Qualifications and Volunteer Experience

Please explain why you would like to serve on this particular board, committee, or commission.

As a local pilot, I feel that there are many ways to contribute to the aviation community. One way to have an impact is to influence the direction of the airport and its relationship with the community. I've had some experience with this in a past position, and would like to bring my interest and experience to KCCR. I am a tenant of KCCR and an airplane owner. I believe that as a member for the Aviation Advisory Committee and the Airport Land Use Committee, I can best promote and protect the interests of the local airports, the local aviation community, and myself.

Describe your qualifications for this appointment. (NOTE: you may also include a copy of your resume with this application)

I have had a long term passion for aviation most of my life. This has manifested itself in a number of ways: as a line boy and student pilot in high school, a security inspector with TSA, training for a career in aviation after leaving high tech following the dot com crash (culminating in commercial and instructor certificates), a safety and security manager at one of the largest flight schools in the U.S., FFAST Team representative, and as an owner of aircraft. This allowed me to interact with the local airport authority (KSFB), the FAA (FSDO 15 and KSFB tower), and the pilot community in less common ways. I have attended security meetings--both public and restricted--and sat in on airport advisory committee meetings at another airport. I have attended AAC meetings locally and I plan to continue to do so as much as possible. I also will be attending Airport Land Use committees meetings as I am able.

I have a regular M-F, 8-5 job. However, I can be very flexible with my time. I do not see any significant obstacles that will prevent me from attending the monthly meetings. Potentially, that might require me to attend remotely/virtually instead of in person.
