Qualifications and Volunteer Experience

Please explain why you would like to serve on this particular board, committee, or commission.

As a resident of Contra Costa County, it's vitally important to me that the county health plan provide high-quality services to our residents, especially the most vulnerable ones. Having served as Pharmacy Director for CCHP for 5+ years, the mission of the health plan is still close to my heart despite the fact that I no longer have the privilege of working in my previous position. Joining the commission will allow me to give back to my community and will also assist the county in reaching the goals of the MCC.

Describe your qualifications for this appointment. (NOTE: you may also include a copy of your resume with this application)

Please see attached resume. My experience as Pharmacy Director for CCHP gives me a unique understanding of the Managed Care landscape in California. In addition, my experiences in the military and other areas of medicine and education make me qualified to provide an opinion on the quality of care being provided to the citizens of Contra Costa County. I have a strong understanding of Managed Care policy, I have a desire to ensure health care equity in the community in which I live, and I think I would bring a skill set to the commission that may not have been present otherwise.
