# Agenda

## MEASURE X COMMUNITY ADVISORY BOARD

August 20, 2021

9:00 A.M.

1025 Escobar St., Martinez

Mariana Moore, Chair  
BK Williams, Vice Chair

### Agenda Items:

Items may be taken out of order based on the business of the day and preference of the Committee

Present: Mariana Moore, Chair; BK Williams, Vice Chair; Edith Pastrano; Kathryn Chiverton; Jim Cervantes; Odessa LeFrancois; David Cruise; Ali Saidi; Jerry Short; Kimberly Aceves-Iniquez; Ruth Fernandez; Debbie Toth; Susun Kim; Cathy Hanville; Pello Walker; Gigi Crowder; Geneveva Calloway; Diana Honig; Lindy Lavender

Absent: Dr. Michelle Hernandez; Sharon Quezada Jenkins; Michelle Stewart; Sandra Wall; Sandro Trujillo; Melissa Stafford Jones; Peter Benson; Steven Bliss

Staff Present: Lisa Driscoll, County Finance Director; Enid Mendoza, Senior Deputy County Administrator

### 1. Roll Call

*Staff provided instruction for access to English live transcription (automated closed captioning), and live simultaneous Spanish and American Sign Language interpretation and then conducted roll call. There were approximately 73 participants.*

### 2. Staff recommends MXCAB receive the Record of Action and public comments for the August 18, 2021 meeting.

*The record of action was accepted as presented.*

### 3. REVIEW and DISCUSS process for finalizing priorities and recommendations to submit to the Board of Supervisors.

*Chair Moore began by explaining that public comment for items not on the agenda had been moved to the end of the agenda because all the public comments received at the previous meeting were advocating for service priority, which is a standing item on the agenda. Chair Moore reviewed the plans for leading the discussion to finalize the process for finalizing priorities and recommendations to the Board of Supervisors. To begin, staff shared the results of the Poll taken at the August 18th MXCAB meeting. MXCAB members were reminded that they had been asked to prepare for the days*

*discussion by identifying their top funding priorities in each issue area. Chair Moore then discussed how the previous poll document had been modified following MXCAB and public comment at the previous meeting. Vice Chair Williams recognized that many individuals were going to fit into multiple program categories and opened the topic for MXCAB member discussion. Several MXCAB members discussed issues with the polling document and asked for modifications. Modifications were made to expand and add to categories of the poll. The consensus was that, although still not perfect, the tool could be used in a directional sense to indicate whether specific funding requests (grouped by issue area, in the order of MXCAB presentations) were gaining MXCAB support to be funded by Measure X funds this current fiscal year.*

*The poll responses choices were:*

*Yes - top priority;*

*Yes - secondary priority;*

*Not sure (e.g., you need clarification or want to talk it through with the group);*

*No - not this year.*

*In the interests of time, MXCAB members were encouraged to limit the number of "Not sure" responses as much as possible, recognizing that group discussion will be necessary and beneficial as MXCAB moves toward alignment. Chair Moore noted that the poll will be taken again, to assess where things stand after the group discussion, and public comment, to chart the path to finalizing formal recommendations.*

*Preliminary polling results were viewed as staff worked on summarizing the data. It was noted that one poll area had been missed "Innovation Funds" and a second poll was distributed. Both polls and poll results are included as attachments to the minutes.*

*Public comments were asked for and received from 23 individuals.*

4. Receive verbal public comments and accept attached written public comments.

*There were no public comments on items not on the agenda. Written public comments received after the agenda was posted are attached with the record of action.*

5. The next meeting is currently scheduled for August 25th at 5:00 PM

*There were no changes to the current meeting schedule.*

6. Adjourn

*The meeting adjourned at approximately 2:11 PM.*

---

*The Measure X Community Advisory Board will provide reasonable accommodations for persons with disabilities planning to attend Measure X meetings. Contact the staff person listed below at least 72 hours before the meeting.*

---

*Any disclosable public records related to an open session item on a regular meeting agenda and distributed by the County to a majority of members of the Measure X Community Advisory Board less than 96 hours prior to that meeting are available for public inspection at 1025 Escobar St., 4th Floor, Martinez, during normal business hours.*

---

*Public comment may be submitted via electronic mail on agenda items at least one full work day prior to the published meeting time.*

# MASTER PLAN FOR AGING

# EQUITY WORK GROUP

## EQUITY TOOL

The Master Plan for Aging (MPA) will serve all older Californians across the life span.

Given the growing diversity of California's aging population in terms of racial and ethnic groups, disability, geography, income, immigration status, language, religion/faith, sex, gender identity, sexual orientation, and family status, the Stakeholder Advisory Committee formed the Equity Work Group (EWG) to advise on MPA recommendations and deliverables through an equity lens. To guide other MPA subgroups and subcommittees, the EWG developed a set of equity tool questions for use while forming these deliverables.

Since the development of the first set of guiding questions for the MPA recommendation process, we have been struck collectively by two pandemics: COVID-19 and the public health crisis of systemic racism, most recently highlighted through police brutality and the Black Lives Matter movement. Through these pandemics, deeply rooted inequities have become widely apparent and undeniable, making it an utmost responsibility to seek equity through all MPA recommendations.

***“The route to achieving equity will not be accomplished through treating everyone equally. It will be achieved by treating everyone justly according to their circumstances.”***

— Paula Dressel, *Race Matters Institute*

Equity is a goal that can be reached through a pathway of equality. As members of the EWG, our principles are seen through an equity lens. An equity lens requires framing and developing strategies to equalize resources and opportunities as a further step toward justice. These principles include, but are not limited to, the following:

- Equity must be embedded in decision-making during the formation stages of any recommendation.
- The strengths and assets of each community must be highlighted and used to help us to move in culturally appropriate and inclusive ways.
- Systemic racism can only be eliminated through systemic solutions. These pandemics only heightened and unveiled existing disparities; they did not create them.
- Recommendations must be very specific and explicit about the communities they are attempting to address. “Communities of color” or generic “diversity” language weakens and takes power away from

the recommendation and the groups we aim to serve. To be explicit in terminology provides power to the group that has been systemically underrepresented or misrepresented.

- Recommendations should not unintentionally further exacerbate inequities experienced by some communities.
- There is intersectionality between race, class, gender, and sexual orientation. Therefore, recommendations should be guided by the principle that the MPA is for all Californians throughout their lifespan, with particular emphasis in creating systems that are supportive and inclusive of people of all races, classes, genders, and sexual orientations.
- Systemic racism, ageism, able-ism, and sexism can only be eliminated through systemic solutions. The MPA should strive to transform the systems that impact the lives of those most affected by systemic and institutionalized discrimination and who, therefore, have experienced the most profound and adverse impacts during COVID-19.

**We offer the following guiding questions in making recommendations for the MPA.**

### **QUESTIONS**

1. What needs, gaps, and/or organizational barriers are you addressing to further diversity, equity, and inclusion in your recommendations?
2. How were the basic needs, gaps, and/or organizational barriers to equity determined when designing the recommendations? (i.e. primary research, secondary research, key informant interviews, subject matter expertise).
  - a. Who was involved in determining the recommendations? Were stakeholder groups with membership directly impacted by the policy included?
  - b. If so, which ones engaged and how did you ensure that their recommendations/considerations were included in your recommendations?
3. Do the resulting recommendations take into account the cultures and languages of impacted communities? For example, in determining those needs, was key information (access to services, forms, teaching materials, social media, phone lines) collected directly from the communities and made available in-language and in-culture?
4. How do the data/research inform or support the recommendations, statements, strategies, or conclusions? Did you refer to research conducted in a way that was/is inclusive and reflective of the demographic and cultural makeup of California?
5. How do the resulting recommendations build on the strengths and assets of the impacted communities?
6. Do the proposed recommendations take into account impacts on, and the rights of, people with disabilities? Please refer to the [Olmstead Act](#) for guidance.

Please consider giving East County Fire priority on funding. The East county is expanding and the fire services cannot keep up because of an outdated property tax sharing percent that cannot be corrected due to Prop. 13. We need more fire stations in the East county.

Ms. Driscoll,

Please include this in your notes regarding public comments for the Measure X tax projects.

As noted in the Oakley Outreach Newsletter 8/19/21:

“The Oakley City Council has unanimously passed a resolution asking that funding for the East County Fire Protection District be made a priority- specifically, that a fixed percentage of funding be provided for three additional fire stations.”

The Mogg Family of Oakley agrees with this resolution making the funding of the East County Fire Protection District a priority, specifically that a fixed percentage of funding be provided for three additional fire stations.

To: MEASURE X Advisory Board

Dear Appointed Board Members,

Thank you for offering your service and professional expertise to help Contra Costa County determine how and where Measure X funds should be spent.

Measure X passed in the middle of major violent protests, economic depression, and a health emergency. In my opinion, the Measure was passed to keep our community safe. One of the major aspects about keeping our county safe is to ensure that our Sheriff's Department is funded with adequate and professional staff. Recently, there has been a rise in crime in my community. It seems that people are coming into Contra Costa County from other counties to commit crimes and cause difficulties for members of our community.

This last week, my community had a special public safety zoom meeting where Sheriff's Department representatives, Supervisor Andersen, and her staff attended. I was surprised that over 60 people logged on to ask questions and provide public comments related to the recent crimes committed in my neighborhood. This tells me that many people are concerned with public safety in my community and would like to see more resources dedicated to our Sheriff's Department.

I live in an un-incorporated part of the county and my family's safety and security depend on the Sheriff's Department. My family would like to see consideration and a large portion of the Measure X revenue allocated to the Contra Costa County Sheriff's Department.

Thank you,

Measure X funds received to the Sheriff's Office will have a direct impact on The Danville Police Department's ability to respond to quality of life issues in our community.

The addition of Measure X funds, the Sheriff's Office will be able to add specialized response teams to manage homeless and mental health concerns throughout the county to include the Town of Danville, freeing up Danville Officers to focus on crime and traffic incidents.

Lisa Driscoll:

We are writing to support Measure X funding on behalf of the Sheriff's Office. Currently, the Danville Police Department diverts officers away from crime and traffic enforcement to manage quality of life problems (mental health, homelessness) and responds directly to PRA request for video footage. With the addition of Measure X funds, the Sheriff's Office will be able to add specialized response teams to manage homeless and mental health concerns throughout the county to include the Town of Danville, freeing up Danville Officers to focus on crime and traffic incidents. The Sheriff's Office would also lift the time-consuming burden of responding to and releasing video requested via the PRA from Danville police officers.

To: MEASURE X Advisory Board

Dear Board Members,

Thank you for your work and dedication to this important board. As I am sure you are aware, Measure X was passed to keep our communities safe. One of the main ways to do this is to ensure that our Sheriff's Department is funded with adequate and professional staff. Currently, I believe the Sheriff's Dept. is uncomfortably understaffed.

Recently, there has been a rise in crime in our Alamo community. In addition to crime from people living in other parts of Contra Costa, more and more people are coming in from other counties to commit crimes in our town and nearby towns. Because we are un-incorporated, we must rely on our one, dedicated deputy who serves only four days a week, and the other county sheriffs who cover ground from Morgan Territory to South Danville at the same time they cover Alamo. At any given moment we may have no officer available within 45 minutes of Alamo.

This last week, our community had a special public safety zoom meeting where Sheriff's Department representatives, Supervisor Andersen, and her staff attended as well as over 65 residents who logged on to ask questions and provide public comments related to the recent crimes committed in our neighborhood. Our neighbors are concerned with public safety in the community and we would like to see more resources dedicated to our Sheriff's Department.

As I mentioned, we live in an un-incorporated part of the county and my family's safety and security depend on the Sheriff's Department. We hope you will direct a large portion of the Measure X revenue to strengthen the Contra Costa County Sheriff's Department.

Thank you,

**Subject:** Support for Measure X Funding

Hello Ms. Driscoll,

As a longtime Contra Cost and Danville resident, I am writing to you to urge your support for Measure X funding. My family and I hope you can allocate the \$12+ million in funds to purchase body cameras, car cameras, and most importantly, more deputies, sergeants, detectives and additional support personnel. I have seen first-hand, many of the challenges faced by our Police Officers when it comes to dealing with quality-of-life emergencies. It feels like the continued increase in mental health problems, domestic dispute issues and other non-crime related pain points is becoming far too great for our limited resources to handle. I can think of fewer ways that our tax dollars would be better spent than improving the ability to respond to a crisis with the right tool and at the same time, free up resources to make our town safer.

We seem to be at a unique inflection point, if not in history, certainly in my life. The confluence of rising mental health problems at all ages, homelessness, increased property crime, increased violent crime and general social unrest makes this the perfect time to try something different. We need to find the necessary resources and capital to invest in making our community a better place to live. It seems that Measure X funding is the first, necessary step in the process. It feels almost obvious to me that failing to take this course will result in higher costs from the unresolved problems along with further deterioration in the quality life for all concerned. If I could point my tax dollars in a specific direction, this would certainly be my first choice.

Please let me know if you have any questions or would like to discuss this. I hope you can find the necessary support to make this move a reality, and look forward to seeing the positive results. Thank you for your time and attention.

Interfaith Council of Contra Costa County  
404 Gregory Lane, Rm 1, Pleasant Hill, CA 94523

August 20, 2021

To: Measure X Community Advisory Board

Subj: ICAN Support for Climate Action as Presented by 350 Contra Costa

The Interfaith Climate Action Network of Contra Costa is a regional organizing group of California Interfaith Power and Light, concerned with social and environmental justice, and we partner with many other Environmental Justice groups, such as Green Faith International and Communities for a Better Environment. We are part of the Interfaith Council of Contra Costa, with 109 congregations and organizations from a wide range of faith traditions and life philosophies.

I am here to express our support for the recommendations you received on Wednesday from 350 Contra Costa. They and others have described the threat and crisis multiplier that is climate change. You also have heard about the many immediate needs of our community that deserve funding from Measure X. And you understand how the climate crisis increases the severity of peoples' needs – like health.

We all agree on the need for CLIMATE ACTION. I encourage you to balance the need for adaptation and resilience -- the immediate needs – with the visionary and transformational, longer-term solutions for the root causes that perpetuate the climate crisis, and that is policy and programs to *reduce emissions* and turn to *clean energy*.

These actions are not mutually exclusive, in fact many of the measures for resilience, such as fire management, are also actions that reduce emissions. We can do both! We must do both – tactical and strategic actions.

Please recommend to the Board of Supervisors the transformational and significant investments that will not only provide immediate relief, but also provide for policy solutions at a high level to address the causes of the climate crisis at the highest level. That means elevated authority and support for a Director of Sustainability, as we see in other counties.

ICAN supports the County sustainability request and the recommendation of 350 Contra Costa to elevate our county's response to the climate crisis.

Environmental justice is social justice.

Thank you for your leadership on this crucial matter.

Sincerely,

Emily Hopkins  
Walnut Creek, CA

When we voted for Measure X, a large reason for east county residents to vote for the measure was the use of the funds to help East Contra Costa Fire Protection District. East County Fire is badly in need of funds to improve fire and safety services, the district needs additional fire stations along with emergency services. Please prioritize funding for East Contra Costa Fire Protection District.

Thank you,

Dear Lisa,

Sheriff Livingston and his Department have always served Discovery Bay and Contra Costa County the best they can. Unfortunately, with the limited manpower and resources, many of our crimes and concerns do not yield criminal arrests and therefore these crimes continue. I support the Sheriff's request for Measure X funds to acquire the much-needed resources to improve their staffing, reduce response times and investigate the crimes that occur and hopefully arrest the bad elements in our towns. The citizens of Contra Costa County will benefit from the requested Sheriff Department "Service" upgrades. Please make sure they have sufficient funds to keep us and our properties safe. Thank you for your consideration,

Jenna

Dear Lisa,

I'd like you to support the measure X for sheriff department and Danville police. As the resident in Danville, we are happy with the current crime rate, and we need the police, not cut back their funding, so please keep the funding for our law enforcement.

Thank you very much.

I moved here about 10 yrs ago when we were a small, quiet town. The last few years things have changed. We seem to be harboring alot more crime with only one Sheriff to help solve, prevent and catch the criminals who are nowing using Discovery Bay as their place to participate in crimes. Our bank has been robbed twice that im aware of. Starbucks had a hostage situation take place. There was a muder of a resident who was singled out because he was involved with helping someone with a domestic violence situation. Safeway contantly has people walking out their store stealing. This may not be a big desl to you but DB residence no longer feel safe. Pleaee use dome of the Measure X funds allotted you to giving us more protection and another officer assigned to DB.

Thank you

Discovery Bay at present can only rely on the limited available resources from the Contra Costa Sheriff's Depart and California Highway Patrol to keep our town and adjacent highway safe from marauders. We are "the last outpost" on the most eastern side of Contra Costa County and a fast getaway for anyone in town or out of town to perpetrate illegal activities that they know the CHP and sheriff are ill-equipped to handle because of less than adequate staffing. Approved funding by the Measure X committee towards additional law enforcement in our town would definitely help deter criminals from thinking our town and byways are an easy target and escape route. Additional need is a detective(s) to further investigate and apprehend anyone associated with illegal activities. Maybe just a pipe dream, but what an achievement if our County was known as a safe haven for the respectable and not the criminals because of the presence and enforcement of the sheriff and police.
