Hello Colleen,

How are you doing? It must be super crazy in the current climate with the daily changes.

I am hoping you can lend me a hand. The gymnastics community will be reaching out to our state officials with standards upon re-opening. We have been forming a task force to speak directly to those officials and present our concerns, and plans. I would love Supervisor Mitchoff and Senator Glazier to be a part of the process.

How would I go about getting in contact with them. As an FYI the gymnastics in Northern California alone is over 60 clubs and thousands of athletes. This doesn't even include our Southern California Gyms. Our state is so large we have to separate into two completely different "states."

I look forward to hearing from you.

Hello,

I own a dog grooming business in Oakley, CA. While I have seen other salons remain open in contra costa county, I closed down during the stay at home order because I was originally told we are considered non essential.

While I agree that we are non essential in short term, dogs without grooming for a length of time can cause them serious health issues that could have been avoided with maintenance of skin, coat, and nails.

The main reason is the dog's health, yet It is also tough seeing the big box pet stores staying open and continue to groom dogs while other small business grooming salons are suffering.

My question is do we have to stay closed?

The way I have always ran my salon was grooming one customers dog at a time by appointment only. I can and would follow strict guidelines needed during this time.

I could have no contact with customers by not allowing any one inside the salon. I could also do curbside pick up and drop off of the dogs while using our washable leashes. And making everyone wear masks. Also I would do invoice payments only. My business is one at low risk being that we have very low contact with others, and would have no problem with a 6ft distance. The dogs are suffering with matted coats, skin conditions that we take care of are going untreated, nails that are getting way too long. I do understand vets can take care of some things but most are only taking in emergency cases. It's upsetting to let a dog get this neglected by owners having no choice due to their dog's care facility, their groomer, having to turn them away. This in turn costing them tons in vet bills that could have been avoided.

Please consider us essential as we have been closed too long at this point to where the dogs need us.

Thank you for your time
