

Committee Name: MEC

Meeting Date: 8/15/2022

Issue Name: Proctoring Low Volume Consultants including but not limited to: Neonatologists, Adult/Pediatric Cardiologists, Perinatologists etc.		Presenter(s): Ogo Mbanugo, MD, Chair, Credential Committee			
Situation: <i>Why is this on the agenda?</i>		FPPE/Proctoring new Medical Staff is a TJC requirement			
Background: <i>History of the issue.</i>					
Assessment:		Proctoring Guidelines need to be amended to clarify FPPE/proctoring of Low volume consultants.			
Recommendation: FPPE/Proctoring requirements for applicants who are low/no volume practitioners as listed above, will be fulfilled by requesting clinical activity log(documentation) and proctoring summary from their primary hospital, as well as obtaining professional reference from a peer who works with the applicant and is able to assess their clinical competence.					
Who		What		When	
Approved by Credential Committee 7/2022.
