Subject: Annual Recognition of New Green Businesses

RECOMMENDATION(S):

Recognize the new Bay Area Green Businesses for 2016.

FISCAL IMPACT:

None.

BACKGROUND:

Green Business Program Highlights

- Sixteen new businesses were certified and fourteen recertified since staff reported last year. We currently have 340 certified Green Businesses in Contra Costa County.
- The Bay Area Green Business Program (Nine Counties) has more than 2,400 certified Green Businesses.
- Recertified Green Businesses perform additional work to meet the new standards and receive additional benefits and services, while at the same time collecting valuable environmental data. Streamlined recertification procedures were developed to allow their applications to be processed more efficiently.
- Continued collaboration between our program Partners has led to more efficient auditing procedures, identification of more resource conservation opportunities, and greater public visibility of the advantages

BACKGROUND: (CONT'D)

of patronizing Green Businesses.

- The Statewide Green Business Certification website (www.greenbusinessca.org) is continually improved to allow more efficient processing of Green Business applications, and is the statewide repository of quantifiable data showing how much businesses are saving each year and the benefits to the environment. Businesses and communities can now quickly calculate: reductions in solid waste and hazardous materials, energy and water saved, wastewater and greenhouse gas emissions reduced as a result of the Green Certified Businesses. It is also easier for businesses to apply online and to find resources to help market their green business achievements. Checklists continue to be shortened to simplify the certification process for: businesses, the Green Business Program, and external programs that perform site audits.
- We are continuing our partnership with the Chinook Book - a coupon book with green resources and coupons for green businesses throughout the East Bay. The Green Businesses listed in the Chinook Book are now easily located with many handheld electronic devices.

Requirements to Become a Green Business

Certified Green Businesses must meet high standards of environmental excellence established by the Program's partnership. In addition, with the passage of AB 913, a Statewide Green Business Network has been established to assist the local government programs, support the development and maintenance of the statewide certification website, promote the establishment of new programs, and provide technical guidance.

To be certified, a business or public entity must:

? Fully comply with all environmental regulations including: Air Quality, Environmental Health, Fire, Hazardous Materials, Stormwater, Wastewater, and Water Quality

? Conserve energy, water and other natural resources

? Reduce or eliminate pollution from any hazardous and solid wastes generated

The Contra Costa Green Business Program has twenty-four funding partners with representatives from public agencies, cities and the utility districts. Working together each year we achieve our vision of Contra Costa as a place where businesses contribute to the sustainability of our communities by being Green themselves.

Our agency and utility funding Partners includes: 511 Contra Costa , Bay Area Air Quality Management District, Central Contra Costa Sanitary District, Central Contra Costa Solid Waste Authority, Contra Costa Clean Water Program, Contra Costa Hazardous Materials Program, Contra Costa Water District, Contra Costa Watershed Program, Delta Diablo, East Bay Municipal Utility District, Mt. View Sanitary District, Pacific Gas & Electric, Town of Danville, West Contra Costa Integrated Waste Management Authority, West County Wastewater District, and the Cities of: Antioch, Brentwood, Concord, El Cerrito, Martinez, Pittsburg, Richmond, and Walnut Creek. This year the City of Pleasant Hill has become an official partner. In addition, the Green Business Program benefits from the outreach efforts of local Chambers of Commerce and solid waste recycling services.

CONSEQUENCE OF NEGATIVE ACTION:

Green businesses will not be publicly recognized for their achievements.

FISCAL IMPACT:

Upon approval, this action has an annual cost of approximately \$91,786.80 and the cost will be funded by California Children Services (83%) and County (12%) Funds.

BACKGROUND:

Dr. Gwen Hamilton was hired as an Exempt Medical Staff Physician on April 17, 1989 and will retire on May 1, 2016. Dr. Hamilton works for both the California Children's Services (CCS) and Contra Costa Regional Medical Center (CCRMC) in the Pediatrics Clinic providing medical services to children up to the age of 21. Working as a temporary hire in the capacity of CCS Medical Consultant, Dr. Hamilton will be handling the complex service requirement of the CCS medical eligibility determinations. Her CCS expertise and her experience as a senior staff physician will be extremely valuable to our service needs. The Department will recruit a full-time employee to fill her vacant position, with guidance and training to be provided by Dr. Hamilton.

CONSEQUENCE OF NEGATIVE ACTION:

If this action is not approved, there will be a shortage of physician staffing needed to meet patient care services at CCS and CCRMC Pediatric Clinics.

RECOMMENDATION(S):

1. OPEN and CONDUCT a public hearing to receive input on the FY 2016-17 Recommended Budget;
2. ACKNOWLEDGE that the State of California and residents throughout the State continue to struggle to manage the outcomes of the recently depressed economy;
3. ACKNOWLEDGE that significant economic issues continue to challenge the Board of Supervisors in its effort to finance services and programs which Contra Costa County residents need, or expect will be provided to them by the County, especially in times of economic recovery;
4. ACKNOWLEDGE that the employees of Contra Costa County have been negatively affected as a result of the requirement to balance the County's expenditures with available revenues in the past; however, current labor contracts include modest wage increases;
5. ACKNOWLEDGE that this situation is expected to continue to improve for County employees, and for our residents as we work to manage and cope with the outcomes of economic recovery;
6. DIRECT the County Administrator to continue to meet with the County's union representatives and employees to explain the size, scope and anticipated length of the County's fiscal challenges and to gain their input/suggestions;
7. DIRECT the County Administrator to continue to make this information readily available to the residents of the County;

8. ACKNOWLEDGE that the Recommended Budget does not include any funding changes that may occur in the State of California's 2016-17 fiscal year budget or in the manner in which the Medi-Cal Waiver is implemented and these two events may have an unknown impact on the drawdown of federal funds for services and facilities;
9. RE-AFFIRM the Board of Supervisors' policy prohibiting the use of County General Purpose Revenue to back-fill State revenue cuts;
10. ACKNOWLEDGE that retirement expenses are expected to decrease in the short run, but are likely to increase in future years should market returns not meet or exceed the Assumed Rate of Return;
11. ACKNOWLEDGE that the Recommended Budget balances annual estimated expenditures with estimated revenues in FY 2016-17, and is both technically and structurally balanced;
12. ACKNOWLEDGE that the Recommended Budget includes a specific appropriation for contingency, and that the Board also maintains its ability to manage General Fund contingencies during the fiscal year by use of reserve funds set aside for that purpose;
13. ACKNOWLEDGE that any restoration of any recommended program reductions will require an equivalent reduction in funds from other County priorities in order to adhere to our balanced budget policy;
14. ACKNOWLEDGE that continuing to build the County's reserves, maintaining an improved credit rating, and maintenance of the County's physical assets remain a priority of the Board of Supervisors over the long term;
15. DIRECT the County Administrator to prepare for Board adoption on May 10, 2016, the FY 2016-17 County and Special District Budgets, as modified, to incorporate any changes directed by the Board during these public hearings; and
16. DIRECT the County Administrator to prepare for consideration by the Board of Supervisors on May 10, 2016, position additions and eliminations necessary to carry out Board action on the Recommended Budget.

FISCAL IMPACT:

See attached FY 2016/17 Recommended Budget document, which includes the Budget Message and Overview.

BACKGROUND:

Explanation of the reasons behind the County Administrator's recommendations is presented in the attached FY 2016/17 Recommended Budget. Material from departments invited to make a presentation is also attached.

MEET AND CONFER/LAY-OFF RESOLUTIONS

For the last several years at this point in the budget cycle, County Departments, in cooperation with Labor Relations, have begun the meet and confer process with employee representatives regarding the impact of program reductions on the terms and conditions of employment for affected employees. No County lay-offs are anticipated as a consequence of FY 2016/17 Recommended Budget impacts. Pending Final Budget adoption on May 10, Position Addition and Elimination lists may be presented to the Board for adoption on that day, with effective dates effective July 1, 2016.

CONSEQUENCE OF NEGATIVE ACTION:

Adoption of the County budget may be delayed.

Board of Supervisors
Contra Costa County
Martinez, CA 94553

Dear Board Members:

Fiscal Year 2015-16 continued to see the County moving in the right direction. After weathering the "Great Recession," we continue to see improvement in our financial status. Contra Costa County has managed the economic downturn through cooperation between the County Board, Department Heads, and Employees. We have made prudent fiscal choices, lived within our means, and continue to plan ahead. None of this has been easy nor has it been painless. However, it is through this combined effort that we have been able to continue to achieve a budget that is structurally balanced.

Cautious and thoughtful fiscal management has placed us on solid economic footing. Our goal is to continue that approach and avoid future fiscal ups and downs. The Board, Department Heads, and the entire County workforce will continue to work together to retain the balance in this \$3.3 billion (\$1.5 billion General Fund) budget for FY 2016-17 and beyond.

In addition to a structurally balanced budget for the fifth consecutive year, there were a number of key accomplishments this past year.

- Recruitment of a new Animal Services Director who will continue the Department's effort to match adoptable animals with homes, while delivering high quality services to the community.
- Successful local Medi-Cal expansion effort under the Affordable Care Act, whereby nearly one-fifth of County residents are now enrolled in our Contra Costa Health Plan with a majority of them being cared for in our own hospital and clinics.
- Agreement with a majority of our employee Unions on healthcare provisions that resulted in the County picking up 100% of the cost increase for 2016 and allowed our employees to move to a three-tier plan that provides greater flexibility in coverage and membership.
- Implementation of Laura's Law to provide assisted outpatient mental health treatment to those with serious mental illnesses and further integrate our mental health, substance abuse and homeless services.
- Improved public safety with an innovative public-private partnership between Consolidated Fire and AMR to provide high quality emergency ambulance services to the majority of County residents. This new arrangement will speed ambulance response time, reduce service duplication and enable us to access new federal funding.

- Opened two Family Justice Centers, one in the City of Concord and one in the City of Richmond. These one-stop centers provide vital help to victims of domestic violence, sexual assault, child abuse, and elder abuse.
- Opened a new Reentry Success Center in the City of Richmond to provide services to formerly incarcerated individuals to help them get housing, jobs and reduce the likelihood of criminal recidivism.
- Created the position of County Sustainability Coordinator to help lead our sustainability efforts and pursue new funding to expand those efforts.
- Maintained our AAA credit rating by exercising strong financial management that enabled us to restructure debt, saving \$4.6 million in net present value and an average annual savings of \$417,000 over the 13 remaining years to maturity.

The County's long-term, strategic goal continues to be to the provision of public services which improve the quality of life of our residents and the economic viability of our businesses. This goal provides the context for decisions regarding the recommendations in this Recommended budget.

The FY 2016-17 Recommended Budget continues to provide for essential community services to our residents and minimizes adverse impacts to the community. However, as per the norm, once the State budget is adopted, we likely will need to consider budget adjustments and will provide the Board with options at that time.

The County Board, Department Heads, and employees all worked together to address our fiscal challenges during the "Great Recession." I particularly want to thank Department Heads and all of our employees for their dedication, as well as their valuable and thoughtful input throughout the process. Our goal has been to ensure a fair and transparent budget process and to produce a user-friendly budget document. A great deal of effort has been put into developing and producing this budget.

The Recommended Budget represents a work plan to achieve our mission, priorities and goals in the coming year. Beginning on page 21 is a discussion of a number of Key Issues affecting the County. Below are the three principal issues facing the County that have particularly informed or impacted the development of our budget for the next year.

Labor

For the first time in over 10 years, we have contracts in place with all of our labor unions. With their help, we have implemented a long-term rebalancing plan to reduce our expenditures and restructure our service delivery to provide the most effective services within annual available resources. This collaboration has meant that we can propose additional resources to augment departmental staff resources in the upcoming budget.

However, over half of our labor contracts will come open during the 2016-17 Fiscal Year. Eight different bargaining units representing over 5,000 employees will have their contracts open for discussion. These bargaining units represent employees in every department in the County and special districts. The County will be challenged to meet all of the likely requests for increased wages and benefits from these groups. Successful contract negotiation is key to maintaining fiscal stability. Built into our projection is a three percent wage increase for these open contracts.

Capital Projects

The County Administrator's Office has added a Chief Deputy County Administrator designated specifically for the purpose of updating the County Capital Improvement Plan (CIP). In March of 2015, the County Board of Supervisors received an updated Comprehensive Building Condition Assessment which identified \$272.2 million in deferred facilities maintenance needs and capital renewal requirements touching every department in the County. An earlier needs assessment from 2007 identified \$270.2 million. The new position will help the County Board identify and set priorities for the elimination of structurally deficient or no longer needed structures, and look to replace structures while reducing the backlog of deferred maintenance. More information of this subject can be found in the Capital Improvement Plan section of this document on page 475.

Economic Projection

The economy in Contra Costa County and the Bay Area continues to recover from the 'Great Recession.' However, it would be inaccurate to say that we have fully recovered, and we will need to be cautious to insure that we do not return to a period during which we failed to balance our needs with our limited resources. As Governor Jerry Brown said in his 2016 State of the State Address, "The challenge is to solve today's problems without making those of tomorrow even worse."

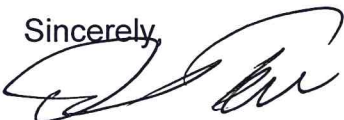

Each department was asked to submit a budget that balanced its requirements to provide services with the County's goals of adopting a FY 2016-17 budget that balances annual expenses and revenues, addresses revenue restraints, pension cost increases, and includes an appropriation for partially pre-funding the County's OPEB liability, capital replacement, and debt service payments. Thus, the budget is balanced and reflects sound financial practices.

This budget continues to reflect years of careful, comprehensive and continuing review of County operations to cope with economic challenges. In our assessment of County operations – and at every opportunity – we continue to make changes in delivering services that are more efficient and less costly. These changes, which could not have been accomplished without financial sacrifices from our employees, have allowed us to protect the services that residents need and expect from County government.

The County has and will continue to adapt to changing circumstances. Our strategy over the last several years has been to harness our organizational discipline and innovation to reduce our spending and continue our Mission: "to provide public services that improve the quality of life of our residents and the economic viability of our businesses". Our success depends upon a continuation of that strategy.

The following proposed budget is recommended to the Contra Costa County Board of Supervisors.

Sincerely,

DAVID TWA
County Administrator

COUNTY PROFILE

Contra Costa County was incorporated in 1850 as one of the original 27 counties of California. A five-member Board of Supervisors, each elected to four-year terms, serves as the legislative body of the County, which has a general law form of government. Also elected are the County Assessor, Auditor-Controller (the ‘County Auditor-Controller’), Clerk-Recorder, District Attorney-Public Administrator, Sheriff-Coroner and Treasurer-Tax Collector (the ‘County Treasurer’). The County Administrator, David Twa, is appointed by the Board and is responsible for running the day-to-day business of the County. The County Administrator is also responsible for presenting the Board with a Recommended Budget for consideration of adoption as the Final (Adopted) Budget, which will serve as the foundation of the County’s financial planning and control.

Overview

Contra Costa is one of nine counties in the San Francisco-Oakland Bay Area and the ninth most populous county in California with an estimated population of 1,102,871 as of January 1, 2015. The County covers about 733 square miles and extends from the northeastern shore of the San Francisco Bay easterly about 50 miles to San Joaquin County. The County is bordered on the south and west by Alameda County and on the north by the Suisun and San Pablo Bays. The western and northern shorelines are highly industrialized, while the interior sections are suburban/residential, commercial and light industrial. The County contains 19 cities, including Richmond in the west; Antioch in the northeast; and Concord in the center. Population growth in the County during the past several years has been strongest in unincorporated areas as well as in the cities of Antioch, Brentwood, Hercules, Oakley, Pittsburg and San Ramon.

The County's employment economy is very diverse: major industries include health care, petroleum refining, telecommunications, financial and retail services, steel manufacturing, prefabricated metals, chemicals, electronic equipment, paper products and food processing. Most of the County's heavy manufacturing is located along the County's northern boundary fronting the Suisun Bay and San Pablo Bay leading to San Francisco Bay and the Pacific Ocean. The table below highlights the principal, non-government, employers in the County.

LONG-TERM FINANCIAL PLANNING & POLICIES

Contra Costa County has adopted the following Mission, Vision and Values to assist in its decision-making process to provide a full array of services to its residents:

Mission

*Contra Costa County is dedicated to providing public services which improve the **quality of life** of our residents and the economic vitality of our business*

Vision

*Contra Costa County is recognized as a **world-class service organization** where innovation and partnerships merge to enable our residents to enjoy a safe, healthy and prosperous life*

Values

*Contra Costa County **serves people, businesses and communities**. Our organization and each of our employees value:*

- *Clients and Communities*
- *Partnerships*
- *Quality Service*
- *Accountability*
- *Fiscal prudence*
- *Organizational excellence*

Overview

The County is committed to prudent fiscal management and engages in targeted long-term financial planning when possible and appropriate. Some examples of the County's current long-term financial planning include:

- In 2007 the Board of Supervisors set the following specific goals to address the County's Other Post-Employment Benefits (OPEB) Long-term Liability:
 - to fully comply with GASB Statement 45;
 - to adopt and follow an OPEB financing plan, which balances the County's requirement to provide public services with its desire to provide competitive health care benefits to our employees;
 - to minimize collateral detrimental impact to the provision of services to indigents, including indigent health care in the County; and
 - to pursue and support Federal and State Legislation.

The OPEB financing plan includes an annual allocation of resources for pre-funding the OPEB liability. The County has included this allocation in each adopted annual budget since FY 2008-2009. Health plan changes, caps on County contributions and labor concessions, in addition to annual pre-funding contributions, have assisted in reducing the County's Unfunded Actuarial Accrued Liability (UAAL) by 69.1% since 2006: from \$2.57 billion to \$794.4 million. Further, the annual required contribution has declined by 59.1% since 2006: from \$216.3 million to \$88.5 million. With a Market Value in the trust as of December 31, 2015 in excess of \$175 million, the County has pre-funded approximately 18% of its OPEB obligation.

- In 2007, the Board of Supervisors also established a Real Asset Management Program (RAMP). The objective of RAMP is to maximize the value of unused and vacant County-owned office space by avoiding and terminating leases. With the adoption of the FY 2012-13 Recommended Budget, the Board established a dedicated funding stream for the County's Capital Improvement Plan. Capital Improvement Plan information is on Page 475.
- In 2012, the State of California enacted the Public Employees' Pension Reform Act of 2013 (PEPRA). PEPRA established new pension tiers of 2.5% at 67 for County General employees and 2.7% at 57 for Safety employees. PEPRA did not define the pension cost of living adjustment (COLA). By default the pension COLA for the majority of new County employees in the PEPRA tier was 3%. Negotiations to achieve a 2% pension COLA for this tier have been successfully completed for all of the County's 18 labor groups. These new tiers are expected to achieve savings over time. (see Budget Message - Pension Benefits).

To further assist with long-term financial planning, the Board of Supervisors has adopted a comprehensive set of financial management policies to provide for: (1) the adoption and maintenance of an annual balanced budget; (2) the annual adoption of a policy for the prudent investment of County funds; (3) establishment and maintenance of a General Fund reserve; (4) establishment of parameters for issuing and managing debt; and (5) establishment of a Workers' Compensation confidence level.

Each of the financial management policies is summarized below and available by contacting the County Administrator's Office at (925) 335-1023 and on the County's website under Financial Information at: <http://ca-contracostacounty.civicplus.com>.

Budget Policy Recognizing that the establishment and maintenance of a budget policy is a key element in enhancing the management of the County's finances and management of the County's credit quality, the Board of Supervisors established a County Budget Policy in November of 2006, revised in December 2013, which states:

1. Contra Costa County shall annually adopt a budget that balances on-going expenditures with on-going revenue.
2. Contra Costa County shall adopt a budget each year early enough (and no later than May 31) to allow all impact on programs and/or revenues to be in effect by July 1.
3. Contra Costa County shall prepare multi-year (3-5 year) financial projections as part of the annual budget planning process.
4. Contra Costa County shall at a minimum prepare formal mid-year budget reports to the Board of Supervisors detailing actual expenditures and projections through the remainder of the fiscal year. This report will include through December 31 of each year:
 - a. actual net County cost by department by fund
 - b. actual and budgeted expenditure by major object by department
 - c. actual and budgeted revenue by major object by department
 - d. If a particular cost center is projected to be over-budget, a report clearly indicating planned corrective action will be presented to the Board of Supervisors within 30 days of the mid-year report. If necessary, this report will include appropriation and revenue adjustments.
5. The County will not directly allocate a specific General Purpose Revenue source to specific programs/communities. The policy would not apply to mitigation revenue that is derived from a project and intended to offset the environmental impacts from the project on the "host" community.
6. Short-term funding sources shall be used for short-term requirements, one-time uses, or contingencies.
7. Revenue windfalls not included in the budget plan will not be expended during the year unless such spending is required in order to receive the funding.
8. Fee-for-service and federal/state revenue offsets will be sought at every opportunity.
9. As part of the annual budget process, each department shall analyze its fee structure in order to maintain maximum offset for services.
10. The Board of Supervisors shall make reserve funding available for venture capital to be used to increase efficiencies and economies in departments that do not have resources available within their normal operating budgets for such expense. Requests for these funds will be included as part of the annual budget process.
11. The year-end practice of "use it or lose it" shall be changed to "save it and keep it". The County Administrator's Office will continue to refine the concept of fund balance sharing as an incentive to departments to maximize resources. Some portion of fund balance credit may be used by operating departments for one-time expenditure. These one-time expenditures shall be used to maximize economy/service delivery/efficiencies/employee satisfaction. Unless specific arrangements are made with the County Administrator's Office, fund balance credit will be spent/encumbered within the following fiscal year.
12. The annual budget process will include funding decisions for maintaining the County's facility assets, allowing the Board of Supervisors to weigh competing funding decisions using credible information.
13. Beginning in FY 2008-09, the annual budget process will include a strategic planning and financing process for facilities renewal and new construction projects (short and

long term capital budgets) and establishment of a comprehensive management program for the County's general government real estate assets relative to acquisition, use, disposition, and maintenance.

14. Each February, Contra Costa County shall prepare and make a formal budget report to the Board's Finance Committee detailing earned revenues and expenditures for all mitigation and community benefit fees, trust and special revenue funds, and special Board appropriations during the prior fiscal year. The report shall identify amounts that were diverted from General-Purpose revenue in order to satisfy a special Board appropriation or other special revenue program. The Finance Committee shall review prior-year expenditures for consistency with the approved purpose of the fees, funds or special Board appropriations, and will forward recommendations for the subsequent budget year to the Board of Supervisors for consideration in the annual budget process. Contra Costa County shall distribute updates to the Board-Administered Special Revenue Reference Book annually.

Special Revenues Policy In December 2013, the Board of Supervisors adopted the following policy to ensure clarity and county-wide continuity on the use of various revenue sources.

1. Adopt the following definitions to be used in County policies with regard to special revenues:
 - a. **Mitigation fee:** A monetary exaction other than a tax or special assessment, whether established for a broad class of projects by legislation of general applicability, such as Area of Benefit mitigation fees (County Ordinance Code §913-2.404)¹, Drainage fees, and Park Dedication fees, or imposed on a specific project on an ad hoc basis, that is charged by a local agency to the applicant in connection with approval of a development project for the purpose of mitigating the impacts of the project on the affected community. Such fees are not intended to be a general-purpose revenue measure for the host community.
 - b. **Trust Fund:** Funds held in trust for any beneficiary or for any purpose, in a separate fund and not commingled with any public funds, earning interest, and to be paid to the beneficiary of such trust upon the termination thereof, including moneys held as trustee, agent or bailee by the state, any county, city or town, or other political subdivision of the state, or any commission, committee, board or office thereof or any court of the state, when deposited in any qualified public depository. Trust funds are limited to the following purposes as defined by Governmental Accounting, Auditing, and Financial Reporting: Pension, Investment, Private-Purpose and OPEB Irrevocable funds.
 - c. **Special Revenue Fund:** Funds used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally restricted to expenditure for specified purposes. Examples of special revenue funds are those established for the purpose of financing schools, parks, or libraries.
 - d. **Community Benefit Fee:** Voluntary payment(s) made by a developer or project sponsor that benefit a defined community, either through capital or community program improvements. These funds, typically, have been intended for uses that will benefit the quality of life for the communities in which a project is approved. In the past, these funds have been identified for such uses as economic development, health care, education, infrastructure, transportation, etc.
 - e. **Special Board Appropriation:** A designation by the Board of Supervisors dedicating a portion of one or more General-Purpose Revenue sources to a specific program or activity, and/or to benefit a specific geographic area.

¹ Area of Benefit mitigation fees are to be used specifically to improve the capacity and safety of the arterial road network within a defined boundary area as development occurs in order to mitigate traffic impacts generated by new development projects.

- f. Special Revenues: Collectively, all of the preceding revenues.
2. Re-affirm Paragraph 5 of the County Budget Policy prohibiting special Board appropriations, which states, "The County will not directly allocate a specific General-Purpose Revenue source to specific programs/communities. The policy would not apply to mitigation revenue that is derived from a project and intended to offset the environmental impacts from the project on the "host" community."
 3. Adopt a policy governing the Authorization for Mitigation and Community Benefit Fees and Their Allocation:
 - a. Affirm that revenues from existing fees are to be administered by the Supervisor serving in the district for which the fee was created, unless specified otherwise when the fee was established or as an action of the Board of Supervisors, and may require Board of Supervisors approval prior to expenditure.
 - b. Affirm that revenues from existing fees are to be used with the support and authorization (to be signified by sponsorship or co-sponsorship of a Board Order/Proposal) of the current Supervisor serving in the district where the fee originated, unless specified otherwise when the fee was created or as an action of the Board of Supervisors.
 - c. Affirm that when fees are created in the future, the authorizing Board Order or Resolution must specify:
 - the type of fee (mitigation or community benefit)
 - in what geographic area the funds are to be used, e.g., countywide or limited to one or more supervisorial districts or areas within a supervisorial district;
 - the specific purpose of the fee;
 - the recommended process for allocating the funds; and
 - the department that will be responsible for administration of the funds;
 - measurable performance outcomes that demonstrate how the fee revenue has mitigated the project impacts and otherwise benefited the affected community.
 - d. Affirm that no new fees are to be negotiated or created without input or consultation with the current Supervisor serving in the district where the land development project is located.
 - e. Affirm that fees developed for Countywide use will be administered by the full Board of Supervisors, with the goal of spending the money equally among supervisorial districts, unless specified otherwise when the fee is established. These fees will be assigned to and administered by a particular County department.
 4. Accept the compendium of current special revenue funds for FY 2009/10 and pursue opportunities to secure new mitigation and community benefit fees, where appropriate.
 5. Amend the County Budget Policy, adopted in November 2006, to include the following new policy:

"Each February, Contra Costa County shall prepare and make a formal budget report to the Board's Finance Committee detailing earned revenues and expenditures for all mitigation and community benefit fees, trust and special revenue funds, and special Board appropriations during the prior fiscal year. The report shall identify amounts that were diverted from General-Purpose revenue in order to satisfy a special Board appropriation or other special revenue program. The Finance Committee shall review prior-year expenditures for consistency with the approved purpose of the fees, funds or special Board appropriations, and will forward recommendations for the subsequent budget year to the Board of Supervisors for consideration in the annual budget process. Contra Costa County shall distribute updates to the Board-Administered Special Revenue Reference Book annually."

Overview

Venture Capital Resources Item 10. of the Budget Policy discussed earlier created a resource to improve departmental operations. Beginning in FY 2012-13 approximately \$1 million in reserve funding was available for technology projects to be used to increase efficiencies and economies in departments that did not have resources available within their normal operating budgets for such expense. In the first year of the program, approximately \$600,000 was allocated for projects that ranged from electronic appointment scheduling software to procurement system hardware and licenses. From FY 2013-14 through 2015-16, \$995,000, \$1,003,000, and \$844,000 was allocated, respectively, for a wide variety of projects including programming tools to develop workflow processes to automate repetitive tasks, replacement of an electronic deposit permit system, and high resolution monitors, software, and cameras for crime scene analysis.

The Venture Capital program is very popular with departments and has met the County's goal of allowing funding for many technological improvements that have saved significant staff time, thus allowing for more hands available for customer service and better overall service to the County as a whole.

In FY 2016-17, departments requested over \$1.8 million and the County Administrator is recommending \$1.1 million for projects that include:

- Service for Closed Captioning on Contra Costa Television;
- Paperless filing system for Animal Services;
- Video conferencing capability for deaf customers who need ASL interpreters; and
- On-line smart application where citizens can alert Public Works to street sign outages, graffiti, potholes, fallen trees, and other public service needs.

Investment Policy California Government Code statutes and the County Investment Policy govern the County's investment pool activity. Those statutes and the Investment Policy authorize the County Treasurer to invest in securities issued by the U.S. Treasury, federal agency or U.S. government-sponsored enterprise obligations, certain corporate bonds and notes, bankers' acceptances, certificates of deposit, commercial paper, repurchase agreements, the State of California Local Agency Investment Fund (LAIF) and securities lending transactions. The Board of Supervisors (Board) approved its first Investment Policy in 1994 and the most recent update to the Investment Policy was on June 9, 2015. The complete Investment Policy, consisting of 36 pages, and which may be accessed at <http://ca-contracostacounty.civicplus.com> under Investment, is summarized below:

The County Investment Policy is reviewed and approved annually by the Treasury Oversight Committee and the Board of Supervisors; all amendments to the Investment Policy must be approved by the Board. The Board has established a seven member Treasury Oversight Committee pursuant to State Law. The Treasury Oversight Committee is responsible for conducting a quarterly review of the County investment portfolio, which is presented to the Board of Supervisors, and annually updating the Investment Policy. Members of the Treasury Oversight Committee are: the County Superintendent of Schools; a representative selected by a majority of the presiding officers of the governing bodies of the school districts and community college districts in the County; a representative selected by a majority of the presiding officers of the legislative bodies of the special districts in the County that are required or authorized to deposit funds in the County Treasury; a representative appointed by the Board of Supervisors; and three members of the public nominated by the County Treasurer-Tax Collector.

The Contra Costa County Investment Pool was rated by Standard & Poor's (S & P) on September 30, 2015. The Investment Pool was assigned a fund credit quality rating of "AAAf" and a fund volatility rating of "S1+." The "AAAf" rating is S & P's highest fund credit quality

rating with the "S1+" volatility rating reflecting low sensitivity to changing market conditions. The Investment Pool has maintained its AAf and S1+ ratings since first rated in November 2007.

General Fund Reserve Policy Acknowledging the importance of building reserves during periods of financial strength so that such reserves can be drawn upon during economic downturns, the Board of Supervisors established a General Fund Reserve Policy in December 2005, revised in June 2011 to comply with implementation of GASB 54, which states:

1. Contra Costa County will strive to achieve a minimum unassigned General Fund balance of 5% of budgeted General Fund revenues and a minimum total General Fund balance of 10% of budgeted General Fund revenues;
2. Until such time as the County has an unreserved General Fund balance equal to at least 5% of budgeted General Fund revenues, no less than \$2 million of year-end fund balance in any fiscal year shall be added to the appropriation for Contingency Reserve;
3. In the event the County realizes reserves above the minimum levels defined by this policy, the first use shall be to annually deposit the funds into an account designated for capital projects and other one-time uses, up to an amount equal to 1% of General Fund revenues per year;
4. Reserves may be drawn below the minimum level in order to address an unforeseen emergency, to fund a non-recurring expense, or to fund a one-time capital cost; but only following the adoption, by at least a four-fifths vote, of a resolution of the Board of Supervisors specifying the circumstances that justify the invasion of the minimum reserve level; and
5. Should reserves fall below the established minimum levels, a request to utilize reserve funds must be accompanied by recommendations for restoring, within three years, minimum reserve levels (fiscal stabilization plan).

The County's audited financial report for fiscal year 2014-2015 confirms compliance with the Reserves Policy.

Debt Management Policy In December 2006, the Board of Supervisors established a Debt Management Policy, which was last updated March 15, 2016, to reflect updated post-issuance compliance requirements for private placement/direct loans.

I. PURPOSE: The County recognizes the foundation of any well-managed debt program is a comprehensive debt policy. A debt policy sets forth the parameters for issuing debt and managing outstanding debt and provides guidance to decision makers regarding the timing and purposes for which debt may be issued, types and amounts of permissible debt, method of sale that may be used and structural features that may be incorporated. The debt policy should recognize a binding commitment to full and timely repayment of all debt as an intrinsic requirement for entry into the capital markets. Adherence to a debt policy helps to ensure that a government maintains a sound debt position and that credit quality is protected. Advantages of a debt policy are as follows:

- enhances the quality of decisions by imposing order and discipline, and promoting consistency and continuity in decision making,
- provides rationality in the decision-making process,
- identifies objectives for staff to implement,
- demonstrates a commitment to long-term financial planning objectives, and
- is regarded positively by the rating agencies in reviewing credit quality.

II. DEBT AFFORDABILITY ADVISORY COMMITTEE

A. Purpose. By adoption of this Debt Policy, the Debt Affordability Advisory Committee is established. Its purpose is to annually review and evaluate existing and proposed new County debt and other findings and/or issues the committee considers appropriate.

It is the task of this committee to assess the County's ability to generate and repay debt. The committee will issue an annual report to the County Administrator defining debt capacity of the County. This review will be an important element of the budget process and will include recommendations made by the committee regarding how much new debt can be authorized by the County without overburdening itself with debt service payments.

- B. Members.** The committee shall be composed of the Auditor-Controller, Treasurer-Tax Collector, Director/Conservation and Development Department, and County Finance Director.
- C. Debt Affordability Measures.** The committee shall examine specific statistical measures to determine debt capacity and relative debt position and compare these ratios to other counties, rating agency standards and Contra Costa County's historical ratios to determine debt affordability. From Moody's Investors Service, the committee will evaluate the County against the following debt ratios from the most recent available national medians for counties in the "Aa" rating tier with populations of at least 1 million:
1. Direct net debt as a percentage of Assessed Valuation;
 2. Overall net debt as a percentage of Assessed Valuation;
 3. Assessed Valuation per-capita;
 4. Available general fund balance as a percentage of revenues; and
 5. General fund balance as a percentage of revenues.

From Standard and Poor's, the committee will evaluate the County against the following debt ratios from the most recent available national medians for counties in the "AAA" rating tier:

1. Assessed valuation per-capita;
2. Direct debt as percentage of governmental funds revenue;
3. Total government available cash as a percentage of debt service;
4. Total government available cash as a percentage of expenditures; and
5. Total debt service as a percentage of general fund expenditures.

The Advisory Committee also evaluates the County against a group of cohort counties, namely, other large, urban counties in California. The Advisory Committee utilizes each respective cohort county's most recently available CAFR to measure the County's comparative performance on the various debt measures calculated by Moody's and S&P as noted above, and also against the additional ratios below:

1. Direct debt per capita; and
2. Debt payments as a percentage of general fund revenues.

III. COMPREHENSIVE CAPITAL PLANNING

- A. Planning.** The County Administrator's Office shall prepare a multi-year capital program for consideration and adoption by the Board of Supervisors as part of the County's budget process. Annually, the capital budget shall identify revenue sources and expenditures for the coming current year and the next succeeding three fiscal years. The plan shall be updated annually.
- B. Funding of the Capital Improvement Program.** Whenever possible, the County will first attempt to fund capital projects with grants or state/federal funding, as part of its broader capital improvement plan. When such funds are insufficient, the County will use dedicated revenues to fund projects. If these are not available, the County will use excess surplus from the reserve and debt financing, general revenues. The County shall be guided by three principles in selecting a funding source for capital improvements: equity, effectiveness and efficiency.
1. **Equity:** Whenever appropriate, the beneficiaries of a project or service will pay for it. For example, if a project is a general function of government that benefits the entire community, such as an Office of Emergency Services, the project will be paid for with

general purpose revenues or financed with debt. If, however, the project benefits specific users, such as a building permit facility, the revenues will be derived through user fees or charges, and assessments.

2. **Effectiveness:** In selecting a source or sources for financing projects, the County will select one or more that effectively funds the total cost of the project. For example, funding a capital project, or the debt service on a project, with a user fee that does not provide sufficient funds to pay for the project is not an effective means of funding the project.
 3. **Efficiency:** If grants or current revenues are not available to fund a project, the County will generally select a financing technique that provides for the lowest total cost consistent with acceptable risk factors and principals of equity and effectiveness. These methods currently consist of County issued debt, special funding programs funded by state or federal agencies, or special pool financing. Examples include funding pools like the Association of Bay Area Governments Participation Certificates.
- C. Maintenance, Replacement and Renewal/FLIP.** The County intends to set aside sufficient current revenues to finance ongoing maintenance needs and to provide periodic replacement and renewal consistent with its philosophy of keeping its capital facilities and infrastructure systems in good repair and to maximize a capital asset's useful life.
- D. Debt Authorization.** No County debt issued for the purpose of funding capital projects may be authorized by the Board of Supervisors unless an appropriation has been included in the capital budget (Some forms of debt such as Private Activity Bonds for housing, Mello-Roos for infrastructure, and redevelopment bonds for infrastructure/facilities may not be appropriate for inclusion in the County capital improvement program. The policies for such forms of debt are included as Appendixes 4, 5, and 6).

IV. PLANNING AND STRUCTURE OF COUNTY INDEBTEDNESS

- A. Overview.** The County shall plan long- and short-term debt issuance to finance its capital program based on its cash flow needs, sources of revenue, capital construction periods, available financing instruments and market conditions. The County Finance Director shall oversee and coordinate the timing, issuance process and marketing of the County's borrowing and capital funding activities required in support of the capital improvement plan. The County shall finance its capital needs on a regular basis dictated by its capital spending pattern. Over the long-term this policy should result in a consistently low average interest rate. When market conditions in any one year result in higher than average interest rates, the County shall seek refinancing opportunities in subsequent years to bring such interest rates closer to the average. The Debt Affordability Advisory Committee shall use the Government Financial Officers Association checklist set forth in Appendix 1 hereto in planning and structuring any debt issuances.
- B. Financing Team.** The County employs outside financial specialists to assist it in developing a debt issuance strategy, preparing bond documents and marketing bonds to investors. The key team members in the County's financing transactions include its financial advisor and outside bond and disclosure counsel, the underwriter and County representatives (the County Auditor-Controller, Treasurer-Tax Collector, and the County Finance Director, among others). Other outside firms, such as those providing paying agent/registrars, trustee, credit enhancement, verification, escrow, auditing, or printing services, are retained as required. The County will issue Requests for Qualifications (RFQs) for financial advisor, bond counsel, disclosure counsel and tax counsel every three years. The financing team shall meet at least semi-annually to review the overall financing strategy of the County and make recommendations to the County Administrator.
- C. Term of Debt Repayment.** Borrowings by the County shall mature over a term that does not exceed the economic life of the improvements that they finance and usually no longer than 20 years, unless special structuring elements require a specific maximum term to maturity, as is the case with pension obligation bonds. The County shall finance improvements with a probable useful life less than five years using pay-go funding for such

needs. Bonds sold for the purchase of equipment with a probable useful life exceeding five years are repaid over a term that does not exceed such useful life.

D. Legal Borrowing Limitations/Bonds and other indebtedness. California Government Code Section 29909 limits General Obligation Bond indebtedness to five percent of the total assessed valuation of all taxable real and personal property within the County, excluding Public Financing Authority lease revenue bonds, Public Facility Corporation certificates of participation, Private Activity Bond, Mello-Roos special tax, and Assessment District Debt for which no legal limitations are currently in effect.

E. Debt Features

1. Original issue discount or premium. The County's bonds may be sold at a discount or premium, in order to achieve effective marketing, achieve interest cost savings or meet other financing objectives. The maximum permitted discount is stated in the Notice of Sale accompanying the County's preliminary official statement on the Bond Purchase Agreement, as applicable.

2. Debt service structure/Level Debt Service. The County shall primarily finance its long-lived municipal improvements over a 20-year term or less, on a level debt service basis. This policy minimizes long-run impact on a funding department's budget. The County will seek to continue this practice, unless general fund revenues are projected to be insufficient to provide adequately for this debt service structure.

3. Call provisions. The County shall seek to minimize the protection from optional redemption given to bondholders, consistent with its desire to obtain the lowest possible interest rates on its bonds. The County's tax-exempt bonds are generally subject to optional redemption. The County seeks early calls at low or no premiums because such features will allow it to refinance debt more easily for debt service savings when interest rates drop. The County and its financial advisor shall evaluate optional redemption provisions for each issue to assure that the County does not pay unacceptably higher interest rates to obtain such advantageous calls. The County shall not sell derivative call options.

4. Interest rates. The County shall first consider the use of fixed-rate debt to finance its capital needs, except for short-term needs (such as short-lived assets) that will be repaid or refinanced in the near term; and may consider variable rate debt under favorable conditions.

F. Other Obligations Classified as Debt/Other Post-Employment Benefits (OPEB)/Vested Vacation Benefits. OPEBs and vacation benefits are earned by County employees based on time in service. The County records these vacation benefits as earned in accordance with generally accepted accounting principles as established by the Governmental Accounting Board (GASB). The liability for the benefit is recorded on the Fund level financial statements. The expense is recorded during the conversion to the Government Wide financial statements in accordance with GASB standards. For Enterprise funds the expense and liability are accrued in the respective funds. In this initial policy, the amount of OPEB and vacation benefits will not be in measures used to evaluate the County's debt affordability. However, the County's net OPEB obligation is posted to the County's balance sheet.

V. METHOD OF SALE. The County will select a method of sale that is the most appropriate in light of financial, market, transaction-specific and County-related conditions, and explain the rationale for its decision.

A. Competitive Sales. Debt obligations are generally issued through a competitive sale. The County and its financial advisor will set the terms of the sale to encourage as many bidders as possible. By maximizing bidding, the County seeks to obtain the lowest possible interest rates on its bonds. Some of the conditions that generally favor a competitive sale include:

1. the market is familiar with the County;
2. the County is a stable and regular borrower in the public market;

3. there is an active secondary market with a broad investor base for the County's bonds;
 4. the issue has a non-enhanced credit rating of A or above or can obtain credit enhancement prior to the competitive sale;
 5. the debt structure is backed by the County's full faith and credit or a strong, known or historically performing revenue stream;
 6. the issue is neither too large to be easily absorbed by the market nor too small to attract investors without a concerted sale effort;
 7. the issue does not include complex or innovative features or require explanation as to the bonds' security;
 8. the issue can be sold and closed on a schedule that does not need to be accelerated or shortened for market or policy reasons; and
 9. interest rates are stable, market demand is strong, and the market is able to absorb a reasonable amount of buying or selling at reasonable price changes.
- B. Negotiated Sales.** When certain conditions favorable for a competitive sale do not exist and when a negotiated sale will provide significant benefits to the County that would not be achieved through a competitive sale, the County may elect to sell its debt obligations through a private placement or negotiated sale, upon approval by the County Board of Supervisors. Such determination shall be made on an issue-by-issue basis, for a series of issues, or for part or all of a specific financing program. The following practices are recommended to be observed in the event of a negotiated sale:
1. ensure fairness by using a competitive underwriter selection process through a request for proposals where multiple proposals are considered;
 2. remain actively involved in each step of the negotiation and sale processes to uphold the public trust;
 3. ensure that either an employee of the County, or an outside professional other than the issue underwriter, who is familiar with and abreast of the condition of the municipal market, is available to assist in structuring the issue, pricing, and monitoring sales activities;
 4. require that the financial advisor used for a particular bond issue not act as underwriter of the same bond issue;
 5. require that financial professionals disclose the name or names of any person or firm, including attorneys, lobbyists and public relations professionals compensated in connection with a specific bond issue;
 6. request all financial professionals submitting joint proposals or intending to enter into joint accounts or any fee-splitting arrangements in connection with a bond issue to fully disclose to the County any plan or arrangements to share tasks, responsibilities and fees earned, and disclose the financial professionals with whom the sharing is proposed, the method used to calculate the fees to be earned, and any changes thereto; and
 7. review the "Agreement among Underwriters" and insure that it is filed with the County and that it governs all transactions during the underwriting period.

VI. REFINANCING OF OUTSTANDING DEBT. The County may undertake refinancings of outstanding debt under the following circumstances:

- A. Debt Service Savings.** The County may refinance outstanding long-term debt when such refinancing allows the County to realize significant debt service savings (2% minimum by maturity and a minimum 4% savings overall) without lengthening the term of refinanced debt and without increasing debt service in any subsequent fiscal year. The County may also consider debt refinancing when a primary objective would be the elimination of restrictive covenants that limit County operations.

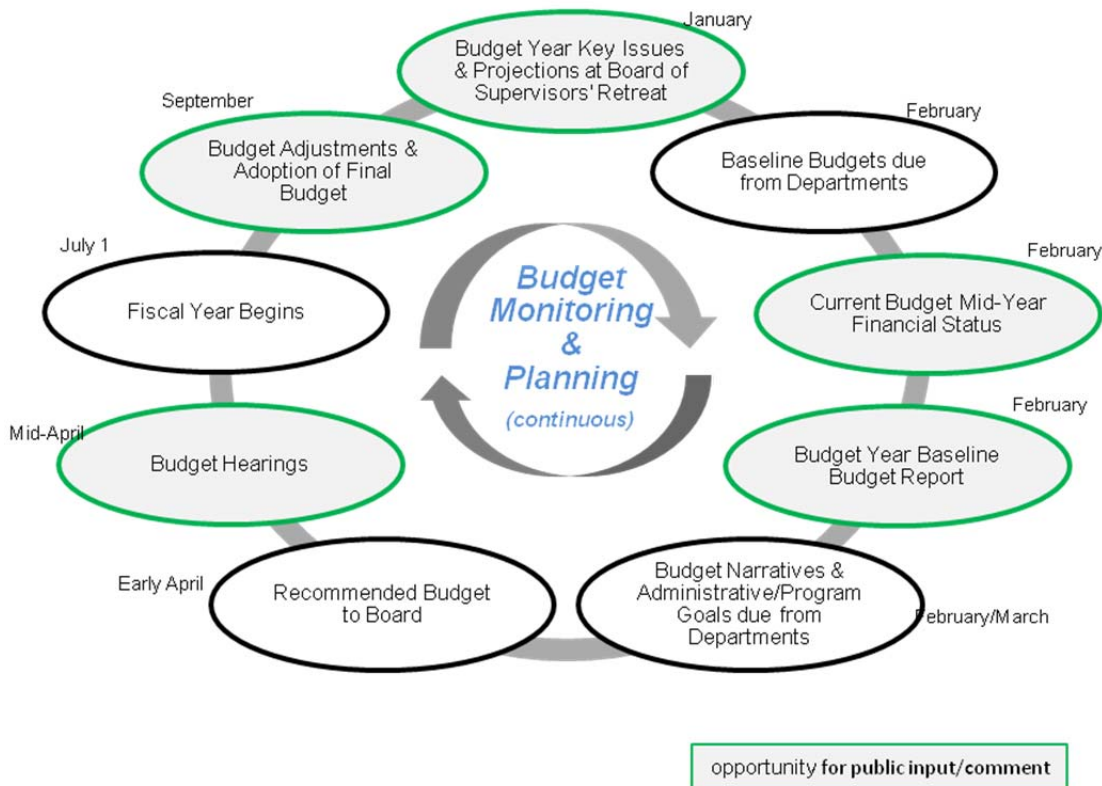

Workers' Compensation Confidence Level Policy In September of 2007 the Board of Supervisors established a Workers' Compensation funding policy that targeted a minimum confidence level 80% ('confidence level' is a measure of the probability that the Workers'

Overview

Compensation Internal Services Fund will have enough money to cover all benefits and claims that have been incurred). The 80% confidence level objective was exceeded in fiscal year 2014-15 and was in excess of 82%. Presently, the County pays approximately \$23.5 million annually to the Workers' Compensation Internal Services Fund, down from a high of \$36 million in FY 2006-07. The decrease can be attributed to changes in State law, changes in employee contracts, most particularly to the County's return-to-work program, and adherence to the funding policy. The annual payments, along with a slow growth in loss experience and relatively flat payments, has resulted in a high confidence level of the Workers' Compensation Internal Service Fund. The County Administrator will continue to recommend gradually reduced transfers to the fund, which will eventually result in reaching the targeted confidence level and freeing up these funds for other purposes.

BUDGET PROCESS

The County budget process is a continuous cycle of developing, monitoring and planning, with specific steps each year to achieve adoption of the Final Budget.

The County's fiscal year spans from July 1 to June 30; however, the budget development process begins as early as December with the Board of Supervisors setting a Preliminary Budget Schedule for preparation of the ensuing budget. The County Administrator presents the Board, Department Heads and the public with an analysis of key issues and budget projections in January; followed by budget instructions, which include direction for departments to work with their respective advisory committees and community-based organizations; departmental budget submissions; meetings with Departments in February and March; and presentation of the State Controller's Office required Recommended Budget Schedules for Board consideration in April. Absent the adoption of the County's Recommended Budget by June 30, the State Controller's

Office Recommended Budget Schedules are passed into the new fiscal year as the spending authority until a Final Budget is adopted. Unlike the State Controller's Office Recommended and Final Budget schedules, which are solely publications of financial State Schedules required by State Statutes collectively referred to as the *County Budget Act*, the County Recommended Budget includes detailed information and narrative regarding the County, including its current and projected financial situation; the programs/services and administrative/program goals of individual Departments; and the County Administrator's budgetary recommendations for the upcoming budget year.

After public hearings and budget deliberations, the Board adopts the Recommended Budget no later May 31 (pursuant to the Budget Policy). After the State budget is passed (legally due by June 15) and County fiscal year-end closing activities are completed in August, a Final Budget is prepared for Board consideration. (Pursuant to the County Budget Act, the deadline for adopting a Final Budget is October 2 each year. This allows incorporation of any needed adjustments resulting from the State budget.)

* All activities noted as (Board Chambers*) are open to the public and opportunities for public comment.

¹ If significant changes to programs or revenues are required based upon the State budget and/or closing activities, Budget Hearings may be scheduled prior to the Board adopting the Final Budget.

The County Administrator monitors actual expenditures and revenue receipts each month and mid-year adjustments may be made so that the County's Budget remains in balance throughout the fiscal year. On an annual basis, the County Administrator's staff prepares and presents a report to the Board of Supervisors that details the activity within each budget category and provides summary information on the status of the County's Budget. The County Administrator also recommends any actions that are necessary to ensure a healthy budget status at the end of the fiscal year.

Supplemental appropriations, which are normally financed by unanticipated revenues during the year, and any amendments or transfers of appropriations between summary accounts or departments, require approval by the Board of Supervisors. Pursuant to a Board of Supervisor's Resolution, the County Administrator is authorized to approve transfers of appropriations among summary accounts within a department as deemed necessary and appropriate. Accordingly, the legal level of budgetary control by the Board of Supervisors is at the department level.

BUDGETARY BASIS FOR ACCOUNTING

The County uses an encumbrance system as an extension of normal budgetary accounting for the general, special revenue, and certain debt service and capital project funds to assist in controlling expenditures. Under this system, purchase orders, contracts, and commitments for the expenditure of monies are recorded in order to reserve that portion of applicable appropriations. Encumbrances outstanding at year-end are recorded as reservations of fund balance since they do not constitute expenditures or liabilities, and are re-established, along with their encumbered appropriations as part of the following year's budget. Any appropriations remaining in the departments at the end of the fiscal year automatically lapse and are transferred to fund balance. The year-end fund balance, along with projected revenues, becomes available for appropriation the following year.

The Final Budget adopted by the Board of Supervisors for the General Fund includes budgeted expenditures and reimbursements for amounts disbursed to or received from other County funds. Revenues received from other County funds for reimbursement of services are generally budgeted in Interfund Revenues, such as facilities maintenance. Transfers to and from other County funds to provide reimbursements of costs are generally budgeted in Charges for Services, Miscellaneous Revenue and Expenditure Transfers.

The budget for governmental funds, such as the General Fund, may include a sub-object level known as 'intrafund transfers' in the charges to appropriations. This sub-object level is an accounting mechanism used by the County to show reimbursements between operations within the same fund. An example of an intrafund transfer would be a General Fund department, such as the Sheriff's Office, reimbursing another General Fund department, such as the Facilities Maintenance Section of Public Works – this would represent a transfer between General Fund budget units for services performed.

Budgets are adopted on the modified accrual basis. Accounting policies used in preparation of the County's audited financial statements conform to generally accepted accounting principles applicable to counties. The County's governmental funds use the modified accrual basis of accounting. This system recognizes revenues when they become available and measurable. Expenditures, with the exception of unmatured interest on general long term debt, are recognized when the fund liability is incurred. Proprietary funds use the accrual basis of accounting, whereby revenues are recognized when they are earned and become measurable, while expenses are recognized when they are incurred.

FY 2016-17 KEY BUDGET ISSUES

The Recommended Budget represents a work plan to achieve our mission and priorities in the coming year. Below are a number of key issues that have informed or impacted the development of our budget for next year.

- **Property Tax Recovery/Revenue:** Low growth in the housing market in the recent past has significantly impacted the County budget as 83.4% of General Purpose revenues and 23.2% of total General Fund revenues come from property taxes. As a result, the slowdown in the

housing market continues to have a greater impact on our County than most other Bay Area Counties.

Over the three year period between 2009-10 and 2011-12 property taxes declined by 11.1%. Over the last four years (2012-13 to 2015-16) the increase was 20.9%. (In the current year, assessed value increased by 7.53%). This means that the total net increase in property taxes over the past seven years grew by a net of 9.85%. This reflects the slow economic recovery in Contra Costa County; however, for at least the near term, property tax revenues are looking up. Home prices and sales indicate strong demand on the residential side of the market, and the latest trends in construction-permitting activity point towards new structures coming on line to support ad valorem (AV) growth in the coming fiscal year. Moreover, inflation is picking up slightly in the state, which will help put upward pressure on AV growth for properties not changing ownership. The current forecast is projected upon continued property tax recovery. The County is projecting growth of 6% for FY 2016-17, and at this point, a more modest annual growth of 5% in FY 2017-18 and 4% for FY 2018-19 and beyond.

- **Employee Benefits and Retiree Health Care/Other Post-Employment Benefits (OPEB):** Another key issue is the continued financial pressure related to the cost of benefits, including health care, for employees and retirees. Over the last few years, the County reached agreement with the majority of our employee groups to reduce the County's cost for current employees and to eliminate retiree health care subsidies for future employees. This action substantially reduced our long-term liability relating to the provision of retiree health care. This action, in combination with pre-funding, eliminated growth in the County's OPEB liability. The FY 2016-17 budget continues the \$20 million annual set-aside, which began in FY 2008-09, to reduce our unfunded liability for retiree health care. While we would prefer a greater level of pre-funding, the absence of any new resources makes this impossible without further service cuts. Nevertheless, \$20 million in annual contributions will continue to have a positive impact on the County's OPEB liability. Our most recent OPEB valuation indicated that over the last eight years, the County has significantly reduced its OPEB liability and annual required contribution. The current Other Post-Employment Benefits liability fell from \$2.6 billion in 2006 to \$794 million and the annual required contribution fell from \$216.3 million in 2006 to \$88.5 million. None of these reductions could have been achieved without the support and cooperation of our employees.

On February 24, 2012, the Retiree Support Group of Contra Costa County ("RSG") filed a lawsuit in federal court challenging the County's ability to make changes to health care for retirees. Following mediation, RSG and the County reached a settlement of the case. The Board of Supervisors adopted Resolution No. 2016/124, approving the proposed settlement agreement on March 15, 2016. It is anticipated that the settlement will be finally approved in September 2016, and the lawsuit will be dismissed with prejudice in advance of the County's open enrollment for health and dental plans for 2017. Once the settlement is implemented, this will create a \$676,000 increase in the Annual Required Contribution and an \$8,593,000 increase in the total Actuarial Accrued Liability. The settlement group is entirely made up of retirees, there is no Normal Cost.

Continued negotiations towards Countywide health care cost containment strategies and the redirection of designated future resources remain key to resolving the OPEB dilemma for the County. The challenge of offering health care options to our employees that are affordable and competitive remains an important focus in negotiations. The Board of Supervisors and our employees continue to make significant progress towards a solution for one of the biggest fiscal challenges the County has faced to date. An updated 2016 valuation will be available in Summer 2016.

- **Pension Benefits:** A major issue for FY 2016-17 and beyond continues to be the impact of the County's unfunded liability on pension rates and thus employee costs. In 2000, the Contra Costa County Employees Retirement Association (CCCERA) reported an unfunded liability of \$288.4 million and a funded ratio of 89.1%. As of December 31, 2014, CCCERA's net position totaled \$6.9 billion (net position restricted for pensions), which means that assets and deferred outflows of resources of \$8.1 billion exceed liabilities and deferred inflows of resources of \$1.2 billion. The primary use of assets includes benefit payments to retirees and their beneficiaries, contribution refunds to terminating employees, and the cost of administering the system. The funded ratio was 76.4%, as of December 31, 2013. In 2014, CCCERA implemented Governmental Accounting Standards Board Statement No. 67 (GASB 67), Financial Reporting for Pension Plans, which established new accounting and financial reporting requirements for public pension plans. Based on GASB 67, CCCERA had a net pension liability of \$1.2 billion as of December 31, 2014. The plan fiduciary net position as a percentage of the total pension liability as of December 31, 2014 was 85.2%. The net pension liability as a percentage of covered payroll was 178.1% as of December 31, 2014. At the end of 2014, the County had an unfunded actuarial accrued liability of 1.0 billion (1.2 billion including the Contra Cosa County Fire Protection District). Those figures do not include \$236.9 million in outstanding pension obligations bonds (as of June, 2015). Although a significant pension obligation bond was paid off in FY 2013-14, the projected relief was eliminated by the pension board's reduction of the assumed investment rate from 7.75% to 7.25% (see the Retirement/Pension Costs – Future Year Projection/Budgets section, below, for more information on pension). On a positive note, the County has begun to benefit from new lower cost PEPRA pension plans and has negotiated a 2% cost of living adjustment to the PEPRA plans with all of its bargaining units.
- **Long-Term Rebalancing:** One of the most important challenges faced over the last few years was to rebalance and restructure the County's budget. A long-term solution including a targeted negotiation strategy was developed and implemented. The County Administrator's Office continues to work with the Board and Departments to review historical trends, identify service priorities, and develop strategies to address any budget imbalance that exists between annual expenditure needs and annual revenues. The goal is to continue to provide the most effective and efficient community services within available resources.
- **State Budget:** The State's continuing economic growth, prior budget cuts, and the additional, temporary taxes provided by Proposition 30 have combined to bring the State Budget to a positive financial condition. Despite an awareness of an inevitable economic downturn—the State may be experiencing the peak of its recent expansion--California's budget outlook for FY 2016-17 continues the upward trajectory begun in FY 2014-15.

State General Fund expenditures are projected to be \$122.6 billion in FY 2016-17, with a total budget package of \$168 billion, an increase of 2 percent over revised levels for 2015–16. The administration projects that the General Fund's revenue will increase by over \$5.9 billion for the 2014-15 through 2016-17 period. However, about half of these additional revenues are required to meet Proposition 98, the K-14 funding guarantee. After satisfying constitutional requirements for higher reserves and spending on education, the Governor proposes significant extra reserve deposits; under the Governor's plan, by the end of 2016–17 reserves would total \$10.2 billion, including an extra deposit of \$2 billion into the "rainy day" reserve. The Governor then proposes using the remaining money for new spending commitments, primarily one-time infrastructure spending.

Whether tax revenues grow further, stagnate, or, in the worst case, decline will depend in large part on trends in volatile capital gains and business income. History (and recent stock market events) tells us that the current growth of state revenues may not continue for long.

As the Governor argues, the budget remains vulnerable to downturns that may re-emerge with little warning. Thus building budget reserves, paying down state debts, and focusing on infrastructure remain important goals.

- **Capital Improvement Plan:** Despite having accrued substantial deferred maintenance and capital renewal needs, the County continues to make strides in planning the recovery/rebuilding of our infrastructure in order to provide high quality and accessible services to our residents. Significant fiscal constraints in FY 2008-09 through 2011-12 prevented any appropriations for facilities maintenance or capital renewal from the General Fund. A comprehensive building condition analysis report completed in FY 2007-08 revealed the level of deferred maintenance and improvements that would be required to extend the useful life of County facilities and promote the health and safety of employees and the public who utilize our facilities. Based on the information in that report, beginning in FY 2012-13 funding was allocated from the Tax Losses Reserve Fund for deferred maintenance projects: \$5 million in FY 2012-13; \$10 million in each of FY 2013-14, FY 2014-15 and FY 2015-16; and a proposed \$16.5 million in the FY 2016-17 Recommended Budget. For detailed information on the County's capital program and progress, see the Capital Improvements Departmental Budget Summary, Page 65, and the Capital Improvement Plan, Page 475.
- **Bonded Debt Limitation and Assessed Valuation Growth:** The statutory debt limitation for counties is 5% of assessed valuation (Government Code Section 29909), but it is actually 1.25% of assessed valuation pursuant to the California Constitution which requires taxable property to be assessed at full cash value rather than $\frac{1}{4}$ of that value. The California Constitution limit applies to all County-controlled agencies, including the County General and Enterprise Funds, Successor Redevelopment Agencies, Housing Authority and Special Districts. For technical auditing purposes, only pension obligation bonds and tax allocation bonds are counted as "general obligation bonded debt" even though neither form of debt requires voter approval; lease revenue bonded debt and assessment district debt are not required to be included. As of June 30, 2015 the County's outstanding bonded debt was \$327.3 million leaving a statutory margin of \$7.9 billion and a Constitutional margin of \$1.7 billion. (See Current Debt Position, Page 479 for details.)
- **State Realignment:** In October 2011, the Governor began implementing massive changes to the relationship between State funding and management of County operated programs. The realignment of public safety programs has transferred to counties the fiscal and programmatic responsibility for many criminal justice and health and human service programs previously administered by the State. Public Safety Realignment transferred oversight of certain nonviolent, non-serious and non-sex crimes felony offenders from the State to counties as a means of reducing overcrowding that has long plagued the State prison system.

In November 2012, voters approved Proposition 30, which, among other things, secured a constitutional guarantee that local community corrections funding would continue to counties. Although the funding has been guaranteed it is important to understand that (1) funding comes from a portion of the Vehicle License Fee (VLF) and the sales tax, both of which are subject to the ups and downs of the economy, and (2) that the funding guarantee does not extend to local jurisdictions. In 2012, a two-year funding formula (fiscal years 2012-13 & 2013-14) was adopted by the Department of Finance, with the advice of the California State Association of Counties (CSAC) and the Realignment Allocation Committee (RAC), a committee of nine representatives from the County Administrative Officers Association of California (CAOAC), to guide the allocation of funding by the State to counties. The two year funding formula increased funding to Contra Costa County. In October 2014, the RAC recommended a new three-year funding formula that significantly impacted the County,

resulting in a proposed reduction to our base allocation of \$5.3 million between fiscal years 2013-14 and 2015-16. This is partially mitigated by a one-time “Transition Payment” of \$5.6 million that was designed to ease the transition to the new formula for those counties receiving a funding reduction. The prudent use of funds by the Board of Supervisors and the Community Corrections Partnership (CCP) continues to allow us to weather this financial storm in the short term; however, continued restraint will be necessary into the future to maintain critical programs that have been implemented over the last five years.

On February 8, 2016, the Public Protection Committee approved a \$25.5 million budget package. The budget includes recommendations approved by the CCP-Executive Committee plus an additional \$610,000; \$500,000 for community programs and \$110,000 for coordination of Ceasefire programs countywide. In addition, the PPC budget package includes \$1.8 million in one-time funding to complete significant deferred maintenance projects at the West County Detention Facility (WCDF). Funding allocations approved by the Public Protection Committee have been integrated into departmental budgets for FY 2016-17.

- Retirement/Pension Costs - Future Year Projections/Budgets:** The costs of pension benefits remain a fiscal challenge in Contra Costa. In the 2009 Budget Message, a graph was included that projected the impact of the 2008 Contra Costa County Employees’ Retirement Association (CCCERA) market losses (26.5%) in combination with an unachieved earnings assumption (then 7.80%) to be a negative impact of over 34%. Even using a five-year smoothing model, County costs were expected to begin to rise in FY 2010-11 and virtually double by FY 2015-16. Since that time, market experience has fluctuated greatly and the assumed investment rate has been reduced twice. The chart below summarizes the net impact of market experience and the assumed investment rate since the 2008 market crash:

Calendar Year	Gross Market Value Investment Returns	Assumed Investment Rate	Net Impact
2008	-26.50%	7.80%	-34.30%
2009	21.90%	7.80%	14.10%
2010	14.00%	7.75%	6.25%
2011	2.70%	7.75%	-5.05%
2012	14.10%	7.75%	6.35%
2013	16.50%	7.25%	9.25%
2014	8.40%	7.25%	1.15%
2015	2.40%	7.25%	-4.85%

In a letter dated March 2, 2016, CCCERA’s actuary issued a report which projected employer contribution rate changes based on an estimated 2.4% gross market value investment return for 2015 and other changes in economic assumptions. The projection is derived from the December 31, 2014 actuarial valuation results, which are the most current available. A new five-year projection will be available in the Fall using December 31, 2015 valuation figures. The projections do not reflect any changes in the employer contribution rates that could result from future changes in the demographics of active members or decreases in the employer contribution rates that might result from new hires going into the PEPRA tiers. These modeled projections are intended to serve as illustrations of future financial outcomes that are based on the information available to us at this time. Emerging results may differ significantly if the actual experience proves to be different from these

Overview

assumptions. The four most significant variables are demographic experience, local and regional economy, stock market performance, and the regulatory environment.

As can be seen in the chart below, the cumulative impact of smoothing gains and losses for the aggregate plan is projected to be -0.65% (as of December 31, 2019). These projected rate changes are implemented 18 months after the actuarial date. Therefore, the projected decrease of 1.44% in the chart below for 2015 will be implemented on July 1, 2017.

Note that because the actuary estimated the allocation of the rate changes across the cost groups, the actual rate changes by group will differ from those shown in the exhibit, even if the plan-wide rate changes are close to those shown below. For instance, the cost of a General Tier III employee is projected to decrease by 1.08% for 2015 (rate decrease date of July 1, 2017), a County Safety employee by 2.6%, and a Contra Costa County Fire District Safety employee by 3.78%. The total impact to the County, all things considered, is expected to be very close to these figures.

Rate Change Component	Valuation Date (12/31)				
	2015	2016	2017	2018	2019
Deferred (Gains)/Losses	-0.68%	-0.17%	-0.21%	0.39%	0.76%
Loss of Investment Income on (Gain)/Loss of Investment Income on Difference Between AVA and MVA	-0.25%	0.08%	0.09%	0.10%	0.07%
18 Month Rate Delay	-0.51%	-0.24%	-0.08%	-0.03%	0.03%
Incremental Rate Change	-1.44%	-0.33%	-0.20%	0.46%	0.86%
Cumulative Rate Change	-1.44%	-1.77%	-1.97%	-1.51%	-0.65%

The chart below, which County Administration staff and the Auditor prepared together, uses all of the latest information available for a new five-year projection of total County pension costs, including Fire. The cumulative effect of the market rate improvements is dramatic. Presented in the chart are four years' of actual data, a projection of the current year (straight-lining seven months of actual data), the Recommended Budget for FY 2016-17, and a projection based on the Recommended Budget of FY 2016-17 and beyond (no increases in FTE or wages for FY 2017-18 and beyond). A significant drop in projected expenses in FY 2014-15 was due to the retirement of one of the County's pension obligation bonds that was netted against increases in FY 2014-15. Note that the Board changed its OPEB funding policy and redirected all the savings achieved (\$33 million annually) towards funding the additional retirement expense due primarily from the reduction in the assumed rate. The five-year projection uses the 7.25% assumed investment rate of return, all pension obligations bonds and 2015 market impacts. A significant note is that the chart now includes the final year of debt service for the County and Fire pension obligations bonds, both of which pay off in FY 2021-22.

Actual and Projected Retirement Expenses

HISTORICAL PERSPECTIVE

General Fund

Between FY 2004-05 and FY 2007-08, total expenditures for the General Fund grew by an average of 4.0%. Expenditures then declined by 2.6% in FY 2008-09 and another 6.1% in FY 2009-10. Although they were budgeted to grow by approximately 4.3% in FY 2010-11, actual growth was within 2% and was funded with one-time resources. The one-time resources were not available in FY 2011-12 and expenditures dropped by 2.6% to below FY 2009-10 expenditures. Growth has been slow, but steady since FY 2011-12. The current year budget shown in the graph below displays more growth in expenditures than expenditure projections indicate. This is due to a high number of vacant positions.

10 Year Actual Expenditure History (in millions)

As depicted in the following chart, total revenues began a two-year decline in FY 2008-09 and were relatively flat until FY 2012-13 when they began to steadily increase. Growth of 3.2% is included in the Recommended Budget; the majority of this growth is from General Purpose

Overview

revenue. These revenues are projected based on historical trends, which have been impacted by property tax and general economic recovery.

10 Year Revenue Generation (in millions)

As shown below, the County has struggled with maintaining a structurally balanced budget over the years; however, all Recommended Budgets since FY 2012-13 have been structurally balanced. The 2015-16 Budget figures reflect capital carryover funding. State impacts on FY 2016-17 are currently unknown but expected to be positive. Appropriations for Contingency have been budgeted to address mid-year unanticipated issues.

Change in General Fund Actual Status (in millions)

Prior to the housing market collapse, the County had reversed the declining reserves trend experienced in the last decade and achieved a balanced General Fund budget for fiscal years 2005-06 and 2006-07. However, as is their purpose, reserves were spent in FY 2007-08 and FY 2008-09 to alleviate two fiscally difficult years. In FY 2009-10 and FY 2010-11, due to Federal Stimulus funding and negotiated compensation concessions, the budgets were

balanced. The FY 2012-13, 2013-14, and 2014-15 Recommended Budgets did not anticipate reserve spending for on-going program expenses and in fact projected a \$3 million repayment of reserves from reallocation of property tax revenues to the West Contra Costa Healthcare District (Doctor’s Hospital). The FY 2015-16 budget did not include this source of revenue due to uncertainty regarding the hospital’s status. The reallocation of \$2.5 million is included in the FY 2016-17 Recommended Budget.

Fiscal year-end 2010-11 marked a change in the calculation of the County’s General Fund Reserve to comply with terminology revisions required by the Governmental Accounting Standards Board (GASB) Statement No. 54-Fund Balance Reporting and Governmental Fund Type Definitions. GASB issued Statement No. 54 in an effort to improve consistency in reporting fund balance components, enhance fund balance presentation, and improve the usefulness of fund balance information reported annually. The Statement required a revision to the County’s 2005 Reserve Policy – unreserved was changed to unassigned. The impact was that \$32.5 million of previously categorized unreserved balance is now considered either assigned or committed. In the following chart, the ten-year history of unreserved balance has been over-laid with year-end 2009-10 figures calculated using both definitions and the following years calculated pursuant to the revised policy. There was no change in the total fund balance. The County is exceeding the minimum 5% target (Unassigned Fund Balance was 13.2% of total General Fund Revenues on June 30, 2015).

Although the graph below depicts no budgeted growth in reserves, it should be noted that actuals will likely be higher than shown due to a high number of vacant positions. Fund balance is shown as a percentage of total General Fund revenues, which are projected to reach budgeted figures in the current year (reduced revenue would decrease the ratio between the two). As noted, actual expenditures are expected to be less than budget, which will increase reserves and therefore the reserve ratio.

Unreserved/Unassigned Fund Balance (as of June 30)

General Fund Revenue and Appropriations

The County Summary Information available beginning on page 423 depicts history and recommendations for all revenue sources and uses for all County funds. The recommended General Fund budget of \$1.468 billion is supported by local, federal, and State resources. Almost half of the revenue, \$611.1 million, or 41.6%, is dependent upon State and federal allocations (very close to the 41.3% of last year). General Purpose revenue available from sources such as property tax and interest income is \$409.2 million. The remaining ‘Other Local’

Overview

revenue is generated primarily by fees, fines, and licenses. In the two fiscal years prior to 2007-08, the assessed valuations of the County's tax rolls had increased by double digits due to the strong housing market. The economic downturn slowed growth in assessed valuation and had reduced most revenue sources. This trend has turned around and the County is experiencing modest, yet consistent, revenue growth.

Total Revenues: \$1.470 Billion

These revenue sources are used to fund programs throughout the County. All categories below are self-explanatory, except 'Other Charges', which includes contributions to other funds such as the Enterprise Funds and interest expense on bonds and other debt. The pie chart is used to show the size of the expenditures in relation to each other (ideally, pie charts are not used with negative numbers). The following chart breaks out recommended expenditures between the major expense areas. The reallocation of \$2.5 million to the West Contra Costa Healthcare District (Doctor's Hospital), mentioned earlier causes the difference between the total revenues and total expenditures.

Total Expenditures: \$1.468 Billion

Our General Fund resources fund three functional areas: General Government, Health & Human Services, and Law & Justice. The following chart shows the distribution of resources in these three areas in the FY 2016-17 Recommended Budget. Distribution of resources has tracked very closely to these ratios for many years.

Distribution of Expenditures: \$1.468 Billion)

Other County Funds

The County Summary Information beginning on page 423 depicts history and recommendations for all revenue sources and uses for all County funds. Of the \$3.3 billion represented, \$1.47 billion is within the General Fund and \$1.8 billion is from other funds. There are five County Enterprise funds, which make-up \$1.3 billion of the \$1.8 billion in non-general funds.

Enterprise Funds

The County operates seven Enterprise Funds (listed below). These funds were established for operations that are financed and operated in a manner similar to private business enterprise (e.g. water, gas and electric utilities, parking garages; or transit systems). The County Summary Information depicting history and recommendations for all revenue sources and uses for these funds is available on the page numbers indicated.

Overview

The total Recommended Budget for Enterprise Funds is \$1.3 billion.

Enterprise Fund Appropriations: \$1.3 Billion

The largest of the Enterprise funds are the HMO Enterprise and Hospital Enterprise Funds. The HMO fund is used to account for all the premiums and expenditures related to Medi-Cal enrollees. The fund includes the Contra Costa Health Plan and Medi-Cal products. The Contra Costa Health Plan is a County-operated, prepaid health plan. The Hospital Enterprise fund includes the operations of the Contra Costa Regional Medical Center and emergency care services, ambulatory care centers, physician services, emergency medical services, department-wide administration, and fixed assets.

Total Revenues: \$548.5 Million

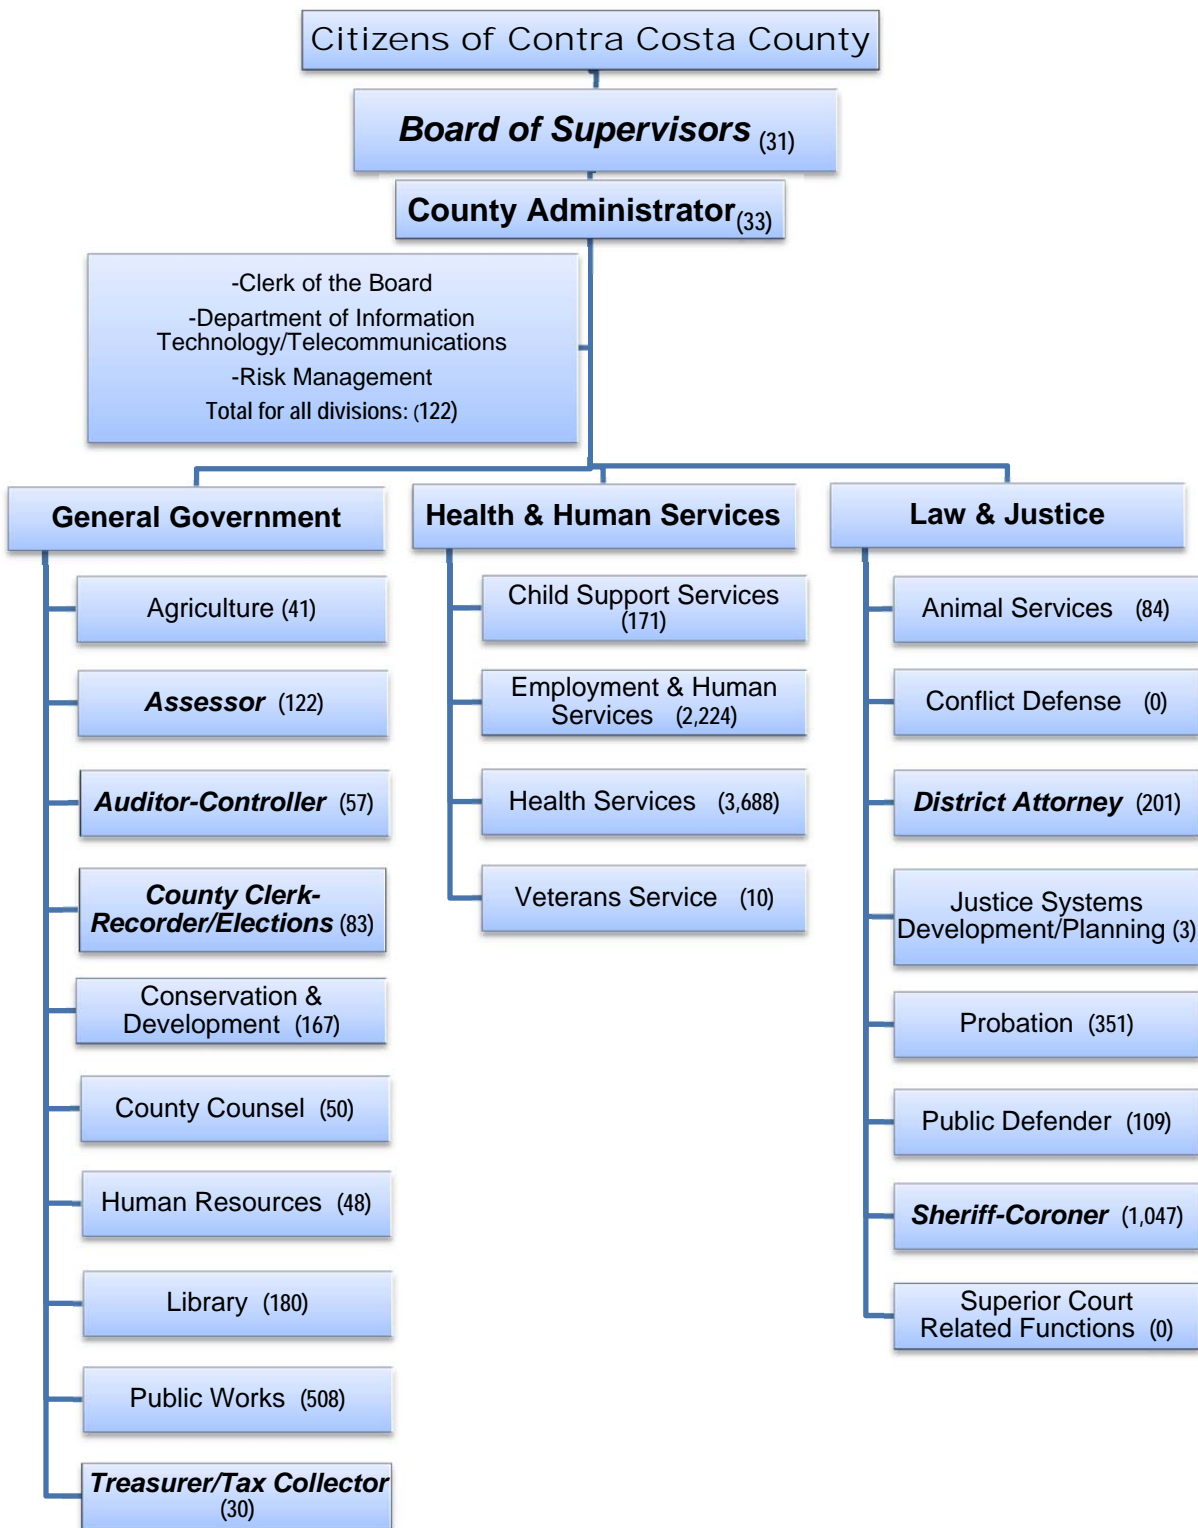

The majority of the expense in this Fund, 64%, is for salaries and benefits costs to operate the hospitals and clinics.

Total Expenditures: \$548.5 Million

ORGANIZATION OF THE RECOMMENDED BUDGET BOOK

This Fiscal Year 2016-17 Recommended Budget book is designed to be both informative and easy-to-use and is divided into the sections described below:

BUDGET MESSAGE

The opening pages of the FY 2016-17 Recommended Budget book is the official transmittal document for the Recommended Budget to the Board of Supervisors and citizens of Contra Costa County from the County Administrator, David Twa.

OVERVIEW

Information contained in this section includes a general profile of Contra Costa County, (size, population, employment and income, etc.); long-term financial planning and policies adopted to manage County operations; the process used for developing and adopting the Recommended Budget, key budget issues, historical perspective and the County's organizational chart.

DEPARTMENTAL BUDGET SUMMARIES BY FUNCTIONAL GROUP

In this section, County Departments are divided into three Functional Groups: General Government, Health & Human Services and Law & Justice. The *General Government* Functional Group includes those Departments or Funds that provide general governmental services to residents and/or support services to other County Departments and/or are not included in the other two Functional Groups. The *Health & Human Services* Functional Group includes those Departments that provide health and family, individual and child supportive services. The *Law & Justice* Functional Group includes those departments that provide public protection and/or provide services to the criminal justice system.

Each Departmental Summary provides a variety of information about each Department including: expenditure and revenue information; narrative explanation of Department's programs and its administrative and program goals; number of allocated positions; a summary of County Administrator's recommendations; and summary of recommended service modifications by program, if applicable. (See *Navigation Information for Department Budget Summary* below for further information.)

The Departmental Summaries include financial information for All County Funds; unless otherwise noted, the summaries do not include financial information of component units. Component units are legally separate organizations for which the elected officials of a primary government are financing accountable. Component units are blended (i.e. treated as if they are funds of the County) or discretely presented (i.e. reported in a separate column in the County's financial statements.) Blended component units include the Successor Agency to the County Redevelopment Agency, the County Public Financing Authority, the County Employees' Retirement Association, the In-Home Supportive Services Public Authority, Special Districts and Service Areas whose Board is the County Board of Supervisors. The only blended component units reported on in the Recommended Budget document are the Contra Costa County Fire Protection District, the Crockett-Carquinez Fire Protection District and the In-Home Supportive Services Public Authority.

ROUNDING

All figures are shown in whole numbers; therefore due to independent rounding, figures shown may not sum to subtotals and totals.

Overview

FIRE DISTRICTS

Similar to the Departmental Budget Summaries, this section includes a variety of information about each of the two County Fire Districts, including: expenditure and revenue information; narrative explanation of Department's programs and its administrative and program goals; number of allocated positions; summary of County Administrator's recommendations; and summary of recommended service reductions by program, if applicable.

COUNTY SUMMARY INFORMATION

This section presents numerical data in a variety of forms on revenues, expenditures and fund balances for the all funds and the major funds.

APPENDIX

A variety of supplemental information is located in this section to assist in understanding the Recommended Budget, including: an organizational chart of the County; detailed compilation, by Department, of all Program Reductions for the current budget and detailed listings of Mandatory/Discretionary programs by Department and by Service and Level; definition of Funds used for budgeting; and a glossary of terms.

NAVIGATION INFORMATION FOR DEPARTMENTAL BUDGET SUMMARIES

The following is an abstract of the information provided within each Departmental Budget Summary, and a number indicating where it can be found on the sample summary which follows.

- 1 This area lists the department name, functional group in which the department is assigned, and the department head's name.
- 2 This area summarizes the budget by fund and major account, shows the number of full-time budgeted positions, the change from the current year's budget at the recommended level, and a comparison of key financial indicators. Requirements, as well as the means of financing them, are shown in this section. In the header row of each major function box, the term General Fund is used if the function is entirely funded by the General Fund. The term General Fund Only is used if the function is funded by more than one fund (the box, however, will depict only the General Fund portion).
- 3 This area provides summary compensation information.
- 4 This area summarizes the program descriptions, providing a narrative explanation of the department's programs.
- 5 This area provides details of service requirements and financing sources.
- 6 This area summarizes the County Administrator's recommended funding level, the reasons for the recommendation and the expected impact on services if the recommended level is approved.
- 7 This area summarizes FY 2016-17 Administrative and Program Goals.
- 8 This area summarizes recommended service additions and/or reductions by program.

Department Description

The preceding table represents information in aggregate format summarizing expenditures, revenues and net County costs for five organizational units administered by the Agriculture/Weights and Measures Department.

- 3300 – Agriculture/Weights & Measures Admin
- 3305 – Agriculture Division
- 3311 – Agriculture Division (Pest Management)
- 3315 – Weights and Measures
- 3320 – Cooperative Extension

Major Department Responsibilities

The Agriculture/Weights and Measures Department promotes and protects the County's agricultural interests while protecting the public health and environment; protects the public interest in the commercial exchange of goods where value is determined by weights and measures; provides education to the public and targeted clientele, including other County departments, in commercial agriculture, urban horticulture, youth development, nutrition, and a variety of natural resources topics including rangeland and watershed management and safeguarding homes from wildfires; and directs service programs including 4-H Youth Development, Master Gardeners, and two federally-funded nutrition education programs.

Description: Provides enforcement of pesticide use and worker safety regulations; enforcement of quarantine regulations; Certified Farmer's Market and organic program regulatory oversight; and performs pest detection, pest management, and pest eradication activities. Provides quality assurance programs involving fruits, nuts, vegetables, eggs, nursery stock and seed; and assists the public with pest identification and control techniques using environmentally safe integrated pest management practices.

CAO's Recommendation

The FY 2016-17 Recommended Budget for the Department of Agriculture is balanced while maintaining current service levels. Any reductions in the County's General Fund commitment may limit the department's ability to fulfill the maintenance of effort requirement; and potentially jeopardize future unclaimed gas tax revenue. California Food and Agricultural Code (FAC) Section 224 (g) states that counties must maintain a certain level of County General Fund support or risk the loss of unclaimed gas tax revenue.

Table Description

This table presents information in aggregate format summarizing specifically General Fund expenditures, revenues, and Net County Cost for the **General Government Functional Group**. Included is data for the following departments: Agriculture, Assessor, Auditor-Controller, Board of Supervisors, Capital Improvement, Central Support Services, Clerk-Recorder, Conservation and Development, Contingency Reserve, County

Administrator, County Counsel, Crockett/Rodeo Revenues, Debt Service, Department of Information Technology, Employee/Retiree Benefits, Human Resources, Public Works, and Treasurer-Tax Collector. (Some of departments may have non-General Fund activity as well.) The Recommended Net County Cost figure includes \$409.2 million in General Purpose Revenue.

Cooperative Extension

Description: Cooperative Extension is a public outreach arm of the University of California (UC) that extends research-based information and resources to professionals working in agricultural and natural resource industries as well as to county residents via a wide variety of extension methods. Through UC funding, extramural grants/gifts and volunteer hours, the match for every \$1 contributed by Contra Costa County has increased to an estimated \$17:\$1 ratio.

The program works with County farmers to assure a sustainable food system that is safe, productive, environmentally friendly and economically viable; educates landscape managers, pest control operators, and other urban pest management professionals about the

principals of integrated pest management (IPM), reducing negative impacts to the environment and community; works with 4-H volunteers to create opportunities where youth and their families build citizenship, leadership, and life skill competencies necessary for successful adolescent and adult life; and provides research and education on critical nutrition issues including food security, childhood obesity and chronic disease prevention.

CAO's Recommendation

The Department of Agriculture has a number of Standard Agreements and other revenue distributions from the California Department of Food & Agriculture (CDFA) and the Department of Pesticide Regulation (DPR) as well as pass – through money from the United States Department of Agriculture (USDA). The revenue from these sources varies from year to year. The Department will closely monitor these revenue streams until they stabilize.

The Department is reorganizing many traditional functions as a means of being more responsive to community needs and providing staff with greater career opportunities. The Department has created a new full time job classification, Agricultural and Standards Aide. The Department plans to convert some Project Permanent Intermittent Pest Detection Specialist positions to this new classification.

The FY 2016-17 Recommended Budget for the Department of Agriculture is balanced while

Agriculture

General Government

maintaining current service levels. Any reductions in the County's General Fund commitment may limit the department's ability to fulfill the maintenance of effort requirement; and potentially jeopardize future unclaimed gas tax revenue. California Food and Agricultural Code (FAC) Section 224 (g) states that counties must maintain a certain level of County General Fund support or risk the loss of unclaimed gas tax revenue.

Performance Measurement

- The Canine Program continues to be a success. The two teams continue to work regionally in 12 Greater Bay Area counties and alerted on a total of 4,443 parcels at USPS, FedEx, and UPS. A total of 196 unmarked packages of Agricultural commodities were intercepted. Within these parcels, 96 pests were discovered to contain serious exotic pests. The Canine Program continues to work in two U.S. Post Office facilities where they have successfully intercepted packages that would have severe economic impact to California agriculture.
- No new infestation sites of the A-rated pest, Japanese Dodder, were found in 2015. All 49 historically infested sites were monitored and found clean of this pest. Total county-wide eradication of this serious pest is near.
- The Glassy-Winged Sharpshooter / Pierce's Disease Control Program continues to be a very successful program in Contra Costa County. With the eradication of the sharpshooter in 2003 and the prevention of any new infestations to date, we have greatly benefited the agriculture and horticultural communities. Though there was some reduction in this state contract increased efficiencies in our program have resulted in retaining the effectiveness of the program.
- The pest management program treated 176 historically invasive noxious weed infested sites for the 3 target species of the program. The pest management program consists of a weed and ground squirrel management program within Contra Costa County. The pest management program provides assistance with weed and vertebrate control for local municipalities and Park districts under contract with the Department of Agriculture.
- Contra Costa Certified Farmer's Markets (CFM) provide fresh fruits, nuts and vegetables to local consumers directly from family farms. The high quality and fresh produce brought to the CFM's by its producers creates a diverse market and also provides the consumer with an opportunity to meet the farmer and learn how their food supply is produced. Currently Contra Costa County has over 20 Certified Farmer's Markets, many are open year round. The Department has conducted 88 inspections to ensure produce sold is of the growers own production.
- The countywide pest detection program found 1 male Oriental Fruit Fly which has a large list of fruit that it will infest. Due to rapid response by county and State officials, no new flies have been found and we are months away from being declared eradicated. The Guava Fruit Fly infestation from the previous year has been declared eradicated. Our department places and services 16 different types of exotic insect traps with a total of 5,379 individual traps. The state of California has seen more infestations in the last few years than it has seen in the life of the pest detection program. This may be attributed to more pressure from shipping, changing weather, or other outside sources; the low number of infestations is attributable to the efforts of diligent inspectors and canine teams.
- The pest detection program continues to trap for the Asian Citrus Psyllid (ACP). Currently, ACP is infesting much of Southern California and has recently been found in many neighboring counties. There have been no ACP found in Contra Costa County.

- Although Contra Costa county is generally infested with the plant pathogen responsible for Sudden Oak Death (*Phytophthora ramorum*), our program, after intensive sampling, found all shipping nurseries in compliance and completely free of this pathogen. Our inspections allow these nurseries to ship to un-infested areas within California and other States and Countries.
- Our pesticide use enforcement program involves inspections of operations by growers, pest control operators, agencies and others that use and store pesticides. The program involved 598 inspections and 30 investigations of alleged misuse or exposure. Education is a basic component of our enforcement program. Besides one-on-one interaction with many growers, operators and agencies, we reached 1,018 individuals through 42 training sessions, some of which were given in Spanish.
- The Weights & Measures Division filed 43 administrative actions in the past year. These actions serve to protect consumers in the county. Also the district attorney settled two cases for \$48,131.40. Additionally, the Department received \$48,122.87 in investigative cost. The Department converted the water meter test bench to gravimetric for more accurate inspections. These actions underscore the importance of our Weights and Measures Program.
- UC Cooperative Extension (UCCE) Farm Advisor, Janet Caprile, spearheaded an aggressive Cherry Buckskin Disease eradication effort which successfully rid our county of this disease in 2015. UCCE also developed a comprehensive management program for controlling another new cherry pest, the Spotted Wing Drosophila, and successfully educated local farmers on implementation, preventing millions of dollars in loss to \$2.5 million Contra Costa cherry industry. The Farm Advisor continues to serve as a local resource to help farmers adapt to changing conditions (such as drought) and pests using sound science, through direct consultations, field demonstrations, research, meetings, newsletters, websites, emails, publications and other methods
- The Nutrition Program provided 4,548 low-income students, an average of 8 hours of nutrition education. In addition, 320 low-income families with children graduated from an eight-week nutrition series. Evaluations showed that 88% of graduates improved one or more nutrition practices; and 83% improved in one or more food resource management practices. A national study reported that for every dollar spent on this program, \$3 - \$17 dollars is saved in healthcare costs attributable to good nutrition and physical activity practices.
- Trained/managed 240 Master Gardener volunteers who contributed 18,239 hours (valued by the Independent Sector at \$420,774) educating local residents on a wide range of topics that promote healthy and sustainable homes and communities: proper plant problem diagnosis; safe pest management techniques that minimize pesticide use; water conservation and drought tolerant landscaping; composting and green waste reduction; and home food production that promotes food security and healthy eating.
- Trained and managed 181 Adult 4-H Program volunteers who contributed an estimated 13,575 hours (valued by the Independent Sector at \$313,175) helping to deliver the 4-H program. Engaged/enrolled 564 youth in the year-long 4-H program. Participating 4-H youth are 1.8 times more likely to go to college, 3 times more likely to contribute to their communities and 4-H girls were 2 times more likely to have plans to pursue science careers vs. non 4-H girls. Proudly based in agriculture, 4-H offered 170 projects covering a range of interests including raising livestock (i.e., swine, beef, goat, poultry, etc.), vegetable gardens and crops, farm machinery, entomology, food preparation (i.e., cooking, nutrition, preservation, table setting, etc.), plus projects in science, engineering, technology, etc. Reaching out to the community, 4-H youth engaged/educated future farmers and

Agriculture

General Government

consumers on the importance of agriculture and where food comes from. For example, at the annual Contra Costa County fair, various 4-H educational presentations and exhibits reached ~10,800 individuals

- Under the new urban Integrated Pest Management (IPM) program, led by UC Cooperative Extension Urban IPM Advisor Andrew Sutherland, trained approximately 1,991 structural pest control operators, landscape managers, pest control advisers, urban agriculture practitioners, municipal staff, UC Master Gardeners and the general public with regards to specific IPM strategies and tactics, invasive pest species awareness and preparation and urban surface water concerns related to pest management. In some cases, pre-post testing revealed significant specific changes in knowledge.
- In cooperation with the Contra Costa Resource Conservation District, the UCCE Livestock and Natural Resources Program conducted a needs assessment to determine local meat processing demand. The study concluded a production-cooperative or aggregating model is the most feasible way to meet local processing demand for local economic development. The Department identified system-wide solutions that producers will implement, and are evaluating sustainability and capacity for niche meat marketing in the East Bay. The program developed a hog production resource guide and conducted an outdoor workshop (35 participants) for Contra Costa County producers/ potential producers. The program worked with California Rangeland Trust and the GreenInfo Network to map Bay Area rangelands and inform future crop report data collection relative to rangeland/beef cattle production and developed several fact sheets: Understanding Working Rangelands for East Bay ranchers/open space land managers. The Department worked with East Bay Regional Park District to develop signs for an interpretative trail, and expect to see risk reduction due to a decrease in negative livestock interaction reports in parks with

interpretative signs. These efforts have helped increase awareness on conservation grazing that have been conducted for park users and park managers during the past two years. UCCE held five meetings for ranchland managers owners (247 participants) on maintaining stewardship of working rangelands.

- The UCCE Urban Forestry program provided technical support for professionals and others engaged in urban forestry, arboriculture, landscape architecture and planning, construction and maintenance, urban waters/aquatic resources, stormwater, irrigation, and pest management in urban landscapes. Outreach and presentations reached a total of 1,896 professionals, UC Master Gardener volunteers, and County residents. Innovative research on urban tree management in “green”-street-curb bioswales in partnership with local cities to develop research-based technical advice is ongoing.

Administrative and Program Goals

- Enforce regulations preventing the movement of the Light Brown Apple Moth (LBAM) to new locations in the county and state.
- Ensure that exotic insect trapping procedures are followed as defined in contract agreements with California Department of Food and Agriculture (CDFA.)
- Develop staff in the areas of Heavy Capacity and Industrial Scales Inspection and in the area of Administrative Enforcement Actions in light of recent retirements of senior staff.
- Continue emphasis on price verification.
- Improve farming efficiencies by educating farmers on how to reduce costs and improve operations.
- Keep property values high by helping residents sustain landscaping during

Agriculture General Government

- drought while minimizing landscape water use.
- Eliminate fines that municipalities, including the County, pay due to home garden pesticide run-off.
- Increase the number of youth prepared to enter science careers by gaining leadership skills.
- Improve the dietary habits, nutritional understanding and food security of low-income residents.
- Help residents better manage financial resources.

CAO's Recommendation

The baseline net County cost reflects a \$418,524 increase from the fiscal year 2015-16 budget. This increase is due in large part to estimated salary and benefit increases and charges for information technology and building occupancy.

The recommended net County cost reflects a decrease of \$168,524 which represents anticipated savings from vacant positions in fiscal year 2016-17.

The Assessor's Office has experienced a high level of turnover in the past few years resulting from resignations and retirements. The Department currently has 19 vacant positions out of 122 authorized positions, which represents a 16% reduction in workforce. Reduced staffing levels make it extremely difficult for the Department to close the regular and supplemental assessment rolls in a timely manner, and make it difficult to meet the statutory program obligations of the office.

The Assessor's Office will continue to work with the Human Resources Department to recruit aggressively in order to maximize staffing within authorized levels.

Performance Measurement

- The Department continued to recruit aggressively and filled managerial, appraisal, and clerical vacant positions in order to maintain sufficient staffing levels to perform all of the mandated functions of the Assessor's Office.
- Trained Standards Division appraisal staff on a wide variety of job functions including tax exemptions and exclusions. Staff was also trained on the preparation of internal reports and State Board of Equalization mandated reports. Turnover of staff necessitated both introductory and advanced level training.
- Instituted focused "pushes" of work to alleviate backlogs of Proposition 58

Assessor

General Government

(Reassessment Exclusion for Parent-Child Ownership Transfers), proportional ownership transfers, and problem deed reviews.

- Promoted usage of Electronic Standard Data Record (E-SDR) System to enable taxpayers the ability to file their Business Property Statements electronically. In 2015, more than 10,000 statements were filed electronically which is approximately a 200% increase from the prior year.
- Made additional enhancements on our Business Unsecured Database (BUD) to further reduce the amount of key strokes Auditor-Appraisers have to make during the assessing season.
- Implemented a new program to review businesses that have not filed business property statements for three years or more. Auditor-Appraisers analyzed businesses and recommended audits as necessary.
- Staff completed Workplace Violence Prevention Training, Ergonomic Training, Sexual Harassment Training and Supervisors completed the training series "The Art of Managing and Supervising People."

Administrative and Program Goals

- Automate the processing of supplemental property assessments resulting from the sale or transfer of property.
- Migrate the Assessment Appeals Database from Access to SQL Server.
- As part of an office re-model, the Department will provide workstations that improve ergonomics and job functionality.
- Update telecommunications cabling for higher speed and more efficient use of computer and network systems.
- Modify the County's Land Information System (LIS) to improve business processes and work efficiencies for appraisal staff.
- Automate the assessment process of the Marine Division to reduce the amount of manual input of data by staff.

CAO's Recommendation

Baseline Budget

The baseline net County cost represents a \$239,000 decrease from the FY 2015-16 Adjusted Budget.

Salary and benefit costs increased by \$261,625 and are mainly due to increases in negotiated Cost-of-Living-Adjustments, retirement benefits, and employee group insurance. Services and Supplies expense has been reduced from the current year amount by \$361,718, which will offset the anticipated \$1,596 decrease in expenditure transfer and increase of salary and benefits.

Revenues are estimated to increase overall by \$140,503.

Recommended Budget

The County Administrator is recommending no reduction to the Auditor-Controller's baseline budget. The recommended net County cost will provide the funding necessary to maintain mandated services in FY 2016-17.

Performance Measurement

Conduct a Fit/Gap Analysis of the Human Resources/ Payroll System to prepare for System upgrades.

The Fit/Gap Analysis of the Human Resources/Payroll System is completed. The

upgrade of the PeopleSoft Human Resources/Payroll System should be completed by the end of the calendar year.

Eliminate keypunching to reduce errors, increase efficiency, and reduce cost. Provider is costly and is a sole source vendor since keypunch services no longer exist.

Conversion of Financial Journal transactions from keypunch to upload is 95% complete with an estimated completion date of March 31, 2016. Conversion of Vendor Warrant Cancellation and Correction transactions from keypunch to upload is 85% complete with an estimated completion date of April 31, 2016.

Automate manual review and edits done for each payroll processing to increase efficiency and better utilize staff resources.

Built quality assurance queries to run pre-payroll and during payroll processing to audit employee eligibility for certain types of pay. These queries will be phased out as the Time Information Management Audit File and Interface is completed (approximately 20% done).

Redesign the department's webpage on the County's website to be more user friendly and provide more value to our external customers.

The analysis and design phase is completed. Additionally, many of the web pages have been designed. The final webpage will be available no later than the end of fiscal year 2015-16.

Develop written materials and provide training on a variety of accounting and auditing issues such as the year-end process, single audit, and procurement card usage

Staff in the various divisions of the Auditor Controller's Office are currently working to develop a year end manual/training guide for issuance to all County departments in spring of 2016. The Office also will conduct a training session for all County departmental finance staff to attend.

The manual will provide County department accounting staff with information and procedures to be followed in order to timely report county financial activities for the fiscal year ending June 30th.

General Accounting is also currently working to develop a user guide with instructions for preparing an automated journal. This guide should be available to departments no later than spring of 2016.

Administrative and Program Goals

Complete the update of the Human Resources Payroll System.

Initiate the start of purchasing a new Finance System.

Improve the stability of the Property Tax System.

Improve and document the work processes and procedures of the Accounts Payable and General Accounting units.

Department Description

The preceding table represents information in aggregate format summarizing expenditures, revenues, and net County costs for ten budget units. Included is data for the following budgets: Board Administration, District I Operations, District II Operations, District III Operations,

District IV Operations, District V Operations, twelve Municipal Advisory Councils, Unfunded Mandates, the Transfer Station Mitigation Fee and the North Richmond Waste & Recovery Mitigation Program.

Board of Supervisors

General Government

Major Department Responsibilities

As defined by general law, the duties of the Board of Supervisors include: appointing most County department heads, except elected officials, and providing for the appointment of all other County employees; providing for the compensation of all County officials and employees; creating offices, boards and commissions as needed, appointing members and fixing the terms of office; awarding all contracts for Public Works and all other contracts exceeding \$100,000; adopting an annual budget; sponsoring an annual audit of all County accounts, books, and records; supervising the operations of departments and exercising executive and administrative authority through the County government and County Administrator; serving as the appellate body for Planning and Zoning issues; and serving as the County Board of Equalization (the Board has created an Assessment Appeals Board to perform this function).

Legislative and Policy Direction

Description: Enforce statutes and enact legislation to serve and protect County residents, establish general operating policies and plans, adopt annual budgets and levy taxes, determine land use, and appoint County officials.

This budget unit includes administrative, staffing and operational expenses of the Board of Supervisors District Offices. Salary and benefit costs for each district office include five full-time equivalent staff positions and one board member position, with the exception of the District V Office, which has six full-time equivalent staff positions.

CAO's Recommendation

This Budget covers the administrative requirements of the Board's operations. Services and Supplies include the costs of memberships in the California State Association of Counties (CSAC), Association of Bay Area Governments (ABAG), Urban County Caucus (UCC) and National Association of Counties (NACO). Services and Supplies also include electronic support of the County Code as well as funding for the Countywide Single Audit.

The County Administrator is recommending full funding of the Board of Supervisor's baseline budget. The difference in appropriations between prior year and current year is due to fund balance in Board Mitigation Programs. These funds will be added to FY 2016-17 at the end of the current fiscal year when amounts are known.

As has been budgeted in prior years, an expenditure transfer of CC Futures monies will offset costs of \$67,500 in the District IV Office. These funds are from deposits of Transient Occupancy Tax received from the Renaissance Club Sport and Embassy Suites properties that were directed to the CC Futures budget unit. By the end of the current budget year, the balance of CC Futures monies will be approximately \$109,475. Since this recommended budget includes a \$67,500 transfer of CC Future monies, it is anticipated that these monies will be depleted in fiscal year 2017-18. Therefore, general purpose revenues will be needed starting in fiscal year 2017-18 to supplant these funds so that the District IV Office can maintain staffing parity amongst the other district offices.

The projected salary and benefit costs assume that the District V Office will continue to receive \$100,000 of Keller Canyon Mitigation Funding to support staffing needs and offset the additional 1.0 FTE budgeted for their office.

Annual allocations of \$36,000 will continue to support the operations of the twelve Municipal Advisory Councils, which the Board of Supervisors' district offices oversee.

CAO's Recommendation

The fiscal year 2016-17 baseline net County cost decreased by \$1,900,000 due to the elimination of restricted prior year fund balance for Plant Acquisition.

The budget for the Facilities Lifecycle Improvement Program includes transfers and revenue totaling \$750,000 on a building cost-per-foot basis for future projects along with a \$10,000,000 net County cost which reflects the amount allocated to deferred facilities maintenance and capital renewal from the County's Tax Losses Reserve.

The budget for Minor Capital Improvements totals \$1,500,000, which is available on an emergency basis for minor improvements when there is no other funding available.

The budget for Plant Acquisition includes funding in the amount of \$5,000,000, intended as an on-going resource for construction and repair of County facilities. The monies can be used for capital projects and/or debt service for a future infrastructure borrowing program.

The recommended net County cost of \$16,500,000 will provide the funding necessary to maintain capital improvement efforts in fiscal year 2016-17.

For more detailed information on current County capital projects, please see page 477.

Department Description

The preceding table represents information in aggregate format summarizing expenditures, revenues, and net County costs for six budget units, including for the following:

- 0002 – Clerk of the Board
- 0356 – Local Agency Formation Commission (LAFCO)
- 0036 – Merit Board
- 0025 – Management Information Systems
- 0150 – Insurance/Risk Management
- 0135 – Economic Promotion

Clerk of the Board of Supervisors

Description: To provide staff support to the Board of Supervisors by recording and compiling the actions of the Board taken in open session; maintaining the official records; preparing the weekly agenda and summary; and maintaining a roster of various Boards and Committees.

Adjustment: The baseline net County cost reflects a \$23,000 increase over the current year due to increased costs of salaries and benefits.

Impact: The recommended net County cost will provide a minimum level of general fund resources needed to maintain mandated services in fiscal year 2016-17.

Clerk of the Board Summary

Local Agency Formation Commission

Description: Encourage orderly formation and development of local government agencies and approve, amend, or disapprove applications to create new cities or special districts, and modify boundaries of existing agencies.

Adjustment: The baseline net County cost reflects a \$23,000 increase over the current year. The level of appropriations reflects the anticipated County's share of LAFCO activity for fiscal year 2016-17. These activities include: Municipal Service Reviews; Sphere of Influence applications; and Annexation applications.

Impact: The general fund contributes an amount equal to one-third of the total estimated operating costs for LAFCO (less fee revenues) for FY 2016-17. The Cortese-Knox-Hertzberg LAFCO Reorganization Act of 2000 requires that LAFCO's operating costs be shared equally among the cities, County and special districts. The LAFCO operating budget is not reflected in a County fund, instead it is treated as an outside agency with only the County's one-third contribution in the County General Fund.

Merit Board

Description: To hear and make determinations on appeals of employees and oversee the merit system to ensure that merit principles are upheld.

Adjustment: The baseline net County cost reflects a \$3,000 increase over the current year due to increased costs of salaries and benefits.

Central Support Services General Government

Impact: The recommended net County cost will provide a minimum level of general fund resources needed to maintain mandated services in fiscal year 2016-17.

Management Information System

Description: Provides funding for the most critical and cost beneficial automation projects which have no other funding source, including the Geographic Information System Program (GIS) and the Countywide Budget System.

Adjustment: The baseline net County cost reflects a \$1,378,776 decrease from the current year due to the elimination of prior year fund balance from the Venture Capital, Geographic Information Systems (GIS) and Agenda Automation projects.

The recommended net County cost increased by \$185,000 in order to fund a portion of the upgrade to the County Budget System as well as other anticipated technology upgrades.

Impact: The recommended net County cost will provide needed resources to various technology projects Countywide.

Management Information System Summary

Risk Management

Description: To provide for the administration of workers' compensation claims, liability and medical malpractice claims, insurance and self-insurance programs, and loss prevention services; to fund the County general liability program.

Adjustment: The baseline net County cost reflects a \$171,846 increase over the current year due to increased costs of salaries and benefits and additional County contribution to the insurance premiums.

The recommended budget includes a shift in appropriations of \$127,056 from services and supplies to salaries and benefits.

Impact: The baseline adjustments reflect the General Fund subsidy of the County Self-Insurance Funds for fiscal year 2016-17. The supplemental request in salaries and benefits of \$127,056 will enable the department to hire a County ADA Coordinator and, subsequently, reduce the current dependence on outside professional specialized services to comply with the Americans with Disabilities Act (ADA).

Economic Promotion

Description: To promote the arts throughout the County via support of the Arts Commission and to support the Northeast Antioch Joint powers Agreement (JPA).

Adjustment: The baseline net County cost reflects a \$39,926 decrease from the current year. Prior year fund balance of \$49,828 was eliminated for the Northeast Antioch JPA and \$9,902 was added to the California Arts Council budget to provide needed County match to receive an increase in grant funding of \$27,302 for fiscal year 2016-17.

The recommended budget includes an increase of \$40,000 to study the impacts of a potential North Richmond annexation.

Impact: The budget will fund the Arts Commission and also meet the County's obligations under the Reorganization and Tax Revenue Allocation Agreement and JPA with the City of Antioch to implement the annexation of areas located near Northeast Antioch.

Clerk-Recorder-Elections

General Government

Department Description

The table above represents information in an aggregate format, summarizing expenditures and revenues for the following General Fund budget units administered by the Clerk-Recorder-Elections Department:

0043 – Elections
0355 – Recorder

The non-General Fund budget unit 0353, Recorder Modernization includes several restricted funds and is included in a separate table. Programs within the Recorder Modernization Fund are:

2450 – Micrographics
2451 – Recorder Modernization
2452 – Vital Records Improvement Program
2453 – Recorder Redaction Program
2454 – Recorder Electronic Recording Program

Major Department Responsibilities

The primary responsibilities of the Clerk-Recorder-Elections Department are to:

- Conduct elections in a fair, accurate, and timely manner.
- Conduct outreach to maximize voter registration and ensure that all eligible citizens of Contra Costa County are able to exercise their right to vote, according to Federal and State requirements.
- Receive, process, and verify state and local initiative, referendum, and recall petitions.
- Accurately maintain, protect and preserve all official records and indices relating to real property and vital records in Contra Costa County; provide capability and equipment to digitize these documents, which must be preserved in perpetuity.
- Explore innovative ways to provide documents to the public, while preserving the confidential and/or restricted components of such documents.

Clerk-Recorder-Elections

General Government

Description: The primary responsibilities of the Clerk-Recorder dedicated funds are to:

- Provide support, improvement, and full operation of a modernized recording system; including infrastructure, technology, equipment, and staff to efficiently process, organize, and maintain official documents and records in the Clerk-Recorder Division.
- Improve vital records.
- Redact a portion of Social Security numbers from public documents.
- Establish and maintain an electronic recording program.

Fund balance is appropriated each year, resulting in budgeted expenditures that appear higher than actual annual expenditures. Fund balance is restricted to future Recorder modernization projects.

CAO's Recommendation

Baseline expenditures are decreased from the 2015/16 budgeted level by a net of \$587,336 due to the removal of funds carried forward to FY 2015-16 from the prior year to be used toward a replacement voting system; projected

reductions in elections processing costs; and increases in salary and benefits for cost of living increases.

Baseline revenues are increased from the prior year budgeted level by \$1,572,947 in anticipation of increased cost recovery for the November 2016 Presidential Election and a slight increase in recording fees, as recording volume continues to recover at a slow pace. The Recommended Budget decreases salaries and benefit costs by \$71,514 consistent with a proposed reorganization to correct span of control issues, which will result in a net decrease of 1 FTE position.

The department will be conducting the November 2016 Presidential Election; the largest and most complicated election of the 4-year election cycle. The County must cover the cost of County, State, and federal office elections. Other jurisdictions that consolidate their elections with countywide elections pay the incremental costs of their elections.

Modernization and streamlined election processes have reduced both expenditures and agency reimbursements for election services.

The department strives to identify new revenue sources and minimize election and department costs wherever possible.

Performance Measurements

The leadership team reviews policies and procedures, implements efficiencies, and explores opportunities to improve services to the public.

- The Clerk-Recorder Division opened for four hours on Sunday, February 14th (Valentine's Day) in FY 2015/16 - performing a total of 32 wedding ceremonies (two ceremonies every 15 minutes).
- The Clerk-Recorder Division extended Clerk service hours until 8 pm every Thursday during the months of August and September 2015. A total of 248 transactions were completed – 52% were marriage license

Clerk-Recorder-Elections General Government

issuance and marriage ceremonies and 32% were for vital record copies.

- The Elections Division successfully prepared for the June 2016 Presidential Primary Election, and several small special district elections.
- The Department has worked with new printing vendors for several elections. Besides substantial savings, which is passed on to our districts, our vote-by-mail ballots are mailed directly from the printer on a daily basis, reducing the time to get ballots to the Post Office and ultimately to the voters.
- The Elections Division secured polling places to be available for all major elections through the next census in 2020. This provides continuity from election to election and avoids sending voters to unfamiliar locations. This also resulted in the retention of more than 99% of our polling places between the June Primary and November General Election, which reduced the time staff spent identifying/securing polling places, conducting ADA (Americans with Disabilities Act) surveys, and making accommodations to assure the sites were accessible.
- The Elections Division recruited poll workers that assist with multiple elections. This resulted in a more competent group of poll workers, reduces training needs, and reduces the time our staff and temporary workers spend recruiting for each election. We retained more than 90% of our volunteers between the June Primary and November General Election.

The Clerk-Recorder Division continues to collaborate with the District Attorney and Assessor in the Real Estate Fraud Notification Program to decrease real estate fraud.

The Department institutionalized the Clerk-Recorder Division cross-training program, which results in more highly trained and technically adept personnel. From its inception, the program was met with enthusiasm and

embraced by staff. The Department is working to bring the same training components to the Elections Division in the future. In addition, The Department is looking at opportunities to share staff across Division lines. The management and supervisorial team are excited about this prospect.

The Department continues to pursue reimbursement for services provided, while performing some prior mandates (permanent vote-by-mail) without State reimbursement. The Department made a business and economic decision to continue the service without State reimbursement, as the alternative is more expensive in the long run.

- The state has now suspended virtually all reimbursements for mandated election costs. (For Contra Costa, this can be more than \$500,000 per large election). SB 90 legislated that for any mandate the State placed on the County, the State would reimburse the County for the cost of performing the mandate and if the State isn't going to pay, the County doesn't have to perform the mandate. After performing a fiscal risk assessment, we concluded that for us to stop the permanent vote-by-mail option (53% of our voter roll) we may save some money in Primary Elections, but it would cost us more and place an untenable burden on our operations at General Elections. We continue to perform some mandates without reimbursement from the State, because it is better financially and operationally to do so.

The Department continues to work at the State and federal level on legislation and policies to benefit California and Contra Costa County.

The Department continues to seek new sources of revenue and areas of potential savings in the operations of both divisions.

- The Clerk-Recorder Division implemented electronic recording in 2012. In 2015, 50% of all documents recorded were submitted electronically. Two positions, previously supported by the General Fund, are now budgeted and funded in the Electronic Recording dedicated fund budget.

Clerk-Recorder-Elections

General Government

- The Clerk-Recorder Division extended customer service hours during August and September at no additional cost.
- The Elections Division restructured volunteer stipends to more accurately reflect the amount of time and knowledge our volunteers provided. This increased the stipend for some and reduced it for others. The net result is a cost savings.
- The Elections Division printers now mail out our daily absentee ballots, a task that historically had been done in-house with overtime and temporary workers. We now hold a single-day (or two-day) extraction event, when staff and volunteers come in to complete the extraction process.
- The Department consolidated the Clerk-Recorder and Elections Divisions' warehouses, resulting in a cost savings.
- Provide training opportunities for department personnel to acquire advanced skills and technical proficiency to enhance customer service, increase contributions to the department, and adequately prepare personnel to bid for higher positions.
- Continue to pursue viable solutions to update outdated voting equipment. The current system was purchased in 2004 with Federal and State grant funding. It has run through its useful life. Legislation and voting equipment issues have created a situation where there is currently no viable replacement solution. Obsolete equipment issues exist across the country. We now have a new Secretary of State that has a technology focus. We believe these issues will be resolved in the next few years.
- Continue to collect and accumulate the Elections Capital Replacement surcharge. These funds are designated to be used for major capital expenditures (like a new voting system), once suitable options are available. This long term financial strategy is designed to diminish the impact of large capital expenditures on the General Fund and on cities and districts that use elections services.

Administrative and Program Goals

- Implement policies and procedures to enhance customer service and offer additional opportunities to serve the public.
- Continue to develop and implement the Voter Education and Engagement Outreach Program, which was approved by the Board of Supervisors in 2013. The goal is to reach out to the constituents of Contra Costa to engage and involve citizens to more actively participate in their government, including voting and running for office, etc. We will include focus on demographics that are underrepresented; such as young citizens, minorities, and/or localities that have historically been less likely to participate.
- Decrease the number of, and opportunities to, fraudulently record documents by collaborating with the District Attorney and the Assessor on the Real Estate Fraud Notification Program in the Clerk-Recorder Division.
- Cross-training components for the Elections Division are in the development stage for future implementation. Ultimately, our vision is to potentially share staff across the Division lines. Our management and supervisorial team are excited about this prospect.
- Actively participate in the County Clerk, Recorder, and Elections associations at the regional and State levels to advance proposals that benefit California and Contra Costa County.
- Continue to pursue reimbursement for mandated election services. State suspension of mandate reimbursements for services provided has placed a burden on the Elections Division.

Clerk-Recorder-Elections General Government

- Pursue new sources of revenue and areas of potential savings in department-wide operations.
- Increase focus on providing useful information throughout the year, as well as on Election Day or near other important dates, through various social media resources.

Conservation and Development

General Government

Department Description

The preceding table represents information in aggregate format summarizing expenditures, revenues, and net fund costs for the operating budget of the Department of Conservation and Development (DCD) – budget unit 0280 - Land Development Operations, within the Land Development Fund (112000).

Immediately below is a description of the programs included in Land Development Operations. Tables on the following pages present budget information for DCD's two other budget units: General Fund Grant Programs and Other Special Revenue Programs.

Major Department Responsibilities

The department's mission is to serve the public through the formulation and implementation of the County General Plan for land use, the administration of the Building Code and coordination of planning, building, special housing, economic development, infrastructure, solid waste and habitat conservation programs. The Department will continue to provide support to the Contra Costa Redevelopment Successor Agency as it continues to implement the Dissolution Act, which eliminated redevelopment agencies in California.

Land Development Fund

Most expenditure related to DCD's operations is budgeted in the Land Development Fund. This fund also receives specific revenues generated through departmental activities, including fees for residential and industrial building and construction inspection services; building permit and application fees, solid waste franchise fees, etc.

The following programs are included:

- 2600 – Administration
- 2605 – Current Planning
- 2610 – Advance Planning
- 2615 – Water Planning
- 2620 – Conservation & Solid Waste
- 2631 – Transportation Planning
- 2636 – Community Development Block Grant/Housing and Economic Development
- 2650 – Business Admin/Information Services
- 2660 – Building Inspection Services
- 2670 – Code Enforcement
- 2675 – Weatherization
- 2680 – Permit Center
- 2685 – Clean Water
- 2690 – Residential Rental Inspection Program
- 2695 – Vehicle Abatement Program
- 2700 – Service Contracts/Remote Locations
- 2725 – Multi-Year Special Projects
- 0285 – Energy Upgrade CA
- 0286 – Measure WW Grant
- 0114 – Plant Acquisition

General Fund Grant Programs

The preceding table presents information in aggregate format summarizing costs for a variety of grant programs that DCD administers

through the County General Fund. DCD's General Fund budget includes the following budget units:

Conservation and Development

General Government

Non-Federal Grant Programs:

0580 – Keller Canyon Mitigation
 0591 – Housing Rehabilitation

Federal Grant Programs:

0590 – HOPWA Grant
 0592 – HUD Block Grant
 0593 – HUD Emergency Shelter Grant
 0594 – HUD HOME Block Grant

CDBG-R Community Development Block Grant
 EECBG Energy Efficiency & Conservation Block Grant
 HOME Home Investment Partnership
 HOPWA Housing Opportunities for People with AIDS
 HPRP Homelessness Prevention and Rapid Re-Housing
 HUD U.S. Dept. of Housing & Urban Development

Funding for the Housing Rehabilitation Program comes from dedicated grant funding for new housing, preservation of existing housing, economic development, infrastructure improvements, and neighborhood facilities and programs.

The remaining DCD programs budgeted in the General Fund are community benefit programs funded by land use agreements, and grant programs that rely extensively on federal sources of revenue. The level of federal funding for these programs is based on a federal allocation formula.

1. Keller Canyon Mitigation Fee

Description: Provide funding for community benefit programs within the East County community.

CAO's Recommendation

Land Development Fund

DCD's operations are funded primarily through the Land Development Fund (programs funded in the General Fund are discussed separately below.)

DCD's Baseline and Recommended Budgets of \$31,611,877 reflect an increase of \$1,281,543 over the current year budget. Salaries and benefits total \$22,011,653, an increase of \$1,233,450 over the current year. The increase can be primarily attributed to the annualized cost of 7 additional positions (3 Engineers, 2 Principal Planners, 1 Grading Inspector, and 1 Principal Building Plan Checker) that were added over the course of the fiscal year, for a new total of 166 FTE positions. The baseline/recommended amount for Service and Supplies has increased modestly from last fiscal year, by \$791,401, to reflect DCD's anticipated volume of work activities brought on by the upward trend in planning applications and building permits. The baseline amount for Other Charges is decreased by over \$400,000 from FY 2015-16, primarily due to a significant drop in DCD's liability insurance payments and other departmental

charges. Fixed Assets is increased by \$90,000 in anticipation of computer server enhancements necessary in the coming year. Overall, the budget for land development shows a modest increase. Expenditure Transfers and Revenues projected for land development will continue their upward trend. In FY 2014-15 revenue exceeded projections by over \$2 million. Revenues in FY 2015-16 appear to be on track to exceed projections again, and an upward revenue trend is anticipated for FY 2016-17.

The Weatherization Program continues to operate on a smaller scale after the loss of ARRA and EECBG funding in FY 2013-14. The budget this year is slightly higher than last year primarily due to a Cap and Trade grant that will compensate for the loss of funding from the Bay Area Regional Network grant.

General Fund Programs

DCD administers numerous programs that are budgeted in the General Fund, including Keller Canyon Landfill Mitigation and Housing Rehabilitation, which are local discretionary programs, and a variety of federal grant programs.

DCD's Baseline and Recommended General Fund budgets are \$12,809,604, a reduction of \$109,984 from the current year budget. This is primarily attributed to the elimination of 1 FTE position in the Housing Rehabilitation program. A General Fund subsidy of \$285,000 is provided for the county sustainability program. The other line items (Services and Supplies, Other Charges and Expenditure Transfers) reflect budget adjustments to align with anticipated reductions in federal programs.

Other Special Revenue Programs

DCD administers several special revenue funds, one of which is the Abandoned Vehicle Abatement Service Authority. DCD is responsible for the collection and disbursement of State funds to the cities and County for reimbursement of costs related to the abatement of abandoned vehicles. Another special revenue fund is the Housing Successor Agency trust fund. This fund provides funding for all housing-related obligations and functions of the

Conservation and Development

General Government

former Redevelopment Agency, now the Successor Agency.

Performance Measurements

The following is a progress report of the goals identified in FY 2015-16:

Increase the number of building permits issued over the internet, and expand the ability of the public to obtain building permits on line. Enable the public to submit building plans associated with building permits in electronic format over the internet.

In FY 2015-16, DCD significantly expanded public access to on-line building permitting services by enabling the public to apply for and receive building permits for residential rooftop solar panel installations over the internet. Rooftop solar permits were the single largest category of building permits issued by the County in 2015, representing over 1,500 of the 13,000 permits issued.

Adopt an ordinance to establish a streamlined process for obtaining building permits for residential rooftop solar panel installations. The ordinance will place emphasis on using technology to the greatest extent possible to increase the convenience and efficiency of the permitting process for the public.

Completed. The ordinance was adopted by the Board in July 2015.

Maintain high levels of customer service and expeditious permit processing under conditions of increasing workload resulting from the accelerating economic recovery, through use of technology to the greatest extent possible to maximize operational efficiency.

This goal was accomplished through use of technology, as described above, streamlining business practices to improve efficiency, and by hiring additional staff to address increased public demand for building permitting services.

Meet the growing service needs of cities within the county that contract with DCD for building inspection services.

DCD continued to provide building inspection and plan check services for the cities of Clayton, Hercules, Lafayette, Moraga and Orinda. DCD has a fully staffed satellite office in Lafayette serving the Lamorinda community. For the first seven months of FY 2015-16, DCD processed a total of 2,841 building permits and 3,050 plan checks combined for these five cities.

Promote staff development and training to ensure compliance with ever-increasing State building code requirements and for purposes of succession planning.

In 2015, DCD continued its long-standing practice of providing training to staff necessary to maintain required professional certifications for State building code requirements.

As directed by the Board of Supervisors, develop organizational capacity in Sustainability Programs, including establishing and filling the function with sustainability staff.

In 2015, DCD provided staff support to the Board's Ad Hoc Committee on Sustainability and initiated a recruitment to fill the role of County Sustainability Coordinator. The position will be filled during FY 2015-16. At the direction of the Ad Hoc Committee, DCD drafted an ordinance to promote the use of electric vehicles and reduce greenhouse gas emissions by amending the building code to require the installation of electric vehicle charging devices for new residential and commercial construction. The ordinance was adopted by the BOS in December 2015. Also related to sustainability, at the direction of the Board, DCD implemented Property Assessed Clean Energy (PACE) financing within the County's jurisdiction to provide property owners an additional means of financing energy and water efficiency improvements to their property.

Continue implementing the dissolution of the former County Redevelopment Agency with the goal of winding down the affairs of the former RDA and increasing the distribution

Conservation and Development

General Government

of property taxes to other taxing entities, including the County, special districts and school districts.

The Successor Agency continues to wind down the affairs of the former Redevelopment Agency. Distribution of property taxes to other taxing entities increased from \$2,527,914 in FY 2014-15, to \$4,164,122 in FY 2015-16.

Finalize implementation plans and move the following projects in to construction; Olympic Corridor Trail Connector, Bailey Road/State Route 4 Interchange, I-680/Treat Blvd. Bicycle and Pedestrian Improvement Plan.

- **Olympic Corridor Trail connector** — *The Preferred Alignment Plan was released for public review in July 2015 and is anticipated to be submitted to the Board of Supervisors for consideration of adoption in the spring of 2016.*

Concurrent with this, staff is pursuing grant opportunities for construction.

- **Bailey Road/SR-4 Interchange** — *The County and Caltrans have agreed on a preferred project alternative and the environmental work is scheduled to be completed by spring 2016, Project design will take place from spring 2016-17, right-of-way acquisition in fall 2017, and construction by summer 2018.*
- **I-680/Treat Blvd.** — *The Draft Plan was released for public review in December 2015. Significant public comment requires the Plan's preferred alternative to be revised, which requires additional funding. Measure J Sub-regional Transportation Needs funds allocated to the County are expected to be used to cover the completion of the Plan. Final adoption of the Plan is anticipated for spring/summer 2016. County staff will immediately begin seeking implementation funding after Plan adoption.*

Pursue/maximize Cap & Trade grant funds for County projects.

The County applied for the Affordable Housing and Sustainable Communities funding for the Heritage Point Housing Project in February 2015, but were not successful. Another application is underway for a spring 2016 submittal.

Actively pursue Board of Supervisors goals at the State level relative to legislative and administrative actions having to do with school siting and safety.

In 2016, there is a County drafted bill before the legislature (SB632 Cannella - Prima facie speed limits: schools) that was initially introduced in 2015. The bill would allow local jurisdictions to expand school zones based on an engineering and traffic survey. Staff is currently working with the California Traffic Control Devices Committee to answer technical questions related to the bill.

Secure outside funding and lead or co-lead local participation in the San Francisco-to-Stockton Ship Channel Deepening Project, to provide the Army Corps of Engineers with the necessary local contribution as they move forward with deepening the ship channel.

The USACE SF District has indicated it currently has the funds to prepare the feasibility study (including the EIR/EIS) that will enable the Project to reach the next decision point. The Water Agency, through the County's Federal Lobbyist, has secured a letter authored by local members of congress requesting additional funding to ensure the project continues forward.

Work with the Delta Counties Coalition (DCC) to prevent damage to the county's water quality, ecosystem and economy from state plans to build new Delta water conveyance systems for southern California and the Central Valley.

The Water Agency regularly participates in the preparation of technical and policy materials related to the states plans of building an isolated conveyance (aka CalWaterFix). We are also participating in the Change Petition for water rights being heard by the State Water Resources Control Board also associated w/ CalWaterFix. The Water Agency also prepares

Conservation and Development

General Government

technical and policy documents on Federal Drought Legislation, San Luis Drain Legislation and supports the pilot program lead by the Feds to control Invasive and Aquatic Weeds in the Delta. These materials are used by elected officials from CCC and the DCC.

Participate in the creation of the Groundwater Sustainability Agency (GSA) and determine if continued participation is warranted or desired for the implementation of the Water Agency.

As primary land use authority for the area within the Tracy Sub-basin that lies within Contra Costa county, the County has a role in the development, administration and compliance with the Sustainable Groundwater Management Act of 2014. Two additional Sub-basins are in the County but our role may be minor as we are not the primary land use authority though the County will need to participate in the development of the GSAs.

Prepare and submit for Board consideration a General Plan Amendment to establish new land use policies for the Byron Airport, and a Zoning Text Amendment to update the existing Byron Airport P-1, Planned Unit District in support of the adopted Byron Airport Master Plan.

DCD has retained a consultant who is currently working on the draft environmental impact report (EIR) for this project. Staff anticipates completion of the EIR in summer 2016 and hearings before the County Planning Commission and Board of Supervisors in fall 2016.

Prepare and submit for Board consideration an amendment to the General Plan Land Use, Safety, and Conservation Elements related to mapping of potential flood and fire hazards and update of relevant policies. This effort is in response to new General Plan mandates enacted under recent legislation, AB 162/SB 5 (200 Yr. Event Flood Mapping) and SB 1241 (Fire Hazards Map).

DCD has initiated the amendment and is expected to complete the work in the coming year.

Prepare and submit for Board consideration an amendment to the General Plan Conservation Element to update the County's renewable energy policies and corresponding text amendments to certain zoning districts for the purpose of allowing commercial solar energy facilities and other renewable energy facilities.

This is an implementation of the Climate Action Plan. Staff is working to identify a funding source to initiate this task.

Prepare and submit for final Board adoption a Climate Action Plan (draft Climate Action Plan released December 2012) to improve energy efficiency and to reduce greenhouse gas emissions (GHG) within the unincorporated area of the county 15% below baseline levels by year 2020.

The Climate Action Plan for Unincorporated Contra Costa County was adopted by the Board of Supervisors on December 15, 2015. The Department of Conservation and Development will now move into the implementation phase of the plan.

Facilitate implementation of programs and services to reduce solid waste disposal and promote reuse and recycling as required by AB 939, including dedicating resources to assist with enhancing the recycling of materials generated at County facilities and enforcing mandatory commercial recycling requirements.

DCD continues to implement programs and services to maximize the amount of material diverted from landfills by increasing waste reduction, reuse and recycling. The County is responsible for diverting waste from landfills pursuant to State law and demonstrating actual performance annually using the measurement and reporting system administered by the State (CalRecycle). The State approved disposal target used for measuring/reporting diversion program implementation and compliance for the Unincorporated County area is 3.9 "Pounds per Person per Day" (PPD). The PPD disposal target is a maximum, so the County is expected to maintain an annual disposal level that equates to that amount or less. Due to the

Conservation and Development

General Government

reporting timeline, the Annual Reports submitted to the State at the beginning of each Fiscal Year actually demonstrate diversion level for the prior Calendar Year. The County's Annual Report for 2014 was submitted in August of 2015 indicating that the County's actual PPD remained well under the target. Our 2014 PPD would be 2.4 using the State's default measurement calculation, however the County submitted an Annual Report with an alternative measurement of even less (2.3 PPD). The State only considers approval of County submitted Annual Reports and associated PPD amounts once every four years, so official decision about the County's 2014 PPD is not expected until 2016-17.

Implement Bay Area Regional Energy Network Programs (BayRen) to increase energy efficiency to existing housing stock in the County as directed by the California Public Utility Commission.

As a member agency of the Bay Area Regional Energy Network (BayREN), Contra Costa County has effectively implemented various countywide energy efficiency programs that include rebates for energy efficiency retrofits to Single-Family and Multi-Family Buildings, and assist local agencies and building permit applicants to comply with energy efficiency requirements in the California Building Code. The County currently leads the Bay Area with over 564 Single-Family energy efficiency home upgrades, representing over \$1,338,850 in rebates issued to homeowners. The county also led the Bay Area with the most Building Inspection Departments participating in a guided energy code assessment training exercise, which included the cities of Antioch, Brentwood, Oakley, San Pablo, and the County. The County expects to continue its momentum countywide with BayREN into the 2016 calendar year.

Continue to lead implementation of the East Contra Costa County Habitat Conservation Plan / Natural Community Conservation Plan (HCP/NCCP) and, in the process, conserve and acquire 1,000 acres of land; design one or more large wetland restoration projects; construct one small restoration project; streamline permitting for public infrastructure and other projects; and collaborate with California State Water

Resources Control Board to develop a streamlined permitting process similar to the approach offered by the HCP/NCCP.

In partnership with the East Bay Regional Park District, the Conservancy conserved 260 acres of land (with a number of acquisitions scheduled to close in the first half of 2016), continued design work on a larger restoration project and constructed a small wetland restoration project to contribute to the recovery of special status species. The dialog with the State Water Resources Control Board has continued to move toward developing a streamlined permitting process for state waters.

Develop a DCD Intranet site where all relevant information can be readily accessed by staff.

Initial work has begun to identify what information will be valuable to staff and should be included in the intranet site. Work is in progress.

Complete work on the Urban Farm Animal Ordinance for the Board's adoption.

Staff contacted all the Municipal Advisory Councils in the County and obtained feedback. Staff will be taking this item back to the Board to get direction on whether an overlay ordinance or countywide ordinance is appropriate.

Consider eliminating the minimum acreage requirement for P-1 developments to permit flexibility for small sites and infill development.

No further action has been completed.

Consider improvements to the existing tree protection and preservation ordinance

Pittsburg, Antioch, and Oakley; vetting information obtained from community engagement, outreach, and action teams with a public/private consortium and work group; capacity building and outreach to priority development areas (PDAs) and Targeted Employment Areas (TEAs) in the Northern Waterfront; securing funding for in-depth analysis regarding “Fiscalization of Land-Use” and “Feasibility of Short-Line Railroad” to service Northern Waterfront; developing and adopting a strategic action plan and implementation program.

In addition to extensive local, regional, state, and national outreach and community engagement: secured Resolutions of collaboration with all six cities along the Northern Waterfront; Granted a “Comprehensive Economic Development Strategy equivalency from the U.S. Economic Development Administration; Secured HUD grant funding from Metropolitan Transportation Commission; Participated on a Technical Advisory Team for the University of California Transportation Center funded Industrial Lands and Jobs Study for the nine Bay Area counties; Located a full service marine contractor specializing in marine and heavy civil construction projects, and; Retained a manufacturing company on the Northern Waterfront from relocating outside the region.

Participate in East Bay Energy Watch (EBEW) partnership comprised of local governments from both Alameda and Contra Costa Counties to support implementation of various energy efficiency incentives offered by Pacific Gas and Electric (PG&E).

DCD staff continued to represent the County in this partnership, and participated in a variety of public education and outreach efforts to promote energy efficiency services that EBEW offers to the public.

Administrative and Program Goals

DCD has identified the following administrative and program goals for FY 2016-17:

- Continue implementing the dissolution of the former County Redevelopment Agency with the goal of winding down the affairs of the former RDA and increasing the distribution of property taxes to other taxing entities, including the County, special districts and school districts.
- Begin to position housing assets, formerly owned by the Redevelopment Agency, for development of residential and/or mixed used development. Issue “Request for Qualifications/Proposals” to the development community for these sites.
- **VMT vs LOS:** The state initiated the conversion of vehicle miles traveled (VMT) from level of service (LOS) as the primary metric by which traffic impacts are determined. The Contra Costa Transportation Authority is working on substantial revision to their policies, the County will engage in that process. The County and most of the cities maintain LOS in their guiding policies. Staff needs to determine if subjecting applicants to both VMT and LOS impact analysis would present any problems.
- Coordinate with other County Departments on identifying financing opportunities for projects and programs to further the Climate Action Plan.
- Conduct mid-term review of the Urban Limit Line as required under Measure L.
- Begin exploring options for updating the County General Plan.
- Implement programs and services to reduce solid waste disposal and promote reuse and recycling as required by the Integrated Waste Management Act (AB 939), including dedicating resources to assist with enhancing the recycling of materials generated at county facilities and enforcing mandatory commercial recycling and organics requirements.
- Secure outside funding and co-lead local participation in the San Francisco-to-

Conservation and Development General Government

Stockton Ship Channel Deepening Project, to provide the Army Corps of Engineers with the necessary local contribution as they move forward with deepening the ship channel.

- Work with the Delta counties to prevent damage to the county's water quality, ecosystem and economy from state plans to build new Delta water conveyance systems for southern California and the Central Valley.

- Continue to participate in the development of the Groundwater Sustainability Agency and the future Groundwater Sustainability Plan for the Tracy Sub-basin. The County is the land use authority for all unincorporated lands in this basin.

- Continue work to bring identified Quarries by the California Office of Mine Reclamation into compliance. Perform and complete the annual inspections and review of financial Assurance reports for all Quarries within the County.

- Work towards the creation/development of more on-line review and permitting for small land use applications within the Current Planning Division.

- Continue the implementation and work towards a Draft Strategic Action Plan for the Contra Costa County Northern Waterfront Economic Development Initiative which includes awareness and education of economic growth opportunities along the Northern Waterfront.

- Expedite and reduce processing time to less than 8 weeks for certain minor planning applications.

- Seek ways to continue streamlining the County's building permitting process through operational efficiencies and greater use of technology.

- Develop and seek the Board's adoption of an ordinance to implement the 2016

California Building Code in the unincorporated area.

- Continue to build the County's capacity in the area of Sustainability Programs by filling the role of County Sustainability Coordinator by seeking State Cap and Trade funds and other sources of revenue to grow the County's sustainability programs and services.

- Coordinate with other County departments to begin implementation of the County's recently adopted Climate Action Plan.

- Assist the Board of Supervisors in studying options for potential implementation of Community Choice Energy within the County's jurisdiction.

- Improve outreach to low income communities with information on how to apply for and receive assistance through Weatherization and Neighborhood Preservation programs to improve the comfort, safety and habitability of their homes.

- Continue to provide homebuyer assistance by providing Mortgage Credit Certificates, which give homebuyers personal income tax reductions.

- Continue to assist in the production and preservation of affordable housing by providing conduit issuer services for multi-family tax-exempt bonds, and low interest deferred development loans.

- Continue to support local non-profit service agencies by providing grants through the Community Development Block Grant, Keller Canyon Mitigation Fund, and North Richmond Mitigation Fund

- Provide support to management and line staff by offering staff development classes onsite.

- Continue work on DCD intranet site.

Conservation and Development

General Government

- Streamline DCD's electronic records management operations.
- Continue implementing activities related to the Northern Waterfront Economic Development Initiative: continue collaborative activities with the cities of Hercules, Martinez, Concord, Pittsburg, Antioch, and Oakley; complete phase 1 outreach and community engagement efforts; continue outreach to national, regional, state, and local agencies; conduct research in support of developing branding and marketing activities to promote Northern Waterfront competitive advantages; develop and adopt a strategic action plan and implementation program.

Contingency Reserve

Description: To provide funding for unforeseen emergencies or unanticipated new expenditures occurring during the fiscal year which have no other funding sources.

to offset a portion of the County's \$45 million budget reduction in that year. The anticipated impact of that recommendation was that appropriations would no longer be inflated and annually generated scarce resources would not be required to balance them.

Contingency Reserve Summary

The County Administrator reinstated the contingency reserve in FY 2012-13. General Fund contingencies include funding necessary to provide continued County operations despite economic uncertainties. As a general rule, a contingency fund should be maintained at a level sufficient to finance all issues/items which may occur during the fiscal year, but were unforeseen during the budget process. Failure to appropriate a reasonable level of funding for contingencies is not prudent and could likely result in a "midyear budget crisis". The County Administrator recommends that the Contingency for General Fund be budgeted at \$10.75 million for FY 2016-17. The appropriation will allow funding for: 1) any unforeseen emergency that the Board may need to fund during the fiscal year; 2) appropriations without a dedicated earmark to help to rebuild and grow the County's fund balance; and 3) appropriations for technology projects to increase efficiencies and economies.

CAO's Recommendation

The \$10 million contingency reserve was eliminated in FY 2006-07 after remaining basically unchanged for 16 years. The County Administrator's Office recommended that the practice of appropriating \$10 million for contingency be discontinued and that the funds be designated for Contingency on the General Ledger. The recommendation was implemented

CAO's Recommendation

The fiscal year 2016-17 baseline net County cost decreased by \$4,003,614 from fiscal year 2015-16. The reduction reflects the elimination of restricted prior year fund balance of \$4,633,614 primarily from CATV franchise fees.

Operating costs increased by \$630,000 for salary and benefits, interdepartmental charges and non-county professional services.

The recommended net County cost of \$5,755,000 will provide the funding necessary to maintain services in fiscal year 2016-17.

Performance Measurements

County Administrator accomplishments during fiscal year 2015-16 include:

- County of Contra Costa Public Financing Authority closed its 2015 Lease Revenue Bond issuance in a par amount of \$71,115,000 to fund two new capital projects: i) Solar Photovoltaic Panels on canopies at six locations throughout the County, and; ii) Construction of a Behavioral Health and Medical Clinic adjacent to the current West County Health Clinic and fund a current refunding of the Authority's 1999 Series A, 2002 Series A, 2002 Series B, and 2003 Series A Lease Revenue Bonds.
- Received the Government Finance Officers Association *Distinguished Budget Presentation Award* for the fifth year in a row.
- In early 2016, the County completed negotiations with the CCC Defenders Association marking the first time in 13 years that 100% of its represented employees were working under current contracts.
- PEPRA does not address the amount of the Cost of Living Adjustments/COLAs to the pension benefit for employees in the PEPRA tier. The County Employees Retirement Law provides several possible options for COLAs to the pension benefit. Prior to 2013, many County employees entering CCCERA were eligible for up to a 3% pension COLA to the retirement benefit. In 2015, the County completed active negotiations with all recognized employee organizations and has now achieved a 2% Pension COLA for all employees entering the PEPRA tier.
- The CAO's office has procured the OpenGov Intelligence software platform that allows customers to easily create and share

internal operational reports, combining unlimited financial and non-financial data (performance metrics, operational data, census data, etc.) to help governments make better financial decisions and operate more efficiently. When fully implemented, OpenGov Intelligence can also enhance the County's transparency efforts, allowing multiple years of data to be accessible by citizens through an online portal. Funding for the implementation and the first year of service was provided by an "Innovate Your State" grant, which the County succeeded in obtaining.

Administrative and Program Goals

Increase effectiveness of organizational sector budget oversight and promote service delivery improvements and interdepartmental coordination:

- Annual budget and program goal development/reviews and recommendations
- Quarterly financial reviews
- Monthly service delivery monitoring
- As-needed support and consultation
- Conduct departmental site visits

Provide Board of Supervisors with high quality support:

- Staff Ad Hoc and standing Board of Supervisor Committees
- Manage Board of Supervisors agenda development process, including automation of agenda process
- Provide research, information and recommendations on issues as requested by Board members
- Keep all Board members uniformly informed of new policies/practices
- Manage Advisory committee tasks, in compliance with Maddy Act requirements and Board of Supervisors' policies.
- Provide county-wide record keeping and document management through Clerk of the Board's Office.

Provide leadership for Contra Costa County to progress on the primary focus areas of: Fiscal

County Administrator

General Government

Health, Service Delivery Efficiency/
Effectiveness, Public Education, Teamwork/
Organizational Development:

- Continue to work with the Board of Supervisors, unions, and Departments to address Pension Liability.
- Regularly promote and set expectations for focus area accomplishment
- Evaluate Countywide progress
- Share information on progress with County staff and general public
- Continue to refine and implement the County's other Post Employment Benefit Strategic Plan.
- Continue to protect and advance the County's interests through the federal and state legislative program.
- Develop and provide county-wide public information through use of all forms of media, including print, CCTV and WEB content.

CAO's Recommendation

The baseline net County cost reflects a \$257,999 reduction from the fiscal year 2015-16 Adjusted Budget. This reduction reflects a one-time allocation for office upgrades to fund ergonomically functioning offices.

Salary and benefit costs are increasing by \$649,769 and are mainly due to the addition of 1.0 FTE position in FY 2015-16 and overall increases in permanent and temporary salaries and retirement costs. Baseline cost for services and supplies reflect a reduction of \$397,525 in anticipation of salary and benefit increases.

Legal counsel and support services are anticipated, which result in an estimated increase of \$676,662 in revenues and expenditure transfers combined.

The recommended net County cost of \$3,000,000 will provide the funding necessary to maintain services in fiscal year 2016-17.

Performance Measurement

Continue to devote significant legal services to human resources issues impacting the County.

The General Government Division of the County Counsel's Office assisted the Labor Relations Division of the County Administrator's Office in closing five labor agreements as well as negotiating and preparing a health benefits side letter with six other unions. Advice and representation was also provided in connection with union decertification, fact finding proceedings, and a two-day strike. In addition, 46 new Merit Board, grievance, arbitration and EEOC/DFEH matters were added to the County Counsel caseload.

On February 3, 2015, the Board of Supervisors decided to implement Laura's Law. The County Counsel's Office will need to devote new resources to assist the Health Services Department with issues involved in the implementation of this law.

Contra Costa County's Assisted Outpatient Treatment program (Laura's Law) officially commenced on February 1, 2016. The Juvenile/Conservatorship Division of the County Counsel's Office worked closely with Health Services Department's Mental Health Division to prepare for the implementation. Deputies attended and participated in workgroup meetings with stakeholders to outline the design of Laura's Law in Contra Costa County, as well as informational meetings to inform the public about the program. County Counsel attorneys also met with the Laura's Law team from the Mental Health Division to educate them on the legal criteria of Laura's Law and prepare them for the court process. Going forward, attorneys have been assigned to work with the Mental Health Division and pursue cases through the court, as needed, as the Mental Health Division carries out the objectives of this new program.

Provide increased supervision and monitoring of County liability cases, including those assigned to outside counsel.

Responsibility for the oversight of legal services contracts for liability cases handled by outside contract attorneys was transferred from the Risk Management Division of the County Administrator's Office to the Tort and Civil Rights Litigation Division of the County Counsel's Office. These oversight responsibilities include reviewing pleadings prior to filing, analyzing claims and defenses, discussing and coordinating strategies with outside counsel and Risk Management, and addressing miscellaneous issues as they arise. The reassignment of responsibilities has led to enhanced coordination and communication in tort litigation matters.

Support the Contra Costa County Housing Authority with legal issues.

The Business Transactions and Litigation Division of the County Counsel's Office assisted the Housing Authority with a major revision of its procurement policy and forms to reflect the changes that the Department of Housing and Urban Development made to the procurement standards. On behalf of the Housing Authority, County Counsel legal staff made a presentation at a National Association of Housing and Redevelopment Officials (NAHRO) conference on ADA and FEHA reasonable accommodation requirements. This Office continues to provide legal advice to the Housing Authority in relation to Rental Assistance Demonstration (RAD) program and the Housing Authority's application for additional units.

Administrative and Program Goals

Continue to provide significant legal services to assist the Fire District with the implementation of new emergency ambulance services.

On January 1, 2016, the Contra Costa County Fire Protection District began providing emergency ambulance services under a contract with Contra Costa County. The County Counsel's Office expects to continue to provide significant legal services to assist the Fire District with these matters throughout 2016.

County Counsel

General Government

Address legal issues associated with the increasing prevalence of alternative energy technologies.

In 2016, the County Counsel's Office will continue to address legal issues associated with the increasing prevalence of alternative energy technologies. This office expects to provide legal services to the Department of Conservation and Development associated with the implementation of PACE (Property Assessed Clean Energy) financing in the County and the possible implementation of a program that would allow local agencies to provide electricity services to consumers.

Provide additional services to the Department of Conservation and Development that are associated with the implementation and regulation of medical marijuana.

The Medical Regulation and Safety Act (MMRSA) was signed into law in October 2015. MMRSA will regulate the cultivation, dispensing, manufacturing, distribution, and transportation of medical marijuana. The County Counsel's Office expects to provide legal services to the Department of Conservation and Development associated with the implementation of the new law. If a measure to legalize the recreational use of marijuana is placed on the statewide ballot in 2016, the Department of Conservation and Development will likely require additional services to address the changing legal landscape.

Crockett/Rodeo Revenues

Description: To budget appropriations attributable to the property tax increment from the co-generation facility in Crockett and the UNOCAL Reformulated Gasoline Project at the Rodeo facility, for both capital and program uses.

CAO's Recommendation

The Baseline budget reflects a decrease of \$120,000 from FY 2015-16. Prior year fund balance in the amount of \$120,000 was eliminated from the baseline budget for FY 2016-17. The budget is estimated based on prior year trends of assessed valuations. The actual return-to-source shares are determined each year in the Fall.

County/State West Contra Costa Healthcare District (WCCHCD)

Description: To account for the West Contra Costa Healthcare District's reallocation of property tax revenue through an exchange agreement. This exchange agreement is not an on-going source of revenue and replaces reserves transferred to the District as bridge funding prior to the medical center closing in 2015. It will appear as a negative net County cost in our schedules.

Notes and Warrants Interest

Description: The California Government Code contains a legal provision, which allows a local agency to issue notes, permitting it to borrow money in order to meet short-term cash flow deficiencies, pending receipt of taxes and revenues. The borrowed funds may be expended for things such as current expenses, capital expenditures, and debts and obligations. This is a General Fund unit.

CAO's Recommendation

The FY 2015-16 budget did not include ad valorem property tax revenues to the County from the West Contra Costa Healthcare District due to the timing of a transfer agreement for a three-year funding bridge to Doctors Medical Center (DMC). The West Contra Costa Healthcare District Tax Allocation Waiver temporarily suspended the allocation of District ad valorem property tax revenues to the County in FY 2014-15; however, the strategy was ultimately unsuccessful and DMC closed in 2015. Contingent upon a revised exchange agreement, the County will receive an ad valorem transfer of between \$2.5 and \$3.5 million in FY 2015-16 from this source and each year thereafter until the agreement is fulfilled approximately FY 2023-24. Each year's transfer will appear as a negative net County cost in our schedules.

Transfers for the Retirement UAAL Bond and Retirement Litigation Settlement Debt service expenses are budgeted in each department as a compensation expense. The increase for the Retirement UAAL Bond in FY 2016-17 is due to a 11.7% growth in principal payment netted against a 9.8% reduction in interest. The total payment will increase by a net of approximately 4.2% each year until it is retired in 2024.

We do not anticipate issuing Tax Revenue Anticipation Notes (TRANS) in FY 2016-17.

For detailed information of the County's overall current debt position, please see page 479.

Department Description

This table represents information in aggregate format summarizing expenditures, revenues, and net County costs for two budget units administered by the Department of Information Technology. Included are data for the following budget units:

0147 – Information Technology
0060 – Telecommunications

Major Department Responsibilities

The Department of Information Technology provides a full range of computer data management, Public Safety Radio and Countywide telephone systems support to the entire Contra Costa County government. The Department manages the central enterprise computing system, a wide area network, numerous local area networks and communication systems, and provides business and technical consulting services to neighboring agencies, county departments and managers throughout the organization.

CAO Recommendation

The 2016-17 Recommended Budget for the Department of Information Technology reflects no increase in net County cost because all cost increases are charged out to service recipients. Baseline expenditures are increased by \$818,104 from the 2015-16 Budget, reflecting the addition of two Deputy Chief Information Officer positions in February 2016 and increased appropriations for specialized mainframe services and support, software licenses, hardware and software maintenance, manufacturer annual cost increases, system security, and the replacement of aging equipment. Provision for specialized contract services are augmented due to the retirement of staff essential in supporting the County mainframe and whose knowledge and skills are scarce and no longer available within the County workforce.

Wide Area Network (WAN) rates and telephone line/port rates are increased by 2% from the

current year rates to offset the recommended expenditure increases. A General Fund allocation of \$95,000 is recommended to be maintained to offset unreimbursed costs related to the implementation of the East Bay Regional Communications System.

Performance Measurement

- Develop a County-wide IT systems to improve staff and operational efficiencies.
- Improve County's computer Wide Area Network speed and reliability by upgrading the remote office connections to AT&T ASE (switched Ethernet) fiber optic service.
- Improve performance in the following business processes measures:

- Percentage of time the County's radio communication system is available.

County's P25 radio communication system was available 100% of the time. County Microwave system was also available 100% of the time.

- Percentage of time the County's Wide Area Network (WAN) is available.

County's Wide Area Network (WAN) was available 99% of the time. The 1% unavailable time frame was from 2:30 p.m. to 4:30 p.m. when our internet service experienced an outage due to equipment failure.

- Percentage of time the County's voice mail communication system is available.

County's voice mail communication system was available 98% of time. The 2% unavailable time frame was attributed to the voice mail system hardware failure. A project is underway to migrate all voice mail subscribers to the AT&T EMS (enterprise management system) voice mail.

- Percentage of email addresses in the County-Wide address book.

Department of Information Technology

General Government

Percentage of email addresses in the County-Wide address book was 94% in FY 2015-16.

Administrative and Program Goals

- Develop a Countywide IT strategic and tactical plan providing a road map for IT services in the County that aligns with the County Mission, Vision and Values Statement.
- Improve performance in the following business measures.
 - Percentage of time the County's radio communication system is available and the service outage repair times.
 - Percentage of time the County's Wide Area Network (WAN) is available for systems such as Email, Internal Web Sites, and Payroll Systems.
 - Percentage of time the County's voice mail communication system is available by leveraging "Cloud Based" Solutions and implementing redundant core service facilities.
 - Percentage of email addresses in the County-Wide address book.
 - Design and incorporate wireless network for additional specific County locations to further reduce the need for cabling and provide high speed service for mobile devices
 - Implement a Countywide alternative provider high speed internet access connection with the goal of increasing our disaster recovery process.

CAO's Recommendation

The FY 2016-17 Baseline Budget decreased by \$13,708,672 from FY 2015-16. The net decrease reflects the elimination of prior year fund balance totaling \$13,693,276 as well as a decrease of \$45,827 for anticipated reductions in retiree health costs. Costs for the PeopleSoft upgrade increased by a net of \$30,431.

The FY 2016-17 recommended net County cost of \$5,500,000 reflects sufficient funding in order to maintain the County payroll and benefits system as well as funding for retiree health benefits for Court employees and other retirees that cannot be attributed, and therefore charged, to current departments.

CAO's Recommendation

The Recommended Budget for General Fund departments relies on increases in General Purpose Revenue to offset increases in the cost of doing business. The most significant increases in general purpose revenues from year-to-year are due to increased assessed valuation on current secured property tax. During the economic downturn, growth in assessed valuation, interest rates, and Supplemental Property Tax revenues was almost non-existent; since then assessed values have begun to grow. Although the State Board of Equalization has announced an inflation factor of under two percent* (1.01525) for FY 2016-17, the County Administrator's Office is projecting that assessed value growth will be at least 6%. The 6% figure compares to current year growth of 7.53%, FY 2014-15 growth of 9.09%, FY 2013-14 growth of 3.45%, and FY 2012-13 growth of 0.86%.

It should be noted that Recommended General Purpose Revenues include \$10 million in transfers from the Tax Losses Reserve Fund for deferred facility maintenance projects. This extra \$10 million is not a permanent source of funding.

* The inflation factor increase in base year value is limited to 2% by California Constitution, Article XIII A, section 2(b).

CAO's Recommendation

The fiscal year 2016-17 baseline net County cost increased by \$105,259 from fiscal year 2015-16. The increase reflects estimated salary and benefit costs of \$313,485 as well as the elimination of prior year fund balance totaling \$208,226. Restricted funding from Employee Benefits and Employee Child Care are rebudgeted at the end of each fiscal year.

The Department is requesting an additional \$90,000 from the General Fund for an annual subscription to the LinkedIn Corporate Recruiting Platform which provides strategic sourcing, job targeting, and talent brand development. This will allow Human Resources to streamline its recruiting process by reaching a large job seeking audience and targeting those candidates searching for employment opportunities within specified professions employed by the County.

The Benefits division is requesting \$77,000 to add an Accounting Technician for work relating to the Countywide PeopleSoft project. Costs for this position will be recovered through the Benefits Administration Fee.

The recommended net County cost of \$3,204,000 will provide the funding necessary to provide services in fiscal year 2016-17.

Performance Measurement

- Conducted Executive recruitments for the following key positions:
 - Assistant Director of Human Resources
 - Chief Clerk - Board of Supervisors
 - Chief Assistant County Administrator – 2 positions
 - Employee Benefits Manager
 - Aging and Adult Services Director

- Other high level recruitments included Senior Deputy County Administrator and Employment and Human Services Department Personnel Officer.

- Administered several large recruitments and processed the following applications:

Eligibility Worker I:	2,971
Deputy Sheriff:	2,229
Firefighter/FF Paramedic Recruit:	1,913
Juvenile Institutional Officer:	1,081
Sheriff's Dispatcher:	942
Clerk-Experienced Level:	705
Maintenance Worker:	432
Social Casework Specialist I:	432
Fire District Dispatcher:	427
Account Clerk-Experienced:	407

- Completed the remodel of the 2nd Floor of the Human Resources Department within the projected timeframe and within the allocated resources.

- Completed the task of digital imaging of the County personnel history files which has eliminated the need to house approximately 10,000 paper files.

- Contracted with CherryRoad Technologies, Inc. to provide Taleo Recruiting and Transitions Onboarding system and have begun the design phase to implement the new automated employee recruitment and onboarding software. This will replace the

Human Resources

General Government

- current applicant tracking system and will provide a seamless, paperless transition from recruitment to hiring and onboarding of new employees.
- Initiated a pilot program within the Human Resources Department to begin the implementation process of Taleo Perform, a county-wide performance management system.
- Implemented the CSAC Institute training courses for over 40 key County workforce executives focusing on topics such as Leadership and Change, Communication, Conflict Management, etc. This training is held once per month through October 20, 2016.
- Reduced recruitment processing time from 87 days to 70 days.
- Processed 110 Personnel Adjustment Resolutions (P300's).
- Received approval and funding to add one Leave and Affordable Act Administrator position to provide for a centralized resource to ensure County-wide compliance with federal and state leave laws related to the Family Medical Leave Act (FMLA), California Family Rights Act Leave (CFRA), Pregnancy Disability Leave (PDL) and Military Leave, ensuring proper integration with State Disability (SDI) and other County leave benefits. This position will also track and maintain regulatory compliance with the Affordable Care Act.
- Purchased and installed FBI certified LiveScan system scanner and software and trained Human Resources staff to utilize the program to administer fingerprinting for all new County employees.
- Continued implementation phases for the PeopleSoft upgrade from 8.8 to 9.2 which will include the Benefits Administration module allowing employees to make their benefit elections online to improve accuracy, efficiency and timeliness by eliminating the need to complete and return paper forms.
- Implemented computerized bilingual testing for County departments to certify reading/writing bilingual proficiency.
- Contracted with Benefits Coordinators Corporation to continue implementation of the Affordable Care Act to comply with the reporting and eligibility requirements mandated by the Internal Revenue Service.
- Continued to monitor and oversee the recruitment and examination functions for Health Services specific classes and to conduct recruitment and examination for Health Services county-wide classifications.

Administrative and Program Goals

- Continue to work the County Administrator's Office and the operating departments to comply with the hiring freeze implemented in February 2016.
- Implement the Taleo Recruiting and Transitions Onboarding system to provide a seamless transition from recruitment to hire.
- Deploy Taleo Perform, the performance evaluation system on a countywide basis.
- Continue to implement the Affordable Care Act.
- Issue a Request for Proposal (RFP) to solicit bids from interested vendors to provide comprehensive benefit consulting services.
- Research alternatives to outsource labor intensive benefit programs such as Health Care Spending and Dependent Care Assistance reimbursement programs.
- In collaboration with the joint labor/management committee develop recommendations to implement a countywide Employee Wellness Program.
- Issue a Request for Proposal (RFP) to solicit bids from interested vendors to provide a countywide Employee Assistance Program.

Human Resources General Government

- Partner with departments who administer high volume recruitments to define more cost effective selection tools and analyze recruitment outcomes to improve recruitment strategies.
- Research alternative ways to assess candidates (i.e., non-proctored applicant assessments).
- Implement Employee Benefits Self Service to eliminate paper enrollment forms for active employees.
- Develop standardized leave protocols under the guidance of the new Leave and Affordable Care Act Administrator.

Library

General Government

1. Library Administration

Description: Includes Library Administration, Shipping, and Volunteer Program Coordination. Library Administration plans, organizes and directs the operation of the County Library; provides leadership and management in budgetary, personnel, operational, and policy matters; plans for the future of the library with the Library Commission, City Councils, representatives of library communities, and staff; has responsibility for planning administration with communities for new buildings and facilities. Shipping receives all resources, furniture, and equipment delivered to the library and provides daily delivery of library resources to all library facilities. Volunteer services provide coordination for recruitment, training, and retention to meet community interest in public service. **FTE: 20.0**

2. Support Services

Description: Includes Automation, Virtual Library Services, Circulation Services, Technical Services and Collection Management. Automation provides planning and operations for the Integrated Library System, all information technology, hardware, software, and desktop support, new technologies, Internet services and the Wide Area Network linking all local library locations. The Virtual Library is responsible for the library's web presence and Intranet; creates and maintains online services through the library website, and centralized reference services, including toll-free telephone and online reference service, *Live Chat* (live interactive chat reference help with librarians for government information), government documents, and periodicals; develops and implements new technologies in support of library strategic goals and initiatives. Circulation Services provides management support for the lending of library materials, patron accounts, and inter-library loan of library materials. Technical Services provides for catalog and database maintenance, and processing of materials. Collection Management provides for selection, acquisition, and fund accounting of library materials. **FTE: 27.0**

3. Countywide Services

Description: Includes Public Services Administration, Countywide Centralized Library Services, Literacy Services, the Wilruss Children's Library Fund, and services to children and teens currently in the custody of County Probation Department Juvenile Facilities. These services either provide direct customer services countywide or provide support to the community libraries, including program support in adult, young adult, and youth areas. Public Services Administration provides overall leadership, management, and support for the community library operations. Countywide Centralized Library Services are those services that directly serve library customers countywide or that support community library services and operations. Literacy Services administers the library's literacy program Project Second Chance. The Wilruss Children's Library Trust Fund provides for the design and maintenance of programs that promote literacy and a lifelong love of books and reading in socially and economically disadvantaged areas of Contra Costa County. Library services are provided at the Betty Fransden Library at Juvenile Hall and the Leshner Library at Orin Allen Youth Rehabilitation Facility to provide access to reading materials and computers for the young people housed there. **FTE: 10.4**

CAO's Recommendation

Baseline costs for salaries and benefits are increased over the current year budget by \$329,952 due to the addition of 2.2 FTE positions in FY 2015-16 and in anticipation of cost of living increases. Baseline services and supplies are reduced eliminate appropriations for one-time purchases in 2015-16 of equipment, computers, and materials. Baseline costs for other charges are increased due to an increase in building occupancy costs. The Library has estimated an increase of 6% in property tax revenue, which will enable the Library to absorb increases to salaries and benefit costs.

The 2016-17 budget is recommended at the Baseline level, which will permit the Library to continue existing, and innovate new, programs. The CAO and the County Librarian are working together to develop a community library staffing plan that will provide the maximum number of operating hours within available resources.

Performance Measurement

- *Library Visits:*
Library visits have decrease an average of 0.5% annually, from 4,049,654 visits in FY 2009-10 to 3,768,045 visits in FY 2014-15.
- *Items Circulated*
The number of items circulated has decreased an average of 0.4% annually, from 6,944,422 in FY 2009-10 to 6,548,953 in FY 2014-15.
- *Annual Hours Open:*
The Library's annual open hours have increased from 50,953 in FY 2009-10 to 56,056 in FY 2014-15.
- Received 2015 John Cotton Dana Library Public Relations Award for War Ink. Using photographs of tattoos as a springboard for California veterans to share their stories, War Ink reached beyond the Contra Costa communities to libraries across California and to thousands of others online.
- Began production on STEAMbank, a grant-funded application which will allow students to view STEAM (science, technology, engineering, arts and math) programs being provided by libraries, museums, non-profits, and educational centers. Students will be able to select and participate in free programs, while potentially earning school credit for outside-of-school learning.
- Worked on the implementation of the Library's 2014-2017 Strategic Plan through individual library branch and division Community Service Plans.
- Six cities are in the process of library facility improvements:
 - Brentwood City Council contracted with Fog Studios for conceptual designs of a new library facility;
 - El Cerrito City Council has moved forward with polling towards a potential ballot measure to fund a new library facility;
 - San Pablo continues to move forward and anticipates beginning construction work on their new library in late 2016;

- San Ramon City Council completed the design process for the remodel and expansion of the San Ramon Marketplace Library with anticipated completion of the project in early 2017;
 - Pleasant Hill City Council and Contra Costa County are working jointly through a Library Task Force to identify potential relocation options for the Pleasant Hill Library as well as funding opportunities and outreach models;
 - Oakley City Council approved a ballot initiative, to be placed on the June 2016 ballot.
- Contra Costa County Library continues to be an innovator and provider of diverse electronic information resources that enhance not only Contra Costa County but libraries across the state and nation. *Enki*, the online book lending platform created by Contra Costa County Library and Califa, continues to grow in popularity and usage by libraries across the state because it enables libraries to own their content instead of leasing it as it is done through commercial companies. The Discover&Go Museum Pass program continues to exceed expectations with a planned expansion into Southern California.
 - The 2015 Summer Reading Program featured a wide variety of programs, information and entertainment for all ages, culminating in several public events with illustrator Rafael Lopez and author Margarita Engle who collaborated together on the children's book *Drum Dream Girl*. The Summer Reading Program continues to draw large numbers, holding steady from the prior year.
 - Received many grants for direct library service programming and innovation, including: Cultures/Communities/Connections for a series of programs at the Concord Library focusing on Latino culture; The National Endowment for the Arts "Big Read" community read in all the West County Libraries using the book *The Things They Carried*; and four, Cube 3D printers and software for public programming from The MakerLab Club.
 - In response to library user needs, the library has continued to update its online database resources. The Library purchased additional database subscriptions including Chilton, an online car repair manual, Safari Tech, online resources for technology applications, NoveList, providing reader's advisory, and IndieFlix, streaming independent movies.
- The Library has continued to grow its popular Lunch at the Library program, providing lunch and snacks to children during the summer. In collaboration with state sponsors and local school districts, this community asset allows children to have food security during non-school sessions while also incorporating library programming and reading activities.

Administrative and Program Goals

- Continue the transfer of ownership and fiscal responsibility for facilities to the cities, contributing to the County's goal of fiscal health.
- Continue to review the Library's staffing to merge part time positions as appropriate.
- Work with neighboring library and school jurisdictions to fund and implement an educational programming attendance tracking application, allowing students to receive credit or teacher awareness for participation in library STEAM (science, technology, engineering, art, and math) programming.
- Negotiate with cities regarding approval of library lease agreements.
- Create a facility assessment document and a technology assessment document for all Contra Costa County Libraries in alignment with the goal set in the Strategic Plan.
- Work with the cities of Brentwood, El Cerrito, San Pablo, Pleasant Hill, Oakley and San Ramon to plan renovation of current facilities, or build new library facilities.
- Develop a library system marketing plan.
- Review hours of community libraries to look toward optimizing and/or synchronizing for public service and staffing balance.

Southern Pacific Railway (SPRW)

Description: The Iron Horse Corridor, formerly known as the Southern Pacific right of way is 18.5 miles long, traversing north-south in Central Contra Costa County. The northern terminus is Mayette Avenue in Concord and the southern terminus is the Alameda County line in San Ramon. The corridor varies in width from 30 to 100 feet and currently has a 10-foot wide, paved multi-use trail managed by the East Bay Regional Park District. Funds come from the sale of easements and license agreements and are used for maintenance of the corridor (i.e. mowing, tree trimming, and drainage).

CAO's Recommendation

The fiscal year 2016-17 baseline budget increased by a general fund net of \$68,182. Prior year Venture Capital funds totaling \$625,000 were eliminated. Appropriations of \$292,546 were added to account for the elimination of Keller Surcharge funds transferred from the General Fund. Building Occupancy and Maintenance costs increased by a net of \$400,636.

The fiscal year 2016-17 recommended budget increased by a general fund net of \$781,422. This reflects increased custodial hours to general fund buildings as well as increased hours for Stationary Engineers at the Martinez and West County Detention Facilities. General fund appropriations for also added for three additional positions: a Steamfitter, an Electronic Systems Specialist and a Lead Materials Technician. The Steamfitter position will be assigned to the Martinez Detention Facility to handle daily routine maintenance operations and assist in reducing the deferred maintenance backlog. The Electronic Systems Specialist will perform mandated testing and preventative maintenance of fire and safety equipment in County facilities. The Lead Materials Technician will provide guidance to the County materials management group supporting the Fleet and Facilities Services divisions.

Additionally, the recommended budget includes appropriations to add 5 additional positions as well as two add/cancels in the Public Works

Public Works

General Government

department. These positions are offset by special revenues and/or project funds.

The additional positions and increased hours will allow the Department to better manage anticipated workflow in fiscal year 2016-17. The County Administrator recommends the additional positions to better meet the needs of County departments and the management of large scale environmental and capital projects.

The baseline budget for Fleet Services (Internal Service Fund) increased by a net of \$355,000 to fund an increase in building maintenance costs and equipment purchases. The recommended budget adjustment of \$22,190 in both expenditures and revenues will allow for the addition of 1 Equipment Mechanic and the cancelation of 1 Equipment Services Worker.

The Road Fund Budget decreased by a net of \$5.1 million to reflect the elimination of prior year fund balance. Revenue totaling \$46,148,872 reflects anticipated federal funds from the Highway User Tax, Federal and State grants, Areas of Benefit, Developer Fees, Measurer J, Contra Costa Transportation Authority and TDA revenue. Funds will be used for general road maintenance, road capital improvement, traffic program, road engineering, road information and services.

The Land Development Fund, which supports engineering functions, was decreased by a net of \$45,805. The net fund cost decrease reflects the removal of prior year fund balance. Revenues were increased by \$117,500 to reflect anticipated revenues generated from land development permits.

The Airport Enterprise fund, which supports airport operations and capital development at the Buchanan and Byron Airports increased revenue by \$1.8 million in anticipation of two new Airport Improvement Program grants. The net increase of \$100,000 is the utilization of prior year fund balance for work on the General Plan Amendment.

Public Works continues to respond to the growing challenges by proactively identifying areas in its operations that can be modified, streamlined, and/or restructured for better

service and cost efficiency, as well as maintaining operations within their baseline budget.

Performance Measurements

- **Transportation Program:** In FY 14/15 we identified several opportunities for transportation grants and were successful in generating approximately \$5,080,000 in additional funding. Our efforts resulted in receiving almost \$17 for every \$1 of staff time. This exceeded our strategic goal of receiving a minimum of \$4 for every \$1 in staff time to prepare the applications.
- **Watershed Program:** Continued to work on meeting permit compliance from the Regional Water Quality Control Board in an attempt to address pollutants entering receiving waters such as creeks. In 2015, the Watershed Program did meet the 40% trash reduction target set by the Municipal Regional Permit for water quality.
- **Floodplain Management Program:** Continued participation in the National Flood Insurance Program Community Rating System (CRS) and maintained a rating of Class 6. This equates to a 20% discount on flood insurance premiums for County residents in Special Flood Hazard Areas.
- **Completed 58 capital projects on County facilities** totaling over \$141 million between July 2014 and January 2016. These projects included deferred maintenance projects and major projects such as the new Antioch Health Center and expansion of the Concord Health Clinic.
- **Completed a partnership with 19 other agencies** as part of the Regional Renewable Energy Program to install new solar energy projects at 6 County facility sites. The construction at the County sites is complete.
- **Completed or are substantially underway on over 60 Facilities Life-Cycle Investment Program projects** totaling over \$29 million dollars as of January 2016. These projects

include renovations at the Finance Building, numerous roofing projects, fire, life and safety projects.

- Continued work on the Asset Management Facility Inventory. Strategic Planning and facility management/maintenance plan will continue throughout the year. Work on this asset data has improved County facility operation and maintenance by helping to identify underutilized facilities, as well as facilities most in need of deferred maintenance attention.
- Continued meeting with stakeholders to advance the East Bay Regional Park District Measure WW park projects in unincorporated communities. Six projects are completed or underway including three projects scheduled to start construction in summer 2016 in Alamo, El Sobrante, and Pleasant Hill area of the Iron Horse Corridor.
- Streetlight Program: Partnered with PG&E to convert County owned streetlights to light emitting diode (LED) within County Service Area L-100 to improve reliability, energy efficiency and lighting quality. 3900 streetlight conversions were completed in 2015 and 3,088 are scheduled for 2016.
- Airport Safety: General aviation users have quality airport facilities and services to safely operate their aircraft. The goal is to prevent airport safety deviations which indicate a situation that is considered unusual from normal operations that could pose a safety threat. In 2015 there were 2 safety deviations that were not aviation or pilot related. They were from individuals that got onto the airfield. In response, the Airport is reviewing perimeter security.
- Fleet Services: Purchased and put into service 9 electric vehicles and installed additional charging stations in our continuing effort to “green” our fleet and reduce greenhouse gas emissions.

Administrative and Program Goals

- Recruitment/Retention and Succession Planning: With the improving economy, we are seeing a departure of tenured and qualified staff and we are looking at ways to better retain, recruit and prepare future staff, including work/life balance, training and professional development. Succession planning continues to be a priority.
- Clean Water Program: The new Municipal Regional Permit related to clean water regulations was issued in November of 2015. The Department will be working with other County Departments and Public Works Divisions to determine how to fund and implement the new permit requirements.
- Stormwater Funding: We continue to work with our Board of Supervisors, the California State Association of Counties, and the County Engineers Association of California on a statewide effort to have stormwater be treated as a utility similar to water and wastewater utilities for funding purposes.
- Cost Recovery: We are continuing to review programs that are funded through fee for service and grants to ensure costs are covered. Public Works and the Department of Conservation and Development are working on a review of land development fees and we are pursuing an Indirect Cost Rate Plan to maximize reimbursement on federally funded transportation projects
- Project Delivery (Public Infrastructure): The Department Divisions involved in delivery of transportation, flood control, park and airport projects have been involved in an on-going process to improve capital project delivery in an effort to implement projects faster and reduce costs.

Public Works

General Government

- **Countywide Real Estate Asset Management Plan:** The County owns many buildings used to conduct county business and leases additional space for some operations. The Department is focused on developing an asset management program for both our owned and leased buildings. The asset management program is already paying off with improved County facility operation and maintenance and space utilization and it is a valuable tool for setting priorities to address deferred maintenance, capital renewal and new facility projects.
- **Traffic Safety:** The Department is looking at ways to address the increase in fatal and major injury collisions on unincorporated County roads. There had been a steady decline during the recent economic recession with less people driving. However, with the economy improving, we have seen an increase in vehicle fatalities and major collisions. The Department is putting together an action plan that uses the 4 E's as guidance: Engineering, Enforcement, Education, and Emergency Response. We are looking at collision data for hot-spots and systemic issues on our transportation network and determining which approach would best help reduce collision.
- **Sustainability:** Continue efforts to implement energy projects in county facilities and streetlights to improve efficiency, reduce costs and to further the County's sustainability goals of lowering greenhouse gas emissions and implementation of the County's Climate Action Plan. Continue to green the County's fleet with more hybrid and electric vehicles and installation of charging stations.

Department Description

This table represents information in aggregate format summarizing expenditures, revenues, and net County costs for three divisions.

Included is data for the following divisions: Treasurer, Tax Collection and Business Licenses.

Major Department Responsibilities

The Treasurer-Tax Collector's Office is responsible for providing financial services to County departments, Schools and Special Districts; to safe keep all funds entrusted to the Office and make available such funds when needed; to earn a fair return on funds not immediately needed by the participants in the County's investment pool; to efficiently and accurately collect taxes and other debts owed to the County, Schools and Special Districts; and to apply all applicable laws equitably and consistently to all taxpayers.

Treasurer

Description: Provides for the safekeeping of funds for the County, 18 School Districts, a Community College District, a Board of Education, and 21 Voluntary Special Districts. Administers a comprehensive investment program for the County and districts to ensure the safety of principle, meet liquidity needs, and maximize yield on investments. Manages the County's cash flow and short-term borrowings and is an active participant in all long and short-term borrowings for County agencies, school districts and the Community College District. As of January 31, 2016, the Treasury managed over \$3.17 billion in its investment pool.

CAO's Recommendation

Baseline Budget

The baseline net County cost represents a \$391,000 net increase over the FY 2015-16 Adjusted Budget. Salary and benefit costs reflect an increase of \$401,670. The addition of a new Executive Secretary and Assistant Tax Collector positions represent 64.7% of this increase.

As homeowners for new purchases are forced into impound accounts, the declining number of new delinquencies has limited the amount of service costs and redemption fees that have the potential to be collected. In addition, investment income is at a record low, as short term interest rates remain well below 1%.

Recommended Budget

The County Administrator is recommending a net County increase by \$260,000, which reflects the addition of 2.0 FTE positions. One new Executive Secretary will alleviate the department's secretarial work in assisting with sensitive, confidential and sometimes controversial information about issues including Labor Relations, litigation, staffing and disciplinary actions. Due to additional services put in place as a result of technological advances and better business practices, one Assistant County Tax Collector is needed to oversee, supervise and ensure full compliance with office policies and procedures as well as with the state statutes and county ordinances. The recommended net County cost of \$2,403,000 will provide the funding necessary to provide services in fiscal year 2016-17.

Performance Measurement

The Treasurer-Tax Collector's Office issued 414,200 Secured and Unsecured tax bills through February 4, 2016 of the FY 2015-2016. Collections through February 20, 2016 were 59.90% of total outstanding taxes, which is 0.18% less than the same timeframe last year. The collaboration with the California Franchise Tax Board Intercept program resulted in \$250,074 of tax revenues that otherwise would have been uncollectible. The department completed \$51.7 billion in banking transactions, processed \$6.9 billion deposits and funded \$6.5 billion warrants during the FY 2014-2015. Despite another volatile year for the financial markets, the Treasurer received affirmation for its rating of AAAs/S1+ which is assigned for the highest level of credit quality and lowest level of volatility of securities in the Treasurer's Investment Pool.

Complementing an already successful paperless payment program, the Treasurer-Tax Collector's office, in collaboration with the Department of Information Technology and third party payment processor released a beta version of a Virtual Billing and Subscription service (VBS) in November 2015. The VBS service allows subscribers the ability to schedule their property tax payments to be paid automatically on a

Treasurer –Tax Collector

General Government

specified date – on or before the delinquent date. The beta testing was submitted to 300 current e-billing subscribers with 59 enrolling in the VBS service and \$120,000 collected in property tax payments. A full launch of the VBS system is scheduled for the FY 2016-2017. Each e-billing or VBS subscriber eliminates the cost of printing, postage and mailing of a paper tax bill.

The Contra Costa County Treasurer-Tax Collector collaborated with the 57 other California County Tax-Collectors gathering samples of property tax bills. Through analysis of the design and features of the samples, the Contra Costa County Treasurer-Tax Collector's office was able to create a version of both secured and supplemental bills that generated better efficiencies in collections through the use of print colors on the tax bill also includes emphasis on due dates and amounts due. Contributing to the redesign and emphasis on due dates and amounts due, property tax collections were 0.46%, 1.29% and 0.17% greater in October, November and December 2015 respectively over the same months in 2014.

The 2015-2016 secured tax bill significantly increased public awareness by including a special message and the use of an asterisk to identify specific assessments and levies that are eligible for exemption by senior citizens and disabled persons. The results of this awareness program for seniors and disabled persons are still pending due to the filing date occurring between March and June for most of the exemptions. However, initial success of the awareness program was apparent as Treasurer-Tax Collector's office received a significant

number of inquiries requesting information regarding the exemptions.

The Treasurer-Tax Collector's office remains in the planning and development stage for departmental training manuals with the anticipation of completing the manuals or Standard Operating Procedures in the FY 2016-2017.

The Treasurer-Tax Collector's office has worked closely with the Auditor-Controller's office to analyze specific internal controls and as a result established a Cash Handling Policy and Procedures manual.

Administrative and Program Goals

Carry out the mission of the Treasurer-Tax Collector, which is to bill, collect, invest, borrow, safeguard, and disburse monies and properties.

Improve delivery, efficiency and effectiveness related to creating and mailing of property tax bills by exploring the feasibility of outsourcing the printing and mailing of all tax bills through specialized services.

Increase public awareness of programs available to senior citizens and disabled persons.

Plan, formulate and produce standard operating procedures to aid new and experienced Office employees with job tasks, duties and expectations.

Child Support Services

Health and Human Services

Department Description

As the Contra Costa County agency responsible for establishing, collecting, and distributing child and medical support for minors, the Department of Child Support Services (DCSS) is an important part of California's effort to nurture and protect children and to help them and their families achieve self-sufficiency.

Major Department Responsibilities

The Child Support Enforcement Program is authorized under Title IV-D of the Social Security Act to provide services assisting parents to meet their mutual obligation to support their children.

No-cost services to Contra Costa County residents with physical custody of a minor child include:

- Locating non-custodial parents,
- Establishing court orders for paternity, child, and medical support,
- Enforcing court orders for child, family, and medical support,
- Collecting and distributing support payments,
- Maintaining accounts of payments paid and payment due,
- Modifying court orders when appropriate.

Operations are controlled by the regulations of the State Department of Child Support Services.

CAO Recommendation

In the FY 2016-17 Baseline Budget expenditures are anticipated to increase slightly compared to the FY 2015-16 Recommended Budget. This increase is due to anticipated salary expense. Federal Revenue is available to compensate for projected increases.

The FY 2016-2017 Recommended Budget for the Department of Child Support Services maintains current service levels. There are no reductions from the Baseline Budget.

Performance Measures

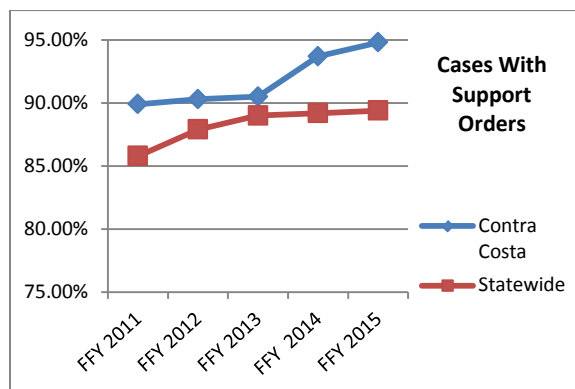

Federal Performance Measure:

The effectiveness of the Department of Child Support Services (DCSS) is evaluated by measures in five critical areas:

1. Child Support Orders

- **Status of FY 2015 Goals:** Achieved 94.8% of cases with a child support order, an increase of 1.1% over last year.

With a focus on establishing child support orders that are fair, accurate, and consistent with a parent's ability to pay, the overall percentage of cases with support orders reached an all-time high.

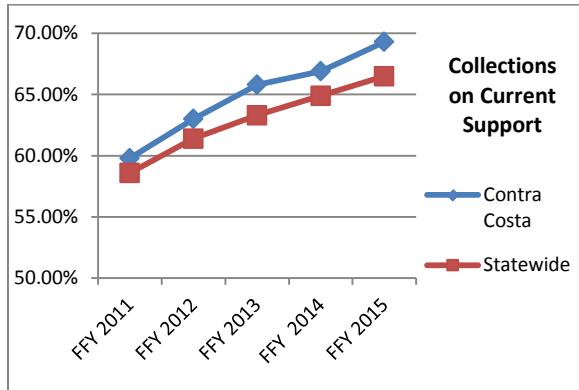

Child Support Services Health and Human Services

2. Current Child Support Collections

- Status of FY 2015 Goals:** Achieved 69.3% of cases with current support collected, an increase of 2.4% over last year

Total collections exceeded \$70 million dollars. This resulted in an increase in distributed collections of 5.2% greater than the prior year. This means delivering more money to Contra Costa families.

3. Arrears Collections

- Status of FY 2015 Goals:** Achieved 69.9% of cases with arrearage collections, an increase of 1.4% over last year.

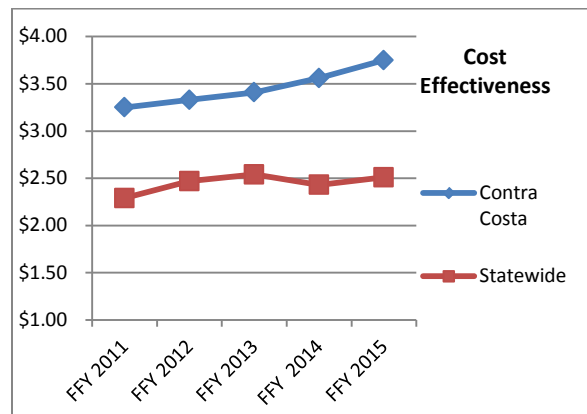

DCSS is focused on engaging parents with delinquent accounts to make child support payments. The statewide average of cases paying on arrears is 66.2%. DCSS has consistently maintained participation above the statewide average.

4. Operational Cost-effectiveness

- Status of FY 2015 Goals:** Achieved \$3.75 in cost effectiveness, an increase of \$0.19 compared to last year.

The cost effectiveness of a program may be measured by how much money is collected for each dollar spent on Child Support operations. In FFY 2015, the California State average was \$2.51 collected for each dollar expended. Contra Costa DCSS is 49.4% more effective than the State average, collecting \$3.75 for each dollar spent on operations.

Child Support Services

Health and Human Services

5. Statewide Paternity Establishment Percentage (PEP)

- **Status of FY 2015 Goals:** Achieved 104.7% in statewide PEP

Paternity is the establishment of fatherhood for a child, either by court determination, administrative process or voluntary acknowledgement. Statewide PEP is calculated as the total number of children born out of wedlock for which paternity was acknowledged or established in the current federal fiscal year, compared to the total number of children in the state born out of wedlock during the preceding calendar year, expressed as a percentage. Contra Costa has consistently maintained an average of 100% over the past six years.

Support Services have developed the following local performance goals for FFY 2016:

- ✓ increase distributed collections by 3% and achieve at least \$3.85 in cost effectiveness;
- ✓ increase the percentage of current support collected to 71.0%;
- ✓ increase percentage of cases with arrearages collection to 71.0%;
- ✓ increase the percentage of cases with child support orders to 95.0%; and,
- ✓ maintain statewide PEP at 100% or above

Administrative and Program Goals

- **Achieve Federal Performance Measure** levels established by the State Department of Child Support Services by:
 - ✓ establishing paternity,
 - ✓ increasing the number of cases with established child support orders,
 - ✓ increasing collections on current child support,
 - ✓ increasing collections on cases with arrears, and
 - ✓ improving cost effectiveness.
- **Achieve Local Level Performance Goals.** Contra Costa County Department of Child

Special Note to the Reader

Federal, state and state-funded local revenues finance over 95% of the Employment and Human Services Department (EHSD) programs. These revenues come to the County as program-specific allocations from the State, which are determined by the State Legislature. Because EHSD does not currently have the allocations for FY 2016-17, the Department has included revenue based on the Governor’s fiscal year 2016-17 Proposed Budget and historical allocation information. Given the need to analyze the impact of changes in the FY 2016-17 State budget, the Department has used the best information currently available to project its revenue. Should the funding picture change, the Department will return to the Board with information and seek appropriate adjustments to appropriations.

Major Department Responsibilities

The Employment and Human Services Department, in partnership with the community, provides services that support and protect families, individuals, and children in need, and promotes personal responsibility, independence, and self-sufficiency.

Employment and Human Services is the second largest Department in Contra Costa County. It brings together, under a single administrative umbrella: Aging and Adult Services, Children and Family Services, Community Services, Workforce Services, Workforce Development Board, and Zero Tolerance.

The Department provides more than 60 programs which serve over 100,000 citizens in need of basic protection or support services each year. The majority of the services the Department provides are to children and families; the elderly; persons with certain disabilities; those who are eligible for financial, medical, or food assistance; and to persons who are attempting to enter or move up in the workforce.

The Department offers its programs at over 39 locations throughout the county. Approximately 95% of the Department's program funding comes from federal, state and state-funded local revenue sources. The remaining 5% is the net county cost funded with county general fund. The majority of the 5% county general fund is required as matching funds per federal and state laws for many of the Department's programs.

The Department is continually seeking new ways to improve the coordination of its client services and to maximize non-county fund sources.

Employment and Human Services

Health and Human Services

Description: The Children and Family Services Bureau (CFS) promotes family stability, self-sufficiency, safety and the wellbeing of children and families. Programs include Child Welfare Services, Differential Response, Kinship Services, Family Preservation, Foster Home Licensing, Extended Foster Care and support services ages 18-24, Adoptions, and Foster Care.

The FY 2016-17 Baseline Budget includes an overall increase of \$1,024,367 compared to the FY 2015-16 Recommended Budget.

The FY 2016-17 Recommended Budget reflects an increase of both expenditures and revenues due to an increase in State Realignment revenue.

1. Child Welfare Services

Description: Child Welfare Services (CWS) staff works with families to assess the safety of children and to assist families and children in reaching their full potential. When children cannot be cared for by their families, due to safety issues, they are placed with families that are able to make a lifelong commitment.

The Department works in collaboration with the community toward healthy independence for families and their children. Services cover an array of activities that include receiving child abuse referrals, investigating child abuse allegations, petitioning the Juvenile Court in dependency matters, providing in-home and out-of-home services to ameliorate abuse and neglect issues, and facilitate adoption services.

Child Welfare Services are delivered with a focus on outcomes for children. Goals include: increasing community capacity to provide a safe environment, free from abuse/neglect for children; increasing the capacity of families to provide a safe and nurturing environment for children; increasing successful permanency outcomes for children in the Child Welfare System; and increasing placement resources for children in out-of-home care.

The Department contracts with various community providers. Emphasis is on sustaining and expanding innovative service

delivery models including Team Decision Making and Differential Response. Both models provide a customized response to reports of abuse and neglect. These services build community capacity to provide prevention, early intervention and post permanency services to families outside of the Child Welfare System.

- a. **Emergency Response** - Emergency Response (ER) provides 24-hour, 365 days per year response to allegations of child abuse and neglect. A person may report abuse and neglect to a centralized screening unit. Social workers determine the course of action to assess the safety of children. In 2015, approximately 7,500 families identifying 10,000 child victims were served through a formal child abuse and neglect report.
- b. **Family Maintenance** - Family Maintenance services are arranged for and provided by Children's Services staff to maintain children in their own homes. The social workers actively work with families to address the issues that brought them to the attention of Child Welfare. In 2015, approximately 510 children and their families received these intensive services.
- c. **Family Reunification** - When a child is removed from a parent's care due to abuse or neglect, Family Reunification services are provided to remedy the conditions that led to the removal. A reunification plan is developed to resolve those issues. In 2015, CFS provided Family Reunification services to about 900 children and their families
- d. **Permanency Planning** - Permanency Planning services assist children in establishing a permanent family. The law requires permanency with a relative caregiver; an adoption or guardianship will be established to help children if they are unable to return to the care of their biological family. In calendar year 2015, approximately 850 children in out-of-home care received permanency planning services at some point during the year.

- e. **Extended Foster Care** – Foster youth ages 18-21 years old may be served through extended foster care. These young adults are referred to as Nonminor Dependents (NMDs). Extended foster care is an opt in program in which NMDs are provided case management and foster care placement until age 21. The Juvenile Court continues court oversight of these cases. In 2015, approximately 300 Youth were served in Extended Foster Care.

3. Foster Care/Adoption Assistance Eligibility

Description: This program provides eligibility determination for cash assistance for the care of children placed in foster homes and institutions. In addition, the Kinship/Foster Care Emergency Fund removes barriers that may impede successful placements in foster family homes or with caregivers who are relatives. The Kinship Guardianship Assistance (Kin-GAP) program enhances family preservation and stability by recognizing many foster children are in long-term, stable placements with relatives.

4. Foster Home Licensing

Description: The County administers the licensing of foster homes under a Memorandum of Understanding with the California Department of Social Services. This program processes applications for foster home licenses and provides support services to licensed foster parents.

The Substance Abuse (SA)/Human Immunodeficiency Virus (HIV) Infant Program along with the AB 2129 Foster Parent Training and Recruitment program recruits and trains foster parents or relatives to care for substance and alcohol exposed infants. In addition, the programs arrange respite care for families to encourage placement of foster children in homes reflecting their racial and cultural heritage.

6. Foster Care and other Out of Home Care Payments

Description: Provides for the care of children in foster homes.

- a. **County Board and Care** – County Board and Care (CBC) provides for children not eligible for federal or state foster care.
- b. **Kin Guardianship Assistance Payment Program** – Kin Guardianship Assistance Payment (Kin-GAP) program provides payments to relative caregivers who have established a guardianship through the Juvenile Dependency Court. In 2015, the definition of “relative” was expanded to include certain eligible non-relatives. These non-relatives are referred to as “fictive” kin and will also be eligible for Kin-GAP.
- c. **Foster Care Payments** - A federal, state, and county funded program that provides payment for the care of foster children in the custody of the County. These payments are for children residing in all levels of foster care including residential treatment, relative or non-relative foster care or Foster Family Agency homes.
- d. **Approved Relative Caregiver Funding Option** – The Approved Relative Caregiver Funding Option provides funding equal to the basic foster care rate to an approved relative caregiver with whom a non-federally eligible child is placed.

8. Family Preservation Program

Description: Various contracts provide intensive social work services to children and families when the child is at risk of an out-of-home placement. This program has an excellent success rate preventing children from entering into the labor intensive and expensive out-of-home placement system. This program reduces overall County costs for foster care and improves long term outcomes for children.

9. Independent Living Skills Program

Description: Independent Living Skills Program (ILSP) provides individual and group support services, including practical skill building for foster youth eligible for federal foster care funds when transitioning out of the foster care system. This program assists participants to function as self-sufficient adults (the program has identified over 600 youth between the ages of 15½ and 24 who are eligible for services). The Transitional Housing Placement - Plus program provides housing and supportive services to youth who have emancipated from the foster care system. Clients are eligible for these services until the age of 24.

Employment and Human Services

Health and Human Services

Description: The Aging and Adult Services Bureau (AAS) provides protective and supportive services to disabled adults and seniors, including In-Home Supportive Services (IHSS); Adult Protective Services (APS); Area Agency on Aging (AAA) services; General Assistance (GA); and other supportive services. This Bureau also manages the Volunteer and Emergency Services Program. The Senior Community Service Employment Program was transferred to the AAS Bureau this year.

Baseline Budget: The AAS Baseline budget includes modest increases in salaries and benefits, services and supplies as well as increased revenues for FY 2016-17. The effect is an increase in Net County Cost.

Impact: Every year the IHSS program anticipates a 3.5% increase in the Maintenance of Effort for inflation slightly increasing the County share for IHSS.

1. Adult Protective Services

Description: Adult Protective Services (APS) provides social worker response and investigation of reports that an elder or dependent adult is exploited, neglected or physically abused. APS includes County Services Block Grant (CSBG) funding that supports the Supplemental Security Income (SSI) Advocacy program that is managed within the Workforce Services Bureau.

2. Area Agency on Aging

Description: The Area Agency on Aging (AAA) supports senior independence and access to community-based services through service contracts and direct staff involvement. Planning and advocacy services are provided for County residents age 60 and over.

a. Health Insurance Counseling and Advocacy Program – Health Insurance Counseling and Advocacy Program (HICAP) provides Medicare related health insurance counseling and community education services to over 6,300 seniors and adults with disabilities through a corps of trained volunteers.

b. Information and Assistance – Information and Assistance (I&A) provides objective information and counseling to help seniors and caregivers locate appropriate resources.

c. Older Americans Act Grants for Community Programs on Aging – Older Americans Act and Older Californians Act provides grants for Community Programs on Aging. These grants provide information and assistance, supportive social services, congregate meals, home delivered meals, family caregiver support, and elder abuse prevention services to 30,000 seniors annually. The Supplemental Nutrition Assistance Program (SNAP)-Education grant was awarded with the goal of improving the likelihood that persons eligible for SNAP will make healthy choices within a limited budget and choose active lifestyles consistent with the current Dietary Guidelines for Americans and MyPlate.

Employment and Human Services

Health and Human Services

Description: The Workforce Services Bureau (WFS) provides financial support and services to low-income clients, including supportive services, necessary for heads of families and single adults to obtain and retain employment.

The Baseline Budget reflects an increased level of expenditures and revenue of \$13.4 million from FY 2014-2015. This is due to increased caseloads and services in the CalWORKs, CalFresh, and Medi-Cal programs. No adjustment from the Baseline to Recommended budget for FY 2015-2016 is required.

1. CalWORKs Programs

Description: The California Work Opportunity and Responsibility to Kids (CALWORKs) Programs implements the Federal Temporary Assistance to Needy Families (TANF) program.

- a. **CalWORKs Eligibility** - Provides eligibility determination for CalWORKs cash aid, supportive services, and includes ongoing case management. In the FY 2014-15, there were 10,905 applications received which is a 7% decrease from the prior year. However, there was an increase in caseload during this same period. This program component also includes funding for staff development and welfare fraud investigation.
- b. **CalWORKs Employment Services** - Provides case management of CalWORKs recipients who have a Welfare-to-Work (WTW) requirement. WTW activities are intended to help participants obtain and retain employment, and includes supportive services such as housing, transportation, childcare, and referrals for substance abuse, mental health and domestic abuse. Subsidized employment and special support programs are also included.
- c. **CalWORKs Child Care** – Provides eligibility determination for subsidized child care. This program is responsible for State-required reporting and documentation, and making payments to child care providers. The California Department of Social Services provides Stage One child care funding for

CalWORKs recipients. *Stage One* supports child care services to CalWORKs participants who receive aid, stabilizing their current situation with work or educational activities. Once a CalWORKs recipient has stabilized, they are referred to the Community Services Bureau for Stage Two child care services. Stage Two child care is funded through the California Department of Education.

- d. **CalWORKs Family Stabilization** – Provides comprehensive evaluations and wraparound services to Welfare-to-Work families who are experiencing identified situations and/or crises.
- e. **Expanded Subsidized Employment** – The Expanded Subsidized Employment program (Expanded CCWORKs) provides work opportunities in the public, private and nonprofit sectors and the wage is subsidized for six (6) months. The program focuses on serving participants who have limited English proficiency, veterans, those challenged by domestic violence, disabled individuals, pregnant and parenting teens, those with a criminal or arrest record/history, and those participants completing the new family stabilization component of the Welfare-to-Work program.
- f. **CalWORKs Housing Support** - The CalWORKs Housing Support (HousingWORKs) program provides eligible homeless CalWORKs families assistance in locating a residence and provides a rent subsidy for up to six (6) months. The Employment and Human Services Department (EHSD), in partnership with the Contra Costa County Health Services Behavioral Health Division Office of Homeless Programs (CCHP), oversees the *HousingWORKS!* Program.

8. Service Integration Team / SparkPoint

a. North Richmond Service Integration Team - In North Richmond, the Service Integration Team (SIT) focuses on family economic stability and youth development. Computers with internet access help low income residents search for jobs, write resumes and cover letters and communicate with potential employers via email. Youth from North Richmond and San Pablo who have a parent receiving public assistance are brought together at the center to support their healthy development.

Employment and Human Services

Health and Human Services

Description: Contra Costa County Employment and Human Services Department entered into a contractual agreement with the State of California to run the only county-operated statewide Call Center which provides healthcare enrollment services under the Affordable Care Act to California residents.

The Contra Costa County Covered California Call Center (also known as 7C's) launched the second open enrollment services on October 1, 2014. From October 1, 2014 through December 31, 2015 the 7C's handled approximately 370,210 calls based on data provided by Covered California.

The baseline budget assumes the same level of operations at the Covered California Call Center as FY 2015-2016.

There is no change between the baseline and recommended budget for FY 2015-2016.

1. Service Integration Team / SparkPoint

A vital objective of EHSD has been to provide quality services to all of our clients. In the late 1990s, EHSD established a Service Integration Team (SIT) model. The purpose of these teams was to make it easier for vulnerable families with limited access to services to receive help in one location.

Two sites were selected. One was located in North Richmond (West County) and one in Bay Point (East County). These sites were selected based on large populations of vulnerable families with limited access to services.

EHSD created partnerships with external agencies, including Health Services, Probation, and community partners.

These two SIT sites successfully operated for about 10 years. However, during the recession in the late 2000s, as funding was slashed, many partners were forced to eliminate their staffing at these SIT sites.

In East County, the Bay Point SIT location transitioned to a SparkPoint site. SparkPoint is a

project of the United Way of the Bay Area, with more than a dozen Bay Area locations. The SparkPoint model focuses on professional and financial success. Additionally, staff from EHSD's Workforce Services Bureau are permanently located at the Bay Point location.

In West County, the North Richmond SIT site retains the original branding, but has also lost most of the original external partners. Workforce Services Bureau staff are permanently located at this location as well.

Currently, a major strategic initiative of EHSD is an integrated, holistic wrap-around model of family services targeted to disadvantaged and at-risk families. Both the SIT and SparkPoint sites are included in this revamp.

Given that WFS staff are located at both locations and the focus on economic self-sufficiency at both sites, the SIT and SparkPoint sites are being moved in this year's budget report to the Workforce Services Bureau.

The Baseline and Recommended Budget for FY 2016-17 has been moved to the Workforce

Employment and Human Services

Health and Human Services

Description: The Workforce Development Board (WDB) is a business-led body whose members are appointed by the Board of Supervisors to shape and strengthen local and regional workforce development efforts. The WDB brings together leaders from business, economic development, education, labor, community-based organizations, and public agencies to align a variety of resources and organizations to enhance the competitiveness of the local workforce and support economic vitality in our region.

The Baseline Budget for FY 2016-17 is approximately \$1.8 million lower than the FY 2015-2016. This reflects the lower revenue allocations and a lower amount of carryover funds. This level of revenue should accommodate the flow of services and supplies with lower FTEs.

No adjustment from the Baseline Budget to the Recommended Budget for FY 2016-17 is required.

a. Workforce Innovation & Opportunity Act (WIOA)

Description: The Workforce Innovation and Opportunity Act (WIOA) of 2014 provides programs and services to help job seekers become re-employed and provides resources to help support business development. The WIOA supports the alignment, integration and coordination of various federal workforce development programs. Programs overseen by the WDB serve more than 20,000 individuals and 1,000 businesses annually. The Workforce Development Board staff includes additional direct service staff working in the EASTBAY Works One-Stop Career Centers.

Pursuant to specific mandates within the WIOA, for which regulations are still pending as of Winter 2015, the WDB administers and coordinates the following:

b. Adult Program - Through the local network of EASTBAY Works American Job Center of California (AJCC) sites, this program provides core employment services including job search and placement

assistance, career counseling and initial are available with no eligibility requirement. Individualized career services such as comprehensive assessments, group and individual career counseling, and supportive services are provided to long-term unemployed workers who are unable to obtain employment by solely utilizing core services. Participants often may also access career training services. Employed individuals who have not attained economic self-sufficiency may also receive additional services, including training. Training services include basic skills, career technical education, on-the-job training, and other training programs that combine work-based learning with related instructional activities and services.

c. Dislocated Worker Program - Provides the same services as the Adult Program except that Dislocated Worker funding may only be used for recently unemployed participants identified as eligible "dislocated workers" as defined in Federal and State regulations. Rapid Response funding augments this program by providing outplacement services to individuals being displaced from employment due to a layoff or business closure.

d. Youth Program - Provides employment services to very low income youth between the ages of 14-24 years old (including both high school students and out-of-school youth) facing barriers to employment. Services include paid and unpaid work experience, occupational skills training, tutoring, study skills training, alternative secondary school services, mentoring and comprehensive guidance, career training, and counseling.

e. Grant-Funded Programs – The WDB administers several grant-funded programs of varying duration and scope. Grant funds are often WIOA funds obtained through competitive processes, but may include other federal, state, local, and private sources as well.

Employment and Human Services

Health and Human Services

Description: Community Services Bureau (CSB) has provided services to Contra Costa County residents since 1965. As the Community Action designee for Contra Costa County, CSB offers comprehensive Head Start and state funded childcare programs for families and children, ages 0-5; energy assistance and weatherization and CalWORKs childcare vouchers for welfare-to-work recipients. CSB has partnerships with dozens of non-profit community organizations that provide an array of family services. CSB utilizes a comprehensive approach to childcare, providing high quality educational care to children and their families, physical health, nutritional, mental health, disabilities and school readiness services to the families.

In 2007 Congress enacted legislation that required, for the first time in the program's history, greater competition within communities for Head Start funding. Due to this Federal mandate, the Department submitted funding applications in July 2012 to re-compete for its Head Start and Early Head Start grants and emerged from the process with a majority of its grant intact, with a small portion of its service area awarded to a non-profit agency serving the Monument Corridor.

The Baseline Budget reflects a net reduction in operating expenses of \$1,209,266 from the FY 15-16 Budget. Baseline revenues are projected to decline by \$1,262,633 from the current year's funding level.

No adjustment from Baseline to Recommended Budget for FY 2016-17 is required.

EARLY CARE AND EDUCATION PROGRAMS

1. Head Start

Description: Head Start provides part-day and full-day educational and comprehensive services to 1,501 income-eligible children three to five years old and their families. \$5 million in Head Start revenue is transferred to the Child Development Fund to support staff costs for services provided to an additional 653 children in full-day childcare. Head Start revenue also funds enhancement services to seven partnering

childcare agencies and home visitation services to 84 children and their families.

ANTI-POVERTY PROGRAMS

1. Community Action Programs

Description: Community Action Programs (CAP) provides assistance to low-income families and individuals to remove obstacles and solve problems that block the achievement of self-sufficiency. Utilizing Federal Community Services Block Grants and other local funds, the program supports activities that can achieve measurable outcomes in educational capability, literacy skills, housing attainment, income enhancement, disaster preparedness, etc. The program is also used to support the developmental needs of at-risk youth in low-income communities.

Description: The Zero Tolerance for Domestic Violence Initiative (Zero Tolerance, or ZT), founded by the Board of Supervisors in 2001, works to reduce interpersonal violence (domestic violence, sexual assault, elder abuse, child abuse, and human trafficking) by linking the County and the community, aligning policies, practices and protocols and fostering the development and implementation of collaborative, coordinated, integrated services, interventions and prevention activities. The initiative supports three of Contra Costa's community outcomes: "Children and Youth are Healthy and Preparing for Productive Adulthood", "Families that are Safe, Stable and

Nurturing" and "Communities that are Safe and provide a High Quality of Life".

The Baseline Budget decreased in both expenditures and revenues compared to the FY 2015-16 budget. The increased County contribution will restore general funds to FY 07-08 levels and allow for increased services to victims of interpersonal violence.

No adjustment from Baseline to Recommended Budget for FY 2016-17 is required.

Description: The In-Home Supportive Services Public Authority (IHSS Public Authority) is associated with the Aging and Adult Services Bureau and provides registry and referral service, screens registry applicants, assists IHSS recipients with hiring IHSS providers, and provides provider orientations. The Public Authority also serves as the employer of record

(for purposes of collective bargaining) for IHSS providers, provides staff support to the IHSS Advisory Committee and performs other Board-approved functions related to the delivery of In-Home Supportive Services.

Baseline Budget: The FY 2016-17 Baseline Budget includes a decrease in salaries and

benefits, services and supplies and other operating expenditures in the amount of \$155,116 from FY 2015-16 Budget. The passage of SB 1036 changed the funding requirements for counties from a share of the non-federal costs to a County IHSS Maintenance of Effort (MOE). By authority of SB 1036, the initial MOE amount for the Public Authority will be increased by an inflation factor of 3.5% each year.

Impact: The 3.5% MOE increase due to inflation is an increase to Net County Cost by \$6,413.

Childcare Enterprise Fund

Description: The Childcare Enterprise program was approved by the Board of Supervisors on September 18, 2007. This tuition-based program offers child day care at below market rates to families who cannot otherwise afford the cost of childcare in order to stay in the workforce and remain self-sufficient. Childcare Enterprise Fund services are integrated in classrooms at several of the centers throughout the county. The number of tuition-based slots in each classroom depends upon the number of lower-income families that demonstrate the need for affordable childcare in each of those areas. These tuition-based slots are commingled with Head Start and State Child Development slots.

The Baseline Budget maintains the current level of services.

Health and Human Services

Description: The Child Development Fund provides funding for the California State Preschool Program (CSPP) and General Child Care & Development Program (CCTR) that serves about 1,180 children of low- and middle-income families in 12 centers with 48 classrooms and six partner agencies throughout the County. In addition, the Child Development Fund provides funding to CalWORKs Stage 2 and CAPP programs that serve children of families transitioning from TANF to work. Participation in CalWORKs Stage 2 and CAPP enables parents to remain stable in their new job environment. State funding also provides childcare services to six partnering childcare agencies

During FY 2015-16, Contra Costa Community College relinquished its California State Preschool (CSPP) contract from the State. The Bureau operated this program for the Community College as subcontractor. Consequently, the State announced a funding opportunity to redistribute the relinquished funds. After a competitive process and review conducted by the State California Department of Education, the Bureau was awarded \$1.1 million to administer directly the program previously managed by Contra Costa Community College. In prior years, revenues and expenditures from this contract were reported under Community College Child Development Fund. They are now included under Child Development Fund in FY 2015-16.

FY 2016-17 Child Development Fund Baseline Budget reflects an increase in operating expenses of \$2,337,112 from FY 2015-16 Budget. Baseline revenues are projected to increase by \$2,453,644 from FY 2015-16 Budget.

No adjustment from Baseline to Recommended Budget for FY 2015-16 is required.

CAO Recommendation

The Employment and Human Services Department (EHSD) continues to reorganize key bureaus to more efficiently and effectively respond to community and administrative needs. Recently, EHSD restructured the fiscal administrative unit to better respond to emerging funding opportunities and more effectively submit claims to State and Federal funding sources for services provided. Likewise, a major restructuring of the systems for serving the elderly and disabled population will be completed in this fiscal year.

EHSD is proposing to add an additional 60 funded FTEs in order to be more responsive to client's needs, thus the CAO has asked the department to eliminate a corresponding 60 vacant unfunded FTEs. EHSD regularly has in excess of 400 vacant positions and has been advised to continue their efforts to permanently fill the positions they already have. To better align the Department's FTE figures with their baseline budget salary and benefit costs, the CAO has also asked the Department to cancel 50 additional FTE. The FTEs to be eliminated are vacant unfunded positions, and result in the recommended net FTE count of 2,224. EHSD continues to struggle with position control. The recommended FTE action is proposed to more accurately reflect the needs of the department, increase our ability to monitor financial compliance, and to increase transparency with our labor partners. The FTE reduction will not have a fiscal impact on the department's budget, will not reduce the current level of service, nor will it impact the filling of funded positions.

EHSD revenues involve a complex relationship between the direct expenses to provide services, the overhead expenses to support direct service providers, and the funding agencies determination of eligible services. The Department projects anticipated revenue from the various funding streams based on a projection of services provided to eligible clients. The FY 2016-17 revenue projection expects a \$527 thousand reduction from local sources excluding general purpose revenue; a \$6.6 million reduction from federally sourced revenue, a \$3.6 million increase from State revenues, and

a \$3.5 million increase in general purpose revenue support.

In FY 2016-17 EHSD anticipates an increase of \$5.3 million in salary and benefit expenses. This is partially offset by an increase in the County Baseline allocation (NCC) increased by \$3.5 million and expected saving of \$1.7 million while positions are vacant.

As per the norm, EHSD does not yet have a State funding allocation for FY 2016-17. The Department has included estimated revenue based on the Governor's FY 2016-17 Proposed Budget and historical allocation information. EHSD will return to the Board of Supervisors in the fall with a request for adjustments to the appropriations should they be necessary once the final allocations are received.

The FY 2016-17 Recommended Budget for Employment and Human Services is balanced.

Performance Measures

EHSD had five broad Administrative and Program goals in 2015. Each goal is described and reported on below:

1. Enhance Business Intelligence – EHSD will seek out, embrace and maximize use of up-to-date and innovative technology, permitting both staff and customers to better utilize technology in conducting our business. We will build and expand systems that develop and report data to inform and improve our decision making processes. We will encourage staff at all levels to identify technology ideas that could be beneficial in accomplishing our goals.

EHSD successfully developed a vision and plan for EHSD to monitor and use emerging technologies to improve our programs and systems through its Program Technology Advisory Council (PTAC). EHSD created a mechanism to ensure appropriate allocations of resources for technology projects and continues to monitor and drive progress on the technology plan through the work of the PTAC.

EHSD has partnered with Santa Clara County Social Services to implement their business

intelligence templates. We expect this will be implemented in early 2016 and will provide up-to-date and detailed information about broad program trends as well as data on individual cases and outcomes. The Department continues to explore other data sources to assist us in better serving our customers.

2. Exemplary Customer Service – EHSD will cultivate an agency culture that emphasizes exemplary customer service and improves the customer experience. More than 100,000 Contra Costa residents interface with EHSD staff each year and our goal is for each of them to have a positive experience with EHSD.

EHSD convened a diverse group of EHSD staff to continue working on enhancing the customer experience. The group has been meeting as part of two overarching strategic initiatives that focus on customer service and the use of technology and data to enhance customer service. The work on the strategic initiatives is overseen by EHSD's Director and Executive Team and will continue to be a priority this year.

3. Enhance and Create Multi-Disciplinary Family Services Models – EHSD, in collaboration with stakeholders, will plan an integrated, holistic, wrap-around model of family services targeted to disadvantaged and at-risk families. This multi-disciplinary model will integrate and incorporate both intra-department services (CalWORKs, Welfare-to-Work, Workforce Development Board programs, CalFresh, Head Start, Children & Family Services, Adult Protective Services), Service Integration Sites (SIT), SparkPoints, First 5 Resource Centers, Family Justice Centers, other county departments such as Child Support, Health and Behavioral Health, and community partners such as the Human Services Alliance members.

The Multi-Disciplinary Model intends to bring together various social services provided by EHSD, other county departments, and community partners. To this end, EHSD has engaged a project coordinator to support and assist the department in evaluating and

enhancing the existing Service Integration Team (SIT) and SparkPoint Centers.

EHSD has conducted an assessment to determine the baseline of existing SIT programs at the North Richmond site and will be conducting a similar assessment at the Bay Point SparkPoint Center. Key stakeholders have been identified and interviewed. The work to develop a multi-disciplinary model will continue.

4. Increase CalFresh Participation Rates and Improve Business Processes – CalFresh is one of the most successful programs in the state for helping lower income people to meet their nutritional needs and reduce poverty, as well as stimulate local economies. In Contra Costa approximately 42% of people eligible for CalFresh never enroll in the program to receive their benefits. We will increase the number of eligible people who enroll and improve business processes.

EHSD has engaged a consultant to evaluate current CalFresh business practices. Through those activities, EHSD has identified areas that could be improved and is working on streamlining the application process and continuing to increase the CalFresh participation rate. EHSD continues its work with community partners around CalFresh engagement. This past year, EHSD has conducted a CalFresh Express Outreach event in San Pablo where county residents could apply for benefits on the spot, shortening the application process for most applicants to just one day. EHSD will continue to conduct CalFresh Express events to increase access to CalFresh.

Even with increased outreach efforts, EHSD has not experienced CalFresh caseload growth. This is likely in large part due to an improving economy that has decreased the pool of eligible CalFresh recipients. The number of CalFresh applications has remained fairly steady despite the improving economy, which may be due to the CalFresh outreach efforts.

5. Increase partnership with Contra Costa County Health Services Department (CCHS) – Since passage of the Affordable Care Act, more than 40,000 new (plus 66,000 existing)

Employment and Human Services

Health and Human Services

low income Contra Costa residents now have health care through Medi-Cal. EHSD will continue to grow our partnership with CCHS and other health providers to coordinate access to benefits and health care for low income county residents.

Children & Family Services (CFS) has been in partnership with Behavioral Health Services (BHS), specifically Children's Mental Health, for the past two and a half years in order to implement the Katie A. lawsuit recommendations. It is a strong partnership with both parties committed to meeting the mental health needs of children in foster care. Over 70% of the children in foster care have been assessed for Katie A. services.

Our health partnership goals were to continue to work with CCHS to enhance and expedite Medi-Cal enrollment for low income residents using the County hospital.

Partnership goals for CFS included ensuring that all children in foster care are assessed for and receive any identified services; strengthening our approach, response and care to meet the needs of youth with serious mental health needs who experience a number of high level placements; and broadening our collaboration between CFS and Children's Mental Health.

Since the passage of the Affordable Care Act, the Workforce Services Bureau has partnered with CCC Health Services Department to assist low income Contra Costa residents through the Medi-Cal application process through electronic streamlined application process.

In 2015 the Workforce Services Bureau continued AB 720 efforts in partnership with the CCC Office of the Sheriff and Health Services Department thereby providing health care coverage for eligible inmates when they exit our county detention facilities.

Children & Family Services (CFS) has been in partnership with Behavioral Health Services (BHS), specifically Children's Mental Health, for the past two and a half years in order to implement the Katie A. lawsuit

recommendations. The Katie A. work group meets twice a month to discuss and develop protocol, focusing on problem-solving issues, setting goals, developing strategies and identifying benchmarks in order to create a better collaborative system to improve outcomes for children and families. Over 80% of the children in foster care have been assessed for Katie A. services.

Through the Katie A. workgroup, CFS has developed a system to ensure all children entering Foster Care are assessed for potential mental health needs. A policy is in the process of finalization and instructs social workers how to screen for children's needs. We are continuing to hone this practice to ensure all children who need services receive the proper level of intervention.

CFS and BHS have been working together to respond to the needs of youth with serious mental health needs through the use of Child and Family Teams which are comprised of the youth and family and all of the ancillary individuals who are working toward their mental health goals and their successful transition out of the child welfare system. Improvement has been seen in the overall collaboration and effectiveness of service coordination over the past year.

Training is planned for Children's Mental Health staff around the Katie A. policy. The training was developed in collaboration with BHS and CFS and reflects the overall service delivery and outcomes detailed in the Katie A. Core Practice Model.

Administrative and Program Goals

The Employment and Human Services Department (EHSD) has five broad Administrative and Program goals for 2016. Each is described below:

- 1. Enhance Business Intelligence** – EHSD has partnered with Santa Clara County Social Services to implement their business intelligence templates. We expect this will be implemented in early 2016 and will provide up-to-date and detailed information about broad program trends as well as data on individual cases and outcomes. We continue to explore other data sources to assist us in better serving our customers and families. We will build and expand systems that develop and report data to inform and improve our decision making processes. We will encourage staff at all levels to identify technology ideas that could be beneficial in accomplishing our goals.

Business Intelligence Goals:

- Ensure that the Program Technology Advisory Council focuses on the innovative uses of technology to assist staff while seeking technology to allow customers and families to engage with us to obtain benefits and services and minimize the need to come into our offices. This focus is consistent with the PTAC goals: (1) Develop a vision and plan for EHSD to monitor and use emerging technologies to improve our programs and systems; (2) Monitor and drive progress on the technology plan; (3) Ensure appropriate allocation of resources to technology projects.

- 2. Exemplary Customer Service** – EHSD will cultivate an agency culture that emphasizes exemplary customer service and improves the customer experience. More than 100,000 Contra Costa residents interface with EHSD staff each year and our goal is for each of them to have a positive experience with EHSD.

Customer Service Goals:

- Convene a diverse group of EHSD staff to continue and enhance the successful work begun in 2014 for improving customer service and the customer experience. This group has been meeting as part of two overarching strategic initiatives that focus on customer service and the use of technology and data to enhance customer service. The work on the strategic initiatives is overseen by the EHSD Director and Executive Team and is a priority for the department this year.

- 3. Enhance and Support Multi-Disciplinary Family Services Models** – EHSD, in collaboration with stakeholders, will continue to develop a plan to provide an integrated, holistic, wrap-around model of family services targeted to disadvantaged and at-risk families. This multi-disciplinary model will integrate and incorporate both intra-department services (CalWORKs, Welfare-to-Work, Workforce Development Board programs, CalFresh, Head Start, Children & Family Services, Adult Protective Services), Service Integration Sites (SIT), SparkPoints, First 5 Resource Centers, Family Justice Centers, other county departments such as Child Support, Health and Behavioral Health, and community partners such as the Human Services Alliance members.

Family Service Goals:

- Use the assessments completed of the existing Service Integration Team and SparkPoint Centers in North Richmond and Bay Point as a baseline for developing an enhanced Multi-Disciplinary Family Services Model.
- Work to create a sustainable backbone structure for the new model.
- Develop a strategic plan that includes an evaluation framework that is results-based.
- Develop new multi-disciplinary family service center models in underserved parts of Contra Costa County by working with multiple partners.
- Develop closer coordination with the Family Justice Centers.

Employment and Human Services

Health and Human Services

- Establish a culture of “family services” across all bureaus in EHSD.

4. Enhance Aging & Adult Services

Program Capacity – Aging & Adult Services (A&AS) will rebuild program capacity to deliver mandated services that are timely, efficient and impactful to adult residents in Contra Costa County.

A&AS Program Capacity Goals:

- Increasing capacity by working with Contra Costa County Human Resources to fill all vacancies as efficiently as possible.
- Providing additional training to existing staff to enhance service delivery.
- Ensure A&AS meets mandated compliance standards for all programs.

5. Increase partnership with Contra Costa County Health Services

Department (CCHS) – Children & Family Services (CFS) has been in partnership with Behavioral Health Services, including Children’s Mental Health, to enhance their service delivery to customers and will continue to explore opportunities to improve and strengthen this relationship. Aging & Adult Services will look to partner with Health Services regarding care coordination and service integration.

Health Partnership Goals:

- CFS will continue to create more robust partnerships with mental health and behavioral health, broadening our collaboration by continuing to hold joint trainings between CFS and Children’s Mental Health.
- Ensure that all children in foster care are assessed for and receive any identified services.
- Strengthen our approach, response and care to meet the needs of youth with serious mental health needs who experience a number of high level placements.
- The Adult Protective Services program (Aging & Adult Services Bureau) will partner with Health Services to reestablish connections with Public Guardianship program.

Table Description

The table above provides information in aggregate format summarizing expenditures and revenues in the General Fund budget units administered by the Health Services Department. This table includes the General Fund subsidy provided to the Contra Costa Regional Medical Center and Health Centers and the Contra Costa Health Plan (Enterprise Funds I and III) but does not include the expenditures or other revenue for these functions. This information can be found in the individual tables for the enterprise funds, including the sections for the Contra Costa Regional Medical Center and Health Centers, the Contra Costa Health Plan, and the Contra Costa Community Health Plan.

Included in the table above are data for the following budget units:

- 0301 – Detention Facilities Programs
- 0450 – Public Health
- 0451 – Conservatorship/Guardianship
- 0452 – Environmental Health
- 0454 – Public Administrator
- 0460 – California Children’s Services
- 0463 – Homeless Program
- 0465 – Enterprise Fund Subsidy
- 0466 – Alcohol and Other Drugs Program
- 0467 – Mental Health

The table following this section summarizes the expenditures and revenue in aggregate for the bulk of the services provided by the department, including enterprise funds. Please refer to that table for aggregate information.

Detailed Budget Table Description

The table above provides information by budget unit summarizing expenditures, revenues and net County costs for each of the budget units administered by the Health Services Department and compares the baseline service level with the recommended service level and the 2015-16 Adopted Budget service level with the 2016-17 recommended service level.

Included are data for the following budget units:

- 0301 – Detention Facilities Programs
- 0450 – Public Health
- 0451 – Conservatorship/Guardianship
- 0452 – Environmental Health
- 0454 – Public Administrator
- 0460 – California Children’s Services
- 0463 – Homeless Program
- 0466 – Alcohol and Other Drugs Program
- 0467 – Mental Health
- 0540 – Hospital and Clinics
- 0853 – Hospital Fixed Assets
- 0860 – Contra Costa Health Plan
- 0861 – Contra Costa Community Health Plan
- 0862 – Major Risk Insurance Program
- 0863 – Health Plan Fixed Assets

Major Department Responsibilities

Contra Costa County is one of the few counties in the nation to offer the full spectrum of health-related services under one organizational structure. Doing business as Contra Costa Health Services (CCHS), it represents the largest department of the Contra Costa County government, employing approximately 4,280 individuals and 3,688 FTE’s (Full-Time Equivalents). Approximately 6 percent of the CCHS budget is from General purpose revenue. The balance is supported by federal and state funding programs, such as Medicare and Medi-Cal, as well as program grants and fees.

The mission of Contra Costa Health Services is to care for and improve the health of all people in Contra Costa County, with special attention to those who are most vulnerable to health problems. For low-income and uninsured

residents of Contra Costa, CCHS is the safety net, providing medical services not available to them elsewhere.

CCHS has a long history of working in partnership with a broad range of stakeholders, including private hospitals, private physicians, community clinics, community-based organizations, schools, advisory boards and the media. Through the use of technology, including its extensive website and social media, CCHS is able to reach County residents with critical health care information on a daily basis.

CCHS is an integrated system of health care services, comprised of eight divisions that work in concert to cover health at every level: the individual, the family, and the community.

The **Contra Costa Regional Medical Center and Health Centers** are the training ground for our family practice residency program. The Contra Costa Regional Medical Center (CCRMC) is a 167-bed general acute care hospital that provides a full range of services that includes emergency care, psychiatric care, newborn labor and delivery, medicine, and surgery. Eleven ambulatory care health centers throughout Contra Costa provide comprehensive, personalized, patient-centered health care with a full range of specialty services.

On February 23, 2016, the first patients were seen at the newly constructed Antioch Health Center. This facility relocates the existing Antioch Health Center and the East County Children’s Behavioral Health Center into a new integrated health center that provides medical services and children’s behavioral health services to residents of East Contra Costa County.

The **Contra Costa Health Plan (CCHP)** was the first federally qualified, state-licensed, county-sponsored Health Maintenance Organization (HMO) in the United States, and the first county-sponsored health plan in California to offer Medi-Cal Managed Care coverage. CCHP was also the first county-run HMO to serve Medicare beneficiaries. It subsequently expanded its programs to include county employees, businesses, individuals, and families, although

Health Services

Health and Human Services

CCHP exited the individual and family markets at the beginning of 2015.

With the implementation of the Affordable Care Act (ACA) in January 2014, Medi-Cal coverage was expanded to cover individuals with incomes below 138% of the Federal Poverty Level. The ACA ensures all Medi-Cal health plans offer a comprehensive package of items and services, known as essential health benefits. Coverage includes a core set of services including doctor visits, hospital care, pregnancy-related services, skilled nursing facility care (SNF), home health and hospice care, as well as low-to-moderate mental health care, autism care, and some substance use disorder care.

As one of the State's Medi-Cal managed care health plans, CCHP has added more than 84,000 Medi-Cal members since the implementation of the ACA, and now provides comprehensive, quality health coverage to more than 187,000 people in Contra Costa County. To meet this additional demand for services, CCHP has expanded its provider network by credentialing and contracting with needed specialty providers in the community. CCHP also provides 24/7 advice nurse services for patients, as well as case management and care coordination for high-risk patients.

Behavioral Health combines what was formerly the Mental Health, Alcohol and Other Drugs, and Homeless programs into a single system of care that supports independence, hope, and healthy lives by making services more accessible. This integration is an opportunity to respond to our culturally diverse residents who have complex behavioral needs through a systems approach that emphasizes "any door is the right door". By partnering with consumers, families, and community-based agencies, Behavioral Health staff is able to provide enhanced coordination and collaboration when caring for the whole individual; an approach that recognizes the increasing challenges in serving complex populations with multiple disorders. For budgetary purposes the Mental Health, Alcohol and Other Drugs, and Homeless programs that now comprise the Behavioral Health Division continue to be reported separately.

Contra Costa Public Health promotes and protects the health and well-being of the individual, family, and community in Contra Costa County, with special attention to communities and populations that are most at risk for poor health outcomes and those most affected by environmental inequities. Health is defined as the state of complete physical, mental, and social well-being and not merely the absence of disease or infirmity.

As part of the integrated health system, Public Health uses a broad spectrum of strategies and offers an array of programs that focus on public health issues such as communicable disease; and sexually transmitted disease; immunization; nutrition; family, maternal, infant, and child health, including children's oral health. Services include public health nursing and the public health laboratory, along with wellness, prevention, and education activities aimed at negative health conditions such as obesity, smoking, and lead poisoning. The Public Health Division is also responsible for the CCHS health emergency preparedness programs, data collection, and program evaluation.

The **Environmental Health** Division is a regulatory agency that provides oversight for businesses and property owners to protect and promote the health of the people of Contra Costa County. Environmental Health uses up-to-date standards, state laws, and ordinances to regulate programs for safe food, safe water for drinking and recreation, and the sanitary management of wastes.

The **Hazardous Materials** Division serves area residents by monitoring local industry and responding to emergencies to protect the public from exposure to hazardous materials. Hazardous Materials strives to maintain a clean, healthy, and safe environment by promoting pollution prevention, increasing process safety knowledge and environmental awareness, responding to incidents, and implementing consistent regulatory compliance and enforcement programs.

The **Emergency Medical Services (EMS)** Division serves Contra Costa communities by ensuring that quality emergency medical services are available for all people in the

county. The EMS Agency is the local governmental agency responsible for providing regulatory and medical oversight of medical dispatch, fire and law first responders, emergency and non-emergency ambulance services. Public and private EMS System partners function under Local EMS Agency policies and procedures that assure coordinated response and prompt medical transportation to community hospital emergency departments and specialty centers for definitive care. The EMS Agency sets standards to assure that prehospital personnel involved in an emergency response are properly trained and equipped so that medical care in the field is provided in a timely, efficient and professional manner.

The Emergency Medical Services Agency utilizes evidenced based standards, statutory regulations and guidelines; and the local ambulance ordinance to protect the public safety. The Agency is charged with monitoring local non-emergency and emergency ambulance services and works with stakeholders to support EMS programs known to reduce death and disability. These programs include Public Access Defibrillation and CPR, medical health disaster response, Medical Reserve Corps, Hospital Preparedness Program, certification and licensure, ambulance permitting, quality improvement, patient safety, Heart Safe Communities, cardiac arrest, stroke, high risk heart attack (STEMI), trauma, and the EMS for Children program.

On September 15, 2015, the Board of Supervisors approved the transfer of the **Office of the Public Administrator** to the Health Services Department effective October 1, 2015. The Public Administrator investigates and may administer the estates of persons who are residents of Contra Costa County at the time of death and have no will or appropriate person willing or able to administer their estate.

Major Changes Impacting the Budget

California recently received approval from the Centers for Medicare and Medicaid Services (CMS) to implement two waiver programs that may significantly impact the FY 2016-17 budget.

While the details of new **Medi-Cal 2020 Waiver** are still being worked out, we know the basic elements of the Waiver, which features four new programs that aim to improve care.

First, the Public Hospital Redesign and Incentives in Medi-Cal (PRIME) builds on the success of the Delivery System Reform Incentive Payment (DSRIP) program under the previous Waiver, which helped us improve care and safety in our hospital and health centers and make great strides toward improving access to care using a variety of innovative tools. With PRIME, we will be compensated for showing improvements in ambulatory care, targeting high-risk populations and using resources more efficiently. PRIME challenges us to meet certain agreed-upon benchmarks or risk substantial loss of funding that cannot be recovered.

The second major component of the Waiver is the “global payment program,” which retools the way we are compensated for treating the uninsured. The program provides financial incentives for cost-effective primary and specialty care by shifting the focus away from hospital-based inpatient care toward primary and preventive care. It includes changes in reimbursement structures that are based on health outcomes and not on process or solely on the number of visits. Successful implementation and improved health outcomes in California could provide a model for the federal government to use for the entire country.

The third component of Medi-Cal 2020 is what's known as “whole person care,” offered to selected counties as a pilot to better coordinate physical and behavioral health care, and providing social services and other supports to help meet needs such as housing or food in a patient-centered manner.

Fourth and final is the dental transformation initiative aimed at helping children and young adults consistently and easily access high-quality dental services and maintaining good oral health.

Under this new Waiver, we will be addressing all aspects of health, including disparities and inequities. The new Waiver places a great deal of importance on addressing issues that affect

Health Services

Health and Human Services

health in our communities - not just those affecting the patients we serve. Because we are an integrated health system, we are ideally structured to meet these expectations. Contra Costa Regional Medical Center and Health Centers, Contra Costa Health Plan, Behavioral Health, Public Health, and Emergency Medical Services (EMS) will all be working together to fulfill the healthcare and community health obligations under the Waiver.

CMS also approved a request from the California Department of Health Care Services to amend the California Bridge to Reform Demonstration. This amendment authorizes the State to test a new paradigm for the organized delivery of health care services for Medi-Cal eligible individuals with a substance use disorder (SUD). Services include outpatient drug free, narcotic replacement therapy, day care rehabilitative, Naltrexone, and counseling in residential facilities for pregnant and post-partum women. The Alcohol and Other Drugs Division is now in the process of implementing the **Drug Medi-Cal Organized Delivery System (DMC-ODS) Waiver**.

In order to implement the Terms and Conditions of the Drug Medi-Cal Organized Delivery System Waiver, we must develop the capacity to serve the increased number of projected beneficiaries. This requires us to develop a stronger administrative structure to provide the required county oversight and quality assurance to maximize needed services. We must also implement procedures and protocols with other health care systems to further integration, increase Behavioral Health system capacity through Workforce Development and adoption of two Evidence Based Practices, increase adherence to the Culturally and Linguistically Appropriate Service Standards (CLAS) to ensure Cultural Competence, and promote and support sound implementation and utilization of Medication Assisted Treatment.

Health Services

Health and Human Services

Description: Includes the operations of the Contra Costa Regional Medical Center (CCRMC) and emergency care services, ambulatory care centers, physician services, emergency medical services, charges from other County departments, department-wide administration, and fixed assets.

Workload Indicator: The recommended FY 2016-2017 budget is based on an average daily inpatient census of 133 patients, and 453,093 annual outpatient visits.

Impact: The recommended budget maintains the current level of services. The budget (a) includes ongoing funding for a renewed Medi-Cal Waiver and (b) includes cost estimates for labor agreements currently under negotiation.

1. Contra Costa Regional Medical Center

Description: A general acute care teaching facility, the 167 licensed bed Contra Costa Regional Medical Center (CCRMC) provides a full range of diagnostic and therapeutic services including medical/surgical, intensive care, emergency, prenatal/obstetrical, and psychiatric services. Ancillary services include pharmacy, rehabilitation, medical social work, laboratory, diagnostic imaging, cardiopulmonary therapy and ambulatory care surgery service. The licensed basic emergency room provides medical and psychiatric evaluation and treatment of urgent cases.

CCRMC provides care to individuals with a variety of insurance coverage including Medicare, Medi-Cal and private insurance. The cost of care provided to these individuals is offset by the fees collected.

CCRMC provides services to individuals who cannot pay because the County has a general duty to provide care for indigents. That duty is specified by the State of California in the Welfare and Institutions Code section 17000. The County Board of Supervisors is authorized to adopt standards of aid and care for the indigent and has done so. The County provides indigent health care through various programs

based on the Federal Poverty Level (FPL) guidelines.

Under the Basic Health Care Program (BHC) individuals with income less than 300 percent of the FPL who are not eligible for insurance through the Covered California Program, are eligible for medical services at Contra Costa Regional Medical Center (including referred care to non-County facilities as medically required). There is no age restriction for the BHC Program. Adults must be US citizens and residents of Contra Costa County. Children under the age of 19 are eligible regardless of immigration status.

In November 2010, The Federal Centers for Medicare and Medicaid Services (CMS) approved California's Section 1115 "California Bridge to Health Reform" Waiver. A key component of the State's Section 1115 Waiver was the Low Income Health Program (LIHP) that expanded coverage for individuals between 19 and 64 years of age, who were US Citizens or legal permanent residents. LIHP consisted of two programs, the Medical Coverage Expansion Program (MCE) and the Health Care Coverage Initiative Program (HCCI). The LIHP program, which ended December 31, 2013, was designed to bridge the care of these individuals from an episodic care approach to comprehensive healthcare coverage.

On January 1, 2014, with the implementation of the Federal Patient Protection and Affordable Care Act (ACA), California expanded Medi-Cal eligibility to include adults with incomes up to 138 percent of the federal poverty level. This is known as the optional expansion. For three years the federal government will pay 100 percent of the costs of health care services provided to the newly eligible population. Actively enrolled LIHP/MCE individuals were automatically transitioned to Medi-Cal. LIHP/HCCI members became eligible for coverage through the State's health care exchange.

California's current Medi-Cal Section 1115 waiver "Bridge to Reform" expired in October 2015. Under the Bridge to Reform Waiver, the California Delivery System Reform Incentive Program (DSRIP) has supported the initial steps of transforming and stabilizing the public safety

net hospital system. California recently received approval from the Centers for Medicare and Medicaid Services (CMS) to implement a new waiver program known as the Medi-Cal 2020 Waiver.

While the details of new Medi-Cal 2020 Waiver are still being worked out, we know the basic elements of the Waiver, which features four new programs that aim to improve care.

The Public Hospital Redesign and Incentives in Medi-Cal (PRIME) builds on the success of the Delivery System Reform Incentive Payment (DSRIP) program under the previous Waiver, which helped us improve care and safety in our hospital and health centers and make great strides toward improving access to care using a variety of innovative tools. With PRIME, the Hospital and Health Centers will be compensated for showing improvements in ambulatory care, targeting high-risk populations and using resources more efficiently. PRIME challenges us to meet certain agreed-upon benchmarks or risk substantial loss of funding that cannot be recovered.

The second component of the Waiver is the “global payment program,” which retools the way the Hospital and Health Centers are compensated for treating the uninsured. The program provides financial incentives for cost-effective primary and specialty care by shifting the focus away from hospital-based inpatient care toward primary and preventive care. It includes changes in reimbursement structures that are based on health outcomes and not on process or solely on the number of visits.

The third component of Medi-Cal 2020 is what’s known as “whole person care,” offered to selected counties as a pilot to better coordinate physical and behavioral health care, and providing social services and other supports to help meet needs such as housing or food in a patient-centered manner.

Fourth and final is the dental transformation initiative aimed at helping children and young adults consistently and easily access high-quality dental services and maintaining good oral health.

Under this new Waiver, the Health Services Department will be addressing all aspects of health, including disparities and inequities. The new Waiver places a great deal of importance on addressing issues that affect health in our communities - not just those affecting the patients we serve. Because the Health Services Department is an integrated health system, we are ideally structured to meet these expectations. The Contra Costa Regional Medical Center and Health Centers will be working with the Contra Costa Health Plan, Behavioral Health, Public Health, and Emergency Medical Services (EMS) to fulfill the healthcare and community health obligations under the Medi-Cal 2020 Waiver.

2. Ambulatory Care Centers

Description: Eleven ambulatory care centers in East, West and Central Contra Costa County provide family practice oriented primary care, geriatrics, dental, rehabilitation, prenatal, pediatric and adult medical services, as well as specialty clinic services. Specialty clinics include: podiatry, infectious disease, eye, dermatology, orthopedics, urology, ENT, gynecology, Hansen's Disease, and other services.

A new integrated health center was constructed to replace the Antioch Health Center facilities on

Health Services

Health and Human Services

Lone Tree Way. The replacement Antioch Health Center, located at 2335 Country Hills Drive in Antioch, will house the East County Children’s Mental Health Clinic and the Antioch Health Center in the 23,000+ square foot location. Construction is complete and the facility opened for patient care on February 23, 2016. The new facility will have capacity for an increased volume of primary care services to meet the growing demand for services in East county and will include three expanded services: group medical visits, mammography screening and ultrasonography.

Description: The interdisciplinary medical staff at Contra Costa Regional Medical Center and Health Centers includes 134 family practice physicians, as well as family nurse practitioners, dentists, psychiatrists, psychologists and 311 specialty physicians.

The Family Practice Residency Program provides clinical experience for 42 residents who rotate through all inpatient acute services, the emergency department and ambulatory care centers.

CCRMC recognized and emphasized the need for operational management of physician clinical practices. In response to this we are in the process of creating operational leadership. We

have a new ambulatory care medical director, specialty care medical director and hospital medical director to lead the growth of services to our expanding patient base due to the ACA.

Description: This section includes non-distributed costs charged to the Health Services Department by other County departments for various services.

6. Hospital Capital Expense Cost

Description: To provide for the repayment of the principal portion of long-term debt; acquisition of replacement capital equipment; the cost of current capital projects; and for previously approved construction projects that may carry over to succeeding fiscal years. Major projects include emergent repair and replacement of the plumbing in the cafeteria kitchen, Antioch Health Center, Emergency Department Expansion; enhanced security for the perinatal service, and the expansion of the Brentwood Health Center; and the Pittsburg Health Center.

Note: Assets are capitalized and depreciation is adjusted at year-end.

Health Services

Health and Human Services

Description: The Contra Costa Health Plan (CCHP) is a County-operated prepaid health plan. Enterprise Fund II is used to account for the premiums and expenditures related to Medi-Cal enrollees. Enterprise Fund III is used to account for the premiums and expenditures related to Medicare recipients, employees of participating private and governmental employers, Contra Costa CARES program and in calendar year 2014 for individual members in Covered California.

Enterprise Fund IV accounted for premium and expenditures related to the Access for Infants and Mothers (AIM) program and the Major Risk Medical Insurance Program (MRMIP). Participation in the AIM program ended June 30, 2015 and participation in the MRMIP program ended December 31, 2014.

Medi-Cal: Includes Aid to Families with Dependent Children members, Low Income Child Program, Medi-Cal Expansion (MCE) that transferred into Medi-Cal on January 1, 2014 from the Low Income Health Program, Seniors and Persons with Disabilities and Other Medi-Cal (non-crossover) members. Our Medi-Cal members are served by three contracting networks of providers: 1) Contra Costa Regional Medical Center (CCRMC) and Health Centers, 2) CCHP's Community Provider Network (CPN), and 3) Kaiser.

Workload Indicator: The recommended FY 2016/2017 budget is based on an average monthly enrollment of 174,000 Medi-Cal enrollees. Due to the impact of the Affordable Care Act (ACA), our FY 2016/2017 Medi-Cal enrollment budget increased 15% over our FY 2015/2016 Medi-Cal enrollment budget.

Impact: The recommended budget maintains the current level of services, but for a much larger population.

1. AFDC/CalWORKS and Other Medi-Cal (excludes Seniors and Persons with Disabilities)

Description: The Aid to Families with Dependent Children (AFDC) product line serves Contra Costa residents who qualify for Medi-Cal

through the Public Assistance and Medically Needy Only categories of the Aid to Families with Dependent Children Program (subsequently replaced with the CalWORKs program). Instead of Medi-Cal cards and stickers, the Medi-Cal Managed Care member receives a CCHP member identification card and CCHP provides or arranges for all his or her covered health needs with the exception of some benefits that remain carved out of Medi-Cal Managed Care and become the responsibility of Fee for Service Medi-Cal.

The Other Medi-Cal (non-crossover) members include all Contra Costa Medi-Cal eligible individuals other than AFDC/CalWORKs.

Under the new ACA rules, as of January 1, 2014, the MCE populations of the Low Income Health Program became eligible for Medi-Cal. CCHP is required to enroll 75 percent of expansion members into the County Network.

There were several major benefits added to Medi-Cal Managed Care Plans in 2014. Behavioral Health treatment is now provided to members with mild to moderate impairment of behavioral, cognitive, and emotional functioning resulting from a mental condition. Treatment includes:

- Individual and group mental health testing and treatment (psychotherapy);
- Psychological testing to evaluate a mental health condition;
- Outpatient services that include lab work, drugs, and supplies;
- Outpatient services to monitor drug therapy;
- Psychiatric consultation;
- Alcohol misuse screening and counseling for persons 18 and up.

CCHP now covers behavioral health treatment for Autism Spectrum Disorder (ASD) for Medi-Cal members under the age of 21. This treatment includes applied behavior analysis and other evidence-based services that have been reviewed and have been shown to work. These services should develop or restore, as much as possible, the daily functioning of a member with ASD.

Health Services

Health and Human Services

Several new benefits are being added to the Medi-Cal program including expanded non-emergency transportation scheduled to begin in February 2016 and palliative care scheduled to begin in early FY 2016/2017.

The average monthly enrollment for FY 2016/2017 for AFDC/CalWORKS and Other Medi-Cal will be approximately 152,000.

Description: Medi-Cal SPD categories include Old Age Security (OAS; persons aged 65 and older), Aid to the Totally Disabled, and Aid to the Blind. The member receives a CCHP identification card and CCHP provides or arranges for all his or her covered health needs. The average monthly enrollment for the SPD members for FY 2016/2017 will be approximately 22,000.

Description: The Contra Costa Community Health Plan is a County-operated prepaid health plan available to certain Medicare recipients; In-Home Support Service providers; employees of participating private and governmental employers; and in calendar year 2014 for individual members of the Covered California ACA Exchange. This budget unit also reflects the costs for the Basic Health Care program which consists mainly of undocumented children who reside in the County and receive care from Contra Costa Health Services.

Beginning December 2015 CCHP established a pilot program, Contra Costa CARES, for the purpose of providing primary healthcare services to adults not covered by the Affordable Care Act (ACA).

Beginning July 1, 2016 a Managed Care Organization Provider Tax that averages \$7.50 per member per month will be assessed on many of our CCHP commercial products. This is a new tax for our commercial business.

Health Services

Health and Human Services

Workload Indicator: The recommended FY 2016/2017 budget is based on an average monthly enrollment of 11,000 recipients.

Impact: The recommended budget maintains the current level of services.

1. Commercial Coverage

Description: Provides coordinated comprehensive health benefits from physical check-ups to treatment of major health problems. There is an array of benefits, premiums and co-payments depending on the plan chosen. Premiums are paid by the members or their employers.

The County Employee Plans serve full time, part time and temporary employees and retirees of Contra Costa County, and some plans cover their eligible dependents in the Contra Costa Health Plan.

In addition, coverage is available to the state sponsored In-Home Supportive Services (IHSS) providers in Contra Costa County. IHSS providers who join CCHP receive coordinated comprehensive health care services ranging from physical check-ups to treatment of major health problems. Monthly premium costs are shared by the County and the IHSS providers.

2. Medicare Senior Health Plans

Description: This product line serves Contra Costa senior residents who are covered under Medicare and who choose CCHP as their medical gap insurer. In addition to the basic Medicare coverage under this program, there are various benefits covered by member premiums that reduce the member's medical expenses for Medicare co-payments and deductibles. On the Senior Health Plus Plan, the premium helps to pay for those services not covered by Medicare, such as eye and hearing exams as well as glasses and hearing aids and some drugs not covered by Medicare Part D.

3. Basic Health Care (BHC)

Description: This program is designed to provide needed medical care to the formerly state-sponsored medically indigent children and other at-risk adult residents of Contra Costa County with incomes less than or equal to 300 percent of the federal poverty level. It offers limited health benefits compared to other groups. Services are primarily provided at the Contra Costa Regional Medical Center (CCRMC) and Health Centers.

4. Contra Costa CARES

Description: Effective November 2015 CCHP established a pilot program, Contra Costa CARES, for the purpose of providing primary care services to adults not covered by the ACA. CCHP coordinates the program for

Health Services

Health and Human Services

primary care services via four providers: La Clinica de la Raza, Lifelong, Brighter Beginnings, and Axis. The providers receive a capitated payment on a per member per month basis. Contra Costa CARES was approved and funded with a \$500,000 contribution from the Board of Supervisors which was matched with an additional \$500,000 from Kaiser, John Muir, and the Sutter hospitals. The program was structured and sized to run for approximately 12 months (dependent on enrollment ramp up) or until the funding was fully utilized. Current trends indicate the funding will be exhausted in the first quarter of 2017. Preliminary results indicate a positive trend from the pilot program with increased primary care visits to a medical home; medication compliance for chronic care conditions such as diabetes; preventive care such as mammograms; and a decrease in avoidable ER visits. Accordingly, the 2016/17 budget includes an addition of \$250,000 from one time CCHP revenues, which are matched by private hospital funds (commitment pending), to extend the program through the end of the 2016/17 fiscal year.

5. Covered California Exchange Plans

Description: CCHP's participation in the Covered California Exchange ended on December 31, 2014.

Description: This product served Contra Costa residents who qualified for the Access for Infants and Mothers (AIM) program and the Major Risk Medical Insurance Program (MRMIP). Contra Costa Health Plan was a contracted health plan carrier for these programs, which were administered by the State's Managed Risk Medical Insurance Board (MRMIB). Both programs were impacted by the Affordable Care Act.

AIM was a program for pregnant women that was not available to Medi-Cal or Medicare Part A and B recipients, and applied certain income guidelines. CCHP's participation in the AIM program ended June 30, 2015.

CCHP's participation in the Major Risk Medical Insurance Program (MRMIP) was terminated on December 31, 2014. This program had provided health insurance to Californians unable to obtain coverage in the individual market due to pre-existing conditions.

The FY 2016/2017 budget represents a potential payback to the State pending their reconciliation of the MRMIP program.

Description: To serve serious and persistent mentally disabled adults and seriously emotionally disabled children and youth.

Workload Indicator: The recommended FY 2016-2017 budget is based on 429,444 visits and an inpatient psychiatric average daily census of 19.0 patients.

Impact: The recommended budget maintains the current level of services. The budget includes a three percent (3%) cost of living adjustment for the Mental Health Community Based Organization (CBO) Adult, Children, and MHSa contract providers.

1. Child and Adolescent Services

Description: Child and Adolescent Services provides services to children under age 18, and up to age 21 for emotionally disturbed individuals.

a. Local Institutional/Hospital Care: Acute psychiatric inpatient treatment for children and adolescents is provided in private hospitals in order to avoid placing minors in the same psychiatric unit as adults at the Contra Costa Regional Medical Center. Case management services are provided by the Children's Intensive Treatment Services Case Management Team.

b. Out-of-Home Residential Care/Treatment Service Programs: Mental Health works in collaboration with Probation and Social Service to support these placements and their mental health component. Structured residential therapeutic treatment service programs for seriously emotionally disturbed (SED) children and adolescents provide individual, group and family therapy and wrap-around teams. Case management services are provided at various children's hospital units in Northern California.

c. Intensive Day Treatment Services: Therapeutic treatment and activity programs (less than 8 hours per day) for children/adolescents who have behavioral/emotional disorders or are seriously emotionally disturbed (SED), psychosocially delayed or "at high risk." All of these services are attached to Residential Treatment Centers outside Contra Costa County.

d. Outpatient Clinic Treatment and Outreach Services: Outpatient clinic, school-site and in-home services, including psychiatric diagnostic assessment, medication, therapy, wrap-around, collateral support, Family Partnership, and crisis intervention services for seriously emotionally disturbed (SED) children and adolescents and their families.

e. Child/Adolescent Case Management Services: Case managers provide screening, assessment, evaluation, advocacy, placement and linkage services to assist children and adolescents in obtaining continuity of care within the mental health, Juvenile Probation Health Care, and Social Service systems. Community and school-based prevention and advocacy programs provide community education, resource development, parent training, workshops, and development of ongoing support/advocacy/action groups. Services are provided to enhance the child's ability to benefit from their education, stay out of trouble, and remain at home.

f. EPSDT (Early and Periodic Screening Diagnosis and Treatment) Program: Provides comprehensive mental health services to Medi-Cal eligible severely emotionally disturbed persons under age 21 and their families. Services include assessment; individual, group and family therapy; crisis intervention; medication; day treatment; and other services as needed.

g. Therapeutic Behavior Services (TBS): TBS provides one-on-one behaviorally focused shadowing of children and youth, on a short-term basis, to prevent high level residential care or hospitalization, and ameliorate targeted behaviors preventing success.

h. Mobile Response Team: The mobile crisis response team, comprised of a Masters level therapist and a family support partner, provides short-term triage and emergency services to seriously emotionally disturbed children, adolescents and their families in order to prevent acute psychiatric crises and subsequent hospitalization.

i. Mental Health Services for Children 0-5 Years of Age: Several contract agencies

Health Services

Health and Human Services

provide a wide array of outpatient, and in-home services to SED children, children in foster care, or children at risk of significant developmental delays and out-of-home placement.

j. Special Education Services – Educationally Related Mental Health Services (ERMHS). Mental Health Services are provided as part of a youth's Individualized Education Plan (IEP) to fulfill a mandate under federal law to provide a free and appropriate public education to students with special needs in the least restrictive educational environment. Services include: individual, group, or family psychotherapy, day treatment services, collateral, and case management.

In Contra Costa County there are approximately 166,000 public school students. Over 33,000 of these students, or approximately 11.5 percent, are enrolled in Special Education. Prior to FY 2010/2011, funding for these mandated services had been federal IDEA funds, State Mandate Claims (SB-90), Medi-Cal and State General Funds. In the Budget Act of 2010-2011, the mandate was suspended and the responsibility to fund these services was transferred from County Mental Health to the local school districts and SELPA's (Special Education Local Plan Areas). An MOU was developed and signed by County Mental Health and the SELPAs, with supporting contracts going before the Board for approval. This budget assumes that the responsibility for funding continued ERMHS Non-Medi-Cal services will remain with the local school districts and SELPA's.

As part of the State 2004-05 Budget, all 2003-04 and prior SB-90 claims were deferred with the requirement to pay them over no more than five years beginning in 2006-07. In the State 2005-06 Budget, Government Code Section 17617 was amended to pay these claims over 15 years from 2006-07 through 2020-21. Subsequent budgets suspended payments.

The proposed 2014-2015 Governor's budget included \$900 million in funding for payment of 2004 and prior outstanding mandated claims. The 2004 and prior years claims were fully paid as of July 16, 2015. The corresponding interest was fully paid as of October 12, 2015.

k. Olivera: A first step alternative to, as well as a step down from, residential placements that provides a non-public school with Intensive Day Treatment and wrap services. The program includes five classrooms – three for Mt. Diablo Unified School District and two for other SELPAs within Contra Costa.

l. Oak Grove Treatment Center: The County facility at 1034 Oak Grove Road in Concord, is in program development and currently houses the First Hope program for the early intervention for psychosis with emphasis on multi-family treatment consistent with the Psychosis Intervention Early Recovery (PIER) model.

m. Katie A. Programming: Children's Mental Health, in partnership with Child and Family Services, is in the third year development stages of a new legally mandated service delivery system to serve Katie A. youngsters in the foster care system. These youngsters meet specific criteria to be included in the Katie A. subclass and receive augmented services as defined in the legal settlement. These new services are identified as Intensive Care Coordination (ICC) and In Home Behavioral Services (IHBS). All youngsters in the subclass will receive ICC services and the need for IHBS will be determined by the Child and Family Teams.

n. Evidenced Based Practices: Children's Mental Health has instituted system wide training in several evidenced based practices (EBP's) including Cognitive Behavioral Therapy, Trauma Focused Behavioral Therapy, Cognitive therapy for depression, Dialectic Behavioral therapy and Wraparound services. Additionally, we are adding an EBP for eating disorders and are in the early stages of development for that initiative. Evidenced Based Practices are being supported by placing EBP team leaders in each of the regional clinics with centralized training and ongoing supervision groups. Additionally, these teams are part of a Bay Area Collaborative to further trauma focused care regionally.

2. Adult Services

Description: Provides services to consumers over 18 years old.

a. Crisis/Transitional/Supervised

Residential Care: Short-term, crisis residential treatment for clients who can be managed in an unlocked, therapeutic, group living setting and who need 24-hour supervision and structural treatment for up to 30 days to recover from an acute psychotic episode. This service can be used as a short-term hospital diversion program to reduce the length of hospital stays. This service also includes 24-hour supervised residential care and semi-supervised independent living services to increase each client's ability to learn independent living skills and to transition ("graduate") from more restrictive levels of residential supervision to less restrictive (i.e., more independent) living arrangements, including board and care facilities.

b. Outpatient Clinic Treatment and

Outreach Services: Provides scheduled outpatient clinic services, including psychiatric diagnostic assessment, medication, short-term individual and group therapy, rehabilitation, and collateral support services for seriously and persistently mentally ill (SPMI) clients and their families with acute and/or severe mental

disorders. Also includes community outreach services not related to a registered clinic client.

c. Case Management Services: Case managers provide screening, assessment, evaluation, advocacy, placement and linkage services in a community support model. Case management is also provided through supportive housing services, as well as the clinics in West, East and Central County. County clinics include peer providers on case management teams.

d. Mental Health Homeless Outreach/

Advocacy Services: The homeless shelter in Antioch and the three regional drop-in multi-purpose service centers assist the homeless mentally ill to secure counseling, transportation, clothing, vocational training, financial/benefit counseling, and housing. Case management can be arranged through this program, if determined necessary.

e. Vocational Services: The Mental Health Division contracts with the California Department of Rehabilitation under a cooperative agreement with the State Department of Health Care Services to provide comprehensive vocational preparation and job placement assistance. Services include job search preparation, job referral, job coaching, benefits management, and employer relations. This is one of the only mental health collaborations providing services to individuals with co-occurring disorders in the State.

f. Consumer-Run Community Centers:

Centers in Pittsburg, Concord and San Pablo provide empowering self-help services based on the Recovery Vision, which is the concept that individuals can recover from severe mental disorders with peer support. The Centers, which are consumer operated, provide one-to-one peer support, social and recreational activities, stress management, money management, and training and education in the Recovery Vision.

g. Substance Abuse and Mental Health for

CalWORKs (SAMHWORKs): Mental health and substance use disorders specialty services provided for CalWORKs participants referred by the Employment and Human Services Department to reduce barriers to employment.

Health Services

Health and Human Services

Services include outpatient mental health, substance use disorders, and supportive services for participants and their immediate family members.

h. *The Behavioral Health Access Line:* is a call center serving as the entry point for mental health and substance use services across the county. The Access Line, staffed with licensed mental health clinicians and an Alcohol and Drug counselor, operates 24 hours a day, seven days a week. The Access Line provides phone screenings, risk assessments, referrals, and resources to consumers seeking mental health or substance use services.

i. *Forensics Mental Health Services:* This Unit is comprised of three areas of service delivery through Adult Felony Probation involvement (AB 109 and General Supervision), Court Ordered services and co-responding with local Law Enforcement agencies (Mental Health Evaluation Team). Forensics Clinicians are co-located with the Probation Department and Law Enforcement agencies for field based outreach, mental health screening and linkage to the adult mental health system of care. The court involved services include restoration for Incompetent to Stand Trial (IST) Misdemeanor cases and the implementation of Assisted Outpatient Treatment (AOT), also known as Laura's Law.

j. *Rapid Access:* Provide drop-in services at the mental health clinics to clients that have recently been to admitted to Psychiatric Inpatient Hospital Services, CCRMC Crisis Stabilization Unit or Detention. Provide needs assessments, short term case management/therapy, referrals and linkage to appropriate services including medication assessments, individual therapy, group therapy, case management, AOD services, homeless services and financial counseling.

k. *Older Adult Program:* The Older Adult Mental Health Program is in the Adult System of Care and provides mental health services to Contra Costa's seniors who are age 60+, including preventative care, linkage and outreach to under-served at risk communities. The Senior Peer Counseling Program reaches out to isolated and mildly depressed older adults

who are 55+ in their home environments and refers them to appropriate community resources, as well as provides lay-counseling in a culturally competent manner. The IMPACT Program uses an evidence-based practice which provides problem-solving short-term therapy for depression (moderate to severe) treatment to individuals age 55+ in a primary care setting. The Intensive Care Management Program provides mental health services to severely mentally ill older adults who are 60+ in their home, the community, and within a clinical setting. There are three multi-disciplinary teams, one for each region of the county. Services include screening and assessment, medication management, case management services including advocacy, placement, linkage and referral.

l. *Transition Team:* The Transition Team provides short term intensive case management services and linkage to ongoing services for severely and persistently mentally ill adults age 18-59 who are in need of mental health services. Transition Team referrals come primarily from inpatient psychiatric hospitals, psychiatric emergency, homeless services and occasionally from law enforcement. These consumers range from individuals who are experiencing their first psychiatric symptoms to those who have had long term psychiatric disabilities but have been unable or unwilling to accept mental health treatment on their own. The Transition Team provides these consumers with the additional support and guidance to successfully access these services and to stay in treatment. Once consumers are stable enough, Transition Team refers them to one of our Outpatient Mental Health Clinics for ongoing treatment and support.

m. *Mentally Ill Offender Crime Reduction Grant (MIOCR):* The MIOCR 2003 Act was passed to address the following:

- Create mental health courts.
- Offer specialized training to criminal justice staff in identifying symptoms in order to respond appropriately to people with mental illness.
- Develop programs to promote public safety.
- Develop programs to support intergovernmental cooperation between

Health Services Health and Human Services

state and local government agencies with respect to the mentally ill offenders.

The County Probation Department applied for and was awarded the MIOCR Grant. The amount is approximately \$1 million dollars for a 3 year period. An RFP went out and the Community Options for Families and Youth (COFY) was selected as the vendor who will work closely with the County Probation Department to prevent recidivism. The BH Division will provide technical assistance and support.

n. Evidence Based Practice: EBPs have been primarily developed in the CCBHS children's system of care and as a result their staff culture has started to change. However the adult system of care experiences fewer strides in implementing evidence based practices and to date have none systematically implemented across the system of care. The expansion of the evidence based practices within the County are currently being discussed and direct efforts will be made to identify leadership in support of the change, cross train staff from the children's system to the adult system of care, and to identify and fully implement at least one evidence based practice for the entire adult system of care. Similar to the children's system of care, evidence based practice should be supported by EBP team leaders in each of the regional clinics with centralized training and ongoing supervision groups. Staff will need to be trained prior to implementation.

7. Mental Health Services Act/ Proposition 63

Description: Approved by California voters in November 2004, Proposition 63 imposes a 1 percent tax on incomes in excess of \$1 million and directs those collections to the provision of mental health services. The Mental Health Services Act (MHSA) has expanded mental health care programs for children, transition age youth, adults, and older adults. Services are client and family driven and include culturally and linguistically appropriate approaches to address the needs of underserved populations. They must include prevention and early intervention as well as innovative approaches to increasing access, improving outcomes and promoting integrated service delivery. The MHSA added Section 5891 to the Welfare & Institutions Code, which reads in part, "The funding established pursuant to this Act shall be utilized to expand mental health services. These funds shall not be used to supplant

existing state or county funds utilized to provide mental health services".

The first yearly MHSA Program and Expenditure Plan for Community Services and Supports was approved by the Board of Supervisors and submitted to the State Department of Mental Health on December 22, 2005. The Prevention and Early Intervention component was added in 2009, and the remaining components of Innovation, Workforce Education and Training, and Capital Facilities/Information Technology were added in FY 2010 -11. Each subsequent year an Annual Update was approved, which included program refinements, program changes when indicated, and the development of new programs identified by a local stakeholder driven community program planning process. Contra Costa's first integrated Three Year Program and Expenditure Plan was submitted and approved for Fiscal years 2014-17.

One new stakeholder supported program was initiated in FY 15-16: The Board of Supervisors resolved to implement Laura's Law, or AB1421, in Contra Costa County. As a result, MHSA is funding the treatment portion of implementing AB 1421. This includes providing a multidisciplinary team to outreach, engage and treat the most seriously disabled adults who have demonstrated resistance to mental health treatment.

Revenues to the MHSA Trust Fund tend to change from year to year due to the dynamic nature of the revenue source. Any expenditures in excess of annual MHSA revenues can be funded from the Trust Fund carryover surplus. However, for the last three fiscal years average total expenditures have been less than the average of annual revenues. The projected FY 2016/2017 MHSA expenditures are described below.

<u>Program Type</u>	<u>\$ in Millions</u>
Community Support System	\$31.60
Prevention and Early Intervention	8.00
Work Force Education & Training	0.65
Capital Facilities	0.85
<u>Innovation</u>	<u>2.00</u>
Total MHSA Allocation	\$43.10

For FY 2016-17 the MHSA community program planning process concludes with a 30 day public comment period and public hearing on April 6, 2016. Responses to substantive stakeholder input will be incorporated in the final MHSA FY 2016-17 Plan Update that will be submitted for Board of Supervisor consideration on or after April 19, 2016.

Health and Human Services

Description: To reduce the incidence and prevalence of substance use disorders through prevention, intervention, treatment and recovery services. The AOD Administration operates a planned, comprehensive System of Care approach for providing substance use disorders (SUD) prevention, diversion, outpatient and residential treatment, detoxification, and narcotic replacement therapy. A vital function of the system of care is to offer individuals and families treatment options in different settings, and various levels of treatment intensity.

AOD services is rapidly planning and preparing for the anticipated increased demand for the provision of SUD treatment as a result of the DMC expansion under the Drug Medi-Cal Organized Delivery System (DMC-ODS) Waiver, criminal justice realignment, and realignment of the oversight of lower level offenders from State to the County. Planning for the DMC ODS Waiver also involves the development of the internal infrastructure required to support county oversight of fiscal and programmatic requirements. In the next few months, AOD will center efforts to expand network adequacy to support anticipated demand of additional projected Medi-Cal beneficiaries.

Workload Indicator: The recommended FY 2016-2017 budget is based on an average caseload of 4,365 clients served in treatment and 3,548 prevention participants.

Impact: The recommended budget maintains the current level of services, and includes a 3% cost of living adjustment for the AOD Community Based Organization (CBO) contract providers. At this time we are unable to determine the fiscal impact of the Waiver until there is further guidance from the Centers for Medicare and Medicaid Services (CMS) via the Department of Health Care Services (DHCS).

1. Prevention Services

Description: Prevention programs provide alcohol and other drugs education, drug free activities, community-based initiatives, problem identification and referrals for youth and adults. In partnership with community based providers, programs engage youth and community

residents to reduce AOD availability and accessibility, and change the local conditions and social norms that contribute to AOD use, including unused and non-prescribed medications. Prevention services do not require treatment of substance use disorders.

Prevention Services has implemented Evidence Based Practices (EBP) for service delivery. In order to support and ensure model integrity, AOD Administration is able to access free technical assistance through the State Department of Health Care Services (DHCS) Substance Use Disorders Prevention branch. Ongoing training and monitoring ensures that programs adhere to fidelity.

In 2013, AOD prevention services engaged community residents throughout Contra Costa in a Stakeholder Community Needs Assessment which culminated with the update of the County's Five-Year AOD Prevention Strategic Plan, which formulates goals and objectives under which all programs operate.

Health Services

Health and Human Services

Description: The Homeless Program has created an integrated system of care that includes information and referral, multi-service centers that provide case management and support services, outreach to encampments, emergency shelter, transitional housing, and permanent supportive housing for adults, youth, and families. While the County program does not assume funding and management for all aspects of the continuum, it is the primary provider of emergency shelter for single adults, the only shelter and transitional housing for transition-age youth, it administers the Supportive Housing Programs, including the Shelter Plus Care Program, and provides guidance and staff to the Contra Costa Inter-jurisdictional Council on Homelessness (CCICH).

Workload Indicator: The requested FY 2016-2017 budget is based on the provision of 75,920 annual shelter bed-days.

Impact: The recommended budget maintains the current level of services, and includes a 3 percent cost of living adjustment for the Homeless Community Based Organization (CBO) contract providers.

1. Administration

Description: Administration includes staffing, occupancy costs, costs incurred for CCICH, and costs associated with grant writing and consultation.

- a. Contra Costa Council on Homelessness** is staffed by the Homeless Program and is appointed by the Contra Costa County Board of Supervisors to assist and provide guidance in the development and implementation of long range planning and policy formulation of homeless issues in Contra Costa County.

2. Outreach and Engagement Services

Description: These services are aimed at identifying homeless individuals, youth and families in need of services, and assisting them in accessing the services necessary to end their homelessness. Outreach and engagement services include an interim housing intake phone line, outreach teams, and multi-service centers.

- a. Adult Interim Housing Intake Line** is a toll-free number (800-799-6599) for any homeless single adult to access a bed within our adult shelter system.

- b. Multi-Service Centers** provide comprehensive support services, including case management, basic needs assistance, and outpatient drug abuse treatment. In partnership with Anka Behavioral Health Services, multi-service centers located in West, Central, and East County are serving over 1,000 adults and children each year.

c. The Coordinated Entry project is a requirement of the Department of Housing and Urban Development and will allow the Contra Costa homeless continuum of care to achieve one of the key strategies identified in its Strategic Plan Update forging ahead with the goal of implementing a coordinated assessment system to streamline access to housing and services

3. Interim/Transitional Housing and Support Services

Description: Interim/Transitional Housing and Support Services offers short-term shelter and support services including referral and preparation for permanent housing and/or mental health and AOD detox and treatment services that allow for stabilization.

a. The Adult Interim Housing Program consists of 24-hour shelter facilities in Richmond and Concord that focus on housing search assistance with case management and other wrap-around services including meals, laundry facilities, mail, and telephone services. The program has the combined capacity to serve 164 men and women, including specialized services for veterans.

b. Philip Dorn Respite Center is a twenty-four (24) bed shelter for homeless adults who are leaving the hospital and would otherwise be appropriate for discharge to their home, and have health care needs that cannot be met in the emergency shelter environment. This is a

collaborative project with Health Care for the Homeless and local hospitals.

4. Supportive Housing Programs

Description: The Supportive Housing Program provides a variety of permanent housing options for homeless adults, families, and transition age youth with disabilities. All housing options come with supportive services aimed at assisting the resident in maintaining their housing.

a. Rental Assistance Program (formerly Shelter Plus Care) provides housing subsidies to homeless persons with disabilities and links them to support services through the Housing Authority of Contra Costa County. This program has the capacity to serve over 400 households.

b. PCH – Addressing Addictions to Alcohol (AAA) is a partnership with Anka Behavioral Health, Inc. that expands upon Project Coming Home to provide permanent housing and supportive services to chronically homeless individuals who have a long-term addiction to alcohol.

Health Services

Health and Human Services

c. Destination Home provides 12 units of permanent supportive housing for chronically homeless, disabled individuals. Participants of the project receive a safe, permanent place to live as well as wrap-around services to help stabilize their lives. Case management assistance in enrolling in mainstream benefits and services, and access to peer support groups are all part of a larger continuum of services that allow individuals to work through many of the issues that led to their homelessness while simultaneously moving toward a more sustainable future.

d. Permanent Connection provides subsidized permanent housing linked to services for homeless youth with chronic mental illness, HIV/AIDS, or developmental or physical disabilities. Youth over the age of 18 receive wrap-around support services that assist them to not only maintain, but also thrive in their housing.

e. Board and Care services provides monitoring and training to Board and Care operators. Additionally, placement of Behavioral Health consumers into contracted board and care beds and mental health clinical support is provided to consumers residing in board and care homes to ensure each is receiving adequate support and care.

5. Contra Costa Youth Continuum of Services (CCYCS) for Runaway and Homeless Youth

Description: Contra Costa’s Youth Continuum of Services provides outreach, shelter, transitional and permanent housing and services to youth ages 14-24.

- a. **Homeless Youth – Health, Outreach and Peer Education (HY-HOPE)** is a health, outreach and peer education program whose goals are to reduce harm done to youth while they are on the streets, build trusting relationships, provide healthier alternatives to being on the streets, and assist youth in making positive choices in their lives. Youth living on the streets and/or in any CCYCS program receive critical information and referrals to services, crisis intervention, life skills education, and counseling. Additionally, health care is provided through an on-site adolescent health clinic sponsored by Health Care for the Homeless.
- b. **Calli House** is an eighteen (18) bed emergency shelter and service program located in Richmond that serves youth ages 14-21. Youth-specific case management, vocational and educational services, health care, and substance abuse support services are provided at the center during the day.
- c. **Appian House - Transitional Housing for Youth** provides longer-term housing and services for 18-21 year old homeless and/or emancipating foster care youth. This program provides transition-age youth with the support, guidance, and skill development over an 18 to 21-month period that will lead youth to viable employment and permanent housing options.
- d. **Bissell Cottages** provides longer-term housing and services for 18-24 year old homeless and/or emancipating foster care youth who have mental health disabilities. This program provides transition-age youth with the support, guidance, and skill development over a two-year period that will

Description: To promote, improve and protect the health of the residents of Contra Costa County with special attention to those who are most vulnerable to health problems and their consequences.

Workload Indicator: The recommended budget for the upcoming fiscal year is based on: reducing the rate of illegal tobacco sales to minors; over 27,000 clinic visits; pregnancy prevention education to over 8,000 teenagers, approximately 18,600 public health nursing visits to newborn babies and mothers, children and adults; outreach and education to over 13,000 residents and 600 community groups and businesses; over 160,000 meals served or delivered to seniors; approximately 8,000 childhood and adult immunizations and 1,000 flu vaccines to the community; 6,500 oral health assessments, and 700 sealants and fluoride varnish applications for children; 20,000 food vouchers monthly to low-income women and children; management and control of 77 active cases of tuberculosis in the community and 340 contacts in the community; investigating 7,400 reports of communicable disease received from health care providers and labs, including 45 outbreaks; receiving 200 animal bite reports; over 150,000 environmental and clinical tests performed; 550 contacts, case management and home visiting for over 850 high-risk pregnant women and babies; support services for over 750 low-income HIV positive individuals.

Impact: The recommended budget maintains the current level of services.

1. Public Health Administration and Financial Management

Description: The Public Health Administration and Financial Management unit includes the Director, Administrator, and support staff. Specific functions are divided into budgeting, billing, accounting, purchasing, and contract management.

a. **Developmental Disabilities Council of Contra Costa County** is the official planning, coordinating and advisory body to the Contra Costa County Board of Supervisors for individuals with developmental disabilities and their families. The 21 member Council works to develop and improve needed community services, while providing information about resources and taking a leadership role in planning, training and advocacy. In addition, the Council has been very active in responding to the increasing prevalence of autism and the importance of early detection/intervention, and developing strategies to increase access to health care for individuals with development disabilities. There are over 500 individuals, agencies, and organizations that make up the organizational membership of the Council that represents the population of over 5,000 disabled individuals and their families from economic, ethnic, cultural and linguistic backgrounds in Contra Costa County. The Council has served the citizens of the County for over 40 years and is staffed part-time.

b. **Vital Registrations** The Office of the Local Registrar (OLR) of Vital Registrations is a state-mandated function of local health departments. In 2015 the OLR was responsible for certifying and registering approximately 11,654 births, including 76 out of hospital births, 7,716 deaths and 39 fetal deaths occurring in the County; issuing 8,938 permits for the disposition of human remains; and providing 44,471 certified copies of birth and death certificates. The OLR also manages an automated electronic birth registration network system with terminals located in every birthing hospital in the County. Data obtained and compiled electronically from recent birth and death registrations is provided to department biostatisticians for epidemiological research, which is used by various County and community agencies for service planning. In addition, the office assisted with 55 Declaration of Paternity forms, and issued 151 Medical Marijuana ID cards. (Note the statistics for birth, death and fetal are for those records registered as of January 7,

Health Services

Health and Human Services

2016, which is not the grand total for 2015 as some are not yet registered).

- c. Epidemiology, Planning and Evaluation (EPE)** provides health assessment and evaluation support to Public Health, the Contra Costa Health Plan, the Office of the Director, and other projects of Contra Costa Health Services. It identifies and statistically analyzes useable versions of standardized databases, including birth, death, hospitalizations, and demographic data; summarizes this data in presentations, reports, tables, graphs and maps; works with the managers to collect and analyze information for their use in the development of federal, state, and foundation grant applications, program plans and required evaluations; and responds to hundreds of requests each year for health information about the county.

Communicable Diseases, STD, and HIV

- Support surveillance activities, including: active surveillance for HIV programs, partner notification for HIV, data entry, TB surveillance.
- Regular and special analysis to calculate prevalence, rates, and demographic and geographic factors associated with disease.
- Support of clinical services including TB patient monitoring, HIV testing and linkage to care.
- Synthesis of data for reporting and analysis for trends over time.
- Support emergency preparedness drills and trainings.

Population Health Data

- Regular analysis of birth data, including: teen birth rates, infant mortality, prenatal care, demographic and geographic factors.
- Regular analysis of death data, including: leading causes of death, life expectancy, mortality rates, and demographic and geographic factors.
- Regular analysis of hospitalization and emergency department data (OSPHD), including: calculation of rates, Prevention Quality Indicators, disease

specific rates (in particular, asthma and diabetes), demographic and geographic factors.

Social Determinants of Health and Health Equity

- Regular analysis of demographic factors in the county at subgeographies and trend analysis (primarily from American Community Survey, US Census, and ESRI modeled data).
- Identification of vulnerable populations in the County using local demographic and environmental data.
- Maintain knowledge of and ability to use diverse data sets including Census, California Department of Education, Uniformed Crime Statistics, SWITRS, OSHPD to identify needs and support health programs.

Program Planning and Evaluation for Health Programs

- Support health programs in developing logic models and program plans.
- Support grant writing, including data and help designing program structure.
- Create evaluation plans, tools, and training staff on evaluation activities.
- Design and implement qualitative evaluation tools, such as focus groups and interviews.
- Develop surveys using scannable software and support data collection activities.
- Support data sharing and adherence to funder requirements.
- Design and execution of evaluation reports for funders and other stakeholders.

Quality Improvement Work

- Support required Quality Improvement work in clinical settings, for Public Health Clinic Services, Contra Costa EMS, Contra Costa Health Plan, and Contra Costa Regional Medical Center, including:
 - Design data collection tools implemented in the clinic setting.

- Support program activities in existing clinical quality programs by providing analysis of encounter data.
- Support in the design of evaluations and participation on improvement teams.
- Facilitation of quality meetings, design of plans, workflows, tracking of data, and design of reporting analytics.
- Analyze data to support program design and dissemination of information to partners.

d. *Promotoras and Health Conductors*

provides Latino and African American, prison and jail reentrants, as well as low income English speaking County residents with health benefit enrollment; assistance with making medical, dental and mental health appointments, cancer patient health navigation, and linkage to community resources. Additionally the Promotoras, Health Conductors and Navigators assist West County, Concord, Pittsburg, Martinez, and Brentwood Health Center medical providers with: the recruitment of patients in pedi-obesity, diabetes or prenatal patient medical group visits, the co-facilitation of these medical group visits as well as with health coaching calls in between each group medical visit session. The Promotoras and Health Conductors provide cultural competency expertise within the Health Service staff to assure that patient group visit curriculums and processes are culturally appropriate. They have assisted with the development of a Spanish language diabetes curriculum and the development of an African American centered prenatal group called Golden Start, which were both piloted at the Pittsburg Health Center. They conduct yearly Medi-Cal enrollment community events and serve in health department focus groups to provide feedback on community health education surveys and department promotional materials. The Reentrant program has successfully launched a medical clinic based at the West County Health Center for reentrants. The Reentry program links reentrants to a medical home, to a six session mental health support group, and to community resource supports.

The African American Health Conductor, Promotora, Navigator and Reentry health programs, improve the health and wellbeing of low income Contra Costa African Americans, Latinos, prison/jail reentrants and Contra Costa Regional Medical cancer patients, through hands on assistance with: health benefit enrollment, linkage to medical, dental or behavioral health appointments, Cal Fresh enrollment, linkage to community health partners, linkage to internal and external social support resources, co-facilitation of medical group visits and peer support groups. Additionally, these staff conduct community outreach activities to inform residents about health benefit programs and provide consultation to programs within the Health Services Department such as reviewing surveys, flyers, and curriculum materials to determine cultural and linguistic appropriateness for African American and Latino clients and patients of our health system. In fiscal year 2014-2015 the following outcomes were achieved: over 11,000 community residents received health benefit enrollment information, 879 clients/ families received hands on assistance with the completion of MediCal enrollment applications, provided over 2,000 units of health navigation service (i.e. Calfresh, SSI, disability applications, resource linkage, etc.), assisted over 350 cancer patients with health navigation assistance, assisted over 280 West and East County prison reentrants with health navigation, established the West Count Health Center Transition Clinic for prison reentrants, trained over 30 West County staff on needs and challenges of prison reentrants, launched a prison reentry support group called REMEDY and co-facilitated over 50 medical group visit series (diabetes, prenatal and pediatric obesity to benefit over 400 Contra Costa Regional Medical Center patients.)

e. *Violence Prevention Re-entry Efforts*

Program staff work with CCHS divisions to monitor and respond to community violence and create a seamless pathway for individuals released from prison to a medical home. CCHS Reducing Health Disparities

Health Services

Health and Human Services

staff and Behavioral Health staff continue to work with the City of Richmond, County Emergency Medical Services, John Muir Hospital, Supervisors Gioia and Glover's Offices, and several key Community Based Organization (CBO) initiatives to make CCHS resources and expertise available to support these community-led efforts.

f. **Linguistic Access Services Program** provides interpretation and translation services to patients and clients of Contra Costa Health Services. The program includes the Refugee Health program and the Health Care Interpreter Network (HCIN). This language service is mandated by both state and federal law. The program currently has 17 qualified medical interpreters who speak 13 different languages and assist with interpretation for the CCRMC and all Health Centers as well as for the CCHP network providers and the Health Care Interpreter Network.

g. **Refugee Health Program** serves people coming into the County from other countries who are refugees, asylees, and victims of trafficking. Refugee Health Program staff members are specifically trained to provide assistance to refugees and asylees in obtaining the required health care screening and follow up care at our hospital and health centers. The program works closely with Jewish Family and Children Services, the International Rescue Committee, and Catholic Charities in coordinating health, housing and social services for newly arriving residents. There are 130 to 150 refugees who settle in Contra Costa each year who qualify for this program.

h. **Health Care Interpreter Network (HCIN)** provides language assistance throughout Health Services for patients who prefer a language other than English or who are deaf or hearing impaired. This service incorporates network partners from throughout the state to ensure that meaningful communication between the patient and health care provider is available at all times. Qualified medical interpreters provide interpretation through a telephone and video network into the provider

examination room or wherever patients access our health system. This program is part of a nationwide network

2. Senior Nutrition Program

Description: The Senior Nutrition Program provides hot nutritious daily meals to the elderly population in the County. Meals are provided in both the congregate (Senior Center) and home delivery (Meals on Wheels) models utilizing over 800 volunteers annually to deliver services. The program currently serves approximately 160,000 meals in a congregate setting and over 395,000 meals delivered to homebound elders annually. The primary funding source for the program comes from Federal Title IIIC-1 and Title IIIC-2 of the Older Americans Act. Program participant contributions and private sector fundraising also provide significant funding sources. In addition to elderly participants, approximately 2,600 meals are delivered to homebound AIDS/HIV clients annually through separate funding. The program also supplies over 9,400 meals annually to one adult day care provider.

3. Communicable Disease Prevention and Control/Health Emergency Response Unit

Description: These programs work to prevent and control the spread of communicable diseases through health education, vaccination, epidemiological surveillance and investigation, case management and laboratory testing. These programs respond to media inquiries around communicable disease issues. Isolation and quarantine of persons with communicable disease, when necessary to protect the public, and assurance that persons in contact with a communicable disease receive prophylactic treatment are integral components of these programs. This unit responds to the public on issues of rabies control, working closely with the County Animal Services Department, and also investigates food-borne illnesses, collaborating with the Environmental Health Division. Consultation is provided to physicians, hospital infection control practitioners, residential facilities, workplaces, schools, child care centers, shelters and other community partners on the prevention and control of communicable diseases. Emphasis is placed on early identification and investigation of a communicable disease outbreak or trend, the prevention of transmission, identification of the source, and elimination of that source of disease to reduce the incidence of all communicable disease.

- a. Disease Investigation and Control Unit** responds to lab and provider reports of 84 reportable diseases by investigating the reports, confirming the information, educating the person, providing prophylactic treatment so that the disease does not spread and providing consultation to medical facilities and providers. In 2015, the Disease Investigation and Control Unit received over 7,000 reports of communicable diseases, and 13,000 electronic lab records. In addition, staff monitored 73 individuals returning from Ebola affected countries including coordinating medical care as appropriate. Staff also investigated 45 outbreaks which occurred in a variety of settings including health care facilities, adult residential communities, public pools, restaurants and schools. Staff also handled almost 200 reports of animal bites, some of which needed investigation to ascertain rabies risk. Finally, staff responded to 65 reports of first responder occupational exposure to communicable diseases, providing consultation and recommendations for appropriate post-exposure prophylaxis.
- b. Health Emergency Response Unit** develops plans and procedures to respond to the health impacts of naturally occurring disasters such as earthquakes, communicable disease outbreaks such as Pandemic Flu, and bioterrorism caused by human action. Public information, risk communication, and internal and external communication with employees, the community, and the media are integrated into all aspects of response. This unit works closely with all areas of the Communicable Disease Control Program, the Public Health Lab, Environmental Health, Emergency Medical Services, the Office of Emergency Services, and the Hazardous Materials Program, as well as many other County departments and community partners. In addition, this unit provides staff support to the Department's Emergency Management Team, coordinates the annual revision of the Department's Emergency Operations Plan, and represents CCHS in regional health emergency response planning activities.

Health Services

Health and Human Services

c. **Immunization Program** provides immunization clinics for children and adults, consultation to health care providers, and technical assistance to schools, day care centers, and preschool programs to ensure compliance with California immunization laws. For example, recent legislation removed the personal belief exemption for students entering child care, kindergarten, and seventh grade in public and private schools. Only medical exemptions from a physician are permitted.

Additionally the Immunization Program provides ongoing education and training for parents, providers, and the community about new vaccines and the importance of immunizations. Staff also encourages providers to participate in the California Immunization Registry (CAIR), a community-wide database of immunization records, and provides training and technical support to users of the registry. This program also conducts disease investigation into the occurrence of vaccine-preventable diseases (VPD), and conducts the perinatal hepatitis B program to prevent the development of chronic hepatitis B in infants. In 2015, a total of 8,330 immunizations were given at Public Health clinics, including 783 flu vaccines and 1,131 Tdap (whooping cough booster) vaccines.

d. **Tuberculosis (TB) Control Program** provides Public Health Nurse (PHN) case management for people with active tuberculosis, their contacts, and others with TB infection but at high risk for progression to TB disease. In 2015, Contra Costa identified 47 newly diagnosed TB cases, and provided case management services to 77 people with active TB over the year. The PHNs provide home visits to monitor the health status of the patient and to assure proper and complete compliance with the medical regimen. Disease Investigators work in concert with PHNs to assure compliance and deliver the TB medication to the patient on a daily or twice weekly basis, and made approximately 3,735 home medication visits. In addition, contacts of an active case are interviewed, examined and placed on preventive therapy as necessary.

Sometimes this is at large worksites, necessitating large clinics. Over 340 contacts were identified and investigated in 2015. Contra Costa continues to have TB cases, which necessitates careful monitoring and response to reported cases and prevention of further disease through contact investigation and treatment. Tuberculosis patients frequently have chronic conditions such as diabetes, HIV, kidney failure requiring dialysis, or organ transplantation which complicates TB care.

e. **Public Health Laboratory** provides testing in the areas of bacteriology, parasitology, mycobacteriology, mycology, immunology and virology throughout the hospital, clinics and public health to support the health care system. Microbiological examinations of food and water are also provided in support of the Environmental Health and Communicable Disease program. The lab also tests potential agents of bioterrorism such as white powders in coordination with the Hazardous Materials Program. The lab is both State and Federally certified and is required to do certain testing as a reference laboratory in support of public health, such as salmonella testing, tuberculosis, botulism testing and others, and is heavily involved in communicable disease outbreaks including the Norovirus. The lab takes part in the State's Respiratory Lab Network, and partners with the state's CEIP program for surveillance of the influenza virus by testing samples from clinics and hospitals in Contra Costa County. The Public Health Lab is one of the national labs participating in the Foodnet Retail Meats study. In 2015, the Public Health Lab performed 152,696 clinical and environmental tests.

4. HIV/AIDS and STD Program

Description: HIV/AIDS and Sexually Transmitted Disease (STD) Programs work to reduce the transmission of HIV and STDs by identifying cases and their sexual contacts, providing access to care, conducting monitoring and surveillance activities, and ensuring treatment of reported cases. Mobile HIV rapid testing is offered at fixed sites throughout the community, and HIV and STD testing are also offered at closed sites serving high risk youth, men and women enrolled in AODS sites.

The HIV component also improves health outcomes for HIV positive individuals in Contra Costa through the provision of individual and community education and prevention services, home and clinic-based case management, clinic navigation support, and agency capacity building. Medical Social Workers assigned to the Positive Health Clinics provide medication adherence support, assist with appointments and financial coverage issues, offer referrals to community services, and certify eligibility for enrollment in the State AIDS Drug Assistance Program. Community planning services open to all interested parties, provide an opportunity for consumers, providers, and others to offer recommendations for service delivery system improvements. A quality management program

reviews clinical records for consistency with national guidelines.

a. **Sexually Transmitted Disease Program** works to reduce Sexually Transmitted Disease (STD) by identifying new cases of STDs and their sexual contacts and ensuring appropriate treatment of reported cases. In addition to supporting bi-weekly STD clinic operations, this program provides health education and risk reduction services as well as STD testing services in various venues throughout the county. Provisional reporting for CY 2014 shows the incidence of chlamydia is fairly constant at 4,228 cases but the number of reported cases of gonorrhea has increased by more than 22 percent over the previous year to 1,024 cases of gonorrhea. These diseases can cause serious health problems in young men and women, as well as in the newborn of an infected and untreated mother. In addition to chlamydia and gonorrhea, the STD program also follows people with syphilis and provides prevention education on 32 other STDs. Provisional data for CY 2014 shows that follow-up was provided to 119 cases of primary, secondary, and early latent syphilis, up nearly 70 percent from the previous year. The STD Program emphasizes prevention education in clinics, community based agencies, and in a variety of youth venues. The program provides 3 STD clinics that offer rapid HIV testing and has expanded STD testing and prevention services to youth in various Alcohol and Other Drug Services Programs.

b. **HIV/AIDS Program** reduces the transmission of HIV and improves health outcomes for HIV positive individuals in Contra Costa through the provision of individual and community education and prevention services, home and clinic-based case management, clinic navigation services, mobile HIV testing services, clinic quality assurance activities and agency capacity building.

HIV rapid test services support healthier behaviors by encouraging people of all ages and orientations to know their HIV status. Confidential and quick HIV and hepatitis C

testing in non-traditional sites such as soup kitchens, shelters, substance abuse agencies and parks reach about 1,500 people per year who are not routinely seen in traditional medical venues. Partner services are available to assist with anonymous notification of partners and encourage follow up testing and linkage to care and treatment.

Provisional numbers for CY 2015 show the HIV/AIDS and STD program served 775 people with HIV or AIDS. Approximately 94 percent of those served were at or below 300 percent of the federal poverty level. Eighty individuals were newly enrolled in our program during the year. Services include nurse and community-based case management, clinical social work, oral health care, benefits counseling and support for accessing health care coverage, outreach to newly infected and those lost to care, medication adherence counseling and education, support for enrollment in the AIDS Drug Assistance Program, food and transportation assistance, referrals for substance abuse and mental health support, monitoring of home care services, access to housing assistance and other emergency assistance. These services allow people to remain in their homes longer, reducing emergency medical care, decreasing hospitalization, reducing cost, and improving health status. The clinical quality management program monitors approximately 200 individuals at risk for poor health outcomes and provides support to the clinicians and patients through case conferencing and outreach support services.

Local planning efforts through the HIV/AIDS Consortium and other venues help identify highest risk populations for prevention and resources for services for people with HIV and AIDS. Capacity building activities expand community ability and competency to serve people with HIV or at risk for HIV.

Community and provider trainings include: an annual HIV and AIDS update for clinicians, cultural competency skills. Partner Counseling and Referral Services, as well as other risk reduction seminars are

offered annually. The program collaborates with the Homeless System of Care, AODS, and Public Health Clinic Services, as well as provides support to various Health Department Programs to strengthen programs serving similar populations.

5. Family, Maternal & Child Health Programs

Description: The Family, Maternal & Child Health (FMCH) Programs work in partnership and collaboratively with community members, County programs, and community organizations to provide support, resources, and services to eliminate health inequities and improve the quality of life for all children, youth, and families in Contra Costa County. Program staff focus their efforts on home visiting and case management with low-income, at-risk pregnant and parenting women, outreach and education for a range of County services; implementing community-based and community-driven projects; the provision of training and technical assistance to individuals, health care providers, and community groups regarding maternal and child health data, practice and policy issues; interfacing with other counties, local and national MCH programs, and policy makers; and data collection and analysis.

The following programs are part of the extensive network of safety-net services offered by the FMCH programs.

- a. **Black Infant Health Program (BIH)** aims to improve African American infant and maternal health and decrease Black:White health disparities in perinatal outcomes. BIH provides group-based interventions designed to encourage empowerment and social support in the context of a life course perspective, and social service case management to link clients with needed community and health-related services. BIH recognizes that women's health and health related behaviors are shaped by medical and non-medical factors. The goal of the program is to address social determinants of health by providing services and information in a culturally relevant manner that respects client's beliefs and cultural values while promoting overall health and wellness. Services are provided in West and East Contra Costa County.
- b. **Children's Oral Health Program** provides an array of oral health services including assessments, oral health education, fluoride varnish and dental sealants to over 12,000 children (ages 3-19 years) each year throughout Contra Costa County. The Children's Oral Health Program reaches underserved and uninsured children and their parents, and provides necessary oral health screenings, assessments, and referrals. Services are provided at elementary schools, community centers, and homeless shelters. The program aims to educate pregnant and parenting women on oral health by collaborating with perinatal providers and home visitors. The program links uninsured and under-insured children throughout the County to free dental treatment in the Ronald McDonald Care Mobile
- c. **Comprehensive Perinatal Services Program (CPSP)** recruits and approves medical providers to participate in this prenatal care services program. CPSP performs quality assurance reviews, offers technical assistance, and provides education to providers to assist them in providing quality prenatal care services to low income, at-risk pregnant women in the County. CPSP works closely with the managed care plans to assure a consistent standard of care among services delivered to low-income women.
- d. **Fetal Infant Mortality Review (FIMR) Program** links women and their families to bereavement support and inter-conception care services, including linkages to other social and health services. An interdisciplinary Case Review Team reviews fetal and infant deaths to identify contributing factors and make recommendations to address these factors.
- e. **Lift Every Voice (LEV)** provides outreach and case management services to incarcerated pregnant women and teens prior to release from the County detention facility and juvenile hall to assure that newborns have a safe environment in which to live after delivery and are not placed in foster care. At the time of their release, LEV assists women with accessing Medi-Cal eligibility, prenatal care, and case management services, and links women with community resources and other home visiting programs for ongoing support. LEV is a unique public health approach to reaching hard-to-reach populations requiring a complex array of services and strategies to ensure that they are successful parents and make healthy and positive choices.
- f. **Nurse-Family Partnership (NFP) Program** is an evidence-based home visiting program in which ongoing services are provided by a team of Public Health Nurses to low-income first time mothers during pregnancy through two years post-partum. Contra Costa is one of 17 counties receiving federal funding from the Maternal, Infant, and Early Childhood Home Visiting (MIECHV) Program and is part of the California Home Visiting Program. The NFP Program has several goals, including achieving better pregnancy outcomes, improving the child's health and development, and helping the families become economically self-sufficient by working with parents to develop a vision for their future, plan subsequent pregnancies,

continue their education, and find employment. Federal funding is expected through June 2019.

g. Prenatal Care Guidance (PCG) Program provides short-term home-based education and support services to over 150 Medi-Cal eligible women throughout Contra Costa County each year to promote early entry into prenatal care, ensure healthy birth outcomes, reduce infant mortality and morbidity. Community Health Worker Specialists make appropriate and essential interventions and referrals.

h. Healthy Families America (HFA) Program is a national evidence based home visiting model designed to work with overburdened families who are at-risk for adverse childhood experiences with a focus on child abuse prevention. Community Health Worker Specialists trained in the core model element cultivate and strengthen nurturing parent-child relationships, promote healthy childhood growth and development, and enhance family functioning.

i. Sudden Infant Death Syndrome (SIDS) Program is a state-mandated program that provides grief support services to families and caregivers who have had an infant die of SIDS. Services include crisis intervention, bereavement support, and education aimed toward alleviating the tragedy caused by SIDS. The SIDS program also conducts outreach and education to expand awareness about SIDS and promote risk reduction measures.

j. Women, Infants, and Children (WIC) Special Supplemental Food Program is a Federally funded health and nutrition program for women who are pregnant, breastfeeding, or just had a baby, and children under 5 years old (including foster children) and infants in families with low to medium income (working families may qualify). The Contra Costa County WIC Program currently serves more than 20,000 participants every month providing special checks to buy healthy foods from WIC-authorized vendors. WIC provides nutrition education and health information,

breastfeeding support, and referrals to other community services to help families eat well and be healthy. The specific foods and nutrition provided to enrolled women and children result in longer pregnancies, fewer low birth weight babies, fewer fetal and infant deaths, and improved nutrition. This translates into enormous savings in healthcare dollars. The WIC Program has earned the reputation of being one of the most successful federally funded nutrition programs in the United States.

6. Public Health Clinic Services (PHCS)

Description: Provides staffing, administration and management for all clinical services provided under the Public Health Division. These clinics include Women’s Health Clinics, Pediatric Clinics, Immunization Clinics, Sexually Transmitted Diseases Clinics, the Employee Occupational Health Program, and school-based clinics. Additionally, Health Care for the Homeless provides mobile clinics at 14 sites where homeless people congregate, and a Respite Clinic. A number of these clinic services are jointly operated with the Ambulatory Care Division. Services provided by these programs include:

- Women’s Health clinics – over 9,500 appointments available/year
- Pediatrics clinics – over 14,000 appointments available/year

Health Services

Health and Human Services

- Immunizations and TB clinics – over 5,200 appointments available/year
- School-based clinics at 43 Schools – over 16,300 medical appointments and 2,150 dental appointments available/year
- Employee Occupational Health Program – approximately 4,100 appointments available/year
- Sexually Transmitted Diseases Clinics – approximated 800 appointments available/year
- Health Care for the Homeless/Respite Clinic – over 20,000 visits annually (includes Respite clinic visits)
- Total clinic visits approximately 72,140

This section also provides staffing and management for the Public Health Nursing program, (PHN), and the Teen Pregnancy Prevention Initiative.

a. Public Health Nursing Program provides services to populations of all ages in all areas of Contra Costa County. Public Health Nurses visit clients in their homes and in their community. They provide direct nursing care, health education, comprehensive case management and supportive services to pregnant women, new moms and babies, children, and adults. Working with all entities in Contra Costa Health Services and with partners in the community, Public Health Nurses address the changing needs of the client on an ongoing basis, referring and linking individuals to the widest array of options for meeting the needs of the client and to promote health, prevent diseases disability, and premature death, and to assure clients gain access to needed medical, social, educational and other services. Over 19,000 home visits are made to clients annually.

b. Teen Pregnancy Prevention Initiative (*Replication of Evidence-Based Programs*) provides evidence-based teen pregnancy prevention programs in twelve middle, junior high and high schools in the cities of San Pablo, Richmond and Pittsburg. The school sites for this initiative are Richmond, Kennedy, Pinole Valley, DeAnza, Riverside Continuation and Pittsburg High Schools;

Rancho Medanos and Hillview Junior High School; and DeJean, Crespi, Helms and Pinole Middle Schools totaling approximately 8,300 participants. The overall program goal is to reduce the birth rate among youth 15-19 years old in Pittsburg, Black Diamond, Richmond, Kennedy, Pinole Valley and DeAnza High Schools by September 2020.

c. Child Health and Disability Prevention (CHDP) Program provides the oversight and coordination of services for Medi-Cal eligible children 0-21 years of age, including foster children, to receive complete health assessments for the early detection and prevention of disease and disabilities. CHDP conducts provider recruitment, development, and quality assurance; outreach and education on how to acquire health coverage and how to access needed health services; and health education to schools, community residents, foster care facilities, other County programs serving children, and community-based organizations.

7. The Community Wellness and Prevention Program

Description: The primary goals of the Community Wellness and Prevention Program

Health Services

Health and Human Services

(CW&PP) are to examine the root causes of poor health, to support factors that promote community health, and to reduce risk factors that contribute to chronic diseases and injuries.

CW&PP works in collaboration with cities, other county agencies and a diverse array of community and health system partners and stakeholders. CW&PP uses a spectrum of prevention strategies from education to organizational policy and system change to accomplish its goals. Programs focus on prevention of chronic disease and injuries – the two leading causes of death and disability in the United States.

- a. **Tobacco Prevention Program (TPP)** works with County community partners to reduce health disparities through tobacco prevention policy adoption and implementation. Specific issues of focus include reducing youth access to tobacco, tobacco influences in the community, and exposure to secondhand smoke. TPP works with Contra Costa cities to adopt and implement tobacco prevention policies to change community norms that facilitate behavior change and reduce tobacco use and exposure to tobacco influences. This work has led to reducing the illegal sales rate of tobacco products to youth from 37% to 8% in the unincorporated areas of the County, adoption of laws that protect residents from secondhand smoke exposure in both outside areas and inside multi-unit housing, and a decrease in the smoking rate by 31% since 1990.
- b. **Built Environment Program (BE)** addresses the impact of the physical environment on health. Studies show that biking and walking infrastructure and recreation areas can be designed to reduce traffic fatalities and increase levels of physical activity in communities. In addition, proximity to fresh produce leads to higher level of fruit and vegetable consumption. The program currently focuses on working with community partners to improve and increase the use of parks and outdoor spaces in low-income neighborhoods and consulting with cities on street designs that accommodate pedestrians and bicyclists as

well as motor vehicles. The program also participates in the Planning and Integration Team for Community Health (PITCH), an interdepartmental collaboration between the Public Works Department, the Department of Conservation and Development and the Health Services Department.

- c. **Nutrition & Physical Activity Promotion Program (NuPACT)** partners with Federal, State, and community agencies to provide nutrition education and promote physical activity. The program also partners with community organizations to offer nutrition education through a variety of settings such as schools, faith-based organizations, community events, farm stand/farmers markets, and other food retail outlets. Program staff provides nutrition education to approximately 12,000 adults and children every year. The program also collaborates with community partners working in low-income neighborhoods to: identify and increase the number of outlets for healthy food, enhance opportunities for physical activity, assess walk-ability of neighborhoods, distribute locally grown produce, and other activities.

The program provides over \$200,000 in subcontracts to local school districts and community organizations to provide nutrition and physical activity education; assess opportunities for and implement organizational changes to improve the nutrition and physical activity environment and to develop leadership skills among youth to promote community conditions that support access to healthy food and physical activity. The program chairs and staffs the Families Coalition for Activity and Nutrition, provides leadership to the Healthy and Active Before 5 Initiative, Afterschool 4 All Collaborative, African American Health Collaborative, and serves on the Leadership Council of the Bay Area Nutrition and Physical Activity Coalition.
- d. **Lead Poisoning Prevention Program (LPPP)** provides a countywide, comprehensive program of prevention, screening, and clinical services for children and their families. As a result of ongoing

intervention, the blood lead levels in children throughout the County are dropping. Through extensive outreach, education and training, LPPP decreases lead exposure of children, which causes cognitive and behavioral impairment in the County. LPPP serves about 150 children each year with elevated blood lead levels by educating their caretakers/parents about removing sources of lead, providing nurse case management, culturally and linguistically appropriate referrals, and linking them to specialized clinical services that decrease the life-long impact of lead on the child. Conservative estimates of the social and economic benefits of lead hazard control indicate that for every dollar invested in lead hazard control results in a return of \$17-\$221. LPPP also contacts adults with occupational lead exposure and provides them with education about exposure source, workplace precautions, and information on protective measures for them and their family.

e. Injury Prevention and Physical Activity Promotional Projects (IPPP) works with other County departments, cities, community groups and schools to reduce injuries and promote opportunities for everyday physical activity. The project focuses on educating children and adults about traffic, pedestrian and bicycle safety, and promoting best practices to create communities that are safer for walking and bicycling. Annual educational activities include: providing traffic and neighborhood safety presentations to over 2,000 youth and their parents, distributing bicycle helmets to over 1,000 low-income children annually and conducting over 100 elementary walking school buses and bike rodeos in neighborhoods. IPPP is currently implementing a Safe Routes to School program in collaboration with school districts and the Public Works Department in communities throughout Contra Costa.

f. The Healthy Communities Initiative captures work done in collaboration with community and health systems partners to improve the health of residents in particular cities or geographic areas of the County.

For example, the Healthy and Liveable Pittsburg Program (HLPP) promotes healthy eating and active living in the City of Pittsburg. Staff provides administrative support to a multi-sectoral collaborative which has recently developed a Community Action Plan to guide their efforts. The HEAL Zone collaborative in Concord and Healthy Richmond are two other examples of community based efforts to improve health that CW&PP supports. In December of 2015 the County Board of Supervisors endorsed the national Let's Move Campaign, an effort to engage cities, towns, schools and counties to promote healthy nutrition and physical activity, with a particular emphasis on youth.

g. Public Health Solutions Project offers training and experiential learning opportunities to introduce the concept of health equity and the field of public health to students at high schools in Richmond. The program also provides youth with internships in public health and community health settings.

A As a result of a settlement with Chevron, the county was granted \$500,000 to be used in the Underground Storage Tank Program. These funds are kept in a separate account in the general fund for future use. In addition, \$34,092 is set aside in General Fund each year to be used for the purchase of a new vehicle by the Richmond Fire Department. This fund now totals \$272,736.

Description: Includes programs to minimize or eliminate disease transmission, to preserve the environmental quality of Contra Costa County, to preserve the health and safety of the residents of Contra Costa County, and the cleanup of toxic waste spills and identification of the responsible parties.

Workload Indicators: The recommended FY 2016-2017 budget is based on a monthly average of 266 hazardous material inspections and 3,064 consumer protection inspections.

Impact: The recommended budget maintains the current level of services.

1. Hazardous Materials Program

Description:

- a. **Emergency Response Program:** This program provides an emergency response unit under the control of a Hazardous Materials Specialist 24 hours per day, seven days per week, for the identification and characterization of unknown substances and for risk assessment and oversight of hazardous materials spills and releases, mitigating releases and spills, and disposing of small quantities of hazardous wastes.
- b. **Hazardous Waste Generator Program:** Provides enforcement, education and consultation to over 1,655 hazardous waste generators for compliance with federal and state laws and regulations. Inspection activities assure a safe environment for Contra Costa workers and residents.
- c. **Hazardous Materials AB 2185 Program:** Performs review and dissemination of hazardous materials management plans and hazardous materials inventories for approximately 2,459 businesses, and inspection of businesses to ensure their compliance with their hazardous materials management plans and state and federal laws and regulations. The hazardous materials business plan information is made available to all of the fire departments and districts in Contra Costa County via the County's GIS maps.

- d. **Underground Tanks Program:** Performs inspection and permitting of approximately 1,020 underground tanks at 389 tank facilities in Contra Costa County to protect soil and groundwater from contamination by hazardous materials.
- e. **Above Ground Storage Tanks Program:** Ensures that facilities that have above ground storage of petroleum products follow their Spill Prevention Containment and Countermeasures Plan by inspecting approximately 327 facilities that have this storage.
- f. **Accidental Release Prevention (ARP):** Implements the California Accidental Release Prevention Program and the County's and Richmond's Industrial Safety Ordinances that requires regulated facilities to develop and implement a prevention program. Requires businesses to have an emergency response plan to respond to an incident and notify emergency responders and the public on protective actions to take.
- g. **Green Business Program:** Recognizes businesses that have good compliance and environmental practices by designating the business as a Green Business.

Health and Human Services

Description: To provide medical and mental health services to inmates of the county adult and juvenile detention facilities.

Workload Indicators: The recommended FY 2016/2017 budget is based on an average detention facilities census of 1,722 inmates.

Impact: The recommended budget maintains the current level of services.

1. Detention Facility Mental Health Services

Description: Provides assistance to the Sheriff's Department in the identification and management of the mentally ill in the County's main detention facility. Services include medication management, behavior management, crisis counseling, and brief therapy for the more severely disordered inmates. Program staff is available to Sheriff's staff for consultation and training.

Description: This program has responsibility for managing the financial affairs and daily support coordination of clients who are mentally ill, frail elderly or otherwise deemed to be incapable of

caring for themselves in these areas. The Public Conservator is mandated by state law and the Public Guardian is responsible to the Board of Supervisors in the performance of these duties.

Additionally, the program collects court-ordered Conservatorship related fees on behalf of other county departments.

Workload Indicators: The recommended FY 2016-2017 budget is based on an average caseload of 877 clients per month.

Impact: The recommended budget maintains the current level of services.

Description: The California Children’s Services (CCS) Program arranges, directs, authorizes and pays for medical care, equipment and rehabilitation for children and young adults under 21 years of age with CCS eligible conditions whose families are unable to pay for all or part of their care. CCS currently provides case management and occupational and physical therapy for 3,900 Contra Costa children and youth with serious medically handicapping conditions. Twelve percent (12%) of these clients are covered by “Straight CCS”, twelve percent (12%) by Medi-Cal TLICP, and seventy six percent (76%) by Medi-Cal Title XIX. Case management staff help assure clients receive the appropriate pediatric specialty care. In collaboration with community physicians, Medical Therapy Program staff provides direct rehabilitation services at 5 public school sites in Contra Costa County.

Workload Indicators: The recommended budget for FY 2016/2017 is based on a monthly average of 4,078 active cases, 849 of whom are in the MTU, and 123 new applicants each month.

Impact: The recommended budget maintains the current level of services.

A Public Administrator 2014-15 actuals and first quarter 2015-16 budget data is reflected in the District Attorney's budget.

Description: The County Administrator's Office determined that the Public Guardian and the Public Administrator perform closely related and similar duties. Both officials protect and manage the estates of descendants and at-risk individuals who are unable to make decisions. Both offices' duties and routines are governed by the same or similar laws, court rules and procedures; and both are regulated by and

appear before the Probate Court. Therefore, the County Administrator's Office believed that the transfer of the Public Administrator to the Health Services Department would be conducive to County operations.

On August 18, 2015, the County Administrator proposed to the Board of Supervisors the transition of the Public Administrator functions to

the Health Services Department. On August 25, 2015, the Board of Supervisors adopted Ordinance No. 2015-20, separating the Office of the Public Administrator from the District Attorney's Office.

The Board of Supervisors subsequently approved the transfer of the Office of the Public Administrator to the Health Services Department, appointing William B. Walker, M.D., to the Office of Public Guardian and the Office of Public Administrator effective October 1, 2015.

In order to effectively transfer the Public Administrator functions to the Health Services Department, the County Administrator's Office determined that the addition of 1.5 FTEs and increased services and supplies will be necessary to support the operations of the Public Administrator's Office. It is anticipated that the additional FTEs will support operational efficiencies that could generate additional revenues.

The Public Administrator investigates and may administer the estates of persons who are residents of Contra Costa County at the time of death and have no will or appropriate person willing or able to administer their estate. The Public Administrator receives revenue from probate case fees paid by the estates they manage. The amount of these fees is established by the Probate Code and based on the value of each estate, pursuant to Cal. Prob. Code, §§ 10800, 10810. In addition to statutory fees, the Court, upon request, may award the Public Administrator extraordinary fees for such extra work as selling real and personal property, petitioning for determination of heirship, litigation to collect assets, and defending actions against the estate and other similar matters (Cal. Prob. Code, §§ 10801, 10811).

Workload Indicator: The recommended budget for FY 2016-17 assumes implementation of the CAO's determination to add 1.5 FTE's and increase services and supplies.

Impact: The recommended budget increases the current level of services and anticipates that the Public Administrator's office will generate about \$390,000 in revenues during fiscal year 2016-17.

Description: Reduces deaths and complications resulting from medical emergencies in Contra Costa by providing regulatory oversight and coordination of the Emergency Medical Services (EMS) System. Includes funding for emergency medical dispatch, first responder and paramedic service, equipment and technology; EMS disaster and mass casualty communications; pre-hospital

electronic records, Public Access Defibrillation; specified positions in the Health Services EMS Division support local and state requirements for EMS System coordination, quality improvement, pre-hospital continuing education certification, pre-hospital training, medical oversight; and administrative and levy collection costs funded by Measure H parcel levies collected with property taxes.

Impact: The recommended budget maintains the current level of services.

1. Zone A

Description: Includes support for enhancements in first responder service, equipment and technology; EMS and disaster communications; community CPR, Public Access Defibrillation; specified positions in the Health Services EMS Division to provide program coordination, training, and medical oversight; Cardiac Arrest, STEMI, Stroke, EMS for Children, Trauma Programs, and administrative and levy collection costs. The geographic area encompasses the territory of the San Ramon Valley Fire Protection District (San Ramon, Danville, and surrounding unincorporated areas).

CAO Recommendation

The 2016-17 Recommended Budget funds the General Fund programs within the Health Services Department at the baseline level. This is an increase in expenditures of \$162.2 million, revenues of \$154.2 million, and County general funds of \$8,074,760 over the fiscal year 2015-16 level. The bulk of the expenditure and revenue increases are due to adjustments in outside funding, particularly CCHP's Enterprise Fund II.

The Health Services Department 2016-17 Recommended Budget is based on what is currently known regarding federal and State revenue that will be available in the next fiscal year. The assumptions regarding State revenues are based on the 2016-17 fiscal year Governor's Budget and may change as the California State Legislature considers the Governor's recommendations. The Department will return to the Board of Supervisors in the fall with recommended adjustments should funding from either the State or the federal government significantly change.

The 2016-17 Recommended Budget for all programs and funding sources in the Health Services Department totals approximately \$1.624 billion dollars. Of this amount, \$95 million, or 5.8 percent is County General Fund, including a \$23.4 million contribution to the Hospital and Clinics and a \$3.7 million contribution to the Contra Costa Health Plan. The balance of nearly \$1.529 billion or 94.2 percent is funded by outside revenue.

Health Services

Health and Human Services

The 2016-17 Recommended Budget maintains the current, baseline spending levels. Service levels may be adjusted depending up final budget actions at the State and federal level.

Performance Measurement

Hospital and Ambulatory Care Centers:

Goal: Continue to improve quality and safety measures as outlined in the DSRIP, regulatory measures, and accreditation requirements.

Outcome: Successful achievement of DSRIP goals. Award winning Ambulatory Care Redesign. High performance in Category 4: Urgent Improvement in Care. Highlights included dramatic reduction in Sepsis Mortality in conjunction with dramatic compliance with Sepsis Bundle. Zero Hospital Acquired Pressure Ulcer prevalence for 8 months. 100% success with Venous Thromboembolism (VTE) targets and high performance in preventing Central Line Associated infections. In the last year, we had a successful Medical Error Reduction Plan Program (MERP) Survey. The Cancer Program survey by the Commission on Cancer lead to the receipt of the 2015 Outstanding Achievement Award from the American College Surgeons' Commission on Cancer.

Goal: Continue to meet California Federal Medicaid requirements for delivery system reform (DSRIP) to improve the health of the population, improve patient experience and satisfaction and reduce per capita costs.

Outcome: All targets met except one (CLABSI ICU).

Goal: Develop and implement a Division-wide Strategic Plan with the ambitious goal of creating optimal health for all by working together with patients, staff, and the community. In the coming year we will present this plan at every worksite within the Hospital and Health Centers Division in a variety of ways including individual and group meetings, multimedia campaigns, and outreach.

Outcome: The Strategic Plan was successfully developed and rolled out across the Hospital

and Health Centers as well as shared with the Contra Costa Regional Health Foundation.

Goal: Continued refinement and expansion of Ambulatory Care Redesign work including the Advanced Access Model, the Patient Centered Health Home with expansion of alternative models of care.

Outcome: Patient Centered Health Home Model spread to all health centers in 2015. Advanced Access bundle of enhancements spread to eight health centers by November 9, 2015, spread to remaining health centers (Antioch and Brentwood) completed by January 19, 2016

Contra Costa Health Plan:

Goal: CCHP will increase the Community Provider Network (CPN) by 5% to provide care for new membership.

Outcome: We did not meet our overall goal of an increase to the CPN network by 5% for Primary Care Providers (PCP) and Specialist. We did meet the goal for PCP additions but failed to add 5% to our list of contracted specialist. However, our provider network is adequate for specialty care. With increased membership, our recruiting efforts are focused on recruiting and contracting PCP's. One of the challenges in recruitment is that three large community medical groups are entering into exclusive arrangements with the providers in the group. This arrangement locks CCHP out of contracting with those providers unless the large group will allow CCHP into their network.

Goal: CCHP will launch a new Quality Improvement Project (QIP) for FY 2015/2016. The topic will be chosen in collaboration with the State and other Medi-Cal plans.

Outcome: This project has not started but is scheduled to begin in the second half of FY 2015/2016.

Goal: CCHP will conduct a mock audit to ensure that all areas are in compliance and ready for the December 2016 submission for renewal of our NCQA Accreditation.

Outcome: The mock audit will be held in the second half of FY 2015/2016.

Goal: CCHP's Case Management (CM) Unit will increase by 10% the number of CCHP members assigned a case manager.

Outcome: The Case Management Unit has had significant staff turnover in FY 2015/2016. Although the CM Unit has not been able to meet the overall goal of increasing the total number of members assigned a Case Manager by 10%, the CM Unit has maintained an equal caseload of members despite being down 2 FTEs. Once the CM Unit is able to onboard these positions, they will easily exceed the goal. 2014 average number of clients / FTE-Case Manager was 56.6. With full staffing, the expected 2015 average number of clients / FTE-Case Manager is 68.3. Given full staffing we should see a potential 21% increase in members assigned a Case Manager.

Goal: CCHP will become core certified with the Council for Affordable Quality Healthcare (CAQH). The CAQH system is designed to:

1. Enhance interoperability between providers and payers;
2. Streamline eligibility, benefits, and claim data transactions.

Outcome: The above goal was fully met and functional by the final deadline of 12/20/15. Operational meetings with CCHP, the Contra Costa Health Services Information Technology Division and CCHP's vendor Docustream are held weekly to improve the system. We are utilizing the vendor Edifecs in order to be certified for CAQH Core

Goal: For FY 2015/2016 the Advice Nurse Unit will continue to work on decreasing their telephone abandonment rate to 5%.

Outcome: Due to an increase in lab calls and follow up telephone clinician consultation calls, the LVN's are not able to assist with many of the nonclinical calls. Most of these calls are being handled by the Advice Nurses which means longer waits for clinical calls and higher abandonment rates. CCHP must fill vacancies

and hire additional LVN positions in order to meet demands of the nonclinical and lab calls.

Goal: Fill all vacant Advice Nurse positions and work on updating step criteria for permanent nurses.

Outcome: We were not able to meet our goals for FY2015/2016 due to an increase in resignations in the Advice Nurse unit. It has been very difficult to recruit new nurses to fill our vacant Advice Nurse positions. Both of our part time LVN's have decreased their number of available work hours. We hope that a newly approved salary and benefit structure will improve our ability to hire.

Goal: Pay less interest fees to providers by improving the timing of claim payments.

Outcome: We are meeting our goals of reducing interest paid from last year to this year. We have reduced our payable interest by approximately \$63,000 compared to last year.

Goal: CCHP Member Services will lower their telephone abandonment rate to less than 10%, achievable with increased staffing.

Outcome: Member Services reduced the telephone abandonment rate to 9% for the first 10 months in 2015. Staff numbers were increased to allow for more timely service to members during that time.

Goal: CCHP Pharmacy staff will turn around pharmacy authorization requests within 24 business hours 80% of the time.

Outcome: CCHP pharmacy prior authorization turnaround time has been steadily improving since June 2015. Approximately 50% of prior authorizations were turned around within 24 hours in June 2015, and with each subsequent month the pharmacy unit improved turnaround time by more than 10%. The goal of 80% (82.6%) was reached in September 2015. With full staffing we expect to maintain this goal long term.

Goal: CCHP will implement home infusion pharmacy billing through the Pharmacy Benefit Manager (PBM).

Health Services

Health and Human Services

Outcome: Home infusion pharmacy billing through the PBM is in the final stages of implementation. Currently one of our major infusion pharmacies is billing a great majority of their infusion orders online through the PBM. Later this year, two additional home infusion pharmacies will start billing through the PBM.

Mental Health:

Goal: Children's Behavioral Health will continue to move to offer all three current best practices in each regional clinic and expand our MST and MDFT Programming.

Outcome: We have expanded the use of three EBP's and have added Family Based Therapy (FBT) as a family therapy intervention for eating disorders. Additionally, through collaboration with Juvenile Probation, we have added Functional Family Therapy to our EBP repertoire.

Goal: Children's Behavioral Health will partner with Employment and Human Services Department to complete the implementation of Katie A. services and hire a Katie A. Program Manager.

Outcome: We have hired a Katie A. Program Manager, and we are in to the third year of implementation. Currently there are about 300 children enrolled in Care's, our Katie A. subclass cohort, that are receiving intensive services including Intensive Care Coordination (ICC) and In Home Behavioral Service's (IHBS) when needed. All children in this group receive ICC service.

Goal: Children's Behavioral Health and Alcohol and Other Drugs (AOD) will integrate Alcohol and Other Drugs Services into each of the Regional Clinics two days per week.

Outcome: West County Children's Clinic is participating in a pilot of this effort which has resulted in onsite recovery efforts and greater coordination with the regional clinic. Once staffing in AOD is available this model will be rolled out to the other regions of Contra Costa County.

Goal: Develop a plan for achieving a structurally balanced MHS budget, where

projected revenues match projected expenditures.

Outcome: The budget narrative for the MHS Plan Update for FY 2015-16 contains an analysis that tracks both the history as well as projections for revenues versus expenditures. Coupling a revised upward estimate of MHS revenues in future years with a revised downward projection of expenditures it is determined that current total budget spending authority will not need to be reduced in order to fully fund current MHS programs and plan elements in future Three Year Plans.

Goal: Implement the mental health treatment portion of Laura's Law, or AB 1421.

Outcome: The Behavioral Health Services (BHS) developed and received Board approval for an Assisted Outpatient Treatment (AOT), or Laura's Law, Program Design in June 2015. Via competitive bid process CCBHS contracted with Mental Health Systems, Inc. (MHS) in October 2015 to implement the treatment portion of Laura's Law. MHS is recruiting, hiring and training the multi-disciplinary staff team necessary to provide outreach, engagement and Assertive Community Treatment (ACT) to individuals deemed by the County to be eligible for the program. The treatment delivery of the AOT program is scheduled for early 2016.

Goal: Fully implement all planned Innovation Projects, to include the Wellness Coaches, Partners in Aging, and Transportation projects.

Outcome: The Wellness Coaches Innovative Project has hired BHS Community Support Workers and staff received training in November 2015. The Partners in Aging Innovative Project received State approval to proceed with implementation in November 2015, and will proceed with hiring staff in early 2016. The Transportation Innovative Project is scheduled for State approval in early 2016, with staff hiring and training to follow. All three projects are on track for implementation by end of FY 2015-16.

Goal: Develop an updated Cultural Competency Plan for 2015-2018.

Outcome: Contra Costa, as well as other California counties, is charged with creating a

cultural competency plan to address the needs of multicultural communities by implementing culturally and linguistically competent mental health services. The Department of Health Care Services will require Counties to submit a revised Cultural Competency Plan for 2016-2019. The Plan is typically submitted in 2015; however, due to delays in the release of Plan guidelines by DHCS the Plan will be submitted in 2016. Contra Costa Behavioral Health plans to revise its document accordingly to include the Alcohol and Other Drugs and Homeless Programs within our integrated system of care.

Goal: Continue to offer computer training courses to Behavioral Health staff, with particular focus on the most frequently used clinical forms.

Outcome: This objective was met. The Mental Health Program (MHP) offered a week of training opportunities at the Contra Costa Behavioral Health Administrative Offices from June 23 through June 30 for all Behavioral Health staff. Offered courses included Microsoft Word, Excel, and PowerPoint. All courses included beginner and intermediate sessions. Eight courses were offered to staff each 2 hours in length. There were 70 attendees who enrolled and completed the courses (please note that some attendees attended multiple courses). MHP plans to implement additional trainings in 2016, which will include step-by-step tutorials on how to complete and save electronic versions of Mental Health's frequently used clinical forms (e.g., Progress Notes, Clinical Assessment, and Psychiatric Assessment).

CCMHP met this objective, as 70 staff were provided computer literacy training. All of these trainings were very well received by staff and those who were surveyed gave each of the instructors and the content high markings. In 2016, CCMHP's objective will once again be to train approximately 10% of staff on basic computer literacy concepts.

Goal: The Behavioral Health Tapestry Project will replace the antiquated NetPro Authorization and Claims Processing System for the Case Management Unit with Epic's Tapestry modules, which include Customer Relationship

Management (CRM), Referrals, Accounts Payable and Contracts (AP Claims and Contracts), and Plan Link. Additionally, third party applications such as Provider Management Information Systems (PMIS), Hyland OnBase Document Imaging, and claims processing services (DocuStream) are included as part of this project to further automate and integrate both information systems and the systems of care workflows and processes. The purpose of this project is to implement an integrated system which will allow Behavioral Health to realize the following benefits:

- Improve efficiency of the Behavioral Health's Care Management Unit's Access Line through the implementation of Epic's Customer Relationship Management (CRM) module.
- Improve quality of Behavioral Health's Provider profiles used for referring clients to Network Providers through the utilization of Provider Management Information System (PMIS).
- Improve efficiency of initial referral entry and re-authorization of services with Behavioral Health's Network Providers through Tapestry Referrals module.
- Improve communications and coordination of care with Behavioral Health's Network Providers through the use of PlanLink Web Portal.
- Improve accuracy of authorizations and claims adjudication by front end eligibility checking through the implementation of Epic's Registration, Eligibility, and Enrollment modules.
- Automate claims processing workflows with the coding of business rules and contracts for providers through the implementation of AP Claims, Contracts, and Benefits Engine within Epic's Tapestry module.
- Automate claims processing data entry with the implementation of Claims EDI Processing Services to allow for the automatic loading of claims to Epic's Tapestry module.

Health Services

Health and Human Services

- Implement document imaging of hard copy documents for inclusion in the consumer chart for improved coordination of care within Behavioral Health.
- Implement In Basket Messaging to allow for improved care and coordination of services amongst the care management team and across Behavioral Health.
- Meet Medi-Cal requirements of logging all consumer calls received through the Access Line to ensure appropriate access to services and care through the implementation of Epic's Customer Relationship Management (CRM) module.

Outcome: A Project Charter was finalized in February 2015. Objectives of the Behavioral Health Tapestry Project have been met as we are ramping up for a February 2016 go-live for Behavioral Health. Final training will occur in early 2016.

Alcohol and Other Drugs (AOD):

Goal: Develop processes and formal structures to facilitate enrollment and access to benefits through Medi-Cal expansion, and obtain Medi-Cal coverage for populations not traditionally eligible, such as formerly incarcerated individuals.

Outcome:

- Completed the development of a procedure at each treatment facility to ensure enrollment upon admission Medi-Cal beneficiaries would be enrolled, which included revision of currently utilized screening/intake tools.
- Provided two trainings during the year to Substance Use Disorder (SUD) Providers to increase Medi-Cal enrollment.
- Arranged for BH Medi-Cal enrollment counselors to visit all of the treatment facilities to enroll AOD clients in Medi-Cal.

Goal: Establish a baseline penetration rate within the first quarter of FY15/16 by assessing current caseload in our MIS, and expand the baseline rate by 10%.

Outcome: This goal was met and we exceeded the projected 10% from the baseline data captured in our MIS system and MAA reporting efforts. Most recently, data collected from the Behavioral Health Access Line this year indicates an increase in the number of Medi-Cal beneficiaries as compared to the beginning of the year. Our Access Line counselor played a critical role in facilitating access to the Behavioral Health financial counselors to ensure that uninsured callers benefit from health care insurance.

Goal: Expansion of Drug Medi-Cal provider base from four (4) to six (6). Encourage existing and potential providers to expand or modify their services into diverse levels of care, and/or to target culturally diverse populations. Encourage providers to increase utilization of DMC revenue among all DMC eligible clients proportionate to Block Grant allocations.

By adding new providers we increase access to services, decrease wait list time, expand underutilized resources, and reduce health disparities.

Outcome: Community based providers waited until the county opted into the DMC Waiver to submit their applications. At least 2 providers have submitted applications to the Department of Health Care Services (DHCS) but many have participated in DHCS sponsored webinars to learn about newly adopted emergency requirements and preparing applications. As part of the Drug Medi-Cal (DMC) Waiver planning process, all providers have been encouraged to expand services into different modalities and levels of care and we have provided ongoing technical assistance on as needed basis in the preparation of DMC applications.

Goal: Support local efforts to establish the development of Medication Assisted Treatment (MAT) for opioid dependent individuals as a new SUD treatment benefit option under ACA.

Outcome: We conducted a focus group with MAT physicians and clients and have completed a Program Design for MAT clients which we should be able to implement under the Waiver. We partnered with Health Care for the Homeless Ambulatory Care in their HRSA application to serve MAT homeless patients. If approved, the

program will build on the design developed earlier. In collaboration with the Health Plan, we continue to explore opportunities to locate a MAT clinic in Central County.

Goal: Support the goals of the Behavioral Health Division Integration efforts in Contra Costa. AOD will integrate services within Mental Health and Homeless Services to provide efficient and effective care to individuals with complex and diverse needs through the following objectives or initiatives:

1. Continue to improve quality of implementation processes of the Substance Use Disorder (SUD) treatment at the Mental Health El Portal Clinic, a behavioral health integrated treatment, and apply for State DMC certification for sustainability reasons. In FY16/17, increase the number of admissions into SUD treatment at El Portal by 10% from current admission level data for FY15/16.
2. Continue providing outreach, engagement, groups and linkages to treatment at the Homeless Adults Shelter and Calli House. Strengthen the structure of POWER programs in collaboration with Anka to ensure immediate access to SUD treatment for homeless clients. Continue to support the presence of the Housing Specialist at the Discovery House and expand model to an additional residential facility.
3. Support discussions and activities intended to update the BH Cultural Competency Work Plan and Workforce Development.
4. Participate in Primary and BH Integration efforts including Miller Wellness Center, Case Management, Health Care for the Homeless, and SBIRT.
5. Maintain staff support in the newly Integrated Access Line, support the development of procedures intended to streamline referrals and co-location. Track referral data and follow up to clients. Participate in Value Stream Mapping and Rapid Improvement Kaizen events.

6. Continue documenting admission of clients with co-occurring disorders at Discovery House; develop formal internal and external protocols for meeting their needs, and supporting long term recovery.
7. Continue work at West County Mental Health Children and Adolescent Clinic.
8. Maintain SBIR Women Services at the three Healthy Start Clinics and WIC programs, and increase the number of screenings and referrals by 5%.

Outcome 1. We have increased our admissions at El Portal as proposed, but have not yet applied for DMC certification. We are waiting for the approval of the County Implementation Plan which might take place in the Fall of 2016.

Outcome 2. We have maintained presence at the Concord Shelter and have increased the number of referrals from homeless clients to Discovery House. Our early engagement work at Brookside has been momentarily discontinued, but we plan to reestablish AOD support at the Adult and Youth Shelter in the very near future. The Housing Specialist continues serving clients at Discovery House on a monthly basis, but we have also assigned a Case Manager to attend weekly Homeless Case Conferences.

Outcome 3. This goal was met. Behavioral Health now has an Integrated Cultural Competence Workplan and we maintained presence at every meeting this year.

Outcome 4. We participated in various integrated meetings such as: Miller Wellness Center Workflow Development, Integrated Case Management, and Alternate Mental Health with CCHP.

Outcome 5. Our AOD Counselor has remained co-located at the Behavioral Health Access Line, and participates in weekly integrated staff meetings. Every week data regarding the number of bidirectional calls is recorded and efforts to increase such calls and opportunities for integrated projects is supported. New projects implemented at Access have included Tapestry procedures and phone access point. There were no Value Stream Mapping Kaizen events this year.

Health Services

Health and Human Services

Outcome 6. We have met this goal, and have improved our internal and external protocols to link clients to appropriate services. The accessibility to the Miller Wellness Center for all AOD clients has been an important resource for immediate access to a Psychiatrist, Mental Health Clinician or medication refill/prescribing. As a result the number of SUD clients going into the Psych Emergency room for medication refill has decreased.

Outcome 7. Services at Children's Mental Health were discontinued mid-year, but we plan to resume as soon as possible.

Outcome 8. This goal was met as projected.

Goal: Increase the engagement and retention rate among clients connected to realignment who are served in our treatment services.

Outcome: This goal was met as projected. We conducted several trainings and meetings with our community based providers intended to build skills, procedures and protocols to engage and retain clients. We also implemented a Treatment Improvement Project (TIP) targeting our most hard to engage clients by implementing case management services with this population. This has proven highly effective.

Goal: Continue supporting the goals and objectives of the AOD Prevention Strategic Plan.

Outcome: This goal has been met.

Goal: Expand and Enhance SAMHWorks: Wellness to Independence behavioral health services to individual clients to include new CalWORKS Family Stabilization services for SAMHWorks families.

Outcome: This goal has been met. We have implemented two new parenting-oriented programs targeting Family Stabilization clients and other SAMHWorks families. Both programs are in full operation and successfully providing services.

Homeless Programs:

Accomplish the goals as defined in the updated Strategic Plan to End Homelessness.

In addition, the Homeless Program aims to successfully integrate housing and services with other programs within the Behavioral Health Division to provide an even more effective system of care for consumers with complex needs.

Housing

Goal: Add more permanent supportive housing through various resources that provide rental vouchers and other support services.

Outcome: Added 32 rental assistance vouchers to the homeless Continuum of Care.

Goal: Continue to plan for the development of permanent housing units with supportive services for homeless individuals and families through the homeless conveyance process the Concord Naval Weapons Station.

Outcome: Meetings will resume with the City of Concord and the Homeless Collaborative in 2016 towards the development of homeless housing on the CNWS.

Goal: Fulfill our commitment as a Community Solutions Zero:2016 participating community to end homelessness for veterans in Contra Costa by end of 2015.

Outcome: From January 1 to November 1, 2015, housed 180 veterans, an 18% increase over the same time period for the previous year. On track to reach goal of housing 237 veterans by February 2016.

Services

Goal: Continue to provide case management and housing services to homeless veterans and re-entry populations.

Outcome: The Homeless program continues to provide services to homeless veterans and re-entry populations through VA Healthcare for Homeless Veterans grant and per diem program and Public Safety (AB109) realignment.

Health Services

Health and Human Services

Goal: Increase the availability of case management and other support services to persons residing in Permanent Supportive Housing Rental Assistance Programs.

Outcome: Added three (3) staff to provide support services to supportive housing programs, including Board and Cares.
Outreach/Engagement/Community Awareness

Goal: Continue efforts to hold Project Homeless Connect events throughout the year.

Outcome: The next PHC will be held in Antioch in June 2016, with plans for continued annual events in following years.

Goal: Conduct a countywide point-in-time count in January 2016 of homeless individuals who are residing in shelters and other temporary, transitional housing situations, or who are living on the streets and in homeless encampments in our community.

Outcome: The next point in time count (PIT) was conducted January 27-29th, 2016.

Goal: Strengthen the multidisciplinary outreach team in Contra Costa that targets individuals who are living outside, particularly those living in homeless encampments

Outcome: Working to achieve this goal through increased collaboration, communication, and funding with broad base of partners as part of Coordinated Entry. An initial investment of more than \$500,000 through HUD funding will be awarded and available FY 16-17.

Data/Evaluation/Policy and Planning

Goal: Increase community-based homeless service provider participation in the Homeless Management Information System (HMIS) to achieve a greater than 95% bed coverage rate.

Outcome: STAND and Mt Diablo Unified School district now use HMIS. Continue to encourage other key agencies not yet using HMIS to join.

Goal: Work with the Council on Homelessness and homeless service providers to set

continuum-wide performance measures for homeless services within the continuum of care.

Outcome: Performance measures have been developed and approved by the community of homeless service providers, and work has begun to determine most appropriate format for reporting.

Goal: Work with the Council on Homelessness to draft and approve a governance charter for the advisory board.

Outcome: A governance charter was drafted and approved in July 2015 by the Council on Homelessness. Additionally, revised bylaws for the Contra Costa Council on Homelessness will go before the BOS for approval on 1/12/16.

Public Health:

Goal: Collect data to monitor influenza vaccination coverage of staff in assisted living facilities to measure compliance with the Health Officer Influenza vaccination mandate.

Outcome: Created an online survey for assisted living facilities. All of the facilities that responded to the survey implemented the health officer vaccination mandate. Estimated staff compliance ranged from 70%-100%.

Goal: Collect immunization assessment data for compliance with child care and school vaccination mandate, including personal belief exemptions in Contra Costa.

Outcome: For the 2014-2015 school year, the percentage of Contra Costa County children enrolled in child care who are up-to-date with all school-required immunizations was 92.1%. The percentage of children in child care with a personal belief exemption was 2.1%. For children enrolled in kindergarten, 95.1% of them were up-to-date and 2.0% had a personal belief exemption.

California Children's Services

Goal: Continue to assess the program's needs as the number of active cases increases.

Health Services

Health and Human Services

Outcome: CCS met goal and will continue to assess.

Goal: Full implementation of OnBase to be used as an active and closed electronic record system.

Outcome: CCS is using OnBase for the closed electronic record system.

Goal: CCS Medical Consultants to continue to support John Muir Walnut Creek in its objective to secure certification for its PICU.

Outcome: The CCS Medical Consultants continue to assist John Muir Medical Center Walnut Creek with CCS paneling of their providers and foster connection with John Muir directly with State approval authorization team. The CCS Medical Consultants maintain communication with John Muir Walnut Creek as they move through development of opening and initial efforts to meet CCS approval of requirements for PICU certification.

Goal: CCS Nurse Case Managers to continue to participate in roundtable meetings to improve care coordination. CCHP Community Provider Network meetings to educate providers about CCS, and encourage provider paneling by actively recruiting providers via office visits, e-mail and phone contact.

Outcome: CCS reassigned Medical Social Worker II to attend Round Table meetings to meet the needs for both Administrative and Medical Therapy Unit representation at the Round Table meetings.

CCS Program conducts outreach and encourages providers to become CCS Panelled collaboratively with CCHP Provider Relations.

Goal: Hire an account clerk to assist families and providers in reaching medical claims resolution, process MTP Patient Therapy Claims (PTRs), and assist with various other fiscal and accounting duties.

Outcome: Account clerk was hired in CCS.

Environmental Health:

Goal: Protect the waterways and groundwater of the County.

- Conduct public outreach for the draft revised on-site wastewater treatment system (OWTS) ordinance and regulations.
- Obtain approval of the Board of Supervisors of the revised OWTS ordinance and regulations.
- Conduct additional public outreach for the Board of Supervisor approved- OWTS ordinance and regulations.
- Incorporate use of laptops in the field to capture data during OWTS construction/destruction, well construction/destruction, and soil boring destruction and other field inspections. All field work will incorporate collection of global positioning system (gps) data.
- Summarize the efforts to inspect all alternative OWTS previously constructed and the findings of as to whether they meet current, local ordinance and anticipated state regulations.
- Develop and make available well destruction guidelines, provide dewatering guidelines, and develop and make available pump test guidelines.

Outcome:

- With county counsel assistance, drafted OWTS ordinance and regulations.
- In calendar year 2015, oversaw the construction of about 50 water wells, two-thirds of those to be used for agricultural or irrigation purposes.
- In calendar year 2015, approved the plans and oversaw the construction of 22 alternative OWTS and 13 conventional OWTS, 23 septic tanks replacements, and 61 septic tank abandonments.

Goal: Ensure that solid waste is properly treated and disposed.

- Obtain Board of Supervisor approval for a revised illegal hauler ordinance which is needed to reduce illegal dumping.

Health Services

Health and Human Services

- Implement a permitting program for closed and abandoned landfills, and for facilities operating under Enforcement Notification procedures as defined by the state oversight agency.
- Enlist CalRecycle's assistance to clean up the Rodeo Swim Club.
- Develop, test and implement a process to pursue legal action against illegal transfer stations.
- Investigate and ensure clean-up in a timely fashion all illegal dumping complaints.

Outcome:

- Facilitated and presented the Local Enforcement Agency's position on the permit revision to the appeal before the Independent Hearing Panel (IHP). The LEA's position was upheld by the IHP.
- Organized and presented in written form the LEA's position to CalRecycle when the IHP's decision was appealed.
- Investigated over 468 solid waste complaints, primarily illegal dumping, and as of January 26, 2016 had resolved 397.

Goal: Improve food safety. Provide consistent and user-friendly information about retail food establishment inspection results. Field standardize all staff to incorporate Federal Food Program Standardization. Inspect all food facilities one to three times per year based on risk. Post a placard at all food facilities that reflect a risk-based inspection score. Work with local environmental health jurisdictions and other stakeholders to improve the new cottage food program through clean-up legislation. Create guidelines and procedures for EH inspectors, and provide additional training for staff that will need to enter private residences for inspections.

Outcome:

- Hired and trained ten new inspectors.
- Conducted 4,119 unannounced, routine inspections of retail food facilities.
- Due to the number of vacant districts and then the training of the new inspectors,

expected inspection frequencies were not met.

- Placarding postponed to 2016.
- All veteran staff have been field standardized per Food and Drug Administration procedures.

Goal: Improve EH enforcement outcomes and promote EH services via an effective and comprehensive outreach effort. Carry out all annual activities as defined in the EH Outreach Plan, carry out all one-time activities as defined in the calendar year outreach plan, develop and implement a tracking system of the outreach efforts, review content on website annually to ensure the most up to date material and valid links are available.

Outcome: Outreach activities that occurred:

- The yearly letter to city managers and chambers of commerce; was sent.
- The Division brochure was updated with new statistics, and distributed at more than 20 events, and posted on the website;
- Participated in several health fairs, chamber of commerce events, student fairs.
- Provided food safety training at the adult schools in Richmond, Concord, Martinez and Pittsburg.

Goal: Increase health and safety for users of pools, including spray grounds and water features. Continue to participate in the process to rewrite Title 22 which focuses on the operation of pools and spas and other water features. If passed within the year, implement the new laws, first by training staff and stakeholders.

Outcome:

- Created and used in the 2015 summer inspections a checklist Official Inspection Report for public pools and spas.
- Created a comparison chart of the old and new Title 22 regulations which is being used by jurisdictions state-wide.

Health Services

Health and Human Services

- Revised the Official Inspection Report to address Title 22 changes and this was placed into software format for tablet usage.

Goal: Increase safety for customers of tattoo and body artists. Continue permitting as required by state law of all tattoo and body artists, inspect fixed facilities at a minimum of twice a year, establish a process to inspect mobile tattoo and body artists at least twice a year, and establish and implement a process to inspect temporary events with tattoo and body artists.

Outcome:

- Thirty eight body art facilities were inspected, and 136 body artists were registered.
- No mobile inspections required, under revisions to law no mobile tattoo facilities allowed.
- One temporary event involving body art occurred in the county, and was inspected.
- Began working with the district attorney to enlist unpermitted body art facilities found advertising on the internet to become legal.

Goal: Increase efficiency of office processes. Continue process of scanning historic documents to move from paper to paperless; move from paper inspection and desktop to tablet based field operations, incorporate web-based payment for services, conduct efficiency studies of work practices especially related to customer service and EH interface with the Finance Division.

Outcome:

- Finished scanning and inputting into OnBase the Code Enforcement, Mobile Food, Solid Waste, Waste Tire, and Public Pool current and historical files.
- Tablets are used for routine inspection of fixed food facilities and waste tire and solid waste complaint investigations.
- Eliminated the use of paper for internal tracking of complaint resolution.

Goal: Be prepared to provide excellent EH emergency response, provide two trainings for on-call response, evaluate responsiveness of on-call inspectors, actively participate in County and departmental emergency preparedness teams and training, and actively participate in at least one disaster drill.

Outcome:

- Conducted quarterly drills with EH staff.
- Actively participated in the department's Emergency Management Team quarterly meetings and the planning group for that team.
- Division was activated, management and staff participated in the department and county operations centers as part of the Med Health Branch statewide drill in fall 2015.

Additional Outcomes in Other Program Areas:

- Streamlined plan review for food facilities and public pools/spas, and changed from fee for service to set fees.
- With additional fees from the state, began working with the 171 small water systems in the county to have those input data through the web.

Hazardous Materials:

Goal: California Accidental Release Prevention Program: Complete 12 California Accidental Release Prevention Program audits.

Outcome: 13 inspections were performed for fiscal year 2015/2016.

Goal: Unannounced Inspections: Perform 10 unannounced inspections during fiscal year 2016-2017.

Outcome: 10 unannounced inspections were performed in fiscal year 2015/2016

Goal: Aboveground Petroleum *Storage Act Program*: Inspect approximately 109 facilities that are covered by this program.

Health Services

Health and Human Services

Outcome: 88 Aboveground Petroleum Storage Act Program inspections were performed in fiscal year 2015/2016

Goal: Incident Response Program: Respond to all incidents within one hour, and ensure that all incidents are mitigated safely and effectively without injuries.

Outcome: All incidents were responded to within one hour and all were mitigated without incident to date.

Goal: Hazardous Materials Business Plan Program: Complete approximately one-half of all of the facility inspections that are subject to the program, or approximately 1,230 facility inspections. The goal is to ensure that all Hazardous Materials Businesses will have been inspected within the last two years.

Outcome: 610 Hazardous Materials Business Plan Program inspections were performed to date.

Goal: Hazardous Waste Generator Program: Complete one-half of all of the facility inspections that are subject to the program, or approximately 828 facility inspections. The goal is to ensure that all facilities that generate hazardous materials will have been inspected within the last two years.

Outcome: 385 Hazardous Waste Generator inspections were performed to date.

Goal: Underground Storage Tank Program: Complete an inspection of all underground storage tank facilities in fiscal year 2015-2016. Approximately 389 facilities are subject to the underground storage tank regulations.

Outcome: 353 Underground Storage Tank Program inspections were performed to date.

Detention Facilities Programs:

Goal: Implement a Hazardous Communication Plan for Detention Health Services

- a. Provide training to all Detention Health staff on the division's newly implemented Hazardous Communication Plan.

- b. Develop Inventory/Ordering System for all facilities.
- c. Create SDS Manuals for each facility.

Outcome:

- a. Sixty-Three percent of Detention Health Services Staff have received training specific to Detention Health Services new Hazard Communication Plan implemented in 2015. Training is on-going.
- b. Supply inventory system and product standardization is on-going for all detention centers.
- c. All Detention Health Services computer workstations have an electronic short cut to access the Health Services Materials Safety Data Sheet Manuals. Staff can look up any item that is used by Health Care staff.

Goal: Promote, support and sustain the Detention Health Services Safety Committee Program, and provide on-going staff development through a variety of safety training programs/modalities.

Outcome:

- a. New Staff Safety Orientation and Staff Safety Update – staff trainings were updated in 2015.
- b. Detention Health Services Crisis Prevention Institute (CPI) Trainer attended the National CPI Convention for re-certification.
- c. Detention Health Services Safety Coordinators worked collaboratively with County Risk Management and Health Services Personnel to address language in Cal/OSHA's new Workplace Violence Prevention Regulation slated for roll out in July 2016.

Goal: Develop internal Nursing/MH discharge planning resources to assist inmates in transitioning back to the community upon release. Resource will include:

- a. Discharge Medications
- b. Medi-Cal application assistance
- c. Inter-departmental collaboration
- d. Patient resource guide/card for inmates to be released.

Outcome: Detention Health Services leadership has provided presentations, information and facility tours to a variety of community based organizations and county

Health Services

Health and Human Services

departments over the past fiscal year detailing health/mental health care service provision for the incarcerated.

Detention Health Services meets regularly with the Reducing Health Disparities group to improve and develop better linkage for services pre and post release for incarcerated inmates. Educational materials are posted in clinic waiting areas describing services. A referral process has been developed in ccLink so Detention Health Services staff can make direct referrals to the Transitions Health Clinics at the West County Health Center for inmate/patients being released from custody. Additional information is provided for community support groups specifically tailored to meet the needs of the formerly incarcerated.

The Detention Health Services “Pocket Information Card,” was rolled out in 2016. This card gives the inmate/patient specific information and resources about services available in-custody and post release services.

Administrative and Program Goals

Hospital and Ambulatory Care Centers:

Goal: Development and tracking of quality and safety measures as outlined in PRIME, regulatory measures and accreditation requirements.

Goal: Meet or exceed California Federal Medicaid requirements for PRIME which will improve the health of the population, improve the patient experience and customer satisfaction, and reduce per capita costs.

Goal: Initiation of Specialty care redesign to improve access for patients and meet benchmark and outcomes metrics consistent with PRIME Medicaid waiver.

Goal: Integration of Behavioral Health and Primary Care: To improve physical and behavioral health outcomes, care delivery efficiency and patient experience by establishing or expanding fully integrated care, culturally and linguistically appropriate teams – with expertise

in primary care, substance use disorder conditions and mental health conditions.

Goal: Ambulatory Care Redesign: Primary Care patients will experience timely access to high quality, efficient, and equitable primary care, designed to work collaboratively with patients and other care providers in achieving and maintaining optimal patient health, and avoiding unplanned interventions.

Goal: Care Transitions, Integration of Post-Acute Care: To ensure the coordination and continuity of health care as high-risk patients, with chronic health conditions, behavioral health conditions and/or housing instability, move from the hospital to the ambulatory care setting.

Goal: Complex Care Management for High-Risk Medical Populations: To implement, and/or improve upon, a complex care management model for targeted high-risk patient populations, that facilitates the appropriate coordinated delivery of health care services, is better able to meet the patient’s needs and preferences and results in improvement of the patients’ health outcomes.

Contra Costa Health Plan:

Goal: To be compliant with the California Department of Health Care Services (DHCS) requirements by implementing a pro-active Fraud Detection Program for our claim payment system. Reviewing claims via pre-payment for possible fraud, waste and abuse activities will help CCHP save money on potential fraudulent or wasteful claims.

Goal: To reduce manual pricing, CCHP will setup the Medicare based fee schedules, Ambulatory Payment Classification (APC) and Outpatient Prospective Payment System (OPPS), within our claims processing systems.

Goal: CCHP Claims Unit goal is to reduce interest paid on late paid claims. We intend to reach this goal by filling all approved positions and scheduling overtime as needed based on claim volume. This goal may be affected by unforeseen increase in membership and subsequent increase in claim volume.

Goal: In FY 2016/2017 the Advice Nurse Unit goal is to fill all vacant Advice Nurse and LVN positions. The increase in pay with the new pay scale for Advice Nurses should assist in being able to recruit new nurses.

Goal: Decrease the number of non-clinical calls that are handled by RNs. We have added an additional full time LVN position to assist with non-clinical calls; labs and member follow up calls. We will work with the new phone system team to determine ways to direct non clinical calls to the appropriate department without having the patient wait in the queue.

Goal: CCHP's Case Management Unit will increase by 10% the number of CCHP members assigned a case manager.

Goal: In an effort to reduce avoidable emergency room visits, CCHP Case Management will implement letters to members educating them to contact our Advice Nurse Unit for care alternatives.

Goal: In conjunction with the Information Technology Department, CCHP pharmacy will improve availability of prescription claims/fill data to providers: CCRMC via our internal department Epic system and CPN via a provider web portal.

Goal: CCHP pharmacy unit will track hepatitis C cure rates via SVR12 or SVR24 (sustained viral response for 12 to 24 weeks) in 100% of treated patients.

Goal: CCHP pharmacy unit will collaborate with CCHP quality management unit to identify pharmacy related metrics to inform health homes regarding panel management, with the measurable goal of improving patient outcomes (e.g. A1C monitoring, flu vaccine adherence, antihypertensive vs renal function, asthma management, opiate utilization etc.).

Goal: Apply for NCQA Accreditation renewal and receive three year Accredited status.

Goal: Implement comprehensive, web-based health risk assessment and associated tools to help Medi-Cal members improve their health status.

Goal: Provider Relations will increase the Community Network Primary Care Provider's by 3% to meet the increasing membership needs. This will be done by working collaboratively with three major medical groups, that are now exclusive, to contract with CCHP.

Mental Health:

Goal: Children's will continue to move to offer all three current best practices in each regional clinic and expand our MST and MDFT Programming.

Goal: Children's and Alcohol and Other Drugs will integrate Alcohol and Other Drugs Services into each of the Regional Clinics two days per week.

Goal: Conduct a Community Program Planning Process and develop the MHSa Three Year Program and Expenditure Plan for FY 2017-20.

Goal: Implement program and data reporting adjustments brought about by newly promulgated state regulations in the Prevention and Early Intervention (PEI) and Innovation (INN) components of MHSa.

Goal: Children's Behavioral Health will partner with Homeless Services to implement and plan for a method of assessing and intervening with Family homelessness.

Goal: Children's system of care will implement the CANS (Child and Adolescent Needs Survey) as the standard system wide assessment tool for children's mental health. This will be implemented in stages with the first step being a pilot of the tool within a suitable identified program. A learning management system will need to be researched and identified to support outcomes data collection, reporting and analysis as well as to provide an automated tickler system to clinical staff for outcomes assessment and reassessment.

Goal: Adult's system of care will select and implement one evidence base practice. The adult system will apply lessons learned from the Children's system of care, and will adopt a similar workforce structure to lead implementation. The Adult system will gear up

Health Services

Health and Human Services

to offer at least one evidence based practice implemented across the three regional clinics.

Goal: Access Line is continuing to focus on decreasing the number of abandoned calls (callers who hang up after waiting for the line to be answered) by increasing the response time (decreasing the time it takes for the call to be answered). With the launch of a new phone system, InContact, the Access Line and Care Management Unit hope to have better metrics on the volume and type of calls to and from both departments, and more enhanced call features that improve workflow and the customer service. With the launch of EPIC's Tapestry managed care module scheduled for early 2016, the Access Line and Care Management Unit will have access to more accurate data, better coordination of care across the system of care, and increased focus on timely access to care. The Access Line will be continuing to expand the new Community Support Worker's outreach follow up role to include a satisfaction survey to track timely access to service, satisfaction, and outcome measures.

Goal: Forensic Mental Health Services is a county wide outreach team that engages criminal justice involved clients who are challenged by behavioral health issues. The goal of the team is to connect clients to outpatient services to decrease utilization of crisis services. Clients are assisted with reentry from the custody setting back to the community to avoid repeat incarceration.

Goal: The aim of Rapid Access is to provide a rapid response in providing services to the client from within the clinic. If the client recognizes the clinic as an open door to resources, the client is more likely to reach out to his/her team and decrease his/her usage of high levels of services such as crisis stabilization, psychiatric inpatient, crisis residential, and detention. This will allow the client to sustain stabilization at a lower cost.

Goal: The primary goal of Intensive Care Management is to support aging in place for older adults (60 and over) experiencing severe mental illness as well as to improve consumers' mental and physical health, prevent psychiatric hospitalization and placement in a higher level of care, and provide linkage to specialty appointments, community resources and events,

and public transportation in an effort to maintain independence in the community. The primary goals of the IMPACT Program are to prevent more severe psychiatric symptoms in older adults (55 and over) who are experiencing moderate to severe depression by providing short-term evidence-based therapy designed to treat depression, assisting clients in accessing community resources as needed and reducing stigma related to accessing mental health treatment for this underserved population. Primary goals of the Senior Peer Counseling Program are to prevent more severe psychiatric symptoms and loss of independence in older adults (55 and over) experiencing mild depression and other age-related stressor reduce stigma related to seeking mental health services, and increase access to counseling services to these underserved populations.

Goal: The Transition Team provides short term intensive Case Management services to individuals who need extra support and linkages to multiple services which in addition to mental health care, includes health insurance, a source of income and housing. This level of service allows these consumers to successfully get connected to needed Mental Health treatment and provides the support needed to keep them linked to treatment services. Connections to these services are crucial to their ability to become and remain stable in the community. The Transition Team is committed to providing services in the community, wherever our clients are located, if they are unable or unwilling to receive services in a clinic setting. By being flexible with our service provision, we help remove the barriers that keep consumers from receiving the mental health treatment that they need.

Alcohol and Other Drugs (AOD):

AOD has a long history of working in partnership with stakeholders which include community based providers, clients, and the AOD Board, along with Support4Recovery. We will continue efforts to reach previous goals, as we position AOD services to adequately respond to emerging policy changes and an increased demand for the provision of SUD treatment given that most systems are eagerly waiting for DMC expansion as a way to leverage their own resources. Those changes include the Medi-Cal

eligibility expansion, criminal justice realignment and realignment of the oversight of lower level offenders from State to the County, and the newly passed Proposition 47. Additionally, recent developments at the Federal and State levels have increased expectations for County oversight of quality control and program utilization, consequently requiring the development of stronger and sound local administrative and fiscal structures, currently weak due to lack of staff.

In 2016 AOD will initiate a community engagement process to identify gaps and develop readiness for a county SUD Implementation/Strategic Plan that identifies clear, measurable and attainable goals across service delivery.

Goal: Develop Readiness for the Implementation of the Terms and Conditions of the Organized Delivery System Drug Medi-Cal Waiver County Implementation Plan.

By addressing the objectives below, Contra Costa County will be prepared to serve the number of projected beneficiaries under the DMC Waiver.

- a) Develop a stronger administrative structure to provide the required county oversight and quality assurance to maximize needed services
- b) Implement procedures and protocols with other health care systems to further integration
- c) Increase Behavioral Health system capacity through Workforce Development and adoption of two Evidence Based Practices
- d) Increase adherence to the Culturally and Linguistically Appropriate Service Standards (CLAS) to ensure Cultural Competence
- e) Promote and support sound implementation and utilization of Medication Assisted Treatment

Goal: Restore residential and detoxification services for West County Residents

- a) Continue provision of services during the interim period by utilizing existing capacity and avoid service disruption.

- b) Identification and selection of a permanent local provider.

Goal: Collect quantifiable SAMHWorks data on the initial behavioral health treatment assessment of incoming SAMHWorks clients and subsequent utilization to determine future allocation of treatment resources. Implementation of programs driven by the needs of the clients

Goal: Increase service delivery to Spanish speaking SAMHWorks clients.

By identifying culturally competent approaches to increase our penetration rate among Spanish speakers SAMHWorks treatment resources will be provided to an underserved population.

Homeless Programs:

Housing and Services

Goal: Add more permanent supportive housing through various resources that provide rental vouchers and other support services.

Data/Evaluation

Goal: Change the Homeless Management Information System software to better meet the needs of the community and comply with HUD's Data and Technical Standards.

Policy/Planning/Systems Development

Goal: Fulfill our commitment as a Community Solutions Zero:2016 participating community to end homelessness for chronically homeless in Contra Costa by end of 2016.

Goal: Develop and implement a Coordinated Entry system that includes prevention, diversion, crisis services, and permanent housing by June 2017.

Goal: Recruit to fill our expanded Council on Homelessness Advisory board seats by 2017.

Health Services

Health and Human Services

Public Health:

Goal: Complete a Strategic Plan for the Public Health Division by December 2016.

Goal: Affirm a decision and time line for making application for National Public Health Accreditation.

Goal: Implement a pilot for Video DOT (Direct Observed Therapy) for Tuberculosis Control Monitoring.

Goal: Redesign the public portal of the Health Data Web site for improved use.

Goal: Develop an on-line certificate training program for clinical providers associated with Sudden Infant Death Syndrome.

Goal: Provide Traffic Safety Training and Bike Helmets to 500 or more children. (PH Division component of a larger community wide effort)

Goal: Provide nutrition education to over 10,000 low income children and adults.

Goal: The Epidemiology, Planning and Evaluation program will:

- Post annual updates on its website for health statistics.
- Complete the Tobacco Evaluation report.
- Complete the annual TPPI evaluation data.
- Complete the California Nutrition Network Impact Evaluation.
- Generate monthly reports on ED frequent fliers for the Health Plan.
- Conduct three Community data presentations.

California Children's Services

Goal: Institute a Process for affirming all CCS clients have an assigned Medical Home.

Environmental Health:

Goal: Protect the waterways and groundwater of the county while incorporating new technology and new state requirements. Share draft of on-site wastewater treatment system (OWTS) ordinance and regulations with the public, take

to the Board of Supervisors for approval and submit to the Regional Water Quality Control Boards. Incorporate new OWTS ordinance and regulations into current work practice including training staff.

Goal: Ensure that solid waste is properly treated and disposed. Obtain Board of Supervisor approval for a revised illegal hauler ordinance which is needed to reduce illegal dumping. Implement a permitting program for closed and abandoned landfills, recycling centers, and facilities operating under Enforcement Notification procedures as defined by the state oversight agency. Adjust tonnage fee and permit fees to cover costs of the program.

Goal: Food Program - Improve food safety. Provide consistent and user-friendly information about retail food establishment inspection results. Field standardize new Food Team staff and non-Food Team staff to incorporate Federal Food Program Standardization. Inspect all food facilities one to three times per year based on risk. Obtain Board of Supervisor approval to begin a placard program at all food facilities that reflects a risk-based inspection score.

Goal: Outreach - Improve EH enforcement outcomes and promote EH services via an effective and comprehensive outreach effort. Carry out all annual activities as defined in the EH Outreach Plan, carry out all one-time activities as defined in the calendar year outreach plan, develop and implement a tracking system of the outreach efforts, review content on website annually to ensure the most up to date material and valid links are available.

Goal: Collaboration - Improve programs locally via active participation and leadership of environmental health collaborations in venues including the California Conference of Directors of Environmental Health regional and policy committees and associated Technical Advisory committees, roundtables, and workshops bringing local jurisdictions together to create cross collaboration.

Goal: Efficiently process, with primary concern for public safety, new plans for food facilities and public pools. Evaluate new tracking mechanism to see if less denials occur, lessening the

amount of time between initial submittal and approval of the plans. Evaluate adequacy of new fees to cover the costs of the program.

Goal: Increase health and safety for users of pools, including spray grounds and water features. Train staff on and incorporate new pool operation state regulations contained within Title 22. Input routine inspection results into revised report on tablet either in the field or in the office.

Goal: Increase knowledge of small water system owners/operators about critical issues of regulatory oversight, and increase the number of small water system owners who can provide system information directly to the state through a web interface.

Goal: Increase safety for customers of tattoo and body artists. Inspect fixed facilities at a minimum once a year, and if necessary, inspect any temporary events with tattoo and body artists. Actively pursue and bring into compliance any illegally operating body art facilities and artists.

Goal: Increase efficiency of office processes. Continue process of scanning historic documents to move from paper to paperless, move from paper inspection and desktop to tablet based field operations, incorporate web-based payment for services, conduct efficiency studies of work practices especially related to customer service and EH interface with the Finance Division.

Goal: Optimize the organizational structure of the division. Complete several personnel actions and job classification expansions so as to meet the current and future program management, field and office staffing, and supervision needs.

Goal: Be prepared to provide excellent EH emergency response, provide two trainings for on-call response, evaluate responsiveness of on-call inspectors, actively participate in County and departmental emergency preparedness teams and training, and actively participate in at least one disaster drill.

Hazardous Materials:

Goal: California Accidental Release Prevention Program: Complete 12 California Accidental Release Prevention Program audits for fiscal year 2016/2017.

Goal: Unannounced Inspections: Perform 10 unannounced inspections during fiscal year 2016-2017.

Goal: Aboveground Petroleum Storage Act Program: Inspect approximately 109 facilities that are covered by this program during fiscal year 2016/2017.

Goal: Incident Response Program: Respond to all incidents within one hour, and ensure that all incidents are mitigated safely and effectively without injuries.

Goal: Hazardous Materials Business Plan Program: Complete approximately one-half of all of the facility inspections during fiscal year 2016/2017 that are subject to the program, or approximately 1,230 facility inspections. The goal is to ensure that all Hazardous Materials Businesses will have been inspected within the last two years.

Goal: Hazardous Waste Generator Program: Complete one-half of all of the facility inspections during fiscal year 2016/2017 that are subject to the program, or approximately 828 facility inspections. The goal is to ensure that all facilities that generate hazardous materials will have been inspected within the last two years.

Goal: Underground Storage Tank Program: Complete an inspection of all underground storage tank facilities in fiscal year 2016-2017. Approximately 389 facilities are subject to the underground storage tank regulations.

Detention Facilities Programs

Goal: Conduct a full facility audit of adult detention centers to determine readiness for correctional health care accreditation.

Goal: Enhance discharge planning services for inmate/patients transitioning back to the

Health Services

Health and Human Services

community for better continuity of medical and mental health needs.

- a. Collaborate with County Departments and Community Based Organizations.
- b. Develop method to track outside referrals.
- c. Educate inmate/patients on internal and external services.

Goal: Work closely with County Risk Management and Health Services Personnel to develop a Workplace Violence Prevention Plan for Detention Health Services staff.

Conservatorship

Goal: The Public Guardian shall initiate an investigation within two business days of receiving a Probate referral.

Goal: The Public Guardian will try to visit conserved individuals monthly consistent with the Judicial Counsel best practices recommendation.

Goal: Public Guardian staff shall maintain requisite training certification.

EMS:

Goal: Update the county ambulance ordinance.

Goal: Manage the new ambulance contract.

Goal: Pursue prehospital electronic patient care health care exchange.

Goal: Increase medical health partner emergency preparedness capability.

Goal: Implement a new program of paramedic intra-facility transport.

Goal: Expand first medical response skills with law and fire-EMS partners.

Goal: Update the county EMS multi-casualty incident plan.

Goal: Update the county EMS for Children Program.

Department Description

The Veterans Service Department provides assistance to those who served in the Armed Forces of America, their dependents and survivors in obtaining Veteran's benefits and

services from the U.S. Department of Veterans Affairs (VA), Department of Defense (DOD), California Department of Veterans Affairs

Veterans Service

Health and Human Services

(CDVA), as well as other State and local programs for Veterans and their families.

Major Department Responsibilities

There are three components to Veterans Service.

1. **Program Assistance:** Provides information, referral and assistance to Veterans and their families in obtaining disability compensation and pension benefits, medical benefits, education and vocational rehabilitation benefits, home loans, life insurance, survivor benefits and burial benefits. Services include comprehensive benefit counseling, claim preparation, case management, initiation and development of appeals and networking with federal, state and local agencies.
2. **Welfare Referral:** Review of Veteran welfare applicants referred by the Employment and Human Services Department, Social Security Administration and VA Homeless programs for review of receipt and assistance in applying for Veterans benefits.
3. **Medi-Cal Cost Avoidance:** Review of Veteran Medi-Cal applicants to determine those who may be eligible for Veteran's benefits, including health care.

Veterans Service Summary		
Service:		Discretionary
Level of Service:		Discretionary
Expenditures:		\$1,285,700
Financing:		290,700
Net County Cost:		995,000
Funding Sources:		
State	16.5%	\$211,700
Misc Revenue	6.1%	79,000
General Fund	77.4%	995,000
FTE: 9.5		

CAO's Recommendation

The fiscal year 2016-17 baseline net County cost increased by \$109,206 from the current year's adjusted budget. Additionally, the department is requesting \$70,794 in general funds to add one clerical position to support the office with the additional influx of demand for Veteran services, which is mainly a result of AB935 (Driver's Licenses: Veteran Designation) which was implemented in November of 2015.

The \$67,875 baseline increase in services and supplies will support the department's ongoing mission of supporting Veterans, their dependents and survivors in obtaining VA benefits. This increase will support the department's efforts to increase outreach services and finalize workstation plans to accommodate new staff.

The department is expecting an approximate increase of \$89,000 in revenues, mainly from the California Department of Veteran Affairs.

The recommended net County cost of \$995,000 will provide the Veterans Service Office with the funding needed to provide services in fiscal year 2016-17.

Veterans Service Health and Human Services

Performance Measurements

During the 2014-2015 fiscal year, the Veterans Service Office processed \$8,751,241 in retroactive and lump sum monetary benefits for Veterans. New recurrent benefits totaled \$796,649. These figures show an increase in benefits.

College Fee Waivers represented \$2,314,644 in additional benefits to Veteran's dependents.

Staff conducted 5,723 interviews, 130 field visits and participated in 37 outreach events which resulted in 2,615 claims being filed.

The Veterans Service Office received a perfect score from the California Department of Veterans Affairs audit thereby preserving subvention funding.

Completion the department's conversion to electronic files has enabled our office to interact with the VA in a more proficient manner. The benefits of this conversion had and will continue to have a positive impact on our ability to service our Veterans.

Administrative and Program Goals

Increase delivery of our service to an increasing number of Veterans and an increasing level of difficulty regarding physical and mental disabilities, including:

1. Continue to refine our strategic plan which includes the establishment of an additional day of service at our Brentwood outstation and increase the hours of operation at our

new San Pablo outstation. Establishing an outreach coordinator will improve our ability to implement programs for female Veterans.

2. Establish guidelines for field interviews to seniors, housebound Veterans and those Veterans who are participating in VA rehabilitation programs.
3. Support the aging Veteran population which deals with profound geriatric issues such as dementia, Alzheimer's and post stroke recovery, as well as the need for skilled nursing and long term care.
4. Responding resourcefully as casualties from the wars in Afghanistan, Iraq and troops returning home present new cases of Veterans with multiple amputations, brain trauma, Post Traumatic Stress Disorder (PTSD) and other physical wounds and injuries.
5. Continuing to support ongoing clients (Veterans of past wars and eras) with recurring needs such as, updating disability evaluations, filing of new disability and death claims based upon presumptive disabilities, and service related deaths respectively.
6. Establishing Veteran Service Representative, Executive Secretary and clerk manuals will ensure that our office staff have the most current resources available to them. The manuals will include guidelines for system usage, claims tracking, monitoring outreach and report utilization.

Animal Services

Law and Justice

Department Description

The preceding table presents information in aggregate format summarizing expenditures, revenues, and net County costs for four General Fund budget units administered by the Animal Services Department. Included are data for the following cost centers:

- 3330 – Animal Services Operations
- 3335 – Animal Licensing
- 3340 – Animal Services Centers
- 3345 – Spay/Neuter Clinic

The cost center for Animal Services Operation and Animal Services Centers has been further functionally divided into Animal Care and Housing and Field Enforcement in the narrative below.

Major Department Responsibilities

The Animal Services Department is responsible for protecting the citizens of the County from animal-related diseases, and preventing cruelty, abuse and neglect of animals by enforcing all State and County animal laws; and through education encouraging responsible pet ownership and humane treatment of animals.

The Department enforces State law and County ordinances related to rabies and licensing requirements to ensure all dogs are licensed in the county. Through outreach with the community and coordination with adoption partners, the Department strives to increase the adoption of shelter animals. Department responsibilities are accomplished through operation of a state-of-the-art animal shelter, a Countywide animal licensing program which includes on-line access to license pets, round-the-clock officer patrols, and a modern, low-cost spay/neuter clinic open to the public.

Animal Licensing

Description: As a function of the State mandated Rabies Control Program the Department maintains a licensing program for dogs throughout the county to assist in

identification of lost animals and to partially offset the cost of operating animal control and spay/neuter services. The State Health and Safety Code and the State Agriculture Code require the licensing of dogs in rabies endemic areas. The State Agriculture Code also requires dog licensing. The Department uses a computerized system to identify owners who have vaccinated their dogs against rabies but who have not obtained a license. Recently the department added new scanning software to upload rabies certificates from veterinary offices.

Animal Care and Housing

Description: Provides humane care and veterinary treatment to animals at the Martinez and Pinole Centers that are being held pending location of owners or other disposition.

- Operate and maintain a shelter management system;
- Quarantine biting animals as a part of the rabies control program;
- Conduct low-cost rabies vaccination clinics;
- Operate lost and found, animal socializing, fostering, mobile adoption, and community events. More than 175 volunteers provided over 26,184 hours assisting with the lost and found program, animal socializing, mobile adoption, and community events;
- Humanely euthanize sick, old, and unwanted animals by injection; and

Animal Services *Law and Justice*

euthanize aggressive animals to protect the public.

- Operate a humane education program. This program provides information to thousands of school children, library programs, Girl Scout troops, non-profit groups, faith based groups, and a variety of corporate business groups. The humane education program also provides a wide array of education programs and community events to inform the public about Pet Emergency Preparedness.

- Animal cruelty investigation – Cruelty to animals is a violation of the State Penal Code. Reports of cruelty are investigated by Animal Services Officers. If the investigation substantiates the allegation, then officers testify in court and criminal charges are brought.
- Dangerous animal investigation – Biting incidents and citizen complaints of aggressive dogs are investigated by Animal Services Officers. Owners charged with possession of a dangerous animal are allowed to challenge this assertion at a public hearing conducted by a Hearing Officer.
- Dead animal pick-up – Dead animals pose a health risk – the department receives requests to pick-up dead animals and Animal Services Officers perform this function as a part of their regular duties.
- Police search warrant assistance – Drug dealers often protect their property with aggressive and potentially dangerous dogs. The Department assists various police agencies by subduing these animals when a warrant is served.
- Citizen requests for service – Animals create many problems for citizens living in urban and suburban environments. Calls include animal rescue, loose exotic animals (large snakes, alligators, lizards, etc.), wild animal complaints, loose livestock, etc.

Field Enforcement

Description: Enforces state laws and County ordinances in the unincorporated area and the cities that have agreements with the County:

- Animal bite investigation - Biting incidents are investigated by Animal Services Officers.
- Leash law enforcement –The Agriculture Code and County Animal Control Ordinance require that dogs be kept on a leash when not on the property of their owner. Owners in violation may be cited and/or have their animal impounded.

Miscellaneous Programs (Non-General Fund)

1. Animal Benefit Fund (ABF)

Description: The Animal Benefit Fund was established in 1988, to generate monetary contributions and donations for services and supplies for animal welfare.

Funds donated to the Animal Benefit Fund are used to provide medical treatment to sick/injured dog; orthopedic repair for a damaged limb; veterinary diagnostic tests; kennel enrichment in the form of toys and beds; upgraded dog training supplies for volunteers such as training collars/harnesses; nutritional supplies for orphaned puppies and kittens; print or radio advertising to promote adoptions, and spay/neuter efforts.

The Department has conservatively budgeted a transfer of \$180,000 from the Animal Benefit Fund [133200] but anticipate they may need as much as \$250,000 to provide for the animals special needs. The Department will appropriate additional funds from ABF if the need arises.

CAO's Recommendation

The Animal Services Department FY 2016-17 Baseline Budget increased by 5.1% compared to the FY 2015-16 Recommended Budget a result of anticipated increases in operating expenses and salaries and benefits.

The FY 2016-17 Recommended Budget reflects a 2.9% increase in personnel expenses, a 15.9% increase in services and supplies and a 10.5% decrease in Public Works vehicles charges.

The Department anticipates an additional \$249,728 in City Contract revenue in FY 2016-17. City Contract revenues are determined on a capitated basis. A slight increase in Contra Costa population, as determined by the California State Department of Finance, in concert with a fee increase of \$0.18 per capita will result in the increased City Contract revenue. The Recommended Budget reflects increases in License sales revenues in the amount of \$200,000 along with \$250,000 from the Animal Benefit Fund. Revenues resulting from the above listed sources, along with an increase of \$50,088 in County General fund allocation are projected to be sufficient to accommodate the increased expenses.

The FY 2016-17 Recommended Budget for Animal Services is balanced and resulting in expanded service levels.

Performance Measurement

Goal: Increase animal adoptions with the use of modern technology to better showcase animals on the website and on Facebook pages, and in the shelter; create video presentations to improve the visibility of the animals and the adoption programs; and increase the number and locations of mobile adoption events.

Measurement: The Department will increase its use of modern technology to better showcase adoptable animals through the following efforts:

- volunteers to film hundreds of adoption videos and post them on the Contra Costa Animal Services YouTube page,
- the Department's Facebook page, and
- newly installed monitors in the shelter lobby; and
- special events advertised on the Department website, Facebook page, and canine magazine resulting in calls from out of state on shelter animals up for adoption.

Goal: Continue to enhance the Department's education program by implementing a series of dog obedience and training programs for the public, and expanding behavioral information on the Department's website.

Measurement: The Department has made available to the public a series of low cost dog obedience classes. The series consists of five one hour classes held on Saturdays. The Department's website promotes Information about the classes, the cost, and how to register.

The Department is continuing low cost dog obedience classes with its new sign up procedures which provides dog owners the opportunity to join a class as soon as they express interest.

Goal: Continue to implement and establish an animal husbandry training curriculum that will raise the professionalism and expand the knowledge base of staff while addressing the complexities of animal care in shelters.

Measurement: The Department provides a multi-tiered training program that enhances staff performance and animal well-being by utilizing up to date training techniques. Presentations include interactive training sessions, and hands on, visual and audio tools. The training addresses all aspects of Shelter care and Maintenance, as well as Animal Behavior and Customer Service. The Department will complete the final phases of the project by getting the curriculum transferred onto Target Solutions and accepted as university level for college credit.

Animal Services

Law and Justice

Goal: Increase licensing compliance rates by enhancing marketing and education efforts on the Administrative Penalties Ordinance.

Measurement: The Department is implementing new strategies for license compliance with inclusion of the Administrative Penalties Ordinance which addresses failure to comply with state mandated licensing. The process will include multiple notices which make it more difficult for pet owners to forget or ignore the licensing of their pets. With the inclusion and implementation of the Administrative Penalties Ordinance, for the first time the licensing program measures are available that affords the department to ability to collect fees for failure to license pets.

Goal: Increase Animal Services Officer trainings and knowledge to respond to the changing demands being set by the industry.

Measurement: The Department has increased our opportunities for additional field training through outside schools. These schools provide advanced officer training and also develop basic skills that reduce liability. These schools include: Drivers Training, Range Master School, Field Training Officer, Basic and Advanced Humane Education, Crisis Intervention Training, and Report Writing.

Administrative and Program Goals

Goal: Establish Animal Services strategic planning process with staff and our community partners, to increase the department's service outcomes.

Goal: Expand and increase opportunities for appointment based counseling for owners considering relinquishing their animal. Offer alternative resources, and educate the owner on alternatives.

Goal: Improve and increase adoptions by providing training to staff and volunteers focusing on those dogs that do not adjust well to the shelter environment.

Conflict Defense

Description: Provides Court-ordered legal representation of accused indigents where the Public Defender or Alternate Defender has a legal conflict of interest or is otherwise unavailable or is relieved for other reasons. Reasons the Public or Alternate Defender may be relieved include: motions of defendants for reasons other than "Conflict of Interest" (e.g., Marsden); representation of a witness; acting as a standby, advisory or co-counsel in a criminal case.

Conflict Defense Law and Justice

CAO's Recommendation

The County currently and has for many years contracted with the Contra Costa County Bar Association to provide conflict legal defense services through private attorneys. Costs had been trending upward due to an increase in the number of homicide and capital cases referred to the Bar, many of which involved multiple defendants requiring separate legal representation. Additionally, the Public Defender has, from time-to-time been referring misdemeanor cases to the Bar Association during periods of heavy workloads. The Recommended Budget provides for the continuation of services with the Bar Association in FY 2016-17.

The level of service for this program is mandated pursuant to constitutional requirements. Should the recommended appropriations prove insufficient to fund the requisite level of defense services, it will be necessary to shift resources to this budget center from other programs or County reserve.

Law and Justice

1. Mainline Prosecution

Description: Attends the courts and conducts, on behalf of the people, all prosecutions for public offenses occurring in Contra Costa County. Mainline Prosecution includes homicide, gang crimes, sexual assault, juvenile, general felony, misdemeanor and investigative units.

2. Special Prosecution

Description: Addresses specific areas of criminal activity. Many of these units are funded by state or federal grants and special revenue funds. The units within Special Prosecution are:

a. Auto Insurance Fraud – Works with public and private sector agencies to investigate and prosecute individuals who fraudulently enhance or file totally fictitious auto insurance claims in the county.

b. Environmental Crimes – Prosecutes violations of state environmental laws including regulations pertaining to hazardous waste and materials, water and air pollution, and provisions of the Fish and Game Code.

c. High Tech Crimes – Prosecutes computer-based crimes such as computer hacking, counterfeit rings, Internet scams, identity theft, and other crimes where there is a need for high technology expertise.

d. Real Estate Fraud – Investigates and prosecutes common real estate fraud crimes such as forging deeds or loan documents, instances of foreclosure fraud, filing false real property documents and committing securities fraud violations.

e. Family Violence Assault – Prosecutes all felony sexual assaults by adults, against adults and minors.

f. Vertical Prosecution Units – In Vertical Prosecution cases, a prosecutor is assigned to the case from the initial point of referral to the completion of the prosecution. This method results in continuity and improved prosecution success. The following specialized vertical prosecution areas are currently part of the operations of the office: Major Narcotics

Vendor, Elder Abuse, Child Abuse, Statutory Rape, and Career Criminal prosecution.

g. Workers' Compensation Fraud – Investigates and prosecutes individuals who submit false claims for workers' compensation insurance as well as employers who submit false documentation for workers' compensation insurance.

CAO’s Recommendation

The Recommended budget funds the Baseline budget and augments department operations by an additional \$798,862 by eliminating the department’s FY 2015-16 vacancy factor in the amount of \$432,392 and adding 6.0 FTE new positions; including, 4.0 FTE new Clerk-Experienced Level position to assist with implementation of the new case management system deployed last year, 1.0 Clerk-Specialist Level position to provide general administrative support to the department and 1.0 FTE Clerk-Experienced Level position to assist with administrative support for the District Attorney’s AB109 programs. The net cost of these positions is \$335,000, with the AB109 position being offset by public safety realignment revenue.

The Recommended budget also funds a modest cost increase of \$31,470, which is the difference between adding 1.0 FTE Department Media Relations Coordinator position and canceling 1.0 FTE Crime Scene Investigator position at the request of the District Attorney.

District Attorney

Law and Justice

-In addition to the clerical position identified above, the Community Corrections Partnership (CCP) funded \$110,000 for improved coordination of Ceasefire programs throughout the County through the AB 109 budget process. The new CCP funded activities are offset by public safety realignment revenue and, therefore, have zero net county cost associated with them. A summary version of recommendations can be found on the Program Modification List at the end of this section.

The District Attorney's office continues to work on new crime prevention initiatives in addition to managing responsibilities associated with AB 109. The County Administrator's Office acknowledges this continued effort and believes that the Recommended budget reflects a balance between continued funding of new initiatives and preserving mandated, mainline prosecution responsibilities within the District Attorney's Office. The County Administrator's Office will continue to monitor the District Attorney's budget and will provide an update to the Board during the FY 2016-17 Mid-Year Report to determine whether any budgetary adjustments may be necessary.

Note: The County Administrator has developed recommendations based on service level impacts communicated by the District Attorney's Office. It is acknowledged that the District Attorney is an elected official and has ultimate discretion on how to best deploy resources within his Office using appropriations allocated by the Board of Supervisors.

Performance Measurement

With 1.1 million residents and 25 law enforcement agencies within the 19 cities of Contra Costa County, the District Attorney's Office reviews every police report in its jurisdiction. In 2015, the Office prosecuted over 3,000 felony cases and 8,000 misdemeanor cases, including 105 felony trials and 204 misdemeanor jury trials. Despite the high numbers of cases and heavy workload, the Office managed to maintain an overall felony conviction rate of 80%--one of the highest in the Bay Area. The District Attorney's Office is also

called upon to investigate and to prosecute public corruption, and to enforce environmental and consumer protection laws both civilly and criminally.

Administrative and Program Goals

1. Crime Prevention Programs

The District Attorney's Office continues to implement new crime prevention initiatives.

(A) West County Anti-Violence Coalition

The Office holds quarterly meetings jointly with Richmond Police Department, the Sheriff's Office, the Probation Department, San Pablo Police Department, and federal agencies to strategize regarding new and on-going anti-violence efforts.

Ceasefire

The District Attorney's Office continues to be very involved with the anti-gang initiative known as "Ceasefire" in the city of Richmond in an attempt to stem gang violence at its source, before it erupts into shootings and before the taking of innocent lives. The Office holds "call-ins" where gang members are called into meetings and told of an impending crackdown if the violence continues. This is done in partnership between law enforcement, community members, clergy, and service providers.

The District Attorney's Office continues to work closely with the West County community to keep this momentum going in a positive direction. From a high of 47 murders in 2009, the number of homicides in the city of Richmond has been reduced to 21 in 2015. **This is one of the lowest homicide rates in three decades and is a remarkable improvement for that community. In addition, the total number of reported shootings within the City of Richmond has decreased dramatically.**

(B) East County Anti-Violence Coalition

The District Attorney's Office holds quarterly meetings jointly with the Pittsburg, Antioch, Brentwood, and Oakley Police Departments, the Sheriff's Office, the Probation Department, and several federal agencies to strategize regarding new and on-going anti-violence efforts.

(C) Safe Streets Task Force

In collaboration with the FBI, the Office has formulated a county-wide task force to fight violent crime on a county-wide basis. The task force includes several FBI agents, investigators from the District Attorney's Office, and officers from the Pittsburg, Antioch, and Richmond Police Departments, and the Sheriff's Office. This task force will operate throughout the county in innovative ways to reduce violent crime.

(D) Anti-Truancy Initiative

Since January 2011 the District Attorney's Office has focused on preventing crime by trying to help kids stay in school. This program focuses on increasing school attendance by sending letters to truant students, and their parents, and meeting with those individuals. A 0.5 FTE Deputy District Attorney is responsible for working with schools in the county to teach classes on bullying, gun violence, drug abuse, and gang intervention. Over the last several years, the Deputy District Attorney has taught this curriculum to over 1,000 middle school students in East County and is expanding the program to West County.

Additionally, the Deputy District Attorney is an active participant on the Student Attendance Review Board panels in several districts including San Ramon, Acalanes, Pittsburg, Mount Diablo and the newly formed County "SARB" panel which serves the charter schools. The Office also partners with community-based organizations such as the Jr. Achievement Group (the largest national organization dedicated to helping students plan for academic and economic success), the Youth Intervention Network in Antioch, and Kops for Kids, to further serve Contra Costa County's youth. In a coordinated effort with Jr. Achievement, over 20

prosecutors from the District Attorney's Office have participated in Law Enforcement Career Days at Pinole Valley and Deer Valley High Schools, and several middle schools in Antioch.

In Fall 2015, the Office launched the first Parent Truancy Calendar, in partnership with the Superior Court and school districts, to combat chronic absenteeism among elementary and middle school students. The new court proceedings place great emphasis on the parents' legal obligation to ensure that their young children attend school on a daily basis. After reviewing the information from the school attendance review board in cases of elementary and middle school chronically absent students (students who have been absent from school for 10% or more of the school days in one school year) the District Attorney charges parents with an infraction. Parents are placed on a twelve month grant of probation, during which they may be required to attend parenting classes, family counseling and/or other wrap around service programs. This holistic approach educates parents about the importance of school attendance for their children's future and addresses the barriers that have led to their children's chronic absenteeism. The parents' progress is monitored and if, after twelve months, their children are attending school, the charges will be dismissed. This collaboration between the schools and the courts allows families to benefit from resources available through both systems.

(E) Human Trafficking Awareness Campaign

The Office sponsored a Human-Trafficking Awareness campaign in 2014, 2015 and 2016. This included addressing the Board of Supervisors on the issue and conducting training for law enforcement. The Office also placed public notices in busses, bus shelters, BART stations and on billboards throughout the County.

District Attorney

Law and Justice

(F) Realignment (AB 109)

In October 2011, the Legislature drastically changed the sentencing and punishment structure in California. Most individuals convicted of felonies are now housed locally, instead of being sent to state prison. This caused a significant impact on county public safety services, including the Probation Department, the Sheriff's Office and the District Attorney's Office. The Office continues to work closely with our Community Corrections Partnership to meet these challenges, entailing a great deal of time and effort in discussions and meetings.

Significant resources have been required to address these changes, including more victim witness personnel to work with victims and to determine restitution; more prosecutors to handle parole revocations; additional prosecutions because of these individuals now serving less custody time; and training of prosecutors regarding new sentencing alternatives.

(G) Proposition 47

The recently enacted Proposition 47 changed all drug possession cases from felonies to misdemeanors. This resulted in the resentencing of hundreds of defendants. The Office anticipates that these changes will result in greater recidivism by drug addicts as they will have even less motivation to seek treatment for their addictions.

2. Administrative Goals

(A) Case Management System

The Office went "live" with the new case management system in October 2015. As with any case management system, there were and are many challenges associated with implementation. Office staff has needed to learn how to operate under the new system, which has taken a great deal of time and effort. Additionally, there is a great deal more data entry/scanning work to be done under the new system as we try to work more efficiently and electronically.

(B) Staffing

The District Attorney will continue to need adequate staffing to maintain the ability to prosecute the full spectrum of criminal offenses and work on crime prevention initiatives. Since over 90% of the Office budget is allocated to salaries and benefits, reductions to the budget result in reductions to services and programs.

(C) Management Training

The Office has spent numerous days engaged in management training to help fulfill its mission and help better serve our citizens. The goal is to be more of a "learning organization" that learns from each other and understands better how each employee's work affects the other employees in the office.

Law and Justice

Department Description

The preceding table represents information in aggregate format summarizing expenditures, revenues, and net County costs for two budget units administered by the County Administrator's Office:

0235 – Law and Justice System Development
0265 – Vehicle Theft

Major Department Responsibilities

The mission of Justice System Programs is to provide administration and coordination of data systems that affect and support the entire County justice system. Besides Law & Justice Systems Development, the County Administrator's Office oversees the several special funds, which are summarized on the following pages: Automated Identification (ID) and Warrant; Courthouse Construction; Criminal Justice Facilities' DNA Fingerprint Identification; Supplemental Law Enforcement Services (SLESF) funds; Local Revenue Fund-Supplemental Law Enforcement Services (SLESA); and the Local Revenue Fund-Community Corrections Program.

CAO's Recommendation

The Baseline Budget is reduced from the current year budget by \$5,835,795 due primarily to the removal of prior-year fund balance in the amount of \$5,362,500 from Law & Justice Systems Development and \$874,885 from the Vehicle Theft program. The balance of the reduction results from the combination of an increase to salaries of \$141,416 for cost-of-living and public safety data systems staffing expenses, a net increase in data processing expense of \$128,671 for the new case management systems, a decrease in fixed assets of \$25,000, and a decrease to ACCJIN expenditure transfers of \$156,503. The Recommended Budget is equivalent to the Baseline Budget.

All year-end balances for the ACCJIN and justice case management systems are carried forward to the new budget year to finance the continuing development and maintenance of these systems.

Performance Measurement

District Attorney and Probation Department Case Management Systems

- Completed the conversion of prosecution data from the County mainframe justice system to the new District Attorney case management system
- Implemented the adult prosecution module of the District Attorney case management system and began work on the juvenile prosecution module.
- Completed the District Attorney to Superior Court system interface
- Initiated the conversion of Probation data from the County mainframe justice system to the new Probation case management system

Maintain and modernize other justice data systems

- *Law and Justice Information System (LJIS) Mainframe* - Analyzed, researched, and resolved production issues; maintained system tables; defined, designed, and tested system reports for justice partners.
- *All County Criminal Justice Information Network* – Working in tandem with the Department of Information Technology and AT&T, completed the conversion of the countywide justice information network from traditional frame relay circuitry to higher speed, higher capacity fiber optic communication.
- *Disposition Reporting* - Analyzed and produced juvenile disposition reports.

Administrative and Program Goals

Completion of the juvenile phase of the new District Attorney case management system.

Implementation of the Probation Department case management system

Design, testing and completion of the system interfaces between the County systems and the Superior Court legacy system.

Needs Assessment of Public Defender's Office Case Management System

- Discover and prioritize requirements
- Develop and publish an RFP (Request For Proposals) seeking bids.

System Modernization

- Modernize JAWS software platform

Probation

Law and Justice

Department Description

This table represents information in aggregate format summarizing expenditures, revenues, and net County costs for three budget units administered by the Probation Department. Included are data for the following budget units.

0308 – Probation Programs
0309 – Probation Facilities
0310 – Care of Court Wards

Major Department Responsibilities

The mission of the Probation Department is to serve and support, in collaboration with the justice partners, our communities, courts and crime victims. The Department is committed to the preservation of public safety by providing evidence-based prevention, investigation and supervision services, as well as a safe environment for staff and those placed in its custodial care.

The Probation Department operates to ensure that offenders are held accountable for criminal law violations by completing their court-ordered sentences. Probation is the lynchpin that ensures compliance as well as the opportunity of services that include but are not limited to counseling, substance abuse treatment, community services, victim restitution, home supervision, intensive supervision, and detention at a County juvenile institution or in a group home placement.

The Chief Probation Officer is the statutorily designated Chair of the Community Corrections Partnership (CCP). The CCP is the advisory board involved in the planning, implementation and oversight of the County Plan for the realignment of State prisoners to County jurisdiction under Public Safety Realignment (AB 109).

Probation

Law and Justice

1. Adult Field Services

Description: Investigates and supervises criminal offenders referred by the Courts.

- a. Investigations** – Prepares more than 3,500 felony investigative reports annually for the Superior Court. These include pre-plea reports for plea and bail considerations and assessment and recommendation reports for sentencing.
FTE: 19
- b. Superior Court Probation Officers** – Provides information on probation cases to the judges and represents the Probation Department in the Superior Court to assist in arriving at the appropriate disposition. Positions are funded through Court Revenues.
FTE: 4
- c. Active Felony Supervision (SB 678)** - Supervises a daily average of 1,500 felons convicted of violent and serious crimes, and monitors the specific and general conditions of probation, order by the court as well as provides the opportunity for services directly related to the clients' identified needs.
FTE: 24
- d. Public Safety Realignment (AB 109)** - The Community Corrections Partnership (chaired by the County Probation Officer) has instituted the county-wide plan and budget that was approved by the Board of Supervisors. The elements of the plan include the Post Release Community Supervision clients released from prison to the supervision of the probation department, and clients sentenced to local jail commitments and mandatory supervision. The Pre-Trial Pilot Program is aimed at reducing pre-trial detention for low-risk offenders.
FTE: 19
- e. Smart Probation Program** – Provides evidence-based supervision strategies aimed at improving probation success rates, which would in turn improve public safety, and reduce admissions to prisons and jails.
FTE: 1

- f. Vehicle Theft** – Collaborative program including the California Highway Patrol, Sheriff, District Attorney, and Probation Departments that enhances the capacity of local police and prosecutors to deter, investigate and prosecute vehicle theft crimes. Provides close supervision to a caseload of auto thieves placed on felony probation. This program is funded by State vehicle license fees.
FTE: 1
- g. Domestic Violence** – Provides intensive supervision of high-risk offenders who have been court-ordered to complete a mandated 52-week batterer's treatment program. The Deputy Probation Officers (DPOs) also work with the victims of domestic violence and facilitate the collection of restitution and restraining orders when necessary. They also provide intensive supervision to domestic violence offenders assigned to Drug Court.
FTE: 6
- h. DUI Enhanced Supervision Program** – Collaboration with the California Office of Traffic Safety that provides for intensified supervision of felony drunk drivers.
FTE: 2
- i. Banked Caseload** – The DPO provides supervision and monitoring of probation violations. Unfortunately the daily average population of this caseload is approximately 700 felons and continues to grow with staffing shortages.
FTE: 1

2. Juvenile Field Services

Description: Provides juvenile delinquency investigations and reports to the Juvenile Court on approximately 3,000 matters annually. Supervises a daily average of 1,500 juveniles on probation, providing individualized controls, counseling, supervision, placement, and referral services to minors and their parents. The DPOs also offer evidence-based cognitive services to those youth identified through a risk needs assessment. Regular deputy probation office caseloads average approximately 40 juveniles per officer. Services are provided for detained minors and as they prepare to transition back into the community. It also includes clients in the community, and in out of home residential treatment programs.

- a. Intake** – Conducts initial investigation into alleged offenses, processes petitions (charges) for court consideration as well as provide recommendation for the Court to consider involving detention or release.
FTE: 5
- b. Investigation** – Conducts investigations that include the nature of the offense, family and school background and other related issues for the court consideration during the dispositional process. The Department performs over 3,500 intake and court investigations annually.
FTE: 10
- c. Court Probation Officers** – Represents Probation in court hearings and provides appropriately related information on probation cases to the judges to assist in arriving at the appropriate disposition.
FTE: 4
- d. Supervision** – Supervises minors placed on probation or made wards of the Court. The probation officer has the responsibility to protect the community and to help minors and their families to recognize the problems that contributed to the delinquent behavior and to make the necessary adjustments to prevent further delinquency.
FTE: 12

Placement – Formulates alternative living plans for approximately 220+ youth annually, who cannot remain at home or attend local schools because of serious delinquency, behavioral problem, and/or family dysfunction.

FTE: 10

- e. School Probation Officers** – Provides case management services for juveniles referred by school districts as well as those on active probation. This program is funded through the Juvenile Justice Crime Prevention Act (JJCPA), and increases the presence of probation officers on school campuses throughout the County.
FTE: 10
- f. Juvenile Behavioral Mental Health Collaborative** – Supervises youth with co-occurring disorders (mental health/substance abuse) with the goal of reducing recidivism. The program is a collaborative of Children’s Mental Health, Alcohol and Other Drugs, Health Services and Probation.
FTE: 1
- g. Community Probation** – Deputy probation officers join with various police jurisdictions to provide intensive supervision to high-risk youth and provide referral opportunities for the youth and their family. Funding is provided by the JJCPA.
FTE: 5
- h. Youthful Offender Treatment Program (YOTP)/Girls in Motion (GIM)** – DPOs provide in custody transition services and out of custody monitoring for those youth in the treatment programs. Intense supervision and service opportunities are provided to ensure compliance and provide for meaningful interventions in the community.

Probation

Law and Justice

1. Probation Facilities

Description: A continuum of court-ordered custodial care and treatment services for juveniles ordered into custody by the court.

- a. **Juvenile Hall** – The maximum security facility is designed for the mandated detention of minors before and after court hearings. Approximately 1300 juveniles are booked annually.

FTE: 114.5

- b. **Orin Allen Youth Rehabilitation Facility (OAYRF) (Byron Boys’ Ranch)** – Rehabilitation facility that provides 100 beds for seriously delinquent boys committed by the courts. Approximately 225 juveniles are admitted annually for an average stay of six months.

FTE: 41

- c. **Girls in Motion** - A gender-specific countywide effort for girls that provide local programming services in a safe and controlled environment. Both cognitive and trauma-based treatment enrich the secure program. Referrals to local resources and collaborative supervision methodology are utilized upon transition from custody.

FTE: 1

- d. **Electronic Monitoring** – Provides electronic monitoring / GPS support to juvenile probation deputies and intensive supervision to minors released to the community prior to sentencing.

FTE: 1

- e. **Youthful Offender Treatment Program (YOTP)** – Specific commitment treatment program for male youthful offenders utilizing cognitive / evidence-based practices. The program encompasses a specialized living unit for participants who are in custody and provide appropriate referrals to community-based services and intensive supervision for participants who are returning to the community.

FTE: 1

- f. **School Lunch Program** – The National School Lunch Program (NSLP) is a federally

assisted meal program. It provides nutritionally balanced, low-cost or free lunches to children each school day. The program was established under the National School Lunch Act, signed by President Harry Truman in 1946.

Miscellaneous Programs (Non-General Fund)

1. Juvenile Justice Crime Prevention Act (JJCPA) - SLESF – Probation

Description: This Special Revenue Fund provides State resources from the Juvenile Justice Crime Prevention Act of 2000 (JJCPA) to support juvenile prevention initiatives.

The State funds are used to support 21 FTE positions in the School and Community Probation Programs. Deputy Probation Officers are stationed at high schools throughout the county, as well as various police departments. In addition to juvenile prevention activities, Probation personnel provide investigation and supervision services to juvenile offenders and other at-risk youth as well as provide referral services that directly relate to the needs identified in the risk needs assessment completed.

Description: SB 678, known as the California Community Corrections Act of 2009, established the Community Corrections Performance Incentives Fund (CCPIF). The State transfers a portion of the cost savings realized by the California Department of Corrections and Rehabilitation (CDCR) from reduced referrals of certain probationers to State Prison. CCPIF revenue is to be used for evidence-based probation supervision activities with the ultimate goal of reducing recidivism among adult probationers between the ages of 18 and 25.

CAO's Recommendation

The FY 2016-17 Recommended Budget increases expenditure appropriations by \$2.8 million or 3.9% to \$74.1 million. This includes anticipated increases in salary and benefit costs. Additionally, the Department is anticipating continued increases to operating costs attributable to detention medical expenses as well as court-ordered custodial care placement trends. The recommended budget increases estimated revenue by \$2.7 million or 9.2% to \$31.6 million. The resulting net County cost of \$42.5 million funds the baseline services with minimal impact to the Department. There is no impact to the department's continued vacancy factor of \$1.37 million.

While staffing ratios in the Juvenile Hall and the Orin Allen Youth Rehabilitation Facility (Byron Boy's Ranch) meet minimum standards required by law, they are not at levels that are considered best practice. Furthermore, staffing levels remain at a historically low rate. As a result of the Federal Prison Rape Elimination Act, staffing ratios will need to be maintained at 1 staff per 8 youth as of October 1, 2017. At the present time the ratio is 1:10 at the Juvenile Hall and 1:15 at the Byron Boy's Ranch.

Increased staffing will also be needed to continue to support the required implementation of the new Behavioral Management System and Core Correctional Practices at Juvenile Hall. Working closely with the University of Cincinnati Corrections Institute, progress has been made to provide enhanced service to young men and women committed to both the Youthful Offender Treatment Program and the Girls in Motion Treatment Program. Both the BMS and the CCP programs will be implemented on the remaining detention units in the near future. Challenges do remain with maintaining fidelity to the programs with the current staffing levels while, at the same time, providing for the Title 15 operational requirements of the facility.

Performance Measurement

Complete the implementation of a case management system (CMS).

Probation has selected Capita Technologies as their case management system vendor. The department expects to go live with the Juvenile side of the CMS by the end of calendar year 2016. The hope is role out the whole system by early 2018.

Continue to develop State-recognized evidence-based programming (EBP) in facilities and field probation.

The Department has continued to keep this Performance Measurement in the forefront of its mission. The Department was awarded a grant to evaluate "Thinking for a Change" (T4C) (an evidenced-based program) to ensure fidelity to the model. The Department has also trained its own trainers who train other Probation staff, as well as Community Based Partners. The Department continues to solicit evaluations from experts.

Implement and train staff in gender- specific programming.

In 2010, the Department opened the Girls in Motion Program in direct response to a need for girls' services in the community. The Department has invested in training staff to identify and refer girls who have been commercially exploited. Staff on the unit and aftercare staff have received enhanced training in gender-specific issues and Girls' Circle.

Seek possible funding sources to rehabilitate, at no County cost, two units of Juvenile Hall.

The Department has successfully remodeled one unit (Tamalpais) in the old Juvenile Hall facility. The remodel has the goal of providing space for a comprehensive educational and vocational opportunity for those youth transitioning out of the Youthful Offender Treatment Program.

Probation

Law and Justice

Improve collaborative efforts among departments to improve service delivery to clients.

The rapid implementation of AB 109 and creation of the mandatory Community Corrections Partnership defined partnerships and facilitated healthy communication to provide supportive services to adults re-entering the community from prison as well as providing improved services to the probation population now serving time in jail. The Chief Probation Officer is an active member of the Contra Costa County Police Chief's Association and continues to work on enhancing collaborative opportunities with local law enforcement as well as local community-based organizations. Partnerships are further fostered through the Smart Probation Federal grant award.

Provide improved services to Commercially Sexually Exploited Children (CSEC).

The Department continues to work in collaboration with the Employment and Human Services Department (Children and Family Services and Zero Tolerance) to develop and implement a county protocol to more adequately serve sexually exploited children.

Administrative and Program Goals

- Continue to provide improved services to Commercially Sexually Exploited Children (CSEC).
- Continue to implement and evaluate all aspects of AB 109 Public Safety Realignment and its impact on the community, as well as integration of services provided to clients.
- Complete the implementation of a computerized case management system.
- Analyze all programs for enhancement opportunities presented by new technology.
- Continue to develop best practices and, as a standardized case management system comes on line, use it to measure and validate programming.

Department Description

1. Main Office

Description: Provides mandated legal representation, advice and investigative services to qualifying indigent adults and juveniles charged with criminal offenses and/or probation or parole violations in Contra Costa County. Also provides mandated legal representation and advice to persons who have been committed to state hospitals pursuant to Penal Code Section 1026 (Not Guilty by Reason of Insanity), as mentally disordered offenders, or as sexually violent predators. The main office also provides legal representation to persons facing contempt charges in civil proceedings. The main office operates one branch in Richmond and one branch in Martinez.

FTE: 84.8

2. Alternate Defender Office

Description: Provides mandated legal representation, advice and investigative services to indigent adults and juveniles charged with criminal offenses in cases in which the main office has declared a conflict of interest.

FTE: 13.0

3. Public Safety Realignment (AB 109) Programs

Description: The Office of the Public Defender has several positions and programs that are specifically funded through AB 109 public safety realignment monies.

FTE: 11

- a. **Clean Slate program** – Provides consultation and files petitions for expungement on behalf of persons seeking to clear their criminal records.
- b. **AB 109 Social Worker** – Social worker dedicated to preparing social histories and needs assessments on behalf of the low-level felony population.
- c. **Pretrial Services Program** – Two legal assistants dedicated to a collaborative County program designed to more appropriately assess, supervise and manage the pretrial jail population.

- d. **ACER program (Arrestment Court Early Representation)** – Provides representation for all in-custody clients at the first court appearance.
- e. **Reentry Resource Coordinator** – Coordinates and collaborates with county departments regarding reentry programs and resources; works directly with the community and organizations providing services to the reentry population to ensure continuity of services for clients
- f. **Proposition 47 Assistance**—Prepares and files petitions for persons eligible for relief under Proposition 47
- g. **Failure to Appear (FTA) Reduction Program**—A pilot program, in partnership with the Antioch Police Department, to reduce the numbers of arraignment court failures-to-appear for cases originating in Antioch.

Public Safety Realignment Local Revenue Fund-Public Defender

Description: Special fund to provide legal representation at parole revocation hearings for State parolees transferring to County jurisdiction under Public Safety Realignment (AB 109).

At a total cost of \$331,269, these activities are entirely offset by public safety realignment revenue and therefore have zero net county cost associated with them.

The budget is balanced with no vacancy factor.

Performance Measurements

Services under Proposition 47

On November 4, 2014, California passed Proposition 47, which reclassifies certain non-serious and nonviolent property and drug crimes from felonies to misdemeanors. Prop 47's provisions allowing for eligible prior felony convictions to be reclassified as misdemeanors will terminate on November 5, 2017, which provides a narrow window to identify, locate, and provide legal services to eligible individuals. In Contra Costa, approximately 10,000 cases are potentially eligible for Prop 47 reclassification.

The Contra Costa Public Defender's Office has become a statewide leader in Proposition 47 work by swiftly obtaining the release of eligible persons from county jail and state prison. We have also achieved reductions for all known Prop 47-eligible felony probationers and filed resentencing and reclassification petitions in approximately 2,100 cases. We have prioritized an aggressive community outreach strategy in an attempt to reach eligible individuals in the community and have partnered with community-based organizations and other government departments in order to further these efforts.

CAO's Recommendation

The Public Defender's FY 2016-17 Recommended Budget increases expenditure appropriations by \$1,303,774 or 6.1%, and estimated revenue by \$195,954 or 11.6%, resulting in an increase in net County cost of \$1,108,000 or 5.6%.

The Community Corrections Partnership (CCP) funded the addition of one full-time legal assistant, which enables the expansion of the Clean Slate Program to encompass Proposition 47 services. The CCP also funded a pilot Failure to Appear (FTA) Reduction Project for another full-time Legal Assistant and a temporary Special Assignment Deputy Public Defender. Additionally, the recommended budget funds one half-time Deputy Public Defender IV to provide legal representation at parole revocation hearings for State parolees transferring to County jurisdiction under Public Safety Realignment (AB 109).

Prop 47 Statistics

The Public Defender's office has also pursued funding from private philanthropic foundations in order to support its Prop 47 outreach and legal representation. Through these efforts the Department secured funding from The California

Public Defender

Law and Justice

Endowment and The San Francisco Foundation to further our Prop. 47 work. The Department also recently applied for a Juvenile Reentry Assistance Program (JRAP) grant through the Department of Housing and Urban Development to fund direct legal services for 18-24 year olds who are public housing residents or were denied public housing due to a prior criminal record.

Youth Justice Initiative

The Public Defender's Office has played an integral role in building the Reentry Pilot Project for the Youth Justice Initiative. The Reentry Pilot Project involves the Public Defender's Office, Probation and applicable school districts. Its mandate is to work collaboratively to improve the life outcomes of youth on probation. The YJI attorney is a member of the Design Team for the project. The Design Team has met on a near-monthly basis since July. The YJI attorney has been responsible for creating protocols for the project including: a post-disposition service protocol for public defenders and public defender youth advocate; a protocol for the "Bridge" meeting process which will facilitate coordination between the Public Defender's Office, Probation, school, family and community organizations, in order to ensure a youth's smooth reentry back to the community; and a communication protocol between the Public Defender's Office and the community service organizations who will be tasked with providing mentoring and further support for the youth. The YJI attorney has also participated in the Steering Committee meetings for the Youth Justice Initiative and continues to provide technical assistance and training to the juvenile attorneys in our office.

The Public Defender's Office hired a youth advocate in December, 2015. The youth advocate has created a database of all youth who are potentially eligible for participation in the Reentry Project. She has met with clients in juvenile hall to assess their needs prior to and subsequent to their release back to the community. In addition, the youth advocate has created an extensive data prototype to track the outcomes of the project.

The YJI attorney and the office's two youth advocates have continued to work to fill the need for education advocacy for our clients. Two attorneys and two youth advocates also participated in YJI's Sanctuary Training, to

develop trauma-informed strategies to interact with our clients and promote systems change.

Assistant Outpatient Treatment under Laura's Law

The Public Defender's Office has actively participated in the planning and implementation of the County's Assisted Outpatient Treatment (AOT) program. The program officially launched in February of this year, and we expect to start representing the first clients in the coming months.

Case Management System

This continues to be an elusive goal for this Department. We eagerly await the completion of the DA and Probation systems so that our office can design and implement our much-needed case management system.

Administrative and Program Goals

Expansion and Coordination of County-wide Clean Slate Services

With the expansion of our clean slate and Proposition 47 work, through AB109 and grant funding, our Department will continue to work with community partners to provide clean slate services to as many clients as possible. We will do this through extensive county-wide outreach and training, as well as through partnerships with other county agencies such as EHSD and the West County Reentry Success Center and East County Network of Services.

Improve Conditions of Confinement for clients with Mental Health Needs

In the coming year we will be focusing on working to improve the conditions of confinement and outcomes for our mentally ill clients in local custody. We will do this through advocacy with the courts and in collaboration with other county agencies to develop alternatives to incarceration for this population.

Improve Outreach and Training for the Pretrial Services Program

Now that our Pretrial Service Program is reaching the second year of operations, we will be focusing on way to enhance the program's success. We will do this by participating in ongoing training for the bench and other county agencies with an interest in the pretrial program.

We will also work with the pretrial program's research partner to conduct a thorough analysis of the data collected to date and report back on the successes of the first two years of operation.

Expand Juvenile Reentry Representation to Improve Outcomes

The office has recently received a grant through the National Juvenile Defender Center to hire a Post-Disposition Reentry Fellow. This Fellow will work with our juvenile clients to mitigate the collateral consequences of court involvement,

such as assistance with employment, education, housing, and public benefits.

Launch the FTA Reduction Pilot Program

Thanks to funding through AB109, our office, in partnership with the Antioch Police Department, will be launching a pilot program designed to reduce the failure to appear rate for persons cited by the Antioch Police Department. If successful, this program will provide a blueprint for such programs throughout the County.

Sheriff-Coroner

Law and Justice

Description: Supports the basic law enforcement functions of the Sheriff's Office: patrol, investigations, criminalistics, communications, support services and administrative control.

1. Administrative Services Bureau

Description: Provides leadership and management of the department, including personnel matters, budgetary control, enforcement of operational standards, crime prevention services, and the analysis of crime trends. This division provides the central administrative support for the entire department.

The division staff has responsibility for training, internal affairs, central records, personnel administration and fiscal management.

FTE: 55.0

Net County Cost:	22,120,241
FTE:	55.0

2. Field Operations Bureau

a. **Patrol Services Division** - Provides 24-hour per day law enforcement services to the unincorporated area of the county and contract agencies. Officers on patrol respond to emergency calls for service through the 911-dispatch function, as well as provide law enforcement services through self-initiated activity.

(1) In the unincorporated area, law enforcement services are coordinated through four station houses (Bay Station, Delta Station, Valley Station, and Muir Station) that provide a community-based policing model. Each station house is commanded by a Lieutenant, who reports to

the Division Commander (Captain). In addition to officers patrolling established areas, or "beats", the division staffs a special enforcement "J" team, which is able to provide a mobile, flexible response to increasing crime patterns or other special enforcement needs throughout the county.
FTE: 167.0

(2) Contract Police services provides 24-hour per day law enforcement services to the contract agencies including the cities of Danville, Lafayette, and Orinda; and other entities such as AC Transit. Officers on patrol respond to emergency calls for service through the 911-dispatch function, as well as provide law enforcement services through self-initiated activity.
FTE: 71.0

(3) The Marine Patrol division remains responsible for patrol of the navigable waterways within the County and enforcement of all applicable laws.
FTE: 12.0

b. **Investigation Division** – Conducts follow-up investigation of all reported serious crimes that occur in the unincorporated area of Contra Costa County, as well as in the cities and districts that contract for investigative services. The objectives of such investigations are the identification and prosecution of persons responsible for and the recovery of stolen property.

(1) General Criminal Investigations is the largest unit in the division and is responsible for the investigation and preparation of

evidence for the prosecution of offenders involved in both felony crimes and cases involving juveniles. The Juvenile Assault/Sexual Assault Unit is responsible for follow-up investigations of child abuse cases and all sexual abuse cases.

FTE: 43.0

(2) The Property Unit is responsible for the storage, disposition, and record keeping of all property and evidence related to pending cases.

FTE: 4.0

(3) The DA Investigations Unit provides investigator positions to the District Attorney's Office under contract.

FTE: 1.0

(2) The Controlled Substance Analysis/Drug, Alcohol and Toxicology Unit has three major functions: the analysis of controlled substances seized by law enforcement officers; the analysis of blood, breath, and urine samples for the presence of alcohol and other controlled substances; and the analysis of physical evidence using highly sophisticated scientific equipment.

(3) The CAL-ID Unit operates a computerized system for the identification of fingerprints. The Automated Latent Print System provides the same search capabilities for crime scene latent prints for the purpose of criminal identification. CAL-ID is a joint cities/County program in which the cities pay their share of expenses.

3. Support Services Bureau

a. Forensic Services Division – Provides the objective examination, evaluation, and comparison and interpretation of physical evidence related to the investigation of crimes. The Lab provides physical evidence examination to all government agencies in the County. These functions are offset by fees paid either contractually or on a fee-for-service basis.
FTE: 58.0

(1) The General Criminalistics Unit is responsible for the analysis of diverse types of physical evidence and for the examination of crime scenes for the collection and reservation of evidence in criminal cases.

b. Technical Services Division – Responds to citizens' requests for police, ambulance, and other emergency services (such calls for service are dispatched to patrol units, ambulance companies, and other service providers); indexes, stores, and retrieves all department records; processes arrest warrants and permits required by County Ordinance or state law; and maintains crime statistics.
FTE: 117.5

In addition to providing technical support to the Sheriff's Office for all automated systems, this division provides services through the following units:

(1) *Civil Unit*. Carries out the legal mandates of the Government Code and Code of Civil Procedure to serve all process of the courts

Sheriff-Coroner

that are delivered to the Sheriff. The Sheriff is legally obligated to exercise reasonable diligence in attempting to effect service of process and may face severe liability with regard to this function.

(2) *Communications Unit.* Represents the basic means for the public to contact and request public safety services. The Dispatch unit provides the essential communications link to the operational units of the department. The personnel also dispatch for other agencies, such as Emergency Medical Services and Animal Control, as well as several police departments through contractual agreements.

(3) *Records Unit.* Receives and files all police reports, and maintains statistics regarding crimes for local, state, and federal reports; maintains booking records, compiles criminal histories, and issues permits and licenses in accordance with County Ordinance; processes warrants of arrest from the court, maintains, files, responds to inquiries from law enforcement agencies, and updates various automated databases at local, state, and federal levels.

Sheriff-Coroner

Law and Justice

Description: Provides for the care and custody of sentenced and unsentenced inmates who are incarcerated in the County's three adult detention facilities or who are deemed eligible for an alternative to custody. This function includes the intake process and transportation to designated courts and other jurisdictions. The three detention facilities, alternatives to detention, AB 09 Public Safety Realignment programming and court services divisions are described as follows:

1. Martinez Detention Facility (MDF)

Description: Maximum-security institution, located in Martinez housing many of the County's unsentenced inmates awaiting trial. It also serves as the booking and intake center for all law enforcement agencies within the county.
FTE: 139.0

2. West County Detention Facility (WCDF)

Description: WCDF is a program-oriented facility located in Richmond housing medium-security prisoners. Inmates who present behavioral problems are returned to the MDF in Martinez.
FTE: 124.0

3. Marsh Creek Detention Facility (MCDF)

Description: Located in Clayton, this facility is primarily responsible for the care, custody, and control of sentenced, minimum-security male inmates; however, unsentenced inmates may also be held at this facility.
FTE: 19.0

4. Custody Alternative Facility (CAF)

Description: The CAF program diverts persons who would be incarcerated into non-residential programs such as the Work Alternative Program. Work Alternative is operated for those inmates sentenced to jail for 30 days or less. Inmates accepted into the program provide public service labor at no cost to the County, while relieving housing costs associated with incarceration. Home Detention and County Parole are also

included in this division. The cost of this division is partially offset by user fees; cost savings is also realized through a decrease in the detention population.
FTE: 22.0

5. Custody Services Administration

Description: Provides inmate classification and other detention management services.
FTE: 16.0

6. Public Safety Realignment (AB 109 Program)

Description: Programming primarily at the West County Detention and Marsh Creek Detention Facilities including supervision and operating costs related to non-serious, non-violent, non-sexual offenders in county custody pursuant to AB 109.
FTE: 30.0

7. Detention Transportation

Description: Provides inmate transportation between detention facilities and the Courts.
FTE: 20.0

Sheriff-Coroner

Law and Justice

Description: Determines the cause of death, specifically in the area of homicide, suicide, accidental and unexplained natural deaths. Coroner's deputies are on duty 24 hours a day, 7 days a week, and remove the deceased from place of death. A fee is in effect for the removal of deceased persons. This division has very little flexibility in reducing personnel expenditures and maintaining an around-the-clock presence. The Coroner is responsible for the operation of the County Morgue, the functions of which are mandated by state law.

CAO’s Recommendation

The Recommended Budget includes a net county cost of \$81,000,000, which funds the entire Baseline Budget. The remainder is allocated towards reducing the FY 2015-16 vacancy factor by \$1,995,247, from \$4,242,168 to \$2,246,921. The Recommended Budget also adds (15) new Deputy Sheriff-Recruit positions to help facilitate position management during Academy classes. The new positions are not

Sheriff-Coroner

Law and Justice

funded, but are authorized and available to the Sheriff's Office for recruiting purposes.

New funding authorized during the AB 109 public safety realignment budget process is reflected in the Recommended Budget. Specifically, \$2,531,000 has been allocated to fund 1) \$731,000 in ongoing costs related to anticipated reductions in inmate telephone commission revenue following new rules released by the Federal Communications Commission (FCC) governing interstate, inmate telephone calls and 2) \$1.8 million in one-time revenue to partially fund deferred maintenance at the West County Detention Facility (WCDF). The new AB 109 funding results in no net county cost increase to the department since it is funded by State sales tax and vehicle license fee revenue allocated to the County.

The Recommended Budget also includes an estimated increase to Proposition 172 sales tax revenue of \$5.2 million, from \$61.5 million to \$66.7 million. Proposition 172 revenue funds core patrol and custody services within the Sheriff's Office budget. The estimated revenue increases are due to 1) an increase in overall statewide sales tax revenue, and 2) an increase in the County's pro-rata share of Proposition 172 statewide sales tax receipts.

In addition, the Recommended Budget reflects the mutual termination of the police services contract with the City of Oakley. The termination is scheduled to take effect on May 7, 2016 and the County will abolish 27 FTE positions to reflect the discontinuance of this contract.

A summary version of recommendations can be found on the Program Modification List at the end of this section

Note: *The County Administrator has developed recommendations based on service level impacts communicated by the Office of the Sheriff-Coroner. It is acknowledged that the Sheriff-Coroner is an elected official and has ultimate discretion on how to best deploy resources within his department using appropriations allocated by the Board of Supervisors.*

Performance Measurement

The Sheriff's Office experienced slight improvements in the operating budget for FY 2015-16 given the improving economy. However, the Office continues to struggle with staff retention issues, as sworn officers resign for higher wages and better benefits at other local law enforcement agencies. The Office continues with the mission of recruiting, hiring and training the most qualified staff in response to the ever-present vacancy rate created by the shortage of experienced police officers in the job market. As the Office works through the attrition and retention issues, we remain committed to ensuring a highly visible patrol presence throughout the unincorporated communities of the County.

The Office of the Sheriff Communication Center completed installation and activation of the Airbus Vesta Next Generation 9-1-1 Telephone System. The previous 9-1-1 telephone system had surpassed its useful life and was not capable of keeping up with the current technological advancements. The new 9-1-1 telephone system utilizes advanced technologies that maximize reliability and call processing productivity for response to emergencies throughout unincorporated areas of the County.

While adjusting internal operations to respond to the changes in inmate sentencing and housing, the Sheriff Office continues to be an active participant in the Community Corrections Partnership in an ongoing effort to assist inmates with the successful transition back into the community upon their release.

Administrative and Programs Goals

The Office of the Sheriff is committed to the following goals for FY 2016-17:

- Remain committed to hiring highly qualified Deputy Sheriff candidates, to offset a steady increase in the attrition rate of experienced Deputy Sheriffs, leaving for higher compensation offered by other law enforcement agencies.

- Implement a training and mentoring program to facilitate the development of a newly hired workforce to bridge the gap created by the rapid loss of experienced employees.
- Continue the expansion of the Automated Regional Information Exchange System (ARIES) to include contiguous counties (Alameda, San Joaquin, Solano, and Sacramento)

which will provide additional data sources and a larger contribution to the shared data warehouse. ARIES will begin using a new crime analysis tool, Coplink, to assist with analyzing the various sources of data. ARIES is the East Bay Node for Coplink representing numerous counties and over 100 individual agencies.

Miscellaneous Programs (Non-General Fund)

1. Dispute Resolution Program

Description: Provides for the establishment and funding, at County option, of local dispute resolution services including small claims, guardianship, and unlawful detainer / civil harassment mediation, as an alternative to formal court proceedings. This program is funded from an \$8 portion of court civil filing fees. Services are provided by professional contractors.

Description: Fund established pursuant to Government Code 76100 for the purpose of assisting the county in the construction, reconstruction, expansion, improvement, operation, or maintenance of county criminal justice and court facilities and for improvement of criminal justice automated information systems. The fund accumulates deposits of surcharges on every fine, penalty, or forfeiture imposed and collected by the courts for criminal offenses. The Criminal Justice Facility Construction Fund is used to pay the debt on the District Attorney Office facility and the Bray Courthouse in Martinez.

Description: Fund established pursuant to Government Code 76100 for the purpose of assisting the County in the acquisition, rehabilitation, construction, and financing of courtrooms, a courtroom building or buildings that contain facilities necessary or incidental to the operation of the justice system, or court facilities. The fund accumulates deposits of surcharges on every fine, penalty, or forfeiture imposed and collected by the courts for criminal offenses. Pursuant to the Trial Court Facilities Act of 2002, counties are required to transfer any fund balances to the State unless there remains bonded indebtedness for local court facilities. The County's Courthouse Construction Fund is used to pay the debt on the Bray Courthouse and the Family Law Center facilities in Martinez.

CAO's Recommendation

The Baseline expenditures were increased from the current year budget by a net of \$86,180:

- Elimination of the one-time 2015-16 start-up provision in the amount of \$128,000 approved by the Board of Supervisors on February 3, 2015 to subsidize the Superior Court's start-up costs to implement Laura's

Law, a court-ordered assisted outpatient mental health treatment program.

- Decrease of \$110,000 in costs to collect court-ordered debt.
- Increase of \$248,387 in the provision for criminal defense of indigent offenders in capital (death penalty) cases. While the provision for capital case defense has been increased by 50%, it may prove to be insufficient depending on the progress of current cases.
- Increase of \$50,000 in the provision for court-appointed counsel in non-capital cases.
- Miscellaneous other adjustments composing a net increase of \$25,793.

Court revenues are increased conservatively by just under 2% or \$117,815 based on current year projections.

The Recommended Budget is equivalent to the Baseline budget, and includes appropriations in the amount of \$15.1 million for transfer to the State to subsidize the cost of the local Superior Court, and \$2.3 million for other court functions for which the County is financially responsible under the Trial Court Funding and Public Safety Realignment (AB 109)* Acts. The General Fund subsidy to the courts for non-California Rule of Courts 810 court operations includes the civil and criminal grand juries, judicial benefits for current judges who were serving as judicial officers in 1997, collection services for court-ordered debt, court probation officer services, legal defense representation in capital cases, and costs for other court-appointed counsel.

The Recommended Budget for miscellaneous non-General Fund programs provides for debt service payments on the A. F. Bray Courthouse and the Peter L. Spinetta Family Law Center in Martinez. During FY 2015-16, the bonds for the A. F. Bray Courthouse and a portion of the bonds for the Peter L. Spinetta Family Law Center will be retired, reducing the annual obligations on the Courthouse Construction Fund by \$1.7 million. In past years, the County has subsidized the Courthouse Construction

Fund, whose annual revenues have historically been insufficient to meet the annual debt obligation. The reduced debt obligation in FY 2016-17 will result in a surplus in the Courthouse Construction and Criminal Justice Facility Construction Funds. Also, as a result of the reduced debt obligation, all balances in the Family Law Center Debt Service Fund will escheat to the County General Fund; consequently, that budget is reduced to zero.

Note that Superior Court programs are mandated and should the recommended budget prove to be insufficient, mid-year augmentations will need to be made from the County's reserves or through mid-year reductions in other County programs.

**Note that the Sheriff's Department earns revenue in consideration for providing bailiff and security services to the Court. These costs and revenues are reported in the County Local Revenue Fund and the Sheriff's Department budget.*

Performance Measurement

The County and the Superior Court continue to work diligently to minimize the County General Fund impact for capital cases through the adoption of new policies including presumptive rates and fees.

The County also negotiated and executed a comprehensive Memorandum of Understanding governing the services provided by the Court and the County, one agency unto the other, and related service fees.

The State Controller's Office completed an audit of the County's court revenues for the period July 1, 2008 through June 30, 2014. The audit found errors in the court's distribution of certain fines and forfeitures to State and various county jurisdictions. As a result, the County in FY 2015-16 reimbursed the State \$639,168, of which \$207,056 was from the General Fund.

Administrative and Program Goals

In fiscal year 2016-17, the County Administrator will continue to work with the Superior Court to:

- Implement, in a coordinated fashion, the County's new criminal justice case management systems to maintain a seamless interface between County and Court systems;
- Maximize revenue recovery and minimize the cost of revenue collection;
- Update Memoranda of Understanding (MOU) covering enhanced court collections and bank account interest;
- Assist the civil grand jury with securing satellite meeting locations and technological capability for audio conferencing and a web-based application process to encourage participation of citizens in east and west county.

Department Description

The preceding table represents information in aggregate summarizing expenditures and revenue for the fire suppression/emergency medical response crews, fire prevention bureau, communications center, apparatus shop, training section, emergency medical services office, and administration functions.

Major Department Responsibilities

The Contra Costa County Fire Protection District (CCCFPD) is responsible for providing fire suppression responses to both structure and wildland fires; emergency medical services including paramedic responses, rescue responses, hazardous condition responses; plan review, code enforcement, fire/arson investigation, weed abatement, public education, permits issuance required by Fire Code; and ensuring water supply needed for fire flow, compliance-based inspections, and training.

Non-Operating Funds

Non-operating fund budget units include developer fee accounts that are restricted to

capital needs necessitated by growth, Pension Obligation Bond (POB) Debt Service and Stabilization fund budget units that were created pursuant to the issuance of pension obligation bonds in July 2005, and the EMS Transport Fund created in 2015 to track expenditures and reimbursement revenue associated with the provision of ambulance service.

CCCFPD Capital Outlay Fund

The Capital Outlay Fund includes funds collected during the building permit process and is intended to ameliorate the impact of new construction service demands on District capital needs. This fund is primarily intended for major capital outlay projects such as new fire stations.

The CCCFPD Developer Fee includes funds collected during the building permit process in the unincorporated areas of the former CCCFPD (prior to the July 1994 consolidation). This fund no longer receives developer fees because it has been replaced by the CCCFPD New Development Fee Fund that was established in August 2006. Residual monies in this fund are intended to mitigate the new construction service demands on District capital needs, and are primarily used for construction projects.

Residual monies in this fund are intended to mitigate the impact of new construction service demands on District capital needs, and are primarily used for construction projects.

CCCFPD New Development Fee Fund

The CCCFPD New Development Fee Fund, established in August 2006, replaces both the CCCFPD and Riverview Fire Developer Fee Funds. This fund includes monies collected during the building permit process in all of the unincorporated areas of the District and is intended to mitigate the impact of new construction service demands on District capital needs.

The Pittsburg Special Fund is comprised of fees collected in the Pittsburg area and by agreement with the City of Pittsburg for capital purchases.

CCCFPD POB Debt Service Fund

The Pension Obligation Bond Debt Service Fund was created due to the issuance of Pension Obligation Bonds in July 2005 to refinance the District's Unfunded Actuarial Accrued Liability (UAAL) as of December 2004 with the Contra Costa County Employees' Retirement Association. The refinancing resulted in savings in excess of \$50 million over 18 years as the

CAO's Recommendation

The FY 2016-17 Recommended budget provides for the funding of 25 fire stations, 26 fully functional engine/truck companies, one limited functionality squad, and 352.6 FTEs. This includes cost of living adjustments, benefit cost increases, building and grounds maintenance and repair projects, and capital and non-capital equipment replacement. In contrast, the FY 2015-16 Recommended Budget funded 24 fire stations, 24 fully functional engine/truck companies, three limited functionality squads, and 335.6 FTEs.

The District is primarily funded by property tax revenues. In FY 2015-16, the District experienced a 7.6% growth in secured property assessed valuation and 6.9% growth in total assessed valuation. This represents the third consecutive year of growth in assessed valuation after several years of declines. The District received additional property tax distributions during the course of the fiscal year due to the dissolution of various redevelopment agencies in the County.

The FY 2016-17 Recommended budget anticipates a 6% growth in secured property assessed valuation and the resumption of RDA Successor Agency pass through payments from the City of Pittsburg. The budget also anticipates the continuation of some new sources of revenue, such as emergency medical services

(EMS) first responder fees and sales tax for enhanced EMS in the City of San Pablo.

These increases in revenue are allowing the District to re-staff some of the operational resources that were taken out of service during recessionary years.

As noted in last year's report, FY 2015-16 employer retirement contribution rates decreased for most employers and rate groups. In FY 2016-17 contribution rates will decrease again due largely to prior year (2014) market returns that exceeded the 7.25% investment rate assumption. However, the rate decrease for the Tier A Safety retirement benefit is being offset by the gradual elimination of the 9% employee subvention of the employer cost towards retirement. The agreement to eliminate the employee subvention of the employer rate resulted from the last contract negotiations with the District's largest labor group, IAFF Local 1230.

The FY 2016-17 Recommended budget balances by using approximately \$2.4 million in fund balance. The District has a policy to maintain a minimum reserve of 10% of general operating fund budgeted expenditures. Despite the planned use of reserves to balance the budget, the District continues to meet its reserve requirements. It should be noted that \$2.6 million of the District's planned expenditures are for the transfer of funds from the general operating fund to the pension obligation bond (POB) stabilization fund. The POB stabilization fund can be used for very limited purposes – such as extinguishing new retirement UAALs and replenishing general operating fund reserves. Therefore, after consideration of the \$2.6 million transfer, the FY 2016-17 Recommended Budget estimates a \$200,000 increase to total available end of year fund balance.

On January 1, 2016, the District became the County's exclusive operator of emergency ambulance service (not including the areas covered by the Moraga-Orinda Fire Protection District and the San Ramon Valley Fire Protection District). It is anticipated that the new program will be cash negative for several months, but expenditures are being secured by

anticipated receivables from the provision of ambulance service.

Performance Measurement

During FY 2015-16 the District:

- Responded to approximately 50,000 incidents in calendar year (CY) 2015. This represents an 7% increase in call volume compared to CY 2014.
- Conducted approximately 15,910 life safety inspections and plan reviews of new buildings and fire/life safety systems for compliance with state and local fire and building codes during CY 2015. This represents a 25% increase in productivity compared to CY 2014.
- Following a thorough vetting process and the subsequent award of a five-year contract, effective January 1, 2016, began providing emergency ambulance services within Exclusive Operating Areas I, II, and V in Contra Costa County.
- Executed a contract with American Medical Response (AMR) to provide emergency ambulance services on behalf of the District, as the ambulance service sub-contractor, pursuant to the establishment of the Alliance.
- Hired and trained staff to begin dispatching ambulance resources from the Contra Costa Regional Fire Communications Center (CCR FCC).
- Began the hiring and transition of non-safety Fire Inspector I positions into the Fire Prevention Bureau.
- Transitioned the Fire Investigation Unit to 24/7 operations to adequately cover the increasing workload for fire investigation and fire-related law enforcement.

Contra Costa County FPD

Special District

- Invested in new Computer Aided Dispatch (CAD) infrastructure and upgrades to increase reliability, reduce call processing errors, and reduce call processing times.
- Contracted with a billing service provider to invoice and collect fees for fire first responder emergency medical services pursuant to the adoption of an ordinance establishing the fee.
- Executed a second low interest nine-year lease-purchase agreement for the replacement of aging heavy fire apparatus.
- Placed new fire apparatus into service including two (2) Type III Wildland Fire Engines, nine (9) Type I Fire Engines, three (3) 100' aerial ladder trucks, and one (1) heavy duty rescue.
- Updated the Capital Improvement Plan and continued to address infrastructure needs and the replacement of critical capital and non-capital equipment.
- Began the renovation/rehabilitation of Fire Station 16 in western Lafayette as an alternative to demolishing it and building a new station in partnership with a neighboring fire district.
- Conducted and completed Firefighter Recruit Academy 49.
- Analyzed current dispatch and deployment model and added dispatch staff to improve performance and compliance with performance standards. Modified dispatcher work schedules to accommodate current and future service delivery requirements.
- Established a standardized method for capturing and reporting incident response data.
- Continued to explore the possibility of a comprehensive energy efficiency and renewable energy program for certain District facilities.
- Was awarded a regional grant for a mobile command unit to support large incidents throughout the County, a grant to support the expansion of our rescue apparatus upgrades, grants for security upgrades of the CCRFCC, and a grant to establish an EBRCS-compliant 15 portable radio cache.

Administrative and Program Goals

During FY 2016-17, the District will:

- Reposition internal resources to effectively manage, both operationally and financially, the emergency ambulance program and Alliance with AMR.
- Fully transition the dispatching of ambulance resources to the District to increase efficiency with single point call processing, dispatching, and resource tracking.
- Re-staff Engine 6 at Fire Station 6 in the City of Concord.
- Complete renovation/rehabilitation work at Fire Station 16 in the City of Lafayette and put station back into service.
- Develop five-year plans that address current and projected maintenance needs for existing facilities, maintenance and replacement needs for the District's fleet, and maintenance and replacement of critical equipment such as protective clothing, SCBA, radios, hose, thermal cameras, cardiac monitors, etc.
- Place new apparatus into service including thirteen (13) Type I Fire Engines, four (4) 105' aerial ladder

Contra Costa County FPD *Special District*

- trucks, one (1) command vehicle and two (2) heavy duty rescue trucks.
- Develop a plan to address fire station replacement/relocation. The plan will consider current and future development, cell data, and projected facility needs.
- Using the updated Capital Improvement Plan, review existing and potentially new funding mechanisms such as development impact fees and creation of Community Facilities Districts in areas of new development.
- Enter into an agreement with the City of San Pablo to share the costs of rebuilding Fire Station 70.
- Hire and conduct Firefighter Recruit Academy 50.
- Continue to develop our relationship with AMR in an effort to maximize our operational efficiency and deliver exemplary services to the citizens of Contra Costa County.
- Pursue federal supplemental reimbursement for ambulance services provided to individuals with government payer plans.
- Continue to pursue grant funding opportunities as they become available.

CAO's Recommendation

The FY 2016-17 Recommended Budget reflects a decrease of \$263,637 in expenditures, which is primarily composed of fund balance budgeted in FY 2015-16. Recommended revenue reflects a \$47,401 increase from the FY 2015-16 Budget based on prior year experience and anticipated property tax increases of 6%. The District is planning to use \$18,603 of fund balance to balance the FY 2016-17 Recommended Budget.

Performance Measurement

- Crockett-Carquinez FPD was able to recruit and hire ten (10) new, Paid-on-Call firefighters during FY 2015-16.
- The District took receipt of a new pumper truck in FY 2015-16
- The District provided mutual aid services to fight wildfires throughout Northern California in FY 2015-16.

Administrative and Program Goals

- Continue recruiting Paid-on-Call personnel.
- Continue pursuing donations and grants to help supplement funding for apparatus and equipment needs.
- Upgrade technical rescue capabilities and place rescue truck in service.

ALL COUNTY FUNDS

All County Funds include the County's Enterprise Funds (i.e. Airport, Sheriff Law Enforcement Training Center Fund, Child Care Enterprise Fund, Hospital, Health Plan and Major Risk Medical Insurance Fund). Please refer to the Table of Funds for more detailed fund descriptions.

Internal Service fund balances are not included in All County Funds; however, County impacts are reflected in the individual Departmental Budget Summaries. These funds include the Fleet Services Fund and the County's Self-Insurance Funds. The Fleet Services Fund is used to account for the rental of motor vehicles and other related costs to other departments. The County's Self-Insurance Funds are used to account for administrative costs and payments of claims under various insurance programs. Revenues are primarily premiums paid by other operating funds (reflected in departmental expense) and interest on investments. The insurance programs include: Employee Dental, Long-Term Disability, Workers' Compensation, Automotive Liability, Public (General) Liability, State Unemployment, Medical Liability, and Special District Property.

GENERAL PURPOSE REVENUE

General Purpose Revenue is derived from sources not specific to any program or service delivery, available from sources such as property tax and interest income, and may be used for any purpose that is a legal expenditure of County funds. The estimated General Purpose Revenue for FY 2016-17 is \$409,229,000 or 28% of the County's total General Fund estimated revenue. The following table compares the distribution of General Purpose Revenue among Departments in the Recommended Budget to the current year Adopted Budget (adjusted for carryforward).

GENERAL PURPOSE REVENUE

The following table compares the Recommended Budget’s share of General Purpose Revenue between Agencies to the Baseline Budget. The Baseline Budget identifies the funding gap, if any, by projecting the level of appropriations and resources that would be required to provide in the budget year the same level of service provided in the prior year. The FY 2016-17 Recommended Budget funds the total Baseline Budget and an additional \$3.9 million in expanded requests, which are identified within each departmental write-up and summarized in the Countywide Program Modification List found in the Appendix on page 487.

EMPLOYEE RETIREMENT RATE INFORMATION

The County continues to carry a high number of vacant positions due, in part, to unprecedented numbers of retirements during calendar year 2011 and 2012, which was exacerbated by the Great Recession. The chart below provides the last nine years of retirement history by year and for the month of March. Historically March retirements are the highest because retirees must be retired by April 1 in order to receive a cost-of-living adjustment from the Contra Costa County Employees' Retirement Association.

Discussion of Major Revenue Sources:

Intergovernmental Revenue: \$850.2 Million/26.3% of Total Sources

This major revenue source includes allocations from other government entities, primarily Federal and State, a large portion of which is various State Realignment revenue streams and Public Safety Services (commonly referred to as Prop 172) revenue. The State has achieved significant policy improvements several times over the past 20 years by reviewing state and local government programs and realigning responsibilities to a level of government more likely to achieve good outcomes. During years of fiscal difficulty, realignment proposals by the legislature or administration often included additional revenues earmarked for the transferred programs, such as health, mental health and various social service programs.

State Aid Realignment-Sales Tax (\$203.4 million): Contra Costa’s total Realignment-Sales Tax revenue is budgeted at \$203.4 million, 79% of which is comprised of 2011 Realignment Fund revenues. The 2011 realignment plan shifted the responsibility and funding for a series of major programs from the state to local level. In total, the realignment plan provides \$7.1 billion to local governments to fund various criminal justice, mental health and social services programs in the current year and \$7.5 billion is estimated in the FY 2016-17. In FY 2016-17, Contra Costa County’s share of community corrections base allocation will be increased; however while our “Base” is increasing in FY 2016-17 over FY 2015-16, the percentage share we receive is fixed. Realignment revenue is dependent on a statewide pool of funds, which is derived from Vehicle License Fees and a portion of the State sales tax. It is projected to increase in FY 2016-17, but relative to our overall revenue in FY 2015-16 (which includes some one-time transition payments), our revenue in FY 2016-17 will decline over FY 2015-16.

Discussion of Major Revenue Sources

Intergovernmental Revenue *(continued)*

After adoption of the State budget by the Legislature, additional appropriations will be added to Contra Costa's total Realignment - Sales Tax estimate for FY 2016-17 should increased funds be allocated to the County. The majority of estimated revenues from this source are projected based on formulas using the Governor's January Proposed Budget.

Federal Aid (\$243.8 million): The County is projecting to receive federal aid for a variety of programs in FY 2016-17. Some of these programs are: adoptions (\$6.8 million), child boarding homes (\$10.9 million), community services administration (\$27.6 million), employment and training (\$10.8 million), family maintenance (\$14.9 million), highway construction monies (\$12.6 million), and HUD Block Grants (\$12.6 million).

State Aid Public Safety Services (\$80.7 million): The half-cent public safety tax was approved by the voters in 1993 to permanently extend a temporary state tax that had been enacted to offset the state's fiscal crisis. The state controller forwards the revenue to each county on the basis of that county's share of statewide taxable sales. The county auditor then distributes to its local agencies via a formula based on the amount of property tax lost to previous state expropriations by ERAF (Educational Revenue Augmentation Funding). Revenues can only be used for specified public safety purposes. In Contra Costa they are allocated to the departments of the Sheriff and District Attorney. The County's sales tax consultants project that these revenues will increase in FY 2016-17 due to an increase in overall statewide sales tax revenue, and an increase in the County's pro-rata share of Proposition 172 statewide sales tax receipts. The increase over the current year budgeted figures is \$6.3 million.

State Aid Realignment-Mental Health (\$27.7 million): The 2011 realignment plan shifted the responsibility and funding for a series of major programs from the state to local level. In total, the realignment plan provides \$7.1 billion to local governments to fund various criminal justice, mental health and social services programs in the current year and \$7.5 billion is estimated in the FY 2016-17. Contra Costa's total Realignment – Mental Health is budgeted at \$27.7 million for FY 2016-17. All of these monies are budgeted within Health Services and are used to provide mental health services to both children and adults, including probationers. This funding is generated through sales tax, including the AB109 sales tax allocation, and is projected by the Health Services Department based on prior year receipts and anticipated sales tax growth.

Title IV-D Revenues (\$18.8 million): Child Support Services is projecting to receive just under \$19 million in federal funds in FY 2016-17. This is a federal funding source and is projected by the Child Support Services Department based upon performance and current year expenses, due mainly to flat expenditures; projected revenue growth is flat as well.

Discussion of Major Revenue Sources

Hospital/Health Plan Revenue: \$1.3 Billion/39.09% of Total Sources

Operation of the Contra Costa Regional Medical Center (CCRMC) is financially administered primarily with Hospital/Health Plan revenues. This major revenue source includes revenue from charges for patient services (including Medicare, Medi-Cal and Health plan reimbursements).

PHP/Medi-Cal Premiums (\$666.1 million): The budgeted revenue anticipates enrollment of the State of California Medi-Cal recipients into the County Managed Care two plan model. The member month and market share projections are developed based upon statewide data and modified based upon historical trends. The anticipated monthly capitated payment amount is based on State contracted rates. The projected member months multiplied by the State contract rate produce the budgeted revenue.

Medi-Cal Reimbursement (\$223.0 million): Fee for Service Medi-Cal inpatient hospital services are reimbursed on a per day basis (adjusted at year end per the terms of the State Medi-Cal waiver). The days have been projected based on historical patterns and adjusted for known service staffing levels. The per day rate is then multiplied by the number of projected patient days to arrive at the budget.

Medi-Cal outpatient services are reimbursed on a Prospective Payment System (PPS), all inclusive rate, which includes physician reimbursement. The visits are projected based on historical patterns and then adjusted for new medical service additions and deletions. The resultant visit volume is then multiplied by the estimated revenue per visit to arrive at the budgeted amount.

Discussion of Major Revenue Sources

Hospital/Health Plan Revenue *(continued)*

Health Plan Reimbursement (\$142.9 million): The revenue is for Inpatient and Outpatient managed care services reimbursed on a capitated basis. The revenue forecast is based on anticipated enrollment consistent with State wide trends coupled with utilization rates per thousand (for both days and visits). The member projection and volume estimates are then combined with the anticipated payment rate to arrive at the budget amount.

Contra Costa Health Plan Premiums (\$68.2 million): The budgeted revenue anticipates enrollment of the Commercial members into the County managed care plan. The member months are based upon historical trends and adjusted for product additions or deletions. The resultant number of months is multiplied by the average prior period rate per month to produce the budgeted revenue.

Medicare Reimbursement (\$41.0 million): Medicare Inpatient services (Regular Health) are paid on a per discharge basis. A DRG (Diagnostic Related Group) code is assigned to each inpatient stay and the corresponding weight is multiplied by the federal rate (published in the federal register) adjusted by locality. The DRG is intended to identify the 'products' the hospital provides to a patient. Outlier payments are made for costs that exceed the threshold as established in the federal register. The budgeted revenue anticipates inpatient discharges with a DRG case mix consistent with prior periods trended forward based upon the last six months of actual data.

Medicare Outpatient services are paid by APC (Ambulatory Payment Classification) codes. Each code is assigned a value by CMS (Centers for Medicare and Medicaid Services) and these codes are adjusted by locality. The APC codes are determined by the CPT (Current Procedural Terminology) code billed for the facility portion of the medical services and procedures rendered to the patient. The budgeted revenue anticipates a patient volume and APC mix consistent with the prior period activity.

Discussion of Major Revenue Sources

Enterprise Fund Subsidy: \$27.2 Million/0.8% of Total Sources

Operation of the Contra Costa Regional Medical Center (CCRMC) is financially administered primarily with Hospital/Health Plan revenues. This major revenue source includes revenue from charges for patient services (including Medicare, Medi-Cal and Health plan reimbursements). The County General Fund is also used as a source of Enterprise Fund subsidy. Dramatic changes are occurring with the Hospital/Health Plan as we move towards full implementation of the Affordable Care Act (ACA). Over the next few years these changes will have a significant impact on County operations and how these functions are financed.

Hospital Subsidy (\$23.4 million): Historically, the County General Fund has provided a general fund subsidy to the Hospital and Clinics (Enterprise Fund I). These revenues are allocated from projected property tax revenues and are set as a fixed dollar amount. The allocation has been reduced significantly over the last five years and is expected to be reduced further in FY 2017-18. The temporary subsidy reduction in FY 2014-15 was due to the recognition of start-up revenues related to the Affordable Care Act.

Health Plan Subsidy (\$3.7 million): Historically, the County General Fund has provided a general fund subsidy to the County health plan (Enterprise Fund III). These revenues are allocated from projected property tax revenues and are set as a fixed dollar amount. The allocation was reduced significantly in FY 2010-11, but has been relatively stable since.

Discussion of Major Revenue Sources

Taxes: \$390.0 Million/12.04% of Total Sources

Contra Costa’s largest General Fund revenue source is from Taxes. This major revenue source includes primarily Property Taxes, including Property Tax In-Lieu of Vehicle License Fees, that are levied on taxable real and personal property which is situated in the County as of the preceding January 1. Another major tax source is Sales and Use Tax.

Property Taxes-Current Secured (\$230.9 million): Property Taxes, which are regulated by the State and locally administered and distributed by the County, are based on one percent of taxable property value. Property taxes can increase, or decrease, annually based upon the California Consumer Price Index (CCPI), but are limited to a two percent increase per year unless the property is sold or new construction occurs, in which case the property value for taxation purposes is adjusted by the County Assessor. Property values may also be temporarily reduced due to declines in the market value of the property below the current assessed value, as was the case during the recession. Contra Costa relies on a consulting firm to project Property Tax growth. The County Administrator’s Office analyzed this information and is recommending budgeting 6.0% growth over current year projections from this revenue source.

ALL COUNTY FUNDS

Discussion of Major Revenue Sources

Taxes Revenue *(continued)*

Property Tax In-Lieu of Vehicle License Fees (\$116.6 million): A portion of Property Tax revenue is Property Tax In-Lieu of Vehicle License Fees (VLF). The VLF is a tax on the ownership of a registered vehicle in place of taxing vehicles as personal property. By law, all revenues from the VLF fund city and County services, but the State legislature controls the tax rate and the allocation among local governments. In 2004, the legislature permanently reduced the VLF tax rate and eliminated state general fund backfill to cities and counties. Instead, cities and counties now receive additional transfers of property tax revenues in lieu of VLF. The County Administrator's Office is projecting 6.0% growth in VLF for FY 2016-17 based on property tax projections.

Sales and Use Tax/In-Lieu Sales and Use Tax (\$14.0 million): Sales tax is the responsibility of the seller, and the local portion is generally allocated to the jurisdiction where the seller's sales office, order desk or cash register is located. Use tax is levied upon the purchaser; and normally applies either when title to the merchandise has passed at a point outside of California, or when the item(s) sold are affixed to real property as part of a construction contract. Because these transactions are not tied to a permanent, in-state place of business the use tax is normally distributed via the county allocation pools and shared among all jurisdictions in that county. In-Lieu Sales and Use Tax are those taxes transferred to a county or a city from a Sales and Use Tax Compensation Fund or an Educational Revenue Augmentation Fund. These revenues replaced the 0.25% of the Bradley-Burns sales and use tax that were previously credited to the general funds of all cities and counties but are now being used for debt service payment of State Economic recovery bonds. This funding mechanism became known as the "Triple Flip".

Triple Flip Unwind Process: The Governor's FY 2014-15 state budget included a supplemental payment of \$1.6 billion to allow the 2004 Economic Recovery Bonds to be paid off earlier than originally planned. Based on our review of historical annual Triple Flip reconciliations, all past takeaways have been properly trued up and no additional amounts are due to local/county agencies. Starting with monthly advances in March 2016 (representing sales activity starting January 1, 2016) and thereafter, Bradley-Burns allocations reverted to the original 1% amount. Due to the increase in monthly cash flow, many agencies experienced a one-time bump in recorded accrued revenues for the 2015-16 fiscal year when compared to the 2014-15 fiscal year. Contra Costa relies on a consulting firm to project Sales and Use Tax. The FY 2016-17 Recommended Budget includes no growth over the current budget in net sales taxes.

Other Major Revenues: \$705.2 Million/21.78% of Total Sources

Other Major revenues and financing sources include License/Permits/Franchises, Fines/Forfeits/Penalties, Use of Money and Property, Charges for Services, and Miscellaneous Revenue.

License/Permits/Franchises (\$27.4 million): The majority of the County's revenues in this category come from construction permits (\$13.4 million), franchises (\$7.6 million), animal licenses (\$1.7 million), and landfill surcharges (\$2.0 million). All of these revenue projections are based upon very recent trend analysis as historic figures tend to project higher than can reasonably be anticipated.

Fines/Forfeits/Penalties (\$31.5 million): The majority of the County's fines are from general fines (\$4.2 million), miscellaneous penalties (\$2.3 million), and vehicle code fines (\$1.1 million). Projections for these revenues are based upon recent experience and cases recently settled or in-the-pipeline. An additional source of general purpose revenue is generated from a transfer from the Tax Losses Reserve Fund (\$22 million). Allocations from the Tax Losses Reserve fund to the General fund are based upon total funds available over the statutory minimum and level transfer sustainability.

ALL COUNTY FUNDS

Discussion of Major Revenue Sources

Other Major Revenues (continued)

Use of Money and Property (\$8.9 million): These revenues are generated from monies earned on cash deposits, bonds and other investments. They include amortization of premiums and discounts on debt securities and interest income on leases. Investment earnings on bank deposits and other forms of investment include interest, dividends and change in the fair value of investments. The largest revenues in this category are \$3.9 million from aviation operations/rent and concessions from the Buchanan Airport, \$2.1 million from rent on real estate and office space, and \$2.9 million from earnings on investments. Earnings from use of money and property are relatively flat and are not expected to grow significantly in the short term, due mainly to very low interest rates.

Charges for Services (\$255.9 million): Eleven of the 78 revenue sources in this category account for over 74% of the revenue. The largest is Medi-Cal for mental health services (\$63.8 million), which is projected based upon trend as well as State contract. Contract law enforcement services accounts for \$22.9 million and are based upon current contracts to cover projected actual expenditures. Building maintenance services costs account for \$37.6 million, \$4.7 for city contracts for animal services, and \$8.9 million for reciprocal transactions between governmental funds (contracts and interfund loans). For the most part, these revenues are projected based upon existing contracts. The County also expects to receive \$16.7 million from health inspection fees, \$8.5 million in recording fees, \$7.2 million in assessment collections, \$8.3 million from planning and engineering services, \$5.7 for communication services, and \$5.3 million for processing/inspection fees in FY 2016-17. These revenue projections are based upon recent County trends.

Miscellaneous Revenue (\$360.4 million): Over \$303.5 million in miscellaneous revenues are government to government reimbursements for recovery of shared and/or actual costs of raw materials and/or raw labor. Included in this category, and the most common in Contra Costa County, are non-arms-length transactions such as the Public Works Department charging the Road or Flood Control Funds. Other large sources of miscellaneous revenues are government to government transfers (\$8.6 million) and contributions from other funds. These are one-way transactions where assets are transferred from one fund to another fund without anything in return (e.g. Subsidy). These miscellaneous revenues are projected to increase in FY 2016-17 and are based upon planned future projects. The second largest miscellaneous revenues at \$43.3 million are contributions from other funds. Of this amount, \$41.3 million is budgeted for the principal and interest costs for the Pension Obligation Bonds for employee retirement liabilities (\$38.5 million) and to fund the Retirement Litigation debt services repayment (\$2.8 million). Funds are calculated per the established debt schedules and allocated across projected employee payroll based upon recent experience (see Debt Service, page 119).

Fund balance represents uncommitted cash or other liquid/cash convertible assets in excess of fund liabilities. For budgetary purposes, this represents the sum of over-realized or unanticipated revenues and unspent appropriations or reserves at the end of each fiscal year. The County Administrator's Office reviews variances in projected fund balances each year over or under 10%. Presented in the table above are the County's Major Governmental Funds individually (General Fund and CCC Fire Protection District Special Revenue Fund), all other Non-Major Funds in the aggregate, and the total Governmental Fund balance.

The County's General Fund had a Budget Year beginning fund balance of \$295.3 million, which represented 24.5% growth over the previous year. Revenues rebounded strongly recently especially due to property taxes, sales and use taxes, and taxes in lieu of sales and use tax. Intergovernmental revenue increased due to increases in state aid for mandated expenses, realignment taxes, and public safety services. Charges for services increased as well, due to an increase in candidate filing fees, building

County Summary Information

maintenance fees, Mental Health Medi-Cal claims, and contracted law enforcement services. During this same time, expenditures increased as well, but not as much as revenues due, in part to a high number of vacant positions that continued to produce significant expenditure savings. Fund balance is expected to remain relatively flat in FY 2016-17 as Labor negotiations are likely to produce higher salaries and benefits, which in turn will allow the County to attract and retain a larger skilled labor force. The projected increase in Unassigned balance of 0.8% is due to the \$2.5 million from the West Contra Costa Healthcare District's reallocation of property tax revenue through an exchange agreement.

The CCC Fire Protection District's Special Revenue Fund provides fire and emergency medical services to nine cities and certain unincorporated areas in the County. The District's fund balance increased by \$3.95 million (12.9%) during fiscal year 2014-15 and had a Budget Year beginning fund balance of \$34.4 million, which represented 12.9% growth over the previous year. An increase in tax revenues from continued slight improvement in the housing market allowed a rise in assessed valuations of real property resulting in an increase in property tax. Fund balance is expected to grow slightly in FY 2016-17 for the same reasons. It should be noted that our computation of Restricted/Committed /Assigned for special revenue funds is revenue based. The level of constraint for the use of the revenue determines into which category of fund balance the revenue is categorized. Since the District does not have a formal spending plan, the expenditures are allocated in the following order: restricted, committed, assigned, unassigned.

The composition of funds included in the Non-Major governmental funds changed in the current year due to the reclassification of the Health and Sanitation Special Revenue Fund from major to non-major. Debt service funds had an increase in fund balance of 14.6% due mainly to a decrease in principal and interest expense as a result of the final payment of a pension obligation bond occurring in June 2014. Non-Major Governmental Funds in the aggregate grew by 6.8% in the last year and are not anticipated to increase or decline by more than 10% in the Budget Year nor for the 2016-17 fiscal year.

Components of Fund Balance
Nonspendable (inherently nonspendable)
- Portion of net resources that cannot be spent because of their form
- Portion of net resources that cannot be spent because they must be maintained intact
Restricted (externally enforceable limitations on use)
- Limitations imposed by creditors, grantors, contributors, or laws and regulations of other governments
- Limitations imposed by law through constitutional provisions or enabling legislations
Committed (self-imposed limitations set in place prior to the end of the period)
- Limitations imposed at highest level of decision making that requires formal action at the same level to remove
Assigned (limitation resulting from intended use)
- Intended use established by highest level of decision making
- Intended use established by body designated for that purpose
Unassigned (residual net resources)
- Total fund balance in excess of nonspendable, restricted, committed, and assigned fund balance
- Excess of nonspendable, restricted, and committed fund balance over total fund balance

CAPITAL IMPROVEMENT PLAN

The County policy for capital asset accounting and budgeting conforms to State definitions and regulations as set forth in the manual of Accounting Procedures for Counties and reflects current values. The policy establishes the basis for financial classification.

Capital assets are assets of significant value having a utility that extends beyond the current year. An improvement is replacement of a component part of a capital asset by an improved or superior part, an addition of new parts, or an alteration or a structural change to a capital asset that results in a functional improvement over its original state that materially adds to the value of the asset or appreciably extends its life.

Land improvements enhance the value of land itself (such as grading or ditching for drainage). Ground improvements add other items to the basic land. Examples of grounds improvements are lawns, trees and shrubs, sprinkler systems, and paving.

The following capital assets are to be capitalized and individually budgeted and controlled:

Land. All land acquisitions and land improvements, without regard to cost.

Structures and Improvements. Permanent structures costing \$100,000 or more; additions, structural betterments and ground improvements that cost \$100,000 or more.

Equipment. Equipment includes movable personal property with a unit cost of \$5,000 or more, including sales tax, and delivery and installation charges; additions to capitalized equipment costing \$5,000 or more per item.

Infrastructure. Infrastructure assets are long-lived assets that normally are stationary in nature and can be preserved for a significantly greater number of years than other capital assets; infrastructure assets include roads, bridges, tunnels, drainage systems, water and sewer systems, dams, and lighting systems.

Intangibles. Intangible assets lack physical substance, have a non-financial nature, and have a useful life that extends beyond a single reporting period; examples of intangible assets include: easements, water rights, timber rights, patents, trademarks, and computer software, including internally generated software. Capitalization thresholds for intangible assets are as follows:

\$100,000 for all intangible assets acquired after June 30, 2009 – excluding internally developed or modified software and other internally developed intangibles.

\$1,000,000 for all internally developed intangible assets acquired after June 30, 2009

\$1,000,000 for retroactive reported intangible assets.

CAPITAL IMPROVEMENT PLAN

Per Budget Policy, the FY 2016-17 budget process again includes strategic planning and financing elements for facilities renewal and new construction projects (short and long term capital budgets) and a comprehensive management program for the County's general government real estate relative to acquisition, use, disposition and maintenance. This element includes funding decisions for maintaining the County's facility assets, allowing the Board of Supervisors to weigh competing funding decisions using credible information.

The Capital Improvement budget narrative can be found beginning on page 65 in the Departmental Budget Summary section of this document. It includes a recommended budget for Minor Capital Improvements of \$1.5 million, which is available for minor improvements and deferred maintenance when there is no other funding available; \$10.75 million for Facilities Lifecycle Improvements, which reflects the amount allocated to deferred facilities maintenance (\$750,000) and capital renewal from the County's Tax Losses Reserve (\$10.0 million); and also includes funding for the Plant Acquisition cost center. This allocation of general purpose revenue, in the amount of \$5 million, is intended as an on-going resource for construction and repair of County facilities. The monies are intended for capital projects and/or debt service for a future infrastructure borrowing program.

In FY 2015-16 the Public Works Department continued with several on-going initiatives to refine, revitalize and redefine the strategic planning effort for County facilities. Sixty-eight capital projects were managed with a total project cost of \$93 million including new construction, major remodels, energy systems, and landscaping projects. Major projects included completion of the Martinez Wellness Center, a new 10,000 square foot, single-story, outpatient health center which includes a mental health clinic and completion of the Crisis Residential Facility, also known as the "Hope House", which is a twenty-four hour residential treatment program. The County also delivered a \$13 million capital improvement program for roadway, bridge, drainage, and airport projects that include safety improvements on Marsh Creek, Deer Valley, and Camino Tassajara roads, as well as bike and pedestrian improvements in several communities, and two bridge replacement projects.

The investment in capital assets includes land, buildings and systems, improvements, machinery and equipment, software, park facilities, roads, highways, drainage systems, and bridges. The County's total investment in net capital assets for fiscal year 2014-15 increased by 0.5% and exceeded retirement of capital assets and depreciation expense. The County's investment in capital assets for its governmental and business-type activities as of June 30, 2015, was \$1.0 billion (net of accumulated depreciation).

The major activity of capital assets for governmental and business-type activities was:

Road infrastructure and construction in progress	\$ 21,133,000
Drainage infrastructure and construction in progress	\$ 5,078,000
Building and building construction in progress	\$ 7,332,000

CAPITAL IMPROVEMENT PLAN

Construction included the completion of numerous construction projects such as Deer Valley Road Safety Improvement, Pacheco Boulevard landscaping, and Delta Road bike lane and pedestrian pathway.

The following is the list of planned significant non-recurring General Fund capital expenditures for FY 2016-17, the difference between the total of \$9.26 million and the \$10.75 million budgeted is project contingency:

The Public Works Department has been developing a reliable, comprehensive facility asset management database and strategic plan for managing the County facility inventory over the last two years. These efforts have provided reliable usable data that we are using to recommend strategies for the operation, maintenance and administration of County facilities. The following summary of the strategy and objectives includes the current status and goals of this on-going effort.

CAPITAL IMPROVEMENT PLAN

1. Strategy. Support the County's Real Estate Asset Management Plan and develop a Strategic Facilities Asset Management Plan. Integrate divisions involved in Asset Management (Real Estate, Capital Projects, Facilities Services and Finance). While refinement and additions continue to take place to the asset data, Public Works has used the updated, standardized data to assist in making modifications, updates and recommendations for capital project work on County facilities.
2. Reporting. Improved and refined quarterly reporting of capital projects to the Finance Committee to include data on the status of Facility Lifecycle Investment Program (FLIP) projects and potential underutilized (surplus) property. Data is now readily available that previously required considerable research. Cross functional teams have been established to ensure this information is kept current, reliable and manageable for use by all staff involved in facility asset management. The accuracy and details of this data is critical in making decisions and in developing strategic plans for facility infrastructure. These improvements allow decision makers to see a more complete picture on data related to County facilities.
3. Objectives. Four primary business objectives for asset information management were identified and the first two have been achieved (converting paper based information into digital format and standardizing data for consistency). The focus is now on establishing asset management metrics, and developing an interface for use by staff so the data can be used to make recommendations and set strategic planning efforts.

In 2007 the County completed an assessment of County owned buildings to determine the general condition of the buildings. This assessment served as the basis for the Facility Lifecycle Improvement Program. Deferred maintenance and capital renewal needs were analyzed and a proposed project list was developed. Given significant funding constraints as a result of the economic downturn, no deferred maintenance was funded until FY 2012-13. An updated assessment of buildings was completed in 2015.

The Public Works Department anticipates there will be significant progress in FY 2016-17 on the implementation of the Facilities Asset Management Plan. As was noted in the budget message, the County Administrator's Office has added a Chief Deputy County Administrator designated specifically for the purpose of updating the County Capital Improvement Plan (CIP). The new position will help the County Board identify and set priorities for the elimination of structurally deficient or no longer needed structures, and look to replace structures while reducing the backlog of deferred maintenance.

CURRENT DEBT POSITION

The most recent Debt Report was issued by the Debt Affordability Advisory Committee on March 15, 2016. Information on the current Debt Position of the County follows:

Outstanding Debt. As of June 30, 2015, the County had a total of \$489.4 million of outstanding Pension Obligation Bonds (POBs) and Lease Revenue Bonds (LRBs)/Lease Revenue Obligations (LROs). As of June 30 for each year the total amount of County outstanding Pension Obligation Bonds and Lease Revenue Bonds was \$532.7 million (2014); \$606.1 million (2013); \$634.3 million (2012); \$717.9 million (2011); and \$729.6 million (2010). The County's entire debt portfolio is comprised of fixed-rate debt issues. The Debt Policy permits variable rate issues such as variable rate demand obligations only under special circumstances and does not presently permit derivatives such as swaps. Even prior to the implementation of its formal Debt Policy, the County had issued only fixed rate debt. This approach shields the County from the risks associated with swaps and variable rate debt. It should be noted that Pension Obligation Bonds are taxable securities whereas the majority of the County's Lease Revenue Bonds are tax-exempt securities (The exceptions are the BABs and RZBs, which are taxable with a federal subsidy). Thus, the True Interest Costs for the Pension Obligation Bonds are generally higher than those for Lease Revenue Bonds. A detailed unaudited list as of December 31, 2015 is shown below.

CURRENT DEBT POSITION

Bonded Debt Limitation and Assessed Valuation Growth. The statutory debt limitation for counties is 5% of assessed valuation (Government Code Section 29909), but it is actually 1.25% of assessed valuation pursuant to the California Constitution which requires taxable property to be assessed at full cash value rather than ¼ of that value pre- Proposition 13. For FY 2014-15, the County’s total assessed valuation base was \$168.8 billion and the growth rate of total assessed valuation in the County was 8.73%, the third fiscal year increase since FY 2008-09. The local portion of total assessed valuation can grow up to the maximum annual rate of 2% allowed under Proposition 13 for existing property plus additional growth from new construction and the sale and exchange of property. The annual growth rate in assessed valuation averaged 9.9% over the last 25 years and averaged 2.1% over the past 5 years. Assessed valuation fell by a cumulative 9.3% from its peak in Fiscal Year 2008-09 to its trough in Fiscal Year 2011-12 as a result of the impacts of foreclosures and the recession on the County’s economy. Assessed valuation appears to have stabilized and has begun growing again. Subsequent to the reporting period of June 30, 2015, total assessed valuation grew by 4.8% for FY 2015-16.

The net assessed value of taxable property was \$163.5 billion (\$168.8 billion gross), resulting in a statutory bonded debt limitation of \$8.2 billion and a California Constitution limit of \$2.0 billion. This limit applies to all County-controlled agencies, including the County General and Enterprise Funds, Successor Agency, Housing Authority and Special Districts. For technical auditing purposes, only Pension Obligation Bonds and Tax Allocation Bonds are counted as “general obligation bonded debt” even though neither form of debt requires voter approval; lease revenue bonded debt and assessment district debt are not required to be included. As of June 30, 2015, the County’s outstanding bonded debt was \$327.3 million leaving a statutory margin of \$7.9 billion and a Constitutional margin of \$1.7 billion. Subsequent to this reporting period, taxable property grew to \$175.6 billion for the current fiscal year, resulting in an increased bonded debt limit.

Debt Service Requirement. The County has debt service requirements for Outstanding Lease Revenue and Pension Obligation Bonds that must be provisioned in each fiscal year. The following obligations are current as of June 30, 2015. Note that these are County obligations and do not include Special Districts or Successor Agency obligations (also excluded are capital leases) and that years 2030-2040 are the total - each year is \$2.47 million.

(1) Excludes capital leases; includes federal subsidy receipts for certain lease revenue bonds (Build America Bonds and Recovery Zone Bonds).

Refundings. The County Finance Director monitors market conditions for refunding opportunities that, pursuant to the Debt Management Policy, will produce at least 2% net present value savings for each maturity of bonds refunded and a minimum of 4% overall present value savings. The table below sets forth the amount of savings achieved on refundings undertaken since 2002. A total of \$9.61 million of net debt service savings were achieved over the remaining terms of bonds refunded since 2002. The County's largest refunding occurred in fiscal year 2006-07 when \$200.9 million of prior Certificates of Participation and Lease Revenue Bonds were refunded as part of the plan of finance for the 2007 Series A and 2007 Series B Lease Revenue Bonds. To the extent that Federal and/or State programs offset debt service cost for projects funded with Lease Revenue Bonds, the County must share the refunding savings attributable to such projects with the Federal and/or State program.

**Lease Revenue Bond Refunding Savings Since 2002

Additionally in August 2015, the County issued \$52.1 million in 2015 Series B refunding bonds. These bonds refunded \$56.0 million in outstanding Series 1999A, 2002A, 2002B, 2003A and 2007A bonds. They achieved \$4.58 million in net present value savings, mature in 13 years and have average annual savings of \$416,893.

CURRENT DEBT POSITION

Pension Obligation Bonds. In addition to the traditional refundings described above, the County has issued Pension Obligation Bonds (POBs) in 1994, 2001 and 2003 to refinance its then-unfunded actuarial accrued liability (UAAL) with the Contra Costa County Employees' Retirement Association (CCCERA). When issuing POBs, the County's objective is to pay a lower interest cost on the POBs than the actuarial interest cost (i.e. the assumed investment rate) charged by CCCERA, thereby producing savings for the County. Unlike traditional refundings where the prior debt service is fixed, the debt service on a UAAL is not necessarily fixed over the term of its amortization; rather, CCCERA's investment performance and/or a number of actuarial assumptions could change from year to year, which would result in the UAAL changing as well. For purposes of determining debt service "savings" from issuance of Pension Obligation Bonds, however, it is typically assumed that the respective UAAL does not change so that the debt service savings are calculated as the difference between the amortization of the respective UAAL at the time of issuance of Pension Obligation Bonds and the debt service on said Pension Obligation Bonds.

For example, in the 2003 Pension Obligation Bond issue, total savings were estimated to be \$113.8 million (\$73 million on a present value basis) over 19 years for average annual savings of about \$6.0 million. The estimated savings reflected the lower interest cost on the bonds (5.36%) versus the 8.35% actuarial interest rate charged by CCCERA at the time, but also assumed CCCERA would earn 8.35% throughout the term of the bonds. The assumed actuarial interest rate has since been lowered to 7.25% meaning that long term savings from Pension Obligation Bonds are also reduced. CCCERA's net return on market value of assets for the last five calendar years is presented below:

Year Ending December 31	Net Return on Market Value of Assets*
2011	2.1%
2012	13.5%
2013	15.7%
2014	7.7%
2015	1.9%

Unless CCCERA's future performance produces investment returns above the assumed actuarial rate in some years to offset negative or low investment returns in others, the actual savings from Pension Obligation Bonds may be zero or negative.

To the extent that Federal and/or State programs offset debt service costs for any UAAL, the County shares the savings from the reduced debt service attributable to funding the UAAL with Pension Obligation Bonds with such Federal and/or State program through reduced pension cost claims.

CURRENT DEBT POSITION

Long Term Credit Rating. Long-term credit ratings provided by a rating agency are an independent assessment of the relative credit risk associated with purchasing and holding a particular bond through its scheduled term of repayment. Long-term credit ratings serve as unbiased opinions of a borrower's financial strength and ability to repay its debt on a timely basis. Long-term credit ratings are one of the most important indicators of creditworthiness readily available to the investment community and have a direct impact on the borrowing rates paid by the County.

Ten years ago, in December 2005, Moody's downgraded the County's ratings for each type of bond issue by one notch and assigned a Negative outlook to the rating. Standard & Poor's (S&P) assigned a Negative outlook in November 2005, but did not downgrade the ratings. These rating actions were largely attributable to a four-year trend of reduced fund balances in the General Fund. As of June 30, 2007, both Moody's and S&P had removed their respective Negative outlooks on the County's ratings. Citing the County's improved financial flexibility and reserves, each of the two agencies assigned an outlook of "Stable" to the County's ratings. The ratings have had a "Stable" outlook ever since.

1. Municipal bond insurance policies were purchased to allow the ratings to be increased to Aaa (Moody's) and AAA (S&P) on all or portions of all Lease Revenue Bond/COPs issues since FY 1987-88 and on all or portions of all Pension Obligation Bonds since FY 2000-01.
2. Beginning in 1996, Moody's began to rate pension obligation bonds one notch (rather than the previous two notches) lower than the issuer's general obligation bond rating. In addition, Moody's replaced their two-notch per tier system (e.g. Aa1, Aa2) with a three notch per tier system (e.g. Aa1, Aa2, Aa3).
3. Beginning in 2001, S&P began to rate lease obligations one notch (rather than the previous two notches) lower than the issuer's general obligation bond rating.
4. S&P assigned an outlook of "Negative" to the County in November 2005. On December 1, 2005, Moody's downgraded the County one notch and changed the outlook to "Negative".
5. Moody's assigned an outlook of "Stable" to the County in November 2006. In February 2007, S&P changed the outlook to "Stable".
6. The changes in Moody's ratings reflect the recalibration of ratings completed by Moody's in April 2010.
7. February 20, 2013 Moody's downgraded the County's Pension Obligation Bonds to A1 with a "Stable" outlook.
8. December 19, 2013, S&P upgraded the County's ratings for each type of debt.

PERFORMANCE MEASUREMENT PROGRAM

As part of its long-term planning strategy, Contra Costa County began including its performance measurement program in the annual budget process in FY 2011-12. As a component of the annual budget preparation, each department updates its Performance Report that includes the following sections:

- Department Mission, Mandate or Goal
- Major Program Descriptions
- Accomplishments
- Challenges
- Performance Indicators

Performance report information is included in departmental summaries in the Recommended Budget. Additionally, all department Performance Reports are posted on the County's website.

To strengthen its performance measurement program, Contra Costa County became involved with the Bay Area Regional Benchmarking Project (Project BARB). Project participants include nine San Francisco Bay Area counties: Alameda, Contra Costa, Marin, Napa, San Francisco, San Mateo, Santa Clara, Solano and Sonoma.

The intent of Project BARB is to provide regional data that can be used by participating jurisdictions to learn from each other, evaluate performance, improve management practices and inform goal-setting. Specifically, comparing performance data among the nine San Francisco Bay Area counties will:

1. Establish Bay Area averages or norms that can be used to inform goal setting and resource allocations by participating jurisdictions;
2. Identify best practices that can help to improve operations and service delivery;
3. Provide valid and reliable data to aid in decision-making and resource allocation;
4. Serve as a catalyst for enhancing inter-county communications and sparking new ideas; and
5. Provide a professional development opportunity for staff to work with their peers in other counties.

Contra Costa County participated in Project BARB for several years. During Phase I, Community Measures, statistical profiles were compiled for each participating county to provide context in determining comparability for the Project. The Phase I Report identified seven Community Measures, with corresponding goal areas, as community indicators of interest to all counties. Data was collected for each goal area with a Bay Area average as a regional benchmark. Phase II, Internal Services Measures, was not completed. Public Safety Measures were also not completed.

PERFORMANCE MEASUREMENT PROGRAM

Also as part of Project BARB, Contra Costa County participated in the International City/County Management Association ICMA Center for Performance Management 101 survey. The survey consisted of 14 service areas:

- Highways & Road Maintenance
- Facilities Management
- Permits, Land Use, & Plan Review
- Information Technology
- Risk Management
- Police
- Code Enforcement
- Procurement
- Parks & Recreation
- Fire & EMS
- Human Resources
- Libraries
- Fleet Management
- Solid Waste

Contra Costa reported data on all but the Fire and EMS service areas. In addition to Contra Costa County, 20 other jurisdictions submitted data to ICMA.

In 2013, Project BARB members and an ICMA representative met to discuss the Center Performance Management 101 survey. During this discussion, the group shared consortium measures on recidivism/criminal justice. In addition, ICMA offered technical support to the group regarding the 101 survey data analysis and reporting.

In 2014, ICMA provided Project BARB with FY 2012-13 final datasets to facilitate completion of the group's original benchmarking goals. Six (Alameda, Contra Costa, Marin, Napa, San Mateo, and Solano) of the nine Project BARB counties participated in the Performance Management 101 survey. ICMA provided datasets specific to Project BARB counties, as well as access to all Performance Management 101 survey respondents' data, which included 118 jurisdictions from 37 states.

The preliminary datasets as compared to Project BARB counties provided the following highlights:

- Although Contra Costa County has a high number of Worker's Compensation Claims filed, the number of days lost by employees due to injury is well below the average.
- Information Technology (IT) datasets are difficult to measure due to some counties outsourcing these services, varying web-based operations that may result in higher IT costs but may provide enhanced efficiencies in other areas, and variability of how counties track IT services and resolutions.
- Contra Costa's average number of working days from a hiring requisition request to the compilation of an eligibles list for recruitments processed externally was similar to the other counties; however, the average number of working days from a hiring requisition request to the compilation of an eligibles list for recruitments processed in-house was the highest reported number due to Contra Costa's consent decree and continuance of an applicant appeal period.

PERFORMANCE MEASUREMENT PROGRAM

- Library datasets show Contra Costa with the highest figures for population served, annual circulation for library facilities, and number of terminals with internet access.
- Contra Costa's datasets reflect the highest percentage of alternative fuel vehicles in fleet.
- Contra Costa was well below the average response time for completing pothole repairs, with a 100% completion rate for reported pothole repairs.

The County Administrator's Office provided the datasets to the departments with surveyed service areas and received positive feedback regarding the utility of local Bay Area counties' data as a performance measurement starting point. Questions regarding comparability of specific measures were raised, which require more in-depth information from other Project BARB counties to appropriately establish apples-to-apples comparisons. Other Project BARB members received similar feedback and shared concerns on how to make the process more effective for their departments.

ICMA has changed their performance management analytics system to an online platform with additional features and at an increased cost. To ensure that the new ICMA performance management platform is aligned with Project BARB goals, the majority of the participating counties have decided to wait until the next reporting cycle. This will allow Project BARB to focus on efficiencies that will support their departments' and countywide goals. Marin County confirmed that they will be submitting data through the new ICMA Insights system. Marin County will be able to share their experience with the new platform to other Project BARB members for future discussions on the utility of ICMA performance management tools.

Unfortunately, Project BARB has been idle for more than a year, despite several attempts to schedule sessions to work on identifying comparable regional datasets that will evaluate performance, improve management practices, and support goal-setting for informed decision making and resource allocation.

To more fully integrate our Performance Measurement Program into the budget process, Contra Costa County is currently researching and reviewing Performance Measures/Management programs, including best practices offered by the Government Finance Officer Association.

County Fund Definitions

Fund: a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

Governmental Funds are generally used to account for tax supported activities; it accounts for the majority of funds; except for those categorized as proprietary or fiduciary funds.

Types of Governmental funds include:

General Fund is used to account for the general operations of government and any activity not accounted for in another fund.

Special Revenue Funds are used to account for resources legally designated for specific purposes and separately reported.

Debt Service Funds are used to account for resources dedicated to pay principal and interest on general obligation debt.

Capital Project Funds are used to account for resources dedicated to acquiring or constructing major capital facilities.

Permanent Funds are used to account for resources legally restricted so only earnings (and not principal) may be used to support governmental programs.

Proprietary Funds are used by governmental activities that operate in a manner similar to that of private sector businesses in that they charge fees for services. Proprietary Funds rely on the full accrual basis of accounting where revenues are recognized when earned and expenditures are recorded when incurred.

Types of Proprietary funds include: Enterprise and Internal Service Funds

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises (e.g. water, gas and electric utilities; airports; parking garages; or transit systems). The governmental body intends that the costs of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges.

Internal Service Funds are proprietary funds used to account for the financing of goods or services provided by one department to other departments of the County or other governmental units, on a cost reimbursement basis.

2015/16 Achievements

- Structurally balanced Budget for fifth year in a row
- Agreement with a majority of our employee Unions on healthcare provisions that resulted in the County picking up 100% of the cost increase for 2016 and allowed our employees to move to a three tier plan that provides greater flexibility in coverage and membership.
- Improved public safety with an innovative public-private partnership between Consolidated Fire and AMR to provide high quality emergency ambulance services to the majority of County residents. This new arrangement will speed ambulance response time, reduce service duplication and enable access new federal funding.

2015/16 Achievements

- New Animal Services Director to continue the Department's effort to match adoptable animals with homes, while delivering high quality services to the community.
- Successful local Medi-Cal expansion effort under the Affordable Care Act, whereby nearly one-fifth of county residents are now enrolled in our Contra Costa Health Plan with a majority of them being cared for in our own hospital and clinics.
- Implementation of Laura's Law to provide assisted outpatient mental health treatment to those with serious mental illnesses and further integrate our mental health, substance abuse and homeless services.

2015/16 Achievements

- Opening two Family Justice Centers, one in the City of Concord and one in the City of Richmond. These one-stop centers provide vital help to victims of domestic violence, sexual assault, child abuse, and elder abuse.
- Opening a new Reentry Success Center in the City of Richmond to provide services to formerly incarcerated individuals to help them get housing, jobs and reduce the likelihood of criminal recidivism.
- Created the position of County Sustainability Coordinator to help lead our sustainability efforts and pursue new funding to expand those efforts.
- Maintained our current AAA credit rating by exercising strong financial management that enabled the County to restructure debt and save \$4.6 million in net present value and an average annual savings of \$417,000 over the 13 remaining years to maturity.

State of the Economy

Contra Costa County

- Over the three year period between 2009/10 and 2011/12 property taxes declined by 11.06%. Over the last four years 2012/13 to 2015/16 the increase was 20.93%.
- **This means the total net increase over the past seven years averaged only 1.41%**
- Actual Contra Costa County experience:
 - 2009/10 (7.19% decline)
 - 2010/11 (3.38% decline)
 - 2011/12 (0.49% decline)
 - 2012/13 0.86% increase
 - 2013/14 3.45% increase
 - 2014/15 9.09% increase
 - 2015/16 7.53% increase
 - 2016/17 Projected to increase 7.0%

Cost Avoidance

- Contribution to Hospital/CCHP Enterprise Funds:
 - 2008/09 \$61,349,686
 - 2013/14 \$30,408,776 (50% decrease)
- Potential reduction in General Fund Contribution to the Hospital as the Affordable Care Act (National Health Care) is implemented
 - 2014/15 through 2015/16 no further reduction
 - 2016/17 reduce by additional \$3.2 Million to \$27,163,075
 - 2017/18 reduce by additional \$1.8 Million
 - 2018/19 reduce by additional \$10 Million
 - 2019/20 and beyond – Expected Annual Contribution = \$10 Million
- Assumption is that we will likely have \$10 Million Uncompensated Care burden even after National Health Care

This chart displayed for a comparison of order of magnitude. It should be noted that the underlying actuarial assumptions for the measurement of the Pension UAAL may vary from county to county; that the Pension Funded Ratio may include funding using pension obligation bonds; and, in the case of Contra Costa, the funded status reflected in the table is based upon the County-only portion of the UAAL and not upon the UAAL of all employers in the Contra Costa County Employees Retirement Association (CCCERA).

Pension Cost Management

- Following carefully
- Monitoring changes by State and CCCERA Board
 - New PEPRA Tiers as of 1/1/2013
 - No extension of amortization
 - No change in 5-year smoothing
 - No change in pooling
 - No change in assumed rate of return (7.25%)
- Updates:
 - Negotiation 2% PEPRA COLAs with all bargaining groups
 - FY 2016-17 Recommended Budget - \$306 M
 - FY 2017-18 onward based on Segal data
 - Chart now includes the final year of debt service for the County and Fire pension obligation bonds, both of which pay off in FY 2021-22

Actual and Projected* Retirement Expense

The chart includes four years of actual data, straight-line projection of current year (based on seven months of actual data), Recommended Budget for FY 2016-17, and projection of future years based upon actuarial data provided by CCCERA's actuary (letter dated March 2, 2016)

Other Post Employment Benefits

OPEB Liability Significantly Reduced due to Board Actions and Collective Bargaining

- The OPEB financing plan includes a \$20 million annual allocation of resources for pre-funding the OPEB liability.
 - The County has included this allocation in each adopted annual budget since FY 2008-2009.
- Health plan changes, caps on County contributions and labor concessions, in addition to annual pre-funding contributions, have assisted in reducing the County's
 - Unfunded Actuarial Accrued Liability (UAAL) by 69.1% since 2006: from \$2.57 billion to \$794.4 million, and
 - the annual required contribution has declined by 59.1% since 2006: from \$216.3 million to \$88.5 million.
- With a Market Value in the trust as of December 31, 2015 in excess of \$175 million, the County has pre-funded approximately 18% of its OPEB obligation.
- The Board's actions have made it possible for the County to continue to provide much needed services, including health services, to County residents including the indigent.

Settlement with the Retiree Support Group

- On February 24, 2012, the Retiree Support Group of Contra Costa County (“RSG”) filed a lawsuit in federal court challenging the County’s ability to make changes to health care for retirees.
- Following mediation, RSG and the County reached a settlement of the case.
- The Board of Supervisors adopted Resolution No. 2016/124, approving the proposed settlement agreement on March 15, 2016.
- It is anticipated that the settlement will be finally approved in September 2016, and the lawsuit will be dismissed with prejudice in advance of the County’s open enrollment for health and dental plans for 2017.
- Once the settlement is implemented, this will create a \$676,000 increase in the Annual Required Contribution and an \$8,593,000 increase in the total Actuarial Accrued Liability.
- The settlement group is entirely made up of retirees, there is no Normal Cost.
- Continued negotiations towards Countywide health care cost containment strategies and the designation of future resources remain key to resolving the OPEB dilemma for the County.
- The challenge of offering health care options to our employees that are affordable and competitive remains an important focus in negotiations.

1. Municipal bond insurance policies were purchased to allow the ratings to be increased to Aaa (Moody's) and AAA (S&P) on all or portions of all Lease Revenue Bond/COPs issues since FY 1987-88 and on all or portions of all Pension Obligation Bonds since FY 2000-01.
2. Beginning in 1996, Moody's began to rate pension obligation bonds one notch (rather than the previous two notches) lower than the issuer's general obligation bond rating. In addition, Moody's replaced their two-notch per tier system (e.g. Aa1, Aa2) with a three notch per tier system (e.g. Aa1, Aa2, Aa3).
3. Beginning in 2001, S&P began to rate lease obligations one notch (rather than the previous two notches) lower than the issuer's general obligation bond rating.
4. S&P assigned an outlook of "Negative" to the County in November 2005. On December 1, 2005, Moody's downgraded the County one notch and changed the outlook to "Negative".
5. Moody's assigned an outlook of "Stable" to the County in November 2006. In February 2007, S&P changed the outlook to "Stable".
6. The changes in Moody's ratings reflect the recalibration of ratings completed by Moody's in April 2010.
7. February 20, 2013 Moody's downgraded the County's Pension Obligation Bonds to A1 with a "Stable" outlook.
8. December 19, 2013, S&P upgraded the County's ratings for each type of debt.

General Fund Reserves

General Fund Reserve Assumptions

- June 30, 2015:
 - Total general fund revenues were \$1,364,369,000 and total fund balance including reserves were \$295,337,000.
 - Total fund balance is 21.6% of total revenue
 - Of the \$295.3 million in reserves
 - \$179.9 million was unassigned
 - \$115.5 million was assigned, committed, restricted or nonspendable
 - Minimum fund balances of 5% and 10% would be \$68.2 million and \$136.4 million respectively. There was \$158.9 million available over the 10% reserve minimum.
- June 30, 2016:
 - It is planned and anticipated that Total General Fund Balance including Reserves will remain stable.
- June 30, 2017:
 - No fund balance use is recommended in FY 2016-17.

Reserve Update

The County is beginning to meet its benchmark goals for Debt Affordability Reserve Measures.

General Fund Balance as Percentage of Revenues	Moody's Median for Large Aa Rated Counties Nationwide (At Least 1,000,000 Population)	18%	22%
	MDA's Large Urban California County Median	22%	

* This measures Operating Funds Balance and includes Assigned, Unassigned and Committed Balances in this calculation

** There are presently no published medians or means regarding lease debt service ratios. Data from Montague DeRose and Associates (MDA's) database are presented.

Components of Fund Balance

Nonspendable (inherently nonspendable)

- Portion of net resources that cannot be spent because of their form
- Portion of net resources that cannot be spent because they must be maintained intact

Restricted (externally enforceable limitations on use)

- Limitations imposed by creditors, grantors, contributors, or laws and regulations of other governments
- Limitations imposed by law through constitutional provisions or enabling legislations

Committed (self-imposed limitations set in place prior to the end of the period)

- Limitations imposed at highest level of decision making that requires formal action at the same level to remove

Assigned (limitation resulting from intended use)

- Intended use established by highest level of decision making
- Intended use established by body designated for that purpose

Unassigned (residual net resources)

- Total fund balance in excess of nonspendable, restricted, committed, and assigned fund balance
- Excess of nonspendable, restricted, and committed fund balance over total fund balance

Importance of Reserves for Cash Flow

- Although revenues are volatile, expenses (majority for salaries) are quite smooth.
- Even with a General Fund Reserve of \$295.3 Million, (\$179.9 Million Unassigned) the General Fund has a negative cash flow during the year.
- The General Fund cash balance begins the year with a negative cash balance due to large disbursements for advances, pension pre-pay costs, and accrued expenses.
- Historically, cash flow is not positive until the second installment of property tax receipts are received in late spring.

Capital/Facility Maintenance Needs

Capital Maintenance Costs

- On March 31, 2015 the Board of Supervisors received an updated Comprehensive building condition assessment which identified a total of \$272.2 million in deferred facilities maintenance needs and capital renewal requirements
- The 2007 Report had identified \$270.2 Million
- \$5 Million was Budgeted in FY 2012/13,
- \$10 Million in each year of FY 2013/14 through FY 2015/16;
- Recommended Budget for FY 2016/17 includes:
 - \$10 million for major capital improvements
 - \$1.5 million for minor improvements and deferred maintenance when no other funds are available
 - \$750,000 to continue to fund facility lifecycle on a by-building cost-per-square foot basis
- Continue to explore 'cloud' IT opportunities- PeopleSoft
- County Administration Building
- Emergency Operations Center

Capital Improvement Plan

- The County Administrator's Office has added a Chief Deputy County Administrator designated specifically for the purpose of updating the County Capital Improvement Plan (CIP).
- The new position will help the County Board identify and set priorities for the elimination of structurally deficient or no longer needed structures, and look to replace structures while reducing the backlog of deferred maintenance.

Labor

Retirements

Abnormally high number of vacant positions due to unprecedented numbers of retirements during calendar year 2011 and 2012. Historically March retirements are the highest. Normal year would see approximately 260 Retirements. There were 90 retirements in the first three months of 2016, including 61 in march.

Reasons for Optimism

Positive Economic Outlook

- State Revenues Up
- State Budget reasonably stable
- Affordable Care Act intact
- AV revenue up 7.5%+ for 2015/16
- Projecting 6.0% growth AV revenue in 2016/17

Positive County Results

- Budget structurally balanced for fifth year in a row
- Have begun filling vacant positions
- Have begun to address wage and benefit concerns
- OPEB managed
- Have begun pre-funding infrastructure needs
- Fund balance increased
- Standard & Poor's Rating Increase to AAA in 2013 (reaffirmed 2015)
- Final Pension Obligation Bond Matures 6/1/2022 (\$47,382,000)

Reasons for Concern

- Contra Costa County Economy will continue slow recovery
- Although hiring has increased significantly, there remains an extremely high number of vacant positions
- High number of vacant key management positions
- Labor Negotiations
- Increased costs of benefits
- Aging Technology
 - PeopleSoft & BRASS upgrades in Process
 - Finance & Tax Systems next

- Board Discussion/Action

Recommendations

Recommended Budget Actions

1. OPEN and CONDUCT a public hearing to receive input on the FY 2016-17 Recommended Budget;
2. ACKNOWLEDGE that the State of California and residents throughout the State continue to struggle to manage the outcomes of the recently depressed economy;
3. ACKNOWLEDGE that significant economic issues continue to challenge the Board of Supervisors in its effort to finance services and programs which Contra Costa County residents need, or expect will be provided to them by the County, especially in times of economic recovery;
4. ACKNOWLEDGE that the employees of Contra Costa County have been negatively affected as a result of the requirement to balance the County's expenditures with available revenues in the past; however, current labor contracts include modest wage increases;
5. ACKNOWLEDGE that this situation is expected to continue to improve for County employees, and for our residents as we work to manage and cope with the outcomes of economic recovery;
6. DIRECT the County Administrator to continue to meet with the County's union representatives and employees to explain the size, scope and anticipated length of the County's fiscal challenges and to gain their input/suggestions;

Recommended Budget Actions

7. DIRECT the County Administrator to continue to make this information readily available to the residents of the County;
8. ACKNOWLEDGE that the Recommended Budget does not include any funding changes that may occur in the State of California's 2016-17 fiscal year budget or in the manner in which the Medi-Cal Waiver is implemented and these two events may have an unknown impact on the drawdown of federal funds for services and facilities;
9. RE-AFFIRM the Board of Supervisors' policy prohibiting the use of County General Purpose Revenue to back-fill State revenue cuts;
10. ACKNOWLEDGE that retirement expenses are expected to decrease in the short run, but are likely to increase in future years should market returns not meet or exceed the Assumed Rate of Return;
11. ACKNOWLEDGE that the Recommended Budget balances annual estimated expenditures with estimated revenues in FY 2016-17, and is both technically and structurally balanced;
12. ACKNOWLEDGE that the Recommended Budget includes a specific appropriation for contingency, and that the Board also maintains its ability to manage General Fund contingencies during the fiscal year by use of reserve funds set aside for that purpose;

Recommended Budget Actions

13. ACKNOWLEDGE that any restoration of any recommended program reductions will require an equivalent reduction in funds from other County priorities in order to adhere to our balanced budget policy;
14. ACKNOWLEDGE that continuing to build the County's reserves, maintaining an improved credit rating, and maintenance of the County's physical assets remain a priority of the Board of Supervisors over the long term;
15. DIRECT the County Administrator to prepare for Board adoption on May 10, 2016, the FY 2016-17 County and Special District Budgets, as modified, to incorporate any changes directed by the Board during these public hearings; and
16. DIRECT the County Administrator to prepare for consideration by the Board of Supervisors on May 10, 2016, position additions and eliminations necessary to carry out Board action on the Recommended Budget.

“The Challenge is to solve today’s problems without making those of tomorrow even worse.”

— Governor Jerry Brown, 2016 State of the State Address

RODEO SCHOOLS

Parents face charges over kids' truancy

By Karl Fischer

kfischer@bayareanewsgroup.com

Two parents of students attending Rodeo Hills Elementary School must appear in criminal court next month because their children were absent from too many classes this year.

The Contra Costa County District Attorney's Office made a public statement announcing the case, the first time in county history parents are facing charges for not ensuring their children attend school.

The two parents each have at least one student at the school, District Attorney Mark Peterson said. Both face a misdemeanor charge for "failing to encourage their truant children's attendance

Continued from Page 1

in school," referencing a new law dealing with child neglect.

One student, a fifth-grader, missed more than half of the current school year with unexcused absences. The other, a third-grader, missed more than one-third of the school year unexcused.

"Our goal is to get these kids back in school and to get parents to take responsibility for making that happen," Peterson said.

Peterson works closely with school districts around Contra Costa County regarding truancy. Prosecutors filed these two cases Friday be-

cause they were particularly egregious and because the John Swett Unified School District devoted a lot of time and effort to resolving the problem with the parents, without success. Bay Area News Group is not identifying the defendants to protect the identity of their children.

The new law took effect in January 2011. It applies to parents of truant children in kindergarten through eighth grade.

Each parent will receive mailed notices instructing them to appear in court next month, Peterson said.

If convicted, they could face as much as a year in county jail and a \$2,000 fine.

The superintendent of the John Swett district could not be reached for comment.

San Pablo man charged

DNA evidence links suspect to two cold case slayings

Newly upgraded technology helps find match in archives

By Gary Peterson

gpeterson@bayareanewsgroup.com

MARTINEZ — Authorities say that with DNA evidence — and by putting their heads together — they have solved the mystery of two decades-old murder cases and charged the same man for both.

William Lee Huff, 51, of San Pablo, has been charged with murder with special circumstances in the deaths of Deanna Butterfield, 21, in 1987, and Mueylin Saechao, a Laotian immigrant in her mid-50s, in 1993.

Huff was in custody in Solano County but was transferred to the Martinez jail Tuesday, according to Contra Costa District Attorney Chief of Forensics Investigator Paul Holes.

The key was DNA testing, which emerged as a reliable forensic tool in 1985, just two years before the first killing.

Butterfield

Slayings

Continued from Page 1

According to Holes, Huff's DNA has been in a law enforcement databank since 2006. While San Pablo police had DNA from the two murder investigations, they only recently upgraded their technology to be able to search the databank in which Huff's DNA has been archived. Shortly after the upgrade, the match was discovered.

Both cases were reopened in a collaborative effort by the Contra Costa District Attorney's Cold Case Unit, the East Bay Regional Park District and San Pablo police, Contra Costa District Attorney Mark Peterson said.

Huff was originally a suspect in the killing of Butterfield, who was raised in Livermore and had a 4-year-old daughter. Butterfield's partially clothed body was found in Tilden Park near Orinda on Dec. 5, 1987. She had

This photo of Deanna Butterfield, 20, and her daughter, Melissa Silva, was taken about a year before Butterfield was slain.

been sexually assaulted and suffocated.

In a 2000 story in the Contra Costa Times, Butterfield's daughter, Melissa Silva, said her mother was struggling with drug addiction just before her death. Silva also vowed to find her mother's killer.

"It would be great knowing the person who did this isn't out there and able to

do that to somebody else," Silva said.

Authorities believe Huff killed Saechao in a similar manner six years later. Saechao's partially clothed body was found in the backyard of her boyfriend's San Pablo residence the morning of June 11, 1993. She had been sexually assaulted and strangled with a sock.

DNA evidence collected at the crime scenes linked Huff to the killings.

"We are very pleased with the success of our recently formed Cold Case Unit," Peterson said. "Solving cold case murders and rapes is a priority for our office in order to bring those responsible to justice, and provide closure for victims and their families."

Anyone with information about Huff or with knowledge of unsolved rape-asphyxiation rapes or murders can call Holes at 925-957-8751.

Mission Statement

To join our justice partners in service and support of our communities, courts, and victims

The Contra Costa County Probation Department is committed to the support of public safety by providing evidence-based prevention, investigation and supervision services, as well as to provide a safe environment for our staff and those placed in our custodial care.

FY 16-17 Recommended Budget

Total Budget - \$74,069,759
 Net County Cost - \$42,500,000
 Revenue - \$31,569,759

Probation Budget - 5 year Snapshot

Department's Reliance of County General Fund

- The Probation Department has worked hard to increase outside funding sources in order to reduce the percentage of our budget that comes from County General Fund (Net County Cost)
- For FY 16/17, 57.38% of Probation's budget will be from County General Fund.

Percent of Budget from General Fund

Expired Funding

- US Department of Justice: Smart Second Chance Act Statewide Adult Recidivism Reduction Strategic Planning Program – Expired 12/31/2015
- US Department of Justice: Justice and Mental Health Collaboration Program: Planning and Implementation – Expired 12/31/2015
- US Department of Justice: Smart Probation: Reducing Prison Populations, Saving Money, and Creating Safer Communities – Expires 9/30/2016

Modified Funding

- In FY 14/15 Probation received \$104,394 in Byrne Justice Assistance Grant Program funds.
- When the County reapplied for these funds in FY 15/16, we were required to put together a steering committee consisting of various County agencies and Community Based Organizations.
- The Steering Committee came up with the development of the “Youth Justice Initiative.” which is a collaborative effort focusing on training, prevention and reentry supports for youth.

Projected Funding Increases for FY 16-17

- SB678 (Adult) – 12.12% Increase
- Juvenile Justice Crime Prevention Act (Juvenile revenue for crime and delinquency reduction programming for at-risk youth) – 13.48% increase
- Youthful Offender Block Grant (Juvenile revenue for counties to deliver custody and care to youthful offenders who previously would have been committed to the California Department of Corrections & Rehabilitation, Division of Juvenile Justice) – 7.8% increase

Staffing Levels

- The Department continues to recover from the impact of the Great Recession.
- For FY 2016-2017, the number of authorized positions has increased to 351 FTE (286 Peace Officers and 64.5 Non-Peace Officers).

Vacancy Factor

- For FY 16/17 the Probation Department will continue to maintain a vacancy factor of 12 Deputy Probation Officer positions for a savings of \$1.37 million.
- As a result of recruitment difficulties both for Deputy Probation Officers (DPO) and Juvenile Institution Officers (JIO), the Probation Department has historically exceeded the necessary vacancy factor.
- Last year at this time we had 30 DPO vacancies (23% vacancy rate) and 14 JIO vacancies (10%).
- Currently we have 19 DPO vacancies (15% vacancy rate) and 14 JIO vacancies (10%).

On the Horizon

- CAPITA (Case Management System)
- Prison Rape Elimination Act (PREA) - Beginning 2017
- Behavioral Management System/Core Correctional Practices – need to increase staffing at the Juvenile Hall
- SB 1134 (Leno) – Chief Probation Officers of California (CPOC) co-sponsored bill on room confinement

Mission Statement

To join our justice partners in service and support of our communities, courts, and victims

The Contra Costa County Probation Department is committed to the support of public safety by providing evidence-based prevention, investigation and supervision services, as well as to provide a safe environment for our staff and those placed in our custodial care.

Some Accomplishments of Note

- ▶ Established a Continuous Quality Improvement plan and division in the Children & Family Services Bureau to engage staff, families and stakeholders in collaborating on systems and performance oversight.
- ▶ Reduced the CalFresh error rate well below the State and national thresholds, avoiding the risk of a financial sanction.
- ▶ Rebuilt the Adult Protective Services division to restore elder and disabled adult abuse services countywide, leading to a large increase in abuse and neglect referrals.
- ▶ Created two significant internal professional development functions for our staff, “Careers in Action” and “The Leadership Academy”, aimed at improving retention by providing educational and individual development opportunities.

Perennial Risk Factor: CalFresh Error Rate

Contra Costa CalFresh error rate rises above California and US average. At risk for sanctions.

Concerted effort greatly reduces CalFresh error rate

Medi-Cal Caseload Grew 4 Times Faster than Allocated Funding

Major Strategic Initiatives

▶ Whole Family Services:

- *This initiative has two primary goals, first to expand our engagement with our clients to ensure that we are supporting their needs beyond the eligibility determination phase; secondly, to work with community partners to link place-based sites to form a series of “family resource sites”*

▶ Excellent Customer Service:

- *We strive always to innovate and improve our service delivery systems through direct engagement with customers and community stakeholders. Staff training, business process changes and the introduction of new technologies are the goals of this initiative*

▶ Business Intelligence and Emerging Technologies:

- *Using technology to our best advantage, improving data capture and reporting systems, incorporating the use of data and performance in our decision-making, and partnering with Santa Clara County to implement a state-of-the-art case management system are some of the goals of this initiative*

Major New Mandate

Continuum of Care/Foster Care Reform

- ▶ Statewide reform (AB 403) envisions a continuum of new and existing services aimed at improving outcomes for children and families;
- ▶ Phases out group homes and replaces them with short-term therapeutic placements and home-based family care by relatives, family friends and foster families;
- ▶ Envisions an enhanced level of integration between child welfare and mental health services and requires an expansion of therapeutic mental health services in a home-based setting;
- ▶ Planning and development occurring now with initial implementation in January 2017.

Thank you, members of the Board of Supervisors. I am here on behalf of the hundreds of individuals, parents and children who face homelessness each year in Contra Costa County.

You have a difficult job today. Balancing a budget in challenging financial times. Taking into consideration the needs and pleas of our most vulnerable residents as you make decisions. I know it cannot have been easy when the 2004 Board of Supervisors was forced to make tough budget decisions and eliminated \$400,000 in funding for emergency shelters for families.

For SHELTER, Inc. and the Greater Richmond Interfaith Program, this began the daunting task of rallying financial support and volunteer commitments to keep our family shelters open. With help from the Interfaith Council of Contra Costa, First 5 Contra Costa, local foundations and businesses, and hundreds of concerned citizens, we raised the support needed. And, while challenging, continued to do so year after year. But rising costs, shrinking dollars, shifting funding priorities, increased need have reached the point where this community's shelters are truly at risk.

This morning, 10 parents and 19 children woke up, ate breakfast, and headed out the door to school and work, glad to know that would have a place to come back to that was safe and welcoming. Or maybe they stayed home with a new baby or sick child, grateful that they could tuck their child in to a nice, warm bed. Tonight the families will all be back to the place they have come to call home—at least for now. They will gather to share dinner, stories of the day, and hopes for the future. The most ordinary things—laundry, homework, a favorite television show, will seem all the sweeter because they remember what life would be like without Mountain View. And tomorrow, after a good night's sleep. They'll get up and take one more step along their path to stable housing and self-sufficiency. Each year, the Mountain View Emergency Family Shelter in Martinez helps over 150 men, women and children, taking our most vulnerable residents off the streets and giving them a safe play to sleep, meals, and clothing. Then we provide services like education, employment, counseling, parenting, nutrition classes, all aimed at giving families the tools they need to become self-sufficient.

Our program works--more than 90% of the families move to stable housing. I am asking you to restore funding for family emergency shelters to the 2004 of \$400,000. Please join me in making sure that every child in our county has a home.

Sincerely,

Leslie Gleason

Director of Program Operations

Letter to the Board of Supervisors
Contra Costa County
04/19/16

Dear Board of Supervisors for Contra Costa County, I have been a Family Nurse Practitioner with Health Care for the Homeless for the better part of the last 22 years. I have taken care of the homeless under bridges, in shelters, on our mobile health vans and at our traditional clinic settings.

I hope to impress upon you the desperate need we have for more shelter beds, and also to retain the Outreach Team which has been an integral part of meeting the most vulnerable in our county.

Here are some statistics:

As of January 2015, of the 3,715 homeless individuals in Contra Costa County, sixty-four percent accounted for those who were staying in a number of temporary housing arrangements such as shelters, or doubled and tripled up with other families.

The other 36% were considered unsheltered, which according to the US Department of Housing and Urban Development, are those individuals living outside in encampments, in cars, or other locations, not designed for human habitation.

Those 3,715 homeless individuals comprise 2,914 households which are defined by 1 or more individuals residing together.

Of those, 37% were households with one adult and, one or more minor children. 37%!!

How sad it was last week as I witnessed the medical social worker calling one family shelter after another for a 46 yo woman and her 6 yo daughter who have been in and out of temporary housing situations for months. All of the family shelters in, and well beyond Contra Costa County were filled, and the social worker was told that there was absolutely nothing available and that it may be up to 6 weeks before would be.

This not an isolated situation.

It is of pressing concern when any individual has nowhere to find a bed, but it's unconscionable for us to let that happen to our children.

The truth is, our shelters are always filled.

Every day, Health Care for the Homeless staff encounters one or more patients that have been unable to find a shelter bed for several days or weeks.

60% of the patients who are the highest utilizers of the emergency room and are more frequently hospitalized are homeless.

According to the National Coalition for the Homeless, people who are homeless are three to six times more likely to become ill than housed people.

20 % of shelter residents are disabled and chances are so are those unsheltered.

The average life expectancy in the homeless population is estimated between 42 and 52 years, compared to 78 years in the general population.

And the main reason for this is their homelessness.

While providing permanent housing is the ultimate goal, right now, these people need a roof over their heads.

I am urging you, the Board of Supervisors to put the health and safety of some of our most vulnerable citizens, including children at a priority, and consider alternative options both for sheltering and housing people. For example, if there are no funds to build new structures, at least consider following the lead of many communities including San Francisco and Oakland, by using already existing buildings that are vacant. It cannot wait any longer, and with the Bay Area housing crisis what it is, it's only going to get worse.

Another concern I have is regarding the Outreach Team.

As most health institutions have been traditionally setup, we wait for the patient to come to us to provide them care. But what we fail to recognize is that for those who are very weak or sick, they may not make it to our doors, so we have to go to theirs.

The Outreach team has been a fundamental component in meeting this need. By roaming the streets and setting foot in to the encampments, they are able to identify those who are sick and may not be strong enough to be out in the elements any longer.

And the fact that they do this in the evening and at night is crucial in order to connect with these people.

During the day, people often leave the site and go to soup kitchens for meals, or to the Multi-Service Centers to wash up and do laundry, or even to gather recycling for money. Additionally, symptoms of illness often worsen in the evening and late at night.

By helping such individuals get to the shelters, or in some case, taking them directly to the hospital, they are literally saving lives and allowing for a huge cost savings for the County as well.

My job is to preserve and improve the health of those experiencing homelessness in Contra Costa County. I am hoping you can do your part in putting a roof over their heads, and also in maintaining their connection to health services on their time clock, not ours.

In this way, we can collaborate towards the ultimate goal which is to end homelessness.

I appreciate you taking the time to hear my concerns, and also the efforts you all make to bring health and wellbeing to our citizens.

Sincerely,

Barbara Griesau, Family Nurse Practitioner

Contra Costa County Board of Supervisors
 651 Pine Street
 Martinez, CA 94553

Dear Board of Supervisors:

After holding three public hearings and conducting an extensive community assessment and survey, the Contra Costa County Economic Opportunity Council has identified housing/shelter as its number one priority in its quest to ameliorate poverty in Contra Costa County. This includes all kinds of housing, from emergency shelter, to transitional shelter, to affordable housing. It is with this priority in mind that we feel that we must speak out in support of services to the homeless. We understand that a significant amount of funding was lost from First 5 Contra Costa as their strategic priorities have changed. We also understand that without additional funding, some of our shelters may have to close.

We need your help to repair this gap in our community safety net. To this end, we support the following actions as recommended by the Council on Homelessness to be taken by the Board of Supervisors in this 2016-17 fiscal year budget process:

- **Restore the funding for family homeless emergency shelters to the 2004 level by increasing the budget by \$550,000, to the present-day value of the funding that the County formerly provided to operate the family shelters.**
- **Increase funding to the Multi-Service Centers, the gateway to all homeless services in our County, by a minimum of an additional \$100,000.**
- **Fund vital and life-saving Homeless Outreach services at \$350,000.**

We respectfully urge you to take action as our community is in a crisis around homelessness. Please take these steps to save the lives of Contra Costa's most vulnerable residents.

Sincerely,

Ajit Kaushal, Chair

 Re: Request for Increased Human Services Funding
 Date: April 19, 2016

ABOUT THE ALLIANCE

The Human Services Alliance of Contra Costa is composed of 21 non-profit organizations that provide mental health, substance abuse treatment, shelter and housing, food, workforce, and violence prevention services.

Alliance members are a critical component of Contra Costa County’s health and human services: 65% of all public children’s mental health services are provided by contract agencies. Alliance members collectively serve an estimated 360,000 county residents annually.

CONTRA COSTA HUMAN SERVICES AGENCIES ARE IN CRISIS

Alliance members are under severe financial stress – the quality and quantity of services are threatened, putting the county at risk for far greater costs down the road (see box on right). Consider:

- **Member agencies have not had a mental health services reimbursement rate increase in 12 years.**
- Contract agencies have borne the brunt of dramatically increased costs during this 12-year period:
 - ⇒ the CPI has risen 28%
 - ⇒ the California minimum wage increased from \$8.00/hour to \$10.00/hour, and is now headed towards \$15/hour
 - ⇒ Starting 2015, California requires employers to give at least 3 paid sick leave days per year
 - ⇒ Workers’ Comp insurance increased from 5% to 7%
 - ⇒ the Department of Labor is likely to more than double the level of pay required for exemption from overtime pay.
- While there has been an increase in billable units in recent years and consequently *gross* reimbursements have risen, without a commensurate increase in the reimbursement *rate*, the

An ounce of prevention is worth a pound of cure.

-Benjamin Franklin

Investments in early childhood intervention with mental health, family stabilization, violence prevention and other services generate tremendous ROI for the county:

- **Harvard University:** “investments in the earliest years of life produce the greatest returns. Most of those returns, which can range from \$4 to \$9 per dollar invested, benefit the community through reduced crime, welfare, and educational remediation, as well as increased tax revenues on higher incomes for the participants”¹
- **More than 1200 Law Enforcement Executives:** “In order to promote public safety, it’s important to diagnose and treat individuals with mental illness early . . . half of all lifetime cases of mental illness begin by age 14, yet about 80 percent of children receive inadequate treatment. And of the 1.5 million youth in the juvenile justice system, nearly 70 percent of them have a diagnosable mental illness.”²
- **University of Kansas:** “Researchers . . . have concluded that every dollar invested in [family substance abuse programs] resulted in nearly \$10 in savings”³

April 19, 2016

Thank you, members of the Board of Supervisors. I am here on behalf of the hundreds of individuals, parents and children who face homelessness each year in Contra Costa County.

You have a difficult job today. Balancing a budget in challenging financial times. Taking into consideration the needs and pleas of our most vulnerable residents as you make decisions. I recall the budget process in 2004, when the then Board of Supervisors was forced to make tough budget decisions and eliminated \$400,000 in funding for emergency shelters for families.

For SHELTER, Inc. and the Greater Richmond Interfaith Program, this loss of funding began the daunting task of rallying financial support and volunteer commitments to keep our emergency family shelters open. With help from the Interfaith Council of Contra Costa, First 5 Contra Costa, local foundations and businesses, and hundreds of concerned citizens, we raised the support needed. And, while challenging, continued to do so year after year. But rising costs, shrinking dollars, shifting funding priorities, and increased need have reached the point where this community's shelters are truly at risk. Once stable funders have had to shift priorities, and our county is our last hope.

I know how vital family shelters are because in my work for SHELTER, Inc. I've experienced firsthand how life changes for a pregnant homeless mother who is released from the hospital and returns, not to the streets, but to her home at our shelter. I've seen families reunited. I've seen young families move from the shelter to the first place they could call home. These shelters are the safety net when families struggle the most to get back on track, after a job loss, a crippling disease, the loss of a parent or loved one, or are new to this country. There are currently no funds for our shelters from HUD, who is more focused on permanent supportive housing once an emergency is over. So it is up to us, our community, to support families at their greatest time of need.

Each year, the Mountain View Emergency Family Shelter in Martinez helps over 150 men, women and children, taking our most vulnerable residents off the streets and giving them a safe place to sleep, meals and clothing. And then we provide services like education, employment, counseling, parenting, nutrition classes, all aimed at giving families the tools they need to become self-sufficient. Our program works-- more than 90% of the families move from the shelter to stable housing.

I am asking you to restore funding for family emergency shelters to, at the least, the 2004 funding amount of \$400,000. As you make your final budget decisions, please prioritize the funding of the family shelters and join me in making sure that every child in our county has a home.

Thank you.

Sharon Bernhus, Director of Transition Services

D. Leich public comment to Board of Supervisors April 19, 2016

My name is Doug Leich. I'm a resident of Danville and a member of Danville Congregational Church. I'm speaking to you today as a member of the Multi-Faith ACTION Coalition and as a member of SHELTER, Inc.'s Board of Directors.

My faith teaches me the basic worth of each human being, and that we are called to honor each person's human dignity. The persistence of homelessness in our society is an affront to that human dignity and it is shameful that we collectively allow it to persist. But as long as some of our neighbors are homeless, we in the faith community are committed to helping them find and sustain shelter. We hear that the family homeless shelters in Richmond and Martinez lack adequate funding and the evening and night time homeless outreach program may cease to exist after June 30. We feel it should be a very high priority for the County to assure that these services are continued.

During better economic times, specifically in 2005, the county offered essential funding (approx. \$400K) to family shelters. Today these Shelters are financially at risk by declining state and federal funding. We would like the county to acknowledge the critically important work they do and honor this work by returning funding for them to the Budget.

We are very concerned about the people who are served by these shelters – especially families and children – and we, as the faith community, feel we have offered unwavering support and commitment to keeping them open. The faith community operates the Winter Nights Rotating Shelter completely on its own, because not enough funding could be found several years ago to keep another year-round family shelter open. Recent faith-community initiatives have led to the new Trinity Center Winter Shelter at St. Paul's Episcopal Church in Walnut Creek and the proposed new Antioch Shelter Project. On top of this, the GRIP family shelter in Richmond is an Interfaith Project, and faith communities provide most of the meals and many other in-kind donations, valued at \$200,000 per year, to SHELTER, Inc.'s Mountain View House so that SHELTER, Inc.'s budget for supplemental food at this family shelter is only \$1,000 per year.

Clients at the family shelter are offered services related to education, employment, counseling, parenting and nutrition, all aimed at giving families the tools they need to become self-sufficient. And there's a real return on investment here - more than 90% of the families move from the shelter to stable housing. This program really works.

We ask for your help in securing funding in the county's budget for these critical services. I support the Multi-Faith ACTION Coalition's request for \$750,000 to fund the family shelters in Richmond and Martinez and to continue the homeless outreach services.

Thank you for considering this request.

Subject: Revised Management Benefits Resolution No. 2016/322, which Supersedes Resolution No. 2016/87

RECOMMENDATION(S):

ADOPT Resolution No. 2016/322, which supersedes Resolution No. 2016/87, regarding compensation and benefits for the County Administrator, County Elected and Appointed Department Heads, Management, Exempt, and Unrepresented employees to reflect changes.

FISCAL IMPACT:

The changes included are administrative and have no net fiscal impact.

BACKGROUND:

Historically, the wages and benefits granted by the County to its department heads, managers, and unrepresented employees have paralleled the wages and benefits negotiated by the County with its various labor organizations. The administrative modifications described below modify and clarify the benefits for specified groups of unrepresented employees, and make technical non-substantive corrections.

In The Matter Of: Benefits and Other Compensation for County Elected and Appointed Department Heads, Management, Exempt, and Unrepresented Employees for the Period from April 1, 2016 through June 30, 2016 and Until Further Order

The Contra Costa County Board of Supervisors acting in its capacity as the governing board of the County of Contra Costa and the Board of Directors of the Contra Costa County Fire Protection District RESOLVES THAT:

Effective upon adoption and continuing to June 30, 2016, and until further order of the Board, the Board adopts the attached program of compensation and benefits for County Elected and Appointed Department Heads, Management Employees, Exempt Employees, and Unrepresented Employees. Except for Resolution No. 2002/608 (excluding inconsistent provisions concerning the amount of employee contributions for retirement benefits), as amended, this Resolution supersedes all previous resolutions providing compensation and benefits for the employees listed herein, including but not limited to Resolution No. 2016/87. Unless expressly provided otherwise, this Resolution is subject to the provisions of resolutions providing general and pay equity salary adjustments, to the 1937 County Employees Retirement Act, and to the Public Employees Pension Reform Act. This Resolution is also subject to the Administrative Bulletins, the County Salary Regulations, and the County Personnel Management Regulations; however, to the extent this Resolution is inconsistent with any of these bulletins or regulations, the terms of this Resolution shall prevail. This Resolution does not authorize compensation and benefits for any employee who is represented by an employee organization with a Memorandum of Understanding. Management, Exempt, and Unrepresented employees include employees in Classified, Project, and Exempt classifications. Unless otherwise expressly provided, compensation and benefits under this Resolution are authorized only for permanent and project employees who work full-time or part-time, twenty (20) or more hours per week.

The full text of this Resolution is attached. Also attached are the following exhibits and appendices:

Resolution No. 2016/322

In The Matter Of: Benefits and Other Compensation for County Elected and Appointed Department Heads, Management, Exempt, and Unrepresented Employees for the Period from April 1, 2016 through June 30, 2016 and Until Further Order

The Contra Costa County Board of Supervisors acting in its capacity as the governing board of the County of Contra Costa and the Board of Directors of the Contra Costa County Fire Protection District RESOLVES THAT:

Effective upon adoption and continuing to June 30, 2016, and until further order of the Board, the Board adopts the attached program of compensation and benefits for County Elected and Appointed Department Heads, Management Employees, Exempt Employees, and Unrepresented Employees. Except for Resolution No. 2002/608 (excluding inconsistent provisions concerning the amount of employee contributions for retirement benefits), as amended, this Resolution supersedes all previous resolutions providing compensation and benefits for the employees listed herein, including but not limited to Resolution No. 2016/87. Unless expressly provided otherwise, this Resolution is subject to the provisions of resolutions providing general and pay equity salary adjustments, to the 1937 County Employees Retirement Act, and to the Public Employees Pension Reform Act. This Resolution is also subject to the Administrative Bulletins, the County Salary Regulations, and the County Personnel Management Regulations; however, to the extent this Resolution is inconsistent with any of these bulletins or regulations, the terms of this Resolution shall prevail. This Resolution does not authorize compensation and benefits for any employee who is represented by an employee organization with a Memorandum of Understanding. Management, Exempt, and Unrepresented employees include employees in Classified, Project, and Exempt classifications. Unless otherwise expressly provided, compensation and benefits under this Resolution are authorized only for permanent and project employees who work full-time or part-time, twenty (20) or more hours per week.

The full text of this Resolution is attached. Also attached are the following exhibits and appendices:

- I. **BENEFITS FOR MANAGEMENT, EXEMPT AND UNREPRESENTED EMPLOYEES** are provided for those classes listed in **Exhibit A**.
- II. **BENEFITS FOR MANAGEMENT AND EXEMPT EMPLOYEES** are provided for those classes listed in Exhibit A, except for the classes listed in **Exhibit B**.
- III. **BENEFITS FOR ELECTED AND APPOINTED DEPARTMENT HEADS** are provided for those classes listed in **Exhibit C**.
- IV. **SPECIAL BENEFITS FOR MANAGEMENT EMPLOYEES BY DEPARTMENT OR CLASS** are provided as indicated in each section.
- V. **DEPARTMENT HEADS AND THEIR CHIEF ASSISTANTS** for purposes of Section 23 are listed in **Exhibit D**.
- VI. **CALPERS HEALTH PLAN CLASSES** for purposes of Section 2 are listed in **Exhibit E**.
- VII. **BENEFITS FOR UNREPRESENTED TEMPORARY AND PER DIEM EMPLOYEES** are provided in **Appendix I** and affected classifications are identified in **Exhibits F and G**.

I hereby certify that this is a true and correct copy of an action taken and entered on the minutes of the Board of Supervisors on the date shown.

I. BENEFITS FOR MANAGEMENT, EXEMPT, AND UNREPRESENTED EMPLOYEES

1. Leaves With and Without Pay

1.10 Holidays: The County will observe the following holidays during the term covered by this Resolution:

New Year's Day	Labor Day
Martin Luther King Jr. Day	Veterans' Day
Presidents' Day	Thanksgiving Day
Memorial Day	Day after Thanksgiving
Independence Day	Christmas Day

Such other days as the Board of Supervisors may designate by Resolution as holidays.

Any holiday observed by the County that falls on a Saturday is observed on the preceding Friday and any holiday that falls on a Sunday is observed on the following Monday.

For employees who work in twenty-four (24) hour facilities and who may be assigned to work on a holiday, any holiday that falls on a Saturday will be observed on a Saturday, and any holiday that falls on a Sunday will be observed on a Sunday.

1.11 Definitions:

Regular Work Schedule: The regular work schedule is eight (8) hours per day, Monday through Friday, inclusive, for a total of forty (40) hours per week.

Flexible Work Schedule: A flexible work schedule is any schedule that is not a regular, alternate, 9/80, or 4/10 work schedule and where the employee is not scheduled to work more than 40 hours in a "workweek" as defined below.

Alternate Work Schedule: An alternate work schedule is any work schedule where the employee is regularly scheduled to work five (5) days per week, but the employee's regularly scheduled days off are NOT Saturday and Sunday.

4/10 Work Schedule: A 4/10 work schedule is four (4) ten hour days in a seven (7) day period, for a total of forty (40) hours per week.

9/80 Work Schedule: A 9/80 work schedule is where an employee works a recurring schedule of thirty six (36) hours in one calendar week and forty four (44) hours in the next calendar week, but only forty (40) hours in the designated workweek. In the thirty six hour (36) calendar week, the employee works four (4) nine (9) hour days and has the same day of the

week off that is worked for eight (8) hours in the forty four (44) hour calendar week. In the forty four (44) hour calendar week, the employee works four (4) nine (9) hour days and one eight (8) hour day. Requirements for the evaluation, authorization, and implementation of 9/80 work schedules are set forth in Administrative Bulletin 435.

Workweek for Employees on Regular, Flexible, Alternate, and 4/10

Schedules: For employees on regular, flexible, alternate, and 4/10 schedules, the workweek begins at 12:01 a.m. on Monday and ends at 12 midnight on Sunday. For employees who work in a twenty-four (24) hour facility in the Contra Costa Regional Medical Center and who are not on a 9/80 work schedule, the workweek begins at 12:01 a.m. Sunday and ends at 12:00 midnight on Saturday.

Workweek for Employees on a 9/80 Schedule: The 9/80 workweek begins on the same day of the week as the employee's eight (8) hour work day and regularly scheduled 9/80 day off. The start time of the workweek is four (4) hours and one (1) minute after the start time of the eight (8) hour work day. The end time of the workweek is four (4) hours after the start time of the eight (8) hour work day. The result is a workweek that is a fixed and regularly recurring period of seven (7) consecutive twenty four (24) hour periods (168 hours).

- 1.12 Holidays Observed: Employees are entitled to observe a holiday (day off work), without a reduction in pay, whenever a holiday is observed by the County.
- 1.13 Holidays - Flexible, Alternate, 9/80, and 4/10 Work Schedules: When a holiday falls on the regularly scheduled day off of any employee who is on a flexible, alternate, 9/80, or 4/10 work schedule, the employee is entitled to take the day off, without a reduction in pay, in recognition of the holiday. These employees are entitled to request another day off in recognition of their regularly scheduled day off. The requested day off must be within the same month and workweek as the holiday and it must be pre-approved by the employee's supervisor. If the day off is not approved by the supervisor, it is lost. If the approved day off is a nine (9) hour workday, the employee must use one (1) hour of non-sick-leave accruals. If the approved day off is a ten (10) hour workday, the employee must use two (2) hours of non-sick-leave accruals. If the employee does not have any non-sick-leave accrual balances, leave without pay (AWOP) will be authorized.
- 1.14 Holiday Observed - Part-Time Employees: When a holiday is observed by the County, each part-time employee is entitled to observe the holiday in the same ratio as his/her number of position hours bears to forty (40) hours, multiplied by 8 hours, without a reduction in pay. For example, a part-time employee whose position hours are 24 per week is entitled to 4.8 hours off work on a holiday (24/40 multiplied by 8=4.8). Hereafter, the number of hours

produced by this calculation will be referred to as the “part-time employee’s holiday hours.”

When the number of hours in a part-time employee’s scheduled work day that falls on a holiday (“scheduled work hours”) is less than the employee’s part-time employee’s holiday hours, the employee also is entitled to receive flexible pay at the rate of one (1.0) times his/her base rate of pay (not including differentials) for the difference between the employee’s scheduled work hours and the employee’s part-time employee’s holiday hours.

When the number of hours in a part-time employee’s scheduled work day that falls on a holiday (scheduled work hours) is more than the employee’s part-time employee’s holiday hours, the employee must use non-sick leave accruals for the difference between the employee’s scheduled work hours and the employee’s part-time employee’s holiday hours. If the employee does not have any non-sick leave accrual balances, leave without pay (AWOP) will be authorized.

- 1.15 No Overtime Pay, Holiday Pay, or Comp Time: Unrepresented, management, and exempt employees are not entitled to receive overtime pay, holiday pay, overtime compensatory time, or holiday compensatory time. Employees who are unable or not permitted to observe a holiday (take the day off), are authorized to receive overtime pay ONLY IF the employee is on the Overtime Exempt Exclusion List (see Section 11).

- 1.16 Personal Holiday Credit:
 - a. County Librarian. The County Librarian is entitled to accrue two (2) hours of personal holiday credit each month. The County Librarian may accrue no more than twenty four (24) hours of personal holiday credit. On separation from County service, the County Librarian will be paid for any unused personal holiday credit hours at his/her then current rate of pay, up to a maximum of twenty four (24) hours.

 - b. Other Employees. Employees are entitled to accrue two (2) hours of personal holiday credit each month. This time is prorated for part time employees. No employee may accrue more than forty (40) hours of personal holiday credit. On separation from County service, employees are paid for any unused personal holiday credit hours at the employee’s then current rate of pay, up to a maximum of forty (40) hours.

- 1.17 Vacation: Employees are entitled to accrue paid vacation credit not to exceed the maximum cumulative hours as follows:

<u>Length of Service</u>	<u>Monthly Accrual Hours</u>	<u>Maximum Cumulative Hours</u>
Under 11 years	10	240
11 years	10-2/3	256
12 years	11-1/3	272
13 years	12	288
14 years	12-2/3	304
15 through 19 years	13-1/3	320
20 through 24 years	16-2/3	400
25 through 29 years	20	480
30 years and up	23-1/3	560

However, for the Director of Employment and Human Services (job code XAA2, County Welfare Director) only, the monthly accrual amount is 12 hours for the first 13 years of County service and the maximum cumulative hours is 240 for the first 11 years of County service. Thereafter, the Director is subject to the maximums set forth in the above chart.

Each employee is eligible to accrue increased vacation hours on the first day of the month following the employee's Service Award Date.

An employee's Service Award Date is the first day of his/her temporary, provisional, or permanent appointment to a position in the County. If an employee is first appointed to a temporary or provisional position and then later appointed to a permanent position, the Service Award Date for that employee is the date of the first day of the temporary or provisional appointment.

- 1.18 Sick Leave: Employees are entitled to accrue paid sick leave credit in accordance with the provisions of the County Salary Regulations and Administrative Bulletin No. 411.7 (Sick Leave Policy) adopted on October 17, 1997, as periodically amended.
- 1.19 Part-Time Employees: Part-time employees are entitled to accrue paid vacation and sick leave credit on a pro-rata basis.
- 1.20 Family Care Leave: The provisions of Section 1006.3 of the Personnel Management Regulations and Resolution No. 94/416, as amended, relating to Leaves of Absence and Family Care Medical Leave apply to all employees covered by this Resolution, except that such employees are not entitled to Family Care or Medical Leave on a calendar year basis. Instead, such employees are entitled to at least eighteen (18) weeks of leave in a "rolling"

twelve (12) month period, which period is to be measured backward from the date the employee uses FMLA leave.

- 1.21 Leave Without Pay - Use of Accruals: The provisions of Section 1006.6 of the Personnel Management Regulations, as amended, relating to the use of accruals while on leave without pay, apply to all employees covered by this Resolution.
- 1.22 Accrual Usage Reporting. Employees must report the use of accruals in one minute increments.

2. Health, Dental, and Related Benefits

- 2.10 Application:
 - a. Employees in classifications who receive health care coverage from County Plans: The following Sections apply to all employees in classifications covered by this Resolution who receive health care coverage from County Plans and do not receive health plan coverage through CalPERS: Section 2.11 "Health Plan Coverages," Section 2.12, "Monthly Premium Subsidy," Section 2.12.1 "Medical Plan Cost-Sharing on and after January 1, 2016," Section 2.13 "Retirement Coverage," Section 2.14 "Layoff and Other Loss of Coverage," Section 2.15 "Health Plan Coverages and Provisions," and Section 2.16 "Family Member Eligibility."
 - b. Employees in classifications who receive health care coverage from CalPERS: The following Sections apply to all employees in the classifications listed in Exhibit E: Section 2.17 "CalPERS Controls," Section 2.18 "Contra Costa Health Plan (CCHP)," Section 2.19 "CalPERS Health Plan Monthly Premium Subsidy," Section 2.20 "CalPERS Retirement Coverage," Section 2.21 "CalPERS Premium Payments," and Section 2.22 "Dental Plan - CalPERS Participants."
 - c. General provisions: The following Sections apply to all employees in all the classifications covered by this Resolution: Section 2.23 "Dual Coverage," Section 2.24 "Life Insurance Benefit Under Health and Dental Plans," Section 2.25 "Supplemental Life Insurance," Section 2.26 "Catastrophic Leave Bank," Section 2.27 "Health Care Spending Account," Sections 2.28 "PERS Long-Term Care," Section 2.29 "Dependent Care Assistance Program," Section 2.30 "Premium Conversion Plan," and Section 2.31 "Prevailing Section," Section 2.32 "Health Benefit Access for Employees Not Otherwise Covered."

2.A. Employees In Classifications Who Receive Health Care Coverage From County Plans

2.11 Health Plan Coverages: The County will provide the medical and dental coverage for Management, Exempt, and Unrepresented employees and for their eligible family members, expressed in one of the Medical Plan contracts and one of the Dental Plan contracts between the County and the following providers:

- a. Contra Costa Health Plans (CCHP)
- b. Kaiser Permanente Health Plan
- c. Health Net
- d. Delta Dental
- e. DeltaCare (PMI)

Medical Plans:

All employees will have access to the following medical plans:

- 1. CCHP Plan A & Plan B
- 2. Kaiser Permanente Plan A & Plan B
- 3. Health Net HMO Plan A & Plan B
- 4. Health Net PPO Plan A
- 5. Kaiser High Deductible Health Plan

Health Net PPO Plan B will be eliminated for all employees beginning January 1, 2018.

In the event that one of the medical plans listed above meets the criteria for a high cost employer-sponsored health plan that may be subject to an excise penalty (a.k.a. Cadillac Tax) under the federal Patient Protection and Affordable Care Act ("ACA") (42 U.S.C. § 18081), such plan(s) will be eliminated for all employees beginning January 1, 2018.

2.12 Monthly Premium Subsidy:

- a. The monthly premium subsidy in effect on January 1, 2015, for each medical and/or dental plan, is a set dollar amount and is not a percentage of the premium charged by the plan. The County will pay the following monthly premium subsidy:

<u>Health & Dental Plans</u>	<u>Employee</u>	<u>Employee +1 Dependent</u>	<u>Employee +2 or More Dependents</u>
Contra Costa Health Plans (CCHP), Plan A	\$509.92	\$1,214.90	\$1,214.90
Contra Costa Health Plans (CCHP), Plan B	\$528.50	\$1,255.79	\$1,255.79
Kaiser Permanente Health Plans	\$478.91	\$1,115.84	\$1,115.84
Health Net HMO Plans	\$627.79	\$1,540.02	\$1,540.02
Health Net PPO Plans	\$604.60	\$1,436.25	\$1,436.25
Kaiser High Deductible Health Plan	\$478.91	\$1,115.84	\$1,115.84
Delta Dental with CCHP A or B	\$41.17	\$93.00	\$93.00
Delta Dental with Kaiser or Health Net	\$34.02	\$76.77	\$76.77
Delta Dental without a Health Plan	\$43.35	\$97.81	\$97.81
DeltaCare (PMI) with CCHP A or B	\$25.41	\$54.91	\$54.91
DeltaCare (PMI) with Kaiser or Health Net	\$21.31	\$46.05	\$46.05
DeltaCare (PMI) without a Health Plan	\$27.31	\$59.03	\$59.03

- b. If the County contracts with a medical or dental plan that is not listed above, the County will determine the monthly dollar premium subsidy that it will pay to that health plan for employees and their eligible family members.
- c. In the event that the County premium subsidy amounts are greater than one hundred percent (100%) of the applicable premium of any medical or dental plan, for any plan year, the County's contribution will not exceed one hundred percent (100%) of the applicable plan premium.

2.12.1 Medical Plan Cost-Sharing on and after January 1, 2016:

- a. For the plan year that begins on January 1, 2016, the County will pay the monthly premium subsidy for medical plans stated in subsection 2.12., subsection (a) and adjust the amounts paid by the County so that the employee cost for the 2016 plan year does not increase and in recognition of the increases to the Employee Plus Two or More Dependents medical premiums caused by the shift to a three-tier structure. In total, the County will pay the following amounts for the 2016 plan year:

<u>Medical Plans</u>	<u>Employee</u>	<u>Employee +1 Dependent</u>	<u>Employee +2 or More Dependents</u>
Contra Costa Health Plans (CCHP), Plan A	\$530.56	\$1,049.81	\$1,646.89
Contra Costa Health Plans (CCHP), Plan B	\$549.42	\$1,068.65	\$1,737.03
Kaiser Permanente Health Plan A	\$435.38	\$803.96	\$1,493.79
Kaiser Permanente Health Plan B	\$445.04	\$881.68	\$1,407.40
Health Net HMO Plan A	\$669.34	\$1,131.34	\$2,280.09
Health Net HMO Plan B	\$662.01	\$1,280.20	\$2,060.75
Health Net PPO Plan A	\$727.94	\$1,112.03	\$2,755.43
Health Net PPO Plan B	\$715.64	\$1,144.40	\$2,623.86
Kaiser High Deductible Health Plan	\$447.04	\$916.72	\$1,387.40

- b. For the plan year that begins on January 1, 2017, and for the term of this agreement, if there is an increase in the monthly premium, including any plan premium penalty, charged by a medical plan, the County and the employee will each pay fifty percent (50%) of the monthly increase that is above the amount of the 2016 plan premium. The fifty percent (50%) share of the monthly medical plan increase paid by the County is in addition to the amounts paid by the County in subsection 2.12.1.a., above, for medical plans.
- c. 2016 Plan Premium Amounts: For purposes of calculating the County and Employee cost-sharing increases described in 2.12.1.b, above, the following are the 2016 total monthly medical plan premium amounts:

Medical Plans	Employee	Employee +1 Dependent	Employee +2 or More Dependents
Contra Costa Health Plans (CCHP), Plan A	\$657.08	\$1,314.15	\$1,971.23
Contra Costa Health Plans (CCHP), Plan B	\$728.38	\$1,456.77	\$2,185.15
Kaiser Permanente Health Plan A	\$749.80	\$1,499.60	\$2,249.39
Kaiser Permanente Health Plan B	\$585.68	\$1,171.36	\$1,757.04
Health Net HMO Plan A	\$1,208.76	\$2,417.52	\$3,626.27
Health Net HMO Plan B	\$840.55	\$1,681.10	\$2,521.65
Health Net PPO Plan A	\$1,643.40	\$3,286.80	\$4,930.20
Health Net PPO Plan B	\$1,479.47	\$2,958.94	\$4,438.40
Kaiser High Deductible Health Plan	\$470.10	\$940.21	\$1,410.32

2.13 Retirement Coverage:

a. Upon Retirement:

1. Upon retirement and for the term of this resolution, eligible employees and their eligible family members may remain in their County health/dental plan, but without County-paid life insurance coverage, if immediately before their proposed retirement the employees and dependents are either active subscribers to one of the County contracted health/dental plans or if while on authorized leave of absence without pay, they have retained continuous coverage during the leave period. The County will pay the health/dental plan monthly premium subsidies set forth in Section 2.12(a) for eligible retirees and their eligible family members.
2. Any person who becomes age 65 on or after January 1, 2009 and who is eligible for Medicare must immediately enroll in Medicare Parts A and B.
3. For employees hired on or after January 1, 2009 and their eligible family members, no monthly premium subsidy will be paid by the

County for any health or dental plan after they separate from County employment. However, any such eligible employee who retires under the Contra Costa County Employees' Retirement Association ("CCCERA") may retain continuous coverage of a county health and/or dental plan provided that (i) he or she begins to receive a monthly retirement allowance from CCCERA within 120 days of separation from County employment and (ii) he or she pays the full premium cost under the health and/or dental plan without any County premium subsidy. This provision does not apply to any member of the Board of Supervisors who was a County employee when elected to the Board of Supervisors with a County employee hire date that is earlier than January 1, 2009.

- b. Employees Who File For Deferred Retirement: Employees, who resign and file for a deferred retirement and their eligible family members, may continue in their County group health and/or dental plan under the following conditions and limitations.
 1. Health and dental coverage during the deferred retirement period is totally at the expense of the employee, without any County contributions.
 2. Life insurance coverage is not included.
 3. To continue health and dental coverage, the employee must:
 - i. be qualified for a deferred retirement under the 1937 Retirement Act provisions;
 - ii. be an active member of a County group health and/or dental plan at the time of filing their deferred retirement application and elect to continue plan benefits;
 - iii. be eligible for a monthly allowance from the Retirement System and direct receipt of a monthly allowance within twenty-four (24) months of application for deferred retirement; and
 - iv. file an election to defer retirement and to continue health benefits hereunder with the County Benefits Division within thirty (30) days before separation from County service.
 4. Deferred retirees who elect continued health benefits hereunder and their eligible family members may maintain continuous membership in their County health and/or dental plan group during the period of deferred retirement by paying the full premium for health and dental coverage on or before the 10th of each month, to the Contra Costa County Auditor-Controller. When the deferred retirees begin to

receive retirement benefits, they will qualify for the same health and/or dental coverage pursuant to subsection (a) above, as similarly situated retirees who did not defer retirement.

5. Deferred retirees may elect retiree health benefits hereunder without electing to maintain participation in their County health and/or dental plan during their deferred retirement period. When they begin to receive retirement benefits, they will qualify for the same health and/or dental coverage pursuant to subsection (a) above, as similarly situated retirees who did not defer retirement, provided reinstatement to a County group health and/or dental plan will only occur following a three (3) full calendar month waiting period after the month in which their retirement allowance commences.
 6. Employees who elect deferred retirement will not be eligible in any event for County health and/or dental plan subvention unless the member draws a monthly retirement allowance within twenty-four (24) months after separation from County service.
 7. Deferred retirees and their eligible family members are required to meet the same eligibility provisions for retiree health/dental coverage as similarly situated retirees who did not defer retirement.
 8. This subpart b "Employees Who File for Deferred Retirement" does not apply to any employee in any classification listed in Exhibit E.
- c. Employees Hired After December 31, 2006 - Eligibility for Retiree Health Coverage: All employees hired after December 31, 2006 are eligible for retiree health/dental coverage pursuant to subsections (a) and (b), above, upon completion of fifteen (15) years of service as an employee of Contra Costa County. For purposes of retiree health eligibility, one year of service is defined as one thousand (1,000) hours worked within one anniversary year. The existing method of crediting service while an employee is on an approved leave of absence will continue for the duration of this Resolution.
- d. Subject to the provisions of Section 2.13, subparts (a), (b), and (c), and upon retirement and for the term of this resolution, the following employees (and their eligible family members) are eligible to receive a monthly premium subsidy for health and dental plans or are eligible to retain continuous coverage of such plans: County Elected and Appointed Department Heads, Management Employees, Exempt Employees, Unrepresented Employees, and each employee who retired from a position or classification that was unrepresented at the time of his or her retirement.
- e. For purposes of this Section 2.13 only, "eligible family members" does not

include Survivors of employees or retirees.

2.14 Layoff and Other Loss of Coverage:

- a. If a husband and wife both work for the County and one (1) of them is laid off, the remaining employee, if eligible, will be allowed to enroll or transfer into the health and/or dental coverage combination of his/her choice.
- b. An eligible employee who loses medical or dental coverage through a spouse or partner not employed by the County will be allowed to enroll or transfer into the County health and/or dental plan of his/her choice within thirty (30) days of the date coverage is no longer afforded under the spouse's plan.

2.15 Health Plan Coverages and Provisions: The following provisions are applicable to County Health and Dental Plan participation:

- a. Health, Dental and Life Participation by Other Employees: Permanent part-time employees working nineteen (19) hours per week or less and permanent-intermittent employees may participate in the County Health and/or Dental plans (with the associated life insurance benefit) at the employee's full expense.
- b. Employee Contribution Deficiencies: The County's contributions to the Health Plan and/or Dental Plan premiums are payable for any month in which the employee is paid. If an employee's compensation in any month is not sufficient to pay the employee share of the premium, the employee must make up the difference by remitting the unpaid amount to the Auditor-Controller. The responsibility for this payment rests solely with the employee.
- c. Leave of Absence: The County will continue to pay the County shares of health and/or dental plan premiums for enrolled employees who are on an approved paid or unpaid leave of absence for a period of thirty (30) days or more provided the employee's share of the premiums is paid by the employee.
- d. Coverage Upon Separation: An employee who separates from County employment is covered by his/her County health and/or dental plan through the last day of the month in which he/she separates. Employees who separate from County employment may continue group health and/or dental plan coverage to the extent provided by the COBRA laws and regulations.

2.16 Family Member Eligibility Criteria: The following persons may be enrolled as the eligible Family Members of a medical and/or dental plan Subscriber:

A. Health Insurance

1. Eligible Dependents:

- a. Employee's legal spouse
- b. Employee's qualified domestic partner
- c. Employee's child to age 26
- d. Employee's disabled child who is over age 26, unmarried, and incapable of sustaining employment due to a physical or mental disability that existed prior to the child attainment of age 19.

2. "Employee's child" includes natural child, step-child, adopted child, child of a qualified domestic partner, and a child specified in a Qualified Medical Child Support Order (QMCSO) or similar court order.

B. Dental Insurance

1. Eligible Dependents:

- a. Employee's legal spouse
- b. Employee's qualified domestic partner
- c. Employee's unmarried child who is:
 - (1) under age 19; or
 - (2) Age 19 or above, but under age 24; and who
 - i. Resides with the employee for more than 50% of the year, excluding time living at school; and
 - ii. Receives at least 50% of support from employee; and
 - iii. Is enrolled and attends school on a full-time basis, as defined by the school.
- d. Employee's disabled child who is over age 19, unmarried, and incapable of sustaining employment due to a physical or mental disability that existed prior to the child's attainment of age 19.

2. "Employee's child" includes natural child, step-child, adopted child, child of a qualified domestic partner, and a child specified in a Qualified Medical Child Support Order (QMCSO) or similar court order.

2.B. Employees In Classifications Who Receive Health Care Coverage From CalPERS

- 2.17 CalPERS Controls: The CalPERS health care program, as regulated by the Public Employees' Medical and Hospital Care Act (PEMHCA), regulations issued pursuant to PEMHCA, and the administration of PEMHCA by CalPERS, controls on all health plan issues for employees who receive health care coverage from CalPERS, including, but not limited to, eligibility, benefit plans, benefit levels, minimum premium subsidies, and costs.

- 2.18 Contra Costa Health Plan (CCHP): Because CCHP has met the minimum standards required under PEMHCA and is approved as an alternative CalPERS plan option, employees and COBRA counterparts may elect to enroll in CCHP under the CalPERS plan rules and regulations.
- 2.19 CalPERS Health Plan Monthly Premium Subsidy: The County's subsidy to the CalPERS monthly health plan premiums is as provided below. The employee must pay any CalPERS health plan premium costs that are greater than the County's subsidies identified below.

- a. County Health Plan Premium Subsidy. Beginning on January 1, 2010, and for each calendar year thereafter, the amount of the County premium subsidy that is paid for employees and eligible family members is a set dollar amount and is not a percentage of the premium charged by the plan. The County will pay the CalPERS statutory minimum employer monthly health plan premium subsidy or the following monthly health plan premium subsidy, whichever is greater:

Employee/Retiree/Survivor Only	\$472.57
Employee/Retiree/Survivor & One Dependent	\$945.13
Employee/Retiree/Survivor & Two or more Dependents	\$1228.67

- b. In the event that the County health plan premium subsidy amounts are greater than one hundred percent (100%) of the applicable premium of any health plan, for any plan year, the County's contribution will not exceed one hundred percent (100%) of the applicable health plan premium.

- 2.20 CalPERS Retirement Coverage: Government Code section 22892 applies to all employees in those classifications listed in Exhibit E.
- 2.21 CalPERS Premium Payments: Employee participation in any CalPERS health plan is contingent upon the employee authorizing payroll deduction by the County of the employee's share of the premium cost. If an employee's compensation in any month (including during a leave of absence) is not sufficient to pay the employee's share of the premium, the employee must pay the difference to the Auditor-Controller. The responsibility for this payment rests solely with the employee.

2.22 Dental Plan - CalPERS Participants:

- a. Employees in the classifications listed in Exhibit E may participate in any available County Group Dental Plan. The County may change dental plan providers at any time during the term of this resolution.
- b. Dental Plan Monthly Premium Subsidy. On and after January 1, 2010, the provisions of Section 2.12 "Monthly Premium Subsidy," relating to the

County subsidies for dental coverage, apply to all classifications listed in Exhibit E.

- c. As to dental coverage only, the following Sections apply to all classifications listed in Exhibit E: Section 2.13 “Retirement Coverage,” Section 2.14 “Layoff and Other Loss of Coverage,” Section 2.15 “Health Plan Coverages and Provisions,” and Section 2.16 “Family Member Eligibility Criteria.”

2.C. All Employees

2.23 Dual Coverage:

- a. Each employee and retiree may be covered by only a single County health (or dental) plan, including a CalPERS plan. For example, a County employee may be covered under a single County health and/or dental plan as either the primary insured or the dependent of another County employee or retiree, but not as both the primary insured and the dependent of another County employee or retiree.
- b. All dependents, as defined in Section 2.16, Family Member Eligibility Criteria, may be covered by the health and/or dental plan of only one spouse or one domestic partner. For example, when both husband and wife are County employees, all of their eligible children may be covered as dependents of either the husband or the wife, but not both.
- c. For purposes of this Section 2.23 only, “County” includes the County of Contra Costa and all special districts governed by the Board of Supervisors, including but not limited to, the Contra Costa County Fire Protection District.

2.24 Life Insurance Benefit Under Health and Dental Plans: For employees who are enrolled in the County’s program of medical or dental coverage as either the primary or the dependent, term life insurance in the amount of ten thousand dollars (\$10,000) will be provided by the County.

2.25 Supplemental Life Insurance: In addition to the life insurance benefits provided by this resolution, employees may subscribe voluntarily and at their own expense for supplemental life insurance. Employees may subscribe for an amount not to exceed five hundred thousand dollars (\$500,000), of which one hundred thousand (\$100,000) is a guaranteed issue, provided the election is made within the required enrollment periods.

2.26 Catastrophic Leave Bank: All employees are included in the Catastrophic Leave Bank and may designate a portion of accrued vacation, compensatory time, holiday compensatory time, or personal holiday credit to be deducted from the donor’s existing balances and credited to the bank or to a specific

eligible employee.

- a. The County Human Resources Department operates a Catastrophic Leave Bank which is designed to assist any County employee who has exhausted all paid accruals due to a serious or catastrophic illness, injury, or condition of the employee or family member. The program establishes and maintains a Countywide bank wherein any employee who wishes to contribute may authorize that a portion of his/her accrued vacation, compensatory time, holiday compensatory time or personal holiday credit be deducted from those account(s) and credited to the Catastrophic Leave Bank. Employees may donate hours either to a specific eligible employee or to the bank. Upon approval, credits from the Catastrophic Leave Bank may be transferred to a requesting employee's sick leave account so that employee may remain in paid status for a longer period of time, thus partially ameliorating the financial impact of the illness, injury or condition. Catastrophic illness or injury is defined as a critical medical condition, a long-term major physical impairment or disability that manifests itself during employment.
- b. The plan is administered under the direction of the Director of Human Resources. The Human Resources Department is responsible for receiving and recording all donations of accruals and for initiating transfer of credits from the Bank to the recipient's sick leave account. Disbursement of accruals is subject to the approval of a six (6) member committee composed of three (3) members appointed by the County Administrator and three (3) members appointed by the majority representative employee organizations. The committee will meet once a month, if necessary, to consider all requests for credits and will make determinations as to the appropriateness of the request. The committee will determine the amount of accruals to be awarded for employees whose donations are non-specific. Consideration of all requests by the committee will be on an anonymous requester basis.
- c. Hours transferred from the Catastrophic Leave Bank to a recipient will be in the form of sick leave accruals and will be treated as regular sick leave accruals.
- d. To receive credits under this plan, an employee must have permanent status, have exhausted all time off accruals to a level below eight (8) hours total, have applied for a medical leave of absence, and have medical verification of need.
- e. Donations are irrevocable unless the donation to the eligible employee is denied. Donations may be made in hourly blocks with a minimum donation of not less than four (4) hours from balances in the vacation, holiday, personal holiday, compensatory time or holiday compensatory time accounts. Employees who elect to donate to a specific individual will

have seventy-five percent (75%) of their donation credited to the individual and twenty-five percent (25%) credited to the Catastrophic Leave Bank.

- f. Time donated will be converted to a dollar value and the dollar value will be converted back to sick leave accruals at the recipient's base hourly rate when disbursed. Credits will not be on a straight hour-for-hour basis. All computations will be on a standard 173.33 basis, except that employees on other than a forty (40) hour week will have hours prorated according to their status.
- g. Each recipient is limited to a total of one thousand forty (1040) hours or its equivalent per catastrophic event; each donor is limited to one hundred twenty (120) hours per calendar year.
- h. All appeals from either a donor or recipient will be resolved on a final basis by the Director of Human Resources.
- i. No employee has any entitlement to catastrophic leave benefits. The award of Catastrophic Leave is at the sole discretion of the committee, both as to amounts of benefits awarded and as to persons awarded benefits. Benefits may be denied, or awarded for less than six (6) months. The committee may limit benefits in accordance with available contributions and choose from among eligible applicants on an anonymous basis those who will receive benefits, except for hours donated to a specific employee. In the event a donation is made to a specific employee and the committee determines the employee does not meet the Catastrophic Leave Bank criteria, the donating employee may authorize the hours to be donated to the bank or returned to the donor's account.
- j. Any unused hours transferred to a recipient will be returned to the Catastrophic Leave Bank.

2.27 Health Care Spending Account: After six (6) months of permanent employment, full time and part time (20/40 or greater) employees may elect to participate in a Health Care Spending Account (HCSA) Program designated to qualify for tax savings under Section 125 of the Internal Revenue Code, but such savings are not guaranteed. The HCSA Program allows employees to set aside a predetermined amount of money from their pay, before taxes, for health care expenses not reimbursed by any other health benefit plans. HCSA dollars may be expended on any eligible medical expenses allowed by Internal Revenue Code Section 125. Any unused balance is forfeited and cannot be recovered by the employee.

2.28 PERS Long-Term Care: The County will deduct and remit monthly premiums to the PERS Long-Term Care Administrator for employees who are eligible and voluntarily elect to purchase long-term care at their personal expense

through the PERS Long-Term Care Program.

- 2.29 Dependent Care Assistance Program: The County will continue to offer the option of enrolling in a Dependent Care Assistance Program (DCAP) designed to qualify for tax savings under Section 129 of the Internal Revenue Code, but such savings are not guaranteed. The program allows employees to set aside up to five thousand dollars (\$5,000) of annual salary (before taxes) per calendar year to pay for eligible dependent care (child and elder care) expenses. Any unused balance is forfeited and cannot be recovered by the employee.
- 2.30 Premium Conversion Plan: The County will continue to offer the Premium Conversion Plan (PCP) designed to qualify for tax savings under Section 125 of the Internal Revenue Code, but tax savings are not guaranteed. The program allows employees to use pre-tax dollars to pay health and dental premiums.
- 2.31 Prevailing Section: To the extent that any provision of this Section (Section 2. Health, Dental, and Related Benefits) is inconsistent with any provision of any other County enactment or policy, including but not limited to Administrative Bulletins, the Salary Regulations, the Personnel Management Regulations, or any other resolution or order of the Board of Supervisors, the provision(s) of this Section (Section 2. Health, Dental, and Related Benefits) will prevail.
- 2.32 Health Benefit Access for Employees Not Otherwise Covered: To access County health plans, an employee who is not otherwise eligible for health coverage by the County, must be eligible to receive an offer of coverage from the County under the federal Patient Protection and Affordable Care Act ("ACA") (42 U.S.C. § 18081). Employees eligible to receive an offer of coverage (and qualified dependents), will be offered access to County health insurance plans. Employees will be responsible for the full premium cost of coverage.
3. **Personal Protective Equipment:** The County will reimburse employees for safety shoes and prescription safety eyeglasses in those Management, Exempt and Unrepresented classifications which the County Administrator has determined eligible for such reimbursement.
- 3.10 Safety Shoes. The County will reimburse eligible employees for the purchase and repair of safety shoes in an amount not to exceed two hundred seventy-five dollars (\$275) for each two (2) year period beginning on January 1, 2002. There is no limit on the number of shoes or repairs allowed.
- 3.11 Safety Eyeglasses. The County will reimburse eligible Management, Exempt and Unrepresented employees for prescription safety eyeglasses which are approved by the County and are obtained from an establishment approved by the County.

4. **Mileage Reimbursement:** The County will pay a mileage allowance for the use of personal vehicles on County business at the rate allowed by the Internal Revenue Service (IRS) as a tax deductible expense, adjusted to reflect changes in this rate on the date it becomes effective or the first of the month following announcement of the changed rate by the IRS, whichever is later.

5. **Retirement Contributions:**

5.10 **No County Subvention.** Effective on October 1, 2011, employees are responsible for the payment of one hundred percent (100%) of the employees' basic retirement benefit contributions determined annually by the Board of Retirement of the Contra Costa County Employees' Retirement Association without the County paying any part of the employees' contribution. Employees are also responsible for the payment of the employees' contributions to the retirement cost-of-living program as determined annually by the Board of Retirement without the County paying any part of the employees' contributions. Except as provided in Section 36 (District Attorney Investigator - Safety Employees Retirement Tier) Section 44 (Probation - Safety Employees Retirement Tiers) and Section 53 (Safety Employees Retirement Tiers- Miscellaneous Safety Classifications), the County is responsible for one hundred percent (100%) of the employer's retirement contributions determined annually by the Board of Retirement.

5.11 **414H2 Participation.** The County will continue to implement Section 414(h) (2) of the Internal Revenue Code which allows the County Auditor–Controller to reduce the gross monthly pay of employees by an amount equal to the employee's total contribution to the County Retirement System before Federal and State income taxes are withheld, and forward that amount to the Retirement system. This program of deferred retirement contribution will be universal and non-voluntary as required by statute.

6. **New Retirement Plan:**

A. **PEPRA for Employees who become CCCERA Members on or after January 1, 2013.** For employees who, under the California Public Employees Pension Reform Act of 2013 (PEPRA) (Chapters 296 and 297, Statutes of 2012), become New Members of the Contra Costa County Employees Retirement Association (CCCERA) on or after January 1, 2013, retirement benefits are governed by PEPRA. To the extent that this resolution conflicts with any provision of PEPRA, PEPRA governs.

B. **COLA.** For employees hired by the County on and after January 1, 2014, who, under PEPRA, become New Members of CCCERA, the cost of living adjustment to the retirement allowance will not exceed two percent (2%) per year, and the cost of living adjustment will be banked.

C. **DISABILITY STANDARD.** For employees, who under PEPRA, become New

Members of CCCERA, the disability provisions are the same as the current Tier III disability provisions.

- D. This section 6 does not apply to employees who are safety members of the Contra Costa County Employees Retirement Association.

7. **Training:**

- 7.10 **Career Development Training Reimbursement:** All full-time employees (excluding attorney classes) are eligible for career development training reimbursement not to exceed seven hundred fifty dollars (\$750) per fiscal year. The reimbursement of training expenses includes books and is governed by any Administrative Bulletins on Travel or Training.
- 7.11 **Management Development Policy:** Employees are authorized to attend professional training programs, seminars, and workshops, during normal work hours at the discretion of their Department Head, for the purpose of developing knowledge, skills, and abilities in the areas of supervision, management, and County policies and procedures. Up to thirty (30) hours of such training time is recommended annually.
 - a. Departments are encouraged to provide for professional development training exceeding thirty (30) hours annually for people newly promoted to positions of direct supervision.
 - b. To encourage personal and professional growth, the County provides reimbursement for certain expenses incurred by employees for job-related training (required training and career development training/education). Provision for eligibility and reimbursement is identified in Administrative Bulletin 112.9.
 - c. The Department Head is responsible for authorization of individual professional development reimbursement requests. Reimbursement is through the regular demand process with demands being accompanied by proof of payment (copy of invoice or canceled check).

- 8. **Bilingual Pay Differential:** A monthly salary differential will be paid to incumbents of positions requiring bilingual proficiency as designated by the Appointing Authority and the Director of Human Resources. The differential will be prorated for employees working less than full time and/or on an unpaid leave of absence during any given month. The differential is one hundred dollars (\$100.00) per month.

Designation of positions for which bilingual proficiency is required is the sole prerogative of the County, and such designations may be amended or deleted at any time.

- 9. **Higher Pay for Work in a Higher Classification:** The County Salary Regulations notwithstanding, when an employee is required to work in a higher paid classification, the employee will receive the higher compensation for such work,

pursuant to the County Salary Regulations, plus any differentials and incentives the employee would have received in his/her regular position. Unless the Board has by Resolution otherwise specified, the higher pay entitlement will begin on the completion of the 40th consecutive hour in the assignment, retroactive to the beginning of the second full day of work in the assignment.

- 10. Workers' Compensation and Continuing Pay:** For all accepted workers' compensation claims filed with the County during calendar year 2007, employees will receive eighty percent (80%) of their regular monthly salary during any period of compensable temporary disability not to exceed one (1) year. For all accepted workers' compensation claims filed with the County on or after January 1, 2008, employees will receive seventy five percent (75%) of their regular monthly salary during any period of compensable temporary disability not to exceed one (1) year. Pay based on accepted workers' compensation claims filed before January 1, 2007, but after December 31, 1999, will be paid as provided in Resolution No. 2006/22. Pay based on accepted workers' compensation claims filed before January 1, 2000, will be paid as provided in resolution No. 96/488. If workers' compensation benefits become taxable income, the County will restore the former benefit level, one hundred percent (100%) of regular monthly salary.

10.10 Waiting Period: There is a three (3) calendar day waiting period before workers' compensation benefits commence. If the injured worker loses any time on the date of injury, that day counts as day one (1) of the waiting period. If the injured worker does not lose time on the date of the injury, the waiting period is the first three (3) days following the date of the injury. The time the employee is scheduled to work during this waiting period will be charged to the employee's sick leave and/or vacation accruals. In order to qualify for workers' compensation the employee must be under the care of a physician. Temporary compensation is payable on the first three (3) days of disability when the injury necessitates hospitalization, or when the disability exceeds fourteen (14) days.

10.11 Continuing Pay: A permanent employee will receive the applicable percentage of regular monthly salary in lieu of workers' compensation during any period of compensable temporary disability not to exceed one year. "Compensable temporary disability absence" for the purpose of this Section, is any absence due to work-connected disability which qualifies for temporary disability compensation under workers' compensation law set forth in Division 4 of the California Labor Code. When any disability becomes medically permanent and stationary, the salary provided by this Section will terminate. No charge will be made against sick leave or vacation for these salary payments. Sick leave and vacation rights do not accrue for those periods during which continuing pay is received. Employees are entitled to a maximum of one (1) year of continuing pay benefits for any one injury or illness.

Continuing pay begins at the same time that temporary workers' compensation benefits commence and continues until either the member is declared medically permanent/stationary, or until one (1) year of continuing pay, whichever comes first, provided the employee remains in an active employed status. Continuing pay is automatically terminated on the date an employee is separated from County service by resignation, retirement, layoff, or the employee is no longer employed by the County. In these instances, employees will be paid workers' compensation benefits as prescribed by workers' compensation laws. All continuing pay must be cleared through the County Administrator's Office, Risk Management Division.

- 10.12 Physician Visits: Whenever an employee who has been injured on the job and has returned to work is required by an attending physician to leave work for treatment during working hours, the employee is allowed time off, up to three (3) hours for such treatment, without loss of pay or benefits. Said visits are to be scheduled contiguous to either the beginning or end of the scheduled workday whenever possible. This provision applies only to injuries/illnesses that have been accepted by the County as work related.
- 10.13 Labor Code §4850 Exclusion: The foregoing provisions for workers' compensation and continuing pay are inapplicable in the case of employees entitled to benefits under Labor Code Section 4850.

11. Other Terms and Conditions of Employment

- 11.10 Overtime Exempt Exclusion: Employees in unrepresented, management, and exempt classifications are overtime exempt and are not eligible for overtime pay, holiday pay, overtime compensatory time, or holiday compensatory time. Instead, these employees are awarded Annual Management Administrative Leave in recognition of the extra burden their job responsibilities may sometimes place on their work schedules. However, unrepresented, management, and exempt employees may be made eligible for overtime pay if their names are placed on the Overtime Exempt Exclusion List by the County Administrator's Office. Employees on the Overtime Exempt Exclusion List are authorized to receive overtime pay, only. These employees are NOT eligible for holiday pay, overtime compensatory time, or holiday compensatory time. Employees on the Overtime Exempt Exclusion List are also NOT eligible for Annual Management Administrative Leave for the quarter they are on the Overtime Exempt Exclusion List. The policies and procedures for the Overtime Exempt Exclusion List are set forth in the County Administrator's memo of November 6, 2002, as may be amended.

Employees may be approved for placement on the Overtime Exempt Exclusion List if and when they are assigned to a special or temporary project or task that requires persistent, excess work hours, without relief from their regular job duties. Overtime pay will not be authorized as a means to address normal staffing or operational issues.

- 11.11 Overtime: Employees on the Overtime Exempt Exclusion List will be compensated at one and one-half (1.5) times their base rate of pay (excluding differentials) for authorized work exceeding eight (8) hours in a day or forty (40) hours in a week.
- 11.12 Pay Limitations. Employees are not entitled to receive hazard pay, shift pay or County overtime pay (except as provided in this Section 11 Other Terms and Conditions of Employment), or on-call duty pay or call-back pay (except as provided in Section IV Special Benefits For Management Employees by Department of Class.)
- 11.13 Length of Service Credits: Length of service credit dates from the beginning of the last period of continuous County employment, including temporary, provisional and permanent status and absences on an approved leave of absence; except that when an employee separates from a permanent position in good standing and is subsequently re-employed in a permanent County position within two (2) years from the date of separation, the period of separation will be bridged. Under these circumstances, the service credits will include all credits accumulated at the time of separation but will not include the period of separation. The service credits of an employee are determined from employee status records maintained by the Human Resources Department.
- 11.14 Mirror Classifications: As determined in the sole discretion of the Director of Human Resources, employees in unrepresented job classifications that mirror Management, represented or unrepresented job classifications may receive the salary and fringe benefits that are received by employees in the mirror classification.
- 11.15 Deep Classes: No provision of this Resolution regarding terms and conditions of employment supersedes any provision of any Deep Class Resolution.
- 11.16 Administrative Provisions: The County Administrator may establish guidelines, bulletins or directives as necessary to further define or implement the provisions of this resolution.
- 11.17 Timestamp: Permanent Intermittent (hourly) employees must time stamp in and out as they begin their work shifts, finish their work shifts, and take meal periods.

II. BENEFITS FOR MANAGEMENT AND EXEMPT EMPLOYEES

Management and Exempt employees will receive the benefits set forth in Part I and also the following additional benefits:

12. Management Longevity Pay:

- 12.10 Ten Years of Service:

- a. Employees who have completed ten (10) years of service for the County are eligible to receive a two and one-half percent (2.5%) longevity differential effective on the first day of the month following the month in which the employee qualifies for the ten (10) year service award.
- b. Effective April 1, 2007, this section does not apply to members of the Board of Supervisors, except those members who earned this benefit while serving on the Board of Supervisors and were receiving this benefit as of March 31, 2007.
- c. Effective November 1, 2007, for employees who were employed by Contra Costa County, became employees of the Contra Costa Superior Court by operation of law, and thereafter are rehired by Contra Costa County in the classification of District Attorney Manager of Law Offices (JJGE), eligibility for this longevity differential will be determined by adding together all service time with Contra Costa County and all service time with the Contra Costa Superior Court. If this sum is more than ten (10) years, this longevity differential will only be paid prospectively from the date the employee is rehired by Contra Costa County.

12.11 Fifteen Years of Service:

- a. Employees who have completed fifteen (15) years of service for the County are eligible to receive an additional two and one-half percent (2.5%) longevity differential effective on the first day of the month following the month in which the employee qualifies for the fifteen (15) year service award. For employees who completed fifteen (15) years of service on or before January 1, 2007, this longevity differential will be paid prospectively only from January 1, 2007.
- b. This section does not apply to employees who are eligible to receive the District Attorney Inspectors Longevity Differential set forth in Section 34 or the Sheriff Law Enforcement Longevity Differential set forth in Section 49.
- c. Effective April 1, 2007, this section does not apply to members of the Board of Supervisors, except those members who earned this benefit while serving on the Board of Supervisors and were receiving this benefit as of March 31, 2007.
- d. Effective November 1, 2007, for employees who were employed by Contra Costa County, became employees of the Contra Costa Superior Court by operation of law, and thereafter are rehired by Contra Costa County in the classification of District Attorney Manager of Law Offices (JJGE), eligibility for this longevity differential will be determined by adding together all service time with Contra Costa County and all service time with the Contra Costa Superior Court. If this sum is more than fifteen (15) years, this longevity differential will only be paid prospectively from the

date the employee is rehired by Contra Costa County.

13. Deferred Compensation:

- A. Deferred Compensation Incentive. The County will contribute eighty-five dollars (\$85) per month to each employee who participates in the County's Deferred Compensation Plan. To be eligible for this Deferred Compensation Incentive, the employee must contribute to the deferred compensation plan as indicated below.

<u>Employees with Current Monthly Salary of:</u>	<u>Qualifying Base Contribution Amount</u>	<u>Monthly Contribution Required to Maintain Incentive Program Eligibility</u>
\$2,500 and below	\$250	\$50
\$2,501 – 3,334	\$500	\$50
\$3,335 – 4,167	\$750	\$50
\$4,168 – 5,000	\$1,000	\$50
\$5,001 – 5,834	\$1,500	\$100
\$5,835 – 6,667	\$2,000	\$100
\$6,668 and above	\$2,500	\$100

Employees who discontinue contributions or who contribute less than the required amount per month for a period of one (1) month or more will no longer be eligible for the eighty-five dollar (\$85) Deferred Compensation Incentive. To reestablish eligibility, employees must again make a Base Contribution Amount as set forth above based on current monthly salary. Employees with a break in deferred compensation contributions either because of an approved medical leave or an approved financial hardship withdrawal will not be required to reestablish eligibility. Further, employees who lose eligibility due to displacement by layoff, but maintain contributions at the required level and are later employed in an eligible position, will not be required to reestablish eligibility.

B. Special Benefit for Permanent Employees Hired on and after January 1, 2009.

1. Beginning on April 1, 2009 and for the term of this resolution, the County will contribute one hundred and fifty dollars (\$150) per month to an employee's account in the Contra Costa County Deferred Compensation Plan, or other tax-qualified savings program designated by the County, for employees who meet all of the following conditions:
 - a. The employee must be hired by Contra Costa County on or after January 1, 2009.
 - b. The employee must be appointed to a permanent position. The

position may be either full time or part time, but if it is part time, it must be designated, at a minimum, as 20 hours per week.

- c. The employee must have been employed by Contra Costa County for at least 90 calendar days.
 - d. The employee must contribute a minimum of twenty-five dollars (\$25) per month to the Contra Costa County Deferred Compensation Plan, or other tax-qualified savings program designated by the County.
 - e. The employee must complete and sign the required enrollment form(s) for his/her deferred compensation account and submit those forms to the Human Resources Department, Employee Benefits Services Unit.
 - f. The employee may not exceed the annual maximum contribution amount allowable by the United States Internal Revenue Code.
- C. No Cross Crediting. The amounts contributed by the employee and the County pursuant to Subsection B do not count towards the “Qualifying Base Contribution Amount” or the “Monthly Contribution Required to Maintain Incentive Program Eligibility” in Subsection A. Similarly, the amounts contributed by the employee and the County pursuant to Subsection A do not count towards the employee’s \$25 per month minimum contribution required by Subsection B.
- D. Maximum Annual Contribution. All of the employee and County contributions set forth in Subsections A and B will be added together to ensure that the annual maximum contribution to the employee’s deferred compensation account does not exceed the annual maximum contribution rate set forth in the United States Internal Revenue Code.
- E. Eligibility for Loan Program. All employees are eligible to apply for loans from the Contra Costa County Deferred Compensation Plan loan program established by the Board of Supervisors on June 26, 2012, by Resolution No. 2012/298.

14. Annual Management Administrative Leave:

- A. On January 1st of each year, all full-time unrepresented, management, and exempt employees in paid status will be credited with ninety four (94) hours of paid Management Administrative Leave. All Management Administrative Leave time is non-accruable and all balances will be zeroed out on December 31 of each year.
- B. Permanent part-time employees are eligible for Management Administrative Leave on a prorated basis, based upon their position hours. Permanent-intermittent employees are not eligible for Management Administrative Leave.

- C. Employees appointed (hired or promoted) to unrepresented, management, or exempt positions are eligible for Management Administrative Leave on the first day of the month following their appointment date and will receive Management Administrative Leave on a prorated basis for that first year.
- D. Unrepresented, management, and exempt employees on the Overtime Exempt Exclusion List are authorized to receive overtime pay; therefore, their Management Administrative Leave will be reduced by 25% each time the employee is on the List. The 25% reduction will be deducted from the employee's current leave balance, but if there is no balance, it will be deducted from future awarded Annual Management Administrative Leave. This section does not apply to the unrepresented, management, and exempt attorneys of the Offices of the District Attorney, County Counsel, and Public Defender. (See Section 31.)

15. **Management Life Insurance:** Employees are covered at County expense by term life insurance in the amount of fifty seven thousand dollars (\$57,000) in addition to the insurance provided in Section 2.24.

16. **Vacation Buy Back:**

- A. Employees Hired Before April 1, 2011:
 - 1. Employees hired before April 1, 2011, in classifications other than those listed in subsection B (2) below, may elect payment of up to one-third (1/3) of their annual vacation accrual, subject to the following conditions: (1) the choice can be made only once every thirteen (13) months and there must be at least 12 full months between each election; (2) payment is based on an hourly rate determined by dividing the employee's monthly salary by 173.33; and (3) the maximum number of vacation hours that may be paid in any one sale is one-third (1/3) of the annual accrual.
 - 2. Lump Sum Payments. Where a lump-sum payment is made to employees as a retroactive general salary adjustment for a portion of a calendar year that is subsequent to the exercise by an employee of the vacation buy-back provision herein, that employee's vacation buy-back will be adjusted to reflect the percentage difference in base pay rates upon which the lump-sum payment was computed, provided that the period covered by the lump-sum payment includes the effective date of the vacation buy-back.
- B. Employees Hired On and After April 1, 2011 and In Specified Classifications:
 - 1. Employees hired on and after April 1, 2011, may not elect payment of their vacation accruals, unless the employee was eligible for a Vacation Buy Back benefit before being promoted into any classification (except those listed in subsection 2 below) covered by this Resolution.

2. Specified Classifications. Employees in the following classifications may not elect payment of their vacation accruals under any circumstances:

CCRMC Chief Executive Officer- Exempt (VCB2)
Chief Medical Officer - Exempt (VPS4)
Chief Nursing Officer - Exempt (VWD2)
County Librarian (3AAA)
Medical Director (VCA2)

17. **Professional Development Reimbursement:** Employees (excluding Department Heads, their Chief Assistant(s), Engineering Managers, and all Attorney classes) are eligible for reimbursement of up to six hundred twenty-five dollars (\$625) for each two (2) year period beginning on January 1, 1999, for memberships in professional organizations, subscriptions to professional publications, attendance fees at job-related professional development activities and purchase of job-related computer hardware and software (excludes automation connectivity, support, or subscription fees) from a standardized County-approved list or with Department Head approval, provided each employee complies with the provisions of the Computer Use and Security Policy adopted by the Board of Supervisors and the applicable manuals. In order to receive reimbursement, the employee must have been in an eligible classification when the expense was incurred.

Each professional development reimbursement request must be approved by the Department Head and submitted through the regular demand process. Demands must be accompanied by proof of payment (copy of invoice or receipt). Certification regarding compliance with the County's computer use and security policy may be required. Questions regarding the appropriateness of a request will be answered by the Office of the County Administrator.

18. **Sick Leave Incentive Plan:** Employees may be eligible for a payoff of a part of unused sick leave accruals at separation. This program is an incentive for employees to safeguard sick leave accruals as protection against wage loss due to time lost for injury or illness. Payoff must be approved by the Director of Human Resources, and is subject to the following conditions:
 - A. The employee must have resigned in good standing.
 - B. Payout is not available if the employee is eligible to retire.
 - C. The balance of sick leave at resignation must be at least seventy percent (70%) of accruals earned in the preceding continuous period of employment excluding any sick leave use covered by the Family and Medical Leave Act, the California Family Rights Act, or the California Pregnancy Disability Act.
 - D. Payout is by the following schedule:

<u>Years of Payment Continuous Service</u>	<u>Payment of Unused Sick Leave Payable</u>
3 – 5 years	30%
5 – 7 years	40%
7 plus years	50%

- E. No payoff will be made pursuant to this section unless the Contra Costa County Employees' Retirement Association has certified that an employee requesting a sick leave payoff has terminated membership in, and has withdrawn his or her contributions from, the Retirement Association.
- F. It is the intent of the Board of Supervisors that payments made pursuant to this section are in lieu of County retirement benefits resulting from employment by this County or by Districts governed by this Board.

- 19. Computer Vision Care (CVC) Users Eye Examination:** Employees are eligible to receive an annual eye examination on County time and at County expense provided that the employee regularly uses a video display terminal at least an average of two (2) hours per day as certified by their department.

Employees certified for examination under this program must make their request through the Benefits Service Unit of the County Human Resources Department. Should prescription CVC eyeglasses be prescribed for the employee following the examination, the County agrees to provide, at no cost, basic CVC eye wear consisting of a fifty dollar (\$50) frame and single, bifocal or trifocal lenses. Employees may, through individual arrangement between the employee and the employees' doctor and solely at the employee's expense, include blended lenses and other care, services or materials not covered by the Plan.

- 20. Long-Term Disability Insurance:** The County will continue in force the Long-Term Disability Insurance program with a replacement limit of eighty-five (85%) of total monthly base earnings reduced by any deductible benefits.

III. BENEFITS FOR ELECTED AND APPOINTED DEPARTMENT HEADS

Department Heads will receive the benefits set forth in Part I and Part II and the following additional benefits:

- 21. Executive Automobile Allowance:**

- A. Elected Department Heads

The below-listed elected Department Heads are eligible to receive a \$600 per month automobile allowance plus mileage for miles driven outside Contra Costa County at the rate per mile allowed by the Internal Revenue Service (IRS) as a deductible expense. Receipt of this automobile allowance means that the elected Department Head must use a private automobile for County

business.

Assessor (DAA1)
Auditor–Controller (SAA1)
Clerk–Recorder (ALA1)
District Attorney (2KA1)
Treasurer–Tax Collector (S5A1)

The Sheriff-Coroner (6XA1) is eligible to receive a \$500 per month automobile allowance plus mileage for miles driven inside and outside of Contra Costa County at the rate per mile allowed by the Internal Revenue Service (IRS) as a deductible expense. Receipt of this automobile allowance means that the Sheriff-Coroner must use a private automobile for County business.

B. Appointed Department Heads appointed prior to February 1, 2012

The below-listed Department Heads who were appointed to their positions prior to February 1, 2012 are eligible to receive a \$600 per month automobile allowance plus mileage for miles driven outside Contra Costa County at the rate per mile allowed by the Internal Revenue Service (IRS) as a deductible expense. Receipt of this automobile allowance means that the appointed Department Head must use a private automobile for County business.

County Administrator (ADA2)
Chief Assistant County Administrator (ADB1)
County Counsel (2EA1)
County Probation Officer (7AA1)
Director of Animal Services (BJA1)
Director of Child Support Services (SMA1)
Director of Conservation and Development (4AA1)
Director of Health Services (VCA1)
Director of Information Technology (LTA1)
Public Defender (25A1)
Public Works Director (NAA1)

C. Appointed Department Heads appointed on and after February 1, 2012

Every appointed Department Head is ineligible to receive an automobile allowance.

D. Temporary Loss of Vehicle

If use of a County vehicle is temporarily required as the result of an emergency, such as an accident or mechanical failure to the recipient's personal automobile, a County vehicle may be used if approved by the County Administrator or his/her designee. The user's department will be

charged for the costs of the temporary use of the County vehicle. Further, the user of the County vehicle will not receive his/her automobile allowance while using the County vehicle.

22. **Executive Life Insurance:** In lieu of the insurance provided under Section 15, Department Heads are covered at County expense by term life insurance in the amount of sixty thousand dollars (\$60,000) additional to the insurance provided under Section 2.24.
23. **Executive Professional Development Reimbursement:** Department Heads and those chief assistants listed in Exhibit D (excluding Attorney classes) are eligible for reimbursement of up to nine hundred twenty-five dollars (\$925) for each two (2) year period beginning January 1, 1999 for memberships in professional organizations, subscriptions to professional organizations, subscriptions to professional publications, attendance fees at job-related professional development activities, and purchase of job-related computer hardware and software, such as blackberries, iPhones, and treos (excluding automation connectivity, support, or subscription fees) from a standardized County-approved list or with Department Head approval, provided each employee complies with the provisions of the Computer Use and Security Policy adopted by the Board of Supervisors and the applicable manuals. In order to receive reimbursement, the employee must have been in an eligible classification when the expense was incurred.

Each executive professional development reimbursement request must be approved by the Department Head and submitted through the regular demand process. Demands must be accompanied by proof of payment (copy of invoice or receipt). Certification regarding compliance with the County's computer use and security policy may be required. Questions regarding the appropriateness of a request will be determined by the Office of the County Administrator.

24. **Appointed Department Heads:** The Appointed Department Heads are the Agricultural Commissioner/Director of Weights and Measures, Chief Assistant County Administrator, County Counsel, County Finance Director, County Librarian, County Probation Officer, County Veteran's Services Officer, Director of Employment and Human Services, Director of Animal Services, Director of Child Support Services, Director of Conservation and Development, Director of Health Services, Director of Human Resources, Director of Information Technology, Public Defender, and the Public Works Director. (The Fire Chief of the Contra Costa County Fire Protection District is also an appointed Department Head, but the benefits for the Fire Chief are set forth in a separate Fire Management Resolution.)
25. **Elected Department Heads:** The Elected Department Heads are the Assessor, Auditor–Controller, Clerk–Recorder, District Attorney, Sheriff–Coroner, and Treasurer–Tax Collector.
26. **Elected Department Head Benefits:** Elected Department Heads will receive only the following benefits under Parts I, II, and III, together with such benefits as may be

authorized under Part IV:

- A. All Elected Department Heads will receive the benefits set forth in Part I, Sections 5, 6, 7, 8, 10, and 11.12.
- B. Elected Department Heads will receive the benefits set forth in Part I, Section 2 in accordance with the following:
 - 1. Those Elected Department Heads who were County employees when elected to County office with a County employee hire date that is earlier than January 1, 2009, will receive the benefits set forth in Part I, Section 2, except the provisions set forth in Section 2.13 (a) (3) do not apply.
 - 2. Those Elected Department Heads who were County employees when elected to County office with a County employee hire date that is on or after January 1, 2009, will receive all of the benefits set forth in Part I, Section 2.
 - 3. Those Elected Department Heads who were not County employees when elected to County office will receive all of the benefits set forth in Part I, Section 2.
- C. All Elected Department Heads will receive the benefits set forth in Part II, Sections 13 and 20.
- D. Elected Department Heads will not receive the benefits set forth in Part II, Section 12. Elected Department Heads who are in their elected office and receiving longevity pay as of October 1, 2010 are eligible for the following benefit:
 - 1. A five percent (5%) longevity differential upon the completion of ten years of service effective on the first day of the month following the month in which the official qualifies for the ten (10) year service award.
 - 2. An additional two and one half (2.5%) longevity differential upon the completion of fifteen (15) years of service effective on the first day of the month following the month in which the official qualifies for the fifteen (15) year service award.
- E. As compensation for not accruing paid vacation credit, in addition to the benefits of Part II, Section 13, twelve thousand dollars (\$12,000) as a deferred compensation contribution will be added to the elected department head's deferred compensation account effective July 1 of each year (commencing July 1, 2007). If after July 1, but prior to June 30 of the next succeeding year, for any reason, the elected department head's occupancy of office terminates and/or expires, the elected department head is entitled to an additional deferred compensation account contribution prorated from July 1 to

include the time period the elected department head served prior to the next June 30. Further, if, for any reason, all or part of such deferred compensation cannot be paid into a deferred compensation account the elected department head is entitled to an equivalent lump-sum payment. None of the County's twelve thousand dollar (\$12,000) contribution may be used to establish eligibility and qualification to receive the additional eighty-five dollars (\$85) monthly Deferred Compensation Incentive contribution otherwise provided by the County.

- F. All Elected Department Heads will receive the benefits set forth in Part III, Sections 21, 22, and 23.
- G. A County employee who becomes a County elected official may receive payment for unused vacation accruals only at the rate of pay that the elected official last earned as a County employee. The elected official may not be paid for unused vacation accruals at the rate of pay earned as an elected official.
- H. Only the Board of Supervisors is authorized to prescribe the compensation of County elected officials pursuant to Government Code section 25300.

IV. SPECIAL BENEFITS FOR MANAGEMENT EMPLOYEES BY DEPARTMENT OR CLASS

- 27. **Accounting Certificate Differential:** Incumbents of Management professional accounting, auditing or fiscal officer positions who possess one of the following certifications in good standing will receive a differential of five percent (5%) of base monthly salary: (1) A valid Certified Public Accountant (CPA) license issued by the State of California, Department of Consumer Affairs, Board of Accountancy; (2) a Certified Internal Auditor (CIA) certification issued by the Institute of Internal Auditors; (3) a Certified Management Accountant (CMA) certification issued by the Institute of Management Accountants; or (4) a Certified Government Financial Manager (CGFM) certification issued by the Association of Government Accountants.
- 28. **Animal Services Search Warrant:** Employees in the management class of Deputy Director of Animal Services (BJD1) will be compensated for time spent in assisting law enforcement agencies in the serving of search warrants. The amount of special compensation per incident is one hundred dollars (\$100) and it will continue to be equal to that paid to Animal Services Officers for performing this duty. Only employees involved in actual entry team activities will be so compensated. The department continues to retain the sole right to select and assign personnel to such search warrant duty.
- 29. **Animal Services Uniform Allowance:** The uniform allowance for employees in the management class of Deputy Director of Animal Services (BJD1) is eight hundred dollars (\$800) effective July 1, 2001, payable one-twelfth (1/12) of the yearly total in

monthly pay warrants. Any other increase in the Uniform Allowance, which may be granted to Animal Services Officers while this Resolution is in effect, is granted to the Animal Services Management classes.

30. Attorney State Bar Dues and Professional Development Reimbursement:

30.10 State Bar Dues Reimbursement. The County will reimburse employees in the classes set forth below for California State Bar Membership dues (but not penalty fees) and, if annually approved in advance by the Department Head, fees for criminal and/or civil specialization.

30.11 Professional Development Reimbursement. The County will reimburse employees in the classes listed in Section 30.12 up to a maximum of seven hundred dollars (\$700) each fiscal year for the following types of expenses:

- A. Purchase of job-related computer hardware and software.
- B. Membership dues in legal professional associations.
- C. Purchase of legal publications.
- D. Training and travel costs for job-related educational courses.
- E. Legal on-line computer services.

Any unused accrual may be carried forward to the next fiscal year up to a maximum of eight hundred dollars (\$800).

30.12 Law School Student Loan Reimbursement Program

A. Eligibility:

- 1. Only Employees in the classes listed in Section 30.13, excluding County Counsel (2EA1), District Attorney (2KA1), and Public Defender (25A1), are eligible. Payments will only be made to employees in paid status as of July 2015, and thereafter.
- 2. Temporary employees are not eligible for payments. Time served as a temporary employee does not count towards eligibility for payments.

B. Qualifying amount and terms: The employee must satisfy all of the following criteria to be eligible for any payments through this Law School Student Loan Reimbursement Program.

- 1. First Payment: The employee must have been hired into one of the listed classes and have worked in one or more of those classes for at least three (3) consecutive years from date of hire to be eligible for the first payment. After completion of the third consecutive year of employment in one or more of those classes, the employee may receive \$2,000 for purposes of reimbursement for law school student loan payments.

2. Second Payment: For an employee who entered County service in one of the listed classes, the employee must work in one or more of those classes during the fourth year of employment from date of hire to be eligible for the second payment. After completion of four (4) years of employment with the County in one or more of those classes, the employee may receive an additional \$3,000 for purposes of reimbursement for law school loan payments.
3. Third Payment: For an employee who entered County service in one of the listed classes, the employee must work in one or more of those classes during the fifth year of employment from date of hire to be eligible for the third payment. After completion of five (5) years of employment with the County in one or more of those classes, the employee may receive an additional \$4,000 for purposes of reimbursement for law school loan payments.
4. For each requested payment: The employee must submit a request for reimbursement on the County's law school loan reimbursement form and attach documentation that establishes to the satisfaction of the department the existence of an outstanding law school student loan to the employee from an educational entity, government entity, or commercial lending institution and the annual payment record for the law school student loan during the preceding twelve months showing payments made by the employee. Employees may not request more than one payment per year, and there must be at least twelve (12) full months between each request for payment.
5. This program is not available to employees who paid off their law school student loans prior to July 1, 2015, to those employees who did not incur law school student loans from an educational entity, government entity, or commercial lending institution, or to participating employees once they have paid off their law school student loans.
6. The law school student loan reimbursement payments will not exceed \$2,000 for the first payment, \$3,000 for the second payment, and \$4,000 for the third payment. No employee may receive more than a total maximum lifetime reimbursement of \$9,000.
7. The law school student loan reimbursement payments are subject to applicable state and federal withholding, if any.
8. The terms and conditions of this law school student loan reimbursement program are subject to procedures approved by the County Auditor-Controller's Office.

30.13 Eligible Classes.

36. **District Attorney Investigator - Safety Employees Retirement Tiers; Contribution Toward Cost of Enhanced Retirement Benefit:**

- 36.10 Safety Tier A. The retirement formula of “3 percent at 50” applies to employees in the classifications set forth below who become members of the Contra Costa County Employees Retirement Association (CCCERA) on or before December 31, 2012 or who, under PEPRA, become reciprocal members of CCCERA, as determined by CCCERA. The cost of living adjustment (COLA) to the retirement allowances of these employees will not exceed three percent (3%) per year. The final compensation of these employees will be based on a twelve (12) consecutive month salary average. This retirement benefit is known as Safety Tier A.
- 1. Until July 1, 2012, each employee in Tier A will pay nine percent (9%) of his or her retirement base to pay part of the employer’s contribution for the

cost of Safety Tier A retirement benefits.

2. Effective on July 1, 2012, each employee in Tier A will pay three percent (3%) of his/her retirement base to pay part of the employer's contribution for the cost of Safety Tier A retirement benefits.
3. Effective on June 30, 2016, these payments will cease.

The payments set forth above will be made on a pre-tax basis in accordance with applicable tax laws. "Retirement base" means base salary and other payments, such as salary differential and flat rate pay allowances, used to compute retirement deductions.

36.11 Safety PEPRA Tier. For employees who become safety New Members of the Contra Costa County Employees Retirement Association (CCCERA) on or after January 1, 2013, retirement benefits are governed by the California Public Employees Pension Reform Act of 2013 (PEPRA) (Chapters 296 and 297, Statutes of 2012) and Safety Option Plan Two (2.7% @ 57) applies. For employees hired on or after July 1, 2014, who under PEPRA, become safety New Members of CCCERA, the cost of living adjustment to the retirement allowance will not exceed two percent (2%) per year and will be banked. To the extent that this resolution conflicts with any provision of PEPRA, PEPRA governs.

36.12 Employees with more than 30 years of Service. Commencing on July 1, 2007, eligible employees in the classifications set forth below and designated by the Contra Costa County Employees' Retirement Association as safety members with credit for more than thirty (30) years of continuous service as safety members, will not make payments from their retirement base to pay part of the employer's contribution towards the cost of Safety Tier A.

36.13 Eligible Classes.

This section applies only to the following classifications:

- District Attorney Chief of Inspectors-Exempt (6KD1)
- District Attorney Lieutenant of Inspectors (6KNB)
- Lieutenant of Inspectors-Welfare Fraud (6KWG)
- District Attorney Director of Forensic and Technical Services (6KDC)

37. **Engineer Continuing Education Allowance:** Employees in the classification of Deputy Public Works Director-Exempt (NAD0) are eligible to receive a one year Continuing Education Allowance of two and one-half percent (2.5%) of base monthly salary if they complete at least (60) hours of approved education or training or at least three (3) semester units of approved college credit or approved combination thereof, subject to the following conditions.

- A. The specific education or training must be submitted in writing by the employee to the Public Works Director or his designee prior to beginning the course work.
- B. The education or training must be reviewed and approved in advance by the Public Works Director or his designee as having a relationship to the technical or managerial responsibilities of the employee's current or potential County job classifications.
- C. Employees who qualify for this allowance do so for a period of only twelve (12) months, commencing on the first day of the month after proof of completion is received and approved by the Public Works Director or his designee. This allowance automatically terminates at the end of the twelve (12) month period.

38. Engineer Professional Development Reimbursement: Employees in the classification of Engineering Managers will be allowed reimbursement for qualifying professional development expenses and professional engineering license fees required by the employee's classification up to a total of seven hundred dollars (\$700) for each two (2) year period beginning on January 1, 2000. Effective July 1, 2007, the allowable reimbursement amount will be increased by one hundred fifty dollars (\$150) for a total of eight hundred fifty dollars (\$850). Effective on January 1, 2008, Engineering Managers will be allowed reimbursement for qualifying professional development expenses and professional engineering license fees required by the employee's classification up to a total of nine hundred dollars (\$900) for each two (2) year period.

Allowable expenses include the following activities and materials directly related to the profession in which the individual is engaged as a County employee:

- A. Membership dues to professional organizations.
- B. Registration fees for attendance at professional meetings, conferences and seminars.
- C. Books, journals and periodicals.
- D. Tuition and text book reimbursement for accredited college or university classes.
- E. Professional license fees required by the employee's classification.

APPENDIX I

BENEFITS FOR UNREPRESENTED TEMPORARY AND PER DIEM EMPLOYEES

1. Definitions

1.10 Temporary Employment: Any employment which will require the services of an incumbent for a limited period of time, paid on an hourly basis, not in an allocated position or in permanent status.

1.11 Per Diem Employment: Per diem employment is any employment that requires the services of a person on a daily basis, and that person is paid on an hourly basis and his/her classification has "per diem" in its title.

1.12 Covered Units. This Appendix I applies to anyone who is a temporary or per diem employee in one of the units listed on Exhibit G.

2. Days and Hours of Work

2.10 Schedule: Temporary and per diem employees are eligible to work a maximum of twenty five (25) hours per week with the exception of the following:

1. Employees assigned to the Attorney classifications listed in Exhibit F.
2. Employees assigned to the classifications of: Deputy Sheriff-Per Diem (6XWC); District Attorney Senior Inspector (6KVA); District Attorney Senior Inspector Welfare Fraud (6KVD); and District Attorney Inspector-Welfare Fraud (6KWF).
3. Employees in the Health Services Department assigned to the classifications of: Nursing Shift Coordinator-Per Diem (VWHD); temporary Exempt Medical Staff Physician (VPW9); Administrative Intern (AP9A), but only if working in the Mental Health Program.

4. Student Interns may work up to forty (40) hours per week for up to twelve weeks during summer break. For purposes of this section 2.10, “summer break” means May through September.

5. Retiree temporary employees.

2.11 Workweek: The workweek begins at 12:01 a.m. on Monday and ends at 12 midnight on Sunday.

2.12 Time Reporting/Time Stamping: Temporary and per diem employees must timestamp in and out as they begin their work shifts, finish their work shifts, and take meal periods.

3. Salary Administration-Payment

3.10 Hourly Rate: The hourly rate paid to temporary and per diem employees will be the “1.00 hourly rate” calculated on the salary schedule by dividing the unrounded monthly salary at any step by 173.33.

3.11 New Employee Step: Except as otherwise permitted in deep class resolutions, temporary and per diem employees will generally be appointed at the minimum step of the salary range established for the particular class to which the appointment is made. However, the Human Resources Director may authorize an appointing authority to make a particular temporary appointment at a step above the minimum of the range.

3.12 Payment: Temporary and per diem employees are paid on the 10th of each month for the previous month (16th to end of the month) and on the 25th of each month for the 1st to the 15th of the current month. Temporary and per diem employees require “Positive” reporting of all hours to be paid.

3.13 Pay Warrant Errors: If an employee receives a pay warrant which has an error in the amount of compensation to be received and if this error occurred as a result of a mistake by the Auditor-Controller’s Office, it is the policy of the Auditor-Controller’s Office that the error will be corrected and a new warrant issued within forty-eight (48) hours, exclusive of Saturdays, Sundays and Holidays from the time the department is made aware of and verifies that the pay warrant is in error.

Pay errors discovered by the County in employee pay will be corrected prospectively as soon as possible as to current pay rate.

No recovery of either overpayments or underpayments to an employee will be made retroactively except for the six (6) month period immediately preceding

discovery of the pay error. This provision will apply regardless of whether the error was made by the employee, the Appointing Authority or designee, the Director of Human Resources or designee, or the Auditor-Controller or designee. Recovery of fraudulently accrued over or underpayments are excluded from this section for both parties.

The County will notify an employee of an overpayment and repayment schedule.

When the County notifies an employee of an overpayment and a proposed repayment schedule, the employee may accept the proposed repayment schedule or may request a meeting through the County Human Resources Department. If requested, a meeting shall be held to determine a repayment schedule which shall be no longer than three (3) times the length of time the overpayment occurred.

- 3.14 Overtime Pay:** Temporary and per diem employees will be paid overtime pay in accordance with the Fair Labor Standards Act method for computing overtime for any authorized work performed in excess of forty (40) hours per week. Work performed does not include non-worked hours.

4. Salary Increments within Range

- 4.10 Increment Eligibility and Salary Review:** All temporary and per diem employees will accumulate a record of straight time hours worked for the purpose of a salary review to determine whether the employee will be advanced to the next higher salary step in the salary range for the classification. Advancement to a higher step will be granted only on the affirmative recommendation of the appointing authority, based on satisfactory performance by the employee. The appointing authority may recommend either granting or denying the salary increment for the increment.

Temporary and per diem employees hired at Step 1 of the salary range for their classification will be eligible for a salary review as described above after completion of 1040 straight time hours worked. Employees will be eligible for additional salary review after accumulation of an additional 2080 straight time hours.

No provision of this section will be construed to make the granting of salary increments mandatory on the County.

- 4.11 Frequency of Increments:** Increments within range will not be granted more frequently than once per every 2080 straight time hours worked by a temporary or a per diem employee.
- 4.12 Effective Date:** Step increases resulting from an approved salary review will be effective the first of the month following completion of 2080 straight time hours worked and return of the salary review report to the Human Resources Department.

5. Special Pays and Benefits

Temporary and per diem employees, other than physicians, may be eligible for certain special types of pays and benefits, in addition to wages, under specifically defined circumstances. Those special pays and benefits that are applicable to certain temporary and per diem employees are specified under this Section 5 "Special Pay and Benefits." If a special pay or benefit is not listed in this Appendix then that special pay or benefit does not apply to temporary or per diem employees.

- 5.10 Overtime Pay Nursing Shift Coordinator- Per Diem (VWHD):** Per Diem employees in the classification of Nursing Shift Coordinator- Per Diem (VWHD) who work on a holiday are entitled to receive overtime pay at the rate of one and one-half (1.5) times his/her hourly rate for all hours worked on the holiday, up to a maximum of eight (8) hours.
- 5.11 Shift Differential:** Temporary employees in the classification of Student Worker (999E) and per diem employees in the classification of Nursing Shift Coordinator- Per Diem (VWHD) will receive a shift differential of five percent (5%) of base rate of pay when the employee is scheduled to work for four (4) or more hours between 5:00p.m. and 9:00a.m.

In order to receive the shift differential, the employee must start work between the hours of midnight and 5:00a.m. or between 11:00a.m. and midnight on the day the shift is scheduled to begin. Hours worked in excess of the employee's scheduled workday will count towards qualifying for the shift differential, but the employee will not be paid the shift differential on any excess hours worked.

- 5.12 Evening Shift Differential:** Temporary employees in the classification of Family Nurse Practitioner (VWSB) and a per diem employees in the classification of Nursing Shift Coordinator- Per Diem (VWHD) will receive a shift differential of twelve (12%) of the employee's base hourly rate of pay for the employee's entire shift designation when the employee works four (4) or more hours between 5:00 p.m. and 11:00 p.m. In order to receive the shift differential the employee must start work between 11:00 a.m. and 12:00 midnight on the day

the shift is scheduled to begin. Hours worked in excess of the employee's shift designation will count towards qualifying for the shift differential but the employee will not be paid the shift differential on any hours worked in excess of the employee's shift designation.

5.13 Night Shift Differential: Temporary employees in the classification of Family Nurse Practitioner (VWSB) and a per diem employee in the classification of Nursing Shift Coordinator- Per Diem (VWHD) will receive a shift differential of fifteen percent (15%) of the employee's base hourly rate of pay for the employee's entire shift designation when the employee works four (4) or more hours between 11:00 p.m. and 9:00 a.m. In order to receive the shift differential the employee must start work between the hours of 7:00 p.m. and 12:00 midnight or 12:00 midnight and 8:00 a.m. on the day the shift is scheduled to begin. Hours worked in excess of the employee's shift designation will count towards qualifying for the shift differential but the employee will not be paid the shift differential on any hours worked in excess of the employee's shift designation.

5.14 Weekend Shift Differentials: Temporary employees in the classifications Library Student Assistant-Exempt (3KW2) and Library Aide-Exempt (3KW4) may receive a shift differential of five percent (5%) of the employee's base hourly rate of pay for all hours worked on a Saturday. Said five percent (5%) differential will not apply to an overtime hours worked on Saturday.

Temporary employees in the classifications Library Student Assistant-Exempt (3KW2) and Library Aide-Exempt (3KW4) may receive a shift differential of seven and one-half percent (7.5%) of the employee's based rate of pay for all hours worked on a Sunday. Said seven and one-half percent (7.5%) differential will not apply to overtime hours worked on Sundays.

5.15 Hospital and Clinics Division Weekend Shift Differential: Temporary employees in the classification of Family Nurse Practitioner (VWSB) who work in the Hospital and Clinic divisions will be paid an additional ten dollar (\$10.00) per hour if assigned a shift within the following timeframe, FRI 11PM TO SUN 11PM.

5.16 Morning Watch Shift Differential: Temporary employees in the classification of Dispatcher I (64WK) and Dispatcher II (64WM) may receive Morning Watch Shift Differential of three percent (3%) of base rate of pay for the employee's

entire scheduled shift when the employee works four (4) or more hours between the hours of 0000 and 0800.

The Morning Watch is defined as time worked between the hours of 0000 hours and 0800 hours.

- 5.17 Evening Watch Shift Differential:** Temporary employees in the classification of Dispatcher I (64WK) and Dispatcher II (64WM) may receive an Evening Watch Shift Differential of five percent (5%) of base rate of pay for the employee's entire scheduled shift when the employee works four (4) or more hours between 1600 and 0000 hours.

The Evening Watch is defined as time worked between 1600 hours and 0000 hours.

Hours worked in excess of the employee's scheduled workday will count toward qualifying for the Morning Watch Shift Differential and Evening Watch Shift Differential, but the employee will not be paid the differential on any excess hours worked.

- 5.18 Code Gray/STAT Team Differential:** Per Diem employees in the classification of Nursing Shift Coordinator- Per Diem (VWHD) who are assigned by hospital administration to respond to emergency Code Gray calls as a member of the STAT Team are entitled to a differential of ten percent (10%) of the employee's base rate of pay (not including differentials).

Contra
Costa
County

To: Board of Supervisors
From: Julia R. Bueren, Public Works Director/Chief Engineer
Date: April 19, 2016

Subject: APPROVE Agreement to Provide Roadside Herbicide Application for State of California

RECOMMENDATION(S):

APPROVE and AUTHORIZE the Public Works Director, or designee, to execute a contract with the State of California in the amount of \$20,000 to provide roadside herbicide applications along State owned public roads within Mount Diablo State Park, and indemnify the State of California, effective April 19, 2016 through June 30, 2017, Walnut Creek, Danville and Clayton areas. (District II & IV) Project Number 4500-6X5293

FISCAL IMPACT:

The County will provide services to the State of California and the State of California will fully reimburse the County for its costs.

BACKGROUND:

The State of California must provide a fire break along public roads within Mount Diablo State Park. The County owns and operates the necessary equipment to provide the service since it provides the same service along County roads. The State of California desires to have the County provide the roadside herbicide application within the boundaries of Mount Diablo State Park.

SCOPE OF WORK

Mount Diablo State Park Roadside Vegetation Abatement Contract

Provide vegetation abatement along the roadways of Mount Diablo State Park as mandated in the Mount Diablo Wildfire Management Plan. The County will provide written recommendations by a licensed pest control advisor for the level of vegetation control specified at the sites designated. The level or degree of vegetation control shall be mutually agreed upon by the State and County and shall be reflected in the recommendations of the pest control advisor. Given that the weed control effort will occur in the two phases; early in the season when a pre-emergent product will be applied to the weeds and later in the season when herbicide will be applied through direct contact, the recommendations will include prescriptions for pre-emergent as well as direct contact applications.

Herbicide shall be applied up to 8 feet from the edge of the roadway and include all graveled pullouts and parking areas along Southgate, Northgate and Summit Roads to the Juniper Campground entrance, up to 10 feet from the edge of the roadway at designated locations on lower Southgate Road and as needed and mutually agreed upon in the Mitchell Canyon and Macedo Ranch parking lots. Herbicide will be applied to grasses and broad-leafed weeds only; no trees or shrubs will be sprayed. If the plant phenology become too advanced for pre-emergent product to be effective prior to this task being executed in the field, weed control efforts will focus on contact spraying and all funding allocated for this task will be consolidated into the direct contact spraying task. Location with standing water, wetted areas or areas with wetland vegetation will be avoided. The applicator must ensure that no chemical drift occurs beyond the 8 foot applications area during spray activities. If new rare plants are located or identified within the treatment areas, State Parks may flag these areas for avoidance. All chemical herbicide materials shall be handled and placed by a licensed pest control applicator in accord with product labeling and current Federal and State Regulations.

All work will be performed consistent with all relevant laws and policies pertaining to environmental protection and use of pesticides. The County will maintain all record regarding application of pesticides and will provide copies of those records to California State Parks upon request.

**EXHIBIT B
(Standard Agreement)**

BUDGET DETAIL AND PAYMENT PROVISIONS

1. Invoicing and Payment

- A. For services satisfactorily rendered, and upon receipt and approval of the invoices, the State agrees to compensate the Contractor for actual expenditures incurred in accordance with the rates specified in Exhibit B, Attachment I Budget , marked Exhibit B, Attachment 1, which is attached hereto and made a part of this Agreement.
- B. Invoices shall include the Agreement Number and shall be submitted in triplicate not more frequently than monthly in arrears to:

DEPARTMENT OF PARKS AND RECREATION
BAY AREA DISTRICT
845 CASA GRANDE ROAD
PETALUMA, CA 94954

2. Budget Contingency Clause

- A. It is mutually agreed that if the Budget Act of the current year and/or any subsequent years covered under this Agreement does not appropriate sufficient funds for the program, this Agreement shall be of no further force and effect. In this event, the State shall have no liability to pay any funds whatsoever to Contractor or to furnish any other considerations under this Agreement and Contractor shall not be obligated to perform any provisions of this Agreement.
- B. If funding for any fiscal year is reduced or deleted by the Budget Act for purposes of this program, the State shall have the option to either cancel this Agreement with no liability occurring to the State, or offer an agreement amendment to Contractor to reflect the reduced amount.

3. Prompt Payment Clause

Payment will be made in accordance with, and within the time specified in, Government Code Chapter 4.5, commencing with Section 927.

4. Timely Submission of Final Invoice

- A. A final undisputed invoice shall be submitted for payment no more than ninety (90) calendar days following expiration or termination date of this Agreement, unless a later or alternate deadline is agreed to in writing by the project representative. Said invoice should be clearly marked "Final Invoice," thus indicating that all payment obligations of the State under this Agreement have ceased and that no further payments are due or outstanding.
- B. The State may, at its discretion, choose not to honor any delinquent final invoice if the Contractor fails to obtain prior written State approval of an alternate final invoice submission deadline. Written State approval shall be sought from the project representative prior to the expiration or termination date of this Agreement.

EXHIBIT C

GENERAL TERMS AND CONDITIONS

1. APPROVAL: This Agreement is of no force or effect until signed by both parties and approved by the Department of General Services, if required. Contractor may not commence performance until such approval has been obtained.
2. AMENDMENT: No amendment or variation of the terms of this Agreement shall be valid unless made in writing, signed by the parties and approved as required. No oral understanding or Agreement not incorporated in the Agreement is binding on any of the parties.
3. ASSIGNMENT: This Agreement is not assignable by the Contractor, either in whole or in part, without the consent of the State in the form of a formal written amendment.
4. AUDIT: Contractor agrees that the awarding department, the Department of General Services, the Bureau of State Audits, or their designated representative shall have the right to review and to copy any records and supporting documentation pertaining to the performance of this Agreement. Contractor agrees to maintain such records for possible audit for a minimum of three (3) years after final payment, unless a longer period of records retention is stipulated. Contractor agrees to allow the auditor(s) access to such records during normal business hours and to allow interviews of any employees who might reasonably have information related to such records. Further, Contractor agrees to include a similar right of the State to audit records and interview staff in any subcontract related to performance of this Agreement. (Gov. Code §8546.7, Pub. Contract Code §10115 et seq., CCR Title 2, Section 1896).
5. INDEMNIFICATION: Contractor agrees to indemnify, defend and save harmless the State, its officers, agents and employees from any and all claims and losses accruing or resulting to any and all contractors, subcontractors, suppliers, laborers, and any other person, firm or corporation furnishing or supplying work services, materials, or supplies in connection with the performance of this Agreement, and from any and all claims and losses accruing or resulting to any person, firm or corporation who may be injured or damaged by Contractor in the performance of this Agreement.
6. DISPUTES: Contractor shall continue with the responsibilities under this Agreement during any dispute.
7. TERMINATION FOR CAUSE: The State may terminate this Agreement and be relieved of any payments should the Contractor fail to perform the requirements of this Agreement at the time and in the manner herein provided. In the event of such termination the State may proceed with the work in any manner deemed proper by the State. All costs to the State shall be deducted from any sum due the Contractor under this Agreement and the balance, if any, shall be paid to the Contractor upon demand.

8. INDEPENDENT CONTRACTOR: Contractor, and the agents and employees of Contractor, in the performance of this Agreement, shall act in an independent capacity and not as officers or employees or agents of the State.

9. RECYCLING CERTIFICATION: The Contractor shall certify in writing under penalty of perjury, the minimum, if not exact, percentage of post consumer material as defined in the Public Contract Code Section 12200, in products, materials, goods, or supplies offered or sold to the State regardless of whether the product meets the requirements of Public Contract Code Section 12209. With respect to printer or duplication cartridges that comply with the requirements of Section 12156(e), the certification required by this subdivision shall specify that the cartridges so comply (Pub. Contract Code §12205).

10. NON-DISCRIMINATION CLAUSE: During the performance of this Agreement, Contractor and its subcontractors shall not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of sex, race, color, ancestry, religious creed, national origin, physical disability (including HIV and AIDS), mental disability, medical condition (e.g., cancer), age (over 40), marital status, and denial of family care leave. Contractor and subcontractors shall insure that the evaluation and treatment of their employees and applicants for employment are free from such discrimination and harassment. Contractor and subcontractors shall comply with the provisions of the Fair Employment and Housing Act (Gov. Code §12990 (a-f) et seq.) and the applicable regulations promulgated thereunder (California Code of Regulations, Title 2, Section 7285 et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code Section 12990 (a-f), set forth in Chapter 5 of Division 4 of Title 2 of the California Code of Regulations, are incorporated into this Agreement by reference and made a part hereof as if set forth in full. Contractor and its subcontractors shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other Agreement.

Contractor shall include the nondiscrimination and compliance provisions of this clause in all subcontracts to perform work under the Agreement.

11. CERTIFICATION CLAUSES: The CONTRACTOR CERTIFICATION CLAUSES contained in the document CCC 307 are hereby incorporated by reference and made a part of this Agreement by this reference as if attached hereto.

12. TIMELINESS: Time is of the essence in this Agreement.

13. COMPENSATION: The consideration to be paid Contractor, as provided herein, shall be in compensation for all of Contractor's expenses incurred in the performance hereof, including travel, per diem, and taxes, unless otherwise expressly so provided.

14. GOVERNING LAW: This contract is governed by and shall be interpreted in accordance with the laws of the State of California.

15. ANTITRUST CLAIMS: The Contractor by signing this agreement hereby certifies that if these services or goods are obtained by means of a competitive bid, the Contractor shall comply with the requirements of the Government Codes Sections set out below.

a. The Government Code Chapter on Antitrust claims contains the following definitions:

1) "Public purchase" means a purchase by means of competitive bids of goods, services, or materials by the State or any of its political subdivisions or public agencies on whose behalf the Attorney General may bring an action pursuant to subdivision (c) of Section 16750 of the Business and Professions Code.

2) "Public purchasing body" means the State or the subdivision or agency making a public purchase. Government Code Section 4550.

b. In submitting a bid to a public purchasing body, the bidder offers and agrees that if the bid is accepted, it will assign to the purchasing body all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Sec. 15) or under the Cartwright Act (Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, materials, or services by the bidder for sale to the purchasing body pursuant to the bid. Such assignment shall be made and become effective at the time the purchasing body tenders final payment to the bidder. Government Code Section 4552.

c. If an awarding body or public purchasing body receives, either through judgment or settlement, a monetary recovery for a cause of action assigned under this chapter, the assignor shall be entitled to receive reimbursement for actual legal costs incurred and may, upon demand, recover from the public body any portion of the recovery, including treble damages, attributable to overcharges that were paid by the assignor but were not paid by the public body as part of the bid price, less the expenses incurred in obtaining that portion of the recovery. Government Code Section 4553.

d. Upon demand in writing by the assignor, the assignee shall, within one year from such demand, reassign the cause of action assigned under this part if the assignor has been or may have been injured by the violation of law for which the cause of action arose and (a) the assignee has not been injured thereby, or (b) the assignee declines to file a court action for the cause of action. See Government Code Section 4554.

16. CHILD SUPPORT COMPLIANCE ACT: For any Agreement in excess of \$100,000, the contractor acknowledges in accordance with Public Contract Code 7110, that:

a. The contractor recognizes the importance of child and family support obligations and shall fully comply with all applicable state and federal laws relating to child and family support enforcement, including, but not limited to, disclosure of information and compliance with earnings assignment orders, as provided in Chapter 8 (commencing with section 5200) of Part 5 of Division 9 of the Family Code; and

b. The contractor, to the best of its knowledge is fully complying with the earnings assignment orders of all employees and is providing the names of all new employees to the New Hire Registry maintained by the California Employment Development Department.

17. UNENFORCEABLE PROVISION: In the event that any provision of this Agreement is unenforceable or held to be unenforceable, then the parties agree that all other provisions of this Agreement have force and effect and shall not be affected thereby.

18. PRIORITY HIRING CONSIDERATIONS: If this Contract includes services in excess of \$200,000, the Contractor shall give priority consideration in filling vacancies in positions funded by the Contract to qualified recipients of aid under Welfare and Institutions Code Section 11200 in accordance with Pub. Contract Code §10353.

19. SMALL BUSINESS PARTICIPATION AND DVBE PARTICIPATION REPORTING REQUIREMENTS:

a. If for this Contract Contractor made a commitment to achieve small business participation, then Contractor must within 60 days of receiving final payment under this Contract (or within such other time period as may be specified elsewhere in this Contract) report to the awarding department the actual percentage of small business participation that was achieved. (Govt. Code § 14841.)

b. If for this Contract Contractor made a commitment to achieve disabled veteran business enterprise (DVBE) participation, then Contractor must within 60 days of receiving final payment under this Contract (or within such other time period as may be specified elsewhere in this Contract) certify in a report to the awarding department: (1) the total amount the prime Contractor received under the Contract; (2) the name and address of the DVBE(s) that participated in the performance of the Contract; (3) the amount each DVBE received from the prime Contractor; (4) that all payments under the Contract have been made to the DVBE; and (5) the actual percentage of DVBE participation that was achieved. A person or entity that knowingly provides false information shall be subject to a civil penalty for each violation. (Mil. & Vets. Code § 999.5(d); Govt. Code § 14841.)

20. LOSS LEADER:

If this contract involves the furnishing of equipment, materials, or supplies then the following statement is incorporated: It is unlawful for any person engaged in business within this state to sell or use any article or product as a "loss leader" as defined in Section 17030 of the Business and Professions Code. (PCC 10344(e).)

**EXHIBIT D — PUBLIC ENTITY
(Standard Agreement)**

SPECIAL TERMS AND CONDITIONS

1. Disputes

Unless otherwise provided in this agreement, any dispute concerning a question of fact arising under this agreement which cannot be resolved informally shall be decided by the following two-step procedures.

Contractor must provide written notice of the particulars of such disputes to the Project Manager or his/her duly appointed representative. The Project Manager must respond in writing within ten (10) working days of receipt of the written notice of dispute. Should Contractor disagree with the Project Manager's decision, Contractor may appeal to the second level. Pending the decision on appeal, Contractor shall proceed diligently with the performance of this agreement in accordance with the Project Manager's decision. The second level appeal must indicate why the Project Manager's decision is unacceptable, attaching to it Contractor's original statement of the dispute with supporting documents, along with a copy of the Project Manager's response. The second level appeal shall be sent to the Deputy Director of Administrative Services or his/her duly appointed representative. The second level appeal must be filed within fifteen (15) working days of receipt of the Project Manager's decision. Failure to submit an appeal within the period specified shall constitute a waiver of all such right to an adjustment of this agreement. The Deputy Director or designee shall meet with Contractor to review the issues raised. A written decision signed by the Deputy Director or designee shall be returned to Contractor within fifteen (15) working days of the receipt of the appeal.

2. Termination for Convenience

State reserves the right to terminate this agreement subject to 30 days written notice to Contractor. Contractor may submit a written request to terminate this agreement only if State should substantially fail to perform its responsibilities as provided herein.

3. Force Majeure

Except for defaults of subcontractors, neither party shall be responsible for delays or failures in performance resulting from acts beyond the control of the offending party. Such acts shall include but shall not be limited to acts of God, fire, flood, earthquake, other natural disaster, nuclear accident, strike, lockout, riot, freight embargo, public regulated utility, or governmental statutes or regulations superimposed after the fact. If a delay or failure in performance by Contractor arises out of a default of its subcontractor, and if such default of its subcontractor, arises out of causes beyond the control of both Contractor and subcontractor, and without the fault or negligence of either of them, Contractor shall not be liable for damages of such delay or failure, unless the supplies or services to be furnished by subcontractor were obtainable from other sources in sufficient time to permit Contractor to meet the required performance schedule.

4. Forced, Convict, and Indentured Labor

No foreign-made equipment, materials, or supplies furnished to State pursuant to this agreement may be produced in whole or in part by forced labor, convict labor, or indentured labor. By submitting a bid to State or accepting a purchase order, Contractor agrees to comply with this provision of this agreement.

**EXHIBIT D — PUBLIC ENTITY
(Standard Agreement)**Contractor's Name: Public Works
Agreement Number: Department C1539019
Page: 2 of 2 **5. Potential Subcontractors**

Nothing contained in this agreement or otherwise, shall create any contractual relation between State and any subcontractors, and no subcontract shall relieve Contractor of its responsibilities and obligations hereunder. Contractor agrees to be as fully responsible to State for the acts and omissions of its subcontractors and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by Contractor. Contractor's obligation to pay its subcontractors is an independent obligation from State's obligation to make payments to Contractor. As a result, State shall have no obligation to pay or to enforce the payment of any moneys to any subcontractor.

6. Priority Hiring Considerations for Contracts with a Value of \$200,000

If the resulting agreement will have a total value of \$200,000 or more, Contractor is hereby advised that it will be obligated to give priority consideration in filling vacancies in positions funded by the resulting agreement to qualified recipients of aid under Welfare and Institutions Code Section 11200. This requirement shall not interfere with or require a violation of a collective bargaining agreement, a federal affirmative action obligation for hiring disabled veterans of the Vietnam era, or nondiscrimination compliance laws of California and does not require the employment of unqualified recipients of aid.

7. Intellectual Property

Any works developed during and/or pursuant to this agreement by Contractor, including all related copyrights and other proprietary rights therein, as may now exist and/or which hereafter come into existence, shall belong to State upon creation, and shall continue in State's exclusive ownership upon termination of this agreement. Contractor further intends and agrees to assign to State all right, title and interest in and to such materials as well as all related copyrights and other proprietary rights therein.

Contractor agrees to cooperate with State and to execute any document or documents that may be found to be necessary to give the foregoing provisions full force and effect, including but not limited to, an assignment of copyright.

Contractor agrees not to incorporate into or make the works developed, dependent upon any original works of authorship or Intellectual Property Rights of third parties without first (a) obtaining State's prior written permission, and (b) granting to or obtaining for State a nonexclusive, royalty-free, paid-up, irrevocable, perpetual, world-wide license, to use, reproduce, sell, modify, publicly and privately display and distribute, for any purpose whatsoever, any such prior works.

8. Contractor's Duties, Obligations and Rights

Contractor is hereby apprised that California Public Contract Code Section 10335 through 10381 are applicable relative to Contractor's duties, obligations, and rights in performing the agreement.

payment of retentions into escrow or the substitution of securities for moneys withheld by the County to ensure performance under the contract, pursuant to Public Contracts Code Section 22300.

(7) DELEGATE, pursuant to Public Contract Code Section 4114, to the Public Works Director, or designee, the Board's functions under Public Contract Code Sections 4107 and 4110.

(8) DECLARE that, should the award of the contract to USA Trucking be invalidated for any reason, the Board would not in any event have awarded the contract to any other bidder, but instead would have exercised its discretion to reject all of the bids received. Nothing in this Board Order shall prevent the Board from re-awarding the contract to another bidder in cases where the successful bidder establishes a mistake, refuses to sign the contract, or fails to furnish required bonds or insurance (see Public Contract Code Sections 5100-5107).

FISCAL IMPACT:

The contract, for a maximum amount of \$300,000, will be funded by 100% Local Road funds.

BACKGROUND:

The above project was previously approved by the Board of Supervisors, specifications were filed with and approved by the Board, and bids were invited by the Public Works Director. On March 29, 2016, the Public Works Department received bids from the following contractors:

BIDDER, TOTAL UNIT AMOUNT

USA Trucking, Inc.: \$93.00 Total Unit Price

LS Trucking, Inc.: \$95.00 Total Unit Price

C&J Favallora Trucking, Inc.: \$95.00 Total Unit Price

The bidder listed first above, USA Trucking, submitted the lowest responsive and responsible bid, which is \$2.00 less (Total Unit Price) less than the next lowest bid.

The Public Works Director has reported that the bid submitted by USA Trucking complied with the requirements provided in the project specifications, and recommends that the contract be awarded to USA Trucking. The Public Works Director recommends that the bid submitted by USA Trucking is the lowest responsive and responsible bid, and this Board so concurs and finds.

The general prevailing rates of wages, which shall be the minimum rates paid on this project, have been filed with the Clerk of the Board, with copies to be made available to any party upon request.

CONSEQUENCE OF NEGATIVE ACTION:

The Public Works Department may be unable to complete routine road maintenance work in a timely manner.

From: Julia R. Bueren, Public Works Director/Chief Engineer
Date: April 19, 2016

Subject: Real Property Services Agreement, with modified indemnification language, with the City of Napa - Roundabout Project.

RECOMMENDATION(S):

APPROVE and AUTHORIZE the Chair of the Board of Supervisors to execute, on behalf of the County, the Real Property Services Agreement, including modified indemnification language, to pay the County an amount not to exceed \$182,000 to provide right of way services to the City of Napa for the City Roundabout Project.

FISCAL IMPACT:

100% City of Napa funds.

BACKGROUND:

The City of Napa (City), in Napa County, is proceeding with a City Roundabout Project. To complete the Project, the City needs to acquire certain interests in real property. The City requires a variety of right-of-way services, but has no right of way staff and desires to contract with the County for these services. The agreement includes a mutual indemnification provision. Each party will be required to indemnify the other party for any claims that arise from the indemnifying party's acts, errors, or omissions in the performance of that party's obligations under the agreement.

Under the Real Property Services Agreement, with modified indemnification language (Agreement), Public Works Department Real Estate staff will perform various right-of-way services, including but not limited to right of way appraisal and appraisal review; negotiations; land rights document preparation; right of way acquisition; right of way project management; title and escrow support; right of way certification; supervision of independent contractors providing such services and supervision of independent contractors providing such services; and any related work

Agreement

REAL PROPERTY SERVICES AGREEMENT

First and Second Street Roundabouts Project
City Project No. ST14PW02

1. **Effective Date and Parties.** Effective on _____, the COUNTY OF CONTRA COSTA, a political subdivision of the State of California ("County"), and the CITY OF NAPA, a municipal corporation ("City"), hereby mutually promise and agree as follows:
2. **Purpose.** Pursuant to a Cooperative Agreement between City and the State of California, Department of Transportation ("Caltrans"), City Agreement No. 2015-157, ("Cooperative Agreement"), City and Caltrans and are jointly working to complete the First and Second Street Roundabouts Project, City Project No. ST14PW02, ("Project"), a Federal aid project for which City requires the services of a Caltrans-qualified agency. County has said qualifications and City desires to contract with County for the real estate services necessary to implement the Project.
3. **Services by County.** County will provide City the following services, as directed by City: appraisal review and support; negotiations, land rights document preparation; right of way acquisition; right of way project management; title and escrow support; right of way certification, and/or supervision of independent contractors providing such services; and related work as required (all of which constitute "Services").

The County warrants that it will perform these services in accordance with accepted professional standards and procedures.

4. **Payment for Services.** City shall reimburse County, at the hourly charge out rates and in accordance with the budget in Appendix "A", attached hereto, for all time that County real property agents perform Services for City under this Agreement. City shall reimburse County for costs of experts and contractors retained by County in the performance of the Services. City shall reimburse County for all other expenses County incurs in the performance of the Services, including but not limited to all City approved acquisition settlements and any other costs of acquisition such as title fees, recording fees, and escrow costs that the County actually incurs to perform the Services. If additional services are required, City and County may amend this agreement to provide for payment for those additional services. Payments by City shall be made within sixty (60) days of billing by County.

City agrees that in addition to funds set aside by this agreement for staff support, it will fund either by direct reimbursement to County, or payment directly into escrow, the agreed upon purchase price, escrow fees, and other related costs which may be a condition of sale.

5. **Indemnification.** County shall defend, indemnify, and hold harmless the City, its officers, and employees for any claims, liabilities, damage, injury, or death of or to any person, or the property of any person, including attorney's and expert fees, (collectively, "Liabilities") that arise out of the willful misconduct or the negligent acts, errors or omissions of the County, its officers, employees, agents and volunteers, in performing any of its or their obligations under this Agreement. Notwithstanding anything to the contrary, County shall not be obligated to indemnify City, its officers, and employees for any portion of Liabilities that arise out of City's, or its officers' or employees' willful misconduct or negligent acts, errors, or omissions.

City shall defend, indemnify, and hold harmless County its officers, and employees for any Liabilities that arise out of the willful misconduct or the negligent acts, errors or omissions of the City, its officers, employees, agents and volunteers, in performing any of its or their obligations under this Agreement. Notwithstanding anything to the contrary, City shall not be obligated to indemnify County, its officers, and employees for any portion of Liabilities that arise out of County's, or its officers', and employees' willful misconduct or negligent acts, errors, or omissions

6. **Independent Status.** Nothing herein shall be construed to imply that any County employee providing services hereunder is a City employee.
7. **Term.** The term of this agreement shall commence on the effective date hereof and shall end upon termination by either party upon thirty (30) days written notice. The rights and obligations of Paragraph 5 "Indemnification" shall survive any such termination. Within thirty (30) days after the termination of this Agreement, City shall pay the County for all unpaid charges and costs the County incurs under this Agreement through the termination of the Agreement.
8. **Notices.** Any notice required to be given to County and City hereunder will be sufficient if delivered in writing as designated below, or to such other addresses as County and City may respectively designate by written notice to the other:

To County: Contra Costa County Public Works Department
 c/o Real Estate Division
 255 Glacier Drive
 Martinez, CA 94553
 925-313-2220

To City: City of Napa
 c/o Property Manager
 P.O. Box 660
 1600 First Street
 Napa, CA 94559-0660
 707-257-9520

Notice given by personal delivery shall be deemed complete upon delivery. Notice given by Overnight Carrier shall be deemed complete on the day after it is postmarked. Notice given by U.S. Mail shall be deemed complete on the third day after it is postmarked.

9. **Entire Agreement.** This Agreement contains the entire agreement between the County and City and supersedes any and all other prior agreements and all negotiations leading up to the execution of this Agreement, whether oral or in writing, between the County and City. The County and City acknowledge that no representations, inducements, promises, or statements, oral or otherwise, have been made by either of them or by anyone acting on behalf of them that are not embodied or incorporated by reference herein, and further agree that no other covenant, representation, inducement, promise, or statement not set forth in this Agreement shall be valid or binding.

10. **Amendments and Modifications.** This Agreement may not be modified or amended except in a writing that is approved by the County and City.
11. **Governing Law.** This Agreement shall be governed by and construed in accordance with California law.
12. **Counterparts.** This Agreement may be executed in one or more counterparts, each of which shall be deemed an original.
13. **Severability.** If any term or provision of this Agreement shall, to any extent, be held invalid or unenforceable, the remainder of this Agreement shall not be affected.
14. **No Third-Party Beneficiaries.** Nothing in this Agreement creates, nor shall it be interpreted to create, any third-party beneficiaries.

APPENDIX "A"
Pay Rate Schedule

City shall reimburse the COUNTY for labor costs as detailed below:

1. COUNTY direct labor rates shall include the base salary wages paid to personnel plus fringe benefits. Total labor rate shall include direct labor rate multiplied by County's overhead rate. The total labor rate shall not exceed the range of labor rates by classification, included as Attachment 1.
2. COUNTY's overhead rate shall be a summation of division and department overhead rates. Appropriate overhead rates for COUNTY shall be developed based on procedure previously approved as described below:

In general, the division overhead rates are determined by identifying each division's total expenditures after adjustments less any non-labor generated revenue. The division expenditures are then divided by the productive hours for the division establishing the overhead rate needed to cover the remaining net cost of division expenditures. The department overhead rates are determined similar to the division rate by dividing the total department expenditures by the total billable hours. Each year overhead rates will be evaluated and adjusted to reflect the actual costs from the previous fiscal year.

3. COUNTY may adjust both labor rates and overhead rates periodically due to contracted salary increases and overhead rate changes. COUNTY shall submit any changes to rates to the City prior to invoicing.

Project: First and Second Street Roundabouts from SR-29 to California Blvd.

A. Budget. This is a unique and complicated project with multi agency requirements including the combination of both a State and a City project. Based on the Project Schedule and Real Property Services Agreement, the County will be providing right of way services for 21 months and could continue beyond that through the construction phase of the project. The County will regularly attend project related meetings, prepare required documents, and guide the City through the States policies and procedures in both securing the required real property rights for the project and in compliance with the projects milestones, as they relate to the right of way requirements, all of which is commensurate with the administration cost.

County's Services will be related to the acquisition from eight private property owners: six (6) owners with partial fee acquisitions and temporary construction easements (TCEs), and two (2) owners with TCE's for City's above-described Project. County's charges for Services under this Agreement will be allocated according to the following budget:

ADMINISTRATION	\$ 80,000
APPRAISAL REVIEW	\$ 7,500
NEGOTIATIONS/ACQUISITION	\$ 62,000
CONDEMNATION SUPPORT	\$ 10,000
RIGHT OF WAY CERTIFICATION	<u>\$ 6,000</u>
	\$ 165,500

10% contingency fee \$ 16,500 (rounded)

TOTAL BUDGET FOR THE PROJECT: \$182,000

B. Charge-Out Rates . County will charge City for Services under this Agreement at the following hourly rates:

REAL PROPERTY AGENT	HOURLY CHARGE OUT RATE
	Hourly Rate
Principal Real Property Agent	\$208/hr to \$220/hr
Supervising Real Property Agent	\$163/hr to \$180/hr
Senior Real Property Agent	\$153/hr to \$165/hr
Assistant Real Property Agent	\$110/hr to \$125/hr

BACKGROUND:

The purpose of this project is to add lighting at select locations around Slifer Park in order to increase visibility and deter unwanted gatherings when the park is closed. The project consists of installing solar-powered overhead lights near and around the parking lot, picnic area, basketball court, and at various locations along the paved path. The solar lights will be a single pole on a pier foundation. Each light will have its own solar panel and be completely self-contained, thereby eliminating the need for any wiring. Construction activities will include drilling for the pier foundation at each light, erecting the light and repairs to any disturbed turf. Construction of this project will not require the removal of any existing shrubs or trees. No additional property or easements will need to be acquired for the completion of this project. Lighting will be directed downward to ensure that nearby homes are not negatively impacted by glare.

CONSEQUENCE OF NEGATIVE ACTION:

Delay in approving the project may result in a delay of design, construction, and may jeopardize funding.

Grantor: Chanchal, LLC

THIS DOCUMENT in the form of a TEMPORARY EASEMENT, covering the property particularly described in Clause 3 below has been executed and delivered to Olivia D. Reynolds, Senior Real Property Agent for Contra Costa County Flood Control and Water Conservation District (District).

In consideration of which, and the other considerations hereinafter set forth, it is mutually agreed as follows:

1. The parties have herein set forth the whole of their agreement. The performance of this agreement constitutes the entire consideration for said document and shall relieve the District of all further obligations or claims on this account, or on account of the location, grade or construction of the proposed public improvement.
2. The District shall pay the undersigned grantor the sum of \$5,200.00 for this Temporary Easement.
3. Permission is hereby granted to the District or its authorized agent to enter upon grantor's land where necessary within that certain area described in Exhibit "A" attached hereto and made a part hereof, for the purpose of access to construction activities being performed on the adjacent parcel (APN 074-130-060).
4. This Temporary Easement shall be effective January 1, 2016 through October 31, 2017.
5. The undersigned grantor warrants that they are the owner in fee simple of the property affected by this Temporary Easement as described in Clause 3 above and that they have the exclusive right to grant this Temporary Easement.

RIGHT OF WAY CONTRACT -- STATE HIGHWAY- TEMPORARY EASEMENT

RW B-4 (6/95)

6. In case of unpredictable delays in construction, upon written notification, the expiration date of the Temporary Easement may be extended one month at a time at \$55 per month. Said amount will be paid to the grantor in a lump sum within sixty (60) days after District has determined the easement is no longer required.

In Witness Whereof, the Parties have executed this agreement the day and year first above written.

Contra Costa County and Ronald & Shirley Nunn, Case No. N13-0774). On March 11, 2016, the Superior Court issued a peremptory writ of mandate directing the County to rescind the four certificates of compliance for the property.

The recommended action will result in the County's compliance with the writ of mandate. This Board Order authorizes the County Counsel or her designee to file a return in Case No. N13-0774 stating that the County has complied with the writ.

CONSEQUENCE OF NEGATIVE ACTION:

The County would not be in compliance with a Superior Court writ of mandate.

RECOMMENDATION(S):

ACCEPT Board members meeting reports for March 2016.

FISCAL IMPACT:

None.

BACKGROUND:

Government Code section 53232.3(d) requires that members of legislative bodies report on meetings attended for which there has been expense reimbursement (mileage, meals, lodging ex cetera). The attached reports were submitted by the Board of Supervisors members in satisfaction of this requirement. District V has nothing to report.

CONSEQUENCE OF NEGATIVE ACTION:

The Board of Supervisors will not be in compliance with Government Code 53232.3(d).

Subject: National Reentry Week 2016

RECOMMENDATION(S):

ADOPT Resolution No. 2016/151 recognizing April 24-30, 2016 as National Reentry Week 2016, as recommended by the County Administrator.

FISCAL IMPACT:

No fiscal impact.

BACKGROUND:

Over the last seven years, the Department of Justice has partnered with state, local, and tribal agencies and national organizations to support hundreds of reentry programs across the country. Thanks to these collaborations individuals leaving our corrections facilities have benefitted from unprecedented access to job training, healthcare, housing, and other services aimed at putting them on a path to productive, successful lives.

The demand for effective reentry services remains high. More than 600,000 men and women leave prison every year and more than 11 million people cycle through our nation's jails. That is why the Justice Department, through the Second Chance Act programs and the leadership of the Federal Interagency Reentry Council, continues to advance evidence-based reentry programming and promote innovative reentry policymaking. Federal actions have been and will be only part of the solution.

BACKGROUND: (CONT'D)

In an effort to draw greater attention to reentry, the Department of Justice is designating April 24-30, 2016, National Reentry Week. Throughout the week, U.S. Attorneys' Offices will lead reentry-related efforts in their districts and Bureau of Prisons facilities will coordinate events in their 122 facilities, including job fairs, reentry roundtables, listening sessions with formerly incarcerated individuals, special events for children of incarcerated parents, outreach through OpEd pieces in local media outlets, and other efforts designed to raise awareness of the importance of reentry.

Effective reentry programs offer the chance of a better life to those who return from our nation's corrections facilities. National Reentry Week highlights the value of these programs. The investments we make today - through the resources we dedicate and the enthusiasm we generate - will pay dividends for returning citizens and for public safety in America.

CONSEQUENCE OF NEGATIVE ACTION:

The County would not recognize National Reentry Week.

Introduction to the Report

This report provides an overview of AB 109-related activities undertaken in Contra Costa County during the 2014-2015 Fiscal Year (FY 14/15), with a focus on understanding the impact of AB 109 County Departments and contracted service providers. Toward this end, this report describes the volume and type of services provided by all of the County's AB 109 partners over the course of the year followed by a brief overview

As context for these activities, the report begins with an overview of the legislative impact of AB 109 on California counties and a discussion of Contra Costa County's response to Public Safety Realignment. This is followed by an in-depth look at the AB 109-related supervision and services provided by each of Contra Costa County's AB 109-funded departments, as well as the cross-departmental Pretrial Services program. The departments included in this report, listed in alphabetical order, are:

- Behavioral Health Services
- Detention Health Services
- District Attorney's Office
- Office of the Public Defender
- Pretrial Services
- Probation Department
- Sheriff's Office
- Workforce Development Board

After summarizing the implementation and impact of AB 109 across County departments this report describes services each of the AB 109-contracted community based organizations provides, highlighting the referrals they received from Probation, as well as the total number of enrollments and successful completions of program services over the course of the year. Finally this report concludes with an overview of AB 109 population outcomes and a discussion of the County's AB 109 priorities moving forward into FY 15/16 and beyond.

A Note on Data

The RDA team worked with each County Department, as well as seven community-based organizations (CBOs) contracted to provide AB 109 services, in order to obtain the data necessary for the following report. Because data was collected across a variety of departments who track AB 109 client measures differently, we caution against making direct comparisons from figures across department sections. Moreover, because each department has a separate data system and track AB 109 client data disparately, some measures such as the percentage of the AB 109 population under supervision with new criminal charges and/or convictions during FY 14/15 could not be calculated without tracking individuals across departments.

Realignment in Contra Costa County

Legislative Impacts of AB 109

Largely a response to prison overcrowding in California, the Public Safety Realignment Act (Assembly Bill (AB) 109) was signed into law in 2011, taking effect on October 1, 2011. AB 109 transferred the responsibility of supervising specific lower-level incarcerated individuals and parolees from the California Department of Corrections and Rehabilitation (CDCR) to counties, realigning three major areas of the criminal justice system. Specifically, AB 109:

- ❖ Transferred the location of incarceration for individuals incarcerated for lower-level offenses (specified non-violent, non-serious, non-sex offenders) from state prison to local county jail and provided for an expanded role for post-release supervision for these offenders;
- ❖ Transferred the responsibility for post-release supervision of individuals incarcerated for lower-level offenses (those released from prison after having served a sentence for a non-violent, non-serious, and non-sex offense) from the state to the county level by creating a new category of supervision called Post-Release Community Supervision (PRCS);
- ❖ Shifted the responsibility for processing certain parole revocations from the state Parole Board to the local court system; and
- ❖ Shifted the responsibility for housing revoked supervision clients affected by the above changes from CDCR to county detention facilities.

There are three new populations for which the County is now responsible for housing and supervising, all classified under AB 109. These populations include:

- ❖ **Post-Release Community Supervisees:** County probation departments now supervise a specified population of incarcerated individuals discharging from prison whose commitment offense was non-violent and non-serious.
- ❖ **Parolees:** Parolees – excluding those serving life terms – who violate the terms of their parole serve any detention sanction in the local jail rather than state prison. In addition, as of July 1, 2013 local courts are now responsible for parole revocation hearings for parolees who violate the terms of their parole, rather than the state Parole Board.
- ❖ **1170(h) Sentenced defendants:** Individuals convicted of non-violent or non-serious felonies serve their sentence under the jurisdiction of the county instead of state prison. Sentences are now

served either in county jail, on felony probation or on a split sentence (where part of the term is served in jail and part under supervision by the county probation department).

In addition to transferring the responsibility of housing and supervising these populations from the state to the County, AB 109 also required that the County use AB 109 funding towards building partnerships with local health and social service agencies and community based services to provide supportive services designed to facilitate the successful reentry and reintegration of AB 109 individuals into the community and reduce the likelihood that they would recidivate.

Contra Costa County's Approach to Public Safety Realignment

After the enactment of AB 109, the Executive Committee of Contra Costa County's Community Corrections Partnership (CCP) developed an AB 109 Public Safety Realignment Implementation Plan approved by the County's Board of Supervisors. During the first two years of Public Safety Realignment the County focused on absorbing the impacts of AB 109 across County Departments, using data to inform decision making around how best to prepare for housing and supervising the AB 109 population. During this time Contra Costa County also established an AB 109 Operational Plan and worked towards developing a coordinated reentry infrastructure, emphasizing the use of evidence based practices (EBPs) for serving the AB 109 reentry population.

Contra Costa County's overarching approach to AB 109 implementation has largely centered on developing formalized partnerships between different law enforcement agencies, as well as partnerships between law enforcement agencies and health or social service agencies, such as Behavioral Health Services (BHS) and AB 109-contracted community-based organizations (CBOs). For instance the Sheriff's Department and Probation have increased coordination with each other so that Deputy Probation Officers (DPOs) have greater access to County jails than they did prior to AB 109. Probation has also increased communication and collaboration with BHS and AB 109-contracted CBOs resulting in a greater number of referrals to reentry support services that are in place to help returning citizens successfully reintegrate into the community.

With Public Safety Realignment no longer new to the County by FY 13/14, Contra Costa County shifted its focus from adapting to AB 109 to further developing County capacity to serve the AB 109 population. During FY 13/14 the County launched the Pretrial Services Program, a collaborative endeavor with the Office of the Public Defender, Probation, the Sheriff's Department, and the District Attorney's Office aimed at reducing the pretrial custody population; Contra Costa County also hired Resource Development Associates (RDA) to support their AB 109 operations through a series of evaluation and data collection activities including an assessment of the County's data capacity and infrastructure as well as an evaluation of AB 109 implementation.

FY 14/15 was devoted to the further development of the County's reentry system, as collaborative partnerships between law enforcement partners and community based service providers continued to develop and evolve. In particular, FY 14/15 saw the opening of the Network Reentry System of Services

Contra Costa County

Public Safety Realignment Annual Report: FY 14/15

for Returning Citizens in East and Central County. In addition, significant progress was made toward establishing the Reentry Success Center in West County, which opened in October 2015.

The County continued to invest in evaluative efforts as well during FY 14/15; Contra Costa County invested in an evaluation of AB 109-contracted community-based service providers and an analysis of the impact of the County's AB 109 programs and services on client recidivism in order to better inform their understanding of the effectiveness of the County's reentry system in helping the AB 109 reentry population successfully reintegrate into the community.

County Department Impacts (FY 14-15)

Public Safety Realignment shifted the responsibility of housing and supervising certain individuals incarcerated for lower-level offenses from the state to the County, and also required that the County use AB 109 funding towards building partnerships between County departments to provide coordinated and evidence-based supervision of, and services for, the AB 109 reentry population. The sections below summarize how AB 109 has impacted County Departments by highlighting the volume and types of supervision and services provided to the AB 109 population across the County.

Behavioral Health Services

The BHS Division combines Alcohol and Other Drugs Services (AODS), the Homeless Program, Forensic Mental Health Services, and Public Benefits into an integrated system of care. BHS partners with clients, families, and community-based organizations to provide services to the AB 109 population. While BHS provided services for the reentry population prior to the start of AB 109, Realignment resulted in an increased focus on and funding for serving these clients. The sections below demonstrate the number of AB 109 individuals receiving services from each department over the course of the 14/15 fiscal year.

Alcohol and Other Drugs Division

The AODS division of BHS operates a community-based continuum of substance abuse treatment services to meet the level of care needs for each AB 109 client referred. As shown in Figure 1, AODS provided outpatient services to an increasing number of AB 109 clients throughout FY 14/15. During that timeframe, a total of 37 clients were admitted to outpatient treatment and six successfully completed outpatient treatment services.

Figure 1: Outpatient Treatment Services

For AB 109 clients in need of acute withdrawal services, AODS provides residential detoxification treatment. During FY 14/15 AODS providers admitted 21 AB 109 clients to residential detox. As shown in Figure 2, 18 clients successfully completed residential detox during that year.

Figure 2: Residential Detoxification Services

AODS also provides residential substance abuse treatment to clients on AB 109 supervision. As shown in Figure 3, AODS provided residential treatment services to an increasing number of AB 109 clients as the year progressed. During FY 14/15 the County admitted 87 AB 109 clients to residential treatment, and 32 clients successfully completed residential services. Additionally, the number of clients completing services increased throughout the year.

Figure 3: Residential Treatment Services

Homeless Program

In FY 14/15, the County's Homeless Program served 33 AB 109 individuals in the first quarter, 30 in the second, 19 in the third, and 15 in the fourth, as shown in Figure 4.

Figure 4: AB 109 individuals provided Homeless Services

The total number of bed-nights utilized by the AB 109 population are provided in Figure 5 below, which shows that total bed-nights utilized by the AB 109 population at shelters in and out of the County declined during the fiscal year.

Figure 5: Total bed-nights utilized by AB 109 population

Mental Health Division

Forensics Mental Health collaborates with Probation to support successful community reintegration of individuals with co-occurring mental health and substance related disorders. Services include assessment, groups and community case management. As indicated in Figure 6, Probation referred over 150 AB 109 clients to Forensic Mental Health services, of whom 100 received mental health screenings, and from which 31 opened services.

Figure 6: Clients referred to, screened for, and received Forensic Mental Health services

Public Benefits

BHS also assists AB 109 clients with applying for public benefits, including Medi-Cal, General Assistance, CalFresh, and Social Security Disability Income/Supplemental Security Income (SSDI/SSI). Figure 7 displays the number of AB 109 clients assisted with applications for Medi-Cal in FY 14/15, and the number of applications approved by the State.

Figure 7: Medi-Cal intakes and approvals

In contrast, almost no AB 109 clients are assessed for or enrolled in other benefits, such as General Assistance, CalFresh, and SSDI/SSI benefit applications than Medi-Cal applications. Table 1 displays the number of AB 109 client intakes and approvals for public benefits.

Detention Health Services

Contra Costa County’s Detention Health Services Department (DHS) provides health care to all incarcerated individuals – including AB 109 individuals – housed within the County. DHS provides in-custody access to nurses, doctors, dentists, mental health clinicians, and psychiatrists who provide medical and mental health care for all AB 109 individuals in custody. The County’s detention facilities provide basic health screenings to all new individuals in custody, including AB 109 individuals. Figure 8 displays the number of AB 109 individuals who were provided intakes health screening across each quarter of FY 14/15.

In addition to these screenings, DHS provides an array of health-related services to all individuals incarcerated in the County’s detention facilities, including physical, behavioral, and dental care. Figure 9 displays the distribution of sick calls (i.e., in person appointments) provided for AB 109 individuals in FY 14/15.

Figure 9: Types of DHS sick calls

District Attorney's Office

The District Attorney's Office (DA) functions to protect the community by prosecuting crimes and recommending sentences intended to increase public safety. Certain felony charges, if convicted, result in AB 109 sentences. As shown in both Figure 10 and Figure 11 below, slightly over 10% of all convicted felonies in the County in FY 14/15 resulted in AB 109 sentences.

Figure 10: Number of AB 109 sentences as a percentage of all felony sentences, by FY 14/15 quarter

Figure 11: Number of AB 109 sentences as a percentage of all felony sentences, all FY 14/15

The Court may sentence a convicted AB 109 individual to either local custody or a split sentence, which entails local incarceration followed by Probation supervision. Increasing evidence shows that split sentences lead to better outcomes, and the County's District Attorney has been a statewide leading advocate for split sentences. As shown in both Figure 12 and Figure 13, the vast majority of AB 109 sentences in the County were a combination of custody and supervision. Sentences labeled "Supervision" are instances where individuals were sentenced to custody and supervision as well; in these instances individuals were released upon sentencing after receiving credit for time served prior to their sentence.

Figure 12: Types of sentences as a percentage of all AB 109 sentences, by FY 14/15 quarter¹

Figure 13: Types of sentences as a percentage of all AB 109 sentence, all FY 14/15¹

Additionally, the DA can initiate supervision revocations for probation and parole violations. Figure 14 and Figure 15 illustrate the number of AB 109 supervision revocations in FY 14/15, by AB 109 classification types.

Office of the Public Defender

The main role of the Public Defender within AB 109 implementation is to provide legal representation, assistance, and services for indigent persons accused of crimes in the County. Before the adjudication process begins, the County’s AB 109 funds enable the Office of the Public Defender to provide paralegal and attorney staffing for the Arraignment Court Early Representation (ACER) and Pre-trial Services (PTS) programs. Both the ACER and PTS programs are designed to reduce the County’s custodial populations; by ensuring the presence of attorneys at defendants’ initial court appearances, ACER is intended to increase the likelihood that appropriate defendants will be released on their own recognizance (OR) for the duration of the court process and allow for the expedited resolution of cases. PTS supports reduced pretrial detention by providing judges with greater information with which to make bail and pretrial detention decisions, and by providing pretrial supervision of individuals who are deemed appropriate for release.

County AB 109 funds also support a social worker who provides social service assessments and referrals for clients needing additional supports and prepares social history reports for court negotiations. The Office also provides a suite of post-conviction Clean Slate services including advocacy for expungement and record sealing, obtainment of certificates of rehabilitation, motion for early termination, and petitions for factual innocence.

During FY 14/15, the social worker in the Office of the Public Defender assessed 117 defendants for social service needs and referred 82 of these individuals to community-based services intended to help address identified needs.

Figure 16: Clients referred to, assessed by, and referred to service providers by Social Worker

The ACER collaboration between the Office of the Public Defender and the District Attorney’s Office has resulted in thousands of defendants receiving representation at arraignment and does appear to facilitate both pretrial releases and early case resolution. As Figure 17 shows, more than 5,500 defendants were represented at arraignment through the ACER program; of these between approximately 19% and 35% were released on recognizance.

Figure 17: Number and percentage of clients released on own recognizance

A smaller but still sizeable percentage of criminal cases were also disposed through ACER. Across the year, 683 cases were disposed at arraignment, comprising between 8% and 20% of all cases that went through the ACER process.

Figure 18: Number and percentage of ACER dispositions

In addition to these services, the Office of the Public Defender dedicated significant effort to Clean State services. As Figure 19 shows, the Office of the Public Defender filed 570 Clean Slate petitions. Over the same period of time, 326 Clean Slate petitions were granted and 29 were denied. (Due to time lags between the filing of petitions and the review thereof, the number of petitions ruled on does not align with the number filed.)

Figure 19: Clean Slate petitions filed, granted, or denied

Pretrial Services

PTS is a collaboration between the Office of the Public Defender, the District Attorney, Probation, and the Court that is aimed at reducing the pretrial custody population. Paralegals screen all eligible individuals scheduled for arraignment, and qualifying clients are then assessed for risk utilizing a validated assessment tool. The numbers of PTS clients assessed for risk, and then released pretrial following the assessment are shown below in Figure 20.

Figure 20: PTS clients assessed for pretrial risk, FY 14/15

There are five categories of risk: low, below average, average, above average, and high, although some clients are screened for pretrial assessment but do not receive a score. Figure 21 displays the distribution of risk levels in FY 14/15, showing that the majority of clients scored above average or high risk during this period. As expected, clients who are assessed to be above average or high risk are much less likely to be released onto pretrial supervision than are clients who are average risk and below.

Figure 21: Assessed pretrial risk levels, FY 14/15

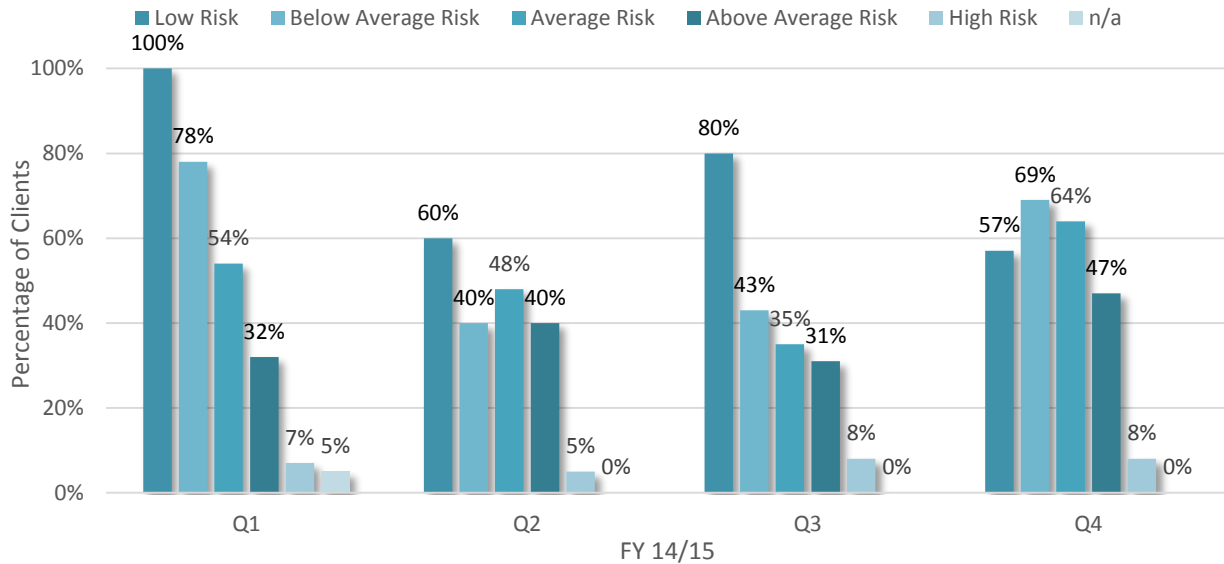

Figure 22 demonstrates that in the early part of FY 14/15, the Court did release a higher proportion of low and below average risk clients, but in the later part of the fiscal year, the Court released a greater proportion of above-average risk clients as well as a lower proportion of low risk clients.

Figure 22: Percentage of assessed clients starting pretrial supervision, by risk level

As Figure 23 shows, among all individuals under pretrial supervision whose case closed during FY 14/15, the majority successfully closed their cases, meaning that clients successfully appeared at their court dates and were not charged with any new offense while going through the court process. Because going through the court process can take months or years, the number of individuals whose pretrial supervision cases closed is smaller than the number of individuals who started pretrial supervision over the year.

Figure 23: Pretrial supervision case closures, by type

Despite overall success of PTS clients a sizeable minority of clients do not successfully complete the program. As Figure 24 shows, this is usually due to a client's failure to appear at his/her court date, although this is sometimes due to a client being charged with a new criminal offense or being returned to custody for a technical violation of the terms of pretrial supervision.

Figure 24: Unsuccessful pretrial supervision case closures, by type

Probation Department

The Probation Department’s primary role in AB 109 is to supervise and support the reentry of AB 109 clients, including PRCS and (1170(h)) individuals with mandatory supervision as part of their sentences, upon their return from custody to the community. As part of this process, AB 109 DPOs assess their clients for both criminogenic risk factors and for general reentry needs, and then refer interested clients to a range of supportive services.

A total of 571 individuals were released onto AB 109 Supervision during FY 14/15. Between new supervision clients and continuing supervision clients, 1,194 AB 109 clients were supervised by the County Probation Department during the same time period. As Figure 25 and Figure 26 show, PRCS clients continue to be a substantial proportion of both new supervises and the overall AB 109 probation supervision population, in contrast to early State projections that estimated a reduction in new PRCS clients overtime.

Figure 25: Newly processed AB 109 supervisees, by classification

Figure 26: Total AB 109 individuals under supervision during FY 14/15 (n=1,194)

PRCS clients also continue to make up a substantial proportion of the average daily number of AB 109 clients under County supervision, as demonstrated in Figure 27.

Figure 27: Average AB 109 population under County supervision, by classification

A DPO conducts an interview and uses the Correctional Assessment and Intervention System (CAIS) risk assessment tool, an evidence based risk assessment tool used to determine each client’s risk for recidivism and associated risk-factors, to determine each AB 109 client’s appropriate level of supervision intensity upon entering County supervision. Figure 28 indicates the distribution of recidivism risk for all AB 109 clients given an initial CAIS risk assessment during FY 14/15.

Figure 28: Initial CAIS risk levels, FY 14/15 (n=525)

The majority of AB 109 Probation clients were assessed to have a variety of overlapping needs that are associated with a risk for future involvement in criminal activities. As shown in Figure 29, the most common risk factor among AB 109 Probation clients is alcohol and/or drug use, followed closely by criminal orientation.

Figure 29: AB 109 supervision population CAIS-assessed needs, FY 14/15 (n=309)

Sheriff's Office

The Sheriff's Office primary role in AB 109 implementation is to provide safe and secure housing for all incarcerated individuals, including AB 109 individuals. The Sheriff's Office operates the County's three detention facilities—Marsh Creek Detention Facility (MCDF), West County Detention Facility (WCDF), and Martinez Detention Facility (MDF).

Over the course of FY 14/15, there were 1266 AB 109-related bookings or commitments into the County's three detention facilities. Figure 30 - Figure 32 show the number of AB 109 bookings into each County detention facility during each quarter of the year, with a breakdown of AB 109 population types. As these figures demonstrate, Parolees make up the vast majority of AB 109 bookings across the County's detention facilities.

Figure 30: AB 109 bookings, by type – Martinez Detention Facility

Figure 31: AB 109 bookings, by type – West County Detention Facility

Figure 32: AB 109 bookings, by type – Marsh Creek Detention Facility

Despite the relative high total number of AB 109 bookings and commitments that occurred over the year, AB 109 individuals in custody still make up a very small percentage of the County’s average daily incarceration population. As demonstrated in Figure 33, over the course of the year, AB 109 individuals comprised 6.5% of the County’s average daily custodial population.

Figure 33. Average daily jail population, AB 109 vs. Non-AB 109

Figure 34 - Figure 36 show the average percentage of AB 109 individuals in each of the County’s detention facilities, as well as the number of AB 109 individuals in custody who are serving new 1170(h) sentences versus parole holds or commitment.

Figure 34: Average daily AB 109 population – Martinez Detention Facility

Figure 35: Average daily AB 109 population – West County Detention Facility

Figure 36: Average daily AB 109 population – Marsh Creek Detention Facility

While parolees make up a larger percentage of the AB 109 incarcerated population, on average 1170(h) individuals spend much longer time in custody than the parole population (who can be committed to County jail for up to six months for a parole violation). Notably, despite the fact that AB 109 allows for

much longer sentences in local custody than was previously possible, AB 109 individuals serve, on average, much less than a year in jail.

Figure 37: Average custodial time served by AB 109 clients, by population type²

² Quarterly averages are based on first day of custodial sentence. In FY 14/15 Q3 two of 22 individuals served/are serving sentences over 1,000 days, inflating that quarter's average. Additionally, several individuals on 3056 holds have other charges preventing parole or the courts from dropping their hold. This makes each quarter's average time served for 3056 holds/dropped appear larger than is typical.

Workforce Development Board

The role of the Workforce Development Board (WDB) in Contra Costa County is to strengthen local workforce development efforts by bringing together leaders from public, private, and non-profit sectors to align a variety of resources and organizations to help meet the needs of businesses and job seekers.

To date, the WDB's primary role in AB 109 implementation has been to broker opportunities for the AB 109 reentry population and to coordinate with AB 109 partners to ensure they are aware of and are able to effectively access services and resources available for the AB 109 reentry population. To that end the WDB has identified 133 employer partnerships that are appropriate for the AB 109 population; they have also conducted a number of on-site recruitments and career fairs that the AB 109 reentry clients, as well as other reentry individuals, can attend. Unfortunately the WDB does not currently track the number of AB 109 clients who have utilized their services.

Community Based Service Providers

Shared values/approach (EBPs, TIC approach, etc.)

Contra Costa County's reentry approach is centered on developing an integrated and supportive service network comprised of AB 109-contracted community-based organizations, government and public agencies and the broader community for the AB 109 reentry population to utilize. The network works together to help create a pathway for the successful reentry and reintegration of formerly incarcerated individuals back into the community. AB 109-contracted CBOs play a large role in the reentry infrastructure, providing a range of services from housing assistance and employment services to mentorship and family reunification. When working successfully, the County's reentry services are part of a continuum that begins at the point an individual enters the justice system and continues through successful reintegration.

In the County's 2011 Reentry Plan, County and community stakeholders agreed to the following set of principles:

- ❖ The County seeks to provide increased awareness about the value of formerly incarcerated individuals and their loved ones to their communities.
- ❖ Individuals are more likely to experience success when they are part of a supportive, integrated system. Reentry and reintegration begin while the individual is incarcerated.
- ❖ While leaving room for innovation, evidence-based practices are utilized when developing programs and policies.
- ❖ Collaboration, coordination, information, and communication are critical to the success and sustainability of Contra Costa County's reentry infrastructure.
- ❖ The good of the community comes before one's self and/or organizational interests

While these principles have not been explicitly tied to AB 109, they are nonetheless founding principles upon which much of the County's AB 109 work has been built.

Overview of AB 109 community partnerships

During FY 14/15, Contra Costa County launched the Network Reentry System of Services for Returning Citizens in East and Central County to help connect AB 109 clients to a diverse array of AB 109-contracted reentry support providers listed in Table 2 below, among other service providers. In addition the County made significant progress toward establishing the Reentry Success Center in West County, a "one-stop"

reentry center which opened in October 2015 and helps link reentry clients to both County and community-based services.

Table 2 describes the number of referrals each AB 109-contracted CBO received from Probation during FY 14/15, as well as the total number of enrollments and successful service completions. It is worth noting that Reach Fellowship, which provides in custody services, worked with both AB 109 and non-AB 109 incarcerated individuals. During FY 14/15, other the other CBOs were only contracted to provide services to AB 109 clients. This changed in FY 15/16, and AB 109-funded CBOs can now provide services to any reentry clients in need of those services.

Table 2: Community-based service referrals, enrollments, and completions

Below are brief descriptions of the services that each of the AB 109-contracted CBO service providers offer the County’s AB 109 population.

Bay Area Legal Aid

Bay Area Legal Aid (BayLegal) provides legal services for AB 109 clients and educates them about their rights and responsibilities. The legal services BayLegal provides include: obtaining or retaining housing, public benefits, and health care, financial and debt assistance, family law, and obtaining driver’s licenses. The program provides post-release legal check-ups for each client to identify legal barriers that are able to be remediated, educates clients about early termination of probation, and assists with fines, and attorneys are also able to meet individually with clients in both jail and prison prior to their release.

Center for Human Development

The Center for Human Development (CHD) operates the Community and Family Reunification Program (CFRP) for Contra Costa County’s AB 109 Community Programs’ Mentoring Program, providing reunification services to returning citizens, their families, and friends, in addition to providing community support throughout Contra Costa County. Services include large and small group pre-release presentations and workshops at West County Detention Facility and Marsh Creek Detention Facility. CHD also provides post-release large and small group presentations and workshops to returning citizens at partner agencies and other locations throughout the County.

Goodwill Industries

The Bridges to Work program of Goodwill Industries of the Greater East Bay (Goodwill) facilitates the County's Employment Support and Placement Services to provide employment support and placement services in Central County. Participants can engage in up to 90 days of transitional, paid employment at local Goodwill stores or other partner agencies, in addition to receiving job search assistance for competitive employment opportunities. Goodwill also serves as a service hub for other providers.

Men and Women of Purpose

Men and Women of Purpose (MWP) provides employment and education liaison services for the County jail facilities, for which the program facilitates employment and education workshops every month at the County's jails and works with Mentor/Navigators to assist the workshop participants with the documentation required to apply for employment, education, and other post-release activities. MWP also provides pre- and post-release mentoring services for West County using the organization's evidence-based program Jail to Community model. The program provides one-on-one mentoring, as well as weekly mentoring groups that focus on employment and recovery.

Reach Fellowship

Centering their program services on women, Reach Fellowship International (Reach) provides weekly workshops in West County Detention Facility (WCDF), in addition to pre- and post-release one-on-one case management. Reach provides employment and education liaison services to female returning citizens in fulfillment of the County's Reentry into the Community Program and also acts as a lead information specialist for County jail facilities for the AB 109 program. Finally, Reach also conducts workshops to introduce employment and educational opportunities to participants, to work with Mentor/Navigators to assist incarcerated and returning citizens with obtaining the paperwork required for those opportunities, and to screen participants for employment and educational preparedness.

Rubicon

Rubicon provides employment support and placement services, integrated with other supports, to AB 109 participants in East County and West County. Rubicon's program includes pre-release engagement, job readiness workshops, educational and vocational training, transitional employment, individualized career coaching, legal services, financial stability services, and domestic violence prevention and anger management. In order to provide a continuum of services, Rubicon partners with a number of other organizations through formal subcontracts, including vocational training partners, AB 109 providers, and other community-based organizations.

Shelter Inc.

Shelter, Inc. operates the County's AB 109 Short and Long-term Housing Access Program. This program assists incarcerated and formerly incarcerated persons who are referred to them under the AB 109

Contra Costa County

Public Safety Realignment Annual Report: FY 14/15

Community Programs to secure and maintain stabilized residential accommodations. Shelter, Inc. provides a two-phased approach to clients seeking housing assistance. Before the program refers clients to the Housing Services section, the staff conducts social service assessments/intake procedures to ensure that clients will have success. The program places the majority of their clients into transitional housing situations (such as room or apartment shares) to allow them time to develop the resources for stable housing.

AB 109 Population Outcomes

Over the course of FY 14/15 there were a total of 1,119 AB 109 clients under supervision at some point in time. Of these 1,194 AB 109 clients, 95 individuals successfully completed the terms of their Probation during the fiscal year. The following sections demonstrate the number of AB 109 clients who violated the terms of their supervision and served flash incarcerations and/or had their probation revoked, as well as the number of clients with new criminal charges filed against them and/or new criminal convictions during the fiscal year.

Violations

Probation officers use graduated sanctions with AB 109 clients. For instance when clients have dirty drug tests they are typically referred to inpatient or outpatient treatment rather than having their supervision term revoked, and returned to custody. This allows them to receive treatment without further justice involvement. AB 109 Probation Officers may also use flash incarcerations of up to ten days in county jail for PRCS clients. This serves as an intermediate sanction where individuals must serve a short period of time in county jail, but do not have further criminal charges filed against them. Figure 38 shows that the number of flash incarcerations imposed on PRCS clients ranged from 8 to 23 flash incarcerations per quarter.

Figure 38: PRCS flash incarcerations

Of the 1,194 Probation clients under supervision over the course of FY 14/15, approximately 31% of AB 109 clients (366) had their probation revoked. Among the PRCS population the percentage was lower, as 19% of the PRCS population had their probation revoked compared to approximately 44% of the 1170(h) population.

Figure 39. Percentage of 1170(h) clients revoked in FY 14/15

Figure 40: Percentage of PRCS clients revoked in FY 14/15

In addition to 366 AB 109 probation clients who had their probation revoked, a total of 175 AB 109 parolees were revoked during FY 14/15.

New Charges and Convictions

Figure 41 below shows the number of AB 109 individuals with new charges filed against them during FY 14/15, as well as the number of AB 109 individuals who were convicted of a new criminal offense during FY 14/15. Because the court does not have a record of individuals currently under AB 109 supervision, Figure 41 includes all individuals who have ever been supervised or sentenced under AB 109, including those not currently under County supervision, who had new charges filed and/or new criminal convictions during FY 14/15. The fact that there are a greater number of 1170(h) and Parolees who received new criminal convictions than new charges during FY 14/15 is a function of the time lag between having new charges filed and ultimately being sentenced for the charges. In other words, many of the individuals who were convicted of crimes in FY 14/15 were charged with those offenses in prior years, but the court process did not conclude until FY 14/15. Similarly, many of the individuals who were charged with new offenses in FY 14/15 have not yet completed the court process.

The percentage of the AB 109 population with new charges or criminal convictions during FY 14/15 is not calculated because the court does not have a record of all individual under AB 109 supervision. As a result, there is no way to calculate this percentage without tracking individuals across data systems.

Figure 41. AB 109 clients with new charges and/or new criminal convictions during FY 14/15, by AB 109 classification type

Looking Ahead

Contra Costa County has responded to Public Safety Realignment in a manner that has allowed the County to successfully house and supervise the AB 109 population, while providing a collaborative reentry infrastructure to support the AB 109 reentry population's successful reintegration back into the community.

During FY 15/16, Contra Costa County launched the West County Reentry Success Center, a one-stop center where the reentry population can connect with a diverse array of reentry support providers. In addition to launching the Reentry Success Center, the County looks forward to continuing the development of the Network Reentry System in FY 15/16 by further integrating Network Coordinators who help to connect the AB 109 reentry population, especially in East and Central County, with County Department services and AB 109-contracted CBOs who provide reentry supports. Contra Costa County looks forward to learning about how the development of the Network Reentry System and the West County Reentry Success Center contributes to the reentry infrastructure and helps support the AB 109 reentry population with successfully reintegrating into the community.

Contra Costa County will continue to assess their AB 109 operations during FY 15/16 by conducting a department performance review of all County Departments who receive AB 109 funding as well. Moreover, the County will begin planning efforts to effectively implement recommendations born from evaluations over previous years while considering whether it is appropriate to update its operational plan to account for systems changes and department roles that have evolved since the enactment of AB 109.

2016/165

*The Board of Supervisors of
Contra Costa County, California*

**In the matter of:
recognizing April as National Sexual Assault Awareness Month-2016.**

Resolution No. 2016/165

WHEREAS, in California there were 9,397 forcible rapes in 2014 and 236 forcible rapes reported in Contra Costa County in the same year; with an increasing number affecting adolescents; and

WHEREAS, sexual assault affects every person of Contra Costa County as a victim/survivor or as a family member, significant other, neighbor or co-worker of a victim/survivor; and

WHEREAS, many citizens of Contra Costa County are working to provide quality services and assistance to sexual assault survivors; and dedicated volunteers help staff 24-hour crisis hotlines, respond to emergency calls and offer support, comfort and advocacy during forensic exams, criminal proceedings, and throughout the healing process; and

WHEREAS, staff and volunteers of Community Violence Solutions and its Rape Crisis Center, Children's Interview Center, Prevention Dept., and Anti-Trafficking Project programs in Contra Costa County are promoting education by offering training to schools, churches, and civic organizations, as well as medical, mental health, law enforcement, education, and criminal justice personnel regarding sexual assault issues; and

WHEREAS, it is vitally important that continued educational efforts to provide information about prevention and services for sexual assault be supported and enhanced; and

WHEREAS, it is critical to intensify public awareness of sexual assault, to educate people about the need for citizen involvement in efforts to reduce sexual violence, to increase support for agencies providing sexual assault services, and to increase awareness of the healing power of creative expression; and

WHEREAS, Community Violence Solutions requests public support and assistance as it continues to work toward a society where all women, children, and men can live in peace, free from violence and exploitation. Now, Therefore, Be It Resolved that the Board of Supervisors of Contra Costa County, join anti-sexual violence advocates and support service programs in the belief that all community members must be part of the solution to end sexual violence. Along with the United States Government and State of California, we do hereby proclaim April as "Sexual Assault Awareness Month!"

David J. Twa,

By: _____, Deputy

Board of Supervisors of Contra Costa County, California

IN THE MATTER OF RECOGNIZING APRIL, 2016 AS
"NATIONAL SEXUAL ASSAULT AWARENESS MONTH" RESOLUTION NO. 2016/165

WHEREAS, in California there were 9,397 forcible rapes in 2014 and 236 forcible rapes reported in Contra Costa County in the same year; with an increasing number affecting adolescents; and

WHEREAS, sexual assault affects every person of Contra Costa County as a victim/survivor or as a family member, significant other, neighbor or co-worker of a victim/survivor; and

WHEREAS, many citizens of Contra Costa County are working to provide quality services and assistance to sexual assault survivors; and dedicated volunteers help staff the 24-hour crisis hotlines, respond to emergency calls and offer support, comfort and advocacy during forensic exams, criminal proceedings, and throughout the healing process; and

WHEREAS, staff and volunteers of Community Violence Solutions and its Rape Crisis Center, Children's Interview Center, Prevention Dept., and Anti-Trafficking Project programs in Contra Costa County are promoting education by offering training to schools, churches, and civic organizations, as well as medical, mental health, law enforcement, education, and criminal justice personnel regarding sexual assault issues; and

WHEREAS, it is vitally important that continued educational efforts to provide information about prevention and services for sexual assault be supported and enhanced; and

WHEREAS, it is critical to intensify public awareness of sexual assault, to educate people about the need for citizen involvement in efforts to reduce sexual violence, to increase support for agencies providing sexual assault services, and to increase awareness of the healing power of creative expression; and

WHEREAS, Community Violence Solutions requests public support and assistance as it continues to work toward a society where all women, children, and men can live in peace, free from violence and exploitation.

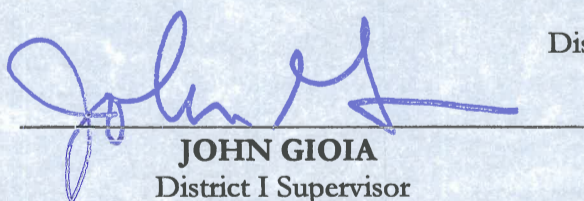

NOW, THEREFORE, BE IT RESOLVED that the Board of Supervisors of Contra Costa County does hereby join anti-sexual violence advocates and support service programs in the belief that all community members must be part of the solution to end sexual violence and does hereby proclaim, along with the United States Government and State of California, that April is

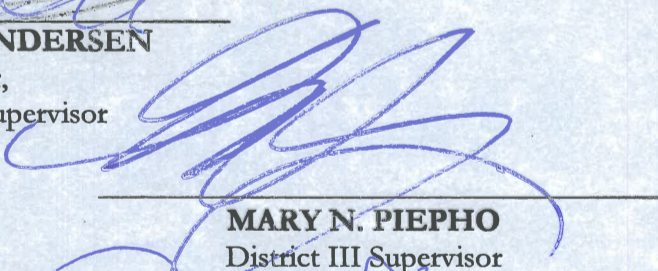

Sexual Assault Awareness Month.

*The Board of Supervisors of
Contra Costa County, California*

In the matter of:

Resolution No. 2016/330

The 59th Anniversary of the East County Branch of the National Association for the Advancement of Colored People

Whereas, the mission of the National Association for the Advancement of Colored People is to ensure the political, educational, social and economic equality of rights of all persons; and

Whereas, one of the goals of the East County Branch of the NAACP is to eliminate race-based discrimination in all walks of life; and

Whereas, the East County Chapter of the NAACP was established in 1959 in the City of Pittsburg; and

Whereas, the chapter has expanded to include the cities of Antioch, Oakley, Brentwood and the unincorporated areas of eastern Contra Costa County; and

Whereas, the organization continues to work for the civil rights, justice and a better quality of life for all Contra Costa residents, but especially the African-American residents of Contra Costa County; and

Whereas, the East County NAACP raises funds for scholarships for young people to attend college; and

Whereas, the NAACP chapter advocates for the equal and fair treatment of students of color; and

Whereas, the organization continues to work so that all people in all fields of work, faith, the judicial system, housing and education can enjoy their civil and human rights in their pursuit of happiness as guaranteed in the Constitution of the United States; and

Whereas, the East County chapter of the NAACP is celebrating its 59th Membership Banquet on April 23, 2016 at the Lone Tree Golf and Event Center in Antioch, California.

Now, Therefore, Be It Resolved that all residents of Contra Costa County and especially those who live in eastern Contra Costa make April 23, 2016 a day to celebrate the accomplishments and contributions of the East County chapter of the NAACP and remember that the organization's work is continues and is needed to this very day.

BACKGROUND:

Established on November 18, 1969, by Board Resolution 69/765, the purpose of the County Service Area P-2B Citizens Advisory Committee is to advise the Board of Supervisors and the Sheriff's Department on the needs of the Alamo community for extended police services which shall include, but not be limited to, enforcement of the State Vehicle Code, crime prevention, and litter control.

On March 19, 2013, the Board of Supervisors approved a Board Order that retitled the County Service Area P-2B Citizens Advisory Committee to the "Alamo Police Services Advisory Committee".

Alamo Police Services Advisory Committee is comprised of nine regular members and two alternates who each serve a two year term.

CONSEQUENCE OF NEGATIVE ACTION:

The seats will become vacant, a quorum will not be reached, and therefore meetings would not be held.

FISCAL IMPACT:

None.

BACKGROUND:

The Local Planning and Advisory Council for Early Care and Education was established on March 24, 1998 by the Board of Supervisors to support the five County community outcomes: Children Ready for and Succeeding in School; Children and Youth Health and Preparing for Productive Adulthood; Families That are Economically Self-Sufficient; Families That are Safe, Stable and Nurturing; and Communities That are Safe and Provide High Quality of Life for Children and Families. The Council consists of 20 members and terms of office are for three years. Both Ms. Estela Alvarez and Ms. Kathy Lafferty have resigned due to them no longer working for a child care provider in the seat designated area.

CONSEQUENCE OF NEGATIVE ACTION:

The vacancies will not be posted and the LPC will not be able to fill these vacancies.

From: Mark Peterson, District Attorney
Date: April 19, 2016

Subject: P300 No. 21852 - Clerical Positions in the District Attorney's Office

RECOMMENDATION(S):

ADOPT Position Adjustment Resolution No. 21852 adding five (5) Clerk-Experienced Level (JWXB) (represented) positions at salary plan and grade 3RH 0750 (\$2,794 - \$3,466) and one (1) Clerk-Specialist Level (JWXD) (represented) at salary plan and grade 3RX 1156 (\$3,487 - \$4,453) in the District Attorney's Office.

FISCAL IMPACT:

\$403,059 annually. 83% General Fund, 17% AB 109 Public Safety Realignment (beginning in FY 2016/17).

BACKGROUND:

The District Attorney's fiscal year 2016/17 Recommended Budget includes six new clerical positions. One Clerk-Specialist Level will manage travel for the department, one Clerk-Experienced Level will support the Office's AB 109 programs and four Clerk-Experienced Level positions will be added to provide support for the recently deployed case management system. The case management system requires significant, front-end support to make case files electronic and upload to the new system.

To facilitate recruiting in time for the new fiscal year, the District Attorney is requesting that these positions be created at this time.

CONSEQUENCE OF NEGATIVE ACTION:

The positions will not be created in the District Attorney's office.

To: Board of Supervisors
From: Kathy Gallagher, Employment & Human Services Director
Date: April 19, 2016

Subject: Add 1 Social Work Supervisor I, 5 Social Workers, 3 Account Clerk Experienced Level in Adult and Aging Bureau

RECOMMENDATION(S):

ADOPT Position Adjustment Resolution No. 21846 to add one (1) Social Work Supervisor I (X0HB) (represented) position at Salary Plan and Grade 215 1582 (\$5,330-\$6,479), five (5) Social Worker (X0VC) (represented) positions at Salary Plan and Grade 255 1434 (\$4,604-\$5,596) and three (3) Account Clerk Experienced Level (JDVC) (represented) positions at Salary Plan and Grade 3RH 0755 (\$3,070-\$3,805) in the Adult and Aging Bureau, In Home Support Services Division of the Employment and Human Services Department.

FISCAL IMPACT:

Upon approval, the cost of this action will be \$203,725 for fiscal year 2015/16. The annual pension costs is \$285,459. These positions will be funded by 55% Federal, 45% State revenue. The County has met its maintenance of effort obligation and will not require county funds in FY 2015/16. The revenue to support these positions will continue in FY 2016/17.

BACKGROUND:

Effective January 1, 2016 the California Department of Social Services implemented Senate Bill 855 and 873 introducing new regulations under the Federal Labor Standards Act (FLSA) for In-Home Supportive Services Providers. There are over 8,604 In Home Support Services (IHSS) clients who qualify for in-home care services and who receive care from Providers paid through IHSS and the Public Authority. The mandate requires the In-Home Supportive Services (IHSS) Division monitor overtime and travel time for IHSS providers, scheduling of multiple providers for a single client, develop appeals processes to manage violations, and provide emergency back-up for providers.

BACKGROUND: (CONT'D)

The department's review of current IHSS staffing indicated that the increased workload cannot be absorbed by existing staff, and would require an additional unit of workers to provide case management in compliance with the new regulations.

The Social Work Supervisor I will handle the IHSS providers' appeals regarding overtime pay or sanctions, and will supervise a unit of IHSS Social Workers. The newly hired Social Workers will be assigned the full range of IHSS duties in order to provide caseload relief and allow all Social Workers to manage the FLSA changes on their caseloads, as well as approve overtime requests, travel time and wait time based on the clients' authorized services. The Account Clerk Experienced Levels are needed to process payroll time sheets for the providers, sort and open mail, collect mailers, and input data into CMIPS II.

CONSEQUENCE OF NEGATIVE ACTION:

Without the additional staff, the IHSS Division will lack sufficient staff to implement and manage the FLSA regulatory changes governing IHSS Providers, and placing the IHSS Division in jeopardy of not being in compliance with CDSS - SB855 and SB873. In addition, delays in processing forms would delay the payment to providers for services rendered, thus placing the recipients' care in jeopardy.

Subject: P300 No. 21839 to Decrease Position Hours of one BOS Assistant Specialist

RECOMMENDATION(S):

ADOPT Position Adjustment No. 21839 to decrease the hours of one (1) Board of Supervisors Assistant-Specialist (J994) (unrepresented) position, #2480, from full-time to part-time (20/40) effective May 1, 2016, in the District I Board of Supervisors Office.

FISCAL IMPACT:

Upon approval, this action would further offset approximately \$6,300 of the \$13,000 estimated cost increase of Position Adjustment No. 21627, which was approved by the Board of Supervisors on March 10, 2015, and originally increased the position's hours to 40/40.

BACKGROUND:

On March 10, 2015, the Board of Supervisors approved Position Adjustment No. 2167, increasing the position hours of position no. 2480 from 20/40 to 40/40 to minimize the operational and staffing impacts of two chief of staff resignations.

On June 1, 2015, the District I Office permanently filled the chief of staff position and since then the office has transitioned responsibilities to the incumbent. The District I Office is requesting that the hours of position no. 2480 returns to 20/40 as originally budgeted and aligned with other district office FTEs.

To: Board of Supervisors
From: David O. Livingston, Sheriff-Coroner
Date: April 19, 2016

Subject: 2016 State of California Department of Alcoholic Beverage Control Grant

RECOMMENDATION(S):

ADOPT Resolution No. 2016/340 approving and authorizing the Sheriff-Coroner, or designee, to apply for and accept a grant from the California Department of Alcoholic Beverage Control, in an initial amount of \$101,571 to fund proactive enforcement targeting the unauthorized sale of alcoholic beverage by businesses within the County for the period July 1, 2016 through June 30, 2017.

FISCAL IMPACT:

Initial revenue of \$101,571 to support continued monitoring and licensing of Alcoholic Beverage Control(ABC) businesses, and to support training and other personnel costs associated with ABC licensed businesses. No matching County funds.

BACKGROUND:

This grant will provide the Office of the Sheriff additional staffing and resources to institute proactive enforcement and training of ABC licensed businesses in areas where the crime rate is higher than the county average. Enforcement operations will utilize a variety of methods to address sales to minors, unlicensed sales, sales to intoxicated persons, purchase of alcohol with food stamps, illegal gaming, and narcotics in licensed establishments. Expectations include a decline in alcohol related crimes and arrests, with an overall reduction in the number of police calls for service County-wide.

The Board previously approved this grant submittal on April 12, 2016. However, the granting agency requires a certified resolution in order to award the grant.

Resolution No. 2016/340

IN THE MATTER OF SUBMITTING AN APPLICATION FOR A GRANT FROM THE CALIFORNIA DEPARTMENT OF ALCOHOLIC BEVERAGE CONTROL

WHEREAS, THE Contra Costa County Office of the Sheriff desires to undertake a certain project designated as Alcoholic Beverage Control Grant Assistance Program 2016-2017 to be funded in part from funds made available through the Grant Assistance Program (GAP) administered by the Department of Alcoholic Beverage Control (hereafter referred to as ABC);

NOW THEREFORE, BE IT RESOLVED that the Sheriff-Coroner, Undersheriff, or the Sheriff's Chief of Management Services of the County of Contra Costa is authorized to execute on behalf of the Contra Costa County Board of Supervisors the attached contract, including any extensions or amendments thereof and any subsequent contract with the State in relation thereto.

IT IS AGREED that any liability arising out of the performance of this contract, including civil court actions for damages, shall be the responsibility of the grant recipient and the authorizing agency. The State of California and the ABC disclaim responsibility for any such liability.

BE IT FURTHER RESOLVED that grant funds received hereunder shall not be used to supplant expenditures controlled by this body.

IT IS ALSO AGREED that this award is not subject to local hiring freezes.

I hereby certify that this is a true and correct copy of an action taken and entered on the minutes of the Board of Supervisors on the date shown.

Subject: Consent to an Assignment and Assumption of Community Development Block Grant Rental Rehabilitation Loan for 1914 Miner Avenue, San Pablo

RECOMMENDATION(S):

APPROVE and AUTHORIZE the Conservation and Development Director, or designee, to consent to the assignment and assumption of a \$25,000 Community Development Block Grant rental rehabilitation loan from Kichana Ayore to Neema T. Riaunda and Ayore R. Riaunda.

FISCAL IMPACT:

There is no impact to the General Fund. The rental rehabilitation loans were funded with Community Development Block Grant (CDBG) funds. CDBG funds are provided to the County on a formula allocation basis through the U.S. Department of Housing and Urban Development.

BACKGROUND:

On June 20, 2011, the Housing Authority of Contra Costa County loaned \$25,000 in Community Development Block Grant (CDBG) funding to Kichana Ayore to rehabilitate his rental property located at 1914 Miner Avenue, San Pablo. Mr. Ayore entered into a Promissory Note secured by a Deed of Trust, and a Loan and Regulatory Agreement. In exchange for the loan, Mr. Ayore agreed to rent the property to a low income household for twenty years. On February 9, 2015, the Housing Authority assigned the Deed of Trust, and the Loan and Regulatory Agreement to the County. On July 10, 2015, Mr. Ayore and co-owner Neema T. Riuanda recorded a Grant Deed to transfer the property to Neema T. Riaunda and Ayore R. Riaunda. The new owners have requested that the County consent to an assignment of the loan and regulatory agreement to the new owners.

BACKGROUND: (CONT'D)

The Riaundas have provided documentation demonstrating the terms of the Regulatory Agreement continue to be met and the property is being rented to a low income family at an affordable rent. In order to maintain this property as affordable housing, it is appropriate to assign the loan from the original property owner, Mr. Ayore, to the new owners, Mr. and Mrs. Riaunda.

The County is providing a consideration to the new owners by not immediately demanding payment of the loan. This consideration benefits the County by maintaining the rental unit as affordable housing.

CONSEQUENCE OF NEGATIVE ACTION:

If the County does not assign the loan from Mr. Ayore to Mr. and Mrs. Riaunda, then the loan would be due and payable. The property may have to be refinanced, or sold to pay the loan and an affordable housing unit may be lost to the County rental stock.

Subject: Contract for Sample Ballot Printing and Mailing

RECOMMENDATION(S):

APPROVE and AUTHORIZE the County Clerk-Recorder, or designee, to execute a contract with Consolidated Printers, Inc., in an amount not to exceed \$2,000,000 to provide printed sample ballots, mailing services, and other election materials for the period January 1, 2016 through December 31, 2018.

FISCAL IMPACT:

The payment limit of \$2,000,000 is funded within the Election Division budget. A portion of the cost is reimbursable by those agencies for whom the County conducts elections.

BACKGROUND:

California Administrative Code, Title 2, Division 7, Section 20220 provides that printers must be certified by the Secretary of State's Office in order to print official ballots for a particular voting system. Consolidated Printers, Inc., is a certified printer for our election ballot tabulation system. While such certification is not required for the printing and mailing of sample ballots, the certification signifies a knowledge and understanding of the importance of timeliness and accuracy to elections. Consolidated Printers has successfully provided these services since 2013, when they were selected through a competitive bid process.

BACKGROUND: (CONT'D)

The county receives the money via the Employment & Human Services Department (EHSD). EHSD, in turn, partners with the county Department of Conservation and Development to provide energy saving home improvements to low-income families throughout unincorporated Contra Costa County, as well as the County's nineteen cities.

The energy savings measures may provide homes with hot water heaters, furnaces, refrigerators, microwaves, doors, windows, fluorescent light bulbs, weather stripping, ceiling fans, and attic insulation. Homes receive a blower door test (a diagnostic tool to locate and correct air infiltration), and homes with gas appliances receive a combustion appliance safety test that checks for carbon monoxide gas leakage. Homes with gas appliances are provided with a carbon monoxide alarm.

The program uses income based eligibility. The income levels are based on the Federal Fiscal Year 2014 Poverty Guidelines. Once eligibility is determined, clients with no hot water, no heat, or are in danger of having their power shut off are served as emergencies. Service is then based on clients with the lowest income, highest energy burden and families with at least one resident who is considered vulnerable population.

The Board approved receipt of funding on February 3, 2015 (C.28). The Board approved receipt of additional funding on July 7, 2015 (C.73). This board order is to change the term end date from May 31, 2016 to June 30, 2016 with no change to the payment limit.

CONSEQUENCE OF NEGATIVE ACTION:

If not approved, County may not receive funding to operate the weatherization program.

CHILDREN'S IMPACT STATEMENT:

The Employment & Human Services Department, Community Services Bureau energy program supports one Contra Costa County community outcome - Outcome #4: "Families that are Safe, Stable and Nurturing." This outcome is supported by the provision of home energy assistance to keep households warm in winter and to increase household energy efficiency.

FISCAL IMPACT:

The amount requested will be entirely funded through Hospital Enterprise I Fund monies.

BACKGROUND:

Oxford Immunotec, Inc., has been providing outside laboratory testing services including tuberculosis testing for the Contra Costa Regional Medical Center and Contra Costa Health Centers (CCRMC) for several years. In November 2014, the County Administrator approved and the Purchasing Services Manager executed Contract #26-670-4 for the period June 1, 2014 through May 31, 2015. The contract negotiations were not settled until February 2016. The services rendered were provided by the Contractor while contract negotiations continued. The Contractor is entitled to payment for the reasonable value of its services under the equitable relief theory of quantum meruit. The theory determines the amount to be paid for services when no contract exists or when there is doubt as to the amount due for the work performed but done under circumstances when payment can be expected, the provider does so to the benefit of the recipient. The Contractor therefore is entitled to recover the reasonable value of those services. The Division requested and the Contractor provided services during the continued extenuating term of contract renewal negotiations, and is requesting payment in the amount of \$2,175 for outside laboratory testing services for the period June 1, 2015 through February 29, 2016.

Subject: Saranap Village Environmental Impact Report Contract Amendment

RECOMMENDATION(S):

APPROVE and AUTHORIZE the Conservation and Development Director, or designee, to execute a contract amendment with Environmental Science Associates (ESA), to extend the term from April 22, 2016 through April 22, 2017, to provide continued service to complete the environmental impact report (EIR) for the Saranap Village Mixed-Use Project, with no change in payment limit of \$356,632.

FISCAL IMPACT:

No impact to the General Fund. All costs associated with preparing the EIR are borne by the project applicant, Hall Equities Group.

BACKGROUND:

On April 23, 2014, the Department of Conservation and Development (DCD) contracted with ESA to prepare an EIR for the Saranap Village Mixed-Use Project. The draft EIR was released for public review and comment on November 17, 2014. Over 200 letters and emails were received, many criticizing the project's size. The project applicant revised the design in response to these comments, which in this case necessitates recirculation of portions of the draft EIR. As the original EIR contract did not contemplate recirculation, an amendment was approved on April 21, 2015, to cover the additional costs and extend the contract's term.

Staff and ESA continue to work on the recirculated EIR and anticipate releasing the document in April 2016. As work remains on the recirculated and final EIR, the term of the contract must again be extended.

Subject: Contract Amendment/Extension Agreement with Buck Consultants

RECOMMENDATION(S):

APPROVE and AUTHORIZE the County Administrator, or designee, to execute a contract amendment with Buck Consultants, including indemnification language, to extend the contract term from March 31, 2016 to March 31, 2017 and increase the payment limit by \$136,500 to a new payment limit of \$853,500 to continue providing support and consultation for employee health and benefits issues.

FISCAL IMPACT:

The cost for this contract is 100% funded through the Benefit Administration Fee.

BACKGROUND:

Over the past several years, the County has utilized the services of Buck Consultants in the development, implementation and review of specific benefit programs, negotiations with carriers for rate renewals, assistance with labor negotiations and consultation services on the interpretation of new State and Federal laws as they pertain to employee benefits. Extending the current contract with Buck Consultants will allow the Employee Benefits Division the opportunity to focus on the completion of the PeopleSoft upgrade which includes the implementation of a new Benefits Administration module. It will also provide time to develop a thorough and complete request for proposal to solicit bids for a potential new welfare brokerage firm. To provide for a continuation of these services, County staff recommends that the contract be extended through March 31, 2017.

FISCAL IMPACT:

The total cost is \$279,501.72. The cost is billed in quarterly installments and budgeted annually under the following departments: Conservation and Development 26%, DoIT, 3%, County Administrator 46%, and Public Works 25%.

BACKGROUND:

On November 17, 2015, the Board authorized the Chief Information Officer to enter into an Oracle Master Agreement (US-OMA-QT5714570) with Oracle America, Inc. The Master Agreement authorizes the County to place orders with Oracle for five years following the date of the Master Agreement. The orders being placed under this board order are for the three support service numbers that renew technical support services for software for 1-year terms. The support items include license and support renewal cost for various Oracle servers through several participating County departments.

Subject: RECONSTITUTION OF THE AGRICULTURAL ADVISORY TASK FORCE

RECOMMENDATION(S):

RECONSTITUTE the Agricultural Advisory Task Force and APPROVE updated mission, seat configuration, and attached bylaws.

FISCAL IMPACT:

None.

BACKGROUND:

The recommendation culminates from a thorough review performed by the County's new Agricultural Commissioner as part of the County Administrator's triennial Board advisory body review process.

The Board of Supervisors, which has a long-standing commitment to supporting and promoting agriculture, seeks to assist farmers and ranchers by addressing emerging agricultural issues. For this reason, the Agricultural Commissioner and the IOC recommend the re-establishment of the Contra Costa County Agricultural Advisory Task Force to provide a forum for people and organizations that have an interest in agriculture.

Contra Costa County has undergone a transition from predominantly rural to become more suburban over the past 50 years. The Contra Costa County Board of Supervisors created an Agricultural Core zone to preserve the best growing soils located in the Eastern portion of the County. In addition, when the voters passed transportation expenditure plans (Measure C and Measure J), they included growth limits including a requirement that 65% of the land in Contra

Costa County be preserved as open space and later added an Urban Limit Line policy to further direct growth into the urban centers. Growth has effectively been limited to no more than 35% of the County.

Due to the flexibility and innovation of local farmers and ranchers, the Contra Costa agricultural industry continues to play an important and vital role in the local economy. The success of Contra Costa's agricultural industry requires producers to adapt to constantly changing environmental, economic, political and social conditions, creating unanticipated needs and opportunities within the agricultural community.

The new Task Force's mission, seat configuration, and **attached bylaws** are designed to revitalize and modernize the body's efforts. A proposal to re-establish the Task Force was reviewed and approved by the Internal Operations Committee on March 28, 2016.

MISSION:

The mission of the Task Force is to advise and provide recommendations to the Board of Supervisors on matters that relate to preserving and promoting agriculture in Contra Costa County. In doing so, the Task Force will also provide a forum to support the exchange of information and ideas, advocate for projects, resolve disagreements, foster consensus and build relationships within the agricultural and ranching community.

POWERS AND DUTIES:

The Task Force shall:

1. Provide leadership and direction in formulating policy recommendations relevant to preserving and promoting agriculture, and advise the Planning Commission and the Board of Supervisors on applicable planning, zoning, and other land-use issues.
2. Make recommendations to enhance the economic viability of agriculture and to minimize undesirable environmental impacts.
3. Provide active participation and leadership to develop a plan to further preserve, enhance and promote agriculture in Contra Costa County.
4. Participate periodically in the review of Contra Costa County's guidelines for the Williamson Act.
5. Report to the Board of Supervisors on effects of proposed local, State and federal legislation affecting agricultural resources
6. Advise and work with city, county, district governments, special interest groups, and individuals concerning conflicts between agriculture, urban development and environmental quality.
7. Advise and work with city, county, state, federal, special interest groups, individuals, and other entities and district governments concerning Agricultural preservation funding opportunities.
8. Advise County departments on the impact of programs affecting preserving and promoting agriculture in Contra Costa County.
9. Determine the committee's work schedule, procedures, and work products.

MEMBERSHIP:

The Agricultural Advisory Task Force will be composed of 12 members appointed by the Board of Supervisors: 8 voting members and 4 ex-officio non-voting members.

In order to ensure that the Task Force represents each region of the County, one seat representing each of the five county districts shall be filled by a member nominated by each Supervisor. Those appointed shall be technical representatives of their profession or field, and advocates for preserving and promoting agriculture in Contra Costa County. They shall demonstrate expertise by their active involvement in agriculture, professional association and/or academic achievement. They shall be able and committed to meet regularly and should be able to communicate effectively with interested members of the public.

In addition, a seat shall be provided each to a representative of the Contra Costa County Farm Bureau that is nominated by the Bureau, and representatives of Harvest Time and the Cattlemen's Association that is nominated by their membership. These organizations shall submit the names of their selected representative to the Board for approval. Although it is expected that appointments for these positions will represent the variety of agricultural interests within the county, if the need arises for additional appointments, other experts may be recommended by the Agricultural Advisory Task Force at any time to the Board of Supervisors to become voting members.

Ex officio members will be non-voting and shall be the following persons:

1. Contra Costa-County Agricultural Commissioner (or designee)
2. Contra Costa County Director of Conservation and Development (or designee)
3. A representative of the University of California Cooperative Extension nominated by the Cooperative Extension office
4. A representative of the Resource Conservation District nominated by the District

TERMS OF OFFICE:

Appointed members of the Agricultural Task Force shall serve at the pleasure of the Board of Supervisors and shall have terms of three years. No regular member shall serve more than two terms in succession. A regular member shall remain on the committee following expiration of the term being served until he or she is re-appointed to a successive term or until a successor is appointed. The Board of Supervisors shall fill any vacancy on the committee, and may utilize the committee to screen the applicants' qualifications. The person appointed to fill a vacancy shall serve for the unexpired term of the person he or she succeeds.

Ex officio members and the two seats nominated by industry groups will serve at will in two year terms as long as they represent the entity that selected them to serve as ex officio members of the committee and are willing and able to act as members.

BY-LAWS

APRIL 19, 2016

**BY-LAWS OF THE
CONTRA COSTA COUNTY
AGRICULTURAL ADVISORY TASK FORCE**

I. AUTHORITY

The Agricultural Advisory Task Force (the “Task Force”) is organized and exists as an advisory body to the Board of Supervisors of Contra Costa County (the “Board”) and the County Agricultural Commissioner pursuant to an Order of the Board dated April 26, 2016.

II. PURPOSE

The mission of the Task Force is to advise and provide recommendations to the Board of Supervisors on matters that relate to preserving and promoting agriculture in Contra Costa County. In doing so, the Task Force will also provide a forum to support the exchange of information and ideas, advocate for projects, resolve disagreements, foster consensus and build relationships within the agricultural and ranching community.

III. DUTIES

The Task Force shall perform the following advisory functions:

1. Provide leadership and direction in formulating policies relevant to preserving and promoting agriculture, and advise the Planning Commission and the Board of Supervisors on applicable planning, zoning, and other land-use issues.
2. Make recommendations to enhance the economic viability of agriculture and to minimize undesirable environmental impacts.
3. Provide active participation and leadership to develop a plan to further preserve, enhance and promote agriculture in Contra Costa County.
4. Participate periodically in the review of Contra Costa County's guidelines for the Williamson Act.

5. Report to the Board of Supervisors on effects of proposed local, state and federal legislation affecting agricultural resources
6. Advise and work with city, county, district governments, special interest groups, and individuals concerning conflicts between agriculture, urban development and environmental quality.
7. Advise and work with city, county, state, federal, special interest groups, individuals, and other entities and district governments concerning agricultural preservation funding opportunities.
8. Advise County departments on the impact of programs affecting preserving and promoting agriculture in Contra Costa County.
9. Determine the Task Force's work schedule, procedures, and work products.

IV. MEMBERSHIP

1. All members shall be appointed by the Board of Supervisors, except as otherwise provided herein.
2. Voting seats
 - a. The Task Force will be comprised of eight voting seats, and each voting seat will be filled by one member.
 - b. In order to ensure that the Task Force represents each region of the County, one seat representing each of the five County districts shall be filled by one member nominated by each District Supervisor.
 - i. Those appointed shall be technical representatives of their profession or field, and advocates for preserving and promoting agriculture in Contra Costa County.
 - ii. They shall demonstrate expertise by their active involvement in agriculture, professional association and/or academic achievement.
 - iii. They shall be able and committed to meet regularly and should be able to communicate effectively with interested members

of the public.

- c. In addition, a seat shall be provided each to the following:
 - i. A representative of the Contra Costa County Farm Bureau that is nominated by the Bureau.
 - ii. A representative of Harvest Time that is nominated by its membership.
 - iii. A representative of Cattlemen's Association that is nominated by its membership.

These organizations shall submit the names of their selected representative to the Board for approval.

- d. It is expected that appointments for the above membership positions will represent the variety of agricultural interests within the County. If the need arises for additional appointments, other experts may be recommended by the Task Force at any time to the Board of Supervisors to become voting members.

3. Ex officio members will be non-voting and shall be the following persons:
 - a. Contra Costa County Agricultural Commissioner (or designee)
 - b. Contra Costa County Director of Conservation and Development (or designee)
 - c. A representative of the University of California Cooperative Extension, nominated by the Cooperative Extension Office and approved by the Board of Supervisors
 - d. A representative of the Contra Costa Resource Conservation District, nominated by the District and approved by the Board of Supervisors

V. TERMS OF OFFICE

1. All appointed members of the Task Force serve at the pleasure of the Board of Supervisors and shall have terms of three years.
2. No voting member shall serve more than two terms in succession.

3. A voting member shall remain on the Task Force following expiration of the term being served until he or she is re-appointed to a successive term or until a successor is appointed.
4. The Board of Supervisors shall fill any vacancy on the Task Force and may utilize the Task Force to screen an applicant's qualifications. The person appointed to fill a vacancy shall serve for the remainder of the term of the person he or she succeeds.
5. Ex officio members and the three seats nominated by industry groups will serve at will for two year terms as long as they represent the entity that selected them to serve as ex officio members of the Task Force and are willing and able to act as members.
6. Resignation: any member who desires to resign his or her position with the Task Force must do so in writing and file it with the Chairperson and Secretary of the Task Force.

VI. OFFICERS

The Task Force shall select the following officers from its membership:

1. A Chairperson selected from the voting members who shall be responsible for the conduct of all meetings and the calling of special meetings, and who shall be the official representative of the Task Force except when a representative is otherwise designated.
2. A Vice-Chairperson selected from the voting members who shall serve in the absence of the chairperson, and who shall succeed to the office of chairperson if that office falls vacant before the term is expired.
3. A Secretary selected from the ex officio members who shall be appointed by the chairperson subject to confirmation by the Task Force. The secretary shall maintain all records and conduct correspondence of the Task Force, prepare agendas and give notice of meetings and shall certify all official documents and resolutions of the Task Force.

4. Selection of officers shall be held at the first regular scheduled meeting of the Task Force and annually thereafter.

VII. OPEN MEETINGS

Meetings of the Task Force shall be held as follows:

1. Regular meetings shall be held two times per year at a minimum, pursuant to a schedule of dates, times and places determined at the first meeting of the Task Force.
2. Additional meetings may be called by the Board of Supervisors, the chairperson or by a quorum of voting members. Meetings shall only be scheduled with ninety-six (96) hours written notice of the time and place and business to be conducted.
3. All meetings shall be conducted in compliance with the Ralph M. Brown Act (Government Code § 54950 et seq.) and the County's Better Government Ordinance.
4. A copy of the agenda and minutes of each meeting shall be mailed to each member, the Board of Supervisors, and any additional persons as authorized by the Task Force. Other persons requesting the minutes of a meeting must do so in writing to the Secretary and pay the prevailing copying and mailing rates.

VIII. QUORUM AND VOTING

1. A quorum for all meetings shall be one more than half of the voting seats of the Task Force, or 5 members. (A vacant voting seat shall still count towards quorum.) A quorum must be present for the Task Force to take any action.
2. A majority vote of those voting members present is necessary for any matter to pass.
3. Proxy voting is not permitted.

4. In the event of a tie vote, the Chairperson may designate one of the ex-officio members to cast the tie-breaking vote. The ex-officio member designated by the Chairperson shall be the member with the most knowledge of the issue at hand.

IX. ATTENDANCE REQUIREMENTS

1. Regular attendance at meetings of the Task Force is required. An unexcused absence from three regularly scheduled consecutive meetings will be considered grounds for the Task Force to recommend to the Board that the absentee member's appointment be rescinded by the Board.
2. Excused absences will be granted for the following reasons: illness of self, member of immediate family, or close friend; death of member of immediate family or close friend; requirements of the member's job or elected/appointed position; vacation. A member must contact the Secretary prior to the meeting to be excused from a meeting.
3. The Chairperson will notify any member at risk of having his or her appointment rescinded before recommending rescission to the Board.
4. Rescission of an appointment to the Task Force may only be effected by an action of the Board.

X. CONDUCT OF BUSINESS

1. No business shall be transacted at any meeting of the Task Force other than on those matters named in the publicly posted agenda.
2. All meetings of the Task Force shall be called to order by the Chairperson, or in the Chairperson's absence, by the Vice-Chairperson, or in the Vice-Chairperson's absence, by a Task Force member designated for that purpose by the Chairperson or Vice-Chairperson.
3. Public comment at all meetings shall be as provided for under applicable law.

XI. SUBCOMMITTEES

1. Subcommittees of Task Force members may be established as necessary by the Chairperson. Subcommittees may either be standing or ad hoc.
2. All subcommittees shall make progress reports to the Task Force at each of the Task Force's regular meetings.
3. All subcommittee meetings shall be conducted under the same policies governing meetings of the Task Force.

XII. STAFFING

The Department of Agriculture will provide primary staffing to accomplish the work of the Task Force. The Task Force may make recommendations to staff and the Board of Supervisors to hire consultants as required.

Staff Contact: Chad Godoy, Contra Costa County Agriculture Department
Phone number: (925) 646-5240 or
E-mail: chad.godoy@ag.cccounty.us

XIII. AMENDMENTS TO THE BY-LAWS

1. These By-Laws may be amended by two-thirds vote of the Task Force on advance written notice. All amendments that alter the provisions of the April 26, 2016 Board Order that established the Task Force must be approved by the Board.
2. Notice of proposed By-Law amendments shall be presented in writing at a regular meeting of the Task Force for discussion. The Task Force shall vote on the proposed amendments at the next regular meeting of the Task Force. The agenda for the meeting at which the proposed amendments are to be voted upon shall contain an item entitled "Proposed By-Law Amendment."

XIV. PUBLIC ACCESS TO TASK FORCE RECORDS

The Task Force shall make available to the general public all records as required by law.

FISCAL IMPACT:

No impact to the General Fund. The Animal Benefit Fund is the repository for community donations that help to fund unmet needs of animals impounded at County shelters. The Animal Services Department anticipates that approximately \$150,000 will be received annually in donations. This estimate is based on the amount of donations received by the animal shelter over the last 3 years.

BACKGROUND:

On April 21, 2015, the Board of Supervisors received several comments regarding the Animal Benefit Fund from members of the public during fiscal year 2015/16 budget hearings. As part of budget deliberations, the Board directed staff to include a review of the Animal Benefit Fund to a Board Standing Committee for further review.

On May 12, 2015, the Board of Supervisors adopted the fiscal year 2015/16 budget. Included in the Board's action was the formal referral of this issue to the Internal Operations Committee.

On September 14, 2015, the CAO reported to the IOC on the history of the Animal Benefit Fund (**report attached hereto for reference**). With the retirement of former Animal Services Director Glenn Howell, further study on this referral was suspended until the new department director, Beth Ward, could review the history and provide input and advice to the Committee. Following is the report and recommendations presented Ms. Ward to the Internal Operations Committee, and which the IOC approved, on March 28, 2016.

I. BACKGROUND ON THE CONTRA COSTA COUNTY ANIMAL SHELTER

The Contra Costa County Animal Shelter (CCCAS) receives approximately 12,000 live domestic and livestock animals annually. CCCAS' budget is designed to cover the basic needs of incoming stray, abandoned, and homeless animals and our County licensing and field services departments. The basic needs include food, prophylactic medical care (spay/neutering), antibiotics and general veterinary supplies, emergency veterinary treatment, sterilization, microchips, and collars/travel boxes for animals.

As an open-door agency, the CCCAS accepts animals suffering from medical or behavioral conditions that while treatable, may initially disqualify the animal from placement into a new home. CCCAS' operating budget is currently not designed to fund extended medical rehabilitation for injured/ill animals, behavior management, foster care supplies for orphaned animals, supplies designed to enhance animal enrichment in the shelter environment, or marketing and outreach efforts aimed at increasing adoptions.

II. THE ESTABLISHMENT OF THE ANIMAL BENEFIT FUND

In 1988, the CCCAS created the Animal Benefit Fund. The original purpose of the Animal Benefit Fund was to allow the Animal Services Department to receive donations from individuals, animal welfare organizations and businesses, to support animal health and welfare projects that are not funded by departmental or general County revenue. Since the creation of the Animal Benefit Fund, monetary contributions and donations for services and supplies for animal welfare have provided for unfunded needs of the animals impounded in CCCAS. These donations have come in the form of grants or "soft ask" gifts over the counter or from our website.

III. PROPOSAL TO EXPAND THE 1988 AUTHORIZATION

In order to increase our ability to create more funding opportunities and clarity around how funds will be used, the CCCAS is requesting that the Board increase the authority of the Animal Services Director to accept any monetary donation, gift, bequest, or devise made to or in favor of the Contra Costa County Animal Services Department as allowed under Government Code section 25355, approve the continued use of the Animal Benefit Fund, establish new programs that receive assistance under that Fund, authorize the Animal Services Director to solicit donations for the benefit of shelter animals, and require the Animal Services Director to provide an annual

report to the Internal Operations Committee.

The following are the program descriptions:

Animal Benefit Fund: Animals have a variety of needs, and CCCAS does not always have the funds to address those needs. The Animal Benefit Fund may be used for such needs as medical treatment of a sick/injured dog, orthopedic repair for a damaged limb, veterinary diagnostic tests, kennel enrichment in the form of toys and beds, upgraded dog training supplies for volunteers such as training collars/harnesses, nutritional supplies for orphaned puppies and kittens, print or radio advertising to promote adoptions, and spay/neuter efforts. In addition to monetary donations to the Animal Benefit Fund, wish lists, in-kind gifts, Amazon Smile gifts, and gift cards to pet stores, home improvement stores, and other big box stores can also help us with these needs.

The Animal Benefit Fund would support the following seven new programs:

(1) Panda's Gift Program: This program is for emergency vet care and goes to help animals like Panda, a dog who was brought to us in distress, in labor with a deceased puppy stuck inside, an old injury to her left eye and in overall poor condition. Our medical team acted quickly, rushing her into surgery, removed the puppy from the birth canal, performed an Ovariohysterectomy, and did a third eyelid flap to protect her injured eye. Panda quickly recovered from her surgery and acted like a new pup, snuggling with her foster family and learning what it felt like to be safe and loved. A family met and fell in love with Panda and took her home to join their household. Without donations to this fund, happy endings like Panda's would not be possible.

(2) Education Program: This program is to help pet owners resolve behavioral problems that might cause them to give up their pet, to help shelter animals with behavioral issues that might keep them from being easily adopted, and to create education programs for school age children. CCCAS will be creating a program where local trainers will work with pet owners, shelter dogs, volunteers and foster homes on reducing various behavioral problems, resulting in fewer surrenders and more successful adoptions. This program can also help to support humane education in our communities.

(3) Shelter Intervention Program: Often times families get into a crisis situation where they turn to surrendering their pet to a shelter. Our intervention program would help to provide resources to keep animals in their homes. Examples of intervention tools: spay/neuter, behavior/training assistance, and grooming.

(4) Transfer Partner Assistance Program: This program would provide support to our smaller transfer partners, who help save the lives of animals with medical concerns or basic Spay/Neuter support for animals pulled from CCASD.

(5) Spay and Neuter Program: This program would make spay and neuter more affordable and accessible in our County by establishing a donation subsidized voucher program to provide free or low cost spay/neuter surgeries in collaboration with local veterinarians.

(6) Pets for Seniors Program: A pet is sometimes the only companion our community's elders have, and the health and psychological benefits of having a pet are well-documented. This program pays a portion of the adoption fee for qualifying seniors, allowing them to use the money they saved to help pay for the initial items necessary for keeping a pet. This program may also be used to help seniors on limited incomes to keep animals in their lives when they may have had to give up their furry companion due to lack of money for basic daily needs or medical concerns.

(7) Discounted Adoption Program: Sometimes, we are critically full of pets waiting for new homes. Rather than euthanize healthy adoptable or treatable animals, CCCAS discounts the adoption of pets to give people even more of an incentive to adopt. CCCAS also participates in national adoption events, promoting the placement of shelter animals. We are only able to offer reduced-fee adoptions when we have donated funding available.

IV. OTHER PROPOSALS COVERED IN THE EXPANDED AUTHORIZATION

In addition to approving the formation of the new programs described above, the expanded authorization would delegate to the Animal Services Director the power to accept any gift, bequest, or devise made for the benefit of animals in the shelter through programs such as a car donation and planned giving programs pursuant to Government Code section 25355. In keeping with this code section, the Director will file a report with the Board every quarter that describes the source and value of each gift. An annual report will also be provided that shares the impact of the Animal Benefit fund on our community animals and families. As is required by statute, any gifted funds or assets will be used for those purposes as are prescribed in the terms of the gift, bequest, or devise. The monies in these funds are not intended to replace General Funds, rather they are intended to supplement and enhance our care for animals and support of the public.

CCCAS is also requesting that the Director be authorized to solicit monetary contributions through methods such as request forms included in dog license mailing, website information, and adopters and owners surrendering pets being given the opportunity to assist other shelter animals by contributing at the time of their transaction. Donations will be tax-deductible and acknowledged in writing to the donor.

Gifts by donors may be designated directly to a specific gift fund or program. Gifts received with no instruction as to the use for a specific area or program or funds donated for "general animal welfare" will be considered as part of the general Animal Benefit Fund. Monies raised through in-house donations, and/or general fund raising activities shall be considered undesignated gift funds.

The Director will utilize these funds in a manner that is consistent with the specific purpose for which they were donated. It is also important to recognize that these are donated funds and as such the use of the funds to pay businesses, organizations and fund voucher programs for various services to support the CCCASD programs would not be considered "gifts of County funds".

Each year, the Director will recommend expenditures from the Animal Benefit Fund through the budgetary process. Grants and designated funds shall be expended according to the grant or designated gift. Designated balances of \$50 or less will be rolled back into the undesignated gift funds.

Should the CCCAS wish to expend more than \$25,000 per purchase order, CCCAS must submit a request in writing for approval by the Board of Supervisors.

The CCCAS anticipates that approximately \$150,000 will be received annually in donations. This estimate is based on the amount of donations received by the animal shelter over the last 3 years.

STATEMENT TO THE INTERNAL OPERATIONS COMMITTEE

March 28, 2016

Linda C Rodgers

Walnut Creek, CA 94598

I am here to speak in support of the report, recommendations and proposal from Animal Services Director Beth Ward (Agenda Item #6) to expand the 1988 Resolution which established the Animal Benefit Fund by repealing it and replacing it with a new Resolution as described in the Agenda Item.

Those of us who have spent time in Contra Costa County working or volunteering in the animal management and rescue arena know we face a crisis. Our county had an explosion in human population in the early 2000's which also brought an explosion in the number of cats and dogs families brought with them, or whom later brought into their new homes. And then our county experienced the debacle of the financial failure in toxic home mortgages and those same families were forced to choose between spending resources needed for food for their children or the cost of S/N for their beloved companion animals. Clearly they choose to feed their human family, I understand that. But nonetheless, their once beloved companion animals became our county's "collateral damage". Those companion animals were abandoned in empty homes left to feed themselves, most were cats. Most were not S/N. And now these cats and their progeny are our county's responsibility. They do not deserve to be abandoned yet again. They did not ask "please do not S/N me". They did not ask "please leave me to fend for myself".

Additionally, literally thousands of animals would go uncared for and untreated were it not for the Animal Services Department and its associates, the professional animal clinics and transfer partners, such as the Contra Costa Humane Society and Outcast Cat Help and HALO, SNIP, Community Concern 4 Cats and others with whom I volunteer.

An important emphasis in the new Resolution is on using resources generated through the Animal Benefit Fund to bring these rescue groups into closer collaboration with the Animal Services Department and each other. While the Department tries valiantly to fulfill its Mission through the insufficient General Funds now available to it, it has no hope of expending its limited budget on critical programs which the Animal Benefit Fund would support.

I strongly urge this committee to approve the proposal Director Ward and her staff have put forward, and ask you to recommend it to the entire Board of Supervisors that they unanimously approve it.

I come before you to speak in support of the report, recommendations and proposal from Animal Services Director Beth Ward (Agenda Item #6) to expand the 1988 Resolution which established the Animal Benefit Fund by repealing it and replacing it with a new Resolution as described in the Agenda Item.

Anyone who has spent any time in Contra Costa County working or volunteering in the animal management and rescue arena knows what a crisis we face. Literally thousands of animals would go uncared for and untreated were it not for the Animal Services Department and its associates, the professional animal clinics and transfer partners, such as the Contra Costa Humane Society and Outcast Cat with whom I have volunteered.

I will not go into detail regarding the programs outlined other than to say I agree with them all and hope you and the entire Board of Supervisors will support them. I will, however, make one point in concluding.

My wife and I have volunteered in animal rescue for a number of years. When we began we immediately realized that a major challenge facing the County was bringing together the many small, volunteer driven rescue groups found throughout the area. An important emphasis in the new Resolution is on using resources generated through the Animal Benefit Fund to bring these rescue groups into closer collaboration with the Animal Services Department and each other. While the Department tries valiantly to fulfill its Mission through General Funds now available to it, it has no hope of expending its limited budget on critical programs which the Animal Benefit Fund would support.

I applaud the proposal put forth by Director Ward and her staff, and urge you to recommend it be supported by the Board of Supervisors.

Contra Costa County Board of Supervisors

Subcommittee Report

INTERNAL OPERATIONS COMMITTEE

6.

Meeting Date: 09/14/2015
Subject: Animal Welfare Benefit Fund
Submitted For: David Twa, County Administrator
Department: County Administrator
Referral No.: IOC 15/14
Referral Name: Animal Benefit Fund Review
Presenter: Timothy Ewell **Contact:** Timothy Ewell (925) 335-1036

Referral History:

On April 21, 2015, the Board of Supervisors received several comments regarding the Animal Benefit Fund from members of the public during fiscal year 2015/16 budget hearings. As part of budget deliberations, the Board directed staff to include a review of the Animal Benefit Fund to a Board Standing Committee for further review.

On May 12, 2015, the Board of Supervisors adopted the fiscal year 2015/16 budget. Included in the Board's action was the formal referral of this issue to the Internal Operations Committee.

Referral Update:

Staff has included information to assist the Committee discussion, including a copy of a board order from 1988 seeking to make the Animal Benefit Fund (Fund No. 133200) interest bearing, a ten-year revenue and expenditure history, current fund balance and detailed expenditures from fiscal year 2014/15.

The Resolution establishing the Fund could not be located; however, staff has included a Board Order that clarifies in its background:

"...to avoid disputes as to the disbursement of money in the fund, the Animal Services Director is authorized to make disbursements which, in his or her judgment, are in the best interest of the animals in the custody of the County."

This has been a continued practice of the department and applies to both one-time capital expenditures and reimbursement for various services and supplies that benefit animals being housed by the County. It is important to note that this practice does not supersede County procurement requirements, which among other things, require purchase orders or contracts exceeding \$100,000 to be approved by the Board of Supervisors. In addition, expenditures between \$25,000 and \$100,000 must be approved by the County Administrator's Office following recommendation by a department head.

ARCHIVED IOC REPORT

In the most recent fiscal year, the Animal Services Department recommended and the Board approved one-time expenditures totaling \$309,925: \$170,000 for a Mobile Adoption Van and \$139,925 for stainless steel rolling cat cages. Both Board Orders are included in this agenda packet for reference.

The current fund balance in the Animal Benefit Fund for the fiscal year ending June 30, 2015 is \$645,555; however, it is important to note that the Fund has not yet been charged for the Mobile Van or the full costs of the acquisition of stainless steel cat cages.

Senior Deputy County Administrator Timothy Ewell will be present to provide a verbal report introducing the issue to the Committee. Interim Animal Services Director Glenn Howell has been invited to the Committee meeting to assist in answering any questions that the Committee may have.

Recommendation(s)/Next Step(s):

1. ACCEPT report on the Animal Benefit Fund; and,
2. PROVIDE direction to staff regarding next steps.

SPECIFIC REQUEST(S) OR RECOMMENDATION(S) & BACKGROUND AND JUSTIFICATION

RECOMMENDATION

The Animal Services Department is currently depositing donations to the Department in the Animal Benefit Fund.

The Board acknowledges and approves this practice and also authorizes the present amount in the Animal Benefit Fund and future additions to the fund to be invested for maximum return with interest to be credited to the fund with quarterly reviews to add interest to principal.

BACKGROUND

The Animal Services Department receives donations from individuals, animal welfare organizations and businesses, to support animal health and welfare projects that are not funded by departmental or general County revenue. Since the monies received are donated for a specific purpose, the interest accruing from monies deposited in this account should be credited to the benefit fund. In order to avoid disputes as to the disbursement of money in the fund, the Animal Services Director is authorized to make disbursements which, in his or her judgment, are in the best interest of the animals in the custody of the County.

Subject: Mobile Adoption Vehicle Resolution

RECOMMENDATION(S):

APPROVE and AUTHORIZE the Purchasing Agent, or designee, on behalf of the Animal Services Department, to execute a purchase order with La Boit Specialty Vehicles in an amount not to exceed \$170,000.00, to procure a mobile adoption vehicle, per Bid No. 1411-110.

FISCAL IMPACT:

Cost is to be charged directly to the Animal Services Department and will be 100% funded by donations to the Animal Services Department. No additional County costs are anticipated under this Resolution.

BACKGROUND:

A modern mobile adoption vehicle is long overdue. It will enhance our exposure at our weekly mobile adoption events, make for a great marketing tool, and most importantly improve our efforts to place animals into loving homes. The old adoption van is noisy and uncomfortable for animals and very unsettling for many dogs during transport. A new adoption van will be quiet and comfortable for the animals during transport. It will afford us the opportunity for the first time to bring cats to mobile adoption events. It has viewing areas that are comfortable not just for the animals, but for the public as well.

RECOMMENDATION(S):

APPROVE AND AUTHORIZE the Purchasing Agent, or designee, to execute on behalf of the Animal Services Department, a purchase order with Tri Star Vet in an amount not to exceed \$139,928.08 to procure specialized stainless steel stackable rolling cat cages.

FISCAL IMPACT:

The purchase is 100% funded by donations to the Animal Services Department. No additional County costs are anticipated.

BACKGROUND:

The standards of care for animal housing within the Animal Shelter industry have dramatically increased and have been redefined over the last 10 years. One standard that was changed was the required space necessary for feline housing to prevent stress related diseases. The need for improved housing was also due to the animals' length of stay in a Shelter which has tripled over time. Severe confinement over an extended period of time has been shown to be the main cause of diseases in a shelter environment. The old feline housing at the Animal Services Department was outdated and considered, by current standards, to be inhumane. Presently we have a portion of the feline housing that has been here since the 1960s. It must be changed. In addition, the new, larger cages are mobile and easier to handle making the care of the animals more easily facilitated by Shelter staff.

BACKGROUND: (CONT'D)

to purchase side scan sonars for underwater search and recovery operations. The U.S. Department of Homeland Security (DHS) recognizes the critical importance of the Port of Richmond, the petroleum and chemical production and distribution facilities, bridges, and other infrastructure in Contra Costa County. The ports, rails, pipelines, and other critical infrastructure in the vicinity of the littoral plain will benefit from additional security efforts afforded through the 2016 Port Security Grant. The Port of Richmond is ranked number three in the State of California for total trade behind Los Angeles and Long Beach with 24,743,520 tons of cargo each year. The Port ranks number one in liquid bulk and automobile tonnage among Bay Area ports. The County has more than 200 miles of linear coastline that includes waterways that provide access to the Ports of Richmond and Stockton. The commuter bridges of the County carry more than 305,000 automobiles per day. The rail bridge connecting Contra Costa and Solano Counties carry passenger, military cargo, automobiles, and a wide variety of other cargo. The increased capabilities made available through the 2016 Port Security Grant will enable the Sheriff's Office to provide enhanced security deterrence, patrol and response, and multi-agency coordination necessary to secure critical sites and infrastructure and thus deter attack and protect life, property and prosperity.

CONSEQUENCE OF NEGATIVE ACTION:

Negative action on this request would not allow the Office of the Sheriff Coroner to receive reimbursement from the 2016 Port Security Grant.

CHILDREN'S IMPACT STATEMENT:

None.

To: Board of Supervisors
From: William Walker, M.D., Health Services Director
Date: April 19, 2016

Subject: Contract #23-587 with Kaiser Foundation Hospitals – Vallejo Medical Center

RECOMMENDATION(S):

Approve and authorize the Health Services Director, or his designee (Art Lathrop), to execute, on behalf of the County, Contract #23-587 with Kaiser Foundation Hospitals – Vallejo Medical Center, a non-profit corporation, to provide data with regard to patients with a cardiac condition known as ST Elevation Myocardial Infarction (STEMI) including mutual indemnification to hold harmless both parties for any claims arising out of the performance of this Contract, for the period from April 1, 2016 through March 31, 2017.

FISCAL IMPACT:

Non-financial agreement.

BACKGROUND:

In collaboration with hospitals, first-responders, and transport agencies, Contra Costa’s Emergency Medical Services (EMS) Agency has been working towards implementing a program designating hospitals as ST Elevation Myocardial Infarction (STEMI) receiving centers.

BACKGROUND: (CONT'D)

The designated centers will provide the most advanced and rapid care for patients with heart attacks known as STEMI by unblocking arteries in the heart in a rapid fashion.

Under Contract #23-587 with Kaiser Foundation Hospitals, Vallejo Medical Center will provide STEMI data for patients transported to Contractor's Medical Center by ambulance, through March 31, 2017. This Contract includes mutual indemnification to hold harmless both parties for any claims arising out of the performance of this Contract.

CONSEQUENCE OF NEGATIVE ACTION:

If this Contract is not approved, the County will not receive STEMI data for patients transported to Contractor's Medical Center.

CHILDREN'S IMPACT STATEMENT:

Not applicable.

Subject: RSS Abatement funding for Mira Vista School Gardens Project

RECOMMENDATION(S):

APPROVE and AUTHORIZE funding in the amount of \$20,000 to West County DIGS/Earth Island Institute for the Mira Vista School Gardens Project.

FISCAL IMPACT:

100% Richmond Sanitary Service (RSS) Abatement funds.

BACKGROUND:

The West County DIGS/Earth Island Institute will use RSS Abatement funds to support the Mira Vista School Gardens Project, an educational and sustainable garden program in Richmond. Funding will be used for plumbing services, weed resistant ground cover, class seating, signage and various supplies and equipment.

CONSEQUENCE OF NEGATIVE ACTION:

The Mira Vista School Gardens Project would lack the necessary resources needed to improve its infrastructure.

CHILDREN'S IMPACT STATEMENT:

Communities that are Safe and Provide a High Quality of Life.

Subject: ADOPT the County and Special District FY 2016-17 State Controller's Office Recommended Budget Schedules

RECOMMENDATION(S):

ADOPT the County's 2016-2017 State Controller's Office Recommended Budget Schedules for Countywide Funds and Special Districts.

FISCAL IMPACT:

These schedules meet the requirements of State law. Specific program recommendations will be presented to the Board during Budget Hearings on April 19, 2016 with final adoption scheduled for May 10, 2016.

BACKGROUND:

State law requires that local government adopt a 2016-2017 Recommended Budget for Countywide funds and Special Districts prior to June 30, 2016 in order to spend monies for the coming fiscal year. State law also requires that the Recommended Budget be adopted prior to holding Budget Hearings. Attached for your consideration are the Recommended Budget schedules as required by state law and regulation, which will serve as a placeholder until the Board approves a Final budget. These schedules are in a state required "line item" format as opposed to the program budget format used by the Board during budget hearings. The schedules incorporate the same total net County cost level as will be presented in the County Administrator's Recommended Budget.
