**County of Contra Costa  
Office of the County Administrator  
MEMORANDUM**

DATE: April 7, 2021

TO: FINANCE COMMITTEE:  
Supervisor Karen Mitchoff, Chair  
Supervisor John Gioia, Vice Chair

FROM:  MONICA NINO, County Administrator  
BY: LISA DRISCOLL, Finance Director

SUBJECT: **COUNTYWIDE SINGLE AUDIT FOR THE  
FISCAL YEAR ENDING JUNE 30, 2020**

---

On November 8, 1999, the Board established a policy and procedure for addressing the annual findings and recommendations of the County's external auditors. The procedure directs that the Board refer the annual Single Audit findings to the Finance Committee, and that the County Administrator make a report to the Finance Committee on the current- and prior-year audit findings and recommendations that identifies what corrective action has been taken or is planned to be taken on each recommendation. Inasmuch as the current year Single Audit report encompasses all unresolved or pending audit issues from prior-year audits, this report responds directly to the current-year Single Audit report (FY ending June 30, 2020).

Internal Control Over Financial Reporting. Government Auditing standards require the external auditor to obtain reasonable assurance that the general-purpose financial statements are free of material misstatement. The external auditor found no instances of material misstatement.

Internal Control Over Compliance. Government Auditing Standards and OMB Circular A-133 (which is applicable to federal programs) require the external auditor to report on both compliance with and internal controls over the major federal programs carried out by the County. The external auditor found no instances of noncompliance.

**Prior Year Findings**

◆ Finding 2018-001: Wage Rate Requirements

*Recommendation:* The County should evaluate the effectiveness of its current internal control policies and procedures and establish new policies and procedures over withholding payment to construction contractors until certified payrolls are received (in accordance with the Title 29-Labor Part 5-Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction).

*Background:* During the audit of the County's compliance with the Wage Rate Requirement for the Highway Planning and Construction Program, the Auditors noted that the Public Works Department did not receive the required certified payroll for 14 of a sample of 40 reports prior to disbursing funds to the contractors. Contractors are required to submit monthly certified payrolls and the Department did not review and verify required documents were received before approval for payment.

As of June 30, 2020, staff training and updating the staff procedures manual and procedure modifications were still in progress.

*Corrective Action:* Corrected. The Department has made the necessary procedure and documentation improvements and the staff are aware of the changes and are trained to ensure certified payrolls from all prime and sub-contractors are received prior to approving payment.

**Independent Auditor's Report on Internal Control Over Financial Reporting and on  
Compliance and Other Matters Based on an Audit of Financial Statements  
Performed in Accordance With *Government Auditing Standards***

To the Board of Supervisors  
of the County of Contra Costa  
Martinez, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Contra Costa, California (County), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated December 18, 2020. Our report includes a reference to other auditors who audited the financial statements of the First 5 Contra Costa Children and Families Commission and the Housing Authority of the County of Contra Costa, as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Federal Awards Required by the Uniform Guidance; Schedule of Expenditures of Federal and  
State Awards Provided by the California Department of Aging; Schedule of Child Nutritional  
Program Revenues; and Schedules of Revenue and Expenditures Provided by the  
California Department of Community Services and Development**

To the Board of Supervisors  
of the County of Contra Costa  
Martinez, California

**Report on Compliance for Each Major Federal Program**

We have audited the County of Contra Costa, California's (County) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2020. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

The County's basic financial statements include the operations of the Housing Authority of the County of Contra Costa (Housing Authority), which expended \$164,718,450 in federal awards which is not included in the County's schedule of expenditures of federal awards during the year ended June 30, 2020. Our audit, described below, did not include the operations of the Housing Authority because the Housing Authority engaged other auditors to perform an audit in accordance with Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

***Management's Responsibility***

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of the Uniform Guidance. Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

### ***Opinion on Each Major Federal Program***

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

### **Report on Internal Control Over Compliance**

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

### **Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance; Schedule of Expenditures of Federal and State Awards Provided by the California Department of Aging; Schedule of Child Nutritional Program Revenues; and Schedules of Revenue and Expenditures Provided by the California Department of Community Services and Development**

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated December 18, 2020, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards,

schedule of expenditures of federal and state awards provided by the California Department of Aging, schedule of child nutritional program revenues, and schedules of revenue and expenditures provided by the California Department of Community Services and Development (collectively, Supplemental Schedules), as listed in the table of contents, are presented for the purposes of additional analysis as required by the Uniform Guidance and the State of California, respectively, and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplemental Schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

**COUNTY OF CONTRA COSTA, CALIFORNIA**  
Notes to the Schedule of Expenditures of Federal Awards  
For the Year Ended June 30, 2020

**1. REPORTING ENTITY**

The financial reporting entity, as defined by the Governmental Accounting Standards Board (GASB), consists of the primary government, which is the County of Contra Costa, California (County), organizations for which the primary government is financially accountable, and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*A. Basis of Accounting*

Funds received under the various grant programs have been recorded within the general fund, special revenue funds, capital projects fund, and enterprise funds of the County. The County utilizes the modified accrual method of accounting for the general fund, special revenue funds, and capital projects fund and full accrual basis of accounting for the enterprise funds.

The accompanying schedule of expenditures of federal awards (SEFA) is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in the SEFA may differ from amounts presented in, or used in, the preparation of the County's basic financial statements.

*B. Schedule of Expenditures of Federal Awards*

The accompanying SEFA presents the activity of all federal financial assistance programs of the County, except for the awards related to the County of Contra Costa Housing Authority (Housing Authority) that conducted a separate single audit in accordance with the Uniform Guidance. Federal financial assistance received directly from federal agencies, as well as any federal financial assistance passed through the State of California and other agencies, is included in the SEFA. The SEFA was prepared from only the accounts of various grant programs and therefore does not present the financial position, change in fund balance/net position, or results of operations of the County.

The SEFA also includes the grant identifying number as provided by the federal or pass-through grantors. If no such number was provided, the County denotes "N/A" on the SEFA.

*C. Loan Programs*

The County has provided loans under several U.S. Department of Housing and Urban Development programs. These loans are made to carry out activities for affordable housing and economic development. The programs are administered both internally and by servicing and trust arrangements with financial institutions to collect loan repayments. The funds will be returned to the County programs upon repayment of the principal and interest and will be recorded as program income at that time. Loans extended under the Community Development Block Grants/Entitlement Grants (CDBG) and the Home Investment Partnerships Program (HOME) by the County are not considered loans as described in 2 CFR section 200.502(b) *Loans and Loan Guarantees (Loans)*.

## **Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2020**

### **Financial Statement Findings:**

None reported.

### **Federal Audit Findings:**

#### **Finding 2018-001-Wage Rate Requirements:**

(Significant Deficiency in Internal Control Over Compliance)  
Highway Planning and Construction (HPC) Program  
CFDA Number 20.205

#### **Current Status:**

Public Works identified procedure and documentation improvements to ensure compliance with the Wage Rate Requirement and that all certified payroll is received prior to the issuance of payment to the contractor. The "checklist" utilized in the review and approval process of invoices will be revised to include certified payroll for both the primary contractor and all subcontractors. Invoices are not approved for payment until the checklist is completed. We have identified two opportunities to include additional notation to the contractor regarding the requirement for certified payroll. A specific notice will be made to the front of the Special Provisions to point out Section 7-1.03K(3) Certified Payroll Records of the Caltrans Standard Specifications to the contractor's attention, specifying the requirement for weekly certified payroll, including all subcontractors, as part of the invoicing process and prior to any approval for payments. An additional item will be added on the Preconstruction Checklist to the contractor regarding the requirement of certified payroll.

As of June 30, 2020, modifications to the forms identified, training for staff, and implementation was still in progress. Implementation, including finalizing updated forms, was completed in September 2019. However, additional staff training, including updating staff procedures manual, and procedure modifications were identified to ensure implementation of corrective action.
