Title: Acquisition and Development

PROVIDED, this Grant of Easement is subject to the following terms and conditions:

1. This Easement is subject to existing contracts, leases, licenses, easements, encumbrances, and claims which may affect said Premises and the use of the word "Grant" herein shall not be construed as a covenant against the existence of any thereof.
2. GRANTEE waives all claims against State, its officers, agents, and/or employees for any and all loss, injury, death or damage caused by, arising out of, or in any way connected with the Premises or Grantee's implementation or exercise of the Easement rights granted herein. Grantee shall protect, save hold harmless, indemnify, and defend State, its officers, agents and and/or employees, from and against any and all loss, damage, claims, demands, liability, and costs including, without limitation, all legal fees, expert witness fees, or consultant fees and expenses related to the response to, settlement, and/or defense of any claims, legal actions, or liability, which may be suffered or incurred by State, its officers, agents and/or employees caused by, arising out of, or in any way connected with this Agreement and Right of Easement, Grantee's use or occupation of the Premises or implementation or exercise by Grantee of the Easement rights hereby granted, except those arising out of the sole active negligence or willful misconduct of State. Further, Grantee shall cause such indemnification and waiver of claims in favor of the State to be inserted in each contract Grantee executes in connection with Grantee's exercise of the rights granted herein. The obligations contained in this section shall survive termination of the Easement.
3. State reserves the right to use said Premises in any manner, provided such use does not unreasonably interfere with Grantee's Easement rights hereunder.
4. State reserves the right to require Grantee, at State's expense, to remove and relocate all improvements placed by Grantee upon said Premises, upon determination by State that the same interfere with future development of State's property. Within 360 days after State's written notice and demand for removal and relocation of the improvements, Grantee shall remove and relocate the improvements to a feasible location on the property of State, as designated by State, and State shall furnish Grantee with an easement in such new location on the same terms and conditions as herein stated, all without cost to Grantee, and Grantee thereupon shall quitclaim to State the Easement herein granted.
5. This Easement shall automatically terminate in the event GRANTEE fails for a continuous period of 18 months to use this Easement for the purposes herein granted. Within 90 days after receiving written notice of such termination from State, Grantee shall deliver to State a fully executed quitclaim deed to all of Grantee's right, title and interest hereunder, in a form approved by State and shall, without cost to State, remove all personal property and improvements placed by or for Grantee upon said Premises and restore said Premises as nearly as possible to the same condition they were in prior to the execution of this Easement, unless otherwise agreed to in writing by the State. In the event Grantee should fail to remove the property and improvements and restore the premises within 90 days, State may at its sole discretion, do so at the risk of Grantee, and all costs of such removal and restoration shall be paid by Grantee within 10 days of receiving written demand by State. The obligations to quitclaim this Easement, remove all personal property and improvements, restore the Premises, and reimburse State for any costs incurred by State for removal and/or restoration, shall survive termination of this Easement.
6. In making any excavation on the Premises, Grantee shall make all excavation activities available to the State archaeologist for observation and monitoring. During excavation, the State archaeological monitor may observe and report to the State on all excavation. State archaeological monitor shall be empowered to stop construction activities in the event the monitor determines that significant cultural resources are being disturbed. In the event that significant cultural resources are being disturbed, all work within thirty feet (30') of the find shall be immediately halted.

Should Grantee or its contractors find any cultural or historical resources, or suspected cultural or historical resources, in the absence of a State archaeologist, Grantee shall halt all work within thirty feet (30') of the find and immediately notify the State Park Archaeologist or State Park Ranger. Cultural resources include, but are not limited to prehistoric deposits containing bone, flaked stone, or ground stone, historic deposits, and any other historical or archaeological artifacts. Grantee shall not resume in the area of the find until authorized by the State archaeologist. Should human bone or bones of questionable appearance be disturbed during excavation, Grantee shall immediately notify the District Superintendent of the state park and halt ALL excavation until Health and Safety Code section 7050.5, Public Resources Code sections 5097 et seq. and 5097.9 et seq. and

any applicable protocols, guidelines and channels of communication outlined by the California Native American Heritage Commission have been complied with and State archaeologist has authorized work to resume.

The Grantee or Grantee's contractor shall provide a work schedule to State so the State archaeological monitor can arrange to be on site on the necessary days. Grantee agrees to include the State archaeologist in any preconstruction meeting with the prime or subcontractors. The Grantee shall provide the State archaeologist with at least two weeks notice prior to the work start date.

7. State may terminate this Easement in the event of a breach or default of the terms of this Agreement and Grant of Easement by Grantee if such breach or default continues for more than 30 days after State has given Grantee written notice of such breach or default. However, if the nature of Grantee's breach or default is such that more than 30 days is required for its cure, then Grantee shall not be deemed to be in breach or default if Grantee commences such cure within such 30-day period and diligently proceeds with such cure to completion. A failure of State to enforce any term, covenant, or provision of this Agreement and Grant of Easement against Grantee shall not constitute a waiver of that term, covenant, or condition. A waiver by State of any breach or default by Grantee or any term, covenant or provision of this Agreement and Grant of Easement shall not be deemed a waiver of any other breach or default or any term, covenant or provision in any other instance. Any waiver by State shall not be effective unless in writing and signed by an authorized State representative.
8. Grantee understands that said Easement is within Marsh Creek State Park, a state park, and Grantee agrees to abide by certain regulations and restrictions concerning Grantee's access to and use of said Easement as follows:
 - a. Use of said roads or routes by Grantee shall be restricted to that use reasonably necessary in connection with the construction, operation, maintenance and repair of said described Public Roadway Easement described herein.
9. This Agreement and Grant of Easement will be governed and construed by the laws of the State of California.
10. If any party brings an action to enforce or interpret the terms of this Agreement and Grant of Easement or to declare rights under this Agreement and Grant of Easement, including any action in bankruptcy court, and together with the appeal of any such action, the prevailing party shall be entitled to its reasonable attorney fees and costs as fixed by the court.
11. Grantee shall be solely responsible for obtaining all applicable authorizations necessary to enjoy this Easement and shall comply with all applicable laws, including, but not limited to, all state and federal environmental laws, and all laws and government orders applicable to the use, storage, transportation and disposal of any hazardous substance. The release of non-pesticide petrochemicals on the Premises or state park lands is prohibited. All refueling operations shall have a spill plan signed by a registered engineer and shall use a liner in the secondary container design. Grantee shall immediately notify State in writing in the event of any spill or other incident involving hazardous substance contamination or violation of law, and shall undertake the appropriate remedial actions.
12. a. All written notices or other communications required or permitted hereunder shall be personally delivered (including by means of professional messenger service) or sent by overnight courier, or sent by registered or certified mail, postage prepaid, return receipt requested, to the addresses set forth below:

 - c. Oral notices shall be effective upon receipt.
- 13. Grantee shall not let or sublet, or grant any licenses or permits with respect to the use or occupancy of said Premises or any operation thereof, without the prior written consent of State. This Easement shall not be assigned, mortgaged, hypothecated or transferred by Grantee, whether voluntarily or involuntarily by operation of law, except as expressly provided herein or with the express written consent of State, with the exception of an allowable transfer to PG&E.
 - 14. If any term, condition or provision of this Agreement and Grant of Easement is determined by a court of competent jurisdiction to be invalid or unenforceable, the remainder of this Agreement and Grant of Easement shall not be affected thereby, and shall remain valid and enforceable to the fullest extent permitted by law.
 - 15. Time is of the essence in this Agreement and Grant of Easement and each and all of its terms or conditions in which performance is a factor.
 - 16. The person signing on behalf of Grantee warrants that he/she has authority to accept this Agreement and Grant of Easement on behalf of Grantee and to bind the Grantee to the terms and conditions of this Agreement and Grant of Easement
