yields, selling compensation, aggregate principal amount, principal amount per maturity, delivery date, ratings, credit enhancement and other terms of the Bonds which depend upon the foregoing as provided in and pursuant to Rule 15c2-12 of the Securities and Exchange Commission under the Securities and Exchange Act of 1934, as amended ("Rule 15c2-12").

(b) The Underwriters agree to file the Official Statement, dated [Pricing Date] (the "Official Statement") with respect to the Bonds with the Municipal Securities Rulemaking Board (the "MSRB") through its Electronic Municipal Market Access system within one business day after receipt thereof from the District, but in no event later than the Closing Date (as defined below).

(c) References herein to the Preliminary Official Statement and the Official Statement include the cover page through all appendices, exhibits, reports and statements included therein or attached thereto, as the same may be amended or supplemented from time to time.

6. Closing. (a) At 9:00 a.m., California Time, on [Closing Date], or at such other time or on such other date as shall have been mutually agreed upon by the parties hereto (the "Closing," or the "Closing Date"), the District will direct The Bank of New York Mellon Trust Company, N.A., as the initial agent authenticating agent, bond registrar, transfer agent and paying agent (collectively, the "Paying Agent") for the Bonds, to deliver to the Underwriters, through the facilities of DTC, or at such other place as the District and the Underwriters may mutually agree upon, the Bonds duly executed and in fully registered, book-entry form, and will cause the other documents hereinafter mentioned pertaining to the Bonds to be delivered at the offices of Nixon Peabody LLP, Bond Counsel to the District ("Bond Counsel"), in San Francisco, California, or at such other place as shall have been mutually agreed upon by the parties hereto.

(b) Upon fulfillment of all conditions to Closing herein, the Underwriters will accept such delivery and pay the Purchase Price thereof in immediately available funds (by check, wire transfer or such other manner of payment as the Representative and the County shall reasonably agree upon) to the order of the County, as provided by Section 1 hereof.

7. Representations, Warranties and Agreements of the District. The District hereby represents, warrants and agrees with the Underwriters that:

(a) The District is a unified school district duly organized and validly existing under the laws of the State of California (the "State"), with the power to cause the issuance of the Bonds pursuant to the Bond Law.

(b) (i) At or prior to the Closing, the District will have taken all action required to be taken by it to authorize the issuance and delivery of the Bonds; (ii) the District has full legal right, power and authority to issue and deliver the Bonds, to enter into this Purchase Agreement and the Continuing Disclosure Certificate, to adopt the District Resolution, to perform its obligations under each such document or instrument, to approve the Preliminary Official Statement and the Official Statement and to carry out and effectuate the transactions contemplated by this Purchase Agreement and the District Resolution; (iii) the execution and delivery or adoption of, and the performance by the District of the obligations contained in the Bonds, the District Resolution, the Continuing Disclosure Certificate and this Purchase Agreement have been duly authorized and such authorization shall be in full force and effect at the time of the Closing, and such documents constitute valid and legally binding obligations of the District, except as the enforcement thereof may be limited by bankruptcy, insolvency, reorganization, moratorium or other laws relating to or affecting generally the enforcement of creditors' rights and except as such enforcement may be subject to the application of equitable principles and the exercise of judicial discretion in appropriate cases if equitable remedies are sought and by the limitations on legal remedies against public agencies in the State; and (iv) the District has duly authorized the consummation by it of all transactions contemplated by this Purchase Agreement.

(c) No consent, approval, authorization, order, filing, registration, qualification, election or referendum, of or by any person, organization, court or governmental agency or public body whatsoever is required in connection with the issuance, delivery or sale of the Bonds, the execution and delivery of this Purchase Agreement or the Continuing Disclosure Certificate, the adoption of the District Resolution, or the consummation of the other transactions effected or contemplated herein or hereby, except for such actions as may be necessary to qualify the Bonds

for offer and sale under the Blue Sky or other securities laws and regulations of such states and jurisdictions of the United States as the Underwriters may reasonably request, or which have not been taken or obtained; provided, however, that the District shall not be required to subject itself to service of process in any jurisdiction in which it is not so subject as of the date hereof.

(d) District is not in breach of or in default under any applicable constitutional provision, law or administrative regulation of the State or the United States relating to the issuance of the Bonds or any applicable judgment or decree or any trust agreement, loan agreement, bond, note, resolution, ordinance, agreement or other instrument to which the District is a party or to which the District or any of its property or assets is otherwise subject, and no event has occurred and is continuing which, with the passage of time or the giving of notice, or both, would constitute, in any manner which would adversely affect the transactions contemplated hereby, a default or event of default by the District under any of the foregoing

(e) To the best knowledge of the District, the issuance of the Bonds, and the execution, delivery and performance of this Purchase Agreement, the Continuing Disclosure Certificate, the District Resolution and the Bonds, and the compliance with the provisions hereof and thereof do not conflict with or constitute on the part of the District a violation of or default under, the State Constitution or any existing law, charter, ordinance, regulation, decree, order or resolution and do not conflict with or result in a violation or breach of, or constitute a material default under, any agreement, indenture, mortgage, lease or other instrument to which the District is a party or by which it is bound or to which it is subject.

(f) As of the time of acceptance hereof, no action, suit, proceeding, hearing or investigation is pending or, to the best knowledge of the District, threatened against the District: (i) in any way affecting the existence of the District or in any way challenging the respective powers of the several offices of the District or of the titles of the officials of the District to such offices; or (ii) seeking to restrain or enjoin the sale, issuance or delivery of any of the Bonds, the application of the proceeds of the sale of the Bonds, the levy or collection of ad valorem property taxes pledged for payment of the Bonds or the application thereof to pay the principal of and interest on the Bonds, or in any way contesting or affecting the validity or enforceability of the Bonds, this Purchase Agreement or the District Resolution or contesting the powers of the District or its authority with respect to the Bonds, the District Resolution or this Purchase Agreement; or (iii) in which a final adverse decision could (a) materially adversely affect the operations or financial condition of the District or the consummation of the transactions contemplated by this Purchase Agreement or the District Resolution, (b) declare this Purchase Agreement to be invalid or unenforceable in whole or in material part, or (c) adversely affect the exclusion of the interest paid on the Bonds from gross income for federal income tax purposes or the exemption of the interest paid on the Bonds from State personal income taxation.

(g) Between the date hereof and the Closing, without the prior written consent of the Representative, neither the District, nor any person on behalf of the District, will have issued in the name and on behalf of the District any bonds, notes or other obligations for borrowed money except for such borrowings as may be described in or contemplated by the Official Statement, or as otherwise consented to by the Underwriters.

(h) Any certificates signed by any officer of the District and delivered to the Underwriters shall be deemed a representation and warranty by the District to the Underwriters, but not by the person signing the same, as to the statements made therein.

(i) In accordance with the requirements of Rule 15c2-12 and pursuant to the District Resolution, at or prior to the Closing, the District shall have duly authorized, executed and delivered a Continuing Disclosure Certificate on behalf of each obligated person for which financial and/or operating data is presented in the Official Statement. The Continuing Disclosure Certificate shall be substantially in the form attached to the Preliminary Official Statement as Appendix D. Except as disclosed in the Preliminary Official Statement and the Official Statement, the District has not, within the past five years, failed to comply in a material respect with any of its previous undertakings pursuant to Rule 15c2-12 to provide annual reports or notice of certain listed events.

(j) The Preliminary Official Statement, as of its date and as of the date thereof, did not and does not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading. As of the date hereof and on the Closing, the Official Statement (including any supplements thereto) does not and will not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading. The District makes no representation or warranty as to the information contained in or omitted from the Preliminary Official Statement or the Official Statement in reliance upon and in conformity with information furnished in writing to the District by or on behalf of the Underwriters through a representative of the Underwriters specifically for inclusion therein. If the Official Statement is supplemented or amended pursuant to Section 9(d) hereof, at the time of each such supplement or amendment thereto and at all times subsequent thereto during the period up to and including the Closing, the Official Statement, as so supplemented or amended, will not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(k) The District hereby agrees to take any and all actions as may be required by the County or otherwise necessary in order to arrange for the levy and collection of ad valorem taxes for payment of the Bonds and the deposit and investment of Bond proceeds. In particular, the District hereby agrees to provide to the Auditor Controller of the County the full debt service schedule for the Bonds, in accordance with Education Code Section 15140(c) and policies and procedures of the County.

(l) The financial statements of, and other financial information regarding, the District in the Official Statement fairly present the financial position and results of the District as of the dates and for the periods therein set forth. Prior to the Closing, there will be no adverse change of a material nature in such financial position, results of operations or condition, financial or otherwise, of the District.

(m) The District will apply the proceeds from the sale of the Bonds for the purposes specified in the Resolutions.

(n) The District hereby represents that it has not entered into any contract or agreement that would limit or restrict the District's ability to enter into this Purchase Agreement for the sale of the Bonds to the Underwriters.

8. Representations, Warranties and Agreements of the County. The County hereby represents, warrants and agrees with the Underwriters that:

(a) The County has the power under the laws of the State to issue the Bonds pursuant to the Bond Law.

(b) At or prior to the Closing, the County will have taken all action required to be taken by it to authorize the issuance and delivery of the Bonds; (ii) the County has full legal right, power and authority to execute and deliver this Purchase Agreement, to adopt the County Resolution, to issue and deliver the Bonds to the Underwriters on behalf of the District and to perform its obligations under each such document or instrument (collectively, the "County Documents"), and to carry out and effectuate the transactions contemplated by the County Documents; (iii) the execution and delivery or adoption of, and the performance by the County of its obligations contained in, the Bonds and the other County Documents have been duly authorized and such authorization shall be in full force and effect at the time of the Closing; (iv) this Purchase Agreement constitutes, and each of the other County Documents, when duly executed and delivered in accordance with the County Resolution, will constitute, a valid and legally binding obligation of the County, enforceable against the County in accordance with its terms; and (v) the County has duly authorized the consummation by it of all transactions contemplated by the County Documents.

(c) No consent, approval, authorization, order, filing, registration, qualification, election or referendum, of or by any court or governmental agency or public body whatsoever is required in connection with the issuance, delivery or sale of the Bonds or the consummation of the other transactions effected or contemplated herein or hereby, except for such actions as may be necessary to qualify the Bonds for offer and sale under the Blue Sky or other securities laws and regulations of such states and jurisdictions of the United States as the Underwriters may reasonably request, or which have not been taken or obtained; provided, however, that the County shall not be required to subject itself to service of process in any jurisdiction in which it is not so subject as of the date hereof.

(d) To the best knowledge of the County, the County is not in breach of or default under any applicable constitutional provision, law or administrative regulation of the State or the United States or any applicable judgment or decree or any trust agreement, loan agreement, bond, note, resolution, ordinance, agreement or other instrument to which the County is a party or to which the County or any of its property or assets is otherwise subject, which breach or default would materially adversely affect the County's ability to enter into or perform its obligations under this Agreement.

(e) To the best knowledge of the County, the issuance of the Bonds, the adoption, execution, delivery and performance of the County Documents, and the compliance with the provisions of the County Documents do not conflict with or result in on the part of the County a violation or breach of, or default under, any applicable constitutional provision, law or

administrative rule or regulation of the State or the United States, or any applicable judgment or decree or any trust agreement, loan agreement, bond, note, resolution, ordinance, agreement or other instrument to which the County is a party or to which the County or any of its property or assets is otherwise subject, where such conflict, violation, breach or default, individually or in the aggregate, shall result in a material adverse change to the County that materially and adversely affects the ability of the Underwriters to market the Bonds or enforce contracts of sale on the Bonds.

(f) As of the time of acceptance hereof, except as provided in the Official Statement, to the best knowledge of the County, no action, suit, proceeding, hearing or investigation is pending (in which service of process has been completed against the County) or threatened against the County: (i) in any way affecting the existence of the County or in any way challenging the respective powers of the several offices or the titles of the officials of the County to such offices; (ii) seeking to restrain or enjoin the sale, issuance or delivery of any of the Bonds, the application of the proceeds of the sale of the Bonds, or the levy of any taxes contemplated by the County Resolution, or in any way contesting or affecting the validity or enforceability of the Bonds or the County Documents or contesting the powers of the County or its authority with respect to the Bonds or the County Documents; or (iii) in which a final adverse decision could (a) materially adversely affect the operations of the County or the consummation of the transactions contemplated by the County Documents or the Bonds or (b) declare the County Documents or the Bonds to be invalid or unenforceable in whole or in material part.

(g) Between the date hereof and the Closing, without the prior written consent of the Underwriters, the County will not have issued in the name and on behalf of the District any bonds, notes or other obligations for borrowed money except for such borrowing as may be described in or contemplated by the Official Statement.

(h) Any certificates signed by any officer of the County and delivered to the Underwriters shall be deemed a representation and warranty by the County to the Underwriters, but not by the person signing the same in such person's individual capacity, as to the statements made therein.

9. Covenants of the County and the District. The County and the District respectively covenant and agree with the Underwriters that:

(a) The County and the District will furnish such information, execute such instruments, and take such other action in cooperation with the Underwriters if and as the Underwriters may reasonably request in order to qualify the Bonds for offer and sale under the Blue Sky or other securities laws and regulations of such states and jurisdictions as the Underwriters may reasonably request; provided, however, that the District and the County shall not be required to consent to service of process in any jurisdiction in which they are not so subject as of the date hereof.

(b) The District hereby agrees to deliver or cause to be delivered to the Underwriters, not later than the earlier of (i) the third (3rd) business day preceding the Closing Date or (ii) the seventh (7th) business day following the date this Purchase Agreement is signed, the Official Statement substantially in the form of the Preliminary Official Statement, with only such changes

therein as shall have been accepted by the Underwriters, the County and the District, (a) in "designated electronic format" (as defined in Rule G-32 of the MSRB), and (b) in printed form in such reasonable quantities as may be requested by the Underwriters in order to permit the Underwriters to comply with paragraph (b)(4) of Rule 15c2-12 and with the rules of the MSRB.

(c) The District hereby agrees to promptly notify the Underwriters of any event or occurrence that may affect the accuracy or completeness of any information set forth in the Official Statement relating to the District until the date which is twenty-five (25) days following the Closing.

(d) If at any time prior to the expiration of 25 days following the "end of the underwriting period" (as defined in Rule 15c2-12), any event known to the District or the County relating to or affecting the District, the County or the Bonds occurs which might cause the Official Statement to contain any untrue statement of a material fact or to omit to state a material fact necessary in order to make the statements made therein, in the light of the circumstances under which they were made, not misleading, the District or the County will promptly notify the Underwriters in writing of the circumstances and details of such event. If, as a result of such event or any other event, it is necessary, in the reasonable opinion of Nixon Peabody LLP, Disclosure Counsel to the District ("Disclosure Counsel"), or the Representative, to amend or supplement the Official Statement so that the Official Statement does not contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements made therein, in the light of the circumstances under which they were made, not misleading, and if either shall have so advised the District, the District will forthwith cooperate with the Underwriters in the prompt preparation and furnishing to the Underwriters, at the expense of the District, of a reasonable number of copies of an amendment of or a supplement to the Official Statement, in form and substance satisfactory to the Underwriters, which will so amend or supplement the Official Statement so that, as amended or supplemented, it will not contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements made therein, in the light of the circumstances under which they were made, not misleading. The District and the County will presume that unless otherwise notified in writing by the Representative, the end of the underwriting period will occur on the date of delivery of the Bonds.

(e) To assist the Underwriters in complying with Rule 15c2-12 and for the benefit of the holders and beneficial owners of the Bonds, the District will undertake to provide annual reports and notices of certain events pursuant to the Continuing Disclosure Certificate.

10. Representations, Warranties and Agreements of the Underwriters. The Underwriters represent to and agree with the District and the County that, as of the date hereof and as of the date of Closing:

(a) The Representative is duly authorized and have been duly authorized by the Underwriters, pursuant to an agreement among the Underwriters (the "AAU"), to execute this Purchase Agreement, to act hereunder on behalf of the Underwriters and to take all actions, and waive any condition or requirement, required or permitted to be taken or waived hereunder by the Representative or the Underwriters.

(b) Based on representations in the AAU, the Underwriters have, and have had, no financial advisory relationship (as such term is defined in California Government Code Section 53590) with the District or the County with respect to the Bonds, and no investment firm controlling, controlled by or under common control with any of the Underwriters has or has had any such financial advisory relationship (as such term is defined in California Government Code Section 53590).

(c) The Underwriters shall comply with all statutes, rules and regulations of all governmental entities in connection with the offering and sale of the Bonds.

11. Division of Responsibility Between District and County. It is specifically acknowledged and agreed by and between the District and the County that the County shall have no responsibility or liability to ensure or provide compliance with those provisions of this Purchase Agreement which are to be performed solely by the District and the District shall have no responsibility or liability to ensure or provide compliance with those provisions of this Purchase Agreement which are to be performed solely by the County.

12. Underwriters Not Acting as Agents, Advisors or Fiduciaries. The County and the District acknowledge and agree that (i) the purchase and sale of the herein described Bonds pursuant to this Purchase Agreement is an arm's-length commercial transaction among the County, the District and the Underwriters, (ii) in connection therewith and with the discussions, undertakings and procedures leading up to the consummation of such transaction, the Underwriters are and have been acting solely as principals and are not acting as agents or fiduciaries of the County or the District, (iii) the Underwriters have not assumed an advisory or fiduciary responsibility in favor of the County or the District with respect to the offering contemplated hereby or the discussions, undertakings and procedures leading thereto (irrespective of whether the Underwriters have provided other services or are currently providing other services to the County or the District on other matters) and the Underwriters have no obligation to the County or the District with respect to the offering contemplated hereby except the obligations expressly set forth in this Purchase Agreement and (iv) each of the County and the District has consulted its own legal, financial and other advisors to the extent it has deemed appropriate. Each of the County and the District acknowledges that it has previously provided the Underwriters with an acknowledgement of receipt of the required disclosure under Rule G-17 of the MSRB.

13. Conditions to Closing. The Underwriters have entered into this Purchase Agreement in reliance upon the representations and warranties of the County and the District contained herein and the performance by the District and the County of their respective obligations hereunder, both as of the date hereof and as of the date of Closing. The Underwriters' obligations under this Purchase Agreement are and shall be subject, at the option of the Underwriters, to the following further conditions at the Closing:

(a) The representations and warranties of the County and the District contained herein shall be true, complete and correct at the date hereof and at and as of the Closing, as if made at and as of the Closing, and the statements made in all certificates and other documents delivered to the Underwriters at the Closing pursuant hereto shall be true, complete and correct on the date of the Closing; and the County and the District shall be in compliance with each of the respective agreements made by them in this Purchase Agreement.

(b) At the time of the Closing, (i) the District Resolution, this Purchase Agreement, the Continuing Disclosure Certificate (collectively, the "District Documents") and the County Documents shall be in full force and effect and the Resolutions and the Official Statement shall not have been amended, modified or supplemented except as may have been agreed to in writing by the Underwriters; (ii) all actions under the Bond Law which, in the opinion of Bond Counsel, shall be necessary in connection with the transactions contemplated hereby, shall have been duly taken and shall be in full force and effect; (iii) the County and the District shall have adopted, and there shall be in full force and effect such additional resolutions, agreements, opinions and certificates (including such certificates as may be required by regulations of the Internal Revenue Service in order to establish the tax-exempt character of the interest on the Bonds), which resolutions, agreements, opinions and certificates shall be satisfactory in form and substance to Bond Counsel to the District and to the Underwriters, and there shall have been taken in connection therewith and in connection with the execution and delivery of the Bonds all such actions as shall, in the reasonable opinion of each, be necessary in connection with the transactions contemplated hereby; (iv) all actions under the Resolutions which, in the opinion of Bond Counsel to the District, shall be necessary in connection with the transactions contemplated hereby, shall have been duly taken and shall be in full force and effect; (v) the Bonds shall have been duly authorized, executed and delivered; and (vi) the District and the County shall perform or have performed all of their respective obligations required under or specified in the District Documents and the County Documents to be performed at or prior to the Closing.

(c) No decision, ruling or finding shall have been entered by any court or governmental authority since the date of this Purchase Agreement (and not reversed on appeal or otherwise set aside), or to the best knowledge of the County or the District, be pending (in which service of process has been completed against the County or the District) or threatened which has any of the effects described in Section 7(e) or Section 8(f) hereof or contests in any way the completeness or accuracy of either the Preliminary Official Statement or the Official Statement.

(d) The Underwriters shall have the right to cancel their obligation to purchase the Bonds if, between the date of this Purchase Agreement and the Closing, the market price or marketability of the Bonds shall be materially adversely affected, in the reasonable judgment of the Representative, by the occurrence of any of the following:

(1) an event shall occur which makes untrue or incorrect in any material respect, as of the time of such event, any statement or information contained in the Official Statement or which is not reflected in the Official Statement but should be reflected therein in order to make the statements contained therein not misleading in any material respect and, in either such event, the District refuses to permit the Official Statement to be supplemented to supply such statement or information or the effect of the Official Statement as so supplemented is, in the judgment of the Representative, to materially adversely affect the market for the Bonds or the sale, at the contemplated offering prices (or yields), by the Underwriters of the Bonds;

(2) legislation enacted by the Congress of the United States, or by the legislature of the State, or introduced in the Congress or recommended for passage by the President of the United States, or a decision rendered by a court of the United States or the State or by the United States Tax Court, or an order, ruling, regulation (final, temporary or

proposed) or official statement issued or made: (i) by or on behalf of the United States Treasury Department, or by or on behalf of the Internal Revenue Service or other federal or State authority, which would have the purpose or effect of changing, directly or indirectly, the federal income tax consequences or State tax consequences of interest on obligations of the general character of the Bonds in the hands of the holders thereof;

(3) an order, decree or injunction of any court of competent jurisdiction, or any order, ruling or regulation of the Securities and Exchange Commission, is issued or made with the purpose or effect of prohibiting the issuance, offering or sale of the Bonds as contemplated hereby or legislation has been enacted, or a bill favorably reported for adoption, or a decision by any court rendered, or a ruling, regulation, proposed regulation or official statement by or on behalf of the Securities and Exchange Commission or other governmental agency having jurisdiction of the subject matter has been made or issued, to the effect that the Bonds or obligations of the general character of the Bonds of the District or the County or of any similar body of the type contemplated herein are not exempt from the registration, qualification or other requirements of the Securities Act as amended and then in effect, or that the Resolutions are not exempt from qualification under the Trust Indenture Act of 1939, as amended and as then in effect;

(4) legislation is introduced in or enacted (or resolution passed) by the Congress or an order, decree, or injunction issued by any court of competent jurisdiction, or an order, ruling, regulation (final, temporary, or proposed), press release or other form of notice issued or made by or on behalf of the Securities and Exchange Commission, or any other governmental agency having jurisdiction of the subject matter, to the effect that obligations of the general character of the Bonds, including any or all underlying arrangements, are not exempt from registration under or other requirements of the Securities Act of 1933, as amended, or that the Bond Resolution is not exempt from qualification under or other requirements of the Trust Indenture Act of 1939, as amended, or that the issuance, offering, or sale of obligations of the general character of the Bonds, including any or all underlying arrangements, as contemplated hereby or by the Official Statement or otherwise, is or would be in violation of the federal securities law as amended and then in effect;

(6) there shall have occurred a general suspension of trading, minimum or maximum prices for trading shall have been fixed and be in force or maximum ranges or prices for securities shall have been required on the New York Stock Exchange or other national stock exchange whether by virtue of a determination by that Exchange or by order of the Securities and Exchange Commission or any other governmental agency having jurisdiction or any national securities exchange shall have: (i) imposed additional material restrictions not in force as of the date hereof with respect to trading in securities generally, or to the Bonds or similar obligations; or (ii) materially increased restrictions now in force

with respect to the extension of credit by or the charge to the net capital requirements of underwriters or broker-dealers such as to make it, in the judgment of the Representative, impractical or inadvisable to proceed with the offering of the Bonds as contemplated in the Official Statement;

(7) a general banking moratorium shall have been declared by federal or New York or California state authorities or a major financial crisis or a material disruption in commercial banking or securities settlement or clearances services shall have occurred such as to make it, in the judgment of the Representative, impractical or inadvisable to proceed with the offering of the Bonds as contemplated in the Official Statement;

(8) a downgrading or suspension of any rating (without regard to credit enhancement) of any securities issued by the District, or (ii) there shall have been any official statement as to a possible downgrading (such as being placed on "credit watch" or "negative outlook" or any similar qualification) of any rating by Moody's, S&P or Fitch of any securities issued by the District, including the Bonds;

(9) any amendment to the federal or State Constitution or action by any federal or State court, legislative body, regulatory body or other authority materially adversely affecting the tax status of the District, its property, income, securities (or interest thereon), the validity or enforceability of the Bonds; or

(17) a transcript of all proceedings relating to the authorization, issuance and delivery of the Bonds; and

(18) such additional legal opinions, certificates, proceedings, instruments and other documents as the Underwriters may reasonably request to evidence compliance (i) by the County, the District and the Paying Agent with legal requirements, (ii) the truth and accuracy, as of the time of Closing, of the representations of the County and the District herein contained, and (iii) the due performance or satisfaction by the County, the District and the Paying Agent (and its agent, if applicable) at or prior to such time of all agreements then to be performed and all conditions then to be satisfied by them.

If the County and/or the District shall be unable to satisfy the conditions to the Underwriters' obligations contained in this Purchase Agreement or if the Underwriters' obligations shall be terminated for any reason permitted by this Purchase Agreement, this Purchase Agreement may be canceled by the Underwriters at, or at any time prior to, the time of Closing. Notice of such cancellation shall be given to the County and the District in writing, or by telephone or electronic communication, confirmed in writing. Notwithstanding any provision herein to the contrary, the performance of any and all obligations of the County and the District hereunder and the performance of any and all conditions contained herein for the benefit of the Underwriters may be waived by the Representative in writing at their sole discretion.

14. Conditions to Obligations of the District. The performance by the County and the District of their obligations is conditioned upon (i) the performance by the Underwriters of their obligations hereunder and (ii) receipt by the District and the Underwriters of opinions and certificates being delivered at the Closing by persons and entities other than the County and the District.

15. Expenses. (a) To the extent that the transactions contemplated by this Purchase Agreement are consummated, the District shall pay, and the Underwriters shall have no obligation to pay, the following expenses incident to the issuance of the Bonds: (i) the cost of the preparation and reproduction of the Bond Resolution; (ii) the fees and disbursements of Bond Counsel, Disclosure Counsel and the District's municipal advisor; (iii) the cost of the preparation, printing and delivery of the Bonds; (iv) the fees for the Bonds' ratings; (v) the cost of the printing and distribution of the Preliminary Official Statement and the Official Statement; (vi) the initial fees, if any, of the Paying Agent and Fiscal Agent (defined below); (vii) the initial fees, if any, of the Escrow Agent; (viii) the fees of the Verification Agent; (ix) expenses for travel, lodging, and subsistence related to rating agency visits and other meetings connected to the authorization, sale, issuance and distribution of the Bonds; and (x) all other fees and expenses incident to the issuance and sale of the Bonds. The Underwriters are hereby directed to wire at the Closing a portion of the purchase price of the Bonds equal to $[_____] to The Bank of New York Mellon Trust Company, N.A., as fiscal agent (the "Fiscal Agent") on behalf of the District, for the payment of the above-described costs. In the event that following payment of the expenses set forth above, there is any portion remaining, such remaining amount shall be deposited into the Debt Service Fund.

(b) Notwithstanding any of the foregoing, the Underwriters shall pay all out-of-pocket expenses of the Underwriters, including the California Debt and Investment Advisory

Commission fee, the fees of Underwriters' Counsel, and other expenses (except those expressly provided above) without limitation, except travel and related expenses in connection with the Bonds' ratings.

(c) Notwithstanding the last paragraph of Section 13 hereof, the District hereby agrees, in the event the purchase and sale of the Bonds does not occur as contemplated hereunder, to reimburse the Underwriters for any costs described in Section 15(a)(ix) above that are attributable to District personnel.

(d) The District acknowledges that it has had an opportunity, in consultation with such advisors as it may deem appropriate, if any, to evaluate and consider the fees and expenses being incurred as part of the issuance of the Bonds.

16. Terms and Conditions of Bonds. By executing this Purchase Agreement, the Treasurer is exercising the authority granted to him under the County Resolution to determine the terms of the Bonds (which terms are set forth in Exhibit A hereto).

17. Notices. Any notice or other communication to be given under this Purchase Agreement (other than the acceptance hereof as specified in the first paragraph hereof) may be given by delivering the same in writing, if to the District, to West Contra Costa Unified School District, 1400 Marina Way, Richmond, California 94801, attention: Tony Wold, Ed.D., Associate Superintendent of Business Services, or if to the Underwriters, c/o J.P. Morgan Securities LLC, 1415 L Street, Floor 6, Sacramento, California 95814, attention: Juan Fernandez, Executive Director.

18. Severability. In the event any provision of this Purchase Agreement shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof.

19. Parties in Interest; Survival of Representations and Warranties. This Purchase Agreement when accepted by the County and the District in writing as heretofore specified shall constitute the entire agreement among the County, the District and the Underwriters with respect to the transaction contemplated by this Purchase Agreement and supersedes all oral statements, prior writings and representations with respect thereto. This Purchase Agreement is made solely for the benefit of the County, the District and the Underwriters (including the successors or assigns of the Underwriters). No person shall acquire or have any rights hereunder or by virtue hereof. All the representations, warranties and agreements of the County and the District in this Purchase Agreement shall survive, unless waived by the Underwriters, regardless of (a) any investigation or any statement in respect thereof made by or on behalf of the Underwriters, (b) delivery of and payment by the Underwriters for the Bonds hereunder and (c) any termination of this Purchase Agreement.

20. Execution in Counterparts. This Purchase Agreement may be executed in several counterparts each of which shall be regarded as an original and all of which shall constitute but one and the same document.

Ladies and Gentlemen:

This opinion is rendered and delivered in connection with the issuance by the Board of Supervisors of the County of Contra Costa (the "County") on behalf of the West Contra Costa Unified School District (the "District") of: (a) $[_____] aggregate principal amount of the District's General Obligation Bonds, 2010 Election, 2020 Series F (the "Series F Bonds") and (b) $[_____] aggregate principal amount of the District's General Obligation Bonds, 2012 Election, 2020 Series E (the "Series E Bonds," and together with the Series F Bonds, the "Bonds"). The Bonds are being issued pursuant to a resolution of the Board of Supervisors of the County adopted on May [26], 2020 (the "County Resolution"), at the request of the District made pursuant to a resolution of the Board of Education of the District adopted on May 6, 2020 (the "District Resolution").

In rendering this opinion, we have reviewed the County Resolution, the District Resolution, the Bond Purchase Agreement, dated June [__], 2020 (the "Purchase Agreement"),

by and among the County, the District and J.P. Morgan Securities LLC on their own behalf and as Representative of Raymond James & Associates, Inc., and other such documents, records and instruments and made such investigations of law and fact as we have deemed necessary to render the opinions expressed herein. The County Resolution, the Bonds, and the Purchase Agreement are collectively referred to herein as the "County Documents."

Under existing law and based upon the foregoing, we are of the opinions that:

1. The County is a political subdivision, organized and operating under the Constitution and laws of the State of California.

2. The County Resolution approving and authorizing the execution and delivery of the Purchase Agreement and the sale and issuance of the Bonds was duly adopted at a meeting of the Board of Supervisors of the County, which was called and held pursuant to law, with all public notice required by law and at which a quorum was present and acting throughout and the County Resolution has not been rescinded, modified or amended and is in full force and effect.

3. To the best knowledge of County Counsel, there is no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, governmental agency, public authority or body, pending or threatened against the County in which service of process has been completed (a) affecting the existence of the County or the titles of its officers who have acted with respect to the proceedings for issuance and sale of the Bonds to their respective offices; (b) seeking to prohibit, restrain or enjoin the execution, delivery or performance of this Purchase Agreement or the issuance of the Bonds or in any way contesting or affecting the validity or enforceability of the County Documents; or (c) contesting the powers of the County or its authority to enter into, adopt or perform its obligations under the County Documents.

4. The Purchase Agreement has been duly authorized, executed and delivered by the County and the Bonds have been duly authorized by the County, executed by the County on behalf of the District and delivered by the County and, assuming due authorization, execution and delivery by the other parties thereto, the Purchase Agreement constitutes a legal, valid and binding obligation of the County enforceable against the County in accordance with its terms.

Notwithstanding anything to the contrary herein:

(a) I expressly decline to render any opinion regarding the content of the Bonds, or any disclosure of any kind made in connection with the Bonds.

(b) I expressly decline to render any opinion regarding the taxability or tax effect (under both state and federal law) of the transactions that are subject of this opinion letter.

(c) I expressly decline to render any opinion with respect to the validity or perfection of any lien or security interested created under the County Documents.

(d) This opinion is based on the existing laws of the State of California as of this date; and I expressly decline to render any opinion as to any laws or regulations of other states or jurisdictions (including federal law and regulations) as they may pertain to the County Documents

or any transactions contemplated thereby, or with respect to the effect of noncompliance under any such laws or regulations or any other jurisdictions including federal law regulations, and blue sky laws.

(e) This opinion is furnished to the addressees hereof and is solely for its benefit, and the benefit of its successors and assigns. It may not be relied upon by any other person or entity however organized.

(f) This opinion may only be used in connection with the transactions contemplated by the County Documents.

(g) This opinion is given as of this date, and I expressly decline any undertaking to advise you of any matters arising subsequent to the date hereof that would cause me to amend any portion of the foregoing in whole or in part.

(h) The opinions set forth herein are subject to applicable limitations of bankruptcy or equitable principles affecting the enforcement of creditor's rights. The enforcement of the County Documents is subject to the effect of the general principles of equity, including, without limitation, concepts of materiality, reasonableness, good faith or fair dealing, and the possibility of the unavailability of specific performance or injunctive relief, regardless of whether considered in a proceeding in equity or at law, and to the exercise of judicial discretion in appropriate cases and to the limitations on legal remedies against entities in the State of California.

Please be advised that I am not Bond Counsel for the Bonds and have no expertise in matters related to or in connection with the issuance of the Bonds.

NOW, THEREFORE, BE IT RESOLVED by the Board of Education of the West Contra Costa Unified School District as follows:

Section 1. The foregoing Recitals are true and correct.

Section 2. This District Board hereby determines that 2010 Series F Bonds in the aggregate principal amount of not to exceed $65,000,000 and 2012 Series E Bonds in the aggregate principal amount of not to exceed $65,000,000 be offered for sale, in one or more series, the proceeds of which are to be used for the purposes described in the Recitals hereof.

Section 3. For the above purposes, this District Board hereby requests the County Board to issue the Bonds and to order such Bonds to be sold to the Underwriters at a negotiated sale in accordance with the Contract of Purchase. The Bonds will be issued at a true interest cost not to exceed legal limits and shall be issued in the form of current interest bonds. The Bonds may also be issued in separate tranches or subseries. The Bonds shall not exceed 40 years in maturity from their date of issuance. The form of Contract of Purchase on file with the District Board is hereby approved and the Superintendent of the District, its Associate Superintendent of Business Services or any designee of either thereof (each, an "Authorized Officer"), and each of them, is hereby authorized to execute the Contract of Purchase, with such changes therein, deletions therefrom and modifications thereto as such Authorized Officer may approve, such approval to be conclusively evidenced by the execution and delivery thereof. The District has instructed the Underwriters, in cooperation with the Municipal Advisor (defined below), to establish the terms, series, interest structure and redemption provisions for the Bonds in order to take advantage of financial market conditions prevailing at the date of sale of the Bonds under the Contract of Purchase. The purchase price for the Bonds to be paid by the Underwriter shall reflect an Underwriter's discount of not more than 0.3725% of the principal or issue amount of the Bonds on the date of delivery thereof, not including any original issue discount. Depending upon market conditions, the District may elect to purchase bond insurance to secure the payment of principal or maturity amount of and interest on or accreted value of the Bonds, or any portion thereof.

Section 4. The District Board hereby approves the use by the Underwriters of the Preliminary Official Statement, substantially in the form submitted to and considered by this District Board (the "Preliminary Official Statement") and following pricing, an Official Statement in connection with the sale of the Bonds (the "Official Statement"), in each case with such changes as may be approved by an Authorized Officer and such other officers of the District as may be authorized by the District Board. The Authorized Officers are, and each of them acting alone hereby is, authorized to deliver copies of the Preliminary Official Statement and the Official Statement with such changes therein as such Authorized Officer shall approve, in his or her discretion, as being in the best interests of the District. Upon the approval of such changes by such Authorized Officer, the Preliminary Official Statement shall be "deemed final" as of its date except for the omission of certain information as provided in and pursuant to Rule 15c2-12 promulgated under the Securities Exchange Act of 1934, as amended (the "Rule"). An Authorized Officer is hereby directed to execute a certificate to that effect, substantially in the form appended hereto as Exhibit A. An Authorized Officer is hereby authorized and directed to execute such Official Statement with such changes therein, deletions therefrom and

modifications thereto as such Authorized Officer may approve, such approval to be conclusively evidenced by the execution and delivery thereof.

The District Board understands and agrees that the County shall have no responsibility or obligation whatsoever in connection with the preparation and approval of the Preliminary Official Statement and the Official Statement, nor for satisfying any obligations of the District under the Rule.

Section 5. The Treasurer-Tax Collector of the County (the "Treasurer") has appointed The Bank of New York Mellon Trust Company, N.A., as the paying agent (the "Paying Agent") in connection with the administration of the Bonds, the first annual fees for which shall be paid from proceeds of the Bonds; subsequent annual fees may be paid from *ad valorem* property tax levies within the District.

Section 6. The District Board hereby confirms the designation of J.P. Morgan Securities LLC and Raymond James & Associates, Inc., together as Underwriters, KNN Public Finance, LLC, as Municipal Advisor to the District (the "Municipal Advisor") and the law firm of Nixon Peabody LLP, as Bond Counsel ("Bond Counsel") and Disclosure Counsel ("Disclosure Counsel") to the District in connection with the authorization, issuance and sale of the Bonds.

Section 7. The Bonds shall be sold by negotiated sale to the Underwriters inasmuch as: (i) such a sale will allow the District to integrate the sale of the Bonds with other public financings undertaken, or to be undertaken, by the District in order to fund its public education facilities; (ii) such a sale will allow the District to utilize the services of consultants who are familiar with the financial needs, status and plans of the District; (iii) such a sale will allow the District to control the timing of the sale of the Bonds to the municipal bond market and, potentially, take advantage of interest rate opportunities for favorable sale of the Bonds to such market and the generation of savings to the taxpayers of the District; (iv) such a sale will provide an increased ability to structure the Bonds to fit the needs of particular purchasers; and (v) such a sale will enhance the opportunity for the Underwriter to pre-market the Bonds to potential purchasers, including local residents, prior to the sale of the Bonds.

Section 8. In order to maintain the exclusion from gross income for federal income tax purposes of interest on the Bonds, the District hereby covenants to comply with each applicable requirement of Section 103 and Sections 141 through 150 of the Internal Revenue Code of 1986, as amended. In furtherance of these covenants, the District agrees to comply with the covenants contained in the Tax and Nonarbitrage Certificate of the District to be delivered in connection with the issuance of the Bonds (the "Tax and Nonarbitrage Certificate"). The District hereby agrees to deliver instructions to the Paying Agent as may be necessary in order to comply with the Tax and Nonarbitrage Certificate.

Section 9. Proceeds of the sale of the Bonds necessary to pay certain costs of issuing the Bonds (the "Costs of Issuance") may be deposited in the fund of the District known as the "West Contra Costa Unified School District General Obligation Bonds 2020 Costs of Issuance Fund" (the "Costs of Issuance Fund"), which may be comprised of separate accounts to pay Costs of Issuance of the 2010 Series F Bonds and the 2012 Series E Bonds, and shall be kept

separate and distinct from all other District funds, and those proceeds shall be used solely for the purpose of paying Costs of Issuance of the Bonds. The Costs of Issuance Fund may be held and administered by the Paying Agent. Notwithstanding the foregoing, all or a portion of the costs of issuance may be paid by the Underwriter, by the Paying Agent or by a fiscal agent designated for such purpose. Any amounts retained for payment of Costs of Issuance and returned to the District pursuant to the Contract of Purchase shall be transferred to the Debt Service Fund of the District, established at the direction of the District.

The District estimates that the total Costs of Issuance of the Bonds will be approximately 0.5% of the principal amount thereof, as reflected in a summary thereof on file with the Superintendent, without regard to Underwriter's discount or bond insurance.

Section 10. The District Board determines that all acts and conditions necessary to be performed by the District Board or to have been met precedent to and in the issuing and sale of the Bonds in order to make them the legal, valid and binding general obligations of the District have been performed and have been met, or will at the time of delivery of the Bonds have been performed and met, in regular and due form as required by law; and that no statutory or Constitutional limitation of indebtedness or taxation will have been exceeded in the issuance of the Bonds.

Section 11. The form of Continuing Disclosure Agreement required by the Rule and on file with the District Board, intended for the benefit of the registered owners from time to time of the Bonds (the "Owners") is hereby approved and the District Board hereby authorizes the Authorized Officers, and each acting alone, to execute such Continuing Disclosure Agreement in substantially the form submitted to this meeting of the District Board, with such changes therein as may be approved by the Authorized Officer executing the same. The District hereby covenants and agrees that it will comply with and carry out all of the provisions of such Continuing Disclosure Agreement in order to assist the Underwriter to comply with the requirements of the Rule. Any Owner may take such actions as may be necessary and appropriate, including seeking mandamus or specific performance by court order, to cause the District to comply with its obligations under this Section; however, noncompliance with this Section shall not constitute a default under or cause the acceleration of the Bonds.

Section 12. Should the Authorized Officer, upon consultation and advice of the Municipal Advisor and Bond Counsel, determine it is in the best interests of the District to obtain municipal bond insurance for the Bonds to improve their marketability, the Authorized Officer is hereby authorized and directed to sign documents to secure such credit enhancement on such terms and subject to such conditions as may be established by the Authorized Officer, in agreements relating to such credit enhancement.

Section 13. The County Board is hereby requested to assist the District in the issuance and sale of the Bonds; in order to meet the requirements of law and the procedures of the County with respect to such a request, the Clerk of the District Board is hereby directed to lodge a certified copy of this Resolution with the Clerk of the County Board and with the Superintendent of Schools of the County promptly following adoption hereof, and the District represents and warrants to the County that annual administrative expenses associated with the Bonds at the time outstanding shall be the sole responsibility of the District and the District shall

reimburse the County's costs and expenses incurred in connection with the issuance and sale of the Bonds. The Bonds are the general obligations of the District secured by *ad valorem* tax levies and do not constitute an obligation of the County except as set forth in the resolution to be adopted by the County Board authorizing the issuance of the Bonds. The County shall bear no responsibility for the acquisition, construction or installation of the project, or any part thereof.

Section 14. The District shall indemnify and hold harmless, to the extent permitted by law, the County and its officers and employees ("Indemnified Parties"), against any and all losses, claims, damages or liabilities, joint or several, to which such Indemnified Parties may become subject because of action or inaction related to the issuance and sale of the Bonds, or related to the proceedings for sale, award, issuance and delivery of the Bonds in accordance therewith and herewith. The District shall also reimburse any such Indemnified Parties for any legal or other expenses incurred in connection with investigating or defending any such claims or actions.

Section 15. Neither the County Board nor any officer of the County has prepared or reviewed the Official Statement, and the County Board and the various officers of the County take no responsibility for the contents or distribution thereof; provided, however, that solely with respect to a section contained or to be contained therein describing the County's investment policy, current portfolio holdings, and valuation procedures, as they may relate to funds of the District held by the County Treasurer-Tax Collector, the County Treasurer-Tax Collector is hereby authorized and directed to prepare and review such information for inclusion in the District's Official Statement and in the Preliminary Official Statement, and to certify in writing prior to or upon the issuance of the Bonds that the information contained in such section does not contain any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements made therein, in the light of the circumstances under which they are made, not misleading.

Section 16. Notwithstanding anything to the contrary contained herein in the Bonds or in any other document mentioned herein, neither the County nor the County Board shall have any liability hereunder or by reason hereof or in connection with the transactions contemplated hereby and the Bonds shall be payable solely from the moneys of the District available therefore as set forth in this Resolution.

Section 17. The Principal or redemption price, if any, of and interest on the Bonds shall not constitute a debt or an obligation of the County, the County Board, or of officers, agents, or employees of the County, and the County, the County Board and officers, agents, and employees thereof shall not be liable thereon. In no event shall the Principal or redemption price, if any, of and interest on any Bond be payable out of any funds or property of the County.

Section 18. The Clerk of the District shall send a certified copy of this Resolution, together with the final debt service schedule for the Bonds, to the Auditor-Controller and the Treasurer.

Section 19. Officers of the District Board and District officials and staff, their authorized deputies and designees, are hereby authorized and directed, jointly and severally, to do any and all things and to execute and deliver any and all documents which they may deem

necessary or advisable in order to proceed with the issuance of the Bonds and otherwise carry out, give effect to and comply with the terms and intent of this Resolution. Such actions as may have heretofore been taken by such officers, officials and staff are hereby ratified, confirmed and approved.

Section 20. This Resolution shall take effect immediately upon its adoption.
