retained by the Supervisor's office. The Clerk of the Board will ensure that the Supervisor has a copy of all applications originally filed with the Clerk of the Board.

Type 2: At Large/Countywide Appointments Applications are sent to the Clerk of the Board. The Clerk of the Board will distribute the applications to the appropriate interviewer. With the exception of the Planning Commission and the Treasury Oversight Committee, bodies may generally conduct their own interviews of applicants, unless provided direction by a Board Committee. When an advisory body conducts interviews, the body's recommendation will be provided to a Board Committee for further review, along with all applications received for the applicable seat. In all cases, the Board Committee decides which applicants to nominate for full Board action.

B. A Board Committee or an individual Supervisor may select a screening committee to assist in interviewing applicants for appointment. Membership subcommittees of Board advisory bodies may serve this purpose.

C. The Board shall strive to maintain an ethnic, economic, and geographic balance to the membership of advisory bodies.

D. Except where federal, State, or County statutes or regulations dictate otherwise, or in exceptional circumstances, the following applicants generally should not be appointed: 1. An applicant who has a family member already serving on the same advisory body. 2. An applicant who would be repeatedly required to recuse himself from the body's business due to a conflict of interest.

E. Except for county officers and employees serving in an official capacity, all advisory body members shall have specific terms of appointment as prescribed by statute or as fixed by the Board. Unless otherwise specified, appointees shall serve four-year terms, and terms should be staggered to limit the number of scheduled vacancies at any one time.

F. All Board appointees to advisory bodies serve at the pleasure of the Board and may be removed during their terms of office by a majority vote of the Board at its pleasure, provided that such action is consistent with conditions imposed by law.

G. An unscheduled vacancy occurs when an appointee leaves or becomes ineligible for his/her seat before his/her term expires. Unscheduled vacancies in seats on advisory bodies which are appointed by the Board will be listed on the Board's agenda within 20 days after the vacancy occurs. The Board will declare the positions vacant and instruct the Clerk of the Board to post the unscheduled vacancies. The Clerk of the Board will create and post the unscheduled vacancy notice within one business day of being instructed to do so by the Board. The notice will be posted at the following locations: 1) in a conspicuous location at the Office of the Clerk of the Board; and 2) on the Contra Costa County website. Additional outreach may be implemented by the Supervisorial District offices, and/or the advisory body. Pursuant to Government Code §54974(a), the Board will not make a final appointment for a minimum of ten working days after the Clerk has posted the unscheduled vacancy notice. If the Board finds an emergency exists, it may fill the unscheduled vacancy immediately, but the appointee will only serve on an acting basis until the final appointment is made.

IV. FORMATION AND DISSOLUTION OF ADVISORY BODIES

A. The Board of Supervisors may form an advisory body for the purpose of rendering advice or recommendations to the Board on issues of importance. The Board of Supervisors may dissolve an advisory body at the Board's discretion, consistent with conditions imposed by law. Commencing July 1, 2012, each advisory body shall be reviewed at least once every three years pursuant to a procedure established by the Board in Resolution 2012/261 or its successor.

B. When the Board creates an advisory body, the Board may determine whether or not the body should adopt a conflict of interest code.

V. RESPONSIBILITIES OF ADVISORY BODIES

A. Each advisory body:

1. Shall operate within its mandate as defined in the Board Order, Resolution, or Ordinance creating the body and any applicable law, and may establish specifically defined objectives consistent with its mandate.
2. Shall elect a chairperson and notify the Clerk of the Board of said selection.
3. Shall establish regularly scheduled meeting times and inform the Clerk of the Board of such schedule.
4. Subject to limitations resulting from statutory requirements, may adopt a set of operating rules (bylaws) addressing attendance requirements for continuing membership, the election of officers, and the establishment of subcommittees composed solely of current members of the advisory body. The operating rules (bylaws) shall not be operative until they have been approved by the Board of Supervisors.
5. Shall maintain necessary records including agendas and meeting minutes (records of action) and ensure that these documents

are made available to the public upon request.

6. Shall comply with by the Ralph M. Brown Act (Gov. Code, §54950, et. Seq.) and the County's Better Government Ordinance (County Ordinance Code Division 25).

7. Shall post meeting agendas on the County's webpage, in addition to the physical posting requirements specified in the Brown Act and Better Government Ordinance, at least 96 hours ahead of any regular meeting, beginning on March 2, 2020.

8. Shall comply with the Board's policy against conflict of interest, as required by state law and County policies, including but not limited to Resolution No. 2002/376 and Resolution 2011/55, or their successors.

9. Shall submit an Annual Report to the Board in December on its activities, accomplishments, membership attendance, required training/certification, and proposed work plan or objectives for the following year, in December. A suggested template for the Annual Report can be found in the Advisory Body Handbook or can be obtained by contacting the Clerk of the Board.

VI. This Resolution supersedes Resolution 2011/497 in its entirety.

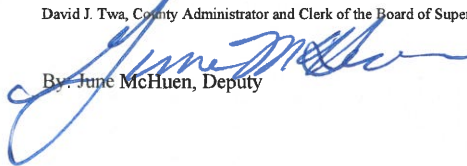

I hereby certify that this is a true and correct copy of an action taken and entered on the minutes of the Board of Supervisors on the date shown.

Referral History:

The Advisory Council for Equal Employment Opportunity (ACEEO) was established in July 1991 to serve as an advisory committee to the Board of Supervisors regarding the implementation of the County's Affirmative Action Plan, to review the Affirmative Action Program and to recommend actions to facilitate attainment of the County's goal for affirmative action. The Council is composed of 13 members and a Board committee reviews nominations to all seats except those designated for County managers and labor unions. Terms of office for seats reviewed by Board Committee are three years.

In 2013, Internal Operations Committee (IOC) reviewed Board Resolution Nos. 2011/497 and 2011/498, which stipulate that applicants for At Large/Non Agency-Specific seats on specified bodies are to be interviewed by a Board subcommittee. The Resolutions further permit a Board Committee to select a screening committee to assist in interviewing applicants for appointment for certain bodies, including the ACEEO.

Referral Update:

For many years, the IOC served as the reviewing committee for ACEEO nominations; however, the mission of the ACEEO is more consistent with the Board's Hiring Outreach and Oversight Committee, which is now designated as the reviewing committee for ACEEO nominations to the following seats:

Community 1, 2, 3, & 4
Education (vacant)
Business
Labor Involved in Training (vacant)
Veterans
Disabled
Union Seats 1 & 2 (vacant)
Management Seats 1 & 2 (vacant)

The regular process for the above seats is that the Affirmative Action Officer would recruit for membership, the ACEEO or a subcommittee thereof would screen/interview applications or candidates, and then forward its nominations to the Hiring Outreach and Oversight Committee (formerly IOC) for consideration and possible recommendation to the BOS.

Recommendation(s)/Next Step(s):

ACCEPT the resignation of Jena Williams from Community Member Seat #1 with the term expiring on November 30, 2020. DIRECT the Clerk of the Board to post the vacancy.

ACCEPT AND APPROVE the nomination of Kelli Collins to the Labor and Trade Seat with the term expiring on November 30, 2020 and extended to November 30, 2023 as recommended by the Advisory Council on EEO.

ACCEPT AND APPROVE the nomination of Jena Williams for Management Seat #1 with the term expiring on November 30, 2022 as recommended by the Advisory Council on EEO.

ACCEPT AND APPROVE the reappointment of Angela Malala to Community Seat #2 with the term expiring on November 30, 2023 as recommended by the Advisory Council on EEO.

In light of the current climate I believe I would bring a different perspective to these committees to work to solve some of the systemic issues related to minority groups like women and people of color. I am also part of an under represented generation in local government and politics.

Please explain why you would like to serve on this particular board, committee, or commission.

I'm a graduate student at San Francisco State University studying Public Administration. I joined that master's program with an issue area interest of workplace equity and age discrimination, and to transition into working in local government. As part of the program, I developed a research project and protocol to assess workplace ageism in private and public sectors of the Bay Area - which is currently in progress. I am very interested in serving in a public service role that helps to address and foster inclusivity in the workplace, and would look forward to contributing in, and learning from, the Advisory Council on Equal Employment Opportunity.

On June 5, 2014, Supervisor John Gioia convened a meeting to discuss the possibility of the County developing a program specifically designed to hire individuals with developmental disabilities into the County workforce. On February 8, 2016, the Bridge to Success proposal was presented to the Hiring Outreach Oversight Committee for approval. The proposal was approved and staff was directed to work with a focus group consisting of members who had extensive history and experience working within the disabled community.

Referral Update:

The Bridge to Success (BTS) program is an alternate employment process for persons with developmental disabilities. It is designed to minimize the adverse impact of the traditional selection process providing an alternate means of assessing the qualification and skills of job applicants with disabilities. This two-year proposed pilot is modeled on a similar program in place in Alameda County, which has shown great success in diversifying their workforce. This program is possible due to a partnership with local Community Based Organizations serving individuals with developmental disabilities who will assist the County Human Resources Department in identifying and assisting applicants through both the selection process and will also assist the participating departments and candidates with post-hire job coaching. In order for an individual to participate in this program, the individual must meet the definition of an individual with a disability, as defined by the Fair Employment and Housing Act, and be certified eligible by a Department of Rehabilitation Counselor as having a developmental disability. Candidates must successfully demonstrate their ability to perform the essential functions of the job with or without a reasonable accommodation, in order to successfully complete their BTS evaluation.

BACKGROUND

In April of 2014, the Human Resources (HR) Department convened a Recruitment Opportunities Work Group consisting of representatives from the Human Resources Department, Office of the County Counsel, and the Office of Equal Employment Opportunity (EEO). The County Administrator tasked the group with establishing a post-Consent Decree framework to ensure that the County's workforce reflected the demographics of the communities we serve. Outreach was created to explore new and innovative ways to reach people who are under-represented¹ in the County's workforce. The goal is to provide equal employment opportunities for all qualified persons seeking employment with the County and special districts governed by the Board of Supervisors.

On July 1, 2015, the County implemented its outreach and recruitment plans for Fiscal Year (FY) 15-16. The goals of the plans were to promote equity and inclusion throughout the County's workforce. County departments along with EEO were instructed to conduct strategic outreach and recruitment efforts, which were specifically designed to reach qualified under-represented groups within the constituents we serve.

METHODOLOGY

In order to determine under-representation in each department, the EEO Officer annually compares the County's workforce data to the availability of qualified people who reside in the local labor market and are 16 years or older. The County's workforce data within this report is derived from employment records from the Human Resources database. The local labor market data is compiled by the 2010 United States Department of Census Bureau (Census) using the Equal Employment Opportunity Tabulation (EEO Tabulation), which is a benchmark for comparing the gender and racial makeup of an organization's workforce. It examines labor force diversity using Census data and is produced for federal agencies responsible for monitoring employment practices and enforcing civil rights laws for the workforce.

The current County reporting format displays the use of statistical data to determine under-representation within the department as a whole. EEO conducted utilization analysis by race and gender as defined by the occupational categories within each department. An occupational category is a broad grouping of job classes, which require similar levels of skill and training. The analysis relies on subtraction: the percentage of employees in the business's workforce in a particular job category, cross-classified by race, national origin and sex, minus the percentage of workers in the same job category in the relevant labor market, also cross classified by race, national origin and sex². For example, if the business's Workforce Analysis Chart shows 40 percent Asian males in the Professionals job category, and if the community labor statistics table shows that in the relevant labor market, 20 percent of Professionals are Asian males, then the business is underusing Asian males in the job category by 20 percent.

TOTAL COUNTY WORKFORCE

As of December 31, 2019, Contra Costa County employed 9161 employees. Each department with underrepresentation of 10% or more in the gender, race and /or ethnicity³ categories is required to create a strategic outreach and recruitment plan, which addresses the deficiencies and outreach needed.

¹ Dictionary.com defines underrepresentation as giving inadequate representation to; represent in numbers that are disproportionately low.

² As defined by the Department Of Justice Office of Justice Programs Equal Employment Opportunity Plans

³ The Census Bureau categorizes ethnicity into two categories: Hispanic or Latino OR not Hispanic or Latino. The terms "Hispanic," "Latino," and "Spanish" are used interchangeably.

Representation rates, which are presented in percentages, are estimated indicators of whether or not a particular racial/ethnic or gender group is represented at a level comparable to the group's existence in the labor market. Departments provide steps they will take to assist in increasing the applicant flow of diverse qualified individuals for the under-represented group(s). The County's job classes are determined by HR and assigned to an occupational category based upon the United States Equal Employment Opportunity Commission's definitions⁴.

Applicant flow analysis is an important component of outreach that helps the County determine the success of its outreach program. Applicant flow is the analysis of selection rate adjustments for a particular job and is used for record keeping and statistical purposes⁵. Employers are to provide applicants the option to self-identify or decline to submit the supplemental classification information, which identifies gender, race and/or ethnicity. If an individual declines to self-identify, the reporting data will not be included in the final tally.

The departments are required to reach out to individuals depending on where their under-representation exists. Each racial, ethnic and gender category is separate from the other and requires departments to participate in outreach to all groups where it has been determined that low representation exists.

As the County's EEO Officer, I am responsible for conducting outreach efforts to community based organizations (cbos). The outreach efforts place an emphasis on attracting under-represented groups within the County's workforce through ongoing marketing efforts. It is designed to meet them at the transaction level and provide County employment information to management teams, rank and file employees and the agency's clientele.

Community outreach is an important part of EEO's strategic plan to help the County reach underserved populations. Our plan is to bring the County and the community together to help eradicate barriers to employment. In order to make this endeavor successful, we must build stronger relationships with one another. It is important for our communities to know what employment opportunities are available at the County.

Outreach is specific to organizations whose clientele consists of veterans, women, disabled, re-entry, low income, faith-based, Hispanics, Blacks, Asians, and the homeless, to name a few. From July 1, 2019 through June 30, 2020, EEO conducted over 1200 outreach and recruitment efforts⁶, which included meetings, teleconferences, job fairs and seminars with agency staff and/or clients from organizations listed below

⁴ See Page 13 of this report for the definitions of the 8 occupational categories.

⁵ All institutions receiving federal contracts are obligated by federal law to track gender and race data for all candidates submitting applications for employment to the business. By law, the information cannot be a component of the employment determination, nor can it be used for consideration.

⁶ Due to the pandemic, EEO has not been able to meet personally with the cbos but we still forward the weekly job vacancies to those within our network.

FY 2020- 2021 OUTREACH PLAN

The County relies on each department to outreach to its under-represented groups within the workforce to diversify our applicant flow. Applicant flow helps to measure how fair and inclusive our outreach programs are. It helps the County to review and determine if past outreach practices were proactive, strategic, and effective. It also assists the County in removing barriers. The County's applicant flow pipeline is broken into five categories, which are listed below. For FY 15-16, the County received 24,843 applications. For FY 17-18, The County received 26,822 applications. For FY 19-20, the County received 30,223 applications.

These trends continue to stress the importance for the County to continue its outreach efforts. EEO is committed to increasing the participation rates of qualified under-represented groups in our applicant pool. The areas of opportunities and improvement are:

- Continue conducting outreach online and electronically. Once the shelter-in-place directions are rescinded, EEO will resume conducting in-person outreach within the community to determine and address their needs.
- Create additional marketing tools such as brochures and power point presentations, which are designed to reach under-represented groups.
- Continue providing additional training to the departmental EEO Coordinators to help them to become more knowledgeable of targeted outreach, under-representation, more effective outreach plans and hiring.

CONCLUSION

The data presented in this report provides the County stakeholders, managers, employees and the public detailed information regarding the County's outreach and recruitment efforts. Although we have made strides towards achieving workforce equity, there are areas that still need to be addressed. One area of note is the equitable distribution of jobs. Currently the County is comprised of 64% females and 34% males. EEO will continue working with the departments to make sure that we reach qualified candidates to apply for our vacancies, especially where underrepresentation within the workforce exists.

EEO and the departments will continue to work with cbos, colleges, universities and professional organizations to attract qualified candidates to help the County attain equity and inclusion within our workforce.

CONTRA COSTA COUNTY AGRICULTURE / WEIGHTS AND MEASURES OUTREACH AND RECRUITMENT PLAN FY 2020-2021

Issue: The Board of Supervisors remains committed to maintaining a diverse and inclusive workforce which is reflective of the communities that we serve. As of December 31, 2019, the County's workforce statistical data indicate the following:

- Females are underrepresented in Officials and Administrators, and Technicians positions
- Males are underrepresented in Administrative Support positions
- Whites are underrepresented in Officials and Administrators
- Blacks are underrepresented in Officials and Administrators, Professionals, Administrative Support, and Service Maintenance positions
- Hispanics are underrepresented in Administrative Support, and Service Maintenance positions
- Asians are underrepresented in Officials and Administrators, Professionals, Technicians, and Administrative Support positions

For the majority of the positions in our department, we can only hire state licensed individuals. All of our technicians (Biologists and Weights and Measures Inspectors), professionals, and officials and administrators require specific state licensing. When we are recruiting for licensed positions, job announcements are sent to every qualified and licensed individual in the state of California, which ensures that we are reaching the broadest qualified candidate pool possible. The California Department of Food and Agriculture County Liaison sends us a list of qualified residents once we notify them of vacant positions. For job positions where state licensing is not required, we focus outreach efforts within the community.

Objective: Increase the applicant pool of underrepresented groups within our workforce by conducting specific outreach and recruitment efforts to candidates who meet the minimum qualifications by encouraging them to apply for the vacant positions within the Agriculture / Weights and Measures Department.

Message: The Agriculture / Weights and Measures Department will target outreach efforts to websites that serve underrepresented groups. We will email these organizations vacancy announcements within the department during the fiscal year. This proactive measure will

help to create a more diverse applicant pool of qualified candidates to apply for departmental vacancies.

Tools: The Agriculture department will disseminate information to the general public through our website as well as local community colleges and universities to increase awareness of what the Department of Agriculture, Weights/Measures does and what the qualifications are for employment within the department. We will continue to utilize websites geared towards helping underrepresented people find employment when possible. When hiring for a licensed positions, the department gets a statewide contact list of all licensees and ensures that everyone who is qualified receives notification of the job opening with instruction on how to apply.

COUNTY COUNSEL OUTREACH AND RECRUITMENT PLAN FY 2020-2021

Issue: The data chart prepared by the County’s Equal Employment Opportunity Officer indicates that as of December 31, 2019, when the 44 employees in the County Counsel’s Office are compared with the working population of Contra Costa County, the County Counsel’s Office is statistically under-represented in the following categories:

- Hispanics and Asians are under-represented in the Officials and Administrators classifications;
- Men are under-represented in the Professionals and Administrative Support positions

For the purpose of this plan, this Office addresses only the attorney and non-clerical recruitments. Clerical outreach and recruitments are countywide and are not conducted by this office.

Objective: The department will continue to enhance partnerships with Hispanic and Asian legal associations, law school career centers, and like agencies to keep them apprised of job vacancies within our office.

Message: The Office of the County Counsel will continue to conduct focused outreach efforts towards creating a diverse and qualified applicant pool of candidates from which we fill the vacant positions. All open recruitments within the department are mailed to over 70 organizations during the recruitment period. These measures are intended to help create a more diverse applicant pool of qualified candidates that apply for departmental vacancies.

Tools: Enhance the communication methods of job vacancies with our under-represented groups expanding the postings of job vacancies via the internet with online job boards, Public Services Employment services, mailings and coordination with the EEO’s staff through community based organizations, local job fairs, and law school career centers.

- Females are underrepresented in Official and Administrator, Professional, Technical, Protective Services (Sworn), Protective Services (Non-Sworn) and Service Maintenance positions.
- Males are underrepresented in Administrative positions.
- Hispanics are underrepresented in Skilled Craft, Service Maintenance, Protective Services (Non-Sworn) positions.
- Blacks are underrepresented in Service Maintenance and Protective Services (Sworn) positions.
- Asians are underrepresented in Officials and Administrators, Professionals, Technicians, Administrative Services, Skilled Craft, Protective Services (Sworn), and Protective Services (Non-Sworn) positions.

Objective: Increase the applicant flow of underrepresented groups within our workforce by conducting specific outreach and recruitment efforts to Community Based Organizations, Professional Groups and online recruitment sites who serve the populations listed above.

Message: The Fire District will continue to conduct strategic outreach efforts to community-based organizations, professional groups and online websites that serve those populations where we have underrepresentation. We will electronically send these organizations all open vacancies within the District during the fiscal year. In addition, we will continue to promote careers in the Fire Service by collaborating with middle through high schools, and community colleges with a diverse student population. These proactive measures will help to create a more diverse applicant pool of qualified candidates to apply for District vacancies.

Tools: The Fire District continues to work to diversify the pool of eligible applications for positions in the District. Outreach will be targeted towards local middle and high schools, community colleges and universities. We will expand internship opportunities by hiring District Aides who are current students enrolled in Fire Science certificate programs or recent graduates who have some related work experience and interest a career in fire service. The internship

opportunities are a useful tool to expand the applicant pool for permanent positions when they become available.

In May 2019 and September 2019, the Fire District sent two female firefighters to represent the District at the NorCal Women in the Fire Service’s event called, “First Alarm Girl’s Fire Camp”. This was a two-day program made up of active duty women firefighters from the Bay Area and across the West Coast. The camp provided girls from 9-12 grade with hands-on training on power tools, hose handling, how to use a fire extinguisher, how to put on and remove personal protective equipment (PPE), orientation to using a self-contained breathing apparatus (SCBA), an introduction to wildland firefighting, and training in ladders including an opportunity to climb the aerial truck ladder.

HEALTH SERVICES OUTREACH AND RECRUITMENT PLAN FY 2020-2021

Issue: As of December 31, 2019, Contra Costa Health Services' statistical data showed under-representation of the following:

- Males in Officials and Administrators, Professionals, Technicians and Administrative Services.
- Whites in Officials and Administrators, Professional, Technicians, Administrative Services, Service Maintenance and Protective Services Non-Sworn positions.
- Hispanics in Service Maintenance positions
- Asians in Protective Services Non-Sworn positions.

The Health Services Department has nine divisions providing health care and emergency response services to the residents of Contra Costa County. The majority of our professional classifications are held by women. Per data from the United States Department of Labor, there is a disproportionate representation of women in certain professions such as Registered Nurse, Social Worker, Medical and Health Services Manager, Counselor, and Human Resources Manager.

The Department conducts its own recruitment and strives to reach a diverse applicant pool by utilizing the County's Outreach Mailing List consistently in addition to posting our job announcements online to popular websites such as Craigslist, Indeed and Monster, and distribution to health professional organizations and community agencies.

Objective: Increase the applicant pool of males, White, Hispanic, and Asian candidates who meet the minimum qualifications and maintain a diverse workforce within the Health Services Department.

Message: The Department will continue to utilize the County's list of community/faith based organizations and work with SPIN Recruitment Agency by posting our job announcements to popular websites such as Indeed, Monster, and Craigslist and expand to non-traditional sites. In addition, we participate in local job/career fairs, and collaborate with our division managers to look for innovative ways to attract qualified candidates from affiliated organizations, local colleges and universities.

PUBLIC DEFENDER OUTREACH AND RECRUITMENT PLAN FY 2020-2021

Issue: The Board of Supervisors remains committed to maintain a diverse and inclusive workforce, which is reflective of the communities that we serve. As of December 31, 2019, the Office of the Public Defender workforce statistical data indicates the following:

- Males are underrepresented in Officials and Administrators, Professionals and Administrative Support positions;
- Whites are underrepresented in the Administrative Support positions.
- Hispanics are underrepresented in Officials and Administrator positions; and
- Asians are underrepresented in Professional positions.

Objectives:

- Increase the applicant flow of underrepresented groups within our Department's workforce by conducting specific outreach and targeted recruitment efforts to community and/or faith based organizations, Professional Groups and online recruitment sites who serve the populations listed above.

Message: The Department will continue to conduct strategic and targeted outreach efforts to traditionally underrepresented racial minorities, in order to create a more diverse applicant pool of qualified candidates to apply for vacant positions.

Tools: We will continue to increase the pool of eligible applicants for positions in the department by targeting outreach to local colleges, universities and law schools with our above objectives in mind.

Accomplishments: Our Department is primarily financed through the general fund; therefore, we are limited in the number of positions that we are able to fill through attrition vacancies. However, we have recently been successful in securing outside grant funding for some positions. In the future, we will continue to strive to hire into these positions from a

broad applicant pool.

Finally, to maintain the diversity of our workforce, the Department Head has formed a diversity committee who actively recruits minority attorney and graduate law clerk applicants from a diverse array of law schools. The Department strives to promote diversity and achieve gender-balance in the graduate law clerk pool, as this group is a significant source of applicants for the entry-level attorney positions. Although the workforce of this Department represents only a small portion of the County’s overall workforce, because of the significant diversity in our client population, we are uniquely focused and committed to achieving the County EEO and Recruitment targets.
