Subject: Measure X

Lisa Driscoll:

We are writing to support Measure X funding on behalf of the Sheriff's Office. Currently, the Danville Police Department diverts officers away from crime and traffic enforcement to manage quality of life problems (mental health, homelessness) and responds directly to PRA request for video footage. With the addition of Measure X funds, the Sheriff's Office will be able to add specialized response teams to manage homeless and mental health concerns throughout the county to include the Town of Danville, freeing up Danville Officers to focus on crime and traffic incidents. The Sheriff's Office would also lift the time-consuming burden of responding to and releasing video requested via the PRA from Danville police officers.

Thank you for your consideration.
