(400 word maximum) ***

I have dedicated the last 15 plus years of my career working with low income families and individuals. Most of whom have experienced homelessness in one capacity or another. I have spent my career connecting folks, to tax services, food pantries, work services, community resources and now basic financial management skills. I have learned that each person experiencing homelessness has their own unique set of challenges and barriers that must be addressed with compassion and trauma informed care. I have longed to serve in capacity to help foster communication between organizations serving the population and help create humane and holistic programs to help clients change their lives. I believe the solution to homelessness is varied and wide and organizations must collaborate for best success. Having worked with various organizations that all provided a piece of the solution, I can provide a unique perspective in collaborative work. I also bring to the table work with Sparkpoint career, credit and financial coaching. One additional way to provide tangible services to guide those in search of housing. I am eager to be a bigger part of the solution in our community, in bringing care and compassion to serving this vulnerable community.

3. **Please identify your personal connections with homelessness by selecting one of the options below: ***

- ☐ I am a person currently experiencing homelessness and living in a shelter or location not meant for human habitation (e.g., in a tent).
- ☐ I am a person who experienced homelessness within the past 5 years but is currently housed.
- ☐ I am a person who experienced homelessness more than 5 years ago but is currently housed.
- ☐ I am a family member of someone who has experienced homelessness
- ☒ I am none of the above but still invested in addressing homelessness in Contra Costa County.
- ☐ I would prefer not to respond

4. **Individuals experiencing homelessness in Contra Costa County come from diverse backgrounds (in terms of abilities, ages, sexual and gender identities, immigration statuses, and racial, ethnic, and cultural backgrounds). Please describe your approach and experience working with and in diverse populations. (400 words maximum) ***

Personal convictions and experiences have taught me approach people with compassion, empathy, realism and objectivity. I work hard to build relationships, leaning in with curiosity to learn about their experiences and situations. I believe most people have a good idea of what needs to be done, but societal trauma can paralyze their capacity for organized thought and follow through. I look to honor and strengthen their agency in resolving their challenges.

I have worked with people internationally and locally. Working with agencies in other countries to help lift communities out of poverty. Empowering them to use their own resources to strengthen their families and communities. I have worked locally with people from all walks of life and continue to learn from them so that I may better understand them and walk with them in their journey.

5. **Please describe your affiliations with organizations or agencies who serve various homeless subpopulations such as: persons with chronic substance abuse issues, persons with serious mental illness, persons experiencing chronic homelessness, persons with HIV/AIDS, veterans, families with children, unaccompanied youth, victims of domestic violence, dating violence, sexual assault, and stalking, and seniors. (400 word maximum) ***

I have worked with a variety of agencies in my 15+ year career. I have had the honor to work with many organizations that served these subpopulations. I have worked with food pantries, food banks, senior centers, domestic violence shelters, veterans and several homes for recovery. I strive to build relationships with my partners in order to best understand the services they provide. Using this knowledge to close gaps in services provided. It is my belief that the more I know and gain and the better relationships I can build the better I can empower the folks I am serving.

6. **If applicable, please describe your affiliations with any government and community-based organizations that are not currently represented on the Council on Homelessness. For a full list of current Council on Homelessness members, please see here: <https://cchealth.org/h3/coc/council.php#Members> . (400 word maximum) ***

I currently work for Brighter Beginnings, collaborating with Spark Point. I also am working closely with the faith base community serving on the leadership of my church Edgewater Covenant Church.

7. **Using your personal experiences and/or professional experiences, please describe up to three (3) ways you would encourage the Contra Costa Continuum of Care to address or set priorities for addressing homelessness. Feel free to draw from current events and other sources of information. (400 word maximum) ***

When I worked for the Sacramento Coalition for Working families, I had the opportunity to help grow the coalition beyond what they had originally set. We worked to come up with new tangible ways to serve the community by collaborating and sharing resources. We made sure to set SMART goals making we were evaluating our progress as we evolved. When I worked with the Food Bank in Alameda, I worked with pantries, creating new coalitions where none existed. We then did some work on Trauma informed care and what at the time was cultural sensitivity training. Leading organizations and their volunteers to better serve the populations that utilized their services. It is my dream to work on the whole community collaborating on small steps to tangibly provide resources to the community. Increase educational opportunities to work with individuals and families in a comprehensive way, without removing their own abilities to be apart of the solution.

8. Please state how many Continuum of Care (CoC), Council on Homelessness (CoH), or Youth Advisory Council (YAC) meetings you have previously attended. *

- ☐ 1-2 meetings
- ☒ 0 meetings

9. Please provide up to three (3) recommendations or thoughts you had from CoC, CoH, or YAC meetings. If you have not attended a CoC, CoH, or YAC meetings, please briefly describe any recent relevant participation in similar meetings and your recommendations or thoughts. (400 word maximum) *

I have only been to one meeting so far. I am captivated by the holistic approach in serving people. In that one meeting my recommendation would be to brainstorm how to connect organizations to collaboratively in addressing full situations for people facing homelessness. The people we work with interact with multiple agencies and organizations. Open collaboration between organizations, businesses, and faith community will help us see how we all intersect in providing care and resources. We cannot narrow down people to the one thing we do, this relationship building within agencies When there is an absence of connection of services it tends to compartmentalize people instead of honoring the person and all the parts of their experience.

10. The Council is committed to the Housing First approach (meaning no barriers or requirements as a prerequisite to housing, including sobriety, religious affiliation, or other structure not required for housing) and has established this Guiding Principle: *Homelessness is first a housing issue, and necessary supports and services are critical to help people remain housed. I have worked with people all over the world. I spent 11 years in a country not my own, had to learn to assimilate or think outside the box in order to thrive. These experiences led me to rely on relationship building and leaning into peoples shared and different experiences, allowing me to make outside of the box connections.
