Subject: Re: Board of Supervisors Agenda Item for 5-22

Hello Grant, we would like to request a postponement of this hearing. Last week our attorney notified the Gibson's attorney that a survey performed by a surveyor hired by ourselves and the Patels, P/A Design Resources, found that the 40 inch redwood spans our property line and is jointly owned by us and the Gibsons. Therefore, the Planning Commission's decision has no impact on this tree, and the Board of Supervisors would have no jurisdiction over its fate. Its removal must be agreed to by both owners. Our attorney conveyed an offer to resolve the tree appeal, along with some boundary issues, to the Gibsons' attorney. The attorney apparently was positive about the offer, but said he wanted to enter into a global settlement resolving our issues as well as disputes pending between the Gibsons and the Patels. To that end, the hearing on the temporary restraining order against Gil Gibson has apparently been continued for 30 days so that the Patels and Gibsons can mediate their dispute. The Gibsons also had a survey performed almost 90 days ago, but that survey has never been filed, as far as we know. To give all the parties an opportunity to negotiate an agreement, we believe this hearing ought to be postponed.

Thank you,

Gabriela Odell,
