Education/background information:

My name is Martha Nieto, I am from Guadalajara Mexico. I am a mother of six children and a grandmother of four grandchildren. I am a person who believes that we all have a purpose in life. I also believe that for that we must participate helping and supporting projects in the community. I believe a lot in supporting and empowering parents to advocate for the education of children.

I started working in the North Richmond community at Catholic Charities for 9 years ago. During this time, I was supporting women to train them with leadership classes. During the leadership classes, the women received different workshops for self-esteem and classes such as parent university in order to have different tools and knowledge to advocate for children's education. Today I am working for eight years in the school district as a community worker at Verde School. During this time I have been supporting parents so that they can have a relationship with the teachers in the school and also with the principal. I strongly believe that the relationship between parents and teachers is always win for the children. That's why my job is to support and create events so that parents feel like we are a family.

Occupation / Employer:

My occupation is to be the Bridge between parents and teachers. I want to work so that parents know their rights and can identify a quality education.
