Comments:

Dear Dr. Farnitano,

I previously sent you information regarding the science regarding the public wearing masks. Today I am copying you on a communication I sent to Governor Newsom's office. I do hope that you considered the information sent last month, and that you will take especially the first half of the attached letter into consideration.

I wish you the best.

Sincerely,

Peter F. Connell, MAT, CAC, CDPH I/A
Principal Scientist

Comments:

Dear Governor Newsom,

As you are likely aware, there are a number of Pastors from across California who are intending to protest this coming Saturday at the Capitol, and some of whom are planning on opening in defiance of your order on May 31st. The attached letter has some information that you may find useful in dealing with the matter. I am both a scientist who has consulted to healthcare on the control and prevention of infectious disease, and I am a pastor of a small church.

In the attached letter I am bringing some data to your attention (especially the first half of the letter) that may help you see a way to meet some of these expectations while maintaining a commitment to the health and safety of the public. I am hoping you will be able to read the following letter before Saturday's planned protest, and certainly before the 31st. I hope it is a help. Feel free to reach out to me if you would like more resources.

Best Regards,

 Peter F. Connell, MAT, CAC, CDPH I/A
