**Subject:** Support Measure X fund allocation to address climate change

Hi Lisa,

My name is Lindsay Judd and I am a resident of El Cerrito. I am writing to share my support for proceeds from the sales tax approved by the voters in November to support climate equity and resilience work. Climate change is here as demonstrated by recent wildfires, heat waves, drought and sea level rise. We must allocate resources to adapt to our changing environment. The Department of Conservation and Development manages several ongoing community planning initiatives that would benefit from annual investment from these proceeds.

Thank you,  
Lindsay Judd
