Subject: Questions for 5/21/20 Zoom Meeting

Hi Julie,

I hope you are the person responsible for getting questions on the Agenda. If not if you could please pass these on to the proper person. Thank you so much.

1. Will we be required to have an "In" door to the business and an "Out" door similar to Home Depot?
2. How does the Health Directive decide the square footage and the safe amount of people that are allowed inside the business besides the current "Social Distancing?"
3. Will having the AC on spread the virus in the business?

Thank you.

Betty
