Current Supervisorial Boundaries

Public Comment Submitted as of September 27, 2021

□ **August 4, 2021 Katie Ricklefs Chair, Democratic Party of Contra Costa County**

You will shortly be reviewing the required redistricting of the Supervisorial Electoral Districts. The overwhelming principle we hope you will consider is to take into consideration the Communities of Interest to provide a proper reflection of the people. In this regard, the Democratic Party of Contra Costa County has discussed this matter and, by a unanimous vote, advises you that the fundamental basis of a Community of Interest starts with the maintenance of boundaries of the incorporated cities of the county, all of which have come together historically to present to the state a genuine community of interest by its very formation. We have attached the resolution for your information.

□ **September 4, 2021 Roger Chelemedos**

I live in Lafayette on Reliez Valley Road and our area is in Federal Glover's district #5. As a part of the redistricting discussions, I think it is widely accepted that this area (extending your supervisorial territory through Grayson Rd) should be in your district. No offense to district 5, but this area has much more in common with your constituents than we do in more eastern Contra Costa County. Seems to be a holdover from 20+ years ago when this area was aligned more closely with Pleasant Hill. While this county area may never annex into the City of Lafayette, we are in Lafayette school districts and participate in Lafayette Parks and Recreation

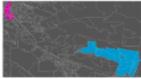

□ **September 17, 2021 Don Tatzin Comments**

Having lived here for more than forty years, I think the current District 2 boundaries make the most sense of any I have seen. I would like to ensure that Lamorinda remains together.
