Activities and Accomplishments

The primary goals of the Bethel Island MAC in 2022 were to increase community awareness and participation at the monthly MAC meetings and to represent the community's interests, concerns and voice for the Board of Supervisors.

The MAC's activities and efforts have resulted in improvements and changes in 2022:

- A successful Community Clean-Up Day was held October 8, 2022. Mount Diablo Resource Recovery donated dumpster bins and staff time for the event and Bethel Island Municipal Improvement District provided the location and staff resources to make the event run smoothly. The community cleanup was free of charge to all rate paying Bethel Island residents.
- Continuing to work on projects for the community with the PG&E Mitigation Funds.
- Continuing to promote and expand the Heart Safe Communities program.
- Continuing to work with the Sheriff's Department, East Contra Costa Fire Protection District and California Highway Patrol on safety concerns within the Bethel Island community.

The MAC receives monthly reports from the following agencies:

- California Highway Patrol – Officer Donnie Thomas
- Contra Costa Sheriff's Department – Lt. Mark Johnson
- East Contra Costa Fire Protection District – Battalion Chief, Ross Macumber and Director Stephen Smith reported until June 2022

Bethel Island MAC
2022 Annual Report and 2023 Work Plan
