I have been an educator for over two decades and have earned both a PhD and a Masters in Library and Information Science. I have a deep and nuanced understanding of the role of public libraries in supporting community cohesion and support, and I possess a strong commitment to civic responsibility. I run my own business centered around empowering individuals and organizations through written expression, and I have held many workshops at Contra Costa libraries over the years. My love of libraries is lifelong: it stems from an abiding passion for promoting access to and equity of resources. I am a staunch advocate for what I believe in, but I am also well-versed in the necessity of consensus-building. Public libraries play a vital role in supporting *all* members of their communities, and I have worked consistently over the years to advocate for services and policies that promote the profession's core values. I believe that my unique and well-balanced perspective would enrich the commission's discussions and amplify its effectiveness. Over the years, my varied library-related roles have included patron, researcher, grantwriter, and presenter. I frequent all of our East Bay library systems, but I hold a special place in my heart for CCC's libraries, particularly for the El Cerrito location and the ongoing campaign to help build a new branch. In short, I believe that I would be an excellent candidate to fill the District 1 vacancy. I invite you to explore my website to learn more about who I am and what I do: www.writeyouare.net.

Contra Costa County

To: Board of Supervisors

From: Robin Lipetzky, Public Defender

Date: May 11, 2021

Subject: Vehicle purchase for the Public Defender's Client Services Program

RECOMMENDATION(S):

APPROVE Appropriation and Revenue Adjustment No. 005043 authorizing the transfer of appropriations in the amount of $36,601 from Public Defender (0243) to Public Works - ISF Fleet Services (0064) for the purchase of a vehicle for the Client Services Program.

FISCAL IMPACT:

This action increases appropriations in Public Works - ISF Fleet Services (0064) and reduces appropriations in Public Defender 2909/2303 (Other Travel - Employee) program by $8,601 and $28,000 out of the Public Defender's AB109 program (2918/4953)

BACKGROUND:

The Client Services Program provides and enhances integrated programs and services for successful reentry of our clients. The social workers who work under this program need a vehicle to effectively meet with clients, their families and support systems, and resource agencies in order to link our clients with necessary community-based services and resources. In addition, the Client Services Program is projected to hire two more social workers, thus necessitating the purchase of another vehicle.

BACKGROUND:

Occasionally, incumbents of certain positions submit a request to their manager to reduce or increase their position hours. The manager then evaluates the request based on division operation requirements and program service needs. The incumbents requested their position hours adjustment, and the vacant position will receive the remaining hours. The adjustment in hours will assist with coverage within the department and reduce the impact on the patients. The Department

RECOMMENDATION(S):

ADOPT Position Adjustment Resolution No. 25728 to add one (1) Administrative Services Assistant III (APTA) (represented) position at salary plan and grade ZB5 1631 ($6,613.76 - $8,039.07) in the Probation Department.

FISCAL IMPACT:

Upon approval, this request has an annual cost of approximately $150,741 which includes $30,876 in pension costs. This cost is 100% funded by Juvenile Justice Crime Prevention Act (JJCPA) revenue.

BACKGROUND:

At the April 2021 Juvenile Justice Coordinating Council (JJCC) meeting, the Probation Department reported that they have a large fund balance in JJCPA revenue. It is the desire of the JJCC to contract these unspent dollars with Community Based Organizations (CBOs). The Probation department currently employs one Administrative Services Assistant (ASA) III assigned to the Juvenile division whose responsibility is to draft, support and oversee all the department's juvenile contracts. As the need for juvenile contracts has increased, it has become clear that this employee does not have the capacity to handle the contracting needs of the juvenile division. As a result, the Probation Department is requesting an additional ASA III to help with the contracting needs.

high acuity medical services across multiple delivery systems. The program serves 14,400 Medi-Cal recipients and integrates physical health, behavioral health, and social services in a patient-centered manner in order to improve the health and well-being of this vulnerable population. These positions will be added to enhance the efforts of the Community Connect staff to provide social services care coordination as partners in the team-based case management and care coordination services.

The clients of the Whole Person Care Community Connect program often overuse the emergency room department, inpatient hospitalization and psychiatric emergency resources due to a myriad of social barriers including housing insecurity, poverty related challenges, mental health and substance related disorders, and social isolation. EHSD has embedded four Social Service Program Assistants (SSPA) to serve the clients of Community Connect. A primary function of the SSPA is to assist CMCT clients in maintaining eligibility to Medi-Cal and gaining access to additional benefits for which they may be eligible.

Each month, between 800-1000 CMCT clients' Medi-Cal lapses, meaning their coverage has terminated. This can occur for a variety of reasons (no longer need coverage, moved out of county, etc.) but a significant reason is that the client missed their redetermination period due to the social barriers they face on a daily basis. The SSPAs work collaboratively with the Case Managers within CMCT to assist in restoring client's Medi-Cal during a 90-day cure period to ensure continuity in health care coverage and continued eligibility to Community Connect. Another role the SSPAs play is assisting in processing applications for CalFresh and Cash Aid. Many clients are unaware that they are eligible for additional public services. As they become aware through the support of their Case Managers, the dedicated SSPAs are able to conduct the intake process with the clients ensuring their benefits are processed in a timely manner.

Due to the high volume of clients and the upcoming transition into CalAIM, which will expand current services to all high utilizers throughout the County's health system, in December 2020, EHSD entered into an Interdepartmental Services Agreement/Extension with Health Services to partner in staffing the Whole Person Care Community Connect Pilot Program to add three (3) additional SSPAs and one (1) Clerk-Senior Level. The Interdepartmental Services Agreement/Extension was approved on March 2021.

CONSEQUENCE OF NEGATIVE ACTION:

If this action is not approved, EHSD will not be able to ensure the timely and necessary granting of benefits to maintain clients' continued eligibility to CMCT, thus placing Health Services at risk of losing clients for the Whole Person Care pilot.

Subject: Add one Physical Therapist II and Cancel one Therapist Assistant in the Health Services Department

RECOMMENDATION(S):

ADOPT Position Adjustment Resolution No. 25731 to add one part-time Physical Therapist II (28/40) (V5VF) position at salary plan and grade level TC5-1746 ($7,411-$9,008), cancel one vacant Therapy Assistant (VAHB) position #8370 at salary plan and grade level TC5-1435 ($5,447-$6,621) in the Health Services Department (represented).

FISCAL IMPACT:

Upon approval, this action has an approximate annual cost increase of $5,766 with $2,123 in pension costs already included and will be funded by 50% Department of Health Care Services grant funds ($2,883) and 50% County General Funds ($2,883).

BACKGROUND:

California Children's Services within Family, Maternal & Child Health evaluated the program and discovered the smaller Medical Therapy Units' current staffing level for Therapy Assistant is two. Upon evaluation, these smaller units could effectively operate and achieve the workload by utilizing one Therapist Assistant. Adding one Physical Therapist II position to California Children's Services will provide needed availability to offer services for the increasing number of children required to receive mandated rehabilitation services.

BACKGROUND:

by the Treasurer's division. A single Treasurer's Investment Operations Analyst position is no longer sufficient to maintain the workload as is. The Investment Operations cannot afford the risk of having only one position to cover the increasing number of investment transactions. The funding for this position would come from the recently vacated Collection Enforcement Supervisor position. The Department does not plan to refill this position as the Tax Compliance group has been reintegrated with the rest of the Tax Collector's division. The Assistant Tax Collector will assume the tasks of the Collection Enforcement Supervisor. Additionally, there is a need for a dedicated trained individual to oversee and address personnel matters as well as file, maintain and update related Human Resource and Risk Management documents. The funding for this position would come from an Accounting Technician position currently vacant. The Department does not plan to fill the Accounting Technician position as its duties have been redistributed among Account Clerks and Accountants in the Tax Collector's division.

CONSEQUENCE OF NEGATIVE ACTION:

If this action is not approved, staffing will not be at the ideal level to accomplish the goals of the Department.

BACKGROUND: (CONT'D)

and Human Services Department, ACF as the Head Start grantee. The Department of Health and Human Services Consolidated Appropriations Act of 2021 contains an increase for Head Start. The increase provides a Cost-of-Living Adjustment (COLA) of 1.22 percent to assist grantees in increasing staff salaries and fringe benefits and offsetting higher operating costs. The Department intends to use the funding to cover negotiated increases to salary and benefits. Head Start services are operated by the Employment and Human Services Department, Community Services Bureau.

The coronavirus outbreak, a national emergency, is seriously affecting communities throughout the nation. The Head Start Act recognizes that lack of resources in a community adversely impacted by a major disaster may prevent Head Start grantees from providing all or a portion of their required non-federal contribution. The Office of Head Start (OHS) has determined that the widespread impact of the coronavirus outbreak adversely impacts all Head Start grantees. Consequently, OHS will approve all requests for waiver of non-federal match associated with the above COLA funds for the 2021 fiscal year.

The Head Start Policy Council has reviewed the application and anticipated to approve it at their meeting on April 21, 2021. This board order is to obtain Board of Supervisors' approval for the grant submission.

CONSEQUENCE OF NEGATIVE ACTION:

If not approved, funding to assist with Head Start operating costs will be forfeited.

CHILDREN'S IMPACT STATEMENT:

The Community Services Bureau of the Employment and Human Services Department’s Head Start program supports three of Contra Costa County’s community outcomes. Outcome 1: “Children Ready for and Succeeding in School,” Outcome 3: “Families that are Economically Self-sufficient,” and, Outcome 4: “Families that are Safe, Stable, and Nurturing.” These outcomes are achieved by offering comprehensive services, including high quality early childhood education, nutrition, and health services to low-income children throughout Contra Costa County.

BACKGROUND: (CONT'D)

the Sheriff Fugitive Unit is the best available alternative for police agencies within the county due to our specially trained staff. The benefits of this arrangement to both individual police agencies and the Office of the Sheriff are considerable. For a reasonable flat fee, municipalities can quickly turn over this complicated process to officers who are training and experienced in the rendition process. The establishment of such an agreement will also have the added benefit of implementing a more consistent and timely disposition of fugitive cases within Contra Costa County. This action would result in the Sheriff's Office entering into contracts with the following agencies for rendition services: Antioch Police Department, Bay Area Rapid Transit, Brentwood Police Department, Clayton Police Department, Concord Police Department, East Bay Regional Parks Police Department, El Cerrito Police Department, Hercules Police Department, Martinez Police Department, Moraga Police Department, Oakley Police Department, Pinole Police Department, Pittsburg Police Department, Pleasant Hill Police Department, Richmond Police Department, San Pablo Police Department, San Ramon Police Department and Walnut Creek Police Department.

CONSEQUENCE OF NEGATIVE ACTION:

The Office of the Sheriff would be unable to provide this specialized service to other agencies.

CHILDREN'S IMPACT STATEMENT:

Not applicable.

BACKGROUND:

Contra Costa County submits an application annually to U.S. Health and Human Services Department, ACF as the Head Start grantee. The Consolidated Appropriations Act of 2021 contains an increase for Head Start. These funds will be staged in a new temporary grant, 09HET001920. The increase provides funds for one-time activities in response to COVID-19 which includes actions that are necessary to maintain and resume the operation of programs. The Department intends to use the funding to provide relief to partnership agencies, support staff wellness, and invest in technology infrastructure and facility maintenance.

Head Start services are operated by the Employment and Human Services Department (EHSD), Community Services Bureau (CSB). The coronavirus outbreak, a national emergency, is seriously affecting communities throughout the nation. The Head Start Act recognizes that lack of resources in a community adversely impacted by a major disaster may prevent Head Start grantees from providing all or a portion of their required non-federal contribution. The Office of Head Start has determined that the widespread impact of the coronavirus outbreak adversely impacts all Head Start grantees. Consequently, OHS will approve all requests for waiver of non-federal match for this grant.

The grant application opened on March 29, 2021 with an April 9, 2021 submission deadline. CSB submitted the application on April 1, 2021. Therefore, this Board Order is to obtain Board of Supervisors' approval to accept new grant funds.

CONSEQUENCE OF NEGATIVE ACTION:

If not approved, funding to assist with Head Start Programs operating costs related to COVID-19 will be forfeited.

CHILDREN'S IMPACT STATEMENT:

The Community Services Bureau of the Employment and Human Services Department’s Head Start program supports three of Contra Costa County’s community outcomes Outcome 1: “Children Ready for and Succeeding in School,” Outcome 3: “Families that are Economically Self-sufficient,” and, Outcome 4: “Families that are Safe, Stable, and Nurturing.” These outcomes are achieved by offering comprehensive services, including high quality early childhood education, nutrition, and health services to low-income children throughout Contra Costa County.

BACKGROUND:

The County is the defendant in *Gabriel Young, et al. v. County of Contra Costa*, U.S. District Court, Northern District of California, Case No. 20-06848 NC, which is a class action that alleges the County failed to provide minimally adequate medical and mental health care to the people incarcerated in its jails. The County denies the allegations. In March 2017, the parties entered into a structured negotiation agreement as an alternative to imminent litigation. The parties agreed to work toward a settlement to address the conditions of confinement in the County's jails. As part of the settlement agreement, the County is subject to a consent decree that the Court approved on February 28, 2021. In a further order of the court on April 19, 2021, the Court appointed Dr. Barnett to be the Court expert on medical care, with the County obligated to pay his costs and expenses.

The consent decree is a court order. Under the consent decree, the County is bound to pay for the services of Dr. Barnett for the purposes set forth in the consent decree. The consent decree does not include a payment limit or a maximum term. It is expected that the cost of Dr. Barnett's services could reach $400,000 over three to five years, or possibly more.

CONSEQUENCE OF NEGATIVE ACTION:

If the County fails to pay for the services of Dr. Barnett for the purposes set forth in the consent decree, the County is susceptible to sanctions by the Court.

This contract meets the needs of the County's Health Services Information Technology Unit by providing professional services for the design, build, on-site testing, and overall implementation of the Department's Cisco ACI, and Cisco UCS for the new data center locations at 2380 Bisso Lane, Concord, CA. and 2311 Loveridge Rd, Pittsburg, CA. Services include the migration of all workloads out of legacy data center in Martinez, CA which will occur through the data center located in Pittsburg California, as an intermediary for a period of time; thus allowing for maintaining maximum uptime to minimize any disruption. Groupware Technology, Inc., was selected in July 2020 upon completion of a competitive bid process. Through Purchase Order #21172, the Purchasing Division has arranged, and the Board has approved (C.102 dated January 5, 2021) a lease purchase contract with Key Government Finance, Inc (financing partner of Cisco Systems, Inc.) with zero interest rate for this financing schedule for five-year term. BACKGROUND: (CONT'D)

On February 23, 2021, under the Coronavirus Response and Relief Supplemental Appropriations Act of 2021, Governor Newsom signed Assembly Bill (AB) 82, to provide a flat-rate one-time stipend amount of $525 per child enrolled in November 2020 for subsidized childcare or a State Preschool program through CDE. Funds may be used for any allowable expense that would be reimbursable under any existing child development contract to address COVID-19 related costs or to ensure the programs are able to remain open or reopen. In addition, funds may also be expended for minor remodeling, and for upgrading child care facilities to assure that State and local child care standards are met, including applicable health and safety requirements. The fund expenditure is subject to audit, and will be appropriately tracked by Employment and Human Services Department. Stipend funds must be expended by June 30, 2022. Stipend allocation was distributed from the State to EHSD as a direct payment outside of EHSD's child development contract, and will not be subject to the reporting requirements associated with a child development contract.

EHSD must make every effort to distribute stipend funds to the partner agencies within thirty (30) calendar days of April 15, 2021. Thus, the Department requests the board to authorize the Auditor-Controller to issue one-time payments to each of the following service providers in the amounts indicated:

- Kindercare Mahogany - $7,875
- First Baptist Church of Pittsburg, CA - $128,625
- Tiny Toes - $5,775
- Richmond College Prep - $9,450
- San Ramon Valley Unified School District - $12,600
- We Care Services for Children - $13,125
- Little Angels Country School LLC - $10,500

CONSEQUENCE OF NEGATIVE ACTION:

If not approved, providers will not be paid for pandemic expenses incurred to ensure the health and safety of children in their care and ensure the ability to remain open for services rendered to the Employment and Human Services Department.

CHILDREN'S IMPACT STATEMENT:

The Community Services Bureau of the Employment and Human Services Department’s Head Start program supports three of Contra Costa County’s community outcomes Outcome 1: “Children Ready for and Succeeding in School,” Outcome 3: “Families that are Economically Self-sufficient,” and, Outcome 4: “Families that are Safe, Stable, and Nurturing.” These outcomes are achieved by offering comprehensive services, including high quality early childhood education, nutrition, and health services to low-income children throughout Contra Costa County.

In March 2021, the County Administrator approved and Purchasing Services Manager executed Administrative Amendment #26-774-5 with Robert Buckley, M.D., to adjust the administrative hours from four hour clinic coverage to six hour clinic coverage, with no change in the original payment limit of $605,000 and no change in the original term of July 1, 2018 through June 30, 2021.

On April 27, 2021, the Board of Supervisors approved Amendment Agreement #26-774-6 with Robert Buckley, M.D., to increase the payment limit by $45,000 from $605,000 to a new payment limit of $650,000 to provide orthopedic services at CCRMC and Contra Costa Health Centers, with no change in the original term of July 1, 2018 through June 30, 2021.

Approval of Contract #26-774-7 will allow this contractor to continue providing orthopedic services through June 30, 2024.

CONSEQUENCE OF NEGATIVE ACTION:
If this contract is not approved, this contractor will not be able to provide orthopedic services to CCRMC patients.

Subject: FY 2020/21 CERTIFICATION OF PROPOSITION 172 PUBLIC SAFETY SALES TAX MAINTENANCE OF EFFORT

RECOMMENDATION(S):

APPROVE and AUTHORIZE the County Administrator, or designee, to execute the Maintenance of Effort Certification Form for Fiscal Year 2020/21 as required by Chapter 886, Statutes of 1994 to receive Proposition 172 (public safety sales tax increment) funds, and to submit the Certificate to the County Auditor-Controller.

FISCAL IMPACT:

This Certificate of Maintenance of Effort is required by State statute as implemented by guidelines issued by the California State Controller. Failure to submit the required certification form would result in the loss of more than $85.0 million in State Proposition 172 funds for the current fiscal year.

BACKGROUND:

This ½ cent sales tax was authorized in 1994 as a result of the 1993/94 state budget process. Proposition 172 (Senate Bill 509) designated that the ½ cent sales tax be deposited to newly-created state and local public safety trust funds and allocated to local agencies to fund public safety activities such as police, sheriff, fire, district attorney, county corrections, and ocean lifeguards. Court operations were explicitly excluded.

BACKGROUND: (CONT'D)

To prevent supplantation of local revenues that would have otherwise been allocated to public safety functions with Proposition 172 sales tax, the Legislature enacted Assembly Bill 2788 as Chapter 886, Statutes of 1994. AB 2733 requires a local agency to commit at least the same resources as were committed in FY 1992/93 (minus certain exclusions), adjusted each year by any growth in its Proposition 172 revenue, as maintenance of effort (MOE) in order to qualify to receive Proposition 172 (Public Safety Sales Tax).
AB 2733 does not specifically define what is meant by "public safety services" and allows each county to make its own computation. In implementing the MOE section of Assembly Bill 2788 on May 16, 1995, as indicated in the Certification Form, it was most advantageous for this County to define public safety as follows: District Attorney (Department 0242), Probation (Departments (0308, 0309, 0310), Public Defender (Department 0243), Sheriff-Coroner (Departments 0255, 0277, 0300, and 0359), and Inmate Medical Care (Department 0301). It should be noted that the definition of "public safety services" for computation of the MOE obligation does not in any way detract from the Board's authority to designate those funds to whatever public safety department or service it chooses.

The Board of Supervisors, in 1993, directed that all public safety sales tax proceeds will be allocated to the District Attorney and Sheriff departments. Due to the economic impacts of the COVID-19 health guidelines, sales tax revenue has declined in FY 2019/20 and FY 2020/21. For the 2020/21 fiscal year, it is estimated that Proposition 172 funds will provide $63.5. million to fund operations in the Sheriff's Office and $13.4 million to fund operations in the District Attorney's Office.

2005/06 Actual	$69,281,424
2006/07 Actual	$67,318,904
2007/08 Actual	$65,314,410
2008/09 Actual	$57,641,994
2009/10 Actual	$55,379,148
2010/11 Actual	$60,388,430
2011/12 Actual	$63,922,867
2012/13 Actual	$67,178,163
2013/14 Actual	$72,053,360
2014/15 Actual	$74,736,241
2015/16 Actual	$74,141,898
2016/17 Actual	$77,499,977
2017/18 Actual	$81,282,181
2018/19 Actual	$84,460,701
2019/20 Actual	$83,679,516
2020/21 Budgeted	$76,934,997

We have determined that for FY 2020/21, the adopted budget for the County-defined public safety services exceeded the County's MOE obligation by more than $202.6 million. In computing the MOE, we followed the Public Safety MOE Requirement Uniform Guidelines for California Counties and Cities approved by the State Association of County Auditors. By authorizing the County Administrator to execute and submit the MOE Certification Form to the County Auditor-Controller, the Board will assure that the County will receive its full allotment of Proposition 172 funds for the current year.

CONSEQUENCE OF NEGATIVE ACTION:

Failure to file the required certification will jeopardize the County's eligibility to receive public safety sales tax revenue.

Subject: CONTINUE EXTENSION OF EMERGENCY DECLARATION REGARDING HOMELESSNESS

RECOMMENDATION(S):

CONTINUE the emergency action originally taken by the Board of Supervisors on November 16, 1999 regarding the issue of homelessness in Contra Costa County.

FISCAL IMPACT:

There is no fiscal impact for this action.

BACKGROUND:

On November 16, 1999, the Board of Supervisors declared a local emergency, pursuant to the provisions of Government Code Section 8630 on homelessness in Contra Costa County.

Government Code Section 8630 requires that, for a body that meets weekly, the need to continue the emergency declaration be reviewed at least every 60 days until the local emergency is terminated. The Board of Supervisors last reviewed and continued the emergency declaration on November 3, 2020. Nevertheless, with the continuing high number of homeless individuals and insufficient funding available to assist in sheltering all homeless individuals and families, the emergency situation still exists and it is, therefore, appropriate for the Board to continue the declaration of a local emergency regarding homelessness.

"Dear all EDP users:

Please note that all negative EDP line items should only be entered for the following:

1. Merchant Card Fees

Interchange Charges, Service Charges (a.k.a. Discount Rate) and card processing fees are charged to a merchant account monthly. Fees are netted from the daily settlement and recorded as a negative line item on the EDP.

2. Chargebacks

When a transaction is challenged or disputed by a cardholder or the card-issuing bank, a chargeback equals to the transaction amount will be debited to the merchant account. A negative EDP line item needs to be entered to reflect the chargeback.

3. Returned Items Fees

Banks charge fees on returned checks and a negative EDP line item is needed to reflect the fees charged for returned checks.

4. Deposit Adjustments

Deposit adjustments happen for many reasons and negative EDPs line items are needed to reflect these adjustments. For example, when the bank identifies a deposit that is over-stated in the amount, the bank will automatically debit the account in that over-stated amount. Therefore, a negative EDP line item is warranted to correct the deposit amount.

RECOMMENDATION(S):

Accept, on behalf of the Contra Costa County Library, the donation of a 2015 Dodge Grand Caravan Minivan (VIN #2C7WDGB67ER473167) from Tri Delta Transit East Contra Costa Transit Authority for use by the Library's Automation Services Division.

FISCAL IMPACT:

100% Library Fund. The vehicle is being sold to the County for $5.00. Fleet Management has determined the Kelly Bluebook value of the vehicle to be in the range of $6,000-$10,000. The vehicle has been driven about 90,000 miles but will need only minor repairs.

BACKGROUND:

The Library's Automation Services Division routinely transports IT equipment to 29 library locations. Most often, the equipment is contained in numerous bulky boxes and does not fit into an employee's personal vehicle in a single trip. Staff must then make several trips using their own vehicles. Currently, Automation Services Division does not have a vehicle assigned for dedicated use in the Library's pool of fleet vehicles. The 2015 Dodge Grand Caravan is a minivan with features, such as rear folding seats, that allow for more cargo capacity which will assist staff in safely transporting fragile equipment. The Library does not intend for this to be a permanent expansion of the Library's fleet of vehicles, and will not request to capture vehicle replacement funds for this vehicle's replacement at the end of its useful life.

RECOMMENDATION(S): (CONT'D)

of the Board to execute such other agreements, documents and certificates, and to perform such other acts and deeds, as may be necessary or convenient to effect the purposes of the Resolution and the transactions authorized.

FISCAL IMPACT:

No impact to the General Fund. The County will be reimbursed for any costs incurred in the process of conducting the TEFRA Hearing. The CMFA will issue tax-exempt revenue bonds on behalf of the Borrower. Repayment of the Bonds is solely the responsibility of the Borrower.

BACKGROUND:

California Municipal Finance Authority (CMFA), serving as the municipal issuer of the Bonds for Republic Services, Inc., has requested the County conduct a Tax Equity and Fiscal Responsibility Act of 1982 (TEFRA) hearing for the issuance of Tax Exempt Revenue Bonds in an amount not to exceed $703,700,000. A portion of the proceeds of the Bonds, in a principal amount not expected to exceed $70,400,000, will be used to finance and/or refinance certain capital projects located in the territorial limits of the County of Contra Costa (the "County") at the following locations and are currently owned and/or operated by the following affiliates of Republic Services, Inc.: (i) Keller Canyon Landfill, 901 Bailey Road, Pittsburg, CA 94565, owned and/or operated by Keller Canyon Landfill Company (up to $36,800,000 of Bonds, including up to $28,100,000 of new money Bonds at such location), (ii) Allied Waste Services of Contra Costa County, 441 N. Buchanan Cir, Pacheco, CA 94553, owned and/or operated by Allied Waste Systems, Inc. (up to $16,500,000 of Bonds, including up to $5,000,000 of new money Bonds at such location), (iii) West Contra Costa Sanitary Landfill & Bay Soil Remediation, 1 Parr Boulevard, Richmond, CA 94806, owned and/or operated by West Contra Costa Sanitary Landfill, Inc. and West Contra Costa Energy Recovery Company (up to $5,700,000 of Bonds, including up to $5,000,000 of new money Bonds at such location), (iv) West County Resource Recovery/IRRF, 101 Pittsburg Ave, Richmond, CA 94801, owned and/or operated by West County Resource Recovery, Inc. (up to $5,700,000 of Bonds, including up to $5,000,000 of new money Bonds at such location), and (v) Richmond Sanitary Service, 3260 Blume Dr Ste 100, Richmond, CA 94806, owned and/or operated by Richmond Sanitary Service, Inc. (up to $5,700,000 of Bonds, including up to $5,000,000 of new money Bonds at such location), collectively, "the Projects".

The main purposes of the proposed Resolution are to acknowledge that a public hearing was held by the Department of Conservation and Development on May 3, 2021, where members of the community were given an opportunity to speak in favor of or against the use of tax-exempt bonds for the financing of the Projects, and to approve of CMFA's use of tax-exempt bonds for the financing and/or refinancing of the Projects. No public comments were received. A notice of the hearing was published in the Contra Costa Times (proof of publication attached) on April 16, 2021.

The County's only role in this transaction was to hold the TEFRA hearing and to grant the limited approval described above. Additional actions related to the bond issuance will be the responsibility of CMFA and the Borrower.

CONSEQUENCE OF NEGATIVE ACTION:

Negative action would prevent CMFA from providing tax-exempt financing for the Republic Services, Inc. projects in Contra Costa County.

- In collaboration with Contra Costa Health Services, 53 teachers from directly operated Centers were able to access COVID vaccine appointments.
- Select Community Services Bureau (CSB) managers, teachers, and Site Supervisors participated in the first of a series of training sessions for the Office of Head Start's sponsored Community of Practice (CoP) in Advancing Equity series. The goal of the sessions are to begin to explore and understand issues of equity, racialized bias, and disparities and the impact on early childhood settings, reflect and share ways that we currently address issues of equity at the personal, professional, and institutional level(s), and learn how the CoP can help support efforts to intentionally embed equity into program policies and practices to create more equitable, culturally and linguistically responsive learning environments for children and families.
- The California Department of Education released a guidance indicating programs will receive a flat-rate one-time stipend payment in the amount of $525 per child based on November 2020 enrollment. Use of stipend funds are for any allowable expense that would be reimbursable under a contractor's existing child development contract, to address COVID-19 costs or to ensure the programs are able to remain open or re-open. Stipend funds must be expended by June 30, 2022.
- The Economic Opportunity Council (EOC) awarded $409,049 Community Services Block Grant (CSBG) dollars to 14 subcontractors who will be providing support services to the County's most vulnerable population. All 14 subcontractors are in the early stages of contract negotiations.
- The EOC awarded $67,668 in CARES Act dollars to three subcontractors to address water debt for low-income Contra Costa residents who are experiencing hardship due to the pandemic.
- CSB and the EOC are preparing to schedule four Virtual Public Hearings throughout Contra Costa County. Feedback gathered from these public hearing will help determine the priority areas for 2022-2023. CSB staff will be providing outreach material including backpacks, blankets, socks, and snacks to the public.
- In collaboration with Diablo Valley College, CSB hosted an informational session for all teaching staff who may be interested in advancing their career with an Associate Teacher permit. The session supported potential participants with how to enroll in fall classes, how the program will look, and tuition and academic support available. This activity aligns with CSB's efforts to Grow Our Own and provide promotional and professional development pathways for teaching staff.
- The Comprehensive Services team surveyed families to determine the level of food security. This data will help us determine how to aid families if in need.

Respect \ Responsiveness \ Relationship

- CSB will expand its current preschool book sharing program, Tandem, with all of our Infant/Toddler classrooms. The book sharing initiative allows families to take home age-appropriate books in a bag and then return them after reading for another set. Tandem also offers virtual story times for classrooms and families, as well as virtual workshops for families
- The Comprehensive Services Team focused on providing families resources on the California Earned Income Tax Credit (CalEITC) and Young Child Tax Credit (YCTC) to aid them in filing their taxes and accessing these tax credits.

Contra Costa County

To: Board of Supervisors

From: John Kopchik, Director, Conservation & Development Department

Date: May 11, 2021

Subject: Tolling Agreement with Discovery Builders, Inc. West Coast Builders, Inc. and the East CC Fire Protection District

RECOMMENDATION(S):

RATIFY the Conservation and Development Director's execution of an amendment to extend a tolling agreement with Discovery Builders, Inc., West Coast Home Builders, Inc., and the East Contra Costa Fire Protection District to toll the limitations period for potential litigation related to fire protection facilities fees through April 30, 2022.

FISCAL IMPACT:

None.

BACKGROUND:

On November 3, 2020, the Board of Supervisors adopted Ordinance No. 2020-27, an ordinance that establishes fire protection facilities fees for that portion of the County that is located within the boundaries of the East Contra Costa Fire Protection District. The ordinance authorizes the County to impose the fees and authorizes the Fire District to collect, retain, and expend the fees. Fee amounts are specified in the ordinance and must be paid before a building permit is issued for new residential or commercial construction. At the same meeting, the Board also approved a fee administration agreement between the County and the Fire District that establishes the terms and conditions for the Fire District to collect, retain,

and expend the fees. Under the fee administration agreement, the Fire District is required to indemnify the County against all lawsuits related to the fees and the fee ordinance, including any challenge to the validity of the fees, any challenge to the Fire District's use of the fees, and any challenge related to compliance with the Mitigation Fee Act.

The Fire District, Discovery Builders, Inc., and West Coast Home Builders, Inc., are currently in a dispute over the fee amounts in the ordinance. These parties are engaged in discussions to try to resolve their differences without incurring the cost and expense of litigation. At the request of the parties, the County previously entered into a tolling agreement to toll (suspend) the statutory limitations period for filing a lawsuit related to fire protection facilities fees from February 24, 2021, through April 30, 2021. The parties have since requested that the County agree to amend the tolling agreement to extend the tolling period through April 30, 2022. The amendment to the tolling agreement was executed by the Conservation and Development Director on April 30, 2021.

CONSEQUENCE OF NEGATIVE ACTION:

The Conservation and Development Director's execution of the amendment to extend the tolling agreement would not be ratified.

Contra Costa County

From: PUBLIC PROTECTION COMMITTEE

Subject: Discharge of Certain Criminal Justice Fees

RECOMMENDATION(S):

1. AUTHORIZE the discharge of accountability of collections for accounts with outstanding balances related to the Victim Restitution Administrative Fee and Drug Diversion Fee collected by the Superior Court totaling $7,527,606, which have been deemed uncollectible; and

2. AUTHORIZE the County Administrator, or designee, to notify the Superior Court of the discharge of accountability and to request that the Superior Court take actions to expunge the outstanding balances from the impacted accounts.

FISCAL IMPACT:

As of April 4, 2021, the outstanding balance due to the victim restitution administrative fee and drug diversion fee is approximately $7.5 million (a list of each individual account is attached). Collection on these balances have been suspended pursuant to the County's moratorium on certain criminal justice fees. As such the FY 2020/2021 and FY 2021/22 budgets did not include any revenue from these fees. Both fees had historically been used to fund the County's subsidy of the Superior Court's operations. The outstanding balances for these two fees is as follows:

FISCAL IMPACT: (CONT'D)

Fee Description	# of Defendants	Balance Owed	Average Balance	Average Time of Since Assessment (Years)
Drug Diversion Fee	1,459	$391,001	$268	6
Victim Restitution Admin Fee	5,273	$7,136,606	$1,353	12
Total	6,732	$7,527,606	$1,118	

Since the Superior Court is currently removing numerous fees from their accounting system in response to Assembly Bill 1869, no addtional costs (system programming, staff time, etc.) would be charged to the County if the County decides to discharge the balances of the Drug Diversion Fees and Victim Restitution Administrative Fees. However, if the balances were to be discharged at a future date, either through County action or new legislation, the County would incur addtional costs (programming costs, Court staff time, etc.) to remove the fees from the Court's system.

BACKGROUND: On September 17, 2019, the Board of Supervisors adopted Resolution No. 2019/522 (attached) to place a moratorium on the assessment and collection of certain criminal justice fees. The moratorium has remained in effect since adoption by the Board.

On April 26, 2021, the Public Protection Committee recieved an update on the county moratorium, including the impact of Assemby Bill (AB) 1869 (Criminal Fees) which, effective July 1, 2021, repeals the authority to collect various criminal justice administrative fees and makes the unpaid balance unenforceable and uncollectible and would require any portion of a judgment imposing those costs to be vacated. The County fees impacted by AB 1869 are the public defense fee, various probation fees, criminal justice administration fee (Sheriff Booking Fee), and various sheriff alternative custody fees. Assessment and collection of these fees have been suspended pursuant to the County's moratorium. The collection of fees related to public defense, probation, and the Sheriff booking fee is managed by the Superior Court. Pursuant to AB 1869, the Superior Court is taking action to remove the outstandling balances for the public defense fee, the probation fees, and the Sheriff booking fee. The Superior Court requested direction on if the County wished to discharge the outstanding balances of Drug Diversion Fee and Victim Restitution Administrative Fee, fees suspended by the County’s moratorium but not repealed by AB 1869. The Drug Diversion Fee is an administrative fee for cases where the defendant is sentenced to a pre-trial drug diversion program. The Victim Restitution Administrative Fee is a 15% fee charged on any restitution ordered but not yet paid at the time of account set-up. Discharging this fee would not impact the collection of victim restitution. It was noted that new legislation was introduced this year, Senate Bill 586 (Criminal Fees), which would eliminate the Drug Diversion and Victim Restitution Administrative fees. The Public Protection Committee directed staff to forward a recommendation to the Board of Supervisors to request the Superior Court to extinguish the outstanding balances related to the Victim Restitution Administrative Fee and the Drug Diversion Fee.

CONSEQUENCE OF NEGATIVE ACTION: The Superior Court will keep the outstanding balances for the Victim Restitution Administrative Fee and the Drug Diversion Fee in their billing system.

Resolution No. 2019/522

IN THE MATTER OF a proposed moratorium on the assessment and pursuit of collection of certain adult criminal justice fees.

WHEREAS, criminal justice debt levied against low income or indigent adults compromises key principles of fairness in the administration of justice in a democratic society and engenders deep distrust of the criminal justice system among those overburdened by such debt.

WHEREAS, according to a report by the Ella Baker Center for Human Rights, the average debt incurred for court-ordered fines and fees line was roughly equal to the annual income for low-income respondents.

WHEREAS, a national survey of formerly incarcerated people found that families often bear the burden of fees.

WHEREAS, on July 21, 1994, Contra Costa County Board of Supervisors approved a resolution pursuant to California Penal Code § 1203.1 to charge up to a ten percent fee ("10% Fee") of the amount of restitution ordered by the Superior Court.

WHEREAS, Contra Costa County is currently authorized by Resolution No. 88/565 and California Government Code § 76102 to establish a County Automated Fingerprint Identification Fund in Contra Costa County and to charge a fifty cent ($0.50) assessment ("California Fingerprint ID Penalty") for each $10 fine, penalty, or forfeiture imposed and collected by the Superior Court for all criminal offense and certain violations of the Vehicle Code for the purpose of assisting the County in the establishment and maintenance of adequate fingerprint facilities and suspect booking identification facilities.

WHEREAS, Contra Costa County is currently authorized by Ordinance No. 2011-13 and California Government Code § 29550 to recover any criminal justice administration fee ("Booking Fee") imposed by the County from the arrested person if the person is convicted of any criminal offense related to the arrest.

WHEREAS, Contra Costa County is currently authorized by California Penal Code § 1211 and resolution approved by the Board of Supervisors on July 21, 1994 to charge a fee ("Drug Diversion fee") for the administrative and laboratory analysis costs incurred in processing a drug diversion case.

WHEREAS, Contra Costa County is currently authorized by Resolution No. 88/28 and California Penal Code § 1463.14 and § 1463.16 to charge two separate $50 assessments (the "Alcohol Test fee" and "C.A.P. fee") on defendants convicted of violating California Vehicle Code § 23152 or § 23153 (driving a motor vehicle under the influence of alcohol or drugs).

WHEREAS, on September 14, 1995, the Contra Costa County Board of Supervisors authorized a Probation Drug Diversion administrative fee ("Probation Department Drug Diversion fee") for the Probation Department's processing of clients into a drug diversion program pursuant to Penal Code § 1001.15.

WHEREAS, Contra Costa County's Probation Department is currently authorized by Resolution No. 2010/262 and Penal Code § 1203.1b to charge a Probation Supervision Fee ("Cost of Probation fee") to recover the cost of probation supervision.

WHEREAS, Contra Costa County's Probation Department is currently authorized by Penal Code § 1203.1ab to charge a

Probation Drug Test fee ("Probation Drug Testing fee") to recover the cost of drug testing required as a condition of one's probation.

WHEREAS, Contra Costa County's Probation Department is currently authorized by Ordinance 2009-28 and Penal Code § 1203.1b and § 1203.7 to charge a Probation Report Fee ("Probation Report Fee") to recover the cost to conduct a preplea investigation of a criminal defendant and prepare a preplea report.

WHEREAS, Contra Costa County is currently authorized by Resolution 99/347 and Penal Code § 1463.13 to charge an Alcohol and Drug Assessment Fee ("Alcohol and Drug Assessment Fee") to recover the cost of providing community substance abuse services for those convicted of driving under the influence.

WHEREAS, Contra Costa County is currently authorized by Penal Code § 987.81 to charge Public Defender Fees ("Public Defender Fees") to recover the cost of court appointed counsel.

WHEREAS, the Contra Costa County Office of the Sheriff is currently authorized by Resolution 2008/303 and Penal Code § 4024.2 and § 1203.016 to charge fees to participate in the Custody Alternative Program to recover the cost of administering the program.

WHEREAS, the Board of Supervisors referred to the Public Protection Committee the matter of whether the County should continue to assess and collect certain adult criminal justice fees in light of the financial hardship and social impact of such fees on individuals and their families.

WHEREAS, the Public Protection Committee received testimony from the community expressing concern that these fees are assessed without a consistent ability-to-pay determination.

WHEREAS, the Board of Supervisors finds that it is in the best interest of the County, justice-involved adults, and the larger community to place a moratorium on the assessment and collection of the above-named adult fees.

NOW, THEREFORE, BE IT RESOLVED THAT:

(7) AUTHORIZE the DCD Director, or designee, to execute the program certifications and applications (SF-424's) for transmittal to the U.S. Department of Housing and Urban Development (HUD); and

(8) AUTHORIZE the DCD Director, or designee, to execute CDBG and ESG program agreements in the FY 2021/22 Annual Action Plan approved and adopted by the Board of Supervisors.

FISCAL IMPACT:

There is no General Fund impact. All funds are provided to Contra Costa County on a formula basis through HUD. Catalog of Federal Domestic Assistance Numbers: CDBG Program - 14.218, HOME Program - 14.239, ESG Program - 14.231, HOPWA Program - 14.241.

BACKGROUND:

Contra Costa County receives CDBG, HOME, ESG, and HOPWA funds each year from the federal government for housing and community development activities. To receive these annual awards of federal funds, the County must submit a strategic plan – the Consolidated Plan – every five years to HUD that identifies local needs and how these needs will be addressed, as well as an Annual Action Plan that specifies what actions and investments will be carried out to execute the Consolidated Plan. Contra Costa County is currently completing the first year of the 2020-2025 Consolidated Plan; this one-year Action Plan for FY 2021/22 covers the second year of the current Consolidated Plan.

The CDBG Program will be entering into its forty-seventh year. The primary objective of the CDBG Program is to assist in the development of viable urban communities through the provision of decent housing, a suitable living environment, and economic opportunity principally for persons of low income. CDBG funds are allocated annually to eligible entitlement jurisdictions by HUD on a formula basis. The County's DCD administers CDBG funds on behalf of the "Urban County". The Urban County includes the unincorporated County and all cities/towns except Antioch, Concord, Pittsburg, and Walnut Creek. Those cities administer independent CDBG programs.

The purpose of the HOME Program is to expand the supply of decent, safe, sanitary, and affordable housing for very-low and low-income households. HOME funds are allocated by HUD to eligible participating jurisdictions and HOME Consortia on a formula basis. The Contra Costa HOME Consortium (Consortium) consists of the Urban County and the cities of Antioch, Concord, Pittsburg, and Walnut Creek. As the Consortium representative, DCD is responsible for the administration and management of the HOME Program for the Consortium.

The County receives ESG Program funds on an entitlement basis for use in funding renovation, major rehabilitation, or conversion of building for use as emergency shelters for the homeless; provision of essential services for the homeless; emergency shelter operations and related services; and homelessness prevention and rapid-rehousing activities. DCD administers ESG funds on behalf of the Urban County.

The City of Oakland is the HOPWA grantee for Alameda and Contra Costa counties. The City of Oakland allocates HOPWA funds between the counties based on the number of HIV/AIDS cases in each county. These funds may be used for site acquisition, rehabilitation, and new construction of affordable housing; supportive services; housing information services; rent, mortgage, and utility subsidies; and certain other housing related activities for low-income persons with HIV/AIDS countywide. The County is the project sponsor to the City of Oakland and is responsible for the administration and management

of the HOPWA Program within Contra Costa County.

FY 2021/22 Annual Action Plan

On November 4, 2014, the Board of Supervisors (Board) adopted funding guidelines for use of CDBG funds as follows: Housing 45%; Public Services (PS) 17%; Economic Development (ED) 10%; Infrastructure/Public Facilities (IPF) 8%; and Program Administration 20%. Funding recommendations are made by the following Committees:

- Family and Human Services Committee - CDBG PS category and ESG funds
- Finance Committee - CDBG ED and IPF categories
- Affordable Housing Finance Committee - CDBG Housing category, HOME, and HOPWA funds

On October 15, 2020, County staff held the annual "Kick-Off" Meeting, a meeting to announce the County's CDBG/HOME/ESG/HOPWA Notice of Funding Availability (NOFA) and to meet with various private/public non-profit organizations and agencies. The application portal opened that day and closed on December 14, 2020. County staff reviewed applications, interviewed project applicants, and determined staff funding recommendations from December 2020 through March 2021.

The Family and Human Services (FHS) Committee met on March 22, 2021, to consider staff recommendations for the FY 2021/22 CDBG PS and ESG programs/projects. The meeting was noticed, and project applicants were encouraged to attend and provide input into the allocation process. After discussion, the FHS Committee approved staff recommendations as shown in Attachment B-1 and B-2.

The Finance Committee met on May 3, 2021, to consider staff recommendations for the FY 2021/22 CDBG-ED programs and IPF projects. The meeting was noticed, and project applicants were encouraged to attend and provide input into the allocations process. After discussion, the Finance Committee approved staff recommendations as shown in Attachment C-1 and C-2.

The Affordable Housing Finance Committee (AHFC) is a Board-appointed advisory committee that makes funding recommendations for the Board concerning the allocation of CDBG Housing category, HOME, and HOPWA funds for affordable housing development. The AHFC held a public meeting via Zoom on April 8, 2021, to consider staff funding recommendations for CDBG Housing, HOME, and HOPWA applications. Following discussion and comment on each project application, the AHFC recommended funding allocations shown in Attachment D.

CEQA: The Action Plan is exempt from CEQA review. However, individual projects may be subject to further review, which will be undertaken by the project's lead agency. The County is a responsible agency for most housing projects. A CEQA recommendation will be made to the Board when the housing project's legal documents are submitted for approval.

National Environmental Policy Act (NEPA): All CDBG, HOME, HOPWA, and ESG projects/programs are subject to NEPA and 24 CFR Part 58 review. The NEPA review for each project will be completed prior to entering into project agreements or other legal documents for that project.

CONSEQUENCE OF NEGATIVE ACTION:

Negative action will prevent the Action Plan from being submitted by the deadline and will jeopardize the County's receipt of its allocation of FY 2021/22 CDBG, HOME, and ESG funds.

CHILDREN'S IMPACT STATEMENT:

The recommendation supports one or more of the following children's outcomes:
(1) Children Ready for and Succeeding in School;
(2) Children and Youth Healthy and Preparing for Productive Adulthood;
(3) Families that are Economically Self Sufficient;
(4) Families that are Safe, Stable and Nurturing; and
(5) Communities that are Safe and Provide a High Quality of Life for Children and Families.

Executive Summary

AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

Established in 1850, the County of Contra Costa is one of nine counties in the San Francisco Bay Area. The County covers 733 square miles and extends from the northeastern shore of San Francisco Bay easterly to San Joaquin County. The County is bordered on the south and west by Alameda County and on the north by Suisun and San Pablo Bays. The western and northern communities are highly industrialized, while the inland areas contain a variety of urban, suburban/residential, commercial, light industrial and agricultural uses.

The Contra Costa FY 2021/22 Action Plan described funding allocations of specific projects and programs to address housing, economic development, infrastructure/public facility improvements, and public service needs utilizing Community Development Block Grant (CDBG), HOME Investment Partnerships Program (HOME), Emergency Solutions Grants (ESG), and Housing Opportunities for Persons with AIDS (HOPWA) funds.

These funds are allocated annually to entitlement communities through the U.S. Department of Housing and Urban Development (HUD) to carry out a wide range of community development activities that benefit lower income persons and households. In order to receive annual allocations, jurisdictions must submit a plan describing how these funds will be expended over a five-year period (the Consolidated Plan) and an annual Action Plan. This Consolidated Plan is for the period of July 1, 2020, to June 30, 2025.

The cities of Antioch, Concord, Pittsburg and Walnut Creek, along with the County of Contra Costa have formed the Contra Costa HOME Consortium to cooperatively plan for the housing and community development needs of the County. The County administers HOME funds on behalf of all the Consortia cities and the Urban County. The Urban County includes all the unincorporated areas of the County and the 15 cities/towns listed below in Table 1. The County administers Urban County CDBG funds, Consortium HOME funds, County ESG funds, and a share of the Alameda/Contra Costa allocation of HOPWA funds as a project sponsor to the City of Oakland, as the HOPWA Grantee. The cities of Antioch, Concord, Pittsburg, and Walnut Creek receive and administer their own allocation of CDBG funds.

Priority Need: Affordable Housing

Objectives/Strategies for Affordable Housing:

AH-1: Expand housing opportunities for extremely low-income, very low-income, low-income, and moderate-income households through an increase in the supply of decent, safe, and affordable rental housing via new housing construction or acquisition of land for the purpose of housing construction.

AH-2: Increase homeownership opportunities via the construction, acquisition, and/or rehabilitation of housing units for homeownership; and or direct financial assistance provided to low- to moderate-income homebuyers.

AH-3: Maintain and preserve the existing affordable housing stock.

AH-4: Increase the supply of appropriate and supportive housing for special needs populations, which may include short term tenant-based rental assistance.

Priority Need: Reduce/Alleviate Homelessness

Objectives/Strategies for Homelessness:

H-1: Further “Housing First” approach to ending homelessness by supporting homeless outreach efforts, emergency shelter, transitional housing, and permanent housing with supportive services to help homeless persons achieve housing stability.

H-2: Expand existing prevention services including emergency rental assistance, case management, housing search assistance, legal assistance, landlord mediation, money management and credit counseling.

In addition to these objectives, the affordable housing and non-housing community development objectives of the Consolidated Plan also address the needs of the homeless and the problem of homelessness.

DRAFT

Priority Need: Non-Housing Community Development

Objectives/Strategies for Public Services:

CD-1 General Public Services: Ensure that opportunities and services are provided to improve the quality of life and independence for low-income persons (below 80 percent of Area Median Income), and ensure access to programs that promote prevention and early intervention related to a variety of social concerns such as substance abuse, hunger, and other issues.

CD-2 Non-Homeless Special Needs Population: Ensure that opportunities and services are provided to improve the quality of life and independence for persons with special needs, such as elderly/frail elderly, persons with disabilities, battered spouses, abused children, persons with HIV/AIDS, illiterate adults, and migrant farmworkers.

CD-3 Youth: Increase opportunities for children/youth to be healthy, succeed in school, and prepare for productive adulthood.

CD-4 Fair Housing: Promote fair housing activities and affirmatively further fair housing.

Objectives/Strategies for Economic Development:

CD-5 Economic Development: Reduce the number of persons with incomes below the poverty level (annual income below $31,743), expand economic opportunities for extremely low-, very low- and low-income residents, and increase the viability of neighborhood commercial areas by providing job training/job placement services and technical assistance to microenterprises and small businesses.

Objectives/Strategies for Infrastructure/Public Facilities:

CD-6 Infrastructure and Accessibility: Maintain quality public facilities and adequate infrastructure; and ensure access for the mobility-impaired by addressing physical access barriers to public facilities.

Priority Need: Administration

Objectives/Strategies for Administration:

CD-7 Administration: Support development of viable urban communities through extending and strengthening partnerships among all levels of government and the private sector; and administer federal grant programs in a fiscally prudent manner.

3. Evaluation of past performance

Contra Costa County is currently completing the first year of the 2020-2025 Consolidated Plan period (FY 2020/21). Most projects are on pace to meet and exceed their goals for the fiscal year. The County has

continued to focus on outcome-based performance measurements as a means to ensure that needed services are delivered and that the results can be easily quantified.

4. Summary of citizen participation process and consultation process

Contra Costa County, along with the other HOME Consortium cities works together to conduct comprehensive outreach to obtain a broad perspective of housing and community development needs in the County. Consulted were residents and organizations involved in affordable housing, fair housing, homeless programs and other community development activities. The process ensures outreach and opportunities for the involvement of affected persons of many types of programs, lower income persons and families and persons living in lower income areas, minorities and non-English speaking persons, and persons with disabilities.

The Consortium also seeks input from other public and private agencies that provide emergency housing for those who are homeless, assisted housing for special needs populations, transitional housing, health services, mental health services, social services, infrastructure needs, as well as those agencies who provide fair housing and tenant/landlord services and ensure compliance with Civil Rights laws and regulations.

See AP-10 Consultation section below for a more detailed summary of the Citizen Participation process.

AP-10 Consultation - 91.100, 91.110, 91.200(b), 91.300(b), 91.215(l) and 91.315(l)

1. Introduction

As part of this Action Plan development, County CDBG staff undertook an outreach program to consult and coordinate nonprofit agencies, affordable housing providers, and government agencies. On September 14, 2020, County staff sent out a notice to the County's CDBG "Interested Parties" list, a list of over 600 individuals representing various non-profit organizations and public agencies throughout Contra Costa County. This list consists of various persons representing non-profit service providers that cater to the needs of low- and moderate-income households and persons with special needs, including persons with disabilities; affordable housing providers, housing professionals, and housing advocates; public agencies (other County departments or participating cities departments; improvement districts, school districts, etc.) economic development organizations, community groups, and elected officials.

All of these agencies were notified, via e-mail, about participating in the FY 2021/22 CDBG "Kickoff" Meeting that took place virtually October 15, 2020, in which interested agencies were informed about applying for CDBG, HOME, ESG, and HOPWA funds, and about participating in the overall Action Plan process.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

Consortium members worked closely with the three Public Housing Authorities of Contra Costa, Pittsburg and Richmond in the co-development of the 2020-25 Analysis of Impediments as well as the Consolidated Plan. The County HOME and CDBG staff have frequent conversations with the County Housing Authority staff and work to coordinate the allocation of project-based Section 8 vouchers to HOME and CDBG-funded developments. This increases the number of households with extremely-low incomes who can be served.

The County Department of Conservation and Development (DCD) coordinates the allocation of Emergency Solutions Grant funds with the County's Homeless Program office and the Continuum of Care (CoC) Board. CDBG funds are frequently used to assist in the development of housing for persons with special needs including those living with physical and mental health issues. DCD staff consults the appropriate staff in the Health Services Department (HSD) to confirm the developments will have access to adequate funding for operations.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness

DRAFT

DCD staff works very closely with the CoC Council on Homelessness (COH), sitting on the COH, attending monthly meetings, serving on subcommittees such as the Review and Ranking of all CoC applications, and working collaboratively with CoC County staff to coordinate efforts to address homelessness throughout the County. DCD staff also works closing with the nonprofit Homeless Continuum providers and smaller homeless providers, as well as homeless advocacy groups, the interfaith community addressing homeless challenges, business associations and other relevant community groups, to implement key strategies identified in the Continuum's "Forging Ahead Towards Preventing and Ending Homelessness" plan beginning 2015.

The County's Health Services Department serves as the Administrative Entity and Collaborative Applicant for the Contra Costa CoC. Contra Costa Health Services: Health, Housing and Homeless Services Division (H3) coordinates and maintains the homeless crisis response system. The Board of Supervisors created the COH, staffed by H3, as an advisory body for the purpose of educating and advising the Board on issues and policies pertaining to homelessness and as the governing body for the CoC.

The Council and H3 also rely on data and information from local partners and stakeholders with knowledge specific to vulnerable populations such as persons who are chronically homeless, families with children, veterans, and unaccompanied youth (i.e., County Office of Education, Employment & Human Services Division, and multiple health care and public safety agencies), as well as best practices from HUD and other nationally-recognized experts on homelessness and vulnerable populations (i.e., U.S. Departments of Veterans Affairs and Health & Human Services, County Health and Behavioral Health Services and partners) to inform decision-making, craft policy recommendations, and develop programs that target the needs of the CoCs most vulnerable residents. COH Board membership includes representatives from these and other important partners across the geography of the CoC, which allows the CoC to leverage their expertise and coordinate with members, agencies and affiliates who serve and engage with vulnerable consumers. Similarly, the CoC has recently partnered with multiple criminal justice system providers and reentry resources, as well as with County hospitals, Employment & Human Services, and other state entities to reduce the risks of homelessness for vulnerable populations, such as the elderly, low and very low-income families, recent and imminent discharges of patients and incarcerated persons, and child welfare and justice involved youth and families.

The CoC maintains Written Standards and Policies & Procedures for homeless services and housing projects, CoC providers, and the CoC HMIS database, to ensure coordinated, streamlined, effective, and equitable approaches to homeless services and housing for all consumers. The policies also serve to require targeted, client centered, trauma informed care using a housing first and client choice strategy to serve and prioritize the most vulnerable residents, including persons who are chronically homeless, families, veterans and unaccompanied minors. The Council regularly works with local and CoC homeless services providers to prioritize these groups and determine strategies to serve them. HMIS management includes bimonthly HMIS meetings with all providers which allows for system-wide coordination to reduce risks of homelessness, length of time homeless, and recidivism to homelessness, and increase the effectiveness of services by synchronizing case management and treatment.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards and evaluate outcomes, and develop funding, policies and procedures for the administration of HMIS

The County works closely with the Contra Costa CoC in the allocation of ESG funds, in developing performance standards, evaluating outcomes, and in the administration of HMIS. County staff consult with CoC and the Council on Homelessness Executive Board, which provides advice and input on the operations of homeless services, program operation and program development efforts in Contra Costa County. Members of the CoC Board sit on the Review and Ranking committee to determine allocation of funding for ESG projects.

H3 administers the CoC Homeless Management Information System (HMIS), a federally mandated protected database that stores consumer, project, and system level data. This data is reviewed by H3 and the Council on Homelessness throughout the year to determine how to allocate funds, including ESG and CoC funds, develop standards for performance and compliance, evaluate project and system level outcomes, and recommend policy and legislative action. The Council has two subcommittees (CoC-ESG Provider Committee and the System Performance Committee) dedicated to those purposes. Those committees meet multiple times throughout the year, including in preparation for large funding allocations, such as CoC and ESG funding competitions. The System Performance Committee typically meets more often to review project and system level data, make recommendations for metrics, monitoring, and evaluation, and contribute data and messaging for use in the Council and CoC larger consumer and community engagement strategies and policy recommendations to the Board of Supervisors. The Council also uses data, information, and recommendations generated from these meetings to develop annual priorities for the CoC, which helps to guide the Council's annual decision making and oversight of project and system performance and HMIS administration.

The CoC annually reviews and approves the CoC and ESG Written Standards and CoC and ESG Notice of Funding Availability (NOFA) Processes. The Written Standards document ensures standardization, transparency, and compliance with the operations and program performance of all CoC and ESG programs. The document also aligns with the CoC's coordinated entry policies and procedures, which guides the operation of the coordinated outreach, access, assessment, prioritization, and referral processes for CoC housing and service providers. The community and Council on Homelessness annually reviews all process documents to ensure that each funding opportunity, including ESG and CoC, follow consistent processes and use the same data (from HMIS) and metrics to measure program compliance and performance. The Council on Homelessness staffs the program review panels convened for CoC and ESG funding competitions and evaluates programs using the Council-approved metrics before approving the final project selections to be submitted for the funding competitions.

The County's HMIS policies and procedures for administration and program participation are reviewed annually by the Council's HMIS Policy Committee. This committee meets publicly every other month with representatives from each HMIS-participating service provider. This Committee serves to update

the Policies & Procedures, share resources, provide technical assistance and training, and ensure standardization in data collection, reporting, and evaluation in HMIS.

Expected Resources

AP-15 Expected Resources - 91.420(b), 91.220(c)(1,2)

Introduction

Contra Costa anticipates that over the five-year course of the Strategic Plan it will have CDBG, HOME, ESG, and HOPWA (pass through from the City of Oakland) available. These federal funds will be used to leverage public and private resources in all program areas. The Annual Action Plan budgets reflect one-fifth of the anticipated resources

The HOPWA area is the entire County.

Table 6 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

County policy requires projects funded with CDBG funds to provide a minimum match as follows: 10 percent required from non-profit organizations, 25 percent from local government agencies, and 100 percent from for-profit entities. Public service and economic development projects (sponsored by non-profit organizations and public agencies) receiving multiple year funding are further required to increase the level of match for each year of funding up to 50 percent match after year five.

In accordance with federal regulations, all projects funded with Consortium HOME funds are required to provide a minimum 25 percent permanent match to the project from non-federal sources.

In accordance with federal regulations, all projects funded with ESG funds are required to provide a minimum 100 percent match from non-federal sources.

HOPWA regulations do not require matching funds. However, housing development projects using HOPWA funds must provide HOPWA-assisted units in proportion to the amount of HOPWA funds in the project.

DRAFT

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The County, as the Housing Successor Agency to the former redevelopment agency, owns land that will be used for affordable housing development in Bay Point, North Richmond, and Rodeo.

The Housing Successor (to the former Redevelopment Agency) will issue requests for proposals to develop the Rodeo and Bay Point parcels during the Consolidated Plan period. The Housing Successor is considering using the proceeds of that sale to support the Rodeo, and Bay Point developments.

DRAFT

1	**Goal Name**	**AH-1 New Construction of Affordable Rental Housing**
	Goal Description	The Contra Costa Consortium has used HOME funds primarily for the new construction of affordable rental and for-sale housing. The 2013 HOME final rule effectively tightened the HOME commitment and expenditures timelines. The County is allocating funds for new construction in FY 2020/21. However, the County may need to adjust the HOME program in future years and fund rehabilitation and/or energy efficiency improvements in existing structures in order to meet the tight expenditure deadlines. CDBG funds are used to support new construction through land acquisition.
2	**Goal Name**	**AH-3: Maintain and Preserve Affordable Housing**
	Goal Description	Maintaining and preserving affordable housing (rental and homeownership) is a growing need as existing affordable housing reaches the of current affordability terms. Increasing market rate rents are an incentive for private owners to convert their affordable units to market rate units. Affordable housing developers purchase existing building when feasible in an effort to maintain existing affordable housing.
3	**Goal Name**	**AH-4: New Supportive Housing - Special Needs**
	Goal Description	Increase the supply of appropriate and supportive housing for special needs populations, which may include individuals living with HIV/AIDS as well a tenant-based rental assistance.

5	**Goal Name**	**CD-2: Non-Homeless Special Needs Population**
	Goal Description	Ensure that opportunities and services are provided to improve the quality of life and independence for persons with special needs, such as elderly/frail elderly, persons with disabilities, victims of domestic violence, abused/neglected children, persons with HIV/AIDS, illiterate adults, and migrant farmworkers.

DRAFT

6	**Goal Name**	**CD-3: Youth**
	Goal Description	Increase opportunities for children/youth to be healthy, succeed in school, and prepare for productive adulthood.
7	**Goal Name**	**CD-4: Fair Housing**
	Goal Description	Continue to promote fair housing activities and affirmatively further fair housing.
8	**Goal Name**	**CD-5: Economic Development**
	Goal Description	Reduce the number of persons with incomes below the poverty level, expand economic opportunities for very-low and low-income residents, and increase the viability of neighborhood commercial areas. Strategies include: • Support job training, retraining, and employment search services for low-income persons; and • Provide technical assistance and capital (loan or grant) to small business/micro-enterprises to develop and/or expand capacity and produce jobs for low-income persons.
9	**Goal Name**	**CD-6: Infrastructure/Public Facilities**
	Goal Description	Maintain quality public facilities and adequate infrastructure and ensure access to public facilities for the disabled. Strategies include: • To construct or improve public facilities and infrastructure including, but not limited to, providing and improving access to facilities for persons with disabilities. This may include directly improving or constructing facilities or infrastructure in low-income areas or providing assistance to non-profit agencies that serve low-income populations. • To remove barriers to the safe travel of persons with disabilities that exist in the public right-of-way. • To make improvements to the public right-of-way to enhance public safety and accessibility, and to improve public health, and to promote the provisions of a "complete streets program." Improvements will be targeted to areas where the current level of improvements is less than the current standard.

DRAFT

10	**Goal Name**	**H-1: Housing & Supportive Services for Homeless**
	Goal Description	Further "Housing First" approach to ending homelessness by supporting homeless outreach efforts, emergency shelter, transitional housing, and permanent housing with supportive services to help homeless persons achieve housing stability.

12	**Goal Name**	**CD-7: Administration**
	Goal Description	Support development of viable urban communities through extending and strengthening partnerships among all levels of government and private sector, and administer federal grant programs in a fiscally prudent manner. Strategies include: • To continue the collaborative administration with the other Consortia jurisdictions for the County's housing and community development programs undertaken under this Strategic Plan. This effort will include common policies and procedures for requests for the use of funds, subrecipient reporting, record-keeping, and monitoring. • To support the efforts of the housing authorities of the City of Pittsburg, City of Richmond, and Contra Costa County. Members will also cooperatively further the efforts of the Contra Costa Continuum of Care Council on Homelessness.

Table 8 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The established Priority Needs and Goals of the FY 2020-2025 Consolidated Plan form the basis for allocating investments geographically within the Urban County and HOME Consortium area during the next five-year period. The Priority Needs and Goals are a result of community outreach efforts, consultations with various public and private non-profit agencies, and an on-line "Community Needs"

survey conducted during the Citizen Participation process of the FY 2020-2025Consolidated Plan.

The Urban County has extensive housing and community development needs. However, the lack of adequate funding is one of the most critical obstacles to addressing underserved needs. Therefore, only eligible activities that meet a Priority Need and fit within one of the Goals (AH-1 thru AH-4; H-1 thru H-2, and CD-1 thru CD-7) established in the FY 2020-2025 Consolidated Plan will be funded during the next five years.

AP-50 Geographic Distribution - 91.420, 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The County's CDBG entitlement area is the entire area of the County except for the Cities of Antioch, Concord, Pittsburg, and Walnut Creek. The County administers the HOME Program for the Contra Costa HOME Consortium, which includes the Cities of Antioch, Concord, Pittsburg, and Walnut Creek. The Contra Costa HOME Consortium entitlement area is the entire County. The County also administers the ESG Program. The County's ESG entitlement area is the entire area of the County, except for the Cities of Antioch, Concord, Pittsburg, and Walnut Creek. Contra Costa County is also a sub-grantee to the City of Oakland (Alameda County) for the HOPWA program. The County's HOPWA entitlement area is the entire County.

Low-income census tracts can be found throughout the County; however, many communities in west and east Contra Costa County, such as Richmond, San Pablo, North Richmond, Montalvin Manor, Tara Hills, Bay View, and Bay Point all have a concentration of minority populations (more than 78.3% of the population) that are also in low/mod-income census tracts.

Geographic Distribution

Target Area	Percentage of Funds
Contra Costa County	100

Table 9 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

Though projects may serve the entire Urban County, as is the case with many Public Service projects, it is the intent of the program to target services to areas with the highest need. This includes revitalization strategy areas or census tracts that meets “area benefit” criteria (an area, typically a census tract or a contiguous group of census tracts, where at least 51 percent of the population is low/mod-income). In all cases, Subrecipients must demonstrate that they will be able to serve a minimum of 51 percent very-low and low-income persons or households. However, it has been the County’s practice to fund projects that serve a minimum of 75 percent extremely low, very low- and low-income persons or households. Furthermore, established policy gives priority to housing projects that provide units affordable to and occupied by households with extremely low-income. These policies and practices have ensured that projects/programs serve those areas with the highest need.

Housing activities to meet Consolidated Plan priorities include new construction, rehabilitation, and preservation of existing affordable housing. These housing projects have the potential to either assist in neighborhood revitalization or provide de-concentration of low-income and/or minority populations by

location in areas with little supply of affordable housing.

Discussion

Given the size of the entitlement areas of the CDBG, HOME, ESG, and HOPWA Programs for the County, Contra Costa County's CDBG, HOME, ESG, and HOPWA funds are awarded to projects and programs on a competitive allocation basis. The projects/programs, as in the case of many Public Service projects, typically serve more than just one specific area or neighborhood of the County; however, it is the intent of the programs to target services to areas with highest need, such as a revitalization strategy areas or a census tract that has a high percentage of low/mod-income households.

The highest numbers of low income and minority households are in west Contra Costa County, followed by east Contra Costa County and central Contra Costa County. All projects funded with CDBG, HOME, ESG, and HOPWA funds are targeted to low income households throughout the County.

AP-60 Public Housing - 91.420, 91.220(h)

Introduction

There are three Public Housing Authorities operating in the Consortium, the Housing Authority of Contra Costa County (HACCC, which is by far the largest), the Richmond Housing Authority (RHA), and the Housing Authority of the City of Pittsburg (HACP).

Actions planned during the next year to address the needs to public housing

HACCC has begun a long-term project to reposition and rehabilitate its public housing portfolio in the face of ever-decreasing federal, state and local funding. The planning portion of this process is expected to be completed this year and implementation has actually begun on portions of the plan. As part of this process HACCC has been approved for four RAD conversions that will remove 214 long-term vacant units at Las Deltas in North Richmond. These units will be removed from the public housing portfolio and converted to project-based voucher assistance that will be used to help fund construction or rehabilitation of more affordable housing units.

Over the long term, HACCC intends to convert all public housing to project-based units via RAD, although capacity to oversee that is not available at present.

HACCC anticipates utilizing approximately $3.0 million of HUD funding for a variety of modernization improvements at all its public housing developments. Specific improvements include:

- $1,183,000 for demolition of Las Deltas CA006/9A public housing site in North Richmond.
- $1,131,000 for relocation costs during the RAD disposition of Las Deltas in North Richmond.
- $245,000 for unscheduled and emergency unit modernization and site improvements at various properties.
- $136,000 for non-routine maintenance repairs (ordinary maintenance items such as window and flooring replacement or electrical repair where the scale of damage is beyond the scope of day-to-day maintenance) at various properties.
- $134,000 for construction and rehabilitation of on-site management offices at various properties.
- $63,000 for new appliances at various properties.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

HACCC actively encourages all Public Housing residents to get involved in the community in which they are living. Quarterly town hall meetings are organized at each property in an effort, among other goals, to develop resident leaders and solicit participation in resident service programs. HACCC believes that it is important to provide residents with conduits to service providers, in every community, that can provide families with the opportunity to pursue employment, job training and other education that will

lead them toward self-sufficiency. The ultimate goal is to transition households from welfare to work, and achieve greater independence. HACCC has active resident services at four of the thirteen Public Housing Developments located in Contra Costa County. The resident services program provides office and meeting facilities for work participants, childcare or after school programs for children of working parents, equipment and materials as funding allows, and technical assistance from non-profit or governmental agencies as needed.

AP-65 Homeless and Other Special Needs Activities - 91.420, 91.220(i)

Introduction

During FY 2021/22, the County will continue its efforts to maintain the availability of housing and services for the homeless in Contra Costa.

Emergency Solutions Grant (ESG) funds may be used for five program components related to homelessness: street outreach, emergency shelter, homelessness prevention, rapid re-housing assistance and data collection. The County is allocating ESG funds for FY 2021/22 to emergency shelter services, including youth and domestic violence providers, homeless street outreach services, homelessness prevention to assist low-income residents at risk of becoming homeless, and rapid rehousing to assist homeless residents quickly regain housing stability.

CDBG funds are also targeted to support public service activities that offer a variety of services to the homeless and those at-risk of becoming homeless, as well as to special needs populations. In FY 2021/22, funds will be allocated for operating expenses of an emergency shelter for single adults as well as to programs that provide a homeless hotline, housing counseling and legal services, and food distribution. Support services such as client advocacy, job skills training, independent living skills training, respite care, counseling and case management, and nutrition education will be provided to the frail elderly, disabled, and the visually impaired. ESG funds will be allocated for adult and youth homeless shelters, emergency shelter for victims of domestic violence, homeless street outreach services, homeless support services and homeless prevention and rapid rehousing activities, including case management and direct financial assistance. These services are available throughout the County.

During FY 2021/22, the County will continue to work with the County's Council on Homelessness and the County's CoC to implement key strategies identified in the five-year CoC Plan and the Ten-Year Plan to End Homelessness. The County's Ten-Year Plan to End Homelessness includes priorities to address three types of homeless populations: the chronically homeless, those discharged into homelessness, and the transitionally (or episodic) homeless people. This will include programs and projects to increase income and employment opportunities for homeless households, expand needed support services and programs to prevent homelessness, and increase the availability of housing affordable to extremely-low income households and homeless persons.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Contra Costa County and many of the other Contra Costa Consortium jurisdictions are providing CDBG funds for homeless outreach teams through the Contra Costa County Health Services Coordinated Outreach, Referral, and Engagement (CORE) Homeless Street Outreach Program. Contra Costa County is providing $90,000 in CDBG funds and $30,884 in ESG funds to the CORE Street Outreach Program. The

focus of the CORE Homeless Street Outreach Program is to target high-risk, hard-to-reach chronically homeless individuals, transition-aged youth, and families living outside whom typically do not access services or do not know how to access services. CORE uses a client-centered, “whatever it takes” approach to build rapport and engage consumers into services that aim to get them off the streets and stabilized. CORE Outreach teams consist of two outreach workers, two outreach team leads, and an Outreach Coordinator. Outreach staff are trained in core principles and practices of trauma informed care, motivational interviewing, and espouse a “housing first” philosophy.

The various CORE teams operate over an 18-hour period during the day and evening. Two or three person outreach teams go out in a systematic pattern within an established service area (East, Central, and West County) to contact chronically homeless individuals living on the streets, provide face-to-face outreach and engagement, and information necessary to address behavior contributing to their homelessness. All CORE teams work closely with law enforcement and other local entities, providing intervention services to advise the homeless of available options and to help them avoid incarceration.

Contra Costa 211: CDBG funds are also distributed to the Contra Costa Crisis Center for the 211 line (see the County's Project summary in AP-38 for more information). The line provides a single point of contact for homeless individuals seeking services throughout the County. Phone counselors complete an intake assessment to determine the needs of each caller then provide referrals to a variety of community programs including shelter, food pantries and mental health services. Contra Costa Crisis Center has been participating in the Coordinated Intake and Assessment subcommittee and will be a key partner in piloting and implementation.

Health Care for the Homeless: In addition to providing direct medical care, testing and immunization services, the County-funded Health Care for the Homeless Program uses its mobile healthcare van for outreach. The bilingual Healthcare for the Homeless Team assesses client’s needs, provides social support, and links clients to appropriate services and programs, including mental health and substance abuse programs, Medi-Cal, the County's Basic Adult Care program, and the Covered California healthcare insurance exchange.

Addressing the emergency shelter and transitional housing needs of homeless persons

Emergency Shelter Funding: Of the funds received by the County for FY 2021/22, $206,519,000 (ESG) and $10,000 (CDBG) are allocated to local emergency shelters to provide shelter and case management services to homeless adults, families and youth, and to victims of domestic violence and their children. Upon entry to one of the shelters, each resident or family is assigned a case manager to assist the individual in determining an appropriate service plan that will help them regain housing as soon as possible. The shelters are part of the County’s Continuum of Care and enable individuals and families the opportunity to work on stabilizing their lives and moving toward a permanent housing solution. The cities of Antioch, Concord, Pittsburg, and Walnut Creek are also providing CDBG funds to local

emergency shelters.

Transitional Housing Development: In October, 2011, under the working name “Synergy House” and using both CDBG and State funds, the County began to rehabilitate an existing vacant residential building in Martinez and convert it to a sober living transitional housing program for homeless single men completing substance abuse treatment programs. The new facility is directly adjacent to a recently constructed treatment facility, Discovery House. The facility opened in August 2013 and was newly designated as “Uilkema House”. The Uilkema House program added 12 new beds to the homeless continuum of care and allows Contra Costa homeless, single men completing treatment programs such as Discovery House to transition back into the community with the skills and resources necessary to maintain their sobriety.

CARE Centers/Multi-Service Centers: There are three multi-service centers, or Coordinated Assessment Referral and Engagement (CARE) Centers, located in specific regions of the County. The CARE Centers are drop in centers designed to offer basic survival needs as well as case management, life skills, referral and linkage, housing search assistance, employment assistance, assistance accessing healthcare and mainstream resources, alcohol and other drug counseling and treatment, and crisis intervention. The centers serve as a place of respite from the larger community and provide a sense of belonging and connection to those within the homeless community. The CARE Centers also serves families who are experiencing homelessness, educating them about their rights to services that enable their children to continue their education and connecting them to a variety of services focused on serving families. One of the CARE Centers primarily specializes in serving families and seniors.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Transitional Housing Development: The Uilkema House facility opened in August 2013 and added 12 new beds to the homeless continuum of care and allows Contra Costa homeless, single men completing treatment programs such as Discovery House to transition back into the community with the skills and resources necessary to maintain their sobriety.

Veterans: In cooperation with the local Veterans Administration office, Contra Costa's CoC continues to work to increase its capacity to house and serve homeless veterans, including the distribution of HUD-VASH vouchers and rental assistance for permanent housing units provided to homeless veterans and

their families under the Supportive Services for Veteran Families (SSVF) program.

Shortening Period of Time Homeless: The County will continue to pursue increasing the capacity of its Rapid Rehousing program. For FY 2021/22, $153,648 ($128,573 in ESG and $25,075 in CDBG funds) is allocated to provide rapid rehousing and homeless prevention services to individuals and families experiencing homelessness or at risk of becoming homeless. Rapid rehousing provides housing relocation/stabilization services and financial assistance in paying deposits, rent and utility bills to help homeless individuals and families quickly regain and maintain housing and self-sufficiency. In order to reach those most in need, outreach includes health-care and mental health facilities, foster care and other youth programs, veteran's services and social services agencies, and churches and other religious organizations.

Reducing Recidivism: The Contra Costa County's Health Services Department has integrated the County's Mental Health, Alcohol and Other Drug Services and Homeless Programs into a single Behavioral Health Division to continue addressing the mental health and substance abuse issues that are common barriers to long-term housing success for homeless individuals and families.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Foster Care: When foster youth age out of the foster care system, the County links them to the Independent Living Skills Program (ILSP). ILSP includes workshops that prepare youth for emancipation (money management, education, computer skills, home management, and social skills), employment assistance, non-McKinney-Vento housing and retention services, and an individualized transition plan out of foster care. In addition, foster youth can elect to remain in foster care or return to care after emancipation (but before turning 21) to receive a two-year housing subsidy, which can be used in a market rate unit, student housing, or congregate living. This is a State program that all foster youth and former foster youth are able to access.

Mental Health: Clients treated by the County Behavioral Health Division are regularly reviewed for readiness and prepared for discharge into environments that provide stepped-down levels of care. The Department holds a weekly Bed Committee where all institutionalized consumer's discharge plans are prepared. Discharge planning responsibilities fall to the Clinic managers for those consumers currently receiving services and to the Mental Health Transition Team (consisting of managers, a psychiatrist, RNs,

clinicians and peer providers) for those patients not otherwise connected to the County system.

State hospitals discharge to Institutes for Mental Disease (IMD)/Skilled Nursing Facilities (SNF) and not to HUD CoC funded programs. Persons discharged from IMDs/SNFs are placed in Crisis Residential/Transitional Residential Services (CR/TRS), and those discharged from Acute Inpatient Facilities (AIFs) are released to appropriate settings, such as the Respite Center at the County's Adult Emergency Shelter. Those exiting CR/TRS are discharged to independent, shared or supported (e.g. Board & Care) housing. State Mental Health Services Act (MHSA) funds also pay for 79 housing units for homeless discharges with severe mental illness.

Discussion

A major factor contributing to problems of the homeless and special needs populations in the County is the lack of housing affordable to extremely-low and very-low income households as well as an inadequate supply of accessible housing. The County's strategies to maintain and increase the supply of affordable housing are equally relevant as strategies to alleviate problems of these populations. As further recognition of the housing needs of homeless and at-risk populations, in FY 1998/99, the Contra Costa Board of Supervisors adopted a policy to encourage the inclusion of units affordable to extremely-low-income households in projects funded with CDBG and HOME funds. In addition, a minimum of five percent of all new housing built with County funds must be accessible to mobility-impaired households and an additional two percent must be accessible to hearing/vision impaired. Wherever feasible, the County also requires the inclusion of accessible units in housing rehabilitation projects.

Strategies to improve housing affordability through direct payment assistance are also effective in preventing and alleviating homelessness among lower-income and special needs households. Therefore, the County will continue to pursue additional Section 8 vouchers, FEMA funds, Shelter Plus Care and other resources to assist the currently homeless and at-risk population in obtaining and maintaining permanent housing.

In addition to strategies to increase the affordable housing supply using CDBG, HOME, and HOPWA resources, the County Health Services Department will apply for HEARTH Act funds to maintain and expand programs and projects to serve the homeless, including families with children, youth leaving foster care, victims of domestic violence, and individuals with problems of substance abuse and mental illness. Potential projects include rental assistance for homeless individuals and families, continued operating support for permanent and transitional housing projects and multi-service centers, the potential development of additional permanent housing with support services for families, and a variety of support services (e.g., outreach, case management, education/job training, health services, counseling/parent education, substance abuse treatment and money management).

AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

There are several significant barriers to affordable housing within Contra Costa County, in general, and the entitlement cities of Antioch, Concord, Pittsburg, and Walnut Creek, in particular. At a high level, cross-cutting barriers include:

- Zoning and land use restrictions that prevent or otherwise limit the development of dense housing types that are more likely to be affordable than detached single-family homes;
- Zoning and land use approval processes that prolong the time it takes for development to occur;
- Community opposition to the development of affordable housing;
- Local development standards for height limits, stories, lot coverage maximums, and parking requirements which reduce the number of units allowed on any given site;
- Contra Costa County has an urban limit line to concentrate development in urban areas and protect open space. This policy increases the cost of land, which increases the cost of development;
- High land costs;
- Inadequate inclusionary housing policies;
- Insufficient financial resources for affordable housing development; and
- Insufficient tenant protections.

Specific barriers in each of the jurisdictions included in this Consolidated Plan are further in MA-40 of the FY 2020-25 Consolidated Plan.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The County will continue its efforts to remove or ameliorate public policies which negatively impact affordable housing development in the County including the following:

- Consistent with the General Plan, the County will initiate zoning changes for residential and designated agricultural sites from current zoning designations to Planned Unit Development.
- Through the Density Bonus Ordinance, the County is required to grant one density bonus and incentives or concessions when an applicant for a housing development seeks and agrees to construct a housing development, excluding any units permitted by the density bonus that will contain at least one of the following: ten percent of the for lower income households; five percent of the total units for very low income households; a senior citizen housing development, or a mobile home park that limits residency based on age requirements for housing older

persons; or ten percent of the total dwelling units in a common interest development for persons and families of moderate income, provided that all units in the development are offered to the public for purchase.

- The Inclusionary Housing Ordinance requires all developers of five or more units to provide 15 percent of the units at affordable costs to moderate, low or very-low income households depending on the type of project. Developers may pay a fee in lieu of providing the affordable units.
- The County will review and develop new regulations to permit the development of agriculturally related structures on agriculturally zoned land without a use permit in order to encourage the provision of onsite farmworker housing.

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

This section discusses the County's Department of Conservation and Development's effort in addressing underserved needs, developing the institutional structure for delivering housing and community development activities, and expanding and preserving affordable housing opportunities within the Urban County's and HOME Consortium areas.

Actions planned to address obstacles to meeting underserved needs

The following are obstacles to meeting needs of the underserved:

- Accessibility of services
- Awareness of services
- Coordination of services
- Resources appropriate to the level of need

Accessibility of Services: Lack of accessibility to services can be the result of lack of transportation for those in need, services that are not delivered in a culturally appropriate manner or in the appropriate language, burdensome prerequisites to accessing services (“red tape”), and services that are not provided in proximity to those in need. Lack of transportation is a particular challenge for those who do not drive, do not have a car, or are elderly and for persons with disabilities. Most if not all of the public service projects listed in AP-38 provide are located within the neighborhoods or communities of the target population to provide easy accessibility to their services. Some of the public service projects serving the elderly or persons with disabilities provide transportation to their services or provide "in-home" services.

Awareness of Services: The lack of awareness of the availability of services by those in need and a lack of knowledge about how to access services are significant obstacles to the provision of services. All agencies receiving CDBG, HOME, ESG, or HOPWA funds from the County must provide significant outreach to those in need. County DCD staff will continue to monitor CDBG/HOME/ESG/HOPWA funded agencies to verify if an agency's outreach is adequate and that outreach materials are available in various languages.

Coordination of Services: Those in need must often access services from several points; similar services may also be provided by more than one agency. Those being served by one agency may have needs that are not being addressed by the particular agency currently serving that person or family. County DCD staff advocates for CDBG/HOME/ESG/HOPWA funded agencies to collaborate and coordinate with other agencies in the community for serving their target population. DCD staff will continue to encourage agencies to collaborate and coordinate to avoid duplication of service and to provide more efficient services to their clients or target populations.

Resources: Resources are generally less than required to meet the level of need. The

CDBG/HOME/ESG/HOPWA funds that are available are prioritized to the high Priority Needs and Goals established in the 2020-2025 Consolidated Plan. Funding is also prioritized to those undertakings that represent the most efficient use of funds, are delivered by the most qualified persons, and serve the broadest geography.

Actions planned to foster and maintain affordable housing

The County uses 45 percent of its CDBG funding to support affordable housing preservation activities. For over 40 years, the Neighborhood Preservation Program has been providing low interest loans and grants to low-income homeowners for rehabilitation, and accessibility and energy efficiency improvements. This program improves living conditions for the recipients, and helps maintain viable neighborhoods. In addition to CDBG funds, HOME funds are available and utilized in coordination with the County's CDBG funds to support the development of affordable housing.

CDBG funds are also used to support acquisition and rehabilitation of existing affordable apartments as well as the conversion of market rate housing to affordable housing.

HOME funds are used for new construction, acquisition and rehabilitation, and preservation of existing affordable housing. These funds leverage State, local, and private funds.

Actions planned to reduce lead-based paint hazards

The County will continue to protect young children from lead-based paint hazards in housing funded with CDBG, HOME, ESG, and HOPWA resources through the implementation of 24 CFR Part 35. The purpose of this regulation is to reduce or eliminate lead-based paint hazards in federally owned housing and housing receiving federal funds. All developers enter into legal agreements that include requirements for compliance with the lead-based paint regulation. The Neighborhood Preservation Program has developed a program-specific lead-hazard reduction implementation plan. All other projects will develop plans appropriate to the project type and level of funding received.

Actions planned to reduce the number of poverty-level families

The County, and cities within it, employ a variety of strategies to help alleviate poverty, including efforts to stimulate economic growth and job opportunities, and to provide County residents with the skills and abilities required to take advantage of those opportunities. This also includes implementation of Section 3 strategies to ensure employment and contracting opportunities for low and very low-income persons or businesses residing within the community where a HUD-funded project is located. The County and a majority of cities actively work to attract and retain businesses. Many are involved in revitalization efforts for their downtown areas utilizing a variety of strategies such as infrastructure and façade improvement programs, the State Main Street Program, and the preparation of revitalization plans to

guide future development. The County, through its various departments, provides services and supports

programs that promote personal responsibility, independence and self-sufficiency.

One of the responsibilities of the County's Department of Conservation & Development (DCD) is the management of the CDBG, HOME, ESG and HOPWA programs. Many CDBG and HOME funded programs are geared toward helping lower-income persons find and maintain stable housing, receive training for jobs that provide a livable wage, and access support services that are needed to attain self-sufficiency. By Board guidelines, 10 percent of the annual grant amount is set aside for economic development activities. Programs funded under the Economic Development category are intended to assist businesses with expanding economic opportunities for lower-income persons and to increase the viability of neighborhood commercial areas. As recorded in the list of projects of this Action Plan, job training and placement projects have been approved for funding. In addition to economic development activities, the County works with other jurisdictions and local non-profits to provide emergency and transitional housing, and support services necessary to assist the homeless in achieving economic independence.

The County's Employment and Human Services Department (EHSD) is responsible for providing services to adults, children, families, and the elderly. Bureaus within EHSD that directly relate to the reduction of poverty include the Workforce Services, Children and Family Services, and the Workforce Development bureaus. Other programs administered by EHSD, that indirectly support economic self-sufficiency and are intended to provide assistance to families and persons to lead productive lives include, but are not limited to: 1) the Family Preservation Program, which emphasizes keeping families together in a safe, nurturing environment and providing them with skills that will last when they leave the program; and 2) Service Integration Teams that provide services to increase the economic self-sufficiency of families, improve family functioning, and expand community capacity to support children and families.

The Workforce Development Board (WDB) of Contra Costa is a public policy body appointed by the County Board of Supervisors to oversee the strategic planning and policy development of the County's workforce development system. The Board is composed of business, labor, economic development, public agencies, education, and community-based organizations. The Board has also designated the WDB as the oversight body for the County's CalWORKS policy to ensure full integration of the area's workforce development system. The WDB has responsibility to oversee the provision of workforce services through its four One-Stop Business and Career Centers, and Affiliate Sites throughout the County.

Actions planned to develop institutional structure

During FY 2021/22, the County will continue to work with the cities and other public and private agencies and organizations to implement strategies designed to accomplish the affordable housing and community development objectives identified in FY 2020-2025 Consolidated Plan. Specific actions to be undertaken by the County include the provision of resources and technical assistance to public agencies and the non-profit and for-profit community in developing, financing and implementing programs and projects consistent with the County annual and five-year plans. In addition, the County will work with

the cities and other agencies to establish an informal cooperative network to share resources and facilitate development in the Urban County and Consortium area.

Actions planned to enhance coordination between public and private housing and social service agencies

The County's efforts to coordinate activities and strategies for affordable housing development and the provision of emergency and transitional housing and supportive services include cooperative planning efforts as well as participation in a number of countywide housing and service provider organizations. Planning efforts to be undertaken during the current program year include the following:

Contra Costa Consortium members continue to work on strategies and actions designed to overcome identified impediments and eliminate problems of housing discrimination in Contra Costa.

The Continuum of Care and the Council on Homelessness works with Contra Costa jurisdictions, public and private agencies, the interfaith community, homeless advocacy groups and other community organizations to implement the Continuum of Care Plan, which includes strategies and programs designed to alleviate homelessness, and the Ten Year Plan to End Homelessness.

In addition to the above, the County participates in a number of countywide housing and service provider organizations, which are intended to share resources and coordinate strategies and programs for affordable housing and community development activities. These organizations include the Association of Homeless and Housing Service Providers, the Tri-Valley Affordable Housing Committee, the Contra Costa HIV/AIDS Consortium, the Children and Families Policy Forum, Non- Profit Housing Association, and the Workforce Development Board.

HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.220(l)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

   The Contra Costa HOME Consortium does not provide HOME funds in any form not identified in Section 92.205. HOME funds are typically provided as low interest deferred residual receipt loans (multi-family housing), deferred shared appreciation loans (single-family housing), and small grants (specific project related program delivery).

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

   The HOME Consortium uses recapture provisions to ensure that all or a portion of the HOME funds are repaid to the Consortium when the home is sold, transferred, or otherwise not occupied by an eligible owner.

   Recapture Provisions The amount repaid to the HOME program is the original principal of the HOME loan plus a share of the appreciation. The appreciation is the difference between the original purchase price of the home and the current sales price. The current sales price will either be the fair market value, or if the home is subject to a resale restriction, the restricted sales price. The appreciation amount does not include any permanent fixed improvements, but may be adjusted downward by the value of deferred maintenance, not including expected wear and tear. The HOME program share of the appreciation is equal to the share of the HOME loan of the original purchase price. For example, if the purchase price was $400,000, the HOME loan was $20,000 (five percent of the purchase price), and the future sales price is $500,000 then the amount repaid (not considering the adjustments for improvements or deferred maintenance) will be $20,000 plus five percent of the $100,000 appreciation ($5,000) for a total repayment of $25,000.

   If the home has decreased in value because of market conditions, the HOME Consortium will share in the depreciation of the home. The amount of depreciation of the HOME loan is the percentage of the HOME loan to the original purchase price of the home. Using the same assumptions as in the preceding paragraph, if the future sales price of the home is $350,000, the amount due would be

   $20,000 minus five percent of the depreciation ($2,500) for a total repayment of $17,500.

   If the depreciation of the home is so significant that the outstanding debt on the home exceeds the value of the home, the Consortium will negotiate with the other lenders to accept a lower

repayment. This will enable for all debt to be paid through the proceeds of the home sale.

The Home Consortium does not allow subsequent buyers to assume an existing loan, but may make the repaid funds available to a subsequent buyer as a new loan.

Resale Restrictions The HOME Consortium does not use resale restrictions. However, there may be HOME loans provided to buyers who also have resale restrictions. The resale restrictions may be required by a developer such as Habitat for Humanity, or may be required by another program such as Inclusionary Housing or Density Bonus. In those cases, the HOME loan will meet the recapture provisions described above. The HOME loan will be repaid, and may be available to the next purchaser of the home. The appreciation amount will be based on the maximum resale value as determined by the resale restriction if that value is below the fair market value. For example, if the original purchase price was $400,000, the market value is $500,000 and the resale restricted price is $450,000, the HOME appreciation share will be calculated on $450,000.

The resale restrictions will provide for a fair return on investment by calculating the future price based on the change of area median income. This factor is used to ensure the future price will still be affordable to the original target purchaser (typically low income). This price will be adjusted based on the value of capital improvements and deferred maintenance.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

HOME funds used for homebuyer activities are provided to purchasers of newly constructed or rehabilitated homes. The HOME Consortium uses recapture provisions to ensure that all or a portion of the HOME funds are repaid to the HOME Consortium when the home is sold, transferred, or otherwise not occupied by an eligible owner.

Recapture Provisions

The amount repaid to the HOME program is the original principal of the HOME loan plus a share of the appreciation. The appreciation is the difference between the original purchase price of the home and the current sales price. The current sales price will either be the fair market value, or if the home is subject to a resale restriction, the restricted sales price. The appreciation amount does not include any permanent fixed improvements, but may be adjusted downward by the value of deferred maintenance, not including expected wear and tear. The HOME program share of the appreciation is equal to the share of the HOME loan of the original purchase price. For example, if

the purchase price was $400,000, the HOME loan was $20,000 (five percent of the purchase price), and the future sales price is $500,000 then the amount repaid (not considering the adjustments for improvements or deferred maintenance) will be $20,000 plus five percent of the $100,000

appreciation ($5,000) for a total repayment of $25,000.

If the home has decreased in value because of market conditions, the HOME Consortium will share in the depreciation of the home. The amount of depreciation of the HOME loan is the percentage of the HOME loan to the original purchase price of the home. Using the same assumptions as in the preceding paragraph, if the future sales price of the home is $350,000, the amount due would be $20,000 minus five percent of the depreciation ($2,500) for a total repayment of $17,500.

If the depreciation of the home is so significant that the outstanding debt on the home exceeds the value of the home, the Consortium will negotiate with the other lenders to accept a lower repayment. This will enable for all debt to be paid through the proceeds of the home sale.

The HOME Consortium does not allow subsequent buyers to assume an existing loan, but may make the repaid funds available to a subsequent buyer as a new loan.

Resale Restrictions

The HOME Consortium does not use resale restrictions. However, there may be HOME loans provided to buyers who also have resale restrictions. The resale restrictions may be required by a developer such as Habitat for Humanity, or may be required by another program such as Inclusionary Housing or Density Bonus. In those cases, the HOME loan will meet the recapture provisions described above. The HOME loan will be repaid, and may be available to the next purchaser of the home. The appreciation amount will be based on the maximum resale value as determined by the resale restriction if that value is below the fair market value. For example, if the original purchase price was $400,000, the market value is $500,000 and the resale restricted price is $450,000, the HOME appreciation share will be calculated on $450,000.

The resale restrictions will provide for a fair return on investment by calculating the future price based on the change of area median income. This factor is used to ensure the future price will still be affordable to the original target purchaser (typically low income). This price will be adjusted based on the value of capital improvements and deferred maintenance.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

   The HOME Consortium is not currently using HOME funds to refinance existing debt.

Emergency Solutions Grant (ESG)

1. Include written standards for providing ESG assistance (may include as attachment)

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The Contra Costa Coordinated Entry system is a collaboration of multiple community, government, and faith-based agencies that, collectively, provide services that range from prevention of homelessness to permanent housing placements. Consumers are linked to supports needed to obtain and sustain housing.

A. Eligibility

Our Coordinated Entry system is designed to serve anyone in Contra Costa County who is experiencing a housing crisis. This includes those who are:

- Unsheltered (e.g., living outside, in a car, on the streets, or in an encampment),
- Sheltered (e.g., in emergency shelter or transitional housing), or
- At imminent risk of homelessness (e.g., being evicted, unable to pay rent, doubled up, or in an unsafe living situation).

B. Access Consumers connect to services through one of three portals:

- CALL: The 2-1-1 information line, operated by the Contra Costa Crisis Center, provides a phone portal for individuals and families needing to connect to homeless services.
- CARE Centers: Coordinated Assessment and Resource (CARE) Centers provide a walk-in option for individuals and families who need to connect to homeless services. Services offered include help with basic needs, light case management, housing navigation services and substance use disorder treatment and support.
- CORE Outreach: Coordinated Outreach Referral and Engagement (CORE) outreach teams engage homeless individuals living outside, help facilitate and/or deliver health and basic needs services, and connect clients to CARE Centers and other homeless services.

C. Assess

Severity and type of needs are assessed through a variety of tools:

- Prevention/Diversion Pre-Screen: Identifies need for financial assistance and/or case management services to prevent a person at risk of homelessness from becoming homeless, or to divert a person experiencing homelessness from entering the crisis response system (including emergency shelter and transitional housing)
- Homeless Management Information System (HMIS) Intake: Collects basic information about a client, including information to determine eligibility and prioritization for emergency shelter
- Emergency Shelter Prioritization Tool: in combination with the HMIS Intake, prioritizes individuals and families for available emergency shelter beds
- VI-SPDAT: The Vulnerability Index – Service Prioritization Decision Assistance Tool, an evidence-based tool that prioritizes individuals, transition-age youth, and families for available permanent housing based on acuity and chronicity

D. Assign

Clients are matched with available resources based on need and vulnerability. The most vulnerable clients are prioritized for available housing navigation and location services. The full continuum of our homeless housing and services are available through the Contra Costa Coordinated Entry system, including:

- Prevention/Diversion: Financial assistance or case management to stay housed
- Basic Needs and Services: showers, food, laundry, benefits enrollment, referrals, etc.
- Emergency Shelter: Short-term, temporary place to stay
- Housing Navigation Services: Assistance with locating and obtaining housing
- Rapid Re-housing: Time-limited rental assistance with case management
- Permanent Supportive Housing: Long-term housing assistance with services

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

The County allocates ESG funds through a competitive application process. The RFP is posted on the Conservation and Development Department's website and notice is mailed or emailed to the "Interested Persons" contact list. This list includes local social service agencies, homeless service providers and other interested individuals, as well as other County departments. Applications are reviewed by staff for completeness and for compliance with program requirements. Technical assistance is provided to applicants as needed by County staff. Funds are allocated based on the requirements of ESG regulations and the need for services within the County. ESG funding recommendations are presented to the CoC through the Contra Costa Council on Homelessness and then approved by the County's Board of Supervisors. ESG applicants are invited and encouraged to attend these meetings. Three out of the six ESG funded activities for FY 2020/21 are carried out by nonprofit organizations.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

The County meets the requirement for homeless participation in the provision of services by consulting and coordinating services with the CoC and Council on Homelessness. The CoC and the Council on Homelessness provide a forum for communication and coordination among agencies and as a group provides advice and input on the operations of homeless services. Consumer input is incorporated into the development of local services through the ongoing participation of consumers in local meetings where they are given the opportunity to provide specific feedback on their needs and experiences with the existing system. In addition, each funded project is required to outline how homeless persons are involved in the operation of shelters and provision of services. Furthermore, the County's Council on Homelessness has a Consumer/Consumer Advocate seat in which the person appointed to that seat typically is either a current or previous consumer of the County's homeless services. The Consumer/Consumer Advocate seat is currently filled.

5. Describe performance standards for evaluating ESG.

A performance measurement outcome statement is included in all ESG contracts between the County and subrecipients. Projects are monitored and evaluated on meeting the requirements detailed in the statement. Subrecipients are also required to submit periodic progress reports detailing project progress toward objectives, problems and/or resolution to meeting goals, quantitative participation data by ethnicity, income, and household status. The projects are also subject to financial audit review by County staff. Additional requirements for performance goals and the evaluation of outcomes are determined in conjunction with the CoC and the Council on Homelessness.

- This is a most exciting time for aging advocacy. Thank you to AAA for making the Master Plan for Aging the #1 goal. Taking lifespan/intergenerational approach is exciting. Older adults will be part of planning for living. Historically, AAA had a net around it, net has been lifted. We can all participate in a broad vision of what we'd like to see. Invite participation of different levels. I'm thrilled for the opportunities.
- What is the process of ADRC? What is rollout?
- Tracy Murray had an introductory meeting with Independent Living Resources (ILR) this week. Tracy is working with CDA regarding their expectations, learning about ILR partner, and we will have assistance from a foundation in terms of staffing. Tracy committed to engagement with this. However, there is a huge deficient due to lack of ADRC funding to ADRC. We need to advocate with the state to fund for this but she is optimistic.
- CHF is extremely interested in supporting exploration and planning for ADRC. Extremely privileged and proud of funding Health Care Pathways program (Ombudsman, Opportunity Junction, Mt. Diablo Adult Education) that was mentioned in Local Playbook. CHF is supporting East Contra Costa Senior Resource Initiative which is a collaboration of Meals on Wheels Diablo Region, Choice in Aging, Contra Costa Senior Legal Services, Diablo Valley Foundation for the Aging and Ombudsman Services of Contra Costa, Solano and Alameda Counties to enhance awareness and access to services for seniors in East Contra Costa County
  Also, at the beginning of the pandemic CHF is worked with Family Caregiver Alliance and Area Agency on Aging to bring real time, accurate information resources to the community. It has been so successful that the group continues to meet and will build that momentum to activities going forward. For example, Bill Pelter brought ADRC to CHF attention.
  Contra Costa is blessed with strong nonprofit leaders and passionate government leaders, with collaborative spirit, to form public/private partnerships
- Have expenditure percentages/funds changed over the years?
- So excited about hearing things. In the past, we operated from crisis management. Now, partnerships are building a better future, so inspired and hopeful.

Goal # 1

The AAA will engage with older adults, community based providers, public organizations and philanthropy to incorporate resources contained in the Master Plan for Aging and "Local Playbook" to develop local initiatives that build age-friendly and disability-friendly communities.			
Rationale: The California Department of Aging released the Master Plan on Aging (MPA) and associated "Playbook" for local communities to use in developing age friendly communities. Contra Costa residents will have access to the help they need to live in the homes and communities they choose as they age.			
OBJECTIVES	**Projected Start and End Dates**	***Title IIIB Funded PD or C[4]***	**Update Status[5]**

As mandated by the Older Americans Act Reauthorization Act of 2016, the mission of the LTC Ombudsman Program is to seek resolution of problems and advocate for the rights of residents of LTC facilities with the goal of ensuring their dignity, quality of life, and quality of care.

Each year during the four-year cycle, analysts from the Office of the State Long-Term Care Ombudsman (OSLTCO) will forward baseline numbers to the AAA from the prior fiscal year National Ombudsman Reporting System (NORS) data as entered into the Statewide Ombudsman Program database by the local LTC Ombudsman Program and reported by the OSTLCO in the State Annual Report to the Administration on Aging (AoA).

The AAA will establish targets each year in consultation with the local LTC Ombudsman Program Coordinator. Use the yearly baseline data as the benchmark for determining yearly targets. Outcome 3. Ombudsman representatives accurately and consistently report data about their complaints and other program activities in a timely manner. [Older Americans Act Reauthorization Act of 2016, Section 712(c)]

Measures and Targets:

In the box below, in narrative format, describe one or more specific efforts your program will undertake in the upcoming year to increase the accuracy, consistency, and timeliness of your

National Ombudsman Reporting System (NORS) data reporting.

Some examples could include:

- Hiring additional staff to enter data
- Updating computer equipment to make data entry easier
- Initiating a case review process to ensure case entry is completed in a timely manner

Ombudsman has recently added an Intake Lead responsible for overseeing the intake process and who works closely with program leaders to ensure all complaints are dispatched quickly and responded to as soon as possible.

TITLE VIIA ELDER ABUSE PREVENTION SERVICE UNIT PLAN OBJECTIVES

Units of Service: AAA must complete at least one category from the Units of Service below.

Units of Service categories include public education sessions, training sessions for professionals, training sessions for caregivers served by a Title IIIE Family Caregiver Support Program, educational materials distributed, and hours of activity spent developing a coordinated system which addresses elder abuse prevention, investigation, and prosecution.

When developing targets for each fiscal year, refer to data reported on the Elder Abuse Prevention Quarterly Activity Reports. Set realistic goals based upon the prior year's numbers and the resources available. Activities reported for the Title VII Elder Abuse Prevention Program must be distinct from activities reported for the LTC Ombudsman Program. No activity can be reported for both programs.

AAAs must provide one or more of the service categories below.
NOTE: The number of sessions refers to the number of presentations and not the number of attendees

- **Public Education Sessions** –Indicate the total number of projected education sessions for the general public on the identification, prevention, and treatment of elder abuse, neglect, and exploitation.

- **Training Sessions for Professionals** –Indicate the total number of projected training sessions for professionals (service providers, nurses, social workers) on the identification, prevention, and treatment of elder abuse, neglect, and exploitation.

- **Training Sessions for Caregivers Served by Title IIIE** –Indicate the total number of projected training sessions for unpaid family caregivers who are receiving services under Title IIIE of the Older Americans Act (OAA) on the identification, prevention, and treatment of elder abuse, neglect, and exploitation. Older Americans Act Reauthorization Act of 2016, Section 302(3) 'Family caregiver' means an adult family member, or another individual, who is an informal provider of in-home and community care to an older individual or to an individual with Alzheimer's disease or a related disorder with neurological and organic brain dysfunction.

- **Hours Spent Developing a Coordinated System to Respond to Elder Abuse** –Indicate the number of hours to be spent developing a coordinated system to respond to elder

abuse. This category includes time spent coordinating services provided by the AAA or its contracted service provider with services provided by Adult Protective Services, local law enforcement agencies, legal services providers, and other agencies involved in the protection of elder and dependent adults from abuse, neglect, and exploitation.

Educational Materials Distributed –Indicate the type and number of educational materials to be distributed to the general public, professionals, and caregivers (this may include materials that have been developed by others) to help in the identification, prevention, and treatment of elder abuse, neglect, and exploitation.

- **Number of Individuals Served –**Indicate the total number of individuals expected to be reached by any of the above activities of this program.

HEALTH INSURANCE COUNSELING AND ADVOCACY PROGRAM (HICAP)
SERVICE UNIT PLAN
CCR Article 3, Section 7300(d)

MULTIPLE PSA HICAPs: If you are a part of a multiple-PSA HICAP where two or more AAAs enter into an agreement with one "Managing AAA," to deliver HICAP services on their behalf to eligible persons in their AAA, then each AAA is responsible for providing HICAP services in the covered PSAs in a way that is agreed upon and equitable among the participating parties.

HICAP PAID LEGAL SERVICES: Complete this section if your Master Contract contains a provision for using HICAP funds to provide HICAP Legal Services.

STATE & FEDERAL PERFORMANCE TARGETS: The Administration for Community Living (ACL) establishes targets for the State Health Insurance Assistance Program (SHIP)/HICAP performance measures (PMs). ACL introduced revisions to the SHIP PMs in late 2016 in conjunction with the original funding announcement (ref HHS-2017-ACL-CIP-SAPG-0184) for implementation with the release of the Notice of Award (Grant No. 90SAPG0052-01-01 issued July 2017).

Using ACL's approach, CDA HICAP provides State and Federal Performance Measures with goal-oriented targets for each AAA's Planning and Service Area (PSA). One change to all PMs is the shift to county-level data. In general, the State and Federal Performance Measures include the following*:*

- PM 1.1 Clients Counseled ~ Number of finalized Intakes for clients/ beneficiaries that received HICAP services
- PM 1.2 Public and Media Events (PAM) ~ Number of completed PAM forms categorized as "interactive" events
- PM 2.1 Client Contacts ~ Percentage of one-on-one interactions with any Medicare beneficiaries
- PM 2.2 PAM Outreach Contacts ~ Percentage of persons reached through events categorized as "interactive"
- PM 2.3 Medicare Beneficiaries Under 65 ~ Percentage of one-on-one interactions with Medicare beneficiaries under the age of 65
- PM 2.4 Hard-to-Reach Contacts ~ Percentage of one-on-one interactions with "hard-to-reach" Medicare beneficiaries designated as:
  - PM 2.4a Low-income (LIS)
  - PM 2.4b Rural
  - PM 2.4c English Second Language (ESL)
- PM 2.5 Enrollment Contacts ~ Percentage of contacts with one or more qualifying enrollment topics discussed

AAA's should demonstrate progress toward meeting or improving on the Performance requirements established by CDA and ACL as is displayed annually on the *HICAP State and Federal Performance Measures* tool located online at: https://www.aging.ca.gov/Providers_and_Partners/Area_Agencies_on_Aging/#pp-planning. (Reference CDA PM 17-11 for further discussion, including current HICAP Performance Measures and Definitions).

For current and future planning, CDA requires each AAA ensure that HICAP service units and related federal *Annual Resource Report* data are documented and verified complete/ finalized in CDA's Statewide HICAP Automated Reporting Program (SHARP) system per the existing contractual reporting requirements. HICAP Service Units do not need to be input in the Area Plan (with the exception of HICAP Paid Legal Services, where applicable).

SECTION 12 - DISASTER PREPAREDNESS PSA 7

Disaster Preparation Planning Conducted for the 2020-2024 Planning Cycle Older Americans Act Reauthorization Act of 2016, Section 306(a)(17); 310, CCR Title 22, Sections 7529 (a)(4) and 7547, W&I Code Division 8.5, Sections 9625 and 9716, CDA Standard Agreement, Exhibit E, Article 1, 22-25, Program Memo 10-29(P)

---

1. Describe how the AAA coordinates its disaster preparedness plans and activities with local emergency response agencies, relief organizations, state and local governments, and other organizations responsible for emergency preparedness and response as required in OAA, Title III, Section 310: The AAA ensures the preparedness of its organization and staff to meet the challenges of a disaster. The main responsibility of the AAA is to support the emergency management community to ensure that the disaster-related needs of older adults and persons with disabilities receive access to overall community disaster planning services. The AAA is part of the Contra Costa County structure and therefore conforms to the County's overall plan for disaster response and preparedness. One element of the County's plan enforces the requirement of County staff, including AAA staff, to serve as official disaster preparedness workers in accordance with Section 3100 of the California Government Code.

2. The AAA recognizes emergency preparedness and protection of older adults is a priority given the PG&E power shut- offs/outages, high heat in parts of the county and most recently, the COVID-19 pandemic. The pandemic disproportionality affected older adults, who were asked to shelter in place in mid-March. This affected their ability to obtain and access supportive programs and services, including the ability to purchase and obtain meals. Our organization serves as main point of access for Meals on Wheels as a resource for meals and nutrition.

3.

4. Identify each of the local Office of Emergency Services (OES) contact person(s) within the PSA that the AAA will coordinate with in the event of a disaster (add additional information as needed for each OES within the PSA):

Name	Title	Telephone	email
Rick Kovar	OES Manager	Office:	rkova@socccounty.us

5. Identify the Disaster Response Coordinator within the AAA:

Name	Title	Telephone	email
Anthony Macias	Sr. Staff Assistant	Office: 925-602-4175	amacias@ehsd.cccounty.us

6. List critical services the AAA will continue to provide after a disaster and describe how

these services will be delivered:

Critical Services	How Delivered?
a. Staff Shelter	**County staff will staff emergency shelters**
b. Support meal delivery	**AAA staff to assist with meal delivery**

7. List any agencies with which the AAA has formal emergency preparation or response agreements. The AAA is housed within the Contra Costa County Employment and Human Services Department which is responsible for care and shelter in the event of a major disaster. It has formal agreements with the American Red Cross, The Contra Costa County Office of Emergency Services, the Contra Costa County Health Department, and the Contra Costa Sherriff's Department.

8. Identify each of the local Office of Emergency Services (OES) contact person(s) within the PSA that the AAA will coordinate with in the event of a disaster (add additional information as needed for each OES within the PSA): Anthony Macias (925)602-4175

9. Describe how the AAA will:
   - Identify vulnerable populations: The AAA utilizes information obtained from the In-Home Support Services program and the aging network in Contra Costa County on vulnerable at risk individuals. The aging network consists of a collaboration of Ombudsman Services, AAA Contractors, and non-profit organizations whose purposes is to serve and advocate for older adults.
   - Follow-up with these vulnerable populations after a disaster event: Protocols are in place to identify at risk populations and arrange for shelter care for those with special needs. AAA works with the Ombudsman Program to ensure skilled nursing facilities, assisted living facilities, and residential care homes provide for their clients, residents, and patients during and after a disaster.

SECTION 13 - PRIORITY SERVICES **PSA 7**

2020-2024 Four-Year Planning Cycle

Funding for Access, In-Home Services, and Legal Assistance

The CCR, Article 3, Section 7312, requires the AAA to allocate an "adequate proportion" of federal funds to provide Access, In-Home Services, and Legal Assistance in the PSA. The annual minimum allocation is determined by the AAA through the planning process. The minimum percentages of applicable Title III B funds[5] listed below have been identified for annual expenditure throughout the four-year planning period. These percentages are based on needs assessment findings, resources available within the PSA, and discussions at public hearings on the Area Plan.

Category of Service and the Percentage of Title III B Funds expended in/or to be expended in FY 2020-21 through FY 2023-2024

Access:

Transportation, Assisted Transportation, Case Management, Information and Assistance, Outreach, Comprehensive Assessment, Health, Mental Health, and Public Information

2020-21 20 % 21-22 20 % 22-23 _____ % 23-24 _____ %

In-Home Services:

Personal Care, Homemaker, Chore, Adult Day / Health Care, Alzheimer's, Residential

2020-21 8% 21-22 8 % 22-23 _____ % 23-24 _____ %

Legal Assistance Required Activities:[6]

Legal Advice, Representation, Assistance to the Ombudsman Program and Involvement in the Private Bar

2020-21 11 % 21-22 11 % 22-23 _____ % 23-24 _____ %

Explain how allocations are justified and how they are determined to be sufficient to meet the need for the service within the PSA. 7

With no significant changes to the level of needs in these service categories, the percentage of allocation remains the same as the previous planning cycle. The percentages continue to be established by the Advisory Council on Aging and are approved each year at the public hearing and are in-line with AAA funding and budget. However, if CBAS is eliminated these proportions will change at the next AP Update.

4 Minimum percentages of applicable funds are calculated on the annual Title IIIB baseline allocation, minus Title IIIB administration and minus Ombudsman. At least one percent of the final Title IIIB calculation must be allocated for each "Priority Service" category or a waiver must be requested for the Priority Service category(s) that the AAA does not intend to fund.

5 Legal Assistance must include all the following activities: Legal Advice, Representation, Assistance to the Ombudsman Program and Involvement in the Private Bar.

Explain any expiring terms – have they been replaced, renewed, or other?

Briefly describe the local governing board's process to appoint Advisory Council members:

Each new vacancy occurring on the Council is declared by Board Order. The Clerk of the Board's Office is then instructed to advertise each vacancy for a period of 20 days prior to the filling of each seat to encourage and permit interested members of the public to apply. Vacancies are identified on the County's website. Member at Large applicants are interviewed by the Council's Membership Committee; Local Committee Seats are selected by the cities (usually the City Councils). All new appointments to the Council are made by Board Order. New members are given an orientation and advised of their duty to file FORM 700 and to complete ethics training for public officials as required by the Fair Political Practices Commission. Members are also provided video training on the Brown Act and the County's own Better Governance Ordinance. Expired terms are renewed by mutual agreement.

SECTION 18 - LEGAL ASSISTANCE PSA 7____

2020-2024 Four-Year Area Planning Cycle

This section must be completed and submitted annually. The Older Americans Act Reauthorization Act of 2016 designates legal assistance as a priority service under Title III B [42 USC §3026(a)(2)] [12] CDA developed *California Statewide Guidelines for Legal Assistance* (Guidelines), which are to be used as best practices by CDA, AAAs and LSPs in the contracting and monitoring processes for legal services, and located at: https://aging.ca.gov/Providers_and_Partners/Legal_Services/#pp-gg

1. Specific to Legal Services, what is your AAA's Mission Statement or Purpose Statement? Statement must include Title IIIB requirements: **For the provision of Legal Services, the AAA contracts with Contra Costa Senior Legal Services (CCSLS). The mission is to ensure justice, dignity, health, security, maximum autonomy and independence to older residents of Contra Costa, with a particular emphasis on those with the greatest economic and social need. They provide free legal advice, representation and education to elderly residents of Contra Costa County. The most urgent objective is to resolve legal problems that are adversely affecting basic needs of the elderly such as food, shelter, health care, and freedom from physical, psychological or economic abuse.**
2. Based on your local needs assessment, what percentage of Title IIIB funding is allocated to Legal Services? Discuss: **11 % of adequate proportion of unallocated Title IIIB funding is directed to Legal Services.**
3. Specific to Legal Services, has there been a change in your local needs in the past four years? If so, please identify the change (include whether the change affected the level of funding and the difference in funding levels in the past four years). **Yes, there has been a 10% increase in clients seen in the past 4 years, it does not account for the number of people turned away either because the matter is not one that they could have helped them with or because of the lack of capacity of the organization to provide services. There was an increase in the level of funding for IIIB legal services. Approximately 27% of cases are housing related, primarily landlord/tenant disputes and eviction defense.**

4. Specific to Legal Services, does the AAA's contract/agreement with the Legal Services Provider(s) (LSPs) specify that the LSPs are expected to use the California Statewide Guidelines in the provision of OAA legal services? **Yes, the agreement does include expectations to use the California Statewide Guidelines in the provision of OAA legal services.**

5. Does the AAA collaborate with the Legal Services Provider(s) to jointly establish specific priorities issues for legal services? If so what are the top four (4) priority legal issues in your PSA? 1.) Prevention of Elder Abuse; 2.) Housing Preservation; 3.) Access to Benefits; and 4.) Access to health care.

6. Specific to Legal Services, does the AAA collaborate with the Legal Services Provider(s) to jointly identify the target population? If so, what is the targeted senior population in your PSA **AND** what mechanism is used for reaching the target population? **Yes Discuss:**

   Yes, the AAA collaborates with our legal service provider, CCSLS, to identify our target population. The target population is older adults with the greatest social and economic need. The mechanism for reaching them is through outreach and education at senior centers, nutrition sites, senior housing complexes, community events, and gathering places with diverse racial/ethnic

populations, such as San Pablo and Bay Point. CCSLS distributes brochures about its services in English, Spanish, and several Asian languages. CCSLS recently began outreach at dialysis clinics to advertise free health care directive services. CCSLS employs Spanish speaking staff and provides outreach to immigration fairs. Website can be accessed in many different languages (via Google translate); use of a language line for other languages (recently Farsi and Hindi).

Additionally, CCSLS collaborates with Ombudsman Services to reach those confined in long-term care facilities.

7. Specific to Legal Services, what is the targeted senior population and mechanism for reaching targeted groups in your PSA? **Discuss:**

The targeted senior population are those with the Greatest Social Need: Isolated, disabled, low-income, and non-English speaking are all risk factors. The Legal Services Provider reaches them through a website that is accessible and includes a video describing their services as well as a blog. They also rely on frequent in-person outreach (over 45 events last year), distribute flyers in senior centers, food bank distribution sites and to Meals on Wheel clients. In addition, they receive referrals from Adult Protective Services, Family Justice Centers, Ombudsman Services, Contra Costa Bar Assn., local Senior Centers, Information & Assistance, etc.

8. How many legal assistance service providers are in your PSA? **Complete table below.**

6 For Information related to Legal Services, contact Chisorom Okwuosa at 916 419-7500 or chisorom.okwuosa@aging.ca.gov

9. Does your PSA have a hotline for legal services? **No, Discuss:** There is no senior specific hotline. There was a statewide Senior Legal Hotline that was funded by a Model Grant. It no longer exists, but Bay Area Legal Services does offer a Help Line for eligible clients.

10. What methods of outreach are Legal Services providers using? Discuss: The Legal Services Provider conducts outreach through a website that is accessible and includes a video describing their services as well as a blog. They also rely on frequent in-person outreach (over 45 events last year), distribute flyers in senior centers, food bank distribution sites and to Meals on Wheel clients. In addition, they receive referrals from Adult Protective Services, Family Justice Centers, Ombudsman Services, Contra Costa Bar Association, local Senior Centers, Information & Assistance, etc.

11. What geographic regions are covered by each provider? **Complete table below:**

Fiscal Year	Name of Provider	Geographic Region covered
2020-2021	Contra Costa Senior Legal Services	Contra Costa County
2021-2022	Contra Costa Legal Services	Contra Costa County
2022-2023	*Leave Blank until 2022*	*Leave Blank until 2022*
2023-2024	*Leave Blank until 2023*	*Leave Blank until 2023*

12. Discuss how older adults access Legal Services in your PSA: **Discuss:** Older Adults can access the Legal Service provider at senior centers and at the agency's office in person or by telephone. It also conducts clinics at senior housing sites, assisted living facilities, and has staff who can travel to the home of an older adult who is homebound and in need of urgent services.

13. Identify the major types of legal issues that are handled by the Title IIIB legal provider(s) in your PSA. Discuss (please include new trends of legal problems in your area): **Discuss:** The majority of cases handled by Contra Costa Senior Legal Services have to do with eviction and other housing issues. Other issues include debtors' rights and planning for incapacity.

- Housing: The title III Legal provider assists seniors with problems relating to housing, including assistance with publicly subsidized housing, eviction defense, improving housing conditions, lockouts and utility shut offs.

- Elder Abuse: The title III Legal provider assists victims of abuse to enforce their rights against their abusers. Services include advising seniors about financial elder abuse, fraud and senior scams; assisting seniors in obtaining Elder Abuse Restraining Orders; and, advising and assisting clients victimized by identity theft or fraud.

- Consumer and Individual Rights: The Title III legal provider advises debtors about their rights, assist with debt collector lawsuits, and with resolution of some contract disputes. It also drafts powers of attorney and Advance Health Care Directives.

- Public Benefits: The Title III legal advisor assists with waivers and reconsiderations in SSI overpayment matters.

- It also engages in planning for incapacity (Advance Health Care Directives and Durable Powers of Attorney) for older residents of the County

Prior to the recent outbreak of the coronavirus, the most urgent trends concerned threats to housing and economic stability. These issues are likely to become even more pronounced in light of the health crisis affecting our community.

14. In the past four years, has there been a change in the types of legal issues handled by the Title IIIB legal provider(s) in your PSA? **Yes, Discuss:** The legal provider is now able to handle a limited number of Social Security, SSI and Medi-Cal matters as well as expanding services for incapacity planning thanks to the pro bono volunteers.

15. What are the barriers to accessing legal assistance in your PSA? Include proposed strategies for overcoming such barriers. **Discuss:** The Legal Services provider is small and has a limited ability to conduct outreach in languages other than Spanish and English. The Legal Services provider is endeavoring to use volunteers to address this barrier. Seniors also have difficulty with transportation. While services are offered by telephone, many legal issues require review of documents or in person assessment of capacity. The legal services provider is collaborating with other agencies such as the Family Justice Center to provide services in the western and eastern portions of the county.

16. What other organizations or groups does your legal service provider coordinate services with? **Discuss:** They coordinate services with Adult Protective Services, Family Justice Centers, Ombudsman Services, Contra Costa Bar Association, local Senior Centers, Information & Assistance, Meals on Wheels Diablo Region, etc. In addition, they work on many collaborative projects including the Elder Abuse Prevention Project (multiple agencies), the Resident Empowerment Program (Ombudsman Services), and Pop up Legal Clinics (the Food Bank), etc.

- Information that influenced the decision not to provide the service (research, needs assessment, survey of senior population in PSA, etc.): Currently have only one provider of Grandparent Caregiver services, the other provider quit late last year. At this time Information &Assistance is able to provide referrals and resources to those who need help.
- How the AAA ensures the service continues to be provided in the PSA without the use of Title IIIE funds: call volume can be handled.
- Although the contracted agency, Uplift Family Services, is does not receive OAA funding for other Information Services, they provide them as part of their public and community education activities.

the North Richmond Waste & Recovery Mitigation Fee, which is subject to the joint-control of the City and County.

The Waste & Recovery Mitigation Fee was established by the City and County as permitting conditions of approval to mitigate potential impacts on North Richmond from the proposed expansion of waste processing and resource recovery operations located at the foot of Parr Boulevard in North Richmond ("Project"). One of the mitigation measures in the 2003 Environmental Impact Report (EIR) for this Project called for the establishment of a Mitigation Fee to defray annual costs associated with collection and disposal of illegally dumped waste and associated impacts in North Richmond and adjacent areas.

This Committee is charged with preparing an Expenditure Plan to facilitate joint administration of this funding for the benefit of unincorporated and incorporated North Richmond. Each Expenditure Plan recommended by the Committee is subject to the final approval of the Richmond City Council and the Contra Costa County Board of Supervisors. A copy of the current Expenditure Plan for 2020/2021 (covering July 2020 thru June 2021), is attached as Exhibit B. A recommendation by the Committee on a new Expenditure Plan for the 2021/2022 fiscal year is expected to be made in May 2021.

CONSEQUENCE OF NEGATIVE ACTION:

The 2020 Advisory Body Annual Report submitted on behalf of the North Richmond Waste & Recovery Mitigation Fee Joint Expenditure Planning Committee in accordance with Resolution 2002/377 would not be formally accepted.

1. Activities

The NRMFC made recommendations to the County Board of Supervisors and Richmond City Council on the use of money collected through a Waste & Recovery Mitigation Fee established as result of an Environmental Impact Report to mitigate impacts from the expansion of the West Contra Costa Sanitary Landfill (WCCSL) Bulk Materials Processing Center (BMPC) located in the North Richmond area. The Committee provided feedback to City/County Committee staff about recommended uses of the mitigation fee for the purpose of defraying the annual costs associated with the collection and disposal of illegally dumped waste in the North Richmond area as a result of the BMPC expansion.

2. Accomplishments

In 2020, the NRMFC received a Tonnage & Revenue update along with informational reports on all expenditure plan strategies. The Second Amended 2019-2020 & Amended 2020-2021 Expenditure Plans were approved by the Board of Supervisors and the Richmond City Council.

North Richmond Waste & Recovery Mitigation Fee
Amended 2020/21 Expenditure Plan

The Waste & Recovery Mitigation Fee was established as a result of the Draft Environmental Impact Report (EIR) dated November 2003 for the WCCSL Bulk Materials Processing Center (BMPC) and Related Actions (Project). The Project involved new and expanded processing and resource recovery operations on both the incorporated and unincorporated area of the Project site, which the EIR concluded would impact the host community. To mitigate this impact Mitigation Measure 4-5 called for a Mitigation Fee to benefit the host community, described as follows:

> "Mitigation Fee. The facility operator shall pay a Mitigation Fee of an amount to be determined by the applicable permitting authority(ies) ***to defray annual costs associated with collection and disposal of illegally dumped waste and associated impacts in North Richmond and adjacent areas*****.** The mitigation fee should be subject to the joint-control of the City and County and should be collected on all solid waste and processible materials received at the facility consistent with the existing mitigation fee collected at the Central IRRF."

In July 2004, the City of Richmond and Contra Costa County entered into a Memorandum of Understanding (MOU) agreeing to jointly administer Mitigation Fee monies collected from the BMPC for the benefit of the incorporated and unincorporated North Richmond area. This North Richmond Waste & Recovery Mitigation Fee Joint Expenditure Planning Committee (Committee) was formed pursuant to the terms of the MOU for the specific purpose of preparing a recommended Expenditure Plan. This Expenditure Plan provides a means to jointly administer the Mitigation Fee funding for the benefit of the host community, as described in the EIR. The Expenditure Plan is subject to final approval of the Richmond City Council and the Contra Costa County Board of Supervisors.

By approving this Expenditure Plan, the City Council and Board of Supervisors authorize the use of Mitigation Fee funding for only the purposes and in the amounts specified herein. The City and County have each designated their respective staff persons responsible for administering the development and implementation of the approved Expenditure Plan, which includes responsibility for drafting and interpreting Expenditure Plan language. However, the City and County have not delegated to the Committee or to staff the authority to expend funding for purposes not clearly identified in the Expenditure Plan document officially approved by their respective decision-making bodies.

Activities which can be funded in this Expenditure Plan period with the Mitigation Fee amounts specified within this Expenditure Plan are described herein as "Strategies" or "Staff Costs". Strategies are categorized as either "Core Services" or "Supplemental Enhancements". Core Services includes the higher funding priority strategies that most directly address the intended purpose of this City/County approved Mitigation Fee*, "to defray annual costs associated with collection and disposal of illegally dumped waste and associated impacts in North Richmond"*.

All references to the "Mitigation Fee Primary Funding Area" or "Mitigation Fee Funding Area" pertain to the geographic area shown in the attached map (Attachment 4).

Expenditure Plan Period:	July 1, 2020 - June 30, 2021 *(unless otherwise specified herein)*

BUDGET

The funding allocation amounts included in this document apply to the Expenditure Plan Period specified on the first page unless otherwise specified herein. The total amount of funding allocated in the Expenditure Plan Budget is based on revenue projections provided by the BMPC operator, Republic Service, which are dependent upon multiple variables (e.g. number of tons of recovered materials vs. solid waste, per ton gate rate charged and amount of CPI-adjusted per ton Mitigation Fee). Actual Mitigation Fee revenue may deviate from revenue projections provided by Republic and used to prepare this Budget. A "Contingency" line item is included in the Budget to help accommodate variations between projected and actual revenue. Excess funding allocated to strategies and not expended by the end of each Expenditure Plan period is treated as "roll-over" funding for reallocation in a subsequent Expenditure Plan period.

The Budget includes some line items that are based on fixed costs, however there are other line items which are scalable and/or dependent on utilization thereby providing flexibility to reallocate amounts if and when a significant need is identified. Allocated funding may remain unspent due to under-utilization of a particular program. If the amount allocated to a particular line item is determined to exceed needs based upon usage, the remaining funding can only be reallocated by officially amending the Expenditure Plan. This Expenditure Plan may only be adjusted upon official action taken by both the City and County. Although there has been some interest in allowing flexibility for staff to adjust funding allocations under specific circumstances, the authority to approve or modify the Expenditure Plan rests solely with the City Council and Board of Supervisors.

Annual fiscal year Expenditure Plan cycle is expected to reduce margin of error of Mitigation Fee revenue projects, streamline financial reconciliation/budgeting process and minimize need to amend Expenditure Plans mid-cycle. Amending Expenditure Plans involve administrative burden and costs due to the joint approval needed from both the Richmond City Council and County Board of Supervisors. In order to minimize the amount of funding needed to cover staff costs incurred to amend the Expenditure Plan, staff will only recommend changes to the Expenditure Plan when necessary to address a significant and time-sensitive need.

To: Board of Supervisors

From: Anna Roth, Health Services Director

Date: May 11, 2021

Subject: Payment for Services Provided by Food Bank of Contra Costa and Solano

RECOMMENDATION(S):

APPROVE and AUTHORIZE the Auditor-Controller, or designee, to pay $1,526 to Food Bank of Contra Costa and Solano, a non-profit corporation, for the coordination of food services for County residents diagnosed with HIV disease provided in good faith during the period February 1, 2021 through February 28, 2021.

FISCAL IMPACT:

This retroactive payment in the amount of $1,526 is funded 100% by Ryan White HIV Treatment Extension Act revenues.

BACKGROUND:

The Public Health Department has been contracting with Food Bank of Contra Costa and Solano, since July 2006 to provide coordination of food services for County residents diagnosed with HIV disease.

In March 2020, County Administrator approved and Purchasing Services Manager executed Contract #22-939-35, (as amended by Amendment Agreement #22-939-36) with Food Bank of Contra Costa and Solano to provide coordination of food services for County residents diagnosed with HIV disease for the period from March 1, 2020 through February 28, 2021.

BACKGROUND: (CONT'D)

Due to a high volume of new referrals for the food and nutrition support during the COVID-19 pandemic, the contract did not have sufficient funds to pay for the additional services being provided. The Food Bank of Contra Costa and Solano continued to provide coordination of food services for County residents in good faith for the period February 1, 2021 through February 28, 2021, which exceeded the payment limit by $1,526.

Therefore, the County has determined that the Food Bank of Contra Costa and Solano, is entitled to payment for the reasonable value of their services under the equitable relief theory of quantum meruit. That theory provides that where a person has been asked to provide services without a valid contract, and the provider does so to the benefit of the recipient, the provider is entitled to recover the reasonable value of those services.

CONSEQUENCE OF NEGATIVE ACTION:

If this request is not approved, the Food Bank of Contra Costa and Solano will not be paid for services provided to County clients outside of the contract payment limit and rendered in good faith.

To: Board of Supervisors

From: John Kopchik, Director, Conservation & Development Department

Date: May 11, 2021

Subject: Contract with the Contra Costa Centre Association

RECOMMENDATION(S):

APPROVE and AUTHORIZE the Director of Conservation and Development, or designee, to execute a contract with the Contra Costa Centre Association in an amount not to exceed $355,900, for transportation demand management services for the Contra Costa Centre (Pleasant Hill BART) area, for the period July 1, 2021 through June 30, 2022.

FISCAL IMPACT:

No impact to the County General Fund. 100% County Service Area M-31 funds. The commercial property owners at Contra Costa Centre voted to approve the formation of County Service Area M-31 to fund County mandated transportation demand management services in the area.

BACKGROUND:

Contra Costa County (County) has required a Transportation Demand Management (TDM) program for the Contra Costa Centre area since 1986 to encourage the use of alternative modes of transportation by BART station area employees in order to mitigate the traffic impacts resulting from the development of the area. Property owners in Contra Costa Centre area were required to establish a County Service Area with an annual assessment to fund the TDM Program. The County has entered an agreement with the Contra Costa Centre Association to manage the TDM program for the Contra Costa Centre area each year since 1990.

Contact: Maureen Toms, Deputy Director DCD, (925) 655-2895

cc:

BACKGROUND: (CONT'D)

The TDM program offers commute alternative service to BART station area employees. While there is no mandate requiring participation by employers or any penalty for non-participation, there has been high participation in the program by both employers and employees. The TDM program goals of achieving over 30% of the area employees travel to work via alternative modes (transit, carpool, van-pools, bicycle, walk, telecommute, etc.) have consistently been met.

The project agreement covers a 12-month period from July 1, 2021, to June 30, 2022. It funds the operation of van-pools and a noon-time shuttle service to nearby commercial areas, bicycle services, on-site transit ticket sales, and marketing and management of a variety of transit subsidy and incentive programs.

CONSEQUENCE OF NEGATIVE ACTION:

The Contra Costa Centre Association members who have paid an annual assessment for transportation demand management services would be unable to provide them through this contract.
