Update on Economic Conditions

The Covid Recovery:

How long is the road to recovery?

January 2021

Christopher Thornberg, PhD

Founding Partner, Beacon Economics Director, UCR SoBA Center for Economic Forecasting and Development

Happy New Year!

The Pandemic Recession

Covid-19: A global natural disaster

- Approaching 100 million cases and 2 million deaths, ~20% here in the US
- —In midst of largest surge to date, new waves of closures

The light at the end of the tunnel

- Context: Spanish flu 50m deaths in a smaller world population, 100x more deadly
- —New treatments have lowered fatality rates
- —3 vaccines shown to have varying degrees of effectiveness
- Roll outs in progress, Others in the pipeline

The Economic Debate

- —The macro debate, "U", "V", or whatever... most called "U", slow recovery
- —This is not the great recession
- Our outlook "V"—This is not the great recession situation, rapid movement back to normality

The Bounce

- —Recession ended in April, 80% back
- Current surge having modest impact on economy
- Sufficient pent-up demand to drive close full recovery this year
- Real issues are post-pandemic: Federal debt, inflation issues, shifting land use needs

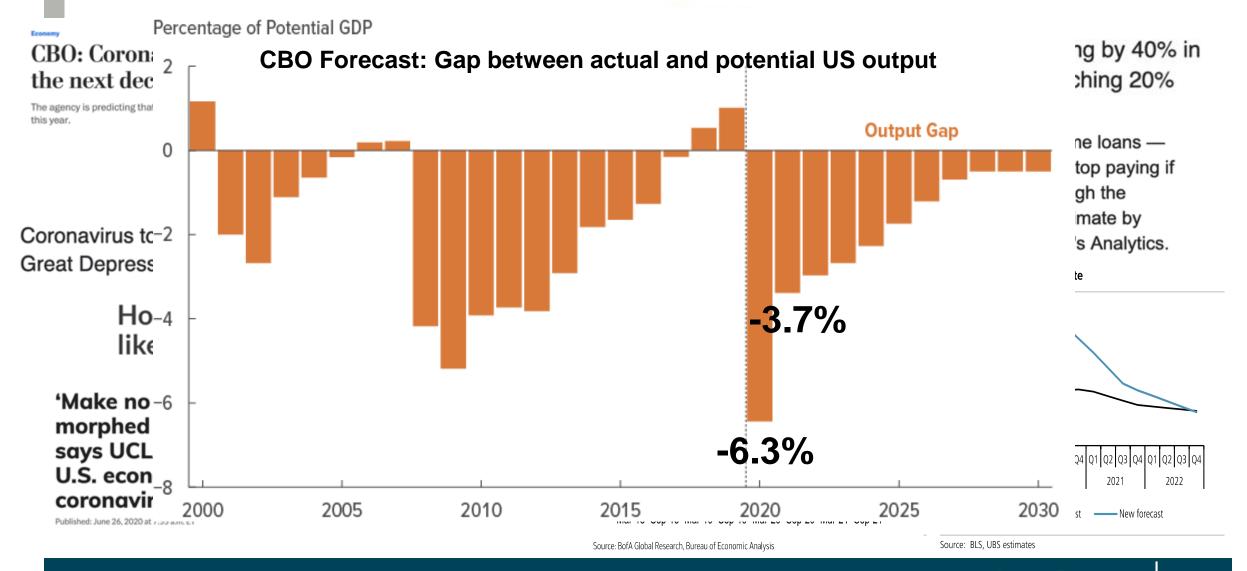

Approaching 100 million cases and 2 million deaths, ~20% here in the US

Evidence suggests a portion of survivors have long run complication

Context: Spanish flu 50m deaths in a smaller world population, 100x more deadly

Eviction looms for millions despite new federal aid An estimated 30 million to 40 million renters are in danger of eviction. Millions have been

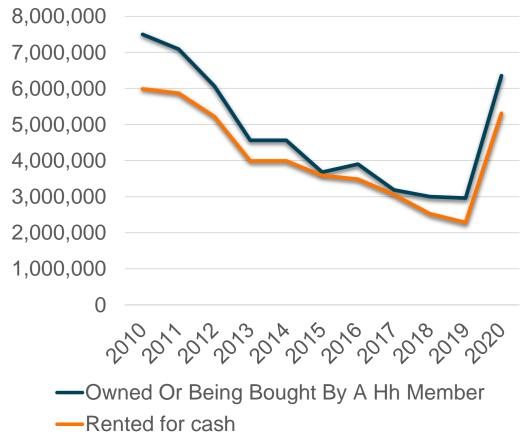

unable to pay their rent for months because of the pandemic. Job losses, illnesses, kids in virtual school who need to be supervised at the expense of work—the combination of these package stressors has produced about \$70 billion owed in back rent, according to the National Apartment Association, which represents landlords.

A long-needed debate...

2020: The Long Run Still Matters

- It ain't good, but it ain't that bad...
 - —The "V" is the only logical outcome
 - —Speed of recovery dictated by pace at which vaccines rolled out
- Baseline Forecast
 - —-4.8% Q1, -31%Q2, 33% Q3, 6% Q4
 - —Close to full recovery by Q3-2021
 - —Unemployment close to 6% by year end
 - —Moderate upticks in debt distress
 - —Little impact on long run real estate values
 - —Retail / restaurants / tourism to lag

- Wildcards
 - —Global situation
 - —How long until travel gets going
 - —Government budgets
- The true enemy: Miserabilism
 - —Problem before the pandemic
 - —More bad policy driven by a basic lack of context
 - —Health needs conflated with culture wars
 - —No consideration for tomorrow / the next generation

Contra Costa County Familiar Budget Drivers and Challenges for 2021 and Beyond

- Economic Forecast
- State & Federal Budgets
- Labor Negotiations
- Strategic Use of Reserves
- Fund Infrastructure Needs (Repair & Maintenance)
- Fund System Infrastructure
- Adequately Fund Public Safety & Health Departments

2020/21 Achievements

- •Budget structurally balanced for ten consecutive years and received the Government Finance Officers Association Distinguished Budget Presentation Award for each of those years, the current year budget is built on assumption of 4.5% increase in assessed valuations (AV), actual AV was 4.87% for 2020/21
- ■OPEB managed (unfunded liability reduced from \$2.6 B in 2006 to current \$523.9 million as of 6/30/2020)
- •We have labor contracts in place with all of our bargaining unions/associations, which provide improved health insurance benefits and wages.
- Assessed Value, on which general purpose revenue is based, was up 6.34% in 2018/19; 5.3% in 2019/20; 4.87% in 2020/21; and is projected to grow 4.0% in FY 2021/22

2020/21 Achievements

- •General Fund for 2020/21 \$1.86 B (total adjusted budget without carryforward, excluding fire and special districts, for 2020/21 \$4.09 B)
- •County maintained it's AAA bond rating from Standard & Poor's and Aa2 bond rating from Moody's with both agencies continuing to cite the County's robust financial position, including strong tax base and wealth and income profile.
- Created a permanent Office of Reentry and Justice within the Probation department beginning July 1.

2020/21 Achievements

- •Facilitating the implementation of a felony mental health diversion program through the Department of State Hospitals.
- Continuing to support the Racial Justice Oversight Body to reduce racial disparities in the adult and juvenile justice systems.
- •Continuing work with the Board and departments to fund enhanced detention health initiatives, including the addition of 53.1 FTE and construction of an acute psychiatric care unit to serve patient-inmates within the adult detention facilities
- Supported the Census 2020 Complete Count and surpassed the 2010 Self Response rate.

Bay Area Unemployment Rate November 2020 (Unadjusted) The County's unemployment levels rebounded strongly from the highs experienced during the Financial Crisis in 2008-2010, reaching peak employment in 2019. Subsequent to COVID-19. the county has increased in line with State and national trends.

General Fund Reserves Performance in Sync with Policy

- For FY 2019-20, total General Fund revenues were \$1.728 billion and the total fund balance was \$637.2 million, or 36.9% of total General Fund revenue
- > Of the \$637.2 million:
 - \$353.5 million was unassigned 20.5% of total General Fund Revenues
 - \$283.7 million was assigned, committed, restricted or nonspendable

Impact of COVID-19 on the County

- The County received \$227.8 million in CARES Act Coronavirus Relief Funds (CRF) to assist with its response to COVID-19 (\$201.2 million from Federal direct allocation and \$26.5 million from State sub-recipient allocation)
 - ➤ All funds have been spent and were applied to various permitted purposes, including payroll for public health and safety employees; improvements to telework capabilities; medical expenses; and public health expenses for the period March 1 December 31, 2020

FY 2021 Key Budget Provisions

- In its FY 2021 Final Budget, the County closed a \$35.0 million General Fund funding gap through a combination of mostly one-time spending reductions, revenue increases (including funding authorized under the CARES Act), the use of prior year fund balances, and the elimination of 93 vacant/unfunded FTE positions in the offices of the Assessor, Employment and Human Services, and Probation
- As part of budget adoption, the Board re-affirmed its policy prohibiting the use of generalpurpose revenue to back-fill reductions in revenues to be received from the State
- Appropriates an additional \$30.0 million on homeless housing and wraparound services directly related to COVID-19, to be funded with CARES Act/FEMA monies
- Did not anticipate the receipt of additional federal relief funding

Emergency Rental Assistance Program

- Authorized in the December stimulus package (H.R. 133)
 - County received direct allocation of \$34,296,331 on January 20th
- County Administrator has convened an interdepartmental workgroup to provide immediate policy options to the Board
 - Funding must be obligated by September 30, 2021 to avoid reallocation
- Basic Eligibility (in statute)
 - Qualified for unemployment or has experienced reduction in income
 - Experienced financial hardship due to COVID-19;
 - At-risk of experiencing homelessness or housing instability;
 - Landlords may seek assistance on behalf of tenant so long as tenant co-signs
 - Payments provided directly to landlords on behalf tenants, unless landlords opts out
 - Assistance to households generally may not exceed 12 months (including any arrearages),
 but could be extended to 15 months

Pension Cost Management

- Contra Costa County Employee Retirement Association's (CCCERA) assumed rate of return is currently 7.00%
- FY 2021-22 the final annual County Pension Obligation Bond (POBs) payment will be made June 2022 – the final payment is \$47.4 million
- FY 2021-22 the Final Fire Protection District POB transfer will be made June 2022 - the final transfer is \$11.45 million (into Securitization Fund/June 2023)
- Without the issuance of these POBs, both the County and Fire Protection District's Unfunded Liabilities would be significantly higher
- Paulson Settlement Payments \$2.76 M per year until final annuity on February 1, 2024 -\$1.4 million

Solid Pension Funding Status

- CCCERA lowered its investment earnings assumption from 7.25% to 7.00%, beginning in calendar year 2014
- County UAAL as of 12/31/2019 was \$607.93 million

Preliminary employee/position data FY 2021/22

- 9,953 FTE (90 FTE Increase over last year)
- •Total salary and benefit cost of \$1,638,440,957
 - (\$81.0 million increase over FY 2020/21 budget)
- Average wages of \$96,336
- Average retirement cost of \$36,885
- Average health insurance cost \$15,528
- Average total cost of a position \$164,620

Community Corrections Partnership

- ■CCP passed a FY 21/22 Budget Recommendation of \$29,949,274 in December 2020, an increase of 5.9% over the current year.
 - PPC to review and approve the budget on January 25, 2021
 - Approximately 23% (\$7.0 million) of the budget is allocated to Community Based Organizations
- CCP budget relies on approximately \$26.5 million in base revenue and \$3.5 million of CCP fund balance in FY 2021/22 (expenses exceed base revenues)
- Assuming just a 3% increase each year to expenditures over the next 4 years for existing employee/program costs, the County would be required to draw \$19.1 million from CCP fund balance to fund AB109 programs through FY 2025-26.
- Assuming a FY 21/22 estimated beginning fund balance of \$20.6 million, fund balance would be reduced to \$1.5 million at the close of FY 25/26.
- At \$1.5 million, fund balance would be at 4% of FY 25/26 projected expenditures. Goal is 50% of expenditures (Approx. 6 months of operations)

Community Corrections Partnership

Contra Costa Fire Protection District

Reasons For Optimism

- "Alliance" ambulance program stable (for now)
- Net decrease of \$3.8 million in debt service payments in FY 2021-22
 - Payments on existing Pension Obligation Bonds decreasing by approximately \$5.7 million in FY 2021/22
 - New debt service on capital construction projects is scheduled at \$1.9 million annually.

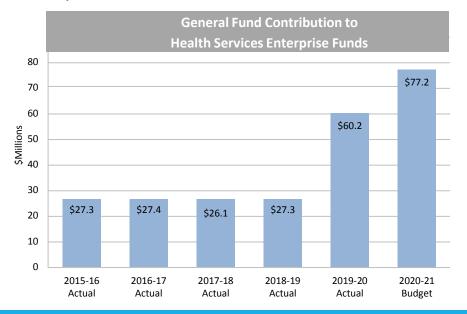

Reasons For Concern

- Property Tax revenue increases anticipated to slow
 - Assumption of 4.0% for 21/22
 - Additional decreases possible in 22/23 and beyond
- Cost of prior labor contracts
 - \$8.7 million in FY 2021-22 (total three-year cost of \$26.2 million)
- Increase in employer pension costs due to the depooling of Safety Cost Group #8, which impacts Contra costa Fire Protection District and East Contra Costa Fire Protection District
 - Estimated increase of approximately \$1.5-\$2.0 million in FY 21/22
- Litigation/ongoing appeal of PERB decision regarding United Chief Officers Association

Contra Costa Regional Medical Center

- Contra Costa Regional Medical Center (CCRMC) is a 164-bed acute care public hospital owned and operated by the County. It is inclusive of ten ambulatory health care centers, which are licensed as outpatient departments of the hospital.
- The Hospital Enterprise Fund represents 14% of the County's FY 2020-21 Final Budget
- Operation of the CCRMC is financially administered primarily with Hospital/Health Plan revenues, with the County General Fund subsidizing 12% of CCRMC's budget, or \$77.2 million planned for FY 2020-21
 - The County General Fund allocation had been significantly reduced over the last five years following the implementation of the Affordable Care Act (ACA)
 - ACA membership and related revenue declined in FY 2018-19; the ACA impact coupled with new labor agreement costs created a need for additional subsidy in FY 2019-20

Regional Medical Center Budget (\$000s)			
	2018-19 Actual	2019-20 Actual	2020-21 Final Budget
Beginning Net Position	\$129,441	\$146,527	\$155,830
Revenue	625,080	609,582	615,890
Expenditures	627,251	651,402	660,553
Transfers In Subsidy	23,304	56,228	73,245
Ending Net Position	146,527	155,830	166,559
Change in Net Position	\$17,087	\$9,303	\$10,728

Reasons For Concern

- Revenues will not keep up with expenditures for 2020/21 nor are they likely to do so for 2021/22 and beyond
- •Inflation is coming back sooner rather than later
- Aging Technology in process to replace the Finance System & Tax Systems at an approximate cost of \$18 million each
- Unknown to what level the Federal government will respond to counties needs
- Real issues coming due to excessive stimulus funds
- •Ongoing funding for County Hospital, Clinics, and Health Plan it continues to be difficult to support the hospital with increased costs. We continue to reduce programs in other areas to support Hospital needs. We must consider alternative revenue streams and right size services to resources available.

Redistricting 2021

CONTRA COSTA COUNTY

BOARD OF SUPERVISORS
REDISTRICTING
Board Retreat, Jan 26,2021

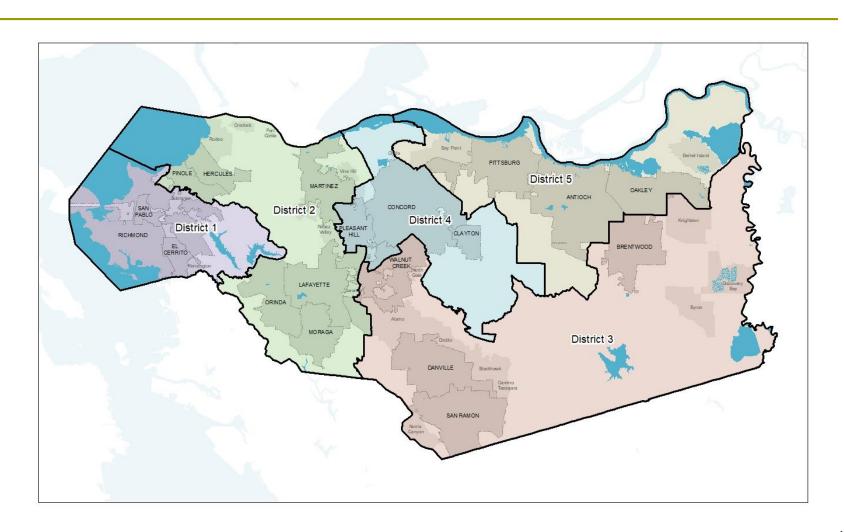

PURPOSE / MISSION

CONDUCT A TRANSPARENT REDISTRICTING PROCESS, PROVIDING EXCEPTIONAL PUBLIC ACCESS TO INFORMATION, LEADING TO ADOPTION OF THE REDISTRICTING ORDINANCE THAT COMPLIES WITH ALL APPLICABLE LAWS

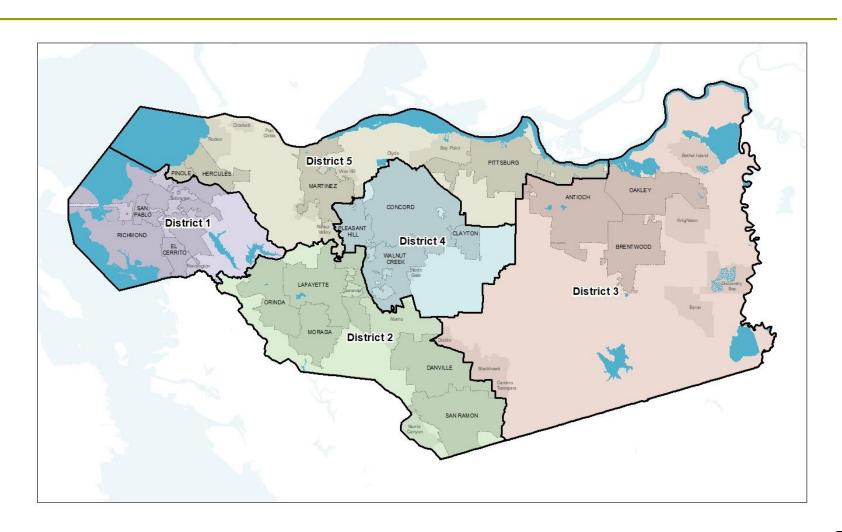

WHAT IS REDISTRICTING?

- Every ten years the Board of Supervisors redraws supervisorial district lines to account for population growth and shifts during last decade based on U.S. census data
- Redistricting is necessary to comply with Equal Protection Clause, 14th Amendment, U.S. Constitution, "one person, one vote"
- Board redistricting last occurred in 2011 (Ord. 2011-15)
- Official 2020 U.S. Census data must be used as basis for the Board's redistricting

2001 BOARD REDISTRICTING MAP

2011 BOARD REDISTRICTING MAP

GOVERNING LAW

- 14TH Amendment, Equal Protection Clause, U.S. Constitution – "one person, one vote"
- California Elections Code, Sections 21500-21509
- Voting Rights Act of 1965
- AB 849 and SB 1108

CALIFORNIA LAW MANDATORY REQUIREMENTS

- **Strict Time Limits** Elections Code section 21501 requires that the boundaries of the supervisorial districts shall be adopted by the board no later than December 15, 2021
- Before adopting a final map, the board shall hold at least four (4) Public Hearings
- One before draft maps are drawn
- At least two (2) after the maps are drawn
- At least one on a Saturday, Sunday or after 6:00 PM Monday through Friday
- Public Hearings at a fixed time regardless of other agenda items, but Board may first conclude any item being discussed

Changes to the Population Counted

State Prisoners

Inmates in facilities administered by the state Department of Corrections and Rehabilitation must be included among the population counted if they have a last known residence in Contra Costa County. It is expected that the Statewide Database Center will have that information available, but the State may need "an extra month" to provide the data.

Guidelines for Redistricting

- Population equality (deviation from the mean of not more than +/- 5% between districts)
- Compliance with Federal law
- Districts shall be contiguous
- Geographic integrity of neighborhoods shall be respected
- Geographic integrity of a city should be respected by the county
- District boundaries should be easily identifiable and understandable by residents
- Geographic compactness of populations
- At least Four (4) public Hearings with specific meeting requirements
- Specific timelines for adoption of a plan

POPULATION GROWTH

- Official 2020 U.S. Census data must be used as basis for the Board's redistricting
- The California Redistricting Database is responsible for redistricting data and will include incarcerated population reallocation numbers
- Census 2020 redistricting data was scheduled to be released by April 1, 2021 – however, the data will not be available until a later date.
- General growth trends over last decade suggest population growth in San Ramon and East County

PROPOSED WORK PROGRAM

- Guiding Principles / Criteria
- Data Analysis and Mapping
- Public Outreach
- Public Hearings and Ordinance Adoption
- Interdepartmental Leadership Group

GUIDING PRINCIPLES / CRITERIA

Using existing district boundaries as the starting point, Board will redraw district boundaries that to the extent possible:

- Achieve near equal population for each district – within +/- 5% between Districts
- Use easily identifiable geographic features and topography to achieve compact and contiguous district boundaries

GUIDING PRINCIPLES / CRITERIA - continued

- Maintain communities of interest in a single district and avoid splitting communities.
- Communities of interest may be defined by existing boundaries for
 - Cities
 - School Districts
 - Special Districts
 - Unincorporated communities

DATA ANALYSIS & MAPPING

- Existing Department of Conservation and Development (DCD) staffing and resources, including GIS mapping program, will be used to map district boundaries
- DCD will begin mapping district boundary alternatives, with an anticipated 3-6 map alternatives, when census data is available
- DCD will require 3-4 weeks to review new census data and geography and mapping of district boundary alternatives

PUBLIC OUTREACH

"insure transparent process, providing exceptional public access to information"

- Establish Redistricting webpage on County website as primary portal for public information/access with up-to-date information and ability for public to provide feedback and comments
- Subject to any modifications required by COVID 19 The County Administrator's Office and DCD will support virtual or in person County wide public workshops to provide background, present boundary changes, answer questions, and receive input
- Other outreach efforts will include: press releases, public notice in newspapers, CCTV, civic engagement and community groups active in the County as well as other strategies

INTERDEPARTMENTAL LEADERSHIP GROUP

DEPARTMENT	ROLE
County Administrator's Office	Facilitate the redistricting process, Provides oversight and, direction to DCD in the development of the maps and public outreach
Conservation & Development	Provides data analysis, prepares mapping, coordinates public outreach efforts (maintains website and prepares outreach material)
County Counsel	Provides legal advice and assistance to County staff
County Clerk-Recorders Office	Provides information and procedural guidance

PROPOSED TIMELINE/MILESTONES

Milestone: February 9, 2021

Board adopts work program

Milestone: March - June, 2021

Census Bureau scheduled release 2021 Census Redistricting Data with Summary File to states and local government agencies. **Release date uncertain due to COVID 19**

DCD staff reviews new geography, reviews data, and prepares draft maps. It will require a minimum of 3-4 weeks to complete this process.

Milestone: TBD

Board Public Hearing #1 Must be held before the Board draws a draft map or maps of the proposed supervisorial district boundaries

PROPOSED TIMELINE/MILESTONES - continued

Milestone: TBD

Board Public Hearing #2: Draft map alternatives (scenarios) and confirm public workshops/meetings. Draft map cannot be released to the public until at least three weeks after the Legislature makes block-level redistricting data publicly available

Milestone: One/two Week period TBD

Subject to COVID 19 restrictions, virtual or in person County wide Public workshops to review redistricting process, present map alternatives, and receive comments.

Milestone: TBD

<u>Board Public Hearing#3</u>:Redistricting Map Proposal(s)

PROPOSED TIMELINE/MILESTONES - continued

Milestone: TBD Board Public Hearing #4:

Redistricting Ordinance introduced

Milestone: TBD Redistricting Ordinance set for

adoption

Milestone: TBD

Milestones: December 15,2021

Statute of limitations to challenge adopted district boundaries expires (30 days after adoption)

Statutory deadline to complete redistricting (CA Elections Code section 21501) Not later than 174 days prior to the June 7, 2022 primary election. However, the Clerk-Recorder need to update their elections systems once the new maps are adopted, and has requested that they have the adopted maps by early Nov 2021.

A Year Like No Other...

2020 has been unprecedented. The year opened with CCHS fully engaged in efforts to enhance alignment throughout the county as part of the longrange Living Contra Costa strategic planning process. Just as that plan was about to be introduced, the pandemic hit, demanding an immediate and across-the-board response effort.

Fortunately, the outreach, planning and partnership work that was part of the strategic planning process provided a platform for a new and impressive level of integration and alignment. This allowed Health Services to respond rapidly and comprehensively, drawing on a deep reservoir of skills, resources and support from all county government and from the broader community, while strategically redeploying its staff in the areas of most critical need.

And while the pandemic has demanded enormous attention and staff time, it is impressive that this has all been done while maintaining and, in some cases, even enhancing, the essential health services that CCHS has always provided.

STATE AND LOCAL TOOLS

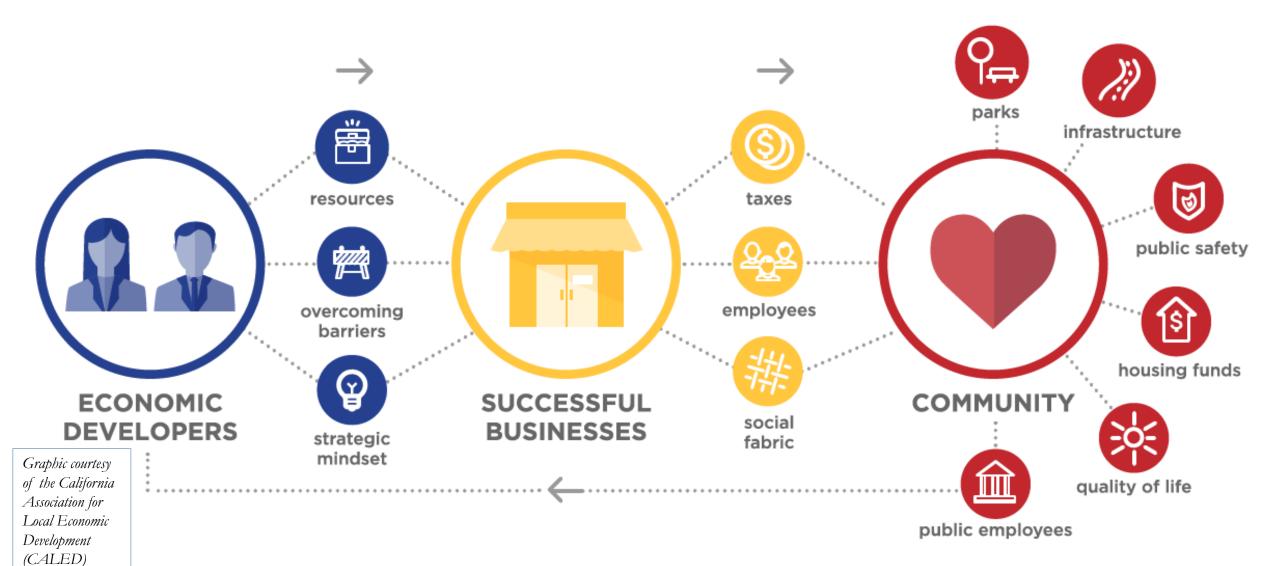

FOCUS ON NORTHERN WATERFRONT INITIATIVE

Why do economic development?

Local jurisdictions commonly use economic development programs to:

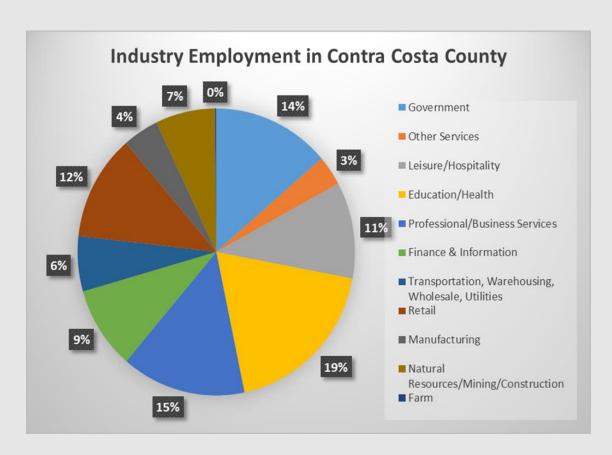

- Retain or attract industries that contribute to employment opportunities good fit for local demographics
- Foster community quality of life (restaurants, retail, "Main Street" ambiance)
- Facilitate more jobs at or above living wage to help meet policy goal of reversing jobs-housing imbalance
- Support other public services through increased tax-generating activity

Why Communities Invest in Economic Development

Fostering a range of business types that diversify the local tax base, keep our local economy strong, and celebrate our unique community fabric.

Employment is a Key Indicator in CCC

- Total of about 375,000 jobs (2019)
- Largest employment sectors: Education, health care, professional services, and government
- About 51% of Contra Costa jobs are held by residents; this share is dropping over time as more residents commute out
- About 57% of employed residents work in the county
- More than half of employed residents commute more than a half-hour to work

Statewide (post-redevelopment)

- EIFD (new financing program for locals aka "redevelopment-lite")
- Some housing grant programs have an ancillary economic development benefit (Infill Infrastructure Grant, etc.)
- State financing programs of general interest, varying from very competitive to hard to access (loan guarantees, CA Competes, etc.)
- State tax credits for certain types of hiring, equipment purchases
- State programs for energy efficient or greenhouse gas reducing innovations, companies, etc.
- Local taxes or fees may be imposed in accordance with state law, such as Business Improvement Districts or Tourism Business Improvement Districts, dedicated to business support

Contra Costa County's unique assets

- County-owned land Successor Agency, airports, other public real estate
- Occasional special opportunities such as annexation tax sharing agreements, community benefit agreements. Not retail-dependent.
- Many departments play a role in economic development goals, incl.
 CAO, EHSD/Workforce Development Board, Treasurer-Tax Collector,
 Public Works, DCD
- Strong homegrown collaborative partners, incl. but not limited to East Bay Leadership Council/Contra Costa Economic Partnership, City chambers and visitors bureaus, community college district
- Tradition of cities and counties working closely on common development goals
- Northern Waterfront Economic Development Initiative...

NORTHERN WATERFRONT ECONOMIC DEVELOPMENT INITIATIVE TM

Seven cities and the County coming together, 2013 through today

At one time, this region was the industrial heart of the entire Bay Area – the Bay/Delta served as raw material, disposal system, and transportation corridor.

Many economic cycles later, we have some very strong legacy industrial businesses, some obsolete buildings or vacant sites, and a growing need to give our residents workplaces closer to home.

Strategic advantage: location!

Partnership in Action

- 60 mile corridor between Highway 4 and the Delta, from Hercules to Brentwood
- All seven cities on Hwy 4 are partners via joint MOU based on goals in Strategic Action Plan
- Long-term collaborative of partners working to retain and expand jobs in the region and address the jobs-housing imbalance – use counter-commute capacity
- County has been primary funder and staffer for Initiative, with mainly General Fund annual support
- Planning documents based on industry clusters strategies include incubators, marketing, workforce connections and much more – partners select from "menu" to work on projects jointly
- Convene Q1-2021 with city partners to determine new priority projects given new realities
- Adjust strategies to reflect current economic opportunities

Examples of Wins by Northern Waterfront Initiative Partners

- Vortex Marine move to Antioch; Bombardier move to Pittsburg
- FutureBuild \$200,000 EPA training grant in Pittsburg; additional EPA cleanup grants
- Electrical vehicle readiness workforce training grant
- EDA grant for short-line rail feasibility study in Antioch-CCC-Oakley
- Northern Waterfront's Conceptual Framework report by Emerald HPC led to non-profit job/life skills organizations seeking space in East County to start operations
- Four areas designated as Priority Production Areas by ABAG-MTC in pilot program
- Strategic Action Plan received award from California Planning Association for economic development planning
- 2019 Forum brought together stakeholders from the entire corridor

Looking Ahead: Economic Development Considerations

- Pandemic short-term impact on business mix and resident employee mix in the county and the Bay
 Area
- o 6.8% unemployment in Nov. 2020 (up from 3.1% in Feb. 2020 but down from 13% over the summer)
- Pandemic long-term impact on remote work options potential to decentralize traditional employment centers like "Silicon Valley"
- o Competing pressures to use public land for affordable housing from both regional and state levels
- Ongoing pandemic affecting business conditions locally and nationally changes still unfolding, including evaluating temporary relief programs like Workforce's business hotline and CDBG microenterprise assistance

Looking Ahead: Economic Development Considerations

- Even pre-COVID, retail evolution underway more experiences, more last-mile/delivery options, more online shopping
