

THE BOARD OF SUPERVISORS OF CONTRA COSTA COUNTY, CALIFORNIA
and for Special Districts, Agencies and Authorities Governed by the Board

Adopted this Resolution on 06/07/2022 by the following vote:

AYE:

NO:

ABSENT:

ABSTAIN:

RECUSE:

Resolution No. 2022/200

In The Matter Of: Confirmation of Stormwater Utility Assessments for Fiscal Year 2022–2023, for Stormwater Utility Areas No. 1 through 18, Countywide. Project No. 4500-6X7041

The Board of Supervisors of Contra Costa County, as the Governing Body of the Contra Costa County Flood Control and Water Conservation District, RESOLVES THAT;

The Contra Costa County Flood Control and Water Conservation District Act, hereinafter referred to as Act, provides authority for said Governing Body to establish Stormwater Utility Areas (SUAs) and adopt ordinances and resolutions for Stormwater Utility Assessments; and

This Board on June 22, 1993, established SUAs 1 (Antioch), 2 (Clayton), 3 (Concord), 4 (Danville), 5 (El Cerrito), 6 (Hercules), 7 (Lafayette), 8 (Martinez), 9 (Moraga), 10 (Orinda), 11 (Pinole), 12 (Pittsburg), 13 (Pleasant Hill), 14 (San Pablo), 15 (San Ramon), 16 (Walnut Creek), 17 (Unincorporated County), and on May 9, 2000, established SUA 18 (Oakley). These areas consist of that real property located in the incorporated limits of the cities indicated and the unincorporated Contra Costa County; and

On May 10, 2022, this Board directed the Clerk of the Board to fix a public hearing to consider adoption of Stormwater Utility Assessments for Fiscal Year 2022–2023, for SUAs No. 1 through No. 18; and

On June 7, 2022, pursuant to the Board’s Resolution of May 10, 2022, this Board held a hearing to consider the proposed Stormwater Utility Assessments, and at that time, all written and oral objections presented concerning the proposed Stormwater Utility Assessments for Fiscal Year 2022–2023 were considered; and

It appears from the attestation of publication on file with the Clerk of the Board that all notices required to be given for such a hearing have been duly and regularly given and all procedures to be followed have been followed, all in accordance with Sections 11 and 12.8 of the Act and in accordance with the provisions of the Board’s Resolution of May 10, 2022; and

This Board has received copies of resolutions approved by a majority of the members of the city councils, town councils, and Board of Supervisors representing the geographic areas of SUAs No. 1 through No. 18, and said resolutions request that this Board adopt the annual assessment rate denoted herein for their jurisdiction for Fiscal Year 2022–2023.

This Board found that the adoption of SUAs and adjustments based on equivalent runoff units is not subject to the California Environmental Quality Act (CEQA) pursuant to Article 5, Section 15061(b)(3) of the CEQA guidelines on June 13, 1995. A Notice of Exemption was filed on June 14, 1995.

This Board FINDS that the proposed assessment rate for each SUA does not exceed the maximum annual assessment rate established for the area; and

This Board, in accordance with Ordinance No. 93-47, CONFIRMS by this resolution annual assessments for Fiscal Year 2022–2023 within SUA No. 1 through No. 18 based on the following rates per ERU for each area.

The SUA and Assessment Rate per Equivalent Runoff Unit: SUA No. 1, Antioch–\$25.00; SUA No. 2, Clayton–\$29.00; SUA No. 3, Concord–\$35.00; SUA No. 4, Danville–\$30.00; SUA No. 5, El Cerrito–\$38.00; SUA No. 6, Hercules–\$35.00; SUA No. 7, Lafayette–\$35.00; SUA No. 8, Martinez–\$30.00; SUA No. 9, Moraga–\$35.00; SUA No. 10, Orinda–\$35.00; SUA No. 11, Pinole–\$35.00; SUA No. 12, Pittsburg–\$30.00; SUA No. 13, Pleasant Hill–\$30.00; SUA No. 14, San Pablo–\$45.00; SUA No. 15, San Ramon–\$35.00; SUA No. 16, Walnut Creek–\$35.00; SUA No. 17, Unincorporated County–\$30.00; and SUA No. 18, Oakley–\$30.00.

This Board hereby DIRECTS the Chief Engineer, Flood Control and Water Conservation District, or designee, to file with the County Assessor and the County Auditor-Controller a list of the parcels subject to the assessment levied for Fiscal Year 2022–2023; and

This Board hereby further DIRECTS the Chief Engineer, Flood Control and Water Conservation District, or designee, to file with the County Assessor and the County Auditor-Controller a certified copy of this resolution.

I hereby certify that this is a true and correct copy of an action taken and entered on the minutes of the Board of Supervisors on the date shown.

ATTESTED: June 7, 2022

Monica Nino, County Administrator and Clerk of the Board of Supervisors
