Subject: Police funding for Discovery Bay, Ca

I moved here about 10 yrs ago when we were a small, quiet town. The last few years things have changed. We seem to be harboring alot more crime with only one Sheriff to help solve, prevent and catch the criminals who are nowing using Discovery Bay as their place to participate in crimes. Our bank has been robbed twice that im aware of. Starbucks had a hostage situation take place. There was a muder of a resident who was singled out because he was involved with helping someone with a domestic violence situation. Safeway contantly has people walking out their store stealing. This may not be a big desl to you but DB residence no longer feel safe. Pleaee use dome of the Measure X funds allotted you to giving us more protection and another officer assigned to DB.

Thank you
