### MEASURE X COMMUNITY ADVISORY BOARD

May 26, 2021 9:00 A.M. 1025 Escobar St., Martinez

#### Mariana Moore, Chair BK Williams, Vice Chair

Agenda Items:	Items may be taken out of order based on the business of the day and preference of the Committee				
Present:	Chair Mariana Moore; Vice Chair BK Williams; Edith Pastrano; Kathryn Chiverton; Jim Cervantes; Odessa LeFrancois; David Cruise; Dr. Michelle Hernandez; Sharon Quezada Jenkins; Michelle Stewart; Ali Saidi; Jerry Short; Kimberly Aceves-Iniquez; Ruth Fernandez; Debbie Toth; Sandra Wall; Susun Kim; Sandro Trujillo; Pello Walker; Gigi Crowder; Geneveva Calloway; Melissa Stafford Jones; Diana Honig; Lindy Lavender; Peter Benson				
Absent:	Cathy Hanville; Steven Bliss				

- Staff Lisa Driscoll, County Finance Director; Enid Mendoza, Senior Deputy County Present: Administrator; Sonia Bustamante, BOS District I; Jill Ray, BOS District II; Mark Goodwin, BOS District II; Chris Wikler, BOS District IV; Melissa Klawuhn, Assistant Sheriff
- Attendees: Camila Rand, First 5 Contra Costa; John Jones, CoCoKids; Christina Reich, EHSD Community Services Bureau; Dr. Francine Jolton, CC Health Services Department; Micaela Mota, Parent and Resident, Parent Voices
- 1. Roll Call

Staff provide instruction for access to English live transcription (automated closed captioning) and live simultaneous Spanish interpretation and then conducted roll call. Jerry Short requested that an alternate be called to vote for his seat for the meeting. Melissa Stafford Jones was randomly chosen to vote for Mr. Short's At-Large seat. There were approximately 61 participants.

2. Public comment on any item under the jurisdiction of the Committee and not on this agenda (speakers may be limiteed to three minutes).

There were no public comments on items not on the agenda. One public comments was received via email and distributed to the MXCAB.

3. Staff recommends MXCAB receive the Record of Action for the May 19, 2021 meeting.

The Record of action was accepted as presented.

4. RECEIVE presentations on the needs of early childhood.

Mariana Moore introduced the topic for discussion. Camilla Rand, First 5 Contra Costa, John Jones, Cocokids, Christina Reich, Employment and Human Services Community Services Bureau. Dr. Francine Jolton, Contra Costa Health Services Department, and Micaela Mota, Parent and Resident, Parent Voices presented a PowerPoint on early childhood. At the conclusion of the presentation members of the MXCAB made comments and asked questions. The MXCAB took a break at 6:35. There were no questions from members of the public.

5. Continue to discuss process for finalizing priorities and recommendations to submit to the Board of Supervisors.

Mariana Moore began the continuation of the discussion by reading the current motion on the floor, which was included in the agenda packet. After discussion Jim Cervantes modified his motion, which was Seconded by David Cruise to: Upon completion of its review of community needs, which shall include consideration of equity and inclusion issues, MXCAB shall prepare an inventory of all identified community needs and programs of impact in Contra Costa County, including projected funding costs for each on a one-time and/or ongoing basis (the "Identified Needs Inventory"). From the Identified Needs Inventory, MXCAB shall prepare a priority list of the County's significant service gaps and transformative community investments known as the "Priority List". MXCAB shall submit the Identified Needs Inventory and the Priority List to the Board of Supervisors by the end of August, 2021. A vote was taken and the motion did not pass.

- AYE: Jim Cervantes, Odessa LeFrancois, David Cruise, Dr. Michelle Hernandez, Sharon Quezada Jenkins
- NO: Chair Mariana Moore, Vice Chair BK Williams, Michelle Stewart, Ali Saidi, Kimberly Aceves-Iniquez, Ruth Fernandez, Debbie Toth, Sandra Wall, Susun Kim, Melissa Stafford Jones

Other: Edith Pastrano (ABSTAIN), Kathryn Chiverton (ABSTAIN) Failed

6. The next meeting is currently scheduled for June 9, 2021.

The MXCAB will not meet on June 2, the next standing meeting is June 9, 2021.

7. Adjourn

The meeting adjourned at approximately 7:25 PM.

The Measure X Community Advisory Board will provide reasonable accommodations for persons with disabilities planning to attend Measure X meetings. Contact the staff person listed below at least 72 hours before the meeting.

Any disclosable public records related to an open session item on a regular meeting agenda and distributed by the County to a majority of members of the Measure X Community Advsory Board less than 96 hours prior to that meeting are available for public inspection at 1025 Escobar St., 4th Floor, Martinez, during normal business hours.

Public comment may be submitted via electronic mail on agenda items at least one full work day prior to the published meeting time.

Subject:	Email to Measure X Community Advisory Board Members

Dear Measure X Community Advisory Board Members:

Thank you for your volunteer service to our communities through your service on this Advisory Board. I write on behalf of the <u>Contra Costa County Equitable Economic Recovery Task Force</u> (EERTF), a collaborative group created to identify actions that can be taken to facilitate and accelerate a more equitable economy for Contra Costa County following the COVID-19 pandemic. Our task force has concentrated on an array of issues that impact equitable economic recovery including the critical need for childcare and early learning. In April, we hosted <u>a half-day convening</u> specifically addressing the role of childcare and early learning in economic mobility. Though the development and eventual passage of Measure X, community members have expressed a commitment to early childhood supports, providers, and systems. The EERTF is hopeful you will honor that commitment with your recommendations to the Board of Supervisors.

The Equitable Economic Recovery Task Force would like to specifically highlight the importance of **funding childcare slots and incentive grants tied to professional development**. These transformational ideas will increase access to care in our community and strengthen the childcare workforce – leading to a more equitable economic recovery in our county. Again, thank you for your service. Please let me know if you have any questions or need any additional information to consider this request.

With gratitude, Kristin

Kristin Connelly, JD, MPP | Executive Director | Contra Costa Economic Partnership o. 925.246.1880 | c. 925.765.9004 | <u>kconnelly@eblcmail.org</u> P.O. Box 4096, Walnut Creek, CA 94596 <u>www.eastbayleadershipcouncil.com</u>

### Contra Costa County Board of Supervisors

### Subcommittee Report

MEASURE X COMMUN BOARD	ITY ADVISORY		
Meeting Date:	06/09/2021		
<u>Subject:</u>	Focussed Presentation Adults	n and Discussion - Youth and Young	
Submitted For:	MEASURE X Com Advisory Board,		
Department:	County Administrator		
Referral No.:	2/2/21 D.4		
Referral Name:	Community Advisory Committee for Measure X		
Presenter:	Mariana Moore	Contact: Lisa Driscoll (925) 655-2047	

### **Referral History:**

Plan for series of focussed presentations and discussion was established by the Measure X Community Advisory Board. Committee received presentations on May 12 regarding seniors, disabled people, and veterans, on May 19 community safety: fire protection, and on May 26 early childhood.

### **Referral Update:**

Attached are presentations regarding youth and young adults.

### Recommendation(s)/Next Step(s):

RECEIVE presentations on the needs of youth and young adults:

- Kathy Marsh, Employment and Human Services Department/Children and Family Services Bureau Director,
- Carol Carrillo, Executive Director of Child Abuse Prevention Council,
- Eric Wagoner, a former foster youth and and former youth partner
- Lynn Mackey, County Office of Education, County Superintendent of Schools
- Erika Jenssen, Contra Costa Health Services
- Kanwarpal Dhaliwal and youth presenters (Isaiah Grant and Ann Guiam), RYSE Center

Children & Family Services Report to Measure X Community Advisory Board

Contra Costa County Employment & Human Services Department June 9, 2021

## Our Mission

EHSD partners with the community to deliver quality services to ensure access to resources that support, protect, and empower individuals and families to achieve self-sufficiency.

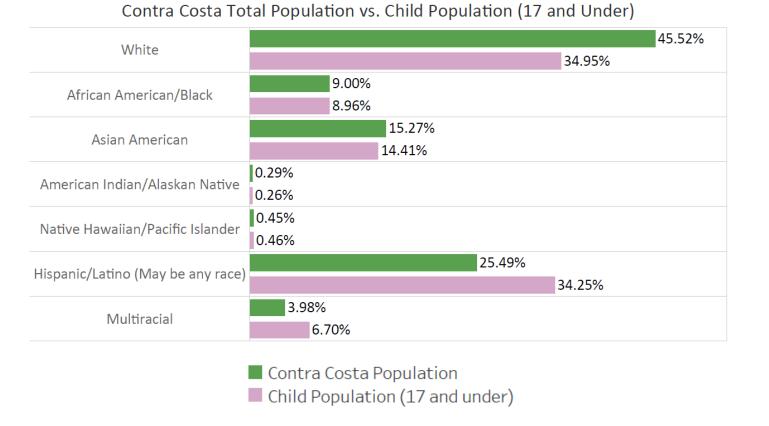

## Children & Family Services

## Who We Are

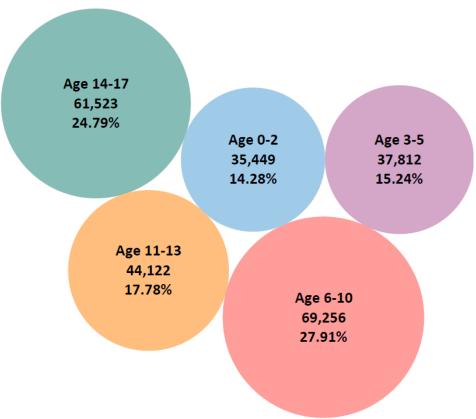

- The Child Welfare agency for our County.
- Mandated by Federal law and guided by the California Welfare & Institutions Code, Sections 300 and 16500.
- Responsible for assessing and responding to child abuse and neglect.
- Three main goals: to achieve safety, permanency, and well-being for all children.

## A Snapshot of Contra Costa's Child Population

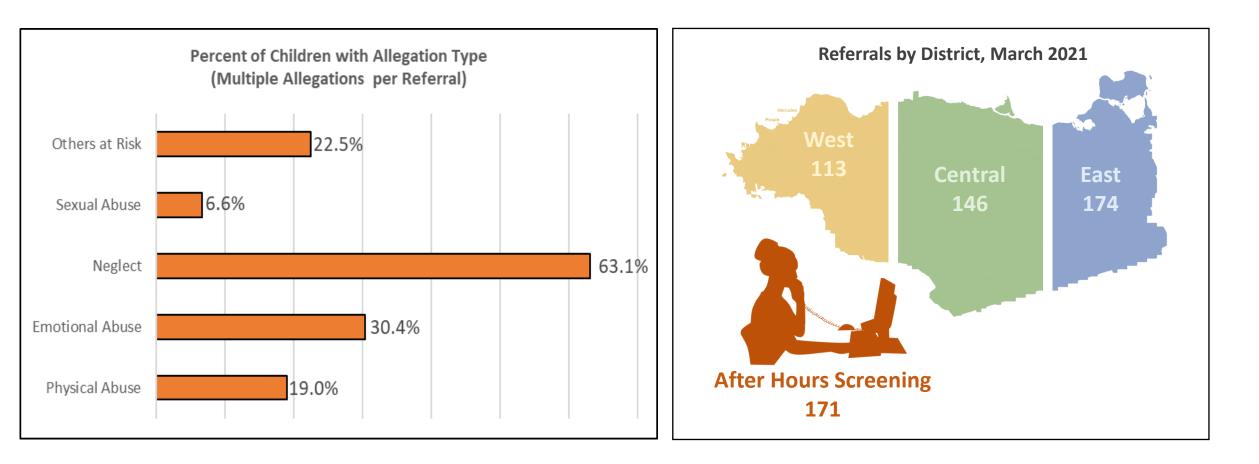

### Contra Costa Children 17 and Under, by Age Group

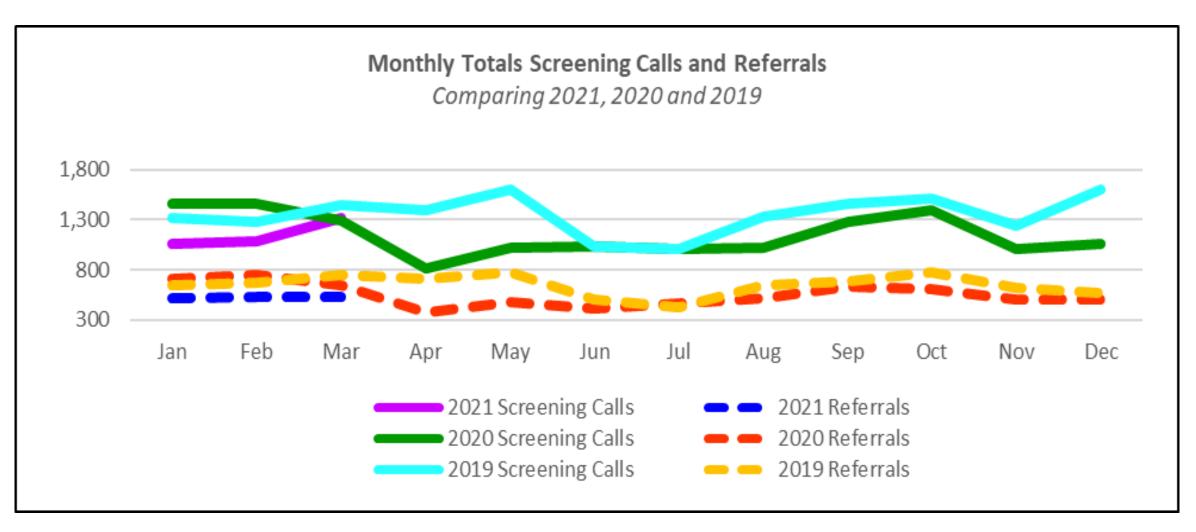

California Dept. of Finance, Population Estimates and Projections (May 2020); U.S. Census Bureau, Population and Housing Unit Estimates (Jul. 2020).

## Monthly Referrals by District and Types of Abuse

### Calls to Hotline – Monthly Averages

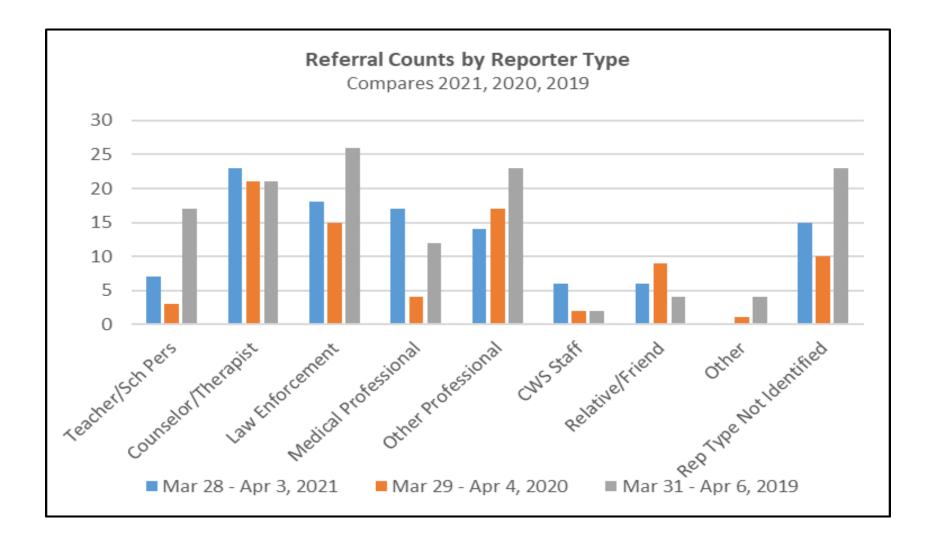

## Allegations and Children In Care by Race and Ethnicity

Race and Ethnicity	Allegations	In Care
	2020	July 1,2020
	Per 1,000	Per 1,000
Black	87.7	13.1
White	22.9	2.1
Latino	33.0	2.3

## Who is the Reporting Party?

## Family Maintenance Services

- Some children are not removed from their parents when they can safely remain in their homes with added supports and services.
- The supports are provided by CFS, Community Based Organizations and the Courts.

Point in Time — May 5, 2021	East	Central	West	Total
<u>Voluntary</u> FM	38	24	2	64
Family Maintenance	77	37	74	188
Total	115	61	76	252

### When Children Cannot Remain Safely at Home Number of Children in Placement and Types of Placement

Congregate Care	54	7.3%	Placements by Level of Care May 3, 2021
			SILP, 77, 10% STRTP, 44, 6% THP, Sm Fam Hm,
Family Home	184	24.8%	68, 9%
Relative/			
NREFM Care			Guardian, 131, 18%
Family Home	361	48.6%	
Community			FFA, 172, 23%
Care			
Self Care	144	19.4%	Reg Center Hm,
Total in Care	743	100.0%	Fam Hm , 241, 33% 10

### National Data: Poverty and Child Welfare

**Family income** is the greatest predictor of maltreatment & child welfare entry. Economic hardships increase risk of child welfare involvement, e.g. utility shutoffs, difficulty paying for housing, inadequate housing, food insecurity and material economic stress.

Children in low socioeconomic status families are...

7x more likely to5x more likely toexperience neglectexperience abuse

40x more likely to enter child welfare than middle income families

Source: Chapin Hall, University of Chicago. Family and Child Well-being System: Economic & Concrete Supports as a Core Component. April 2021.

## National Data: Poverty & Children of Color

### 73% of children in poverty are children of color

- 1 in 3 Black children
- 1 in 3 Native American children
- 1 in 4 Latino children
- 1 in 11 White children

14% of US children are Black, but are 27% of children in poverty

- **53%** of Black children are investigated by CPS by age 18
- 23% are in foster care

Source: Chapin Hall, University of Chicago. Family and Child Well-being System: Economic & Concrete Supports as a Core Component. April 2021.

# Emerging Themes and Trends

**COVID impacts on children and families:** home schooling, job losses and hours reductions, childcare issues for parents

Behavioral Health: more support and services needed for children and parents

**Continuum of Care Reform (CCR):** placements for children with very high needs are hard to find in County or nearby

**Families First Prevention Services Act**: New Child Welfare Initiative launches October 2021

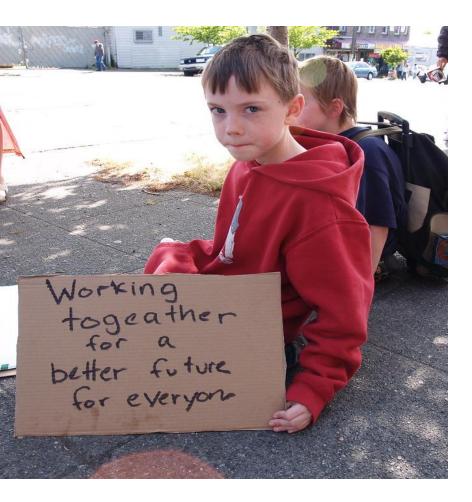

- Limited funding for **discretionary items** for children in foster care.
- Limited concrete services for families needing very basic help to avoid child welfare: housing, livable wages, childcare, substance abuse treatment and mental health supports for children and parents.
- Lack of safe very **high-level respite options** for children who need treatment and can't stay safely in the home.
- Insufficient **number of foster homes** in County willing to take in medically needy children, sibling groups, developmentally delayed children or children with high-level behavioral health needs.
- Lack of **Regional Center placements and services** for developmentally delayed, non-ambulatory and equipment dependent Regional Center children.

# Prevention

- A variety and volume of **easily accessible services** for families and children to avoid entering the Child Welfare system.
- **Behavioral Health** placements and services for parent whose children need extra support.
- Services and supports that ease parents' stress.
- Mental health and parenting supports for parents with mild to moderate mental health needs to avoid involvement with Child Welfare.
- Nationally, when **concrete supports** are offered, there are fewer subsequent neglect reports and **fewer removals** into foster care.

## Intersections

# Transformational Bold Ideas

Whole family living resources with case management in the community meeting the entire family's needs outside of Court involvement A Family Visitation Center Home that allows supervised overnight visits for parents/children in a home setting. Allows cooking with children, playing in back yard, bathing, preparing for bedtime, etc.

Respite Programs for children of all ages for 24 hours or more if needed

Permanent Housing Subsidies result in 50% reduction in foster care removals.
Access to high-quality Child Care with subsidies reduces neglect by 20%.

Minimum Wage – every \$1 increase results in 10% fewer neglect reports.\*

\*Chapin Hall, University of Chicago. Family and Child Well-being System: Economic & Concrete Supports as a Core Component. April 2021.

## Success

### Children are safe, healthy, and not in foster care

Parents have the supports they need to raise their children and keep them safe and free from abuse and neglect If children must enter foster care, they get supports and resources to heal and experience a safe, healthy childhood

Children in foster care achieve permanency timely and do not grow up in the child welfare system The Families First Prevention Services Act (FFPSA) will fund and support prevention efforts, but only for families coming to CFS' attention. Ideally, families could have proper community resources, not escalate risk & not become involved with CFS.

# Thank You

Building Brighter Futures Together...

Employment & Human Services

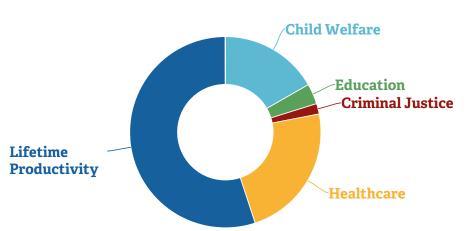

### **The Economics of Abuse Report:** A Study of Contra Costa County

Child maltreatment is a persistent problem within Contra Costa County. Although it is a hidden social ill, its impact is significant. Child maltreatment impacts not just the child, but the family, the community, and society at large. In California, as many as one out of every 23 children is suspected of being maltreated. The impact of maltreatment not only morally degrades our society, it significantly hurts our economy. In fact, the physical, mental, and emotional effects of maltreatment persist long after child maltreatment occurs, and result in ongoing costs to every sector of California.

Child maltreatment is a core underlying factor in many of California's ongoing struggles, such as high rates of school dropout, homelessness, incarceration, and chronic health issues. This report shines a light on this largely ignored issue, with a specific focus in your county, and the negative impact it has on all of us.

### **The Financial Impacts of Child Abuse**

The cumulative financial impact to Contra Costa County for the **720** verified survivors of maltreatment in 2020 is **\$338,000,000**. Though these costs are accrued over the course of the victim's life, the community will continue to occur the same cost each year until we are able to reduce and ultimately end child abuse.

#### CHILD WELFARE - \$56,539,369

Victims may require intervention services, foster care, and counseling services.

#### EDUCATION - \$11,682,045

Maltreated children are 77 percent more likely to require special education.

#### **CRIMINAL JUSTICE - \$5,963,371**

Maltreated children are 59 percent more likely to be arrested as juveniles, and 28 percent more likely to have an adult criminal record.

#### HEALTHCARE - \$77,806,567

Victims may require hospital care, mental health services, and other medical services during childhood, and have a higher incidence of physical and mental health issues throughout adulthood.

#### LIFETIME PRODUCTIVITY - \$186,081,972

Victims are more likely to be unemployed and rely on public assistance which lead to diminished earning potential.

#### FATALITY - \$0

Accounts for the victims' lost wages and healthcare costs.

This report was created in partnership with

Strengthening Families. Ending Child

Abuse.

### **Protective Factors in Contra Costa County**

### **Individual Protective Factors**

Communities can support vulnerable children and families by fostering the five protective factors. By helping families to enhance their protective factors, they will be better equipped to combat risk factors (history of abuse, isolation, substance abuse, and others) and prevent incidences of child abuse. Research shows that healthy and safe families share these five commonalities:

### SOCIAL & EMOTIONAL COMPETENCE OF CHILDREN

Family and child interactions that help children develop the ability to communicate clearly, recognize and regulate their emotions, and establish and maintain relationships.

#### KNOWLEDGE OF CHILD DEVELOPMENT

Understanding parenting strategies that support physical, cognitive, language, social, and emotional development.

#### PARENTAL RESILIENCE

Managing stress and functioning well when faced with challenges, adversity, and trauma.

#### SOCIAL CONNECTIONS

Positive relationships that provide emotional, informational, and spiritual support.

#### **CONCRETE SUPPORT**

Access to concrete support and services that address a family's needs and help minimize stress caused by life's challenges.

### **Community Protective Factors**

Strong families and communities whose conditions nurture strong families protect children. Every community has Protective Factors, or characteristics that are linked to lower rates of child maltreatment. Ongoing research from the Center for the Study of Social Policy suggests that the following Community Conditions nurture strong families:

#### EQUITABLE ACCESS TO ESSENTIAL NEEDS

This includes policies and programs that support equitable access to economic opportunities, familyfriendly employment, health care, housing, highquality childcare, education, and food security. Economic support and high-quality and affordable childcare are two essential needs that have been shown through research to reduce maltreatment.

#### SOCIAL SUPPORT AND CONNECTION

This means an acknowledgement across community members that parenting is hard and all caregivers can benefit from community support. Cohesive neighborhoods and community institutions like schools, churches, community centers, and family resource centers contribute to building these social connections and reducing maltreatment.

#### SOCIAL CONTRACT

This represents a collective understanding about what support can be provided by institutions, and what support must come from friends, family, and neighbors. Strong communities promote positive social norms about parenting and provide wellfunctioning response systems to prevent further harm when maltreatment occurs.

#### RACIAL AND SOCIAL JUSTICE

This means fostering an anti-racist and equitable social structure. Institutional racism and systemic oppression over generations have prevented many families of color from accessing the other social and economic factors listed here. Initiatives that promote racial equity are critical to promoting Community Protective Factors and mitigating Community Risk Factors.

#### SUPPORT FOR BUILDING INDIVIDUAL PROTECTIVE FACTORS

In addition to the community conditions listed above, it is important that parents and caregivers have access to resources that will help them strengthen their individual protective factors, including parental resilience, social connections, knowledge of parenting and child development, concrete support in times of need, and the social and emotional competence of children.

Thanks to Safe & Sound and UC Berkeley Haas School of Business for this calculation and for generous funding from Blue Shield of California Foundation, California Department of Social Services–Office of Child Abuse Prevention, Casey Family Programs, County Welfare Directors Association of California, S.H. Cowell Foundation, The Golden Door Foundation, The HAND Foundation, Conrad N. Hilton Foundation, and Zellerbach Family Foundation. To learn more, please visit http://economics.safeandsound.org

  - Mental health services
- Support for pregnant and parenting young people
   Support for disabled youth

## **Education and Prevention**

Substance abuse prevention including tobacco

 Injury prevention
 Food and nutrition including WIC
 Mentoring and peer supports
 Advisory Council

COVID-19 Youth and Young Adult Ambassadors

### Trends

# Location Integration/Collaboration Prevention Wholistic approach Youth-centered

RYSE creates safe spaces grounded in social justice that build youth power for young people to love, learn, educate, heal and transform the lives and communities.

#### **RYSE is a:**

#### ✓ Home

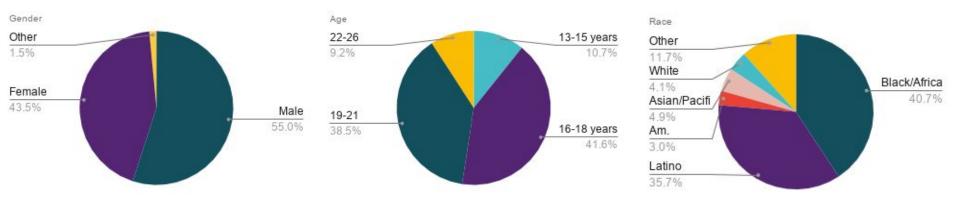

- ✓ 'Beloved Community'
- ✓ Movement
- ✓ RYSE Commons...coming soon!

#### **RYSE provides:**

- Sanctuary and safe space
- Opportunities to connect, heal, learn, and lead
- Programs in Community Health, Youth Leadership, Media, Arts & Culture, Education & Justice
- Trauma response and triage

## **RYSE's Membership**

- **700+** members engage in programming each year;
- **5,000** members since 2008
- **10,000+** additional youth through schools, community outreach, public events, etc.

## **Liberation Impact Tools**

#### Inquiry tools measure RYSE Values, Principles, and Outcomes experienced by Young People

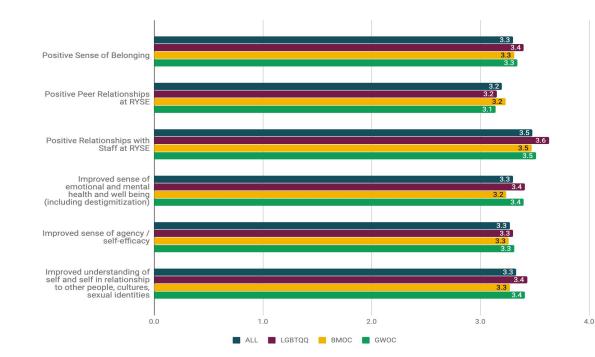

**98%** feel a sense of safety, respect, and community with RYSE staff and young people

**98%** feel a better understanding of their self and community and pay more attention to their emotions and feelings

**91%** feel a better understanding of different races & cultures, and could speak up or make a positive difference

**97%** reported that counseling or case management is space of safety, mutual trust, and helping with

emotional and navigation goals.

### Conditions

Young people treated as problem, risk, threat

BIYOC adultified by systems (Black, Indigenous, Youth of Color)

Overly focused on individual behavior change; metrics of compliance

COVID/State Violence has revealed and escalated harm

In light of and in spite of these conditions, young people continue to show up for each other, for us, for our communities, for the generations that follow.

### Investing in young people's humanity - holistic mental health

Eliminate diagnosis threshold

Support Multiple modalities of care - creative and expressive outlets

Invest in culturally-responsive, attuned to racialized distress

Fund play, joy, celebration

### Investing in young people's lives and livelihood

**Guaranteed Basic Income/Guaranteed Material Needs** 

#### **Regional Hubs: Continuum of Care and Belonging**

**County Fund for Children and Youth** 

#### **Restorative and Transformative Justice Investments**

### Investing in Adult Development, Mutual Support and Accountability

Healing-centered approaches in all youth-serving programs (asset/affirmation-centered, racial and gender justice, harm reduction)

Culture-building, training, and ongoing support for provider ecosystem

(Re)allocate resources to BIPOC providers and partners; invest in professional pathways for BIYOC

Shift our accountability to young people, not the systems (did we meet the needs, or just address the behaviors?)

August 4	Develop draft priorities & recommendations			
August 11	Finalize priorities & recommendations to submit to Board of Supervisors			

#### **Presentation format:**

- Panel of speakers (up to 5) includes county staff, community-based organizations, issue-specific experts, and residents with lived experience of the need or issue being discussed
- Each panelist has up to 10 minutes to present
- Questions/discussion with MXCAB members and alternates (20-30 min.)
- Public comment

#### PRESENTATION FORMAT AND PANELIST GUIDANCE

- Guidance for service providers/issue expertise (county and community-based):
  - Each presenter will be allotted approximately 10 minutes, depending on the total number of presenters on the panel. Please adhere to the time allocation provided.
  - Introduction:
    - County staff: Brief explanation of county services/structure
    - Community organizations: Brief explanation of services provided,
  - Data: Share limited number of data points that demonstrate the core issue/needs
    - Disaggregate data by race/ethnicity whenever possible
    - Name and focus on populations that are most underserved (race/ethnicity, geographic area, ability, gender, sexual orientation, age, etc.)
  - **Trends**: What is emerging or changing, and what are the implications?
  - **Racial equity**: Which racial/ethnic populations does this issue impact disproportionately? What are the notable disparities? (Please disaggregate all presentation data by race/ethnicity where feasible.)
  - Gaps: What are the 2-3 most significant unmet needs in this issue area?

- Prevention: What more can be done to help residents avoid being in crisis around this need/issue?
- Intersectional: What are some of the important ways in which this issue connects with, impacts, and is impacted by, other community needs (e.g., transportation), particularly those listed on the schedule of presentations?
- **Transformational ideas**: What bold experiments, big ideas, and innovative approaches (e.g., incorporating the arts), could we take to meet these key needs?
- **Success**: What will success look like if Measure X is successful in funding in this issue/need?
- Guidance for resident speakers:
  - What has your experience of this need/issue/system been like? What has worked well? What hasn't?
  - What do county- and community-based service providers need to understand to make these systems work better?
  - What would you most like to see happen in this county over the coming year that would improve your wellbeing and opportunity to thrive?
  - What will success look like if Measure X is successful in funding needed services related to this issue?
