Dear Mr. Kent

The Industrial Association of Contra Costa County would like to recommend Amy McTigue from Stantec for the Business Seat #2 Alternate on the Hazardous Materials Commission. Amy has lived and worked in Contra Costa County for over 30 years. She is currently a Principal Engineer and Vice President at Stantec in Walnut Creek. Amy has been a Board member on the Industrial Association of Contra Costa County for the past 4 years, and is also a member of the Society of Women Engineers, and the Association of Women in Water, Energy & Environment. She is well connected and respected in the business community, and would be a terrific addition to the Hazardous Materials Commission.

Please let me know if you have any questions.
