Fire Chief's October
Report

CONTRA COSTA COUNTY FIRE PROTECTION DISTRICT

November 8, 2022

TO: Board of Directors

FROM: Lewis T. Broschard III, Fire Chief

RE: Fire Chief's Report

- Contra Costa Regional Fire Communications Center Accreditation Update. Late last month, the International Academies of Emergency Dispatch® conveyed to the CCRFCC that it has been approved as an Emergency Medical Dispatch Center of Excellence. The CCRFCC now has the distinguished honor of being the 311th Emergency Medical Dispatch Accredited Center in the world. Accreditation is the highest distinction given to emergency communication centers, exemplifying our staff and communities' commitment to rigorous quality processes and continuous improvement. This tremendous accomplishment comes as a result of long and hard work by our entire Communications Division staff, most particularly our skilled and professional dispatchers. We expect this recognition to allow us to provide enhancements to our emergency ambulance deployment resulting in improved resource reliability to the public.
- 
- Operations Update. In spite of the welcome reprieve from more typical fire weather, fall has been an exceptionally busy period for firefighters with 142 multi-unit responses in September alone. These included 14 working residential structure fires, three working commercial fires, and 17 major vehicle accidents that required rescue.
 - Fire Weather Update. Fall weather has been favorable with brief early rains and generally lower temperatures and humidity than typically experienced this time of year. The result has been fewer and less dangerous vegetation fires than in recent years. Fuel moistures, however, remain exceptionally low, and a return to seasonally normal temperatures could quickly raise fire danger. We continue to monitor weather conditions day-by-day with an eye toward reducing seasonal vegetation fire responses when warranted. On November 1, we reduced our seasonal dozer and hand crew staffing back to winter staffing.
 - Hazmat Update. Hazmat program training tempo has been high this fall as we work to maintain full staffing for this critically important program. Several firefighters completed their initial hazmat training program late last month. Additionally, six current program members participated in an FBI/Cal OES weapons of mass

destruction training in Monterey. The instruction included one day of classroom instruction by the FBI followed by a day of possible real-world scenarios. An additional 30 Con Fire Hazmat program members participated in a local WMD training at our training campus in Concord.

- Marine Program Update. Our District's extensive coastline, along with many inland waterways, both natural and manmade, present numerous waterborne risks we seek to mitigate with our marine and water rescue programs. Last month, 24 of our marine program boat operators trained in-house with National Association of State Boating Law Administrators (NASBLA) instructors to hone skills and bolster staffing ahead of a possible reassignment of fire boat resources to the eastern portion of the District. We also trained four additional members for our swift water rescue program at a two-day course of instruction in Colma.
- Paramedic Program Update. An industry-wide challenge, paramedics remain in short supply requiring constant attention and creativity in attracting, training, and retaining these skilled medical professionals who undergird our ability to provide Advanced Life Support EMS Districtwide. As a result of our ongoing efforts, two firefighters completed their year-long training process recently and are awaiting accreditation. Our numerous efforts in this regard this fall also included sponsoring an additional eight firefighters in a paramedic training program being managed by an outside vendor, and hiring another vendor to work with us to explore providing paramedic training in-house.
- Fire Prevention Update. The District attended the Antioch BIG Truck event last month with Dozer 220 and hauler, Hazmat 86, a Type 6 wildland fire engine and one of our brand new Rivian 4x4 electric vehicle pickup trucks – the first electric all-wheel drive vehicles in the county and the first such vehicle delivered to a first responder agency anywhere. Our two Rivian trucks have been assigned support roles in the Fire Prevention Bureau and our Training Division where their potential for further fire service deployment is being evaluated. This fall, the two EVs will be outfitted for emergency response and incident command functionality including fire markings, radios, and lights and siren.
- Measure X-funded Wildfire Hardening Program for Residents Update. The Fire Prevention Bureau continues to work with Crew 12 to assign Measure X-funded wildfire mitigation projects throughout the county. As Crew 12 transitions its primary focus to mitigation work later this month, a web-based tool has been established on the Con Fire webpage for residents to request community mitigation projects. We are requesting that applicants work with their

local fire department for support and recommendations before applying. Current mitigation work includes shaded fuel breaks, community chipping days, evacuation route cleanups, fire trail clearances, fuel reduction, assistance with Firewise projects, and dead tree removal in common areas.

- Pinole Contract for Fire Protection Services. The contracts were approved and executed by the City and District with the LAFCO application submitted for the November 9 LAFCO meeting. We anticipate approval from LAFCO at this meeting with an anticipated operational effective date of March 1, 2023.

Construction Project
Update

CONTRA COSTA COUNTY FIRE PROTECTION DISTRICT

November 8, 2022

TO: Board of Directors

FROM: Aaron J. McAlister, Deputy Fire Chief

RE: Update on Fire Station Construction Projects

- **Fire Station 54 – Downtown Brentwood**

Demolition of the former downtown station is now complete. Staff remains in the investigation phase of a lot line adjustment on both sides of the project. Making modifications to the lot line on both sides would increase the functionality of the fire station.

- **Contra Costa Regional Fire Communications Center (CCR FCC) – Pleasant Hill**

The architect is now developing full buildable plans for the remodel of the communications center. The goal is to go out to bid in spring 2023.

- **Fire Station 51 – Brentwood**

Surveying of the site has been completed. We will soon begin the environmental assessments leading us to CEQA compliance. As there are \$1.5 Million in federal funds involved in this project, staff recently met with HUD to ensure we are in full compliance with HUD NEPA in order to meet federal environmental requirements.

This facility will be located at Empire and Grant in Brentwood. In addition to a fire station, a branch office for the Fire Prevention Division will be located on this site. Meetings with the architect are ongoing as we refine the layout and needs of the facility. This project is being completed using the design build delivery method.

- **Fire Station 9 – Pacheco**

All environmental documents have been packaged and sent to the FAA for review and consideration of the non-aviation use of the proposed site. We expect to hear back from the FAA in January 2023.

Fire District staff continue to work with other County staff to identify long-term solutions to drainage and permitting requirements that must be solved in order to advance the project further. If these challenges are not solved in the next quarter, the Fire District may be forced to consider alternative sites.

Subject: Advisory Fire Commission of the Contra Costa County Fire Protection District Bylaws Modification

RECOMMENDATION(S):

APPROVE the revised bylaws of the Advisory Fire Commission of the Contra Costa County Fire Protection District to clarify the creation of committees as deemed necessary by the Commission Chair. (No fiscal impact).

FISCAL IMPACT:

No fiscal impact.

BACKGROUND:

In 1995, the Board of Supervisors adopted Resolution No. 95/475 delegating a broad range of its board of directors functions and responsibilities to advisory fire commissions of the, then, six dependent fire protection districts within the county. Through consolidation and dissolution, only two of the six county fire districts remain: Contra Costa and Crockett-Carquinez. In 1999, the Board adopted Resolution No. 99/138 updating the delegation of powers to the Contra Costa County Fire Protection District (CCCYPD) Advisory Fire Commission.

On July 12, 2022, following the annexation of East Contra Costa Fire Protection District (ECCYPD) to the CCCYPD, the Board of Directors adopted Resolution 2022/9, which updated the CCCYPD Advisory Fire Commission role and responsibilities to provide clarity and proper focus of the Commission's time and energy towards duties that will complement rather than duplicate the functions of the Board of Directors. The Board adopted the following revised delegation of duties to the AFC as reconstituted pursuant to the annexation agreement: "The functions of the fire commissioners are to review the goals and objectives of the District; provide liaison with the community, and provide advice and information on fire protection matters to the Board of Directors. This Board hereby delegates to the CCCYPD Advisory Fire Commission the following powers and responsibilities:

- a. Pursuant to district ordinance, to serve as the Appeals Board on weed abatement matters;
- b. To review and make recommendations on Fire District goals and objectives;
- c. To provide advice and information to the Board of Directors on fire protection matters as needed;
- d. To serve as liaison between the Board of Directors and the community served by the district;
- e. To perform such other duties and responsibilities as may be assigned and as directed by the Board of Directors."

Authority for establishing a county fire commission is established by California Health and Safety Code Section 13844.

The functions of the Advisory Fire Commission were revised by Resolution No. 2022/9, which supersedes Resolution No. 99/138, to the extent the two resolutions conflict.

“District” shall mean the Contra Costa County Fire Protection District.

“District Administration Office” shall mean the Contra Costa County Fire Protection District Administrative Office, located at 4005 Port Chicago Highway, Suite 250, Concord, CA 94520.

**Article IV
Purpose and Duties**

The functions of the fire commissioners are to review the goals and objectives of the District; provide liaison with the community, and provide advice and information on fire protection matters to the Board of Supervisors. This Board hereby delegates to the CCCFPD Advisory Fire Commission the following powers and responsibilities:

1. Pursuant to district ordinance, to serve as the Appeals Board on weed abatement matters;
2. To review and make recommendations on Fire District goals and objectives;
3. To provide advice and information to the Board of Directors on fire protection matters as needed;
4. To serve as liaison between the Board of Directors and the community served by the district; and
5. To perform such other duties and responsibilities as may be assigned and as directed by the Board of Directors.

The Advisory Fire Commission shall make its recommendations directly to the Fire Chief, the Board of Supervisors, and such other bodies or administrators as may be designated from time to time.

Article V **Membership**

A. Members

The Commission shall consist of seven (7) voting members and three (3) alternate members appointed by the Board.

2. Alternate Members

In addition to the seven (7) voting members, the Commission shall have three (3) alternate members who shall be nominated and appointed in the same manner as Community members. Alternate members shall fully participate in the regular or special meetings but not vote unless they are replacing an absent seated member who is unable to participate at a meeting. Alternate members may replace any absent seated member and shall do so on a rotating basis.

B. Terms

All members of the Commission shall be appointed for a term of four years. Terms are

staggered. Members serve at the pleasure of the Board.

C. Vacancies

The Chair shall preside over all meetings of the Commission. The Chair shall appoint committees as may be needed from time to time for special projects or programs. The Chair shall report unscheduled vacancies immediately to the Board. The Chair shall perform other such duties as they pertain to the office of Chair.

The Vice Chair shall preside at all meetings in the absence of the Chair or at any other time when so requested by the Chair and perform other such duties as directed by the Chair.

To: Contra Costa County Fire Protection District Board of Directors
From: Lewis T. Broschard III, Chief, Contra Costa Fire Protection District
Date: November 8, 2022

Subject: Automatic Aid Agreement for Exchange of Fire Protection Services

RECOMMENDATION(S):

APPROVE and AUTHORIZE the Fire Chief, or designee, to execute an Automatic Aid Agreement for Exchange of Fire Protection Services with the San Ramon Valley Fire Protection District.

FISCAL IMPACT:

No fiscal impact. This is a resource-sharing agreement between the two fire districts. There are no direct associated costs.

BACKGROUND:

The Contra Costa County Fire Protection District (District) and the San Ramon Valley Fire Protection District (SRV) have agreed that they want to share resources from the District's Fire Station 4 and SRV's Fire Station 32 for response to structural and wildland fire incidents in the service areas adjacent to those fire stations. The districts have determined that this arrangement will increase the reliability of assigning the closest resources to high priority incidents in these service areas.

CONSEQUENCE OF NEGATIVE ACTION:

If this action is not approved, both fire districts will be unable to effectively decrease the time it takes to assemble an adequate fire fighting force to respond to high priority incidents in the affected service areas.

Subject: Add Positions Pursuant to Fire Protection Services Agreement with the City of Pinole

RECOMMENDATION(S):

ADOPT Position Adjustment Resolution No. 26063 to add 16 positions as listed in Attachment A pursuant to the Agreement between the Contra Costa County Fire Protection District and the City of Pinole for Fire Protection Services effective January 1, 2023.

FISCAL IMPACT:

The fiscal impact to the Contra Costa County Fire Protection District ("District") is intended to be cost neutral. Per the terms of the Agreement between the District and the City of Pinole for Fire Protection Services ("Agreement"), fire services provided by the District to the City of Pinole ("City") will be reimbursed by the City less a Measure X allocation from the County. The total first full fiscal year reimbursement to the District is anticipated to be approximately \$7.5 million with approximately \$5.5 million being paid by the City and \$2 million paid from Measure X funds. On September 20, 2022, the Board of Supervisors approved resolution 2022/332, allocating Measure X funds of \$2 million annually through fiscal year 2027-28 with an annual escalator not to exceed 4%. While the Agreement is effective January 1, 2023, the current target date for the District to begin staffing Fire Stations 73 and 74 is March 1, 2023, so current fiscal year staffing costs have been prorated accordingly.

BACKGROUND:

On October 11, 2022, the District Board of Directors approved an Agreement, effective January 1, 2023, between the District and the City for the provision of fire protection services by the District within the City boundary. The Agreement provides that the District will staff two fire stations located in the City with the minimum of a three-person engine company, and there are three shifts (A-B-C) per fire station that must be staffed for 24-hour coverage. Additionally, the Agreement provides that some or all of the fire suppression personnel currently employed by the City may elect to leave City employment to become District employees.

This action adds 16 positions, as listed in Attachment A, within the District to be filled by currently employed City fire suppression personnel. The Agreement is effective January 1, 2023, but the anticipated appointment date of these employees is March 1, 2023.

CONSEQUENCE OF NEGATIVE ACTION:

The positions necessary to hire existing City fire suppression personnel would not be added. This would result in the District not being in compliance with the terms of the Agreement.
