Contra Costa County – Boards, Committees and Commissions Application

Response to “Do you have any financial relationships with the county, such as grants, contracts or other economic relationships?”

Stantec holds the following:

- Contra Costa County Public Works contract. Note that Stantec has not been awarded any work under this existing contract.
- Contra Costa Transportation Authority contract
- Contra Costa Water District contract
- City of Richmond United States Environmental Protection Agency (USEPA) Brownfield Grant, with Contra Costa County serving as a Coalition member on the project. However, the County will enter a Memorandum of Agreement with the City for that project and our direct client will remain Richmond vs. the County.

I reached out to my colleagues in local offices to identify the above. I have included all contracts and grants that I am aware of, but this list may not be all inclusive. I am not involved in any of the contracts or with the grant.
