I. Activities

(estimated response length: 1/2 page)

Describe the activities for the past year including areas of study, work, special events, collaborations, etc.

We had two major projects during the past year.

1. The purchase of new FLOCK Cameras that will replace our our existing cameras.
2. We started to explore the possibility of expanding our boundries for P2B. If successful the new fee revenue will help to pay for our new cameras and keep our budget in a positive position.

Special Events over the last year:

Alamo Tree Lighting (Held on November 28, 2021)

Three Summer Concerts July 1, 15, 29 2022

Autos of Alamo September 15, 2022

II. Accomplishments

(estimated response length: 1/2 page)

Describe the accomplishments for the past year, particularly in reference to your work plan and objectives.

1. Purchase of the FLOCK cameras.

III. Attendance/Representation

(estimated response length: 1/4 page)

Describe your membership in terms of seat vacancies, diversity, level of participation, and frequency of achieving a quorum at meetings.

Currently we have 7 members on our committee, under current policy we have room for two additional members and two alternate members. We have five men and two women, our diversity matches our service area. Of the seven members participation is very good. We may have some attendance problems if we went back to nine members. Two alternates would be a good idea to have as we move forward. We took the month of August off and due to a special commitment on my part we did not have quorum at our September meeting, otherwise we met quorum ten times last year.

IV. Training/Certification

(estimated response length: 1/4 page)

Describe any training that was provided or conducted, and any certifications received, either as a requirement or done on an elective basis by members. NOTE: Please forward copies of any training certifications to the Clerk of the Board.

I was not aware of any training that was available to our board members.

I will check with Cameron Collins in regards of any training we need to complete.

V. Proposed Work Plan/Objectives for Next Year

(estimated response length: 1/2 page)

Describe the advisory body's workplan, including specific objectives to be achieved in the upcoming year.

Over all our work plan evolves around being responsive to community needs and a supporting role in advising our Supervisor and Sherriff.

We hope to extend P2B boundaries in two areas that were not a part of Alamo when P2B was created.

The Northwest area was a part of unincorporated Walnut Creek and the Eastern Area past Roundhill Country Club was a part of unincorporated Danville.

These two areas are now part of Alamo and share our commercial area as well as or special events we have throughout the year.

When annexed by P2B they will not pay the property tax portion every other household pays yet they will start to pay our annual fee of \$67.00. This increased fee revenue will help support our Alamo police services which includes our new FLOCK cameras.
