Bike Facility Toolbox

Class III - Bike Route

Class II - Bike Lane

Low-stress facilities

Class IV - Separated Bike Lane

Class IIIB - Bike Boulevard

Class IIB - Buffered Bike Lane

Class I - Shared-Use Path

Active Transportation Plan

Project Goals

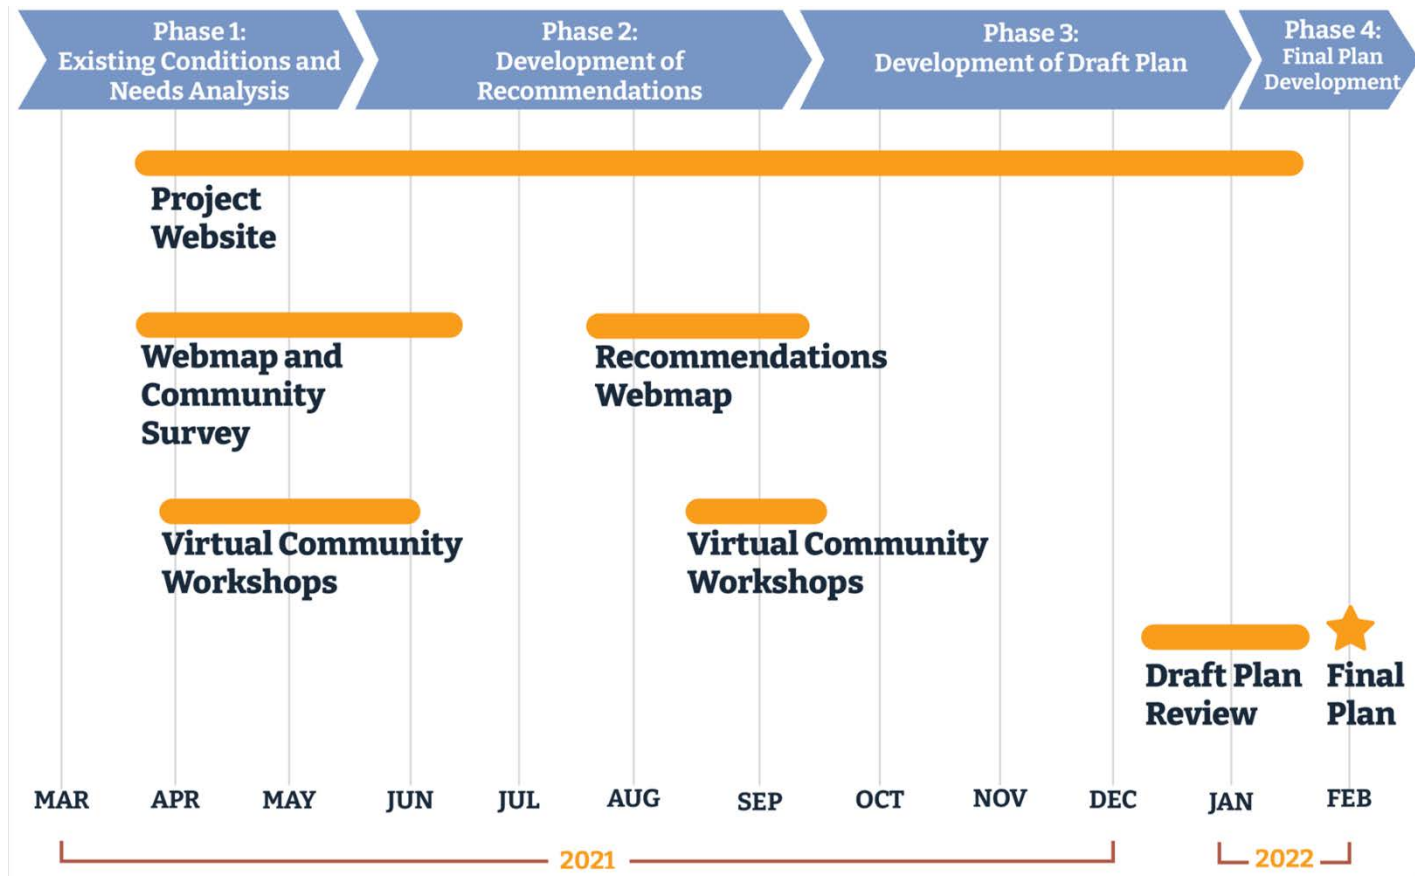

- Encourage active forms of transportation.
- Lower Greenhouse Gas Emissions
- Increase multi-modal access and connectivity.

- Create a project prioritization list based on factors such as community feedback, ease of implementation, benefit to impacted communities and public facilities, and overlap with a travel demand model.

Active Transportation Plan Project Timeline

Active Transportation Plan Public Outreach

- Phase 1 – Listening Phase
 - Community workshops
 - Stakeholder meetings
 - Online survey
 - Interactive Webmap

Active Transportation Plan

Public Outreach

Three stakeholder meetings were held with community groups and partner agencies

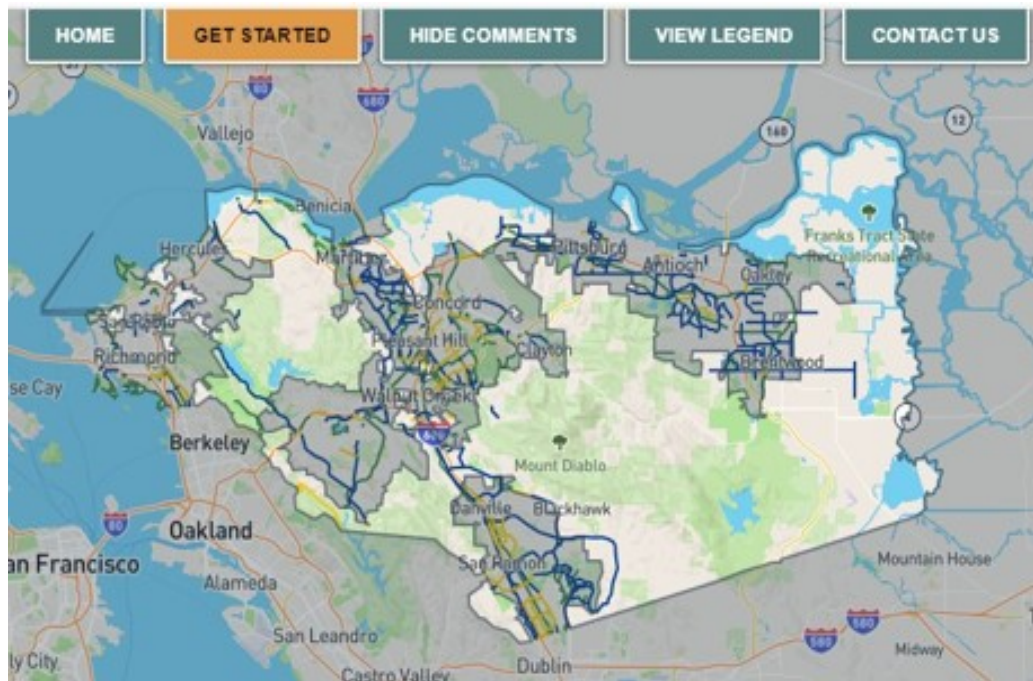

- Partner government agencies (County departments, cities, transit agencies)
- Walking, biking, youth, and senior advocacy groups, municipal advisory councils, and County commissions and committees
- School districts, colleges, and university
